Agriculture, and Natural Resources
132B Legislative Building
Post Office Box 40600
Olympia, WA 98504-0600

Dear Chairs Rolfes, Ormsby, Van De Wege, and Chapman:

The Washington Department of Fish and Wildlife (Department) is required to submit a report to the legislature pursuant to RCW 77.32.070 (2)(b) and (3)(b) regarding the harvest reporting requirement, administrative penalty, and amount of administrative penalty collected.

The Fish and Wildlife Commission has the authority to set an administrative penalty for failure to comply with rules requiring the reporting of taking or effort to harvest wildlife. The Commission has adopted rules requiring hunters and fishers who fail to complete their report to pay an administrative penalty of ten dollars before issuing a new hunting license or Puget Sound Dungeness crab catch record card.

If you have any questions regarding this report, please contact Tom McBride, WDFW Legislative Director, at (360) 480-1472.

Sincerely,

Kelly Susewind
Director

Hunter and Fisher Compliance: Harvest reporting and administrative penalties

Report to the Legislature

December xx, 2022

Background

The Department of Fish and Wildlife relies upon hunter and fisher reporting as a method to assess effort, harvest rates, and to set future seasons. In order to incentivize reporting, the Department provides promotions and increased opportunities for hunters and fishers who self-report their harvest in a timely manner.

The Fish and Wildlife Commission has the authority to set an administrative penalty for failure to comply with rules requiring the reporting of taking or effort to harvest wildlife. The Commission has adopted rules requiring hunters and fishers who fail to complete their report to pay an administrative penalty of ten dollars before issuing a new hunting license or Puget Sound Dungeness crab catch record card.

Pursuant to RCW 77.32.070 (2)(b) and (3)(b) the Department is required to submit an annual report to the legislature for hunter and fisher compliance with the harvest reporting requirement, administrative penalty, and amount of administrative penalty collected. The hunter compliance requirement applies to all hunting licenses, while the fisher compliance requirement is specific to Puget Sound Dungeness crab catch record cards. This report to the legislature fulfills that requirement.

2021-2022 Compliance Data and Penalty Revenue Collected

Administrative penalty imposed for failure to report: \$10.00

Administrative penalties are paid for the non-compliance of reporting for the prior license year. Therefore, revenue collected reflects non-compliance in the prior year and a purchase in subsequent year.

License year revenue data more accurately measures customer intentions to participate between April (beginning of license year) and March (end of license year) than fiscal year data. Licenses can be purchased as early as the December prior to the start of the license year.

Fiscal year revenue can shift between license years based on customer purchase habits.

Hunter compliance with harvest reporting requirements

Percentage Reported	Penalty revenue collected License Year 2021	Penalty revenue collected Fiscal Year 2022
60.3%	\$621,780	\$587,860

Compliance is measured at the individual report level, and a single hunter may submit all, some, or none of their required reports. These results are the distribution of *all* big game reporting requirements for LY21 (bear, deer, elk, and turkey reports (cougar excluded)).

For more information on game harvest reporting, visit the Department of Fish and Wildlife [Game Harvest Reports web page](#).

Fisher compliance with Puget Sound Dungeness crab catch record card reporting requirements

Percentage Reported	Penalty revenue collected License Year 2021	Penalty revenue collected Fiscal Year 2022
Summer Season: 46.0%	\$436,350	\$551,960
Winter Season: 50.3%
