STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following eight sections:

- (a) **PREPROPOSAL**-includes the Preproposal Statement of Inquiry that will be used to solicit public comments on a general area of proposed rule making before the agency files a formal notice.
- (b) **PROPOSED**-includes the full text of formal proposals, continuances, supplemental notices, and withdrawals.
- (c) **EXPEDITED RULE MAKING**-includes the full text of the rule being proposed using the expedited rule-making process. Expedited rule makings are not consistently filed and may not appear in every issue of the register.
- (d) **PERMANENT**-includes the full text of permanently adopted rules.
- (e) **EMERGENCY**-includes the full text of emergency rules and rescissions.
- (f) **MISCELLANEOUS**-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (g) **TABLE**-includes a cumulative table of the WAC sections that are affected in the current year.
- (h) **INDEX**-includes a cumulative index of Register Issues 01 through 24.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. Each filing is listed under the agency name and then describes the subject matter, type of filing and the WSR number. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) ~~deleted material is ((lined out between double parentheses))~~;
- (b) Complete new sections are prefaced by the heading **NEW SECTION**;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading **REPEALER**.

3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

4. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

5. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

⁴ A minimum of forty-five days is required between the distribution date of the Register giving notice of the expedited rule making and the agency adoption date. No hearing is required, but the public may file written objections. See RCW 34.05.230 and 1.12.040.

REGULATORY FAIRNESS ACT

The Regulatory Fairness Act, chapter 19.85 RCW, was enacted in 1982 to minimize the impact of state regulations on small business. Amended in 1994, the act requires a small business economic impact analysis of proposed rules that impose more than a minor cost on twenty percent of the businesses in all industries, or ten percent of the businesses in any one industry. The Regulatory Fairness Act defines industry as businesses within a four digit SIC classification, and for the purpose of this act, small business is defined by RCW 19.85.020 as "any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees."

Small Business Economic Impact Statements (SBEIS)

A small business economic impact statement (SBEIS) must be prepared by state agencies when a proposed rule meets the above criteria. Chapter 19.85 RCW requires the Washington State Business Assistance Center (BAC) to develop guidelines for agencies to use in determining whether the impact of a rule is more than minor and to provide technical assistance to agencies in developing a SBEIS. All permanent rules adopted under the Administrative Procedure Act, chapter 34.05 RCW, must be reviewed to determine if the requirements of the Regulatory Fairness Act apply; if an SBEIS is required it must be completed before permanent rules are filed with the Office of the Code Reviser.

Mitigation

In addition to completing the economic impact analysis for proposed rules, state agencies must take reasonable, legal, and feasible steps to reduce or mitigate the impact of rules on small businesses when there is a disproportionate impact on small versus large business. State agencies are encouraged to reduce the economic impact of rules on small businesses when possible and when such steps are in keeping with the stated intent of the statute(s) being implemented by proposed rules. Since 1994, small business economic impact statements must contain a list of the mitigation steps taken, or reasonable justification for not taking steps to reduce the impact of rules on small businesses.

When is an SBEIS Required?

When:

The proposed rule has more than a minor (as defined by the BAC) economic impact on businesses in more than twenty percent of all industries or more than ten percent of any one industry.

When is an SBEIS Not Required?

When:

The rule is proposed only to comply or conform with a federal law or regulation, and the state has no discretion in how the rule is implemented;

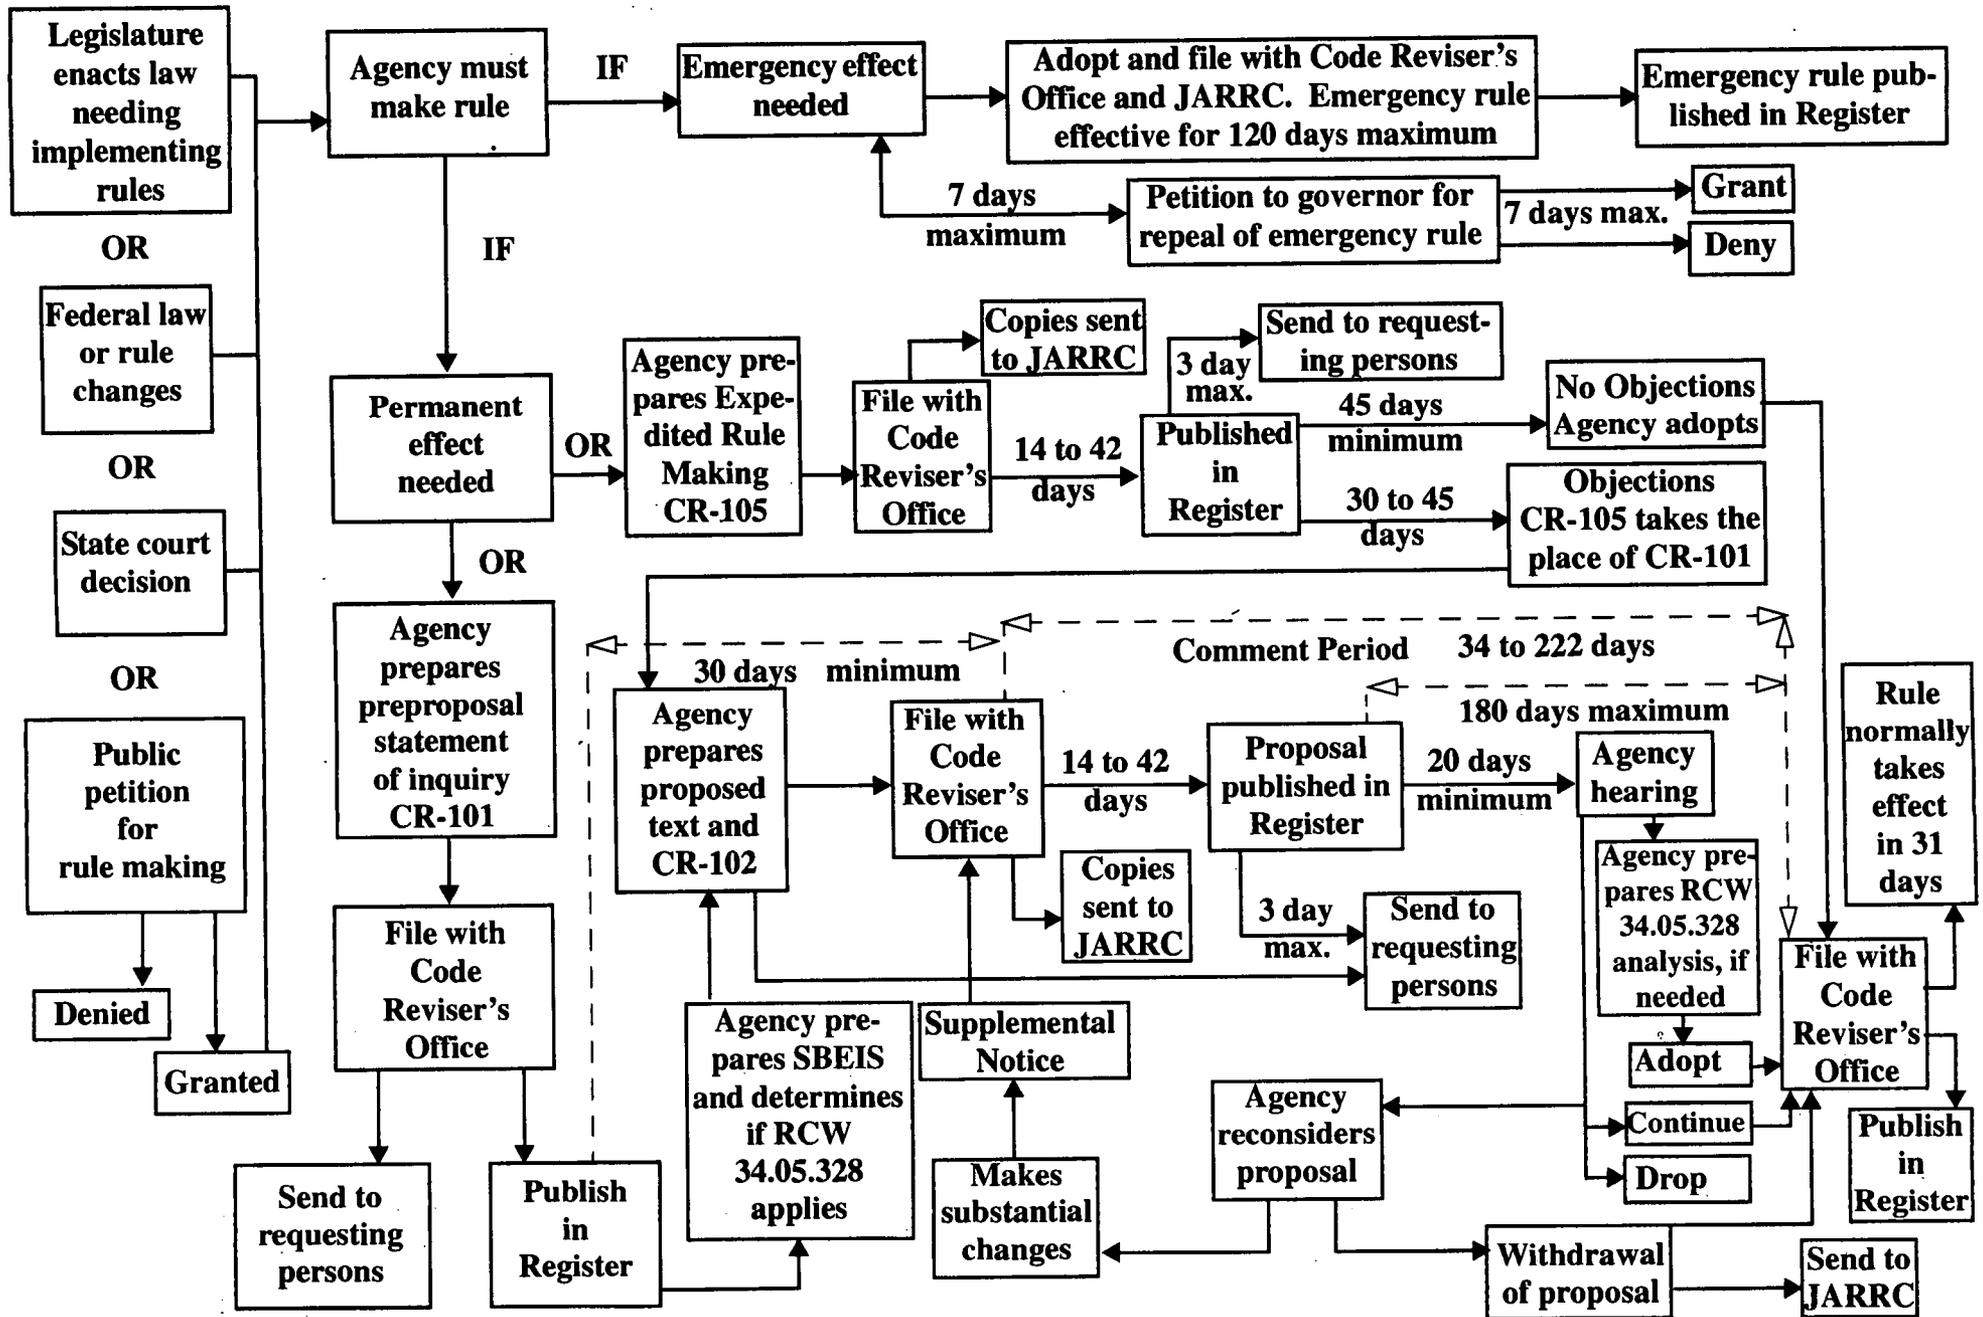

There is less than minor economic impact on business;

The rule **REDUCES** costs to business (although an SBEIS may be a useful tool for demonstrating this reduced impact);

The rule is adopted as an emergency rule, although an SBEIS may be required when an emergency rule is proposed for adoption as a permanent rule; or

The rule is pure restatement of state statute.

Subject of Possible Rule Making: To amend the applicable sections dealing with fines and suspensions, which shall include (1) amending sections of chapter 260-84 WAC, Fines and suspensions; (2) amending the penalty matrix located in WAC 260-24-510 Stewards; and (3) moving the penalty matrix to chapter 260-84 WAC, Fines and suspensions.

Subject of Possible Rule Making: Rewriting chapter 468-38 WAC into a question and answer format to (1) clarify rules and make more comprehensible for all users; and (2) meet the criteria set forth in Governor Locke's Executive Order 97-02.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 46.44.090.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Over time the rules have taken on a patchwork condition that includes some inconsistencies, ambiguities, techno-jargon and holes where office policy has been used to fill in where the rule did not provide adequate direction. Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Federal Highway Administration (FHWA) and Washington State Patrol (WSP).

FHWA is used as a compliance resource during rule development. The WSP has a primary review and comment role during rule development.

Subject of Possible Rule Making: The department is considering amending WAC 16-237-195 Fees for warehouse audit and related services, to (a) establish a new fee for performing special inventories of commodities; and (b) increase the fees charged for all services (except year-end inventories) performed by the warehouse audit program.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 22.09.020(13), section 309(2), chapter 25, Laws of 2003 1st sp.s. (ESSB 5404), and chapter 34.05 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The amendments to WAC 16-237-195 Fees for warehouse audit and related services, are needed to (a) enable the grain warehouse audit program to establish a fee for services performed at the request of a licensed warehouse operator for a special year-end inventory; and (b) recover costs incurred by the warehouse audit program for services performed, other than year-end inventories, requested by licensed warehouse operators and grain dealers. These services include, but are not limited to, special technical assisted audits of records and inventories, observation of sampling of commodities, and a remeasurement of commodities.

PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF NATURAL RESOURCES

[Filed November 3, 2004, 10:53 a.m.]

Subject of Possible Rule Making: Lease rates for the water-dependent use of state-owned aquatic land are calculated according to a formula established in RCW 79.90.480 and WAC 332-30-123. The formula is based upon the assessed value of the upland tax parcel used in conjunction with the leased area, and includes provisions for selecting an alternate upland tax parcel when the upland parcel used in conjunction with the leased area is not assessed or has an assessed value inconsistent with the purposes of the lease. The Department of Natural Resources (DNR) Aquatic Resources Division is exploring options to modify the alternate upland parcel selection criteria contained in WAC 332-30-123, which imposes limitations on the selection of alternate upland tax parcels in these circumstances, and in certain situations, prevents the establishment of equitable and predictable lease rates as required by RCW 79.90.450.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 79.90.480, 79.90.540.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: WAC 332-30-123 narrows the upland parcel selection criteria established in RCW 79.90.480 and imposes limitations on the selection of alternate upland tax parcels for purposes of calculating lease rates, thereby limiting the number of potential alternate upland parcels upon which to base lease rates. The DNR Aquatic Resources Division is exploring options to modify the alternate upland parcel selection criteria contained in WAC 332-30-123 to better accomplish the goal of establishing equitable and predictable lease rates for the water-dependent use of state-owned aquatic land, and invites public comment as to how this may best be accomplished.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Responsibility for administering the proposed rule will lie with DNR and ports that have entered into port management agreements with DNR. No other federal or state agencies participate in the determination of water-dependent lease rates on state-owned aquatic lands.

Process for Developing New Rule: DNR will contact stakeholders and affected parties and entities to solicit their participation in the rule development process.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication. The Department of Natural Resources encourages your active participation in the rule-making process. For more information, please contact Matt Niles, Aquatic Resources Division, Washington State Department of Natural Resources, P.O. Box 47027, Olympia, WA 98504-7020, phone (360) 902-1100, fax (360) 902-1786, e-mail matthew.niles@wadnr.gov.

AMENDATORY SECTION (Amending Docket No. A-030832, General Order No. R-509, filed 10/29/03, effective 11/29/03)

WAC 480-120-147 Changes in local exchange and intrastate toll services. For the purpose of this section "subscriber" is any one of the following: The party identified in the account records of a common carrier as responsible for payment of the telephone bill; any adult person authorized by such party to change telecommunications services or to charge services to the account; or any person contractually or otherwise lawfully authorized to represent such party.

(1) **Verification of orders.** A local exchange or intrastate toll ((~~carrier~~) company) that requests on behalf of a ((~~customer~~) subscriber) that the ((~~customer's-carrier~~) subscriber's company) be changed, and that seeks to provide retail services to the ((~~customer~~) subscriber) (submitting ((~~carrier~~) company)), may not submit a change-order for local exchange or intrastate toll service until the order is confirmed in accordance with one of the procedures in (a) through (c) of this subsection:

(a) The company has obtained the ((~~customer's~~) subscriber's) written or electronic authorization to submit the order (letter of agency). The letter of agency must be a separate electronic form, located on a separate screen or web page, or a separate written document (or easily separable doc-

ument) containing only the authorizing language described in (a)(i) through (vi) of this subsection, having the sole purpose of authorizing a telecommunications ((earrier)) company to initiate a preferred ((earrier)) company change. The letter of agency, whether written or electronic, must be signed and dated by the ((eustomer)) subscriber of the telephone line(s) requesting the preferred ((earrier)) company change. The letter of agency ((shall)) must not be combined on the same document or on the same screen or web page with inducements of any kind; however, it may be combined with checks that contain only the required letter of agency language as prescribed in (a)(i) through (vi) of this subsection, and the necessary information to make the check a negotiable instrument. The check may not contain any promotional language or material. It must contain, in easily readable, boldface type on the front of the check, a notice that the ((eustomer)) subscriber is authorizing a preferred ((earrier)) company change by signing the check. Letter-of-agency language must be placed near the signature line on the back of the check. Any ((earrier)) company designated in a letter of agency as a preferred ((earrier)) company must be the ((earrier)) company directly setting the rates for the ((eustomer)) subscriber. If any portion of a letter of agency is translated into another language, then all portions must be translated into that language, as well as any promotional materials, oral descriptions or instructions provided with the letter of agency. The letter of agency must confirm the following information from the ((eustomer)) subscriber:

(i) The ((eustomer)) subscriber billing name, billing telephone number and billing address and each telephone number to be covered by the change order;

(ii) The decision to change;

(iii) The ((eustomer's)) subscriber's understanding of the change fee;

(iv) That the ((eustomer)) subscriber designates (name of ((earrier)) company) to act as the ((eustomer's)) subscriber's agent for the preferred ((earrier)) company change;

(v) That the ((eustomer)) subscriber understands that only one telecommunications ((earrier)) company may be designated as the ((eustomer's)) subscriber's intraLATA preferred ((earrier)) company; that only one telecommunications ((earrier)) company may be designated as the ((eustomer's)) subscriber's interLATA preferred ((earrier)) company; and that only one telecommunications ((earrier)) company may be designated as the ((eustomer's)) subscriber's local exchange provider, for any one telephone number. The letter of agency must contain a separate statement regarding the ((eustomer's)) subscriber's choice for each preferred ((earrier)) company, although a separate letter of agency for each choice is not necessary; and

(vi) Letters of agency may not suggest or require that a ((eustomer)) subscriber take some action in order to retain the current preferred ((earrier)) company.

(b) The submitting ((earrier)) company has obtained the ((eustomer's)) subscriber's authorization, as described in (a) of this subsection, electronically, by use of an automated, electronic telephone menu system. This authorization must be placed from the telephone number(s) for which the preferred ((earrier)) company is to be changed and must confirm

the information required in (a)(i) through (vi) of this subsection.

Telecommunications companies electing to confirm the preferred ((earrier)) company change electronically must establish one or more toll free telephone numbers exclusively for that purpose.

Calls to the number(s) must connect a ((eustomer)) subscriber to a voice response unit, or similar device, that records the required information regarding the change, including recording the originating automatic number identification (ANI).

(c) An appropriately qualified and independent third party operating in a location physically separate from the telemarketing representative has obtained the ((eustomer's)) subscriber's oral authorization to submit the change order that confirms and includes appropriate verification data (e.g., the ((eustomer's)) subscriber's date of birth). A company or a company's sales representative initiating a three-way conference call or a call through an automated verification system must drop off the call once the three-way connection with the third-party verifier has been established. The independent third party must not be owned, managed, controlled or directed by the ((earrier)) company or the ((earrier's)) company's marketing agent; and must not have any financial incentive to confirm preferred ((earrier)) company change orders for the ((earrier)) company or the ((earrier's)) company's marketing agent. The content of the verification must include clear and unambiguous confirmation that the ((eustomer)) subscriber has authorized a preferred ((earrier)) company change.

(2) Where a telecommunications ((earrier)) company is selling more than one type of telecommunications service (e.g., local exchange, intraLATA toll, and interLATA toll) that ((earrier)) company must obtain separate authorization, and separate verification, from the ((eustomer)) subscriber for each service sold, although the authorizations may be made within the same solicitation.

(3) The documentation regarding a ((eustomer's)) subscriber's authorization for a preferred ((earrier)) company change must be retained by the submitting ((earrier)) company, at a minimum, for two years to serve as verification of the ((eustomer's)) subscriber's authorization to change his or her telecommunications company. The documentation must be made available to the ((eustomer)) subscriber and to the commission upon request and at no charge. Documentation includes, but is not limited to, entire third-party-verification conversations and, for written verifications, the entire verification document.

(4) **Implementing order changes.** An executing ((earrier)) company may not verify directly with the ((eustomer)) subscriber the submission of a change in a ((eustomer's)) subscriber's selection of a provider received from a submitting ((earrier)) company. The executing ((earrier)) company must comply promptly, without any unreasonable delay, with a requested change that is complete and received from a submitting ((earrier)) company. An executing ((earrier)) company is any telecommunications ((earrier)) company that affects a request that a ((eustomer's-earrier)) subscriber's company be changed. Except as provided by contract, a telecommunications company must submit a preferred company

PROPOSED

change order on behalf of a subscriber within no more than sixty days of obtaining authorization.

This section does not prohibit any company from investigating and responding to any ~~((eustomer-initiated))~~ subscriber-initiated inquiry or complaint.

(5) **Preferred carrier freezes.** A preferred carrier freeze prevents a change in a ~~((eustomer's))~~ subscriber's preferred ~~((earrier))~~ company selection unless the ~~((eustomer))~~ subscriber gives the ~~((earrier))~~ company from whom the freeze was requested express consent. Express consent means direct, written, electronic, or oral direction by the ~~((eustomer))~~ subscriber. All local exchange companies (LECs) must offer preferred carrier freezes. Such freezes must be offered on a nondiscriminatory basis to all ~~((eustomers))~~ subscribers. Offers or solicitations for such freezes must clearly distinguish among telecommunications services subject to a freeze (e.g., local exchange, intraLATA toll, and interLATA toll). The carrier offering the freeze must obtain separate authorization for each service for which a preferred carrier freeze is requested. Separate authorizations may be contained within a single document.

(a) All LECs must notify all ~~((eustomers))~~ subscribers of the availability of a preferred carrier freeze, no later than the ~~((eustomer's))~~ subscriber's first telephone bill, and once per year must notify all local exchange service ~~((eustomers))~~ subscribers of such availability on an individual ~~((eustomer))~~ subscriber basis (e.g., bill insert, bill message, or direct mailing).

(b) All ~~((earrier-provided))~~ company-provided solicitation and other materials regarding freezes must include an explanation, in clear and neutral language, of what a preferred carrier freeze is, and what services may be subject to a freeze; a description of the specific procedures to lift a preferred carrier freeze; an explanation that the ~~((eustomer))~~ subscriber will be unable to make a change in ~~((earrier))~~ company selection unless he or she lifts the freeze; and an explanation of any charges incurred for implementing or lifting a preferred carrier freeze.

(c) No local exchange ~~((earrier))~~ company may implement a preferred carrier freeze unless the ~~((eustomer's))~~ subscriber's request to impose a freeze has first been confirmed in accordance with the procedures outlined for confirming a change in preferred ~~((earrier))~~ company, as described in subsections (1) and (2) of this section.

(d) All LECs must offer ~~((eustomers))~~ subscribers, at a minimum, the following procedures for lifting a preferred carrier freeze:

(i) A ~~((eustomer's))~~ subscriber's written or electronic authorization stating the ~~((eustomer's))~~ subscriber's intent to lift the freeze;

(ii) A ~~((eustomer's))~~ subscriber's oral authorization to lift the freeze. This option must include a mechanism that allows a submitting ~~((earrier))~~ company to conduct a three-way conference call with the executing ~~((earrier))~~ company and the ~~((eustomer))~~ subscriber in order to lift the freeze. When engaged in oral authorization to lift a freeze, the executing ~~((earrier))~~ company must confirm appropriate verification data (e.g., the ~~((eustomer's))~~ subscriber's date of birth), and the ~~((eustomer's))~~ subscriber's intent to lift the freeze.

(iii) The LEC must lift the freeze within three business days of the subscriber request.

(e) A LEC may not change a ~~((eustomer's))~~ subscriber's preferred ~~((earrier))~~ company if the ~~((eustomer))~~ subscriber has a freeze in place, unless the ~~((eustomer))~~ subscriber has lifted the freeze in accordance with this subsection.

(6) **Remedies.** In addition to any other penalties provided by law, a submitting ~~((earrier))~~ company that requests a change in a ~~((eustomer's-earrier))~~ subscriber's company without proper verification as described in this rule ~~((shall))~~ must receive no payment for service provided as a result of the unauthorized change and ~~((shall))~~ must promptly refund any amounts collected as a result of the unauthorized change. The ~~((eustomer))~~ subscriber may be charged, after receipt of the refund, for such service at a rate no greater than what would have been charged by its authorized telecommunications company, and any such payment ~~((shall))~~ must be remitted to the ~~((eustomer's))~~ subscriber's authorized telecommunications company.

(7) **Exceptions.** Companies transferring ~~((eustomers))~~ subscribers as a result of a merger, purchase of the company, or purchase of a specific ~~((eustomer))~~ subscriber base are exempt from subsections (1) through (6) of this section if the companies comply with the following conditions and procedures:

(a) The acquiring company must provide a notice to each affected ~~((eustomer))~~ subscriber at least thirty days before the date of transfer. Such notice must include the following information:

(i) The date on which the acquiring company will become the ~~((eustomer's))~~ subscriber's new provider;

(ii) The rates, terms, and conditions of the service(s) to be provided upon transfer, and the means by which the acquiring company will notify the ~~((eustomer))~~ subscriber of any change(s) to those rates, terms, and conditions;

(iii) That the acquiring company will be responsible for any ~~((earrier))~~ company change charges associated with the transfer;

(iv) The ~~((eustomer's))~~ subscriber's right to select a different company to provide the service(s);

(v) That the ~~((eustomer))~~ subscriber will be transferred even if the ~~((eustomer))~~ subscriber has selected a "freeze" on his/her ~~((earrier))~~ company choices, unless the ~~((eustomer))~~ subscriber chooses another ~~((earrier))~~ company before the transfer date;

(vi) That, if the ~~((eustomer))~~ subscriber has a "freeze" on ~~((earrier))~~ company choices, the freeze will be lifted at the time of transfer and the ~~((eustomer))~~ subscriber must "refreeze" ~~((earrier))~~ company choices;

(vii) How the ~~((eustomer))~~ subscriber may make a complaint prior to or during the transfer; and

(viii) The toll-free customer service telephone number of the acquiring ~~((earrier))~~ company.

(b) The acquiring company must provide a notice to the commission at least thirty days before the date of the transfer. Such notice must include the following information:

(i) The names of the parties to the transaction;

(ii) The types of services affected;

(iii) The date of the transfer; and

(iv) That the company has provided advance notice to affected ((customers)) subscribers, including a copy of such notice.

(c) If after filing notice with the commission any material changes develop, the acquiring company must file written notice of those changes with the commission no more than ten days after the transfer date announced in the prior notice. The commission may, at that time, require the company to provide additional notice to affected ((customers)) subscribers regarding such changes.

NEW SECTION

PROPOSED RULES DEPARTMENT OF FINANCIAL INSTITUTIONS

[Filed November 2, 2004, 10:34 a.m.]

Continuance of WSR 04-19-157.

Preproposal statement of inquiry was filed as WSR 03-23-121.

Title of Rule and Other Identifying Information: Escrow Agent Registration Act, chapter 18.44 RCW. Examination and investigation fees and expenses—Authority to retain specialists. WAC 208-680G-050 to implement RCW 18.44.121.

Hearing Location(s): Department of Financial Institutions, 150 Israel Road S.W., Room 319, Olympia, WA 98501, on December 8, 2004, at 9:30 a.m.

Date of Intended Adoption: December 9, 2004.

Submit Written Comments to: Andrew Ledbetter, Securities Division, P.O. Box 9033, Olympia, WA 98507-9033, e-mail aledbetter@dfi.wa.gov, fax (360) 704-6970, by December 2, 2004.

Assistance for Persons with Disabilities: Contact Darlene Christianson by October 21, 2004, TTY (360) 664-8126 or (360) 902-8760.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: Amend WAC 208-680G-050 to implement RCW 18.44.121(5), which states that director "shall charge...an hourly audit fee." The amendment would clarify that both in-state and out-of-state escrow agents may be charged for examinations and investigations and provides detail of examination and investigation expenses. Upon adoption of this amendment, Department of Financial Institutions (DFI) plans to begin charging an hourly fee for its examinations.

The legislature intended that chapter 18.44 RCW be interpreted and administered to protect escrow agent clients. "When read in its entirety, the Act reflects a legislative intent to protect clients of escrow agents." *Estate of Jordan v. Hartford Accident & Indem. Co.*, 120 Wn.2d 490, 497 (1993). To that end, pursuant to RCW 18.44.410, the director "has the power and broad administrative discretion to administer and interpret this chapter to facilitate the delivery of services to citizens of this state by escrow agents." The director believes

adoption of this amendment is consistent with that intent and within the power and discretion granted to her.

Purpose and Summary: WAC 208-680G-050, as adopted in 2001, provides in subsection (1) that the director may retain attorneys, CPAs, and other professionals as examiners or investigators at the expense of the person that is the subject of the examination or investigation. The current language in subsection (2) specifically provides that the expenses for required travel and services associated with an examination or investigation outside the state are to be borne by the person examined and investigated.

The current language is potentially misleading. Subsection (1) clearly authorizes reimbursement to DFI if it hires outside professionals and specialists, but is less clear when it comes to reimbursement of the costs of examinations by DFI examiners. Similarly, subsection (2) specifically allows the reimbursement of travel related expenses for out-of-state examinations, but is silent as to in-state examinations. The proposed amendments will clarify these possible ambiguities.

Subsection (2) would be amended to clearly state that examination and investigation related expenses are to be borne by the person examined or investigated, regardless of where that person is located. New subsection (3) provides examples of the expenses for which reimbursement may be owed. Such expenses include staff time and travel expenses. The subsection requires DFI to provide an invoice detailing such expenses at a reasonable time following the investigation or examination. Payment of the invoiced amount is due within thirty days of the invoice date.

Reasons Supporting Proposal: RCW 18.44.121 states:

The director shall charge and collect the following fees as established by rule....

(5) An hourly audit fee....

In establishing these fees, the director shall set the fees at a sufficient level to defray the costs of administering this chapter.

Examination fees have not been charged to date and the other Escrow Agent Registration Act ("act") fees collected by DFI fall far short of defraying the costs of administering the act. DFI took over administration of the act on July 1, 1997. Since that date (though [through] February 29, 2004), act-related disbursements have exceeded escrow-related revenues by over \$1.3 million. Clearly, the current fee structure does not satisfy the legislative mandate to make the escrow program self-supporting.

Anticipated Effects: Amending WAC 208-680G-050 will give DFI clear authority to implement RCW 18.44.121(5) by clarifying the expenses for which DFI can seek reimbursement. Upon adoption of this rule, DFI plans to begin charging an hourly examination fee. The anticipated fee is \$62.50 per hour. As detailed in the small business economic impact statement, DFI initially plans to charge only for time spent on-site at the office of an escrow agent, which generally averages about three days, and will not charge for the substantial off-site time relating to preparation, debriefing, or writing up examination findings, which generally averages about two days. Assuming DFI is able to perform sixty-six examinations per year and that it will collect \$1,500 for each exam, this rule would result in approximately \$100,000 in additional revenue for the year following adoption of the rule.

(It is likely that DFI will collect less revenue as some exams may take less than three days on-site.) This revenue will help defray the costs of running the escrow program, but is not sufficient to make the program self-supporting. Additional fees and/or fee increases will be necessary in the future.

PROPOSED RULES
DEPARTMENT OF
FINANCIAL INSTITUTIONS

[Filed November 2, 2004, 10:38 a.m.]

Continuance of WSR 04-19-158.

Preproposal statement of inquiry was filed as WSR 03-23-120.

Title of Rule and Other Identifying Information: Escrow agents, chapter 18.44 RCW. New rule WAC 208-680E-025, regarding periodic reports; and amends WAC 208-680F-020, concerning permissible securities for purposes of RCW 18.44.201 and WAC 208-680A-040 Definitions.

Hearing Location(s): Department of Financial Institutions, 150 Israel Road S.W., Room 319, Olympia, WA 98501, on December 8, 2004, at 9:30 a.m.

Date of Intended Adoption: December 9, 2004.

Submit Written Comments to: Andrew Ledbetter, Securities Division, P.O. Box 9033, Olympia, WA 98507-9033, e-mail aledbetter@dfi.wa.gov, fax (360) 704-6970, by December 2, 2004.

Assistance for Persons with Disabilities: Contact Darlene Christianson by October 21, 2004, TTY (360) 664-8126 or (360) 902-8760.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: A new rule concerning periodic reporting will help the division monitor compliance with chapter 18.44 RCW and the regulations adopted thereunder. Amendments to WAC 208-680F-020 and 208-680A-040 are needed to clarify the types of securities that may be substituted for the errors and omissions policy required by RCW 18.44.201.

The legislature intended that chapter 18.44 RCW be interpreted and administered to protect escrow agent clients. "When read in its entirety, the Act reflects a legislative intent to protect clients of escrow agents." *Estate of Jordan v. Hartford Accident & Indem. Co.*, 120 Wn.2d 490, 497 (1993). To that end, under RCW 18.44.410 the director "has the power and broad administrative discretion to administer and interpret this chapter to facilitate the delivery of services to citizens of this state by escrow agents." The director believes adoption of these rules is consistent with that intent and within the power and discretion granted to her.

WAC 208-680E-025 Quarterly reports, this new rule would mandate that escrow agents prepare and file quarterly reports. The reports would be due within thirty days following the end of each fiscal quarter. Failure to comply would be grounds for taking action to deny, suspend, decline to renew, or revoke an escrow agent's license.

- Quarterly reports will allow Department of Financial Institutions (DFI) to monitor escrow agents more effectively and efficiently.
- Under RCW 18.44.121, the director is required to efficiently administer the statute such that the fees collected from licensees pay for the costs of administration. There are approximately two hundred escrow agents, most of which are small businesses. Mandatory reports, while not a substitute for on-site inspections, will allow the director to better monitor the industry at a minor cost to the industry and DFI.
- Many escrow agents have been voluntarily submitting quarterly reports for several years. The old reports are cumbersome to complete and review and they require a great deal of supporting documentation. This rule would make reporting mandatory, but the new required report will be simple and much easier to complete.
- A draft copy of the new report form was shared with the attendees of the February 10, 2004, and April 6, 2004, Escrow Commission meetings, who commented that it appeared to be a much easier form to complete. Several agents have commented on the draft form. Those comments have been considered and incorporated as appropriate in the new form.
- The new report includes sections concerning trust account administration and reconciliation, operations (including changes in financial condition, legal proceedings, changes in ownership, locations of offices and records, and insurance coverage), and certain results of operations. In response to privacy concerns, the response to certain questions is optional.

- The new report does not require escrow agents to keep any records beyond those already required by statute and existing regulations.
- The new form has been implemented on a voluntary basis for the quarter ending March 31, 2004. Several escrow agents have commented to the division that the revised form is much easier to use.

WAC 208-680F-020 Errors and omissions policy—Securities alternative and 208-680A-040 Definitions, the proposed amendments to these sections would clarify the types of securities that may be used in lieu of the errors and omission ("E&O") policy required by RCW 18.44.201. Under that section, an escrow agent must maintain a \$50,000 E&O policy or deposit \$50,000 in cash or securities in an approved depository. The current definition of "securities" in WAC 208-680A-040 allows "any stock, treasury bill, bond, debenture or collateral trust certificate tendered in lieu of an errors or omissions policy." In addition to being overly broad, neither this definition nor WAC 208-680F-020 explicitly prohibits depositing securities issued by affiliates of the escrow agent.

The current rules virtually allow any security, regardless of quality, volatility, or liquidity, to be substituted for an E&O policy. This compromises the protection of escrow agent clients. Under the proposal, the definition of "securities" in WAC 208-680A-040 would [be] stricken and WAC 208-680F-020 would be amended to require that any securities deposited in lieu of an E&O policy meet the definition of "investment securities" under chapter 208-512 WAC. Those regulations, which pertain to the type of securities in which banks and trust companies may invest, define "investment securities" to generally include certain government obligations and certain investment grade corporate securities. By similarly limiting the securities that may be used by an escrow agent to satisfy RCW 18.44.201 to such high-quality obligations, escrow agent clients will be better protected.

To the division's knowledge, only one currently licensed escrow agent relies on WAC 208-680F-020. That agent, which maintains a \$50,000 cash deposit in an approved depository, would not be impacted by the proposed changes to the rule.

Reasons Supporting Proposal: See Purpose above.

Statutory Authority for Adoption: RCW 18.44.410.

Statute Being Implemented: Chapter 18.44 RCW.

Rule is not necessitated by federal law, federal or state court decision.

PROPOSED RULES
OFFICE OF
INSURANCE COMMISSIONER

[Insurance Commissioner Matter No. R 2004-01—Filed November 2, 2004, 11:40 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 04-11-108.

Title of Rule and Other Identifying Information: Clarification to insurance scoring rules.

Hearing Location(s): John L. O'Brien Building, House Hearing Room C, 504 15th Avenue S.W., Olympia, WA 98504, on December 16, 2004, at 9:00 a.m.

Date of Intended Adoption: December 27, 2004.

Submit Written Comments to: Kacy Scott, P.O. Box 40255, Olympia, WA 98504-0255, e-mail Kacys@oic.wa.gov, fax (360) 586-3109, by December 15, 2004.

Assistance for Persons with Disabilities: Contact Lori Villaflores by December 14, 2004, TDD (360) 586-0241 or (360) 725-7087.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The existing credit scoring rules, chapter 284-24A WAC, were reviewed and rewritten to provide more information. Data requirements for multivariate analysis were clarified to be more consistent with how insurers collect data. Data requirements for demographic factors were revised to allow insurers to group rural and urban territories when they provide data relative to consumers who have no available insurance score. What constitutes "eligibility rules or guidelines" under RCW 49.19.035 (2)(b) is explained to help insurers understand what data are confidential. A new section is added to explain the process insurers must use to identify and file eligibility rules and guidelines. Finally, the types of information that insurers must provide to consumers when an adverse action is taken is clarified so that consumers will be sent information they can understand.

These proposed rules will reduce the Office of the Insurance Commissioner (OIC) staff time in reviewing rate filings. These proposed rules will also reduce consumer complaints because consumers will have better information about adverse actions taken by insurers based on insurance scores.

Reasons Supporting Proposal: HB 2727 was enacted in the 2004 session to clarify the filing requirements for insurers who use insurance scoring to set rates. These proposed rules will help the implementation of this law. OIC has received many consumer complaints relating to the adverse action notices required by RCW 48.18.545(2). Consumers have found notices confusing, and the complaints have suggested

chapter 284-24A WAC needs further amendments so insurers provide better information to consumers about their insurance scores.

Statutory Authority for Adoption: RCW 48.02.060, 48.18.545, 48.19.035, and 48.30.010.

Statute Being Implemented: RCW 48.18.545 and 48.19.035.

Rule is not necessitated by federal law, federal or state court decision.

Agency Comments or Recommendations, if any, as to Statutory Language, Implementation, Enforcement, and Fiscal Matters: A previous CR-102 was filed in this rule-making process on August 18, 2004, and a previous public hearing held on September 3, 2004. The commissioner received many comments and suggestions. The commissioner decided that all parties would be best served by the ability to comment on a revised draft that incorporated many of the suggestions proposed by interested parties.

Name of Proponent: Mike Kreidler, Insurance Commissioner, governmental.

Name of Agency Personnel Responsible for Drafting: Lisa Smego, Tumwater, Washington, (360) 725-7134; Implementation: Scott Jarvis, Tumwater, Washington, (360) 725-7262; and Enforcement: Carol Sureau, Tumwater, Washington, (360) 725-7050.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The proposed rule should have no negative economic impact on small businesses regulated by the OIC.

A cost-benefit analysis is not required under RCW 34.05.328. This proposal is not a significant legislative rule for the purposes of RCW 34.05.328.

AMENDATORY SECTION (Amending Matter No. R 2001-11, filed 9/6/02, effective 10/7/02)

WAC 284-24A-010 What must an insurer tell a consumer when it takes an adverse action? (1) An insurer must tell a consumer about significant factors that adversely affect the consumer's credit history or insurance score. As many as four factors may be needed to explain the adverse action.

(2) An insurer must explain what significant factors led to an adverse action in clear and simple language. The explanation must provide the consumer the reason(s) that their credit history has adversely affected their:

- Eligibility for insurance; or
- Ability to buy insurance at the lowest premium or rate.

(3) ~~((An insurer may choose to tell consumers which factors positively affect a consumer's credit history or insurance score.))~~ The insurer is responsible for making sure that the reason(s) an adverse action occurred is written in clear and simple language, even if the reason(s) is provided to the insurer by a vendor.

NEW SECTION

WAC 284-24A-011 What types of information must an insurer provide in addition to the reason(s) for the adverse action to comply with WAC 284-24A-010(3)? (1) Insurers must provide information that helps the consumer determine why the consumer was charged a higher premium or determined to be ineligible for coverage by the insurer. The following information must be included with the reason for the adverse action:

- A description of the attribute of credit history that adversely affected the consumer's insurance score;
 - How the attribute of credit history affected the insurance score; and
 - What the consumer can do to improve this attribute of the insurance score.
- (2) If an insurer refers to insurance industry research or studies to justify the effect of an insurance score on premiums or eligibility for coverage, the insurer must file those studies with the insurance commissioner so that they are available for public disclosure.

NEW SECTION

WAC 284-24A-012 What types of reasons do not provide enough information to adequately explain an adverse action? An insurer must explain any adverse action in clear and simple language. Insurers must not use phrases that do not explain why the consumer was charged a higher premium or determined to be ineligible for coverage by the insurer.

(1) Explanations of adverse actions that do not meet this standard include, but are not limited to:

- Unfavorable length of credit history.
- Absence of revolving credit account.
- Age of oldest account or revolving credit account.
- Age that consumer first opened a credit account.
- Unfavorable number of bank or revolving accounts.
- Unfavorable debt ratio.
- Unfavorable number of accounts opened in past year.

(2) Insurers must not use the term "unfavorable" to describe an attribute of credit history because it does not provide clear information to the consumer about their credit history.

NEW SECTION

WAC 284-24A-032 Under RCW 48.19.035(2) what does "eligibility rules or guidelines" mean? "Eligibility rules or guidelines" mean rules that determine whether a consumer is eligible for insurance from a single insurer or a group of affiliated companies. Eligibility rules or guidelines do not include rules that determine which company within an affiliated group of companies a consumer will be placed based on their insurance score or other underwriting criteria.

NEW SECTION

WAC 284-24A-033 How will an insurer or a group of affiliated insurers know its eligibility rules or guidelines will be withheld from public inspection? Eligibility guidelines will be kept as confidential records if they:

- Conform to the definition in WAC 284-24A-032; and
- Are clearly identified.

To ensure confidentiality, insurers should submit eligibility guidelines in a separate and distinct part of the related rate filing so they may be separated from other documents in the filing that are public records under RCW 48.19.040(5).

AMENDATORY SECTION (Amending Matter No. R 2001-11, filed 9/6/02, effective 10/7/02)

WAC 284-24A-045 If an insurer uses credit history or insurance scores to segment personal insurance business for rating purposes, how can the insurer show that its rating plan results in premium rates that are not excessive, inadequate, or unfairly discriminatory? If an insurer uses credit history or insurance scores to segment personal insurance business for rating purposes, the insurer must:

- Submit a multi variate analysis with the first rate and rule filing the insurer makes to comply with this law.
- Submit a multivariate analysis any time the insurer uses credit history or an insurance score to revise a risk clas-

sification plan, rating factor, rating plan, rating tier, or base rates.

AMENDATORY SECTION (Amending Matter No. R 2001-11, filed 9/6/02, effective 10/7/02)

WAC 284-24A-050 What types of information must an insurer include in a multivariate analysis? (1) A multivariate statistical analysis must evaluate the rating factors listed below (if applicable to the rating plan, and to the extent that data are credible):

(a) For homeowners, dwelling property, earthquake, and personal inland marine insurance:

- (i) ~~((Credit history;))~~ Insurance score;
- (ii) Territory and/or ~~((location))~~ geographic area;
- (iii) Protection class;
- (iv) Amount of insurance;
- (v) Surcharges or discounts based on loss history;
- (vi) Number of family units; and
- (vii) Policy form relativity.

(b) For private passenger automobile, personal liability and theft, and mechanical breakdown insurance:

- (i) ~~((Credit history;))~~ Insurance score;
- (ii) Driver class;
- (iii) Multicar discount;
- (iv) Territory and/or geographic area;
- (v) Vehicle use;
- (vi) Rating factors related to driving record; and
- (vii) Surcharges or discounts based on loss history.

(2) An insurer must provide a general description of the model used to perform the multivariate analysis, including the:

- (a) Formulas the model uses;
- (b) Rating factors that are included in the modeling process; and
- (c) Output from the model, such as indicated rates or rating factors.

(3) An insurer must show how the proposed rates or rating factors are related to the multivariate analysis.

AMENDATORY SECTION (Amending Matter No. R 2001-11, filed 9/6/02, effective 10/7/02)

WAC 284-24A-055 Should an insurer submit actuarial data based on demographic factors with an insurance scoring model or with a rate filing? (1) Insurers should not submit actuarial data based on demographic factors with their insurance scoring model.

(2) Insurers must submit actuarial data based on demographic factors to support any difference in rates or premiums based on:

- (a) "No hit," which means the absence of credit history;
- or
- (b) "No score," which means the inability to determine the consumer's credit history.

(3) The actuarial data must include:

- (a) Loss history for an experience period acceptable to the commissioner. The length of the experience period will be determined by the amount of data available to the insurer.
- (b) Earned exposures.
- (c) Earned premiums.

(d) An analysis of the credibility of the data.

(4) The actuarial data must be segmented by:

(a) Demographic factors, which may be grouped in broader categories in a manner acceptable to the commissioner;

(b) "No hit"; and

(c) "No score."

(5) The actuarial data must show that the proposed rates, rating factors, rating rules, or risk classification plans relating to "no hit" and "no score" comply with RCW 48.19.020.

(6) These filings are subject to prior approval by the commissioner under the provisions of RCW 48.19.040.

AMENDATORY SECTION (Amending Matter No. R 2001-11, filed 9/6/02, effective 10/7/02)

WAC 284-24A-065 Questions and answers. (1) **Our insurance company uses insurance scoring bands (a range of scores) to determine what to charge a consumer based on their personal insurance score. Does an insurer have to file its insurance scoring bands?** Yes. If an insurer uses insurance scoring bands for rating purposes, the insurer must file them (and any future changes to those bands). The bands are part of the rating plan and must be supported by actuarial analysis.

(2) **What types of data can an insurer use to support a credit-based rating plan?** A credit-based rating plan must be based on the experience of the insurer, an affiliated insurer under the same management, or a licensed rating organization. The commissioner will accept data from other states where comparable credit-based rating plans are in effect.

(3) **The law says an insurer cannot use the number of credit inquiries to set rates or to deny insurance. Can an insurer consider the amount of time since the most recent inquiry?** Yes. The law prohibits an insurer from considering the number of credit-seeking or promotional inquiries. It does not prohibit ~~((you))~~ an insurer from considering the length of time since the most recent inquiry about a consumer's credit rating.

(4) **The law says an insurer cannot use collections identified with a medical industry code to set rates or to deny insurance. Not all credit vendors provide industry codes for collection accounts. If a vendor searches for medical references in a text field, would that action comply with the law?** Yes. Collections identified with a medical industry code cannot be used. If medical history is not coded or identified, insurers and vendors are not required to perform additional research.

(5) **The law says an insurer cannot use the initial purchase or finance of a vehicle or house that adds a new loan to the consumer's existing credit history to set rates or to deny insurance. Can my company use the number of such loans and/or the outstanding balance of such loans?**

• An insurer may not use the initial purchase of a home or vehicle to affect eligibility for insurance or insurance premiums. The initial purchase is the first loan taken out to buy a home or vehicle.

• An insurer may evaluate any subsequent borrowing by a consumer.

• A method an insurer or vendor can use to comply with the law is to eliminate vehicle and home loans from the consumer's debt load calculation.

(6) **The law says an insurer cannot use the total available line of credit to set rates or to deny insurance. Can my company use number of credit lines with limits over a set amount?**

• The law prohibits use of data related to the consumer's total available line of credit. Any attribute that evaluates the total amount of credit available to a consumer is prohibited.

• (~~You~~) Your insurer may use the debt/credit ratio or other ratios that consider the actual debt load. The law does not restrict use of ratios that determine whether an insured is over-extended due to actual debt.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The board conducted a public rule-making hearing on October 28, 2004. After considering testimony received the board made several revisions to its proposed rules and makes this supplemental notice to ensure broad participation on the rule proposals and rule-making process. The original purpose of the proposal filed as WSR 04-17-085 still stands. Please review WSR 04-17-085 and see below for revisions, additions, and clarifications to the proposal as previously filed, including the purpose, anticipated effects, and reasons for supporting each revision, addition, and/or clarification and the anticipated effects.

As stated in the original notice, WSR 04-17-085: General Note: The transition period implemented by the revisions to chapter 18.04 RCW (the Public Accountancy Act) passed through the 2001 legislative session (E2SSB 5593) ended June 30, 2004. Effective July 1, 2004, all certificateholders must use the CPA-Inactive title. Board rules currently include "certificateholders" in the definition of "CPA." Now that 100% of the certificateholders must use the title "CPA-inactive," the rules need to be changed to address the required "CPA-Inactive" title use and to also ensure that CPA-Inactive certificateholders understand the rules continue to apply to them. Virtually all of the rules need language clean up to address this clarification.

Additionally, the board is revising language to:

- Promote clarity.
- Ensure effective communication.

- Ensure fairness in interpretation and application of the rules.
- Promote efficiencies through minimizing gray areas.

This includes incorporating current policy into rule. Please see the original notice, WSR 04-17-085, for specifics and the following clarifications, revisions, additions to the original notice as previously filed.

Reasons for supporting supplemental proposal: The board believes the proposed 200 billable work hours was too high and reduced the provision to 100 billable work hours. |

Reasons for supporting supplemental proposal: The suggested removal of language is based on the board's history of not collecting this information. Subsections (6) and (9), the reasons/justification that the board will consider when considering a late fee waiver request or request for additional time to correct noncompliance with licensure requirements due to change in firm ownership or of an owner's credentials. In addition to the changes in the original notice, WSR 04-17-085, the proposal: <ul style="list-style-type: none"> Subsection (3), adds that a course instructor may submit documentation associated with an ethics CPE course to the board for approval. Prior subsection (4), eliminates the twenty hours a year minimum. Reasons for supporting this proposal: The board believes CPAs are able to define the number of hours needed each year in order to comply with the one hundred twenty CPE hour requirement and ensure professional competency. New subsection (7), changes "three-year" period to "thirty-six month" period for verbiage consistency with other rules. New subsection (8), clarifies the reasons/justification that the board will consider when considering a CPE waiver request. - Ensure effective communication.
- Ensure fairness in interpretation and application of the rules.
- Promote efficiencies through minimizing gray areas.

For the board's specific reasons for supporting each revision, addition, and/or clarification to each rule as previously filed please see Purpose above.

For purposes of this section, a client relationship has been formed when confidential information has been disclosed by a prospective client in an initial interview to obtain or provide professional services.

(2) **Property of the licensee:** In the absence of an express agreement between the licensee and the client to the contrary, all statements, records, schedules, working papers, and memoranda made by a licensee incident to or in the course of professional service to clients, except reports submitted by a licensee, are the property of the licensee.

(3) **Sale or transfer of client records:** No statement, record, schedule, working paper, or memorandum, including electronic records, may be sold, transferred, or bequeathed without the consent of the client or his or her personal representative or assignee, to anyone other than one or more surviving partners, shareholders, or new partners or new shareholders of the licensee, partnership, limited liability company, or corporation, or any combined or merged partnership, limited liability company, or corporation, or successor in interest.

(c) Preclude a licensee, CPA-Inactive certificateholder, firm owner, or employee of a licensee from responding to any inquiry made by the board or any investigative or disciplinary body established by law or formally recognized by the board. (5) **Client records:** Licensees, CPA-Inactive certificateholders, and firm owners must furnish to their client or heirs, successors or personal representatives, upon request and reasonable notice:

(a) A copy of the licensee's, CPA-Inactive certificateholder's or firm owner's records, schedules, and electronic documents, to the extent that such records and schedules would ordinarily constitute part of the client's records and are not otherwise available to the client; and

Licensees, CPA-Inactive certificateholders, and firm owners must not refuse to return client records, including electronic documents, pending client payment of outstanding fees.

(6) **Audit and review record retention requirements:** For a period of seven years after a licensee concludes an audit or review the licensee must retain the following records and documents, including electronic records unless hard copies of such exist:

Upon the board's submission of your authorization to test to the National Association of State Boards of Accountancy, no portion of the total exam fee (both administrative fee and section fee(s)) is refundable. If you fail to ((appear for examination)) meet the board's scheduling or admission requirements, you forfeit ((the fees charged for examination)) all of the exam fee(s) and you must reapply to take the section(s) of the exam.

(3) Notice of admittance to the examination or denial of your application:

~~((a) For examinations held prior to January 1, 2004: Notice of the denial of your application, or notice of your admittance to the examination along with the time and place of the examination, will be mailed to you at least ten days prior to the date set for the examination.~~

The NTS will be valid for one taking of the examination within the six months following the date of ((your notice of eligibility to take the examination)) the NTS.

(4) Examination content: The CPA examination shall test the knowledge and skills required for performance as an entry-level certified public accountant. The examination shall include the subject areas of accounting and auditing and related knowledge and skills as the board may require. The examination will consist of the following four sections: Auditing and attestation; financial, accounting and reporting; regulation; and business environment and concepts.

(5) Examination, grading and conditioning:

(a) For examinations held prior to January 1, 2004: The board uses all parts of the uniform CPA examination and the advisory grading services of the American Institute of Certified Public Accountants. Seventy-five or better is a passing grade for each section of the examination. Each time you sit for the examination you must take all sections you have not previously passed. You are required to pass all sections of the examination in order to qualify for a license. If at a given sitting of the examination you pass two or more, but not all sections of the examination, then you will receive credit for those sections that you pass and you will not be required to take those sections again provided:

(i) You took all unpassed sections of the examination at that sitting;

(ii) You attained a minimum grade of fifty on each section of the examination not passed at that sitting;

(iii) You pass the remaining sections of the examination within six consecutive examinations given after the one at which the first sections were passed;

(iv) At each subsequent sitting you take all sections not yet passed and you attain a minimum grade of fifty on those sections taken but not passed at that sitting; and

(v) In order to receive credit for passing additional sections in a subsequent sitting you attain a minimum grade of fifty on sections taken but not passed at that sitting.

(b) For examinations held after December 31, 2003: The board uses all parts of the uniform CPA examination and the advisory grading services of the American Institute of Certified Public Accountants.

(i) To qualify to apply for a license you must attain ~~((the national uniform passing grade, approved by the board by policy:))~~ a score of seventy-five on all four sections of the examination.

(ii) You may take the required four sections individually and in any order. Credit for any section(s) taken and passed after December 31, 2003, will be valid for eighteen months from the actual date you took the passed section, without having to attain a minimum score on any failed section(s) and without regard to whether you have taken other sections.

(iii) You must pass all four sections of the examination within a rolling eighteen-month period, which begins on the date that the first section(s) is passed. When determining the date that a section is passed the date that is used is the date that you took the exam section and not the date that your grade(s) is released.

(iv) You may not retake a failed section(s) in the same examination window. An examination window refers to a three-month period in which candidates have an opportunity to take the examination (comprised of two months in which the examination is available to be taken and one month in which the examination will not be offered while routine maintenance is performed and the item bank is refreshed).

(v) In the event you do not pass all four sections of the examination within the rolling eighteen-month period, credit for any section(s) passed prior to the eighteen-month period will expire and you must retake that section(s).

(c) Transitioning for candidates obtaining conditional credits under the provisions of (a) of this subsection:

(i) If you earned conditional credit(s) under the provisions of (a) of this subsection and as of February 15, 2004, those conditional credits remained valid under the provisions of (a) of this subsection, you will retain conditional credit for the corresponding sections of the examination as follows:

| Examination section taken prior to January 1, 2004 | Examination section taken after December 31, 2003 |
|--|---|
| Auditing | Auditing and Attestation |
| Financial Accounting and Reporting (FARE) | Financial Accounting and Reporting |
| Accounting and Reporting (ARE) | Regulation |
| Business Law and Professional Responsibilities (LPR) | Business Environment and Concepts |

(ii) If you qualify for conditional credit(s) for a section of the examination under (c)(i) of this subsection, you will lose

PROPOSED

the conditional credit(s) for the section unless you complete all remaining section(s) of the examination within the transition period which is the lesser of:

- The maximum number of testing opportunities that you had remaining to complete all sections of the examination under the provisions of (a) of this subsection; or

- The number of remaining testing opportunities you had remaining to complete all sections of the examination under the provisions of (a) of this subsection multiplied by six months.

(iii) If you do not pass all remaining sections during the transition period, the conditional credit for the section(s) you passed under the provision of (a) of this subsection will become invalid. Any section you pass after December 31, 2003, will be subject to the provisions of (b) of this subsection with the following exception:

- You will not lose conditional credit for any section passed during the transition period, even though more than eighteen months may have elapsed from the date the section is passed, until the end of your transition period.

(iv) You will retain credit for any and all sections of an examination passed in another state if credit would have been given under the Washington state requirements in effect on the date you took the examination.

(v) If you pass a section of the examination, the date you took the section of the examination is the date you receive credit for passing the section.

(6) **Ethics exam:** Upon passing the CPA examination, applicants for licensure are required to attain and demonstrate a passing grade of ninety percent or better on the AICPA professional code of conduct examination.

PROPOSED RULES
BOARD OF ACCOUNTANCY
[Filed November 2, 2004, 2:32 p.m.]

Supplemental Notice to WSR 04-17-086.

Preproposal statement of inquiry was filed as WSR 04-06-085.

Title of Rule and Other Identifying Information: WAC 4-25-530 Fees.

Hearing Location(s): Hilton Seattle Airport & Conference Center, 17620 Pacific Highway South, SeaTac, WA, on December 10, 2004, at 9:00 a.m.

Date of Intended Adoption: December 10, 2004.

Submit Written Comments to: Dana M. McInturff, Executive Director, P.O. Box 9131, Olympia, WA 98507-9131, e-mail webmaster@cpaboard.wa.gov, fax (360) 664-9190, by December 6, 2004.

Assistance for Persons with Disabilities: Contact Cheryl Sexton by December 6, 2004, TTY (800) 833-6384 or (360) 664-9194.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The board conducted a public rule-making hearing on October 28, 2004. After considering testimony received the board made one revision to its proposed rule and makes this supplemental notice to ensure broad participation on the rule proposal and rule-making process. The original purpose of the proposal filed as WSR 04-17-086 still stands. Please review WSR 04-17-086 and see below for revisions, additions, and clarifications to the proposal as previously filed, including the purpose, anticipated effects, and reasons for supporting the revision, addition, and/or clarification and the anticipated effects.

As stated in the original notice, WSR 04-17-086: General Note: The transition period implemented by the revisions to chapter 18.04 RCW (the Public Accountancy Act) passed through the 2001 legislative session (E2SSB 5593) ended June 30, 2004. Effective July 1, 2004, all certificateholders must use the CPA-Inactive title. Board rules currently include "certificateholders" in the definition of "CPA." Now that 100% of the certificateholders must use the title "CPA-Inactive," the rules need to be changed to address the required "CPA-Inactive" title use and to also ensure that CPA-Inactive certificateholders understand the rules continue to apply to them. Virtually all of the rules need language clean up to address this clarification.

Additionally, the board is revising language to:

- Promote clarity.
- Ensure effective communication.
- Ensure fairness in interpretation and application of the rules.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The board conducted a public rule-making hearing on October 28, 2004. After considering testimony received the board made several revisions to its proposed rules and makes this supplemental notice to ensure broad participation on the rule proposals and rule-making process. The original purpose of the proposal filed as WSR 04-17-087 still stands. Please review WSR 04-17-087 and see below for revisions, additions, and clarifications to the proposal as previously filed, including the purpose, anticipated effects, and reasons for supporting each revision, addition, and/or clarification and the anticipated effects.

As stated in the original notice, WSR 04-17-087: General Note: The transition period implemented by the revisions to chapter 18.04 RCW (the Public Accountancy Act) passed through the 2001 legislative session (E2SSB 5593) ended June 30, 2004. Effective July 1, 2004, all certificateholders must use the CPA-Inactive title. Board rules currently include "certificateholders" in the definition of "CPA." Now that 100% of the certificateholders must use the title "CPA-Inactive," the rules need to be changed to address the required "CPA-Inactive" title use and to also ensure that CPA-Inactive certificateholders understand the rules continue to apply to them. Virtually all of the rules need language clean up to address this clarification.

Additionally, the board is revising language to:

- Promote clarity.
- Ensure effective communication.
- Ensure fairness in interpretation and application of the rules.
- Promote efficiencies through minimizing gray areas.

This includes incorporating current policy into rule. Please see the original notice, WSR 04-17-087, for specifics

Reasons for supporting supplemental proposal: The suggested language is based on the board's history of approving waiver requests. Adds "or other comprehensive basis of accounting, if applicable" to subsection (2)(g)(i). - (1) You are an individual;
- (2) Your qualifications are found to be substantially equivalent to a Washington licensee because:
 - (a) Your education, examination, and experience are deemed by the board to be substantially equivalent to Washington's requirements for initial licensure; or
 - (b) Your original license was issued by a state the board has deemed to be substantially equivalent to Washington's requirements;

You need to fully complete the form(s) and submit the form(s), all applicable fees, and all required documentation to the board's office.

The board will mail its confirmation of the receipt of your notification to the last address you provided to the board.

Your notification will expire on June 30 of the third calendar year following the date you submit your notification.

Provided no sanctions or investigations by other jurisdictions are in process and you have met the requirements for practice privileges, upon filing your notification with the board, you may use the CPA title in Washington state.

You must notify the board within thirty days if your license or certificate issued by another jurisdiction has lapsed or otherwise becomes invalid.

((Unless you are a sole practitioner)) With the exception of out-of-state sole practicing CPAs holding valid practice privileges in Washington state under WAC 4-25-756, you may only offer to provide attest services in a ((licensed)) CPA firm licensed by the board and meeting the requirements of WAC 4-25-750.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The Washington State Apprenticeship and Training Council (WSATC) has considered whether these proposed rules are subject to the Regulatory Fairness Act and has determined that they do not require a small business economic impact statement because the proposed rules are exempted by law (see RCW 19.85.025 referencing RCW 34.05.310(4)) from the small business economic impact requirements.

(2) Chapter 49.04 RCW, these rules, and the approved standards under which a committee operates define the duties of an apprenticeship committee. Committees shall function, administer or relinquish authority only with the consent of the WSATC.

(3) A committee is responsible for:

- The day-to-day operations of the apprenticeship and training program;
- Operating the program according to WSATC approved standards;
- Accepting or rejecting applicants for apprenticeship or training;
- Registering approved applicants with the supervisor;
- Removing apprentices from the program as provided by the approved program standards;

- Informing the supervisor of any matters that affect the standing of individuals as apprentices; and

- Entering into agreements with other apprenticeship committees for the use of apprentices by training agents that are working outside their approved geographic area served.

The WSATC will only recognize apprentices registered with the supervisor.

(4) Committees approved by the WSATC must offer training opportunities on an equal basis to all employers and apprentices including all rights, appeals, and services available in the existing apprenticeship program. All existing committees that represent multiple employer or employer associations, except for committees that represent plant programs, are expected to provide access to apprenticeship and training opportunities to employers not currently participating in the program. Those opportunities must:

- Provide training at a cost equivalent to that incurred by currently participating employers and apprentices;

- Grant equal treatment and opportunity for all apprentices;

- Offer reasonable working and training conditions and apply those conditions to all apprentices uniformly and equally;

- Not require an employer to sign a collective bargaining agreement as a condition of participation in an apprenticeship program;

- Require all employers requesting "approved training agent" status to comply with an WSATC approved agreement and all federal and state apprenticeship rules and the appropriate apprenticeship standards. (The training agent shall employ only registered apprentices when training for that occupation or trade);

- Require sponsors, who approve "approved training agent" agreements, to furnish the department with a copy of the agreement and/or the list of approved training agents within thirty days of committee approval; and

- Require sponsors who rescind "approved training agent" agreements and/or the list of approved training agents to notify the department that they have done so within thirty days of said action.

(5) Apprenticeship program sponsors may send registered apprentices to limited training agents.

This shall be called a "limited training agent agreement," which is when an employer that is not currently a registered training agent to a set of apprenticeship standards, enters into a single public works project agreement with the program sponsor for the purposes of apprenticeship utilization. The limited training agent agreement must specify that:

- The program sponsor must ensure that all program requirements are being followed.

- Apprenticeship utilization requirements must be in the public works contract.

- The agreement is for a specific trade(s) or occupation(s).

The limited training agent must sign the training agent form.

This limited training agent agreement does not obligate the employer to use registered apprentices in any other type of work or trade or occupation other than the one for which the limited training agreement is entered into.

PROPOSED

This is a pilot program lasting for two years (July 2004 - July 2006).

The department must conduct a study and provide a report back to the Washington state apprenticeship and training council on the effect of the rule. This report should contain vital information including the numbers of apprenticeship hours generated, any adverse impacts on apprenticeship programs and apprentices, any compliance problems, any health and safety problems, or other considerations requested by the council at a later date. This report is due to the WSATC by March 15, 2006.

(6) If an existing committee fails to or refuses to offer apprenticeship and training opportunities to all employers, the WSATC may take action to remove the restrictions to access in order to comply with the intent of chapter 49.04 RCW and these rules. Action may include, but is not limited to, the decertification of the existing committee and recognition of a new committee.

NOTICE

THIS RULE IS BEING PROPOSED UNDER AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS USE OF THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO Yvette Fox, Department of Health, P.O. Box 47852, Olympia, WA 98504-7852, AND RECEIVED BY January 4, 2005.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The intent of the medical test sites law, RCW 70.42.005, is to meet the requirements of federal laws licensing and regulating medical testing. The proposal amends chapter 246-338 WAC, Medical test site rules. The amendments are at the request of the federal Centers for Medicare and Medicaid Services, following a review of the state rules for exemption from federal legislation (CLIA). The federal CLIA regulations were amended on January 24, 2003. The proposed amendments to the medical test site rules incorporate the changes that were made in the CLIA regulations, along with housekeeping changes.

Reasons Supporting Proposal: The amendments will bring the state medical test site rules into compliance with federal legislation and will allow the state to continue its exemption from federal regulation for sites performing clinical laboratory testing.

WAC 246-338-080 Quality assurance. Each medical test site performing moderate complexity (including PPMP) or high complexity testing, or any combination of these tests, must establish and follow written policies and procedures for a comprehensive quality assurance program. The quality assurance program must be designed to monitor and evaluate the ongoing and overall quality of the total testing process (preanalytic, analytic, postanalytic). The medical test site's quality assurance program must evaluate the effectiveness of its policies and procedures; identify and correct problems; assure the accurate, reliable, and prompt reporting of test results; and assure the adequacy and competency of the staff. As necessary, the medical test site must revise policies and procedures based upon the results of those evaluations. The medical test site must meet the standards as they apply to the services offered, complexity of testing performed and test results reported, and the unique practices of each testing entity. All quality assurance activities must be documented.

(1) The medical test site must establish and implement a written quality assurance plan, including policies and procedures, designed to:

(a) Monitor, evaluate, and review quality control data, proficiency testing results, and test results, including biannual verification of:

(i) Accuracy of test results for:

(A) Tests that are not covered by proficiency testing; ((and))

(B) Tests that are covered by proficiency testing but have unsatisfactory scores, are not scored by the proficiency testing program, or where scoring does not reflect actual test performance (e.g., the proficiency testing program does not obtain the agreement required for scoring); and

(ii) Relationship between test results when the medical test site performs the same test on different instruments or at different locations within the medical test site;

(b) Identify and correct problems;

(c) Establish and maintain accurate, reliable, and prompt reporting of test results;

(d) Verify all tests performed and reported by the medical test site conform to specified performance criteria in quality control under WAC 246-338-090; ((and))

(e) Establish and maintain the adequacy and competency of the technical personnel; and

(f) Establish and follow written policies and procedures that ensure positive identification and optimum integrity of a patient's specimen from the time of collection or receipt of the specimen through completion of testing and reporting of results.

(2) The quality assurance plan must include mechanisms or systems to:

(a) Establish and apply criteria for specimen acceptance and rejection;

(b) Notify the appropriate individuals as soon as possible when test results indicate potential life-threatening conditions;

(c) Assess problems identified during quality assurance reviews and discuss them with the appropriate staff;

(d) Evaluate all test reporting systems to verify accurate and reliable reporting, transmittal, storage, and retrieval of data;

(e) Document all action taken to identify and correct problems or potential problems;

(f) Issue corrected reports when indicated;

(g) Provide appropriate instructions for specimen collection, handling, preservation, and transportation; ((and))

(h) Ensure that specimens are properly labeled, including patient name or unique patient identifier and, when appropriate, specimen source;

(i) Ensure confidentiality of patient information throughout all phases of the testing process; and

(j) Provide clients updates of testing changes that would affect test results or the interpretation of test results.

(3) The medical test site must establish criteria for and maintain appropriate documentation of any remedial action taken in response to quality control, quality assurance, personnel, proficiency testing, and transfusion reaction investigations.

(4) When results of control or calibration materials fail to meet the established criteria for acceptability, the medical test site must have a system in place to determine if patient test results have been adversely affected. The system must include:

(a) A review of all patient test results obtained in the unacceptable test run; and

(b) A review of all patient test results since the last acceptable test run.

(5) The medical test site must have a system in place to assure:

(a) All complaints and problems reported to the medical test site are documented and investigated when appropriate; and

(b) Corrective actions are instituted as necessary.

((5)) (6) The owner must:

(a) Maintain adequate space, facilities, and essential utilities for the performance and reporting of tests;

(b) Ensure that molecular amplification procedures that are not contained in closed systems have a unidirectional workflow. This must include separate areas for specimen preparation, amplification and production detection, and as applicable, reagent preparation;

(c) Establish, ((post)) make accessible, and observe safety precautions to ensure protection from physical, chemical, biochemical, and electrical hazards and biohazards; and

((e)) (d) Establish and implement policies and procedures for infectious and hazardous medical wastes consistent with local, state, and federal authorities.

((6)) (7) Information that must be available to authorized persons ordering or utilizing the test results includes:

(a) A list of test methods, including performance specifications;

(b) Reference ranges; and

(c) Test method limitations.

((7)) (8) If the medical test site refers specimens to another site for testing, the site to which specimens are

referred must have a valid medical test site license or meet equivalent requirements as determined by ((HCFA)) CMS.

NOTICE

THIS RULE IS BEING PROPOSED UNDER AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS USE OF THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO Lisa Salmi, Department of Health, Board of Pharmacy, P.O. Box 47863, Olympia, WA 98504-7863, or Lisa.Salmi@doh.wa.gov, AND RECEIVED BY January 4, 2005.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The proposal will repeal a rule pertaining to the facsimile of prescription orders. The Board of Pharmacy recently adopted rules on the electronic transmission of prescription information, chapter 246-870 WAC. The rule on the facsimile transmission of prescription information (WAC 246-869-095) was incorporated in the electronic transmission of prescription information rule. Combining all rules related to the electronic transfer of prescription information into one chapter will cause less confusion.

Reasons Supporting Proposal: It is redundant to have the same rule in two locations.

Statutory Authority for Adoption: RCW 18.64.005.

Statute Being Implemented: RCW 18.64.005.

Rule is not necessitated by federal law, federal or state court decision.

EXPEDITED RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Filed November 3, 2004, 10:29 a.m.]

Title of Rule and Other Identifying Information: Recreational fishing rules—Exceptions to statewide rules.

NOTICE

THIS RULE IS BEING PROPOSED UNDER AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS USE OF THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO Evan Jacoby, Department of Fish and Wildlife, 600 Capitol Way North, Olympia, WA 98501-1091, AND RECEIVED BY January 3, 2005.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: This filing corrects errors that were accidentally introduced into WAC 232-28-619. The department adopted rule changes for lower Columbia River sturgeon and North of Falcon salmon rules in July 2004 (WSR 04-16-046). At the same time the commission was responding to a petition to restore a wild steelhead fishery (WSR 04-13-094). Because the July changes had not been incorporated into the rule, the text of the wild steelhead changes was made as amendments to the rule as it existed in June 2004. When the commission adopted the wild steelhead changes in September 2004 (WSR 04-19-012), the rule text showed both the text as existed in June and the text as amended in July. As a result, the September filing, for example, shows rivers as having a salmon limit of "[2] [3]" fish. This filing eliminates these errors, and incorporates the North of Falcon, lower Columbia River sturgeon, and wild steelhead retention restoration filings into a single document base. There are no changes from the text adopted by the commission and published in the 2004-2005 sport pamphlet.

Reasons Supporting Proposal: Clarification.

Statutory Authority for Adoption: RCW 77.12.047.

WAC 388-96-218 Proposed, preliminary, and final settlements. (1) For each component rate, the department shall calculate a proposed, preliminary or final settlement at the lower of prospective payment rate or audited allowable costs, except as otherwise provided in this chapter and chapter 74.46 RCW.

(2) As part of the cost report, the proposed settlement report is due in accordance with RCW 74.46.040. In the proposed preliminary settlement report, a contractor shall compare the contractor's payment rates during a cost report period, weighted by the number of resident days reported for the same cost report period (~~when each rate was in effect,~~) to the contractor's allowable costs for the (~~reporting~~) cost report period. In accordance with RCW 74.46.100, 74.46.155 and 74.46.165 the contractor shall take into account all authorized shifting, retained savings, and upper limits to rates on a cost center basis.

(a) The department will:

(i) Review the proposed preliminary settlement report for accuracy; and

(ii) Accept or reject the proposal of the contractor. If accepted, the proposed preliminary settlement report shall become the preliminary settlement report. If rejected, the department shall issue, by (~~cost-center~~) component payment rate allocation, a preliminary settlement report fully substantiating disallowed costs, refunds, or underpayments due and adjustments to the proposed preliminary settlement.

(b) When the department receives the proposed preliminary settlement report:

(i) By the cost report due date specified in RCW 74.46.040, it will issue the preliminary settlement report within one hundred twenty days of the cost report due date; or

(ii) After the cost report due date specified in RCW 74.46.040, it will issue the preliminary settlement report within one hundred twenty days of the date the cost report was received.

(c) In its discretion, the department may designate a date later than the dates specified in subsection (2)(b)(i) and (ii) of this section to issue preliminary settlements.

(d) A contractor shall have twenty-eight days after receipt of a preliminary settlement report to contest such report under WAC 388-96-901 and 388-96-904. Upon expiration of the twenty-eight((-) day period, the department shall not review or adjust a preliminary settlement report. Any administrative review of a preliminary settlement shall be limited to calculation of the settlement, to the application of settlement principles and rules, or both, and shall not encompass rate or audit issues.

(3) The department shall issue a final settlement report to the contractor after the completion of the department audit process, including exhaustion or termination of any administrative review and appeal of audit findings or determinations requested by the contractor, but not including judicial review as may be available to and commenced by the contractor.

(a) The department shall prepare a final settlement by (~~cost-center~~) component payment rate allocation and shall fully substantiate disallowed costs, refunds, underpayments, or adjustments to the cost report and financial statements, reports, and schedules submitted by the contractor. The department shall take into account all authorized shifting, savings, and upper limits to rates on a (~~cost-center~~) component payment rate allocation basis. For the final settlement report, the department shall compare:

(i) The payment (~~rate~~) rates it paid the contractor (~~was paid~~) for the facility in question during the report period, weighted by the number of allowable resident days reported for the period each rate was in effect to the contractor's;

(ii) Audited allowable costs for the reporting period; or

(iii) Reported costs for the nonaudited reporting period.

(b) A contractor shall have twenty-eight days after the receipt of a final settlement report to contest such report pursuant to WAC 388-96-901 and 388-96-904. Upon expiration of the twenty-eight((-) day period, the department shall not review a final settlement report. Any administrative review of a final settlement shall be limited to calculation of the settlement, the application of settlement principles and rules, or both, and shall not encompass rate or audit issues.

(c) The department shall reopen a final settlement if it is necessary to make adjustments based upon findings resulting from a department audit performed pursuant to RCW 74.46.100. The department may also reopen a final settlement to recover an industrial insurance dividend or premium discount under RCW 51.16.035 in proportion to a contractor's Medicaid (~~recipients~~) recipient days.

(4)(a) In computing a preliminary or final settlement, a contractor (~~may shift savings and/or overpayment in the support services cost center to cover a deficit and/or underpayment in the direct care or therapy cost centers up to the amount of the savings as provided in RCW 74.46.165(4). The~~

provider's payment rate is subject to the provisions of RCW 74.46.421.

~~(5) If an administrative or judicial remedy sought by the facility is not granted or is granted only in part after exhaustion or mutual termination of all appeals,)) must comply with the requirements of RCW 74.46.165 (2), (3), and (4) for retaining or refunding to the department payments made in excess of the adjusted costs of providing services corresponding to each component rate allocation.~~

(b) The facility shall refund all amounts due the department within sixty days after the date of decision or termination plus interest ~~((as payment on judgments from the date the review was requested pursuant to WAC 388-96-901 and 388-96-904 to the date the repayment is made.~~

~~(6)) on any unpaid balance after sixty days will accrue at one percent per month. Repayment will be without prejudice to obtain review of the settlement determination pursuant to WAC 388-96-901 and 388-96-904. After an administrative hearing and/or judicial review, if the payment obligation is reduced, then the department will rescind the difference between the accrued interest on the payment obligation and the interest that would have accrued on the reduced payment obligation from the date interest began to accrue on the original payment obligation.~~

(5) In determining whether a facility has forfeited unused rate funds in its direct care, therapy care and support services component rates under authority of RCW 74.46.165~~((3))~~, the following rules shall apply:

(a) Federal or state survey officials shall determine when a facility is not in substantial compliance or is providing substandard care, according to federal and state nursing facility survey regulations;

(b) Correspondence from state or federal survey officials notifying a facility of its compliance status shall be used to determine the beginning and ending dates of any period(s) of noncompliance; and

(c) Forfeiture shall occur if the facility was out of substantial compliance more than ninety days during the settlement period. The ninety-day period need not be continuous if the number of days of noncompliance exceed ninety days during the settlement period regardless of the length of the settlement period. Also, forfeiture shall occur if the nursing facility was determined to have provided substandard quality of care at any time during the settlement period.

~~((7))~~ (6)(a) For calendar year 1998, the department will calculate two settlements covering the following periods:

- (i) January 1, 1998 through September 30, 1998; and
- (ii) October 1, 1998 through December 31, 1998.

(b) The department will use Medicaid rates weighted by total patient days (i.e., Medicaid and non-Medicaid days) to divide 1998 costs between the two settlement periods identified in subsection ~~((7))~~(6)(a) of this section.

(c) The department will net the two settlements for 1998 to determine a nursing facility's 1998 settlement.

(3) When notice is given under subsection (2) of this section, the facility shall notify the recipient or guardian that if the amount in the account, in addition to the value of the recipient's other nonexempt resources, reaches the dollar resource limit determined under Title XVI, the recipient may lose eligibility for SSI medical assistance or benefits under Title XVI.

If a resident wants to spend an amount greater than the facility is holding for the resident, the home may provide money from its own funds and collect the debt by installments from that portion of the resident's allowance remaining at the end of each month. No interest may be charged to residents for such loans.

(6) The facility may not impose a charge against the personal funds of a Medicare or Medicaid recipient for any item or service for which payment is made under the Title XVIII Medicare program or the Title XIX Medicaid program. In order to ensure that Medicaid recipients are not charged for services provided under the Title XIX program, any charge for medical services otherwise properly made to a recipient's personal funds shall be supported by a written denial from the department.

(a) Mobility aids including walkers, wheelchairs, or crutches requested for the exclusive use by a Medicaid recipient shall have a written denial from the department of social and health services before a recipient's personal funds may be charged.

(b) Requests for medically necessary services and supplies not funded under the provisions of chapter 388-96 WAC or chapter 388-86 WAC (reimbursement rate or coupon system) shall have a written denial from the department before a Medicaid recipient's personal funds may be charged.

(c) A written denial from the department is not required when the pharmacist verifies that a drug is not covered by the program, e.g., items on the FDA list of ineffective or possible effective drugs, nonformulary over-the-counter (OTC) medications. The pharmacist's notation to this effect is sufficient.

No rate upward revision shall be made to operations, property, or financing allowance.

(3) The requested revised prospective Medicaid payment rate will be effective the first of ~~((a) the month~~ ~~((when the contractor complies with subsection (1)(a) and (b) of this section and the effective date of the licensed bed reduction falls))~~:

(4) The department will recalculate a nursing facility's prospective Medicaid payment rate allocations using the greater of actual days from the cost report period on which the rate is based or days calculated by multiplying the new number of licensed beds times ~~((eighty-five percent))~~ the appropriate minimum occupancy pursuant to chapter 74.46 RCW times the number of calendar days in the cost report period on which the rate being recalculated is based.

(5) The revised prospective Medicaid payment rate will comply with all the provisions of rate setting contained in chapter 74.46 RCW and in this chapter, including all lids and maximums, unless otherwise specified in this section.

The contractor shall submit the requested information within fifteen calendar days from the date the contractor receives the notice to provide the information. If the contractor fails to complete the add-on request by providing all the requested documentation and information within the fifteen calendar days from the date of receipt of notification, the department shall deny the request for failure to complete.

~~((11))~~ (10) If, after the denial for failure to complete, the contractor submits ~~((a))~~ another written request for a rate add-on for the same project ~~((;))~~ the date of receipt for the purpose of applying subsection ~~((9))~~ (8) of this section will depend upon whether the subsequent request for the same project is complete, i.e., the department does not have to request additional documentation and information in order to make a determination. If a subsequent request for funding of the same project is:

(a) Complete, then the date of the first request may be used when applying subsection ~~((9))~~ (8) of this section; or

(b) Incomplete, then the date of the subsequent request must be used when applying subsection ~~((9))~~ (8) of this section even though the physical plant improvements may be completed and fully utilized prior to that date.

~~((12))~~ (11) The department shall respond, in writing, not later than sixty calendar days after receipt of a complete request.

~~((13))~~ (12) If the contractor does not use the funds for the purpose for which they were granted, the department ~~((shall))~~ immediately shall have the right to recoup the mispent or unused funds.

~~((14))~~ (13) When any physical plant improvements made under subsection (1) or (2) of this section ~~((results))~~ result in a change in licensed beds, any rate add-on granted will be subject to the provisions regarding the number of licensed beds, patient days, occupancy, etc., included in this chapter and chapter 74.46 RCW.

~~((15))~~ All rate components to fund)

(14) Effective July 1, 2002, except for essential community providers, the Medicaid share of nursing facility new construction or refurbishing projects ((costing in excess of one million two hundred thousand dollars, or projects requiring state or federal certificate of need approval,)) shall be based upon a minimum facility occupancy of ((eighty-five)) ninety percent for the ((direct care, therapy care, support services,)) operations, property, and financing allowance ((and variable return)) component rate allocations ((during the initial rate period in which the adjustment is granted. These same component rate allocations shall)). For essential community providers, the Medicaid share of nursing facility new construction or refurbishing project will be based upon a minimum facility occupancy of eighty-five percent ((for all rate periods after the initial rate period)) for operations, property, and financing allowance component rate allocations.

~~((16))~~ (15) When a capitalized addition or replacement results in an increased licensed bed capacity during the calendar year following the capitalized addition or replacement:

(a) The department shall ~~((for))~~ determine a nursing facility's prospective Medicaid:

(i) Property ((use the facility's anticipated resident occupancy level subsequent to the increase in licensed bed capacity)) payment rate allocation by dividing the property costs using the greater of actual days from the cost report period on which the rate being recalculated is based or days calculated by multiplying the new number of licensed beds times ninety percent times the number of calendar days in the cost report period on which the rate being recalculated is based. For essential community providers, the department shall use eighty-five percent to calculate days to compare with actual days; and

(ii) ~~((The))~~ Financing allowance ((multiply)) payment rate allocation by multiplying the net invested funds by the applicable factor in ((accordance with)) WAC 388-96-748(3) and ((divide)) dividing by the greater of the facility's ((anticipated resident occupancy level subsequent to the increase in licensed bed capacity; and

~~((b))~~ The anticipated resident occupancy for the increased number of beds must be at or above eighty-five percent. In all cases the department shall use at least eighty-five percent occupancy of the facility's increased licensed bed capacity)) actual days from the cost report period on which the rate being recalculated is based or on days calculated by multiplying the new number of licensed beds times ninety percent occupancy times the calendar days in the cost report period on which the rate being recalculated is based. For essential community providers, the department shall use eighty-five percent occupancy to calculate days to compare to actual days.

AMENDATORY SECTION (Amending WSR 00-12-098, filed 6/7/00, effective 7/8/00)

WAC 388-96-782 Exceptional therapy care and exceptional direct care—Payment. ~~((1)(a))~~ The department will pay for exceptional therapy care authorized under WAC 388-96-780 according to the current therapy fee for service schedule maintained by the department.

~~((b))~~ All payments for therapy care from third-party payers and/or other department programs, e.g., physical medicine and rehabilitation (PM&R) will be deducted before billing the department under the exceptional therapy program. The nursing facility (NF) will bill the department for the authorized exceptional therapy care according to the department's billing instructions, including but not limited to WAC 388-545-0300, 388-545-0500, and 388-545-0700.

~~((2))~~ For WAC 388-96-781 residents, the department will pay the resident's total rate in effect on December 31, 1999, inflated by the industry weighted average economic trends and conditions adjustment factor.

NEW SECTION

WAC 388-96-783 Certificate of capital authorization (CCA). (1)(a) A certificate of capital authorization (CCA) is a certification from the department for an allocation from the biennial capital financing authorization for a nursing facility's new or replacement building construction, or major renovation project, receiving a certificate of need (CON) or a CON exemption from the department of health under chapter 70.38 RCW and chapter 246-310 WAC after July 1, 2001.

(b) Issuance of a CCA as required by this regulation and by chapter 74.46 RCW is necessary before:

(i) Any depreciation resulting from the capitalized addition is included in a facility's property component rate allocation, including both determinations under RCW 74.46.435 and property rate add-ons done pursuant to WAC 388-96-776; and/or

(ii) Any net invested funds associated with the capitalized addition are included in the calculation of the facility's financing allowance rate allocation, including both determinations under RCW 74.46.437 and financing allowance rate add-ons done pursuant to WAC 388-96-776.

(2) To apply for a CCA, a contractor must submit a written application to the nursing home rates section of the office of rates management (ORM) within the department. The application must be entirely separate from, and not included with, any other request or communication. The application must include:

(a) A description of the proposed new or replacement construction or major renovation;

(b) A copy of the CON approval, or the determination of CON exception issued by the department of health for the construction or renovation;

(c) The amount of money for which the CCA is being requested; this will presumably be the same amount as included in the CON approval or exception, but may be different where good cause is shown;

(d) The name of the general contractor who will build the construction or renovation; and

(e) The anticipated starting and completion dates of the construction or renovation.

(3) Completed applications for CCAs will be reviewed in the order received. An application will be deemed completed as of the date when all required information has been received by ORM. Within ninety days of the receipt of an application, ORM will either reject it as incomplete, or act upon it. If more than one CCA application is received on the same date, priority will first be given to an application from an essential community provider and then to an application in relation to the facility which has gone the longest from its last major renovation or building project.

(4) ORM will accept applications and issue CCAs for each state fiscal year for which the legislature has enacted authorization in the biennial appropriations act as provided by RCW 74.46.807, subject to the limits of such authorization. CCAs for a fiscal year will be issued until the remaining capital authorization for that year is insufficient to cover any more applications made for that year. An application denied because that year's authorization has been depleted may be resubmitted for a later year, and will be given priority for the remaining amounts of capital authorization in the later year, after CCAs already issued for that year. The state fiscal year runs from July 1 of one calendar year to June 30 of the following calendar year, and is designated by the second calendar year. For example, state fiscal year 2004 (SFY04) runs from July 1, 2003 through June 30, 2004.

(5)(a) When a CCA has been issued, the contractor must act to complete the construction or renovation in a timely manner, consistent with the estimates included in the application. The construction or renovation must be completed and

ready for occupancy no later than the last day of the state fiscal year for which the CCA is issued. "Ready for occupancy" means that all federal, state, and local permits for occupancy of the buildings by residents have been issued.

(b) The contractor must send the department ORM a copy of each progress report submitted to the certificate of need section of the department of health under WAC 246-310-590, or a regulation adopted as a successor thereto, at the same time the progress report is filed with the department of health.

(c) Based upon the application for the CCA and the progress reports filed with the department of health by the contractor, ORM will set deadlines for progress of the project toward completion. ORM may withdraw a CCA if its holder does not comply with those deadlines in a good faith manner. A contractor that fails to meet a progress deadline due to its own action or inaction shall be considered not to have acted in a good faith manner.

(d) If a CCA is withdrawn by ORM, or if the construction or renovation is not ready for occupancy by the last day of the fiscal year for which the CCA was issued, the value of the construction or renovation will not be included in the facility's property component or financing allowance rate allocations, as provided in subsection (1)(b) of this section. To include the value of the construction or renovation in the facility's property component or financing allowance rate allocations, the contractor must seek and obtain another CCA.

(6)(a) Although they are related, the CON and CCA processes are separate. When a CON requires amendment under department of health requirements, the contractor must notify ORM. The previously issued CCA will stay in effect. When the amended CON is issued in an amount greater than the original CON, the contractor must submit a new CCA application to ORM covering only the difference between the original and amended CONs. This supplemental CCA application may reference the original CCA application to the greatest extent possible, to expedite its filing and review.

(b) The department of health allows the dollar amount of a CON to be exceeded by the greater of twelve percent or fifty thousand dollars without requiring an amendment to the CON. This excess is not automatically reflected in the corresponding CCA. Any increase in the amount requires an application for a new CCA.

(c) ORM will review the new CCA application based on the estimated date of occupancy and the authorization remaining for the relevant state fiscal year. If there is insufficient authorization remaining in that fiscal year to fund the project, ORM will deny the application in whole or in part.

(d) If a contractor's application for a CCA is denied pursuant to subsection (c) above, the contractor may resubmit it for a later state fiscal year and the application will be given priority as described in subsection (4) of this section.

(7) If ORM withdraws a CCA previously issued, the amount of that authorization shall be restored to the total capital authorization available for the state fiscal year against which the CCA was issued.

(8) An application for a CCA may be considered on an emergency basis. If the application is approved and a sufficient amount of authorization remains for the relevant fiscal

year, the CCA may be issued without regard to the priority of the application. Only an application made in relation to a major renovation project may be considered on an emergency basis, and then only if it must be completed as soon as possible to:

- (a) Retain a facility's license or certification provided the net rate effect is ten cents per patient day or greater;
 - (b) Protect the health or safety of the facility's residents;
- or
- (c) Avoid closure if the facility is an essential community provider.

AMENDATORY SECTION (Amending WSR 01-12-037, filed 5/29/01, effective 6/29/01)

WAC 388-96-901 Disputes. (1) If a contractor wishes to contest the way in which the department applied a statute or department rule ((relating to the nursing facility Medicaid payment system was applied to the contractor by the department)) to the contractor's circumstances, the contractor shall pursue the administrative review process prescribed in WAC 388-96-904.

If an issue is raised that is not subject to review under WAC 388-96-904, the presiding officer shall dismiss such issue with prejudice to further review under the provisions of WAC 388-96-904, but without prejudice to other administrative or judicial review as may be provided by law. Unrelated or ancillary actions not eligible for administrative review under WAC 388-96-904 include but are not limited to:

(a) Challenges to the adequacy or validity of the public process followed by department in proposing or making a change to the nursing facility Medicaid payment rate methodology, as required by 42 U.S.C. 1396a (a)(13)(A) and WAC 388-96-718;

(i) Department actions taken under WAC 388-96-218 ((2)(e)).

(3) If a contractor wishes to challenge the legal validity of a statute or regulation relating to the nursing facility Medicaid payment system, or wishes to bring a challenge based in whole or in part on federal law, it must bring such action de novo in a court of proper jurisdiction as may be provided by law.

AMENDATORY SECTION (Amending WSR 98-20-023, filed 9/25/98, effective 10/1/98)

WAC 388-96-904 Administrative review—Adjudicative proceeding. (1) Contractors seeking to appeal or take exception to an action or determination of the department, under authority of this chapter or chapter 74.46 RCW, relating to the contractor's payment rate, audit or settlement, or otherwise affecting the level of payment to the contractor, or seeking to appeal or take exception to any other adverse action taken under authority of this chapter or chapter 74.46 RCW eligible for administrative review under this section, shall request an administrative review conference in writing within twenty-eight calendar days after receiving notice of the department's action or determination. The department shall deem the contractor to have received the department's notice five calendar days after the date of the notification letter, unless proof of the date of receipt of the department's notification letter exists, in which case the actual date of receipt shall be used to determine timeliness of the contractor's request for an administrative review conference. The contractor's request for administrative review shall:

(a) Be signed by the contractor or by a partner, officer, or authorized employee of the contractor;

(b) State the particular issues raised; and

(c) Include all necessary supporting documentation or other information.

(2) After receiving a request for administrative review conference that meets the criteria in subsection (1) of this section, the department shall schedule an administrative review conference. The conference may be conducted by telephone.

(3) At least fourteen calendar days prior to the scheduled date of the administrative review conference, the contractor must supply any additional or supporting documentation or information upon which the contractor intends to rely in presenting its case. In addition, the department may request at any time prior to issuing a determination any documentation or information needed to decide the issues raised, and the contractor must comply with such a request within fourteen calendar days after it is received. The department may extend this period up to fourteen additional calendar days for good cause shown if the contractor requests an extension in writing received by the department before expiration of the initial fourteen-day period. The department shall dismiss issues that cannot be decided or resolved due to a contractor's failure to provide requested documentation or information within the required period.

(4) The department shall, within sixty calendar days after conclusion of the conference, render a determination in writing addressing the issues raised. If the department is waiting for additional documentation or information promised by or requested from the contractor pursuant to subsection (3) of this section, the sixty-day period shall not commence until the department's receipt of such documentation or information or until expiration of the time allowed to provide it. The determination letter shall include a notice of dismissal of all issues which cannot be decided due to a contractor's failure to provide documentation or information promised or requested.

(5) A contractor seeking further review of a determination issued pursuant to subsection (4) of this section shall apply for an adjudicative proceeding, in writing, signed by one of the individuals authorized by subsection (1) of this section, within twenty-eight calendar days after receiving the department's administrative review conference determination letter. A review judge or other presiding officer employed by the department's board of appeals shall conduct the adjudicative proceeding.

The department shall deem the contractor to have received the department's determination five calendar days after the date of the administrative review determination letter, unless proof of the date of receipt of the letter exists, in which case the actual date of receipt shall be used to determine timeliness of the contractor's application for an adjudicative proceeding. The contractor shall attach to its application for an adjudicative proceeding the department's administrative review conference determination letter. A contractor's application for an adjudicative proceeding shall be addressed to the department's board of appeals.

(6) Except as authorized by subsection (7) of this section, the scope of an adjudicative proceeding shall be limited to the issues specifically raised by the contractor at the administra-

tive review conference and addressed on the merits in the department's administrative review conference determination letter. The contractor shall be deemed to have waived all issues or claims that could have been raised by the contractor relating to the challenged determination or action, but which were not pursued at the conference and not addressed in the department's administrative review conference determination letter. In its request for an adjudicative proceeding or as soon as practicable, the contractor must specify its issues.

(7) If the contractor wishes to have further review of any issue not addressed on its merits, but instead dismissed in the department's administrative review conference determination letter, for failure to supply needed, promised, or requested additional information or documentation, or because the department has concluded the request was untimely or otherwise procedurally defective, the issue shall be considered by the presiding officer for the purpose of upholding the department's dismissal, reinstating the issue and remanding for further agency staff action, or reinstating the issue and rendering a decision on the merits.

(8) An adjudicative proceeding shall be conducted in accordance with this chapter, chapter ~~((388-08))~~ 388-02 WAC and chapter 34.05 RCW. In the event of a conflict between hearing requirements in chapter 74.46 RCW and chapter 388-96 WAC specific to the nursing facility Medicaid payment system ~~((on the one hand))~~ and general hearing requirements in chapter 34.05 RCW and chapter ~~((388-08))~~ 388-02 WAC ~~((on the other hand))~~, the specific requirements of chapter 74.46 RCW and chapter 388-96 WAC shall prevail. The presiding officer assigned by the department's board of appeals to conduct an adjudicative proceeding and who conducts the proceeding shall render the final agency decision.

(9) At the time an adjudicative proceeding is being scheduled for a future time and date certain, or at any appropriate stage of the prehearing process, the presiding officer shall have authority, upon the motion of either party or the presiding officer's own motion, to compel either party to identify specific issues remaining to be litigated.

(10) If the presiding officer determines there is no material issue(s) of fact to be resolved in a case, the presiding officer shall have authority, upon the motion of either party or the presiding officer's own motion, to decide the issue(s) presented without convening or conducting an in-person evidentiary hearing. In such a case, the decision may be reached on documentation admitted to the record, party admissions, written or oral stipulation(s) of facts, and written or oral argument.

(11) The board of appeals shall issue an order dismissing an adjudicative proceeding requested under subsection (5) of this section, unless within two hundred seventy calendar days after the board of appeals receives the application for an adjudicative proceeding:

(a) All issues have been resolved by a written settlement agreement between the contractor and the department signed by both and filed with the board of appeals; or

(b) An adjudicative proceeding has been held for all issues not resolved and the evidentiary record, including all rebuttal evidence and post-hearing or other briefing, is closed.

This time limit may be extended one time thirty additional calendar days for good cause shown upon the motion of either party made prior to the expiration of the initial two hundred seventy day period. It shall be the responsibility of the contractor to request that hearings be scheduled and ensure that settlement agreements are signed and filed with the board of appeals in order to comply with the time limit set forth in this subsection.

(12) Any party dissatisfied with a decision or an order of dismissal of the board of appeals may file a petition for reconsideration within ten calendar days after the decision or order of dismissal is served on such party. The petition shall state the specific grounds upon which relief is sought. The time for seeking reconsideration may be extended by the presiding officer for good cause upon motion of either party. The presiding officer shall rule on a petition for reconsideration and may seek additional argument, briefing, testimony, or other evidence if deemed necessary. Filing a petition for reconsideration shall not be a requisite for seeking judicial review; however, if a petition is filed by either party, the agency decision shall not be deemed final until a ruling is made by the presiding officer.

(13) A contractor dissatisfied with a decision or an order of dismissal of the board of appeals may file a petition for judicial review pursuant to RCW 34.05.570(3) or other applicable authority.

PERMANENT RULES
UTILITIES AND TRANSPORTATION
COMMISSION**

[General Order No. R-515, Docket No. TG-041349—Filed October 27, 2004, 11:17 a.m., effective November 27, 2004]

In the matter of amending WAC 480-70-396 Billing and 480-70-401 Payment options, relating to solid waste and/or refuse collection companies.

1 STATUTORY OR OTHER AUTHORITY: The Washington Utilities and Transportation Commission takes this action under Notice No. WSR 04-19-148, filed with the code reviser on September 22, 2004. The commission brings this proceeding pursuant to RCW 81.04.160 and 80.01.040.

2 STATEMENT OF COMPLIANCE: This proceeding complies with the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.05 RCW), the State Register Act (chapter 34.08 RCW), the State Environmental Policy Act of 1971 (chapter 43.21C RCW), and the Regulatory Fairness Act (chapter 19.85 RCW).

3 DATE OF ADOPTION: The commission adopts this rule on the date that this order is entered.

4 CONCISE STATEMENT OF PURPOSE AND EFFECT OF THE RULE: RCW 34.05.325 requires that the commission prepare and provide to commenters a concise explanatory statement about an adopted rule. The statement must include the identification of the reasons for adopting the rule, a summary of the comments received regarding the proposed rule, and responses reflecting the commission's consideration of the comments.

5 The commission often includes a discussion of those matters in its rule adoption order. In addition, most rule-making proceedings involve extensive work by commission staff that includes summaries in memoranda of stakeholder comments, commission decisions, and staff recommendations in each of those areas.

6 In this docket, to avoid unnecessary duplication, the commission designates the discussion in this order as its concise explanatory statement, supplemented where not inconsistent by the staff memoranda presented at the open meeting where the commission considered whether to propose specific language for adoption, and file a notice of proposed rule making (CR-102). Together, the documents provide a complete but concise explanation of the agency actions and its reasons for taking those actions.

7 REFERENCE TO AFFECTED RULES: This rule making amends the following sections of the Washington Administrative Code:

WAC 480-70-396 Billing, adds the option for companies to provide regular billings in electronic form upon the customer's request.

WAC 480-70-401 Payment options, provides a minimum level of payment options companies must allow, such as cash, certified funds (e.g., cashier check or money order), and personal checks. The amendment would allow greater flexibility and opportunity to accept payments electronically.

8 PREPROPOSAL STATEMENT OF INQUIRY AND ACTIONS THEREUNDER: The commission filed a preproposal statement of inquiry (CR-101) on August 4, 2004, at WSR 04-16-120.

PERMANENT

9 ADDITIONAL NOTICE AND ACTIVITY PURSUANT TO PREPROPOSAL STATEMENT: The statement advised interested persons that the commission was considering entering a rule making to consider expansion of payment options provided by solid waste/refuse companies and the use of electronic billing to customers on request, by amending WAC 480-70-396 Billing and 480-70-401 Payment options. The commission also informed persons of the inquiry into this matter by providing notice of the subject and the CR-101 to all persons on the commission's list of persons requesting such information pursuant to RCW 34.05.320(3) and by sending notice to all regulated solid waste companies and interested stakeholders such as Washington Refuse and Recycling Association (WRRRA). The commission posted the relevant rule-making information on its internet website at <http://www.wutc.wa.gov>.

10 WRITTEN COMMENTS: Pursuant to the notice, the commission invited written comments and offered to host stakeholder workshops. There were no requests for workshops. The commission received one written comment, a letter from the Washington Refuse and Recycling Association (WRRRA), an association of solid waste companies. WRRRA's comments supported the proposed amendments to WAC 480-70-396 and 480-70-401.

11 NOTICE OF PROPOSED RULE MAKING: The commission filed a notice of proposed rule making (CR-102) on September 22, 2004, at WSR 04-19-148. The commission scheduled this matter for oral comment and adoption under Notice No. WSR 04-19-148 at 9:30 a.m., Wednesday, October 27, 2004, in the Commission's Hearing Room, Second Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA. The notice provided interested persons the opportunity to submit written comments to the commission.

12 COMMENTERS (WRITTEN COMMENTS): The commission received no written comments on the CR-102 proposal.

13 RULE-MAKING HEARING: The rule proposal was considered for adoption, pursuant to the notice, at a rule-making hearing scheduled during the commission's regularly scheduled open public meeting on October 27, 2004, before Chairwoman Marilyn Showalter and Commissioner Patrick Oshie. No one presented oral comments at the rule-making hearing.

14 COMMISSION ACTION: After considering all of the information regarding this proposal, the commission adopted the proposed rules.

15 CHANGES FROM PROPOSAL: There is one word change to the proposed rules. In WAC 480-70-396 Billing, subsection (4), the last sentence: The first reference to "request" is replaced with "consent."

16 STATEMENT OF ACTION; STATEMENT OF EFFECTIVE DATE: In reviewing the entire record, the commission determines that WAC 480-70-396 Billing and 480-70-401 Payment options, should be amended to read as set forth in Appendix A, as rules of the Washington Utilities and Transportation Commission, to take effect pursuant to RCW 34.05.380(2) on the thirty-first day after filing with the Code Reviser.

PERMANENT RULES
OFFICE OF
INSURANCE COMMISSIONER

[Insurance Commissioner Matter No. R 2002-05—Filed October 27, 2004,
4:32 p.m., effective November 27, 2004]

Effective Date of Rule: Thirty-one days after filing.

Purpose: Chapter 48.115 RCW was enacted during the 2002 legislative session. This law gave the commissioner the authority to establish the processes and fees for licensure of rental car companies and their agents. The law requires licensees to pay fees necessary to defray the cost of administering the law. These new regulations establish licensure requirements and set fees. These new regulations will ensure that the employees that offer these products to the public are trained in the products they are selling. The regulations provide the necessary consumer protections in the least burdensome manner.

Statutory Authority for Adoption: RCW 48.02.060, 48.30.010, and chapter 48.115 RCW.

Adopted under notice filed as WSR 04-15-156 on July 21, 2004.

Changes Other than Editing from Proposed to Adopted Version:

- WAC 284-17B-055 was reworded for ease in understanding. Acknowledgment of brochure and written materials, the requirement to inform the renter about private insurance coverage, and transactions conducted by electronic means were moved to WAC 284-17B-060. The requirement for a statement limiting the period of the rental agreement to thirty consecutive days or less was eliminated.
- WAC 284-17B-060 was further amended to allow for acknowledgment of receipt of written materials and brochures to be in forms other than the rental agreement.
- WAC 284-17B-070 was amended to eliminate the need for resubmission of brochures if the changes are unrelated to the rental insurance.

This right to limit coverage to specific facilities permits a carrier to limit diagnosis and treatment to that rendered by

itself or by a facility to which it makes referrals, but, in either case, only if the facility is or is a part of an approved treatment program under RCW 70.96A.020.

(d) ~~((Except in the case of detoxification services;))~~ A carrier may require prenotification in all reasonable situations ~~((;)), and may~~ ~~((also))~~ require a second opinion if ~~((such))~~ a second opinion is required under the contract ~~((generally))~~ for other chronic illnesses. (6) ~~((In situations))~~ (a) In certain circumstances, the carrier may require the enrollee to provide an initial assessment of the need for chemical dependency treatment and a treatment plan prior to scheduled treatment. This will enable the carrier to make its own evaluation of medical necessity. The assessment is at the enrollee's expense and must be provided no less than ten and no more than thirty working days before treatment is to begin. The circumstances are:

(i) Where an enrollee is ~~((under))~~ court ~~((order))~~ ordered to undergo a chemical dependency assessment or treatment ~~((; or in))~~;

(b) For the initial assessment in (a) of this subsection, the enrollee may choose any individual that is:

(i) Certified as a chemical dependency professional under chapter 246-811 WAC; and

(ii) Employed by an approved treatment program under chapter 70.96A RCW.

(c) Nothing in this chapter ~~((may be construed to))~~ requires a carrier to pay for court ordered chemical dependency treatment that is not medically necessary, ~~((nor may anything in this chapter be construed to))~~ or relieves a carrier from its obligations to pay for court ordered chemical dependency treatment when it is medically necessary.

(7) Unless chemical dependency treatment is determined not to be medically necessary, or except as ~~((determined not to be medically necessary or))~~ otherwise specifically provided in this chapter, contractual provisions ~~((subject to this section and the administration of such provisions shall not use definitions, predetermination procedures or other prior approval requirements, or other provisions, requirements or procedures, which))~~ may not restrict access to treatment, continuity of care or payment of claims.

(8) Any contract that provides coverage for chemical dependency must define "chemical dependency" consistent with the definitions contained in Title 48 RCW.

NEW SECTION

WAC 250-65-080 Program definitions. (1) "Academic year" means the regular nine-month, three-quarter, or two-semester period annually occurring between July 1st and June 30th.

(2) "Approved education program" means an education program in the state of Washington that focuses on knowledge and skills generally learned in preschool through twelfth

grade. Approved education programs may include, but are not limited to:

(a) K-12 schools under Title 28A RCW; or

(b) Other educational sites in the state of Washington primarily supported with state or federal funding, as determined by the board.

(3) "Board" means the higher education coordinating board.

(4) "Classroom teaching service" means employment, as a classroom teacher holding a residency or professional certificate, in an approved education program on at least a half-time basis. This also includes comparable employment as a substitute teacher or in part-time teaching positions.

(5) "Conditional scholarship" means a loan made by the board that is forgiven in whole or in part if the participant renders service as a certificated classroom teacher in an approved education program in the state of Washington.

(6) "Continuous enrollment" means the period of time a participant is enrolled without stopping, except for the equivalent of one term per academic year, such as a summer term.

(7) "Continuous teaching service" means certificated classroom teaching service for at least the equivalent of forty full-time days in an academic year.

(8) "Educational plan" means a plan or schedule approved by the board that designates how many credits participants will complete each term to qualify for loan forgiveness or loan repayment benefits. The plan will include an anticipated completion date.

(9) "Eligible student" means a student:

(a) Registered at least half-time;

(b) Demonstrating high academic achievement;

(c) Who is a resident student as defined by RCW 28B.15.012 and 28B.15.013;

(d) With a declared intention to complete an approved preparation program that leads to residency teacher certification or is required for earning an additional endorsement; and

(e) Committed to certificated classroom teaching service in the state of Washington.

(10) "Eligible institution" means an institution with an approved "institutional agreement to participate in the Washington state-funded student financial aid programs" on file with the board. The institution must have a policy relating to the continuance of aid for students who enroll in, but do not complete, the number of credit or clock hours required to maintain satisfactory progress toward completion of his or her degree or program objective.

(11) "Equalization fee" means an additional amount charged to a conditional scholarship participant who fails to complete the required certificated classroom teaching service. This fee is added to make the cost of the program similar to the cost incurred by participants borrowing from the primary federal student loan program for undergraduate students.

(12) "Forgiven" or "to forgive" or "forgiveness" means to render service as a certificated classroom teacher in an approved education program in the state of Washington in lieu of monetary repayment.

(13) "Full-time student" or "full-time enrollment" means the minimum credits per term required by an institution for

full-time enrollment status, or twelve credits per term, whichever is less. Half-time enrollment shall be half that amount.

(14) "Full-time year equivalent" means the period equivalent to one full-time academic year of certificated teaching service. For the purposes of service obligation accrual and loan forgiveness, a full-time year of certificated teaching service shall be at least one hundred eighty days. Service obligations for partial year program benefits will be prorated on this standard. Loan forgiveness and loan repayment benefits for partial teaching years will also be prorated on this standard.

(15) "Institution of higher education" or "institution" means a public or private college, community college or university which:

(a) Physically delivers classroom instruction within the state of Washington and whose program of study will advance students toward residency teacher certification requirements; and

(b) Is accredited by an accrediting association recognized as such by rule of the higher education coordinating board.

(16) "Loan repayment" means a federal student loan that is repaid in whole or in part if the participant renders service as a certificated classroom teacher in an approved education program in the state of Washington. The ratio of loan repayments to years of teaching service shall be the same as established for the conditional scholarship program.

(17) "Monetary repayment of a conditional scholarship" means that portion of the conditional scholarship that is not forgiven due to certificated classroom teaching service and is instead repaid by the participant according to the terms of the promissory note.

(19) "Program benefits" means the awarding of funds to conditional scholarship participants or the promise to repay federal student loans for loan repayment participants.

(20) "Residency teacher certification" means the certificate issued by the office of superintendent of public instruction authorizing an individual to teach in a specified subject in the state of Washington, without conditions such as additional training, supervision by another teacher or limitation on duration. The certificate is known as a "residency certificate."

Limited certificates, such as conditional, emergency, and substitute certificates, are excluded.

(21) "Satisfy" means to pay-in-full either through the rendering of certificated classroom teaching service or monetary repayment in fulfillment of the participant's contractual obligation.

(22) "Teacher shortage area" means a shortage of elementary or secondary school teachers in a specific subject area, discipline, classification, or geographic area, as determined by the office of superintendent of public instruction.

(23) "Teaching plan" means a plan or schedule approved by the board that designates the period of time over which a participant will provide teaching service in exchange for forgiveness of a conditional scholarship or receipt of loan repay-

ment benefits. The plan will include an anticipated date by which all teaching service will be provided.

(24) "Tuition and fees" means the representative average tuition, service fees, and activity fees as determined by the board for the public research, regional, and community colleges.

(b) Private donations;

The board shall maintain accurate records of these costs. All receipts beyond those used to pay such costs shall fund conditional scholarships and loan repayments to eligible students.

NEW SECTION

WAC 250-65-100 Student eligibility criteria. In order to be eligible for program benefits, a student must:

- (1) Be registered at least half-time when:
 - (a) A scholarship disbursement is issued; or
 - (b) A loan repayment agreement is signed.

- (4) Declare an intention to complete either an approved preparation program leading to residency teacher certification or a program required for an additional endorsement.
- (5) Not be enrolled in or planning to pursue a degree in theology.

- (8) Submit an educational plan for board approval.
- (9) Attend an eligible institution while receiving program benefits.

NEW SECTION

WAC 250-65-110 Screening and selection of participants. (1) Selection committee.

The board may select participants based on an application process conducted by the board or the board may utilize selection processes for similar students in cooperation with the professional educator standards board or the office of superintendent of public instruction. If the board selects participants for the program, it shall establish a selection committee for the screening and selecting of the conditional scholarship and loan repayment participants. If a selection committee is established, it may include (but shall not be limited to) representatives from the professional educator standards board, the office of superintendent of public instruction, the Washington education association, the state board for community and technical colleges, the colleges of education, and other community organizations.

(2) Role of selection committee.

The committee will act on behalf of the board to select participants and alternates from the pool(s) of eligible applicants who have submitted applications to the board. The committee will also advise board staff and the board on recommended changes in the program administration, including the application and selection procedures for future competitions.

(3) Selection of participants.

(a) Once all initial eligibility criteria are met, the committee will give priority to:

- (i) Individuals seeking certification or an additional endorsement in math, science, technology, or special education; and
- (ii) For fiscal year 2005, individuals who are bilingual.

(b) The committee may consider, but are not limited to, the following items in the ranking and providing of conditional scholarships awards and loan repayments benefits:

- (i) Ability to act as a role model for students.
 - (ii) Applicant's statement evidencing commitment to the teaching profession, especially in a shortage area.
 - (iii) Bilingual ability.
 - (iv) Class level equal to upper division or graduate standing.
 - (v) Community contributions.
 - (vi) Leadership ability.
 - (vii) Length of time to complete teacher certification or additional shortage area endorsement.
 - (viii) Recommendation from a school teacher or official describing the applicant's qualifications as a current or potential teacher.
 - (ix) Superior scholastic achievement.
- (4) Criteria for renewal.

If sufficient funds are available for renewing program benefits, previous participants will be required to submit renewal information to the board by the stated deadline. The board may consider, but is not limited to, these factors in approving renewal requests:

(a) Confirmation that the participant still plans to be a certificated classroom teacher in an approved education program in the state of Washington.

(b) An updated educational plan. Failure to complete an educational plan as previously approved by the board may result in the denial of a participant's renewal request.

(c) Verification that the participant is in good standing and maintaining satisfactory academic progress according to the institution's normal requirements.

(5) Five-year limit.

Participants are eligible to renew program benefits for a maximum program participation of the equivalent of five academic years of full-time study.

NEW SECTION

WAC 250-65-120 Program benefit amounts. (1) A participant's program benefit shall not exceed the amount of tuition and fees at the institution of higher education attended by the participant or full-time resident undergraduate tuition and fees at the University of Washington during the same academic year, whichever is lower.

(2) Participants who enroll for additional course work after the completion of an academic year of full-time eligibility may be eligible for additional program benefits equivalent to a third semester or fourth quarter. In this case, the participants would be assumed to be beginning their second academic year of program eligibility. For example, a student attending a semester college who received full-time program benefits for fall, spring and summer, will have received benefits for the equivalent of 1.5 academic years.

(3) Participants enrolled less than full-time shall receive the following prorated program benefits for terms of part-time enrollment:

(a) Enrollment of 9.0 - 11.9 credit hours per term equals three-quarter enrollment. This shall be equal to seventy-five percent of the full-time program benefit.

(b) Enrollment of 6.0 - 8.9 credit hours per term equals half-time enrollment. This shall be equal to fifty percent of the full-time program benefit.

(4) Participants who receive program benefits for part-time enrollment shall have their terms of eligibility reduced on a prorated basis. For example, a participant receiving program benefits on the basis of half-time enrollment for two academic years will have used one academic year of eligibility.

NEW SECTION

WAC 250-65-130 Agreement with the board, teaching service obligations, and post attendance process. The conditions described in this section apply to participants in both the conditional scholarship program and the loan repayment program, unless otherwise noted.

(1) Agreement with the board.

(a) Each participant shall enter into an agreement with the board, hereafter known as the "promissory note" or "contract," agreeing to comply with the rules, regulations, and guidelines of the conditional scholarship or loan repayment programs. The promissory note or contract establishes an obligation on the part of the student to teach in an approved education program for each year of program benefit received.

(b) The promissory note is signed by conditional scholarship participants. The note serves as the legal document verifying the participant's understanding of the opportunity to have the conditional scholarship forgiven in exchange for certificated classroom teaching service and the obligation to repay the conditional scholarship, with interest and an equalization fee, if certificated classroom teaching service is not provided.

(c) The contract is signed by loan repayment participants. The contract details the period of time it is in effect, the documentation needed to verify federal student loan indebtedness, the loan repayment benefit to be paid in exchange for certificated classroom teaching service, and the consequences of not providing said teaching service in the agreed-upon time frame.

(2) Teaching service obligations.

(a) Loan forgiveness and loan repayments are provided at the higher rate of:

(i) One full-time academic year of loan forgiveness or loan repayment will be given for the equivalent of two full-time years of certificated classroom teaching service; or

(ii) One full-time academic year of loan forgiveness or loan repayment will be given for the equivalent of one full-time year of certificated classroom teaching service in geographic or subject-matter shortage areas, as specified by the office of superintendent of public instruction.

(b) Loan forgiveness or loan repayments for certificated classroom teaching service for less than a full-time academic year shall be prorated. No forgiveness or repayment shall be granted for certificated classroom teaching service equivalent to less than forty full-time days. No forgiveness or repayment shall be granted without a board-approved teaching plan on file.

(c) If a participant's selection for the conditional scholarship and loan repayment program is predicated, in part, on

providing teaching service in a teacher shortage area, the participant will be required to provide proof of such service before receiving loan forgiveness or a loan repayment.

(d) For participants receiving loan forgiveness or loan repayments for a portion of an academic year, the required certificated classroom teaching service shall be prorated. The following examples show how this works in practice.

(i) If a participant receives loan forgiveness or a loan repayment for one-third of a full-time academic year's enrollment, the required certificated classroom teaching service is two-thirds of an academic year; or one-third of an academic year, if the participant teaches in a shortage area.

(ii) If a participant receives loan forgiveness or a loan repayment for two and one-half full-time academic years' enrollment, the required certificated classroom teaching service is five full-time academic years; or two and one-half full-time academic years, if the participant teaches in a shortage area.

(e) Loan repayment examples.

(i) If a loan repayment participant receives one year of full-time benefit (with annual tuition and fees of four thousand dollars) in exchange for two full-time years of certificated classroom teaching service, half the benefit (two thousand dollars) will be paid at the end of the first full-time teaching year (with appropriate verification of service) and half the benefit will be paid at the end of the second teaching year. If the participant teaches full-time in a shortage area for a complete academic year, he or she will receive the entire full-time benefit of four thousand dollars at the end of the first full-time teaching year.

(ii) If a loan repayment participant receives two years of full-time benefit (with annual tuition and fees of three thousand dollars, for a total benefit of six thousand dollars) in exchange for four full-time years of certificated classroom teaching service, one-quarter of the benefit (one thousand five hundred dollars) will be paid at the end of the first full-time teaching year (with appropriate verification of service), one quarter of the benefit will be paid at the end of the second teaching year, and so forth. If the participant teaches full-time in a shortage area for two complete academic years, he or she will receive one year's full-time benefit (three thousand dollars) at the end of the first full-time teaching year and one year's full-time benefit at the end of the second full-time teaching year.

(3) Grace period.

All participants are eligible for a six-month grace period following the completion of their educational program. During this time, no interest accrues and no payments are required of conditional scholarship participants and no teaching service is required of loan repayment participants. The grace period begins the first day of the month after:

(i) A participant completes the program of education culminating in the residency teacher certification or additional shortage area endorsement; or

(ii) The last term in which a participant is continuously enrolled, whichever date comes first.

(4) Deferments and leaves of absence.

A deferment is a board-approved period during which no interest accrues and no principal payments are required of conditional scholarship participants. A leave of absence is a

board-approved break in continuous teaching service that preserves a participant's eligibility to receive additional loan repayments. The board may approve deferments and leaves of absence that include, but are not limited to:

(a) The participant's continued enrollment in, or return to, an approved educational program on at least a half-time basis in the school of education of an institution of higher education.

(b) The participant has a temporary total disability. The participant shall provide medical verification of the disability. The deferment shall not exceed three years.

(c) Other circumstances as determined by the board.

(5) Post attendance process for conditional scholarship participants.

(a) Process overview.

When a participant in the conditional scholarship program completes the teacher certification or endorsement program, he or she will provide a copy of the certificate or endorsement to the board. The participant's account moves into a six-month grace period. When the participant obtains a teaching position, he or she provides evidence to the board of that position. The participant's account will be placed in teaching status for that academic year. At the end of the academic year, the participant will provide verification to the board of the teaching service performed. The board will determine the loan forgiveness, if any, to provide in exchange for the teaching service performed and apply that forgiveness to the participant's account. The cycle of teaching position evidence, teaching service verification, and loan forgiveness repeats until the participant has provided sufficient teaching service to satisfy the obligation to the board.

(b) Failure to provide teaching service.

If the participant does not complete the intended educational program, does not obtain a teaching position before the end of the grace period, or is not in deferment status, the participant's account moves into monetary repayment status.

(c) Monetary repayment of conditional scholarships.

Should the participant in the conditional scholarship program not be eligible for loan forgiveness, the conditional scholarship principal and equalization fee must be fully repaid with interest beginning at the end of the grace period or deferment period, whichever is later, according to the following terms:

(i) The minimum monthly monetary repayment rate shall be set by the board, but shall not be less than fifty dollars per month.

(ii) The maximum period for monetary repayment shall be ten years, with payments of principal and interest accruing quarterly, commencing the first quarter following the completion of a participant's grace period or deferment period, whichever date is later.

A conditional scholarship participant making monetary repayments who obtains a qualified teaching position may earn loan forgiveness to satisfy the balance of his or her obligation. No refunds for monetary repayments are made due to teaching service performed after a payment is submitted to the board.

(d) Collection of monetary repayments of conditional scholarships.

The board is responsible for collection of monetary repayments of conditional scholarships and shall exercise due diligence in such collection, maintaining all necessary records to ensure that maximum monetary repayments are made. Collections shall be pursued using the full extent of the law, including wage garnishment if necessary.

(e) Completion of obligation.

A conditional scholarship participant's obligation to the board ceases:

(i) When the participant provides sufficient teaching service to satisfy the obligation accompanying the conditional scholarship funds received; or

(ii) When the participant repays the balance of principal, interest, and loan equalization fee through monetary repayment; or

(iii) In the event of the participant's total and permanent disability or death.

(f) Forbearance.

The board may approve an additional limited deferment of payment of principal based on special circumstances, such as a financial hardship of the participant in the conditional scholarship program. The participant's account will be assessed interest during the period of forbearance.

(g) Interest rates.

The board shall annually determine the interest rate on conditional scholarship accounts in monetary repayment status. The annual interest rate shall generally parallel the current rate for new loans in the primary federal student loan program for undergraduate students. Interest charges begin to accrue at the conclusion of the grace period for conditional scholarship participants not in deferment who are not providing certificated classroom teaching service.

(h) Equalization fee.

Participants in the conditional scholarship program who do not enter certificated classroom teaching service by the conclusion of the grace period or other approved deferments shall incur an equalization fee of not more than three percent of the remaining unforgiven conditional scholarship balance. The board shall determine this fee annually. The equalization fee shall be added to the remaining principal balance and be repaid by the participant.

(6) Post attendance process for loan repayment participants.

(a) Process overview.

When a participant in the loan repayment program completes the teacher certification or endorsement program, he or she will provide a copy of the certificate or endorsement to the board. The participant shall provide evidence to the board at the end of each academic year that the requisite teaching service has been provided. Upon receipt of the evidence, the board shall pay the participant the agreed-upon amount for one year of full-time teaching service or a prorated amount for less than full-time teaching service. To qualify for additional loan repayments, the participant must be engaged in continuous teaching service and have a board-approved teaching plan on file.

(b) Failure to provide teaching service.

If the participant does not complete the intended educational program, or does not obtain a teaching position before the end of the grace period, or does not maintain continuous

teaching service according to the approved teaching plan, or is not in an approved leave of absence, the board's agreement to provide loan repayment benefits to the participant may be voided.

(c) Direct payment option.

The board may, at its discretion, arrange to make the loan repayment directly to the holder of the loan repayment participant's federal student loan.

(d) The board's obligations to a loan repayment participant ceases:

(i) When the terms of the agreement have been fulfilled; or

(ii) When the participant fails to maintain continuous teaching service according to the board-approved teaching plan; or

(iii) When all of the participant's federal student loans have been repaid; or

(iv) In the event of the participant's total and permanent disability or death.

NEW SECTION

WAC 415-104-480 LEOFF Plan 2 duty disability benefits. Members of the law enforcement officers' and fire fighters' retirement system (LEOFF) Plan 2 who incur a disability in the line of duty are entitled to duty disability benefits subject to the requirements in RCW 41.26.470 and this section.

(1) **Who is entitled to duty disability benefits?** Any member of LEOFF Plan 2 who is deemed by the department to have:

(a) Incurred a disability in the line of duty;

(b) Been totally incapacitated for continued employment in a LEOFF eligible position;

(c) Separated from a LEOFF eligible position due to the disability, and who:

(i) Has a retirement date on or after January 1, 2001; or

(ii) Is eligible under this section to have a retirement date on or after January 1, 2001.

The disability may be physical or mental, and may be caused by injury or occupational disease.

(2) **How is "line of duty" defined?** Line of duty means any action or activity done in conjunction with your employment or your status as a law enforcement officer or fire fighter that is required, obligated, or authorized by law, rule, regulations, or condition of employment or service.

(3) **When are the duty disability provisions effective?** The effective date of the duty disability provisions under RCW 41.26.470 (6) and (7) is June 10, 2004, and applies retroactively to January 1, 2001. In order to qualify for the provisions, you must have separated from your LEOFF-eligible position due to a duty disability with a retirement date on or after January 1, 2001.

(4) **How do I apply for duty disability benefits?** You must submit:

(a) A completed three-part disability retirement application provided by the department.

(i) Part 1: Disability retirement application. You must complete and sign the application. If you are married, your spouse must sign consent of the retirement payment option you choose. You must have your signature(s) notarized.

(ii) Part 2: Employer's statement and report. Your employer must complete, sign and return directly to the department.

(iii) Part 3: Medical report. You must complete Section 1. The remainder must be completed and signed by a person licensed according to Washington state law to practice medicine and surgery, osteopathic medicine and surgery, chiropractic, naturopathy, podiatry, dentistry, or optometry.

(b) Proof of applying to the Washington state department of labor and industries (L&I) or a self-insurer for workers' compensation benefits under Title 51 RCW and, if L&I or the self-insurer determined eligibility, a copy of the determination;

(c) Additional information that may be requested by the department; and

(d) Any other material you want the department to consider.

(5) **What types of evidence will the department use to determine whether I am entitled to benefits under this section?** The department will consider:

(a) Information and determinations obtained from L&I or a self-insurer;

(b) The documentation you submit;

(c) Facts surrounding your injury or occupational disease;

(d) Your job description;

(e) Your membership records, maintained by the department;

(f) Materials obtained or provided by your employer; and

(g) Any other relevant evidence.

(6) What would disqualify me for duty disability benefits? You are not eligible for duty disability benefits if any of the following apply:

(a) Your application does not provide adequate proof that you are totally incapacitated for continued employment in a LEOFF-eligible position;

(b) Your application is incomplete or lacks sufficient documentation to prove your disability was incurred in the line of duty;

(c) Your claim for workers' compensation benefits under Title 51 RCW was denied either because your disability was not incurred in the course of employment or because your condition was not recognized as a disability;

(d) The disability occurred as a result of intentional misconduct;

(e) An action was taken by you intentionally to bring about your own disability;

(f) Your mental or physical faculties were impaired due to voluntary intoxication as defined in subsection (17) of this section; or

(g) You were performing your duties in a grossly negligent manner at the time the disability occurred.

(7) Who decides if I meet the requirements for benefits under this section? The LEOFF plan administrator.

(8) May I petition a decision made by the LEOFF plan administrator? Yes. If the LEOFF plan administrator denies your request for a disability benefit or determines your disability was not incurred in the line of duty, you may petition for review under chapter 415-04 WAC.

(9) What are the duty disability retirement benefits? As a duty disability retiree, you may choose between:

(a) A nontaxable, one-time lump sum payment equal to one hundred fifty percent of your retirement contributions; except that, any payments made to restore service credit after the five-year deadline will be paid at one hundred percent; or

(b) A monthly benefit equal to (b)(i) or (ii) of this subsection, whichever provides the greater benefit:

(i) A minimum monthly benefit equal to ten percent of your final average salary (FAS), which is nontaxable; or

(ii) A monthly benefit of two percent of your FAS for each year of service, adjusted for early retirement if you are under age fifty-three and any survivor option chosen. A portion of your benefit, equal to ten percent of your FAS, is nontaxable.

Example: Tom incurs a duty disability at age 42 after twenty years of service. His final average salary is \$5000 per month. Tom's wife is also age 42, and he chooses survivor Option Two per WAC 415-104-215 (2)(b).

Tom's duty disability benefit, calculated at 10 percent of his final average salary (FAS), would be:

| | | |
|----------------------------------|------------------------|--------------------|
| Allowance | $\$5000 \times 10\% =$ | \$500 |
| Benefit with survivor Option Two | $\$500 \times 0.87 =$ | \$435 (nontaxable) |

Tom's duty disability benefit using standard computation would be:

| | | |
|--|---|---|
| Allowance | $2\% \times \text{AFS } (\$5000) \times 20 \text{ years} =$ | \$2000 |
| Benefit after reduction for early retirement | $\$2000 \times 0.39 \text{ (early retirement factor)} =$ | \$780 |
| Benefit with survivor Option Two | $\$780 \times 0.87 =$ | \$678.60 (\$435 of this amount is nontaxable) |

Tom will receive a monthly benefit of \$678.60 because that is the greater benefit.

(10) Are my duty disability benefits taxable? The department reports disability benefits to the Internal Revenue Service as required by federal law. Based on current federal law, part of your benefit may be taxable. You should consult with your own tax advisor regarding all questions of federal or state income, payroll, personal property or other tax consequences regarding any payments you receive from the department.

It is important that you realize that the department does not:

(a) Guarantee that payments should or should not be designated as exempt from federal income tax;

(b) Guarantee that it was correct in withholding or not withholding taxes from benefit payments to you;

(c) Represent or guarantee that any particular federal or state income, payroll, personal property or other tax consequence will occur because of its nontaxable determination; or

(d) Assume any liability for your compliance with the Internal Revenue Code.

(11) If I retired on or after January 1, 2001, may I apply for duty disability benefits? If you separated employment due to disability and retired with a service or nonduty disability retirement date on or after January 1, 2001, you may apply to the department for duty disability benefits according to the provisions of subsection (4) of this section.

(12) If I separated from employment, may I apply for duty disability benefits? If you separated from employment due to a disability and qualify for a retirement date on or after January 1, 2001, you may apply for duty disability benefits according to the provisions of subsection (4) of this section. If the LEOFF administrator determines you are entitled to duty disability benefits, you will receive a monthly benefit calculated as provided in subsection (9)(b) of this section. However, if you withdrew your contributions, you must repay the entire amount you withdrew. You may repay the withdrawn amount:

(a) By returning the entire amount you withdrew to the department; or

(b) By an actuarial reduction in your monthly benefit.

Example: John was injured on the job and separated from his LEOFF position in March 2002. At the time he separated, he was 43 years old, had 10 years of service, and his final average salary was \$5,000.00 per month. At that time, John chose to withdraw

PERMANENT

\$75,000, which equaled 150 percent of his retirement contributions.

John subsequently applied under the provisions of RCW 41.26.470 (6) and (7) and was deemed eligible for duty disability benefits.

The department calculated John's benefit according to the methods in subsection (9) of this section and determined it was to John's advantage to take the minimum monthly benefit.

If John chooses to repay the entire amount he withdrew, his monthly duty disability benefit will be:

| | | |
|-------------------------|----------------------|-------|
| Minimum monthly benefit | 10% X AFS (\$5000) = | \$500 |
|-------------------------|----------------------|-------|

If John chooses to repay the withdrawn amount by having his monthly benefit actuarially reduced, his benefit will be:

| | | |
|--|---|-----------|
| Minimum monthly benefit | 10% X AFS (\$5000) = | \$500 |
| Reduction to repay the withdrawn amount (\$75,000) | \$75,000 X .0049904 (annuity factor, which is based on the retiree's age) = | -\$374.28 |
| Monthly benefit | | \$125.72 |

(13) **When does a duty disability retirement benefit end?** Your duty disability benefit will cease if:

- (a) You return to work in a LEOFF-eligible position; or
- (b) Medical examination reveals that you have recovered from the incapacitating disability and you are no longer entitled to workers' compensation benefits under Title 51 RCW.

(14) **If I retire for a duty disability and die, will my survivor receive a monthly benefit?** If you elect a survivor option under WAC 415-104-215(2) at the time of retirement, your survivor will receive a monthly benefit after your death.

(15) **What happens if I return to a LEOFF-eligible position?** If you recover from your disability and return to a LEOFF-eligible position, your monthly retirement benefit will stop.

(16) **If I return to a LEOFF-eligible position, how will my future retirement benefit be affected?** When you reretire, your monthly benefit will be calculated pursuant to RCW 41.26.500 using any additional service credit and your highest sixty consecutive months of salary, but will be reduced if:

- (a) You were receiving a monthly benefit equal to ten percent of your FAS; or
- (b) You were receiving a monthly benefit calculated under the normal two percent rule but had an early retirement factor applied; or
- (c) You received the one-time lump sum payment equal to one hundred fifty percent of your contributions, unless you repay the amount you received.

(17) As used in this section, intoxication means a disturbance of mental or physical faculties resulting from the introduction of alcohol into the body as evidenced by:

- (a) A blood alcohol level of .20 per centum or greater;

(b) A blood alcohol level of at least .10 per centum but less than .20 per centum unless the department receives convincing evidence that the public safety officer was not acting in an intoxicated manner immediately prior to his/her injury; or

Resulting from drugs or other substances in the body.

AMENDATORY SECTION (Amending WSR 90-22-054, filed 11/5/90, effective 12/6/90)

WAC 296-14-400 Reopenings for benefits. The director at any time may, upon the workers' application to reopen for aggravation or worsening of condition, provide proper and necessary medical and surgical services as authorized under RCW 51.36.010. This provision will not apply to total permanent disability cases, as provision of medical treatment in those cases is limited by RCW 51.36.010.

The seven-year reopening time limitation shall run from the date the first claim closure becomes final and shall apply to all claims regardless of the date of injury. In order for claim closure to become final on claims where closure occurred on or after July 1, 1981, the closure must include documentation of medical recommendation, advice or examination. Such documentation is not required for closing orders issued prior to July 1, 1981. First closing orders issued between July 1, 1981, and July 1, 1985, shall for the purposes of this section only, be deemed issued on July 1, 1985.

The director shall, in the exercise of his or her discretion, reopen a claim provided objective evidence of worsening is present and proximately caused by a previously accepted asbestos-related disease.

In order to support a final closure based on medical recommendation or advice the claim file must contain documented information from a doctor, or nurse consultant (departmental) or nurse practitioner (~~supervised by a doctor~~). The doctor or nurse practitioner may be in private practice, acting as a member of a consultation group, employed by a firm, corporation, or state agency.

For the purpose of this section, a "doctor" is defined in WAC 296-20-01002.

When a claim has been closed by the department or self-insurer for sixty days or longer, the worker must file a written application to reopen the claim. An informal written request filed without accompanying medical substantiation of worsening of the condition will constitute a request to reopen, but the time for taking action on the request shall not commence until a formal application is filed with the department or self-insurer as the case may be.

A formal application occurs when the worker and doctor complete and file the application for reopening provided by the department. Upon receipt of an informal request without accompanying medical substantiation of worsening of the worker's condition, the department or self-insurer shall promptly provide the necessary application to the worker for completion.

If, within seven years from the date the first closing order became final, a formal application to reopen is filed which shows by "sufficient medical verification of such disability related to the accepted condition(s)" that benefits are payable, the department, or the self-insurer, pursuant to RCW 51.32.210 and 51.32.190, respectively shall mail the first

payment within fourteen days of receiving the formal application to reopen. If the application does not contain sufficient medical verification of disability, the fourteen-day period will begin upon receipt of such verification. If the application to reopen is granted, compensation will be paid pursuant to RCW 51.28.040. If the application to reopen is denied, the worker shall repay such compensation pursuant to RCW 51.32.240.

Applications for reopenings filed on or after July 1, 1988, must be acted upon by the department within ninety days of receipt of the application by the department or the self-insurer. The ninety-day limitation shall not apply if the worker files an appeal or request for reconsideration of the department's denial of the reopening application.

The department may, for good cause, extend the period in which the department must act for an additional sixty days. "Good cause" for such an extension may include, but not be limited to, the following:

- (1) Inability to schedule a necessary medical examination within the ninety-day time period;
- (2) Failure of the worker to appear for a medical examination;
- (3) Lack of clear or convincing evidence to support reopening or denial of the claim without an independent medical examination;
- (4) Examination scheduled timely but cannot be conducted and a report received in sufficient time to render a decision prior to the end of the ninety-day time period.

The department shall make a determination regarding "good cause" in a final order as provided in RCW 51.52.050.

The ninety-day limitation will not apply in instances where the previous closing order has not become final.

AMENDATORY SECTION (Amending WSR 04-08-040, filed 3/30/04, effective 5/1/04)

WAC 296-20-01002 Definitions. Acceptance, accepted condition: Determination by a qualified representative of the department or self-insurer that reimbursement for the diagnosis and curative or rehabilitative treatment of a claimant's medical condition is the responsibility of the department or self-insurer. The condition being accepted must be specified by one or more diagnosis codes from the current edition of the International Classification of Diseases, Clinically Modified (ICD-CM).

Appointing authority: For the evidence-based prescription drug program of the participating agencies in the state purchased health care programs, appointing authority shall mean the following persons acting jointly: The administrator of the health care authority, the secretary of the department of social and health services, and the director of the department of labor and industries.

Attendant care: Those proper and necessary personal care services provided to maintain the worker in his or her residence. Refer to WAC 296-20-303 for more information.

Attending doctor report: This type of report may also be referred to as a "60 day" or "special" report. The following information must be included in this type of report. Also, additional information may be requested by the department as needed.

(1) The condition(s) diagnosed including ICD-9-CM codes and the objective and subjective findings.

(2) Their relationship, if any, to the industrial injury or exposure.

(3) Outline of proposed treatment program, its length, components, and expected prognosis including an estimate of when treatment should be concluded and condition(s) stable. An estimated return to work date should be included. The probability, if any, of permanent partial disability resulting from industrial conditions should be noted.

(4) If the worker has not returned to work, the attending doctor should indicate whether a vocational assessment will be necessary to evaluate the worker's ability to return to work and why.

(5) If the worker has not returned to work, a doctor's estimate of physical capacities should be included with the report. If further information regarding physical capacities is needed or required, a performance-based physical capacities evaluation can be requested. Performance-based physical capacities evaluations should be conducted by a licensed occupational therapist or a licensed physical therapist. Performance-based physical capacities evaluations may also be conducted by other qualified professionals who provided performance-based physical capacities evaluations to the department prior to May 20, 1987, and who have received written approval to continue supplying this service based on formal department review of their qualifications.

Authorization: Notification by a qualified representative of the department or self-insurer that specific proper and necessary treatment, services, or equipment provided for the diagnosis and curative or rehabilitative treatment of an accepted condition will be reimbursed by the department or self-insurer.

Average wholesale price (AWP): A pharmacy reimbursement formula by which the pharmacist is reimbursed for the cost of the product plus a mark-up. The AWP is an industry benchmark which is developed independently by companies that specifically monitor drug pricing.

Baseline price (BLP): Is derived by calculating the mean average for all NDC's (National Drug Code) in a specific product group, determining the standard deviation, and calculating a new mean average using all prices within one standard deviation of the original mean average. "Baseline price" is a drug pricing mechanism developed and updated by First Data Bank.

Bundled codes: When a bundled code is covered, payment for them is subsumed by the payment for the codes or services to which they are incident. (An example is a telephone call from a hospital nurse regarding care of a patient. This service is not separately payable because it is included in the payment for other services such as hospital visits.) Bundled codes and services are identified in the fee schedules.

By report: BR (by report) in the value column of the fee schedules indicates that the value of this service is to be determined by report (BR) because the service is too unusual, variable or new to be assigned a unit value. The report shall provide an adequate definition or description of the services or procedures that explain why the services or procedures (e.g., operative, medical, radiological, laboratory, pathology, or other similar service report) are too unusual, variable, or

complex to be assigned a relative value unit, using any of the following as indicated:

(1) Diagnosis;

(2) Size, location and number of lesion(s) or procedure(s) where appropriate;

(3) Surgical procedure(s) and supplementary procedure(s);

(4) Whenever possible, list the nearest similar procedure by number according to the fee schedules;

(5) Estimated follow-up;

(6) Operative time;

(7) Describe in detail any service rendered and billed using an "unlisted" procedure code.

The department or self-insurer may adjust BR procedures when such action is indicated.

Chart notes: This type of documentation may also be referred to as "office" or "progress" notes. Providers must maintain charts and records in order to support and justify the services provided. "Chart" means a compendium of medical records on an individual patient. "Record" means dated reports supporting bills submitted to the department or self-insurer for medical services provided in an office, nursing facility, hospital, outpatient, emergency room, or other place of service. Records of service shall be entered in a chronological order by the practitioner who rendered the service. For reimbursement purposes, such records shall be legible, and shall include, but are not limited to:

(1) Date(s) of service;

(2) Patient's name and date of birth;

(3) Claim number;

(4) Name and title of the person performing the service;

(5) Chief complaint or reason for each visit;

(6) Pertinent medical history;

(7) Pertinent findings on examination;

(8) Medications and/or equipment/supplies prescribed or provided;

(9) Description of treatment (when applicable);

(10) Recommendations for additional treatments, procedures, or consultations;

(11) X rays, tests, and results; and

(12) Plan of treatment/care/outcome.

Consultation examination report: The following information must be included in this type of report. Additional information may be requested by the department as needed.

(1) A detailed history to establish:

(a) The type and severity of the industrial injury or occupational disease.

(b) The patient's previous physical and mental health.

(c) Any social and emotional factors which may effect recovery.

(2) A comparison history between history provided by attending doctor and injured worker, must be provided with exam.

(3) A detailed physical examination concerning all systems affected by the industrial accident.

(4) A general physical examination sufficient to demonstrate any preexisting impairments of function or concurrent condition.

(5) A complete diagnosis of all pathological conditions including ICD-9-CM codes found to be listed:

- (a) Due solely to injury.
- (b) Preexisting condition aggravated by the injury and the extent of aggravation.
- (c) Other medical conditions neither related to nor aggravated by the injury but which may retard recovery.
- (d) Coexisting disease (arthritis, congenital deformities, heart disease, etc.).
- (6) Conclusions must include:
 - (a) Type of treatment recommended for each pathological condition and the probable duration of treatment.
 - (b) Expected degree of recovery from the industrial condition.
 - (c) Probability, if any, of permanent disability resulting from the industrial condition.
 - (d) Probability of returning to work.
- (7) Reports of necessary, reasonable X-ray and laboratory studies to establish or confirm the diagnosis when indicated.

Doctor: For these rules, means a person licensed to practice one or more of the following professions: Medicine and surgery; osteopathic medicine and surgery; chiropractic; naturopathic physician; podiatry; dentistry; optometry.

Only those persons so licensed may sign report of accident forms and certify time loss compensation except as provided in (~~chapter 296-20~~) WAC 296-20-01502. When can a physician assistant have sole signature on the report of accident or physician's initial report? and WAC 296-23-241, Can advanced registered nurse practitioners independently perform the functions of an attending physician?

Emergent hospital admission: Placement of the worker in an acute care hospital for treatment of a work related medical condition of an unforeseen or rapidly progressing nature which if not treated in an inpatient setting, is likely to jeopardize the workers health or treatment outcome.

Endorsing practitioner: A practitioner who has reviewed the preferred drug list and has notified the health care authority that he or she has agreed to allow therapeutic interchange of a preferred drug for any nonpreferred drug in a given therapeutic class.

Fatal: When the attending doctor has reason to believe a worker has died as a result of an industrial injury or exposure, the doctor should notify the nearest department service location or the self-insurer immediately. Often an autopsy is required by the department or self-insurer. If so, it will be authorized by the service location manager or the self-insurer. Benefits payable include burial stipend and monthly payments to the surviving spouse and/or dependents.

Fee schedules or maximum fee schedule(s): The fee schedules consist of, but are not limited to, the following:

- (a) Health Care Common Procedure Coding System Level I and II Codes, descriptions and modifiers that describe medical and other services, supplies and materials.
- (b) Codes, descriptions and modifiers developed by the department.
- (c) Relative value units (RVUs), calculated or assigned dollar values, percent-of-allowed-charges (POAC), or diagnostic related groups (DRGs), that set the maximum allowable fee for services rendered.

(d) Billing instructions or policies relating to the submission of bills by providers and the payment of bills by the department or self-insurer.

(e) Average wholesale price (AWP), baseline price (BLP), and policies related to the purchase of medications.

Health services provider or provider: For these rules means any person, firm, corporation, partnership, association, agency, institution, or other legal entity providing any kind of services related to the treatment of an industrially injured worker. It includes, but is not limited to, hospitals, medical doctors, dentists, chiropractors, vocational rehabilitation counselors, osteopathic physicians, pharmacists, podiatrists, physical therapists, occupational therapists, massage therapists, psychologists, naturopathic physicians, and durable medical equipment dealers.

Home nursing: Those nursing services that are proper and necessary to maintain the worker in his or her residence. These services must be provided through an agency licensed, certified or registered to provide home care, home health or hospice services. Refer to WAC 296-20-091 for more information.

Independent or separate procedure: Certain of the fee schedule's listed procedures are commonly carried out as an integral part of a total service, and as such do not warrant a separate charge. When such a procedure is carried out as a separate entity, not immediately related to other services, the indicated value for "independent procedure" is applicable.

Medical aid rules: The Washington Administrative Codes (WACs) that contain the administrative rules for medical and other services rendered to workers.

Modified work status: The worker is not able to return to their previous work, but is physically capable of carrying out work of a lighter nature. Workers should be urged to return to modified work as soon as reasonable as such work is frequently beneficial for body conditioning and regaining self confidence.

Under RCW 51.32.090, when the employer has modified work available for the worker, the employer must furnish the doctor and the worker with a statement describing the available work in terms that will enable the doctor to relate the physical activities of the job to the worker's physical limitations and capabilities. The doctor shall then determine whether the worker is physically able to perform the work described. The employer may not increase the physical requirements of the job without requesting the opinion of the doctor as to the worker's ability to perform such additional work. If after a trial period of reemployment the worker is unable to continue with such work, the worker's time loss compensation will be resumed upon certification by the attending doctor.

If the employer has no modified work available, the department should be notified immediately, so vocational assessment can be conducted to determine whether the worker will require assistance in returning to work.

Nonemergent (elective) hospital admission: Placement of the worker in an acute care hospital for medical treatment of an accepted condition which may be safely scheduled in advance without jeopardizing the worker's health or treatment outcome.

PERMANENT

Physician: For these rules, means any person licensed to perform one or more of the following professions: Medicine and surgery; or osteopathic medicine and surgery.

Practitioner: For these rules, means any person defined as a "doctor" under these rules, or licensed to practice one or more of the following professions: Audiology; physical therapy; occupational therapy; pharmacy; prosthetics; orthotics; psychology; nursing; physician or osteopathic assistant; and massage therapy.

Preferred drug list: The list of drugs selected by the appointing authority to be used by applicable state agencies as the basis for the purchase of drugs in state purchased health care programs.

Proper and necessary:

(1) The department or self-insurer pays for proper and necessary health care services that are related to the diagnosis and treatment of an accepted condition.

(2) Under the Industrial Insurance Act, "proper and necessary" refers to those health care services which are:

(a) Reflective of accepted standards of good practice, within the scope of practice of the provider's license or certification;

(b) Curative or rehabilitative. Care must be of a type to cure the effects of a work-related injury or illness, or it must be rehabilitative. Curative treatment produces permanent changes, which eliminate or lessen the clinical effects of an accepted condition. Rehabilitative treatment allows an injured or ill worker to regain functional activity in the presence of an interfering accepted condition. Curative and rehabilitative care produce long-term changes;

(c) Not delivered primarily for the convenience of the claimant, the claimant's attending doctor, or any other provider; and

(d) Provided at the least cost and in the least intensive setting of care consistent with the other provisions of this definition.

(3) The department or self-insurer stops payment for health care services once a worker reaches a state of maximum medical improvement. Maximum medical improvement occurs when no fundamental or marked change in an accepted condition can be expected, with or without treatment. Maximum medical improvement may be present though there may be fluctuations in levels of pain and function. A worker's condition may have reached maximum medical improvement though it might be expected to improve or deteriorate with the passage of time. Once a worker's condition has reached maximum medical improvement, treatment that results only in temporary or transient changes is not proper and necessary. "Maximum medical improvement" is equivalent to "fixed and stable."

(4) In no case shall services which are inappropriate to the accepted condition or which present hazards in excess of the expected medical benefits be considered proper and necessary. Services that are controversial, obsolete, investigational or experimental are presumed not to be proper and necessary, and shall be authorized only as provided in WAC 296-20-03002(6) and 296-20-02850.

Refill: The continuation of therapy with the same drug (including the renewal of a previous prescription or adjustments in dosage) when a prescription is for an antipsychotic,

antidepressant, chemotherapy, antiretroviral or immunosuppressive drug.

Regular work status: The injured worker is physically capable of returning to his/her regular work. It is the duty of the attending doctor to notify the worker and the department or self-insurer, as the case may be, of the specific date of release to return to regular work. Compensation will be terminated on the release date. Further treatment can be allowed as requested by the attending doctor if the condition is not stationary and such treatment is needed and otherwise in order.

Temporary partial disability: Partial time loss compensation may be paid when the worker can return to work on a limited basis or return to a lesser paying job is necessitated by the accepted injury or condition. The worker must have a reduction in wages of more than five percent before consideration of partial time loss can be made. No partial time loss compensation can be paid after the worker's condition is stationary. **All time loss compensation must be certified by the attending doctor based on objective findings.**

Termination of treatment: When treatment is no longer required and/or the industrial condition is stabilized, a report indicating the date of stabilization should be submitted to the department or self-insurer. This is necessary to initiate closure of the industrial claim. The patient may require continued treatment for conditions not related to the industrial condition; however, financial responsibility for such care must be the patient's.

Therapeutic alternative: Drug products of different chemical structure within the same pharmacologic or therapeutic class and that are expected to have similar therapeutic effects and safety profiles when administered in therapeutically equivalent doses.

Therapeutic interchange: To dispense with the endorsing practitioner's authorization, a therapeutic alternative to the prescribed drug.

Total permanent disability: Loss of both legs or arms, or one leg and one arm, total loss of eyesight, paralysis or other condition permanently incapacitating the worker from performing any work at any gainful employment. When the attending doctor feels a worker may be totally and permanently disabled, the attending doctor should communicate this information immediately to the department or self-insurer. A vocational evaluation and an independent rating of disability may be arranged by the department prior to a determination as to total permanent disability. Coverage for treatment does not usually continue after the date an injured worker is placed on pension.

Total temporary disability: Full-time loss compensation will be paid when the worker is unable to return to any type of reasonably continuous gainful employment as a direct result of an accepted industrial injury or exposure.

Unusual or unlisted procedure: Value of unlisted services or procedures should be substantiated "by report" (BR).

Utilization review: The assessment of a claimant's medical care to assure that it is proper and necessary and of good quality. This assessment typically considers the appropriateness of the place of care, level of care, and the duration, frequency or quantity of services provided in relation to the accepted condition being treated.

WSR 04-20-018**EMERGENCY RULES****DEPARTMENT OF****SOCIAL AND HEALTH SERVICES**

(Aging and Disability Services Administration)

[Filed September 27, 2004, 8:25 a.m., effective September 27, 2004]

Effective Date of Rule: Immediately.

Purpose: The Division of Developmental Disabilities has received approval from the federal Centers for Medicare and Medicaid Services (CMS) to implement four home and community based service (HCBS) waivers, which replace the current community alternatives program (CAP) waiver, and as a result is adopting new chapter 388-845 WAC, DDD home and community based services waivers.

These rules only replace the emergency rules in chapter 388-845 WAC filed as WSR 04-16-019, removing respite care from the aggregate package of services in the Basic and Basic Plus waivers, and implementing a new respite assessment for individuals in the Basic and Basic Plus waivers. Emergency rules in chapter 388-825 WAC as filed in WSR 04-16-019 remain in effect.

Statutory Authority for Adoption: RCW 71A.12.030, 71A.12.120.

Other Authority: Chapter 71A.12 RCW.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; and that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: These rules were originally filed on an emergency basis as WSR 04-08-020. The approval of the HCBS waivers by CMS required the department to implement new rules on April 1, 2004, to protect the health and welfare of eligible clients by ensuring no interruption in services to current participants in the CAP waiver occurs, and to ensure a continuation of federal matching funds under 42 C.F.R. 441, Subpart G - Home and Community Based Services—Waiver Requirements.

The department has filed a notice of intent to adopt permanent rules as WSR 03-20-103. Ongoing negotiations with CMS and the need to obtain extensive feedback from stakeholders have delayed the filing of proposed rules for adoption on a permanent basis until the negotiations are completed and the feedback is obtained.

Chapter 388-845 WAC**DDD HOME AND COMMUNITY BASED SERVICES
WAIVERS**NEW SECTION

WAC 388-845-0010 What are home and community based services (HCBS) waivers? (1) Home and community based services (HCBS) waivers are approved by the Centers For Medicare and Medicaid Services (CMS) under section 1915(c) of the Social Security Act as an alternative to intermediate care facility for the mentally retarded (ICF/MR) care.

(2) Certain federal regulations are "waived" enabling the provision of services in the home and community to individuals who would otherwise require the services provided in an ICF/MR.

NEW SECTION

WAC 388-845-0015 What HCBS waivers are provided by the division of developmental disabilities (DDD)? DDD is replacing its community alternative program (CAP) waiver with four HCBS waivers:

- (1) Basic waiver;
- (2) Basic Plus waiver;
- (3) CORE waiver; and
- (4) Community Protection waiver.

NEW SECTION

WAC 388-845-0020 When are these four HCBS waivers effective? These four DDD HCBS waivers are effective April 1, 2004 for all persons enrolled on the CAP waiver March 31, 2004.

NEW SECTION

WAC 388-845-0025 Does this change in waivers affect the waiver services I am currently receiving? Your services will not be disrupted with this transfer to new waivers.

(1) Your current services will continue as authorized in your current CAP waiver plan.

(2) At the time of your next waiver plan of care after March 31, 2004, the rules and limits of your new waiver will apply.

NEW SECTION

WAC 388-845-0030 Do I meet criteria for HCBS waiver-funded services? If you are on the CAP waiver as of

March 31, 2004, your waiver eligibility continues until your plan of care review. You meet criteria for DDD HCBS waiver funded services if you meet all of the following:

- (1) You have been determined eligible for DDD services per RCW 71A.10.020(3).
- (2) You have been determined to meet ICF/MR level of care per WAC 388-845-0070 through 388-845-0090.
- (3) You meet disability criteria established in the Social Security Act.
- (4) You meet financial eligibility requirements as defined in WAC 388-515-1510.
- (5) You choose to receive services in the community rather than in an ICF/MR facility.
- (6) You have a need for waiver services as identified in your plan of care.

NEW SECTION

WAC 388-845-0035 Am I guaranteed placement on a waiver if I meet waiver criteria? If you are not currently on a waiver, meeting criteria for the waiver does not guarantee access to or receipt of waiver services.

NEW SECTION

WAC 388-845-0040 Is there a limit to the number of people who can be on each HCBS waiver Each waiver has a limit on the number of people who can be served in a waiver year. In addition, DDD has the authority to limit access to the waivers based on availability of funding for new waiver participants.

NEW SECTION

WAC 388-845-0045 When there is capacity to add people to a waiver, how does DDD determine who will be added? When there is capacity on a waiver and available funding for new waiver participants, DDD may add people to a waiver based on the following priority considerations.

- (1) First priority will be given to current waiver participants assessed to require a different waiver because their needs have increased and these needs cannot be met within the scope of their current waiver.
- (2) DDD may also consider any of the following populations:
 - (a) Priority populations as identified and funded by the legislature.
 - (b) Persons DDD has determined to be in immediate risk of ICF/MR admission due to unmet health and safety needs.
 - (c) Persons identified as a risk to the safety of the community.
 - (d) Persons currently receiving services through state-only funds.
 - (e) Persons on an HCBS waiver that provides services in excess of what is needed to meet their identified health and welfare needs.
- (3) For the Basic waiver only, DDD may consider persons who need the waiver services available in the Basic waiver to maintain them in their family's home.

NEW SECTION

WAC 388-845-0050 How do I request to be enrolled in a waiver? You can contact DDD and request to be enrolled in a waiver at any time.

- (1) Your request for waiver enrollment will be documented by DDD in a statewide database if DDD determines that you:
 - (a) Meet the criteria for a priority populations in WAC 388-845-0045, and
 - (b) Have ICF/MR level of care needs per WAC 388-845-0070 through 388-845-0090.
- (2) When there is capacity available to enroll additional people in a waiver, WAC 388-845-0045 describes how DDD will determine who will be added.

NEW SECTION

WAC 388-845-0055 How do I remain eligible for the waiver? If you are already on a HCBS waiver, you must continue to meet eligibility criteria.

- (1) DDD completes a reassessment at least every twelve months to determine if you continue to meet all of the eligibility requirements in WAC 388-845-0030.
- (2) You must receive a waiver service at least once in every thirty consecutive days, as specified in WAC 388-513-1320 (3)(b).
- (3) Your reassessments must be done in-person and may be completed more often if your functional, financial, or other significant circumstances change.

NEW SECTION

WAC 388-845-0060 Can my waiver eligibility be terminated? DDD may terminate your waiver eligibility if DDD determines that your health and safety needs cannot be met in your current waiver or for one of the following reasons:

NEW SECTION

WAC 388-845-0065 What happens if I am terminated or choose to disenroll from a waiver? If you are terminated from a waiver or choose to disenroll from a waiver, DDD will notify you.

(1) DDD cannot guarantee continuation of your current services, including Medicaid eligibility.

(2) Your eligibility for nonwaiver DDD services is based upon availability of funding and program eligibility for a particular service.

NEW SECTION

WAC 388-845-0070 What determines if I need ICF/MR level of care? DDD determines if you need ICF/MR level of care based on your need for waiver services. To reach this decision, DDD uses its department-approved assessment and/or other information.

EMERGENCY RULES

DEPARTMENT OF FISH AND WILDLIFE

[Order 04-288—Filed October 20, 2004, 2:29 p.m., effective October 21, 2004, 8:00 a.m.]

Effective Date of Rule: October 21, 2004, 8:00 a.m.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-52-04000D; and amending WAC 220-52-040.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The state may not authorize commercial shellfish harvests absent agreed planning or compliance with a process. The provisions of this rule are in conformity with agreed plans with applicable tribes which have been entered into as required by court order. The pot limits for the commercial crab fishery in the Puget Sound licensing district are to maintain commercial harvest allocation objectives. There is insufficient time to promulgate permanent rule.

[Order 04-283—Filed October 21, 2004, 2:09 p.m., effective October 21, 2004]

Effective Date of Rule: Immediately.
Purpose: Amend hunting rules.

Citation of Existing Rules Affected by this Order: Amending WAC 232-28-351 and 232-28-352.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: These two changes correct filing errors. The numbers were transposed in the deer rule, and the wrong elk area was entered for Merwin. WAC 232-28-337 correctly identifies Elk Area 5060 as Merwin. There is insufficient time to promulgate a permanent rule change before the beginning of deer and elk seasons.

[Order 04-289—Filed October 21, 2004, 3:07 p.m., effective October 21, 2004]

Effective Date of Rule: Immediately.
Purpose: Amend commercial fishing regulations.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-47-31100U, 220-47-41100V and 220-47-41100W; and amending WAC 220-47-311 and 220-47-411.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Effort in this fishery has fallen from twenty-four purse seine vessels on October 13 and 14 to only six vessels observed on October 20. Without additional fishing days nontreaty commercial fishers are unlikely to be able to take the entire (95,000 chum share). Treaty-tribe

EMERGENCY RULES
DEPARTMENT OF

(Economic Services Administration)

[Filed October 25, 2004, 1:23 p.m., effective October 26, 2004]

Effective Date of Rule: October 26, 2004.

Purpose: This amendment to WAC 388-310-0800 WorkFirst support services, will increase the limits for the transportation allotments. This is to help eliminate or reduce the financial burden on clients participating in job search.

Citation of Existing Rules Affected by this Order: Amending WAC 388-310-0800.

Statutory Authority for Adoption: RCW 74.08.090 and 74.04.050.

Other Authority: Chapter 74.08A RCW, RCW 74.08A.-340.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of

EMERGENCY

notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This rule change is necessary to help job search clients with the increased costs of looking for work caused by the increased price of gas. The increased cost of gas is causing a greater financial burden on clients participating in job search. This second emergency filing is necessary to continue the benefits while the regular adoption process is being completed. A preproposal notice was filed as WSR 04-15-129, and a CR-102 Proposed rule-making notice is being prepared and will be filed soon.

EMERGENCY RULES

PUBLIC DISCLOSURE COMMISSION

[Filed October 27, 2004, 1:12 p.m., effective October 27, 2004]

Effective Date of Rule: Immediately.

Purpose: To repeal WAC 390-16-311 which was found by the state supreme court to exceed the statutory authority of

the agency, *Robert Edelman v. State of Washington ex rel. Public Disclosure Commission* filed October 21, 2004.

Citation of Existing Rules Affected by this Order: Repealing 1 [WAC 390-16-311].

Statutory Authority for Adoption: RCW 42.17.370.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: State supreme court ruling in *Robert Edelman v. State of Washington ex rel. Public Disclosure Commission* which determined the Public Disclosure Commission exceeded its authority in promulgating WAC 390-16-311 to interpret a perceived ambiguity in RCW 42.17.660. See motions below adopted by commission on October 26, 2004, and Washington state supreme court decision stated above.

Motion 1

The Public Disclosure Commission finds that in consideration of the October 21, 2004 State Supreme Court decision in *Edelman v. PDC*, No. 74152-2, WAC 390-16-311 is invalid and, in order to preserve the general welfare, must be

repealed on an emergency basis. The finding is based on the following reasons:

1. Because of the Supreme Court found that the rule exceeds the PDC's rule making authority and is inconsistent with RCW 42.17.660, the rule should be repealed as of the date of filing which will be October 27, 2004.
2. The repeal action provides notice to all concerned of the decision's impact as of the effective date of the repeal.

Motion 2

The Commission finds the decision will be applied prospectively only as of the effective date of the repeal based upon the following findings:

1. Because candidates for state office and their contributions have relied in good faith on WAC 390-16-311 since its adoption in 1994; and
2. Because candidates, in relying on the WAC 390-16-311, have received and spent contributions from multi-level organizations and, in this unique situation, it would be highly impractical to require previously spent or obligated contributions (those spent or obligated prior to the effective date of the repeal) to be refunded at this time; and
3. Because of the PDC's limited resources, in light of this unusual situation, it would also be highly impractical to go back in time to audit campaigns or otherwise attempt to seek refunds of contributions received and expended years ago, particularly for campaigns disbanded long ago.

WSR 04-22-046 EMERGENCY RULES SECRETARY OF STATE

[Filed October 28, 2004, 10:16 a.m., effective October 28, 2004]

Effective Date of Rule: Immediately.

Purpose: The federal government passed HAVA and made the funding available to replace punch card voting and improve the administration of elections. No mechanism was outlined by the federal government as to how to distribute the funds other than a grant method may be used. RCW 29A.04.450 was passed giving the Secretary of State authority to create a grant program.

The rules will accomplish the creation of local government grant program and the distribution of funds to pay for the replacement of punch card voting and the improvement of election administration.

Statutory Authority for Adoption: RCW 29A.04.450.

Under RCW 34.05.350 the agency for good cause finds that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: A mechanism must be in place to distribute the \$62 million in federal funds allocated to the state for the implementation of the Help America Vote Act. The funds are to be used for the replacement of punch card voting machines, placement of disability access machines and the improvement of election administration. We received HAVA funds on August 10, 2004.

NEW SECTION

WAC 434-390-010 Washington state local government grant program—Purpose. The purpose of the state local government grant program, administered by the office of the Secretary of State, is to provide financial assistance to local government officials to meet the mandates of the 2002 Help America Vote Act. This grants-in-aid program is a significant effort in the overall mission of the Secretary of State's office to provide a mechanism by which funds allocated by the Federal Government for the improvement of elections systems and processes may be distributed to county

election offices. This grant program is governed by this chapter and by RCW 29A.04.450.

NEW SECTION

WAC 434-390-020 Local government grant advisory board. (1) The Secretary of State shall establish an Advisory Board charged with reviewing local government grant proposals. Membership of the Advisory Board shall be composed of a County Auditor from a county with more than 200,000 registered voters, an Auditor from a county with between 50,000 and 200,000 registered voters, an Auditor from a county with less than 50,000 registered voters, the state director of elections, and a member-at-large designated by the Secretary of State. The Secretary shall invite the president of the Auditor's association to recommend the three auditor members to serve on the committee. When making these recommendations the president should strive for appropriate geographic representation with their recommendations.

(2) The Advisory Board shall review and recommend to the Secretary which proposals to fund. The recommendation of the Advisory Board is not binding and the Secretary shall make the final determination on funding of all local government grant proposals. If the Secretary declines to fund a proposal, in all or part, recommended by the Board he or she shall issue a written explanation of the decision. The Advisory Board will monitor the grant process to assure that grant money is distributed equitably.

(3) The Advisory Board shall meet quarterly on the third Thursday of the first month of the quarter. The date of the regularly scheduled meeting of the Advisory Board may be moved to coincide with another meeting attended by the county auditors on the board.

(4) Travel expenses for the Advisory Board members shall be reimbursed in accordance with state travel reimbursement rates.

NEW SECTION

WAC 434-390-030 Priorities of the grant program. (1) Proposals designed to help local election officials meet the mandates of the Help America Vote Act shall be given the first priority when determining funding. Examples of Priority #1 proposals would include:

- Punch card buy-out
- DRE Funding
- New voter registration or election management systems to integrate with the statewide voter registration database
- HAVA poster
- Development of a Free Access system for provisional ballots
- Voter Registration forms
- Provisional balloting materials

(2) All other proposals for HAVA funding shall be assigned to Priority #2. Priority #2 items are allowed under HAVA but not necessarily required by federal law. Examples of Priority #2 proposals would be:

- Local Voters Pamphlets
- Outreach/Education programs
- Alternative Language requirements
- Poll worker training
- Voting equipment beyond the minimum HAVA requirement

(3) Each grant proposal shall indicate which priority, either one or two, the project is associated with. The Advisory Board shall review the applicant's assessment of the priority level of the proposal and make a recommendation to the Secretary accompanying the Board's recommendation on funding the proposal.

(4) Except as provided by this section, all proposals for HAVA funding will be submitted to the Advisory Board for review and assessment of a priority level prior to final review by the Secretary of State. An exception to this requirement exists for funds appropriated for the replacement of punch card voting systems and the installation of the minimum number of Disability Access machines, as required by HAVA and outlined in the state plan. This funding will be provided directly to counties as they purchase these systems.

(5) Grant requests received up to December 31, 2004 and totaling under \$30,000 do not need to be reviewed by the Advisory Board and may be processed and funded at the Secretary's discretion.

NEW SECTION

WAC 434-390-050 Eligible applicants. Only County elections officials are eligible to apply for grants under this chapter.

NEW SECTION

WAC 434-390-060 Evaluation of proposals. (1) The Secretary of State will review grant applications for completeness, conformity to application requirements, soundness of budget, and relevancy to the objectives of the state local government grant program. The proposal may be returned to county election office making the application for further development or clarification, prior to application deadline. Additional information may be requested by the Secretary of State or the Advisory Board from the grant applicant and time shall be allowed for submittal of such material after the application deadline.

(2) A summary will be prepared by the Secretary of State for each complete application and forwarded to the Advisory Board. The committee will review the applications and make funding recommendations to the Secretary of State.

(3) The office of the Secretary of State will notify the applicant in writing as to the final disposition of all proposals.

NEW SECTION

WAC 434-390-070 Grant application requirements.

(1) Secretary of State shall develop and make a template for grant proposals and shall make the template available online. The template shall be designed to capture all of the necessary information for determining the eligibility of the proposal and shall capture the appropriate information required for monitoring and auditing the grant.

(2) Local election officials from more than one county may submit one grant proposal for a project implemented in multiple counties.

(3) Prior to accepting a Priority 2 grant, the county must certify that they will be in full compliance with the provisions of HAVA by the deadlines established in the act.

NEW SECTION

WAC 434-390-080 Grant calendar and process. (1)

The grant period for Priority #1 grants will begin on September 1, 2004 and remain open until September 30, 2005, during which time local election officials may submit grant proposals for Priority #1 projects. Funds in the amount of \$30 million will be held in reserve from the Election Account for a period of a year to assure that all grant proposals for Priority #1 proposals will be funded.

(2) Priority #2 grant proposals may be submitted for review on a cyclical basis according to the following schedule;

1st Cycle - opening April 1, 2005 closing June 30, 2005.

2nd Cycle - opening July 1, 2005 closing September 30, 2005.

3rd Cycle - opening October 1, 2005 and closing December 31, 2005

4th Cycle - opening January 1, 2006 and closing March 31, 2006.

(3) Grant proposals for Priority #2 grants must be received by the last day of the cycle. If funds are available after the 3rd Cycle, additional grant cycles may be added until all of the funds in the Election Account have been expended.

(4) Funds in the amount of \$20 million will be allocated to fund Priority #2 grants. Of the \$20 million, \$10 million will be protected, but not guaranteed, for a period of one year and made available to counties according to the number of registered voters to ensure that every county has an opportunity to receive funding for major purchases under Priority #2. The apportioned funds will be set aside for a period of 12 months to allow counties an opportunity to assess needs and submit their grants without the concern that other counties may deplete the fund.

(5) During each grant cycle up to \$5 million will be available for competitive grant proposals, until the \$20 million has been expended.

(6) Remaining monies in the Election Account not allocated to the grant cycles would be held in reserve for future prioritization. These monies could be allocated to statewide or county projects at any time by the Secretary.

(7) The Secretary of State may adjust the funding limits for each grant cycle or establish additional grant cycles at any time, based on a recommendation of the Advisory Board and the availability of funds, needs of counties, and information learned during the initial grant cycles.

(8) At the conclusion of the one year period for Priority #1 grants, the Secretary, upon recommendation of the Advisory Board, may move monies allocated to first priority grants and/or allocate funds held in reserve to the second priority grant program upon a determination that priority one grant needs have been met

(9) The grant payment and reporting schedule will be approved and published by the Advisory Board for each grant as long as eligible funds are available from the election account established in the state treasury by the legislature (RCW 29A.04.440). All unused grant funds and interest in possession of the grantee must be returned to the state local government grant program within sixty days of completion.

NEW SECTION

WAC 434-390-090 HAVA endowment. The Secretary of State may create an endowment from funds in the Election Account to provide a source of ongoing grant funds to be made available to local election officials for the improvement of election processes and procedures.

NEW SECTION

WAC 434-390-100 Accounting. Grantees must keep financial records in accordance with the accounting practices generally applicable to their local government accounting practices and apply approved record retention schedules. These records, as public records, shall be subject to inspection by the state elections staff and the Advisory Board. If any litigation, claim, or audit is begun before the end of the retention period, records must be retained until such proceeding is resolved.

NEW SECTION

WAC 434-390-110 Auditing requirements. Grantees must comply with the audit requirements set forth in state law for local government units. The grantee is responsible for ensuring that the state elections division receives copies of the audit report for any audit performed during the grant period, or for the following three years. Specific accounting requirements for the state local government grant program are:

- (1) Grant money that is not used immediately to purchase goods or services from a vendor must be deposited in an auditable, interest-bearing account. Interest received must be applied to the project or returned to the Secretary of State.
- (2) Grant work must be monitored in progress. The Secretary of State or his designee may visit the local election office for review at any time during the project.
- (3) Changes in the approved grant, including changes of personnel, must be requested in writing to the Secretary of State.
- (4) In the case of default by the grantee, the grant will be revoked and all unused funds must be returned to the state local government grant program. The Secretary of State will notify the grantee of default in writing.
- (5) The grantee shall submit a final grant report within thirty (30) days of completion of the project.
- (6) Grantees must submit copies of all invoices with the final report, and
- (7) Grantees must adhere to local and state bid requirements and submit documentation with the final grant report.

NEW SECTION

WAC 434-390-120 Conflicts of interest. (1) The Advisory Board will not consider any proposal where a committee member or a member of the Secretary of State's staff derives compensation from the proposed grant.

(2) A board member shall abstain from reviewing or voting on proposals if she/he is directly or indirectly connected with a proposed project through employment at the same

election office, (directly or) indirectly supervises the project, or serves as an unpaid consultant to the project.

EMERGENCY RULES
BUILDING CODE COUNCIL

[Filed October 29, 2004, 10:06 a.m., effective October 29, 2004]

Effective Date of Rule: Immediately.

Purpose: To extend the current emergency rule affecting amendments to the 2003 International Fire Code, as amended by WSR 04-13-095. Amend Section 804, Decorative Vegetation, to limit restrictions on placement of cut trees. Amend Chapter 4 requirements for fire evacuation plan review, to allow jurisdictions to determine when a full review is necessary. Amend Chapter 3 to allow BBQ grills on R-2 decks and balconies.

Citation of Existing Rules Affected by this Order: Amending WAC 51-54-0300, 51-54-0400, and 51-54-0800.

Statutory Authority for Adoption: RCW 19.27.031 and 19.27.074.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The State Building Code Council (council), based on the following good cause, finds that an emergency affecting the general welfare of the state of Washington exists. The council further finds that immediate amendment of a certain council rule is necessary for the public welfare and that observing the time requirements of notice and opportunity to comment would be contrary to the public interest.

The declaration of emergency affecting the general welfare of the state of Washington is based on the following findings:

The 2003 International Fire Code, adopted by the council in November 2003 and effective July 1, 2004, contains provisions that restrict the placement of seasonal cut trees in certain building types. These restrictions were not found in the previous code. The intent behind the model code provision is that these trees are shipped into an area after cutting and are therefore already dried out once they reach the marketplace. Since most trees originate in the Northwest, it is felt that some of these restrictions can be safely removed. Immediate amendment allows continued use of local trees, benefitting the public, the industry, and the enforcement community.

Another provision found in the 2003 International Fire Code concerns jurisdictional review of fire safety and evacuation plans. The technical advisory group and the council feel that the requirements found in Chapter 4 of this code are onerous and create undue expense for both building managers and review personnel. The amendments to this chapter would allow the local fire code official to determine when a full review of plans is necessary.

The final provision, found in Section 308.3, restricts the use of charcoal and propane grills in all occupancies except one- and two-family dwellings. The council feels this restriction is onerous and unenforceable.

It is felt that these amendments should be effective on the same date as the model code and state amendments go into effect on July 1, 2004.

The council is in the process of adopting permanent rules on these matters. However, the permanent rules will not be effective until the end of the 2005 legislative session as per RCW 19.27.074.

[Order 04-292—Filed October 29, 2004, 4:05 p.m., effective October 30, 2004, 12:01 a.m.]

Effective Date of Rule: October 30, 2004, 12:01 a.m.
Purpose: Amend personal use rules.

Citation of Existing Rules Affected by this Order:
Repealing WAC 232-28-61900W; and amending WAC 232-28-619.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: An updated runsize forecast predicts that there are enough chum salmon to meet escapement needs and to allow for a sport fishery. This regulation

[Order 04-295—Filed October 29, 2004, 4:07 p.m., effective October 30, 2004, 12:01 a.m.]

Effective Date of Rule: October 30, 2004, 12:01 a.m.

Purpose: Amend commercial fishing regulations.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-47-31100W, 220-47-41100X and 220-47-41100Y; and amending WAC 220-47-311 and 220-47-411.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of

notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: It is estimated that there are sufficient harvestable fish remaining in the nontreaty share to sustain one additional week of fishing at expected effort and catch levels in Areas 7 and 7A. The Skagit run has been updated to 143,000 providing harvestable chum in Area 8. Gill net participation is estimated to be light (five or six boats) and should not exceed the nontreaty harvestable share. Treaty-tribe comanagers have been consulted and agreed to this increase in fishing. This fishery is not expected to exceed chinook or summer chum by-catch levels modeled during the preseason process. There is insufficient time to promulgate permanent rules.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-32-05100F; and amending WAC 220-32-051.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of

notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Closes sale of platform and hook and line caught fish in the treaty Indian mainstem fishery. The commercial gillnet season has been completed and the tribes will be pursuing subsistence permit fishing. The Klickitat River will remain open for commercial sale through the end of the year. Harvestable numbers of salmon are available. There is insufficient time to promulgate permanent regulations.

[Order 04-294—Filed October 29, 2004, 4:09 p.m., effective October 29, 2004]

Effective Date of Rule: Immediately.

Purpose: Amend personal use fishing rules.

Citation of Existing Rules Affected by this Order: Amending WAC 232-28-619.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Dual filing of the base of the permanent rule created unanticipated conflicts. These amendments restore the rule to the version of the permanent rule adopted by the Fish and Wildlife Commission on July 26, 2004. The permanent rule is being amended to correct the errors caused by the dual filing.

OFFICE OF
INSURANCE COMMISSIONER
[Filed October 21, 2004, 3:47 p.m.]
TECHNICAL ASSISTANCE ADVISORY
T04-05

Recent publicity about investigations in other states of alleged kickbacks, undisclosed compensation, and other improper incentives in the insurance industry merits this reminder to Washington licensed brokers and insurance companies about specific statutory requirements and ethical behavior expectations in Washington.

Washington law makes it clear that licensed "brokers" represent and act on behalf of insureds. RCW 48.17.020. Other statutes and regulations provide guidance as to some of the specific duties owed by brokers to their insureds. For example, it has been an unfair practice since 1987:

...for any broker providing services in connection with the procurement of insurance to charge a fee in excess of the usual commission which would be paid to an agent without having advised the insured or prospective insured, in writing, in advance of the rendering of services, that there will be a charge and its amount or the basis on which such charge will be determined. WAC 284-30-750.

RCW 48.17.260(2) confirms that a broker has the right to receive a "customary commission" from an insurer or agent on insurance placed by the broker. RCW 48.17.270(2) also provides that, with respect to property and casualty insurance, a person holding a broker and an agent license may receive both commissions from an insurer and fees from the insured. However, a broker/agent placing property or casualty coverage who receives a fee from the insured, deals directly with that insured, and also receives a commission from the insurer, must disclose to the insured in writing the full amount of the compensation, including explanation of any offset or reimbursement. That document must be signed by the insured and the agent/broker and must be retained by the agent/broker for five years. You may expect our examiners to request to review these disclosures and related documentation during licensee examinations.

A broker has a duty to recommend the product that best suites their customer's needs.

We offer the following guidance for compliance with Washington law.

Brokers must:

- Reduce all compensation arrangements between them and an insurance company to writing.
- Disclose all compensation arrangements to the insured before a product decision in a sufficiently complete and understandable form so the insured is able to understand and consider possible incentives to their broker in placing the business and the costs of the coverage.

Insurers must:

- When establishing premium rates, consider all commissions and other compensation the insurer pays to agents and brokers;
- Include and maintain a record of all compensation arrangements they have with brokers and an explanation of the basis for such compensation;
- Routinely audit their records to confirm that all fees paid to brokers are proper and in accordance with Washington law and regulations. Insurance companies identifying problems with their records are encouraged to self-report their findings to the Office of the Insurance Commissioner rather than wait for a market conduct examination.

We also call to your attention the provisions of Washington's "Anticompetitive" law, RCW 48.30.020, which prohibits, among other actions,

...establishing or perpetuating any condition in this state detrimental to free competition in the business of insurance or injurious to the insuring public.

MISC.

Finally, we remind all reading this advisory of the fundamental public interest involved in the business of insurance. Among the more than one thousand sections of the Washington Insurance Code, RCW 48.01.030 perhaps best captures the fundamental principles that guide all involved with insurance.

The business of insurance is one affected by the public interest, requiring that all persons be actuated by good faith, abstain from deception, and practice honesty and equity in all insurance matters. Upon the insurer, the insured, their providers and their representatives rests the duty of preserving inviolate the integrity of insurance.

Insurance Commissioner

TO WHOM IT MAY CONCERN:

Title 48 RCW gives to the Washington State Insurance Commissioner (Commissioner) the duty to regulate the activities of insurance companies, health care service contractors, health maintenance organizations, and individuals engaged in the business of insurance and other related activities. As part of these duties, 1) RCW 48.31.010(1) requires that, after a hearing, the Commissioner must formally approve or disapprove any proposals whereby a domestic insurer will merge or consolidate with another insurer; 2) RCW 48.31B.015(4) requires that, after a hearing, the Commissioner must formally approve or disapprove any proposals whereby any individual or entity will merge with or otherwise acquire control of a domestic insurer or entity controlling a domestic insurer; 3) RCW 48.31C.020 requires that, after a hearing, the Commissioner must formally approve or disapprove any proposals where by any individual or entity will acquire control of a foreign health carrier registered to do business in this state; 4) RCW 48.31C.030 requires that, after a hearing, the Commissioner must formally approve or disapprove any proposals whereby any individual or entity will acquire control of a domestic health carrier; 5) RCW 48.31B.025(11) provides that an individual or entity may file a disclaimer of affiliation with an authorized insurer and the Commissioner may, only after a hearing, disallow said disclaimer; 6) RCW 48.31C.040(10) provides that an individual or entity may file a disclaimer of affiliation with an authorized health carrier and the Commissioner may, only after a hearing, disallow said disclaimer. Pursuant to these statutes, in order to grant approval of any such proposed transaction, the Commissioner must first hold a hearing and formally adjudicate spe-

cific criteria which are included in these statutes. Only after such a hearing can the Commissioner either approve or disapprove the proposed transaction.

One of the criteria which is always required in such proceedings is a finding whether the Commissioner has given reasonable notice to interested parties and whether, in response to such notice or other information received, any interested party has raised any objection to the proposed transaction. In the past, and up until the current time, the Commissioner has determined that reasonable notice must include notice published in the Washington State Register (State Register) a given number of times, depending upon the nature, significance and scope of the proposed transaction, in addition to other forms of notice which he may require. This notice includes a description of the proposed transaction, the consequences thereof, cites the applicable statutes and criteria which will be at issue in the hearing and provides adequate time for interested parties to register their objections to the proposed transaction and/or appear at the hearing to contest it.

At this time, the Commissioner has now developed his own web site, which is readily accessible to the general public, without charge, over the internet. Over the past year, the Commissioner has published full notice of all of these proposed transactions just as he has done in the Washington State Register. Because now the Commissioner's own web site has been so developed, the Commissioner has determined that, effective immediately, notification of these proposed transactions in the Washington State Register will not be strictly required in all instances. Instead, the Commissioner will always publish notice of these proposed transactions on his own web site, may use other forms of notice, and may or may not publish a given proposed transaction in the Washington State Register. Therefore, while the Commissioner remains legally bound to provide "reasonable notice to all interested parties" and determine whether any reasonable objections exist as to all proposed transactions, this reasonable notice may not include publication in the Washington State Register.

MISC.

Pursuant to WAC 284-02-020, the undersigned is delegated the primary responsibility for the conduct of hearings and the procedural matters preliminary thereto. The undersigned has determined that this change in notification in these types of proceedings is reasonable in that it continues to allow for, but no longer strictly requires, notification in the Washington State Register and leaves up to the Presiding Officer in each particular hearing the authority to determine whether reasonable notice has been given. Comments or concerns should be directed to the undersigned at the above address or telephone number.

OFFICE OF THE GOVERNOR
 [Filed November 3, 2004, 9:20 a.m.]

October 28, 2004

Mr. Rob Kavanaugh
 6919 - 41st Avenue SE
 Olympia, Washington 98503

Dear Mr. Kavanaugh:

On September 20, 2004, my office received your letter appealing the decision of the director of the Washington State Department of Agriculture (WSDA), denying your petition to amend WAC 16-228-1220 (6) & (7), and your petition to

amend existing rules regarding aerial application of pesticides. I have reviewed your letter of appeal and reviewed the agency's response to your original petition. It is my determination to deny your appeal to amend both administrative rules for the reasons state below.

Request to amend WAC 16-228-1220 (6) & (7), relating to security for restricted pesticides.

You have requested the amendment of the (WSDA) rules relating to the holding, using, or disposing of pesticides. Particularly, you request such an amendment "for added security for restricted pesticides (Category 1) to prevent the use of these pesticides as weapons of mass destruction." You base this request on the following concerns - the reasons for denial will address each concern raised:

1. Since these chemicals may potentially be used as weapons of mass destruction, that they must be "secure from break-ins, theft, and assault by determined terrorists."

As indicated by the WSDA in response to your petition to amend, current administrative rules provide for the secure storage and handling of pesticides. WAC 16-228-1220(6) applies to Category 1 pesticides, and requires such pesticides to be stored in containers, and within a closed and locked vehicle, trailer, or building. Bulk storage containers fifty gallons and larger must be secured with tight screw-type bungs and/or secured or locked valves. [WAC 16-228-1220 (6)(d)(i-vi)].

The WSDAs response to your petition indicates that existing WAC provisions provide sufficient protection to unattended pesticides and their containers. The agency further states that WAC 16-228-1231 provides additional safeguards to illegal use of pesticides by restricting the purchase, sale and use of Category 1 pesticides to certified applicators and licensed dealers.

In your appeal of WSDAs denial of your petition, you fail to provide any evidence or information that these safeguarding requirements are insufficient. In light of this, I must determine that WAC 16-228-1220 (6) & (7) are within the scope of the agency's authority, that the agency had sufficiently considered your concerns and the determination that these rules adequately address the concerns raised was not arbitrary or capricious.

2. Such secure facilities presently exist only on selected military installations.

In your appeal you indicate that although the WSDA points to the requirements of WAC 16-228-1220 (6) & (7) for the secure storage of Category 1 pesticides, the degree of security which you propose can only be found on selected military installations. Again, you have provided no information or evidence to support the proposition that Category 1 pesticides either require such high levels of protection, or that current rules are insufficient. The suggestion that Category 1 pesticides require such high levels of security is not well founded and is impractical in effect.

3. Civil defense measures are urgently needed to treat mass casualties and administer to those who have been incapacitated by the potential chemical attack.

MISC.

This concern is outside the scope of authority for the WSDA and outside the scope of the rule at issue. It therefore will not be addressed as part of your appeal.

4. The final factors used to determine the level of threat should not depend upon the convenience of the distributors or applicators.

This concern is apparently raised in response to the following position of the WSDA:

"Members of industry and the Pesticide Advisory Board have stated very clearly that it is in their best interest, under any circumstance, to insure that pesticides are kept under secure storage. They have liability and economic concerns, as well as, a considerable investment to protect. They believe that the department's current regulations provide adequate protection at this time."

This position is based upon the expert opinion of those within the industry who handle these chemicals for sale or use. Currently statutory and common law decisions support the proposition that the negligent storage of such chemicals, which are subsequently stolen and used in illegal activity, may result in legal liability for the owner. Furthermore, Category 1 pesticides are very expensive and it is in the best interests of the owner to secure this product. Again, you have not provided any information or evidence to rebut these statements.

After reviewing the concerns raised in your appeal of the agency's denial of your petition, after reviewing the response of the agency to your petition, and after reviewing the current rules regarding the safe storage and use of Category 1 pesticides, it is my determination that your appeal is denied for reasons state above.

Request for rule amendments related to spraying pesticides by aircraft.

You have also appealed the decision of the WSDA to not require additional controls over aerial spray applications. After reviewing the concerns raised in your appeal, and after consideration of the agency's rationale for denial of your petition for amended rules, and having examined the applicable supporting information, I have determined that the WSDA acted appropriately in denying your petition for amended rules relating to aerial spray application of pesticides, and I further deny your appeal of the agency's action.

I will address the concerns you raise in your appeal as follows:

WSDA ignores spray drift violations reported in the annual PIRT incident reports.

A review of the 2003 Annual Report of the Pesticide Incident Reporting and Tracking (PIRT) Review Panel, indicates that the WSDA responded to 225 complaints in 2001 (the most recent data reviewed). These investigations resulted in 152 violations. (2003 PIRT Annual Report, p.9). The Report further indicates that "the Washington State Department of Agriculture (WSDA) investigated all reported complaints made to the department regarding pesticide use, sales, distribution, applicator licensing, storage and building structure inspections for Wood Destroying Organisms (WDO)". [2003

PIRT Annual Report, p.10, (emphasis added)]. The Report also states: "WSDA is required to respond to cases of human exposure within 24 hours of the receipt. Investigation begins on other cases as soon as resources allow, generally within 2-3 days. In 2001, **WSDA responded to 93 percent of all complaints within one day, and all 36 human exposure cases within 24 hours.**" [2003 PIRT Annual Report, p.10 (emphasis added)].

From the information provided in the 2003 Annual Report of the PIRT Review Panel, there is no evidence to support the claim that WSDA "ignores the host of spray drift violations reported". Indeed, WSDA has responded in a timely fashion and has, where appropriate, instituted enforcement actions against violators.

The department does not proactively prevent aerial spray drift incidents on the grounds that to do so might add costs to the applicators.

Although the PIRT report does indicate that "drift exposure continues to be the most frequent complaint about applications," subsequent investigation of the reported complaints found that 74% had a severity rating of 2 or less.¹ The number of incidents has decreased since PIRT first began reporting, but the report does indicate that some preventable drift exposure has occurred. The Review Panel attributes some of the decline in drift exposure reports to the fact that "applicators are also more aware of conditions that might result in drift and are applying more targeted pesticides in lower volumes." (2003 PIRT Summary Report to the Legislature, p.3)

As described in WSDA letter responding to your petition, there are a number of sections in the Washington Administrative Code that specifically address the application of pesticides. These code provisions restrict the application of pesticides in a manner that would pollute waterways or water supplies, or cause damage or injury to humans, and specifically prohibit the aerial application immediately adjacent to occupied schools, hospitals, nursing homes or other similar establishments. [WAC 16-228-1220 (2), (3), and (4)]. The WAC also prohibits the application of pesticides if weather conditions are such that drift may cause injury to humans, plants or animals. [WAC 16-228-1220(4)]

Other administrative code provisions protect the health and safety of workers and others who may enter the property after application of a pesticide. Some examples are:

- WAC 16-233-115(1) During the application of any pesticide, the agricultural employer shall not allow any person to enter or to remain in the treated area.
- WAC 16-233-210(1) The pesticide handler employer and the handler shall assure that no pesticide is applied so as to contact, **either directly or through drift**, any worker or other person. [WAC 16-233-210(2)] Handlers handling highly toxic pesticides shall assure that any handler who is performing any activity with a product that has the skull and crossbones symbol on the front panel of the label is monitored visually or by voice communication at least every two hours.
- WAC 16-233-120(a) After the application of any pesticide on an agricultural establishment, the agricultural

employer shall not allow or direct any worker to enter or to remain in the treated area before the restricted-entry interval specified on the pesticide labeling has expired.

- WAC 16-233-125(2) The agricultural employer shall notify workers of any pesticide application on the farm.
- WAC 16-233-130 When workers are on an agricultural establishment and, within the last thirty days, a pesticide covered by this chapter has been applied on the establishment or a restricted-entry interval has been in effect, the agricultural employer shall display, in accordance with this section, specific information about the pesticide.
- WAC 16-233-220 Before the application of any pesticide on or in an agricultural establishment, the handler employer shall provide the following information to any agricultural employer for the establishment or shall assure that any agricultural employer is aware of:
 - (1) Specific location and description of the treated area.
 - (2) Time and date of application.
 - (3) Product name, EPA registration number, and active ingredient(s).
 - (4) Restricted-entry interval.
 - (5) Whether posting and oral notification are required.
 - (6) Any other product-specific requirements on the product labeling concerning protection of workers or other persons during or after application.
- WAC 16-233-235(1) The handler employer shall assure that before the handler uses any equipment for applying pesticides, the handler is instructed in the safe operation of such equipment, including, safety requirements and drift avoidance.

MISC.

It is clear from these WAC provisions that the WSDA has considered the health and safety of agricultural workers and the public with respect to the application of pesticides. Your letter of appeal fails to provide any substantiation for your contention that further requirements on aerial application of pesticides will provide any measure of improved protection over the existing administrative requirements.

For the reasons indicated above, your request for appeal of the Washington Department of Agriculture's denial of your petition for rule amendments is denied.

¹ The most severe rating is 6 - an incident resulting in human death due to pesticide exposure. The least severe is 0 - a problem not due to pesticides or no cause determined. A rating of 2 indicates that a residue is found, but there are no adverse health symptoms.

Sincerely,

Gary Locke
Governor

NAME _____

ADDRESS _____

THE WASHINGTON STATE REGISTER, published under RCW 34.08.020, is distributed on the first and third Wednesdays of each month. The Register contains the full text of proposed, emergency, and permanently adopted rules of state agencies, executive orders of the governor, notices of public meetings of state agencies, rules of the state supreme court, summaries of attorney general opinions, and juvenile disposition standards that have been filed in the code reviser's office before the closing date for that issue of the Register. A cumulative table of existing sections of the Washington Administrative Code (WAC) affected by a particular agency action guides the user to the proper issue of the Register.

The code reviser's office has established an annual subscription price of \$195 for a Register subscription, and single copies cost \$8.25. Sales tax of 8.4% applies to all sales other than to state agencies. State law requires payment in advance. To subscribe to the Register, please complete the order form above and forward it to the address indicated, accompanied by your check or money order in the amount of \$211.38 (\$195 for state agencies) payable to the code reviser's office.
