3 On page 154, after line 11, insert:

4 "However, employers employing less than one hundred qualified
5 employees shall pay the amount resulting from application of the
6 following formula on behalf of employees who work less than thirty
7 hours during a week or one hundred twenty hours during a calendar
8 month: The number of hours worked by the employee in a month is
9 multiplied by the amount of a qualified employee's premium, and
10 that amount is then divided by one hundred twenty."

EFFECT: Strikes the requirement that employers of less than one hundred employees provide coverage for dependents of part-time employees working less than thirty hours per week.
