

2812

Sponsor(s): Representatives Bray, Caver, Romero, Reams and Ballard;  
by request of Department of General Administration

Brief Description: Revising provisions insuring energy conservation  
in design of public buildings.

**HB 2812 - DIGEST**

(DIGEST AS ENACTED)

Requires the identification of simplified methods to assure  
the lowest life-cycle cost alternatives for selected buildings with  
between twenty-five thousand and one hundred thousand square feet  
of usable floor area.
