1 AN ACT Relating to reestablishment of the Puget Sound water quality  
2 authority; amending RCW 90.70.001, 90.70.011, 90.70.055, 90.70.060,  
3 90.70.065, 90.70.902, 43.131.369, and 43.131.370; repealing RCW  
4 90.70.027, 90.70.035, 90.70.045, 90.70.075, 90.70.080, 90.70.090, and  
5 90.70.100; and providing an effective date.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 **Sec. 1.** RCW 90.70.001 and 1985 c 451 s 1 are each amended to read  
8 as follows:

9 The legislature finds that Puget Sound and related inland marine  
10 waterways of Washington state represent a unique and unparalleled  
11 resource. A rich and varied range of marine organisms, composing an  
12 interdependent, sensitive communal ecosystem reside in these sheltered  
13 waters. Residents of this region enjoy a way of life centered around  
14 the waters of Puget Sound, featuring accessible recreational  
15 opportunities, world-class port facilities and water transportation  
16 systems, harvest of marine food resources, shoreline-oriented life  
17 styles, water-dependent industries, tourism, irreplaceable aesthetics  
18 and other activities, all of which to some degree depend upon a clean  
19 and healthy marine resource.

1       (~~The legislature further finds that the consequences of careless~~  
2 ~~husbanding of this resource have been dramatically illustrated in~~  
3 ~~inland waterways associated with older and more extensively developed~~  
4 ~~areas of the nation. Recent reports concerning degradation of water~~  
5 ~~quality within this region's urban embayments raise alarming~~  
6 ~~possibilities of similar despoliation of Puget Sound and other state~~  
7 ~~waterways. These examples emphasize that the costs of restoration of~~  
8 ~~aquatic resources, where such restoration is possible, greatly exceed~~  
9 ~~the costs of responsible preservation.))~~)

10       The legislature declares that utilization of the Puget Sound  
11 resource carries a custodial obligation for preserving it. The people  
12 of the state have the unique opportunity to preserve this gift of  
13 nature, an understanding of the results of inattentive stewardship, the  
14 technical knowledge needed for control of degradation of Puget Sound,  
15 and the obligation to undertake such control.

16       The legislature further finds that the large number of governmental  
17 entities that now affect the (~~(water quality)~~) health of Puget Sound  
18 have diverse interests and limited jurisdictions which cannot  
19 adequately address the cumulative, wide-ranging impacts which  
20 contribute to the degradation of Puget Sound. In accordance with the  
21 purpose of chapter 403, Laws of 1995, the regulatory reform act of  
22 1995, governments at all levels should better coordinate their efforts  
23 to avoid confusing and frustrating the public with overlapping or  
24 contradictory requirements. Greater water quality protection in Puget  
25 Sound can be achieved by establishing a cooperative partnership between  
26 public and private entities and state agencies that emphasizes  
27 technical assistance, education, incentives, and dispute resolution.  
28 It is therefore the policy of the state of Washington to create a  
29 single entity with adequate resources to develop and maintain a  
30 comprehensive plan for water quality protection in Puget Sound (~~(to be~~  
31 ~~implemented by existing state and local government agencies)) and to~~  
32 assist state and local governments, citizens, and the private sector in  
33 implementing that plan.

34       **Sec. 2.** RCW 90.70.011 and 1990 c 115 s 2 are each amended to read  
35 as follows:

36       (1) There is established the Puget Sound water quality authority  
37 composed of eleven members. Nine members shall be appointed by the  
38 governor and confirmed by the senate. In addition, the commissioner of

1 public lands or the commissioner's designee and the director of ecology  
2 or the director's designee shall serve as ex officio members. Three of  
3 the members shall include a representative from the counties, a  
4 representative from the cities, and a tribal representative. The  
5 director of ecology shall be chair of the authority. In making these  
6 appointments, the governor shall seek to include representation of the  
7 variety of interested parties concerned about Puget Sound water  
8 quality, including representation from the business and environmental  
9 communities. Appointments shall reflect the geographic balance and  
10 diversity of population within the Puget Sound basin. (~~Of the~~  
11 ~~appointed members, at least one shall be selected from each of the six~~  
12 ~~congressional districts surrounding Puget Sound.~~) Members shall serve  
13 four-year terms. (~~Of the initial members appointed to the authority,~~  
14 ~~two shall serve for two years, two shall serve for three years, and two~~  
15 ~~shall serve for four years. Thereafter members shall be appointed to~~  
16 ~~four-year terms. Members representing cities, counties, and the tribes~~  
17 ~~shall also serve four-year staggered terms, as determined by the~~  
18 ~~governor.~~) Vacancies shall be filled by appointment for the remainder  
19 of the unexpired term of the position being vacated. The executive  
20 director of the authority shall be selected by the governor and shall  
21 serve at the pleasure of the governor. The executive director shall  
22 not be a member of the authority.

27 employee responsible for the administration of all functions of the  
28 authority, including hiring and terminating staff, budget preparation,  
29 contracting, coordinating with the governor, the legislature, and other  
30 state and local entities, and the delegation of responsibilities as  
31 deemed appropriate. The salary of the executive director shall be  
32 fixed by the governor, subject to RCW 43.03.040.

33 (~~(4) (The authority shall prepare a budget and a work plan.~~

34 ~~(5))~~) Not more than four employees of the authority may be exempt  
35 from the provisions of chapter 41.06 RCW.

36 (~~(6))~~) (5) The executive director and staff of the authority shall  
37 be located in the Olympia area, as space becomes available. The  
38 department of general administration shall house the authority within  
39 the department of ecology.

8 advisory committee or committees and appropriate federal, state,  
9 ~~((and))~~ local, and private agencies. The authority shall also solicit  
10 extensive participation by the public by whatever means it finds  
11 appropriate, including public hearings throughout communities bordering  
12 or near Puget Sound, dissemination of information through the news  
13 media, public notices, and mailing lists, and the organization of  
14 workshops, conferences, and seminars;
