Brief Description: Exempting from certificate of need review certain nursing facilities that undertake renovations.

HB 2735.E - DIGEST

(DIGEST AS ENACTED)

Revises RCW 70.38.105 to provide an exemption from certificate of need for the renovation of a nursing facility operated by an existing licensee who has operated the beds for at least one year.

Does not apply to projects related to deficiency citations or those necessary to maintain state licensure.
