Background: Sales tax is paid on each retail sale of most articles of tangible personal property and certain services. Use tax commonly applies to purchases made from out-of-state businesses.

Major items exempt from tax include food for human consumption, prescription drugs, motor vehicle fuel, utility services, certain business and professional services, and items that become a component part of another product for sale.

Summary of Bill: For the period December 1 through December 7, clothing and footwear for human use are exempt from sales and use tax. The exemption includes fabric, thread, yarn, buttons, snaps, hooks, zippers, and other items used to make or repair clothing if the item becomes a physical component part of the clothing. Excluded are costumes or rented formal wear, jewelry, athletic equipment, and protective devices such as motorcycle helmets.
