

2 2SSB 5826 - S AMD 158

3 By Senators McDonald and Zarelli

4
5 On page 1, on line 13, after "university," insert the following:

6 "The legislature further recognizes that the primary focus of the
7 University of Washington is to provide a quality learning environment
8 and that instructional jobs made available to enrolled students are an
9 incidental part of this focus. In addition to the monetary
10 compensation enrolled students may receive for providing instructional
11 services, such students are also receiving benefits in the form of
12 increased learning, research, and practical experience opportunities
13 not otherwise part of their academic curriculum. These benefits are to
14 be considered in determining the total compensation and benefits
15 provided such students when negotiating under this act."

« END «

EFFECT: Clarifies the intent language to note that the primary focus of the University of Washington is to provide a quality education; TA jobs are incidental to this process, and these students are receiving learning and research opportunities in addition to monetary compensation.
