Brief Description: Establishing requirements for cancer registry information to be provided to cancer patients.

HB 2404 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, prior to reporting the patient's information to the contractor under RCW 70.54.240(1), every person or entity required to report under this section shall provide each cancer patient with printed information describing the purpose of the cancer registry program; the collection, use, distribution, and confidentiality of the information; and other information that the department deems necessary.
