#### Background:

Emergency Medical Technicians (EMTs) employed by local governments in health departments or other divisions of local governments are members of the Public Employees' Retirement System (PERS). The Law Enforcement Officers and Fire Fighters' Retirement System (LEOFF) is limited in membership to specific employers, employees, and only those employees with specific training and performing specific jobs. Generally, LEOFF is limited to full-time, fully-authorized general authority law enforcement officers and full-time, fully-compensated fire fighters employed by fire departments. EMTs employed by local governments in fire departments who are also qualified fire fighters are members of LEOFF.

All employees first employed in PERS-eligible positions since 1977 have been enrolled in PERS Plan 2/3, which allows for an unreduced retirement allowance at age 65. All employees first employed in LEOFF-eligible positions since 1977 have been enrolled in LEOFF Plan 2 (LEOFF 2), which allows for an unreduced retirement allowance at age 53. Those first employed in PERS and LEOFF-eligible positions before 1977 may be eligible to resume participation in PERS 1 or LEOFF 1 upon resumption of eligible employment.

Several local government EMTs had their jobs moved from various local government entities to fire departments. Upon meeting all the requirements to become fire fighters, such as training and applicable examinations, these EMTs employed at fire departments become members of LEOFF.

In 2003, HB 1202 was enacted, permitting members of LEOFF whose jobs as EMTs were moved into fire departments the opportunity to transfer past service credit from PERS into LEOFF. LEOFF members who elect to transfer service credit earned as an EMT in PERS are required to pay the difference between the contributions that they paid into PERS, and the contributions that they would have paid into LEOFF, plus interest.

Members with service in both PERS 2 and LEOFF 2 may use the portability provisions of state retirement law to combine years of service and average salary for purposes of retirement eligibility, but the retirement ages of each plan still apply to the benefit receivable from each plan. The consequence of this is that only a reduced PERS 2/3 benefit is available to a member with service in PERS 2 and LEOFF 2 at the LEOFF 2 normal retirement age.

**Summary of Bill:**

The definition of "fire fighter" in LEOFF is amended to include any person who is employed on a full-time, fully compensated basis as an emergency medical technician by a city, town, county or district. Members of PERS 2 employed as EMTs are transferred to LEOFF 2 for purposes of future service.

An EMT transferred to LEOFF 2 may also elect to transfer past service earned as an EMT in PERS into LEOFF 2. For the period of past service a member transfers, the member must pay the difference between the employee contributions made to PERS, and the contributions that would have been made had the service been performed in LEOFF 2, plus interest. The employee must complete this payment within five years of applying to the Department of Retirement Systems to transfer the past service credit. Upon an employee's completing the required payment, the member's service credit and an amount of employer contributions equal to the member's payment are transferred from PERS 2 to LEOFF 2.
