

**HB 1365-S - DIGEST**

(AS OF HOUSE 2ND READING 3/11/05)

Provides that, in the event that the department elects to contract with an alternative delivery system to provide case management services in a region, the department may by contract limit the role of the area agency on aging to reassessing and reauthorizing services. An area agency on aging whose role is limited to reassessing and reauthorizing services shall not be jointly or severally liable for the acts or omissions of any other organization with respect to the provision of services through the alternative delivery system.
