

HB 3292 - H AMD **1133**

By Representative Nelson

1 On page 4, line 24, after "it." insert "If the court finds the
2 audio quality of a verbatim audio recording is unintelligible or
3 indecipherable, the court shall not infer on the part of the
4 governing body noncompliance with this chapter."

EFFECT: Prevents the court from inferring malfeasance by a governing body in the event of a poor quality recording.
