Staff: Kristen Fraser (786-7148).

Background:

Initiative 601 was first adopted by the voters at the 1993 general election. As subsequently amended, I-601 establishes an expenditure limit for the state General Fund and six "related funds." The expenditure limit for each year is the prior year's actual expenditures, as increased by the fiscal growth factor and as adjusted upward or downward for other statutory factors.

The state Expenditure Limit Committee (ELC) annually establishes, adjusts, and projects the expenditure limit. The ELC has six members: the director of the Office of Financial Management (OFM), the Attorney General or his or her designee, the chairs of the House Appropriations and Senate Ways & Means Committees, and, added as of 2007, the ranking minority members of those committees. Actions of the ELC require a vote of four committee members. If the ELC fails to adopt a limit by November 30, the Attorney General or designee establishes the limit.

Summary of Bill:

The Attorney General or designee is removed from the Expenditure Limit Committee. Actions of the ELC require a vote of three committee members. If the ELC fails to adopt a limit by November 30, the OFM director establishes the limit.

Appropriation: None.
