10 fide employment relationship with such employer) for employment in the
11 provision of covered items or services.

12 (5) Subsections (1) and (2) of this section, if applicable to the
13 conduct involved, shall supersede the criminal provisions of chapter
14 19.68 RCW, but shall not preclude administrative proceedings authorized
15 by chapter 19.68 RCW.

16 **Sec. 20.** RCW 74.09.260 and 1991 sp.s. c 8 s 7 are each amended to
17 read as follows:

18 Any person, including any corporation, that knowingly:

27 unrelated to the patient):

28 (a) As a precondition of admitting a patient to a hospital or
29 nursing facility; or

34 C felony: PROVIDED, That the fine, if imposed, shall not be in an
35 amount more than twenty-five thousand dollars, except as authorized by
36 RCW 9A.20.030.

1 **Sec. 21.** RCW 74.09.280 and 1979 ex.s. c 152 s 9 are each amended
2 to read as follows:

3 The (~~(secretary of social and health services)~~) head of the agency
4 may by rule require that any application, statement, or form filled out
5 by suppliers of medical care under this chapter shall contain or be
6 verified by a written statement that it is made under the penalties of

8 required, and each such paper shall in such event so state. The making
9 or subscribing of any such papers or forms containing any false or
10 misleading information may be prosecuted and punished under chapter

17 (1) Conduct audits and investigations of providers of medical and
18 other services furnished pursuant to this chapter, except that the
19 Washington state medical quality assurance commission shall generally
20 serve in an advisory capacity to the (~~(secretary)~~) head of the agency
21 in the conduct of audits or investigations of physicians. Any
22 overpayment discovered as a result of an audit of a provider under this
23 authority shall be offset by any underpayments discovered in that same
24 audit sample. In order to determine the provider's actual, usual,
25 customary, or prevailing charges, the (~~(secretary)~~) head of the agency
26 may examine such random representative records as necessary to show
27 accounts billed and accounts received except that in the conduct of
28 such examinations, patient names, other than public assistance
29 applicants or recipients, shall not be noted, copied, or otherwise made
30 available to the (~~(department)~~) agency. In order to verify costs
31 incurred by the (~~(department)~~) agency for treatment of public
32 assistance applicants or recipients, the (~~(secretary)~~) head of the
33 agency may examine patient records or portions thereof in connection
34 with services to such applicants or recipients rendered by a health
35 care provider, notwithstanding the provisions of RCW 5.60.060,
36 18.53.200, 18.83.110, or any other statute which may make or purport to
37 make such records privileged or confidential: PROVIDED, That no

1 original patient records shall be removed from the premises of the
2 health care provider, and that the disclosure of any records or
3 information by the (~~department of social and health services~~) agency
4 is prohibited and shall be punishable as a class C felony according to
5 chapter 9A.20 RCW, unless such disclosure is directly connected to the
6 official purpose for which the records or information were obtained:
7 PROVIDED FURTHER, That the disclosure of patient information as
8 required under this section shall not subject any physician or other
9 health services provider to any liability for breach of any
10 confidential relationship between the provider and the patient, but no
11 evidence resulting from such disclosure may be used in any civil,
12 administrative, or criminal proceeding against the patient unless a
13 waiver of the applicable evidentiary privilege is obtained: PROVIDED
14 FURTHER, That the (~~secretary~~) head of the agency shall destroy all
15 copies of patient medical records in their possession upon completion
16 of the audit, investigation or proceedings;

17 (2) Approve or deny applications to participate as a provider of
18 services furnished pursuant to this chapter;

19 (3) Terminate or suspend eligibility to participate as a provider
20 of services furnished pursuant to this chapter; and

21 (4) Adopt, promulgate, amend, and repeal administrative rules, in
22 accordance with the Administrative Procedure Act, chapter 34.05 RCW, to
23 carry out the policies and purposes of RCW 74.09.200 through 74.09.290.

24 **Sec. 23.** RCW 74.09.300 and 1979 ex.s. c 152 s 11 are each amended
25 to read as follows:

26 Whenever the (~~secretary of the department of social and health~~
27 ~~services~~) head of the agency imposes a civil penalty under RCW
28 74.09.210, or terminates or suspends a provider's eligibility under RCW
29 74.09.290, he shall, if the provider is licensed pursuant to Titles 18,
30 70, or 71 RCW, give written notice of such imposition, termination, or
31 suspension to the appropriate licensing agency or disciplinary board.

32 **Sec. 24.** RCW 74.09.470 and 2009 c 463 s 2 are each amended to read
33 as follows:

34 (1) Consistent with the goals established in RCW 74.09.402, through
35 the apple health for kids program authorized in this section, the
36 (~~department~~) agency shall provide affordable health care coverage to

1 children under the age of nineteen who reside in Washington state and
2 whose family income at the time of enrollment is not greater than two
3 hundred fifty percent of the federal poverty level as adjusted for
4 family size and determined annually by the federal department of health
5 and human services, and effective January 1, 2009, and only to the
6 extent that funds are specifically appropriated therefor, to children
7 whose family income is not greater than three hundred percent of the
8 federal poverty level. In administering the program, the
9 ((department)) agency shall take such actions as may be necessary to
10 ensure the receipt of federal financial participation under the medical
11 assistance program, as codified at Title XIX of the federal social
12 security act, the state children's health insurance program, as
13 codified at Title XXI of the federal social security act, and any other
14 federal funding sources that are now available or may become available
15 in the future. The ((department)) agency and the caseload forecast
16 council shall estimate the anticipated caseload and costs of the
17 program established in this section.

18 (2) The ((department)) agency shall accept applications for
19 enrollment for children's health care coverage; establish appropriate
20 minimum-enrollment periods, as may be necessary; and determine
21 eligibility based on current family income. The ((department)) agency
22 shall make eligibility determinations within the time frames for
23 establishing eligibility for children on medical assistance, as defined
24 by RCW 74.09.510. The application and annual renewal processes shall
25 be designed to minimize administrative barriers for applicants and
26 enrolled clients, and to minimize gaps in eligibility for families who
27 are eligible for coverage. If a change in family income results in a
28 change in the source of funding for coverage, the ((department)) agency
29 shall transfer the family members to the appropriate source of funding
30 and notify the family with respect to any change in premium obligation,
31 without a break in eligibility. The ((department)) agency shall use
32 the same eligibility redetermination and appeals procedures as those
33 provided for children on medical assistance programs. The
34 ((department)) agency shall modify its eligibility renewal procedures
35 to lower the percentage of children failing to annually renew. The
36 ((department)) agency shall manage its outreach, application, and
37 renewal procedures with the goals of: (a) Achieving year by year
38 improvements in enrollment, enrollment rates, renewals, and renewal

1 rates; (b) maximizing the use of existing program databases to obtain
2 information related to earned and unearned income for purposes of
3 eligibility determination and renewals, including, but not limited to,
4 the basic food program, the child care subsidy program, federal social
5 security administration programs, and the employment security
6 department wage database; (c) streamlining renewal processes to rely
7 primarily upon data matches, online submissions, and telephone
8 interviews; and (d) implementing any other eligibility determination
9 and renewal processes to allow the state to receive an enhanced federal
10 matching rate and additional federal outreach funding available through
11 the federal children's health insurance program reauthorization act of
12 2009 by January 2010. The ((department)) agency shall advise the
13 governor and the legislature regarding the status of these efforts by
14 September 30, 2009. The information provided should include the status
15 of the ((department's)) agency's efforts, the anticipated impact of
16 those efforts on enrollment, and the costs associated with that
17 enrollment.

18 (3) To ensure continuity of care and ease of understanding for
19 families and health care providers, and to maximize the efficiency of
20 the program, the amount, scope, and duration of health care services
21 provided to children under this section shall be the same as that
22 provided to children under medical assistance, as defined in RCW
23 74.09.520.

24 (4) The primary mechanism for purchasing health care coverage under
25 this section shall be through contracts with managed health care
26 systems as defined in RCW 74.09.522, subject to conditions,
27 limitations, and appropriations provided in the biennial appropriations
28 act. However, the ((department)) agency shall make every effort within
29 available resources to purchase health care coverage for uninsured
30 children whose families have access to dependent coverage through an
31 employer-sponsored health plan or another source when it is cost-
32 effective for the state to do so, and the purchase is consistent with
33 requirements of Title XIX and Title XXI of the federal social security
34 act. To the extent allowable under federal law, the ((department))
35 agency shall require families to enroll in available employer-sponsored
36 coverage, as a condition of participating in the program established
37 under this section, when it is cost-effective for the state to do so.

1 Families who enroll in available employer-sponsored coverage under this
2 section shall be accounted for separately in the annual report required
3 by RCW 74.09.053.

4 (5)(a) To reflect appropriate parental responsibility, the
5 (~~department~~) agency shall develop and implement a schedule of
6 premiums for children's health care coverage due to the (~~department~~)
7 agency from families with income greater than two hundred percent of
8 the federal poverty level. For families with income greater than two
9 hundred fifty percent of the federal poverty level, the premiums shall
10 be established in consultation with the senate majority and minority
11 leaders and the speaker and minority leader of the house of
12 representatives. Premiums shall be set at a reasonable level that does
13 not pose a barrier to enrollment. The amount of the premium shall be
14 based upon family income and shall not exceed the premium limitations
15 in Title XXI of the federal social security act. Premiums shall not be
16 imposed on children in households at or below two hundred percent of
17 the federal poverty level as articulated in RCW 74.09.055.

18 (b) Beginning no later than January 1, 2010, the (~~department~~)
19 agency shall offer families whose income is greater than three hundred
20 percent of the federal poverty level the opportunity to purchase health
21 care coverage for their children through the programs administered
22 under this section without an explicit premium subsidy from the state.
23 The design of the health benefit package offered to these children
24 should provide a benefit package substantially similar to that offered
25 in the apple health for kids program, and may differ with respect to
26 cost-sharing, and other appropriate elements from that provided to
27 children under subsection (3) of this section including, but not
28 limited to, application of preexisting conditions, waiting periods, and
29 other design changes needed to offer affordable coverage. The amount
30 paid by the family shall be in an amount equal to the rate paid by the
31 state to the managed health care system for coverage of the child,
32 including any associated and administrative costs to the state of
33 providing coverage for the child. Any pooling of the program enrollees
34 that results in state fiscal impact must be identified and brought to
35 the legislature for consideration.

36 (6) The (~~department~~) agency shall undertake and continue a
37 proactive, targeted outreach and education effort with the goal of
38 enrolling children in health coverage and improving the health literacy

1 of youth and parents. The ((department)) agency shall collaborate with
2 the department of health, local public health jurisdictions, the office
3 of the superintendent of public instruction, the department of early
4 learning, health educators, health care providers, health carriers,
5 community-based organizations, and parents in the design and
6 development of this effort. The outreach and education effort shall
7 include the following components:

8 (a) Broad dissemination of information about the availability of
9 coverage, including media campaigns;

10 (b) Assistance with completing applications, and community-based
11 outreach efforts to help people apply for coverage. Community-based
12 outreach efforts should be targeted to the populations least likely to
13 be covered;

14 (c) Use of existing systems, such as enrollment information from
15 the free and reduced-price lunch program, the department of early
16 learning child care subsidy program, the department of health's women,
17 infants, and children program, and the early childhood education and
18 assistance program, to identify children who may be eligible but not
19 enrolled in coverage;

20 (d) Contracting with community-based organizations and government
21 entities to support community-based outreach efforts to help families
22 apply for coverage. These efforts should be targeted to the
23 populations least likely to be covered. The ((department)) agency
24 shall provide informational materials for use by government entities
25 and community-based organizations in their outreach activities, and
26 should identify any available federal matching funds to support these
27 efforts;

28 (e) Development and dissemination of materials to engage and inform
29 parents and families statewide on issues such as: The benefits of
30 health insurance coverage; the appropriate use of health services,
31 including primary care provided by health care practitioners licensed
32 under chapters 18.71, 18.57, 18.36A, and 18.79 RCW, and emergency
33 services; the value of a medical home, well-child services and
34 immunization, and other preventive health services with linkages to
35 department of health child profile efforts; identifying and managing
36 chronic conditions such as asthma and diabetes; and the value of good
37 nutrition and physical activity;

1 (f) An evaluation of the outreach and education efforts, based upon
2 clear, cost-effective outcome measures that are included in contracts
3 with entities that undertake components of the outreach and education
4 effort;

5 (g) An implementation plan to develop online application capability
6 that is integrated with the (~~department's~~) agency's automated client
7 eligibility system, and to develop data linkages with the office of the
8 superintendent of public instruction for free and reduced-price lunch
9 enrollment information and the department of early learning for child
10 care subsidy program enrollment information.

11 (7) The (~~department~~) agency shall take action to increase the
12 number of primary care physicians providing dental disease preventive
13 services including oral health screenings, risk assessment, family
14 education, the application of fluoride varnish, and referral to a
15 dentist as needed.

16 (8) The (~~department~~) agency shall monitor the rates of
17 substitution between private-sector health care coverage and the
18 coverage provided under this section and shall report to appropriate
19 committees of the legislature by December 2010.

20 **Sec. 25.** RCW 74.09.480 and 2009 c 463 s 4 are each amended to read
21 as follows:

22 (1) The (~~department~~) agency, in collaboration with the department
23 of health, health carriers, local public health jurisdictions,
24 children's health care providers including pediatricians, family
25 practitioners, and pediatric subspecialists, community and migrant
26 health centers, parents, and other purchasers, shall establish a
27 concise set of explicit performance measures that can indicate whether
28 children enrolled in the program are receiving health care through an
29 established and effective medical home, and whether the overall health
30 of enrolled children is improving. Such indicators may include, but
31 are not limited to:

32 (a) Childhood immunization rates;

33 (b) Well child care utilization rates, including the use of
34 behavioral and oral health screening, and validated, structured
35 developmental screens using tools, that are consistent with nationally
36 accepted pediatric guidelines and recommended administration schedule,
37 once funding is specifically appropriated for this purpose;

1 (c) Care management for children with chronic illnesses;
2 (d) Emergency room utilization;
3 (e) Visual acuity and eye health;
4 (f) Preventive oral health service utilization; and
5 (g) Children's mental health status. In defining these measures
6 the ((department)) agency shall be guided by the measures provided in
7 RCW 71.36.025.

8 Performance measures and targets for each performance measure must
9 be established and monitored each biennium, with a goal of achieving
10 measurable, improved health outcomes for the children of Washington
11 state each biennium.

12 (2) Beginning in calendar year 2009, targeted provider rate
13 increases shall be linked to quality improvement measures established
14 under this section. The ((department)) agency, in conjunction with
15 those groups identified in subsection (1) of this section, shall
16 develop parameters for determining criteria for increased payment,
17 alternative payment methodologies, or other incentives for those
18 practices and health plans that incorporate evidence-based practice and
19 improve and achieve sustained improvement with respect to the measures.

20 (3) The ((department)) agency shall provide a report to the
21 governor and the legislature related to provider performance on these
22 measures, beginning in September 2010 for 2007 through 2009 and
23 biennially thereafter. The ((department)) agency shall advise the
24 legislature as to its progress towards developing this biennial
25 reporting system by September 30, 2009.

30 develop and implement policies to improve prescribing practices for
31 treatment of emotional or behavioral disturbances in children, improve
32 the quality of children's mental health therapy through increased use
33 of evidence-based and research-based practices and reduced variation in
34 practice, improve communication and care coordination between primary

36 home or care which integrates the family where out-of-home placement is
37 required.

1 (b) The ((department)) agency shall identify those children with
2 emotional or behavioral disturbances who may be at high risk due to
3 off-label use of prescription medication, use of multiple medications,
4 high medication dosage, or lack of coordination among multiple
5 prescribing providers, and establish one or more mechanisms to evaluate
6 the appropriateness of the medication these children are using,
7 including but not limited to obtaining second opinions from experts in
8 child psychiatry.

9 (c) The ((department)) agency shall review the psychotropic
10 medications of all children under five and establish one or more
11 mechanisms to evaluate the appropriateness of the medication these
12 children are using, including but not limited to obtaining second

15 with respect to psychotropic medications with the goal of reducing the
16 use of medication.

17 (e) The ((department)) agency shall encourage the use of cognitive

30 treatment;

32 contractual performance standards that track access to and utilization
33 of services; and

35 prescribed antipsychotic drugs and receive no outpatient mental health
36 services with their medication.

37 (3) The ((department)) agency shall submit a report on progress and
38 any findings under this section to the legislature by January 1, 2009.

2 of this chapter. For the purposes of this section, the ((department))
3 agency may not cut off any prescription medications, oxygen supplies,
4 respiratory services, or other life-sustaining medical services or
5 supplies.

6 "Medical assistance," notwithstanding any other provision of law,
7 shall not include routine foot care, or dental services delivered by
8 any health care provider, that are not mandated by Title XIX of the
9 social security act unless there is a specific appropriation for these
10 services.

11 (2) The ((department)) agency shall amend the state plan for
12 medical assistance under Title XIX of the federal social security act
13 to include personal care services, as defined in 42 C.F.R. 440.170(f),
14 in the categorically needy program.

15 (3) The ((department)) agency shall adopt, amend, or rescind such
16 administrative rules as are necessary to ensure that Title XIX personal
17 care services are provided to eligible persons in conformance with
18 federal regulations.

19 (a) These administrative rules shall include financial eligibility
20 indexed according to the requirements of the social security act
21 providing for medicaid eligibility.

22 (b) The rules shall require clients be assessed as having a medical
23 condition requiring assistance with personal care tasks. Plans of care
24 for clients requiring health-related consultation for assessment and
25 service planning may be reviewed by a nurse.

26 (c) The ((department)) agency shall determine by rule which clients
27 have a health-related assessment or service planning need requiring
28 registered nurse consultation or review. This definition may include
29 clients that meet indicators or protocols for review, consultation, or
30 visit.

31 (4) The ((department)) agency shall design and implement a means to
32 assess the level of functional disability of persons eligible for
33 personal care services under this section. The personal care services
34 benefit shall be provided to the extent funding is available according
35 to the assessed level of functional disability. Any reductions in
36 services made necessary for funding reasons should be accomplished in
37 a manner that assures that priority for maintaining services is given

1 to persons with the greatest need as determined by the assessment of
2 functional disability.

3 (5) Effective July 1, 1989, the (~~department~~) agency shall offer
4 hospice services in accordance with available funds.

5 (6) For Title XIX personal care services administered by (~~aging
6 and disability services administration of the department~~) the agency,
7 the (~~department~~) agency shall contract with area agencies on aging:

8 (a) To provide case management services to individuals receiving
9 Title XIX personal care services in their own home; and

10 (b) To reassess and reauthorize Title XIX personal care services or
11 other home and community services as defined in RCW 74.39A.009 in home
12 or in other settings for individuals consistent with the intent of this
13 section:

14 (i) Who have been initially authorized by the (~~department~~) agency
15 to receive Title XIX personal care services or other home and community
16 services as defined in RCW 74.39A.009; and

17 (ii) Who, at the time of reassessment and reauthorization, are
18 receiving such services in their own home.

19 (7) In the event that an area agency on aging is unwilling to enter
20 into or satisfactorily fulfill a contract or an individual consumer's
21 need for case management services will be met through an alternative
22 delivery system, the (~~department~~) agency is authorized to:

23 (a) Obtain the services through competitive bid; and

24 (b) Provide the services directly until a qualified contractor can
25 be found.

26 (8) Subject to the availability of amounts appropriated for this
27 specific purpose, effective July 1, 2007, the (~~department~~) agency may
28 offer medicare part D prescription drug copayment coverage to full
29 benefit dual eligible beneficiaries.

30 **Sec. 31.** RCW 74.09.521 and 2009 c 388 s 1 are each amended to read
31 as follows:

32 (1) To the extent that funds are specifically appropriated for this
33 purpose the (~~department~~) agency shall revise its medicaid healthy
34 options managed care and fee-for-service program standards under
35 medicaid, Title XIX of the federal social security act to improve
36 access to mental health services for children who do not meet the
37 regional support network access to care standards. Effective July 1,

1 2008, the program standards shall be revised to allow outpatient
2 therapy services to be provided by licensed mental health
3 professionals, as defined in RCW 71.34.020, or by a mental health
4 professional regulated under Title 18 RCW who is under the direct
5 supervision of a licensed mental health professional, and up to twenty
6 outpatient therapy hours per calendar year, including family therapy
7 visits integral to a child's treatment. This section shall be
8 administered in a manner consistent with federal early periodic
9 screening, diagnosis, and treatment requirements related to the receipt
10 of medically necessary services when a child's need for such services
11 is identified through developmental screening.

12 (2) The (~~department~~) agency and the children's mental health
13 evidence-based practice institute established in RCW 71.24.061 shall
14 collaborate to encourage and develop incentives for the use of
15 prescribing practices and evidence-based and research-based treatment
16 practices developed under RCW 74.09.490 by mental health professionals
17 serving children under this section.

18 **Sec. 32.** RCW 74.09.522 and 1997 c 59 s 15 and 1997 c 34 s 1 are
19 each reenacted and amended to read as follows:

20 (1) For the purposes of this section, "managed health care system"
21 means any health care organization, including health care providers,
22 insurers, health care service contractors, health maintenance
23 organizations, health insuring organizations, or any combination
24 thereof, that provides directly or by contract health care services
25 covered under RCW 74.09.520 and rendered by licensed providers, on a
26 prepaid capitated basis and that meets the requirements of section
27 1903(m)(1)(A) of Title XIX of the federal social security act or
28 federal demonstration waivers granted under section 1115(a) of Title XI
29 of the federal social security act.

30 (2) The (~~department of social and health services~~) agency shall
31 enter into agreements with managed health care systems to provide
32 health care services to recipients of temporary assistance for needy
33 families under the following conditions:

34 (a) Agreements shall be made for at least thirty thousand
35 recipients statewide;

36 (b) Agreements in at least one county shall include enrollment of
37 all recipients of temporary assistance for needy families;

1 (c) To the extent that this provision is consistent with section
2 1903(m) of Title XIX of the federal social security act or federal
3 demonstration waivers granted under section 1115(a) of Title XI of the
4 federal social security act, recipients shall have a choice of systems
5 in which to enroll and shall have the right to terminate their
6 enrollment in a system: PROVIDED, That the ((department)) agency may
7 limit recipient termination of enrollment without cause to the first
8 month of a period of enrollment, which period shall not exceed twelve
9 months: AND PROVIDED FURTHER, That the ((department)) agency shall not
10 restrict a recipient's right to terminate enrollment in a system for
11 good cause as established by the ((department)) agency by rule;

12 (d) To the extent that this provision is consistent with section
13 1903(m) of Title XIX of the federal social security act, participating
14 managed health care systems shall not enroll a disproportionate number
15 of medical assistance recipients within the total numbers of persons
16 served by the managed health care systems, except as authorized by the
17 ((department)) agency under federal demonstration waivers granted under
18 section 1115(a) of Title XI of the federal social security act;

19 (e) In negotiating with managed health care systems the
20 ((department)) agency shall adopt a uniform procedure to negotiate and
21 enter into contractual arrangements, including standards regarding the
22 quality of services to be provided; and financial integrity of the
23 responding system;

24 (f) The ((department)) agency shall seek waivers from federal
25 requirements as necessary to implement this chapter;

26 (g) The ((department)) agency shall, wherever possible, enter into
27 prepaid capitation contracts that include inpatient care. However, if
28 this is not possible or feasible, the ((department)) agency may enter
29 into prepaid capitation contracts that do not include inpatient care;

30 (h) The ((department)) agency shall define those circumstances
31 under which a managed health care system is responsible for out-of-plan
32 services and assure that recipients shall not be charged for such
33 services; and

34 (i) Nothing in this section prevents the ((department)) agency from
35 entering into similar agreements for other groups of people eligible to
36 receive services under this chapter.

37 (3) The ((department)) agency shall ensure that publicly supported
38 community health centers and providers in rural areas, who show serious

1 intent and apparent capability to participate as managed health care
2 systems are seriously considered as contractors. The ((department))
3 agency shall coordinate its managed care activities with activities
4 under chapter 70.47 RCW.

5 (4) The ((department)) agency shall work jointly with the state of
6 Oregon and other states in this geographical region in order to develop
7 recommendations to be presented to the appropriate federal agencies and
8 the United States congress for improving health care of the poor, while
9 controlling related costs.

10 (5) The legislature finds that competition in the managed health
11 care marketplace is enhanced, in the long term, by the existence of a
12 large number of managed health care system options for medicaid
13 clients. In a managed care delivery system, whose goal is to focus on
14 prevention, primary care, and improved enrollee health status,
15 continuity in care relationships is of substantial importance, and
16 disruption to clients and health care providers should be minimized.
17 To help ensure these goals are met, the following principles shall
18 guide the ((department)) agency in its healthy options managed health
19 care purchasing efforts:

20 (a) All managed health care systems should have an opportunity to
21 contract with the ((department)) agency to the extent that minimum
22 contracting requirements defined by the ((department)) agency are met,
23 at payment rates that enable the ((department)) agency to operate as
24 far below appropriated spending levels as possible, consistent with the
25 principles established in this section.

26 (b) Managed health care systems should compete for the award of
27 contracts and assignment of medicaid beneficiaries who do not
28 voluntarily select a contracting system, based upon:

29 (i) Demonstrated commitment to or experience in serving low-income
30 populations;

31 (ii) Quality of services provided to enrollees;

32 (iii) Accessibility, including appropriate utilization, of services
33 offered to enrollees;

34 (iv) Demonstrated capability to perform contracted services,
35 including ability to supply an adequate provider network;

36 (v) Payment rates; and

37 (vi) The ability to meet other specifically defined contract

1 requirements established by the ((department)) agency, including
2 consideration of past and current performance and participation in
3 other state or federal health programs as a contractor.

4 (c) Consideration should be given to using multiple year
5 contracting periods.

6 (d) Quality, accessibility, and demonstrated commitment to serving
7 low-income populations shall be given significant weight in the
8 contracting, evaluation, and assignment process.

9 (e) All contractors that are regulated health carriers must meet
10 state minimum net worth requirements as defined in applicable state
11 laws. The ((department)) agency shall adopt rules establishing the
12 minimum net worth requirements for contractors that are not regulated
13 health carriers. This subsection does not limit the authority of the
14 ((department)) agency to take action under a contract upon finding that
15 a contractor's financial status seriously jeopardizes the contractor's
16 ability to meet its contract obligations.

17 (f) Procedures for resolution of disputes between the
18 ((department)) agency and contract bidders or the ((department)) agency
19 and contracting carriers related to the award of, or failure to award,
20 a managed care contract must be clearly set out in the procurement
21 document. In designing such procedures, the ((department)) agency
22 shall give strong consideration to the negotiation and dispute
23 resolution processes used by the Washington state health care authority
24 in its managed health care contracting activities.

25 (6) The ((department)) agency may apply the principles set forth in
26 subsection (5) of this section to its managed health care purchasing
27 efforts on behalf of clients receiving supplemental security income
28 benefits to the extent appropriate.

29 **Sec. 33.** RCW 74.09.5221 and 1997 c 231 s 112 are each amended to
30 read as follows:

31 To the extent that federal statutes or regulations, or provisions
32 of waivers granted to the ~~((department of social and health services))~~
33 agency by the federal department of health and human services, include
34 standards that differ from the minimums stated in sections 101 through
35 106, 109, and 111 of this act, those sections do not apply to contracts
36 with health carriers awarded pursuant to RCW 74.09.522.

1 **Sec. 34.** RCW 74.09.5222 and 2009 c 545 s 4 are each amended to
2 read as follows:

3 (1) The ((~~department~~)) agency shall submit a section 1115
4 demonstration waiver request to the federal department of health and
5 human services to expand and revise the medical assistance program as
6 codified in Title XIX of the federal social security act. The waiver
7 request should be designed to ensure the broadest federal financial
8 participation under Title XIX and XXI of the federal social security
9 act. To the extent permitted under federal law, the waiver request
10 should include the following components:

11 (a) Establishment of a single eligibility standard for low-income
12 persons, including expansion of categorical eligibility to include
13 childless adults. The ((~~department~~)) agency shall request that the
14 single eligibility standard be phased in such that incremental steps
15 are taken to cover additional low-income parents and individuals over
16 time, with the goal of offering coverage to persons with household
17 income at or below two hundred percent of the federal poverty level;

18 (b) Establishment of a single seamless application and eligibility
19 determination system for all state low-income medical programs included
20 in the waiver. Applications may be electronic and may include an
21 electronic signature for verification and authentication. Eligibility
22 determinations should maximize federal financing where possible;

23 (c) The delivery of all low-income coverage programs as a single
24 program, with a common core benefit package that may be similar to the
25 basic health benefit package or an alternative benefit package approved
26 by the secretary of the federal department of health and human
27 services, including the option of supplemental coverage for select
28 categorical groups, such as children, and individuals who are aged,
29 blind, and disabled;

30 (d) A program design to include creative and innovative approaches
31 such as: Coverage for preventive services with incentives to use
32 appropriate preventive care; enhanced medical home reimbursement and
33 bundled payment methodologies; cost-sharing options; use of care
34 management and care coordination programs to improve coordination of
35 medical and behavioral health services; application of an innovative
36 predictive risk model to better target care management services; and
37 mandatory enrollment in managed care, as may be necessary;

1 (e) The ability to impose enrollment limits or benefit design
2 changes for eligibility groups that were not eligible under the Title
3 XIX state plan in effect on the date of submission of the waiver
4 application;

5 (f) A premium assistance program whereby employers can participate
6 in coverage options for employees and dependents of employees otherwise
7 eligible under the waiver. The waiver should make every effort to
8 maximize enrollment in employer-sponsored health insurance when it is
9 cost-effective for the state to do so, and the purchase is consistent
10 with the requirements of Titles XIX and XXI of the federal social
11 security act. To the extent allowable under federal law, the
12 ((department)) agency shall require enrollment in available employer-
13 sponsored coverage as a condition of eligibility for coverage under the
14 waiver; and

15 (g) The ability to share savings that might accrue to the federal
16 medicare program, Title XVIII of the federal social security act, from
17 improved care management for persons who are eligible for both medicare
18 and medicaid. Through the waiver application process, the
19 ((department)) agency shall determine whether the state could serve,
20 directly or by contract, as a medicare special needs plan for persons
21 eligible for both medicare and medicaid.

22 (2) The ((department)) agency shall hold ongoing stakeholder
23 discussions as it is developing the waiver request, and provide
24 opportunities for public review and comment as the request is being
25 developed.

26 (3) The ((department)) agency and the health care authority shall
27 identify statutory changes that may be necessary to ensure successful
28 and timely implementation of the waiver request as submitted to the
29 federal department of health and human services as the apple health
30 program for adults.

31 (4) The legislature must authorize implementation of any waiver
32 approved by the federal department of health and human services under
33 this section.

34 **Sec. 35.** RCW 74.09.5227 and 2001 2nd sp.s. c 2 s 3 are each
35 amended to read as follows:

1 RCW 74.09.5225 within sixty days of September 20, 2001, regardless of
2 the beneficiary's managed care status.

3 **Sec. 36.** RCW 74.09.523 and 2001 c 191 s 2 are each amended to read
4 as follows:

16 (3) A PACE program shall at the time of entering into the initial
17 PACE program agreement, and at each renewal thereof, demonstrate cash
18 reserves to cover expenses in the event of insolvency.

19 (a) The cash reserves at a minimum shall equal the sum of:

20 (i) One month's total capitation revenue; and

21 (ii) One month's average payment to subcontractors.

22 (b) The program may demonstrate cash reserves to cover expenses of
23 insolvency with one or more of the following: Reasonable and
24 sufficient net worth, insolvency insurance, or parental guarantees.

25 (4) A PACE program must provide full disclosure regarding the terms
26 of enrollment and the option to disenroll at any time to all persons
27 who seek to participate or who are participants in the program.

28 **Sec. 37.** RCW 74.09.530 and 2007 c 315 s 2 are each amended to read
29 as follows:

30 (1) The amount and nature of medical assistance and the
31 determination of eligibility of recipients for medical assistance shall
32 be the responsibility of the ((department of social and health
33 services)) agency. The ((department)) agency shall establish

34 reasonable standards of assistance and resource and income exemptions
35 which shall be consistent with the provisions of the Social Security
36 Act and with the regulations of the secretary of health, education and

1 welfare for determining eligibility of individuals for medical
2 assistance and the extent of such assistance to the extent that funds
3 are available from the state and federal government. The
4 ((department)) agency shall not consider resources in determining

9 immediately upon their termination from coverage under RCW
10 74.09.510(2)(a). The ((department)) agency shall use income
11 eligibility standards and eligibility determinations applicable to
12 children placed in foster care. The ((department)) agency, in
13 consultation with the health care authority, shall provide information
14 regarding basic health plan enrollment and shall offer assistance with
15 the application and enrollment process to individuals covered under RCW
16 74.09.510(3) who are approaching their twenty-first birthday.

17 **Sec. 38.** RCW 74.09.540 and 2001 2nd sp.s. c 15 s 2 are each
18 amended to read as follows:

19 (1) It is the intent of the legislature to remove barriers to
20 employment for individuals with disabilities by providing medical
21 assistance to ((the)) working ((disabled)) persons with disabilities
22 through a buy-in program in accordance with section 1902(a)(10)(A)(ii)
23 of the social security act and eligibility and cost-sharing
24 requirements established by the ((department)) agency.

25 (2) The ((department)) agency shall establish income, resource, and
26 cost-sharing requirements for the buy-in program in accordance with
27 federal law and any conditions or limitations specified in the omnibus
28 appropriations act. The ((department)) agency shall establish and
29 modify eligibility and cost-sharing requirements in order to administer
30 the program within available funds. The ((department)) agency shall
31 make every effort to coordinate benefits with employer-sponsored
32 coverage available to the working disabled receiving benefits under
33 this chapter.

34 **Sec. 39.** RCW 74.09.555 and 2005 c 503 s 12 are each amended to
35 read as follows:

36 (1) The ((department)) agency shall adopt rules and policies

1 providing that when persons with a mental disorder, who were enrolled
2 in medical assistance immediately prior to confinement, are released
3 from confinement, their medical assistance coverage will be fully

5 of their continued eligibility for medical assistance coverage that is
6 required under federal or state law.

7 (2) The ((department)) agency, in collaboration with the Washington
8 association of sheriffs and police chiefs, the department of
9 corrections, and the regional support networks, shall establish
10 procedures for coordination between ((department)) agency field
11 offices, institutions for mental disease, and correctional
12 institutions, as defined in RCW 9.94.049, that result in prompt
13 reinstatement of eligibility and speedy eligibility determinations for
14 persons who are likely to be eligible for medical assistance services
15 upon release from confinement. Procedures developed under this
16 subsection must address:

17 (a) Mechanisms for receiving medical assistance services
18 applications on behalf of confined persons in anticipation of their
19 release from confinement;

20 (b) Expeditious review of applications filed by or on behalf of
21 confined persons and, to the extent practicable, completion of the

29 security disability benefits, including federal acceptance of
30 applications on behalf of confined persons.

31 (3) Where medical or psychiatric examinations during a person's
32 confinement indicate that the person is disabled, the correctional
33 institution or institution for mental diseases shall provide the
34 ((department)) agency with that information for purposes of making
35 medical assistance eligibility and enrollment determinations prior to
36 the person's release from confinement. The ((department)) agency
37 shall, to the maximum extent permitted by federal law, use the

1 examination in making its determination whether the person is disabled
2 and eligible for medical assistance.

3 (4) For purposes of this section, "confined" or "confinement" means
4 incarcerated in a correctional institution, as defined in RCW 9.94.049,

6 part 435, Sec. 1009 on July 24, 2005.

7 (5) For purposes of this section, "likely to be eligible" means
8 that a person:

9 (a) Was enrolled in medicaid or supplemental security income or
10 general assistance immediately before he or she was confined and his or
11 her enrollment was terminated during his or her confinement; or

12 (b) Was enrolled in medicaid or supplemental security income or
13 general assistance at any time during the five years before his or her
14 confinement, and medical or psychiatric examinations during the
15 person's confinement indicate that the person continues to be disabled
16 and the disability is likely to last at least twelve months following
17 release.

18 (6) The economic services administration shall adopt standardized
19 statewide screening and application practices and forms designed to
20 facilitate the application of a confined person who is likely to be
21 eligible for medicaid.

22 **Sec. 40.** RCW 74.09.565 and 1989 c 87 s 4 are each amended to read
23 as follows:

24 (1) An agreement between spouses transferring or assigning rights
25 to future income from one spouse to the other shall be invalid for
26 purposes of determining eligibility for medical assistance or the
27 limited casualty program for the medically needy, but this subsection
28 does not affect agreements between spouses transferring or assigning
29 resources, and income produced by transferred or assigned resources
30 shall continue to be recognized as the separate income of the
31 transferee.

32 (2) In determining eligibility for medical assistance or the
33 limited casualty program for the medically needy for a married person
34 in need of institutional care, or care under home and community-based
35 waivers as defined in Title XIX of the social security act, if the
36 community income received in the name of the nonapplicant spouse

1 exceeds the community income received in the name of the applicant
2 spouse, the applicant's interest in that excess shall be considered
3 unavailable to the applicant.

4 (3) The ((~~department~~)) agency shall adopt rules consistent with the
5 provisions of section 1924 of the social security act entitled
6 "Treatment of Income and Resources for Certain Institutionalized
7 Spouses," in determining the allocation of income between an
8 institutionalized and community spouse.

9 (4) The ((~~department~~)) agency shall establish the monthly
10 maintenance needs allowance for the community spouse up to the maximum
11 amount allowed by state appropriation or within available funds and
12 permitted in section 1924 of the social security act. The total

19 with the treatment of resources provisions of section 1924 of the
20 social security act entitled "Treatment of Income and Resources for

22 resources between the institutionalized and community spouse.

23 (2) In the interest of supporting the community spouse the
24 ((~~department~~)) agency shall allow the maximum resource allowance amount

28 ((~~department~~)) agency, in the interest of supporting the community
29 spouse, shall allow up to a maximum of forty thousand dollars in
30 resources for the community spouse. For the fiscal biennium beginning
31 July 1, 2005, and each fiscal biennium thereafter, the maximum resource
32 allowance amount for the community spouse shall be adjusted for
33 economic trends and conditions by increasing the amount allowable by
34 the consumer price index as published by the federal bureau of labor
35 statistics. However, in no case shall the amount allowable exceed the
36 maximum resource allowance permissible under the social security act.

1 **Sec. 42.** RCW 74.09.585 and 1995 1st sp.s. c 18 s 81 are each
2 amended to read as follows:

5 of ineligibility for medical assistance due to the transfer of
6 resources.

7 (2) There shall be no penalty imposed for the transfer of assets
8 that are excluded in a determination of the individual's eligibility
9 for medicaid to the extent such assets are protected by the long-term
10 care insurance policy or contract pursuant to chapter 48.85 RCW.

11 (3) The ((department)) agency may waive a period of ineligibility

15 as follows:

16 The ((department)) agency shall in compliance with section 1924 of

28 (2) The ((department)) agency shall request any federal waiver

11 ((department)) agency. The ((department)) agency also may offer more
12 than one benefit design.

13 (5) The ((department)) agency shall limit enrollment of persons who
14 qualify for the program so as to prevent an overexpenditure of
15 appropriations for this program or to assure necessary compliance with
16 federal waiver budget neutrality requirements. The ((department))
17 agency may not reduce existing medical assistance program eligibility
18 or benefits to assure compliance with federal waiver budget neutrality
19 requirements.

5 nonprescription agents. The ((department)) agency shall track
6 per-capita expenditures for a cohort of clients that receive smoking
7 cessation benefits, and submit a cost-benefit analysis to the
