1            AN ACT Relating to advancing effective transportation for persons  
2 with special transportation needs; amending RCW 47.06B.010, 47.06B.020,  
3 47.06B.030, 47.06B.050, 36.73.020, 47.80.023, 47.06B.900, and  
4 47.06B.901; adding new sections to chapter 47.06B RCW; adding a new  
5 section to chapter 28A.300 RCW; adding a new section to chapter 35.58  
6 RCW; adding a new section to chapter 47.01 RCW; creating a new section;  
7 and providing an effective date.

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

9            NEW SECTION.    **Sec. 1.** A new section is added to chapter 47.06B RCW  
10 to read as follows:

11            (1) In 2007, the legislature directed the joint transportation  
12 committee to conduct a study of special needs transportation to examine  
13 and evaluate the effectiveness of special needs transportation in the  
14 state. A particular goal of the study was to explore opportunities to  
15 enhance coordination of special needs transportation programs to ensure  
16 that they are delivered efficiently and result in improved access and  
17 increased mobility options for their clients. It is the intent of the  
18 legislature to further consider some of the recommendations, and to

1 implement many of these recommendations in the form of two pilot  
2 projects that will test the potential for applying these  
3 recommendations statewide in the future.

4 (2) The legislature is aware that the department of social and  
5 health services submitted an application in December of 2008 to the  
6 federal centers for medicare and medicaid services, seeking approval to  
7 use the medical match system, a federal funding system that has  
8 different requirements from the federal administrative match system  
9 currently used by the department. It is the intent of the legislature  
10 to advance the goals of this act and the recommendations of the study  
11 identified in subsection (1) of this section without jeopardizing the  
12 application made by the department.

13 (3) By August 15, 2009, the agency council on coordinated  
14 transportation shall appoint a work group for the purpose of  
15 identifying relevant federal requirements related to special needs  
16 transportation, and identifying solutions to streamline the  
17 requirements and increase efficiencies in transportation services  
18 provided for persons with special transportation needs. To advance its  
19 purpose, the work group shall work with relevant federal  
20 representatives and agencies to identify and address various challenges  
21 and barriers.

22 (4) Membership of the work group must include, but not be limited  
23 to, one or more representatives from:

24 (a) The departments of transportation, veterans affairs, health,  
25 and social and health services;

26 (b) Medicaid nonemergency medical transportation brokers;

27 (c) Public transit agencies;

28 (d) Regional and metropolitan transportation planning  
29 organizations, including a representative of the regional  
30 transportation planning organization or organizations that provide  
31 staff support to the local coordinating coalition established under  
32 section 9 of this act;

33 (e) Indian tribes;

34 (f) The agency council on coordinated transportation;

35 (g) The local coordinating coalitions established under section 9  
36 of this act; and

37 (h) The office of the superintendent of public instruction.

1 (5) The work group shall elect one or more of its members to  
2 service as chair or cochairs.

3 (6) The work group shall immediately contact representatives of the  
4 federal congressional delegation for Washington state and the relevant  
5 federal agencies and coordinating authorities including, but not  
6 limited to, the federal transit administration, the United States  
7 department of health and human services, and the interagency  
8 transportation coordinating council on access and mobility, and invite  
9 the federal representatives to work collaboratively to:

10 (a) Identify transportation definitions and terminology used in the  
11 various relevant state and federal programs, and establish consistent  
12 transportation definitions and terminology. For purposes of this  
13 subsection, relevant state definitions exclude terminology that  
14 requires a medical determination, including whether a trip or service  
15 is medically necessary;

16 (b) Identify restrictions or barriers that preclude federal, state,  
17 and local agencies from sharing client lists or other client  
18 information, and make progress towards removing any restrictions or  
19 barriers;

20 (c) Identify relevant state and federal performance and cost  
21 reporting systems and requirements, and work towards establishing  
22 consistent and uniform performance and cost reporting systems and  
23 requirements; and

24 (d) Explore, subject to federal approval, opportunities to test  
25 cost allocation models, including the pilot projects established in  
26 section 11 of this act, that:

27 (i) Allow for cost sharing among public paratransit and medicaid  
28 nonemergency medical trips; and

29 (ii) Capture the value of medicaid trips provided by public transit  
30 agencies for which they are not currently reimbursed with a funding  
31 match by federal medicaid dollars.

32 (7) By December 1, 2009, the work group shall submit a report to  
33 the joint transportation committee that explains the progress made  
34 towards the goals of this section and identifies any necessary  
35 legislative action that must be taken to implement all the provisions  
36 of this section. A second progress report must be submitted to the  
37 joint transportation committee by June 1, 2010, and a final report must  
38 be submitted to the joint transportation committee by December 1, 2010.

1        NEW SECTION.    **Sec. 2.**    A new section is added to chapter 47.06B RCW  
2 to read as follows:

3        (1) By August 15, 2009, the agency council on coordinated  
4 transportation shall appoint a work group to consider certain  
5 recommendations resulting from the study identified in section 1(1) of  
6 this act. In conducting its analysis, the work group must consult with  
7 the appropriate federal agencies, including the federal transit  
8 administration, the United States department of health and human  
9 services, and the interagency transportation coordinating council on  
10 access and mobility.

11        (2) The work group must be chaired by a representative of the  
12 agency council on coordinated transportation, and members must include  
13 one or more representatives of:

14        (a) Regional and metropolitan planning organizations;

15        (b) Transit agencies;

16        (c) Brokerages providing nonemergency medical transportation  
17 services; and

18        (d) The department of social and health services.

19        (3) The work group may consider any recommendation resulting from  
20 the study identified in section 1(1) of this act, and shall  
21 specifically consider the study's recommendations regarding the  
22 procurement and designation of community access managers, including:

23        (a) The most appropriate agency to make those designations;

24        (b) The preferred geographic regions in which to establish  
25 community access managers;

26        (c) The duties and responsibilities of community access managers;  
27 and

28        (d) Any study recommendations that may interfere with the  
29 department's application as described in section 1(2) of this act, and  
30 potential solutions to those issues.

31        (4) The work group may also develop an alternative to the community  
32 access manager model proposed in the 2009 special needs transportation  
33 study recommendations, as described in section 1(1) of this act, as a  
34 recommendation to be considered by the joint transportation committee.  
35 Any proposed alternative model must build upon the work conducted in  
36 the pilot projects under section 11 of this act and the work completed  
37 in the 2009 study, and must be consistent with the goals of the 2009  
38 study.

1 (5) Subject to available funds, the work group may consult with  
2 other agencies and organizations as needed.

3 (6) By December 1, 2009, the agency council on coordinated  
4 transportation shall submit a report to the joint transportation  
5 committee describing the work group's findings and recommendations for  
6 implementing the study recommendations. If the work group finds that  
7 additional time is needed to complete its analysis, a second progress  
8 report must be submitted to the joint transportation committee by June  
9 1, 2010.

10 **Sec. 3.** RCW 47.06B.010 and 2007 c 421 s 1 are each amended to read  
11 as follows:

12 The legislature finds that transportation systems for persons with  
13 special needs are not operated as efficiently as possible. In too many  
14 cases, programs established by the legislature to assist persons with  
15 special needs can not be accessed due to these inefficiencies and  
16 coordination barriers.

17 The legislature further finds that the transportation needs of each  
18 community are unique, and that transportation services may be improved  
19 by establishing a system of statewide oversight that seeks input,  
20 collaboration, and cooperation from and among all local service  
21 providers, including public agencies, private organizations, and  
22 community-based groups.

23 It is the intent of the legislature that public transportation  
24 agencies, pupil transportation programs, private nonprofit  
25 transportation providers, and other public agencies sponsoring programs  
26 that require transportation services coordinate those transportation  
27 services. Through coordination of transportation services, programs  
28 will achieve increased efficiencies and will be able to provide more  
29 rides to a greater number of persons with special needs.

30 **Sec. 4.** RCW 47.06B.020 and 2007 c 421 s 2 are each amended to read  
31 as follows:

32 (1) The agency council on coordinated transportation is created.  
33 The purpose of the council is to advance and improve accessibility to  
34 and coordination of special needs transportation services statewide.  
35 The council is composed of (~~ten~~) fourteen voting members and four  
36 nonvoting, legislative members.

1           (2) The (~~ten~~) fourteen voting members are the superintendent of

5 as follows:

9           (i) One person designated by the executive director of the  
10 governor's committee on disability issues and employment; and

11           (ii) One person who is designated by the executive director of the  
12 developmental disabilities council;

14 transportation;

26 under the medicaid program administered by the department of social and  
27 health services;

28           (h) One representative from the Washington state department of  
29 veterans affairs; and

30           (i) One representative of the state association of counties.

31           (3) The four nonvoting members are legislators as follows:

32           (a) Two members from the house of representatives, one from each of  
33 the two largest caucuses, appointed by the speaker of the house of  
34 representatives, including at least one member from the house  
35 transportation policy and budget committee or the house appropriations  
36 committee; and

37           (b) Two members from the senate, one from each of the two largest

1 caucuses, appointed by the president of the senate, including at least  
2 one member from the senate transportation committee or the senate ways  
3 and means committee.

4 (4) Gubernatorial appointees of the council will serve two-year  
5 terms. Members may not receive compensation for their service on the  
6 council, but will be reimbursed for actual and necessary expenses  
7 incurred in performing their duties as members as set forth in RCW  
8 43.03.220.

18 (6) The council shall periodically assess its membership to ensure  
19 that there exists a balanced representation of persons with special  
20 transportation needs and providers of special transportation needs  
21 services. Recommendations for modifying the membership of the council  
22 must be included in the council's biennial report to the legislature as  
23 provided in RCW 47.06B.050.

24 (7) The department of transportation shall provide necessary staff  
25 support for the council.

26 ~~((7))~~ (8) The council may receive gifts, grants, or endowments  
27 from public or private sources that are made from time to time, in  
28 trust or otherwise, for the use and benefit of the purposes of the  
29 council and spend gifts, grants, or endowments or income from the  
30 public or private sources according to their terms, unless the receipt  
31 of the gifts, grants, or endowments violates RCW 42.17.710.

32 ~~((8))~~ (9) The meetings of the council must be open to the public,  
33 with the agenda published in advance, and minutes kept and made  
34 available to the public. The public notice of the meetings must

13 propose statewide policies and objectives, subject to enactment by the  
14 legislature, that are designed to advance the coordination of and to  
15 increase efficiencies in special needs transportation services;

27       NEW SECTION. Sec. 6. A new section is added to chapter 47.06B RCW  
28 to read as follows:

29       (1) The legislature acknowledges that successful models of  
30 coordination among state, regional, and local service providers  
31 recognize that cost accounting and cost allocation are integral  
32 components in meeting the statutory obligations of the various funding  
33 sources that may be used to support the purchase of services from  
34 special needs transportation service providers. To that end, the  
35 agency council on coordinated transportation must work collaboratively  
36 with any appropriate agencies and transportation providers and  
37 organizations to:

1 (a) Develop and adopt common units of service definitions  
2 including, but not limited to, definitions for vehicle miles, vehicle  
3 hours, and passenger trips, consistent with any relevant definitions  
4 established under section 1 of this act. For purposes of this  
5 subsection, "common units of service" excludes elements involving  
6 medical determinations, including whether a trip type or transportation  
7 service is medically necessary; and

8 (b) Develop uniform performance and cost reporting systems,  
9 consistent with performance and cost reporting systems established  
10 under section 1 of this act.

11 (2) By December 1, 2009, the agency council on coordinated  
12 transportation shall submit a report to the joint transportation  
13 committee that, at a minimum, describes the progress made towards the  
14 goals of this section. If necessary, a second progress report must be  
15 submitted to the joint transportation committee by June 1, 2010, and a  
16 final report must be submitted to the joint transportation committee by  
17 December 1, 2010.

18 NEW SECTION. **Sec. 7.** A new section is added to chapter 47.06B RCW  
19 to read as follows:

20 (1) In cooperation with the department of social and health  
21 services and the Washington state patrol, the agency council on  
22 coordinated transportation shall make progress toward the goal of  
23 establishing a single clearinghouse for driver background checks within  
24 the most cost-effective agency. To that end, the council shall, at a  
25 minimum:

26 (a) Review any previous relevant studies;

27 (b) Identify and collaborate with agencies engaged in background  
28 check analysis; and

29 (c) Develop a work plan to achieve the objectives identified in  
30 this subsection.

31 (2) By December 1, 2009, the agency council on coordinated  
32 transportation shall submit a report to the joint transportation  
33 committee that, at a minimum, describes the progress made towards the  
34 goals of this section. If necessary, a second progress report must be  
35 submitted to the joint transportation committee by June 1, 2010, and a  
36 final report must be submitted to the joint transportation committee by  
37 December 1, 2010.

1       **Sec. 8.** RCW 47.06B.050 and 2007 c 421 s 6 are each amended to read  
2 as follows:

3       The agency council on coordinated transportation shall submit a  
4 progress report (~~(on council activities)~~) to the legislature by  
5 December 1, 2009, and every other year thereafter. The report must  
6 describe the council's progress in achieving its objectives and in  
7 attaining the applicable goals identified in the council's biennial  
8 work plan and highlight any problems encountered in achieving these  
9 goals. The report must also include the required performance measure  
10 evaluations established in RCW 47.06B.030(4). The information will be  
11 reported in a form established by the council.

12       NEW SECTION. **Sec. 9.** A new section is added to chapter 47.06B RCW  
13 to read as follows:

14       (1) A local coordinating coalition is created in each nonemergency  
15 medical transportation brokerage region, as designated by the  
16 department of social and health services, that encompasses:

17       (a) A single county that has a population of more than seven  
18 hundred fifty thousand but less than one million; and

19       (b) Five counties, and is comprised of at least one county that has  
20 a population of more than four hundred thousand.

21       (2) The purpose of a local coordinating coalition is to advance  
22 local efforts to coordinate and maximize efficiencies in special needs  
23 transportation programs and services, contributing to the overall  
24 objectives and goals of the agency council on coordinated  
25 transportation. The local coordinating coalition shall serve in an  
26 advisory capacity to the agency council on coordinated transportation  
27 by providing the council with a focused and ongoing assessment of the  
28 special transportation needs and services provided within its region.

29       (3) The composition and size of each local coordinating coalition  
30 may vary by region. Local coordinating coalition members, appointed by  
31 the chair of the agency council on coordinated transportation to two-  
32 year terms, must reflect a balanced representation of the region's  
33 providers of special needs transportation services and must include:

34       (a) Members of existing local coordinating coalitions, with  
35 approval by those members;

36       (b) One or more representatives of the public transit agency or  
37 agencies serving the region;

- 1 (c) One or more representatives of private service providers;
- 2 (d) A representative of civic or community-based service providers;
- 3 (e) A consumer of special needs transportation services;
- 4 (f) A representative of nonemergency medical transportation
- 5 medicaid brokers;
- 6 (g) A representative of social and human service programs;
- 7 (h) A representative of local high school districts; and
- 8 (i) A representative from the Washington state department of
- 9 veterans affairs.

10 (4) Each coalition shall vote on an annual basis to elect one of  
11 its members to serve as chair. The position of chair must rotate among  
12 the represented members at least every two years. If the position of  
13 chair is vacated for any reason, the member representing the regional  
14 transportation planning organization described in subsection (6) of  
15 this section shall serve as acting chair until the next regular meeting  
16 of the coalition, at which time the members will elect a chair.

17 (5) Regular meetings of the local coordinating coalition may be  
18 convened at the call of the chair or by a majority of the members.  
19 Meetings must be open to the public, and held in locations that are  
20 readily accessible to public transportation.

21 (6) The regional transportation planning organization, as described  
22 in chapter 47.80 RCW, serving the region in which the local  
23 coordinating coalition is created shall provide necessary staff support  
24 for the local coordinating coalition. In regions served by more than  
25 one regional transportation planning organization, unless otherwise  
26 agreed to by the relevant planning organizations, the regional  
27 transportation planning organization serving the largest population  
28 within the region shall provide the necessary staff support.

29 NEW SECTION. **Sec. 10.** A new section is added to chapter 47.06B  
30 RCW to read as follows:

31 Local coordinating coalitions established under section 9 of this  
32 act shall:

33 (1) Identify, to the greatest extent possible, all local  
34 transportation facilities, services, and providers serving persons with  
35 special transportation needs in the region, including public transit  
36 agencies, private companies, nonprofit organizations, and community-

1 based groups. For each service provider, the coalition shall identify  
2 the boundaries within which services are provided;

3 (2) Identify local service needs, including connectivity gaps and  
4 other barriers to reliable and efficient transportation within and  
5 across service boundaries;

6 (3) Consider strategies to address the local service needs and gaps  
7 identified in subsection (2) of this section;

8 (4) In consultation with the agency council on coordinated  
9 transportation, collaborate with local service providers and operators  
10 to identify and propose common connectivity standards. The  
11 connectivity standards must, at a minimum, address signage, transit  
12 information, schedule coordination, and services provided to address  
13 access to and from a transit stop or facility; and

14 (5) Beginning December 1, 2009, submit an annual report to the  
15 agency council on coordinated transportation that must, at a minimum,
