By Representative Stanford

NOT CONSIDERED

1 On page 2, line 14, after "one" insert "Washington state"

2

3 On page 6, beginning on line 13, after "any" strike "one project
4 is ten million dollars" and insert "jurisdiction is ten million
5 dollars per biennium"

EFFECT: Clarifies that shifting jobs from one community within the state to another is to be avoided. Rather than setting a dollar limit per project, sets \$10 million as the maximum funding amount that the Board may recommend for any single jurisdiction within a biennium.
