38 relative to funding increases since 2007. The study will include the

36 of education to be remote and necessary. The committee will make an
37 assessment of the current formulas and report any recommended
38 adjustments to the legislative fiscal committees of the senate and the

 15 The analysis shall be conducted in coordination with the health care
 16 authority and shall include a review of how the exchange, federal
 17 health premium tax credits and subsidies for out-of-pocket expenses
 18 administered through the exchange, and Medicaid expansion have
 19 impacted, or could impact, health care costs for individuals, school
 20 districts, and the state. The analysis shall also include a review of
 21 the cost of stand-alone dental plans.

22 (11) Within the appropriations in this section, the joint

32 **Sec. 147.** 2013 2nd sp.s. c 4 s 149 (uncodified) is amended to read
33 as follows:

34 **FOR THE BOARD FOR VOLUNTEER FIREFIGHTERS**

35 Volunteer Firefighters' and Reserve Officers'

36 Administrative Account--State Appropriation (~~(\$1,044,000)~~)
37 \$967,000

1 integrated care project (MICP), the health care authority and the
2 department may combine and transfer such medicaid funds appropriated
3 under sections 204, 206, 208, and 213 of this act as may be necessary
4 to finance a unified health care plan for the WMIP and the MICP program
5 enrollment. The WMIP pilot projects shall not exceed a daily
6 enrollment of 6,000 persons, nor expand beyond one county during the
7 2013-2015 fiscal biennium. The amount of funding assigned from each
8 program may not exceed the average per capita cost assumed in this act
9 for individuals covered by that program, actuarially adjusted for the
10 health condition of persons enrolled, times the number of clients
11 enrolled. In implementing the WMIP and the MICP, the health care
12 authority and the department may: (i) Withhold from calculations of
13 "available resources" as set forth in RCW 71.24.025 a sum equal to the
14 capitated rate for enrolled individuals; and (ii) employ capitation
15 financing and risk-sharing arrangements in collaboration with health
16 care service contractors licensed by the office of the insurance
17 commissioner and qualified to participate in both the medicaid and
18 medicare programs.

19 (b) If Washington has been selected to participate in phase two of
20 the federal demonstration project for persons dually-eligible for both
21 medicare and medicaid, the department and the authority may initiate
22 the MICP. Participation in the project shall be limited to persons who
23 are eligible for both medicare and medicaid and to counties in which
24 the county legislative authority has agreed to the terms and conditions
25 under which it will operate. The purpose of the project shall be to
26 demonstrate and evaluate ways to improve care while reducing state
27 expenditures for persons enrolled both in medicare and medicaid. To
28 that end, prior to initiating the project, the department and the
29 authority shall assure that state expenditures shall be no greater on
30 either a per person or total basis than the state would otherwise
31 incur. Individuals who are solely eligible for medicaid may also
32 participate if their participation is agreed to by the health care
33 authority, the department, and the county legislative authority.

34 (4) The legislature finds that medicaid payment rates, as
35 calculated by the department pursuant to the appropriations in this
36 act, bear a reasonable relationship to the costs incurred by
37 efficiently and economically operated facilities for providing quality
38 services and will be sufficient to enlist enough providers so that care

1 and services are available to the extent that such care and services
2 are available to the general population in the geographic area. The
3 legislature finds that cost reports, payment data from the federal
4 government, historical utilization, economic data, and clinical input
5 constitute reliable data upon which to determine the payment rates.

6 (5) The department shall to the maximum extent practicable use the
7 same system for delivery of spoken-language interpreter services for
8 social services appointments as the one established for medical
9 appointments in section 213 of this act. When contracting directly
10 with an individual to deliver spoken language interpreter services, the
11 department shall only contract with language access providers who are
12 working at a location in the state and who are state-certified or
13 state-authorized, except that when such a provider is not available,
14 the department may use a language access provider who meets other
15 certifications or standards deemed to meet state standards, including
16 interpreters in other states.

17 (6) The department shall facilitate enrollment under the medicaid
18 expansion for clients applying for or receiving state funded services
19 from the department and its contractors. Prior to open enrollment, the
20 department shall coordinate with the health care authority to provide
21 referrals to the Washington health benefit exchange for clients that
22 will be ineligible for the medicaid expansion but are enrolled in
23 coverage that will be eliminated in the transition to the medicaid
24 expansion.

25 (7)(a) The appropriations to the department of social and health
26 services in this act shall be expended for the programs and in the
27 amounts specified in this act. However, after May 1, 2014, unless
28 specifically prohibited by this act, the department may transfer
29 general fund--state appropriations for fiscal year 2014 among programs
30 after approval by the director of financial management. However, the
31 department shall not transfer state moneys that are provided solely for
32 a specified purpose except as expressly provided in (b) of this
33 subsection.

34 (b) To the extent that transfers under (a) of this subsection are
35 insufficient to fund actual expenditures in excess of fiscal year 2014
36 caseload forecasts and utilization assumptions in the long-term care,
37 foster care, adoptions support, medicaid personal care, and child
38 support programs, the department may transfer state moneys that are

1 provided solely for a specified purpose. The department shall not
2 transfer funds, and the director of financial management shall not
3 approve the transfer, unless the transfer is consistent with the
4 objective of conserving, to the maximum extent possible, the
5 expenditure of state funds. The director of financial management shall
6 notify the appropriate fiscal committees of the senate and house of
7 representatives in writing seven days prior to approving any allotment
8 modifications or transfers under this subsection. The written
9 notification shall include a narrative explanation and justification of
10 the changes, along with expenditures and allotments by budget unit and
11 appropriation, both before and after any allotment modifications or
12 transfers.

34 collaborate with service providers in a manner that maintains the
35 availability and geographic representation of secure and semi-secure
36 crisis residential centers and HOPE centers. To achieve efficiencies
37 and increase utilization, the department shall allow the co-location of
38 these centers, except that a youth may not be placed in a secure

1 facility or the secure portion of a co-located facility except as
2 specifically authorized by chapter 13.32A RCW. The reductions to
3 appropriations in this subsection related to semi-secure crisis
4 residential centers reflect a reduction to the number of beds for semi-
5 secure crisis residential centers and not a reduction in rates. Any
6 secure crisis residential center or semi-secure crisis residential
7 center bed reduction shall not be based solely upon bed utilization.
8 The department is to exercise its discretion in reducing the number of
9 beds but to do so in a manner that maintains availability and

30 of private funds necessary for the research entity to develop the open
31 source parenting curriculum. The children's administration must make
32 the open source parenting program available to parents with an open
33 child welfare case beginning in the last six months of fiscal year
34 2015.

10 per-participant treatment costs identified by the institute.

11 (6) \$1,537,000 of the general fund--state appropriation for fiscal
12 year 2014 and \$1,537,000 of the general fund--state appropriation for
13 fiscal year 2015 are provided solely for expansion of the following

17 Reduce Future Prison Construction, Criminal Justice Costs and Crime
18 Rates": Multidimensional treatment foster care, family integrated
19 transitions, and aggression replacement training, or other programs
20 with a positive benefit-cost finding in the institute's report. The
21 administration may concentrate delivery of these treatments and
22 therapies at a limited number of programs to deliver the treatments in
23 a cost-effective manner.

24 (7)(a) The juvenile rehabilitation administration shall administer
25 a block grant, rather than categorical funding, of consolidated
26 juvenile service funds, community juvenile accountability act grants,
27 the chemical dependency disposition alternative funds, the mental
28 health disposition alternative, and the sentencing disposition
29 alternative for the purpose of serving youth adjudicated in the
30 juvenile justice system. In making the block grant, the juvenile
31 rehabilitation administration shall follow the following formula and
32 will prioritize evidence-based programs and disposition alternatives
33 and take into account juvenile courts program-eligible youth in
34 conjunction with the number of youth served in each approved evidence-
35 based program or disposition alternative: (i) Thirty-seven and one-
36 half percent for the at-risk population of youth ten to seventeen years
37 old; (ii) fifteen percent for moderate and high-risk youth; (iii)
38 twenty-five percent for evidence-based program participation; (iv)

1 seventeen and one-half percent for minority populations; (v) three
2 percent for the chemical dependency disposition alternative; and (vi)
3 two percent for the mental health and sentencing dispositional
4 alternatives. Funding for the special sex offender disposition
5 alternative (SSODA) shall not be included in the block grant, but
6 allocated on the average daily population in juvenile courts. Funding
7 for the evidence-based expansion grants shall be excluded from the
8 block grant formula. Funds may be used for promising practices when
9 approved by the juvenile rehabilitation administration and juvenile
10 courts, through the community juvenile accountability act committee,
11 based on the criteria established in consultation with Washington state
12 institute for public policy and the juvenile courts.

13 (b) The juvenile rehabilitation administration and the juvenile
14 courts shall establish a block grant funding formula oversight
15 committee with equal representation from the juvenile rehabilitation
16 administration and the juvenile courts. The purpose of this committee
17 is to assess the ongoing implementation of the block grant funding
18 formula, utilizing data-driven decision making and the most current
19 available information. The committee will be cochaired by the juvenile
20 rehabilitation administration and the juvenile courts, who will also
21 have the ability to change members of the committee as needed to
22 achieve its purpose. Initial members will include one juvenile court
23 representative from the finance committee, the community juvenile
24 accountability act committee, the risk assessment quality assurance
25 committee, the executive board of the Washington association of
26 juvenile court administrators, the Washington state center for court
27 research, and a representative of the superior court judges
28 association; two representatives from the juvenile rehabilitation
29 administration headquarters program oversight staff, two
30 representatives of the juvenile rehabilitation administration regional
31 office staff, one representative of the juvenile rehabilitation
32 administration fiscal staff and a juvenile rehabilitation
33 administration division director. The committee may make changes to
34 the formula categories other than the evidence-based program and
35 disposition alternative categories if it is determined the changes will
36 increase statewide service delivery or effectiveness of evidence-based
37 program or disposition alternative resulting in increased cost benefit
38 savings to the state. Long-term cost benefit must be considered.

1 Percentage changes may occur in the evidence-based program or
2 disposition alternative categories of the formula should it be
3 determined the changes will increase evidence-based program or
4 disposition alternative delivery and increase the cost benefit to the
5 state. These outcomes will also be considered in determining when
6 evidence-based expansion or special sex offender disposition
7 alternative funds should be included in the block grant or left
8 separate.

9 (c) The juvenile courts and administrative office of the courts
10 shall be responsible for collecting and distributing information and
11 providing access to the data systems to the juvenile rehabilitation
12 administration and the Washington state institute for public policy
13 related to program and outcome data. The juvenile rehabilitation
14 administration and the juvenile courts will work collaboratively to
15 develop program outcomes that reinforce the greatest cost benefit to
16 the state in the implementation of evidence-based practices and
17 disposition alternatives.

18 (8) The juvenile courts and administrative office of the courts
19 shall collect and distribute information related to program outcome and
20 provide access to these data systems to the juvenile rehabilitation
21 administration and Washington state institute for public policy. The
22 agreements between administrative office of the courts, the juvenile
23 courts, and the juvenile rehabilitation administration shall be
24 executed to ensure that the juvenile rehabilitation administration
25 receives the data that the juvenile rehabilitation administration
26 identifies as needed to comply with this subsection. This includes,
27 but is not limited to, information by program at the statewide
28 aggregate level, individual court level, and individual client level
29 for the purpose of the juvenile rehabilitation administration providing
30 quality assurance and oversight for the locally committed youth block
31 grant and associated funds and at times as specified by the juvenile
32 rehabilitation administration as necessary to carry out these
33 functions. The data shall be provided in a manner that reflects the
34 collaborative work the juvenile rehabilitation administration and
35 juvenile courts have developed regarding program outcomes that
36 reinforce the greatest cost benefit to the state in the implementation
37 of evidence-based practices and disposition alternatives.

1 (9) \$445,000 of the general fund--state appropriation for fiscal
2 year 2014 and \$445,000 of the general fund--state appropriation for
3 fiscal year 2015 are provided solely for funding of the teamchild
4 project.

5 (10) \$178,000 of the general fund--state appropriation for fiscal
6 year 2014 and \$178,000 of the general fund--state appropriation for
7 fiscal year 2015 are provided solely for the juvenile detention
8 alternatives initiative.

9 (11) \$250,000 of the general fund--state appropriation for fiscal
10 year 2014 and \$250,000 of the general fund--state appropriation for
11 fiscal year 2015 are provided solely for a grant program focused on
12 criminal street gang prevention and intervention. The Washington state
13 partnership council on juvenile justice may award grants under this
14 subsection. The council shall give priority to applicants who have
15 demonstrated the greatest problems with criminal street gangs.
16 Applicants composed of, at a minimum, one or more local governmental
17 entities and one or more nonprofit, nongovernmental organizations that
18 have a documented history of creating and administering effective
19 criminal street gang prevention and intervention programs may apply for
20 funding under this subsection.

21 (12) \$100,000 of the general fund--state appropriation for fiscal
22 year 2015 is provided solely to implement Engrossed Substitute House
23 Bill No. 2164 (juvenile firearms offenders). If the bill is not
24 enacted by June 30, 2014, the amount provided in this subsection shall
25 lapse.

26 (13) \$500,000 of the general fund--state appropriation for fiscal
27 year 2015 is provided solely for competitive grants to community-based
28 organizations to provide at-risk youth intervention services, including
29 but not limited to, case management, employment services, educational
30 services, and street outreach intervention programs. Projects funded
31 should focus on preventing, intervening, and suppressing behavioral
32 problems and violence while linking at-risk youth to pro-social
33 activities. The costs of administration may not exceed four percent of
34 appropriated funding for each grant recipient. Each entity receiving
35 funds must report to the juvenile rehabilitation administration on the
36 number and types of youth served, the services provided, and the impact
37 of those services upon the youth and the community.

1 (~~(ii) The remaining \$11,723,000 reduction in fiscal year 2015 must~~
2 ~~be distributed among regional support networks based on each regional~~
3 ~~support network's proportion of individuals who become newly eligible~~
4 ~~and enroll in medicaid under the expansion provisions of the affordable~~
5 ~~care act through fiscal year 2015.))~~

6 (b) \$6,590,000 of the general fund--state appropriation for fiscal
7 year 2014, \$6,590,000 of the general fund--state appropriation for
8 fiscal year 2015, and \$7,620,000 of the general fund--federal
9 appropriation are provided solely for the department and regional
10 support networks to continue to contract for implementation of high-
11 intensity programs for assertive community treatment (PACT) teams. In
12 determining the proportion of medicaid and nonmedicaid funding provided
13 to regional support networks with PACT teams, the department shall
14 consider the differences between regional support networks in the
15 percentages of services and other costs associated with the teams that
16 are not reimbursable under medicaid. The department may allow regional
17 support networks which have nonmedicaid reimbursable costs that are
18 higher than the nonmedicaid allocation they receive under this section
19 to supplement these funds with local dollars or funds received under
20 section 204(1)(a) of this act. The department and regional support
21 networks shall maintain consistency with all essential elements of the
22 PACT evidence-based practice model in programs funded under this
23 section.

24 (c) \$5,850,000 of the general fund--state appropriation for fiscal
25 year 2014, \$5,850,000 of the general fund--state appropriation for
26 fiscal year 2015, and \$1,300,000 of the general fund--federal
27 appropriation are provided solely for the western Washington regional
28 support networks to provide either community- or hospital campus-based
29 services for persons who require the level of care previously provided
30 by the program for adaptive living skills (PALS) at western state
31 hospital.

32 (d) The number of nonforensic beds allocated for use by regional
33 support networks at eastern state hospital shall be 192 per day. The
34 number of nonforensic beds allocated for use by regional support
35 networks at western state hospital shall be 557 per day.

36 (e) From the general fund--state appropriations in this subsection,
37 the secretary of social and health services shall assure that regional
38 support networks reimburse the aging and disability services

1 administration for the general fund--state cost of medicaid personal
2 care services that enrolled regional support network consumers use
3 because of their psychiatric disability.

4 (f) The department is authorized to continue to contract directly,
5 rather than through contracts with regional support networks, for
6 children's long-term inpatient facility services.

7 (g) \$750,000 of the general fund--state appropriation for fiscal
8 year 2014 and \$750,000 of the general fund--state appropriation for
9 fiscal year 2015 are provided solely to continue performance-based
10 incentive contracts to provide appropriate community support services
11 for individuals with severe mental illness who were discharged from the
12 state hospitals as part of the expanding community services initiative.
13 These funds will be used to enhance community residential and support
14 services provided by regional support networks through other state and
15 federal funding.

16 (h) \$1,125,000 of the general fund--state appropriation for fiscal
17 year 2014 and \$1,125,000 of the general fund--state appropriation for
18 fiscal year 2015 are provided solely for the Spokane regional support
19 network to implement services to reduce utilization and the census at
20 eastern state hospital. Such services shall include:

21 (i) High intensity treatment team for persons who are high
22 utilizers of psychiatric inpatient services, including those with co-
23 occurring disorders and other special needs;

24 (ii) Crisis outreach and diversion services to stabilize in the
25 community individuals in crisis who are at risk of requiring inpatient
26 care or jail services;

27 (iii) Mental health services provided in nursing facilities to
28 individuals with dementia, and consultation to facility staff treating
29 those individuals; and

30 (iv) Services at the sixteen-bed evaluation and treatment facility.

31 At least annually, the Spokane regional support network shall
32 assess the effectiveness of these services in reducing utilization at
33 eastern state hospital, identify services that are not optimally
34 effective, and modify those services to improve their effectiveness.

35 (i) \$1,529,000 of the general fund--state appropriation for fiscal
36 year 2014 and \$1,529,000 of the general fund--state appropriation for
37 fiscal year 2015 are provided solely to reimburse Pierce and Spokane

1 counties for the cost of conducting 180-day commitment hearings at the
2 state psychiatric hospitals.

3 (j) Regional support networks may use local funds to earn
4 additional federal medicaid match, provided the locally matched rate
5 does not exceed the upper-bound of their federally allowable rate
6 range, and provided that the enhanced funding is used only to provide
7 medicaid state plan or waiver services to medicaid clients.
8 Additionally, regional support networks may use a portion of the state
9 funds allocated in accordance with (a) of this subsection to earn
10 additional medicaid match, but only to the extent that the application
11 of such funds to medicaid services does not diminish the level of
12 crisis and commitment, community inpatient, residential care, and
13 outpatient services presently available to persons not eligible for
14 medicaid.

15 (k) \$3,436,000 of the general fund--state appropriation for fiscal
16 year 2014 and \$2,291,000 of the general fund--state appropriation for
17 fiscal year 2015 are provided solely for mental health services for
18 mentally ill offenders while confined in a county or city jail and for
19 facilitating access to programs that offer mental health services upon
20 release from confinement.

21 (l) \$523,000 of the general fund--state appropriation for fiscal
22 year 2014, \$775,000 of the general fund--state appropriation for fiscal
23 year 2015, and \$854,000 of the general fund--federal appropriation are
24 provided solely for implementation of sections 3 through 5 of chapter
25 289, Laws of 2013 (E2SHB 1114). Regional support networks must use
26 this funding for the development of intensive community programs that
27 allow individuals to be diverted or transitioned from the state
28 hospitals in accordance with plans approved by the department.

29 (m) \$5,986,000 of the general fund--state appropriation for fiscal
30 year 2014, \$11,592,000 of the general fund--state appropriation for
31 fiscal year 2015, and \$10,160,000 of the general fund--federal
32 appropriation are provided solely for implementation of chapter 335,
33 Laws of 2013 (ESSB 5480). Regional support networks must use this
34 funding for the development of intensive community programs that allow
35 individuals to be diverted or transitioned from the state hospitals in
36 accordance with plans approved by the department.

37 (n) Due to recent approval of federal medicaid matching funds for
38 the disability lifeline and the alcohol and drug abuse treatment

1 support act programs, the department shall charge regional support
2 networks for only the state share rather than the total cost of
3 community psychiatric hospitalization for persons enrolled in those
4 programs.

5 (o) The legislature finds that the circumstances of the Chelan-
6 Douglas regional support network (CD-RSN) make it necessary for CD-RSN
7 to undergo restructuring in order to provide mental health services
8 essential to the health and wellness of the citizens within its service
9 area. The legislature intends to provide additional temporary
10 financial relief to the CD-RSN while it undergoes internal
11 restructuring or negotiates a merger with another regional support
12 network.

13 The department shall negotiate relief for outstanding fiscal year
14 2013 reimbursements owed by CD-RSN to the state provided that the CD-
15 RSN has a plan in place that is approved by the department by August 1,
16 2013, that demonstrates how CD-RSN will maintain financial viability
17 and stability or will merge with another regional support network.

18 For the period of July 1, 2013, through December 31, 2013, the
19 department may alter collection of reimbursement from CD-RSN for
20 overuse of state hospital beds. To receive a reduction to the required
21 reimbursement for overuse of state hospital beds, CD-RSN must continue
22 to prioritize services that reduce its utilization and census at
23 eastern state hospital and be actively implementing an approved plan to
24 maintain financial viability or pursuing a future merger with another
25 regional support network. Up to \$298,000 of the general fund--state
26 appropriation for fiscal year 2014 is for the department to provide
27 payments to regional support networks in eastern Washington which have
28 used less than their allocated or contracted patient days of care at
29 the state hospital to replace the share of the reimbursements from CD-
30 RSN that the regional support networks would have received under RCW
31 71.24.320.

32 (p) \$266,000 of the general fund--state appropriation for fiscal
33 year 2014 (~~is~~) and \$1,500,000 of the general fund--state
34 appropriation for fiscal year 2015 are provided solely to maintain
35 services for the King county regional support network as it works to
36 transition services to settings that are eligible for federal
37 participation for individuals covered under the medicaid program.

1 (q) Within the amounts appropriated in this section, funding is
2 provided for the department to develop and phase in intensive mental
3 health services for high needs youth consistent with the settlement
4 agreement in T.R. v. Dreyfus and Porter.

5 (r) \$7,281,000 of the general fund--state appropriation for fiscal
6 year 2015 and \$4,589,000 of the general fund--federal appropriation are
7 provided solely for implementation of Substitute House Bill No. 2725
8 (involuntary commitment) and enhancement of community mental health
9 services. The department must contract these funds for the operation
10 of the following community programs that allow individuals to be
11 diverted or transitioned from the state hospitals: (i) Community
12 hospital or free standing evaluation and treatment services providing
13 short-term detention and commitment services under the involuntary
14 treatment act to be located in the geographic areas of the King
15 regional support network, the Spokane regional support network outside
16 of Spokane county, and the Thurston Mason regional support network;
17 (ii) one new full program of an assertive community treatment team in
18 the King regional support network and two new half programs of
19 assertive community treatment teams in the Spokane regional support
20 network and the Pierce regional support network; and (iii) three new
21 recovery support services programs in the Grays Harbor regional support
22 network, the Greater Columbia regional support network, and the North
23 Sound regional support network. In contracting for community
24 evaluation and treatment services, the department may not use these
25 resources in facilities that meet the criteria to be classified under
26 federal law as institutions for mental diseases. If the department is
27 unable to come to a contract agreement with a designated regional
28 support network for any of the services identified above, it may
29 consider contracting for that service in another regional support
30 network that has the need for such service.

18 necessary to encourage the development and growth of new products on
19 the market that combine features of life insurance, long-term care
20 insurance and annuities or medicaid life settlements, and a public-
21 private option such as facilitating a new marketplace through the
22 Washington health plan finder for private long-term care insurance
23 policies that would provide a time-limited benefit, an age defined

7 portion of the licensing and processing fees required under RCW
8 70.128.060 in any case in which the department determines that an adult
9 family home is being relicensed because of exceptional circumstances,
10 such as death or incapacity of a provider, and that to require the full
11 payment of the licensing and processing fees would present a hardship
12 to the applicant.

13 (22) It is the intent of the legislature to use savings from the
14 community first choice option to make needed investments in home and
15 community-based services for seniors and people with disabilities,

6 The appropriations in this section are subject to the following
7 conditions and limitations:

8 (1) ((~~\$1,143,994,000~~)) \$1,900,484,000 of the general fund--federal
9 appropriation is provided solely to implement the medicaid expansion as
10 defined in the social security act, section 1902(a)(10)(A)(i)(VIII),
11 subject to the conditions and limitations in this subsection. If the
12 federal medical assistance percentage for the medicaid expansion falls
13 below the percentages in section 1905(y) of the social security act as
14 of July 1, 2013, the authority shall ensure that the state does not
15 incur any additional state costs above what would have been incurred
16 had the federal medical assistance percentages remained at the
17 percentages in section 1905(y) as of July 1, 2013. The director is
18 authorized to make any necessary program adjustments to comply with
19 this requirement, including adding or adjusting premiums, modifying
20 benefits, or reducing optional programs. To the extent a waiver is
21 needed to accomplish this, the director shall promptly apply for such
22 waiver. If a necessary waiver is not approved, the medicaid expansion
23 program shall be terminated upon appropriate notification to the
24 legislature and enrollees.

25 (2) The requirements of this subsection apply to the basic health
26 plan. This subsection is null and void and has no further effect upon
27 implementation of the medicaid expansion under subsection (1) of this
28 section.

29 (a) Within amounts appropriated in this section and sections 205
30 and 206 of this act, the health care authority shall continue to
31 provide an enhanced basic health plan subsidy for foster parents
32 licensed under chapter 74.15 RCW and workers in state-funded home care
33 programs. Under this enhanced subsidy option, foster parents eligible
34 to participate in the basic health plan as subsidized enrollees and
35 home care workers with family incomes below 200 percent of the federal
36 poverty level shall be allowed to enroll in the basic health plan at
37 the minimum premium amount charged to enrollees with incomes below
38 sixty-five percent of the federal poverty level.

1 (b) The health care authority shall require organizations and
2 individuals that are paid to deliver basic health plan services and
3 that choose to sponsor enrollment in the subsidized basic health plan
4 to pay 133 percent of the premium amount which would otherwise be due
5 from the sponsored enrollees.

6 (c) The administrator shall take at least the following actions to
7 assure that persons participating in the basic health plan are eligible
8 for the level of assistance they receive: (a) Require submission of
9 (i) income tax returns, and recent pay history, from all applicants, or
10 (ii) other verifiable evidence of earned and unearned income from those
11 persons not required to file income tax returns; (b) check employment
12 security payroll records at least once every twelve months on all
13 enrollees; (c) require enrollees whose income as indicated by payroll
14 records exceeds that upon which their subsidy is based to document
15 their current income as a condition of continued eligibility; (d)
16 require enrollees for whom employment security payroll records cannot
17 be obtained to document their current income at least once every six
18 months; (e) not reduce gross family income for self-employed persons by
19 noncash-flow expenses such as, but not limited to, depreciation,
20 amortization, and home office deductions, as defined by the United
21 States internal revenue service; and (f) pursue repayment and civil
22 penalties from persons who have received excessive subsidies, as
23 provided in RCW 70.47.060(9).

24 (d) Enrollment in the subsidized basic health plan shall be limited
25 to only include persons who qualify as subsidized enrollees as defined
26 in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid
27 demonstration project number 11-W-00254/10; or (b) are foster parents
28 licensed under chapter 74.15 RCW.

29 (3) The legislature finds that medicaid payment rates, as
30 calculated by the health care authority pursuant to the appropriations
31 in this act, bear a reasonable relationship to the costs incurred by
32 efficiently and economically operated facilities for providing quality
33 services and will be sufficient to enlist enough providers so that care
34 and services are available to the extent that such care and services
35 are available to the general population in the geographic area. The
36 legislature finds that the cost reports, payment data from the federal
37 government, historical utilization, economic data, and clinical input
38 constitute reliable data upon which to determine the payment rates.

1 (4) Based on quarterly expenditure reports and caseload forecasts,
2 if the health care authority estimates that expenditures for the
3 medical assistance program will exceed the appropriations, the health
4 care authority shall take steps including but not limited to reduction
5 of rates or elimination of optional services to reduce expenditures so
6 that total program costs do not exceed the annual appropriation
7 authority.

8 (5) In determining financial eligibility for medicaid-funded
9 services, the health care authority is authorized to disregard
10 recoveries by Holocaust survivors of insurance proceeds or other
11 assets, as defined in RCW 48.104.030.

12 (6) The legislature affirms that it is in the state's interest for
13 Harborview medical center to remain an economically viable component of
14 the state's health care system.

15 (7) When a person is ineligible for medicaid solely by reason of
16 residence in an institution for mental diseases, the health care
17 authority shall provide the person with the same benefits as he or she
18 would receive if eligible for medicaid, using state-only funds to the
19 extent necessary.

20 (8) \$4,261,000 of the general fund--state appropriation for fiscal
21 year 2014, \$4,261,000 of the general fund--state appropriation for
22 fiscal year 2015, and \$8,522,000 of the general fund--federal
23 appropriation are provided solely for low-income disproportionate share
24 hospital payments.

25 (9) \$400,000 of the general fund--state appropriation for fiscal
26 year 2014, (~~(\$400,000)~~) \$200,000 of the general fund--state
27 appropriation for fiscal year 2015, and (~~(\$800,000)~~) \$600,000 of the
28 general fund--federal appropriation are provided solely for
29 disproportionate share hospital payments to rural hospitals certified
30 by the centers for medicare and medicaid services as sole community
31 hospitals as of January 1, 2013, with less than one hundred fifty acute
32 care licensed beds in fiscal year 2011 that do not participate in the
33 certified public expenditures program. The authority shall discontinue
34 these payments on January 1, 2015.

35 (10) \$100,000 of the general fund--state appropriation for fiscal
36 year 2014 and (~~(\$100,000)~~) \$50,000 of the general fund--state
37 appropriation for fiscal year 2015 are provided solely for grants to
38 rural hospitals in Clallam county that were certified by the centers

1 for medicare and medicaid services as sole community hospitals as of
2 January 1, 2013, with less than one hundred fifty acute care licensed
3 beds in fiscal year 2011. The authority shall discontinue these
4 payments on January 1, 2015.

5 (11) Within the amounts appropriated in this section, the health
6 care authority shall provide disproportionate share hospital payments
7 to hospitals that provide services to children in the children's health
8 program who are not eligible for services under Title XIX or XXI of the
9 federal social security act due to their citizenship status.

10 (12) \$6,000,000 of the general fund--federal appropriation is
11 provided solely for supplemental payments to nursing homes operated by
12 public hospital districts. The public hospital district shall be
13 responsible for providing the required nonfederal match for the
14 supplemental payment, and the payments shall not exceed the maximum
15 allowable under federal rules. It is the legislature's intent that the
16 payments shall be supplemental to and shall not in any way offset or
17 reduce the payments calculated and provided in accordance with part E
18 of chapter 74.46 RCW. It is the legislature's further intent that
19 costs otherwise allowable for rate-setting and settlement against
20 payments under chapter 74.46 RCW shall not be disallowed solely because
21 such costs have been paid by revenues retained by the nursing home from
22 these supplemental payments. The supplemental payments are subject to
23 retrospective interim and final cost settlements based on the nursing
24 homes' as-filed and final medicare cost reports. The timing of the
25 interim and final cost settlements shall be at the health care
26 authority's discretion. During either the interim cost settlement or
27 the final cost settlement, the health care authority shall recoup from
28 the public hospital districts the supplemental payments that exceed the
29 medicaid cost limit and/or the medicare upper payment limit. The
30 health care authority shall apply federal rules for identifying the
31 eligible incurred medicaid costs and the medicare upper payment limit.

32 (13) The health care authority shall continue the inpatient
33 hospital certified public expenditures program for the 2013-2015 fiscal
34 biennium. The program shall apply to all public hospitals, including
35 those owned or operated by the state, except those classified as
36 critical access hospitals or state psychiatric institutions. The
37 health care authority shall submit reports to the governor and
38 legislature by November 1, 2013, and by November 1, 2014, that evaluate

1 whether savings continue to exceed costs for this program. If the
2 certified public expenditures (CPE) program in its current form is no
3 longer cost-effective to maintain, the health care authority shall
4 submit a report to the governor and legislature detailing
5 cost-effective alternative uses of local, state, and federal resources
6 as a replacement for this program. During fiscal year 2014 and fiscal
7 year 2015, hospitals in the program shall be paid and shall retain one
8 hundred percent of the federal portion of the allowable hospital cost
9 for each medicaid inpatient fee-for-service claim payable by medical
10 assistance and one hundred percent of the federal portion of the
11 maximum disproportionate share hospital payment allowable under federal
12 regulations. Inpatient medicaid payments shall be established using an
13 allowable methodology that approximates the cost of claims submitted by
14 the hospitals. Payments made to each hospital in the program in each
15 fiscal year of the biennium shall be compared to a baseline amount.
16 The baseline amount will be determined by the total of (a) the
17 inpatient claim payment amounts that would have been paid during the
18 fiscal year had the hospital not been in the CPE program based on the
19 reimbursement rates developed, implemented, and consistent with
20 policies approved in the 2013-2015 biennial operating appropriations
21 act and in effect on July 1, 2013, (b) one-half of the indigent
22 assistance disproportionate share hospital payment amounts paid to and
23 retained by each hospital during fiscal year 2005, and (c) all of the
24 other disproportionate share hospital payment amounts paid to and
25 retained by each hospital during fiscal year 2005 to the extent the
26 same disproportionate share hospital programs exist in the 2013-2015
27 fiscal biennium. If payments during the fiscal year exceed the
28 hospital's baseline amount, no additional payments will be made to the
29 hospital except the federal portion of allowable disproportionate share
30 hospital payments for which the hospital can certify allowable match.
31 If payments during the fiscal year are less than the baseline amount,
32 the hospital will be paid a state grant equal to the difference between
33 payments during the fiscal year and the applicable baseline amount.
34 Payment of the state grant shall be made in the applicable fiscal year
35 and distributed in monthly payments. The grants will be recalculated
36 and redistributed as the baseline is updated during the fiscal year.
37 The grant payments are subject to an interim settlement within eleven
38 months after the end of the fiscal year. A final settlement shall be

1 performed. To the extent that either settlement determines that a
2 hospital has received funds in excess of what it would have received as
3 described in this subsection, the hospital must repay the excess
4 amounts to the state when requested. (~~(\$3,860,000)~~) \$11,928,000 of the
5 general fund--state appropriation for fiscal year 2014 and
6 (~~(\$1,137,000)~~) \$14,821,000 of the general fund--state appropriation for
7 fiscal year 2015 are provided solely for state grants for the
8 participating hospitals.

9 (14) The health care authority shall seek public-private
10 partnerships and federal funds that are or may become available to
11 provide on-going support for outreach and education efforts under the
12 federal children's health insurance program reauthorization act of
13 2009.

14 (15) The health care authority shall target funding for maternity
15 support services towards pregnant women with factors that lead to
16 higher rates of poor birth outcomes, including hypertension, a preterm
17 or low birth weight birth in the most recent previous birth, a
18 cognitive deficit or developmental disability, substance abuse, severe
19 mental illness, unhealthy weight or failure to gain weight, tobacco
20 use, or African American or Native American race. The health care
21 authority shall prioritize evidence-based practices for delivery of
22 maternity support services. To the extent practicable, the health care
23 authority shall develop a mechanism to increase federal funding for
24 maternity support services by leveraging local public funding for those
25 services.

26 (16) \$170,000 of the general fund--state appropriation for fiscal
27 year 2014, \$121,000 of the general fund--state appropriation for fiscal
28 year 2015, and \$292,000 of the general fund--federal appropriation are
29 provided solely to implement Engrossed Substitute House Bill No. 1519
30 (service coordination organizations) and Second Substitute Senate Bill
31 No. 5732 (behavioral health services). If neither of the bills is
32 enacted by June 30, 2013, the amounts provided in this subsection shall
33 lapse.

34 (17) \$57,000 of the general fund--state appropriation for fiscal
35 year 2014, \$40,000 of the general fund--state appropriation for fiscal
36 year 2015, and \$55,000 of the general fund--federal appropriation are
37 provided solely to develop a report on state efforts to prevent and
38 control diabetes. The authority, the department of social and health

1 services, and the department of health shall submit a coordinated
2 report to the governor and the appropriate committees of the
3 legislature by December 31, 2014, on the following:

4 (a) The financial impacts and reach that diabetes of all types and
5 undiagnosed gestational diabetes are having on the programs
6 administered by each agency and individuals, including children with
7 mothers with undiagnosed gestational diabetes, enrolled in those
8 programs. Items in this assessment must include: (i) The number of
9 lives with diabetes and undiagnosed gestational diabetes impacted or
10 covered by the programs administered by each agency; (ii) the number of
11 lives with diabetes, or at risk for diabetes, and family members
12 impacted by prevention and diabetes control programs implemented by
13 each agency; (iii) the financial toll or impact diabetes and its
14 complications, and undiagnosed gestational diabetes and the
15 complications experienced during labor to children of mothers with
16 gestational diabetes places on these programs in comparison to other
17 chronic diseases and conditions; and (iv) the financial toll or impact
18 diabetes and its complications, and diagnosed gestational diabetes and
19 the complications experienced during labor to children of mothers with
20 gestational diabetes places on these programs;

21 (b) An assessment of the benefits of implemented and existing
22 programs and activities aimed at controlling all types of diabetes and
23 preventing the disease. This assessment must also document the amount
24 and source for any funding directed to each agency for the programs and
25 activities aimed at reaching those with diabetes of all types;

26 (c) A description of the level of coordination existing between the
27 agencies on activities, programmatic activities, and messaging on
28 managing, treating, or preventing all types of diabetes and its
29 complications;

30 (d) The development or revision of detailed policy-related action
31 plans and budget recommendations for battling diabetes and undiagnosed
32 gestational diabetes that includes a range of actionable items for
33 consideration by the legislature. The plans and budget recommendations
34 must identify proposed action steps to reduce the impact of diabetes,
35 prediabetes, related diabetes complications, and undiagnosed
36 gestational diabetes. The plans and budget recommendations must also
37 identify expected outcomes of the action steps proposed in the

1 following biennium while also establishing benchmarks for controlling
2 and preventing all types of diabetes; and

3 (e) An estimate of savings, efficiencies, costs, and budgetary
4 savings and resources required to implement the plans and budget
5 recommendations identified in (d) of this subsection (17).

6 (18) Within the amounts appropriated in this section, the authority
7 shall identify strategies to improve patient adherence to treatment
8 plans for diabetes and implement these strategies as a pilot through
9 one health home program to be identified by the authority. The
10 authority shall report to the governor and the legislature in December
11 2014 on the progress of strategy implementation. The authority shall
12 report to the governor and legislature in December 2015 on patient
13 outcomes and cost savings derived from new adherence strategies in the

22 (20) \$25,000 of the general fund--state appropriation for fiscal
23 year 2014 and \$25,000 of the general fund--federal appropriation are
24 provided solely for the development of recommendations for funding
25 integrated school nursing and outreach services. The authority shall
26 collaborate with the office of the superintendent of public instruction
27 to develop recommendations for increasing federal financial
28 participation for providing nursing services in schools with the goals
29 of integrating nursing and outreach services and supporting one nurse
30 for every four hundred fifty students in elementary schools and one
31 nurse for every seven hundred fifty students in secondary schools. In
32 developing these recommendations, the authority shall inquire with the
33 federal centers for medicare and medicaid services about state plan
34 amendment or waiver options for receiving additional federal matching
35 funds for school nursing services provided to children enrolled in
36 apple health for kids. The recommendations shall include proposals for
37 funding training and reimbursement for nurses that provide outreach
38 services to help eligible students enroll in apple health for kids and

1 other social services programs. The authority and the office of the
2 superintendent of public instruction shall provide these
3 recommendations to the governor and the legislature by December 1,
4 2013.

6 year 2014 and \$500,000 of the general fund--federal appropriation are
7 provided solely to complete grant requirements for the health
8 information exchange.

9 (22) \$143,000 of the medicaid fraud penalty account--state

25 year 2014, \$62,000 of the general fund--state appropriation for fiscal

32 by independent nurse practitioners to medicare levels for the period
33 from July 1, 2013, to December 31, 2014.

34 (27) The authority shall seek a medicaid state plan amendment to
35 create a professional services supplemental payment managed care
36 program for professional services delivered to managed care recipients
37 by University of Washington medicine and other public professional
38 providers. This program shall be effective as soon as administratively

1 possible and shall operate concurrently with the existing professional
2 services supplemental payment program. The authority shall apply
3 federal rules for identifying the difference between average commercial
4 rates and fee-for-service medicaid payments. This difference will be
5 multiplied by the number of managed care encounters and incorporated
6 into the managed care plan capitation rates by a certified actuary.
7 The managed care plans will pay the providers the difference
8 attributable to the increased capitation rate. Participating providers
9 shall be solely responsible for providing the local funds required to
10 obtain federal matching funds. Any incremental costs incurred by the
11 authority in the development, implementation, and maintenance of this
12 program shall be the responsibility of the participating providers.
13 Participating providers shall retain the full amount of supplemental
14 payments provided under this program, net of any costs related to the
15 program that are disallowed due to audits or litigation against the
16 state.

17 (28) Sufficient amounts are appropriated in this section for the
18 authority to provide an adult dental benefit beginning January 1, 2014.

19 (29) To the extent allowed under federal law, the authority shall
20 require an adult client to enroll in full medicaid coverage instead of
21 family planning-only coverage unless the client is at risk of domestic
22 violence.

23 (30) The authority shall facilitate enrollment under the medicaid
24 expansion for clients applying for or receiving state funded services
25 from the authority and its contractors. Prior to open enrollment, the
26 authority shall coordinate with the department of social and health
27 services to provide referrals to the Washington health benefit exchange
28 for clients that will be ineligible for the medicaid expansion but are

30 medicaid expansion.

31 (31) \$90,000 of the general fund--state appropriation for fiscal
32 year 2014, \$90,000 of the general fund--state appropriation for fiscal
33 year 2015, and \$180,000 of the general fund--federal appropriation are
34 provided solely to continue operation by a nonprofit organization of a
35 toll-free hotline that assists families to learn about and enroll in
36 the apple health for kids program.

37 (32) Within the amounts appropriated in this section, the authority
38 shall reduce premiums for children with family incomes above 200

1 percent of the federal poverty level in the state-funded children's
2 health program who are not eligible for coverage under the federal
3 children's health insurance program. Premiums in the state and federal
4 children's health insurance program shall be equal.

5 (33) The appropriations in this section reflect savings and
6 efficiencies by transferring children receiving medical care provided
7 through fee-for-service to medical care provided through managed care.

8 (34) \$150,000 of the general fund--state appropriation for fiscal
9 year 2014, \$436,000 of the general fund--state appropriation for fiscal

14 appropriation for fiscal year 2014, (~~(\$280,000)~~) \$2,206,000 of the
15 general fund--state appropriation for fiscal year 2015, and
16 (~~(\$10,803,000)~~) \$17,912,000 of the general fund--federal appropriation
17 are provided solely to implement phase two of the project to create a
18 single provider payment system that consolidates medicaid medical and
19 social services payments and replaces the social service payment
20 system. The amounts provided in this subsection are conditioned on the
21 authority satisfying the requirements of the project management
22 oversight standards and policies established by the office of the chief
23 information officer.

24 (~~(38)~~) (36) Within the amounts appropriated in this section, the
25 health care authority and the department of social and health services
26 shall implement the state option to provide health homes for enrollees
27 with chronic conditions under section 2703 of the federal affordable
28 care act. The total state match for enrollees who are dually-eligible
29 for both medicare and medicaid and not enrolled in managed care shall
30 be no more than the net savings to the state from the enhanced match
31 rate for its medicaid-only managed care enrollees under section 2703.

32 (~~(39)~~) (37) The health care authority shall not initiate any
33 services that require expenditure of state general fund moneys unless
34 expressly authorized in this act or other law. The health care
35 authority may seek, receive, and spend, under RCW 43.79.260 through
36 43.79.282, federal moneys not anticipated in this act as long as the
37 federal funding does not require expenditure of state moneys for the
38 program in excess of amounts anticipated in this act. If the health

1 care authority receives unanticipated unrestricted federal moneys,
2 those moneys shall be spent for services authorized in this act or in
3 any other legislation providing appropriation authority, and an equal
4 amount of appropriated state general fund moneys shall lapse. Upon the
5 lapsing of any moneys under this subsection, the office of financial
6 management shall notify the legislative fiscal committees. As used in
7 this subsection, "unrestricted federal moneys" includes block grants
8 and other funds that federal law does not require to be spent on
9 specifically defined projects or matched on a formula basis by state
10 funds.

11 ~~((+40+))~~ (38) Within the amounts appropriated in this section, the
12 authority shall reimburse for primary care services provided by
13 naturopathic physicians.

14 ~~((+41+))~~ (39) Within amounts appropriated, the health care
15 authority shall conduct a review of its management and staffing

17 time equivalent employees and other administrative costs. A report
18 summarizing the review and the authority's recommendations to reduce
19 costs and full time equivalent employees must be submitted to the
20 governor and legislature by November 1, 2013.

25 1, 2015, to June 30, 2015. The Washington state health insurance pool
26 administrator shall transfer \$20,838,000 of pool contributions to the
27 treasurer for deposit into the health benefit exchange account in
28 calendar year 2014. The receipt and use of medicaid funds provided to
29 the health benefit exchange from the health care authority are subject
30 to compliance with state and federal regulations and policies governing
31 the Washington apple health programs, including timely and proper
32 application, eligibility, and enrollment procedures.

33 ~~((+43+))~~ (41) Within the amounts appropriated in this section, the
34 authority shall continue to provide coverage after December 31, 2013,
35 for pregnant teens that qualify under existing pregnancy medical
36 programs, but whose eligibility for pregnancy related services would
37 otherwise end due to the application of the new modified adjusted gross
38 income eligibility standard.

1 care enrollees in an amount prescribed by the authority. Nothing in
2 this section is intended to disrupt mutually agreeable contractual
3 arrangements between managed care organizations and clinics that impact
4 how the standard payment for services is paid. The authority will
5 require participating managed care organizations to reimburse federally
6 qualified health centers and rural health clinics for clean claims in
7 strict adherence to the timeliness of payment standards established
8 under contract and specified for the medicaid fee-for-service program
9 in section 1902(a)(37) of the social security act (42 U.S.C.
10 1396a(a)(37)), 42 C.F.R. Sec. 447.46, and specified for health carriers
11 in WAC 284-43-321. The authority shall exercise all necessary options
12 under its existing sanctions policy to enforce timely payment of
13 claims. The authority shall ensure necessary staff and resources are
14 identified to actively monitor and enforce the timeliness and accuracy
15 of payments to federally qualified health centers and rural health
16 clinics. By January 1, 2014, and after collaboration with federally
17 qualified health centers, rural health clinics, managed care plans, and
18 the centers for medicare and medicaid services, the authority will
19 produce a report that provides options for a new payment methodology
20 that rewards innovation and outcomes over volume of services delivered,
21 and which maintains the integrity of the rural health clinic and
22 federally qualified health center programs as outlined under federal
23 law. The report will detail necessary federal authority for
24 implementation and provide the benefits and drawbacks of each option.

25 ~~((+46))~~ (44) \$3,605,000 of the general fund--state appropriation
26 for fiscal year 2014 is provided solely to proportionally reduce the
27 amounts that rural health clinics owe the state under the calendar year
28 2009 recoupment.

29 ~~((+47))~~ (45) Sufficient amounts are appropriated in this section
30 to remove the mental health visit limit and to provide the shingles
31 vaccine and screening, brief intervention, and referral to treatment
32 benefits that are available in the medicaid alternative benefit plan in
33 the current medicaid benefit plan beginning January 1, 2014. ~~((The
34 authority shall monitor the costs of the habilitative benefit as part
35 of the forecasting process but shall not provide this benefit in the
36 current medicaid benefit plan without a direct appropriation in the
37 omnibus appropriations act.~~

1 development of options related to the federal basic health option. The
2 authority shall prepare options for implementing the federal basic
3 health option as federal guidance becomes available. The authority
4 shall submit a report on the options to the legislature and the
5 governor by January 1, 2014, or ninety days following the release of
6 federal guidance. The report must include a comparison of the premiums
7 and cost-sharing under the federal basic health option with the premium
8 assistance options described in this subsection, options for
9 implementing the federal basic health option in combination with a
10 premium assistance program, a detailed fiscal analysis for each
11 coverage approach, including the estimated costs for system design and
12 implementation, and information about impacted populations.

13 (b) Where possible, the authority shall leverage the same expert
14 consultants to review each proposal and compare and contrast the
15 approaches to ensure seamless coordination with the health benefit
16 exchange.

17 (c) The authority shall collaborate with the joint select committee
18 on health care oversight in the development of these options.

19 (48) \$229,000 of the general fund--state appropriation for fiscal
20 year 2015 and \$195,000 of the general fund--federal appropriation are
21 provided solely to implement Engrossed Second Substitute House Bill No.
22 2639 (mental health, chemical dependency) and Engrossed Second
23 Substitute House Bill No. 2315 (suicide prevention). If Engrossed
24 Second Substitute House Bill No. 2639 (mental health, chemical
25 dependency) is not enacted by June 30, 2014, the amounts provided in
26 this subsection shall lapse.

27 (49) \$500,000 of the general fund--state appropriation for fiscal
28 year 2015 is provided solely to begin the necessary econometric
29 modeling of the federal basic health program option to analyze the
30 program enrollment, and the costs and impacts to the state, the
31 enrollees, health care provider and facility reimbursement, and the
32 insurance marketplace. By December 31, 2014, the authority shall
33 publish a report on the findings of the econometric modeling. The
34 report shall include impacts on:

35 (a) Reimbursement levels affecting provider participation and its
36 relationship to network adequacy in the program;

37 (b) The financial stability of the Washington health benefit

1 exchange, including enrollment, risk profile, and fees for operational
2 sustainability; and

3 (c) Continuity of care, access, and affordability of coverage for
4 potential enrollees in the federal basic health program compared to the
5 insurance marketplace.

6 (50) \$604,000 of the general fund--state appropriation for fiscal
7 year 2014, \$597,000 of the general fund--state appropriation for fiscal
8 year 2015, and \$18,320,000 of the general fund--federal appropriation
9 are provided solely to implement Engrossed Second Substitute House Bill
10 No. 2572 (health care purchasing, delivery). If the bill is not
11 enacted by June 30, 2014, the amounts provided in this subsection shall
12 lapse.

13 (51) \$306,000 of the general fund--state appropriation for fiscal
14 year 2015 and \$306,000 of the general fund--federal appropriation are
15 provided solely to implement Substitute House Bill No. 2310 (provider
16 safety equipment). If the bill is not enacted by June 30, 2014, the
17 amounts provided in this subsection shall lapse.

18 (52) The health care authority may contract with any managed health
19 care system to provide medicaid services to the extent that minimum
20 contracting requirements defined by the authority are met for a given
21 region. The authority shall respond to any request to contract from a
22 managed health care system with a written explanation of the
23 preliminary decision within ninety days, with a final decision
24 contingent on successful completion of an onsite readiness review
25 process conducted by the authority. New managed health care systems
26 will only be considered for inclusion during annual contract renewal
27 periods, and requests must be submitted no later than June 1 to be
28 considered for the next contract year. The authority must heavily
29 weigh the benefit of medicaid-exchange alignment in reaching its
30 decision.

31 (53) The appropriations to the authority in this act shall be
32 expended for the purposes and in the amounts specified in this act. To
33 the extent that appropriations in this section are insufficient to fund
34 actual expenditures in excess of caseload forecasts and utilization
35 assumptions, the authority, after May 1, 2014, may transfer general
36 fund--state appropriations for fiscal year 2014 that are provided
37 solely for a specified purpose. The authority shall not transfer
38 funds, and the director of financial management shall not approve the

1 transfer, unless the transfer is consistent with the objective of
 2 conserving, to the maximum extent possible, the expenditure of state
 3 funds. The director of financial management shall notify the
 4 appropriate fiscal committees of the senate and house of
 5 representatives in writing seven days prior to approving any allotment
 6 modifications or transfers under this subsection. The written
 7 notification shall include a narrative explanation and justification of
 8 changes, along with expenditures and allotments by budget unit and
 9 appropriation, both before and after any allotment modifications or
 10 transfers.

11 (54) By January 1, 2015, the authority shall increase the fee-for-
 12 service reimbursement rates for private duty nursing services for
 13 medically fragile children, increase fee-for-service rates for home
 14 health care services, and add licensed clinical medical social services
 15 as covered home health services only to the extent that the authority
 16 determines that the provider rate increases and the additional covered
 17 services will not increase payment rates under healthy options managed
 18 care contracts.

4 (d) By December 1, 2013, the department of corrections shall
5 provide a report to the office of financial management and the
6 appropriate fiscal and policy committees of the legislature that
7 evaluates the department's use of partial confinement and work release
8 programs and makes recommendations for improving public safety and
9 decreasing recidivism through increasing participation in partial
10 confinement re-entry and work release programs. In making its
11 recommendations, the department shall identify:

12 (i) Options for increasing the capacity of work release beds to
13 meet the number of eligible offenders;

14 (ii) Potential cost savings to the state through contracting for or
15 building new work release capacity;

16 (iii) Options for expanding eligibility for partial confinement,
17 including creation of a structured re-entry program that includes
18 stable housing, mandatory participation in evidence-based programs, and

34 (f) The department of corrections shall contract with local and
35 tribal governments for the provision of jail capacity to house
36 offenders who violate the terms of their community supervision. A
37 contract shall not have a cost of incarceration in excess of \$85 per

5 pharmacy formulary, and all off-site medical expenses are preapproved
6 by department utilization management staff.

7 (g)(i) The legislature finds that it has taken several steps to
8 mitigate the demand for prison capacity including funding evidence-
9 based programming for offenders which is proven to reduce recidivism,
10 funding evidence-based treatment alternatives to incarceration for
11 drug-addicted offenders, standardizing inconsistencies in the drug
12 sentencing grid, and authorizing the department to rent local jail

26 (h) The department of corrections shall issue a competitive
27 solicitation by August 1, 2013, to contract with local jurisdictions
28 for the use of inmate bed capacity in lieu of prison beds operated by
29 the state. The department may contract for up to 300 beds statewide to
30 the extent that it is at no net cost to the department. The department
31 shall calculate and report the average cost per offender per day,
32 inclusive of all services, on an annual basis for a facility that is
33 representative of average medium or lower offender costs. The duration
34 of the contracts may be for up to four years. The department shall not
35 pay a rate greater than \$65 per day per offender for all costs
36 associated with the offender while in the local correctional facility

1 units. The capacity provided at local correctional facilities must be
2 for offenders whom the department of corrections defines as medium or
3 lower security offenders. Programming provided for inmates held in
4 local jurisdictions is included in the rate, and details regarding the
5 type and amount of programming, and any conditions regarding
6 transferring offenders will be negotiated with the department as part
7 of any contract. Local jurisdictions must provide health care to
8 offenders that meet standards set by the department. The local jail
9 will provide all medical care including unexpected emergent care. The
10 department must utilize a screening process to ensure that offenders
11 with existing extraordinary medical/mental health needs are not
12 transferred to local jail facilities. If extraordinary medical
13 conditions develop for an inmate while at a jail facility the jail may
14 transfer the offender back to the department, subject to terms of the
15 negotiated agreement. Health care costs incurred prior to transfer

22 department and at local jail facilities, identify the costs and
23 benefits of implementing strategies in jail health-care facilities, and
24 make recommendations on implementing beneficial strategies. The work

8 For small school districts and remote and necessary school plants
9 within any district which have been judged to be remote and necessary
10 by the superintendent of public instruction, additional staff units are
11 provided to ensure a minimum level of staffing support. Additional
12 administrative and certificated instructional staff units provided to
13 districts in this subsection shall be reduced by the general education

16 this section on a per district basis.

17 (a) For districts enrolling not more than twenty-five average

23 (iii) Districts receiving staff units under this subsection shall
24 add students enrolled in a district alternative high school and any

9 (g) School districts receiving additional staff units to support
10 small student enrollments and remote and necessary plants under this
11 subsection (12) shall generate additional MSOC allocations consistent
12 with the nonemployee related costs (NERC) allocation formula in place
13 for the 2010-11 school year as provided section 502, chapter 37, Laws
14 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for
15 inflation.

16 (14) Any school district board of directors may petition the
17 superintendent of public instruction by submission of a resolution
18 adopted in a public meeting to reduce or delay any portion of its basic
19 education allocation for any school year. The superintendent of public
20 instruction shall approve such reduction or delay if it does not impair
21 the district's financial condition. Any delay shall not be for more
22 than two school years. Any reduction or delay shall have no impact on
23 levy authority pursuant to RCW 84.52.0531 and local effort assistance
24 pursuant to chapter 28A.500 RCW.

25 (15) The superintendent may distribute funding for the following
26 programs outside the basic education formula during fiscal years 2014
27 and 2015 as follows:

28 (a) \$605,000 of the general fund--state appropriation for fiscal
29 year 2014 and (~~(\$614,000)~~) \$613,000 of the general fund--state
30 appropriation for fiscal year 2015 are provided solely for fire
31 protection for school districts located in a fire protection district
32 as now or hereafter established pursuant to chapter 52.04 RCW.

33 (b) \$436,000 of the general fund--state appropriation for fiscal
34 year 2014 and \$436,000 of the general fund--state appropriation for
35 fiscal year 2015 are provided solely for programs providing skills
36 training for secondary students who are enrolled in extended day
37 school-to-work programs, as approved by the superintendent of public

1 instruction. The funds shall be allocated at a rate not to exceed \$500
2 per full-time equivalent student enrolled in those programs.

3 (16) \$214,000 of the general fund--state appropriation for fiscal
4 year 2014 and (~~(\$217,000)~~) \$216,000 of the general fund--state
5 appropriation for fiscal year 2015 are provided solely for school
6 district emergencies as certified by the superintendent of public
7 instruction. At the close of the fiscal year the superintendent of
8 public instruction shall report to the office of financial management
9 and the appropriate fiscal committees of the legislature on the
10 allocations provided to districts and the nature of the emergency.

11 (17) Funding in this section is sufficient to fund a maximum of 1.6
12 FTE enrollment for skills center students pursuant to chapter 463, Laws
13 of 2007.

14 (18) Students participating in running start programs may be funded
15 up to a combined maximum enrollment of 1.2 FTE including school
16 district and institution of higher education enrollment. In
17 calculating the combined 1.2 FTE, the office of the superintendent of
18 public instruction may average the participating student's September
19 through June enrollment to account for differences in the start and end
20 dates for courses provided by the high school and higher education
21 institution. Additionally, the office of the superintendent of public
22 instruction, in consultation with the state board for community and
23 technical colleges, the student achievement council, and the education
24 data center, shall annually track and report to the fiscal committees
25 of the legislature on the combined FTE experience of students
26 participating in the running start program, including course load
27 analyses at both the high school and community and technical college
28 system.

29 (19) If two or more school districts consolidate and each district
30 was receiving additional basic education formula staff units pursuant
31 to subsection (12) of this section, the following apply:

32 (a) For three school years following consolidation, the number of
33 basic education formula staff units shall not be less than the number
34 of basic education formula staff units received by the districts in the
35 school year prior to the consolidation; and

36 (b) For the fourth through eighth school years following
37 consolidation, the difference between the basic education formula staff
38 units received by the districts for the school year prior to

1 consolidation and the basic education formula staff units after
2 consolidation pursuant to subsection (12) of this section shall be
3 reduced in increments of twenty percent per year.

4 (20)(a) Indirect cost charges by a school district to approved
5 career and technical education middle and secondary programs shall not
6 exceed 15 percent of the combined basic education and career and
7 technical education program enhancement allocations of state funds.
8 Middle and secondary career and technical education programs are
9 considered separate programs for funding and financial reporting
10 purposes under this section.

11 (b) Career and technical education program full-time equivalent
12 enrollment shall be reported on the same monthly basis as the
13 enrollment for students eligible for basic support, and payments shall
14 be adjusted for reported career and technical education program
15 enrollments on the same monthly basis as those adjustments for
16 enrollment for students eligible for basic support.

17 (21) Appropriations in this section are sufficient for the office
18 of the superintendent of public instruction to implement House Bill No.
19 2207 (basic education funding).

20 **Sec. 503.** 2013 2nd sp.s. c 4 s 503 (uncodified) is amended to read
21 as follows:

22 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE**
23 **COMPENSATION**

24 (1) The following calculations determine the salaries used in the
25 state allocations for certificated instructional, certificated
26 administrative, and classified staff units as provided in RCW
27 28A.150.280 and under section 502 of this act:

28 (a) Salary allocations for certificated instructional staff units
29 are determined for each district by multiplying the district's
30 certificated instructional total base salary shown on LEAP Document 2
31 by the district's average staff mix factor for certificated
32 instructional staff in that school year, computed using LEAP document
33 1; and

34 (b) Salary allocations for certificated administrative staff units
35 and classified staff units for each district are determined based on
36 the district's certificated administrative and classified salary
37 allocation amounts shown on LEAP Document 2.

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on (~~June 1, 2013 at 08:06 hours~~) February 23, 2014, at 9:06 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on (~~June 1, 2013 at 01:29 hours~~) February 23, 2014, at 12:29 hours.

(3) Incremental fringe benefit factors are applied to salary adjustments at a rate of 18.04 percent for school year 2013-14 and 18.04 percent for school year 2014-15 for certificated instructional and certificated administrative staff and 17.45 percent for school year 2013-14 and 17.45 percent for the 2014-15 school year for classified staff.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

2 (d) "Years of service" shall be calculated under the same rules
3 adopted by the superintendent of public instruction.

4 (e) "Credits" means college quarter hour credits and equivalent in-

9 compensation allocations under the state salary allocation schedule and
10 LEAP documents referenced in this part V, or any replacement schedules
11 and documents, unless:

12 (a) The employee has a masters degree; or

13 (b) The credits were used in generating state salary allocations
14 before January 1, 1992.

8 as are necessary to complete the school year ending in the fiscal year
9 and for prior fiscal year adjustments.

10 (2)(a) For the 2013-14 and 2014-15 school years, the superintendent
11 shall allocate funding to school district programs for the
12 transportation of eligible students as provided in RCW 28A.160.192.
13 Funding in this section for school year 2014-15 constitutes full

17 shall provide reimbursement funding to a school district for school bus
18 purchases only after the superintendent of public instruction
19 determines that the school bus was purchased from the list established

28 category for that school year.

29 ((+6)) (7) Funding levels in this section reflect waivers granted
30 by the state board of education for four-day school weeks as allowed
31 under RCW 28A.305.141.

32 ((+7)) (8) The office of the superintendent of public instruction
33 shall annually disburse payments for bus depreciation in August.

21 (ii) As a class, special education students are entitled to the
22 full basic education allocation; and
23 (iii) Special education students are basic education students for

25 (b) The superintendent of public instruction shall continue to
26 implement the full cost method of excess cost accounting, as designed

18 rather than individual district units. For purposes of this
19 subsection, the average basic education allocation per full-time

21 individual district units.

22 (7) (~~(\$22,263,000)~~) \$17,578,000 of the general fund--state
23 appropriation for fiscal year 2014, (~~(\$34,392,000)~~) \$29,948,000 of the

25 of the general fund--federal appropriation are provided solely for
26 safety net awards for districts with demonstrated needs for special
27 education funding beyond the amounts provided in subsection (4) of this
28 section. If the federal safety net awards based on the federal

30 subsection (7) in any fiscal year, the superintendent shall expend all
31 available federal discretionary funds necessary to meet this need. At

9 medical center. This amount is in lieu of money provided through the
10 home and hospital allocation and the special education program.

11 (9) The superintendent shall maintain the percentage of federal
12 flow-through to school districts at 85 percent. In addition to other
13 purposes, school districts may use increased federal funds for high-
14 cost students, for purchasing regional special education services from
15 educational service districts, and for staff development activities
16 particularly relating to inclusion issues.

17 (10) A school district may carry over from one year to the next
18 year up to 10 percent of the general fund--state funds allocated under
19 this program; however, carryover funds shall be expended in the special

1 based on the institution's annual average full-time equivalent student
2 enrollment. Staffing ratios for each category of institution shall
3 remain the same as those funded in the 1995-97 biennium.

4 (4) The funded staffing ratios for education programs for juveniles
5 age 18 or less in department of corrections facilities shall be the
6 same as those provided in the 1997-99 biennium.

7 (5) (~~(\$1,070,000)~~) \$569,000 of the general fund--state
8 appropriation for fiscal year 2014 and (~~(\$1,070,000)~~) \$569,000 of the
9 general fund--state appropriation for fiscal year 2015 are provided
10 solely to maintain at least one certificated instructional staff and
11 related support services at an institution whenever the K-12 enrollment
12 is not sufficient to support one full-time equivalent certificated
13 instructional staff to furnish the educational program. The following
14 types of institutions are included: Residential programs under the
15 department of social and health services for developmentally disabled
16 juveniles, programs for juveniles under the department of corrections,

19 jails.

20 (6) Ten percent of the funds allocated for each institution may be
21 carried over from one year to the next.
