By Senator Chase

NOT CONSIDERED

1 On page 2, line 27, after "research and development" insert "and
2 except that a project for mining and transporting of gravel and other
3 aggregates is excluded from this subsection (5) when the project will
4 be located in a geologically sensitive area prone to landslides and
5 erosion, as determined by the state geologist"

EFFECT: Projects involving gravel and aggregate mining and
transporting may not be considered for expedited permit processing when
the project is located in a landslide-prone geologically sensitive
area.
