3 facility or the secure portion of a co-located facility except as  
4 specifically authorized by chapter 13.32A RCW. The reductions to  
5 appropriations in this subsection related to semi-secure crisis  
6 residential centers reflect a reduction to the number of beds for semi-  
7 secure crisis residential centers and not a reduction in rates. Any  
8 secure crisis residential center or semi-secure crisis residential  
9 center bed reduction shall not be based solely upon bed utilization.  
10 The department is to exercise its discretion in reducing the number of  
11 beds but to do so in a manner that maintains availability and  
12 geographic representation of semi-secure and secure crisis residential  
13 centers.

26 Reduce Future Prison Construction, Criminal Justice Costs and Crime  
27 Rates": Multidimensional treatment foster care, family integrated  
28 transitions, and aggression replacement training, or other programs  
29 with a positive benefit-cost finding in the institute's report. The  
30 administration may concentrate delivery of these treatments and  
31 therapies at a limited number of programs to deliver the treatments in  
32 a cost-effective manner.

33 (7)(a) The juvenile rehabilitation administration shall administer  
34 a block grant, rather than categorical funding, of consolidated

38 alternative for the purpose of serving youth adjudicated in the

1 juvenile justice system. In making the block grant, the juvenile  
2 rehabilitation administration shall follow the following formula and  
3 will prioritize evidence-based programs and disposition alternatives  
4 and take into account juvenile courts program-eligible youth in  
5 conjunction with the number of youth served in each approved evidence-  
6 based program or disposition alternative: (i) Thirty-seven and one-  
7 half percent for the at-risk population of youth ten to seventeen years  
8 old; (ii) fifteen percent for moderate and high-risk youth; (iii)  
9 twenty-five percent for evidence-based program participation; (iv)  
10 seventeen and one-half percent for minority populations; (v) three  
11 percent for the chemical dependency disposition alternative; and (vi)  
12 two percent for the mental health and sentencing dispositional  
13 alternatives. Funding for the special sex offender disposition  
14 alternative (SSODA) shall not be included in the block grant, but  
15 allocated on the average daily population in juvenile courts. Funding  
16 for the evidence-based expansion grants shall be excluded from the  
17 block grant formula. Funds may be used for promising practices when  
18 approved by the juvenile rehabilitation administration and juvenile  
19 courts, through the community juvenile accountability act committee,  
20 based on the criteria established in consultation with Washington state  
21 institute for public policy and the juvenile courts.

22 (b) The juvenile rehabilitation administration and the juvenile  
23 courts shall establish a block grant funding formula oversight  
24 committee with equal representation from the juvenile rehabilitation  
25 administration and the juvenile courts. The purpose of this committee  
26 is to assess the ongoing implementation of the block grant funding  
27 formula, utilizing data-driven decision making and the most current  
28 available information. The committee will be cochaired by the juvenile  
29 rehabilitation administration and the juvenile courts, who will also  
30 have the ability to change members of the committee as needed to  
31 achieve its purpose. Initial members will include one juvenile court

33 accountability act committee, the risk assessment quality assurance

38 administration headquarters program oversight staff, two

2 office staff, one representative of the juvenile rehabilitation  
3 administration fiscal staff and a juvenile rehabilitation  
4 administration division director. The committee may make changes to  
5 the formula categories other than the evidence-based program and  
6 disposition alternative categories if it is determined the changes will  
7 increase statewide service delivery or effectiveness of evidence-based  
8 program or disposition alternative resulting in increased cost benefit  
9 savings to the state. Long-term cost benefit must be considered.  
10 Percentage changes may occur in the evidence-based program or  
11 disposition alternative categories of the formula should it be  
12 determined the changes will increase evidence-based program or  
13 disposition alternative delivery and increase the cost benefit to the  
14 state. These outcomes will also be considered in determining when  
15 evidence-based expansion or special sex offender disposition  
16 alternative funds should be included in the block grant or left  
17 separate.

18 (c) The juvenile courts and administrative office of the courts  
19 shall be responsible for collecting and distributing information and  
20 providing access to the data systems to the juvenile rehabilitation  
21 administration and the Washington state institute for public policy  
22 related to program and outcome data. The juvenile rehabilitation  
23 administration and the juvenile courts will work collaboratively to  
24 develop program outcomes that reinforce the greatest cost benefit to  
25 the state in the implementation of evidence-based practices and  
26 disposition alternatives.

27 (8) The juvenile courts and administrative office of the courts  
28 shall collect and distribute information related to program outcome and  
29 provide access to these data systems to the juvenile rehabilitation  
30 administration and Washington state institute for public policy.  
31 Consistent with chapter 13.50 RCW, all confidentiality agreements  
32 necessary to implement this information-sharing shall be approved  
33 within 30 days of the effective date of this section. The agreements  
34 between administrative office of the courts, the juvenile courts, and  
35 the juvenile rehabilitation administration shall be executed to ensure  
36 that the juvenile rehabilitation administration receives the data that  
37 the juvenile rehabilitation administration identifies as needed to  
38 comply with this subsection. This includes, but is not limited to,

1 information by program at the statewide aggregate level, individual  
2 court level, and individual client level for the purpose of the  
3 juvenile rehabilitation administration providing quality assurance and  
4 oversight for the locally committed youth block grant and associated  
5 funds and at times as specified by the juvenile rehabilitation  
6 administration as necessary to carry out these functions. The data  
7 shall be provided in a manner that reflects the collaborative work the  
8 juvenile rehabilitation administration and juvenile courts have  
9 developed regarding program outcomes that reinforce the greatest cost  
10 benefit to the state in the implementation of evidence-based practices  
11 and disposition alternatives.

12 (9) \$445,000 of the general fund--state appropriation for fiscal  
13 year 2014 and \$445,000 of the general fund--state appropriation for  
14 fiscal year 2015 are provided solely for funding of the teamchild

18 fiscal year 2015 are provided solely for the juvenile detention  
19 alternatives initiative.

20 (11) \$300,000 of the general fund--state appropriation for fiscal  
21 year 2014 and \$300,000 of the general fund--state appropriation for  
22 fiscal year 2015 are provided solely for a grant program focused on  
23 criminal street gang prevention and intervention. The Washington state  
24 partnership council on juvenile justice may award grants under this  
25 subsection. The council shall give priority to applicants who have  
26 demonstrated the greatest problems with criminal street gangs.  
27 Applicants composed of, at a minimum, one or more local governmental  
28 entities and one or more nonprofit, nongovernmental organizations that  
29 have a documented history of creating and administering effective  
30 criminal street gang prevention and intervention programs may apply for  
31 funding under this subsection.

32 NEW SECTION. **Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**  
33 **SERVICES--MENTAL HEALTH PROGRAM**

34 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

35	General Fund--State Appropriation (FY 2014) . . . . .	\$327,678,000
36	General Fund--State Appropriation (FY 2015) . . . . .	\$312,256,000
37	General Fund--Federal Appropriation . . . . .	\$558,901,000

1 General Fund--Private/Local Appropriation . . . . . \$17,864,000  
2 TOTAL APPROPRIATION . . . . . \$1,216,699,000

3 The appropriations in this subsection are subject to the following  
4 conditions and limitations:

5 (a) \$105,265,000 of the general fund--state appropriation for  
6 fiscal year 2014 and \$85,895,000 of the general fund--state  
7 appropriation for fiscal year 2015 are provided solely for persons and  
8 services not covered by the medicaid program. To the extent possible,  
9 levels of regional support network spending shall be maintained in the  
10 following priority order: Crisis and commitment services; community  
11 inpatient services; and residential care services, including personal  
12 care and emergency housing assistance. This is a reduction in flexible  
13 nonmedicaid funding of \$4,077,000 for fiscal year 2014 and \$23,446,000  
14 for fiscal year 2015. This reduction reflects offsets in state funding  
15 related to services that will now be funded with federal dollars  
16 through the affordable care act medicaid expansion. This reduction  
17 shall be distributed as follows:

18 (i) The \$4,077,000 reduction in fiscal year 2014 and \$11,723,000 of  
19 the reduction in fiscal year 2015 must be distributed among regional  
20 support networks based on a formula that equally weights each regional  
21 support networks proportion of individuals who become newly eligible  
22 and enroll in medicaid under the expansion provisions of the affordable  
23 care act in fiscal year 2014 and each regional support network's  
24 spending of flexible nonmedicaid funding on services that would be  
25 reimbursable for federal medicaid matching funds if provided to  
26 medicaid enrollees in the 2011-2013 fiscal biennium.

27 (ii) The remaining \$11,723,000 reduction in fiscal year 2015 must  
28 be distributed among regional support networks based on each regional  
29 support network's proportion of individuals who become newly eligible  
30 and enroll in medicaid under the expansion provisions of the affordable  
31 care act through fiscal year 2015.

32 (b) \$6,590,000 of the general fund--state appropriation for fiscal  
33 year 2014, \$6,590,000 of the general fund--state appropriation for  
34 fiscal year 2015, and \$7,620,000 of the general fund--federal  
35 appropriation are provided solely for the department and regional  
36 support networks to continue to contract for implementation of high-  
37 intensity programs for assertive community treatment (PACT) teams. In  
38 determining the proportion of medicaid and nonmedicaid funding provided

1 to regional support networks with PACT teams, the department shall  
2 consider the differences between regional support networks in the  
3 percentages of services and other costs associated with the teams that  
4 are not reimbursable under medicaid. The department may allow regional  
5 support networks which have nonmedicaid reimbursable costs that are  
6 higher than the nonmedicaid allocation they receive under this section  
7 to supplement these funds with local dollars or funds received under  
8 section 204(1)(a) of this act. The department and regional support  
9 networks shall maintain consistency with all essential elements of the  
10 PACT evidence-based practice model in programs funded under this  
11 section.

12 (c) \$5,850,000 of the general fund--state appropriation for fiscal  
13 year 2014, \$5,850,000 of the general fund--state appropriation for  
14 fiscal year 2015, and \$1,300,000 of the general fund--federal  
15 appropriation are provided solely for the western Washington regional  
16 support networks to provide either community- or hospital campus-based  
17 services for persons who require the level of care previously provided  
18 by the program for adaptive living skills (PALS) at western state  
19 hospital.

20 (d) The number of nonforensic beds allocated for use by regional  
21 support networks at eastern state hospital shall be 192 per day. The  
22 number of nonforensic beds allocated for use by regional support  
23 networks at western state hospital shall be 557 per day.

24 (e) From the general fund--state appropriations in this subsection,  
25 the secretary of social and health services shall assure that regional  
26 support networks reimburse the aging and disability services  
27 administration for the general fund--state cost of medicaid personal  
28 care services that enrolled regional support network consumers use  
29 because of their psychiatric disability.

30 (f) The department is authorized to continue to contract directly,  
31 rather than through contracts with regional support networks, for  
32 children's long-term inpatient facility services.

33 (g) \$750,000 of the general fund--state appropriation for fiscal  
34 year 2014 and \$750,000 of the general fund--state appropriation for  
35 fiscal year 2015 are provided solely to continue performance-based  
36 incentive contracts to provide appropriate community support services  
37 for individuals with severe mental illness who were discharged from the  
38 state hospitals as part of the expanding community services initiative.

1 These funds will be used to enhance community residential and support  
2 services provided by regional support networks through other state and  
3 federal funding.

4 (h) \$1,125,000 of the general fund--state appropriation for fiscal  
5 year 2014 and \$1,125,000 of the general fund--state appropriation for  
6 fiscal year 2015 are provided solely for the Spokane regional support  
7 network to implement services to reduce utilization and the census at  
8 eastern state hospital. Such services shall include:

9 (i) High intensity treatment team for persons who are high  
10 utilizers of psychiatric inpatient services, including those with co-  
11 occurring disorders and other special needs;

12 (ii) Crisis outreach and diversion services to stabilize in the  
13 community individuals in crisis who are at risk of requiring inpatient  
14 care or jail services;

15 (iii) Mental health services provided in nursing facilities to  
16 individuals with dementia, and consultation to facility staff treating  
17 those individuals; and

18 (iv) Services at the sixteen-bed evaluation and treatment facility.

19 At least annually, the Spokane regional support network shall  
20 assess the effectiveness of these services in reducing utilization at  
21 eastern state hospital, identify services that are not optimally  
22 effective, and modify those services to improve their effectiveness.

23 (i) \$1,529,000 of the general fund--state appropriation for fiscal  
24 year 2014 and \$1,529,000 of the general fund--state appropriation for  
25 fiscal year 2015 are provided solely to reimburse Pierce and Spokane  
26 counties for the cost of conducting 180-day commitment hearings at the  
27 state psychiatric hospitals.

28 (j) Regional support networks may use local funds to earn  
29 additional federal medicaid match, provided the locally matched rate  
30 does not exceed the upper-bound of their federally allowable rate  
31 range, and provided that the enhanced funding is used only to provide  
32 medicaid state plan or waiver services to medicaid clients.  
33 Additionally, regional support networks may use a portion of the state  
34 funds allocated in accordance with (a) of this subsection to earn  
35 additional medicaid match, but only to the extent that the application  
36 of such funds to medicaid services does not diminish the level of  
37 crisis and commitment, community inpatient, residential care, and

1 outpatient services presently available to persons not eligible for  
2 medicaid.

3 (k) \$3,436,000 of the general fund--state appropriation for fiscal

28 net rate add-on may not be included in the calculation of the annual  
29 statewide weighted average nursing facility payment rate.

30 (e) The rate add-on provided in (c) of this subsection is subject  
31 to the reconciliation and settlement process provided in RCW

7 assisted living facility, and adult family home fees as necessary to  
8 fully support the actual costs of conducting the licensure, inspection,  
9 and regulatory programs. The license fees may not exceed the  
10 department's annual licensing and oversight activity costs and shall  
11 include the department's cost of paying providers for the amount of the

26 (3) The legislature finds that medicaid payment rates, as  
27 calculated by the health care authority pursuant to the appropriations  
28 in this act, bear a reasonable relationship to the costs incurred by  
29 efficiently and economically operated facilities for providing quality  
30 services and will be sufficient to enlist enough providers so that care  
31 and services are available to the extent that such care and services  
32 are available to the general population in the geographic area. The  
33 legislature finds that the cost reports, payment data from the federal  
34 government, historical utilization, economic data, and clinical input  
35 constitute reliable data upon which to determine the payment rates.

36 (4) Based on quarterly expenditure reports and caseload forecasts,  
37 if the health care authority estimates that expenditures for the  
38 medical assistance program will exceed the appropriations, the health

1 care authority shall take steps including but not limited to reduction  
2 of rates or elimination of optional services to reduce expenditures so  
3 that total program costs do not exceed the annual appropriation  
4 authority.

5 (5) In determining financial eligibility for medicaid-funded  
6 services, the health care authority is authorized to disregard  
7 recoveries by Holocaust survivors of insurance proceeds or other  
8 assets, as defined in RCW 48.104.030.

9 (6) The legislature affirms that it is in the state's interest for  
10 Harborview medical center to remain an economically viable component of  
11 the state's health care system.

12 (7) When a person is ineligible for medicaid solely by reason of  
13 residence in an institution for mental diseases, the health care  
14 authority shall provide the person with the same benefits as he or she  
15 would receive if eligible for medicaid, using state-only funds to the  
16 extent necessary.

17 (8) \$4,261,000 of the general fund--state appropriation for fiscal  
18 year 2014, \$4,261,000 of the general fund--state appropriation for  
19 fiscal year 2015, and \$8,522,000 of the general fund--federal  
20 appropriation are provided solely for low-income disproportionate share  
21 hospital payments.

22 (9) \$400,000 of the general fund--state appropriation for fiscal  
23 year 2014, \$400,000 of the general fund--state appropriation for fiscal  
24 year 2015, and \$800,000 of the general fund--federal appropriation are  
25 provided solely for disproportionate share hospital payments to rural  
26 hospitals certified by the centers for medicare and medicaid services  
27 as sole community hospitals as of January 1, 2013, with less than one  
28 hundred fifty acute care licensed beds in fiscal year 2011 that do not  
29 participate in the certified public expenditures program.

30 (10) \$50,000 of the general fund--state appropriation for fiscal  
31 year 2014 and \$50,000 of the general fund--state appropriation for  
32 fiscal year 2015 are provided solely for grants to rural hospitals in  
33 Clallam county that were certified by the centers for medicare and  
34 medicaid services as sole community hospitals as of January 1, 2013,  
35 with less than one hundred fifty acute care licensed beds in fiscal  
36 year 2011.

37 (11) Within the amounts appropriated in this section, the health  
38 care authority shall provide disproportionate share hospital payments

1 to hospitals that provide services to children in the children's health  
2 program who are not eligible for services under Title XIX or XXI of the  
3 federal social security act due to their citizenship status.

4 (12) \$6,000,000 of the general fund--federal appropriation is  
5 provided solely for supplemental payments to nursing homes operated by  
6 public hospital districts. The public hospital district shall be  
7 responsible for providing the required nonfederal match for the  
8 supplemental payment, and the payments shall not exceed the maximum  
9 allowable under federal rules. It is the legislature's intent that the  
10 payments shall be supplemental to and shall not in any way offset or  
11 reduce the payments calculated and provided in accordance with part E  
12 of chapter 74.46 RCW. It is the legislature's further intent that  
13 costs otherwise allowable for rate-setting and settlement against  
14 payments under chapter 74.46 RCW shall not be disallowed solely because  
15 such costs have been paid by revenues retained by the nursing home from  
16 these supplemental payments. The supplemental payments are subject to  
17 retrospective interim and final cost settlements based on the nursing  
18 homes' as-filed and final medicare cost reports. The timing of the  
19 interim and final cost settlements shall be at the health care  
20 authority's discretion. During either the interim cost settlement or  
21 the final cost settlement, the health care authority shall recoup from  
22 the public hospital districts the supplemental payments that exceed the  
23 medicaid cost limit and/or the medicare upper payment limit. The  
24 health care authority shall apply federal rules for identifying the  
25 eligible incurred medicaid costs and the medicare upper payment limit.

26 (13) The health care authority shall continue the inpatient  
27 hospital certified public expenditures program for the 2013-2015 fiscal  
28 biennium. The program shall apply to all public hospitals, including  
29 those owned or operated by the state, except those classified as  
30 critical access hospitals or state psychiatric institutions. The  
31 health care authority shall submit reports to the governor and  
32 legislature by November 1, 2013, and by November 1, 2014, that evaluate  
33 whether savings continue to exceed costs for this program. If the  
34 certified public expenditures (CPE) program in its current form is no  
35 longer cost-effective to maintain, the health care authority shall  
36 submit a report to the governor and legislature detailing  
37 cost-effective alternative uses of local, state, and federal resources  
38 as a replacement for this program. During fiscal year 2014 and fiscal

1 year 2015, hospitals in the program shall be paid and shall retain one  
2 hundred percent of the federal portion of the allowable hospital cost  
3 for each medicaid inpatient fee-for-service claim payable by medical  
4 assistance and one hundred percent of the federal portion of the  
5 maximum disproportionate share hospital payment allowable under federal  
6 regulations. Inpatient medicaid payments shall be established using an  
7 allowable methodology that approximates the cost of claims submitted by  
8 the hospitals. Payments made to each hospital in the program in each  
9 fiscal year of the biennium shall be compared to a baseline amount.  
10 The baseline amount will be determined by the total of (a) the  
11 inpatient claim payment amounts that would have been paid during the  
12 fiscal year had the hospital not been in the CPE program based on the  
13 reimbursement rates developed, implemented, and consistent with  
14 policies approved in the 2013-2015 biennial operating appropriations  
15 act and in effect on July 1, 2013, (b) one-half of the indigent  
16 assistance disproportionate share hospital payment amounts paid to and  
17 retained by each hospital during fiscal year 2005, and (c) all of the  
18 other disproportionate share hospital payment amounts paid to and  
19 retained by each hospital during fiscal year 2005 to the extent the  
20 same disproportionate share hospital programs exist in the 2013-2015  
21 fiscal biennium. If payments during the fiscal year exceed the  
22 hospital's baseline amount, no additional payments will be made to the  
23 hospital except the federal portion of allowable disproportionate share  
24 hospital payments for which the hospital can certify allowable match.  
25 If payments during the fiscal year are less than the baseline amount,  
26 the hospital will be paid a state grant equal to the difference between  
27 payments during the fiscal year and the applicable baseline amount.  
28 Payment of the state grant shall be made in the applicable fiscal year  
29 and distributed in monthly payments. The grants will be recalculated  
30 and redistributed as the baseline is updated during the fiscal year.  
31 The grant payments are subject to an interim settlement within eleven  
32 months after the end of the fiscal year. A final settlement shall be  
33 performed. To the extent that either settlement determines that a  
34 hospital has received funds in excess of what it would have received as  
35 described in this subsection, the hospital must repay the excess  
36 amounts to the state when requested. \$5,319,000 of the general  
37 fund--state appropriation for fiscal year 2014, of which \$6,570,000 is  
38 appropriated in section 204(1) of this act, and \$1,141,000 of the

1 general fund--state appropriation for fiscal year 2015, of which  
2 \$6,570,000 is appropriated in section 204(1) of this act, are provided  
3 solely for state grants for the participating hospitals.

4 (14) The health care authority shall seek public-private  
5 partnerships and federal funds that are or may become available to  
6 provide on-going support for outreach and education efforts under the  
7 federal children's health insurance program reauthorization act of  
8 2009.

9 (15) The health care authority shall target funding for maternity  
10 support services towards pregnant women with factors that lead to  
11 higher rates of poor birth outcomes, including hypertension, a preterm  
12 or low birth weight birth in the most recent previous birth, a  
13 cognitive deficit or developmental disability, substance abuse, severe  
14 mental illness, unhealthy weight or failure to gain weight, tobacco  
15 use, or African American or Native American race. The health care  
16 authority shall prioritize evidence-based practices for delivery of  
17 maternity support services. To the extent practicable, the health care  
18 authority shall develop a mechanism to increase federal funding for  
19 maternity support services by leveraging local public funding for those  
20 services.

21 (16) \$170,000 of the general fund--state appropriation for fiscal  
22 year 2014, \$121,000 of the general fund--state appropriation for fiscal  
23 year 2015, and \$292,000 of the general fund--federal appropriation are  
24 provided solely to implement Engrossed Substitute House Bill No. 1519  
25 (service coordination organizations) and Second Substitute Senate Bill  
26 No. 5732 (behavioral health services). If neither of the bills is  
27 enacted by June 30, 2013, the amounts provided in this subsection shall  
28 lapse.

29 (17) \$57,000 of the general fund--state appropriation for fiscal  
30 year 2014, \$40,000 of the general fund--state appropriation for fiscal  
31 year 2015, and \$55,000 of the general fund--federal appropriation are  
32 provided solely to develop a report on state efforts to prevent and  
33 control diabetes. The authority, the department of social and health  
34 services, and the department of health shall submit a coordinated  
35 report to the governor and the appropriate committees of the  
36 legislature by December 31, 2014, on the following:

37 (a) The financial impacts and reach that diabetes of all types and  
38 undiagnosed gestational diabetes are having on the programs

1 administered by each agency and individuals, including children with  
2 mothers with undiagnosed gestational diabetes, enrolled in those  
3 programs. Items in this assessment must include: (i) The number of  
4 lives with diabetes and undiagnosed gestational diabetes impacted or  
5 covered by the programs administered by each agency; (ii) the number of  
6 lives with diabetes, or at risk for diabetes, and family members  
7 impacted by prevention and diabetes control programs implemented by  
8 each agency; (iii) the financial toll or impact diabetes and its  
9 complications, and undiagnosed gestational diabetes and the  
10 complications experienced during labor to children of mothers with  
11 gestational diabetes places on these programs in comparison to other  
12 chronic diseases and conditions; and (iv) the financial toll or impact  
13 diabetes and its complications, and diagnosed gestational diabetes and  
14 the complications experienced during labor to children of mothers with  
15 gestational diabetes places on these programs;

16 (b) An assessment of the benefits of implemented and existing  
17 programs and activities aimed at controlling all types of diabetes and  
18 preventing the disease. This assessment must also document the amount  
19 and source for any funding directed to each agency for the programs and  
20 activities aimed at reaching those with diabetes of all types;

21 (c) A description of the level of coordination existing between the  
22 agencies on activities, programmatic activities, and messaging on  
23 managing, treating, or preventing all types of diabetes and its  
24 complications;

25 (d) The development or revision of detailed policy-related action  
26 plans and budget recommendations for battling diabetes and undiagnosed  
27 gestational diabetes that includes a range of actionable items for  
28 consideration by the legislature. The plans and budget recommendations  
29 must identify proposed action steps to reduce the impact of diabetes,  
30 prediabetes, related diabetes complications, and undiagnosed  
31 gestational diabetes. The plans and budget recommendations must also  
32 identify expected outcomes of the action steps proposed in the  
33 following biennium while also establishing benchmarks for controlling  
34 and preventing all types of diabetes; and

35 (e) An estimate of savings, efficiencies, costs, and budgetary  
36 savings and resources required to implement the plans and budget  
37 recommendations identified in (d) of this subsection (15).

1 (18) \$25,000 of the general fund--state appropriation for fiscal  
2 year 2014 and \$25,000 of the general fund--federal appropriation are  
3 provided solely for the development of recommendations for funding  
4 integrated school nursing and outreach services. The authority shall  
5 collaborate with the office of the superintendent of public instruction  
6 to develop recommendations for increasing federal financial  
7 participation for providing nursing services in schools with the goals  
8 of integrating nursing and outreach services and supporting one nurse  
9 for every four hundred fifty students in elementary schools and one  
10 nurse for every seven hundred fifty students in secondary schools. In  
11 developing these recommendations, the authority shall inquire with the  
12 federal centers for medicare and medicaid services about state plan  
13 amendment or waiver options for receiving additional federal matching  
14 funds for school nursing services provided to children enrolled in  
15 apple health for kids. The recommendations shall include proposals for  
16 funding training and reimbursement for nurses that provide outreach  
17 services to help eligible students enroll in apple health for kids and  
18 other social services programs. The authority and the office of the  
19 superintendent of public instruction shall provide these  
20 recommendations to the governor and the legislature by December 1,  
21 2013.

22 (19) \$430,000 of the general fund--state appropriation for fiscal  
23 year 2014 and \$500,000 of the general fund--federal appropriation are  
24 provided solely to complete grant requirements for the health  
25 information exchange.

26 (20) \$143,000 of the general fund--state appropriation for fiscal  
27 year 2014 and \$423,000 of the general fund--federal appropriation are  
28 provided solely for the rebasing of outpatient and inpatient payment  
29 methods.

30 (21) \$822,000 of the general fund--state appropriation for fiscal  
31 year 2014, \$341,000 of the general fund--state appropriation for fiscal  
32 year 2015, and \$9,710,000 of the general fund--federal appropriation  
33 are provided solely to implement the conversion to the tenth version of  
34 the world health organization's international classification of  
35 diseases.

37 year 2014, \$35,000 of the general fund--state appropriation for fiscal  
38 year 2015, and \$359,000 of the general fund--federal appropriation are

1 provided solely to update the medicaid information technology  
2 architecture state self-assessment and to develop the five year road  
3 map for the medicaid information technology architecture architect.

12 by independent nurse practitioners to medicare levels for the period  
13 from July 1, 2013, to December 31, 2014.

14 (25) The authority shall seek a medicaid state plan amendment to  
15 create a professional services supplemental payment managed care  
16 program for professional services delivered to managed care recipients  
17 by University of Washington medicine and other public professional  
18 providers. This program shall be effective as soon as administratively  
19 possible and shall operate concurrently with the existing professional  
20 services supplemental payment program. The authority shall apply  
21 federal rules for identifying the difference between average commercial  
22 rates and fee-for-service medicaid payments. This difference will be  
23 multiplied by the number of managed care encounters and incorporated  
24 into the managed care plan capitation rates by a certified actuary.  
25 The managed care plans will pay the providers the difference  
26 attributable to the increased capitation rate. Participating providers  
27 shall be solely responsible for providing the local funds required to  
28 obtain federal matching funds. Any incremental costs incurred by the  
29 authority in the development, implementation, and maintenance of this  
30 program shall be the responsibility of the participating providers.  
31 Participating providers shall retain the full amount of supplemental  
32 payments provided under this program, net of any costs related to the  
33 program that are disallowed due to audits or litigation against the  
34 state.

35 (26) Sufficient amounts are appropriated in this section for the  
36 authority to provide an adult dental benefit beginning January 1, 2014.

37 (27) To the extent allowed under federal law, the authority shall

1 require an adult client to enroll in full medicaid coverage instead of  
2 family planning-only coverage unless the client is at risk of domestic  
3 violence.

4 (28) The authority shall facilitate enrollment under the medicaid  
5 expansion for clients applying for or receiving state funded services  
6 from the authority and its contractors. Prior to open enrollment, the  
7 authority shall coordinate with the department of social and health  
8 services to provide referrals to the Washington health benefit exchange  
9 for clients that will be ineligible for the medicaid expansion but are  
10 enrolled in coverage that will be eliminated in the transition to the  
11 medicaid expansion.

12 (29) \$90,000 of the general fund--state appropriation for fiscal  
13 year 2014, \$90,000 of the general fund--state appropriation for fiscal  
14 year 2015, and \$180,000 of the general fund--federal appropriation are  
15 provided solely to continue operation by a nonprofit organization of a  
16 toll-free hotline that assists families to learn about and enroll in  
17 the apple health for kids program.

18 (30) The appropriations in this section reflect savings and  
19 efficiencies by transferring children receiving medical care provided  
20 through fee-for-service to medical care provided through managed care.

21 (31) \$150,000 of the general fund--state appropriation for fiscal  
22 year 2014, \$436,000 of the general fund--state appropriation for fiscal

25 initiatives related to the health information technology medicaid plan.

26 (32) The authority shall purchase a brand name drug when it  
27 determines that the cost of the brand name drug after rebates is less  
28 than the cost of generic alternatives and that purchase of the brand  
29 rather than generic version can save at least \$250,000. The authority  
30 may purchase generic alternatives when changes in market prices make  
31 the price of the brand name drug after rebates more expensive than the  
32 generic alternatives.

33 (33) The authority shall not subject antiretroviral drugs used to  
34 treat HIV/AIDS, anticancer medications used to kill or slow the growth  
35 of cancerous cells, antihemophilic drugs, or transplant drugs to any  
36 medicaid preferred drug list or formulary for the fee-for-service  
37 population.

1 (34) \$1,531,000 of the general fund--state appropriation for fiscal  
2 year 2014, \$280,000 of the general fund--state appropriation for fiscal  
3 year 2015, and \$10,803,000 of the general fund--federal appropriation  
4 are provided solely to implement phase two of the project to create a  
5 single provider payment system that consolidates medicaid medical and  
6 social services payments and replaces the social service payment  
7 system. The amounts provided in this subsection are conditioned on the  
8 authority satisfying the requirements of the project management  
9 oversight standards and policies established by the office of the chief  
10 information officer.

11 (35) Within the amounts appropriated in this section, the health  
12 care authority and the department of social and health services shall  
13 implement the state option to provide health homes for enrollees with  
14 chronic conditions under section 2703 of the federal affordable care  
15 act. The total state match for enrollees who are dually-eligible for  
16 both medicare and medicaid and not enrolled in managed care shall be no  
17 more than the net savings to the state from the enhanced match rate for  
18 its medicaid-only managed care enrollees under section 2703.

19 (36) The health care authority shall not initiate any services that  
20 require expenditure of state general fund moneys unless expressly  
21 authorized in this act or other law. The health care authority may  
22 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,  
23 federal moneys not anticipated in this act as long as the federal  
24 funding does not require expenditure of state moneys for the program in  
25 excess of amounts anticipated in this act. If the health care  
26 authority receives unanticipated unrestricted federal moneys, those  
27 moneys shall be spent for services authorized in this act or in any  
28 other legislation providing appropriation authority, and an equal  
29 amount of appropriated state general fund moneys shall lapse. Upon the  
30 lapsing of any moneys under this subsection, the office of financial  
31 management shall notify the legislative fiscal committees. As used in  
32 this subsection, "unrestricted federal moneys" includes block grants  
33 and other funds that federal law does not require to be spent on  
34 specifically defined projects or matched on a formula basis by state  
35 funds.

36 (37) Within the amounts appropriated in this section, the authority  
37 shall reimburse for primary care services provided by naturopathic  
38 physicians.

1 (38) Within amounts appropriated, the health care authority shall  
2 conduct a review of its management and staffing structure to identify  
3 efficiencies and opportunities to reduce full time equivalent employees  
4 and other administrative costs. A report summarizing the review and  
5 the authority's recommendations to reduce costs and full time  
6 equivalent employees must be submitted to the governor and legislature  
7 by November 1, 2013.

8 (39) \$19,250,000 of the health benefit exchange account--state  
9 appropriation and \$2,750,000 of the general fund--federal appropriation  
10 are provided solely to support the operations of the Washington health  
11 benefit exchange from January 1, 2015, to June 30, 2015.

12 (40) \$1,540,000 of the general fund--state appropriation for fiscal  
13 year 2014, \$946,000 of the general fund--state appropriation for fiscal  
14 year 2015, \$930,000 of the health benefit exchange account--state  
15 appropriation, and \$10,743,000 of the general fund--federal  
16 appropriation are provided solely for the medicaid and children's  
17 health insurance program shares of costs allocated from the health  
18 benefit exchange. The amounts provided in this subsection shall lapse  
19 if Engrossed Substitute House Bill No. 1947 (Washington health benefit  
20 exchange) is not enacted by June 30, 2013, and the office of financial  
21 management determines by January 1, 2013, that the charges to enrollees  
22 and the state under the health benefit exchange's self-sustaining  
23 methodology exceed 3.4 percent of premiums paid.

24 (41) Within the amounts appropriated in this section, the authority  
25 shall continue to provide coverage for pregnant teens that cannot  
26 qualify for medicaid or the federal children's health insurance  
27 program.

28 (42) Upon implementation of the medicaid expansion under subsection  
29 (1) of this section, the breast and cervical cancer treatment program  
30 is eliminated. To maintain continuity of coverage, the authority shall  
31 offer the option to stay in a fee-for-service program to clients that  
32 are already enrolled in the breast and cervical cancer treatment  
33 program and will be transitioned into the new adult group upon  
34 implementation of the medicaid expansion. The authority will continue  
35 to provide coverage to clients that are already enrolled in the breast  
36 and cervical cancer treatment program at the time of program  
37 elimination until their courses of treatment are completed.

1 (43) \$40,000 of the general fund--state appropriation for fiscal  
2 year 2014 and \$40,000 of the general fund--federal appropriation are  
3 provided solely for the authority to create a new position to provide  
4 adequate oversight and assistance to managed care organizations, rural  
5 health clinics, and federally qualified health centers under a new  
6 administratively streamlined payment methodology. Effective July 1,  
7 2013, or upon obtaining any necessary federal approval, but in no case  
8 during the first quarter of a calendar year, the authority shall  
9 implement an administratively streamlined payment methodology for  
10 federally qualified health centers and rural health clinics. State  
11 payments to managed care organizations shall include the full encounter  
12 payments for federally qualified health centers and rural health  
13 clinics as defined in the medicaid state plan and in accordance with  
14 section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). For  
15 any services eligible for encounter payments, as defined in the  
16 medicaid state plan, managed care organizations shall be required to  
17 pay at least the full published encounter rates directly to each clinic  
18 or center. The authority will require participating managed care  
19 organizations to reimburse federally qualified health centers and rural  
20 health clinics for clean claims in strict adherence to the timeliness  
21 of payment standards established under contract and specified for the  
22 medicaid fee-for-service program in section 1902(a)(37) of the social  
23 security act (42 U.S.C. 1396a(a)(37)), 42 C.F.R. Sec. 447.46, and  
24 specified for health carriers in WAC 284-43-321. The authority shall  
25 exercise all necessary options under its existing sanctions policy to  
26 enforce timely payment of claims. The authority shall ensure necessary  
27 staff and resources are identified to actively monitor and enforce the

10 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for  
11 inflation.

12 (13) Any school district board of directors may petition the  
13 superintendent of public instruction by submission of a resolution  
14 adopted in a public meeting to reduce or delay any portion of its basic

16 projects and improved statewide or agency performance results achieved  
17 by project funding.

18 (4) If the Washington state department of transportation enters  
19 into financial contracts pursuant to chapter 39.94 RCW for the  
20 acquisition and implementation of a time, leave, and labor distribution  
21 system, the authorization provided to the department of enterprise  
22 services in subsection (2)(a) of this section expires.

23 NEW SECTION. **Sec. 944. INFORMATION TECHNOLOGY PROJECTS**

24 (1) The office of the chief information officer, in coordination  
25 with the technology services board, must evaluate existing state  
26 technology policies on technology investment planning and project  
27 implementation to determine whether these policies reflect current  
28 industry leading practices. Where necessary, the office of the chief  
29 information officer shall develop revisions to these policies designed  
30 to incorporate leading practices, and to incorporate appropriate  
31 reporting mechanisms designed to improve the transparency of agency  
32 compliance with these policies. All revisions must be submitted to the  
33 technology services board for approval no later than September 30,  
34 2013. The technology services board may create a subcommittee  
35 responsible for the ongoing review and oversight of state technology  
36 policy development.

1 (2) The office of the chief information officer shall improve the  
2 transparency of agency technology planning and development activities  
3 by implementing a publicly facing web-based reporting tool for  
4 centralized reporting and posting of these documents. The office of  
5 the chief information officer shall develop and implement a policy  
6 requiring that all critical planning documents, including but not  
7 limited to feasibility studies, project management plans, and quality  
8 assurance plans for all major projects, and all quality assurance  
9 status reports. The reporting tool should be in place no later than  
10 September 30, 2013.

11 NEW SECTION. **Sec. 945. PERSONAL COMPUTER ACQUISITION AND**  
12 **REPLACEMENT**

13 (1) The legislature finds that the state must achieve reduced costs  
14 in the acquisition and deployment of new and replacement personal  
15 computers. The office of the chief information officer of the state  
16 must develop a policy on the procurement of personal computers with the  
17 goal of reducing the total life cycle cost of ownership. The policy  
18 must be effective no later than September 1, 2013.

19 (2) At a minimum, the policy must address frequency of replacement,  
20 identify a preferred financing method, and identify one or more  
21 preferred equipment configurations. Financing methods examined in  
22 developing the policy must include leasing, lease purchasing,  
23 purchasing using certificates of participation and cash purchase. In  
24 determining total life cycle costs, the office of the chief information  
25 officer must consider the cost of acquisition, deployment, financing,  
26 maintenance, and decommissioning of personal computers including any  
27 residual software licensing costs. The office of the chief information  
28 officer may include any other criteria deemed appropriate in developing  
29 the policy.

30 (3) The office of the attorney general shall participate in a pilot  
31 acquisition program. Key elements of the pilot will include a regular  
32 replacement cycle that ensures reliable equipment and is acquired by  
33 lease. Deployment of the replacement computer and decommissioning of  
34 the old computer must also be part of the acquisition contract. The  
35 office of the attorney general must work with the office of the chief  
36 information officer to determine the costs and benefits of this

1 approach relative to cash procurement and agency deployment and  
2 decommissioning. The office of the chief information officer shall  
3 report on the findings of the pilot not later than January 1, 2015.

4 (4) While judicial, legislative, and higher education agencies are  
5 exempt from this policy, they are encouraged to adhere to the policy to  
6 the maximum extent practicable in meeting the goal of lowering the  
7 total life cycle cost of ownership for personal computers.

8 NEW SECTION. **Sec. 946. INFORMATION TECHNOLOGY SECURITY PROGRAMS**  
9 **AND TRAINING**

10 (1) The office of the chief information officer has developed  
11 information technology security policies to assist state agencies in  
12 implementing an information technology security program. Before any  
13 agency may expend amounts appropriated in this act on information  
14 technology equipment, the agency must adopt the information technology  
15 security guidelines or the state chief information officer must approve  
16 an agency's information technology security program.

17 (2) Every agency shall submit to the office of the chief  
18 information officer a schedule for employee information technology  
19 security training, in accordance with technology security policies, no  
20 later than September 1, 2013. In the event an agency has not complied  
21 with this requirement, the chief information officer may request the  
22 office of financial management to embargo all or part of the amounts  
23 appropriated to the agency in this act for information technology  
24 equipment purchases until the agency training schedule is received.

9 for drug court programs with local cash or in-kind resources. Moneys  
10 allocated by the state must be used to supplement, not supplant, other

16 (b) Any jurisdiction that establishes a drug court pursuant to this  
17 section shall establish minimum requirements for the participation of

8 amended to read as follows:

9 (1) Tuition fees shall be established under the provisions of this  
10 chapter.

11 (2) Beginning in the 2011-12 academic year, reductions or increases  
12 in full-time tuition fees shall be as provided in the omnibus  
13 appropriations act for resident undergraduate students at community and  
14 technical colleges. The governing boards of the state universities,  
15 regional universities, and The Evergreen State College; and the state  
16 board for community and technical colleges may reduce or increase full-  
17 time tuition fees for all students other than resident undergraduates,  
18 including nonresident students, summer school students, and students in  
19 other self-supporting degree programs. Percentage increases in full-  
20 time tuition may exceed the fiscal growth factor. Except during the  
21 ((2011-2013)) 2013-2015 fiscal biennium, the state board for community  
22 and technical colleges may pilot or institute differential tuition  
23 models. The board may define scale, scope, and rationale for the  
24 models.

25 (3)(a) Beginning with the 2011-12 academic year and through the end  
26 of the 2014-15 academic year, the governing boards of the state  
27 universities, the regional universities, and The Evergreen State

37 the governing boards of the state universities, the regional

1 universities, and The Evergreen State College shall consult with  
2 existing student associations or organizations with student  
3 undergraduate and graduate representatives regarding the impacts of  
4 potential tuition increases. Each governing board shall make public  
5 its proposal for tuition and fee increases twenty-one days before the

8 public a proposal for tuition and fee increases twenty-one days before  
9 the governing board considers adoption shall not apply if the omnibus  
10 appropriations act has not passed the legislature by May 15th.  
11 Governing boards shall be required to provide data regarding the  
12 percentage of students receiving financial aid, the sources of aid, and  
13 the percentage of total costs of attendance paid for by aid.

14 (c) Prior to reducing or increasing tuition for each academic year,  
15 the state board for community and technical college system shall

27 state funding provided in the operating budget for fiscal year 2011,  
28 the governing board may increase tuition up to the limits set in (d) of  
29 this subsection, reduce enrollments, or both;

30 (b) If state funding for a college or university is at least at the  
31 level of state funding provided in the operating budget for fiscal year  
32 2011, the governing board may increase tuition up to the limits set in  
33 (d) of this subsection and shall continue to at least maintain the  
34 actual enrollment levels for fiscal year 2011 or increase enrollments  
35 as required in the omnibus appropriations act;

36 (c) If state funding is increased so that combined with resident  
37 undergraduate tuition the sixtieth percentile of the total per-student  
38 funding at similar public institutions of higher education in the

1 global challenge states under RCW 28B.15.068 is exceeded, the governing  
2 board shall decrease tuition by the amount needed for the total per-  
3 student funding to be at the sixtieth percentile under RCW 28B.15.068;  
4 and

5 (d) The amount of tuition set by the governing board for an

12 (6) The tuition fees established under this chapter shall not apply  
13 to eligible students enrolling in a dropout reengagement program  
14 through an interlocal agreement between a school district and a  
15 community or technical college under RCW 28A.175.100 through  
16 28A.175.110.

17 (7) The tuition fees established under this chapter shall not apply  
18 to eligible students enrolling in a community or technical college  
19 participating in the pilot program under RCW 28B.50.534 for the purpose  
20 of obtaining a high school diploma.

21 (8) Beginning in the 2019-20 academic year, reductions or increases  
22 in full-time tuition fees for resident undergraduates at four-year  
23 institutions of higher education shall be as provided in the omnibus

30 (b) No later than January 14, 2013, make a recommendation to the  
31 appropriate policy and fiscal committees of the legislature regarding  
32 how differential tuition should be addressed in order to maintain the  
33 ongoing solvency of the Washington advanced college tuition payment  
34 program.

3 public source directed to the account must be deposited in the account.  
4 Expenditures from the account may only be used by the sea grant program  
5 for the geoduck research projects identified by RCW 28B.20.475. Only  
6 the president of the University of Washington or the president's  
7 designee may authorize expenditures from the account. The account is  
8 subject to the allotment procedures under chapter 43.88 RCW, but an  
9 appropriation is not required for expenditures. During the 2013-2015  
10 fiscal biennium, amounts available in the geoduck aquaculture research  
11 account may also be appropriated for the sea grant program at the  
12 University of Washington to conduct research examining the possible  
13 negative and positive effects of evolving shellfish aquaculture  
14 techniques and practices on Washington's economy and marine ecosystems.

1 representatives who represent fewer than a total of five hundred  
2 employees each, negotiation shall be by a coalition of all those  
3 exclusive bargaining representatives. The coalition shall bargain for  
4 a master collective bargaining agreement covering all of the employees  
5 represented by the coalition. The governor's designee and the  
6 exclusive bargaining representative or representatives are authorized  
7 to enter into supplemental bargaining of agency-specific issues for  
8 inclusion in or as an addendum to the master collective bargaining  
9 agreement, subject to the parties' agreement regarding the issues and  
10 procedures for supplemental bargaining. This section does not prohibit  
11 cooperation and coordination of bargaining between two or more  
12 exclusive bargaining representatives.

13 (b) This subsection (2) does not apply to exclusive bargaining

35 requests are to be considered; and

36 (b) Have been certified by the director of the office of financial  
37 management as being feasible financially for the state.

1 The legislature shall approve or reject the submission of the  
2 request for funds as a whole. The legislature shall not consider a  
3 request for funds to implement a collective bargaining agreement unless  
4 the request is transmitted to the legislature as part of the governor's  
5 budget document submitted under RCW 43.88.030 and 43.88.060. If the  
6 legislature rejects or fails to act on the submission, either party may  
7 reopen all or part of the agreement or the exclusive bargaining  
8 representative may seek to implement the procedures provided for in RCW  
9 41.80.090.

10 (4)(a)(i) For the purpose of negotiating agreements for  
11 institutions of higher education, the employer shall be the respective  
12 governing board of each of the universities, colleges, or community  
13 colleges or a designee chosen by the board to negotiate on its behalf.

14 (ii) A governing board of a university or college may elect to have  
15 its negotiations conducted by the governor or governor's designee under  
16 the procedures provided for general government agencies in subsections  
17 (1) through (3) of this section, except that:

18 (A) The governor or the governor's designee and an exclusive  
19 bargaining representative shall negotiate one master collective  
20 bargaining agreement for all of the bargaining units of employees of a  
21 university or college that the representative represents; or

22 (B) If the parties mutually agree, the governor or the governor's  
23 designee and an exclusive bargaining representative shall negotiate one  
24 master collective bargaining agreement for all of the bargaining units  
25 of employees of more than one university or college that the  
26 representative represents.

27 (iii) A governing board of a community college may elect to have  
28 its negotiations conducted by the governor or governor's designee under  
29 the procedures provided for general government agencies in subsections  
30 (1) through (3) of this section.

31 (b) Prior to entering into negotiations under this chapter, the  
32 institutions of higher education or their designees shall consult with  
33 the director of the office of financial management regarding financial  
34 and budgetary issues that are likely to arise in the impending  
35 negotiations.

36 (c)(i) In the case of bargaining agreements reached between  
37 institutions of higher education other than the University of  
38 Washington and exclusive bargaining representatives agreed to under the

1 provisions of this chapter, if appropriations are necessary to  
2 implement the compensation and fringe benefit provisions of the  
3 bargaining agreements, the governor shall submit a request for such  
4 funds to the legislature according to the provisions of subsection (3)  
5 of this section, except as provided in (c)(iii) of this subsection.

6 (ii) In the case of bargaining agreements reached between the  
7 University of Washington and exclusive bargaining representatives  
8 agreed to under the provisions of this chapter, if appropriations are  
9 necessary to implement the compensation and fringe benefit provisions  
10 of a bargaining agreement, the governor shall submit a request for such  
11 funds to the legislature according to the provisions of subsection (3)  
12 of this section, except as provided in this subsection (4)(c)(ii) and  
13 as provided in (c)(iii) of this subsection.

14 (A) If appropriations of less than ten thousand dollars are  
15 necessary to implement the provisions of a bargaining agreement, a  
16 request for such funds shall not be submitted to the legislature by the  
17 governor unless the request has been submitted to the director of the  
18 office of financial management by October 1 prior to the legislative  
19 session at which the request is to be considered.

20 (B) If appropriations of ten thousand dollars or more are necessary  
21 to implement the provisions of a bargaining agreement, a request for  
22 such funds shall not be submitted to the legislature by the governor  
23 unless the request:

24 (I) Has been submitted to the director of the office of financial  
25 management by October 1 prior to the legislative session at which the  
26 request is to be considered; and

27 (II) Has been certified by the director of the office of financial  
28 management as being feasible financially for the state.

29 (C) If the director of the office of financial management does not  
30 certify a request under (c)(ii)(B) of this subsection as being feasible  
31 financially for the state, the parties shall enter into collective  
32 bargaining solely for the purpose of reaching a mutually agreed upon  
33 modification of the agreement necessary to address the absence of those  
34 requested funds. The legislature may act upon the compensation and  
35 fringe benefit provisions of the modified collective bargaining  
36 agreement if those provisions are agreed upon and submitted to the  
37 office of financial management and legislative budget committees before

1 final legislative action on the biennial or supplemental operating  
2 budget by the sitting legislature.

3 (iii) In the case of a bargaining unit of employees of institutions  
4 of higher education in which the exclusive bargaining representative is  
5 certified during or after the conclusion of a legislative session, the  
6 legislature may act upon the compensation and fringe benefit provisions  
7 of the unit's initial collective bargaining agreement if those  
8 provisions are agreed upon and submitted to the office of financial  
9 management and legislative budget committees before final legislative  
10 action on the biennial or supplemental operating budget by the sitting  
11 legislature.

12 (5) There is hereby created a joint committee on employment  
13 relations, which consists of two members with leadership positions in  
14 the house of representatives, representing each of the two largest  
15 caucuses; the chair and ranking minority member of the house  
16 appropriations committee, or its successor, representing each of the  
17 two largest caucuses; two members with leadership positions in the  
18 senate, representing each of the two largest caucuses; and the chair  
19 and ranking minority member of the senate ways and means committee, or  
20 its successor, representing each of the two largest caucuses. The  
21 governor shall periodically consult with the committee regarding  
22 appropriations necessary to implement the compensation and fringe  
23 benefit provisions in the master collective bargaining agreements, and  
24 upon completion of negotiations, advise the committee on the elements  
25 of the agreements and on any legislation necessary to implement the  
26 agreements.

27 (6) If, after the compensation and fringe benefit provisions of an  
28 agreement are approved by the legislature, a significant revenue  
29 shortfall occurs resulting in reduced appropriations, as declared by  
30 proclamation of the governor or by resolution of the legislature, both  
31 parties shall immediately enter into collective bargaining for a  
32 mutually agreed upon modification of the agreement.

33 (7) After the expiration date of a collective bargaining agreement  
34 negotiated under this chapter, all of the terms and conditions  
35 specified in the collective bargaining agreement remain in effect until  
36 the effective date of a subsequently negotiated agreement, not to  
37 exceed one year from the expiration date stated in the agreement.  
38 Thereafter, the employer may unilaterally implement according to law.

1 (8) For the ((2011-2013)) 2013-2015 fiscal biennium, a collective  
2 bargaining agreement related to employee health care benefits  
3 negotiated between the employer and coalition pursuant to RCW  
4 41.80.020(3) regarding the dollar amount expended on behalf of each  
5 employee shall be a separate agreement for which the governor may  
6 request funds necessary to implement the agreement. ((If such an  
7 agreement is negotiated and funded by the legislature, this agreement  
8 will supersede any terms and conditions of an expired 2009-2011  
9 biennial master collective bargaining agreement under this chapter  
10 regarding health care benefits.)) The legislature may act upon a  
11 2013-2015 collective bargaining agreement related to employee health  
12 care benefits if an agreement is reached and submitted to the office of  
13 financial management and legislative budget committees before final  
14 legislative action on the biennial or supplemental operating  
15 appropriations act by the sitting legislature.

16 **Sec. 962.** RCW 41.80.020 and 2011 1st sp.s. c 50 s 939 and 2011 1st  
17 sp.s. c 43 s 445 are each reenacted and amended to read as follows:

18 (1) Except as otherwise provided in this chapter, the matters  
19 subject to bargaining include wages, hours, and other terms and  
20 conditions of employment, and the negotiation of any question arising  
21 under a collective bargaining agreement.

22 (2) The employer is not required to bargain over matters pertaining  
23 to:

24 (a) Health care benefits or other employee insurance benefits,  
25 except as required in subsection (3) of this section;

26 (b) Any retirement system or retirement benefit; or

27 (c) Rules of the human resources director, the director of  
28 enterprise services, or the Washington personnel resources board  
29 adopted under RCW 41.06.157.

30 (3) Matters subject to bargaining include the number of names to be  
31 certified for vacancies, promotional preferences, and the dollar amount  
32 expended on behalf of each employee for health care benefits. However,  
33 except as provided otherwise in this subsection for institutions of  
34 higher education, negotiations regarding the number of names to be  
35 certified for vacancies, promotional preferences, and the dollar amount  
36 expended on behalf of each employee for health care benefits shall be  
37 conducted between the employer and one coalition of all the exclusive

1 bargaining representatives subject to this chapter. The exclusive  
2 bargaining representatives for employees that are subject to chapter  
3 47.64 RCW shall bargain the dollar amount expended on behalf of each  
4 employee for health care benefits with the employer as part of the  
5 coalition under this subsection. Any such provision agreed to by the  
6 employer and the coalition shall be included in all master collective  
7 bargaining agreements negotiated by the parties. For institutions of  
8 higher education, promotional preferences and the number of names to be  
9 certified for vacancies shall be bargained under the provisions of RCW  
10 41.80.010(4). For agreements covering the ((2011-2013)) 2013-2015  
11 fiscal biennium, any agreement between the employer and the coalition  
12 regarding the dollar amount expended on behalf of each employee for  
13 health care benefits is a separate agreement and shall not be included  
14 in the master collective bargaining agreements negotiated by the  
15 parties.

16 (4) The employer and the exclusive bargaining representative shall  
17 not agree to any proposal that would prevent the implementation of  
18 approved affirmative action plans or that would be inconsistent with  
19 the comparable worth agreement that provided the basis for the salary  
20 changes implemented beginning with the 1983-1985 biennium to achieve  
21 comparable worth.

22 (5) The employer and the exclusive bargaining representative shall  
23 not bargain over matters pertaining to management rights established in  
24 RCW 41.80.040.

25 (6) Except as otherwise provided in this chapter, if a conflict  
26 exists between an executive order, administrative rule, or agency  
27 policy relating to wages, hours, and terms and conditions of employment  
28 and a collective bargaining agreement negotiated under this chapter,  
29 the collective bargaining agreement shall prevail. A provision of a  
30 collective bargaining agreement that conflicts with the terms of a  
31 statute is invalid and unenforceable.

32 (7) This section does not prohibit bargaining that affects  
33 contracts authorized by RCW 41.06.142.

10 precede the distribution of the remaining earnings as prescribed under  
11 RCW 43.79A.040 and 43.84.092. The state treasurer shall establish a  
12 uniform allocation rate for all funds and accounts; except that the  
13 state treasurer may negotiate a different allocation rate with any  
14 state agency that has independent authority over funds not statutorily  
15 required to be held in the state treasury or in the custody of the  
16 state treasurer. In no event shall the rate be less than the actual  
17 costs incurred by the state treasurer's office. If no rate is  
18 separately negotiated, the default rate for any funds held shall be the  
19 rate set for funds held pursuant to statute.

20 During the 2009-2011 fiscal biennium and the 2011-2013 and 2013-

31 services revolving account to the state general fund such amounts as  
32 reflect the excess fund balance of the account.

33 **Sec. 965.** RCW 43.19.791 and 2011 2nd sp.s. c 9 s 906 are each

13 equitably apportion among carriers the reasonable administrative costs  
14 and expenses incurred to implement the provisions of this chapter. The  
15 board shall submit its recommendations to the legislature by December  
16 1, 2012. If the legislature does not enact legislation during the 2013  
17 regular session to modify or reject the board's recommendations, the

18 the account.

19 **Sec. 970.** RCW 43.82.010 and 2007 c 506 s 8 are each amended to  
20 read as follows:

21 (1) The director of (~~general administration~~) enterprise services,  
22 on behalf of the agency involved and after consultation with the office  
23 of financial management, shall purchase, lease, lease purchase, rent,  
24 or otherwise acquire all real estate, improved or unimproved, as may be  
25 required by elected state officials, institutions, departments,  
26 commissions, boards, and other state agencies, or federal agencies  
27 where joint state and federal activities are undertaken and may grant  
28 easements and transfer, exchange, sell, lease, or sublease all or part  
29 of any surplus real estate for those state agencies which do not  
30 otherwise have the specific authority to dispose of real estate. This  
31 section does not transfer financial liability for the acquired property  
32 to the department of (~~general administration~~) enterprise services.

33 (2) Except for real estate occupied by federal agencies, the  
34 director shall determine the location, size, and design of any real  
35 estate or improvements thereon acquired or held pursuant to subsection  
36 (1) of this section. Facilities acquired or held pursuant to this  
37 chapter, and any improvements thereon, shall conform to standards

1 adopted by the director and approved by the office of financial  
2 management governing facility efficiency unless a specific exemption  
3 from such standards is provided by the director of (~~general~~  
4 ~~administration~~) enterprise services. The director of (~~general~~  
5 ~~administration~~) enterprise services shall report to the office of  
6 financial management and the appropriate committees of the legislature  
7 annually on any exemptions granted pursuant to this subsection.

8 (3) The director of (~~general administration~~) enterprise services  
9 may fix the terms and conditions of each lease entered into under this  
10 chapter, except that no lease shall extend greater than twenty years in  
11 duration. The director of (~~general administration~~) enterprise  
12 services may enter into a long-term lease greater than ten years in  
13 duration upon a determination by the director of the office of  
14 financial management that the long-term lease provides a more favorable  
15 rate than would otherwise be available, it appears to a substantial  
16 certainty that the facility is necessary for use by the state for the  
17 full length of the lease term, and the facility meets the standards  
18 adopted pursuant to subsection (2) of this section. The director of  
19 (~~general administration~~) enterprise services may enter into a long-  
20 term lease greater than ten years in duration if an analysis shows that  
21 the life-cycle cost of leasing the facility is less than the life-cycle  
22 cost of purchasing or constructing a facility in lieu of leasing the  
23 facility.

24 (4) Except as permitted under chapter 39.94 RCW, no lease for or on  
25 behalf of any state agency may be used or referred to as collateral or  
26 security for the payment of securities offered for sale through a  
27 public offering. Except as permitted under chapter 39.94 RCW, no lease  
28 for or on behalf of any state agency may be used or referred to as  
29 collateral or security for the payment of securities offered for sale  
30 through a private placement without the prior written approval of the  
31 state treasurer. However, this limitation shall not prevent a lessor  
32 from assigning or encumbering its interest in a lease as security for  
33 the repayment of a promissory note provided that the transaction would  
34 otherwise be an exempt transaction under RCW 21.20.320. The state  
35 treasurer shall adopt rules that establish the criteria under which any  
36 such approval may be granted. In establishing such criteria the state  
37 treasurer shall give primary consideration to the protection of the  
38 state's credit rating and the integrity of the state's debt management

1 program. If it appears to the state treasurer that any lease has been  
2 used or referred to in violation of this subsection or rules adopted  
3 under this subsection, then he or she may recommend that the governor  
4 cause such lease to be terminated. The department of (~~general~~  
5 ~~administration~~) enterprise services shall promptly notify the state  
6 treasurer whenever it may appear to the department that any lease has  
7 been used or referred to in violation of this subsection or rules  
8 adopted under this subsection.

9 (5) It is the policy of the state to encourage the colocation and  
10 consolidation of state services into single or adjacent facilities,  
11 whenever appropriate, to improve public service delivery, minimize  
12 duplication of facilities, increase efficiency of operations, and  
13 promote sound growth management planning.

14 (6) The director of (~~general administration~~) enterprise services  
15 shall provide coordinated long-range planning services to identify and  
16 evaluate opportunities for collocating and consolidating state  
17 facilities. Upon the renewal of any lease, the inception of a new  
18 lease, or the purchase of a facility, the director of (~~general~~  
19 ~~administration~~) enterprise services shall determine whether an  
20 opportunity exists for collocating the agency or agencies in a single  
21 facility with other agencies located in the same geographic area. If  
22 a colocation opportunity exists, the director of (~~general~~  
23 ~~administration~~) enterprise services shall consult with the affected  
24 state agencies and the office of financial management to evaluate the  
25 impact colocation would have on the cost and delivery of agency  
26 programs, including whether program delivery would be enhanced due to  
27 the centralization of services. The director of (~~general~~  
28 ~~administration~~) enterprise services, in consultation with the office  
29 of financial management, shall develop procedures for implementing  
30 colocation and consolidation of state facilities.

31 (7) The director of (~~general administration~~) enterprise services  
32 is authorized to purchase, lease, rent, or otherwise acquire improved  
33 or unimproved real estate as owner or lessee and to lease or sublet all  
34 or a part of such real estate to state or federal agencies. The  
35 director of (~~general administration~~) enterprise services shall charge  
36 each using agency its proportionate rental which shall include an  
37 amount sufficient to pay all costs, including, but not limited to,  
38 those for utilities, janitorial and accounting services, and sufficient

1 to provide for contingencies; which shall not exceed five percent of  
2 the average annual rental, to meet unforeseen expenses incident to  
3 management of the real estate.

4 (8) If the director of (~~general administration~~) enterprise  
5 services determines that it is necessary or advisable to undertake any  
6 work, construction, alteration, repair, or improvement on any real  
7 estate acquired pursuant to subsection (1) or (7) of this section, the  
8 director shall cause plans and specifications thereof and an estimate  
9 of the cost of such work to be made and filed in his or her office and  
10 the state agency benefiting thereby is hereby authorized to pay for  
11 such work out of any available funds: PROVIDED, That the cost of  
12 executing such work shall not exceed the sum of twenty-five thousand  
13 dollars. Work, construction, alteration, repair, or improvement in  
14 excess of twenty-five thousand dollars, other than that done by the  
15 owner of the property if other than the state, shall be performed in  
16 accordance with the public works law of this state.

17 (9) In order to obtain maximum utilization of space, the director  
18 of (~~general administration~~) enterprise services shall make space  
19 utilization studies, and shall establish standards for use of space by  
20 state agencies. Such studies shall include the identification of  
21 opportunities for colocation and consolidation of state agency office  
22 and support facilities.

23 (10) The director of (~~general administration~~) enterprise services  
24 may construct new buildings on, or improve existing facilities, and  
25 furnish and equip, all real estate under his or her management. Prior  
26 to the construction of new buildings or major improvements to existing  
27 facilities or acquisition of facilities using a lease purchase  
28 contract, the director of (~~general administration~~) enterprise  
29 services shall conduct an evaluation of the facility design and budget  
30 using life-cycle cost analysis, value-engineering, and other techniques  
31 to maximize the long-term effectiveness and efficiency of the facility  
32 or improvement.

33 (11) All conveyances and contracts to purchase, lease, rent,  
34 transfer, exchange, or sell real estate and to grant and accept  
35 easements shall be approved as to form by the attorney general, signed  
36 by the director of (~~general administration~~) enterprise services or  
37 the director's designee, and recorded with the county auditor of the  
38 county in which the property is located.

1 (12) The director of (~~general administration~~) enterprise services  
2 may delegate any or all of the functions specified in this section to  
3 any agency upon such terms and conditions as the director deems  
4 advisable. By January 1st of each year, beginning January 1, 2008, the  
5 department shall submit an annual report to the office of financial  
6 management and the appropriate committees of the legislature on all  
7 delegated leases.

8 (13) This section does not apply to the acquisition of real estate  
9 by:

19 training programs, offices for the department of commerce or other  
20 appropriate state agencies, and other nonprofit community uses,  
21 including community meeting and training facilities, where the real  
22 estate is acquired during the 2013-2015 fiscal biennium.

23 (14) Notwithstanding any provision in this chapter to the contrary,  
24 the department of (~~general administration~~) enterprise services may  
25 negotiate ground leases for public lands on which property is to be  
26 acquired under a financing contract pursuant to chapter 39.94 RCW under  
27 terms approved by the state finance committee.

28 (15) The department of (~~general administration~~) enterprise  
29 services shall report annually to the office of financial management  
30 and the appropriate fiscal committees of the legislature on facility  
31 leases executed for all state agencies for the preceding year, lease  
32 terms, and annual lease costs. The report must include leases executed  
33 under RCW 43.82.045 and subsection (12) of this section.

23 amount appropriated into the waste reduction, recycling, and litter

25 including the purchase of vehicles for transporting crews and for  
26 collecting litter and solid waste. Capital funds shall be distributed  
27 among state agencies and local governments according to the same  
28 criteria provided in RCW 70.93.220 for the remainder of the funds, so  
29 that the most effective waste reduction, litter control, and recycling  
30 programs receive the most funding. The intent of this subsection is to  
31 provide funds for the purchase of equipment that will enable the  
32 department to account for the greatest return on investment in terms of  
33 reaching a zero litter goal.

34 ~~(4) ((During the 2009-2011 fiscal biennium, the legislature may~~  
35 ~~transfer from the waste reduction, recycling, and litter control~~

5 (3) Revenues to the criminal justice treatment account consist of:  
6 (a) Funds transferred to the account pursuant to this section; and (b)  
7 any other revenues appropriated to or deposited in the account.

9 treasurer shall transfer eight million nine hundred fifty thousand  
10 dollars from the general fund into the criminal justice treatment  
11 account, divided into eight equal quarterly payments. For the fiscal  
12 year beginning July 1, 2005, and each subsequent fiscal year, the state  
13 treasurer shall transfer eight million two hundred fifty thousand  
14 dollars from the general fund to the criminal justice treatment  
15 account, divided into four equal quarterly payments. For the fiscal  
16 year beginning July 1, 2006, and each subsequent fiscal year, the  
17 amount transferred shall be increased on an annual basis by the  
18 implicit price deflator as published by the federal bureau of labor  
19 statistics.

20 (b) In each odd-numbered year, the legislature shall appropriate  
21 the amount transferred to the criminal justice treatment account in (a)  
22 of this subsection to the division of alcohol and substance abuse for  
23 the purposes of subsection (5) of this section.

24 (5) Moneys appropriated to the division of alcohol and substance  
25 abuse from the criminal justice treatment account shall be distributed  
26 as specified in this subsection. The department shall serve as the  
27 fiscal agent for purposes of distribution. Until July 1, 2004, the  
28 department may not use moneys appropriated from the criminal justice  
29 treatment account for administrative expenses and shall distribute all  
30 amounts appropriated under subsection (4)(b) of this section in  
31 accordance with this subsection. Beginning in July 1, 2004, the  
32 department may retain up to three percent of the amount appropriated  
33 under subsection (4)(b) of this section for its administrative costs.

34 (a) Seventy percent of amounts appropriated to the division from  
35 the account shall be distributed to counties pursuant to the  
36 distribution formula adopted under this section. The division of  
37 alcohol and substance abuse, in consultation with the department of  
38 corrections, the Washington state association of counties, the

1 Washington state association of drug court professionals, the superior  
2 court judges' association, the Washington association of prosecuting  
3 attorneys, representatives of the criminal defense bar, representatives  
4 of substance abuse treatment providers, and any other person deemed by  
5 the division to be necessary, shall establish a fair and reasonable  
6 methodology for distribution to counties of moneys in the criminal  
7 justice treatment account. County or regional plans submitted for the  
8 expenditure of formula funds must be approved by the panel established  
9 in (b) of this subsection.

10 (b) Thirty percent of the amounts appropriated to the division from  
11 the account shall be distributed as grants for purposes of treating  
12 offenders against whom charges are filed by a county prosecuting  
13 attorney. The division shall appoint a panel of representatives from  
14 the Washington association of prosecuting attorneys, the Washington  
15 association of sheriffs and police chiefs, the superior court judges'  
16 association, the Washington state association of counties, the  
17 Washington defender's association or the Washington association of  
18 criminal defense lawyers, the department of corrections, the Washington  
19 state association of drug court professionals, substance abuse  
20 treatment providers, and the division. The panel shall review county  
21 or regional plans for funding under (a) of this subsection and grants  
22 approved under this subsection. The panel shall attempt to ensure that  
23 treatment as funded by the grants is available to offenders statewide.

24 (6) The county alcohol and drug coordinator, county prosecutor,  
25 county sheriff, county superior court, a substance abuse treatment  
26 provider appointed by the county legislative authority, a member of the  
27 criminal defense bar appointed by the county legislative authority,  
28 and, in counties with a drug court, a representative of the drug court  
29 shall jointly submit a plan, approved by the county legislative  
30 authority or authorities, to the panel established in subsection (5)(b)  
31 of this section, for disposition of all the funds provided from the  
32 criminal justice treatment account within that county. The funds shall  
33 be used solely to provide approved alcohol and substance abuse  
34 treatment pursuant to RCW 70.96A.090, treatment support services, and  
35 for the administrative and overhead costs associated with the operation  
36 of a drug court.

37 (a) No more than ten percent of the total moneys received under  
38 subsections (4) and (5) of this section by a county or group of

1 counties participating in a regional agreement shall be spent on the  
2 administrative and overhead costs associated with the operation of a  
3 drug court.

4 (b) No more than ten percent of the total moneys received under  
5 subsections (4) and (5) of this section by a county or group of  
6 counties participating in a regional agreement shall be spent for  
7 treatment support services.

8 (7) Counties are encouraged to consider regional agreements and  
9 submit regional plans for the efficient delivery of treatment under  
10 this section.

11 (8) Moneys allocated under this section shall be used to  
12 supplement, not supplant, other federal, state, and local funds used  
13 for substance abuse treatment.

14 (9) Counties must meet the criteria established in RCW  
15 2.28.170(3)(b).

16 (10) The authority under this section to use funds from the  
17 criminal justice treatment account for the administrative and overhead  
18 costs associated with the operation of a drug court expires June 30,  
19 ((2013)) 2015.

8 remedying of releases or threatened releases of hazardous substances  
9 and to implement the state's solid and hazardous waste management  
10 priorities. No grant may exceed sixty thousand dollars. Grants may be  
11 renewed annually. Moneys appropriated for public participation from

17 the report. It shall also provide evidence of how the program or

35 (3) A discover pass is valid for one year beginning from the date

10 on the pass to be valid. The agencies must collectively set a price

14 required the provision of monetary compensation to the agency.

15 (b) Special events and group activities are core recreational  
16 activities and major public service opportunities within state parks.  
17 When waiving the requirements of this section for special events, the  
18 state parks and recreation commission must consider the direct and

33 **Sec. 990.** RCW 82.14.310 and 2011 1st sp.s. c 50 s 970 are each  
34 amended to read as follows:

35 (1) The county criminal justice assistance account is created in  
36 the state treasury. Beginning in fiscal year 2000, the state treasurer  
37 must transfer into the county criminal justice assistance account from

1 the general fund the sum of twenty-three million two hundred thousand  
2 dollars divided into four equal deposits occurring on July 1, October  
3 1, January 1, and April 1. For each fiscal year thereafter, the state  
4 treasurer must increase the total transfer by the fiscal growth factor,  
5 as defined in RCW 43.135.025, forecast for that fiscal year by the  
6 office of financial management in November of the preceding year.

7 (2) The moneys deposited in the county criminal justice assistance  
8 account for distribution under this section, less any moneys  
9 appropriated for purposes under subsection (4) of this section, must be  
10 distributed at such times as distributions are made under RCW 82.44.150  
11 and on the relative basis of each county's funding factor as determined  
12 under this subsection.

13 (a) A county's funding factor is the sum of:

14 (i) The population of the county, divided by one thousand, and  
15 multiplied by two-tenths;

16 (ii) The crime rate of the county, multiplied by three-tenths; and

17 (iii) The annual number of criminal cases filed in the county  
18 superior court, for each one thousand in population, multiplied by  
19 five-tenths.

20 (b) Under this section and RCW 82.14.320 and 82.14.330:

21 (i) The population of the county or city is as last determined by  
22 the office of financial management;

23 (ii) The crime rate of the county or city is the annual occurrence  
24 of specified criminal offenses, as calculated in the most recent annual  
25 report on crime in Washington state as published by the Washington  
26 association of sheriffs and police chiefs, for each one thousand in  
27 population;

28 (iii) The annual number of criminal cases filed in the county  
29 superior court must be determined by the most recent annual report of  
30 the courts of Washington, as published by the administrative office of  
31 the courts;

32 (iv) Distributions and eligibility for distributions in the 1989-  
33 1991 biennium must be based on 1988 figures for both the crime rate as  
34 described under (ii) of this subsection and the annual number of  
35 criminal cases that are filed as described under (iii) of this  
36 subsection. Future distributions must be based on the most recent  
37 figures for both the crime rate as described under (ii) of this

1 subsection and the annual number of criminal cases that are filed as  
2 described under (iii) of this subsection.

3 (3) Moneys distributed under this section must be expended  
4 exclusively for criminal justice purposes and may not be used to  
5 replace or supplant existing funding. Criminal justice purposes are  
6 defined as activities that substantially assist the criminal justice  
7 system, which may include circumstances where ancillary benefit to the  
8 civil or juvenile justice system occurs, and which includes (a)  
9 domestic violence services such as those provided by domestic violence  
10 programs, community advocates, and legal advocates, as defined in RCW  
11 70.123.020, and (b) during the 2001-2003 fiscal biennium, juvenile  
12 dispositional hearings relating to petitions for at-risk youth,  
13 truancy, and children in need of services. Existing funding for  
14 purposes of this subsection is defined as calendar year 1989 actual  
15 operating expenditures for criminal justice purposes. Calendar year  
16 1989 actual operating expenditures for criminal justice purposes  
17 exclude the following: Expenditures for extraordinary events not  
18 likely to reoccur, changes in contract provisions for criminal justice  
19 services, beyond the control of the local jurisdiction receiving the  
20 services, and major nonrecurring capital expenditures.

21 (4) Not more than five percent of the funds deposited to the county  
22 criminal justice assistance account may be available for appropriations  
23 for enhancements to the state patrol crime laboratory system and the  
24 continuing costs related to these enhancements. Funds appropriated  
25 from this account for such enhancements may not supplant existing funds  
26 from the state general fund.

27 (5) During the 2011-2013 fiscal biennium, the amount that would  
28 otherwise be transferred into the county criminal justice assistance  
29 account from the general fund under subsection (1) of this section must  
30 be reduced by 3.4 percent.

31 (6) During the 2013-2015 fiscal biennium, for the purposes of  
32 substance abuse and other programs for offenders, the legislature may  
33 appropriate from the county criminal justice assistance account such  
34 amounts as are in excess of the amounts necessary to fully meet the  
35 state's obligations to the counties and to the Washington state patrol.  
36 Excess amounts in this account are not the result of subsection (5) of  
37 this section.

1 formula. The formula shall neither reward counties with higher than  
2 average per-petition processing costs nor shall it penalize counties  
3 with lower than average per-petition processing costs.

4 (b) Each fiscal year during the 2011-2013 fiscal biennium, each  
5 county shall report the number of petitions processed and the total  
6 actual costs of processing truancy, children in need of services, and  
7 at-risk youth petitions. Counties shall submit the reports to the  
8 administrator for the courts no later than 45 days after the end of the  
9 fiscal year. The administrator for the courts shall electronically  
10 transmit this information to the chairs and ranking minority members of  
11 the house of representatives and senate ways and means committees no  
12 later than 60 days after a fiscal year ends. These reports are deemed  
13 informational in nature and are not for the purpose of distributing  
14 funds.

15 (3) The distributions made under this subsection and distributions  
16 from the county criminal justice assistance account made pursuant to  
17 section 801 of this act constitute appropriate reimbursement for costs  
18 for any new programs or increased level of service for purposes of RCW  
19 43.135.060.

20 (4) \$265,000 of the general fund--state appropriation for fiscal  
21 year 2012 is provided solely for the office of public guardianship to  
22 provide guardianship services for low-income incapacitated persons.

23 (5) \$1,178,000 of the judicial information systems account--state  
24 appropriation is provided solely for replacing computer equipment at  
25 state courts and state judicial agencies.

26 (6) No later than September 30, 2011, the judicial information  
27 systems committee shall provide a report to the legislature on the  
28 recommendations of the case management feasibility study, including  
29 plans for a replacement of the superior court management information  
30 system (SCOMIS) and plans for completing the data exchange core system  
31 component consistent with a complete data exchange standard. No later  
32 than December 31, 2011, the judicial information systems committee  
33 shall provide a report to the legislature on the status of the data  
34 exchange, the procurement process for a SCOMIS replacement, and a case  
35 management system that is designed to meet the requirements approved by  
36 the superior courts and county clerks of all thirty-nine counties. The  
37 legislature shall solicit input on both reports from judicial,  
38 legislative, and executive stakeholders.

1 (7) In order to gather better data on juveniles in the criminal  
2 justice system, the administrative office of the courts shall modify  
3 the judgment and sentence form for juvenile and adult sentences to  
4 include one or more check boxes indicating whether (a) the adult  
5 superior court had original jurisdiction for a defendant who was  
6 younger than eighteen years of age at the time the case was filed; (b)  
7 the case was originally filed in juvenile court but transferred to  
8 adult superior court jurisdiction; or (c) the case was originally filed  
9 in adult superior court or transferred to adult superior court but then  
10 returned to the juvenile court.

11 (8) \$540,000 of the judicial stabilization trust account--state  
12 appropriation is provided solely for the office of public guardianship  
13 to continue guardianship services for those low-income incapacitated

15 (9) The Washington association of juvenile court administrators and  
16 the juvenile rehabilitation administration, in consultation with the  
17 community juvenile accountability act advisory committee and the  
18 Washington state institute for public policy, shall analyze and review  
19 data elements available from the administrative office of the courts  
20 for possible integration into the evidence-based program quality  
21 assurance plans and processes. The administrative office of the  
22 courts, the Washington association of juvenile court administrators,  
23 and the juvenile rehabilitation administration shall provide  
24 information necessary to complete the review and analysis. The  
25 Washington association of juvenile court administrators and the  
26 juvenile rehabilitation administration shall report the findings of  
27 their review and analysis, as well as any recommendations, to the  
28 legislature by December 1, 2012.

4 delivery of services under this subsection. The legislative agencies  
5 named in this subsection shall continue to enjoy all of the same rights  
6 of occupancy and space use on the capitol campus as historically

(End of part)

1 integrated care project (MICP), the health care authority and the  
2 department may combine and transfer such medicaid funds appropriated  
3 under sections 204, 206, 208, and 213 of this act as may be necessary  
4 to finance a unified health care plan for the WMIP and the MICP program  
5 enrollment. The WMIP pilot projects shall not exceed a daily  
6 enrollment of 6,000 persons, nor expand beyond one county during the  
7 2011-2013 fiscal biennium. The amount of funding assigned from each  
8 program may not exceed the average per capita cost assumed in this act  
9 for individuals covered by that program, actuarially adjusted for the  
10 health condition of persons enrolled, times the number of clients  
11 enrolled. In implementing the WMIP and the MICP, the health care  
12 authority and the department may: (i) Withhold from calculations of  
13 "available resources" as set forth in RCW 71.24.025 a sum equal to the  
14 capitated rate for enrolled individuals; and (ii) employ capitation  
15 financing and risk-sharing arrangements in collaboration with health  
16 care service contractors licensed by the office of the insurance  
17 commissioner and qualified to participate in both the medicaid and  
18 medicare programs. The health care authority and the department shall  
19 conduct an evaluation of the WMIP by October 15, 2012, and of the MICP  
20 measuring changes in participant health outcomes, changes in patterns  
21 of service utilization, participant satisfaction, participant access to  
22 services, and the state fiscal impact.

23 (b) Effective January 1, 2013, if Washington has been selected to  
24 participate in phase two of the federal demonstration project for  
25 persons dually-eligible for both medicare and medicaid, the department  
26 and the authority may initiate the MICP. Participation in the project  
27 shall be limited to persons who are eligible for both medicare and  
28 medicaid and to counties in which the county legislative authority has  
29 agreed to the terms and conditions under which it will operate. The  
30 purpose of the project shall be to demonstrate and evaluate ways to  
31 improve care while reducing state expenditures for persons enrolled  
32 both in medicare and medicaid. To that end, prior to initiating the  
33 project, the department and the authority shall assure that state  
34 expenditures shall be no greater on either a per person or total basis  
35 than the state would otherwise incur. Individuals who are solely  
36 eligible for medicaid may also participate if their participation is  
37 agreed to by the health care authority, the department, and the county  
38 legislative authority.

1 (4) The legislature finds that medicaid payment rates, as  
2 calculated by the department pursuant to the appropriations in this  
3 act, bear a reasonable relationship to the costs incurred by  
4 efficiently and economically operated facilities for providing quality  
5 services and will be sufficient to enlist enough providers so that care  
6 and services are available to the extent that such care and services  
7 are available to the general population in the geographic area. The  
8 legislature finds that cost reports, payment data from the federal  
9 government, historical utilization, economic data, and clinical input  
10 constitute reliable data upon which to determine the payment rates.

11 (5) The department shall to the maximum extent practicable use the  
12 same system for delivery of spoken-language interpreter services for  
13 social services appointments as the one established for medical  
14 appointments in section 213 of this act. When contracting directly  
15 with an individual to deliver spoken language interpreter services, the  
16 department shall only contract with language access providers who are  
17 working at a location in the state and who are state-certified or  
18 state-authorized, except that when such a provider is not available,  
19 the department may use a language access provider who meets other  
20 certifications or standards deemed to meet state standards, including  
21 interpreters in other states.

22 (6)(a) The appropriations to the department of social and health  
23 services in this act shall be expended for the programs and in the  
24 amounts specified in this act. However, after May 1, (~~(2012))~~ 2013,  
25 unless specifically prohibited by this act, the department may transfer  
26 general fund--state appropriations for fiscal year (~~(2012))~~ 2013 among  
27 programs after approval by the director of financial management.  
28 However, the department shall not transfer state moneys that are  
29 provided solely for a specified purpose except as expressly provided in  
30 (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are  
32 insufficient to fund actual expenditures in excess of fiscal year  
33 (~~(2012))~~ 2013 caseload forecasts and utilization assumptions in the  
34 long-term care, foster care, adoptions support, medicaid personal care,  
35 and child support programs, the department may transfer state moneys  
36 that are provided solely for a specified purpose. The department shall  
37 not transfer funds, and the director of financial management shall not  
38 approve the transfer, unless the transfer is consistent with the

1 objective of conserving, to the maximum extent possible, the  
2 expenditure of state funds. The director of financial management shall  
3 notify the appropriate fiscal committees of the senate and house of  
4 representatives in writing seven days prior to approving any allotment  
5 modifications or transfers under this subsection. The written  
6 notification shall include a narrative explanation and justification of  
7 the changes, along with expenditures and allotments by budget unit and  
8 appropriation, both before and after any allotment modifications or  
9 transfers.

25 out-of-home care prior to achieving permanency, and safely reduce the  
26 number of children returning to out-of-home care following permanency.  
27 The department shall provide an initial report to the legislature and  
28 the governor by January 15, 2012, regarding the start-up costs  
29 associated with performance-based contracts under RCW 74.13.360 .

30 (c) Of the amounts provided in (a) of this subsection, \$579,000 of

3 The amounts in this subsection are provided solely for contracted  
4 education coordinators to assist foster children in succeeding in K-12  
5 and higher education systems and to assure a focus on education during  
6 the transition to performance based contracts. Funding shall be  
7 prioritized to regions with high numbers of foster care youth and/or  
8 regions where backlogs of youth that have formerly requested  
9 educational outreach services exist. The department shall utilize  
10 private matching funds to maintain educational advocacy services.

11 (5) \$670,000 of the general fund--state appropriation for fiscal  
12 year 2012 and \$670,000 of the general fund--state appropriation for  
13 fiscal year 2013 are provided solely for services provided through  
14 children's advocacy centers.

15 (6) To ensure expenditures remain within available funds  
16 appropriated in this section as required by RCW 74.13A.005 and

28 availability and geographic representation of secure and semi-secure  
29 crisis residential centers and HOPE centers. To achieve efficiencies  
30 and increase utilization, the department shall allow the co-location of  
31 these centers, except that a youth may not be placed in a secure  
32 facility or the secure portion of a co-located facility except as  
33 specifically authorized by chapter 13.32A RCW. The reductions to  
34 appropriations in this subsection related to semi-secure crisis  
35 residential centers reflect a reduction to the number of beds for semi-  
36 secure crisis residential centers and not a reduction in rates. Any  
37 secure crisis residential center or semi-secure crisis residential  
38 center bed reduction shall not be based solely upon bed utilization.

1 The department is to exercise its discretion in reducing the number of  
2 beds but to do so in a manner that maintains availability and

4 centers.

15 family therapy, multi-systemic therapy, aggression replacement training  
16 and interagency coordination programs, or other programs with a  
17 positive benefit-cost finding in the institute's report. County  
18 juvenile courts shall apply to the juvenile rehabilitation  
19 administration for funding for program-specific participation and the  
20 administration shall provide grants to the courts consistent with the  
21 per-participant treatment costs identified by the institute.

22 (6) \$1,537,000 of the general fund--state appropriation for fiscal  
23 year 2012 and \$1,537,000 of the general fund--state appropriation for

35 (7)(a) The juvenile rehabilitation administration shall administer  
36 a block grant, rather than categorical funding, of consolidated  
37 juvenile service funds, community juvenile accountability act grants,  
38 the chemical dependency disposition alternative funds, the mental

2 alternative for the purpose of serving youth adjudicated in the  
3 juvenile justice system. In making the block grant, the juvenile  
4 rehabilitation administration shall follow the following formula and  
5 will prioritize evidence-based programs and disposition alternatives  
6 and take into account juvenile courts program-eligible youth in  
7 conjunction with the number of youth served in each approved evidence-  
8 based program or disposition alternative: (i) Thirty-seven and one-  
9 half percent for the at-risk population of youth ten to seventeen years  
10 old; (ii) fifteen percent for moderate and high-risk youth; (iii)  
11 twenty-five percent for evidence-based program participation; (iv)  
12 seventeen and one-half percent for minority populations; (v) three  
13 percent for the chemical dependency disposition alternative; and (vi)  
14 two percent for the mental health and sentencing dispositional  
15 alternatives. Funding for the special sex offender disposition  
16 alternative (SSODA) shall not be included in the block grant, but  
17 allocated on the average daily population in juvenile courts. Funding  
18 for the evidence-based expansion grants shall be excluded from the  
19 block grant formula. Funds may be used for promising practices when  
20 approved by the juvenile rehabilitation administration and juvenile  
21 courts, through the community juvenile accountability act committee,  
22 based on the criteria established in consultation with Washington state  
23 institute for public policy and the juvenile courts.

24 (b) The juvenile rehabilitation administration shall phase the  
25 implementation of the formula provided in subsection (1) of this  
26 section by including a stop-loss formula of five percent in fiscal year  
27 2012 and five percent in fiscal year 2013.

28 (c) The juvenile rehabilitation administration and the juvenile  
29 courts shall establish a block grant funding formula oversight  
30 committee with equal representation from the juvenile rehabilitation  
31 administration and the juvenile courts. The purpose of this committee  
32 is to assess the ongoing implementation of the block grant funding  
33 formula, utilizing data-driven decision making and the most current  
34 available information. The committee will be cochaired by the juvenile  
35 rehabilitation administration and the juvenile courts, who will also  
36 have the ability to change members of the committee as needed to  
37 achieve its purpose. Initial members will include one juvenile court  
38 representative from the finance committee, the community juvenile

1 accountability act committee, the risk assessment quality assurance  
2 committee, the executive board of the Washington association of  
3 juvenile court administrators, the Washington state center for court  
4 research, and a representative of the superior court judges  
5 association; two representatives from the juvenile rehabilitation  
6 administration headquarters program oversight staff, two  
7 representatives of the juvenile rehabilitation administration regional  
8 office staff, one representative of the juvenile rehabilitation  
9 administration fiscal staff and a juvenile rehabilitation  
10 administration division director. The committee may make changes to  
11 the formula categories other than the evidence-based program and  
12 disposition alternative categories if it is determined the changes will  
13 increase statewide service delivery or effectiveness of evidence-based  
14 program or disposition alternative resulting in increased cost benefit  
15 savings to the state. Long-term cost benefit must be considered.  
16 Percentage changes may occur in the evidence-based program or  
17 disposition alternative categories of the formula should it be  
18 determined the changes will increase evidence-based program or  
19 disposition alternative delivery and increase the cost benefit to the  
20 state. These outcomes will also be considered in determining when  
21 evidence-based expansion or special sex offender disposition  
22 alternative funds should be included in the block grant or left  
23 separate.

24 (d) The juvenile courts and administrative office of the courts  
25 shall be responsible for collecting and distributing information and  
26 providing access to the data systems to the juvenile rehabilitation  
27 administration and the Washington state institute for public policy  
28 related to program and outcome data. The juvenile rehabilitation  
29 administration and the juvenile courts will work collaboratively to  
30 develop program outcomes that reinforce the greatest cost benefit to  
31 the state in the implementation of evidence-based practices and  
32 disposition alternatives.

33 (8) The juvenile courts and administrative office of the courts  
34 shall collect and distribute information related to program outcome and  
35 provide access to these data systems to the juvenile rehabilitation  
36 administration and Washington state institute for public policy.  
37 Consistent with chapter 13.50 RCW, all confidentiality agreements  
38 necessary to implement this information-sharing shall be approved

1 within 30 days of the effective date of this section. The agreements  
2 between administrative office of the courts, the juvenile courts, and  
3 the juvenile rehabilitation administration shall be executed to ensure  
4 that the juvenile rehabilitation administration receives the data that  
5 the juvenile rehabilitation administration identifies as needed to  
6 comply with this subsection. This includes, but is not limited to,  
7 information by program at the statewide aggregate level, individual  
8 court level, and individual client level for the purpose of the  
9 juvenile rehabilitation administration providing quality assurance and  
10 oversight for the locally committed youth block grant and associated  
11 funds and at times as specified by the juvenile rehabilitation  
12 administration as necessary to carry out these functions. The data  
13 shall be provided in a manner that reflects the collaborative work the  
14 juvenile rehabilitation administration and juvenile courts have  
15 developed regarding program outcomes that reinforce the greatest cost  
16 benefit to the state in the implementation of evidence-based practices  
17 and disposition alternatives.

18 (9) The Washington association of juvenile court administrators and  
19 the juvenile rehabilitation administration, in consultation with the  
20 community juvenile accountability act advisory committee and the  
21 Washington state institute for public policy, shall analyze and review  
22 data elements available from the administrative office of the courts  
23 for possible integration into the evidence-based program quality  
24 assurance plans and processes. The administrative office of the  
25 courts, the Washington association of juvenile court administrators,  
26 and the juvenile rehabilitation administration shall provide  
27 information necessary to complete the review and analysis. The  
28 Washington association of juvenile court administrators and the  
29 juvenile rehabilitation administration shall report the findings of  
30 their review and analysis, as well as any recommendations, to the  
31 legislature by December 1, 2012.

32 **Sec. 1204.** 2012 2nd sp.s. c 7 s 204 (uncodified) is amended to  
33 read as follows:

34 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH**

4		<u>\$446,619,000</u>
5	General Fund--Private/Local Appropriation . . . . .	\$17,864,000
6	Hospital Safety Net Assessment Fund--State	
7	Appropriation . . . . .	\$5,251,000
8	TOTAL APPROPRIATION . . . . .	(( <del>\$1,114,761,000</del> ))
9		<u>\$1,109,077,000</u>

10       The appropriations in this subsection are subject to the following  
11 conditions and limitations:

12       (a) \$109,342,000 of the general fund--state appropriation for  
13 fiscal year 2012 and \$109,341,000 of the general fund--state  
14 appropriation for fiscal year 2013 are provided solely for persons and  
15 services not covered by the medicaid program. This is a reduction of  
16 \$4,348,000 each fiscal year from the nonmedicaid funding that was  
17 allocated for expenditure by regional support networks during fiscal  
18 year 2011 prior to supplemental budget reductions. This \$4,348,000  
19 reduction shall be distributed among regional support networks  
20 proportional to each network's share of the total state population. To  
21 the extent possible, levels of regional support network spending shall  
22 be maintained in the following priority order: (i) Crisis and  
23 commitment services; (ii) community inpatient services; and (iii)  
24 residential care services, including personal care and emergency  
25 housing assistance.

26       (b) \$6,590,000 of the general fund--state appropriation for fiscal  
27 year 2012, \$6,590,000 of the general fund--state appropriation for  
28 fiscal year 2013, and \$7,620,000 of the general fund--federal  
29 appropriation are provided solely for the department and regional  
30 support networks to continue to contract for implementation of high-  
31 intensity programs for assertive community treatment (PACT) teams. In  
32 determining the proportion of medicaid and nonmedicaid funding provided  
33 to regional support networks with PACT teams, the department shall  
34 consider the differences between regional support networks in the  
35 percentages of services and other costs associated with the teams that  
36 are not reimbursable under medicaid. The department may allow regional  
37 support networks which have nonmedicaid reimbursable costs that are  
38 higher than the nonmedicaid allocation they receive under this section

1 to supplement these funds with local dollars or funds received under  
2 section 204(1)(a) of this act. The department and regional support  
3 networks shall maintain consistency with all essential elements of the  
4 PACT evidence-based practice model in programs funded under this  
5 section.

6 (c) \$5,850,000 of the general fund--state appropriation for fiscal  
7 year 2012, \$5,850,000 of the general fund--state appropriation for  
8 fiscal year 2013, and \$1,300,000 of the general fund--federal  
9 appropriation are provided solely for the western Washington regional  
10 support networks to provide either community- or hospital campus-based  
11 services for persons who require the level of care previously provided  
12 by the program for adaptive living skills (PALS) at western state  
13 hospital.

14 (d) The number of nonforensic beds allocated for use by regional  
15 support networks at eastern state hospital shall be 192 per day. The  
16 number of nonforensic beds allocated for use by regional support  
17 networks at western state hospital shall be 557 per day.

18 (e) From the general fund--state appropriations in this subsection,  
19 the secretary of social and health services shall assure that regional  
20 support networks reimburse the aging and disability services  
21 administration for the general fund--state cost of medicaid personal  
22 care services that enrolled regional support network consumers use  
23 because of their psychiatric disability.

24 ~~((g))~~ (f) The department is authorized to continue to contract  
25 directly, rather than through contracts with regional support networks,  
26 for children's long-term inpatient facility services.

27 ~~((h))~~ (g) \$750,000 of the general fund--state appropriation for  
28 fiscal year 2012 and \$750,000 of the general fund--state appropriation  
29 for fiscal year 2013 are provided solely to continue performance-based  
30 incentive contracts to provide appropriate community support services  
31 for individuals with severe mental illness who were discharged from the  
32 state hospitals as part of the expanding community services initiative.  
33 These funds will be used to enhance community residential and support  
34 services provided by regional support networks through other state and  
35 federal funding.

36 ~~((i))~~ (h) \$1,125,000 of the general fund--state appropriation for  
37 fiscal year 2012 and \$1,125,000 of the general fund--state

1 appropriation for fiscal year 2013 are provided solely for the Spokane  
2 regional support network to implement services to reduce utilization  
3 and the census at eastern state hospital. Such services shall include:

4 (i) High intensity treatment team for persons who are high  
5 utilizers of psychiatric inpatient services, including those with co-  
6 occurring disorders and other special needs;

7 (ii) Crisis outreach and diversion services to stabilize in the  
8 community individuals in crisis who are at risk of requiring inpatient  
9 care or jail services;

10 (iii) Mental health services provided in nursing facilities to  
11 individuals with dementia, and consultation to facility staff treating  
12 those individuals; and

13 (iv) Services at the sixteen-bed evaluation and treatment facility.

14 At least annually, the Spokane regional support network shall  
15 assess the effectiveness of these services in reducing utilization at  
16 eastern state hospital, identify services that are not optimally  
17 effective, and modify those services to improve their effectiveness.

18 ~~((+j))~~ (i) \$1,529,000 of the general fund--state appropriation for  
19 fiscal year 2012 and \$1,529,000 of the general fund--state  
20 appropriation for fiscal year 2013 are provided solely to reimburse  
21 Pierce and Spokane counties for the cost of conducting 180-day  
22 commitment hearings at the state psychiatric hospitals.

23 ~~((+k))~~ (j) Regional support networks may use local funds to earn  
24 additional federal medicaid match, provided the locally matched rate  
25 does not exceed the upper-bound of their federally allowable rate  
26 range, and provided that the enhanced funding is used only to provide  
27 medicaid state plan or waiver services to medicaid clients.  
28 Additionally, regional support networks may use a portion of the state  
29 funds allocated in accordance with (a) of this subsection to earn  
30 additional medicaid match, but only to the extent that the application  
31 of such funds to medicaid services does not diminish the level of  
32 crisis and commitment, community inpatient, residential care, and  
33 outpatient services presently available to persons not eligible for  
34 medicaid.

35 ~~((+l))~~ (k) Given the recent approval of federal medicaid matching  
36 funds for the disability lifeline and the alcohol and drug abuse  
37 treatment support act programs, the department shall charge regional

1 support networks for only the state share rather than the total cost of  
2 community psychiatric hospitalization for persons enrolled in those  
3 programs.

4 ~~((m))~~ (l) \$750,000 of the general fund--state appropriation for  
5 fiscal year 2012, \$750,000 of the general fund--state appropriation for  
6 fiscal year 2013, and \$1,500,000 of the general fund--federal  
7 appropriation are provided solely to adjust regional support network  
8 capitation rates to account for the per diem rates actually paid for  
9 psychiatric care provided at hospitals participating in the certified  
10 public expenditure program operated pursuant to section 213 of this  
11 act.

15 support networks). Voluntary consolidation of regional support  
16 networks is expected to result in administrative efficiencies and  
17 maximize dollars available for direct services to individuals with  
18 mental illnesses without corresponding increases in state  
19 appropriations.

 34 following conditions and limitations: In accordance with RCW  
 35 43.20B.110, 43.135.055, and 71.24.035, the department is authorized to  
 36 increase license and certification fees in fiscal years 2012 and 2013  
 37 to support the costs of the regulatory program. The fee schedule  
 38 increases must be developed so that the maximum amount of additional

1 fees paid by providers statewide in the 2011-2013 fiscal biennium is  
 2 \$446,000. The department's fee schedule shall have differential rates  
 3 for providers with proof of accreditation from organizations that the

35		<u>\$1,561,711,000</u>

36 The appropriations in this subsection are subject to the following  
 37 conditions and limitations:

1 (a) Individuals receiving services as supplemental security income  
2 (SSI) state supplemental payments shall not become eligible for medical  
3 assistance under RCW 74.09.510 due solely to the receipt of SSI state  
4 supplemental payments.

5 (b) Amounts appropriated in this subsection reflect a reduction to  
6 funds appropriated for in-home care. The department shall reduce the  
7 number of in-home hours authorized. The reduction shall be scaled  
8 based on the acuity level of care recipients. The largest hour  
9 reductions shall be to lower acuity patients and the smallest hour  
10 reductions shall be to higher acuity patients.

11 (c) Amounts appropriated in this subsection are sufficient to  
12 develop and implement the use of a consistent, statewide outcome-based  
13 vendor contract for employment and day services by July 1, 2012. The  
14 rates paid to vendors under this contract shall also be made  
15 consistent. In its description of activities the agency shall include  
16 activity listings and dollars appropriated for: Employment services,  
17 day services, child development services and county administration of  
18 services to the developmentally disabled. The department shall begin  
19 reporting to the office of financial management on these activities  
20 beginning in fiscal year 2010.

21 (d) \$944,000 of the general fund--state appropriation for fiscal  
22 year 2012, \$944,000 of the general fund--state appropriation for fiscal  
23 year 2013, and \$1,888,000 of the general fund--federal appropriation  
24 are provided solely for state contributions for individual provider  
25 health care benefits. Pursuant to the collective bargaining agreement  
26 negotiated with the exclusive bargaining representative of individual  
27 providers established under RCW 74.39A.270, the state shall contribute  
28 to the multiemployer health benefits trust fund \$2.21 per paid hour  
29 worked by individual providers.

30 (e) \$1,329,000 of the general fund--state appropriation for fiscal  
31 year 2012, \$1,622,000 of the general fund--state appropriation for  
32 fiscal year 2013, and \$2,947,000 of the general fund--federal  
33 appropriation are provided solely for the state's contribution to the  
34 training partnership, as provided in RCW 74.39A.360, for instructional  
35 costs associated with the training of individual providers.  
36 Contributions are funded at \$0.22 per benefit-eligible paid hour worked  
37 by all home care workers. Expenditures for the purposes specified in  
38 this subsection shall not exceed the amounts provided in this

1 subsection. However, if the governor and the service employees  
2 international union healthcare 775nw can reach agreement on repurposing  
3 funding that is currently provided in the individual provider  
4 collective bargaining agreement for new individual provider wages paid  
5 during training or other training related items, then expenditures for  
6 training trust contributions for individual providers may include the  
7 amounts provided in this subsection and the agreed upon repurposed  
8 funding. Funding in this section for purposes other than the  
9 individual provider collective bargaining agreement cannot be used for  
10 the purposes of this subsection (1)(e). It is the intent of the  
11 legislature that the funding provided in this subsection, including any  
12 repurposed funding, is sufficient to cover the costs of individual  
13 provider training and therefore tuition or other entrance fees are not  
14 necessary.

15 (f) (~~(\$104,669,000)~~) \$107,538,000 of the general fund--state  
16 appropriation for fiscal year 2013 and (~~(\$104,669,000)~~) \$107,535,000 of  
17 the general fund--federal appropriation are provided solely for the  
18 department to provide personal care services to waiver and nonwaiver  
19 in-home clients. The department shall provide the legislature with a  
20 report by December 5, 2012, on the feasibility of converting the  
21 medicaid personal care program for in-home adults to a medicaid program  
22 as found in section 1915(i) of the federal social security act that  
23 utilizes the option for self-direction of individualized budgets. The  
24 department shall operate the personal care program within the amounts  
25 specifically provided.

26 (g)(i) Within the amounts appropriated in this subsection, the  
27 department shall revise the current working age adult policy to allow  
28 clients to choose between employment and community access activities.  
29 Clients age 21 and older who are receiving services through a home- and  
30 community-based medicaid waiver shall be offered the choice to  
31 transition to a community access program after nine months of  
32 enrollment in an employment program, and the option to transition from  
33 a community access program to an employment program at any time. The  
34 department shall inform clients and their legal representatives of all  
35 available options for employment and day services. Information  
36 provided to the client and the client's legal representative shall  
37 include the types of activities each service option provides, and the  
38 amount, scope, and duration of service for which the client would be

1 eligible under each service option. An individual client may be  
2 authorized for only one service option, either employment services or  
3 community access services. Clients may not participate in more than  
4 one of these services at any given time.

5 (ii) The department shall work with counties and stakeholders to  
6 strengthen and expand the existing community access program. The  
7 program must emphasize support for the client so they are able to  
8 participate in activities that integrate them into their community and  
9 support independent living and skills.

10 (iii) The appropriation in this subsection includes funding to  
11 provide employment or community access services to 168 medicaid  
12 eligible young adults with developmental disabilities living with their  
13 families who need employment opportunities and assistance after high  
14 school graduation.

15 (h) \$75,000 of the general fund--state appropriation for fiscal  
16 year 2012 and \$75,000 of the general fund--state appropriation for  
17 fiscal year 2013 are provided solely for the restoration of direct  
18 support to local organizations that utilize parent-to-parent networks  
19 and communication to promote access and quality of care for individuals  
20 with developmental disabilities and their families.

21 (i) In accordance with Engrossed Substitute House Bill No. 1277  
22 (licensed settings for vulnerable adults), adult family home license  
23 fees are increased in fiscal years 2012 and 2013 to support the costs  
24 of conducting licensure, inspection, and regulatory programs.

25 (i) The current annual renewal license fee for adult family homes  
26 shall be increased to \$100 per bed beginning in fiscal year 2012 and  
27 \$175 per bed beginning in fiscal year 2013. Adult family homes shall  
28 receive a corresponding vendor rate increase per medicaid patient day  
29 of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the  
30 amount necessary to fully fund the license fee increase for publicly  
31 funded beds, pursuant to the most recent bed estimates maintained by  
32 the department.

33 (ii) Beginning in fiscal year 2012, a processing fee of \$2,750  
34 shall be charged to each adult family home when the home is initially  
35 licensed. This fee is nonrefundable.

36 (j) Clients with developmental disabilities have demonstrated a  
37 need and a desire for a day services program as verified by over 900  
38 clients currently accessing day programs through a long-term care

1 service model. In addition, every individual, to include those with a  
 2 developmental disability, should have the opportunity for meaningful  
 3 employment which allows them to contribute to their communities and to  
 4 become as self-sufficient as possible. Providing choice empowers  
 5 recipients of publicly funded services and their families by expanding  
 6 their degree of control over the services and supports they need.

7 The department shall work with legislators and stakeholders to  
 8 develop a new approach to employment and day services. The objective  
 9 of this plan is to ensure that adults with developmental disabilities  
 10 have optimum choices, and that employment and day offerings are  
 11 comprehensive enough to meet the needs of all clients currently served  
 12 on a home and community based waiver. The proposal shall be submitted  
 13 to the 2012 legislature for consideration and shall be constructed such  
 14 that a client ultimately receives employment, community access, or the  
 15 community day option but not more than one service at a time. The  
 16 proposal shall include options for program efficiencies within the  
 17 current employment and day structure and shall provide details on the  
 18 plan to implement a consistent, statewide outcome-based vendor contract  
 19 for employment and day services as specified in (c) of this subsection.

23 average nursing facility payment rate shall not exceed \$170.37 for  
24 fiscal year 2012 and shall not exceed ~~(((\$171.43))~~ \$171.09 for fiscal

14 The add-on may also be used to address resulting wage compression for  
15 related job classes immediately affected by wage increases to low-wage

22 appropriations act, excluding the comparative add-on, acuity add-on,  
23 and safety net reimbursement, to the facility-based payment rates in  
24 effect June 30, 2010. If the facility-based payment rate calculated on  
25 July 1, 2012, is smaller than the facility-based payment rate on June  
26 30, 2010, then the difference shall be provided to the individual  
27 nursing facilities as an add-on payment per medicaid resident day.

28 (c) During the comparative analysis performed in subsection (b) of  
29 this section, if it is found that the direct care rate for any facility  
30 calculated using the payment methodology defined in chapter 74.46 RCW  
31 and as funded in the omnibus appropriations act, excluding the  
32 comparative add-on, acuity add-on, and safety net reimbursement, is  
33 greater than the direct care rate in effect on June 30, 2010, then the  
34 facility shall receive a ten percent direct care rate add-on to  
35 compensate that facility for taking on more acute clients than they  
36 have in the past.

37 (d) The department shall provide a medicaid rate add-on to  
38 reimburse the medicaid share of the skilled nursing facility safety net

1 assessment as a medicaid allowable cost. The nursing facility safety  
2 net rate add-on may not be included in the calculation of the annual  
3 statewide weighted average nursing facility payment rate.

4 (e) If the waiver requested from the federal centers for medicare  
5 and medicaid services in relation to the safety net assessment created  
6 by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is  
7 for any reason not approved and implemented, (b), (c), and (d) of this  
8 subsection do not apply.

9 (2) After examining actual nursing facility cost information, the  
10 legislature finds that the medicaid nursing facility rates calculated  
11 pursuant to Engrossed Substitute Senate Bill No. 5581 (nursing home  
12 payments) provide sufficient reimbursement to efficiently and  
13 economically operating nursing facilities and bear a reasonable  
14 relationship to costs.

15 (3) In accordance with chapter 74.46 RCW, the department shall  
16 issue no additional certificates of capital authorization for fiscal  
17 year 2012 and no new certificates of capital authorization for fiscal  
18 year 2013 and shall grant no rate add-ons to payment rates for capital  
19 improvements not requiring a certificate of need and a certificate of  
20 capital authorization for fiscal years 2012 and 2013.

21 (4) The long-term care program may develop and pay enhanced rates  
22 for exceptional care to nursing homes for persons with traumatic brain  
23 injuries who are transitioning from hospital care. The cost per  
24 patient day for caring for these clients in a nursing home setting may  
25 be equal to or less than the cost of caring for these clients in a  
26 hospital setting.

27 (5) Amounts appropriated in this section reflect a reduction to  
28 funds appropriated for in-home care. The department shall reduce the  
29 number of in-home hours authorized. The reduction shall be scaled  
30 based on the acuity level of care recipients. The largest hour  
31 reductions shall be to lower acuity patients and the smallest hour  
32 reductions shall be to higher acuity patients.

33 (6) \$1,883,000 of the general fund--state appropriation for fiscal  
34 year 2012, \$1,883,000 of the general fund--state appropriation for  
35 fiscal year 2013, and \$3,766,000 of the general fund--federal  
36 appropriation are provided solely for state contributions for  
37 individual provider health care benefits. Pursuant to the collective  
38 bargaining agreement negotiated with the exclusive bargaining

1 representative of individual providers established under RCW  
2 74.39A.270, the state shall contribute to the multiemployer health  
3 benefits trust fund \$2.21 per paid hour worked by individual providers.

4 (7) \$2,449,000 of the general fund--state appropriation for fiscal  
5 year 2012, \$3,012,000 of the general fund--state appropriation for  
6 fiscal year 2013, and \$5,463,000 of the general fund--federal  
7 appropriation are provided solely for the state's contribution to the  
8 training partnership, as provided in RCW 74.39A.360, for instructional  
9 costs associated with the training of individual providers.  
10 Contributions are funded at \$0.22 per benefit-eligible paid hour worked  
11 by all home care workers. Expenditures for the purposes specified in  
12 this subsection shall not exceed the amounts provided in this  
13 subsection. However, if the governor and the service employees  
14 international union healthcare 775nw can reach agreement on repurposing  
15 funding that is currently provided in the individual provider  
16 collective bargaining agreement for new individual provider wages paid  
17 during training or other training related items, then expenditures for  
18 training trust contributions for individual providers may include the  
19 amounts provided in this subsection and the agreed upon repurposed  
20 funding. Funding in this section for purposes other than the  
21 individual provider collective bargaining agreement cannot be used for  
22 the purposes of this subsection (7). It is the intent of the  
23 legislature that the funding provided in this subsection, including any  
24 repurposed funding, is sufficient to cover the costs of individual  
25 provider training and therefore tuition or other entrance fees are not  
26 necessary.

27 (8) (~~(\$338,550,000)~~) \$325,203,000 of the general fund--state  
28 appropriation for fiscal year 2013 and (~~(\$338,550,000)~~) \$324,653,000 of  
29 the general fund--federal appropriation are provided solely for the  
30 department to provide personal care services to waiver and nonwaiver  
31 in-home clients. The department shall provide the legislature with a  
32 report by December 5, 2012, on the feasibility of converting the  
33 medicaid personal care program for in-home adults to a medicaid program  
34 as found in section 1915(i) of the federal social security act that  
35 utilizes the option for self-direction of individualized budgets. The  
36 department shall operate the personal care program within the amounts  
37 specifically provided.

1 (9) Individuals receiving services as supplemental security income  
2 (SSI) state supplemental payments shall not become eligible for medical  
3 assistance under RCW 74.09.510 due solely to the receipt of SSI state  
4 supplemental payments.

5 (10) The department shall eliminate the adult day health program  
6 under the state plan 1915(i) option and shall reestablish it under the  
7 long-term care home and community-based waiver.

8 (11) \$4,588,000 of the general fund--state appropriation for fiscal  
9 year 2012, \$4,559,000 of the general fund--state appropriation for  
10 fiscal year 2013, and \$9,237,000 of the general fund--federal  
11 appropriation are provided solely for the continued operation of  
12 community residential and support services for persons who are older  
13 adults or who have co-occurring medical and behavioral disorders and  
14 who have been discharged or diverted from a state psychiatric hospital.  
15 These funds shall be used to serve individuals whose treatment needs  
16 constitute substantial barriers to community placement, who no longer  
17 require active psychiatric treatment at an inpatient hospital level of  
18 care, and who no longer meet the criteria for inpatient involuntary  
19 commitment.

20 (12) \$1,840,000 of the general fund--state appropriation for fiscal  
21 year 2012 and \$1,877,000 of the general fund--state appropriation for  
22 fiscal year 2013 are provided solely for operation of the volunteer  
23 services program. Funding shall be prioritized towards serving  
24 populations traditionally served by long-term care services to include  
25 senior citizens and persons with disabilities.

26 (13) In accordance with Engrossed Substitute House Bill No. 1277  
27 (licensed settings for vulnerable adults), nursing facility fees are  
28 increased in fiscal year 2012 and adult family home fees are increased  
29 in fiscal year 2012 and fiscal year 2013 to support the costs of  
30 conducting licensure, inspection, and regulatory programs.

31 (a) The current annual renewal license fee for nursing facilities  
32 shall be increased to \$359 per bed beginning in fiscal year 2012 and  
33 assumes \$517,000 of the general fund--private/local appropriation.  
34 Nursing facilities shall receive a vendor rate increase of \$0.08 per  
35 medicaid patient day to cover the license fee increase for publicly  
36 funded beds.

37 (b) The current annual renewal license fee for adult family homes  
38 shall be increased to \$100 per bed beginning in fiscal year 2012 and

1 assumes \$1,449,000 of the general fund--private/local appropriation;  
2 and \$175 per bed beginning in fiscal year 2013 and assumes \$2,463,000  
3 of the general fund--private/local appropriation. Adult family homes  
4 shall receive a corresponding vendor rate increase per medicaid patient  
5 day of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the  
6 amount necessary to fully fund the license fee increase for publicly  
7 funded beds, pursuant to the most recent bed estimates maintained by  
8 the department.

9 (c) Beginning in fiscal year 2012, a processing fee of \$2,750 shall  
10 be charged to each adult family home when the home is initially  
11 licensed. This fee is nonrefundable.

12 (d) \$72,000 of the general fund--state appropriation for fiscal  
13 year 2012, \$708,000 of the general fund--private/local appropriation  
14 and \$708,000 of the general fund--federal appropriation are provided  
15 solely to implement sections 501 through 503 of Engrossed Substitute  
16 House Bill No. 1277 (licensed settings for vulnerable adults). The  
17 department shall use additional investigative resources to address  
18 complaints about provider practices as well as alleged abuse, neglect,  
19 abandonment, and exploitation of residents in adult family homes. The  
20 department shall develop a statewide internal quality review and  
21 accountability program to improve the accountability of staff and the  
22 consistent application of investigative activities, and shall convene  
23 a quality assurance panel to review problems in the quality of care in  
24 adult family homes.

25 (14) \$3,316,000 of the traumatic brain injury account--state  
26 appropriation is provided solely to continue services for persons with  
27 traumatic brain injury (TBI) as defined in chapter 143, Laws of 2011  
28 (traumatic brain injury strategic partnership).

29 (15) The department is authorized to place long-term care clients  
30 residing in nursing homes and paid for with state only funds into less  
31 restrictive community care settings while continuing to meet the  
32 client's care needs.

33 (16) The department shall participate in the work group established  
34 by the department of corrections in section 220(2) of this act to  
35 review release options for elderly and infirm offenders.

36 **Sec. 1207.** 2012 2nd sp.s. c 7 s 207 (uncodified) is amended to

11 The appropriations in this section are subject to the following

13 (1) \$195,410,000 of the general fund--state appropriation for  
14 fiscal year 2012, ~~(\$235,808,000)~~ \$178,052,000 of the general

17 solely for all components of the WorkFirst program. Under section 2 of  
18 Engrossed Substitute Senate Bill No. 5921 (social services programs),  
19 the amounts in this subsection assume that any participant in the  
20 temporary assistance for needy families where their participation is  
21 suspended and does not volunteer to participate in WorkFirst services  
22 or unsubsidized employment does not receive child care subsidies or  
23 WorkFirst subsidies as a condition of the suspension. Within the  
24 amounts provided for the WorkFirst program, the department may provide  
25 assistance using state-only funds for families eligible for temporary  
26 assistance for needy families.

27 (a) Within the amounts provided for WorkFirst in this subsection,  
28 the department shall continue to implement WorkFirst program  
29 improvements that are designed to achieve progress against outcome  
30 measures specified in Engrossed House Bill No. 2262 (WorkFirst and  
31 child care) and RCW 74.08A.410.

32 (b) The department may establish a career services work transition  
33 program.

34 (c) Within amounts appropriated in this section, the legislature  
35 expressly mandates that the department exercise its authority, granted  
36 in 1997 under RCW 74.08A.290, to contract for work activities services  
37 pursuant to that statutory authority and RCW 41.06.142(3).

1 (d) The department shall create a temporary assistance for needy  
2 families budget structure that allows for more transparent tracking of  
3 budget units and subunits of expenditures where these units and  
4 subunits are mutually exclusive from other department budget units.  
5 The budget structure shall include budget units for the following:  
6 Grants, child care, WorkFirst activities, and administration of the  
7 program.

8 (2) \$23,679,000 of the general fund--state appropriation for fiscal  
9 year 2012, in addition to supplemental security income recoveries, is  
10 provided solely for financial assistance and other services to

13 (3)(a) \$12,457,000 of the general fund--state appropriation for  
14 fiscal year 2012 and \$21,959,000 of the general fund--state

17 created in Engrossed Substitute House Bill No. 2082 (essential needs  
18 and assistance program) beginning November 1, 2011.

19 (b) The department shall review clients receiving services through  
20 the aged, blind, or disabled assistance program, to determine whether  
21 they would benefit from assistance in becoming naturalized citizens,  
22 and thus be eligible to receive federal supplemental security income  
23 benefits. Those cases shall be given high priority for naturalization  
24 funding through the department.

25 (c) The department shall continue the interagency agreement with  
26 the department of veterans' affairs to establish a process for referral  
27 of veterans who may be eligible for veterans' services. This agreement  
28 must include out-stationing department of veterans' affairs staff in  
29 selected community service office locations in King and Pierce counties  
30 to facilitate applications for veterans' services.

31 (4) \$1,657,000 of the general fund--state appropriation for fiscal  
32 year 2012 and \$1,657,000 of the general fund--state appropriation for

 10 the current fiscal year and the amounts expended to date by service  
 11 type and funding source. The report must also include the number of  
 12 clients served and outcome data for the clients.

13 (7) To ensure expenditures remain within available funds  
 14 appropriated in this section, the legislature establishes the benefit  
 15 under the state food assistance program, pursuant to RCW 74.08A.120, to  
 16 be fifty percent of the federal supplemental nutrition assistance  
 17 program benefit amount.

18 **Sec. 1208.** 2012 2nd sp.s. c 7 s 208 (uncodified) is amended to

33		<u>\$371,184,000</u>

34 The appropriations in this section are subject to the following  
 35 conditions and limitations:

36 (1) Within the amounts appropriated in this section, the department  
 37 may contract with the University of Washington and community-based

1 providers for the provision of the parent-child assistance program.  
2 For all contractors, indirect charges for administering the program  
3 shall not exceed ten percent of the total contract amount.

4 (2) Within the amounts appropriated in this section, the department  
5 shall continue to provide for chemical dependency treatment services  
6 for adult medicaid eligible, pregnant and parenting women, disability  
7 lifeline, and alcoholism and drug addiction treatment and support act,  
8 and medical care services clients.

9 (3) In accordance with RCW 70.96A.090 and 43.135.055, the  
10 department is authorized to increase fees for the review and approval  
11 of treatment programs in fiscal years 2012 and 2013 as necessary to  
12 support the costs of the regulatory program. The department's fee  
13 schedule shall have differential rates for providers with proof of  
14 accreditation from organizations that the department has determined to  
15 have substantially equivalent standards to those of the department,  
16 including but not limited to the joint commission on accreditation of  
17 health care organizations, the commission on accreditation of  
18 rehabilitation facilities, and the council on accreditation. To  
19 reflect the reduced costs associated with regulation of accredited  
20 programs, the department's fees for organizations with such proof of  
21 accreditation must reflect the lower cost of licensing for these  
22 programs than for other organizations which are not accredited.

23 (4) \$3,500,000 of the general fund--federal appropriation (from the  
24 substance abuse prevention and treatment federal block grant) is

30 contracts for a minimum of 32 intensive inpatient beds currently  
31 provided in settings that are considered institutions for mental  
32 diseases to two or more facilities with no more than 16 beds that are  
33 able to claim federal match for services provided to medicaid clients  
34 or individuals covered under the department's section 1115 medicaid  
35 waiver. The department is authorized to conduct a request for proposal  
36 process to fulfill this requirement. By December 1, 2012, the  
37 department shall provide a plan to the office of financial management  
38 and to the relevant fiscal and policy committees of the legislature for

1 transitioning all remaining intensive inpatient beds currently provided  
 2 in settings that are considered institutions for mental diseases into  
 3 facilities with no more than 16 beds by June 2017. The plan shall  
 4 identify the maximum number of additional beds that can be transitioned  
 5 into facilities with no more than 16 beds during the 2013-2015 fiscal  
 6 biennium and the remaining number that will be transitioned during the  
 7 2015-2017 fiscal biennium, a timeline and process for accomplishing  
 8 this, and a projection of the related general fund--state savings for  
 9 each biennium.

10 (6) The amounts appropriated in this section include reductions of  
 11 \$303,000 in the general fund--state appropriation for fiscal year 2012  
 12 and \$1,815,000 in the general fund--state appropriation for fiscal year

 16 parenting women, services provided to juveniles, and services provided  
 17 to parents in dependency proceedings.

18 **Sec. 1209.** 2012 2nd sp.s. c 7 s 209 (uncodified) is amended to

11 support to community public health and safety networks that have a  
12 history of providing training and services related to adverse childhood  
13 experiences. Distribution of these funds is contingent upon securing  
14 funding from a private entity or entities to provide one dollar in  
15 matching funds for each dollar in state funds received by a network so  
16 that the funding received by a community public health and safety  
17 network will be equal portions of state and private funding.

18 ((+7)) (6) \$250,000 of the general fund--state appropriation for

36 welfare, and juvenile justice services to children. If Engrossed  
37 Second Substitute House Bill No. 2536 (children services/delivery) is

1 not enacted by June 30, 2012, the amounts provided in this subsection  
2 shall lapse.

3 **Sec. 1212.** 2012 2nd sp.s. c 7 s 212 (uncodified) is amended to

1 (3) The health care authority shall require organizations and  
2 individuals that are paid to deliver basic health plan services and  
3 that choose to sponsor enrollment in the subsidized basic health plan  
4 to pay 133 percent of the premium amount which would otherwise be due  
5 from the sponsored enrollees.

6 (4)(a) \$1,200,000 of the general fund--state appropriation for  
7 fiscal year 2012 is provided solely to plan the implementation of a  
8 system of consolidated public school employee health benefits  
9 purchasing.

10 It is the intent of the legislature to improve the administration,  
11 transparency, and equity in delivering a K-12 employees' health  
12 benefits system. In addition, the legislature intends that any cost  
13 savings that result from changes to K-12 health benefits be dedicated  
14 to public schools.

15 To further this legislative intent, the state health care authority  
16 shall develop a plan to implement a consolidated health benefits'  
17 system for K-12 employees for the 2013-14 school year. The health care  
18 authority shall deliver a report to the legislature by December 15,  
19 2011, that sets forth the implementation plan to the ways and means  
20 committees of the house of representatives and the senate.

21 (b) The report prepared by the health care authority shall compare  
22 and contrast the costs and benefits, both long and short term, of:

- 23 (i) The current K-12 health benefits system;  
24 (ii) A new K-12 employee benefits pool; and  
25 (iii) Enrolling K-12 employees into the health benefits pool for  
26 state employees.

27 (c) In addition to the implementation plan, the report shall  
28 include the following information:

- 29 (i) The costs and benefits of the current K-12 health benefits  
30 system;  
31 (ii) The costs and benefits of providing a new statewide K-12  
32 employees' health benefits pool to school districts and school  
33 employees;  
34 (iii) The costs and benefits of enrolling K-12 employees into the  
35 existing health benefits pool for state employees;  
36 (iv) Recommendations of ways to limit administrative duplication  
37 and costs, improve transparency to employees, the legislature, and the

1 public and assure equity among beneficiaries of publicly provided  
2 employee health benefits;

3 (v) Recommendations for standardizing benefit packages and  
4 purchasing efforts in a manner that seeks to maximize funding and  
5 equity for all school employees;

6 (vi) Recommendations regarding the use of incentives, including how  
7 changes to state health benefit allocations could provide employees  
8 with benefits that would encourage participation;

9 (vii) Recommendations regarding the implementation of a new K-12  
10 employee benefit plan, with separate options for voluntary  
11 participation and mandatory statewide participation;

12 (viii) Recommendations regarding methods to reduce inequities  
13 between individual and family coverage;

14 (ix) Consolidation of the purchasing and budget accountability for  
15 school employee benefits to maximize administrative efficiency and  
16 leverage existing skills and resources; and

17 (x) Other details the health care authority deems necessary,  
18 including but not limited to recommendations on the following:

19 (A) Approaches for implementing the transition to a statewide pool,  
20 including administrative and statutory changes necessary to ensure a  
21 successful transition, and whether the pool should be separate from, or  
22 combined with, the public employees' benefits pool;

23 (B) The structure of a permanent governing group to provide ongoing  
24 oversight to the consolidated pool, in a manner similar to the public  
25 employees benefits board functions for employee health benefits,  
26 including statutory duties and authorities of the board; and

27 (C) Options for including potential changes to: Eligibility  
28 standardization, the public employees benefits risk pools, the movement  
29 of school employee retirees into the new K-12 pool or pools, and the  
30 movement of educational service district employees into the new K-12  
31 pool or pools.

32 (d) In determining its costs and benefits of a new statewide K-12  
33 employees' health benefits pool for school districts and school  
34 employees, the health care authority shall assume the following:

35 (i) School district enrollees must constitute an entire bargaining  
36 unit, or an entire group of nonrepresented employees;

37 (ii) Staffing and administration for benefits purchasing shall be  
38 provided by the health care authority; and

1 (iii) The new K-12 pool would operate on a schedule that  
2 coordinates with the financing and enrollment schedule used for school  
3 districts.

4 (e) The office of the superintendent of public instruction and the  
5 office of the insurance commissioner shall provide information and  
6 technical assistance to the health care authority as requested by the  
7 health care authority. The health care authority shall not implement  
8 the new school employee benefits pool until authorized to do so by the  
9 legislature.

10 (5) The administrator shall take at least the following actions to  
11 assure that persons participating in the basic health plan are eligible  
12 for the level of assistance they receive: (a) Require submission of  
13 (i) income tax returns, and recent pay history, from all applicants, or  
14 (ii) other verifiable evidence of earned and unearned income from those  
15 persons not required to file income tax returns; (b) check employment  
16 security payroll records at least once every twelve months on all  
17 enrollees; (c) require enrollees whose income as indicated by payroll  
18 records exceeds that upon which their subsidy is based to document  
19 their current income as a condition of continued eligibility; (d)  
20 require enrollees for whom employment security payroll records cannot  
21 be obtained to document their current income at least once every six  
22 months; (e) not reduce gross family income for self-employed persons by  
23 noncash-flow expenses such as, but not limited to, depreciation,  
24 amortization, and home office deductions, as defined by the United  
25 States internal revenue service; and (f) pursue repayment and civil  
26 penalties from persons who have received excessive subsidies, as  
27 provided in RCW 70.47.060(9).

28 (6) Enrollment in the subsidized basic health plan shall be limited  
29 to only include persons who qualify as subsidized enrollees as defined  
30 in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid  
31 demonstration project number 11-W-00254/10; or (b) are foster parents  
32 licensed under chapter 74.15 RCW.

33 (7) \$23,700,000 of the general fund--federal appropriation is  
34 provided solely for planning and implementation of a health benefit  
35 exchange under the federal patient protection and affordable care act.  
36 Within the amounts provided in this subsection, funds used by the  
37 authority for information technology projects are conditioned on the

1 authority satisfying the requirements of Engrossed Second Substitute  
2 Senate Bill No. 5931 (central service agencies).

3 (8) Based on quarterly expenditure reports and caseload forecasts,  
4 if the health care authority estimates that expenditures for the  
5 medical assistance program will exceed the appropriations, the health  
6 care authority shall take steps including but not limited to reduction  
7 of rates or elimination of optional services to reduce expenditures so  
8 that total program costs do not exceed the annual appropriation  
9 authority.

10 (9) In determining financial eligibility for medicaid-funded  
11 services, the health care authority is authorized to disregard  
12 recoveries by Holocaust survivors of insurance proceeds or other  
13 assets, as defined in RCW 48.104.030.

14 (10) The legislature affirms that it is in the state's interest for  
15 Harborview medical center to remain an economically viable component of  
16 the state's health care system.

17 (11) When a person is ineligible for medicaid solely by reason of  
18 residence in an institution for mental diseases, the health care  
19 authority shall provide the person with the same benefits as he or she  
20 would receive if eligible for medicaid, using state-only funds to the  
21 extent necessary.

22 (12) \$4,261,000 of the general fund--state appropriation for fiscal  
23 year 2012, \$4,261,000 of the general fund--state appropriation for  
24 fiscal year 2013, and \$8,522,000 of the general fund--federal  
25 appropriation are provided solely for low-income disproportionate share  
26 hospital payments (~~(under RCW 74.09.730(1)(a))~~).

27 (13) \$6,000,000 of the general fund--federal appropriation is  
28 provided solely for supplemental payments to nursing homes operated by  
29 public hospital districts. The public hospital district shall be  
30 responsible for providing the required nonfederal match for the  
31 supplemental payment, and the payments shall not exceed the maximum  
32 allowable under federal rules. It is the legislature's intent that the  
33 payments shall be supplemental to and shall not in any way offset or  
34 reduce the payments calculated and provided in accordance with part E  
35 of chapter 74.46 RCW. It is the legislature's further intent that  
36 costs otherwise allowable for rate-setting and settlement against  
37 payments under chapter 74.46 RCW shall not be disallowed solely because  
38 such costs have been paid by revenues retained by the nursing home from

1 these supplemental payments. The supplemental payments are subject to  
2 retrospective interim and final cost settlements based on the nursing  
3 homes' as-filed and final medicare cost reports. The timing of the  
4 interim and final cost settlements shall be at the health care  
5 authority's discretion. During either the interim cost settlement or  
6 the final cost settlement, the health care authority shall recoup from  
7 the public hospital districts the supplemental payments that exceed the  
8 medicaid cost limit and/or the medicare upper payment limit. The  
9 health care authority shall apply federal rules for identifying the  
10 eligible incurred medicaid costs and the medicare upper payment limit.

11 (14) The health care authority shall continue the inpatient  
12 hospital certified public expenditures program for the 2011-2013 fiscal  
13 biennium. The program shall apply to all public hospitals, including  
14 those owned or operated by the state, except those classified as  
15 critical access hospitals or state psychiatric institutions. The  
16 health care authority shall submit reports to the governor and  
17 legislature by November 1, 2011, and by November 1, 2012, that evaluate  
18 whether savings continue to exceed costs for this program. If the  
19 certified public expenditures (CPE) program in its current form is no  
20 longer cost-effective to maintain, the health care authority shall  
21 submit a report to the governor and legislature detailing  
22 cost-effective alternative uses of local, state, and federal resources  
23 as a replacement for this program. During fiscal year 2012 and fiscal  
24 year 2013, hospitals in the program shall be paid and shall retain one  
25 hundred percent of the federal portion of the allowable hospital cost  
26 for each medicaid inpatient fee-for-service claim payable by medical  
27 assistance and one hundred percent of the federal portion of the  
28 maximum disproportionate share hospital payment allowable under federal  
29 regulations. Inpatient medicaid payments shall be established using an  
30 allowable methodology that approximates the cost of claims submitted by  
31 the hospitals. Payments made to each hospital in the program in each  
32 fiscal year of the biennium shall be compared to a baseline amount.  
33 The baseline amount will be determined by the total of (a) the  
34 inpatient claim payment amounts that would have been paid during the  
35 fiscal year had the hospital not been in the CPE program based on the  
36 reimbursement rates developed, implemented, and consistent with  
37 policies approved in the 2011-13 biennial operating appropriations act  
38 and in effect on July 1, 2011, (b) one half of the indigent assistance

1 disproportionate share hospital payment amounts paid to and retained by  
2 each hospital during fiscal year 2005, and (c) all of the other  
3 disproportionate share hospital payment amounts paid to and retained by  
4 each hospital during fiscal year 2005 to the extent the same  
5 disproportionate share hospital programs exist in the 2011-13 biennium.  
6 If payments during the fiscal year exceed the hospital's baseline  
7 amount, no additional payments will be made to the hospital except the  
8 federal portion of allowable disproportionate share hospital payments  
9 for which the hospital can certify allowable match. If payments during  
10 the fiscal year are less than the baseline amount, the hospital will be  
11 paid a state grant equal to the difference between payments during the  
12 fiscal year and the applicable baseline amount. Payment of the state  
13 grant shall be made in the applicable fiscal year and distributed in  
14 monthly payments. The grants will be recalculated and redistributed as  
15 the baseline is updated during the fiscal year. The grant payments are  
16 subject to an interim settlement within eleven months after the end of  
17 the fiscal year. A final settlement shall be performed. To the extent  
18 that either settlement determines that a hospital has received funds in  
19 excess of what it would have received as described in this subsection,  
20 the hospital must repay the excess amounts to the state when requested.  
21 \$8,102,000 of the general fund--state appropriation for fiscal year  
22 2012, of which \$6,570,000 is appropriated in section 204(1) of this  
23 act, and (~~(\$3,162,000)~~) \$10,722,000 of the general fund--state  
24 appropriation for fiscal year 2013, of which \$6,570,000 is appropriated  
25 in section 204(1) of this act, are provided solely for state grants for  
26 the participating hospitals. CPE hospitals will receive the inpatient  
27 and outpatient reimbursement rate restorations in RCW 74.60.080 and  
28 rate increases in RCW 74.60.090 funded through the hospital safety net  
29 assessment fund rather than through the baseline mechanism specified in  
30 this subsection.

31 (15) The health care authority shall seek public-private  
32 partnerships and federal funds that are or may become available to  
33 provide on-going support for outreach and education efforts under the  
34 federal children's health insurance program reauthorization act of  
35 2009.

36 (16) The health care authority shall target funding for maternity  
37 support services towards pregnant women with factors that lead to  
38 higher rates of poor birth outcomes, including hypertension, a preterm

1 or low birth weight birth in the most recent previous birth, a  
2 cognitive deficit or developmental disability, substance abuse, severe  
3 mental illness, unhealthy weight or failure to gain weight, tobacco  
4 use, or African American or Native American race. The health care  
5 authority shall prioritize evidence-based practices for delivery of  
6 maternity support services. To the extent practicable, the health care  
7 authority shall develop a mechanism to increase federal funding for  
8 maternity support services by leveraging local public funding for those  
9 services.

10 ~~(17) ((For children with family incomes above 200 percent of the~~  
11 ~~federal poverty level in the state funded children's health program for~~  
12 ~~children who are not eligible for coverage under the federally funded~~  
13 ~~children's health insurance program, premiums shall be set every two~~  
14 ~~years in an amount equal to the average state only share of the per~~  
15 ~~capita cost of coverage in the state funded children's health program~~  
16 ~~for children in families with incomes at or less than two hundred~~  
17 ~~percent of the federal poverty level.~~

18 ~~(18))~~ Within the amounts appropriated in this section, the health  
19 care authority shall provide disproportionate share hospital payments  
20 to hospitals that provide services to children in the children's health  
21 program who are not eligible for services under Title XIX or XXI of the  
22 federal social security act due to their citizenship status.

26 appropriation are provided solely to increase prior authorization  
27 activities for advanced imaging procedures.

28 ~~((20))~~ (19) \$196,000 of the general fund--state appropriation for  
29 fiscal year 2012, \$246,000 of the general fund--state appropriation for

31 appropriation are provided solely to increase prior authorization  
32 activities for surgical procedures, which may include orthopedic  
33 procedures, spinal procedures and interventions, and nerve procedures.

36 are provided solely for a prescriptive practices improvement  
37 collaborative focusing upon atypical antipsychotics and other  
38 medications commonly used in the treatment of severe and persistent

1 mental illnesses among adults. The project shall promote collaboration  
2 among community mental health centers, other major prescribers of  
3 atypical antipsychotic medications to adults enrolled in state medical  
4 assistance programs, and psychiatrists, pharmacists, and other  
5 specialists at the University of Washington department of psychiatry  
6 and/or other research universities. The collaboration shall include  
7 patient-specific prescriber consultations by psychiatrists and  
8 pharmacists specializing in treatment of severe and persistent mental  
9 illnesses among adults; production of profiles to assist prescribers  
10 and clinics in tracking their prescriptive practices and their  
11 patients' medication use and adherence relative to evidence-based  
12 practices guidelines, other prescribers, and patients at other clinics;  
13 and in-service seminars at which participants can share and increase  
14 their knowledge of evidence-based and other effective prescriptive  
15 practices. The health care authority shall enter into an interagency  
16 agreement with the office of the attorney general for expenditure of  
17 \$300,000 of the state's proceeds of the *cy pres* settlement in *State of*

24 state's proceeds of the *cy pres* settlement in *State of Washington v.*  
25 *AstraZeneca* (Seroquel) for this purpose.

26 ~~((+23+))~~ (22) \$80,000 of the general fund--state appropriation for  
27 fiscal year 2012, \$80,000 of the general fund--state appropriation for  
28 fiscal year 2013, and \$160,000 of the general fund--federal  
29 appropriation are provided solely to fund the Tacoma-Pierce county  
30 health department for access and outreach activities to reduce infant  
31 mortality.

32 ~~((+24+))~~ (23) \$75,000 of the general fund--state appropriation for  
33 fiscal year 2012, \$75,000 of the general fund--state appropriation for

35 appropriation are provided solely to assist with development and  
36 implementation of evidence-based strategies regarding the appropriate,  
37 safe, and effective role of C-section surgeries and early induced labor  
38 in births and neonatal care. The strategies shall be identified and

1 implemented in consultation with clinical research specialists,

37 fiscal year 2012 and \$400,000 of the general fund--state appropriation  
38 for fiscal year 2013 is provided solely for the local outreach, case

1 management, and coordination with dental providers needed to execute  
2 the access to baby and child dentistry program, which provides dental  
3 care to Medicaid eligible children up to age six.

4 ~~((+33+))~~ (32) Within the amounts appropriated in this section, the  
5 health care authority shall continue to provide dental services to  
6 pregnant women. Services shall include preventive, routine, and  
7 emergent dental care.

8 ~~((+34+))~~ (33) \$395,000 of the general fund--state appropriation for  
9 fiscal year 2012, \$395,000 of the general fund--state appropriation for  
10 fiscal year 2013, and \$790,000 of the general fund--federal  
11 appropriation are provided solely for continued operation of the  
12 dental education in care of persons with disabilities (DECOD) program  
13 at the University of Washington.

14 ~~((+35+))~~ (34) \$159,000 of the general fund--state appropriation for  
15 fiscal year 2012, \$302,000 of the general fund--private/local  
16 appropriation, and \$146,072,000 of the general fund--federal  
17 appropriation are provided solely for the provider incentive program  
18 and other initiatives related to the health information technology  
19 Medicaid plan. The general fund--private/local appropriation in this  
20 subsection shall be funded with proceeds from settlements in the case  
21 of *State of Washington vs. GlaxoSmithKline*. The authority and the  
22 office of the attorney general shall enter an interagency agreement  
23 regarding use of these funds.

24 ~~((+36+))~~ (35) \$2,926,000 of the general fund--local appropriation  
25 and \$2,928,000 of the general fund--federal appropriation are provided  
26 solely to support medical airlift services.

27 ~~((+37+))~~ (36) The authority shall collect data on enrollment and  
28 utilization to study whether the expansion of family planning coverage  
29 under Substitute Senate Bill No. 5912 is reducing state medical  
30 expenditures by reducing unwanted pregnancies. The authority shall  
31 report its findings to the legislature by December 1, 2012.

32 ~~((+38+))~~ (37) \$480,000 of the general fund--state appropriation for  
33 fiscal year 2012, \$480,000 of the general fund--state appropriation for  
34 fiscal year 2013, and \$824,000 of the general fund--federal  
35 appropriation are provided solely for customer services staff. The  
36 authority will attempt to improve the phone answer rate to 40 percent  
37 and reduce the response times to written questions to ten days for  
38 clients and 25 days for providers. The authority will report to the

1 legislature on its progress toward achieving these goals by January 1,  
2 2012. If the authority has not achieved these goals by July 1, 2012,  
3 then the authority shall reduce expenditures on management staff in  
4 order to increase expenditures on customer service staff until the  
5 goals are achieved.

6 ~~((+39+))~~ (38) The department shall purchase a brand name drug when  
7 it determines that the cost of the brand name drug after rebates is  
8 less than the cost of generic alternatives and that purchase of the  
9 brand rather than generic version can save at least \$250,000. The  
10 department may purchase generic alternatives when changes in market  
11 prices make the price of the brand name drug after rebates more  
12 expensive than the generic alternatives.

13 ~~((+41+))~~ (39) \$150,000 of the general fund--state appropriation for  
14 fiscal year 2012 and \$1,964,000 of the general fund--state  
15 appropriation for fiscal year 2013 are provided solely to implement  
16 Engrossed Second Substitute House Bill No. 2319 (affordable care act).  
17 If the bill is not enacted by June 30, 2012, the amounts provided in  
18 this subsection shall lapse.

19 ~~((+42+))~~ (40) \$1,109,000 of the general fund--state appropriation  
20 for fiscal year 2012, \$1,471,000 of the general fund--state  
21 appropriation for fiscal year 2013, and \$21,890,000 of the general  
22 fund--federal appropriation are provided solely to implement phase two  
23 of the project to create a single provider payment system that  
24 consolidates medicaid medical and social services payments and replaces  
25 the social service payment system.

26 ~~((+43+))~~ (41) In order to achieve the twelve percent reduction in  
27 emergency room expenditures in the fiscal year 2013 appropriations  
28 provided in this section, the authority, in consultation with the  
29 Washington state hospital association, the Washington state medical  
30 association, and the Washington chapter of the American college of  
31 emergency physicians shall designate best practices and performance  
32 measures to reduce medically unnecessary emergency room visits of  
33 medicaid clients. The Washington state hospital association, the  
34 Washington state medical association, and the Washington chapter of the  
35 American college of emergency physicians will work with the authority  
36 to promote these best practices. The best practices and performance  
37 measures shall consist of the following items:

1 (a) Adoption of a system to exchange patient information among  
2 emergency room departments on a regional or statewide basis;

3 (b) Active dissemination of patient educational materials produced  
4 by the Washington state hospital association, Washington state medical  
5 association, and the Washington chapter of the American college of  
6 emergency physicians that instruct patients on appropriate facilities  
7 for nonemergent health care needs;

8 (c) Designation of hospital personnel and emergency room physician  
9 personnel to receive and appropriately disseminate information on  
10 clients participating in the medicaid patient review and coordination  
11 program and to review monthly utilization reports on those clients  
12 provided by the authority;

13 (d) A process to assist the authority's patient review and  
14 coordination program clients with their care plans. The process must  
15 include substantial efforts by hospitals to schedule an appointment  
16 with the client's assigned primary care provider within seventy-two  
17 hours of the client's medically unnecessary emergency room visit when  
18 appropriate under the client's care plan;

19 (e) Implementation of narcotic guidelines that incorporate the  
20 Washington chapter of the American college of emergency physician  
21 guidelines;

22 (f) Physician enrollment in the state's prescription monitoring  
23 program, as long as the program is funded; and

24 (g) Designation of a hospital emergency department physician  
25 responsible for reviewing the state's medicaid utilization management  
26 feedback reports, which will include defined performance measures. The  
27 emergency department physician and hospital will have a process to take  
28 appropriate action in response to the information in the feedback  
29 reports if performance measures are not met. The authority must  
30 develop feedback reports that include timely emergency room utilization  
31 data such as visit rates, medically unnecessary visit rates (by  
32 hospital and by client), emergency department imaging utilization  
33 rates, and other measures as needed. The authority may utilize the  
34 Robert Bree collaborative for assistance related to this best practice.

35 The requirements for best practices for a critical access hospital  
36 should not include adoption of a system to exchange patient information  
37 if doing so would pose a financial burden, and should not include

1 requirements related to the authority's patient review and coordination  
2 program if the volume of those patients seen at the critical access  
3 hospital are small.

4 Hospitals participating in this medicaid best practices program  
5 shall submit to the authority a declaration from executive level  
6 leadership indicating hospital adoption of and compliance with the best  
7 practices enumerated above. In the declaration, hospitals will affirm  
8 that they have in place written policies, procedures, or guidelines to  
9 implement these best practices and are willing to share them upon  
10 request. The declaration must also give consent for the authority to  
11 disclose feedback reports and performance measures on its web site.  
12 The authority shall submit a list of declaring hospitals to the  
13 relevant policy and fiscal committees of the legislature by July 15,  
14 2012.

15 If the authority does not receive by July 1, 2012, declarations  
16 from hospitals representing at least seventy-five percent of emergency  
17 room visits by medicaid clients in fiscal year 2010, the authority may  
18 implement a policy of nonpayment of medically unnecessary emergency  
19 room visits, with appropriate client and clinical safeguards such as  
20 exemptions and expedited prior authorization. The authority shall by  
21 January 15, 2013, perform a preliminary fiscal analysis of trends in  
22 implementing the best practices in this subsection, focusing on outlier  
23 hospitals with high rates of unnecessary visits by medicaid clients,  
24 high emergency room visit rates for patient review and coordination  
25 clients, low rates of completion of treatment plans for patient review  
26 and coordination clients assigned to the hospital, and high rates of  
27 prescribed long-acting opiates. In cooperation with the leadership of  
28 the hospital, medical, and emergency physician associations, additional  
29 efforts shall be focused on assisting those outlier hospitals and  
30 providers to achieve more substantial savings. The authority by  
31 January 15, 2013, will report to the legislature about whether assumed  
32 savings based on preliminary trend and forecasted data are on target  
33 and if additional best practices or other actions need to be  
34 implemented.

35 If necessary, pursuant to RCW 34.05.350(1)(c), the authority may  
36 employ emergency rulemaking to achieve the reductions assumed in the  
37 appropriations under this section.

1 Nothing in this subsection shall in any way impact the authority's  
2 ability to adopt and implement policies pertaining to the patient  
3 review and coordination program.

4 ~~((+46+))~~ (42) The ~~((department))~~ authority shall seek a medicaid  
5 state plan amendment to create a ~~((graduate medical education))~~  
6 professional services supplemental payment managed care program for  
7 professional services delivered to managed care recipients by  
8 University of Washington medicine and other public professional  
9 providers. This program shall be effective as soon as administratively  
10 possible and shall operate concurrently with the existing professional  
11 services supplemental payment program. ~~((Providers that participate in  
12 the graduate medical education supplemental payment program are not  
13 eligible to participate in the professional services supplemental  
14 payment program.))~~ The ~~((department))~~ authority shall apply federal  
15 rules for identifying the difference between ~~((current physician  
16 encounter))~~ average commercial rates and fee-for-service medicaid  
17 payments ~~((to participating providers and the applicable federal upper  
18 payment limit))~~. This difference will be multiplied by the number of  
19 managed care encounters and incorporated into the managed care plan  
20 capitation rates by a certified actuary. The managed care plans will  
21 pay the providers the difference attributable to the increased  
22 capitation rate. Participating providers shall be solely responsible  
23 for providing the local funds required to obtain federal matching  
24 funds. Any incremental costs incurred by the ~~((department))~~ authority  
25 in the development, implementation, and maintenance of this program  
26 shall be the responsibility of the participating providers.  
27 Participating providers shall retain the full amount of supplemental  
28 payments provided under this program, net of any costs related to the  
29 program that are disallowed due to audits or litigation against the  
30 state.

31 ~~((+47+))~~ (43) The authority shall exclude antiretroviral drugs used  
32 to treat HIV/AIDS, anticancer medication that is used to kill or slow  
33 the growth of cancerous cells, antihemophilic drugs, insulin and other  
34 drugs to lower blood glucose, and immunosuppressive drugs from any  
35 formulary limitations implemented to operate within the appropriations  
36 provided in this section.

37 ~~((+48+))~~ (44) If Engrossed Substitute Senate Bill No. 5978  
38 (medicaid fraud) is not enacted by June 30, 2012, the amounts

1 appropriated in this section from the medicaid fraud penalty account--  
2 state appropriation shall lapse and an additional \$3,608,000 shall be  
3 appropriated from the general fund--state for fiscal year 2013 for  
4 medicaid services, fraud detection and prevention activities, recovery  
5 of improper payments, and for other medicaid fraud enforcement  
6 activities.

7 ~~((+50+))~~ (45) Within the amounts appropriated in this section, the  
8 health care authority and the department of social and health services  
9 shall implement the state option to provide health homes for enrollees  
10 with chronic conditions under section 2703 of the federal affordable  
11 care act. The total state match for enrollees who are dually-eligible  
12 for both medicare and medicaid and not enrolled in managed care shall  
13 be no more than the net savings to the state from the enhanced match  
14 rate for its medicaid-only managed care enrollees under section 2703.

15 ~~((+51+))~~ (46) The health care authority shall not initiate any  
16 services that require expenditure of state general fund moneys unless  
17 expressly authorized in this act or other law. The health care  
18 authority may seek, receive, and spend, under RCW 43.79.260 through  
19 43.79.282, federal moneys not anticipated in this act as long as the  
20 federal funding does not require expenditure of state moneys for the  
21 program in excess of amounts anticipated in this act. If the health  
22 care authority receives unanticipated unrestricted federal moneys,  
23 those moneys shall be spent for services authorized in this act or in  
24 any other legislation providing appropriation authority, and an equal  
25 amount of appropriated state general fund moneys shall lapse. Upon the  
26 lapsing of any moneys under this subsection, the office of financial  
27 management shall notify the legislative fiscal committees. As used in  
28 this subsection, "unrestricted federal moneys" includes block grants  
29 and other funds that federal law does not require to be spent on  
30 specifically defined projects or matched on a formula basis by state  
31 funds.

32 ~~((+52+))~~ (47) \$66,000 of the general fund--state appropriation for  
33 fiscal year 2013 and \$66,000 of the general fund--federal appropriation  
34 are provided solely to implement Engrossed Second Substitute House Bill  
35 No. 2536 (children services/delivery). The department of social and  
36 health services' programs responsible for administration of mental  
37 health, child welfare, and juvenile justice programs will coordinate  
38 with the health care authority on the development of contract terms

1 which facilitate efforts to meet requirements of the bill. If the bill  
2 is not enacted by June 30, 2012, the amounts provided in this  
3 subsection shall lapse.

4 ~~((+53+))~~ (48) The health care authority shall participate in the  
5 work group established by the department of corrections in section  
6 220(2) of this act to review release options for elderly and infirm  
7 offenders.

8 (49) \$208,000 of the general fund--state appropriation for fiscal  
9 year 2013 and \$728,000 of the general fund--federal appropriation are  
10 provided solely for the rebasing of outpatient and inpatient payment  
11 methods.

27 are excluded from the total central office staff units calculation in  
28 (a) of this subsection.

29 (d) For students in approved career-technical and skill center  
30 programs, central office classified units are allocated at the same  
31 staff unit per student rate as those generated for general education  
32 students of the same grade in this subsection (5), and central office  
33 administrative staff units are allocated at staff unit per student  
34 rates that exceed the general education rate established for students  
35 in the same grade in this subsection (5) by 3.69 percent for career and  
36 technical education students, and 21.92 percent for skill center  
37 students.

38 (6) FRINGE BENEFIT ALLOCATIONS

 3 school year for certificated salary allocations provided under  
 4 subsections (2), (3), and (5) of this section, and a rate of 18.73  
 5 percent in the 2011-12 school year and 18.73 percent in the 2012-13  
 6 school year for classified salary allocations provided under  
 7 subsections (4) and (5) of this section.

8  
 9 (7) INSURANCE BENEFIT ALLOCATIONS

10 Insurance benefit allocations shall be calculated at the  
 11 maintenance rate specified in section 504 of this act, based on the  
 12 number of benefit units determined as follows:

13 (a) The number of certificated staff units determined in  
 14 subsections (2), (3), and (5) of this section; and

15 (b) The number of classified staff units determined in subsections  
 16 (4) and (5) of this section multiplied by 1.152. This factor is  
 17 intended to adjust allocations so that, for the purposes of  
 18 distributing insurance benefits, full-time equivalent classified  
 19 employees may be calculated on the basis of 1440 hours of work per  
 20 year, with no individual employee counted as more than one full-time  
 21 equivalent.

22 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

23 Funding is allocated per annual average full-time equivalent  
 24 student for the materials, supplies, and operating costs (MSOC)

9 FTE MSOC allocations which equal the rate for general education  
10 students calculated in (a) of this subsection, multiplied by a factor  
11 of 2.171.

12 (c) Students in approved exploratory and preparatory career and  
13 technical education programs generate a per student MSOC allocation  
14 that is equal to the rate for general education students calculated in

17 MSOC allocations which equal the per student FTE rate for general  
18 education students established in (a) of this subsection.

19 (9) SUBSTITUTE TEACHER ALLOCATIONS

20 For the 2011-12 and 2012-13 school years, funding for substitute  
21 costs for classroom teachers is based on four (4) funded substitute  
22 days per classroom teacher unit generated under subsection (2) of this  
23 section, at a daily substitute rate of \$151.86.

24 (10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

25 (a) Amounts provided in this section are adjusted to reflect  
26 provisions of House Bill No. 2065 (allocation of funding for funding

29 districts receiving general apportionment funding for alternative  
30 learning experience (ALE) programs as defined in WAC 392-121-182 to  
31 provide separate financial accounting of expenditures for the ALE  
32 programs offered in district or with a provider, including but not  
33 limited to private companies and multidistrict cooperatives, as well as  
34 accurate, monthly headcount and FTE enrollment claimed for basic  
35 education, including separate counts of resident and nonresident  
36 students.

1 (11) VOLUNTARY FULL DAY KINDERGARTEN PROGRAMS

2 Funding in this section is sufficient to fund voluntary full day  
3 kindergarten programs in qualifying high poverty schools, pursuant to  
4 RCW 28A.150.220 and 28A.150.315. Each kindergarten student who enrolls  
5 for the voluntary full-day program in a qualifying school shall count  
6 as one-half of one full-time equivalent student for purpose of making  
7 allocations under this section. Funding in this section provides full-  
8 day kindergarten programs for 21 percent of kindergarten enrollment in  
9 the 2011-12 school year, and 22 percent in the 2012-13 school year.  
10 Funding priority shall be given to schools with the highest poverty  
11 levels, as measured by prior year free and reduced price lunch  
12 eligibility rates in each school. Funding in this section is  
13 sufficient to fund voluntary full day kindergarten programs for July  
14 and August of the 2010-11 school year.

15 (12) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND  
16 NECESSARY PLANTS

17 For small school districts and remote and necessary school plants  
18 within any district which have been judged to be remote and necessary  
19 by the superintendent of public instruction, additional staff units are  
20 provided to ensure a minimum level of staffing support. Additional  
21 administrative and certificated instructional staff units provided to  
22 districts in this subsection shall be reduced by the general education  
23 staff units, excluding career and technical education and skills center  
24 enhancement units, otherwise provided in subsections (2) through (5) of  
25 this section on a per district basis.

3 each additional student enrolled;

4 (b) For specified enrollments in districts enrolling more than  
5 twenty-five but not more than one hundred average annual full-time  
6 equivalent students in grades K-8, and for small school plants within  
7 any school district which enroll more than twenty-five average annual  
8 full-time equivalent students in grades K-8 and have been judged to be  
9 remote and necessary by the superintendent of public instruction:

10 (i) For enrollment of up to sixty annual average full-time  
11 equivalent students in grades K-6, 2.76 certificated instructional  
12 staff units and 0.24 certificated administrative staff units; and

19 other than alternative schools, except as noted in this subsection:

20 (i) For remote and necessary schools enrolling students in any  
21 grades 9-12 but no more than twenty-five average annual full-time

29 0.8732 certificated instructional staff units and 0.1268 certificated  
30 administrative staff units per each additional forty-three and one-half  
31 average annual full-time equivalent students;

32 (iii) Districts receiving staff units under this subsection shall  
33 add students enrolled in a district alternative high school and any  
34 grades nine through twelve alternative learning experience programs  
35 with the small high school enrollment for calculations under this  
36 subsection;

37 (d) For each nonhigh school district having an enrollment of more  
38 than seventy annual average full-time equivalent students and less than

12 subsections;

13 (ii) For each nonhigh school district with an enrollment of more  
14 than fifty annual average full-time equivalent students and less than

22 section 502, chapter 37, Laws of 2010 1st sp. sess. (2010 supplemental  
23 budget), adjusted annually for inflation.

24 (13) Any school district board of directors may petition the  
25 superintendent of public instruction by submission of a resolution  
26 adopted in a public meeting to reduce or delay any portion of its basic  
27 education allocation for any school year. The superintendent of public  
28 instruction shall approve such reduction or delay if it does not impair  
29 the district's financial condition. Any delay shall not be for more  
30 than two school years. Any reduction or delay shall have no impact on  
31 levy authority pursuant to RCW 84.52.0531 and local effort assistance  
32 pursuant to chapter 28A.500 RCW.

33 (14) The superintendent may distribute funding for the following  
34 programs outside the basic education formula during fiscal years 2012  
35 and 2013 as follows:

4 (b) \$436,000 of the general fund--state appropriation for fiscal  
5 year 2012 and \$436,000 of the general fund--state appropriation for  
6 fiscal year 2013 are provided solely for programs providing skills  
7 training for secondary students who are enrolled in extended day  
8 school-to-work programs, as approved by the superintendent of public  
9 instruction. The funds shall be allocated at a rate not to exceed \$500  
10 per full-time equivalent student enrolled in those programs.

11 (c) Funding in this section is sufficient to fund adjustments to  
12 school districts' allocations resulting from the implementation of the  
13 prototypical school funding formula, pursuant to chapter 236, Laws of  
14 2010 (K-12 education funding). The funding in this section is intended  
15 to hold school districts harmless in total for funding changes  
16 resulting from conversion to the prototypical school formula in the  
17 general apportionment program, the learning assistance program, the  
18 transitional bilingual program, and the highly capable program, after  
19 adjustment for changes in enrollment and other caseload adjustments.

20 (15) \$208,000 of the general fund--state appropriation for fiscal  
21 year 2012 and \$211,000 of the general fund--state appropriation for  
22 fiscal year 2013 are provided solely for school district emergencies as  
23 certified by the superintendent of public instruction. At the close of  
24 the fiscal year the superintendent of public instruction shall report  
25 to the office of financial management and the appropriate fiscal  
26 committees of the legislature on the allocations provided to districts  
27 and the nature of the emergency.

28 (16) Funding in this section is sufficient to fund a maximum of  
29 1.6 FTE enrollment for skills center students pursuant to chapter 463,

32 in running start programs may be funded up to a combined maximum  
33 enrollment of 1.2 FTE including school district and institution of  
34 higher education enrollment. In calculating the combined 1.2 FTE, the  
35 office of the superintendent of public instruction may average the  
36 participating student's September through June enrollment to account  
37 for differences in the start and end dates for courses provided by the  
38 high school and higher education institution. Additionally, the office

1 of the superintendent of public instruction, in consultation with the  
2 state board for community and technical colleges, the higher education  
3 coordinating board, and the education data center, shall annually track  
4 and report to the fiscal committees of the legislature on the combined  
5 FTE experience of students participating in the running start program,  
6 including course load analyses at both the high school and community

10 to subsection (12) of this section, the following apply:

11 (a) For three school years following consolidation, the number of  
12 basic education formula staff units shall not be less than the number  
13 of basic education formula staff units received by the districts in the  
14 school year prior to the consolidation; and

15 (b) For the fourth through eighth school years following  
16 consolidation, the difference between the basic education formula staff  
17 units received by the districts for the school year prior to  
18 consolidation and the basic education formula staff units after  
19 consolidation pursuant to subsection (12) of this section shall be  
20 reduced in increments of twenty percent per year.

21 (19)(a) Indirect cost charges by a school district to approved  
22 career and technical education middle and secondary programs shall not  
23 exceed 15 percent of the combined basic education and career and  
24 technical education program enhancement allocations of state funds.  
25 Middle and secondary career and technical education programs are  
26 considered separate programs for funding and financial reporting  
27 purposes under this section.

28 (b) Career and technical education program full-time equivalent  
29 enrollment shall be reported on the same monthly basis as the  
30 enrollment for students eligible for basic support, and payments shall  
31 be adjusted for reported career and technical education program  
32 enrollments on the same monthly basis as those adjustments for  
33 enrollment for students eligible for basic support.

34 based on the lowest price quote based on similar bus categories to  
35 those used to establish the list pursuant to RCW 28A.160.195.

36 (6) The superintendent of public instruction shall base  
37 depreciation payments for school district buses on the pre-sales tax

27 provide services through the special education excess cost allocation  
28 funded in this section.

29 (2)(a) The superintendent of public instruction shall ensure that:

30 subsection, the average basic education allocation per full-time  
31 equivalent student shall be calculated in the aggregate rather than
