C 201 L 16  
Synopsis as Enacted

**Brief Description:** Granting a city or town the authority to establish and operate a traffic school without county consent, control, or supervision.

**Sponsors:** Representatives Gregerson, Pike, Moscoso, Orwall, Robinson, Hudgins, Van De Wege, Appleton, Stanford and Goodman.

**House Committee on Local Government**  
**Senate Committee on Government Operations & Security**

**Background:**

The stated purpose of a traffic school is to instruct persons appearing for training on the lawful and safe operation of motor vehicles. A city or town and the county in which it is located may establish a traffic school by agreement.

The county board of commissioners (board) may control and supervise a traffic school and administer funds for a traffic school located in its county limits. A city or town may make appropriations for establishment and operation of a traffic school and may accept and expend gifts and donations. All funds appropriated for the operation of a traffic school, however, must be administered by the board.

A traffic school may use fees collected for the cost of attending the traffic school that are in excess of the costs of the traffic school for safe driver education materials and programs, safe driver education promotions and advertising, and the costs associated with the training of law enforcement officers. A traffic school may not charge a fee in excess of the penalty for an unscheduled traffic infraction established by the Washington Supreme Court, inclusive of the base penalty and all assessments and other costs required by statute or rule to be added to the base penalty.

**Summary:**

Cities, towns, and counties may establish traffic schools separately, without the requirement that the governing bodies form a traffic school by agreement. A traffic school established by a city, town, or county is under the control and supervision of the governing body that established it. All funds appropriated by the governing body that established the traffic
