RCW 41.26.010 Short title. This chapter shall be known and cited as the "Washington Law Enforcement Officers' and Firefighters' Retirement System Act". [1969 ex.s. c 209 § 1.]

RCW 41.26.020 Purpose of chapter. The purpose of this chapter is to provide for an actuarial reserve system for the payment of death, disability, and retirement benefits to law enforcement officers and firefighters, and to beneficiaries of such employees, thereby enabling such employees to provide for themselves and their dependents in case of disability or death, and effecting a system of retirement from active duty. [1969 ex.s. c 209 § 2.]

RCW 41.26.030 Definitions. As used in this chapter, unless a different meaning is plainly required by the context:

(1) "Accumulated contributions" means the employee's contributions made by a member, including any amount paid under RCW 41.50.165(2), plus accrued interest credited thereon.

(2) "Actuarial reserve" means a method of financing a pension or retirement plan wherein reserves are accumulated as the liabilities

for benefit payments are incurred in order that sufficient funds will be available on the date of retirement of each member to pay the member's future benefits during the period of retirement.

(3) "Actuarial valuation" means a mathematical determination of the financial condition of a retirement plan. It includes the computation of the present monetary value of benefits payable to present members, and the present monetary value of future employer and employee contributions, giving effect to mortality among active and retired members and also to the rates of disability, retirement, withdrawal from service, salary and interest earned on investments.

(4) (a) "Basic salary" for plan 1 members, means the basic monthly rate of salary or wages, including longevity pay but not including overtime earnings or special salary or wages, upon which pension or retirement benefits will be computed and upon which employer contributions and salary deductions will be based.

(b) "Basic salary" for plan 2 members, means salaries or wages earned by a member during a payroll period for personal services, including overtime payments, and shall include wages and salaries deferred under provisions established pursuant to sections 403(b), 414(h), and 457 of the United States Internal Revenue Code, but shall exclude lump sum payments for deferred annual sick leave, unused accumulated vacation, unused accumulated annual leave, or any form of severance pay. In any year in which a member serves in the legislature the member shall have the option of having such member's basic salary be the greater of:

(i) The basic salary the member would have received had such member not served in the legislature; or

(ii) Such member's actual basic salary received for nonlegislative public employment and legislative service combined. Any additional contributions to the retirement system required because basic salary under (b) (i) of this subsection is greater than basic salary under (b) (ii) of this subsection shall be paid by the member for both member and employer contributions.

(5) (a) "Beneficiary" for plan 1 members, means any person in receipt of a retirement allowance, disability allowance, death benefit, or any other benefit described herein.

(b) "Beneficiary" for plan 2 members, means any person in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by another person.

(6) (a) "Child" or "children" means an unmarried person who is under the age of eighteen or mentally or physically disabled as determined by the department, except a person who is disabled and in the full time care of a state institution, who is:

(i) A natural born child;

(ii) A stepchild where that relationship was in existence prior to the date benefits are payable under this chapter;

(iii) A posthumous child;

(iv) A child legally adopted or made a legal ward of a member prior to the date benefits are payable under this chapter; or

(v) An illegitimate child legitimized prior to the date any benefits are payable under this chapter.

(b) A person shall also be deemed to be a child up to and including the age of twenty years and eleven months while attending any high school, college, or vocational or other educational institution accredited, licensed, or approved by the state, in which it is located, including the summer vacation months and all other

Periods constituting authorized unpaid leaves of absence may not be used in the calculation of final average salary.

(c) In calculating final average salary under (a) or (b) of this subsection, the department of retirement systems shall include:

(i) Any compensation forgone by a member employed by a state agency or institution during the 2009-2011 fiscal biennium as a result of reduced work hours, mandatory or voluntary leave without pay, temporary reduction in pay implemented prior to December 11, 2010, or temporary layoffs if the reduced compensation is an integral part of the employer's expenditure reduction efforts, as certified by the employer;

(a) No person who is serving in a position that is basically clerical or secretarial in nature, and who is not commissioned shall be considered a law enforcement officer;

(24) "Position" means the employment held at any particular time, which may or may not be the same as civil service rank.

(25) "Regular interest" means such rate as the director may determine.

(26) "Retiree" for persons who establish membership in the retirement system on or after October 1, 1977, means any member in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by such member.

(27) "Retirement fund" means the "Washington law enforcement officers' and firefighters' retirement system fund" as provided for herein.

(28) "Retirement system" means the "Washington law enforcement officers' and firefighters' retirement system" provided herein.

(29)(a) "Service" for plan 1 members, means all periods of employment for an employer as a firefighter or law enforcement officer, for which compensation is paid, together with periods of suspension not exceeding thirty days in duration. For the purposes of this chapter service shall also include service in the armed forces of the United States as provided in RCW 41.26.190. Credit shall be allowed for all service credit months of service rendered by a member from and after the member's initial commencement of employment as a firefighter or law enforcement officer, during which the member worked for seventy or more hours, or was on disability leave or disability retirement. Only service credit months of service shall be counted in the computation of any retirement allowance or other benefit provided for in this chapter.

(i) For members retiring after May 21, 1971 who were employed under the coverage of a prior pension act before March 1, 1970, "service" shall also include (A) such military service not exceeding five years as was creditable to the member as of March 1, 1970, under the member's particular prior pension act, and (B) such other periods of service as were then creditable to a particular member under the provisions of RCW 41.18.165, 41.20.160, or 41.20.170. However, in no event shall credit be allowed for any service rendered prior to March 1, 1970, where the member at the time of rendition of such service was employed in a position covered by a prior pension act, unless such service, at the time credit is claimed therefor, is also creditable under the provisions of such prior act.

(ii) A member who is employed by two employers at the same time shall only be credited with service to one such employer for any month during which the member rendered such dual service.

(iii) Reduction efforts such as furloughs, reduced work hours, mandatory leave without pay, temporary layoffs, or other similar situations as contemplated by subsection (15)(c)(iii) of this section do not result in a reduction in service credit that otherwise would have been earned for that month of work, and the member shall receive the full service credit for the hours that were scheduled to be worked before the reduction.

(b)(i) "Service" for plan 2 members, means periods of employment by a member for one or more employers for which basic salary is earned for ninety or more hours per calendar month which shall constitute a service credit month. Periods of employment by a member for one or more employers for which basic salary is earned for at least seventy hours but less than ninety hours per calendar month shall constitute one-half service credit month. Periods of employment by a member for one or more employers for which basic salary is earned for less than seventy hours shall constitute a one-quarter service credit month.

(ii) Members of the retirement system who are elected or appointed to a state elective position may elect to continue to be members of this retirement system.

(iii) Service credit years of service shall be determined by dividing the total number of service credit months of service by twelve. Any fraction of a service credit year of service as so determined shall be taken into account in the computation of such retirement allowance or benefits.

(iv) If a member receives basic salary from two or more employers during any calendar month, the individual shall receive one service credit month's service credit during any calendar month in which multiple service for ninety or more hours is rendered; or one-half service credit month's service credit during any calendar month in which multiple service for at least seventy hours but less than ninety hours is rendered; or one-quarter service credit month during any calendar month in which multiple service for less than seventy hours is rendered.

(v) Reduction efforts such as furloughs, reduced work hours, mandatory leave without pay, temporary layoffs, or other similar situations as contemplated by subsection (15)(c)(iii) of this section do not result in a reduction in service credit that otherwise would have been earned for that month of work, and the member shall receive the full service credit for the hours that were scheduled to be worked before the reduction.

(30) "Service credit month" means a full service credit month or an accumulation of partial service credit months that are equal to one.

(31) "Service credit year" means an accumulation of months of service credit which is equal to one when divided by twelve.

(32) "State actuary" or "actuary" means the person appointed pursuant to RCW 44.44.010(2).

(33) "State elective position" means any position held by any person elected or appointed to statewide office or elected or appointed as a member of the legislature.

(34) "Surviving spouse" means the surviving widow or widower of a member. "Surviving spouse" shall not include the divorced spouse of a member except as provided in RCW 41.26.162. [2021 c 12 § 2; 2020 c 107 § 6; 2018 c 230 § 1; 2017 c 309 § 1; 2012 c 236 § 2; 2011 1st

***Reviser's note:** RCW 18.73.030 was amended by 2022 c 136 § 1,
changing subsection (12) to subsection (13).

Retroactive application—2021 c 12: "It is the intent of the
legislature that this act be curative, remedial, and retroactively
applied." [2021 c 12 § 1.]

Purpose—Application—2012 c 236: "(1) On August 18, 2011, the
state supreme court entered an opinion in the matter of *Dolan v. King
County*, Cause No. 82842-3. The court recognized that a public
employees' retirement system eligible employee must work for a public
employees' retirement system employer under RCW 41.40.010. However,
the court did not explain how such an employee can be an employee of a
government contractor and also of a government employer. The
legislature determines it necessary and appropriate to affirmatively
state that a governmental contractor is not an employer for purposes
of the state's public pension systems, including the public employees'
retirement system, whether or not the contractor is providing
mandatory or discretionary governmental services, and whether or not
the contractor is a for-profit or not-for-profit entity.

(2) The legislature has not intended in its pension legislation
to provide retirement system eligibility to employees of government
contractors. Only in specific circumstances, such as employees of
entities, including nonprofits, created by government under the
interlocal cooperation act in chapter 39.34 RCW, has the legislature
and department of retirement systems permitted retirement system
eligibility for employees of government contractors. The department's
rules in WAC 415-02-110 conform to the purpose and intent of the
legislature regarding public pension eligibility.

(3) It is the purpose of this act to more clearly state and to
confirm that employees of for-profit or not-for-profit corporations or
other entities providing services under governmental contracts are
not, as a result of providing such governmental service, eligible for
membership in the various public retirement programs. The state and
its local governments have not provided for such eligibility and such
eligibility would create unfunded liability for state and local
governments and potential impacts on the integrity of the public
pension systems.

(4) This act provides cross-references to existing statutes that
affect eligibility for pensions under the retirement systems
authorized by chapters 41.26, 41.32, 41.35, 41.37, 41.40, and 41.50
RCW and to the relevant definition sections of those chapters. Except
as provided, this act is technical in nature and neither enhances nor
diminishes existing pension rights. It is not the intent of the
legislature to change the substance or effect of any statute
previously enacted. Rather, this act provides cross-references to
applicable statutes in order to aid with the administration of

eligibility and benefits authorized in chapters 41.26, 41.32, 41.35, 41.37, 41.40, and 41.50 RCW.

(5) This act shall apply solely to eligibility for state-sponsored public employee pension plans under chapters 41.26, 41.32, 41.35, 41.37, and 41.40 RCW and shall not affect any other statute or rule regarding employee benefits, status, or workplace protections.

(6) This act is curative and remedial, but does not affect the state supreme court decision in *Dolan v. King County*, Cause No. 82842-3, and the right established therein of King county public defenders and staff to public employees' retirement system enrollment and eligibility." [2012 c 236 § 1.]

RCW 41.26.040 System created—Membership—Funds. The Washington law enforcement officers' and firefighters' retirement system is hereby created for firefighters and law enforcement officers.

(1) Notwithstanding *RCW 41.26.030(20), all firefighters and law enforcement officers employed as such on or after March 1, 1970, on a full time fully compensated basis in this state shall be members of the retirement system established by this chapter with respect to all periods of service as such, to the exclusion of any pension system existing under any prior act.

(2) Any employee serving as a law enforcement officer or firefighter on March 1, 1970, who is then making retirement contributions under any prior act shall have his or her membership transferred to the system established by this chapter as of such date.

Upon retirement for service or for disability, or death, of any such employee, his or her retirement benefits earned under this chapter shall be computed and paid. In addition, his or her benefits under the prior retirement act to which he or she was making contributions at the time of this transfer shall be computed as if he or she had not transferred. For the purpose of such computations, the employee's creditability of service and eligibility for service or disability retirement and survivor and all other benefits shall continue to be as provided in such prior retirement act, as if transfer of membership had not occurred. The excess, if any, of the benefits so computed, giving full value to survivor benefits, over the benefits payable under this chapter shall be paid whether or not the employee has made application under the prior act. If the employee's prior retirement system was the Washington public employees' retirement system, payment of such excess shall be made by that system; if the employee's prior retirement system was the statewide city employees' retirement system, payment of such excess shall be made by the employer which was the member's employer when his or her transfer of membership occurred: PROVIDED, That any death in line of duty lump sum benefit payment shall continue to be the obligation of that system as provided in RCW 41.44.210; in the case of all other prior retirement systems, payment of such excess shall be made by the employer which was the member's employer when his or her transfer of membership occurred.

(3) All funds held by any firefighters' or police officers' relief and pension fund shall remain in that fund for the purpose of paying the obligations of the fund. The municipality shall continue to levy the dollar rate as provided in RCW 41.16.060, and this dollar rate shall be used for the purpose of paying the benefits provided in chapters 41.16 and 41.18 RCW. The obligations of chapter 41.20 RCW shall continue to be paid from whatever financial sources the city has been using for this purpose. RCW 41.26.045 Minimum medical and health standards. (1) Notwithstanding any other provision of law after February 19, 1974 no law enforcement officer or firefighter, may become eligible for coverage in the pension system established by this chapter, until the individual has met and has been certified as having met minimum medical and health standards: PROVIDED, That an elected sheriff or an

appointed chief of police or fire chief, shall not be required to meet the age standard: PROVIDED FURTHER, That in cities and towns having not more than two law enforcement officers and/or not more than two firefighters and if one or more of such persons do not meet the minimum medical and health standards as required by the provisions of this chapter, then such person or persons may join any other pension system that the city has available for its other employees: AND PROVIDED FURTHER, That for one year after February 19, 1974 any such medical or health standard now existing or hereinafter adopted, insofar as it establishes a maximum age beyond which an applicant is to be deemed ineligible for coverage, shall be waived as to any applicant for employment or reemployment who is otherwise eligible except for his or her age, who has been a member of any one or more of the retirement systems created by chapter 41.20 of the Revised Code of Washington and who has restored all contributions which he or she has previously withdrawn from any such system or systems.

In adopting such standards the *retirement board shall consider existing standards recommended by the international association of chiefs of police and the international association of firefighters, and shall adopt equal or higher standards, together with appropriate standards and procedures to insure uniform compliance with this chapter. The standards when adopted shall be published and distributed to each employer, and each employer shall adopt certification procedures and such other procedures as are required to insure that no law enforcement officer or firefighter receives membership coverage unless and until he or she has actually met minimum medical and health standards: PROVIDED, That an elected sheriff or an appointed chief of police, fire chief, or director of public safety shall not be required to meet the age standard. The *retirement board may amend the minimum medical and health standards as experience indicates, even if the standards as so amended are lower or less rigid than those recommended by the international associations mentioned above. The cost of the medical examination contemplated by this section is to be paid by the employer. (2) If the director determines that an order or determination of a disability board was not processed in accordance with the rules established under this section, the director may remand the order or determination for further proceedings consistent with the rules. [1981 c 294 § 1.]

Severability—1981 c 294: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 294 § 16.]

Any member, regardless of age or years of service may be retired by the disability board, subject to approval by the director as hereinafter provided, for any disability incurred in the line of duty which has been continuous since his or her discontinuance of service and which renders the member unable to continue service. No disability retirement allowance shall be paid until the expiration of a period of six months after the discontinuance of service during which period the member, if found to be physically or mentally unfit for duty by the disability board following receipt of his or her application for disability retirement, shall be granted a disability leave by the disability board and shall receive an allowance equal to the full monthly salary and shall continue to receive all other benefits provided to active employees from the employer for such period. However, if, at any time during the initial six-month period, the disability board finds the beneficiary is no longer disabled, the disability leave allowance shall be canceled and the member shall be restored to duty in the same rank or position, if any, held by the beneficiary at the time the member became disabled. (2) If the examination shows, to the satisfaction of the disability board, that the member is physically or mentally disabled

from the further performance of duty, that such disability was incurred in the line of duty, and that such disability has been continuous from the discontinuance of service, the disability board shall enter its written decision and order, accompanied by appropriate findings of fact and by conclusions evidencing compliance with this chapter as now or hereafter amended, granting the member a disability retirement allowance; otherwise, if the member is not found by the disability board to be so disabled, the application shall be denied pursuant to a similar written decision and order, subject to appeal to the director in accordance with RCW 41.26.200: PROVIDED, That in any order granting a duty disability retirement allowance, the disability board shall make a finding that the disability was incurred in line of duty.

(3) Every order of a disability board granting a duty disability retirement allowance shall forthwith be reviewed by the director except the finding that the disability was incurred in the line of duty. The director may affirm the decision of the disability board or remand the case for further proceedings, or the director may reverse the decision of the disability board if the director finds the disability board's findings, inferences, conclusions, or decisions are:

- (a) In violation of constitutional provisions; or

- (c) Made upon unlawful procedure; or
- (d) Affected by other error of law; or
- (e) Clearly erroneous in view of the entire record as submitted and the public policy contained in this chapter; or
- (f) Arbitrary or capricious.

(4) Every member who can establish, to the disability board, that he or she is physically or mentally disabled from the further performance of duty, that such disability was incurred in the line of duty, and that such disability will be in existence for a period of at least six months may waive the six-month period of disability leave and be immediately granted a duty disability retirement allowance, subject to the approval of the director as provided in subsection (3) of this section. Intent—1991 c 35: See note following RCW 41.26.005.

Purpose—1985 c 102: "As expressed in RCW 41.26.270, the intent of the legislature in enacting the law enforcement officers' and firefighters' retirement system was to provide in RCW 41.26.120 a statute in the nature of a workers' compensation act which provides compensation to employees for personal injuries or sickness incurred in the course of employment. The sole purpose of this 1985 act is to clarify that intent." [1985 c 102 § 1.]

However, if, at any time during the initial six-month period, the disability board finds the beneficiary is no longer disabled, the disability leave allowance shall be canceled and the member shall be restored to duty in the same rank or position, if any, held by the member at the time the member became disabled. Applications for disability retirement shall be processed in accordance with the following procedures:

- (b) In excess of the statutory authority or jurisdiction of the disability board; or
- (c) Made upon unlawful procedure; or
- (d) Affected by other error of law; or
- (e) Clearly erroneous in view of the entire record as submitted and the public policy contained in this chapter; or

(3) Upon making the payments provided for in subsection (1) of this section, the employer shall be subrogated to all rights of the member against any third party who may be held liable for the member's injuries or for payment of the cost of medical services in connection with a member's sickness or disability to the extent necessary to recover the amount of payments made by the employer.

(4) Any employer under this chapter, either singly, or jointly with any other such employer or employers through an association thereof as provided for in chapter 48.21 RCW, may provide for all or part of one or more plans of group hospitalization and medical aid insurance to cover any of its employees who are members of the Washington law enforcement officers' and firefighters' retirement system, and/or retired former employees who were, before retirement, members of the retirement system, through contracts with regularly constituted insurance carriers, with health maintenance organizations as defined in chapter 48.46 RCW, or with health care service contractors as defined in chapter 48.44 RCW. Benefits payable under the plan or plans shall be deemed to be amounts received or eligible to be received by the active or retired member under subsection (2) of this section.

(2) If at the time of the duty connected death of a vested member with twenty or more service credit years of service as provided in subsection (1) of this section or a member retired for duty connected disability, or at the time of the death of a member who has left the employ of an employer due to service in the national guard or military reserves and dies while honorably serving in the national guard or military reserves during a period of war as defined in RCW 41.04.005, the surviving spouse has not been lawfully married to such member for one year prior to retirement or separation from service if a vested member, the surviving spouse shall not be eligible to receive the benefits under this section: PROVIDED, That if a member dies as a result of a disability incurred in the line of duty or while honorably serving in the national guard or military reserves during a period of war as defined in RCW 41.04.005, then if he or she was married at the time he or she was disabled or left the employ of an employer due to service in the national guard or military reserves during a period of war as defined in RCW 41.04.005, the surviving spouse shall be eligible to receive the benefits under this section.

(3) If there be no surviving spouse eligible to receive benefits at the time of such member's duty connected death, then the child or children of such member shall receive a monthly allowance equal to

thirty percent of final average salary for one child and an additional ten percent for each additional child subject to a maximum combined payment, under this subsection, of sixty percent of final average salary. When there cease to be any eligible children as defined in *RCW 41.26.030(7), there shall be paid to the legal heirs of the member the excess, if any, of accumulated contributions of the member at the time of death over all payments made to survivors on his or her behalf under this chapter: PROVIDED, That payments under this subsection to children shall be prorated equally among the children, if more than one. If the member has created a trust for the benefit of the child or children, the payment shall be made to the trust.

***Reviser's note:** RCW 41.26.030 was alphabetized pursuant to RCW 1.08.015(2)(k), changing subsection (7) to subsection (6).

Purpose—1999 c 134: "The purpose of sections 1 through 4 of this act is to clarify that the intent of the legislature in enacting RCW 41.26.160, insofar as that section provides benefits to members or surviving spouses for deaths incurred in the line of duty, was to provide a statute in the nature of a workers' compensation act that provides compensation to employees or surviving spouses for personal injuries or deaths incurred in the course of employment. Accordingly, this act amends and divides RCW 41.26.160 into two separate sections. Section 2 of this act clarifies and emphasizes the legislature's intent that the death benefits granted by RCW 41.26.160, as amended, are granted only to those members who die or become disabled by any injury or incapacity that is incurred in the line of duty. Section 3 of this act continues to provide death retirement benefits to members or surviving spouses for deaths not incurred in the line of duty." [1999 c 134 § 1.]

Retroactive application—1999 c 134 § 2: "The provisions of section 2 of this act apply retrospectively to all line of duty death retirement allowances granted under chapter 41.26 RCW prior to April 28, 1999." [1999 c 134 § 4.]

Effective date—1999 c 134: "This act is necessary for the immediate preservation of the public peace, health, or safety, or

support of the state government and its existing public institutions, and takes effect immediately [April 28, 1999]." [1999 c 134 § 5.]

(2) If at the time of the death of a vested member with twenty or more service credit years of service as provided in subsection (1) of this section or a member retired for service or disability, the surviving spouse has not been lawfully married to such member for one year prior to retirement or separation from service if a vested member, the surviving spouse shall not be eligible to receive the benefits under this section.

(3) If there be no surviving spouse eligible to receive benefits at the time of such member's death, then the child or children of such member shall receive a monthly allowance equal to thirty percent of final average salary for one child and an additional ten percent for each additional child subject to a maximum combined payment, under this subsection, of sixty percent of final average salary. When there cease to be any eligible children as defined in *RCW 41.26.030(7), there shall be paid to the legal heirs of the member the excess, if any, of accumulated contributions of the member at the time of death over all payments made to survivors on his or her behalf under this

RCW 41.26.240 Increases or decreases in retirement allowances to be determined by department in accordance with consumer price index.

For purposes of this section:

(1) "Index" shall mean, for any calendar year, that year's average Consumer Price Index—Seattle, Washington area for urban wage earners and clerical workers, all items (1957-1959=100), compiled by the Bureau of Labor Statistics, United States Department of Labor;

(2) "Retirement allowance" shall mean the retirement allowance provided for in RCW 41.26.100 and 41.26.130, and the monthly allowance provided for in RCW 41.26.160.

Effective April 1 of 1971, and of each succeeding year, every retirement allowance which has been in effect for more than one year shall be adjusted to that dollar amount which exceeds its original dollar amount by the percentage difference which the department finds to exist between the index for the previous calendar year and the index for the calendar year prior to the effective retirement date of the person to whom, or on behalf of whom, such retirement allowance is being paid.

For the purposes of this section, basic allowance shall mean that portion of a total retirement allowance, and any cost of living adjustment thereon, attributable to a member (individually) and shall not include the increased amounts attributable to the existence of a child or children. In those cases where a child ceases to be qualified as an eligible child, so as to lessen the total allowance, the allowance shall, at that time, be reduced to the basic allowance plus the amount attributable for the appropriate number of eligible children. In those cases where a child qualifies as an eligible child subsequent to the retirement of a member so as to increase the total allowance payable, such increased allowance shall at the time of the next and appropriate subsequent cost of living adjustments, be considered the original dollar amount of the allowance. Each year effective with the July payment all benefits specified herein, shall be increased as authorized by this section. This benefit increase shall be paid monthly as part of the regular pension payment and shall be cumulative.

RCW 41.26.270 Declaration of policy respecting benefits for injury or death—Civil actions abolished. The legislature of the state of Washington hereby declares that the relationship between members of the law enforcement officers' and firefighters' retirement system and their governmental employers is similar to that of workers to their employers and that the sure and certain relief granted by this chapter is desirable, and as beneficial to such law enforcement officers and firefighters as workers' compensation coverage is to persons covered by Title 51 RCW. The legislature further declares that removal of law enforcement officers and firefighters from workers' compensation coverage under Title 51 RCW necessitates the (1) continuance of sure and certain relief for personal injuries incurred in the course of employment or occupational disease, which the legislature finds to be accomplished by the provisions of this chapter and (2) protection for the governmental employer from actions at law; and to this end the legislature further declares that the benefits and remedies conferred by this chapter upon law enforcement officers and firefighters covered hereunder, shall be to the exclusion of any other remedy, proceeding, or compensation for personal injuries or sickness, caused by the governmental employer except as otherwise provided by

this chapter; and to that end all civil actions and civil causes of actions by such law enforcement officers and firefighters against their governmental employers for personal injuries or sickness are hereby abolished, except as otherwise provided in this chapter. RCW 41.26.420 Computation of the retirement allowance. (1)

Except as provided in RCW 41.26.530, a member of the retirement system shall receive a retirement allowance equal to two percent of such member's final average salary for each year of service.

(2) Beginning January 16, 2023, members new to the retirement system after February 1, 2021, who earn more than 15 years of service credit shall receive a tiered multiplier retirement allowance as follows:

(a) Two percent of such member's final average salary for the first 15 years of service;

(b) Two and one-half percent of such member's final average salary for the 10 years of service after 15 years and up to 25 years; and

(c) Two percent of such member's final average salary for years of service above 25 years.

(3) Members active in the retirement system on or before February 1, 2021, at retirement must make an irrevocable choice between the lump sum defined benefit in RCW 41.26.555 or a tiered multiplier retirement allowance as follows:

(a) Two percent of such member's final average salary for the first 15 years of service;

(b) Two and one-half percent of such member's final average salary for the 10 years of service after 15 years and up to 25 years; and

(c) Two percent of such member's final average salary for years of service above 25 years.

(4) Any member who receives the tiered multiplier benefit in this section is not eligible for the lump sum defined benefit in RCW 41.26.555. [2022 c 125 § 1; 1993 c 517 § 2; 1979 ex.s. c 249 § 4; 1977 ex.s. c 294 § 3.]

Purpose—1993 c 517: "The legislature recognizes the demanding, physical nature of law enforcement and firefighting, and the resulting need to allow law enforcement officers and firefighters to make transitions into other careers when these employees feel they can no longer pursue law enforcement or firefighting. The legislature also recognizes the challenge and cost of maintaining the viability of a retired employee's benefit over longer periods of retirement as longevity increases, and that this problem is compounded for employees who leave a career before they retire from the workforce.

Therefore, the purpose of this act is to: (1) Provide full retirement benefits to law enforcement officers and firefighters at an appropriate age that reflects the unique and physically demanding nature of their work; (2) provide a fair and reasonable value from the retirement system for those who leave the law enforcement or firefighting profession before retirement; (3) increase flexibility for law enforcement officers and firefighters to make transitions into other public or private sector employment; (4) increase employee options for addressing retirement needs, personal financial planning, and career transitions; and (5) continue the legislature's established policy of having employees pay a fifty percent share of the contributions toward their retirement benefits and any enhancements." (1) On or after June 10, 1982, the director may pay a beneficiary, subject to the provisions of subsection (5) of this section, a lump sum payment in lieu of a monthly benefit if the initial monthly benefit computed in accordance with RCW 41.26.420 would be less than fifty dollars. The lump sum payment shall be the greater of the actuarial equivalent of such monthly benefits or an amount equal to the individual's accumulated contributions plus accrued interest.

(2) A beneficiary, subject to the provisions of subsection (5) of this section, who is receiving a regular monthly benefit of less than fifty dollars may request, in writing, to convert from a monthly benefit to a lump sum payment. If the director approves the conversion, the calculation of the actuarial equivalent of the total estimated regular benefit will be computed based on the beneficiary's age at the time the benefit initially accrued. The lump sum payment will be reduced to reflect any payments received on or after the initial benefit accrual date.

(3) Persons covered under the provisions of subsection (1) of this section may upon returning to member status reinstate all previous service by depositing the lump sum payment received, with interest as computed by the director, within two years of returning to service or prior to re-retiring, whichever comes first. In computing the amount due, the director shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(4) If a member fails to meet the time limitations set forth under subsection (3) of this section, the member may reinstate all previous service under RCW 41.50.165(2) prior to retirement. The sum deposited shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(5) Only persons entitled to or receiving a service retirement allowance under RCW 41.26.420 or an earned disability allowance under RCW 41.26.470 qualify for participation under this section.

- (b) Exceed three percent in the initial annual adjustment; or

RCW 41.26.460 Options for payment of retirement allowances—Retirement allowance adjustment—Court-approved property settlement.

(1) Upon retirement for service as prescribed in RCW 41.26.430 or disability retirement under RCW 41.26.470, a member shall elect to have the retirement allowance paid pursuant to the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member's life. However, if the retiree dies before the total of the retirement allowance paid to such retiree equals the amount of such retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse or domestic partner; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse or domestic partner, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a designated person. Such person shall be nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2) (a) A member, if married or a domestic partner, must provide the written consent of his or her spouse or domestic partner to the option selected under this section, except as provided in (b) and (c) of this subsection. If a member is married or a domestic partner and both the member and member's spouse or domestic partner do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse or domestic partner as the beneficiary. Such benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless

spousal or domestic partner consent is not required as provided in (b) and (c) of this subsection.

(b) Written consent from a spouse or domestic partner is not required if a member who is married or a domestic partner selects a joint and survivor option under subsection (1)(b) of this section and names the member's spouse or domestic partner as the survivor beneficiary.

(c) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal or domestic partner consent provisions of (a) of this subsection do not apply.

(3)(a) Any member who retired before January 1, 1996, and who elected to receive a reduced retirement allowance under subsection (1)(b) or (2) of this section is entitled to receive a retirement allowance adjusted in accordance with (b) of this subsection, if they meet the following conditions:

(i) The retiree's designated beneficiary predeceases or has predeceased the retiree; and

(ii) The retiree provides to the department proper proof of the designated beneficiary's death.

(b) The retirement allowance payable to the retiree, as of July 1, 1998, or the date of the designated beneficiary's death, whichever comes last, shall be increased by the percentage derived in (c) of this subsection.

(c) The percentage increase shall be derived by the following:

(i) One hundred percent multiplied by the result of (c)(ii) of this subsection converted to a percent;

(ii) Subtract one from the reciprocal of the appropriate joint and survivor option factor;

(iii) The joint and survivor option factor shall be from the table in effect as of July 1, 1998.

(d) The adjustment under (b) of this subsection shall accrue from the beginning of the month following the date of the designated beneficiary's death or from July 1, 1998, whichever comes last.

(4) No later than July 1, 2001, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a)(i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse or domestic partner from a postretirement marriage or domestic partnership as a survivor during a one-year period beginning one year after the date of the postretirement marriage or domestic partnership provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage or domestic partnership prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a)(i) of this subsection shall have one year to designate their spouse or domestic partner as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a nonspouse or a person not their domestic partner as survivor beneficiary shall have the

opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

(5) No later than July 1, 2003, the department shall adopt rules to permit:

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member who meets the length of service requirements of RCW 41.26.530(1) and the member's divorcing spouse or domestic partner be divided into two separate benefits payable over the life of each spouse or domestic partner.

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried or in a domestic partnership at the time of retirement remains subject to the spousal or domestic partner consent requirements of subsection (2) of this section. Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse or former domestic partner shall be eligible to commence receiving their separate benefit upon reaching the ages provided in RCW 41.26.430(1) and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse or domestic partner if the nonmember ex spouse or former domestic partner was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (4) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

Both the retired member and the nonmember divorced spouse or domestic partner shall be eligible to commence receiving their separate benefits upon filing a copy of the dissolution order with the department in accordance with RCW 41.50.670.

(c) The department may make an additional charge or adjustment if necessary to ensure that the separate benefits provided under this subsection are actuarially equivalent to the benefits payable prior to the decree of dissolution.

(6) Beginning on the date that the state receives a determination from the federal internal revenue service that this subsection (6) conforms with federal law, retirees have up to ninety calendar days after the receipt of their first retirement allowance to change their survivor election under subsections (1) and (2) of this section. If a member changes the member's survivor election under this subsection the change is effective the first of the following month and is prospective only. RCW 41.26.463 Optional actuarially equivalent life annuity benefit—Rules—Definition. (1) At the time of retirement, plan 2 members may purchase an optional actuarially equivalent life annuity benefit from the Washington law enforcement officers' and firefighters' system plan 2 retirement fund established in RCW 41.50.075. A minimum payment of twenty-five thousand dollars is required.

(2) Retirees, or their beneficiaries, who have received a one-time lump sum defined benefit under RCW 41.26.555 may purchase an optional actuarially equivalent life annuity benefit from the Washington law enforcement officers' and firefighters' system plan 2 retirement fund established in RCW 41.50.075, with the money received from the lump sum defined benefit. A minimum payment of \$20,000 is required.

(3) Subject to rules adopted by the department, a member purchasing an annuity under this section must pay all of the cost with an eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan.

(a) The department shall adopt rules to ensure that all eligible rollovers and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law.

RCW 41.26.470 Earned disability allowance—Cancellation of allowance—Reentry—Receipt of service credit while disabled—Conditions—Disposition upon death of recipient—Disabled in the line of duty—Total disability—Reimbursement for certain payments—Disabled while providing emergency management services. (1) A member of the retirement system who becomes totally incapacitated for continued employment by an employer as determined by the director shall be eligible to receive an allowance under the provisions of RCW 41.26.410 through 41.26.550. Such member shall receive a monthly disability allowance computed as provided for in RCW 41.26.420 and shall have such allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age fifty-three, except under subsection (7) of this section.

(2) Any member who receives an allowance under the provisions of this section shall be subject to such comprehensive medical examinations as required by the department. If such medical examinations reveal that such a member has recovered from the incapacitating disability and the member is no longer entitled to benefits under Title 51 RCW, the retirement allowance shall be canceled and the member shall be restored to duty in the same civil service rank, if any, held by the member at the time of retirement or, if unable to perform the duties of the rank, then, at the member's

request, in such other like or lesser rank as may be or become open and available, the duties of which the member is then able to perform. In no event shall a member previously drawing a disability allowance be returned or be restored to duty at a salary or rate of pay less than the current salary attached to the rank or position held by the member at the date of the retirement for disability. If the department determines that the member is able to return to service, the member is entitled to notice and a hearing. Both the notice and the hearing shall comply with the requirements of chapter 34.05 RCW, the administrative procedure act.

(3) Those members subject to this chapter who became disabled in the line of duty on or after July 23, 1989, and who receive benefits under RCW 41.04.500 through 41.04.530 or similar benefits under RCW 41.04.535 shall receive or continue to receive service credit subject to the following:

(a) No member may receive more than one month's service credit in a calendar month.

(b) No service credit under this section may be allowed after a member separates or is separated without leave of absence.

(c) Employer contributions shall be paid by the employer at the rate in effect for the period of the service credited.

(d) Employee contributions shall be collected by the employer and paid to the department at the rate in effect for the period of service credited.

(e) State contributions shall be as provided in RCW 41.45.060 and 41.45.067.

(f) Contributions shall be based on the regular compensation which the member would have received had the disability not occurred.

(g) The service and compensation credit under this section shall be granted for a period not to exceed six consecutive months.

(h) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right.

(4) (a) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no such designated person or persons still living at the time of the recipient's death, then to the surviving spouse or domestic partner, or, if there is neither such designated person or persons still living at the time of his or her death nor a surviving spouse or domestic partner, then to his or her legal representative.

(b) If a recipient of a monthly retirement allowance under this section died before April 27, 1989, and before the total of the retirement allowance paid to the recipient equaled the amount of his or her accumulated contributions at the date of retirement, then the department shall pay the balance of the accumulated contributions to the member's surviving spouse or, if there is no surviving spouse, then in equal shares to the member's children. If there is no surviving spouse or children, the department shall retain the contributions.

(5) Should the disability retirement allowance of any disability beneficiary be canceled for any cause other than reentrance into service or retirement for service, he or she shall be paid the excess,

if any, of the accumulated contributions at the time of retirement over all payments made on his or her behalf under this chapter.

(6) A member who becomes disabled in the line of duty, and who ceases to be an employee of an employer except by service or disability retirement, may request a refund of one hundred fifty percent of the member's accumulated contributions. Any accumulated contributions attributable to restorations made under RCW 41.50.165(2) shall be refunded at one hundred percent. A person in receipt of this benefit is a retiree.

(7) A member who becomes disabled in the line of duty shall be entitled to receive a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five.

(8) A member who became disabled in the line of duty before January 1, 2001, and is receiving an allowance under RCW 41.26.430 or subsection (1) of this section shall be entitled to receive a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five, and shall have the allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age fifty-three. An additional benefit shall not result in a total monthly benefit greater than that provided in subsection (1) of this section.

(9) A member who is totally disabled in the line of duty is entitled to receive a retirement allowance equal to seventy percent of the member's final average salary. The allowance provided under this subsection shall be offset by:

(a) Temporary disability wage-replacement benefits or permanent total disability benefits provided to the member under Title 51 RCW; and

(b) Federal social security disability benefits, if any; so that such an allowance does not result in the member receiving combined benefits that exceed one hundred percent of the member's final average salary. However, the offsets shall not in any case reduce the allowance provided under this subsection below the member's accrued retirement allowance.

A member is considered totally disabled if he or she is unable to perform any substantial gainful activity due to a physical or mental condition that may be expected to result in death or that has lasted or is expected to last at least twelve months. Substantial gainful activity is defined as average earnings in excess of eight hundred sixty dollars a month in 2006 adjusted annually as determined by the director based on federal social security disability standards. The department may require a person in receipt of an allowance under this subsection to provide any financial records that are necessary to determine continued eligibility for such an allowance. A person in receipt of an allowance under this subsection whose earnings exceed the threshold for substantial gainful activity shall have their benefit converted to a line-of-duty disability retirement allowance as provided in subsection (7) of this section.

Any person in receipt of an allowance under the provisions of this section is subject to comprehensive medical examinations as may be required by the department under subsection (2) of this section in order to determine continued eligibility for such an allowance.

(10)(a) In addition to the retirement allowance provided in subsection (9) of this section, the retirement allowance of a member who is totally disabled in the line of duty shall include reimbursement for any payments made by the member after June 10, 2010, for premiums on employer-provided medical insurance, insurance authorized by the consolidated omnibus budget reconciliation act of 1985 (COBRA), medicare part A (hospital insurance), and medicare part B (medical insurance). A member who is entitled to medicare must enroll and maintain enrollment in both medicare part A and medicare part B in order to remain eligible for the reimbursement provided in this subsection. The legislature reserves the right to amend or repeal the benefits provided in this subsection in the future and no member or beneficiary has a contractual right to receive any distribution not granted prior to that time.

(b) The retirement allowance of a member who is not eligible for reimbursement provided in (a) of this subsection shall include reimbursement for any payments made after June 30, 2013, for premiums on other medical insurance. However, in no instance shall the reimbursement exceed the amount reimbursed for premiums authorized by the consolidated omnibus budget reconciliation act of 1985 (COBRA).

(11) A member who has left the employ of an employer due to service in the national guard, military reserves, federal emergency management agency, or national disaster medical system of the United States department of health and human services and who becomes totally incapacitated for continued employment by an employer as determined by the director while performing service in response to a disaster, major emergency, special event, federal exercise, or official training on or after March 22, 2014, shall be eligible to receive an allowance under the provisions of RCW 41.26.410 through 41.26.550. Such member shall receive a monthly disability allowance computed as provided for in RCW 41.26.420 except such allowance is not subject to an actuarial reduction for early retirement as provided in RCW 41.26.430. The member's retirement allowance is computed under RCW 41.26.420, except that the member shall be entitled to a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five. Intent—Construction—1997 c 254: "(1) This act, which defines separation from service and restrictions concerning postretirement employment, is intended to clarify existing statutory provisions regarding these issues. As a result of this act, the legal standard for determining separation from service and the impact to a retiree's benefit should they return to work following retirement, are either the same as under the prior law, or less restrictive. Accordingly, this act does not constitute a diminution of benefits and applies to all members of the affected retirement systems.

(2) This act, which addresses the determination of employee status, is intended to clarify existing law. The clarifications are consistent with long-standing common law of the state of Washington and long-standing department of retirement systems' interpretations of the appropriate standard to be used in determining employee status. Accordingly, sections 3(49) and 10(22) of this act do not constitute a diminution of benefits and apply to all members of the teachers' retirement system and the public employees' retirement system." [1997 c 254 § 1.]

Application—1997 c 254: "This act applies to all overpayments discovered by the department of retirement systems on or after June 1, 1996, except that sections 10, 12, 14, 15, and 16 of this act apply retroactively to any person who retired under chapter 234, Laws of 1992 or part III of chapter 519, Laws of 1993." (a) A retirement allowance computed as provided for in RCW 41.26.430, actuarially reduced by the amount of any lump sum benefit identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670 and actuarially adjusted to reflect a joint and one hundred percent survivor option under RCW 41.26.460 and if the member was not eligible

for normal retirement at the date of death a further reduction as described in RCW 41.26.430; if a surviving spouse or domestic partner who is receiving a retirement allowance dies leaving a child or children of the member under the age of majority, then such child or children shall continue to receive an allowance in an amount equal to that which was being received by the surviving spouse or domestic partner, share and share alike, until such child or children reach the age of majority; if there is no surviving spouse or domestic partner eligible to receive an allowance at the time of the member's death, such member's child or children under the age of majority shall receive an allowance share and share alike calculated as herein provided making the assumption that the ages of the spouse or domestic partner and member were equal at the time of the member's death; or

Any accumulated contributions attributable to restorations made under RCW 41.50.165(2) shall be refunded at one hundred percent.

(3) If a member who is eligible for retirement or a member who has completed at least ten years of service dies after October 1, 1977, and is not survived by a spouse, domestic partner, or an eligible child, then the accumulated contributions standing to the member's credit, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid:

(a) To an estate, a person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department; or

(b) If there is no such designated person or persons still living at the time of the member's death, then to the member's legal representatives.

RCW 41.26.520 Service credit for paid leave of absence, officers of labor organizations, unpaid leave of absence, military service, death or disability while providing emergency management services.

(1) A member who is on a paid leave of absence authorized by a member's employer shall continue to receive service credit as provided for under the provisions of RCW 41.26.410 through 41.26.550.

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor

organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The basic salary reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (7) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if the member makes the employer, member, and state contributions plus interest as determined by the department for the period of the authorized leave of absence within five years of resumption of service or prior to retirement whichever comes sooner.

(4) A law enforcement member may be authorized by an employer to work part time and to go on a part-time leave of absence. During a part-time leave of absence a member is prohibited from any other employment with their employer. A member is eligible to receive credit for any portion of service credit not earned during a month of part-time leave of absence if the member makes the employer, member, and state contributions, plus interest, as determined by the department for the period of the authorized leave within five years of resumption of full-time service or prior to retirement whichever comes sooner. Any service credit purchased for a part-time leave of absence is included in the two-year maximum provided in subsection (3) of this section.

(5) If a member fails to meet the time limitations of subsection (3) or (4) of this section, the member may receive a maximum of two years of service credit during a member's working career for those periods when a member is on unpaid leave of absence authorized by an employer. This may be done by paying the amount required under RCW 41.50.165(2) prior to retirement.

(6) For the purpose of subsection (3) or (4) of this section the contribution shall not include the contribution for the unfunded supplemental present value as required by RCW 41.45.060, 41.45.061, and 41.45.067. The contributions required shall be based on the average of the member's basic salary at both the time the authorized leave of absence was granted and the time the member resumed employment.

(7) A member who leaves the employ of an employer to enter the uniformed services of the United States shall be entitled to retirement system service credit for up to five years of military service. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

(a) The member qualifies for service credit under this subsection if:

(i) Within ninety days of the member's honorable discharge from the uniformed services of the United States, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the uniformed services; and

(ii) The member makes the employee contributions required under RCW 41.45.060, 41.45.061, and 41.45.067 within five years of

resumption of service or prior to retirement, whichever comes sooner;
or

(iii) Prior to retirement and not within ninety days of the member's honorable discharge or five years of resumption of service the member pays the amount required under RCW 41.50.165(2); or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service credit during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(b) Upon receipt of member contributions under (a)(ii), (d)(iii), or (e)(iii) of this subsection, or adequate proof under (a)(iv), (d)(iv), or (e)(iv) of this subsection, the department shall establish the member's service credit and shall bill the employer and the state for their respective contributions required under RCW 41.26.450 for the period of military service, plus interest as determined by the department.

(c) The contributions required under (a)(ii), (d)(iii), or (e)(iii) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(d) The surviving spouse, domestic partner, or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;

(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iii) Pays the employee contributions required under chapter 41.45 RCW within five years of the date of death or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to the distribution of any benefit, provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. If the deceased member made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005, the surviving spouse or eligible child or children may, prior to the distribution of any benefit and on a form provided by the department, request a refund of the funds standing to the deceased member's credit for up to five years of such service, and this amount shall be paid to the surviving spouse or children. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(e) A member who leaves the employ of an employer to enter the uniformed services of the United States and becomes totally incapacitated for continued employment by an employer while serving in the uniformed services is entitled to retirement system service credit under this subsection up to the date of discharge from the uniformed services if:

(i) The member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while serving in the uniformed services;

(ii) The member provides to the director proof of honorable discharge from the uniformed services; and

(iii) The member pays the employee contributions required under chapter 41.45 RCW within five years of the director's determination of total disability or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service credit during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(f) The surviving spouse, domestic partner, or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States, federal emergency management agency, or national disaster medical system of the United States department of health and human services and died while performing service in response to a disaster, major emergency, special event, federal exercise, or official training on or after March 22, 2014, may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in such service. The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children provides to the director proof of the member's death while in such service.

(g) A member who leaves the employ of an employer to enter the uniformed services of the United States, federal emergency management agency, or national disaster medical system of the United States department of health and human services and becomes totally incapacitated for continued employment by an employer while providing such service is entitled to retirement system service credit under this subsection up to the date of separation from such service if the member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while performing such service.

(8) A member receiving benefits under Title 51 RCW who is not receiving benefits under this chapter shall be deemed to be on unpaid, authorized leave of absence. [2016 c 115 § 2. "PLAN 2 GOVERNANCE"

RCW 41.26.700 Overview—Intent. The law enforcement officers' and firefighters' retirement system plan 2 is currently subject to policymaking by the legislature's joint committee on pension policy with ratification by the members of the legislature and is administered by the department of retirement systems.

Members of the plan have no direct input into the management of their retirement program. Forty-six other states currently have member representation in their pension management. Chapter 2, Laws of 2003 is intended to give management of the retirement program to the people whose lives are directly affected by it and who provide loyal and valiant service to ensure the health, safety, and welfare of the citizens of the state of Washington. [2003 c 2 § 1 (Initiative Measure No. 790, approved November 5, 2002).]

(1) Establish a board of trustees responsible for the adoption of actuarial standards to be applied to the plan;

(2) Provide for additional benefits for firefighters and law enforcement officers subject to the cost limitations provided for in chapter 2, Laws of 2003;

- (3) Exercise fiduciary responsibility in the oversight of those pension management functions assigned to the board;
- (4) Provide effective monitoring of the plan by providing an annual report to the legislature, to the members and beneficiaries of the plan, and to the public;
- (5) Establish contribution rates for employees, employers, and the state of Washington that will guaranty viability of the plan, subject to the limitations provided for in chapter 2, Laws of 2003;
- (6) Provide for an annual budget and to pay costs from the trust, as part of the normal cost of the plan; and
- (7) Enable the board of trustees to retain professional and technical advisors as necessary for the fulfillment of their statutory responsibilities. [2003 c 2 § 2 (Initiative Measure No. 790, approved November 5, 2002).]

These measures shall take precedence over all other measures in the legislature, except appropriations bills, and shall be either enacted or rejected without change or amendment by the legislature before the end of such regular session;

[2008 c 99 § 5; 2003 c 2 § 5 (Initiative Measure No. 790, approved November 5, 2002).]

Findings—Purpose—2008 c 99: See note following RCW 41.26.802.

RCW 41.26.725 Board of trustees—Contributions—Minimum and increased benefits. (1) The board of trustees shall establish contributions as set forth in this section. The cost of the minimum benefits as defined in this plan shall be funded on the following ratio:

Employee contributions	50%
Employer contributions	30%
State contributions	20%

(2) The minimum benefits shall constitute a contractual obligation of the state and the contributing employers and may not be reduced below the levels in effect on July 1, 2003. The state and the contributing employers shall maintain the minimum benefits on a sound actuarial basis in accordance with the actuarial standards adopted by the board.

(3) Increased benefits created as provided for in RCW 41.26.720 are granted on a basis not to exceed the contributions provided for in this section. In addition to the contributions necessary to maintain the minimum benefits, for any increased benefits provided for by the board, the employee contribution shall not exceed fifty percent of the actuarial cost of the benefit. In no instance shall the employee cost exceed ten percent of covered payroll without the consent of a majority of the affected employees. Employer contributions shall not exceed thirty percent of the cost, but in no instance shall the employer contribution exceed six percent of covered payroll. State contributions shall not exceed twenty percent of the cost, but in no

instance shall the state contribution exceed four percent of covered payroll. Employer contributions may not be increased above the maximum under this section without the consent of the governing body of the employer. State contributions may not be increased above the maximum provided for in this section without the consent of the legislature. In the event that the cost of maintaining the increased benefits on a sound actuarial basis exceeds the aggregate contributions provided for in this section, the board shall submit to the affected members of the plan the option of paying the increased costs or of having the increased benefits reduced to a level sufficient to be maintained by the aggregate contributions. The reduction of benefits in accordance with this section shall not be deemed a violation of the contractual rights of the members, provided that no reduction may result in benefits being lower than the level of the minimum benefits.

(4) The board shall manage the trust in a manner that maintains reasonable contributions and administrative costs. Providing additional benefits to members and beneficiaries is the board's priority. [2003 c 93 § 1; 2003 c 2 § 6 (Initiative Measure No. 790, approved November 5, 2002).]

Effective date—2003 c 93: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 23, 2003]." [2003 c 93 § 2.]

(4) When appropriate for investment purposes, the state investment board may commingle money in the expense fund with other funds.

(5) The authority to establish all policies relating to the expense fund, other than the investment policies as set forth in subsections (2) through (4) of this section, resides with the law enforcement officers' and firefighters' plan 2 retirement board. With the exception of investments by, and expenses of, the state investment board set forth in subsection (2) of this section, disbursements from this expense fund may be made only on the authorization of the law enforcement officers' and firefighters' plan 2 retirement board, and money in the expense fund may be spent only for the purposes of defraying the expenses of the law enforcement officers' and firefighters' plan 2 retirement board as provided in section 5, chapter 2, Laws of 2003.

(6) The state investment board shall routinely consult and communicate with the law enforcement officers' and firefighters' plan 2 retirement board on the investment policy, earnings of the trust, and related needs of the expense fund.

(7) The law enforcement officers' and firefighters' plan 2 retirement board shall administer the expense fund in a manner reasonably designed to be actuarially sound. The assets of the expense fund must be sufficient to defray the obligations of the account including the costs of administration. Money used for administrative expenses is subject to the allotment of all expenditures pursuant to chapter 43.88 RCW. However, an appropriation is not required for expenditures. Administrative expenses include, but are not limited to, the salaries and expenses of law enforcement officers' and firefighters' plan 2 retirement board personnel including lease payments, travel, and goods and services necessary for operation of the board, audits, and other general costs of conducting the business of the board.

(8) The state investment board shall allocate from the law enforcement officers' and firefighters' retirement system plan 2 fund to the expense fund the amount necessary to cover the expenses of the law enforcement officers' and firefighters' plan 2 retirement board. [2003 c 92 § 6.]

RCW 41.26.802 Local law enforcement officers' and firefighters' retirement system benefits improvement account—Transfers. After May 13, 2019, except for the transfer in subsection (2) of this section, no further transfers will be made to the local public safety enhancement account pursuant to this section.

(2) On July 1, 2019, the state treasurer shall transfer the sum of three hundred million dollars from the law enforcement officers' and firefighters' plan 2 retirement fund to the local law enforcement officers' and firefighters' retirement system benefits improvement account.

(3) By July 31, 2022, the Washington state investment board shall transfer the difference between the value of the benefit enhancements in chapter 125, Laws of 2022 as identified by the office of the state actuary and the value of the local law enforcement officers' and firefighters' retirement system benefits improvement account, from the law enforcement officers' and firefighters' system plan 2 retirement fund to the local law enforcement officers' and firefighters' retirement system benefits improvement account.

(4) By August 31, 2022, the Washington state investment board shall transfer the total available balance of the local law enforcement officers' and firefighters' retirement system benefits improvement account to the law enforcement officers' and firefighters' system plan 2 retirement fund. The amount transferred under this subsection goes toward the benefit enhancements in chapter 125, Laws of 2022. [2022 c 125 § 7; 2019 c 366 § 2; 2017 3rd sp.s. c 1 § 964; 2015 3rd sp.s. c 4 § 950; 2013 2nd sp.s. c 4 § 969; 2008 c 99 § 4.]

Effective date—Finding—2019 c 366: See notes following RCW 41.26.805.

Effective date—2017 3rd sp.s. c 1: See note following RCW 43.41.455.

Effective dates—2013 2nd sp.s. c 4: See note following RCW 2.68.020.

Findings—Purpose—2008 c 99: "The legislature finds that local governments need additional revenues to provide public safety resources in order to protect the citizens of Washington from fire and crime. The legislature finds that the current benefit formula and contributions for the law enforcement officers' and firefighters' plan 2 are inadequate to modify that formula in recognition of the shorter working careers for firefighters and police officers. The legislature recognizes that although some officers and firefighters are able to work comfortably beyond twenty-five years, the combat nature of fire suppression and law enforcement generally require earlier retirement ages. In recognition of the physical demands of the professions and the inherent risks faced by law enforcement officers and firefighters, eligibility for retirement in the law enforcement officers' and firefighters' plan 2 system has been set at age fifty-three. However, the benefit formula is designed for careers of thirty-five to forty years, making retirement at age fifty-three an unrealistic option for many.

Therefore, the legislature declares that it is the purpose of this act to provide local government public safety employers and the law enforcement officers' and firefighters' plan 2 pension plan with additional shared revenues when general state revenues exceed by more

than five percent the previous fiscal biennium's revenue." [2008 c 99 § 1.]

RCW 41.26.805 Local law enforcement officers' and firefighters' retirement system benefits improvement account—Creation—Use—

Administration—Investments. (1) The local law enforcement officers' and firefighters' retirement system benefits improvement account (benefits account) is created within the law enforcement officers' and firefighters' retirement system plan 2 fund.

(2) The funds in the benefits account shall not be included by the actuary retained by the board in the calculation of the market value of assets of the law enforcement officers' and firefighters' retirement system plan 2 fund until the board directs the actuary retained by the board in writing to do so for purposes of financing benefits enacted by the legislature. The board shall, in consultation with the state investment board and within ninety days of the transfer of funds into the benefits account, provide the actuary retained by the board, in writing, the market value of the amount directed from the benefits account for inclusion in the calculation of the market value of assets of the law enforcement officers' and firefighters' retirement system plan 2 fund. The market value of the amount directed from the benefits account shall be an amount determined by the state actuary to sufficiently offset the unfunded actuarial accrued liabilities of benefit improvements financed from this account. The market value of the amount directed from the benefits account shall be determined as of the date of the direction from the board to include this amount for purposes of financing benefits enacted by the legislature.

(3) The law enforcement officers' and firefighters' plan 2 retirement board shall administer the fund in an actuarially sound manner.

(4) The state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the benefits account. The state investment board is authorized to adopt investment policies for the money in the benefits account. All investment and operating costs associated with the investment of money within the benefits account shall be paid pursuant to RCW 43.33A.160 and 43.84.160. With the exception of these expenses, the earnings from the investment of the money shall be retained by the benefits account.

(5) All investments made by the state investment board shall be made with the exercise of that degree of judgment and care pursuant to RCW 43.33A.140 and the investment policy established by the state investment board.

(6) When appropriate for investment purposes, the state investment board may commingle money in the fund with other funds.

(7) The authority to establish all policies relating to the benefits account, other than the investment policies set forth in this section, resides with the law enforcement officers' and firefighters' plan 2 retirement board. Other than investments by and expenses of the state investment board, disbursements from this fund may be made only on the authorization of the law enforcement officers' and firefighters' plan 2 retirement board for purposes of funding the member, employer, and state cost of financing benefits enacted by the legislature.

(8) The state investment board shall routinely consult with and communicate with the law enforcement officers' and firefighters' plan 2 retirement board on the investment policy, earnings of the trust, and related needs of the benefits account.

(9) Funds in the benefits account cannot be used to finance future benefit improvements if the state actuary determines that the actuarial present value of fully projected benefits for current and future members for all benefits being financed from this account exceeds the actuarial present value of the revenue provided under RCW 41.26.802 and the accrued earnings of the benefits account. When making the determination under this subsection, the state actuary shall select assumptions and methods to reduce the risk that the actual revenue received is less than the assumed revenue. [2019 c 366 § 3; 2008 c 99 § 3.]

Finding—2019 c 366: "The legislature finds that the current benefit formula and contributions for the law enforcement officers' and firefighters' plan 2 are inadequate to modify that formula to achieve pension adequacy for the shorter working careers of firefighters and police officers. The legislature recognizes that although some officers and firefighters are able to work comfortably beyond twenty-five years, the combat nature of fire suppression and law enforcement generally require earlier retirement ages. In recognition of the physical demands of the professions and the inherent risks faced by law enforcement officers and firefighters, eligibility for retirement in the law enforcement officers' and firefighters' plan 2 system has been set at age fifty-three. However, the benefit formula is designed for careers of thirty-five to forty years, making retirement at age fifty-three an unrealistic option for many.

Therefore, the legislature declares that it is the purpose of this act to hasten the affordability of law enforcement officers' and firefighters' plan 2 benefit improvements, consistent with the intent associated with the creation of the benefits improvement fund, and designate reserves of the law enforcement officers' and firefighters' plan 2 for the sole purpose of benefit improvements."
