(b) Pedestrians or personal delivery devices facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 shall not enter the roadway.

(3) Steady red indication

(a) Vehicle operators facing a steady circular red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection control area and shall remain standing until an indication to proceed is shown. However, the vehicle operators facing a steady circular red signal may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, pedestrians or personal delivery devices facing a steady circular red signal alone shall not enter the roadway.

(c) Vehicle operators facing a steady red arrow indication may not enter the intersection control area to make the movement indicated by such arrow, and unless entering the intersection control area to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line, but if none, before entering a crosswalk on the near side of the intersection control area, or if none, then before entering the intersection control area and shall remain standing until an indication to make the movement indicated by such arrow is shown. However, the vehicle operators facing a steady red arrow indication may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way street or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(d) Unless otherwise directed by a pedestrian signal, pedestrians or personal delivery devices facing a steady red arrow signal indication shall not enter the roadway.

(4) If an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of

this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal. RCW 46.61.060 Pedestrian control signals—Pedestrians, personal delivery devices. Whenever pedestrian control signals exhibiting the words "Walk" or the walking person symbol or "Don't Walk" or the hand symbol are operating, the signals shall indicate as follows:

(1) WALK or walking person symbol—Pedestrians or personal delivery devices facing such signal may cross the roadway in the direction of the signal. Vehicle operators shall stop for pedestrians who or personal delivery devices that are lawfully moving within the intersection control area on such signal as required by RCW 46.61.235(1).

(2) Steady or flashing DON'T WALK or hand symbol—Pedestrians or personal delivery devices facing such signal shall not enter the roadway. Vehicle operators shall stop for pedestrians who or personal delivery devices that have begun to cross the roadway before the display of either signal as required by RCW 46.61.235(1).

(3) Pedestrian control signals having the "Wait" legend in use on August 6, 1965, shall be deemed authorized signals and shall indicate the same as the "Don't Walk" legend. Whenever such pedestrian control signals are replaced the legend "Wait" shall be replaced by the legend "Don't Walk" or the hand symbol. RCW 46.61.065 Flashing signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(a) FLASHING RED (STOP SIGNAL). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) FLASHING YELLOW (CAUTION SIGNAL). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings

shall be governed by the rules as set forth in RCW 46.61.340. [1975 c 62 § 21; 1965 ex.s. c 155 § 10.]

RCW 46.61.070 Lane-direction-control signals. When lane-direction-control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane over which a green signal is shown, but shall not enter or travel in any lane over which a red signal is shown. [1965 ex.s. c 155 § 11.]

RCW 46.61.072 Special traffic control signals—Legend. Whenever special traffic control signals exhibit a downward green arrow, a yellow X, or a red X indication, such signal indication shall have the following meaning:

(1) A steady downward green arrow means that a driver is permitted to drive in the lane over which the arrow signal is located.

(2) A steady yellow X or flashing red X means that a driver should prepare to vacate, in a safe manner, the lane over which the signal is located because a lane control change is being made, and to avoid occupying that lane when a steady red X is displayed.

(3) A flashing yellow X means that a driver is permitted to use a lane over which the signal is located for a left turn, using proper caution.

(4) A steady red X means that a driver shall not drive in the lane over which the signal is located, and that this indication shall modify accordingly the meaning of all other traffic controls present. The driver shall obey all other traffic controls and follow normal safe driving practices. [1975 c 62 § 49.]

Severability—1975 c 62: See note following RCW 36.75.010.

RCW 46.61.075 Display of unauthorized signs, signals, or markings. (1) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of an official traffic-control device or any railroad sign or signal.

(2) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(3) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice. [1965 ex.s. c 155 § 12.]

RCW 46.61.080 Interference with official traffic-control devices or railroad signs or signals. DRIVING ON RIGHT SIDE OF ROADWAY—OVERTAKING AND PASSING—USE OF ROADWAY

RCW 46.61.100 Keep right except when passing, etc. (1) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(b) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

(c) Upon a roadway divided into three marked lanes and providing for two-way movement traffic under the rules applicable thereon;

(d) Upon a street or highway restricted to one-way traffic; or

(e) Upon a highway having three lanes or less, when approaching the following vehicles in the manner described under *RCW

46.61.212(1)(d)(ii): (i) A stationary authorized emergency vehicle; (ii) a tow truck or other vehicle providing roadside assistance while operating warning lights with three hundred sixty degree visibility; (iii) a police vehicle; or (iv) a stationary or slow moving highway construction vehicle, highway maintenance vehicle, solid waste vehicle, or utility service vehicle that meets the lighting requirements identified in RCW 46.61.212(1).

(2) Upon all roadways having two or more lanes for traffic moving in the same direction, all vehicles shall be driven in the right-hand lane then available for traffic, except (a) when overtaking and passing another vehicle proceeding in the same direction, (b) when traveling at a speed greater than the traffic flow, (c) when moving left to allow traffic to merge, or (d) when preparing for a left turn at an intersection, exit, or into a private road or driveway when such

left turn is legally permitted. On any such roadway, a vehicle or combination over ten thousand pounds shall be driven only in the right-hand lane except under the conditions enumerated in (a) through (d) of this subsection.

(3) No vehicle towing a trailer or no vehicle or combination over ten thousand pounds may be driven in the left-hand lane of a limited access roadway having three or more lanes for traffic moving in one direction except when preparing for a left turn at an intersection, exit, or into a private road or driveway when a left turn is legally permitted. This subsection does not apply to a vehicle using a high occupancy vehicle lane. A high occupancy vehicle lane is not considered the left-hand lane of a roadway. The department of transportation, in consultation with the Washington state patrol, shall adopt rules specifying (a) those circumstances where it is permissible for other vehicles to use the left lane in case of emergency or to facilitate the orderly flow of traffic, and (b) those segments of limited access roadway to be exempt from this subsection due to the operational characteristics of the roadway.

(4) It is a traffic infraction to drive continuously in the left lane of a multilane roadway when it impedes the flow of other traffic.

(5) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, a vehicle shall not be driven to the left of the center line of the roadway except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection (1)(b) of this section. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. Legislative intent—1986 c 93: "It is the intent of the legislature, in this 1985 [1986] amendment of RCW 46.61.100, that the left-hand lane on any state highway with two or more lanes in the same direction be used primarily as a passing lane." [1986 c 93 § 1.]

(i) On a roadway with two lanes or more for traffic moving in the direction of travel, before passing and until safely clear of the individual, move completely into a lane to the left of the right lane when it is safe to do so;

(ii) On a roadway with only one lane for traffic moving in the direction of travel:

(A) When there is sufficient room to the left of the individual in the lane for traffic moving in the direction of travel, before passing and until safely clear of the individual:

(I) Reduce speed to a safe speed for passing relative to the speed of the individual; and

(II) Pass at a safe distance, where practicable of at least three feet, to clearly avoid coming into contact with the individual or the individual's vehicle or animal; or

(B) When there is insufficient room to the left of the individual in the lane for traffic moving in the direction of travel to comply with (a) (ii) (A) of this subsection, before passing and until safely clear of the individual, move completely into the lane for traffic moving in the opposite direction when it is safe to do so and in compliance with RCW 46.61.120 and 46.61.125.

(b) A driver of a motor vehicle found to be in violation of this subsection (2) must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

(d) For the purposes of this section, "vulnerable user of a public way" has the same meaning as provided in RCW 46.61.526(11)(c).

(3) Except when overtaking and passing on the right is permitted, overtaken traffic shall give way to the right in favor of an overtaking vehicle on audible signal and shall not increase speed until completely passed by the overtaking vehicle. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn;

(b) Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(2) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. Such movement shall not be made by driving off the roadway. [1975 c 62 § 23; 1965 ex.s. c 155 § 18.]

Rules of court: Monetary penalty schedule—IRLJ 6.2.

RCW 46.61.120 Limitations on overtaking on the left. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing other traffic proceeding in the same direction unless authorized by the provisions of RCW 46.61.100 through 46.61.160 and 46.61.212 and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any traffic approaching from the opposite direction or any traffic overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in

the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within two hundred feet of any approaching traffic. [2007 c 83 § 3; 2005 c 396 § 2; 1965 ex.s. c 155 § 19.]

RCW 46.61.125 Further limitations on driving to left of center of roadway. (1) No vehicle shall be driven on the left side of the roadway under the following conditions:

(a) When approaching or upon the crest of a grade or a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event other traffic might approach from the opposite direction;

(b) When approaching within one hundred feet of or traversing any intersection or railroad grade crossing;

(c) When the view is obstructed upon approaching within one hundred feet of any bridge, viaduct or tunnel;

(d) When a bicycle or pedestrian is within view of the driver and is approaching from the opposite direction, or is present, in the roadway, shoulder, or bicycle lane within a distance unsafe to the bicyclist or pedestrian due to the width or condition of the roadway, shoulder, or bicycle lane.

(2) The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into or from an alley, private road or driveway. [2005 c 396 § 3; 1972 ex.s. c 33 § 2; 1965 ex.s. c 155 § 20.]

RCW 46.61.130 No-passing zones. (1) The state department of transportation and the local authorities are authorized to determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones. When such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1) of this section, no driver may at any time drive on the left side of the roadway within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length.

(3) This section does not apply under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into

or from an alley, private road, or driveway. [1984 c 7 § 63; 1972 ex.s. c 33 § 3; 1965 ex.s. c 155 § 21.]

(2) Upon a roadway so designated for one-way traffic, a vehicle shall be driven only in the direction designated at all or such times as shall be indicated by official traffic control devices.

(3) A vehicle passing around a rotary traffic island shall be driven only to the right of such island. [1984 c 7 § 64; 1975 c 62 § 24; 1965 ex.s. c 155 § 22.]

RCW 46.61.140 Driving on roadways laned for traffic. Whenever any roadway has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, or in preparation for making a left turn or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic-control devices.

(3) Official traffic-control devices may be erected directing slow moving or other specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such device.

(4) Official traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device.

(5) Pursuant to subsection (1) of this section, the operator of a commercial motor vehicle as defined in RCW 46.25.010 may, with due regard for all other traffic, deviate from the lane in which the operator is driving to the extent necessary to approach and drive through a circular intersection. [2020 c 199 § 2; 1965 ex.s. c 155 § 23.]

(1) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

(2) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

(4) (a) When the vehicle being followed is a vulnerable user of a public way, a driver of a motor vehicle found to be in violation of this section must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

(b) For the purposes of this section, "vulnerable user of a public way" has the same meaning as provided in RCW 46.61.526(11)(c).

(5) The additional fine imposed under subsection (4) of this section must be deposited into the vulnerable roadway user education account created in subsection (6) of this section.

(6) The vulnerable roadway user education account is created in the state treasury. All receipts from the additional fine in subsection (4) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only by the Washington traffic safety commission solely to:

(a) Support programs dedicated to increasing awareness by law enforcement officers, prosecutors, and judges of opportunities for the enforcement of traffic infractions and offenses committed against vulnerable roadway users; and

(b) With any funds remaining once the program support specified in (a) of this subsection has been provided, support programs dedicated to increasing awareness by the public of the risks and penalties associated with traffic infractions and offenses committed against vulnerable roadway users. (1) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

(2) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

(4) (a) When the vehicle being followed is a vulnerable user of a public way, a driver of a motor vehicle found to be in violation of this section must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

Whenever any highway has been divided into two or more roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section or by a median island not less than eighteen inches wide formed either by solid yellow pavement markings or by a yellow crosshatching between two solid yellow lines so installed as to control vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic-control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, or median island, except through an opening in such physical barrier or dividing section or space or median island, or at a crossover or intersection established by public authority. RCW 46.61.165 High occupancy vehicle lanes—Monetary penalties for traffic infractions—Definition. (1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation vehicles; (b) motorcycles; (c) private motor vehicles

carrying no fewer than a specified number of passengers; (d) organ transport vehicles transporting a time urgent organ or a time sensitive organ or tissue donor as defined in RCW 68.64.010; or (e) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The state department of transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below 45 miles per hour at least 90 percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction. A person who commits a traffic infraction under this section is also subject to additional monetary penalties as defined in this subsection. The additional monetary penalties are separate from the base penalty, fees, and assessments issued for the traffic infraction and are intended to raise awareness, and improve the efficiency, of the high occupancy vehicle lane system.

(a) Whenever a person commits a traffic infraction under this section, an additional monetary penalty of \$50 must be collected, and, in the case that a person has already committed a violation under this section within two years of committing this violation, then an additional \$150 must be collected.

(b) Any time a person commits a traffic infraction under this section and is using a dummy, doll, or other human facsimile to make it appear that an additional person is in the vehicle, the person must

be assessed a \$200 penalty, which is in addition to the penalties in (a) of this subsection.

(c) The monetary penalties under (a) and (b) of this subsection are additional, separate, and distinct penalties from the base penalty and are not subject to fees or assessments specified in RCW 46.63.110, 3.62.090, and 2.68.040.

(d) (i) The additional penalties collected under (a) of this subsection must be distributed as follows:

(A) Twenty-five percent must be deposited into the congestion relief and traffic safety account created under RCW 46.68.398; and

(B) Seventy-five percent must be deposited into the motor vehicle fund created under RCW 46.68.070.

(ii) The additional penalty collected under (b) of this subsection must be deposited into the congestion relief and traffic safety account created under RCW 46.68.398.

(e) Violations committed under this section are excluded from eligibility as a moving violation for driver's license suspension under RCW 46.20.289 when a person subsequently fails to respond to a notice of traffic infraction for this moving violation, fails to appear at a requested hearing for this moving violation, violates a written promise to appear in court for a notice of infraction for this moving violation, or fails to comply with the terms of a notice of traffic infraction for this moving violation.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees. Secs. 4321 through 4347) or in any other way conflicts with federal requirements that are a condition or part of the allocation of federal funds to the state or local facilities, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. RCW 46.61.183 Nonfunctioning signal lights. Except when directed to proceed by a flagger, police officer, or firefighter, the driver of a vehicle approaching an intersection controlled by a traffic control signal that is temporarily without power on all approaches or is not displaying any green, red, or yellow indication to the approach the vehicle is on, shall consider the intersection to be an all-way stop. After stopping, the driver shall yield the right-of-way in accordance with RCW 46.61.180(1) and 46.61.185. [1999 c 200 § 1.]

RCW 46.61.184 Bicycle, moped, or street legal motorcycle at intersection with inoperative vehicle detection device. Notwithstanding any provision of law to the contrary, the operator of a bicycle, moped, or street legal motorcycle approaching an intersection, including a left turn intersection, that is controlled by a triggered traffic control signal using a vehicle detection device that is inoperative due to the size or composition of the bicycle, moped, or street legal motorcycle shall come to a full and complete stop at the intersection. If the traffic control signal, including the left turn signal, as appropriate, fails to operate after one cycle of the traffic signal, the operator may, after exercising due care, proceed directly through the intersection or proceed to turn left, as appropriate. It is not a defense to a violation of RCW 46.61.050 that the operator of a bicycle, moped, or motorcycle proceeded under the belief that a traffic control signal used a vehicle detection device or was inoperative due to the size or composition of the bicycle, moped, or motorcycle when the signal did not use a vehicle detection device or that any such device was not in fact inoperative due to the size or composition of the bicycle, moped, or motorcycle. For purposes of this section, "bicycle" includes a bicycle, as defined in RCW 46.04.071, and an electric-assisted bicycle, as defined in RCW 46.04.169. [2015 c 32 § 1; 2014 c 167 § 1.]

(1) The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

(2) (a) When the vehicle approaching from the opposite direction within the intersection or so close that it constitutes an immediate hazard is a vulnerable user of a public way, a driver of a motor vehicle found to be in violation of this section must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

RCW 46.61.190 Vehicle entering stop or yield intersection—Vulnerable users of a public way—Fine. (Effective until January 1, 2025.) (1) Preferential right-of-way may be indicated by stop signs or yield signs as authorized in RCW 47.36.110.

(2) (a) Except when directed to proceed by a duly authorized flagger, or a police officer, or a firefighter vested by law with authority to direct, control, or regulate traffic, every driver of a vehicle approaching a stop sign shall stop except as provided in (b) of this subsection at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the roadway, and after having stopped shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time when such driver is moving across or within the intersection or junction of roadways.

(b) (i) With the exception of (b) (ii) and (iii) of this subsection, a person operating a bicycle approaching a stop sign shall either:

(A) Follow the requirements for approaching a stop sign as specified in (a) of this subsection; or

(B) Follow the requirements for approaching a yield sign as specified in subsection (3) of this section.

(ii) A person operating a bicycle approaching a stop sign located at a highway grade crossing of a railroad must follow the requirements of RCW 46.61.345.

(iii) A person operating a bicycle approaching a "stop" signal in use by a school bus, as required under RCW 46.37.190, must follow the requirements of RCW 46.61.370.

(3) The driver of a vehicle approaching a yield sign shall in obedience to such sign slow down to a speed reasonable for the existing conditions and if required for safety to stop, shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the roadway, and then after slowing or stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction of roadways: PROVIDED, That if such a driver is involved in a collision with a vehicle in the intersection or junction of roadways, after driving past a yield sign without stopping, such collision shall be deemed prima facie evidence of the driver's failure to yield right-of-way.

(4) (a) When right-of-way has not been yielded in accordance with this section to a vehicle that is a vulnerable user of a public way, a driver of a motor vehicle found to be in violation of this section must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

RCW 46.61.400 Basic rule and maximum limits. (1) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(2) Except when a special hazard exists that requires lower speed for compliance with subsection (1) of this section, the limits specified in this section or established as hereinafter authorized shall be maximum lawful speeds, and no person shall drive a vehicle on a highway at a speed in excess of such maximum limits.

(a) Twenty-five miles per hour on city and town streets;

(b) Fifty miles per hour on county roads;

(c) Sixty miles per hour on state highways.

The maximum speed limits set forth in this section may be altered as authorized in RCW 46.61.405, 46.61.410, and 46.61.415.

(3) The driver of every vehicle shall, consistent with the requirements of subsection (1) of this section, drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions. RCW 46.61.405 Decreases by secretary of transportation. (1)

Whenever the secretary of transportation shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinbefore set forth is greater than is reasonable or safe with respect to a state highway under the conditions found to exist at any intersection or upon any other part of the state highway system or at state ferry terminals, or that a general reduction of any maximum speed set forth in RCW 46.61.400 is necessary in order to comply with a national maximum speed limit, the secretary may determine and declare a reasonable and safe lower maximum limit or a lower maximum limit which will comply with a national maximum speed limit, for any state highway, the entire state highway system, or any portion thereof, which shall be effective when appropriate signs giving notice thereof are erected. The secretary may also fix and regulate the speed of vehicles on any state highway within the maximum speed limit allowed by this chapter for special occasions including, but not limited to, local parades and other special events. Any such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective (a) when posted upon appropriate fixed or variable signs or (b) if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective 30 days after written notice thereof is mailed in the manner provided in RCW 46.61.410(4), as now or hereafter amended.

(2) The secretary of transportation may establish a maximum speed limit of 20 miles per hour on a nonarterial state highway, or part of a nonarterial state highway, without a determination made on the basis of an engineering and traffic investigation, subject to the conditions described in RCW 46.61.415(3). [2022 c 235 § 2; 1987 c 397 § 3; 1977 ex.s. c 151 § 34; 1974 ex.s. c 103 § 1; 1970 ex.s. c 100 § 2; 1967 c 25 § 1; 1963 c 16 § 2. Formerly RCW 46.48.012.]

RCW 46.61.410 Increases by secretary of transportation—Maximum speed limit for trucks—Auto stages—Signs and notices. (1)(a) Subject to subsection (2) of this section the secretary may increase the maximum speed limit on any highway or portion thereof to not more than seventy-five miles per hour in accordance with the design speed thereof (taking into account all safety elements included therein), or whenever the secretary determines upon the basis of an engineering and

traffic investigation that such greater speed is reasonable and safe under the circumstances existing on such part of the highway.

(b) The greater maximum limit established under (a) of this subsection shall be effective when appropriate signs giving notice thereof are erected, or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(c) Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs or in the case of auto stages, as indicated in said written notice; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the secretary as provided in RCW 46.61.405.

(3) The word "trucks" used by the department on signs giving notice of maximum speed limits means vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the secretary establishes maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary shall cause to be mailed notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington utilities and transportation commission. The notice shall be mailed to the chief place of business within the state of Washington of each auto transportation company or if none then its chief place of business without the state of Washington. Intent—1987 c 397: "It is the intent of the legislature to increase the speed limit to sixty-five miles per hour on those portions of the rural interstate highway system where the increase would be safe and reasonable and is allowed by federal law. It is also the intent of the legislature that the sixty-five miles per hour speed limit be strictly enforced." [1987 c 397 § 1.]

RCW 46.61.415 When local authorities may establish or alter maximum limits. (1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.440 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the

local authority may determine and declare a reasonable and safe maximum limit thereon which

- (a) Decreases the limit at intersections; or
- (b) Increases the limit but not to more than 60 miles per hour;

or

- (c) Decreases the limit but not to less than 20 miles per hour.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed 60 miles per hour.

(3)(a) Local authorities in their respective jurisdictions may establish a maximum speed limit of 20 miles per hour on a nonarterial highway or part of a nonarterial highway.

(b) A speed limit established under this subsection by a local authority does not need to be determined on the basis of an engineering and traffic investigation if the local authority has developed procedures regarding establishing a maximum speed limit under this subsection. Any speed limit established under this subsection may be canceled within one year of its establishment, and the previous speed limit reestablished, without an engineering and traffic investigation. This subsection does not otherwise affect the requirement that local authorities conduct an engineering and traffic investigation to determine whether to increase speed limits.

(c) When establishing speed limits under this subsection, local authorities shall consult the manual on uniform traffic control devices as adopted by the Washington state department of transportation.

(4) The secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(5) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(6) Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the secretary of transportation. [2022 c 235 § 1; 2013 c 264 § 1; 1977 ex.s. c 151 § 36; 1974 ex.s. c 103 § 3; 1963 c 16 § 4. Formerly RCW 46.48.014.]

RCW 46.61.419 Private roads—Speed enforcement. State, local, or county law enforcement personnel may enforce speeding violations under RCW 46.61.400 on private roads within a community organized under chapter 64.34, 64.32, or 64.38 RCW if:

(1) A majority of the homeowner's association's, association of apartment owners', or condominium association's board of directors

votes to authorize the issuance of speeding infractions on its private roads, and declares a speed limit not lower than twenty miles per hour;

(2) A written agreement regarding the speeding enforcement is signed by the homeowner's association, association of apartment owners, or condominium association president and the chief law enforcement official of the city or county within whose jurisdiction the private road is located;

(3) The homeowner's association, association of apartment owners, or condominium association has provided written notice to all of the homeowners, apartment owners, or unit owners describing the new authority to issue speeding infractions; and

(4) Signs have been posted declaring the speed limit at all vehicle entrances to the community. [2013 c 269 § 1; 2003 c 193 § 1.]

RCW 46.61.425 Minimum speed regulation—Passing slow moving vehicle. (1) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law: PROVIDED, That a person following a vehicle driving at less than the legal maximum speed and desiring to pass such vehicle may exceed the speed limit, subject to the provisions of RCW 46.61.120 on highways having only one lane of traffic in each direction, at only such a speed and for only such a distance as is necessary to complete the pass with a reasonable margin of safety.

(2) Whenever the secretary of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway unreasonably impede the normal movement of traffic, the secretary or such local authority may determine and declare a minimum speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected. No person shall drive a vehicle slower than such minimum speed limit except when necessary for safe operation or in compliance with law. [1977 ex.s. c 151 § 37; 1969 c 135 § 1; 1967 c 25 § 2; 1963 c 16 § 6. Formerly RCW 46.48.015.]

RCW 46.61.427 Slow-moving vehicle to pull off roadway. On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow moving vehicle, behind which five or more vehicles are formed in a line, shall turn off the roadway wherever sufficient area for a safe turn-out exists, in order to permit the vehicles following to proceed. As used in this section a slow moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. [1973 c 88 § 1.]

RCW 46.61.428 Slow-moving vehicle driving on shoulders, when. (1) The state department of transportation and local authorities are authorized to determine those portions of any two-lane highways under

their respective jurisdictions on which drivers of slow-moving vehicles may safely drive onto improved shoulders for the purpose of allowing overtaking vehicles to pass and may by appropriate signs indicate the beginning and end of such zones.

(2) Where signs are in place to define a driving-on-shoulder zone as set forth in subsection (1) of this section, the driver of a slow-moving vehicle may drive onto and along the shoulder within the zone but only for the purpose of allowing overtaking vehicles to pass and then shall return to the roadway.

(3) Signs erected to define a driving-on-shoulder zone take precedence over pavement markings for the purpose of allowing the movements described in subsection (2) of this section. [1984 c 7 § 71; 1977 ex.s. c 39 § 1.]

RCW 46.61.430 Authority of secretary of transportation to fix speed limits on limited access facilities exclusive—Local regulations. Notwithstanding any law to the contrary or inconsistent herewith, the secretary of transportation shall have the power and the duty to fix and regulate the speed of vehicles within the maximum speed limit allowed by law for state highways, designated as limited access facilities, regardless of whether a portion of said highway is within the corporate limits of a city or town. No governing body or authority of such city or town or other political subdivision may have the power to pass or enforce any ordinance, rule, or regulation requiring a different rate of speed, and all such ordinances, rules, and regulations contrary to or inconsistent therewith now in force are void and of no effect. RCW 46.61.435 Local authorities to provide "stop" or "yield" signs at intersections with increased speed highways—Designated as arterials. The governing body or authority of any such city or town or political subdivision shall place and maintain upon each and every highway intersecting a highway where an increased speed is permitted, as provided in this chapter, appropriate stop or yield signs, sufficient to be read at any time by any person upon approaching and entering the highway upon which such increased speed is permitted and such city street or such portion thereof as is subject to the increased speed shall be an arterial highway. RCW 46.61.440 Maximum speed limit when passing school or playground crosswalks—Penalty, disposition of proceeds. (1) Subject to RCW 46.61.400(1), and except in those instances where a lower maximum lawful speed is provided by this chapter or otherwise, it shall be unlawful for the operator of any vehicle to operate the same at a speed in excess of twenty miles per hour when operating any vehicle upon a highway either inside or outside an incorporated city or town when passing any marked school or playground crosswalk when such marked crosswalk is fully posted with standard school speed limit signs or standard playground speed limit signs. The speed zone at the crosswalk shall extend three hundred feet in either direction from the marked crosswalk.

(2) A county or incorporated city or town may create a school or playground speed zone on a highway bordering a marked school or playground, in which zone it is unlawful for a person to operate a vehicle at a speed in excess of twenty miles per hour. The school or playground speed zone may extend three hundred feet from the border of the school or playground property; however, the speed zone may only include area consistent with active school or playground use.

(3) A person found to have committed any infraction relating to speed restrictions within a school or playground speed zone shall be assessed a monetary penalty equal to twice the penalty assessed under RCW 46.63.110. This penalty may not be waived, reduced, or suspended.

(4) School districts may erect signs that comply with the uniform state standards adopted and designated by the department of transportation under RCW 47.36.030, informing motorists of the increased monetary penalties assessed for violations of RCW 46.61.235, 46.61.245, or 46.61.261 within a school, playground, or crosswalk speed zone created under subsection (1) or (2) of this section.

(5) The school zone safety account is created in the custody of the state treasurer. Fifty percent of the moneys collected under subsection (3) of this section and the moneys collected under RCW 46.61.235(5), 46.61.245(2), or 46.61.261(2) shall be deposited into the account. Expenditures from the account may be used only by the Washington traffic safety commission solely to fund projects in local communities to improve school zone safety, pupil transportation safety, and student safety in school bus loading and unloading areas. Only the director of the traffic safety commission or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures until July 1, 1999, after which date moneys in the account may be spent only after appropriation. RCW 46.61.450 Maximum speed, weight, or size in traversing bridges, elevated structures, tunnels, underpasses—Posting limits. It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or of a size which is greater at any time than the maximum speed or maximum weight or size which can be maintained or carried with safety over any such bridge or structure or through any such tunnel or underpass when such bridge, structure, tunnel, or underpass is sign posted as hereinafter provided. The secretary of transportation, if it be a bridge, structure, tunnel, or underpass upon a state highway, or the governing body or authorities of any county, city, or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: PROVIDED, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the department of transportation as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried

with safety over such bridge or elevated structure or through such tunnel or underpass. [2006 c 334 § 20; 1977 ex.s. c 151 § 39; 1961 c 12 § 46.48.080. Prior: 1937 c 189 § 70; RRS § 6360-70. Formerly RCW 46.48.080.]

RCW 46.61.460 Special speed limitation on motor-driven cycle.

RCW 46.61.465 Exceeding speed limit evidence of reckless driving. RCW 46.61.470 Speed traps defined, certain types permitted—Measured courses, speed measuring devices, timing from aircraft. (1) No evidence as to the speed of any vehicle operated upon a public highway by any person arrested for violation of any of the laws of this state regarding speed or of any orders, rules, or regulations of any city or town or other political subdivision relating thereto shall be admitted in evidence in any court at a subsequent trial of such person in case such evidence relates to or is based upon the maintenance or use of a speed trap except as provided in subsection (2) of this section. A "speed trap," within the meaning of this

section, is a particular section of or distance on any public highway, the length of which has been or is measured off or otherwise designated or determined, and the limits of which are within the vision of any officer or officers who calculate the speed of a vehicle passing through such speed trap by using the lapsed time during which such vehicle travels between the entrance and exit of such speed trap.

(2) Evidence shall be admissible against any person arrested or issued a notice of a traffic infraction for violation of any of the laws of this state or of any orders, rules, or regulations of any city or town or other political subdivision regarding speed if the same is determined by a particular section of or distance on a public highway, the length of which has been accurately measured off or otherwise designated or determined and either: (a) The limits of which are controlled by a mechanical, electrical, or other device capable of measuring or recording the speed of a vehicle passing within such limits; or (b) a timing device is operated from an aircraft, which timing device when used to measure the elapsed time of a vehicle passing over such a particular section of or distance upon a public highway indicates the speed of a vehicle.

(3) The exceptions of subsection (2) of this section are limited to devices or observations with a maximum error of not to exceed five percent using the lapsed time during which such vehicle travels between such limits, and such limits shall not be closer than one-fourth mile. RCW 46.61.480 Determination of maximum speed on nonlimited access state highways within tribal reservation boundaries. (1) Tribal authorities, within their reservation boundaries, may determine based on an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.405 is greater or less than is reasonable or safe under the conditions found to exist upon a nonlimited access state highway or part of a nonlimited access state highway. Then, the tribal authority may determine and declare a reasonable and safe maximum limit thereon which:

- (a) Decreases the limit at intersections;
- (b) Increases the limit, not exceeding sixty miles per hour; or
- (c) Decreases the limit, not lower than twenty miles per hour.

(2) Any alteration by tribal authorities of maximum limits on a nonlimited access state highway is not effective until the alteration has been approved by the secretary of transportation and appropriate signs giving notice of the alteration have been posted. In the case of an alteration by tribal authorities of maximum limits on a nonlimited access state highway that is also part of a city or town street or county road within tribal reservation boundaries, the alteration is not effective until that alteration has also been approved by the applicable local authority. RECKLESS DRIVING, DRIVING UNDER THE INFLUENCE, VEHICULAR HOMICIDE AND ASSAULT

RCW 46.61.500 Reckless driving—Penalty. (1) Any person who drives any vehicle in willful or wanton disregard for the safety of persons or property is guilty of reckless driving. Violation of the provisions of this section is a gross misdemeanor punishable by imprisonment for up to three hundred sixty-four days and by a fine of not more than five thousand dollars.

(2) (a) Subject to (b) of this subsection, the license or permit to drive or any nonresident privilege of any person convicted of reckless driving shall be suspended by the department for not less than thirty days.

(b) When a reckless driving conviction is a result of a charge that was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, the department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under an administrative action arising out of the same incident. In the case of a person whose day-for-day credit is for a period equal to or greater than the period of suspension required under this section, the department shall provide notice of full credit, shall provide for no further suspension under this section, and shall impose no additional reissue fees for this credit. During any period of suspension, revocation, or denial due to a conviction for reckless driving as the result of a charge originally filed as a violation of RCW 46.61.502 or 46.61.504, any person who has obtained an ignition interlock driver's license under RCW 46.20.385 may continue to drive a motor vehicle pursuant to the provision of the ignition interlock driver's license without obtaining a separate temporary restricted driver's license under RCW 46.20.391.

(3) (a) Except as provided under (b) of this subsection, a person convicted of reckless driving who has one or more prior offenses as defined in RCW 46.61.5055(14) within seven years shall be required, under RCW 46.20.720, to install an ignition interlock device on all vehicles operated by the person if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.502, 46.61.504, or an equivalent local ordinance.

(b) A person convicted of reckless driving shall be required, under RCW 46.20.720, to install an ignition interlock device on all vehicles operated by the person if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520 committed while under the influence of intoxicating liquor or any drug or RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug. (a) And the person has, within two hours after driving, an alcohol concentration of 0.08 or higher as shown by analysis of the person's breath or blood made under RCW 46.61.506; or

(b) The person has, within two hours after driving, a THC concentration of 5.00 or higher as shown by analysis of the person's blood made under RCW 46.61.506; or

(3) (a) It is an affirmative defense to a violation of subsection (1) (a) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of alcohol after the time of driving and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol concentration to be 0.08 or more within two hours after driving. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

In lieu of the mandatory minimum term of imprisonment required under this subsection (1)(a)(i), the court, in its discretion, may order not less than fifteen days of electronic home monitoring or a ninety-day period of 24/7 sobriety program monitoring. The court may consider the offender's pretrial 24/7 sobriety program monitoring as fulfilling a portion of posttrial sentencing. The offender shall pay the cost of electronic home monitoring. The county or municipality in which the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device or other separate alcohol monitoring device to include an alcohol detection breathalyzer, and the court may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

In lieu of the mandatory minimum term of imprisonment required under this subsection (1)(b)(i), the court, in its discretion, may order not less than thirty days of electronic home monitoring or a one hundred twenty day period of 24/7 sobriety program monitoring. The court may consider the

offender's pretrial 24/7 sobriety program testing as fulfilling a portion of posttrial sentencing. The offender shall pay the cost of electronic home monitoring. The county or municipality in which the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device to include an alcohol detection breathalyzer or other separate alcohol monitoring device, and the court may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than five hundred dollars nor more than five thousand dollars. Five hundred dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(2) **One prior offense in seven years.** Except as provided in RCW 46.61.502(6) or 46.61.504(6), a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 and who has one prior offense within seven years shall be punished as follows:

(i) By imprisonment for not less than thirty days nor more than three hundred sixty-four days and sixty days of electronic home monitoring. Thirty days of imprisonment and sixty days of electronic home monitoring may not be suspended or converted unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. If the offender shows that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being, in lieu of the mandatory term of imprisonment and electronic home monitoring under this subsection

(2)(a)(i), the court may order a minimum of either one hundred eighty days of electronic home monitoring or a one hundred twenty-day period of 24/7 sobriety program monitoring pursuant to RCW 36.28A.300 through 36.28A.390. Whenever the mandatory minimum sentence is suspended or converted, the court shall state in writing the reason for granting the suspension or conversion and the facts upon which the suspension or conversion is based. The court may consider the offender's pretrial 24/7 sobriety program monitoring as fulfilling a portion of posttrial sentencing. The court shall order an expanded substance use disorder assessment and treatment, if deemed appropriate by the assessment. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

If the offender shows that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being, in lieu of the mandatory minimum term of imprisonment and electronic home monitoring under this subsection (2)(b)(i), the court may order a minimum of either six months of electronic home monitoring or a one hundred twenty-day period of 24/7 sobriety program monitoring pursuant to RCW 36.28A.300 through 36.28A.390. Whenever the mandatory minimum sentence is suspended or converted, the court shall state in writing the reason for granting the suspension or conversion and the facts upon which the suspension or conversion is based. The court may consider the offender's pretrial 24/7 sobriety program monitoring as fulfilling a portion of posttrial sentencing. The court shall order an expanded substance use disorder assessment and treatment, if deemed appropriate by the assessment. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than seven hundred fifty dollars nor more than five thousand dollars. Seven hundred fifty dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(3) **Two prior offenses in seven years.** Except as provided in RCW 46.61.502(6) or 46.61.504(6), a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 and who has two prior offenses within seven years shall be punished as follows:

Ninety days of imprisonment and one hundred twenty days of electronic home monitoring may not be suspended or converted unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. If the offender shows that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being, in lieu of the mandatory minimum term of ninety days of imprisonment and one hundred twenty days of electronic home monitoring, the court may order three hundred sixty days of electronic home monitoring or a three hundred sixty-day period of 24/7 sobriety monitoring pursuant to RCW 36.28A.300 through 36.28A.390. (i) By imprisonment for not less than one hundred twenty days nor more than three hundred sixty-four days, if available in that county or city, a six-month period of 24/7 sobriety program monitoring pursuant to RCW 36.28A.300 through 36.28A.390, and one hundred fifty days of electronic home monitoring. One hundred twenty days of imprisonment and one hundred fifty days of electronic home monitoring may not be suspended or converted unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. If the offender shows that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being, in lieu of the mandatory minimum term of one hundred twenty days of imprisonment and one hundred fifty days of electronic home monitoring, the court may order three hundred sixty days of electronic home monitoring or a three hundred sixty-day period of 24/7 sobriety monitoring pursuant to RCW 36.28A.300 through 36.28A.390. Whenever the mandatory minimum sentence is suspended or converted, the court shall state in writing the reason for granting the suspension or conversion and the facts upon which the suspension or conversion is based. The offender shall pay for the cost of the electronic monitoring. The court shall order an expanded substance use disorder assessment and treatment, if deemed appropriate by the assessment. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(b) **Monitoring devices.** If the court orders that a person refrain from consuming any alcohol, the court may order the person to submit to alcohol monitoring through an alcohol detection breathalyzer device, transdermal sensor device, or other technology designed to detect alcohol in a person's system. The person shall pay for the cost of the monitoring, unless the court specifies that the cost of monitoring will be paid with funds that are available from an alternative source identified by the court. The county or municipality where the penalty is being imposed shall determine the cost.

(c) **24/7 sobriety program monitoring.** In any county or city where a 24/7 sobriety program is available and verified by the Washington association of sheriffs and police chiefs, the court shall:

- (i) Order the person to install and use a functioning ignition interlock or other device in lieu of such period of 24/7 sobriety program monitoring;

One thousand dollars of the fine for each passenger under the age of sixteen may not be suspended unless the court finds the offender to be indigent.

(7) **Other items courts must consider while setting penalties.** In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers;

(c) Whether the driver was driving in the opposite direction of the normal flow of traffic on a multiple lane highway, as defined by RCW 46.04.350, with a posted speed limit of forty-five miles per hour or greater; and

(d) Whether a child passenger under the age of sixteen was an occupant in the driver's vehicle.

(8) **Treatment and information school.** An offender punishable under this section is subject to the substance use disorder assessment and treatment provisions of RCW 46.61.5056.

(9) **Driver's license privileges of the defendant.** (a) The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(i) **Penalty for alcohol concentration less than 0.15.** If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(A) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days or until the person is evaluated by a substance use disorder agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a ninety-day period of 24/7 sobriety program monitoring. In no circumstances shall the license suspension be for fewer than two days;

(B) Where there has been one prior offense within seven years, be revoked or denied by the department for two years or until the person is evaluated by a substance use disorder agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a six-month period of 24/7 sobriety program monitoring. In no circumstances shall the license suspension be for less than one year; or

(C) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(ii) **Penalty for alcohol concentration at least 0.15.** If the person's alcohol concentration was at least 0.15:

(A) Where there has been no prior offense within seven years, be revoked or denied by the department for one year or until the person is evaluated by a substance use disorder agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a one hundred twenty day period of 24/7 sobriety program monitoring. In no circumstances shall the license revocation be for fewer than four days;

(B) Where there has been one prior offense within seven years, be revoked or denied by the department for nine hundred days; or

(C) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years; or

(b) (i) The department shall grant credit on a day-for-day basis for a suspension, revocation, or denial imposed under this subsection (9) for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 arising out of the same incident.

(ii) If a person has already served a suspension, revocation, or denial under RCW 46.20.3101 for a period equal to or greater than the period imposed under this subsection (9), the department shall provide notice of full credit, shall provide for no further suspension or revocation under this subsection provided the person has completed the requirements under RCW 46.20.311 and paid the probationary license fee under RCW 46.20.355 by the date specified in the notice under RCW 46.20.245, and shall impose no additional reissue fees for this credit.

(c) Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

(d) Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

(e) For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) **Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license,

permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) **Conditions of probation.** (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, substance use disorder treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a) (i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting

the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

The court shall notify the department of licensing and the department of health of any failure by an agency to so report noncompliance. Any agency with knowledge of noncompliance that fails to so report shall be fined two hundred fifty dollars by the department of health. Upon three such failures by an agency within one year, the department of health shall revoke the agency's license or certification under this section.

(3) At the time of an appearance required by this section, the court shall determine the necessity of imposing conditions of pretrial release according to the procedures established by court rule for a preliminary appearance or an arraignment.

(4) Appearances required by this section are mandatory and may not be waived.

RCW 46.61.5058 Alcohol violators—Vehicle seizure and forfeiture. (1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance, if such person has a prior offense within seven years as defined in RCW 46.61.5055, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person's interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessor, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On conviction for a violation of either RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense within seven years as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, the court shall consider at sentencing whether the vehicle shall be seized and forfeited pursuant to this section if a seizure or forfeiture has not yet occurred.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on

the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under this title or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1)(a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value

of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year for deposit into the behavioral health loan repayment program account created in RCW 28B.115.135 through June 30, 2027, and into the state general fund thereafter.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal. RCW 46.61.506 Persons under influence of intoxicating liquor or drug—Evidence—Tests—Information concerning tests. (1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the person's alcohol concentration is less than 0.08 or the person's THC concentration is less than 5.00, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2) (a) The breath analysis of the person's alcohol concentration shall be based upon grams of alcohol per two hundred ten liters of breath.

(b) The blood analysis of the person's THC concentration shall be based upon nanograms per milliliter of whole blood.

(c) The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

(4) (a) A breath test performed by any instrument approved by the state toxicologist shall be admissible at trial or in an administrative proceeding if the prosecution or department produces prima facie evidence of the following:

(i) The person who performed the test was authorized to perform such test by the state toxicologist;

(ii) The person being tested did not vomit or have anything to eat, drink, or smoke for at least fifteen minutes prior to administration of the test;

(iii) The person being tested did not have any foreign substances, not to include dental work or piercings, fixed or removable, in his or her mouth at the beginning of the fifteen-minute observation period;

(iv) Prior to the start of the test, the temperature of any liquid simulator solution utilized as an external standard, as measured by a thermometer approved of by the state toxicologist was thirty-four degrees centigrade plus or minus 0.3 degrees centigrade;

(v) The internal standard test resulted in the message "verified";

(vi) The two breath samples agree to within plus or minus ten percent of their mean to be determined by the method approved by the state toxicologist;

(vii) The result of the test of the liquid simulator solution external standard or dry gas external standard result did lie between .072 to .088 inclusive; and

(viii) All blank tests gave results of .000.

(b) For purposes of this section, "prima facie evidence" is evidence of sufficient circumstances that would support a logical and reasonable inference of the facts sought to be proved. In assessing whether there is sufficient evidence of the foundational facts, the court or administrative tribunal is to assume the truth of the prosecution's or department's evidence and all reasonable inferences from it in a light most favorable to the prosecution or department.

(c) Nothing in this section shall be deemed to prevent the subject of the test from challenging the reliability or accuracy of the test, the reliability or functioning of the instrument, or any maintenance procedures. Such challenges, however, shall not preclude the admissibility of the test once the prosecution or department has

made a prima facie showing of the requirements contained in (a) of this subsection. Instead, such challenges may be considered by the trier of fact in determining what weight to give to the test result.

(5) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcohol or drug content may be performed only by a physician licensed under chapter 18.71 RCW; an osteopathic physician licensed under chapter 18.57 RCW; a registered nurse, licensed practical nurse, or advanced registered nurse practitioner licensed under chapter 18.79 RCW; a physician assistant licensed under chapter 18.71A RCW; an advanced emergency medical technician or paramedic certified under chapter 18.71 RCW; or a medical assistant-certified or medical assistant-phlebotomist certified under chapter 18.360 RCW, a person holding another credential under Title 18 RCW whose scope of practice includes performing venous blood draws, or a forensic phlebotomist certified under chapter 18.360 RCW. When the blood test is performed outside the state of Washington, the withdrawal of blood for the purpose of determining its alcohol or drug content may be performed by any person who is authorized by the out-of-state jurisdiction to perform venous blood draws. Proof of qualification to draw blood may be established through the department of health's provider credential search. This limitation shall not apply to the taking of breath specimens.

(6) When a venous blood sample is performed by a forensic phlebotomist certified under chapter 18.360 RCW, it must be done under the following conditions:

(a) If taken at the scene, it must be performed in an ambulance or aid service vehicle licensed by the department of health under chapter 18.73 RCW.

(b) The collection of blood samples must not interfere with the provision of essential medical care.

(c) The blood sample must be collected using sterile equipment and the skin area of puncture must be thoroughly cleansed and disinfected.

(d) The person whose blood is collected must be seated, reclined, or lying down when the blood is collected.

(7) The person tested may have a licensed or certified health care provider listed in subsection (5) of this section, or a qualified technician, chemist, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The test will be admissible if the person establishes the general acceptability of the testing technique or method. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(8) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or her or his or her attorney. (vi) At any place where official signs prohibit standing.

(c) Park a vehicle, whether occupied or not, except temporarily for the purpose of and while actually engaged in loading or unloading property or passengers:

(i) Within fifty feet of the nearest rail of a railroad crossing; or

(3) No person shall move a vehicle not lawfully under his or her control into any such prohibited area or away from a curb such a distance as is unlawful.

RCW 46.61.575 Additional parking regulations—Motorcycle parking. (1) Except as otherwise provided in this section, every vehicle stopped or parked upon a two-way roadway shall be so stopped or parked with the right-hand wheels parallel to and within twelve inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder.

(2) Except when otherwise provided by local ordinance, every vehicle stopped or parked upon a one-way roadway shall be so stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right-hand wheels within twelve inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder, or with its left-hand

wheels within twelve inches of the left-hand curb or as close as practicable to the left edge of the left-hand shoulder. This subsection does not apply to the parking of motorcycles, unless a local jurisdiction prohibits angle parking as permitted under subsection (3)(a)(i) of this section and does not otherwise specify the manner in which a motorcycle must park.

(3)(a)(i) Every motorcycle stopped or parked on a one-way or two-way highway shall be so stopped or parked parallel or at an angle to the curb or edge of the highway with at least one wheel or fender within twelve inches of the curb nearest to which the motorcycle is parked or as close as practicable to the edge of the shoulder nearest to which the motorcycle is parked. A motorcycle may not be parked in such a manner that it extends into the roadway.

(ii) A county, city, or town may by ordinance prohibit the angle stopping or parking of a motorcycle as specified in (a)(i) of this subsection, but must post visible signage in a location to provide notice of the prohibition on angle stopping or parking for the prohibition to apply to that location.

(b)(i) More than one motorcycle may occupy a parking space, provided that the parked motorcycles occupying the parking space do not exceed the boundaries of that parking space.

(ii) All motor vehicle parking laws and penalties for the unlawful parking of a motor vehicle apply to each motorcycle parked in a parking space when multiple motorcycles are parked in that space to the same extent that motor vehicle parking laws apply to a single motor vehicle when it is the sole motor vehicle parked in a parking space. When proof of payment is required to be displayed by each motor vehicle parking at a location, all motorcycles must display such proof of payment, even if more than one motorcycle is parked in the same parking space. However, parking spaces that are metered by the space may not require payment multiple times for the use of a single parking space by multiple motorcycles during the same period of time.

(4) Local authorities may by ordinance or resolution permit angle parking on any roadway, except that angle parking shall not be permitted on any federal-aid or state highway unless the secretary of transportation has determined by order that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic. The angle parking of motorcycles, which is governed under subsection (3) of this section, is not subject to this determination by the secretary of transportation.

(5) The secretary with respect to highways under his or her jurisdiction may place official traffic control devices prohibiting, limiting, or restricting the stopping, standing, or parking of vehicles on any highway where the secretary has determined by order, such stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic thereon. No person shall stop, stand, or park any vehicle in violation of the restrictions indicated by such devices. [2020 c 163 § 1; 1977 ex.s. c 151 § 41; 1975 c 62 § 36; 1965 ex.s. c 155 § 67.]

(a) A child under the age of two years must be properly secured in a child restraint system that is rear-facing until the child reaches the weight or height limit of the child restraint system as set by the manufacturer. A child may continue to be properly secured in a child restraint system that is rear-facing until the child reaches the weight or height limit of the child restraint system as set by the manufacturer, as recommended by the American academy of pediatrics.

(b) A child who is not properly secured in a rear-facing child restraint system in accordance with (a) of this subsection and who is under the age of four years must be properly secured in a child restraint system that is forward-facing and has a harness until the child reaches the weight or height limit of the child restraint system as set by the manufacturer. (2) Enforcement of subsection (1) of this section is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child's individual height, weight, and age. The visual inspection for usage of a child restraint system must ensure that the child restraint system is being used in accordance with the instruction of the vehicle and the child restraint system manufacturers.

(3) A person violating subsection (1) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. If the person to whom the notice was issued presents proof of acquisition of an approved child restraint system or a child booster seat, as appropriate, within seven days to the jurisdiction issuing the notice and the person has not previously had a violation of this section dismissed, the jurisdiction shall dismiss the notice of traffic infraction.

(4) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian. Failure to use a child restraint system shall not be admissible as evidence of negligence in any civil action.

Intent—2000 c 190: "The legislature recognizes that fewer than five percent of all drivers use child booster seats for children over the age of four years. The legislature also recognizes that seventy-one percent of deaths resulting from car accidents could be eliminated if every child under the age of sixteen used an appropriate child safety seat, booster seat, or seat belt. The legislature further recognizes the National Transportation Safety Board's recommendations that promote the use of booster seats to increase the safety of children under eight years of age. Therefore, it is the legislature's intent to decrease deaths and injuries to children by promoting safety education and injury prevention measures, as well as increasing public awareness on ways to maximize the protection of children in vehicles." Additionally, any new trail or bicycle path or readily identifiable existing trail or bicycle path not built or maintained with federal highway transportation funds may be used by persons operating motorized foot scooters only when signed to allow motorized foot scooter use.

(11) A person operating an electric personal assistive mobility device (EPAMD) shall obey all speed limits and shall yield the right-of-way to pedestrians and human-powered devices at all times. An operator must also give an audible signal before overtaking and passing a pedestrian. Except for the limitations of this subsection, persons operating an EPAMD have all the rights and duties of a pedestrian.

(12) The use of an EPAMD may be regulated in the following circumstances:

(a) A municipality and the department of transportation may prohibit the operation of an EPAMD on public highways within their respective jurisdictions where the speed limit is greater than twenty-five miles per hour;

(b) A municipality may restrict the speed of an EPAMD in locations with congested pedestrian or nonmotorized traffic and where there is significant speed differential between pedestrians or nonmotorized traffic and EPAMD operators. The areas in this subsection must be designated by the city engineer or designee of the municipality. Municipalities shall not restrict the speed of an EPAMD in the entire community or in areas in which there is infrequent pedestrian traffic;

(c) A state agency or local government may regulate the operation of an EPAMD within the boundaries of any area used for recreation, open space, habitat, trails, or conservation purposes. (1) A vehicle used to commit the crime of racing is subject to impoundment as provided for in chapter 46.55 RCW.

(2) If an operator has previously had a vehicle impounded due to illegal racing conduct, regardless of whether a criminal charge or a conviction resulted from that conduct, and the operator is convicted of a subsequent offense that was originally charged under RCW 46.61.500 or 46.61.530 or a comparable municipal ordinance, the vehicle operated by the operator is subject to forfeiture as follows:

(a) No property may be forfeited under this section until after the operator is convicted of the crime of racing under RCW 46.61.530 and a finding is made that the operator used the vehicle to commit such crime.

(b) A forfeiture of property encumbered by a bona fide security interest is subject to the interest of the secured party if at the time the security interest was created, the secured party neither had knowledge of nor consented to the commission of the offense.

(c) A vehicle subject to forfeiture under this section may be seized by any law enforcement officer of this state upon process issued by any court having jurisdiction over the property. However, seizure of the vehicle may be made without process if:

(i) The seizure is incident to an arrest or a search under a search warrant; or

(iii) A law enforcement officer has probable cause to believe that the vehicle was used or is intended to be used in the commission of a felony.

(d) In the event of seizure pursuant to this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within 15 days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. The notice of seizure may be served by any method authorized by law or court rule including, but not limited to, service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the 15-day period following the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9A RCW, or a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(e) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1) of this section within 60 days of the seizure, the item seized shall either be deemed forfeited if the operator is convicted as provided for in this section, or the vehicle shall be returned to the owner of record if the operator is not convicted as provided for in (a) of this subsection.

(f) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized property within 60 days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within 45 days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the municipal court of the municipality that operates the seizing agency, or if there is no such municipal court, the district court when the aggregate value of the property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the property involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. The seizing law enforcement agency shall promptly return the property to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession of the property.

(g) When property is forfeited under this chapter, after satisfying any court-ordered victim restitution, the seizing law enforcement agency may:

(i) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the criminal law;

(ii) Sell that which is not required to be destroyed by law and which is not harmful to the public, and use the proceeds to fund personnel, programs, services, and equipment related to the enforcement and processing of street racing violations, or to address and improve general traffic safety, within the seizing agency's jurisdiction.
