8 practicable, by geographic area, in addition to statewide; and

9 (vii) Conduct other analysis as directed by the work group.

PART II
HUMAN SERVICES

Sec. 201. 2021 c 334 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6) (a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or
34 applying for public assistance benefits.

35 (7) The health care authority, the health benefit exchange, the
36 department of social and health services, the department of health,
37 and the department of children, youth, and families shall work
38 together within existing resources to establish the health and human
39 services enterprise coalition (the coalition). The coalition, led by
40 the health care authority, must be a multi-organization collaborative

1 that provides strategic direction and federal funding guidance for
2 projects that have cross-organizational or enterprise impact,
3 including information technology projects that affect organizations
4 within the coalition. The office of the chief information officer
5 shall maintain a statewide perspective when collaborating with the
6 coalition to ensure that projects are planned for in a manner that
7 ensures the efficient use of state resources, support the adoption of
8 a cohesive technology and data architecture, and maximize((s))
9 federal financial participation. The work of the coalition is subject
10 to the conditions, limitations, and review provided in section 701 of
11 this act.

12 (8)(a) The appropriations to the department of social and health
13 services in this act must be expended for the programs and in the
14 amounts specified in this act. However, after May 1, 2022, unless
15 prohibited by this act, the department may transfer general fund—
16 state appropriations for fiscal year 2022 among programs and
17 subprograms after approval by the director of the office of financial
18 management. However, the department may not transfer state
19 appropriations that are provided solely for a specified purpose
20 except as expressly provided in (b) of this subsection.

21 (b) To the extent that transfers under (a) of this subsection are
22 insufficient to fund actual expenditures in excess of fiscal year
23 2022 in response to the COVID-19 pandemic or caseload forecasts and
24 utilization assumptions in the long-term care, developmental
25 disabilities, and public assistance programs, the department may
26 transfer state appropriations that are provided solely for a
27 specified purpose. The department may not transfer funds, and the
28 director of the office of financial management may not approve the
29 transfer, unless the transfer is consistent with the objective of
30 conserving, to the maximum extent possible, the expenditure of state
31 funds. The director of the office of financial management shall
32 notify the appropriate fiscal committees of the legislature in
33 writing seven days prior to approving any allotment modifications or
34 transfers under this subsection. The written notification shall
35 include a narrative explanation and justification of the changes,
36 along with expenditures and allotments by budget unit and
37 appropriation, both before and after any allotment modifications or
38 transfers.

1 (9) The department may not transfer appropriations for the
2 developmental disabilities program to any other program or
3 subprograms of the department of social and health services.

18 70.128.060 in any case in which the department determines that an
19 adult family home is being relicensed because of exceptional
20 circumstances, such as death or incapacity of a provider, and that to
21 require the full payment of the licensing and processing fees would
22 present a hardship to the applicant. In these situations the

18 entering one of the community placement options described in (h)(i)
19 of this subsection. At a minimum, the department must perform two
20 additional evaluations of each placement during the first year that a
21 client has lived in the facility.

22 (iv) In developing bed capacity, the department shall consider
23 the complex needs of individuals waiting for discharge from the state

38 Washington state's managed care organizations to establish
39 recommendations for clients who live in the community to access the

1 developmental disabilities administration's facility-based
2 professionals to receive care covered under the state plan. If
3 feasible, these recommendations should detail how to enable facility-
4 based professionals to deliver services at mobile or brick-and-mortar
5 clinical settings in the community. The department must submit its
6 recommendations to the appropriate legislative committees no later
7 than December 1, (~~2021~~) 2022.

32 to four dollars per hour, and for the department to recover any
33 funding difference between each provider's wage equity funding and
34 the amount of wage equity funding that the provider utilizes to
35 increase low-wage worker wages. The verification process must use

18 authority may seek, receive, and spend, under RCW 43.79.260 through
19 43.79.282, federal moneys not anticipated in this act as long as the
20 federal funding does not require expenditure of state moneys for the
21 program in excess of amounts anticipated in this act. If the health
22 care authority receives unanticipated unrestricted federal moneys,
23 those moneys shall be spent for services authorized in this act or in
24 any other legislation providing appropriation authority, and an equal

26 the lapsing of any moneys under this subsection, the office of

36 forecast and utilization assumptions or for expenses in response to
37 the COVID-19 pandemic, the authority may transfer general fund—state
38 appropriations for fiscal year 2022 that are provided solely for a
39 specified purpose. The authority may not transfer funds, including
40 for expenses in response to the COVID-19 pandemic in fiscal year

6 The appropriations in this section are subject to the following
7 conditions and limitations:

8 (1) The authority shall not accept or expend any federal funds
9 received under a medicaid transformation waiver under healthier
10 Washington except as described in subsections (2), (3), and (4) of
11 this section until specifically approved and appropriated by the
12 legislature. To ensure compliance with legislative directive budget
13 requirements and terms and conditions of the waiver, the authority
14 shall implement the waiver and reporting requirements with oversight
15 from the office of financial management. The legislature finds that
16 appropriate management of the innovation waiver requires better
17 analytic capability, transparency, consistency, timeliness, accuracy,
18 and lack of redundancy with other established measures and that the
19 patient must be considered first and foremost in the implementation
20 and execution of the demonstration waiver. In order to effectuate
21 these goals, the authority shall: (a) Require the Dr. Robert Bree
22 collaborative and the health technology assessment program to reduce
23 the administrative burden upon providers by only requiring
24 performance measures that are nonduplicative of other nationally
25 established measures. The joint select committee on health care
26 oversight will evaluate the measures chosen by the collaborative and
27 the health technology assessment program for effectiveness and
28 appropriateness; (b) develop a patient satisfaction survey with the
29 goal to gather information about whether it was beneficial for the
30 patient to use the center of excellence location in exchange for
31 additional out-of-pocket savings; (c) ensure patients and health care
32 providers have significant input into the implementation of the
33 demonstration waiver, in order to ensure improved patient health
34 outcomes; and (d) in cooperation with the department of social and
35 health services, consult with and provide notification of work on
36 applications for federal waivers, including details on waiver
37 duration, financial implications, and potential future impacts on the
38 state budget, to the joint select committee on health care oversight
39 prior to submitting waivers for federal approval. The authority shall

1 submit an application to the centers for medicaid and medicare
2 services to extend the duration of the medicaid transformation waiver
3 under healthier Washington as described in subsections (2), (3), and
4 (4) of this section by one year. If not extended, by federal
5 standard, the medicaid transformation demonstration waiver shall not
6 exceed the duration originally granted by the centers for medicare
7 and medicaid services and any programs created or funded by this
8 waiver do not create an entitlement. The demonstration period for the
9 waiver as described in subsections (2), (3), and (4) of this section
10 concludes December 31, 2022.

11 (2) (a) No more than (~~(\$63,052,000)~~) \$78,409,000 of the general
12 fund—federal appropriation and no more than (~~(\$50,840,000)~~)
13 \$66,264,000 of the general fund—local appropriation may be expended
14 for transformation through accountable communities of health
15 described in initiative 1 of the medicaid transformation
16 demonstration wavier under healthier Washington, including preventing
17 youth drug use, opioid prevention and treatment, and physical and
18 behavioral health integration. Under this initiative, the authority
19 shall take into account local input regarding community needs. In
20 order to ensure transparency to the appropriate fiscal committees of
21 the legislature, the authority shall provide fiscal staff of the
22 legislature query ability into any database of the fiscal
23 intermediary that authority staff would be authorized to access. The
24 authority shall not increase general fund—state expenditures under
25 this initiative. The director shall also report to the fiscal
26 committees of the legislature all of the expenditures under this
27 subsection and shall provide such fiscal data in the time, manner,
28 and form requested by the legislative fiscal committees.

29 (b) No more than (~~(\$243,047,000)~~) \$198,909,000 of the general
30 fund—federal appropriation and no more than (~~(\$99,274,000)~~)
31 \$81,245,000 of the general fund—private/local appropriation may be
32 expended for the medicaid quality improvement program. Under federal
33 regulations, the medicaid quality improvement program is authorized
34 and allows states to design quality improvement programs for the
35 medicaid population in ways that support the state's quality goals.
36 Medicaid quality improvement program payments will not count against
37 the medicaid transformation demonstration waiver spending limits and
38 are excluded from the waiver's budget neutrality calculation. Apple
39 health managed care organizations and their partnering providers will

1 receive medicaid quality improvement program payments as they meet
2 designated milestones. Partnering providers and apple health managed
3 care organizations will work together to achieve medicaid quality
4 improvement program goals according to the performance period
5 timelines and reporting deadlines as set forth by the authority. The
6 authority shall only utilize the medicaid quality improvement program
7 to support the transformation waiver and shall not pursue its use for
8 other purposes. Any programs created or funded by the medicaid
9 quality improvement program does not create an entitlement. The
10 authority shall not increase general fund—state, federal, or private/
11 local expenditures under this program. The director shall report to
12 the joint select committee on health care oversight not less than
13 quarterly on financial and health outcomes. The director shall report
14 to the fiscal committees of the legislature all of the expenditures
15 under this subsection and shall provide such fiscal data in the time,
16 manner, and form requested by the legislative fiscal committees.

17 (3) No more than \$26,837,000 of the general fund—federal
18 appropriation and \$26,839,000 of the general fund—local appropriation
19 may be expended for tailored support for older adults and medicaid
20 alternative care described in initiative 2 of the medicaid
21 transformation demonstration waiver under healthier Washington as
22 well as administrative expenses for initiative 3. The authority shall
23 contract and provide funding to the department of social and health
24 services to administer initiative 2. The director in cooperation with
25 the secretary of the department of social and health services shall
26 report to the office of financial management all of the expenditures
27 of this section and shall provide such fiscal data in the time,
28 manner, and form requested. The authority shall not increase general
29 fund—state expenditures on this initiative.

30 (4) No more than (~~(\$50,389,000)~~) \$28,680,000 of the general fund—
31 federal appropriation and no more than (~~(\$22,862,000)~~) \$12,992,000 of
32 the general fund—local appropriation may be expended for supported
33 housing and employment services described in initiative 3a and 3b of
34 the medicaid transformation demonstration waiver under healthier
35 Washington. Under this initiative, the authority and the department
36 of social and health services shall ensure that allowable and
37 necessary services are provided to eligible clients as identified by
38 the department or its third party administrator. The authority shall
39 not increase general fund—state expenditures under this initiative.

1 The director shall report to the joint select committee on health
2 care oversight no less than quarterly on financial and health
3 outcomes. The director shall also report to the fiscal committees of
4 the legislature all of the expenditures of this subsection and shall
5 provide such fiscal data in the time, manner, and form requested by
6 the legislative fiscal committees.

7 (5) The authority shall submit an application to the centers for
8 medicare and medicaid services to renew the 1115 demonstration waiver
9 for an additional five years as described in subsections (2), (3),
10 and (4) of this section. The authority may not accept or expend any
11 federal funds received under an 1115 demonstration waiver except as
12 described in this section unless the legislature has appropriated the
13 federal funding. To ensure compliance with legislative requirements
14 and terms and conditions of the waiver, the authority shall implement
15 the renewal of the 1115 demonstration waiver and reporting
16 requirements with oversight from the office of financial management.
17 The legislature finds that appropriate management of the renewal of
18 the 1115 demonstration waiver as set forth in subsections (6), (7),
19 and (8) of this section requires sound, consistent, timely, and
20 transparent oversight and analytic review in addition to lack of
21 redundancy with other established measures. The patient must be
22 considered first and foremost in the implementation and execution of
23 the demonstration waiver. To accomplish these goals, the authority
24 shall develop consistent performance measures that focus on
25 population health and health outcomes. The authority shall limit the
26 number of projects that accountable communities of health may
27 participate in under initiative 1 to a maximum of six and shall seek
28 to develop common performance measures when possible. The joint
29 select committee on health care oversight will evaluate the measures
30 chosen: (a) For effectiveness and appropriateness; and (b) to provide
31 patients and health care providers with significant input into the
32 implementation of the demonstration waiver to promote improved
33 population health and patient health outcomes. In cooperation with
34 the department of social and health services, the authority shall
35 consult with and provide notification of work on applications for
36 federal waivers, including details on waiver duration, financial
37 implications, and potential future impacts on the state budget to the
38 joint select committee on health care oversight prior to submitting
39 these waivers for federal approval. Prior to final approval or
40 acceptance of funds by the authority, the authority shall submit the

1 special terms and conditions as submitted to the centers for medicare
2 and medicaid services and the anticipated budget for the duration of
3 the renewed waiver to the governor, the joint select committee on
4 health care, and the fiscal committees of the legislature. By federal
5 standard any programs created or funded by this waiver do not create
6 an entitlement. The demonstration period for the waiver as described
7 in subsections (6), (7), and (8) of this section begins January 1,
8 2023.

9 (6) (a) \$32,432,000 of the general fund—federal appropriation and
10 \$40,296,000 of the general fund—local appropriation are provided
11 solely for accountable communities of health described in initiative
12 1 of the 1115 demonstration waiver and this is the maximum amount
13 that may be expended for this purpose. In renewing this initiative,
14 the authority shall consider local input regarding community needs
15 and shall limit total local projects to no more than six. To provide
16 transparency to the appropriate fiscal committees of the legislature,
17 the authority shall provide fiscal staff of the legislature query
18 ability into any database of the fiscal intermediary that authority
19 staff would be authorized to access. The authority shall not
20 supplement the amounts provided in this subsection with any general
21 fund—state moneys appropriated in this section or any moneys that may
22 be transferred pursuant to subsection (1) of this section. The
23 director shall report to the fiscal committees of the legislature all
24 expenditures under this subsection and provide such fiscal data in
25 the time, manner, and form requested by the legislative fiscal
26 committees.

27 (b) \$110,778,000 of the general fund—federal appropriation and
28 \$45,248,000 of the general fund—private/local appropriation are
29 provided solely for the medicaid quality improvement program and this
30 is the maximum amount that may be expended for this purpose. Medicaid
31 quality improvement program payments do not count against the 1115
32 demonstration waiver spending limits and are excluded from the
33 waiver's budget neutrality calculation. The authority may provide
34 medicaid quality improvement program payments to apple health managed
35 care organizations and their partnering providers as they meet
36 designated milestones. Partnering providers and apple health managed
37 care organizations must work together to achieve medicaid quality
38 improvement program goals according to the performance period
39 timelines and reporting deadlines as set forth by the authority. The

1 authority may only use the medicaid quality improvement program to
2 support initiatives 1, 2, and 3 as described in the 1115
3 demonstration waiver and may not pursue its use for other purposes.
4 Any programs created or funded by the medicaid quality improvement
5 program do not constitute an entitlement for clients or providers.
6 The authority shall not supplement the amounts provided in this
7 subsection with any general fund—state, general fund—federal, or
8 general fund—local moneys appropriated in this section or any moneys
9 that may be transferred pursuant to subsection (1) of this section.
10 The director shall report to the joint select committee on health
11 care oversight not less than quarterly on financial and health
12 outcomes. The director shall report to the fiscal committees of the
13 legislature all expenditures under this subsection and shall provide
14 such fiscal data in the time, manner, and form requested by the
15 legislative fiscal committees.

16 (c) In collaboration with the accountable communities of health,
17 the authority will submit a report to the governor and the joint
18 select committee on health care oversight describing how each of the
19 accountable community of health's work aligns with the community
20 needs assessment no later than December 1, 2022.

21 (d) Performance measures and payments for accountable communities
22 of health shall reflect accountability measures that demonstrate
23 progress toward transparent, measurable, and meaningful goals that
24 have an impact on improved population health and improved health
25 outcomes, including a path to financial sustainability. While these
26 goals may have variation to account for unique community
27 demographics, measures should be standardized when possible.

28 (7) \$19,902,000 of the general fund—federal appropriation and
29 \$19,903,000 of the general fund—local appropriation are provided
30 solely for long-term support services as described in initiative 2 of
31 the 1115 demonstration waiver as well as administrative expenses for
32 initiative 3 and this is the maximum amount that may be expended for
33 this purpose. The authority shall contract with and provide funding
34 to the department of social and health services to administer
35 initiative 2. The director in cooperation with the secretary of the
36 department of social and health services shall report to the office
37 of financial management all of the expenditures of this section and
38 shall provide such fiscal data in the time, manner, and form
39 requested. The authority shall not supplement the amounts provided in

1 this subsection with any general fund—state moneys appropriated in
2 this section or any moneys that may be transferred pursuant to
3 subsection (1) of this section.

4 (8) (a) \$13,235,000 of the general fund—federal appropriation and
5 \$7,318,000 of the general fund—local appropriation are provided
6 solely for supported housing and employment services described in
7 initiative 3a and 3b of the 1115 demonstration waiver and this is the
8 maximum amount that may be expended for this purpose. Under this
9 initiative, the authority and the department of social and health
10 services shall ensure that allowable and necessary services are
11 provided to eligible clients as identified by the department or its
12 third-party administrator. The authority and the department, in
13 consultation with the medicaid forecast work group, shall ensure that
14 reasonable reimbursements are established for services deemed
15 necessary within an identified limit per individual. The authority
16 shall not supplement the amounts provided in this subsection with any
17 general fund—state moneys appropriated in this section or any moneys
18 that may be transferred pursuant to subsection (1) of this section.
19 The director shall report to the joint select committee on health
20 care oversight no less than quarterly on financial and health
21 outcomes. The director shall also report to the fiscal committees of
22 the legislature all of the expenditures of this subsection and shall
23 provide such fiscal data in the time, manner, and form requested by
24 the legislative fiscal committees.

25 (b) The authority and the department shall seek additional
26 flexibilities for housing supports through the centers for medicare
27 and medicaid services and shall coordinate with the office of
28 financial management and the department of commerce to ensure that
29 services are not duplicated.

30 (c) The director shall report to the joint select committee on
31 health care oversight no less than quarterly on utilization and
32 caseload statistics for both supportive housing and employment
33 services and its progress toward increasing uptake and availability
34 for these services.

35 (9) \$202,000 of the general fund—state appropriation for fiscal
36 year 2023 is provided solely for supported employment services and
37 \$208,000 of the general fund—state appropriation for fiscal year 2023
38 is provided solely for supported housing services, similar to the
39 services described in initiatives 3a and 3b of the 1115 demonstration

1 waiver to individuals who are ineligible for medicaid. Under these
2 initiatives, the authority and the department of social and health
3 services shall ensure that allowable and necessary services are
4 provided to eligible clients as identified by the authority or its
5 third-party administrator. Before authorizing services, eligibility
6 for initiative 3a or 3b of the 1115 demonstration waiver must first
7 be determined.

8 (10) The authority shall submit a plan to preserve the waiver
9 that allows for the full cost of stays in institutions for mental
10 diseases to be included in managed care rates by November 1, 2021, to
11 the appropriate committees of the legislature.

12 ~~((+6))~~ (11) The authority shall submit a plan to preserve the
13 waiver allowing for full federal financial participation for medical
14 clients in mental health facilities classified as institutions for
15 mental diseases by November 1, 2021, to the appropriate committees of
16 the legislature.

17 ~~((+7))~~ (12) Sufficient amounts are appropriated in this
18 subsection to implement the medicaid expansion as defined in the
19 social security act, section 1902(a)(10)(A)(i)(VIII).

20 ~~((+8))~~ (13) The legislature finds that medicaid payment rates,
21 as calculated by the health care authority pursuant to the
22 appropriations in this act, bear a reasonable relationship to the
23 costs incurred by efficiently and economically operated facilities
24 for providing quality services and will be sufficient to enlist
25 enough providers so that care and services are available to the
26 extent that such care and services are available to the general
27 population in the geographic area. The legislature finds that the
28 cost reports, payment data from the federal government, historical
29 utilization, economic data, and clinical input constitute reliable
30 data upon which to determine the payment rates.

31 ~~((+9))~~ (14) Based on quarterly expenditure reports and caseload
32 forecasts, if the health care authority estimates that expenditures
33 for the medical assistance program will exceed the appropriations,
34 the health care authority shall take steps including but not limited
35 to reduction of rates or elimination of optional services to reduce
36 expenditures so that total program costs do not exceed the annual
37 appropriation authority.

38 ~~((+10))~~ (15) In determining financial eligibility for medicaid-
39 funded services, the health care authority is authorized to disregard

1 recoveries by Holocaust survivors of insurance proceeds or other
2 assets, as defined in RCW 48.104.030.

3 ~~((11))~~ (16) The legislature affirms that it is in the state's
4 interest for Harborview medical center to remain an economically
5 viable component of the state's health care system.

6 (17) When a person is ineligible for medicaid solely by reason of
7 residence in an institution for mental diseases, the health care
8 authority shall provide the person with the same benefits as he or
9 she would receive if eligible for medicaid, using state-only funds to
10 the extent necessary.

11 ~~((12) \$3,997,000)~~ (18) \$3,733,000 of the general fund—state
12 appropriation for fiscal year 2022, \$4,261,000 of the general fund—
13 state appropriation for fiscal year 2023, and ~~((8,786,000))~~
14 \$9,050,000 of the general fund—federal appropriation are provided
15 solely for low-income disproportionate share hospital payments.

16 ~~((13))~~ (19) Within the amounts appropriated in this section,
17 the health care authority shall provide disproportionate share
18 hospital payments to hospitals that provide services to children in
19 the children's health program who are not eligible for services under
20 Title XIX or XXI of the federal social security act due to their
21 citizenship status.

22 ~~((14))~~ (20) \$7,000,000 of the general fund—federal
23 appropriation is provided solely for supplemental payments to nursing
24 homes operated by public hospital districts. The public hospital
25 district shall be responsible for providing the required nonfederal
26 match for the supplemental payment, and the payments shall not exceed
27 the maximum allowable under federal rules. It is the legislature's
28 intent that the payments shall be supplemental to and shall not in
29 any way offset or reduce the payments calculated and provided in
30 accordance with part E of chapter 74.46 RCW. It is the legislature's
31 further intent that costs otherwise allowable for rate-setting and
32 settlement against payments under chapter 74.46 RCW shall not be
33 disallowed solely because such costs have been paid by revenues
34 retained by the nursing home from these supplemental payments. The
35 supplemental payments are subject to retrospective interim and final
36 cost settlements based on the nursing homes' as-filed and final
37 medicare cost reports. The timing of the interim and final cost
38 settlements shall be at the health care authority's discretion.
39 During either the interim cost settlement or the final cost

1 settlement, the health care authority shall recoup from the public
2 hospital districts the supplemental payments that exceed the medicaid
3 cost limit and/or the medicare upper payment limit. The health care
4 authority shall apply federal rules for identifying the eligible
5 incurred medicaid costs and the medicare upper payment limit.

6 ~~((15))~~ (21) The health care authority shall continue the
7 inpatient hospital certified public expenditures program for the
8 2021-2023 fiscal biennium. The program shall apply to all public
9 hospitals, including those owned or operated by the state, except
10 those classified as critical access hospitals or state psychiatric
11 institutions. The health care authority shall submit reports to the
12 governor and legislature by November 1, 2021, and by November 1,
13 2022, that evaluate whether savings continue to exceed costs for this
14 program. If the certified public expenditures (CPE) program in its
15 current form is no longer cost-effective to maintain, the health care
16 authority shall submit a report to the governor and legislature
17 detailing cost-effective alternative uses of local, state, and
18 federal resources as a replacement for this program. During fiscal
19 year 2022 and fiscal year 2023, hospitals in the program shall be
20 paid and shall retain one hundred percent of the federal portion of
21 the allowable hospital cost for each medicaid inpatient fee-for-
22 service claim payable by medical assistance and one hundred percent
23 of the federal portion of the maximum disproportionate share hospital
24 payment allowable under federal regulations. For the purpose of
25 determining the amount of any state grant under this subsection,
26 payments will include the federal portion of medicaid program
27 supplemental payments received by the hospitals. Inpatient medicaid
28 payments shall be established using an allowable methodology that
29 approximates the cost of claims submitted by the hospitals. Payments
30 made to each hospital in the program in each fiscal year of the
31 biennium shall be compared to a baseline amount. The baseline amount
32 will be determined by the total of (a) the inpatient claim payment
33 amounts that would have been paid during the fiscal year had the
34 hospital not been in the CPE program based on the reimbursement rates
35 developed, implemented, and consistent with policies approved in the
36 2021-2023 biennial operating appropriations act and in effect on July
37 1, 2015, (b) one-half of the indigent assistance disproportionate
38 share hospital payment amounts paid to and retained by each hospital
39 during fiscal year 2005, and (c) all of the other disproportionate
40 share hospital payment amounts paid to and retained by each hospital

1 during fiscal year 2005 to the extent the same disproportionate share
2 hospital programs exist in the 2019-2021 fiscal biennium. If payments
3 during the fiscal year exceed the hospital's baseline amount, no
4 additional payments will be made to the hospital except the federal
5 portion of allowable disproportionate share hospital payments for
6 which the hospital can certify allowable match. If payments during
7 the fiscal year are less than the baseline amount, the hospital will
8 be paid a state grant equal to the difference between payments during
9 the fiscal year and the applicable baseline amount. Payment of the
10 state grant shall be made in the applicable fiscal year and
11 distributed in monthly payments. The grants will be recalculated and
12 redistributed as the baseline is updated during the fiscal year. The
13 grant payments are subject to an interim settlement within eleven
14 months after the end of the fiscal year. A final settlement shall be
15 performed. To the extent that either settlement determines that a
16 hospital has received funds in excess of what it would have received
17 as described in this subsection, the hospital must repay the excess
18 amounts to the state when requested. (~~(\$702,000)~~) \$425,000 of the
19 general fund—state appropriation for fiscal year 2022 and
20 (~~(\$649,000)~~) \$391,000 of the general fund—state appropriation for
21 fiscal year 2023 are provided solely for state grants for the
22 participating hospitals.

23 (~~(16)~~) (22) The health care authority shall seek public-private
24 partnerships and federal funds that are or may become available to
25 provide on-going support for outreach and education efforts under the
26 federal children's health insurance program reauthorization act of
27 2009.

28 (~~(17)~~) (23) The health care authority shall target funding for
29 maternity support services towards pregnant women with factors that
30 lead to higher rates of poor birth outcomes, including hypertension,
31 a preterm or low birth weight birth in the most recent previous
32 birth, a cognitive deficit or developmental disability, substance
33 abuse, severe mental illness, unhealthy weight or failure to gain
34 weight, tobacco use, or African American or Native American race. The
35 health care authority shall prioritize evidence-based practices for
36 delivery of maternity support services. To the extent practicable,
37 the health care authority shall develop a mechanism to increase
38 federal funding for maternity support services by leveraging local
39 public funding for those services.

1 ~~((18))~~ (24) The authority shall submit reports to the governor
2 and the legislature by September 15, 2021, and no later than
3 September 15, 2022, that delineate the number of individuals in
4 medicaid managed care, by carrier, age, gender, and eligibility
5 category, receiving preventative services and vaccinations. The
6 reports should include baseline and benchmark information from the
7 previous two fiscal years and should be inclusive of, but not limited
8 to, services recommended under the United States preventative
9 services task force, advisory committee on immunization practices,
10 early and periodic screening, diagnostic, and treatment (EPSDT)
11 guidelines, and other relevant preventative and vaccination medicaid
12 guidelines and requirements.

13 ~~((19))~~ (25) Managed care contracts must incorporate
14 accountability measures that monitor patient health and improved
15 health outcomes, and shall include an expectation that each patient
16 receive a wellness examination that documents the baseline health
17 status and allows for monitoring of health improvements and outcome
18 measures.

19 ~~((20))~~ (26) Sufficient amounts are appropriated in this section
20 for the authority to provide an adult dental benefit.

21 ~~((21))~~ (27) The health care authority shall coordinate with the
22 department of social and health services to provide referrals to the
23 Washington health benefit exchange for clients that will be
24 ineligible for medicaid.

25 ~~((22))~~ (28) To facilitate a single point of entry across public
26 and medical assistance programs, and to maximize the use of federal
27 funding, the health care authority, the department of social and
28 health services, and the health benefit exchange will coordinate
29 efforts to expand HealthPlanfinder access to public assistance and
30 medical eligibility staff. The health care authority shall complete
31 medicaid applications in the HealthPlanfinder for households
32 receiving or applying for medical assistance benefits.

33 ~~((23))~~ (29) \$90,000 of the general fund—state appropriation for
34 fiscal year 2022, \$90,000 of the general fund—state appropriation for
35 fiscal year 2023, and \$180,000 of the general fund—federal
36 appropriation are provided solely to continue operation by a
37 nonprofit organization of a toll-free hotline that assists families
38 to learn about and enroll in the apple health for kids program. By
39 November 15, 2022, the authority shall submit a report to the

1 appropriate committees to the legislature that provides, at a
2 minimum, information about the number of calls received by the
3 nonprofit organization in the previous year, the amount of time spent
4 on each call, comparisons to previous years, where available, and
5 information about what data is collected related to this service.

6 ~~((24))~~ (30) Within the amounts appropriated in this section,
7 the authority shall reimburse for primary care services provided by
8 naturopathic physicians.

9 ~~((25))~~ (31) Within the amounts appropriated in this section,
10 the authority shall continue to provide coverage for pregnant teens
11 that qualify under existing pregnancy medical programs, but whose
12 eligibility for pregnancy related services would otherwise end due to
13 the application of the new modified adjusted gross income eligibility
14 standard.

15 ~~((26))~~ (32) Sufficient amounts are appropriated in this section
16 to remove the mental health visit limit and to provide the shingles
17 vaccine and screening, brief intervention, and referral to treatment
18 benefits that are available in the medicaid alternative benefit plan
19 in the classic medicaid benefit plan.

20 ~~((27))~~ (33) The authority shall use revenue appropriated from
21 the dedicated marijuana fund for contracts with community health
22 centers under RCW 69.50.540 in lieu of general fund—state payments to
23 community health centers for services provided to medical assistance
24 clients, and it is the intent of the legislature that this policy
25 will be continued in subsequent fiscal biennia.

26 ~~((28))~~ (34) Beginning no later than January 1, 2018, for any
27 service eligible under the medicaid state plan for encounter
28 payments, managed care organizations at the request of a rural health
29 clinic shall pay the full published encounter rate directly to the
30 clinic. At no time will a managed care organization be at risk for or
31 have any right to the supplemental portion of the claim. Payments
32 will be reconciled on at least an annual basis between the managed
33 care organization and the authority, with final review and approval
34 by the authority.

35 ~~((29))~~ (35) Sufficient amounts are appropriated in this section
36 for the authority to provide a medicaid equivalent adult dental
37 benefit to clients enrolled in the medical care service program.

38 ~~((30))~~ (36) During the 2021-2023 fiscal biennium, sufficient
39 amounts are provided in this section for the authority to provide

1 services identical to those services covered by the Washington state
2 family planning waiver program as of August 2018 to individuals who:

3 (a) Are over nineteen years of age;

4 (b) Are at or below two hundred and sixty percent of the federal
5 poverty level as established in WAC 182-505-0100;

6 (c) Are not covered by other public or private insurance; and

7 (d) Need family planning services and are not currently covered
8 by or eligible for another medical assistance program for family
9 planning.

10 (~~(31)~~) (37) Sufficient amounts are appropriated within this
11 section for the authority to incorporate the expected outcomes and
12 criteria to measure the performance of service coordination
13 organizations as provided in chapter 70.320 RCW into contracts with
14 managed care organizations that provide services to clients. The
15 authority is directed to:

16 (a) Contract with an external quality improvement organization to
17 annually analyze the performance of managed care organizations
18 providing services to clients under this chapter based on seven
19 performance measures. The analysis required under this subsection
20 must:

21 (i) Measure managed care performance in four common measures
22 across each managed care organization, including:

23 (A) At least one common measure must be weighted towards having
24 the potential to impact managed care costs; and

25 (B) At least one common measure must be weighted towards
26 population health management, as defined by the measure; and

27 (ii) Measure managed care performance in an additional three
28 quality focus performance measures specific to a managed care

5 that ensure high value in the medical assistance program in general
6 and in medicaid managed care specifically;

33 **Sec. 212.** 2021 c 334 s 212 (uncodified) is amended to read as
34 follows:

35 **FOR THE STATE HEALTH CARE AUTHORITY—PUBLIC EMPLOYEES' BENEFITS BOARD**
36 **AND EMPLOYEE BENEFITS PROGRAM**

37 State Health Care Authority Administrative Account—

1	State Appropriation.	((\$37,403,000))
2		<u>\$39,296,000</u>
3	TOTAL APPROPRIATION.	((\$37,403,000))
4		<u>\$39,296,000</u>

5 The appropriation in this section is subject to the following
6 conditions and limitations:

7 (1) Any savings from reduced claims costs must be reserved for
8 funding employee benefits during the 2023-2025 fiscal biennium and
9 may not be used for administrative expenses. The health care
10 authority shall deposit any moneys received on behalf of the uniform
11 medical plan resulting from rebates on prescription drugs, audits of
12 hospitals, subrogation payments, or any other moneys received as a
13 result of prior uniform medical plan claims payments, in the public
14 employees' and retirees' insurance account to be used for insurance
15 benefits.

16 (2) Any changes to benefits must be approved by the public
17 employees' benefits board. The board shall not make any changes to
18 benefits without considering a comprehensive analysis of the cost of
19 those changes, and shall not increase benefits unless offsetting cost
20 reductions from other benefit revisions are sufficient to fund the
21 changes. The board shall not make any change in retiree eligibility
22 criteria that reestablishes eligibility for enrollment in PEBB
23 benefits. However, the funding provided anticipates that the public
24 employees' benefits board may increase the virtual access to
25 behavioral health resources and interventions and case management.

26 (3) Except as may be provided in a health care bargaining
27 agreement, to provide benefits within the level of funding provided
28 in part IX of this bill, the public employees' benefits board shall
29 require or make any or all of the following: Employee premium
30 copayments, increases increase in point-of-service cost sharing, the
31 implementation of managed competition, or make other changes to
32 benefits consistent with RCW 41.05.065.

33 (4) The board shall collect a surcharge payment of not less than
34 twenty-five dollars per month from members who use tobacco products,
35 and a surcharge payment of not less than fifty dollars per month from
36 members who cover a spouse or domestic partner where the spouse or
37 domestic partner has chosen not to enroll in another employer-based
38 group health insurance that has benefits and premiums with an
39 actuarial value of not less than ninety-five percent of the actuarial

1 value of the public employees' benefits board plan with the largest
2 enrollment. The surcharge payments shall be collected in addition to
3 the member premium payment.

4 (5) The health care authority shall analyze and report on the
5 potential impacts of providing a one-time enrollment window for
6 retirees to reestablish eligibility for enrollment in retiree
7 benefits under the public employees' benefit board program. The
8 authority shall submit the report to the appropriate committees of
9 the legislature by January 1, 2022. At a minimum the report must
10 include an estimate of the employer cost and a description of the
11 assumptions used.

12 (6) \$285,000 of the state health care authority administrative
13 account—state appropriation is provided solely for a customer service
14 scheduling tool, and is subject to the conditions, limitations, and
15 review requirements of section 701 of this act.

16 (7) (a) \$250,000 of the state health care authority administrative
17 account—state appropriation is provided solely for the health care
18 authority to conduct a study on contracting for administration of the
19 state's self-insured uniform medical plan. The uniform medical plan
20 is now among the largest health benefit coverage groups in the state,
21 covering a growing subscriber base of nearly 375,000 Washington
22 residents enrolled in the uniform medical plan. In 2011, the uniform
23 medical plan began administering additional services through a third-
24 party administrative contract, rather than administering those
25 services internally. Among those services were provision of the
26 provider network and provider contracts, provider relations, portions
27 of claims administration, member appeals, and portions of member
28 communications.

29 (b) The purpose of the study is to enable the authority to
30 provide the option of a return of some, or all, of the administrative
31 functions that began to be provided by contracted services in 2011.
32 The current contract for these services expires in 2029.

33 (c) By June 30, 2023, the health care authority must prepare a
34 report on the uniform medical plan administrative services that were
35 provided by contract prior to 2010, those that have been procured
36 through the third-party administrative contract since, what elements
37 of those services could be provided either directly or through
38 discrete provider contracts, and the resources the authority would
39 need to administer these functions. The report must also compare the
40 cost of the administration of components before and after the

1 transition to the current contracts; include assumptions about the
2 impacts on claims; include a description of the performance
3 guarantees in the current contract; and provide an implementation
4 plan to enable the health care authority to resume self-
5 administration for some or all of the administrative services at the
6 end of the current contract.

7 (d) The report must be presented to the public employees'
8 benefits board and the school employees' benefits board at the first
9 meeting of each board following completion of the report in 2023, and
10 provided to the appropriate committees of the legislature thereafter.

9 nonmedicaid services under this section effective July 1, 2021, and a
10 seven percent rate increase effective January 1, 2023.

11 (ii) The authority shall assure that managed care organizations
12 reimburse the department of social and health services aging and long
13 term support administration for the general fund—state cost of
14 exceptional behavioral health personal care services for medicaid
15 enrolled individuals who require these because of a psychiatric
16 disability. Funding for the federal share of these services is
17 separately appropriated to the department of social and health
18 services.

19 (c) The authority shall coordinate with the department of social
20 and health services to develop and submit to the centers for medicare
21 and medicaid services an application to provide a 1915(i) state plan

23 developed to allow for the delivery of wraparound supportive
24 behavioral health services for individuals with mental illnesses who
25 also have a personal care need. The waiver shall be developed to

6 (iv) A status update on the development and submission of the
7 waiver with an estimated timeline for approval and implementation of
8 the new wraparound services benefit.

25 rate does not exceed the upper-bound of their federally allowable

27 provide medicaid state plan or waiver services to medicaid clients.
28 Additionally, behavioral health entities may use a portion of the
29 state funds allocated in accordance with subsection ~~((6))~~ (7) of
30 this section to earn additional medicaid match, but only to the
31 extent that the application of such funds to medicaid services does
32 not diminish the level of crisis and commitment, community inpatient,
33 residential care, and outpatient services presently available to
34 persons not eligible for medicaid.

35 ~~((10))~~ (11) \$2,291,000 of the general fund—state appropriation

1 mental health services upon release from confinement. The authority
2 must collect information from the behavioral health entities on their
3 plan for using these funds, the numbers of individuals served, and
4 the types of services provided and submit a report to the office of
5 financial management and the appropriate fiscal committees of the
6 legislature by December 1st of each year of the biennium.

7 ~~((11))~~ (12) Within the amounts appropriated in this section,

9 intensive mental health services for high needs youth consistent with
10 the settlement agreement in *T.R. v. Dreyfus and Porter*.

11 ~~((12))~~ (13) The authority must establish minimum and maximum
12 funding levels for all reserves allowed under behavioral health
13 administrative service organization contracts and include contract
14 language that clearly states the requirements and limitations. The
15 authority must monitor and ensure that behavioral health
16 administrative service organization reserves do not exceed maximum
17 levels. The authority must monitor revenue and expenditure reports
18 and must require a behavioral health administrative service
19 organization to submit a corrective action plan on how it will spend
20 its excess reserves within a reasonable period of time, when its
21 reported reserves exceed maximum levels established under the
22 contract. The authority must review and approve such plans and
23 monitor to ensure compliance. If the authority determines that a
24 behavioral health administrative service organization has failed to
25 provide an adequate excess reserve corrective action plan or is not
26 complying with an approved plan, the authority must reduce payments
27 to the entity in accordance with remedial actions provisions included
28 in the contract. These reductions in payments must continue until the
29 authority determines that the entity has come into substantial
30 compliance with an approved excess reserve corrective action plan.

32 provided in this section that are used for case management services
33 for pregnant and parenting women must be contracted directly between
34 the authority and pregnant and parenting women case management
35 providers.

8 ~~((16))~~ (17) Within the amounts provided in this section,
9 behavioral health entities must provide outpatient chemical
10 dependency treatment for offenders enrolled in the medicaid program
11 who are supervised by the department of corrections pursuant to a
12 term of community supervision. Contracts with behavioral health
13 entities must require that behavioral health entities include in
14 their provider network specialized expertise in the provision of
15 manualized, evidence-based chemical dependency treatment services for
16 offenders. The department of corrections and the authority must
17 develop a memorandum of understanding for department of corrections
18 offenders on active supervision who are medicaid eligible and meet
19 medical necessity for outpatient substance use disorder treatment.
20 The agreement will ensure that treatment services provided are
21 coordinated, do not result in duplication of services, and maintain
22 access and quality of care for the individuals being served. The
23 authority must provide all necessary data, access, and reports to the
24 department of corrections for all department of corrections offenders
25 that receive medicaid paid services.

32 funds, the authority shall contract with behavioral health entities
33 to administer these funds consistent with the plans approved by local
34 panels pursuant to RCW 71.24.580(5)(b). Funding from the criminal
35 justice treatment account may be used to provide treatment and
36 support services through the conclusion of an individual's treatment
37 plan to individuals participating in a drug court program as of
38 February 24, 2021, if that individual wishes to continue treatment
39 following dismissal of charges they were facing under RCW
40 69.50.4013(1). Such participation is voluntary and contingent upon

1 substantial compliance with drug court program requirements. The
2 authority must provide a report to the office of financial management
3 and the appropriate committees of the legislature which identifies

18 appropriation for fiscal year 2023, and \$15,025,000 of the general
19 fund—federal appropriation are provided solely for the operation of
20 secure withdrawal management and stabilization facilities. The
21 authority may not use any of these amounts for services in facilities
22 that are subject to federal funding restrictions that apply to
23 institutions for mental diseases, unless they have received a waiver
24 that allows for full federal participation in these facilities.
25 Within these amounts, funding is provided to increase the fee for
26 service rate for these facilities up to \$650 per day. The authority
27 must require in contracts with behavioral health entities that,
28 beginning in calendar year 2020, they pay no lower than the fee for
29 service rate. The authority must coordinate with regional behavioral
30 health entities to identify and implement purchasing strategies or
31 regulatory changes that increase access to services for individuals

8 community behavioral health agencies as defined by the department of
9 health. For the behavioral health administrative services
10 organizations, this funding must be allocated to each region based
11 upon the population of the region. For managed care organizations,
12 this funding must be provided through the behavioral health portion
13 of the medicaid integrated managed care capitation rates. The
14 authority must require the managed care organizations to provide a
15 report that details the methodology the managed care organization
16 used to distribute this funding to their contracted behavioral health
17 providers. The report submitted by behavioral health administrative
18 service organizations and managed care organizations must identify
19 mechanisms employed to disperse the funding as well as estimated
20 impacts to behavioral health providers in the community. The
21 authority must submit a report to the legislature by December 1st of
22 each year of the biennium, summarizing the information regarding the
23 distribution of the funding provided under this subsection.

24 developed so it can be adapted and used statewide to decrease
25 stigmatizing beliefs among law enforcement through positive contact
26 with people who use drugs and improve officer well-being and
27 effectiveness by providing skills and techniques to address the drug
28 overdose epidemic. The institute must develop and refine this
29 training, leveraging prior work, and in partnership with a steering

35 the advanced training in a subset of regional law enforcement
36 agencies and evaluate its acceptability and feasibility through
37 participant interviews and pretraining and posttraining ratings of
38 stigmatizing beliefs. The institute must incorporate feedback from

20 will require expenditure of state general fund moneys unless
21 expressly authorized in this act or other law. The department of
22 health and the state board of health shall not implement any new or
23 amended rules pertaining to primary and secondary school facilities
24 until the rules and a final cost estimate have been presented to the

27 The department may seek, receive, and spend, under RCW 43.79.260
28 through 43.79.282, federal moneys not anticipated in this act as long

30 for the program in excess of amounts anticipated in this act. If the
31 department receives unanticipated unrestricted federal moneys, those
32 moneys shall be spent for services authorized in this act or in any
33 other legislation that provides appropriation authority, and an equal
34 amount of appropriated state moneys shall lapse. Upon the lapsing of
35 any moneys under this subsection, the office of financial management
36 shall notify the legislative fiscal committees. As used in this

13 to those of the department, including but not limited to the joint

32 substantially equivalent standards to those of the department,
33 including but not limited to the joint commission on accreditation of
34 health care organizations, the commission on accreditation of
35 rehabilitation facilities, and the council on accreditation. To
36 reflect the reduced costs associated with regulation of accredited
37 programs, the department's fees for organizations with such proof of
38 accreditation must reflect the lower cost of licensing for these
39 programs than for other organizations which are not accredited.

2 department of social and health services, the department of health,

32 Evidence-based, Research-based, and Promising Practices for
33 Prevention and Intervention Services for Children and Juveniles in
34 the Child Welfare, Juvenile Justice, and Mental Health Systems." The
35 department may concentrate delivery of these treatments and therapies
36 at a limited number of programs to deliver the treatments in a cost-

7 through an interagency agreement with the health care authority.

8 (b) The department of children, youth, and families shall
9 administer a block grant to county juvenile courts for the purpose of
10 serving youth as defined in RCW 13.40.510(4)(a) in the county
11 juvenile justice system. Funds dedicated to the block grant include:
12 Consolidated juvenile service (CJS) funds, community juvenile
13 accountability act (CJAA) grants, chemical dependency/mental health
14 disposition alternative (CDDA), and suspended disposition alternative
15 (SDA). The department of children, youth, and families shall follow
16 the following formula and must prioritize evidence-based programs and
17 disposition alternatives and take into account juvenile courts
18 program-eligible youth in conjunction with the number of youth served
19 in each approved evidence-based program or disposition alternative:

20 (i) Thirty-seven and one-half percent for the at-risk population of
21 youth ten to seventeen years old; (ii) fifteen percent for the
22 assessment of low, moderate, and high-risk youth; (iii) twenty-five
23 percent for evidence-based program participation; (iv) seventeen and

2 most current available information. The committee will be co-chaired
3 by the department of children, youth, and families and the juvenile
4 courts, who will also have the ability to change members of the
5 committee as needed to achieve its purpose. The committee may make
6 changes to the formula categories in (d)(ii) of this subsection if it
7 determines the changes will increase statewide service delivery or
8 effectiveness of evidence-based program or disposition alternative
9 resulting in increased cost/benefit savings to the state, including
10 long-term cost/benefit savings. The committee must also consider
11 these outcomes in determining when evidence-based expansion or
12 special sex offender disposition alternative funds should be included
13 in the block grant or left separate.

14 (d) The juvenile courts and administrative office of the courts
15 must collect and distribute information and provide access to the

11 of the Naselle youth camp land and facilities to the department of
12 natural resources in the 2023-2025 fiscal biennium and develop the
13 facilities into an outdoor school. The department must assist the
14 department of natural resources and the office of the superintendent

6 The appropriations in this section are subject to the following
7 conditions and limitations:

8 (1) (a) ~~(\$80,273,000)~~ \$82,040,000 of the general fund—state
9 appropriation for fiscal year 2022, ~~(\$119,932,000)~~ \$132,776,000 of

18 year, 100 slots must be reserved for foster children to receive
19 school-year-round enrollment.

20 (b) Of the amounts provided in this subsection, \$14,930,000 of
21 the general fund—state appropriation for fiscal year 2023 and
22 \$14,889,000 of the general fund—federal appropriation (CRRSA/GEER)
23 are for a slot rate increase of ten percent beginning July 1, 2021.
24 The funding provided in this subsection is sufficient for the
25 department to increase rates according to inflation, pursuant to
26 Engrossed Second Substitute Senate Bill No. 5237 (child care & early
27 dev. exp.), beginning in fiscal year 2023 and annually thereafter.

28 (c) Of the amounts provided in this subsection, \$2,664,000 of the
29 general fund—state appropriation for fiscal year 2023 is provided to
30 convert 777 part day slots to full day slots in fiscal year 2023.

31 (d) Of the amounts provided in this subsection, \$409,000 of the
32 general fund—state appropriation for fiscal year 2022 and \$859,000 of
33 the general fund—state appropriation for fiscal year 2023 are
34 provided solely for a \$54 per slot quality support rate, which will
35 increase by 1.5 percent annually beginning in fiscal year 2024.

36 (e) Of the amounts provided in this subsection, \$1,358,000 of the
37 general fund—state appropriation for fiscal year 2022 and \$4,612,000
38 of the general fund—state appropriation for fiscal year 2023 are
39 provided solely for the department to provide early childhood

1 education and assistance program services during summer 2022 to 2,212
2 part day program slots, including 2,011 slots in an in-person
3 learning program and 201 slots provided other additional services.

4 (f) The department of children, youth, and families must develop
5 a methodology to identify, at the school district level, the
6 geographic locations of where early childhood education and
7 assistance program slots are needed to meet the entitlement specified
8 in RCW 43.216.556. This methodology must be linked to the caseload
9 forecast produced by the caseload forecast council and must include
10 estimates of the number of slots needed at each school district and
11 the corresponding facility needs required to meet the entitlement in
12 accordance with RCW 43.216.556. This methodology must be included as
13 part of the budget submittal documentation required by RCW 43.88.030.

14 (2) \$200,000 of the general fund—state appropriation for fiscal
15 year 2022 and \$200,000 of the general fund—state appropriation for

24 (4) The legislature recognizes that the federal government has
25 provided substantial additional funding through the coronavirus
26 response and relief supplemental appropriations act, P.L. 116-260,
27 division M. and the American rescue plan act of 2021, P.L. 117-2. The
28 purpose of the additional federal funding is to ensure access to
29 affordable child care and to stabilize and support child care
30 providers from the effects of the COVID-19 pandemic. The legislature
31 intends with the passage of Engrossed Second Substitute Senate Bill
32 No. 5237 (child care & early dev. exp.) to implement these federal
33 purposes by expanding eligibility for subsidized child care, reducing
34 parent copayments, increasing provider base rates to recognize
35 increased costs, and providing other financial support to stabilize
36 the child care sector to remain open or to reopen. The legislature
37 finds that the state lacked the fiscal capacity to make these
38 investments and the additional federal funding has provided the
39 opportunity to supplement state funding to expand and accelerate

1 child care access, affordability, and provider support as the state
2 navigates the COVID-19 pandemic and its aftermath.

3 (5) (~~(\$20,110,000)~~) \$39,723,000 of the general fund—state

11 appropriation (ARPA) are provided solely for the working connections
12 child care program under RCW 43.216.135. Of the amounts provided in
13 this subsection:

14 (a) The department of children, youth, and families shall work in
15 collaboration with the department of social and health services to
16 determine the appropriate amount of state expenditures for the
17 working connections child care program to claim towards the state's
18 maintenance of effort for the temporary assistance for needy families
19 program. The departments will also collaborate to track the average
20 monthly child care subsidy caseload and expenditures by fund type,
21 including child care development fund, general fund—state
22 appropriation, and temporary assistance for needy families for the
23 purpose of estimating the annual temporary assistance for needy
24 families reimbursement from the department of social and health
25 services to the department of children, youth, and families.
26 Effective December 1, 2022, and annually thereafter, the department
27 of children, youth, and families must report to the governor and the
28 appropriate fiscal and policy committees of the legislature the total
29 state contribution for the working connections child care program
30 claimed the previous fiscal year towards the state's maintenance of

34 year.

36 2021-2023 collective bargaining agreement covering family child care
37 providers as provided in section 947 of this act. Of the amounts
38 provided in this subsection:

3 2022;

10 and \$2,785,000 of the general fund—federal appropriation (CRRSA) are
11 provided solely for the implementation of an agreement reached

15 2023 as provided in section 940 of this act.

16 (d) \$45,935,000 of the general fund—state appropriation for
17 fiscal year 2023 is provided solely for a 16 percent subsidy base

20 child care provider subsidy base rates to the 85th percentile of
21 market in subsequent fiscal biennia.

22 (f) \$59,893,000 of the general fund—federal appropriation
23 (CARES), \$65,925,000 of the general fund—federal appropriation
24 (CRRSA), and \$99,918,000 of the general fund—federal appropriation
25 (ARPA) are provided solely for enhancements to the working child care
26 connections program, pursuant to Engrossed Second Substitute Senate
27 Bill No. 5237 (child care & early dev. exp.). Of the amounts provided
28 in this subsection:

29 (i) \$28,759,000 of the general fund—federal appropriation

4 representative for family child care providers must enter into
5 bargaining over the implementation of subsidy rate increases, and
6 apply those increases consistent with the terms of this proviso and
7 the agreement reached between the parties.

8 (iii) \$3,930,000 of the general fund—federal appropriation
9 (CRRSA) and \$4,903,000 of the general fund—federal appropriation

27 (d) For students in approved career-technical and skill center
28 programs, central office classified units are allocated at the same
29 staff unit per student rate as those generated for general education
30 students of the same grade in this subsection (5), and central office
31 administrative staff units are allocated at staff unit per student
32 rates that exceed the general education rate established for students
33 in the same grade in this subsection (5) by ~~((12.52))~~ 12.58 percent
34 in the 2021-22 school year and ~~((11.96))~~ 12.11 percent in the 2022-23
35 school year for career and technical education students, and
36 ~~((17.86))~~ 17.92 percent in the 2021-22 school year and ~~((17.26))~~

38 (6) FRINGE BENEFIT ALLOCATIONS

1 Fringe benefit allocations shall be calculated at a rate of 22.71
 2 percent in the 2021-22 school year and (~~22.71~~) 22.98 percent in the
 3 2022-23 school year for certificated salary allocations provided
 4 under subsections (2), (3), and (5) of this section, and a rate of
 5 22.75 percent in the 2021-22 school year and (~~22.75~~) 22.80 percent

 10 specified in section 506 of this act, based on the number of benefit
 11 units determined as follows: Except for nonrepresented employees of
 12 educational service districts, the number of calculated benefit units
 13 determined below. Calculated benefit units are staff units multiplied
 14 by the benefit allocation factors established in the collective
 15 bargaining agreement referenced in (~~section 942 of this act~~)
 16 section 934 of this act. These factors are intended to adjust
 17 allocations so that, for the purpose of distributing insurance
 18 benefits, full-time equivalent employees may be calculated on the
 19 basis of 630 hours of work per year, with no individual employee
 20 counted as more than one full-time equivalent. The number of benefit
 21 units is determined as follows:

- 22 (a) The number of certificated staff units determined in
- 23 subsections (2), (3), and (5) of this section multiplied by 1.02; and
- 24 (b) The number of classified staff units determined in

3 2022-23 school year, pursuant to RCW 28A.150.220 and 28A.150.315.

4 **(b) To generate an allocation under this section, enrollments**
5 **under uniform entry qualifications for kindergarten admission require**
6 **an individualized decision by the district that is based upon the**
7 **ability, or the need, or both, of an individual student as required**
8 **in RCW 28A.225.160. Due to significant growth in exceptions provided**
9 **under optional school district transitional kindergarten programs,**

14 **under the subsection must:**

15 **(i) Limit allocations for exceptions to uniform entry**

17 **enrolled as individualized exceptions based upon the ability, or the**
18 **need, or both, of an individual student;**

20 **uniform entry qualifications for kindergarten that exceed a**
21 **district's 2021-22 enrollments under exceptions as nonindividualized**
22 **programmatic exceptions, which do not generate allocations under this**
23 **section;**

24 **(iii) Allow school districts to fund nonindividualized**
25 **programmatic exceptions from local revenues as enrichments of the**
26 **state's statutory program of basic education; and**

27 **(iv) Include a review no later than June 30, 2023, based on the**
28 **Washington state institute for public policy report required in**
29 **section 607(4)(n) of this act and any applicable statutory changes**

37 Additional administrative and certificated instructional staff units
38 provided to districts in this subsection shall be reduced by the
39 general education staff units, excluding career and technical

6 remote and necessary by the superintendent of public instruction and
7 enroll not more than twenty-five average annual full-time equivalent
8 students in grades K-8:

9 (i) For those enrolling no students in grades 7 and 8, 1.76

21 equivalent students in grades K-8, and for small school plants within
22 any school district which enroll more than twenty-five average annual
23 full-time equivalent students in grades K-8 and have been judged to

14 subsection;

15 (d) For each nonhigh school district having an enrollment of more
16 than seventy annual average full-time equivalent students and less
17 than one hundred eighty students, operating a grades K-8 program or a
18 grades 1-8 program, an additional one-half of a certificated

28 such subsections;

29 (ii) For each nonhigh school district with an enrollment of more
30 than fifty annual average full-time equivalent students and less than
31 one hundred eighty students, an additional one-half of a classified
32 staff unit; and

33 (g) School districts receiving additional staff units to support
34 small student enrollments and remote and necessary plants under this
35 subsection (13) shall generate additional MSOC allocations consistent
36 with the nonemployee related costs (NERC) allocation formula in place
37 for the 2010-11 school year as provided section 502, chapter 37, Laws
38 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually
39 for inflation.

1 (14) Any school district board of directors may petition the
2 superintendent of public instruction by submission of a resolution
3 adopted in a public meeting to reduce or delay any portion of its
4 basic education allocation for any school year. The superintendent of
5 public instruction shall approve such reduction or delay if it does
6 not impair the district's financial condition. Any delay shall not be
7 for more than two school years. Any reduction or delay shall have no
8 impact on levy authority pursuant to RCW 84.52.0531 and local effort
9 assistance pursuant to chapter 28A.500 RCW.

10 (15) The superintendent may distribute funding for the following
11 programs outside the basic education formula during fiscal years 2022
12 and 2023 as follows:

13 (a) \$650,000 of the general fund—state appropriation for fiscal
14 year 2022 and \$650,000 of the general fund—state appropriation for
15 fiscal year 2023 are provided solely for fire protection for school
16 districts located in a fire protection district as now or hereafter
17 established pursuant to chapter 52.04 RCW.

18 (b) \$436,000 of the general fund—state appropriation for fiscal
19 year 2022 and \$436,000 of the general fund—state appropriation for
20 fiscal year 2023 are provided solely for programs providing skills
21 training for secondary students who are enrolled in extended day
22 school-to-work programs, as approved by the superintendent of public
23 instruction. The funds shall be allocated at a rate not to exceed
24 \$500 per full-time equivalent student enrolled in those programs.

25 (16) Funding in this section is sufficient to fund a maximum of
26 1.6 FTE enrollment for skills center students pursuant to chapter

28 (17) Funding in this section is sufficient to fund a maximum of
29 1.2 FTE enrollment for career launch students pursuant to RCW
30 28A.700.130. Expenditures for this purpose must come first from the
31 appropriations provided in section 501(5) of this act; funding for
32 career launch enrollment exceeding those appropriations is provided
33 in this section. The office of the superintendent of public
34 instruction shall provide a summary report to the office of the
35 governor and the appropriate committees of the legislature by January
36 1, 2022. The report must include the total FTE enrollment for career
37 launch students, the FTE enrollment for career launch students that

1 (18) Students participating in running start programs may be
2 funded up to a combined maximum enrollment of 1.2 FTE including
3 school district and institution of higher education enrollment
4 consistent with the running start course requirements provided in
5 chapter 202, Laws of 2015 (dual credit education opportunities). In
6 calculating the combined 1.2 FTE, the office of the superintendent of
7 public instruction may average the participating student's September
8 through June enrollment to account for differences in the start and
9 end dates for courses provided by the high school and higher
10 education institution. Additionally, the office of the superintendent
11 of public instruction, in consultation with the state board for
12 community and technical colleges, the student achievement council,
13 and the education data center, shall annually track and report to the
14 fiscal committees of the legislature on the combined FTE experience
15 of students participating in the running start program, including
16 course load analyses at both the high school and community and
17 technical college system. The office of the superintendent of public
18 instruction must adopt rules to fund the participating student's
19 enrollment in running start courses during the summer term.

20 (19) If two or more school districts consolidate and each
21 district was receiving additional basic education formula staff units
22 pursuant to subsection (13) of this section, the following apply:

23 (a) For three school years following consolidation, the number of
24 basic education formula staff units shall not be less than the number
25 of basic education formula staff units received by the districts in
26 the school year prior to the consolidation; and

27 (b) For the fourth through eighth school years following
28 consolidation, the difference between the basic education formula
29 staff units received by the districts for the school year prior to

35 not exceed the lesser of five percent or the cap established in
36 federal law of the combined basic education and career and technical
37 education program enhancement allocations of state funds. Middle and
38 secondary career and technical education programs are considered
39 separate programs for funding and financial reporting purposes under
40 this section.

1 (b) Career and technical education program full-time equivalent
2 enrollment shall be reported on the same monthly basis as the
3 enrollment for students eligible for basic support, and payments
4 shall be adjusted for reported career and technical education program
5 enrollments on the same monthly basis as those adjustments for
6 enrollment for students eligible for basic support.

7 (21) Funding in this section is sufficient to provide full
8 general apportionment payments to school districts eligible for
9 federal forest revenues as provided in RCW 28A.520.020. For the
10 2021-2023 biennium, general apportionment payments are not reduced
11 for school districts receiving federal forest revenues.

12 (22) \$16,211,000 of the general fund—state appropriation for
13 fiscal year 2022 is provided solely to ensure that school districts

19 district must submit an academic and student well-being recovery plan
20 to the office of the superintendent of public instruction as required
21 in section 12(3), chapter 3, Laws of 2021, and must also report
22 progress on implementing the plan in a manner identified by the
23 superintendent.

24 (a) The office of the superintendent of public instruction must
25 calculate a relief per pupil amount for each district defined as: The
26 quotient from dividing the total funding allocated to each district
27 from the federal relief funds, as defined in (b) of this subsection,
28 by a school district's total enrollment as defined in (c) of this
29 subsection. A school district with a relief per pupil amount less
30 than \$500 shall receive the difference between \$500 and the relief
31 per pupil amount, multiplied by the school district's total
32 enrollment.

33 (b) For the purposes of this subsection, federal relief funds
34 allocated to school districts include:

35 (i) Subgrants authorized under section 18003, the coronavirus
36 aid, relief, and economic security act, P.L. 116-136;

37 (ii) Subgrants authorized under section 313, the coronavirus
38 response and relief supplemental appropriations act, P.L. 116-260;
39 and

1 (iii) Subgrants authorized under section 2001, the American
2 rescue plan act of 2021, P.L. 117-2.

3 (c) For the purposes of this subsection, a school district's
4 total enrollment means the district's 2019-20 school year annual
5 average full-time equivalent student enrollment, excluding full-time
6 equivalent student enrollments for which funds are separately
7 calculated and allocated under RCW 28A.232.020, 28A.600.310(4),
8 28A.245.020, and 28A.175.110.

9 (d) For the purposes of this subsection, this subsection applies
10 to state-tribal compact schools established under chapter 28A.715
11 RCW.

12 (23) (~~(\$27,806,000)~~) \$14,859,000 of the general fund—state
13 appropriation for fiscal year 2022 is provided solely for enrollment
14 stabilization allocations required in section 1519 of this act.

15 (\$24,000,000) \$566,000 of the general fund—state appropriation for fiscal
16 year 2022, \$250,000 of the general fund—state appropriation for
17 fiscal year 2023, and \$204,000 of the general fund—federal
18 appropriation (CRRSA/ESSER) are provided solely for an enrollment
19 stabilization allocation for the Washington youth academy national
20 guard youth challenge program. Federal funding is provided in
21 response to the COVID-19 pandemic as authorized in subsection 313(e),
22 the coronavirus response and relief supplemental appropriations act,
23 P.L. 116-260, division M.

24 \$280,875,000 of the coronavirus state fiscal recovery fund—
25 federal appropriation is provided solely for enrollment stabilization
26 allocations pursuant to Substitute House Bill No. 1590 (enrollment
27 stabilization). If the bill is not enacted by June 30, 2022, the
28 amounts provided in this subsection shall lapse.

29 \$145,489,000 of the general fund—state appropriation for
30 fiscal year 2023 is provided solely for implementation of Second
31 Substitute House Bill No. 1664 (schools/support funding). If the bill
32 is not enacted by June 30, 2022, the amount provided in this
33 subsection shall lapse.

**Sec. 504 was partially vetoed. See message at end of chapter.*

35 actuarial value of not less than ninety-five percent of the actuarial
36 value of the public employees' benefits board plan with the largest

32 graduate with a regular diploma, and require recovery services on or
33 after July 1, 2021, as determined by the student's individualized
34 education plan team. The extension of these services does not reduce
35 or supplant any other services for which the individual would be
36 eligible. Allocations for this purpose may not exceed the amounts
37 provided in this subsection. The office of the superintendent of
38 public instruction may adopt formulas and procedures to define a per-

21 technology budget to the last approved technology budget must be
22 posted to the dashboard, to include a narrative rationale on what
23 changed, why, and how that impacts the project in scope, budget, and
24 schedule.

4 the chief information officer, except for the one Washington project
5 which must be divided into the following discrete subprojects: Core
6 financials, expanding financials and procurement, budget, and human
7 resources. Each subproject must have a technology budget and
8 investment plan as provided in this section.

9 (7) (a) The office of the chief information officer shall maintain

- 35 (8) If the project affects more than one agency:
- 36 (a) A separate technology budget and investment plan must be
37 prepared for each agency; and
 - 38 (b) The dashboard must contain a statewide project technology
39 budget roll up that includes each affected agency at the subproject

28 technology outcomes. Once suspension or termination occurs, the
29 agency shall unallot any unused funding and shall not make any
30 expenditure for the project without the approval of the office of
31 financial management. The office of the chief information officer

9 submitted to the office of financial management and legislative
10 budget committees before final legislative action on the biennial or
11 supplemental operating budget by the sitting legislature.

12 (5) If, after the compensation and fringe benefit provisions of

14 shortfall occurs resulting in reduced appropriations, as declared by
15 proclamation of the governor or by resolution of the legislature,
16 both parties shall immediately enter into collective bargaining for a
17 mutually agreed upon modification of the agreement.

18 (6) After the expiration date of a collective bargaining
19 agreement negotiated under this chapter, all of the terms and

7 **Sec. 955.** RCW 43.70.715 and 2021 c 334 s 1004 are each amended
8 to read as follows:

9 (1) The COVID-19 public health response account is created in the
10 custody of the state treasurer. The account shall consist of funds
11 appropriated by the legislature and grants received by the department
12 of health for activities in response to the coronavirus pandemic
13 (COVID-19). Only the secretary, or the secretary's designee, may
14 authorize expenditures from the account for costs related to the
15 public health response to COVID-19, subject to any limitations
16 imposed by grant funding deposited into the account. The COVID-19
17 public health response account is subject to allotment procedures
18 under chapter 43.88 RCW, but an appropriation is not required for
19 expenditures.

20 (2)(a) The legislature finds that a safe, efficient, and
21 effective delivery of vaccinations is of the utmost importance for
22 restoring societal and economic functions. As we learn more about the
23 virus, the vaccine, and challenges to vaccine allocation and
24 distribution, it is anticipated that the state's COVID-19 vaccination
25 distribution plan will evolve. To that end, the legislature has
26 provided flexibility by funding expenditures for testing, contact
27 tracing, mitigation activities, vaccine administration and
28 distribution, and other allowable uses for the state, local health
29 jurisdictions, and tribes at the discretion of the secretary and
30 without an appropriation. However, to maintain fiscal control and to
31 ensure spending priorities align, the department is required to
32 collaborate and communicate with the chairs and ranking members of
33 the health care and fiscal committees of the legislature and local
34 health jurisdictions in advance of any significant revision of the
35 state's COVID-19 vaccination plan and to provide regular updates on
36 its implementation and spending.

37 (b) As part of the public health response to COVID-19, the
38 expenditures from the account must be used to effectively administer
39 the vaccine for COVID-19 and conduct testing and contact tracing. The

1 department must ensure that COVID-19 outreach is accessible,
2 culturally and linguistically appropriate, and that it includes
3 community-driven partnerships and strategies.

4 (c) When making expenditures for administering the vaccine for
5 COVID-19, the department must focus on identifying persons for
6 vaccination, prioritizing underserved, underrepresented, and hard-to-
7 reach communities, making the vaccine accessible, and providing
8 support to schools for safe reopening. Strategies for vaccine
9 distribution shall include the establishment and expansion of
10 community vaccination centers, mobile vaccination units, reporting
11 enhancements, in-home visits for vaccinations for the elderly, and
12 transportation of individuals to vaccination sites.

13 (d) When making expenditures regarding testing and contact
14 tracing, the department must provide equitable access, prioritize
15 underserved, underrepresented, and hard-to-reach communities, and
16 provide support and resources to facilitate the safe reopening of
17 schools while minimizing community spread of the virus.

18 (e) The department may also make expenditures from the account
19 related to developing the public health workforce using funds granted
20 by the federal government for that purpose in section 2501, the
21 American rescue plan act of 2021, P.L. 117-2.

22 (3) When making expenditures from the account, the department
23 must include an emphasis on public communication regarding the
24 availability and accessibility of the vaccine and testing, and the
25 importance of vaccine and testing availability to the safe reopening
26 of the state.

27 (4)(a) The department must report to the fiscal and health care
28 committees of the legislature on a monthly basis regarding its
29 COVID-19 response.

30 (~~(b)~~) To the extent that it is available, the report must
31 include data regarding vaccine distribution, testing, and contact
32 tracing, as follows:

33 (i) The number of vaccines administered per day, including
34 regional data regarding the location and age groups of persons
35 receiving the vaccine, specifically identifying hard-to-reach
36 communities in which vaccines were administered; and

37 (ii) The number of tests conducted per week, including data
38 specifically addressing testing conducted in hard-to-reach
39 communities.

1 (b)(i) Beginning with the quarter ending March 31, 2022, the
2 department must report to the fiscal and health care committees of
3 the legislature on a quarterly basis regarding revenues and
4 expenditures related to the COVID-19 response. The reports must
5 include:

6 (A) Quarterly expenditures of funds, by fund source, including
7 the appropriated amounts pursuant to section 222(76) and (77) of this
8 act for:

9 (I) Diagnostic testing;

10 (II) Case investigation and contact tracing;

11 (III) Outbreak response;

12 (IV) Care coordination;

13 (V) Community outreach;

14 (VI) Information and technology operations;

15 (VII) Surveillance;

16 (VIII) Vaccines;

17 (IX) Client services;

18 (X) Local health jurisdictions; and

19 (XI) Tribes; and

20 (B) Grant amounts received during the reporting quarter that may
21 be used in the COVID-19 response.

22 (ii) The quarterly reports must reflect the previous quarter, a
23 projection of expected expenditures and revenue for the next quarter,
24 and an accounting of the expenditures and revenue for the 2021-2023
25 fiscal biennium to date. The quarterly reports are due no later than
26 30 days after the end of the applicable quarter.

27 (c) The first monthly report pursuant to (a) of this subsection
28 is due no later than one month from February 19, 2021. Monthly
29 reports are no longer required upon the department's determination
30 that the remaining balance of the COVID-19 (~~public health~~) public
31 health response account is less than \$100,000.

32 **Sec. 956.** RCW 43.79.505 and 2019 c 251 s 9 are each amended to
33 read as follows:

35 state treasury, subject to appropriation. All receipts from the

37 and 36.18.020(5) shall be deposited in this account. Moneys in the
38 account may be spent only after appropriation.

1 Expenditures from the account may be used only for the support of
2 judicial branch agencies and, for the 2021-2023 fiscal biennium, for
3 expenditures to address state and local costs related to the State v.
4 Blake decision.

5 **Sec. 957.** RCW 43.83B.430 and 2020 c 168 s 6 are each amended to

12 activities under this chapter, including grants issued under RCW
13 43.83B.415. During the 2021-2023 fiscal biennium, moneys in the
14 account may be used for water banking pilot projects. Moneys in the
15 account may be spent only after appropriation.

16 **Sec. 958.** RCW 43.101.435 and 2019 c 415 s 971 are each amended
17 to read as follows:

18 The Washington internet crimes against children account is
19 created in the custody of the state treasurer. All receipts from
20 legislative appropriations, donations, gifts, grants, and funds from
21 federal or private sources must be deposited into the account.
22 Expenditures from the account must be used exclusively by the
23 Washington internet crimes against children task force and its
24 affiliate agencies for combating internet-facilitated crimes against
25 children, promoting education on internet safety to the public and to
26 minors, and rescuing child victims from abuse and exploitation. Only
27 the criminal justice training commission or the commission's designee
28 may authorize expenditures from the account. The account is subject
29 to allotment procedures under chapter 43.88 RCW, but an appropriation

34 **Sec. 960.** RCW 43.216.270 and 2020 c 270 s 9 are each amended to
35 read as follows:

1 (1) (a) In determining whether an individual is of appropriate
2 character, suitability, and competence to provide child care and
3 early learning services to children, the department may consider the
4 history of past involvement of child protective services or law
5 enforcement agencies with the individual for the purpose of
6 establishing a pattern of conduct, behavior, or inaction with regard
7 to the health, safety, or welfare of a child. No report of child
8 abuse or neglect that has been destroyed or expunged under RCW
9 26.44.031 may be used for such purposes. No unfounded or inconclusive
10 allegation of child abuse or neglect as defined in RCW 26.44.020 may
11 be disclosed to a provider licensed under this chapter.

12 (b) The department may not deny or delay a license to provide
13 child care and early learning services under this chapter to an
14 individual solely because of a founded finding of physical abuse or
15 negligent treatment or maltreatment involving the individual revealed
16 in the background check process or solely because the individual's
17 child was found by a court to be dependent as a result of a finding
18 that the individual abused or neglected their child pursuant to RCW
19 13.34.030(6)(b) when that founded finding or court finding is
20 accompanied by a certificate of parental improvement as defined in
21 chapter 74.13 RCW related to the same incident.

22 (2) In order to determine the suitability of individuals newly
23 applying for an agency license, new licensees, their new employees,
24 and other persons who newly have unsupervised access to children in
25 child care, shall be fingerprinted.

26 (a) The fingerprints shall be forwarded to the Washington state
27 patrol and federal bureau of investigation for a criminal history
28 record check.

29 (b) (i) All individuals applying for first-time agency licenses,
30 all new employees, and other persons who have not been previously
31 qualified by the department to have unsupervised access to children
32 in child care must be fingerprinted and obtain a criminal history
33 record check pursuant to this section.

34 (ii) (~~Persons~~) Except during fiscal year 2023, persons required
35 to be fingerprinted and obtain a criminal history record check
36 pursuant to this section must pay for the cost of this check as
37 follows: The fee established by the Washington state patrol for the
38 criminal background history check, including the cost of obtaining
39 the fingerprints; and a fee paid to the department for the cost of
40 administering the individual-based/portable background check

1 clearance registry. The fee paid to the department must be deposited
2 into the individual-based/portable background check clearance account
3 established in RCW 43.216.273. The licensee may, but need not, pay
4 these costs on behalf of a prospective employee or reimburse the
5 prospective employee for these costs. The licensee and the
6 prospective employee may share these costs.

7 (c) The secretary shall use the fingerprint criminal history
8 record check information solely for the purpose of determining
9 eligibility for a license and for determining the character,
10 suitability, and competence of those persons or agencies, excluding
11 parents, not required to be licensed who are authorized to care for
12 children.

13 (d) Criminal justice agencies shall provide the secretary such
14 information as they may have and that the secretary may require for
15 such purpose.

16 (e) No later than July 1, 2013, all agency licensees holding
17 licenses prior to July 1, 2012, persons who were employees before
18 July 1, 2012, and persons who have been qualified by the department
19 before July 1, 2012, to have unsupervised access to children in child
20 care, must submit a new background application to the department. The
21 department must require persons submitting a new background
22 application pursuant to this subsection (2)(e) to pay a fee to the
23 department for the cost of administering the individual-based/
24 portable background check clearance registry. This fee must be paid
25 into the individual-based/portable background check clearance account
26 established in RCW 43.216.273. The licensee may, but need not, pay
27 these costs on behalf of a prospective employee or reimburse the
28 prospective employee for these costs. The licensee and the
29 prospective employee may share these costs.

30 (f) The department shall issue a background check clearance card
31 or certificate to the applicant if after the completion of a
32 background check the department concludes the applicant is qualified
33 for unsupervised access to children in child care. The background
34 check clearance card or certificate is valid for three years from the
35 date of issuance. A valid card or certificate must be accepted by a
36 potential employer as proof that the applicant has successfully
37 completed a background check as required under this chapter. For
38 purposes of renewal of the background clearance card or certificate,
39 all agency licensees holding a license, persons who are employees,
40 and persons who have been previously qualified by the department,

1 must submit a new background application to the department on a date
2 to be determined by the department. ((The)) Except during fiscal year
3 2023, fee requirements applicable to this section also apply to
4 background clearance renewal applications.

5 (g) The original applicant for an agency license, licensees,
6 their employees, and other persons who have unsupervised access to
7 children in child care shall submit a new background check
8 application to the department, on a form and by a date as determined
9 by the department.

10 (h) The payment requirements applicable to (a) through (g) of
11 this subsection do not apply to persons who:

12 (i) Provide regularly scheduled care for a child or children in
13 the home of the provider or in the home of the child or children for
14 periods of less than twenty-four hours or, if necessary due to the
15 nature of the parent's work, for periods equal to or greater than
16 twenty-four hours;

17 (ii) Receive child care subsidies; and

18 (iii) Are exempt from licensing under this chapter.

19 (i) The applicant and agency shall maintain on-site for
20 inspection a copy of the background check clearance card or
21 certificate.

22 (j) Individuals who have been issued a background check clearance
23 card or certificate shall report nonconviction and conviction
24 information to the department within twenty-four hours of the event
25 constituting the nonconviction or conviction information.

26 (k) The department shall investigate and conduct a
27 redetermination of an applicant's or licensee's background clearance
28 if the department receives a complaint or information from
29 individuals, a law enforcement agency, or other federal, state, or
30 local government agency. Subject to the requirements contained in RCW
31 43.216.325 and 43.216.327 and based on a determination that an
32 individual lacks the appropriate character, suitability, or
33 competence to provide child care or early learning services to
34 children, the department may: (i) Invalidate the background card or
35 certificate; or (ii) suspend, modify, or revoke any license
36 authorized by this chapter.

37 (3) To satisfy the shared background check requirements of the
38 department of children, youth, and families, the office of the
39 superintendent of public instruction, and the department of social
40 and health services, each department shall share federal fingerprint-

1 based background check results as permitted under the law. The
2 purpose of this provision is to allow these departments to fulfill
3 their joint background check responsibility of checking any
4 individual who may have unsupervised access to vulnerable adults,
5 children, or juveniles. These departments may not share the federal
6 background check results with any other state agency or person.

7 (4) Individuals who have completed a fingerprint background check
8 as required by the office of the superintendent of public
9 instruction, consistent with RCW 28A.400.303, and have been
10 continuously employed by the same school district or educational
11 service district, can meet the requirements in subsection (2) of this
12 section by providing a true and accurate copy of their Washington
13 state patrol and federal bureau of investigation background check
14 report results to the department or if the school district or the
15 educational service district provides an affidavit to the department
16 that the individual has been authorized to work by the school
17 district or educational service district after completing a record
18 check consistent with RCW 28A.400.303. The department may require
19 that additional background checks be completed that do not require
20 additional fingerprinting and, except during fiscal year 2023, may
21 charge a fee for these additional background checks.

22 **Sec. 961.** RCW 43.348.080 and 2019 c 445 s 403 are each amended
23 to read as follows:

24 (1) The Andy Hill cancer research endowment fund match transfer
25 account is created in the custody of the state treasury to be used
26 solely and exclusively for the program created in RCW 43.348.040.
27 Moneys in the account may be spent only after appropriation. The
28 purpose of the account is to provide matching funds for the fund and
29 administrative costs. Expenditures to fund or reimburse the program
30 administrator are not subject to the requirements of subsection (4)
31 of this section.

32 (2) The legislature must appropriate a state match, up to a
33 maximum of ten million dollars annually, beginning July 1, 2016, and
34 each July 1st following the end of the fiscal year from tax
35 collections and penalties generated from enforcement of state taxes
36 on cigarettes and other tobacco products by the state liquor and
37 cannabis board or other federal, state or local law or tax
38 enforcement agency, as determined by the department of revenue. Tax
39 collections include any cigarette tax, other tobacco product tax, and

1 retail sales and use tax. Any amounts deposited into this account
2 from the tax imposed under RCW 82.25.010 in excess of the cap
3 provided in this subsection must be deposited into the foundational
4 public health services account created in RCW 82.25.015.

5 (3) Revenues to the account must consist of deposits into the
6 account, taxes imposed on vapor products under RCW 82.25.010,
7 legislative appropriations, and any gifts, grants, or donations
8 received by the department for this purpose.

9 (4) Each fiscal biennium, the legislature must appropriate to the
10 department of commerce such amounts as estimated to be the balance of
11 the account to provide state matching funds.

12 (5) Expenditures, in the form of matching funds, from the account
13 may be made only upon receipt of proof from the program administrator
14 of nonstate or private contributions to the fund for the program.
15 Expenditures, in the form of matching funds, may not exceed the total
16 amount of nonstate or private contributions.

17 (6) The department must enter into an appropriate agreement with
18 the program administrator to demonstrate exchange of consideration
19 for the matching funds.

20 (7) Moneys expended into the account in fiscal year 2023 pursuant
21 to section 706 of this act are not subject to the requirements of
22 subsections (5) and (6) of this section.

23 **Sec. 962.** RCW 50A.10.030 and 2019 c 13 s 21 are each amended to
24 read as follows:

25 (1)(a) Beginning January 1, 2019, the department shall assess for
26 each individual in employment with an employer and for each
27 individual electing coverage a premium based on the amount of the
28 individual's wages subject to subsection (4) of this section.

29 (b) The premium rate for family leave benefits shall be equal to
30 one-third of the total premium rate.

31 (c) The premium rate for medical leave benefits shall be equal to
32 two-thirds of the total premium rate.

33 (2) For calendar year 2022 and thereafter, the commissioner shall
34 determine the percentage of paid claims related to family leave
35 benefits and the percentage of paid claims related to medical leave
36 benefits and adjust the premium rates set in subsection (1)(b) and
37 (c) of this section by the proportional share of paid claims.

1 (3) (a) Beginning January 1, 2019, and ending December 31, 2020,
2 the total premium rate shall be four-tenths of one percent of the
3 individual's wages subject to subsection (4) of this section.

4 (b) For family leave premiums, an employer may deduct from the
5 wages of each employee up to the full amount of the premium required.

6 (c) For medical leave premiums, an employer may deduct from the
7 wages of each employee up to forty-five percent of the full amount of
8 the premium required.

9 (d) An employer may elect to pay all or any portion of the
10 employee's share of the premium for family leave or medical leave
11 benefits, or both.

12 (4) The commissioner must annually set a maximum limit on the
13 amount of wages that is subject to a premium assessment under this
14 section that is equal to the maximum wages subject to taxation for
15 social security as determined by the social security administration.

16 (5) (a) Employers with fewer than fifty employees employed in the
17 state are not required to pay the employer portion of premiums for
18 family and medical leave.

19 (b) If an employer with fewer than fifty employees elects to pay
20 the premiums, the employer is then eligible for assistance under RCW
21 50A.24.010.

22 (6) For calendar year 2021 and thereafter, the total premium rate
23 shall be based on the family and medical leave insurance account
24 balance ratio as of September 30th of the previous year. The
25 commissioner shall calculate the account balance ratio by dividing
26 the balance of the family and medical leave insurance account by
27 total covered wages paid by employers and those electing coverage.
28 The division shall be carried to the fourth decimal place with the
29 remaining fraction disregarded unless it amounts to five hundred-
30 thousandths or more, in which case the fourth decimal place shall be
31 rounded to the next higher digit. If the account balance ratio is:

32 (a) Zero to nine hundredths of one percent, the premium is six
33 tenths of one percent of the individual's wages;

34 (b) One tenth of one percent to nineteen hundredths of one
35 percent, the premium is five tenths of one percent of the
36 individual's wages;

37 (c) Two tenths of one percent to twenty-nine hundredths of one
38 percent, the premium is four tenths of one percent of the
39 individual's wages;

1 (d) Three tenths of one percent to thirty-nine hundredths of one
2 percent, the premium is three tenths of one percent of the
3 individual's wages;

4 (e) Four tenths of one percent to forty-nine hundredths of one
5 percent, the premium is two tenths of one percent of the individual's
6 wages; or

7 (f) Five tenths of one percent or greater, the premium is one
8 tenth of one percent of the individual's wages.

9 (7) Beginning January 1, 2021, if the account balance ratio
10 calculated in subsection (6) of this section is below five hundredths
11 of one percent, the commissioner must assess a solvency surcharge at
12 the lowest rate necessary to provide revenue to pay for the
13 administrative and benefit costs of family and medical leave, for the
14 calendar year, as determined by the commissioner. The solvency
15 surcharge shall be at least one-tenth of one percent and no more than
16 six-tenths of one percent and be added to the total premium rate for
17 family and medical leave benefits. Any projected expenditures of
18 general fund moneys into the family and medical leave insurance
19 account pursuant to section 723 of this act must be excluded from the
20 commissioner's determination of the necessary revenue to pay the
21 administrative and benefit costs of family and medical leave for the
22 calendar year.

23 (8) (a) The employer must collect from the employees the premiums
24 and any surcharges provided under this section through payroll
25 deductions and remit the amounts collected to the department.

26 (b) In collecting employee premiums through payroll deductions,
27 the employer shall act as the agent of the employees and shall remit
28 the amounts to the department as required by this title.

29 (c) On September 30th of each year, the department shall average
30 the number of employees reported by an employer over the last four
31 completed calendar quarters to determine the size of the employer for
32 the next calendar year for the purposes of this section and RCW
33 50A.24.010.

34 (9) Premiums shall be collected in the manner and at such
35 intervals as provided in this title and directed by the department.

36 (10) Premiums collected under this section are placed in trust
37 for the employees and employers that the program is intended to
38 assist.

39 (11) A city, code city, town, county, or political subdivision
40 may not enact a charter, ordinance, regulation, rule, or resolution:

1 (a) Creating a paid family or medical leave insurance program
2 that alters or amends the requirements of this title for any private
3 employer;

4 (b) Providing for local enforcement of the provisions of this
5 title; or

6 (c) Requiring private employers to supplement duration of leave
7 or amount of wage replacement benefits provided under this title.

12 account. Moneys in the account may be spent only after appropriation.
13 Expenditures from the waste reduction, recycling, and litter control
14 account shall be used as follows:

15 (a) Forty percent to the department of ecology, primarily for use
16 by the departments of ecology, natural resources, revenue,
17 transportation, and corrections, and the parks and recreation

21 support employment of youth in litter cleanup as intended in RCW
22 70A.200.020, and for litter pick up using other authorized agencies;
23 and for statewide public awareness programs under RCW 70A.200.150(7).
24 The amount to the department shall also be used to defray the costs
25 of administering the funding, coordination, and oversight of local
26 government programs for waste reduction, litter control, recycling,
27 and composting so that local governments can apply one hundred
28 percent of their funding to achieving program goals. The amount to
29 the department of revenue shall be used to enforce compliance with
30 the litter tax imposed in chapter 82.19 RCW;

31 (b)(i) Twenty percent to the department for local government
32 funding programs for waste reduction, litter control, recycling
33 activities, and composting activities by cities and counties under
34 RCW 70A.200.190, to be administered by the department of ecology;

35 (ii) any unspent funds under (b)(i) of this subsection may be used to
36 create and pay for a matching fund competitive grant program to be
37 used by local governments for the development and implementation of
38 contamination reduction and outreach plans for inclusion in
39 comprehensive solid waste management plans or by local governments

1 and nonprofit organizations for local or statewide education programs
2 designed to help the public with litter control, waste reduction,

4 chapter 82.19 RCW. Recipients under this subsection include programs
5 to reduce wasted food and food waste that are designed to achieve the
6 goals established in RCW 70A.205.715(1) and that are consistent with
7 the plan developed in RCW 70A.205.715(3). Grants must adhere to the
8 following requirements: (A) No grant may exceed sixty thousand
9 dollars; (B) grant recipients shall match the grant funding allocated
10 by the department by an amount equal to twenty-five percent of
11 eligible expenses. A local government's share of these costs may be
12 met by cash or contributed services; (C) the obligation of the
13 department to make grant payments is contingent upon the availability
14 of the amount of money appropriated for this subsection (1)(b); and
15 (D) grants are managed under the guidelines for existing grant
16 programs; and

17 (c) Forty percent to the department of ecology to: (i) Implement
18 activities under RCW 70A.200.150 for waste reduction, recycling, and
19 composting efforts; (ii) provide technical assistance to local
20 governments and commercial businesses to increase recycling markets
21 and recycling and composting programs primarily for the products
22 taxed under chapter 82.19 RCW designed to educate citizens about
23 waste reduction, litter control, and recyclable and compostable
24 products and programs; (iii) increase access to waste reduction,
25 composting, and recycling programs, particularly for food packaging
26 and plastic bags and appropriate composting techniques; and (iv) for
27 programs to reduce wasted food and food waste that are designed to
28 achieve the goals established in RCW 70A.205.715(1) and that are
29 consistent with the plan developed in RCW 70A.205.715(3).

30 (2) All taxes imposed in RCW 82.19.010 and fines and bail
31 forfeitures collected or received pursuant to this chapter shall be
32 deposited in the waste reduction, recycling, and litter control
33 account and used for the programs under subsection (1) of this
34 section.

35 (3) Not less than five percent and no more than ten percent of
36 the amount appropriated into the waste reduction, recycling, and
37 litter control account every biennium shall be reserved for capital
38 needs, including the purchase of vehicles for transporting crews and
39 for collecting litter and solid waste. Capital funds shall be
40 distributed among state agencies and local governments according to

1 the same criteria provided in RCW 70A.200.170 for the remainder of
2 the funds, so that the most effective waste reduction, litter
3 control, recycling, and composting programs receive the most funding.
4 The intent of this subsection is to provide funds for the purchase of
5 equipment that will enable the department to account for the greatest
6 return on investment in terms of reaching a zero litter goal.

7 (4) Funds in the waste reduction, recycling, and litter control
8 account, collected under chapter 82.19 RCW, must be prioritized for
9 the products identified under RCW 82.19.020 solely for the purposes
10 of recycling, composting, and litter collection, reduction, and
11 control programs.

12 (5) During the 2021-2023 fiscal biennium, Washington State
13 University may use funds in the waste reduction, recycling, and
14 litter control account, collected under chapter 82.19 RCW, to conduct
15 an organic waste study.

16 (6) During the 2021-2023 fiscal biennium, and as an exception to
17 the distribution of expenditures otherwise required in this section,
18 the department of ecology may use funds in the waste reduction,
19 recycling, and litter control account to continue a series of food
20 waste reduction campaigns, to continue to invest in litter prevention
21 campaigns, to conduct a recycling study, and to increase litter
22 control on state highways.

26 state treasury. Moneys in the account may be expended solely for: (a)
27 Substance use disorder treatment and treatment support services for
28 offenders with a substance use disorder that, if not treated, would
29 result in addiction, against whom charges are filed by a prosecuting
30 attorney in Washington state; (b) the provision of substance use
31 disorder treatment services and treatment support services for
32 nonviolent offenders within a drug court program and, during the
33 2021-23 fiscal biennium, for 180 days following graduation from the
34 drug court program; and (c) the administrative and overhead costs
35 associated with the operation of a drug court. Amounts provided in
36 this subsection must be used for treatment and recovery support
37 services for criminally involved offenders and authorization of these
38 services shall not be subject to determinations of medical necessity.
39 During the 2019-2021 and 2021-2023 fiscal biennia, funding from the

1 criminal justice treatment account may be used to provide treatment
2 and support services through the conclusion of an individual's
3 treatment plan to individuals participating in a drug court program
4 as of February 24, 2021, if that individual wishes to continue
5 treatment following dismissal of charges they were facing under RCW
6 69.50.4013(1). Such participation is voluntary and contingent upon
7 substantial compliance with drug court program requirements. During
8 the 2019-2021 and 2021-2023 fiscal biennia, the legislature may
9 appropriate from the account for municipal drug courts and increased
10 treatment options. During the 2019-2021 fiscal biennium, the
11 legislature may direct the state treasurer to make transfers of
12 moneys in the criminal justice treatment account to the home security
13 fund account created in RCW 43.185C.060. Moneys in the account may be
14 spent only after appropriation.

15 (2) For purposes of this section:

16 (a) "Treatment" means services that are critical to a
17 participant's successful completion of his or her substance use
18 disorder treatment program, including but not limited to the recovery
19 support and other programmatic elements outlined in RCW 2.30.030
20 authorizing therapeutic courts; and

21 (b) "Treatment support" includes transportation to or from
22 inpatient or outpatient treatment services when no viable alternative
23 exists, and child care services that are necessary to ensure a
24 participant's ability to attend outpatient treatment sessions.

25 (3) Revenues to the criminal justice treatment account consist
26 of: (a) Funds transferred to the account pursuant to this section;
27 and (b) any other revenues appropriated to or deposited in the
28 account.

29 (4)(a) For the fiscal year beginning July 1, 2005, and each
30 subsequent fiscal year, the state treasurer shall transfer eight
31 million two hundred fifty thousand dollars from the general fund to
32 the criminal justice treatment account, divided into four equal
33 quarterly payments. For the fiscal year beginning July 1, 2006, and
34 each subsequent fiscal year, the amount transferred shall be
35 increased on an annual basis by the implicit price deflator as
36 published by the federal bureau of labor statistics.

37 (b) In each odd-numbered year, the legislature shall appropriate
38 the amount transferred to the criminal justice treatment account in
39 (a) of this subsection to the department for the purposes of
40 subsection (5) of this section.

1 (5) Moneys appropriated to the authority from the criminal
2 justice treatment account shall be distributed as specified in this
3 subsection. The authority may retain up to three percent of the
4 amount appropriated under subsection (4)(b) of this section for its
5 administrative costs.

6 (a) Seventy percent of amounts appropriated to the authority from
7 the account shall be distributed to counties pursuant to the
8 distribution formula adopted under this section. The authority, in
9 consultation with the department of corrections, the Washington state
10 association of counties, the Washington state association of drug
11 court professionals, the superior court judges' association, the
12 Washington association of prosecuting attorneys, representatives of
13 the criminal defense bar, representatives of substance use disorder
14 treatment providers, and any other person deemed by the authority to
15 be necessary, shall establish a fair and reasonable methodology for
16 distribution to counties of moneys in the criminal justice treatment
17 account. County or regional plans submitted for the expenditure of
18 formula funds must be approved by the panel established in (b) of
19 this subsection.

20 (b) Thirty percent of the amounts appropriated to the authority
21 from the account shall be distributed as grants for purposes of
22 treating offenders against whom charges are filed by a county
23 prosecuting attorney. The authority shall appoint a panel of
24 representatives from the Washington association of prosecuting
25 attorneys, the Washington association of sheriffs and police chiefs,
26 the superior court judges' association, the Washington state
27 association of counties, the Washington defender's association or the
28 Washington association of criminal defense lawyers, the department of
29 corrections, the Washington state association of drug court
30 professionals, and substance use disorder treatment providers. The
31 panel shall review county or regional plans for funding under (a) of
32 this subsection and grants approved under this subsection. The panel
33 shall attempt to ensure that treatment as funded by the grants is
34 available to offenders statewide.

35 (6) The county alcohol and drug coordinator, county prosecutor,
36 county sheriff, county superior court, a substance abuse treatment
37 provider appointed by the county legislative authority, a member of
38 the criminal defense bar appointed by the county legislative
39 authority, and, in counties with a drug court, a representative of
40 the drug court shall jointly submit a plan, approved by the county

1 legislative authority or authorities, to the panel established in
2 subsection (5)(b) of this section, for disposition of all the funds
3 provided from the criminal justice treatment account within that
4 county. The submitted plan should incorporate current evidence-based
5 practices in substance use disorder treatment. The funds shall be
6 used solely to provide approved alcohol and substance use disorder
7 treatment pursuant to RCW 71.24.560 and treatment support services.
8 No more than ten percent of the total moneys received under
9 subsections (4) and (5) of this section by a county or group of
10 counties participating in a regional agreement shall be spent for
11 treatment support services.

12 (7) Counties are encouraged to consider regional agreements and
13 submit regional plans for the efficient delivery of treatment under
14 this section.

15 (8) Moneys allocated under this section shall be used to
16 supplement, not supplant, other federal, state, and local funds used
17 for substance abuse treatment.

18 (9) If a region or county uses criminal justice treatment account
19 funds to support a therapeutic court, the therapeutic court must
20 allow the use of all medications approved by the federal food and
21 drug administration for the treatment of opioid use disorder as
22 deemed medically appropriate for a participant by a medical
23 professional. If appropriate medication-assisted treatment resources
24 are not available or accessible within the jurisdiction, the health
25 care authority's designee for assistance must assist the court with
26 acquiring the resource.

27 (10) Counties must meet the criteria established in RCW
28 2.30.030(3).

29 (11) The authority shall annually review and monitor the
30 expenditures made by any county or group of counties that receives
31 appropriated funds distributed under this section. Counties shall
32 repay any funds that are not spent in accordance with the
33 requirements of its contract with the authority.

34 **Sec. 965.** RCW 74.13.802 and 2020 c 33 s 7 are each amended to
35 read as follows:

36 (1) Beginning July 1, 2020, the department shall establish a
37 child welfare housing assistance pilot program, which provides
38 housing vouchers, rental assistance, navigation, and other support
39 services to eligible families.

1 (a) The department shall operate or contract for the operation of
2 the child welfare housing assistance pilot program under subsection
3 (3) of this section in one county west of the crest of the Cascade
4 mountain range and one county east of the crest of the Cascade
5 mountain range.

6 (b) The child welfare housing assistance pilot program is
7 intended to shorten the time that children remain in out-of-home
8 care.

9 (2) A parent with a child who is dependent pursuant to chapter
10 13.34 RCW and whose primary remaining barrier to reunification is the
11 lack of appropriate housing is eligible for the child welfare housing
12 assistance pilot program.

13 (3) The department shall contract with an outside entity or
14 entities to operate the child welfare housing assistance pilot
15 program. If no outside entity or entities are available to operate
16 the program or specific parts of the program, the department may
17 operate the program or the specific parts that are not operated by an
18 outside entity.

19 (4) Families may be referred to the child welfare housing
20 assistance pilot program by a caseworker, an attorney, a guardian ad
21 litem as defined in chapter 13.34 RCW, a parent ally as defined in
22 RCW 2.70.060, an office of public defense social worker, or the
23 court.

24 (5) The department shall consult with a stakeholder group that
25 must include, but is not limited to, the following:

26 (a) Parent allies;

27 (b) Parent attorneys and social workers managed by the office of
28 public defense parent representation program;

29 (c) The department of commerce;

30 (d) Housing experts;

31 (e) Community-based organizations;

32 (f) Advocates; and

33 (g) Behavioral health providers.

34 (6) The stakeholder group established in subsection (5) of this
35 section shall begin meeting after July 28, 2019, and assist the
36 department in design of the child welfare housing assistance pilot
37 program in areas including, but not limited to:

38 (a) Equitable racial, geographic, ethnic, and gender distribution
39 of program support;

40 (b) Eligibility criteria;

1 (c) Creating a definition of homeless for purposes of eligibility
2 for the program; and

3 (d) Options for program design that include outside entities
4 operating the entire program or specific parts of the program.

5 (7) By December 1, 2021, the department shall report outcomes for
6 the child welfare housing assistance pilot program to the oversight
7 board for children, youth, and families established pursuant to RCW
8 43.216.015. The report must include racial, geographic, ethnic, and
9 gender distribution of program support.

10 (8) The child welfare housing assistance pilot program
11 established in this section is subject to the availability of funds
12 appropriated for this purpose.

13 (9) This section expires June 30, ((2022)) 2023.

14 **Sec. 966.** RCW 74.46.561 and 2021 c 334 s 993 are each amended to
15 read as follows:

16 (1) The legislature adopts a new system for establishing nursing
17 home payment rates beginning July 1, 2016. Any payments to nursing
18 homes for services provided after June 30, 2016, must be based on the
19 new system. The new system must be designed in such a manner as to
20 decrease administrative complexity associated with the payment
21 methodology, reward nursing homes providing care for high acuity
22 residents, incentivize quality care for residents of nursing homes,
23 and establish minimum staffing standards for direct care.

24 (2) The new system must be based primarily on industry-wide
25 costs, and have three main components: Direct care, indirect care,
26 and capital.

27 (3) The direct care component must include the direct care and
28 therapy care components of the previous system, along with food,
29 laundry, and dietary services. Direct care must be paid at a fixed
30 rate, based on one hundred percent or greater of statewide case mix
31 neutral median costs, but for fiscal year 2023 shall be capped so
32 that a nursing home provider's direct care rate does not exceed ((one
33 hundred thirty)) 165 percent of its base year's direct care allowable
34 costs except if the provider is below the minimum staffing standard
35 established in RCW 74.42.360(2). The legislature intends to remove
36 the cap on direct care rates by June 30, 2027. Direct care must be
37 performance-adjusted for acuity every six months, using case mix
38 principles. Direct care must be regionally adjusted using countywide
39 wage index information available through the United States department

1 of labor's bureau of labor statistics. There is no minimum occupancy
2 for direct care. The direct care component rate allocations
3 calculated in accordance with this section must be adjusted to the
4 extent necessary to comply with RCW 74.46.421.

5 (4) The indirect care component must include the elements of
6 administrative expenses, maintenance costs, and housekeeping services
7 from the previous system. A minimum occupancy assumption of ninety
8 percent must be applied to indirect care, except during fiscal year
9 2023 when the minimum occupancy assumption must be 75 percent.

10 Indirect care must be paid at a fixed rate, based on ninety percent
11 or greater of statewide median costs. The indirect care component
12 rate allocations calculated in accordance with this section must be
13 adjusted to the extent necessary to comply with RCW 74.46.421.

14 (5) The capital component must use a fair market rental system to
15 set a price per bed. The capital component must be adjusted for the
16 age of the facility, and must use a minimum occupancy assumption of
17 ninety percent.

18 (a) Beginning July 1, 2016, the fair rental rate allocation for
19 each facility must be determined by multiplying the allowable nursing
20 home square footage in (c) of this subsection by the RSMean rental
21 rate in (d) of this subsection and by the number of licensed beds
22 yielding the gross unadjusted building value. An equipment allowance
23 of ten percent must be added to the unadjusted building value. The
24 sum of the unadjusted building value and equipment allowance must
25 then be reduced by the average age of the facility as determined by
26 (e) of this subsection using a depreciation rate of one and one-half
27 percent. The depreciated building and equipment plus land valued at
28 ten percent of the gross unadjusted building value before
29 depreciation must then be multiplied by the rental rate at seven and
30 one-half percent to yield an allowable fair rental value for the
31 land, building, and equipment.

32 (b) The fair rental value determined in (a) of this subsection
33 must be divided by the greater of the actual total facility census
34 from the prior full calendar year or imputed census based on the
35 number of licensed beds at ninety percent occupancy.

36 (c) For the rate year beginning July 1, 2016, all facilities must
37 be reimbursed using four hundred square feet. For the rate year
38 beginning July 1, 2017, allowable nursing facility square footage
39 must be determined using the total nursing facility square footage as
40 reported on the medicaid cost reports submitted to the department in

1 compliance with this chapter. The maximum allowable square feet per
2 bed may not exceed four hundred fifty.

3 (d) Each facility must be paid at eighty-three percent or greater
4 of the median nursing facility RSMeans construction index value per
5 square foot. The department may use updated RSMeans construction
6 index information when more recent square footage data becomes
7 available. The statewide value per square foot must be indexed based
8 on facility zip code by multiplying the statewide value per square
9 foot times the appropriate zip code based index. For the purpose of
10 implementing this section, the value per square foot effective July
11 1, 2016, must be set so that the weighted average fair rental value
12 rate is not less than ten dollars and eighty cents per patient day.
13 The capital component rate allocations calculated in accordance with
14 this section must be adjusted to the extent necessary to comply with
15 RCW 74.46.421.

16 (e) The average age is the actual facility age reduced for
17 significant renovations. Significant renovations are defined as those
18 renovations that exceed two thousand dollars per bed in a calendar
19 year as reported on the annual cost report submitted in accordance
20 with this chapter. For the rate beginning July 1, 2016, the
21 department shall use renovation data back to 1994 as submitted on
22 facility cost reports. Beginning July 1, 2016, facility ages must be
23 reduced in future years if the value of the renovation completed in
24 any year exceeds two thousand dollars times the number of licensed
25 beds. The cost of the renovation must be divided by the accumulated
26 depreciation per bed in the year of the renovation to determine the
27 equivalent number of new replacement beds. The new age for the
28 facility is a weighted average with the replacement bed equivalents
29 reflecting an age of zero and the existing licensed beds, minus the
30 new bed equivalents, reflecting their age in the year of the
31 renovation. At no time may the depreciated age be less than zero or
32 greater than forty-four years.

33 (f) A nursing facility's capital component rate allocation must
34 be rebased annually, effective July 1, 2016, in accordance with this
35 section and this chapter.

36 (g) For the purposes of this subsection (5), "RSMeans" means
37 building construction costs data as published by Gordian.

38 (6) A quality incentive must be offered as a rate enhancement
39 beginning July 1, 2016.

1 (a) An enhancement no larger than five percent and no less than
2 one percent of the statewide average daily rate must be paid to
3 facilities that meet or exceed the standard established for the
4 quality incentive. All providers must have the opportunity to earn
5 the full quality incentive payment.

6 (b) The quality incentive component must be determined by
7 calculating an overall facility quality score composed of four to six
8 quality measures. For fiscal year 2017 there shall be four quality
9 measures, and for fiscal year 2018 there shall be six quality
10 measures. Initially, the quality incentive component must be based on
11 minimum data set quality measures for the percentage of long-stay
12 residents who self-report moderate to severe pain, the percentage of
13 high-risk long-stay residents with pressure ulcers, the percentage of
14 long-stay residents experiencing one or more falls with major injury,
15 and the percentage of long-stay residents with a urinary tract
16 infection. Quality measures must be reviewed on an annual basis by a
17 stakeholder work group established by the department. Upon review,
18 quality measures may be added or changed. The department may risk
19 adjust individual quality measures as it deems appropriate.

20 (c) The facility quality score must be point based, using at a
21 minimum the facility's most recent available three-quarter average
22 centers for medicare and medicaid services quality data. Point
23 thresholds for each quality measure must be established using the
24 corresponding statistical values for the quality measure point
25 determinants of eighty quality measure points, sixty quality measure
26 points, forty quality measure points, and twenty quality measure
27 points, identified in the most recent available five-star quality
28 rating system technical user's guide published by the centers for
29 medicare and medicaid services.

30 (d) Facilities meeting or exceeding the highest performance
31 threshold (top level) for a quality measure receive twenty-five
32 points. Facilities meeting the second highest performance threshold
33 receive twenty points. Facilities meeting the third level of
34 performance threshold receive fifteen points. Facilities in the
35 bottom performance threshold level receive no points. Points from all
36 quality measures must then be summed into a single aggregate quality
37 score for each facility.

38 (e) Facilities receiving an aggregate quality score of eighty
39 percent of the overall available total score or higher must be placed
40 in the highest tier (tier V), facilities receiving an aggregate score

1 of between seventy and seventy-nine percent of the overall available
2 total score must be placed in the second highest tier (tier IV),
3 facilities receiving an aggregate score of between sixty and sixty-
4 nine percent of the overall available total score must be placed in
5 the third highest tier (tier III), facilities receiving an aggregate
6 score of between fifty and fifty-nine percent of the overall
7 available total score must be placed in the fourth highest tier (tier
8 II), and facilities receiving less than fifty percent of the overall
9 available total score must be placed in the lowest tier (tier I).

10 (f) The tier system must be used to determine the amount of each
11 facility's per patient day quality incentive component. The per
12 patient day quality incentive component for tier IV is seventy-five
13 percent of the per patient day quality incentive component for tier
14 V, the per patient day quality incentive component for tier III is
15 fifty percent of the per patient day quality incentive component for
16 tier V, and the per patient day quality incentive component for tier
17 II is twenty-five percent of the per patient day quality incentive
18 component for tier V. Facilities in tier I receive no quality
19 incentive component.

20 (g) Tier system payments must be set in a manner that ensures
21 that the entire biennial appropriation for the quality incentive
22 program is allocated.

23 (h) Facilities with insufficient three-quarter average centers
24 for medicare and medicaid services quality data must be assigned to
25 the tier corresponding to their five-star quality rating. Facilities
26 with a five-star quality rating must be assigned to the highest tier
27 (tier V) and facilities with a one-star quality rating must be
28 assigned to the lowest tier (tier I). The use of a facility's five-
29 star quality rating shall only occur in the case of insufficient
30 centers for medicare and medicaid services minimum data set
31 information.

32 (i) The quality incentive rates must be adjusted semiannually on
33 July 1 and January 1 of each year using, at a minimum, the most
34 recent available three-quarter average centers for medicare and
35 medicaid services quality data.

36 (j) Beginning July 1, 2017, the percentage of short-stay
37 residents who newly received an antipsychotic medication must be
38 added as a quality measure. The department must determine the quality
39 incentive thresholds for this quality measure in a manner consistent

1 with those outlined in (b) through (h) of this subsection using the
2 centers for medicare and medicaid services quality data.

3 (k) Beginning July 1, 2017, the percentage of direct care staff
4 turnover must be added as a quality measure using the centers for
5 medicare and medicaid services' payroll-based journal and nursing
6 home facility payroll data. Turnover is defined as an employee
7 departure. The department must determine the quality incentive
8 thresholds for this quality measure using data from the centers for
9 medicare and medicaid services' payroll-based journal, unless such
10 data is not available, in which case the department shall use direct
11 care staffing turnover data from the most recent medicaid cost
12 report.

13 (7) Reimbursement of the safety net assessment imposed by chapter
14 74.48 RCW and paid in relation to medicaid residents must be
15 continued.

16 (8) (a) The direct care and indirect care components must be
17 rebased in even-numbered years, beginning with rates paid on July 1,
18 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
19 year cost report. On a percentage basis, after rebasing, the
20 department must confirm that the statewide average daily rate has
21 increased at least as much as the average rate of inflation, as
22 determined by the skilled nursing facility market basket index
23 published by the centers for medicare and medicaid services, or a
24 comparable index. If after rebasing, the percentage increase to the
25 statewide average daily rate is less than the average rate of
26 inflation for the same time period, the department is authorized to
27 increase rates by the difference between the percentage increase
28 after rebasing and the average rate of inflation.

29 (b) It is the intention of the legislature that direct and
30 indirect care rates paid in fiscal year 2022 will be rebased using
31 the calendar year 2019 cost reports. For fiscal year 2021, in
32 addition to the rates generated by (a) of this subsection, an
33 additional adjustment is provided as established in this subsection
34 (8) (b). Beginning May 1, 2020, and through June 30, 2021, the
35 calendar year costs must be adjusted for inflation by a twenty-four
36 month consumer price index, based on the most recently available
37 monthly index for all urban consumers, as published by the bureau of
38 labor statistics. It is also the intent of the legislature that,
39 starting in fiscal year 2022, a facility-specific rate add-on equal

1 to the inflation adjustment that facilities received solely in fiscal
2 year 2021, must be added to the rate.

3 (c) To determine the necessity of regular inflationary
4 adjustments to the nursing facility rates, by December 1, 2020, the
5 department shall provide the appropriate policy and fiscal committees
6 of the legislature with a report that provides a review of rates paid
7 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
8 facilities.

9 (9) The direct care component provided in subsection (3) of this
10 section is subject to the reconciliation and settlement process
11 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
12 rules established by the department, funds that are received through
13 the reconciliation and settlement process provided in RCW
14 74.46.022(6) must be used for technical assistance, specialized
15 training, or an increase to the quality enhancement established in
16 subsection (6) of this section. The legislature intends to review the
17 utility of maintaining the reconciliation and settlement process
18 under a price-based payment methodology, and may discontinue the
19 reconciliation and settlement process after the 2017-2019 fiscal
20 biennium.

21 (10) Compared to the rate in effect June 30, 2016, including all
22 cost components and rate add-ons, no facility may receive a rate
23 reduction of more than one percent on July 1, 2016, more than two
24 percent on July 1, 2017, or more than five percent on July 1, 2018.
25 To ensure that the appropriation for nursing homes remains cost
26 neutral, the department is authorized to cap the rate increase for
27 facilities in fiscal years 2017, 2018, and 2019.

28 **Sec. 967.** RCW 76.04.516 and 2021 c 298 s 3 are each amended to
29 read as follows:

30 (1) By December 1st of each even-numbered year, and in compliance
31 with RCW 43.01.036, the department must report to the governor and
32 legislature on the following:

33 (a) The type and amount of the expenditures made, by fiscal year,
34 and for what purpose, from the wildfire response, forest restoration,
35 and community resilience account created in RCW 76.04.511 and from
36 expenditures made from the general fund for implementation of this
37 act;

1 (b) The amount of unexpended and unobligated funds in the
2 wildfire response, forest restoration, and community resilience
3 account and recommendations for the disbursement to local districts;

4 (c) Progress on implementation of the wildland fire protection
5 10-year strategic plan including, but not limited to, how investments
6 are reducing human-caused wildfire starts, lowering the size and
7 scale and geography of catastrophic wildfires, reducing the
8 communities, landscapes, and population at risk, and creating
9 resilient landscapes and communities;

10 (d) Progress on implementation of the 20-year forest health
11 strategic plan as established through the forest health assessment
12 and treatment framework pursuant to RCW 76.06.200 including, but not
13 limited to: Assessment of fire prone lands and communities that are
14 in need of forest health treatments; forest health treatments
15 prioritized and conducted by landowner type, geography, and risk
16 level; estimated value of any merchantable materials from forest
17 health treatments; and number of acres treated by treatment type,
18 including the use of prescribed fire;

19 (e) Progress on developing markets for forest residuals and
20 biomass generated from forest health treatments.

21 (2) The department must include recommendations on any
22 adjustments that may be necessary or advisable to the mechanism of
23 funding dispensation as created under chapter 298, Laws of 2021.

24 (3) The report required in this section should support existing
25 department assessments pursuant to RCW 79.10.530 and 76.06.200.

26 (4) (a) (i) Prior to the determination of the 2025-2034 sustainable
27 harvest calculation as required by RCW 79.10.320, the department must
28 hire an independent third-party contractor to assist it in updating
29 its forest inventory by increasing the intensity of forest sample
30 plots on all forestlands over the next two biennium. The department's
31 sustainable harvest calculation technical advisory committee must be
32 involved in the design, development, and implementation of this
33 forest inventory update.

34 (ii) For purposes of this subsection, "forest inventory" means
35 the collection of sample data to estimate a range of forest
36 attributes including, but not limited to, standing volume, stored
37 carbon, habitat attributes, age classes, tree species, and other
38 inventory attributes, including information needed to estimate rates
39 of tree growth and associated carbon sequestration on department
40 lands.

1 (iii) The department's sustainable harvest calculation technical
2 advisory committee must bring forward recommendations for regular
3 maintenance and updates to the forest inventory on a ten-year basis.

4 (b) Prior to the determination of the 2025-2034 sustainable
5 harvest calculation as required by RCW 79.10.320, the department must
6 hire a third-party contractor to review, analyze, and advise the
7 department's forest growth and yield modeling, specific to all types
8 of forested acres managed by the department. The department's
9 sustainable harvest calculation technical advisory committee must be
10 involved in the design, review, and analysis of the department's
11 forest growth and yield modeling.

12 (c) Prior to the determination of the 2025-2034 sustainable
13 harvest calculation as required by RCW 79.10.320 and in the absence
14 of any litigation, pending or in progress, against the department's
15 sustainable harvest calculation, the joint legislative audit and
16 review committee established in chapter 44.28 RCW must oversee and
17 conduct an independent review of the methodologies and data being
18 utilized by the department in the development of the sustainable
19 harvest calculation, including the associated forest inventory,
20 forest growth, harvest and yield data, and modeling techniques that
21 impact harvest levels. In carrying out the review, the joint
22 legislative audit and review committee shall:

23 (i) Retain one or more contractors with expertise in forest
24 inventories, forest growth and yield modeling, and operational
25 research modeling in forest harvest scheduling to conduct the
26 technical review;

27 (ii) Be a member of department's sustainable harvest calculation
28 technical advisory committee, along with one of its contractors
29 selected in (c)(i) of this subsection; and

30 (iii) Prior to the department's determination of the sustainable
31 harvest (~~(calculation)~~) calculation under RCW 79.10.320, ensure
32 that a completed independent review and report with findings and
33 recommendations is submitted to the board of natural resources and
34 the legislature.

35 (d) Upon receiving the report from the joint legislative audit
36 and review committee required under (c)(iii) of this subsection, the
37 board of natural resources shall determine whether modifications are
38 necessary to the sustainable harvest calculation prior to approving
39 harvest level under RCW 79.10.320.

1 NEW SECTION. **Sec. 968.** If any provision of this act or its
2 application to any person or circumstance is held invalid, the
3 remainder of the act or the application of the provision to other
4 persons or circumstances is not affected.

5 NEW SECTION. **Sec. 969.** This act is necessary for the immediate
6 preservation of the public peace, health, or safety, or support of
7 the state government and its existing public institutions, and takes
8 effect immediately.

Passed by the Senate March 10, 2022.

Passed by the House March 10, 2022.

Approved by the Governor March 31, 2022, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State April 1, 2022.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to Sections 117(11); 117(15); 121(4); 122, page 41, lines 4-5; 122(1); 122(2); 133, page 164, lines 21-36; 134(2); 128(138); 945; 128(235); 150(8); 150(19); 211(105); 222(56); 603(83); 215(129); 222(81); 222(86); 308(42); 308(72); 402(6); 501(1)(a)(xiii); 501(4)(aa); 509(15); 504(12)(b); 604(39); 103(10); 103(11); 103(14); 128(177); 128(230); 136(21); 141(10); 141(11); 218(31); 308(64); 402(18); and 402(19), Engrossed Substitute Senate Bill No. 5693 entitled:

"AN ACT Relating to fiscal matters."

Section 117(11), page 29, Office of the Governor, Clean Energy Workforce Transition Work Group

This section directs the Office of the Governor to convene a Clean Energy Workforce Transition work group including, but not limited to, the Department of Commerce, Department of Ecology, Employment Security Department, and representatives from business and labor. The work group is tasked with assessing the workforce development impacts of climate change and the state's strategies to transition to a clean economy. The work group must also develop recommendations on emerging issues related to workforce development and submit a report by December 1, 2022. Because funding was not provided for these agencies to do this work, I have vetoed Section 117(11). However, I am directing the impacted agencies to continue their work on workforce development to determine how to best support individuals in our state's energy sector.

Section 117(15), page 30, Office of Equity, Educational Opportunity Gap Report

Section 121(4), page 40, Governor's Office of Indian Affairs, Educational Opportunity Gap Report

Section 122, page 41, lines 4-5, Section 122(1), page 41, and Section 122(2), page 41, Commission on Asian Pacific American Affairs, Educational Opportunity Gap Report

Section 133, page 164, lines 21-36, Commission on Hispanic Affairs, Educational Opportunity Gap Report

Section 134(2), pages 165-166, Commission on African American Affairs, Educational Opportunity Gap Report

These sections direct the Office of Equity to collaborate with the Governor's Office of Indian Affairs, Commission on Asian Pacific American Affairs, Commission on Hispanic Affairs, and Commission on African American Affairs to engage contractors to conduct a detailed analysis of the educational opportunity gaps for students of color. The provisos in the final budget do not reflect the intent of the legislative members of the Educational Opportunity Gap Oversight and Accountability Committee, and they requested that I veto these sections to allow for updated provisos to be enacted next session. Therefore, I have vetoed Section 117(15); Section 121(4); Section 122, page 41, lines 4-5; Section 122(1); Section 122(2); Section 133, page 164, lines 21-36; and Section 134(2).

Section 128(138), page 111, and Section 945, pages 809-810, Department of Commerce, Broadband Deployment Task Force

Section 945 creates the Broadband Deployment Task Force to be chaired by the Legislature and staffed by the Department of Commerce. Because it is not appropriate for the executive branch to staff a legislative task force, I have vetoed Section 945. Because Section 945 is vetoed, the funding for the department to staff the task force is no longer needed. Therefore, I have also vetoed Section 128(138).

Section 128(235), pages 147-148, Department of Commerce, Electric Grid Resilience

We have multiple state agencies working to ensure that our electric grid continues to reliably provide power to Washingtonians. The requirements in this section are redundant to planning efforts already under way at the Utilities and Transportation Commission, Department of Commerce, and Northwest Power and Conservation Council. While we welcome additional resources for scenario planning and modeling, the Northwest Power and Conservation Council should perform that work because it aligns with its existing forecasting and modeling work. For these reasons, I have vetoed Section 128(235).

Section 150(8), page 207, Consolidated Technology Services, Reporting Requirements for Health and Human Services Coalition

The Office of the Chief Information Officer evaluates budget requests related to information technology projects from all state agencies and provides funding recommendations each fall as required by statute. This section would require the Health and Human Services Coalition agencies to submit budget details to the OCIO each July. This is in addition to the information these agencies already submit to the OCIO. This reporting is redundant and would create extra work for the agencies involved with no value added. For this reason, I have vetoed Section 150(8).

Section 150(19), page 213, Consolidated Technology Services, Automated Decision Systems

This section requires the Office of the Chief Information Officer (OCIO) to develop universal requirements for agencies interested in developing or procuring an automated decision system by June 30, 2022. Additionally, all agencies would be required by January 1, 2023 to submit an inventory of any automated decision system in use. These decision systems use data and algorithms to make decisions with varying degrees of human oversight or intervention. The time line to develop a meaningful framework is not feasible with pressing technology threats that must be addressed by the OCIO. For this reason, I have vetoed Section 150(19). I am directing Consolidated Technology Services to develop guidance for agencies' procurement and use of automated decision systems and to conduct a preliminary inventory of these systems currently in use by November 30, 2023.

Section 211(105), page 318, Health Care Authority, Behavioral Health Support Specialists

Section 222(56), page 426, Department of Health, Behavioral Health Support Specialists

Section 603(83), page 710, University of Washington, Behavioral Health Support Specialists

These sections provide funding solely for the University of Washington to collaborate with the Department of Health and the Health Care Authority to develop a licensure and regulatory program

for behavioral health support specialists, consistent with the provisions in Engrossed Second Substitute Senate Bill 5884. The Department of Health cannot develop a licensure and regulatory program because the authority for this section was not enacted by the Legislature. This work is premature until the substantive law is passed. For this reason, I have vetoed Section 211(105), Section 222(56), and Section 603(83).

Section 215(129), pages 381-383, Health Care Authority, Involuntary Treatment Act Task Force

This section creates a task force focused on individuals refusing services for involuntary behavioral health treatment who are then referred to the state hospitals for forensic competency evaluation and restoration. The task force would identify alternate treatments for people with one or more violent offenses who are having trouble locating a community placement and for obtaining medical clearance. This proviso requires the task force to complete a preliminary report by October 15, 2022 and submit a final report by December 1, 2022, which is not enough time to complete the work. For this reason, I have vetoed Section 215(129).

Section 222(81), pages 431-432, Department of Health, Criminal Justice Integrated Data System Task Force

This section provides funding for the Department of Health to convene a criminal justice integrated data system task force. The task force includes members or their designee from the executive and judicial branches and from various criminal justice associations. By December 1, 2022, the task force is required to submit a report to the Legislature with recommendations, an implementation plan and a feasibility study for the creation of a criminal justice integrated data system. Additionally, funds are provided for the department to contract with the Washington Association of Coroners and Medical Examiners to conduct a study of the shortage of board-certified forensic pathologists and recommend steps to foster a more robust forensic pathology community. The funding provided for this task force is insufficient to complete this work by the December 1, 2022 timeline. Additionally, it is more appropriate for the Office of Financial Management to convene this data work group. For these reasons, I have vetoed Section 222(81).

Section 222(86), pages 433-434, Department of Health, Behavioral Health Work Group

This section provides funding for the Department of Health to convene a work group to study the root cause of behavioral health issues in Washington communities. The work group is required to provide a progress report to the governor and Legislature by December 15, 2022, and a final report with recommendations by June 30, 2023. The funding provided was insufficient to complete the work within the required timeframe. For this reason, I have vetoed Section 222(86).

Section 308(42), page 547, Department of Fish and Wildlife, Salmon Data Analysis and Modeling

This section provides funding to improve salmon population data analysis and modeling to better manage salmon fisheries and collaborate with tribal co-managers on fisheries allocations as part of the North of Falcon process. This proviso also requires the Department of Fish and Wildlife to make all state-generated documents and notes that were part of the North of Falcon process available for public review once the process is completed. I support this funding and enhancing our ability to manage fisheries. However, it is

important for the state and tribal co-managers to have successful sovereign-to-sovereign negotiations. The requirements in this proviso will make this more difficult. For this reason, I have vetoed Section 308(42).

Section 308(72), page 553, Department of Fish and Wildlife, Report on Annual Fishery Harvest Impacts

This section requires the Department of Fish and Wildlife to complete a report on annual fish harvest impacts from 2010-2020. Compiling this information with the level of detail required by the proviso is a more cost intensive effort than is supported by the funding provided in the proviso. For this reason, I have vetoed Section 308(72). However, I am asking the department to make available to the public the pre-season and post-season assessments of Chinook and coho escapement and harvest from the Fishery Regulation Assessment Model (FRAM) for Puget Sound and the coast for the same years.

Section 402(6), page 583, Washington State Patrol, Firefighter Apprenticeship Training Program

This section increases the funding for the firefighter apprenticeship training program by \$300,000. There is not enough revenue in the account to support this increase in expenditure. For this reason, I have vetoed Section 402(6).

Section 501(1)(a)(xiii), pages 589-590, Office of the Superintendent of Public Instruction, Out of State Special Education Services

Section 501(4)(aa), pages 603-604, Office of the Superintendent of Public Instruction, Allergic Reactions Report

Section 509(15), pages 638-639, Office of the Superintendent of Public Instruction, Services for Preschool Students with Disabilities

These sections require the Office of the Superintendent of Public Instruction (OSPI) to collect and disseminate school district data on allergic reactions, out-of-state special education services, and services for preschool students with disabilities. This data is currently not being collected at the state level and would be an administrative burden for OSPI and school districts to produce this data, especially retroactively, without a clear intent for the use of the data once collected. More clarity is needed regarding the problems to be solved so that the right types of data and analysis can be collected and completed to inform decisionmakers. For these reasons, I have vetoed Section 501(1)(a)(xiii), Section 501(4)(aa), and Section 509(15). I have asked OSPI to work with legislators to clarify the problems, identify the data needed, and devise a path forward.

Section 504(12)(b), page 620, Office of the Superintendent of Public Instruction, Transitional Kindergarten

This section requires the Office of the Superintendent of Public Instruction to establish rules regarding exceptions to uniform entry qualifications for kindergarten admission. This section caps the appropriations for transitional kindergarten at the fiscal year 2022 funding level while allowing school districts to use local levy revenue for any expansion of the program. Because this would limit school services for our young learners during and after the pandemic, I cannot support this proviso. Therefore, I have vetoed Section 504(12)(b). However, I request that the OSPI, upon the conclusion of a Washington State Institute for Public Policy study, work with agencies and stakeholders under the rulemaking authority in RCW 28A.225.160 to further define how school districts may grant

exceptions to the uniform entry qualifications based on the ability, or the need, or both, of an individual student as laid out in statute.

Section 604(39), pages 718-719, Washington State University, Columbia River Commercial Gillnet Fishery Mortality Study

This section requires the Washington State Academy of Sciences to review the Department of Fish and Wildlife's fishery-related mortality estimates for wild salmonid stocks from conventional and alternative commercial fishing gear authorized for use within the lower Columbia River nontribal salmon fisheries. Commercial fishing mortality rates have been studied by WDFW, the tribes, and universities. Mortality estimates related to Endangered Species Act-listed salmonids are already reviewed and approved by NOAA Fisheries. Although better estimates of commercial mortality could potentially be helpful, any review of fishing mortality rates should also include a review of mortality from recreational fishing. For this reason, I have vetoed Section 604(39).

The following sections provided funding to agencies to implement bills which did not pass the Legislature. Because the funding has lapsed, I have vetoed Section 103(10), Section 103(11), Section 103(14), Section 128(177), Section 128(230), Section 136(21), Section 141(10), Section 141(11), Section 218(31), Section 308(64), Section 402(18), and Section 402(19).

Section 103(10), page 8, Joint Legislative Audit and Review Committee, HB 1924, Hog Fuel Tax Exemption

Section 103(11), page 8, Joint Legislative Audit and Review Committee, SHB 1792, Hydrogen

Section 103(14), page 9, Joint Legislative Audit and Review Committee, ESSB 5004, Medical Marijuana Tax Exemption

Section 128(177), page 127, Department of Commerce, E2SHB 1099, Comprehensive Planning

Section 128(230), page 146, Department of Commerce, ESSB 5803, Wildfires/Electric Utilities

Section 136(21), page 177, Department of Revenue, SB 5983, Cannabinoid Regulations

Section 218(31), page 391, Criminal Justice Training Commission, ESB 5919, Police Use of Force

Section 308(64), page 551, Department of Fish and Wildlife, SHB 1508, Sanitary Shellfish Control

Section 402(18), page 586, Washington State Patrol, SSB 5880, Fire Sprinkler Contractors

Section 402(19), page 586, Washington State Patrol, SB 5983, Cannabinoid Regulations

For these reasons I have vetoed Sections 117(11); 117(15); 121(4); 122, page 41, lines 4-5; 122(1); 122(2); 133, page 164, lines 21-36; 134(2); 128(138); 945; 128(235); 150(8); 150(19); 211(105); 222(56); 603(83); 215(129); 222(81); 222(86); 308(42); 308(72); 402(6); 501(1)(a)(xiii); 501(4)(aa); 509(15); 504(12)(b); 604(39); 103(10);

103(11); 103(14); 128(177); 128(230); 136(21); 141(10); 141(11); 218(31); 308(64); 402(18); and 402(19) of Engrossed Substitute Senate Bill No. 5693.

With the exception of Sections 117(11); 117(15); 121(4); 122, page 41, lines 4-5; 122(1); 122(2); 133, page 164, lines 21-36; 134(2); 128(138); 945; 128(235); 150(8); 150(19); 211(105); 222(56); 603(83); 215(129); 222(81); 222(86); 308(42); 308(72); 402(6); 501(1)(a)(xiii); 501(4)(aa); 509(15); 504(12)(b); 604(39); 103(10); 103(11); 103(14); 128(177); 128(230); 136(21); 141(10); 141(11); 218(31); 308(64); 402(18); and 402(19), Engrossed Substitute Senate Bill No. 5693 is approved."
