1. Civil Penalty Process for Toll Violations

Summary:

This report is for the period October 1 through December 31, 2018 and addresses requirements in Section 209 (7) of ESSB 6106 regarding WSDOT's Toll Civil Penalty Process.

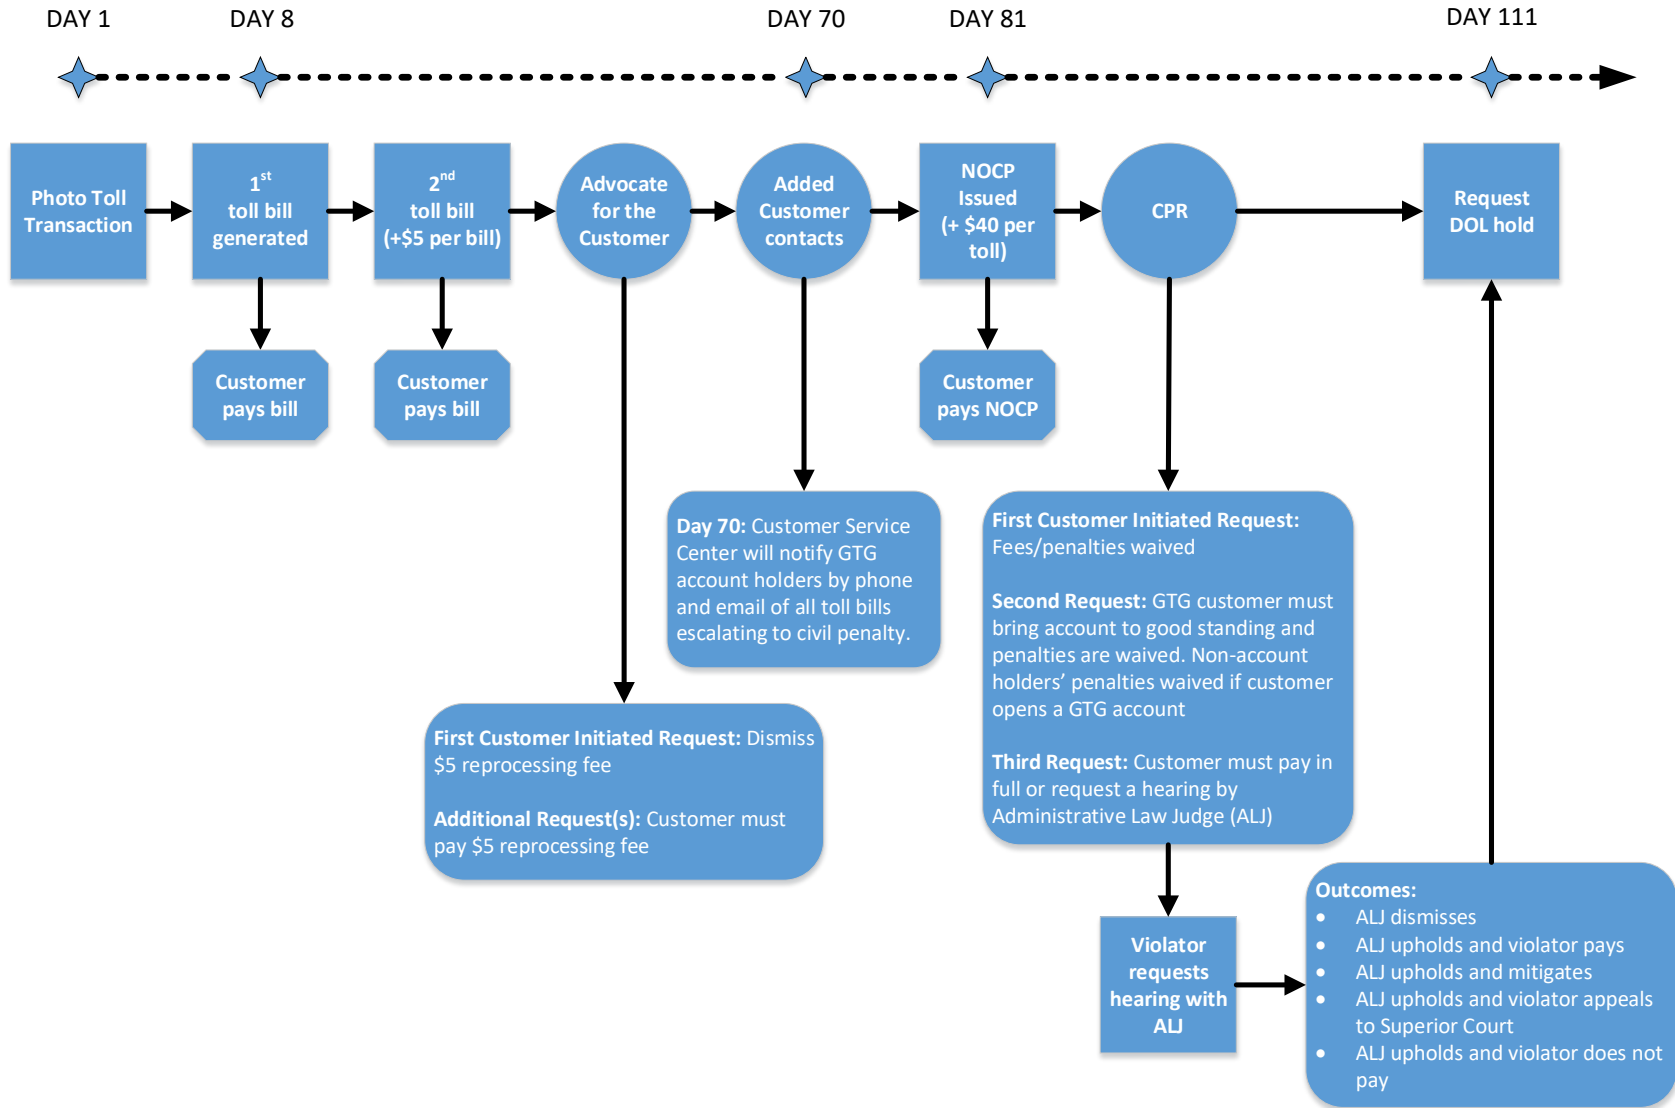

During the Second Quarter (Q2) Fiscal Year (FY) 2019 period:

- WSDOT assessed 420,422 civil penalties on unpaid toll trips
- During the same period, WSDOT recovered approximately \$888,763 in unpaid tolls and \$1.78 million in penalties and fees (these totals include cash received from uncollected civil penalty revenue from previous time periods).
- 60,989 civil penalty transactions, 14.5 percent of those issued, were paid without any dispute.
- 46 hearing requests (written and in-person) were made representing 708 civil penalty transactions, which is 0.17 percent of all civil penalties issued.

The number of unpaid toll transactions assessed a civil penalty stayed generally flat where we would have normally seen a seasonal increase. This was due to staffing attrition that operations is facing approaching transition to the new vendor and having sufficient resources to certify civil penalties. There is a backlog of unpaid transactions that have yet to be issued a civil penalty, hence we expect an increase of civil penalties in the coming quarters as the staffing issue is resolved. Currently, we are recruiting four new Customer Service Specialist, image certifier, to assist with NOCP certification backlog and will be closely monitoring this situation and report accordingly.

Figure 1 shows the current civil penalty process diagram and how the Customer Program for Resolution (CPR) is integrated with the original process. The graphic shows multiple points where the customer has an opportunity to pay or resolve overdue toll issues.

Table 1 shows the civil penalty data for this quarterly report and the accumulated year-to-date for FY 2019 (Q1 through Q4). Each line item is numbered and corresponds to the entries of the item details list.

Toll Transaction to NOCP Process

NOCP Quarterly Data Item Details (for Table 1)

- 1) The count of unpaid toll transactions assessed a civil penalty during the reporting period.
- 2) Number of customer accounts that were assessed a civil penalty after being notified of a pending civil penalty assessment within the next 10 days.
- 3) Count of civil penalty transactions related to customer accounts in Item 2 above.
- 4) Count of civil penalty transactions where the customer paid within the period to request an administrative hearing (20 days from mailing date of NOCP summary).
- 5) Number of administrative hearings requested in writing instead of appearing in person.
- 6) Count of civil penalty transactions associated with written hearing requests.
- 7) Number of administrative hearings requested in person as opposed to a hearing through written correspondence.
- 8) Count of civil penalty transactions associated with in-person hearing requests.
- 9) Count of civil penalty transactions with no response during period to request an administrative hearing (20 days from mailing of NOCP summary).
- 10) Number of administrative hearings (both in person and in writing) during the reporting period.
- 11) Count of civil penalty transactions associated with administrative hearing requests during the reporting period.
- 12) Count of customer contacts related to the customer relief programs. This includes both the Customer Program for Resolution (CPR) and the civil penalty mitigation program (components of SSB 5481 – Customer Service Reform)
- 13) Count of civil penalty transaction for which the civil penalty and other associated fees were waived.
- 14) The dollar value of the civil penalties and fees which were waived (Item 13).
- 15) The civil penalty revenue that is reported on the AFS Quarterly Financial Statements.
- 16) The dollar value of the tolls portion of the civil penalty transactions which were collected during the reporting period. The amount may include cash recognized as revenue in previous quarters.
- 17) The dollar value of the civil penalties and fees portion of the civil penalty transactions which were collected during the reporting period. The amount may include cash recognized as revenue in previous quarters.
- 18) Sum of tolls, civil penalties and fees collected related to civil penalty transactions which were collected during the reporting period (sum of note 16 and note 17). The amount may include cash recognized as revenue in previous quarters.
- 19) Expenditures related to debt collection activities for the reporting period. Expenditures include; WSDOT staff, consultant support, credit card fees, NOCP summary postage and mailing costs, and administrative hearing costs such as OAH (hearing officers) and courtroom security (security officers).
- 20) Net cash is the difference between the total amount of tolls, civil penalties and fees (note 18) and civil penalty expenditures (note 19).

2. Customer Service Center Procurement

This report is for the period October 1 through December 31, 2018 and addresses requirements in Section 209 (6) of ESSB 6106 regarding the completion of the procurement and implementation process for the toll back office system and customer service vendors. This report addresses the overall progress toward procuring a new tolling customer service center, the new Back Office System (BOS) implementation and the department's effort to mitigate risk to the State.

Overall Progress

Continuing the work to date, the Toll Division performed the following work in FY 2019 Q2:

Existing contract strategy to extend services with the current vendor Electronic Transaction Consultants Corporation (ETCC): WSDOT and ETCC completed the negotiations for the extension of the term of the existing contract. The contract extension includes optional monthly extensions through mid-2019, to ensure continuity of operations and to maintain flexibility through the transition period.

BOS Implementation Project Activity: During FY 2019 Q2, WSDOT continued work as follows:

- Continued Milestone 3 final design progress
 - Primary focus on completion of the development efforts.
- Continued progress on remaining concurrent Milestones 4 (procurement of hardware/network infrastructure for the future CSC and provisioning of primary and disaster recovery data centers), 5 (installation and testing), and 6 (training).
 - Factory Acceptance Testing of the system began in late December.
- Continued internal and external BOS project lead and status meetings, expanding to weekly meetings with vendor and WSDOT executive teams.
- Continued Monthly Risk Assessment and Program Budget meetings.
- Continued stakeholder engagement with OFM, Legislative Staff, Office of Chief Information Officer (OCIO), Joint Transportation Committee (JTC), Washington State Transportation Commission (WSTC), Department of Licensing (DOL), Toll Steering Committee, and Toll Executive Committees.
- Continued OFM and OCIO monthly project meetings. OCIO representatives participate in monthly Toll Steering Committee meetings along with Independent Verification & Validation (IV&V) and Quality Assurance (QA) staff.
- Security design review underway:
 - The vendor and the Toll Division have collaboratively compiled the checklist, which is under review by the Office of Cyber Security at OCIO.
- Ongoing coordination between new and legacy vendors to facilitate data migration efforts continue.
 - Work is progressing on the set up of a direct site-to-site VPN connect between the new and legacy vendors, which will facilitate and expedite the data migration process.
- Network and CSC infrastructure coordination with BOS vendor and operations vendor continues. New CSC IT room sizing specs completed.

- Transition planning underway with coordination between the BOS vendor, CSC operations vendor, legacy vendor and WSDOT.

Operations Project:

- Updated project plan and schedule based on new system go-live date.
- Completed negotiations, executed leases and started build out for new CSC and three new walk-in center locations (WIC):
 - New CSC with WIC will be located in Renton, WA.
 - New WIC near Alderwood Mall in Lynnwood, WA.
 - New WIC in Gig Harbor, WA, about 1.5 miles from current Gig Harbor WIC location.
- New CSC operations vendor filled all key personnel staff positions that will manage the call center.
- WSDOT continues to review and approve various planning and operations documentation provided by the new CSC operations vendor.
- WSDOT, the new CSC operations vendor and the legacy vendor agreed to an approach to provide updates on transitions to current CSC staff.
- WSDOT and the new CSC operations vendor continue to help review BOS test procedures and other implementation documentation.

Implementation Plan and Process

WSDOT learned in November 2018 that additional delay past the agreed-upon February 15, 2019 date was likely. By the end of November, WSDOT had received a re-baselined schedule from the vendor showing a mid-May 2019 go-live date.

The project team continues to meet internally on a weekly basis to plan and execute the remaining work in upcoming milestones while providing review of critical path, final design vendor deliverables and data migration related activities. Workshops are held routinely to discuss resolve deliverable comments, or to identify training needs and transition elements affecting staff and vendors. The implementation contract is divided into two phases:

- **Phase 1** includes replacement of existing core functionality as well as new customer account and payment options and a more modern and user friendly website.
- **Phase 2** includes agency interoperability, collections functionality and increased trip building capability, which are functions delivered outside of the current core functionality.

Mitigation Measures

The Toll Division has taken steps to mitigate risk to the department and the State. The contract with ETCC, our existing BOS and CSC vendor, has been extended with optional monthly extensions through mid-2019, which will provide stability and flexibility as the department works with the new vendors to implement the BOS and CSC operations. WSDOT continues to closely monitor the current vendor performance from both BOS and CSC operations perspectives. With the new BOS vendor implementation underway, WSDOT has contracted with the legacy vendor to deliver and support BOS data migration and operations transition support.

Next Steps

In FY 2019 Q3, WSDOT will continue to perform work in three primary areas: (1) CSC Operations Project Implementation: (2) Migration and transition support from our legacy vendor, and (3) BOS Project Implementation, as described below.

1. CSC Operations Project Implementation: Parallel with the BOS implementation, this project selects the new call center and WIC facilities, including buildout, staffing, CSC operations, and management. Tasks include:
 - Update project plan and schedule based on new system go-live date.
 - Complete build out, including furniture installation, in all new call center facilities.
 - Begin hiring call center training and lead staff.
 - Hold open house for existing CSC operations vendor staff and keep updated on hiring schedule.
 - Continue to support BOS test planning and testing.
2. Support from Legacy Vendor: Continue working with ETCC as they provide support for the operations transition and data migration activities through go-live.
3. BOS Project Implementation:
 - Continue to complete portions of concurrent milestones. Milestone 3: Final Design, Milestone 4: Procurement (Hardware/Software), and Milestone 5: Installation & Testing. Remaining Phase 1 milestones will be ongoing until go-live.
 - Review and approval of key BOS documentation.
 - Factory Acceptance Test (FAT) procedures and Integration and Commissioning Test (ICT) procedures.
 - Training Materials and Manuals
 - Complete FAT and ICT system test execution
 - Continue internal project action item and decision progression through vendor development and testing sequences.
 - Continue data migration planning analysis and mapping from additional data extractions and trial migrations.
 - Continue cross-vendor management for CSC and WIC infrastructure build out.
 - Continue stakeholder engagement.

WSDOT will continue to monitor alignment of the BOS implementation with the SR 99 Alaskan Way Viaduct demolition completion timeline.

3. Consultant Reporting

Legislative Request

As required by Section 209 (7) of ESSB 6106, the following is the report to the Governor and the Transportation Committee of the Legislature on the use of consultants in the toll operations budgets for FY 2018 and FY 2019. The report includes the name of all consultants, the scope of work, the type of contract, timeliness, and deliverables and any new task orders and extensions added to the consulting contracts during the quarter reported.

Terms Defined

For the purpose of this report the requested items were interpreted to mean the following:

Consultant: a contractor providing personal services to the Toll Division of WSDOT.

Scope of work: a general description of the contracted services.

Type of contract: contract categorization according to the Washington State Department of Enterprise Services (DES).

Timeliness: the status of task activity during the biennium.

Deliverables: a list of work products delivered during the biennium.

Summary Report, Expenditures

The Toll Division’s 2017-19 Biennium Program B Budget is \$135,540,000. The following is a summary of the Toll Division’s consultant contracts and associated Program B expenditures through the second quarter of FY 2019 (sixth quarter of the biennium):

Consultant Name	Contract Number	Title	Task Authorization Value	Total Invoiced Through 2019 Q2 (FY 2019)	Cumulative Invoiced
AECOM Technology Corporation	Y11503	Tolling Expert Review Panel	\$300,000	\$5,931	\$156,572

Consultant Detail

AECOM Technology Corporation

Contract Type: Personal Service Contract

Scope Summary: AECOM shall convene a subgroup of the Toll Division’s previous Expert Review Panel (ERP) to assist in evaluation of the options available to the STATE for providing tolling operations full back office and customer services. This subgroup will focus on operations, systems and customer services only.

Timelines: 12/12/2013 through 12/31/2017

Deliverables: Reports and presentations of the evaluation results for the Secretary, Transportation Commission, and Legislative Committees.

Contract Number	Title	Work Order	Task Authorization Value
Y11503	Tolling Expert Review Panel	TF0041, TF0042, TF0043, TF0044, TF0045	\$300,000

Anthro-Tech, Inc.

Contract Type: Personal Service Contract

Scope Summary: To support the Back Office System (BOS) online Customer Service Center (CSC).

Timelines: 1/20/2016 through 12/31/2019

Deliverables: Usability assessment design support and web accessibility review.

Contract Number	Title	Work Order	Task Authorization Value
K1036	BOS Web Development Interface Support	TF0041, TF0042, TF0043, TF0044, TF0045	\$175,000

CDM Smith, Inc.

Contract Type: Personal Service Contract

Scope Summary: Assess the revenue potential of tolling the existing SR 520 Bridge to support bond sales through the development of an investment grade revenue study. CDM Smith provides monthly estimated breakouts of toll forecast system for determining seasonal, monthly, and daily variations. In addition, developed methodology and performed analysis in support of monthly forecast to actual traffic and revenue reporting.

Timelines: 9/1/2015 through 12/31/2017

Deliverables: Traffic and revenue forecast to actuals analysis – Update the toll model developed by CDM for prior SR 520 forecasts by updating economic forecast using its independent techniques, incorporating data gathered and analysis conducted, generate revised traffic and gross toll revenue potential forecast, perform basic input parameter sensitivity tests, perform additional alternative forecasts as requested and participate in forecasting processes.

Contract Number	Title	Work Order	Task Authorization Value
Y11721	SR 520, Investment Grade Traffic & Gross Revenue Forecast	TF0009	\$185,869

CliftonLarsonAllen, LLP

Contract Type: Personal Service Contract

Scope Summary: An independent audit of the Washington State System of Eligible Toll Facilities (the SR 520 Tolling System Financial Statements), with sufficient audit work necessary to express an opinion on the fair presentation of the financial statements under generally accepted auditing standards as established by the Auditing Standards Board of the American Institute of Certified Public Accountants, as required by the SR 520 bond covenants.

Timelines: 4/16/2013 through 4/15/2018

Deliverables: The deliverables for this contract include entrance and exit conferences with WSDOT executives, semi-monthly progress reporting, final audit report and work papers, and a presentation to the Washington State Transportation Commission.

Contract Number	Title	Work Order	Task Authorization Value
K723	SR 520 Tolling System Financial Statements Audit	TF0009	\$447,631

CliftonLarsonAllen, LLC

Contract Type: Personal Service Contract

Scope Summary: Conduct an independent audit of the SR520 Tolling System Financial Statements (Washington State System of Eligible Toll Facilities). The audit must be performed with sufficient audit work necessary to express an opinion on the fair presentation of the SR520 Tolling System Financial Statements under Generally Accepted Auditing Standards (GAAS) as established by the Auditing Standards Board of the American Institute of Certified Public Accountants (AICPA).

Timelines: 4/15/2018 through 4/15/2019

Deliverables: Conduct an entrance meeting with WSDOT, identify critical audit areas and significant provisions of laws and regulations, perform a preliminary overall risk assessment, establish a protocol and timetable for the fieldwork phase of the audit, test controls over certain key cycles, and provide WSDOT with status reports during the course of the audit fieldwork. As in all phases of the audit, the CONTRACTOR will be in communication with WSDOT to determine that all identified issues are resolved in a timely manner. The CONTRACTOR will also hold a final exit conference with WSDOT to summarize the results of the fieldwork and review significant findings. The CONTRACTOR will provide an Independent Auditors' Report and Management Letter, and also make a formal presentation of the results of the audit to those charged with governance of the WSDOT, if requested.

Contract Number	Title	Work Order	Task Authorization Value
K1170	SR 520 Tolling System Financial Statements Audit	TF0009	\$102,000

EnviroIssues, Inc.

Contract Type: Personal Service Contract

Scope Summary: The Consultant is supporting WSDOT with communications, government relations, and team management strategy for the Toll Division.

Timelines: 10/3/2016 through 3/31/2018

Deliverables: Agenda's and technical review recommendations report, communications and governmental relations support.

Contract Number	Title	Work Order	Task Authorization Value
Y11888-AE	Tolling Division Communications and Government Relations Support	TF0006, TF0007, TF0008, TF0009, TF0014	\$212,407

Fagan Consulting, LLC

Contract Type: Personal Service Contract

Scope Summary: FAGAN CONSULTING (CONSULTANT) has been directed by the DIRECTOR OF TOLLING to convene an Expert Review Panel (ERP) to assist WSDOT (STATE) by providing independent industry review, advice and feedback as requested on any toll business practice, with a near term focus on implementing new back office and customer service vendor contracts at the end of the current vendor's contract term. To the extent possible it is desired to maintain continuity with the previous Toll Division Expert Review Panel to take maximum advantage of knowledge and history gained through experience with the WSDOT toll program.

Timelines: 9/4/2018 through 6/30/2022

Deliverables: Provide agendas, meeting notes, evaluation and options memos, document review memos, and monthly progress reports.

Contract Number	Title	Work Order	Task Authorization Value
Y12212	Tolling Expert Review Panel	TF0008	\$148,000

IBI Group:

Contract Type: Personal Service Contract

Scope Summary: The SR 520 Master Bond Resolution provides requirements for the issuance of bonds. One such requirement is for an annual independent review of operations and maintenance (O&M) assumptions and costs for the SR 520 program and certification that the assumptions and costs are reasonable

Timelines: 1/1/2015 through 6/30/2019

Deliverables: Certification and report on the review of the assumptions for operations and maintenance costs. Review and certify the reasonableness of Repair and Replacement (“R&R”) and Operations and Maintenance (“O&M”) cost estimates prepared by the STATE in compliance with SR 520 Master Bond Resolution.

Contract Number	Title	Work Order	Task Authorization Value
Y11526	SR 520 Master Bond Resolution	TF0009	\$193,083

Jacobs Engineering Group, Inc.

Contract Type: Personal Service Contract

Scope Summary: A broad spectrum of management and technical services via an integrated toll management team, including a co-located staff, as well as offsite services as needed.

Timelines: 7/6/2010 through 6/30/2021

PCG will perform a read for information (FYI) or review and provide input of agreed upon project artifacts anticipating under the pre-implementation planning phase of the CSC BOS vendor. Work collaboratively with the WSDOT project team to provide expert advice that will contribute to the overall success of the project. Provide independent bi-weekly status reports that are reflection of best practices, industry standards, and the knowledge and experience of the team.

Timeliness: 4/10/2017 through 6/30/2019

Deliverables: Participate in Project Management meetings, create the QA plan, review the investment plan, conduct QA reviews and create written report status of the project readiness assessment, address risk areas that can affect or delay the project, review project change requests, continuously update the Quality Records

Library, and on-going/regular assessment of project plan, schedule, project status reporting, and execution of project management plan.

Stantec Consulting Services, Inc.

Contract Type: Personal Service Contract

Scope Summary: Primary focus is to provide core resource staff for traffic and revenue forecasting and analytical support of the Toll Division.

Timelines: 5/1/2017 through 6/30/2021

Deliverables: Deliverables as requested by the state. Examples include traffic forecasting, impact analyses, revenue projections, and feasibility studies.

Contract Number	Title	Work Order	Task Authorization Value
Y11392-AJ	SR 520 Traffic and Revenue Study (Phase II)	TF0009	\$704,173
Y11392-AK	TNB Traffic and Revenue Study	TF0007	\$93,194
Y11392-AM	I405 and SR167 Traffic and Revenue Updates	TF0006, TF0014	\$254,815

Contract Y11392-AJ

Scope Summary: Stantec, as the statewide traffic and revenue consultant is tasked to develop a traffic and revenue forecast for SR 520 Toll Bridge. The forecast is required under SR 520 Master Bond Resolution (MBR). The results of the forecast support the debt coverage sufficiency analysis by Office of State Treasury (OST), the toll rate verification process by Transportation Commission, and the quarterly revenue forecast update by State Traffic and Revenue Forecast Council (TRFC).

Timelines: 5/1/2017 through 6/30/2019

Deliverables: Various memorandums in support of a final report for a traffic and revenue forecast detailing approach and methodology on an annual basis. A Traffic and Revenue forecast certificate on an annual basis.

Contract Y11392-AK

Scope Summary: The purpose of this task order is to develop traffic and revenue estimates for the Tacoma Narrows Bridge (TNB) to support the bond financing.

Timelines: 8/28/2017 through 6/30/2019

Deliverables: Finalize the overall project schedule including the identification of key milestones and deliverables, review historical travel patterns on the Tacoma-Narrows Bridge and analyze prior traffic response to toll increases (or decreases), provide two updates of the recently constructed model to develop a baseline traffic and revenue forecast for the TNB for FY 2018 and FY 2019 plus two additional forecast updates to incorporate rate change decisions made by the Transportation Commission in Spring 2018 and Spring 2019, track the monthly performance of the TNB, coordinate with and provide support for the STATE during the rate setting process for both FY 2018 and FY 2019, including any support as requested for the Transportation Commission's TNB Toll Payer Relief work group study.

Contract Y11392-AM

Scope Summary: The purpose of this task order is to provide annual updates to the I-405 ETL and SR 167 HOT Lanes T&R forecast as part of the November Transportation Revenue Forecast Council (TRFC) cycle.

Timelines: 9/25/2017 through 6/30/2019

Deliverables: Finalize the overall project schedule including the identification of key milestones and deliverables, review historical travel patterns on the I-405 ETLs and SR 167 HOT Lanes and analyze traffic, update the recently developed I-405 ETLs/SR 167 HOT Lanes forecast model to incorporate recent performance, estimate the annual adjusted gross toll revenue projections from the forecasts of gross toll revenue potential and toll plus toll-free trips, provide civil penalty and transponder sales forecasts, track the monthly performance of the I-405 ETLs Traffic and Gross Revenue Potential, coordinate with and provide support for the STATE to analyze any potential changes to the toll policy assumptions.

WSP USA, Inc.

Contract Type: Personal Service Contract

Scope Summary: Prepare updated SR 520 and SR 99 Annual Net Revenue Forecast, provide SR 520 and SR 99 Toll Policy/Rate Setting support, and provide on-going financial planning and analysis support for SR 520, I-405 and SR 99 upon toll commencement (additional facilitates may be added as needed).

Timelines: 7/18/2018 through 6/30/2021

Deliverables: SR 520 and SR 99 Toll Collection O&M and R&R cost memorandum, combined Facility Cost Tech Memorandum, revenue adjustment forecasts, net revenue projections, toll policy and financial planning support and documentation. Update monthly T&R tables, assist on tolled facilities financial plans, including by not limited to for SR 520, I-405 and SR 99 upon toll commencement, and provide meeting notes (if needed), presentation materials, charts and/or tables.

Contract Number	Title	Work Order	Task Authorization Value
Y12188	Toll Financial Support	TF0009, TF0014	\$1,750,000

4. Vendor and Non-Vendor Expenditures

Legislative Request

As required by Section 209 (7) of ESSB 6106, the following is the quarterly report to the governor and the transportation committees of the Legislature on the non-vendor costs of administering toll operations. This includes the costs of staffing the division, consultants and other personal service contracts required for technical oversight and management assistance, insurance, payments related to credit card processing, transponder purchases and inventory management, facility operations and maintenance, and other miscellaneous non-vendor costs and the vendor-related costs of operating tolled facilities. In addition, it includes the costs of the customer service center, cash collections on the Tacoma Narrows Bridge, electronic payment processing, toll collection equipment maintenance, renewal, and replacement.

<u>Non-Vendor Expenditures¹</u>	<u>FY 2019 Q1</u>	<u>FY 2019 Q2</u>	<u>FY 2019 Q3</u>	<u>FY 2019 Q4</u>	<u>FY 2019 to Date</u>	<u>Biennia to Date</u>
WSDOT Staff	1,255,313	1,255,051			\$ 2,510,364	\$ 7,249,068
Consultants	910,164	1,372,005			\$ 2,282,169	\$ 6,721,312
Bridge Insurance	3,852,397	11,787			\$ 3,864,184	\$ 7,393,346
Credit Card and Bank Fees	1,203,260	1,064,791			\$ 2,268,052	\$ 6,542,859
Transponder Costs	343,116	292,021			\$ 635,137	\$ 1,879,207
Pay by Mail	737,334	575,046			\$ 1,312,379	\$ 3,876,806
Washington State Patrol	316,390	124,708			\$ 441,098	\$ 1,402,374
Other Miscellaneous Non-Vendor Expenditures ²	540,561	582,759			\$ 1,123,319	\$ 3,119,995
Quarterly Non-Vendor Expenditures	\$ 9,158,534	\$ 5,278,168			\$ 14,436,703	\$ 38,184,968

<u>Vendor Expenditures³</u>	<u>FY 2019 Q1</u>	<u>FY 2019 Q2</u>	<u>FY 2019 Q3</u>	<u>FY 2019 Q4</u>	<u>FY 2019 to Date</u>	<u>Biennia to Date</u>
CSC Vendor ⁴	5,876,060	5,524,476			\$ 11,400,536	\$ 21,707,221
Cash Collections (SR-16 Tacoma Narrows Bridge)	848,856	853,989			\$ 1,702,845	\$ 4,158,190
Electronic Payment Processing (SR-16 Tacoma Narrows Bridge) ⁵	17,407	15,607			\$ 33,015	\$ 86,890
Toll Collection System Operations and Maintenance ⁶	272,768	382,118			\$ 654,886	\$ 2,205,809
Office of Administrative Hearings	6,477	1,006			\$ 7,482	\$ 25,805
Other Miscellaneous Vendor Expenditures ⁷	938	623			\$ 1,561	\$ 10,428
Quarterly Vendor Expenditures	\$ 7,022,506	\$ 6,777,819			\$ 13,800,325	\$ 28,194,344
Combined Quarterly Expenditures	\$ 16,181,040	\$ 12,055,987			\$ 28,237,027	\$ 66,379,311

Notes:

- 1) Non-vendor expenditures include both regular toll operations and civil penalty program expenditures.
- 2) Other Non-vendor expenditures includes: misc. CSC letters, out of state lookups, NOCP mailings, rent, supplies/materials, computers, telephones, data, and TEF charges.
- 3) Vendor expenditures include vendors who support both regular toll collection and civil penalty programs.
- 4) CSC Vendor includes both vendors who support CSC systems and operations (ETCC and ETAN).
- 5) Electronic payment processing are expenditures related to credit card payments at the SR16 TNB toll booths.
- 6) Toll Collection System Operations and Maintenance includes RTS Vendor expenditures.
- 7) Other vendor expenditures includes civil penalty support provided by Fife Municipal Court and Phoenix Security.

Notable

- General Tolling Consultant activity increased due to more testing and support for the new BOS project, and more activity related to financial forecasting.
- Credit Card and Bank Fees are lower because toll trips tend to be lower during the Fall months.
- Transponder Costs tend to be lower in the Fall months in conjunction with fewer toll trips.
- Pay by Mail usage tend to be lower in the Fall months in conjunction with fewer toll trips.
- Washington State Patrol reduced enforcement hours to stay within biennium budget, and summer months usually have more enforcement due to longer daylight hours.
- Electronic Payment Processing in the toll booths are lower in the Fall months due to lower toll trips.
- Office of Administrative Hearings are lower due to a reduced number of customer requests for administrative hearings related to Notice of Civil Penalties.
- Other Miscellaneous Vendor Expenditures are lower due to a reduced number of customer requests for administrative hearings related to Notice of Civil Penalties.
