Introduction

There have been longstanding national trends—predating the passage of the Affordable Care Act and implementation of Medicaid Expansion—toward an increasing number of employers faced with rising employee health care costs choosing to (a) drop health care benefits for their employees or (b) pass on to their employees a greater share of coverage costs. As a consequence, there have been trends towards more employees and their dependents applying for health care supported with public funds. In response to these trends, the 2006 State Legislature enacted Engrossed Substitute House Bill (ESHB) 3079. This legislation directed the Department of Social and Health Services (DSHS) and the Health Care Authority (HCA), in coordination with the Employment Security Department (ESD), to report annually on the employment of Medical Assistance clients.

This report provides both aggregate and employer-specific data related to clients covered by the Washington State Health Care Authority's Apple Health Care (AHC) program, and non-client individuals with dependents who have AHC coverage, as specified in the legislation (enacted as Chapter 264, Laws of 2006 and codified in RCW 74.09.053 and RCW 70.47.170). Governor Gregoire signed ESHB 3079, but vetoed the emergency clause included in the bill. The Governor's veto message urged caution when interpreting data provided in this report:

The employer information to be provided by the Health Care Authority (HCA) and the Department of Social and Health Services (DSHS) is not a requirement for enrollment or eligibility. Consequently, data contained in the reports will have been provided on a voluntary basis, and will be unverified. The two reports—an employer specific report and an aggregated report—will originate from separate sources. Therefore, they will not be comparable. The reports will also be based on a point-in-time data collection and will therefore not reflect changes in employment status. These data limitations must be considered when interpreting the reports.

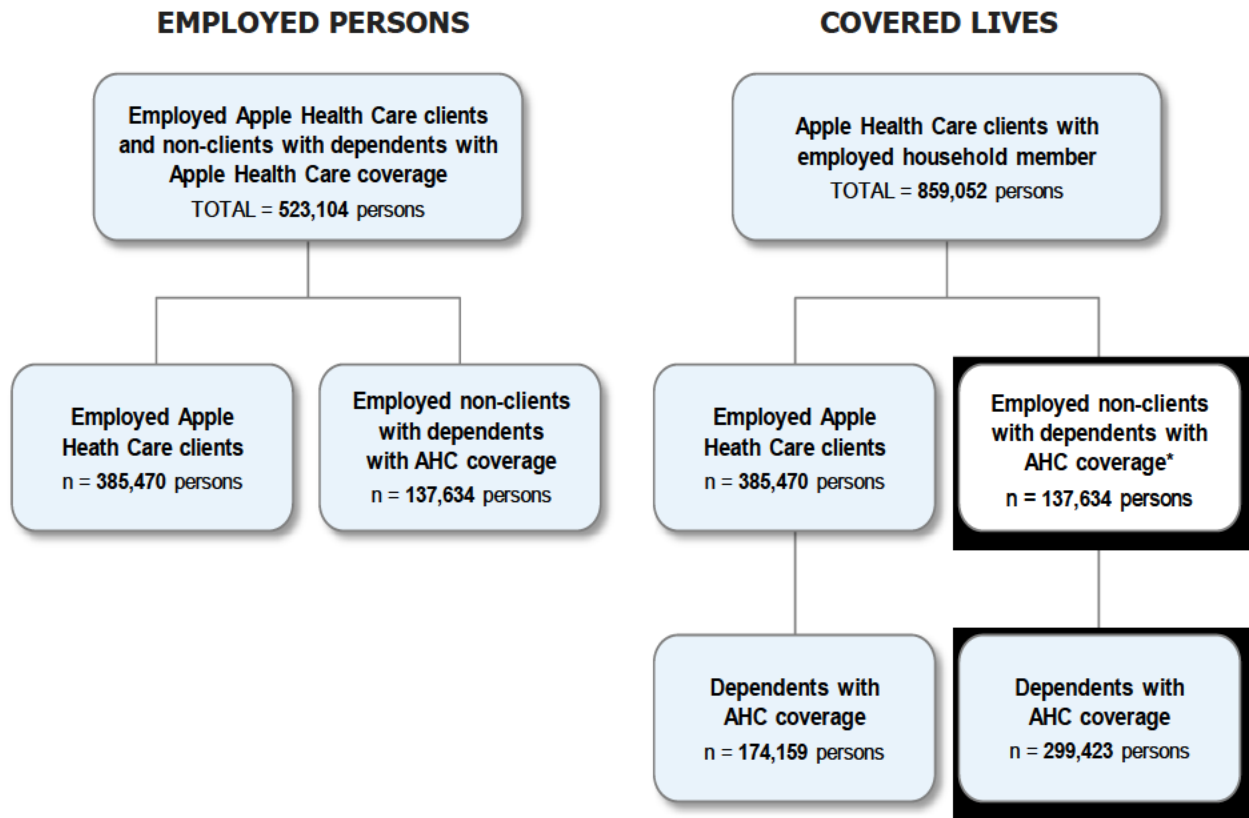

Please see the Data Sources and Limitations section on page 7 for a discussion of additional data limitations associated with this report.

ESHB 3079 directs the provision of two separate sets of information related to AHC clients and non-client individuals with dependents who are AHC clients:

- Aggregate data for calendar year (CY) 2016 by industry, firm size, and public/private ownership type. These data are based on ESD quarterly wage data.
- By-firm data for January and June 2017 for employers associated with 50 or more persons with AHC coverage. These data are derived from the DSHS Automated Client Eligibility System (ACES). Due to the required reporting deadline and data availability limitations, April 2017 data are reported in place of June 2017.

Key Findings

Figure 1. Overview of Counts of Employed Individuals with Apple Health Care (AHC) Coverage and Covered Dependents of Employed Non-Client Individuals – Average per quarter in CY 2016

*Does not add to covered lives count.

1. In the average quarter in CY 2016, there were 1,869,927 persons with Apple Health Care coverage, excluding clients who received only family planning coverage.
2. In the average quarter in CY 2016, there were 385,470 persons with Apple Health Care coverage and ESD-reported earnings in the quarter (see Table 2A “All Firms”). This represents about 21 percent of all persons with Apple Health Care coverage in the average quarter in CY 2016.

3. The 385,470 employed Apple Health Care clients had 174,159 dependents with Apple Health Care coverage, for an average quarterly total of 559,629 covered lives (see Table 2B “All Firms”). This is 30 percent of all persons with Apple Health Care coverage in the average quarter in CY 2016.
4. We use the term “employed non-client individuals with dependents with Apple Health Care coverage” to refer to employed persons who do not have Apple Health Care coverage, but who have dependents with Apple Health Care coverage. In the average quarter in CY 2016, there were 137,634 employed non-client individuals with dependents with Apple Health Care coverage (see Table 3A “All Firms”). There were 299,423 dependents with Apple Health Care coverage associated with these employed non-clients (see Table 3B “All Firms”). This represents 16 percent of all persons with Apple Health Care coverage in the average quarter in CY 2016.
5. Combining employed Apple Health Care clients and non-clients, there were 523,104 employed Apple Health Care clients or non-client individuals with dependents with Apple Health Care coverage in the average calendar quarter in CY 2016 (see Table 1A “All Firms”).
6. In the average quarter in CY 2016, there were 859,052 Apple Health Care covered lives associated with the 523,104 employed Apple Health Care clients and non-client individuals with dependents with Apple Health Care coverage (Table 1B “All Firms”). This represents 46 percent of all persons with Apple Health Care coverage in the average quarter in CY 2016.
7. The 523,104 employed Apple Health Care clients and non-client individuals with dependents with Apple Health Care coverage in CY 2016 represented a 7 percent increase over the comparable number of 489,391 employed clients and non-clients observed in CY 2015. This increase is likely due to the continued growth in Medicaid coverage under the Affordable Care Act.
8. In CY 2016, about 62 percent of employed Apple Health Care clients and non-client individuals with dependents with Apple Health Care coverage worked for firms with more than 50 employees (see Table 1A “By Firm Size”).
9. Employed non-client individuals with dependents with Apple Health Care coverage worked more hours than employed Apple Health Care medical clients. More than half (56 percent) of non-client individuals with dependents with Apple Health Care coverage worked full-time (more than 455 hours) in the quarter (Table 3A “All Firms”), compared to only 23 percent of employed Apple Health Care clients (Table 2A “All Firms”).

10. There were about 9.9 million months of HCA medical coverage in CY 2016 associated with employed Apple Health Care clients and non-client individuals with dependents with Apple Health Care coverage. About 66 percent of the months were associated with employed Apple Health Care clients (6.5 million coverage months), and about 34 percent were associated with employed non-client individuals with dependents with Apple Health Care coverage (3.4 million coverage months).
11. Estimated HCA medical and DSHS mental health expenditures for the months of coverage associated with employed Apple Health Care clients and non-client individuals with dependents with Apple Health Care coverage were \$2.845 billion in CY 2016 (all funds). Of this total, approximately \$2.3 billion were associated with employed Apple Health Care clients, and \$583 million were associated with employed non-client individuals with dependents with Apple Health Care coverage.
12. Associated annual Apple Health Care coverage costs were greatest for persons employed in the following industries: Health and Social Assistance (\$476 million); Retail Trade (\$388 million); and Accommodation and Food Services (\$368 million).
13. Almost all (91.5 percent) of the annual Apple Health Care coverage costs were associated with private employers (\$2.6 billion), as opposed to public employers (\$241 million).
14. Detailed information for the largest employers of Apple Health Care clients and non-client individuals with dependents with Apple Health Care coverage can be found in the supplemental tables at the end of this report.

Employment Trends for Apple Health Care Clients and Non-Clients with Covered Dependents

The table below provides an overview of the trend in the proportion of HCA medical clients associated with employment from 2005 to 2016, as identified using ESD quarterly earnings data. Some of the year-to-year variation in the table below is the result of slight changes in data processing methods over the reporting period. Since the Basic Health Plan (BHP) has been eliminated, BHP enrollees are excluded and the data only reflects HCA Medicaid trend information.

Table 1. Employment and Coverage Trends for Apple Health Care Clients and Non-Clients with Covered Dependents

	Employed Clients and Non-Clients with Covered Dependents	Average Quarterly Covered Lives Associated with Employment	Average Quarterly Total Apple Health Care Enrollment	Percent of Total Apple Health Care Enrollment Associated with Employment
CY 2005	240,062	425,765	936,860	45%
CY 2006	243,114	427,448	908,870	47%
CY 2007	231,111	404,026	915,322	44%
CY 2008	256,489	440,925	975,218	45%
CY 2009	259,628	453,695	1,054,239	43%
CY 2011	307,202	504,926	1,165,487	43%
CY 2012	308,822	515,264	1,165,942	44%
CY 2013	301,389	484,328	1,166,612	42%
CY 2014	416,521	705,696	1,622,883	43%
CY 2015	489,391	818,539	1,806,243	45%
CY 2016	523,104	859,052	1,869,927	46%

Data Sources and Limitations

Aggregate data by industry, firm size, and public/private ownership type are based on ESD quarterly earnings data and monthly medical eligibility data for CY 2016. ESD earnings data do not include self-employment, federal government employment, or unreported earnings.

By-firm data are based on ACES employer name data linked to medical eligibility data for January and April 2017. ACES employer name information does not permit the identification of separately owned franchises operating under the same business name. The employer name information used in this report is self-reported, is not a required element of the application for public assistance and is not independently verified by staff. Employer rankings are based on the average monthly number of employed persons associated with HCA medical clients in January and April 2017.

The creation of “households” for these analyses depends on assistance unit information in the ACES data system. From the perspective of creating household units from ACES data, limitations are likely to become more significant for measurement as more covered lives have medical eligibility determined outside of the ACES data system.

The tables report the number of employed Apple Health Care clients and non-clients with covered Dependents, and the associated “member months” by type of coverage. Coverage type was determined based on ProviderOne Recipient Aid Category (RAC) codes.

The Family Medical / Pregnant Women coverage group includes persons receiving TANF and related “classic” Medicaid medical coverage, as well as persons enrolled in Medicaid coverage for low-income pregnant women.

The Apple Health for Kids program provides medical coverage to children in families that do not meet Temporary Assistance for Needy Families (TANF) eligibility criteria but have household income below 200 percent of the Federal Poverty Guideline (FPL) through Medicaid funding, 300 percent of FPL through the Children’s Health Insurance Program (CHIP) funding, and up to 300 percent of the FPL for non-citizen children through the Children’s Health Program (CHP). This coverage group also includes a small number of children enrolled in Foster Care or Adoptions Support coverage.

The New Adult coverage group includes adults eligible for expanded Medicaid coverage under the Affordable Care Act.

The Persons with Disabilities coverage group includes persons enrolled in Medicaid Disabled or Blind coverage groups.

The “Other” coverage group includes a small number of persons receiving HCA medical coverage through programs for refugees and the elderly. Clients who received family planning coverage only were excluded from the analysis.

Employed non-client individuals with dependents with Apple Health Care coverage were counted if they were part of a household with at least one person who received Apple Health Care coverage. To be counted, the employed person had to be identified as the head of household, spouse, or unmarried co-parent of a child in common with the head of household.

Counts of employed clients or non-client individuals with dependents with Apple Health Care coverage were associated with a single "primary employer" in each month. The vast majority of employed clients or non-client individuals with dependents with Apple Health Care coverage had a single employer in the quarter. In cases where the person had more than one employer in the quarter, the primary employer was defined to be the employer from whom the person received the greatest earnings.

To create an unduplicated count of member months and expenditures associated with employed persons, in the cases where a dependent was associated with more than one employed person, we associated the dependent with the person who had the highest earnings. For both the aggregate and by-firm data tables, per-member per-month Apple Health Care expenditure estimates were based on per capita estimates for CY 2015. Per member per month DSHS Mental Health expenditure estimates were based on statewide average Behavioral Health Organization (BHO) capitation rates for CY 2015. These are the same Apple Health Care per capita estimates and BHO capitation rates that were used in our previous annual report.

0. WASHINGTON STATE ROLL-UP

Clients and non-clients with dependents with Apple Health Care coverage, by type of coverage

Associated Apple Health Care clients and estimated medical and mental health expenditures

PREPARED BY: DSHS Research and Data Analysis Division, September 2017

Employed Apple Health Care (AHC) clients and their AHC-covered dependents

	January 2017	April 2017
Number of Employed Clients	275,339	269,643
Number Employed 0-91 Days with Firm	14,904	16,617
Number Employed 92-365 Days with Firm	61,787	59,931
Number Employed 366+ Days with Firm	198,648	193,095
Associated Apple Health Care Clients	530,405	519,835
Family Medical/Pregnant Women	59,783	57,623
Children's Medical and SCHIP	238,351	234,166
New Adult	221,446	217,258
Persons with Disabilities	9,349	9,301
Other Coverage	1,476	1,487
Monthly Medical and MH Expenditures - All Funds	\$184,252,325	\$180,525,589
General Fund-Federal	\$147,806,735	\$144,887,670
General Fund-State and Other Sources	\$36,445,591	\$35,637,919

Non-client individuals with dependents with Apple Health Care coverage

	January 2017	April 2017
Number of Employed Non-Clients	158,521	159,158
Number Employed 0-91 Days with Firm	2,281	3,127
Number Employed 92-365 Days with Firm	11,624	11,373
Number Employed 366+ Days with Firm	144,616	144,658
Associated Apple Health Care Clients	280,143	281,827
Family Medical/Pregnant Women	4,280	4,055
Children's Medical and SCHIP	266,487	268,785
New Adult	8,268	7,918
Persons with Disabilities	713	691
Other Coverage	395	378
Monthly Medical and MH Expenditures - All Funds	\$48,108,055	\$48,213,280
General Fund-Federal	\$26,381,150	\$26,337,813
General Fund-State and Other Sources	\$21,726,905	\$21,875,466

TOTAL

	January 2017	April 2017
Number of Employed Clients/Non-Clients	433,860	428,801
Number Employed 0-91 Days with Firm	17,185	19,744
Number Employed 92-365 Days with Firm	73,411	71,304
Number Employed 366+ Days with Firm	343,264	337,753
Associated Apple Health Care Clients	810,548	801,662
Family Medical/Pregnant Women	64,063	61,678
Children's Medical and SCHIP	504,838	502,951
New Adult	229,714	225,176
Persons with Disabilities	10,062	9,992
Other Coverage	1,871	1,865
Monthly Medical and MH Expenditures - All Funds	\$232,360,380	\$228,738,868
General Fund-Federal	\$174,187,885	\$171,225,483
General Fund-State and Other Sources	\$58,172,495	\$57,513,385

DATA SOURCES: This report is based on the analysis of Automated Client Eligibility System (ACES) employer name data linked to ProviderOne eligibility data. ACES employer name information does not permit the identification of separately owned franchises operating under the same business name. The employer name information used in this report is self-reported; it is not a required element of the application for public assistance and is not independently verified by DSHS.
