## Introduction

RCW 71.09.325(4) directs the Department of Social and Health Services (DSHS), on an annual basis, to compile information in writing on all violations, penalties, and actions by the department to remove persons from a secure community transition facility (SCTF), and contract terminations. The report is issued on an annual basis to the Office of Financial Management and the appropriate committees of the legislature.

This report addresses violations that occurred between September 1, 2021, and September 30, 2022.

The Special Commitment Center (SCC) and the transition treatment teams closely monitor the treatment progress and activity of residents who have court-ordered conditional releases to an SCTF. An SCTF is a structured and closely supervised community residential program that provides community protection and an appropriate environment where conditionally released SCC residents continue treatment and learn/practice skills to make a successful transition to community living. The SCC operates two facilities, one located in Pierce County on McNeil Island, and one located in the SODO district of King County. During the reporting period, the Pierce County SCTF had a funded bed capacity of 18, and the King County SCTF had a funded capacity of 12-beds.

A resident that has been returned to custody for evaluation and recommended action still receives a final order from the court of commitment. The judge that oversees the case can remand the resident to the total confinement facility, re-release them to their original LRA, or re-release them to an alternative LRA community placement.

## Current Status

From September 2021 to September 2022 there were 25 residents in SCTFs on court ordered LRAs. In the reporting period, two residents were returned and remain at the SCC Total Confinement Facility on McNeil due to serious violations of their LRA conditions.

## Serious Violation Explanation

RCW 71.09.325 (1) any conditionally released person who commits a serious violation of conditions shall be returned to the Special Commitment Center, unless arrested by a law enforcement officer, and the court shall be notified immediately and shall initiate proceedings under RCW 71.09.098.

If an action occurs and a resident is returned to the TCF, a court hearing is requested to determine if the resident will be revoked or returned to the community.

Violations Committed by SCTF LRA Residents

## Service Providers

During this reporting period, there were no sanctions issued to service providers.

## Violations

We categorize our violations based on type:

- Failure to follow GPS Guidelines
- Failure to follow Directives
- Misuse of Phone
- Failure to follow Travel Itinerary and Guidelines
- Failure to follow Treatment
- Unapproved Contact
- Failure to follow Internet/Computer Guidelines
- Other – these are categorized as technical violations of the court order that may be beyond a resident’s control (i.e. an SOTP provider retiring suddenly or losing housing due to circumstances).

Resident	Date	Serious Violation Description	Outcome
21.1	10/27/2021	Violation 1: Indecent Exposure Violation 2: Failure to Notify of Violation	Returned to Total Confinement
22.1	8/18/2022	Violation 1: Failure to Comply with Treatment Violation 2: Viewing unapproved media Violation 3: Failure to Comply with GPS Guidelines Violation 4: Self-Harm	Returned to Total Confinement

Table 1. Serious Violation Data

Between the two SCTF locations, there were a total of 17 violations committed by a total of 6 residents. Subsequently, 2 residents had serious enough violations to result in their return to the total confinement facility.

RCW 71.09.325 states serious violations include but are not limited to

- The commission of any criminal offense;
- Any unlawful use or possession of a controlled substance; and
- Any violation of conditions targeted to address the person’s documented pattern of offense that increases the risk to public safety.

However, per the statute, nothing in this section limits the authority of the department to return a person to the special commitment center based on a violation that is not a serious violation as defined in RCW 71.09.325 1(a),(b),(c).

Each violation is viewed in individualized context, weighing ability to mitigate safety concerns, resident's current presentation and circumstance, dynamic risk factors, protective factors, specific violation factors, and other relevant information that assists in informed decision making. Each violation generates the involvement and decision making of the Residential Community Transition Team.

## Summary

This reporting period yielded a low number of returns relative to the total number of residents placed at the SCTF. Contributors for the lower return census include an interest and commitment in mitigating safety concerns out in the community to the extent possible, and the ability to provide close oversight as these facilities are operated by the state.
