
(1) Purpose. The purpose of area-wide groundwater investigation grants is to provide funding to local governments that investigate known or suspected areas of area-wide groundwater contamination. The investigations are intended to facilitate the cleanup and redevelopment of properties affected by area-wide groundwater contamination.

(2) Project eligibility. For the purposes of this grant, a project consists of an investigation of area-wide groundwater contamination in a single study area. A project may extend over more than one biennium. To be eligible for a grant, a project must meet all of the following requirements:
   (a) The applicant must be a local government;
   (b) The project must involve the investigation of known or suspected area-wide groundwater contamination;
   (c) The applicant must not be required to conduct the investigation under an order or decree;
   (d) The applicant must have the necessary access to conduct the investigation or obtain such access in accordance with a schedule in the grant agreement; and
   (e) The project must be included in the ten-year financing plan required under RCW 70.105D.030(5).

(3) Funding priority. The department will prioritize eligible projects for funding or limit funding for eligible projects based on the priorities in WAC 173-322A-210 and the following factors:
   (a) The threat posed by the hazardous waste sites to human health and the environment;
   (b) Whether the hazardous waste site is within a redevelopment opportunity zone;
   (c) The land reuse potential of the hazardous waste sites;
   (d) Whether the hazardous waste sites are located within a highly impacted community;
   (e) The readiness of the applicant to start and complete the work to be funded by the grant and the performance of the applicant under prior grant agreements;
   (f) The ability of the grant to expedite the cleanup of the hazardous waste sites;
   (g) The ability of the grant to leverage other public or private funding for the cleanup and reuse of the hazardous waste sites;
   (h) The distribution of grants throughout the state and to various types and sizes of local governments; and
   (i) Other factors as determined and published by the department.

(4) Application process.
   (a) Project solicitation. Biennially, the department will solicit project proposals from local governments to develop its budget and update its ten-year financing plan for remedial action grants and loans. The department may update its ten-year financing plan as needed during the biennium. Project proposals must be submitted on forms provided by the department and include sufficient information to make the determinations in (c) of this subsection. To be considered for inclusion in the department's budget for remedial action grants and loans, project proposals should be submitted by the dates published by the department.
   (b) Application submittal. Applications must be submitted on forms provided by the department and include sufficient information to make the determinations in (c) and (d) of this subsection. Completed applications should be submitted by the dates published by the department.
(c) **Project evaluation and ranking.** Project proposals and applications will be reviewed by the department for completeness and evaluated to determine:

(i) Project eligibility under subsection (2) of this section; and
(ii) Funding priority under subsection (3) of this section.

(d) **Agreement development.** The department will make funding decisions only after funds have been appropriated.
