WAC 173-98-100 Eligible. Certain projects or project elements may be eligible for loan assistance including, but not limited to, the following:

1. **Alternative public works contracting** for water pollution control facilities allowed under state statute including, but not limited to, design-build, design-build-operate, and general contractor/construction manager;

2. **Aquatic plant control** when the water quality degradation is due to the presence of aquatic plants, and the source(s) of pollution is addressed sufficiently to ensure that the pollution is eliminated;

3. **BMP implementation** on private property:
   - (a) Best management practices that consist of new, innovative, or alternative technology not yet demonstrated in the department's region in which it is proposed;
   - (b) Best management practices in the riparian buffer or zone, such as revegetation or fence construction and where a conservation easement or landowner agreement is granted by the landowner; and
   - (c) Other water quality best management practices that are evaluated and approved by the department on a case-by-case basis, and where a conservation easement or landowner agreement is granted by the landowner.

4. **BMP implementation** on public property;

5. **Capacity for growth.** Loans for up to twenty years capacity for water pollution control facilities. Capacity in excess of the twenty year design capacity are not eligible;

6. **Computer equipment and software** specific to the funded project and preapproved by the department;

7. **Confined animal feeding operations** (CAFO) water pollution control projects located in federally designated national estuaries;

8. **Conservation planning**;

9. **Diagnostic studies** to assess current water quality;

10. **Education and outreach** efforts for the public;

11. **Environmental checklists, assessments, and impact statements** necessary to satisfy requirements for the SEPA, the NEPA, and the SERP;

12. **Environmental emergencies** as defined in WAC 173-98-030 and applied for in accordance with the provisions described in the published funding guidelines for the funding cycle in which the emergency occurs;

13. **Equipment and tools** as identified in a loan agreement;

14. **Facilities** for the control, storage, treatment, conveyance, disposal, or recycling of domestic wastewater and stormwater for residential, and/or a combination of residential, commercial, institutional and industrial:
   - (a) **Planning**:
     - (i) **Comprehensive sewer planning**, including wastewater elements of capital facilities planning under the Growth Management Act;
     - (ii) **Stormwater planning**;
     - (iii) **Facilities planning** for water pollution control facilities.
   - (b) **Design** preparation of plans and specifications for water pollution control facilities;
   - (c) **Construction** of:
     - (i) Facilities for the control, storage, treatment, conveyance, disposal, or recycling of domestic wastewater and stormwater;
     - (ii) Combined sewer overflow abatement;
(iii) Side sewers, pump stations, or other appurtenances on public property or private property if solving a nonpoint source pollution problem, such as failing on-site sewage systems; and
(iv) Side sewers, pump stations, or other appurtenances on public property or private property to correct infiltration and inflow.
(d) **Value engineering** for water pollution control facilities.
(15) **Green project reserve** projects such as water efficiency, energy efficiency, green infrastructure, and environmentally innovative projects or project elements as defined by EPA guidance;
(16) **Groundwater protection activities** such as wellhead protection and critical aquifer recharge area protection;
(17) **Hardship assistance** for preconstruction projects, wastewater treatment facilities construction, and on-site sewage system repair and replacement;
(18) **Indirect costs** as defined in the most recently updated edition of *Administrative Requirements for Recipients of Ecology Grants and Loans* (publication #91-18) or *Administrative Requirements for Recipients of Ecology Grants and Loans Managed in EAGL* (publication #14-01-002);
(19) **Lake implementation and associated planning activities** on lakes with public access;
(20) **Land acquisition:**
   (a) As an integral part of the treatment process (e.g., land application);
   (b) For siting of water pollution control facilities;
   (c) For wetland habitat preservation and protection;
   (d) For riparian area and watershed preservation and protection;
   or
   (e) For drinking water source protection.
(21) **Landscaping for erosion control** directly related to a project, or site-specific landscaping to mitigate site conditions and comply with requirements in the SERP;
(22) **Legal expenses** will be determined on a case-by-case basis, such as development of local ordinances, use of a bond counsel, review of technical documents;
(23) **Light refreshments** for meetings when preapproved by the department;
(24) **Mitigation**, determined on a case-by-case basis, that addresses water quality impacts directly related to the project;
(25) **Monitoring BMP effectiveness**;
(26) **Monitoring equipment** used for water quality assessment;
(27) **Monitoring water quality**;
(28) **Model ordinances** development and dissemination of model ordinances to prevent or reduce pollution from nonpoint sources;
(29) **On-site sewage systems:**
   (a) **On-site sewage system repair and replacement** for residential and small commercial systems;
   (b) **On-site sewage system surveys**;
   (c) **Local loan fund** program development and implementation.
(30) **Planning**, including comprehensive basin plans, watershed plans, and area-wide water quality plans;
(31) **Refinancing** of water pollution control facility debt;
(32) **Riparian and wetlands habitat restoration** and enhancement, including revegetation;
(33) **Sales tax**;
(34) **Spare parts**, an initial set of spare parts for equipment that is critical for a facility to operate in compliance with discharge permit requirements;

(35) **Stream restoration projects**;

(36) **Total maximum daily load study** development and implementation;

(37) **Training** to develop specific skills that are necessary to directly satisfy the funding agreement scope of work. Training, conference registration or annual meeting fees must be preapproved by the department;

(38) **Transferring ownership** of a small wastewater system to a public body;

(39) **Wastewater or stormwater utility development**;

(40) **Wastewater or stormwater utility rate** or development impact fee studies;

(41) **Water quality education** and stewardship programs.
