WAC 230-15-025 Hours of play. (1) Licensees may allow the use of their premises for card playing twenty-four hours a day with written approval from us.

(2) After we have received a written request, we will consult with the local law enforcement agency with jurisdiction over the licensee's business and with other state agencies involved in regulation of the business.

(3) After you have received written approval to operate twenty-four hours a day you may change your hours of operation without further approval from us. Class F and house-banked card rooms must include their hours of operation in their internal controls.

(4) You must also meet the following requirements:
   (a) Open the food and/or drink business being stimulated to the public for business any time licensees are conducting card games; and
   (b) Comply with any other terms and conditions we require.

(5) We may deny the request for extended hours or revoke hours already approved if:
   (a) The local law enforcement agency or a state agency objects; or
   (b) We determine that the licensee has violated any provisions of chapter 9.46 RCW, any other commission rule, or any of the terms of our approval.

(6) Licensees must submit all objections to revocations of operating hours in writing.

(7) If requested, we allow the licensee an opportunity for a brief adjudicative proceeding (BAP) before denying or revoking the licensee's authorization for extended card game hours. An administrative law judge hears the BAP, under the provisions of Title 230 WAC and chapter 34.05 RCW.

WAC 230-15-030 Authorized nonhouse-banked card games. (1) The following nonhouse-banked card games are authorized:
   (a) Poker;
   (b) Hearts;
   (c) Pinochle;
   (d) Cribbage;
   (e) Rummy;
   (f) Panguingue (Pan);
   (g) Pitch;
   (h) Bid Whist; and
   (i) Other games approved by the director or the director's designee.

(2) Card game licensees must operate these games in the manner explained in the most current version of The New Complete Hoyle, Revised or Hoyle's Modern Encyclopedia of Card Games, or similar authoritative book on card games we have approved, or when operated as described in the commission approved game rules on our web site. Card game licensees may make immaterial modifications to the games.
Card game licensees must operate only the card games the director or the director's designee has specifically authorized. The director or the director's designee authorizes each new card game or changes to existing card games on an individual basis. A list of all authorized games and the rules of play are available at all commission offices and on the commission web site.

(1) Card game licensees must submit:
(a) Requests for authorizing new card games in the format we require; and
(b) Changes to an existing card game in writing.
(2) The director or the director's designee will notify the licensee in writing if the request is denied. The notification will include reasons for the denial and provide the licensee all information necessary to file a petition to the commission for rule making.

WAC 230-15-040 Requirements for authorized card games. (1) In order for a card game to be authorized, it must be approved by the director or the director's designee and must:
(a) Be played with standard playing cards or with electronic card facsimiles approved by the director or the director's designee; and
(b) Offer no more than four "separate games" with a single hand of cards and no more than three of the "separate games" may offer a wager that exceeds five dollars each.
(i) "Separate game" means each individual objective to be achieved within a card game that requires a separate wager and results in a distinct and separate pay out based upon the outcome.
(ii) Progressive jackpots are considered "separate games."
(c) Identify "bonus features" to be allowed in each card game:
(i) "Bonus feature" means an added prize and/or variation based on achieving the predetermined specific hand required to win the prize and does not require a separate wager. More than one "bonus feature" may be offered per card game. A "bonus feature" must not be combined with a progressive jackpot. Examples include, but are not limited to, "envy" and "share the wealth" "bonus features" when operated as described below.
(ii) A "bonus feature" is not considered a separate game.
(d) Operate "envy" and "share the wealth" "bonus features" as follows:
(i) If a player makes a wager that qualifies for an "envy" "bonus feature" pay out, they are entitled to receive a prize if another player's hand achieves the predetermined specific hand. If a player is playing more than one wagering area or if a hand they are playing is split into two or more hands and any one of their hands achieves the...
preetermined specific hand, their other hand with a qualifying wager is entitled to receive a prize also.

(ii) If a player makes a wager that qualifies for a "share the wealth" pay out, they are entitled to receive a prize if their hand(s) or another player's hand(s) achieves the predetermined specific hand.

(e) Not allow side bets between players.

(2) Card game licensees may use more than one deck of cards for a specific game. They also may remove cards to comply with rules of a specific game, such as Pinochle or Spanish 21.

(3) Players must:
   (a) Compete against all other players on an equal basis for non-house-banked games or against the house for house-banked games. All players must compete solely as a player in the card game, except as authorized in approved card game rules for variations of the game of Pai Gow poker where a player may bank the game every other hand; and
   (b) Receive their own hand of cards and be responsible for decisions regarding such hand, such as whether to fold, discard, draw additional cards, or raise the wager; and
   (c) Not place wagers on any other player's or the house's hand or make side wagers with other players, except for:
      (i) An insurance wager placed in the game of Blackjack; or
      (ii) "Envy" or "share the wealth" "bonus features"; or
      (iii) A tip wager made on behalf of a dealer.

(4) Mini-Baccarat is authorized when operated as described in the commission approved game rules on our web site. However:
   (a) Card game licensees may make immaterial modifications to the game; and
   (b) Subsection (3) of this section does not apply; and
   (c) The number of players is limited under WAC 230-15-055.

(5) A player's win or loss must be determined during the course of play of a single card game, except for:
   (a) A carryover pot game. A carryover pot is an optional pot that accumulates as a dealer and participating players contribute to the pot. The winner of the pot is not necessarily determined after one game and the pot can be carried over to more than one game. Carryover pots must not carryover more than ten games. Participants must include at least one player and the dealer competing for the highest qualifying winning hand. Game rules must state how the pot is distributed. If the carryover pot has not been won by the tenth game, the dealer will divide it equally between the remaining players still participating in the pot and the house or, if allowed by game rules, only the players still participating in the pot; and
   (b) In the game of Mini-Baccarat, a player may make an optional wager on the player hand winning the next three consecutive games, or the banker hand winning the next three consecutive games.

[Statutory Authority: RCW 9.46.070 and 9.46.0282. WSR 14-05-056 (Order 694), § 230-15-040, filed 2/14/14, effective 3/17/14; WSR 14-03-099 (Order 693), § 230-15-040, filed 1/17/14, effective 2/17/14; WSR 12-15-044 (Order 678), § 230-15-040, filed 7/13/12, effective 8/13/12; WSR 09-17-076 and 09-17-105 (Orders 656 and 656-A), § 230-15-040, filed 8/14/09 and 8/18/09, effective 9/14/09 and 9/18/09. Statutory Authority: RCW 9.46.070. WSR 08-21-086 (Order 632), § 230-15-040, filed 10/14/08, effective 1/1/09; WSR 07-09-033 (Order 608), § 230-15-040, filed 4/10/07, effective 1/1/08.]
WAC 230-15-045 Withdrawing card game authorization. If the director or the director's designee withdraws authorization of a card game:

1. The director or the director's designee will give licensees written notice and an opportunity to object to the decision. If a licensee files an objection in writing, an administrative law judge will review the decision.

2. The director or the director's designee will provide written notice to impacted licensees after a final decision is made.

[Statutory Authority: RCW 9.46.070. WSR 08-21-086 (Order 632), § 230-15-045, filed 10/14/08, effective 1/1/09; WSR 07-09-033 (Order 608), § 230-15-045, filed 4/10/07, effective 1/1/08.]

WAC 230-15-050 Minimum cash on hand requirements. (1) Card game licensees must have sufficient cash on hand to redeem all chips issued for play and pay out all prizes.

2. Within three hours of opening for the business day, at a time included in the internal controls, house-banked card game licensees must have at least the following minimum amount of cash on premises in their cage, safe, and vault combined:

   a. One thousand dollars for each house-banked table on the gambling floor; plus
   
   b. The amount of the largest single prize available excluding jackpot prizes when WAC rules require a deposit into a separate bank account (for example, player-supported jackpots and progressive jackpots).

   For example: If a house-banked card room has fifteen house-banked tables and a largest single prize of twenty-three thousand dollars, before opening, the cage must have at least thirty-eight thousand dollars on hand: 15 tables x $1,000 = $15,000 + largest single prize of $23,000 = $38,000.

   3. Except for the restrictions on player-supported jackpot pay outs in WAC 230-15-405 and progressive jackpot pay outs in WAC 230-15-690, licensees may pay prizes by check if sufficient funds are available on deposit.

   4. Failure to keep funds to cash in chips, pay prizes, or redeem gambling related checks is prima facie evidence of fraud. Meeting the minimum cage cash amount does not relieve the licensee from the requirement to have sufficient funds available to redeem all chips and pay out all prizes.

[Statutory Authority: RCW 9.46.070. WSR 09-03-024 (Order 640), § 230-15-050, filed 1/9/09, effective 2/9/09; WSR 07-23-081 (Order 620), § 230-15-050, filed 11/20/07, effective 1/1/08; WSR 07-09-033 (Order 608), § 230-15-050, filed 4/10/07, effective 1/1/08.]

WAC 230-15-055 Limit on number of players at each table. Card game licensees must only allow:

1. Up to nine players or areas for wagering at any table in house-banked card games. This section does not apply to Mini-Baccarat when the game is operated according to the nonpatented approved game rules posted on the agency's web site and without any modifications as allowed in WAC 230-15-040.

2. Up to ten players at any table in nonhouse-banked card games.
WAC 230-15-060  Posting rules for play.  Card game licensees must:

(1) Prominently post:
   (a) Wagering limits for each type of game, including the ante; and
   (b) Prize pay outs and any prize-related restrictions; and
   (c) All fees to play; and
   (d) Policies on employees being allowed to play; and
   (e) Procedures for resolving player disputes; and

(2) Prominently post any general rules, or a sign stating that these rules are available immediately on request. These rules must include, at least:
   (a) Rules of play; and
   (b) Methods of making wagers; and
   (c) Procedures for misdeals; and
   (d) Procedures for betting irregularities; and
   (e) Procedures for splitting pots; and
   (f) Any rules that may restrict a player's right to win a hand, pot, or jackpot prize; and

(3) Post at the gambling table any aggregate limits, procedures, or restrictions that differ from the general rules of play that have been posted.

WAC 230-15-065  Enforcement of card game rules of play.  Card game licensees must conduct card games according to the approved rules of play. We enforce rules of play in the following order:

(1) First priority: Rules explained in Title 230 WAC; and

(2) Second priority: Rules explained by a licensed manufacturer of a patented game that we have approved; and

(3) Third priority: House rules card game licensees have developed and we have approved; and

(4) Fourth priority: Rules explained in the most current version of The New Complete Hoyle, Revised or Hoyle's Modern Encyclopedia of Card Games, or a similar authoritative book on card games which we have approved.

WAC 230-15-070  Fee restrictions for nonhouse-banked card games.

(1) The licensee must collect the same fee from all players at a table. If the licensee allows free play, then all players at a table must be allowed to play for free. If card game licensees base their
fees on a period of time, they may allow card room employees and owners to play without a fee;

(2) Card game licensees must not require players to pay for or purchase any other goods or services as a condition of playing cards; and

(3) Card game licensees may collect an admission fee when providing entertainment, as long as they charge all patrons the fee.

[Statutory Authority: RCW 9.46.070. WSR 07-09-033 (Order 608), § 230-15-070, filed 4/10/07, effective 1/1/08.]

WAC 230-15-075 Card game fees for nonhouse-banked card games. Nonhouse-banked card game licensees must:

(1) Not charge, directly or indirectly, fees more than those fees in WAC 230-15-080. Nonprofit or charitable card game licensees may charge their usual membership fee to belong to the organization;

(2) Keep all fees collected separate from all other chips and cash until they are recorded in the daily card room records and then deposit the fees in the cashier's cage (if applicable). All chips and cash in the cashier's cage must be kept separate from all other moneys located on the licensed premises while card games are conducted; and

(3) Keep and record card game fees separately from all other fees and have the records available for audit by commission staff, local law enforcement, and taxing authorities.

[Statutory Authority: RCW 9.46.070. WSR 07-09-033 (Order 608), § 230-15-075, filed 4/10/07, effective 1/1/08.]

   - (a) A licensed dealer; and

   - (c) A separate drop box for each type of fee.

3. **Chip rack** - Licensees using the chip rack method must:

   - (b) Use a game lay-out with a designated area for player fees; and
   - (c) Use a chip rack separated into sections for each type of fee collected (example: Time fee collected and fee to enter player-supported jackpot); and
(d) Ensure that dealers temporarily store and control fees in the chip rack until the floor supervisor collects the fees; and
(e) Ensure that the licensed card room employee responsible for that area of the card room removes all chips collected as fees from the dealers' chip racks at least every four hours; and
(f) Have licensed card room employees count chips and coins in the presence of players and immediately record the totals on the record in a format we require; and
(g) Have the dealer and floor supervisor who remove the chips and coin each initial the commission record verifying its accuracy.

[Statutory Authority: RCW 9.46.070. WSR 07-09-033 (Order 608), § 230-15-085, filed 4/10/07, effective 1/1/08.]

WAC 230-15-090 Requirements for drop boxes. Drop box means a metal container attached to each gambling table into which the dealer must deposit all chips and cash collected during play and, if required, insert card game inventory control slips. Each drop box must have:

1. A box lock - A lock that secures the contents; and
2. A table lock - A separate lock securing the drop box to the gambling table. Card game licensees must key this lock differently from the lock securing the contents of the drop box; and
3. An opening - An opening through which currency, coin, chips, forms, records, and documents can be inserted into the drop box; and
4. A label - A permanent number clearly visible which corresponds to a permanent number on the gambling table to which the box is attached. The shift during which the box was used must also be included if drop boxes are removed from tables more than once during an operating day. Card game licensees may keep emergency drop boxes if the box has the word "emergency" permanently on it, and, when it is put into use, licensees temporarily mark it with the number of the gambling table.

[Statutory Authority: RCW 9.46.070. WSR 07-09-033 (Order 608), § 230-15-090, filed 4/10/07, effective 1/1/08.]

WAC 230-15-100 Providing cards and chips in card games. (1) Card game licensees, except for nonhouse-banked card game licensees that do not charge a fee to play, must supply all chips and cards and not allow any other chips or cards to be used on their premises.

WAC 230-15-435 Defining "incompatible functions." (1) "Incompatible functions" means job duties that place an employee or department in a position to commit and conceal errors or wrongdoings in the normal course of his or her duties.
(2) Anyone who records a transaction and has access to the assets related to that transaction is in a position to commit and conceal errors or wrongdoings. (Examples: An employee who writes checks should not reconcile the bank account; an employee who transports funds should not have access to keys for locks securing the funds or to surveillance recordings of the transaction.)

WAC 230-15-453 Using match play or similar coupons in gambling promotions. Match play coupons may be offered as gambling promotions with the following restrictions:
(1) The coupons have no value. Players cannot "double down" on the "match play" portion of the wager.
(2) Players may double down on the chip portion of the wager, not to exceed maximum wagering limits.

(3) A match play coupon is not considered part of the player's wager in determining the amount wagered. Match play coupons may be used by players who wager the maximum allowed.

(4) A match play coupon is itself a gambling promotion and cannot be awarded as a prize in a promotional contest of chance, as authorized in RCW 9.46.0356.

(5) Restrictions on the use of coupons must be disclosed on the coupon.

(6) Expiration dates must be included on the coupon.

(7) Match play and other similar type coupon promotions such as Lucky Bucks and Free Ace, etc., must be given to all players eligible for the promotion.

(8) Coupon promotions allowing free play must not be given out based upon the outcome of a card game or tournament.

WAC 230-15-455 Keeping funds to pay prizes, progressive jackpot prizes, and odds-based wager prizes. (1) House-banked card game licensees must ensure that they have sufficient funds available to pay prizes, progressive jackpot prizes and odds-based wager prizes. An "odds-based wager" means a wager where the player wins an amount over and above the amount he or she wagered if a fixed pattern or combination of cards occurs, for example, a royal flush, four aces, or a pair.

(2) Licensees must not offer card games until they have met all of these requirements:

(a) Progressive jackpot prizes.
   (i) Keep a separate bank account for progressive jackpot prizes. The account must be kept in a bank, mutual savings bank, or credit union located in Washington state;
   (ii) Deposit all funds accrued for progressive jackpot prizes at least weekly; and
   (iii) If the prize bank account is reduced below the level required, licensees must immediately stop operating games until they are in compliance.

(b) Odds-based wager prizes.
   (i) Licensees offering more than one individual odds-based wager prize greater than twenty-five thousand dollars must keep an amount equal to the second highest odds-based wager prize offered in a bank, mutual savings bank, or a credit union located in Washington state; or possess a verifiable line of credit from a Washington state financial institution for at least the amount required; and
   (ii) Use the highest wager they allow to calculate the individual odds-based wager prize amount to determine the amount for this requirement.

(3) Licensees may limit pay outs by using table and/or individual player aggregates.

(4) A licensee's failure to keep funds as required in this rule is prima facie evidence of defrauding the public and a violation of RCW 9.46.190.
WAC 230-15-460 Supervision requirements for house-banked card rooms. (1) House-banked card game licensees must have at least one floor supervisor for each gambling area/pit.

(2) Gambling area/pit means a self-contained group of card tables, including poker tables, physically separated from other tables. The separation may be due to the layout of the tables or physical barriers, such as walls, chains, or ropes.

(3) A card room employee may act as a dealer and a supervisor during the same shift as long as he or she does not sign forms as both the dealer and the supervisor.

WAC 230-15-465 Dealing all house-banked card games from a dealing shoe. House-banked card game licensees must deal all house-banked card games from a dealing shoe or a shuffling device we have approved with the exception of single and double deck card games which may be dealt by hand.

WAC 230-15-470 Numbering gambling tables. House-banked card game licensees must permanently number each gambling table.

WAC 230-15-475 Tips from players and patrons to card room employees. (1) House-banked card game licensees may allow selected employees to accept tips from players or patrons.

(2) If licensees allow house-banked card game dealers to accept tips, licensees must ensure that tips are controlled so that only authorized employees receive tips, that tips are properly accounted for, and that tips are maintained separately from all other gambling funds.

(3) Cage cashiers may accept tips. They must locate their tip containers outside the cage enclosure. Players or patrons must deposit the tips directly into the container. A shift or floor supervisor, security, or an accounting manager who does not work as a cashier must verify the tips cage cashiers receive.

(4) Employees directly concerned with management, supervision, accounting, security, or surveillance must not ask for, accept, or
share any tip originating from players or patrons; however, this re-
striction does not apply to poker "floor supervisors."

(5) House-banked card game licensees must:
(a) Establish and implement procedures for the accounting of tips
received by authorized card room employees.
(b) Fully document the procedures in their internal controls and
describe in detail any methods used to allocate tips.
(c) Establish procedures necessary to ensure that the floor su-
pervisor and surveillance observe card room employees accepting tips.
Procedures must include an overt display of received tips, for example
tapping the table with the tip before placing it in the tip container.
(6) Employees must:
(a) Drop all tips into a locked tip container which prevents the
removal of tips except by unlocking the container. Tips may be accumu-
lated on the table, exchanged into higher denomination chips, and then
deposited into the tip container. Tip containers must remain under
camera coverage of the closed circuit television system at all times; and
(b) Keep all tips received or pool them with tips of all card
room employees according to the licensee's internal controls; and
(c) Redeem all tips received under surveillance at the cashier's
cage; and
(d) Accurately report all tips to their employer as described in
the licensee's internal controls.

(7) Licensees may determine whether employees must retain or pool
tips among employees. Employees must redeem all pooled tips under sur-
veillance at the cashier's cage, count room, or a gaming table.

WAC 230-15-490 Limiting pay outs for odds-based wagers. (1) House-banked card game licensees may create pay out limits for odds-
based wagers made in card games.
(2) Licensees may limit the pay out for odds-based wagers if we
approve all pay out limits and their procedures for computing limits.
(3) Individual players' winnings must not be less than the higher of:
(a) The maximum wager allowed for the game times the highest odds
offered up to fifty-to-one (50 to 1). For example: If the maximum wa-
ger is one hundred dollars ($100) and the odds are fifty-to-one (50 to
1); then the per player limit is five thousand dollars ($100 x 50 =
$5,000); or
(b) The house minimum required wager for the game times the high-
est odds offered for any wager in the game. The "minimum required wa-
"ger" means the least amount a player must wager in order to win. For example: If the minimum required wager is ten dollars ($10) and the maximum odds are one-thousand-to-one (1,000 to 1); then the per player limit is ten thousand dollars ($10 x 1,000 = $10,000).

(4) Table limits (aggregate pay out) must not be less than two times the individual player limit, as computed in subsection (3) of this section; and

(5) Licensees must clearly disclose all procedures for computing any per player or table limit (aggregate pay outs). This explanation must be available to players in a brochure or other printed material.

[Statutory Authority: RCW 9.46.070. WSR 07-09-033 (Order 608), § 230-15-490, filed 4/10/07, effective 1/1/08.]

WAC 230-15-491 Limiting payouts to dealers for tip or "toke" wagers for odds-based payouts. (1) A "toke" is a wager made by a player as a tip for the dealer and it is treated as a separate bet. (2) House-banked card game licensees may:

(a) Establish a separate, individual limit on the amount of the payout on a toke for odds-based payouts within the requirements of WAC 230-15-490; and

(b) Restrict the types of wagers tokes are allowed on and the amounts of tokes.

(3) Tokes are not included in the calculation of the player or table aggregate payout limits.

[Statutory Authority: RCW 9.46.070. WSR 07-21-116 (Order 617), § 230-15-491, filed 10/22/07, effective 1/1/08.]

(2) The floor supervisor and the dealer assigned to the gambling table must:

WAC 230-15-500 Accounting for table inventory. (1) House-banked card game licensees must establish procedures to ensure proper accounting for chips and coins stored at gambling tables, known as the "table inventory."

Count Requirements in House-Banked Card Rooms

WAC 230-15-605  Requirements for count rooms. (1) House-banked card game licensees must have a secured area, called a "count room," for counting the contents of drop boxes.

(2) Licensees must design and construct the count room to provide maximum security for the materials housed there and for the activities conducted there. The count room must be fully enclosed with only one entry. Licensees must also have:
   (a) A door with at least one lock securing the count room door. The security department must keep and control the key or combination to the door. If a double locking system is used, the gambling operation department must keep the key to the second lock; and
(b) A sign-out procedure for all authorized keys used for the count process; and
(c) An alarm device connected to the entrance of the count room so that opening the door signals the surveillance employees monitoring the closed circuit television system.

(3) In the count room, licensees must have:
   (a) A table of clear glass or similar material with a base that does not obstruct viewing for the emptying, counting, and recording of the contents of the drop boxes (the "count"); and
   (b) Closed circuit television cameras and microphones that capture effective and detailed video and audio monitoring of the entire count process; and
   (c) A sign posted in the count room or at the entrance that states audio recordings are occurring within the count room at all times.

(4) Licensees must keep a count room sign-in log in the format we require.

(Statutory Authority: RCW 9.46.070. WSR 07-09-033 (Order 608), § 230-15-605, filed 4/10/07, effective 1/1/08.)

WAC 230-15-610 Preparing to conduct a count. (1) House-banked card game licensees must assign licensed employees to conduct the count. The count team must not include anyone who works in the surveillance department or whose duties included preparing, approving, or reviewing records used in the specific count process. Count team requirements are based on the licensee's card room gross gambling receipts in their previous fiscal year:

   (b) Having internal controls in place to prevent both under-reporting and misappropriation of funds; and
   (c) Having demonstrated following their internal controls to prevent both under-reporting and misappropriation of funds based on their administrative history; and
   (d) Having a currency counter, which complies with commission rules, and internal controls for the use of the currency counter. This applies for those licensees with card room gross gambling receipts of $5 million to $15 million.
Licensees must accurately count and record the contents of drop boxes to ensure the proper accountability of all gambling chips, coin, and currency. The count must be done at least once each gambling day.

If a cage cashier completes the opener, closer, fills, and credits portions of the master game report, the cashier sends the original master game report to the count team for completion. The cage cashier must immediately send a copy directly to the accounting department.

A count team member must notify the surveillance room observer that the count is about to begin. The surveillance employee must then observe the count as it occurs and make a video and audio recording of the entire count process.

Before opening drop boxes, the count team must lock the door to the count room. Licensees must permit no person to enter or leave the count room, except for a normal work break or an emergency, until the count team has completed the entire counting, recording, and verification process for the contents of drop boxes.
