WAC 246-100-011 Definitions. The definitions in this section apply throughout chapter 246-100 WAC unless the context clearly requires otherwise:

1. "Acquired immunodeficiency syndrome (AIDS)" means illness, disease, or conditions defined and described by the Centers for Disease Control, U.S. Public Health Service, Morbidity and Mortality Weekly Report (MMWR), April 11, 2014, Volume 63, Number RR-03. A copy of this publication is available for review at the department and at each local health department.

2. "HIV counseling" means counseling directed toward:
   a. Increasing the individual's understanding of acquired immunodeficiency syndrome; and
   b. Assessing the individual's risk of HIV acquisition and transmission; and
   c. Affecting the individual's behavior in ways to reduce the risk of acquiring and transmitting HIV infection.

3. "Anonymous HIV testing" means that the name or identity of the individual tested for HIV will not be recorded or linked to the HIV test result. However, once the individual testing positive receives HIV health care or treatment services, reporting of the identity of the individual to the state or local public health officer is required.

5. "Case" means a person, alive or dead, having been diagnosed to have a particular disease or condition by a health care provider with diagnosis based on clinical or laboratory criteria or both.

6. "Child day care facility" means an agency regularly providing care for a group of children for less than twenty-four hours a day and subject to licensing under chapter 74.15 RCW.

7. "Communicable disease" means an illness caused by an infectious agent which can be transmitted from one person, animal, or object to another person by direct or indirect means including transmission via an intermediate host or vector, food, water, or air.

8. "Confidential HIV testing" means that the name or identity of the individual tested for HIV will be recorded and linked to the HIV test result, and that the name of the individual testing positive for HIV will be reported to the state or local health officer in a private manner.

9. "Contaminated" or "contamination" means containing or having contact with infectious agents or chemical or radiological materials that pose an immediate threat to present or future public health.

10. "Contamination control measures" means the management of persons, animals, goods, and facilities that are contaminated, or suspected to be contaminated, in a manner to avoid human exposure to the contaminant, prevent the contaminant from spreading, and/or effect decontamination.

11. "Department" means the Washington state department of health.

12. "Detention" or "detainment" means physical restriction of activities of an individual by confinement for the purpose of controlling or preventing a serious and imminent threat to public health and may include physical plant, facilities, equipment, and/or personnel to physically restrict activities of the individual to accomplish such purposes.

13. "Disease control measures" means the management of persons, animals, goods, and facilities that are infected with, suspected to be infected with, exposed to, or suspected to be exposed to an infectious
agent in a manner to prevent transmission of the infectious agent to humans.

(14) "Health care facility" means:
(a) Any facility or institution licensed under chapter 18.20 RCW, assisted living facilities, chapter 18.46 RCW, birthing centers, chapter 18.51 RCW, nursing homes, chapter 70.41 RCW, hospitals, or chapter 71.12 RCW, private establishments, clinics, or other settings where one or more health care providers practice; and
(b) In reference to a sexually transmitted disease, other settings as defined in chapter 70.24 RCW.

(15) "Health care provider" means any person having direct or supervisory responsibility for the delivery of health care who is:
(a) Licensed or certified in this state under Title 18 RCW; or
(b) Is military personnel providing health care within the state regardless of licensure.

(16) "HIV testing" means conducting a laboratory test or sequence of tests to detect the human immunodeficiency virus (HIV) or antibodies to HIV performed in accordance with requirements to WAC 246-100-207. To assure that the protection, including but not limited to, pre- and post-test counseling, and confidentiality afforded to HIV testing as described in chapter 246-100 WAC also applies to the enumeration of CD4 + (T4) lymphocyte counts (CD4 + counts) and CD4 + (T4) percents of total lymphocytes (CD4 + percents) when used to diagnose HIV infection, CD4 + counts and CD4 + percents will be presumed HIV testing except when shown by clear and convincing evidence to be for use in the following circumstances:
(a) Monitoring previously diagnosed infection with HIV;
(b) Monitoring organ or bone marrow transplants;
(c) Monitoring chemotherapy;
(d) Medical research; or
(e) Diagnosis or monitoring of congenital immunodeficiency states or autoimmune states not related to HIV.

The burden of proving the existence of one or more of the circumstances identified in (a) through (e) of this subsection shall be on the person asserting such existence.

(17) "Infectious agent" means an organism such as a virus, rickettsia, bacteria, fungus, protozoan, or helminth that is capable of producing infection or infectious disease.

(18) "Isolation" means the separation, for the period of communicability or contamination, of infected or contaminated persons or animals from others in such places and under such conditions as to prevent or limit the direct or indirect transmission of the infectious agent or contaminant from those infected or contaminated to those who are susceptible or who may spread the agent or contaminant to others.

(19) "Local health department" means the city, town, county, or district agency providing public health services to persons within the area, as provided in chapter 70.05 RCW and chapter 70.08 RCW.

(20) "Local health officer" means the individual having been appointed under chapter 70.05 RCW as the health officer for the local health department, or having been appointed under chapter 70.08 RCW as the director of public health of a combined city-county health department, or his or her delegee appointed by the local board of health.

(21) "Nosocomial infection" means an infection acquired in a hospital or other health care facility.

(22) "Outbreak" means the occurrence of cases of a disease or condition in any area over a given period of time in excess of the expected number of cases.
(23) "Post-test counseling" means counseling after the HIV test when results are provided and directed toward:
   (a) Increasing the individual's understanding of human immunodeficiency virus (HIV) infection;
   (b) Affecting the individual's behavior in ways to reduce the risk of acquiring and transmitting HIV infection;
   (c) Encouraging the individual testing positive to notify persons with whom there has been contact capable of spreading HIV;
   (d) Assessing emotional impact of HIV test results; and
   (e) Appropriate referral for other community support services.

(24) "Pretest counseling" means counseling provided prior to HIV testing and aimed at:
   (a) Helping an individual to understand:
      (i) Ways to reduce the risk of human immunodeficiency virus (HIV) transmission;
      (ii) The nature, purpose, and potential ramifications of HIV testing;
      (iii) The significance of the results of HIV testing; and
      (iv) The dangers of HIV infection; and
   (b) Assessing the individual's ability to cope with the results of HIV testing.

(25) "Principal health care provider" means the attending physician or other health care provider recognized as primarily responsible for diagnosis and treatment of a patient or, in the absence of such, the health care provider initiating diagnostic testing or therapy for a patient.

(26) "Quarantine" means the limitation of freedom of movement of such well persons or domestic animals as have been exposed to, or are suspected to have been exposed to, an infectious agent, for a period of time not longer than the longest usual incubation period of the infectious agent, in such manner as to prevent effective contact with those not so exposed.

(27) "School" means a facility for programs of education as defined in RCW 28A.210.070 (preschool and kindergarten through grade twelve).

(28) "Sexually transmitted disease (STD)" means a bacterial, viral, fungal, or parasitic disease or condition which is usually transmitted through sexual contact, including:
   (a) Acute pelvic inflammatory disease;
   (b) Chancroid;
   (c) Chlamydia trachomatis infection;
   (d) Genital and neonatal herpes simplex;
   (e) Genital human papilloma virus infection;
   (f) Gonorrhea;
   (g) Granuloma inguinale;
   (h) Hepatitis B infection;
   (i) Human immunodeficiency virus infection (HIV) and acquired immunodeficiency syndrome (AIDS);
   (j) Lymphogranuloma venereum;
   (k) Nongonococcal urethritis (NGU); and
   (l) Syphilis.

(29) "Spouse" means any individual who is the marriage partner of an HIV-infected individual, or who has been the marriage partner of the HIV-infected individual within the ten-year period prior to the diagnosis of HIV-infection, and evidence exists of possible exposure to HIV.
"State health officer" means the person designated by the secretary of the department to serve as statewide health officer, or, in the absence of such designation, the person having primary responsibility for public health matters in the state.

"Suspected case" or "suspected to be infected" means the local health officer, in his or her professional judgment, reasonably believes that infection with a particular infectious agent is likely based on signs and symptoms, laboratory evidence, or contact with an infected individual, animal, or contaminated environment.

"Veterinarian" means an individual licensed under provisions of chapter 18.92 RCW, veterinary medicine, surgery, and dentistry and practicing animal health care.
