WAC 246-933-320  General requirements for all veterinary medical facilities.  (1) Construction and maintenance: All facilities shall be so constructed and maintained as to provide comfort and safety for patients and clients. All areas of the premises shall be maintained in a clean and orderly condition, free of objectionable odors. All facilities shall comply with applicable state, county and municipal laws, ordinances and regulations.

(2) Ventilation: Adequate heating and cooling shall be provided for the comfort of the animals, and the facility shall have sufficient ventilation in all areas.

(3) Lighting: Proper lighting shall be provided in all rooms utilized for the practice of veterinary medicine. Outside lighting shall be adequate to identify the building and to assist the clients.

(4) Water: Potable water shall be provided.

(5) Basic sanitation: Any equipment, instruments or facilities used in the treatment of animals shall be clean and sanitary at all times to protect against the spread of diseases, parasites and infection.

(6) Waste disposal: Covered waste containers, impermeable by water, shall be used for the removal and disposal of animal and food wastes, bedding, animal tissues, debris and other waste. Disposal facilities shall be so operated as to minimize insect or other vermin infestation, and to prevent odor and disease hazards or other nuisance conditions.

The facility shall use refrigeration and employ a procedure for the prompt, sanitary and esthetic disposal of dead animals which complies with all applicable state, county and municipal laws, ordinances and regulations.

(7) Records:
   (a) Every veterinarian shall keep daily written records of the animals he or she treats.
   (b) Separate records for companion animals shall be kept for each animal.
   (c) The medical record for a litter may be recorded either on the dam's record or on a litter record until the individual animals are permanently placed or reach the age of three months.
   (d) Records for food and fibre producing animals and animals kept in herds or flocks, etc., may be maintained on a group or owner or authorized agent basis.
   (e) All records shall be legible, readily retrievable and shall be kept for a period of three years following the last treatment or examination.
   (f) The author of all medical record entries must be identified by code or employee number, or initials.
   (g) The records shall include, but not be limited to, the following:
      (i) Name, address and telephone number of the owner or authorized agent.
      (ii) Name, number or other identification of the animal or group.
      (iii) Species, breed, age, sex, weight and color of the animal.
      (iv) Immunization record.
      (v) Beginning and ending dates of custody of the animal.
      (h) The records must include sufficient information to justify the tentative diagnosis and to warrant the treatment. This would include, but not be limited to:
         (i) A short history of the animal's condition as it pertains to its medical status.
(ii) Physical examination findings and any laboratory or other
diagnostic tests performed or recommended.
(iii) Provisional or final diagnosis.
(iv) Treatment administered or recommended.
(v) Dosage and route of medications administered, prescribed or
dispensed.
(vi) Anesthesia dosage and route of administration.
(vii) Description of surgery performed.
(viii) Progress of the case.
(8) Veterinary medical records and medical images are the prop-
erty of the veterinarian or the veterinary facility that originally or-
dered their preparation.
(9) When requested by the owner or authorized agent, copies of
records will be made available as promptly as required by medical ne-
cessity or public health circumstances, but no later than ten working
days upon the owner or authorized agent's request.
(a) The veterinarian may charge the copying fee as set forth in
WAC 246-08-400 as now or hereafter amended.
(b) A medical image shall be released upon the request of another
veterinarian who has the authorization of the owner or authorized
agent of the animal to which it pertains.
The medical image shall be returned within ten working days fol-
lowing receipt of a written request from the originating veterinarian
or veterinary facility. If the originating veterinarian provides a
copy of the medical image, he or she may charge the actual costs of
duplicating the medical image.
(10) Storage: All supplies, including food and bedding, shall be
stored in facilities which adequately protect such supplies against
infestation, contamination or deterioration. Refrigeration shall be
provided for all supplies that are of a perishable nature, including
foods, drugs and biologicals.
(11) Biologicals and drugs: Biologicals and other drugs shall be
stored in such a manner as to prevent contamination and deterioration
in accordance with the packaging and storage requirements of the cur-
rent editions of the U.S. Pharmacopeia, 12601 Twinbrook Parkway, Rock-
ville, Maryland 20852, and the National Formulary, Mack Publishing
Company, 20th and Northampton Streets, Easton, Pennsylvania 18042 or
manufacturers' recommendation.
All controlled substances shall be maintained in a locked cabinet
or other suitable secure container in accordance with federal and
Washington state laws.
Controlled substance records shall be readily retrievable, in ac-
cordance with federal and Washington state laws.
