WAC 296-65-030  Methods of compliance.  (1) Before submitting a
bid or working on an asbestos abatement project, any person or indi-
vidual must obtain an asbestos contractor certificate as provided in
WAC 296-65-017 and must have in its employ at least one certified as-
bestos supervisor responsible for supervising all asbestos projects
undertaken by the contractor.

(2) A certified asbestos supervisor will not be required on as-
bestos projects involving less than three square feet or three linear
feet of asbestos-containing material unless the surface area of the
pipe is greater than three square feet. A certified asbestos supervi-
sor is required for all Class I and II asbestos work in accordance
with WAC 296-62-07728(4).

(3) No employee or other individual is eligible to do work or su-
pervise an asbestos project without being issued a certificate by the
department.

   (a) Employees performing Class I or Class II asbestos work must
be certified asbestos workers as specified in WAC 296-62-07722.

   (b) Employees performing Class III or Class IV asbestos work
specified by WAC 296-62-07722 as an asbestos project must be certified
asbestos workers.

(4) No person may assign any employee, contract with, or permit
any individual, to work on an asbestos project as specified in WAC
296-62-07722 in any facility without the project being performed by a
certified asbestos worker.

(5) A certified asbestos supervisor must provide direct, on-site
supervision for an asbestos project. When an employer conducts an as-
bestos abatement project in its own facility by its own certified em-
ployees, supervision may be performed in the regular course of a cer-
tified asbestos supervisor's duties. Asbestos workers must have access
to and be under the control of certified asbestos supervisors through-
out the duration of the project.

(6) Any construction, renovation, remodeling, maintenance, re-
pair, or demolition which was started without meeting the requirements
of this section must be halted immediately and cannot be resumed be-
fore meeting such requirements.
