WAC 308-15-070  Do I need a seal?  Upon licensure, you must obtain a seal bearing your name, license number, and the legend "State of Washington Licensed Geologist." If you are licensed as an engineering geologist or hydrogeologist, the specialty must be noted on the seal. Seals may be physically or digitally produced. Facsimiles of the seal designs authorized by the director are shown in this section. Deviations to the authorized seal designs are not allowed.
