WAC 388-76-10784  Water hazards—Fences, gates and alarms.  For any adult family home newly licensed after July 1, 2007 or any currently licensed adult family home that adds or modifies a new or existing water hazard after July 1, 2007 must:

1. Comply with this section and the requirements of the:
   a. International Residential Code (IRC); and

2. Enclose water hazards over twenty four inches deep with:
   a. Fences and gates at least forty-eight inches high; and
   b. Audible alarms when doors, screens, and gates that directly lead to or surround the water hazard, are opened.

[Statutory Authority: RCW 70.128.040. WSR 09-03-030, § 388-76-10784, filed 1/12/09, effective 2/12/09.]
