

WAC 434-677-060 Use and removal of security microfilm. Security microfilm is for use only as a master for authorized film duplication. Security microfilm will not be removed from the state archives storage facility except for permanent return to the agency of origin upon a sixty-day notification by the agency or the division of archives. Any relocation of security microfilm must be to facilities meeting security film storage standards.

[Statutory Authority: RCW 40.14.020. WSR 92-08-020, § 434-677-060, filed 3/20/92, effective 4/20/92.]
