

WAC 173-303-811 Permits for boilers and industrial furnaces burning hazardous waste. The introductory paragraph of 40 C.F.R. 270.66 is incorporated by reference. It applies to an owner or operator of a cement kiln, lightweight aggregate kiln, solid fuel boiler, liquid fuel boiler, or hydrochloric acid production furnace that demonstrates compliance with the air emission standards and limitations in 40 C.F.R. Part 63, subpart EEE.

[Statutory Authority: Chapter 70.105 RCW. WSR 15-01-123 (Order 13-07), § 173-303-811, filed 12/18/14, effective 1/18/15. Statutory Authority: Chapters 70.105, 70.105D, and 15.54 RCW and RCW 70.105.007. WSR 04-24-065 (Order 03-10), § 173-303-811, filed 11/30/04, effective 1/1/05.]
