READ FIRST TIME 02/13/07.

1 AN ACT Relating to establishing the first peoples' language and
2 culture teacher certification program; amending RCW 28A.415.020; adding
3 a new section to chapter 28A.410 RCW; and creating new sections.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** The legislature finds that:

6 (1) Teaching first peoples' languages and cultures is a critical
7 factor in successful educational experiences and promoting cultural
8 sensitivity for all students. Experience shows such teaching
9 dramatically raises student achievement. The effect is particularly
10 strong for Native American students;

11 (2) Native American students have the highest high school dropout
12 rate among all groups of students. Less than one-fourth of Native
13 American students in the class of 2008 are on track to graduate based
14 on the results of the Washington assessment of student learning.
15 Positive and supportive educational experiences are critical for Native
16 American students' success;

17 (3) The sole expertise of sovereign tribal governments in the
18 transmission of their indigenous languages, heritage, cultural
19 knowledge, customs, and traditions should be honored;

1 (4) Government-to-government collaboration between the state and
2 the sovereign tribal governments whose traditional lands and
3 territories lie within the borders of the state of Washington serves to
4 implement the spirit of the 1989 centennial accord and other similar
5 government-to-government agreements, including the 2004 accord between
6 the federally recognized Indian tribes with treaty reserved rights in
7 Washington state and the state of Washington;

8 (5) Establishing a first peoples' language and culture teacher
9 certification program both achieves educational objectives and models
10 effective government-to-government relationships;

11 (6) Establishing a first peoples' language and culture
12 certification program implements the following policy objectives of
13 P.L. 101-477, the federal Native American languages act of 1990, in a
14 tangible way:

15 (a) To preserve, protect, and promote the rights and freedom of
16 Native Americans to use, practice, and develop Native American
17 languages;

18 (b) To allow exceptions to teacher certification requirements for
19 federal programs and programs funded in whole or in part by the federal
20 government, for instruction in Native American languages when such
21 teacher certification requirements hinder the employment of qualified
22 teachers who teach in Native American languages, and to encourage state
23 and territorial governments to make similar exceptions;

24 (c) To encourage and support the use of Native American languages
25 as a medium of instruction in order to encourage and support Native
26 American language survival, educational opportunity, increased student
27 success and performance, increased student awareness and knowledge of
28 their culture, and increased student and community pride;

29 (d) To encourage state and local education programs to work with
30 Native American parents, educators, Indian tribes, and other Native
31 American governing bodies in the implementation of programs to put this
32 policy into effect; and

33 (e) To encourage all institutions of elementary, secondary, and
34 higher education, where appropriate, to include Native American
35 languages in the curriculum in the same manner as foreign languages and
36 to grant proficiency in Native American languages the same full
37 academic credit as proficiency in foreign languages;

1 (7) Establishing a first peoples' language and culture
2 certification program is consistent with the intent of presidential
3 executive order number 13336 from 2004, entitled "American Indian and
4 Alaska native education," to assist students in meeting the challenging
5 student academic standards of P.L. 107-110, the no child left behind
6 act of 2001, in a manner that is consistent with tribal traditions,
7 languages, and cultures.

8 NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.410
9 RCW to read as follows:

10 (1) The Washington state first peoples' language and culture
11 teacher certification program is established. The professional
12 educator standards board shall adopt rules to implement the program in
13 collaboration with the sovereign tribal governments whose traditional
14 lands and territories lie within the borders of the state of
15 Washington, including the tribal leader congress on education and the
16 first peoples' language and culture committee. The collaboration
17 required under this section shall be defined by a protocol for
18 cogovernance in the first peoples' language and culture teacher
19 certification program developed by the professional educator standards
20 board, the office of the superintendent of public instruction, and the
21 sovereign tribal governments whose traditional lands and territories
22 lie within the borders of the state of Washington.

23 (2) Any sovereign tribal government whose traditional lands and
24 territories lie within the borders of the state of Washington may
25 participate individually on a government-to-government basis in the
26 program.

27 (3) Under the first peoples' language and culture teacher
28 certification program:

29 (a) Only a participating sovereign tribal government may certify
30 individuals who meet the tribe's criteria for certification as a
31 teacher in the Washington state first peoples' language and culture
32 program. Before certification of the individual, the participating
33 sovereign tribal government shall conduct a background check through
34 the tribal police departments within Washington state to determine, to
35 the extent possible, whether the individual has been convicted of any
36 crimes that may otherwise disqualify the person from being awarded a
37 teacher certificate and provide the information to the office of the

1 superintendent of public instruction. The office of the superintendent
2 of public instruction shall not authorize or accept a certificate or
3 endorsement in Washington state first peoples' language and culture
4 without certification from a participating sovereign tribal government
5 and without conducting a record check of an individual applying for
6 certification as required under RCW 28A.410.010;

7 (b) For each teacher to be certified in the program, the
8 participating sovereign tribal government shall submit information and
9 documentation necessary for the issuance of a state certificate, as
10 defined by rule, to the office of the superintendent of public
11 instruction;

12 (c) A Washington state first peoples' language and culture teacher
13 certificate serves as a subject area endorsement in first peoples'
14 language and culture. The holder of a Washington state first peoples'
15 language and culture teacher certificate who does not also hold an
16 initial, residency, continuing, or professional teaching certificate
17 authorized by the professional educator standards board may be assigned
18 to teach only the languages and cultures designated on the certificate
19 and no other subject;

20 (d) In order to teach first peoples' language and culture, teachers
21 must hold certificates from both the office of the superintendent of
22 public instruction and from the sovereign tribal government; and

23 (e) The holder of a Washington state first peoples' language and
24 culture teacher certificate meets Washington state's definition of a
25 highly qualified teacher under P.L. 107-110, the no child left behind
26 act of 2001, for the purposes of teaching first peoples' language and
27 culture, subject to approval by the United States department of
28 education.

29 (4) First peoples' language/culture teacher certificates issued by
30 the state board of education or the professional educator standards
31 board under a pilot program before the effective date of this section
32 remain valid as certificates under this section, subject to the
33 provisions of this chapter.

34 (5) Schools and school districts on or near tribal reservations are
35 encouraged to contract with sovereign tribal governments whose
36 traditional lands and territories lie within the borders of the state
37 of Washington and first peoples' language and culture certification

1 programs for in-service teacher training and continuing education in
2 the culture appropriate for their geographic area, as well as suggested
3 pedagogy and instructional strategies.
