1 AN ACT Relating to creating the children's product safety act;  
2 amending RCW 70.111.010, 70.111.020, 70.111.030, 70.111.060,  
3 70.111.900, and 43.70.660; adding new sections to chapter 70.111 RCW;  
4 adding a new section to chapter 43.215 RCW; repealing RCW 70.111.040;  
5 prescribing penalties; and providing an effective date.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 **Sec. 1.** RCW 70.111.010 and 1996 c 158 s 1 are each amended to read  
8 as follows:

9 (1) The legislature finds all of the following:

10 (a) The disability and death of children and infants resulting from  
11 injuries sustained in cribs (~~accidents~~) or from other unsafe  
12 children's products are a serious threat to the public health, welfare,  
13 and safety of the people of this state.

14 (b) Children and infants are an especially vulnerable class of  
15 people which makes the recent numerous recalls regarding children's  
16 products, including cribs, particularly alarming.

17 (c) The design and construction of a baby or portable crib must  
18 ensure that it is safe to leave an infant unattended for extended  
19 periods of time. A parent or caregiver has a right to believe that the

1 crib in use is a safe place to leave an infant. A parent or caregiver  
2 should also expect that other children's products they use are safe for  
3 their intended use.

4 (d) (~~Over thirteen~~) Almost ten thousand infants are injured in  
5 unsafe cribs every year. Over sixty thousand children under the age of  
6 four are rushed to the emergency room due to injuries from nursery  
7 products, and another two hundred thousand children are rushed to the  
8 emergency room due to toy injuries.

9 (e) (~~In the past decade, six hundred twenty two infants died (a~~  
10 ~~rate of sixty two infants each year) from injuries sustained in unsafe~~  
11 ~~cribs~~) Approximately sixty-one children die each year from unsafe  
12 children's products, of which twenty-one are infants who die from  
13 injuries sustained from unsafe cribs.

14 (f) The United States consumer product safety commission estimates  
15 that the cost to society resulting from injuries and death due to  
16 unsafe (~~cribs is two hundred thirty five million~~) children's products  
17 exceeds five billion dollars per year.

18 (g) Secondhand, hand-me-down, and heirloom cribs pose a special  
19 problem(~~. There were four million infants born in this country last~~  
20 ~~year, but only one million new cribs sold. As many as~~) given that  
21 three out of four infants are placed in secondhand, hand-me-down, or  
22 heirloom cribs.

23 (h) (~~Most injuries and deaths occur in secondhand, hand me down,~~  
24 ~~or heirloom cribs.~~

25 ~~(i)~~) Existing state and federal legislation is inadequate to deal  
26 with (~~this~~) these hazards.

27 (~~(j)~~) (i) Prohibiting the remanufacture, retrofit, sale,  
28 contracting to sell or resell, leasing, or subletting of unsafe  
29 (~~cribs, particularly unsafe secondhand, hand me down, or heirloom~~  
30 ~~cribs,~~) children's products will prevent injuries and deaths caused by  
31 (~~cribs~~) children's products.

32 (2) The purpose of this chapter is to prevent the occurrence of  
33 injuries and deaths to infants as a result of unsafe (~~cribs~~)  
34 children's products by making it illegal to remanufacture, retrofit,  
35 sell, contract to sell or resell, lease, sublet, or otherwise place in  
36 the stream of commerce, after (~~June 6, 1996~~) January 1, 2009, any  
37 unsafe children's product including, but not limited to, a full-size or  
38 nonfull-size crib that is unsafe for any infant using the crib.

1 (3) It is the intent of the legislature to encourage public and  
2 private collaboration in disseminating materials relative to the safety  
3 of (~~baby cribs~~) children's products to parents, child care providers,  
4 and those who would be likely to place unsafe (~~cribs~~) children's  
5 products in the stream of commerce. The legislature also intends that  
6 informational materials regarding (~~baby crib safety~~) children's  
7 products and sleep safety information be available to consumers through  
8 the department of health.

3 Washington a children's product for which a recall or warning has  
4 subsequently been issued by either a manufacturer, importer,  
5 wholesaler, or distributor, or by a federal agency, the manufacturer,  
6 importer, wholesaler, or distributor must initiate the following steps  
7 within twenty-four hours after issuing or receiving the recall or  
8 warning:

9 (a) Contact all of its commercial customers, other than end  
10 consumers, to whom it sold, leased, sublet, or transferred that  
11 particular children's product in Washington. This contact must include  
12 providing the recall notice or warning and must be made to the person  
13 designated by the retailer for that product;

14 (b) If the manufacturer, importer, wholesaler, or distributor

26 manufacturer, importer, wholesaler, or distributor; and

5 warning from the manufacturer, importer, wholesaler, or distributor by  
6 a person designated by the retailer, the retailer must remove the  
7 children's product from the shelves of its stores or program its  
8 registers to ensure that the item cannot be sold.

12 remove the children's product from the web site or remove the ability  
13 of a consumer to purchase the children's product through the web site.

15 warning by the person designated by the retailer from a manufacturer,  
16 importer, wholesaler, or distributor, or from a federal agency in the  
17 case of an involuntary recall, the retailer must post in a prominent  
18 location in each retail store the recall or warning notice. This  
19 notice must remain posted for ninety days.

20 (d) If the children's product for which a recall or warning was  
21 issued was sold on the retailer's web site, the retailer must within  
22 seven business days post on the home page, or the first entry point, of  
23 its web site a link to recall or warning information that contains the  
24 specific recall notice or warning that was issued for the product in  
25 question. The recall or warning information must include a description  
26 of the product, the reason for the recall or warning, a picture of the  
27 product if one was provided, and instructions on how to participate in  
28 the recall or warning. The information must include only the product  
29 recall information and not sales or marketing information on that  
30 product or any other product, excluding return and exchange policies.

31 (3) Within five business days after a recalled children's product  
32 is placed on the department of health's comprehensive list maintained  
33 under section 10 of this act, a retailer who is not a first seller must  
34 comply with subsection (2) of this section, except that the retailer  
35 has five business days to comply with subsections (1)(a) and (2)(b) of  
36 this section.

37 (4) A manufacturer, importer, wholesaler, or distributor who is  
38 also a retailer must comply with subsections (1) and (2) of this

1 section, except that a manufacturer, importer, wholesaler, or  
2 distributor who is also a retailer must, within twenty-four hours after  
3 issuing or receiving the recall or warning, post on the home page, or  
4 first entry point, of its web site a link to recall or warning
