

**HB 1330 - DIGEST**

Requires the office of public guardianship to: (1) Develop and adopt a case-weighting system designed to balance the increasing need for access to guardianship services, effectively managing public guardian caseloads, and providing appropriate supports for individuals on that caseload; and

(2) Develop case-weighting guidelines to include a process for adjusting caseload limits, relevant policies and procedures, and recommendations for changes in court rules which may be appropriate for the implementation of the system.

Requires the administrative office of the courts to notify the superior courts of the policies contained in the final case-weighting system.

Prohibits the office from authorizing payment for services for an entity that fails to comply with the standard caseload limit guidelines.
