SB 5574 - DIGEST

     Requires each school district to submit a report for the preceding academic year, to the office of the superintendent of public instruction, that includes the following: (1) The total number of computer science and related math programs offered in each school;

     (2) The number and percentage of students who enrolled in a computer science program; and

     (3) The number of computer science instructors at each school.

     Requires the office to post that information conspicuously on its web site.
