

SB 5721 - DIGEST

Requires the secretary of the department of health to issue a license to an abortion facility if certain conditions are met and initiate investigations and enforcement actions for complaints or other information regarding failure to comply with this act or certain standards and rules.

Prohibits a person or governmental unit, acting separately or jointly with another person or governmental unit, from establishing, maintaining, or conducting an abortion facility without a license issued by the department of health.

Requires abortion facilities to have an abortion facility safety and emergency training program and maintain a coordinated quality improvement program.

Requires the department of health to: (1) Make or cause to be made a survey of abortion facilities that includes an inspection of every part of the surgical facility; and

(2) Require abortion facilities to submit data related to the quality of patient care for review by the department.
