STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

Documents are arranged within each issue of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence within an issue's material.

2. PROPOSED, ADOPTED, AND EMERGENCY RULES OF STATE AGENCIES AND INSTITUTIONS OF HIGHER EDUCATION

The three types of rule-making actions taken under the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW) may be distinguished by the size and style of type in which they appear.

- (a) **Proposed rules** are those rules pending permanent adoption by an agency and set forth in eight point type.
- (b) **Adopted rules** have been permanently adopted and are set forth in ten point type.
- (c) **Emergency rules** *have been adopted on an emergency basis and are set forth in ten point oblique type.*

3. PRINTING STYLE—INDICATION OF NEW OR DELETED MATTER

RCW 34.04.058 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined matter is new matter;
 - (ii) ~~deleted matter is ((lined out and bracketed between double parentheses))~~;
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

4. EXECUTIVE ORDERS, COURT RULES, NOTICES OF PUBLIC MEETINGS

Material contained in the Register other than rule-making actions taken under the APA or the HEAPA does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

5. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules take effect thirty days after the rules and the agency order adopting them are filed with the code reviser. This effective date may be delayed, but not advanced, and a delayed effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser and remain effective for a maximum of ninety days from that date.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

6. EDITORIAL CORRECTIONS

Material inserted by the code reviser for purposes of clarification or correction or to show the source or history of a document is enclosed in brackets [].

7. INDEX AND TABLES

A combined subject matter and agency index and a table of WAC sections affected may be found at the end of each issue.

NEW SECTION

WAC 296-200-005 PURPOSE OF CHAPTER. The contractor's registration law, chapter 18.27 RCW, is a valuable protection for persons who do business with contractors in Washington. In administering and interpreting the law, however, several problems have arisen. The Contractors Registration Section cannot keep up with the paperwork the law entails. Many people are confused about the provisions in RCW 18.27.040 on suits against contractors and collection of judgments. Also, when a contractor and its bond are sued in several counties at the same time, problems arise over the priority of paying judgments from the bond. The intent of the rules in this chapter is to lessen the paperwork of the Section and to clarify the confusing passages of the law. The rules are necessary to ensure that the law is efficiently and properly administered.

NEW SECTION

WAC 296-200-015 DEFINITIONS. For the purposes of this chapter:

(1) "Bonded contractor" means a contractor who has obtained a surety bond in order to comply with RCW 18.27.040;

(2) "Department" means the Department of Labor and Industries;

(3) "Section" means the Contractors Registration Section of the Department;

(4) "Secured contractor" means a contractor who has assigned a savings account to the Department or deposited cash or other security with the Section in order to comply with RCW 18.27.040; and

(5) "Security" means a savings account assigned to the Department or cash or other security deposited with the Section.

NEW SECTION

WAC 296-200-025 INITIAL APPLICATION FOR REGISTRATION AND RENEWAL OF REGISTRATION. (1) A contractor may register if it:

(a) Completes an application for registration;

(b) Provides the information required by RCW 18.27.030;

(c) Obtains a surety bond, assigns a savings account to the Department, or deposits cash or other security with the Section. If a contractor obtains a bond, it must submit the original bond to the Section (see RCW 18.27.040);

(d) Obtains public liability and property damage insurance, and submits a copy of the insurance certificate to the Section (see RCW 18.27.050); and

(e) Pays a fee of \$20.00.

(2) The Section shall send a renewal notice to a contractor's last recorded address at least 45 days before the contractor's registration expires. The contractor may renew its registration if it submits the renewal card and provides the materials required in paragraphs (1)(b), (c), and (e).

(3) The contractor must submit all of the materials to the Section in one package. Each of the materials must name the contractor exactly as it is named on the application for registration or the renewal card, as appropriate. If the contractor is renewing its registration, each of the materials must include the contractor's registration number. If any of the materials are missing, do not properly name the contractor, or do not include the registration number, the Section shall refuse to register or renew the registration of the contractor.

(4) The contractor may request, in a letter filed with the application or renewal materials, that the registration period end on a particular day. The resulting registration period may not be longer than one year.

(5) When the Section receives the required materials, it shall register or renew the registration of the contractor.

NEW SECTION

WAC 296-200-035 LENGTH OF REGISTRATION PERIOD. If a contractor's bond or insurance will expire less than one year after the day the registration begins, the Section shall require the contractor to accept a registration period that ends on the day the bond or insurance expires.

If the contractor wants a full one-year registration period, the contractor must obtain a short-term bond or insurance policy that will extend the bond or insurance coverage to the expiration date of the one-year registration period.

NEW SECTION

WAC 296-200-040 SUSPENSION OF CONTRACTOR'S REGISTRATION. A contractor can be registered only if it complies with the requirements of

WAC 296-200-025. Therefore, if a contractor's surety bond or other security is impaired or cancelled, or if the contractor's insurance policy is cancelled, the Section shall suspend the contractor's registration until the contractor obtains a new bond, other security, or insurance policy, or eliminates the impairment to the bond or other security. The contractor may not do business while its registration is suspended.

NEW SECTION

WAC 296-200-050 CHANGE IN BUSINESS STRUCTURE, NAME, OR ADDRESS. (1) If a contractor changes its business structure (for example, if it changes from a partnership to a corporation, or if the partners in a partnership change), the contractor must apply for new registration in the manner required by WAC 296-200-025. If a contractor does not reregister after a change in its business structure, its registration may be invalid. See RCW 18.27.040.

(2) If a registered contractor changes its name or address it must notify the Section of the change.

NEW SECTION

WAC 296-200-060 CANCELLING SURETY BONDS AND INSURANCE POLICIES. (1) A cancellation of a surety bond or insurance policy shall be effective 30 days after the Section receives the cancellation notice, if the cancellation notice contains the following information:

- (a) The name of the contractor, exactly as it appears in the contractor's registration file;
- (b) The contractor's registration number;
- (c) The contractor's business address;
- (d) The names of the owners, partners, or officers of the contractor;
- (e) The bond or insurance policy number; and
- (f) The effective date of the bond or insurance policy.

To help the Section process cancellations, the information should be given in the order shown.

(2) The insurance and bonding companies should send cancellation notices to the Section by certified or registered mail.

NEW SECTION

WAC 296-200-070 REFUND OF SECURITY DEPOSITED WITH THE SECTION. (1) If a contractor is secured, the Section will release its interest in the security one year after the contractor's last registration expired. The Section shall not release its interest, however, if an unsatisfied court judgment or claim is outstanding against the contractor.

(2) The Section will release its interest in the security before one year has elapsed after the contractor's last registration period expired if the contractor provides a surety bond that covers both the contractor's previous and current registration periods.

NEW SECTION

WAC 296-200-080 FILING SUIT AGAINST A CONTRACTOR. (1) All suits against a contractor for

claims under chapter 18.27 RCW must be brought in superior court. In particular, if a secured contractor is sued, the Section will be unable to pay an unsatisfied final judgment from the securities if the suit is not brought in superior court.

(2) If a claimant sues a contractor, the claimant shall serve the summons and complaint on the contractor and its bonding company by serving three copies of the summons and complaint by registered or certified mail on the Section. The Section shall not accept personal service of the summons and complaint.

(3) The Section may be unable to process a summons and complaint if the summons and complaint do not contain the following information:

- (a) The name of the contractor, exactly as it appears in the contractor's registration file;
- (b) The contractor's business address;
- (c) The names of the owners, partners, or officers of the contractor; and
- (d) The contractor's license number.

If the suit joins a bonding company, the summons and complaint should also include:

- (e) The name of the bonding company that issued the contractor's bond;
- (f) The bond number; and
- (g) The effective date of the bond.

If the information is insufficient for the Section to identify that contractor or bonding company that is being sued, the Section will not attempt to serve the summons and complaint and will return them to the claimant.

NEW SECTION

WAC 296-200-090 COLLECTION OF JUDGMENTS. (1) If a contractor is secured, a claimant who has received a final judgment against the contractor from a superior court may satisfy the judgment out of the security held by the Section. The Section cannot satisfy a district court judgment.

(2) The Section shall satisfy a superior court final judgment if the claimant services on the Section, by registered or certified mail, three certified copies of the unsatisfied judgment within one year of the date the judgment was entered. The claimant must include the following information with the copies of the judgment:

- (a) The name of the contractor, exactly as it appears in the contractor's registration file;
- (b) The contractor's business address;
- (c) The names of the owners, partners, or officers of the contractor;
- (d) The contractor's license number; and
- (e) The exact amount of the judgment awarded by the superior court, including attorneys fees and interest.

If the Section does not receive sufficient information to enable it to pay the judgment, it shall inform the claimant that more information is needed.

(3) If a contractor is bonded, a claimant who has received a final judgment against the contractor can satisfy the judgment against the contractor or the bonding company only. The Section can neither satisfy the judgment nor force the contractor or the bonding company to pay the judgment. The claimant must join the bonding

company in the suit if it wants the bonding company to pay the judgment.

NEW SECTION

WAC 296-200-100 PRIORITY FOR PAYMENT OF JUDGMENTS. RCW 18.27.040 contains two different provisions for priority in paying judgments from the contractor's bond or security.

(1) If a contractor is secured, the Section shall satisfy final judgments against the contractor in the order the Section receives the judgments.

(2)(a) If a contractor is bonded, the priority for paying judgments from the bond is not a race priority such as the priority for payment of judgments against a security contractor. Instead, it is similar to the priority in bankruptcies. Claims for labor and employee benefits are satisfied first; claims for breach of contract are satisfied second; material and equipment claims are third; claims for taxes and contributions to the state of Washington are fourth; and claims for court costs, interest, and attorneys fees are satisfied last. No claim in a lesser category may be satisfied until all claims in the preceding categories are satisfied.

(b) A court may not order a bonding company to satisfy any one judgment or to tender money to the court until all claims against the contractor's bond outstanding in any court in the state are litigated. Only after all claims are litigated can a court decide which claims take priority and how much each claim is to be paid.

NEW SECTION

WAC 296-200-900 FEES. The department shall charge a \$20.00 fee for each registration and renewal of registration. For purposes of this rule, a contractor renews its registration after its registration expires, or after the registration has lapsed because the contractor's bond or insurance has been cancelled.

REPEALER

The following sections of the Washington Administrative Code are each repealed:

- (1) WAC 296-200-010 CERTIFICATE OF REGISTRATION—INITIAL APPLICATION.
- (2) WAC 296-200-020 RE-REGISTRATION, RENEWAL AND REINSTATEMENT.
- (3) WAC 296-200-030 SECURITY AND INSURANCE REQUIREMENTS.

I, Frank B. Brouillet, Superintendent of Public Instruction, do promulgate and adopt at Olympia, Washington, the annexed rules relating to Finance—Emergency school closure, chapter 392-129 WAC.

This action is taken pursuant to Notice No. WSR 81-17-078 filed with the code reviser on August 19, 1981. Such rules shall take effect pursuant to RCW 34.04.040(2).

This rule is promulgated pursuant to RCW 28A.41.170 and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED September 23, 1981.

By Frank B. Brouillet
Superintendent of Public Instruction

AMENDATORY SECTION (Amending Order 80-3, filed 3/21/80, effective 5/2/80)

WAC 392-129-005 PURPOSE AND CONSTRUCTION. This chapter shall govern a school district's entitlement to basic education allocation funds pursuant to RCW 28A.41.170 for any school year during which it is unable to conduct the minimum number of school days and/or program hour offerings, teacher contact hours, and course mix and percentages required by law for the kindergarten program and/or the grade one through twelve program (or that portion offered by a district) by reason of one or more unforeseen ((emergencies)) conditions. The provisions of this chapter shall be narrowly construed by the superintendent of public instruction. ~~((The February, 1980 amendments to this chapter shall apply to the 1979-80 school year commencing September 1, 1979 and thereafter except as now or hereafter amended.))~~

AMENDATORY SECTION (Amending Order 80-3, filed 3/21/80, effective 5/2/80)

WAC 392-129-010 DEFINITIONS. As used in this chapter, the term:

(1) "Unforeseen ((emergency)) conditions" shall mean a natural event, including but not necessarily limited to, a fire, flood, explosion, storm, earthquake, epidemic, ((riot, insurrection, community disaster,)) or ((act of God, or any combination of the foregoing, which acts as a principal cause for a school district's inability to conduct one or more scheduled school days and/or program hour offerings scheduled pursuant to chapter 180-16 WAC)) volcanic eruption that has the direct or indirect effect of rendering one or more school district facilities unsafe, unhealthy, inaccessible, or inoperable; and

An unforeseen mechanical failure or an unforeseen action or inaction by one or more persons, including negligence and threats, that (a) is beyond the control of both a school district board of directors and its employees and (b) has the direct or indirect effect of rendering one or more school district facilities unsafe, unhealthy, inaccessible, or inoperable. Such actions, inactions or mechanical failures may include, but are not necessarily

limited to, arson, vandalism, riots, insurrections, bomb threats, bombings, delays in the scheduled completion of construction projects, and the discontinuance or disruption of utilities such as heating, lighting and water: PROVIDED, That an unforeseen action or inaction shall not include any labor dispute between a school district board of directors and any employee of the school district.

A condition is foreseeable for the purposes of this subsection to the extent a reasonably prudent person would have anticipated prior to August first of the preceding school year that the condition probably would occur during the ensuing school year because of the occurrence of an event or a circumstance which existed during such preceding school year or a prior school year. A board of directors of a school district is deemed for the purposes of this subsection to have knowledge of events and circumstances which are a matter of common knowledge within the school district and of those events and circumstances which can be discovered upon prudent inquiry or inspection.

(2) A "school day" shall mean a calendar day on which all students enrolled in the pre-school handicapped/kindergarten through twelfth grade program of a school district are scheduled for participation in educational activity which is planned, supervised, and conducted by or under the supervision of the school district certificated staff and on which day all, or any portion, of the students enrolled in the program actually commence participation in such educational activity.

(3) A "reasonable effort" shall, in the case of total district closures, mean the rescheduling and/or extension of the school district's instructional calendar in an effort to attain the minimum number of school days and program hour offerings, teacher contact hours, and course mix and percentages accruing therefrom required by law by (a) extending the school year to and through at least June fourteenth and (b) the use of scheduled vacation days: PROVIDED, That in no case shall a district be deemed to have made a reasonable effort unless at least three school days and program hour offerings, teacher contact hours, and course mix and percentages accruing therefrom, which have been lost by all the schools in the entire district by reason of one or more unforeseen ((emergencies)) conditions shall have in fact been made up.

AMENDATORY SECTION (Amending Order 80-3, filed 3/21/80, effective 5/2/80)

WAC 392-129-015 SUPERINTENDENT'S DETERMINATION OF ELIGIBILITY. (1) Total district closures. If a reasonable effort has been made to make up all school days and program hour offerings, teacher contact hours, and course mix and percentages accruing therefrom lost by all the schools in an entire district by reason of one or more unforeseen ((emergencies)) conditions, but fewer than the minimum number of school days and program hour offerings, teacher contact hours, and course mix and percentages accruing therefrom required by law have been conducted, the school district will nevertheless be credited with full annual basic education allocation.

(2) Individual school closures. In the event that a district comprising more than one school is unable to operate a school for the minimum number of school days required by law to be conducted, the district may apply to the superintendent of public instruction or his designee for credit for its full annual basic education allocation. Such application shall be granted only upon a conclusive demonstration by the district to the satisfaction of the superintendent that one or more unforeseen ((emergencies)) conditions prevented the district from operating the school. If such conclusive demonstration is provided, the superintendent shall have the discretion to excuse such district from the obligation to make up such school days for that school and the program hours, teacher contact hours, and course mix and percentages accruing therefrom; however such excuse for that school shall not exceed ((one)) two scheduled school days per incident nor three scheduled school days per school year.

(3) Whenever a district satisfies the definition of a school day specified in WAC 392-129-010(2) it also shall be deemed to have accrued all hours, as originally scheduled for that day, toward meeting its program hour offerings, teacher contact hours, and course mix and percentages requirements.

AMENDATORY SECTION (Amending Order 80-3, filed 3/21/80, effective 5/2/80)

WAC 392-129-020 RATE OF REDUCTION IN ANNUAL BASIC EDUCATION ALLOCATION. For each school day short of the minimum number of school days required by law which a school district fails to conduct by reason of one or more unforeseen ((emergencies)) conditions, and/or by reason of any other cause, and for which the school district is not entitled to its basic education allocation pursuant to this chapter, the superintendent of public instruction shall reduce the basic education allocation of the district for that school year by one one-hundred and eightieth in the case of total district closures. In the case of individual school closures such one-hundred and eightieth daily reduction in the district's basic education allocation shall be multiplied by that fraction resulting from dividing the full time equivalent student enrollment of such individual school by the full ((=)) time equivalent student enrollment of the district. Kindergarten and grade one through twelve programs shall be considered separately for the purpose of computing compliance with minimum school day and/or program hour offerings requirements and any loss of basic education allocation.

AMENDATORY SECTION (Amending Order 80-3, Resolution 80-42-2, filed 10/9/80)

WAC 490-600-071 MINIMUM CANCELLATION AND REFUND POLICY. The intent of the minimum cancellation and refund policy(;) is to see that each applicant/student is assured minimum conditions of refund, and that the school will be assured of its integrity if it meets these minima. Many schools, however, have more liberal practices and the commission encourages such practices.

The school must state its policy and schedule of refunds in clear language that can be easily understood. The policy must apply to all terminations, for any reason, by either party.

(1) ((Enrollment agreements. The enrollment agreement form must clearly outline the obligations of both the school and the student, and provide details of the cancellation and refund policy of the school. A copy of the enrollment agreement and other data covering student costs must be furnished the applicant before any payment is made. No enrollment agreement is binding until it has been accepted in writing by an appropriate official at the school.)) General application of cancellation and refund policies.

((2)) (a) Termination date.

(i) Residential schools. The termination date for resident schools for refund computation purposes is the last date of actual attendance by the student. The school may require notice of cancellation or withdrawal to be given by certified mail provided this requirement is stated in the enrollment agreement. The school may require that notice be made by parent or guardian if the student is below legal age.

If a student fails, without written explanation to proper institutional authorities, to attend classes for a period of thirty days during which resident classes are in session, the institution shall officially terminate the student from the program or course of instruction, notify the student in writing that enrollment has been terminated effective the thirtieth calendar day, and shall refund tuition and fees according to its published refund policy.

(ii) Correspondence schools. The termination date for correspondence schools shall be based upon the last lesson completed by the student providing that the student notifies the institution of the desire to cancel within sixty days after submitting the last lesson. The school may require notice of cancellation or withdrawal to be given by certified mail, provided this requirement is stated in the enrollment agreement.

(iii) Seminars and workshops. The termination date for seminars or workshops shall be based upon written notification from the student and received by the institution prior to the opening hour of the seminar or workshop. The seminar or workshop may require notice of cancellation or withdrawal to be given by certified mail provided this requirement is stated in the enrollment agreement.

(b) Extra expenses. Items of extra expense to the student, such as housing, board, instructional supplies or equipment, tools, student activities, laboratory fees, service charges, rentals, deposits, and all other extra charges for which the student has contracted or paid in advance need not be considered in tuition refund computations provided they are separately shown in the enrollment agreement, catalog, or in other published data furnished to the student before enrollment, and provided further that the student received the complete materials or services during the period the student was actually enrolled. When items of major extra expense are separately shown for this purpose the school must also state its policy for reasonable settlement of such charges in the event of early termination of the student and in no event shall the charges be more than the actual value of the materials or services used by the student.

(c) Subject to subsection (d) below, if promissory notes or contracts for tuition are sold or discounted to third parties, students or their financial sponsors must sign a statement authorizing such sales, and the school must comply with its cancellation and refund policy. Schools must notify all third parties of the cancellation and refund policy of the school.

(d) Institutions shall modify a student's contract and provide a pro rata refund to the student for any action that reduces contracted training time, which reduces course content, or other actions which adversely affect the training time or course content. The burden of proof that such changes did not adversely affect the student rests with the school if any dispute arises over a failure to apply such pro rata refund.

(e) A school year for residential schools is defined by the period of time that the required learning experiences are fully available to the student. The definition of a "school year" must be established by residential schools for refund computation purposes and be published in the school's catalog.

(i) For courses longer than one school year in length, the cancellation and refund policy shall apply to the stated course price attributable to each school year.

(ii) All of the stated course price attributable to the period beyond the first year will be refunded when the student terminates during the first year.

(iii) Percentage of course completion shall be computed on the basis of the amount of time in the course as expressed in clock, quarter, or semester hours or other academic periods as listed in the catalog.

(f) Upon cancellation or termination, all money due the student shall be refunded within thirty days.

~~((3))~~ (2) Refund policy: Resident schools. Details of the ~~(school's)~~ educational institution's own definite and

established refund policy for cancellations and terminations must, as a minimum, comply with the following requirements:

(a) Rejection. An applicant rejected by the school shall be entitled to a refund of all moneys paid, less any standard application fee, not to exceed twenty-five dollars.

(b) Three-day cancellation. All moneys paid by an applicant will be refunded if requested within three business days after signing an enrollment agreement and making an initial payment.

(c) Other cancellation. Any applicant subsequently requesting cancellation, but before entering school and starting the course, shall be entitled to a refund of all moneys paid minus a fee of ten percent of the contract price of the course, but in no event may the school retain more than one hundred dollars.

(d) Initial participation. For a student terminating training after entering school and starting the course (~~(of training))~~ of training but within the first week, or first ~~((+))~~ ten percent of the program, whichever is less, the tuition charges made by the school shall not exceed ten percent of the contract price of the course plus the registration fee not to exceed one hundred dollars, but in no event more than three hundred dollars.

(e) After first week or ~~((+))~~ ten percent of the program. For a student terminating training after completing one week, or ~~((+))~~ ten percent of the program, whichever is less, but within the first twenty-five percent of the course, the tuition charges made by the school shall not exceed twenty-five percent of the contract price of the course plus a registration fee not to exceed one hundred dollars.

(f) After twenty-five percent. For a student terminating training after completing twenty-five percent but less than fifty percent of the course, the tuition charges made by the school shall not exceed fifty percent of the contract price of the course plus the registration fee of not more than one hundred dollars, and thereafter,

(g) The institution may retain one hundred percent of the stated tuition plus the registration fee which may not exceed one hundred dollars.

(h) Special cases. In case of student prolonged illness or accident, death in the family, or other circumstances that make it impractical to complete the course, the school shall make a settlement which is reasonable and fair to both.

~~((4) Application of policy. A school year for resident schools is defined by the period of time that the required learning experiences are fully available to the student. The definition of a "school year" must be established by resident schools for refund computation purposes and be published in the school's catalog.~~

~~(a) For courses longer than one school year in length, the cancellation and refund policy shall apply to the [state] [stated] course price attributable to each school year.~~

~~(b) All of the stated course price attributable to the period beyond the first year will be refunded when the student terminates during the first year.~~

~~(c) Percentage of course completion shall be computed on the basis of the amount of time in the course as~~

expressed in clock, quarter, or semester hours or other academic periods as listed in the catalog.

(d) Any moneys due the applicant or student shall be refunded within thirty days after cancellation or termination.

(5) ~~Extra expenses.~~ Items of extra expense to the student, such as housing, board, instructional supplies or equipment, tools, student activities, laboratory fees, service charges, rentals, deposits, and all other extra charges for which the student has contracted or paid in advance need not be considered in tuition refund computations provided they are separately shown in the enrollment agreement, catalog, or in other published data furnished to the student before enrollment, and provided further that the student [received the complete materials or services during the period the student] was actually enrolled. When items of major extra expense are separately shown for this purpose the school must also state its policy for reasonable settlement of such charges in the event of early termination of the student and in no event shall the charges be more than the actual value of the materials or services used by the student.

(6) If promissory notes or contracts for tuition are sold or discounted to third parties, students or their financial sponsors must sign a statement authorizing such sales, and the school must comply with its cancellation and refund policy. Schools must notify all third parties of the cancellation and refund policy of the school.

(7) Institutions shall modify a student's contract and provide a pro rata refund to the student for any arbitrary and unilateral change by the institution that reduces contracted training time, which reduces course content, or other actions which adversely affect the training time or course content. The burden of proof that such changes did not adversely affect the student rests with the school if any dispute arises over a failure to apply such pro rata refund.

(8) For correspondence and/or home study schools the following applies as minimum refund policies:

(a) An enrollment may be canceled by an applicant student within three days from the day on which the enrollment agreement is signed. An applicant student requesting cancellation in whatever manner within this time shall be given a refund of all money paid to the school or its representatives.

(b) From three days after the day on which the enrollment agreement is signed and until the time the school receives the first completed lesson assignment from the student, upon cancellation, the school is entitled to the registration fee of either twenty-five dollars or fifteen percent of the tuition up to one hundred dollars, whichever is less.

(c) After receipt of the first completed lesson assignment, if the student requests cancellation, the school shall be entitled to a tuition charge which shall not exceed the following:

(i) Up to and including the first ten percent of the course, the registration fee plus ten percent of the tuition.

of the course, the registration fee plus twenty-five percent of the tuition.

(iii) After completing twenty-five percent of the course and up to and including completion of fifty percent of the course, the registration fee plus fifty percent of the tuition.

(iv) If the student completes more than half of the course, the full tuition. The amount of the course completed shall be the completed lesson assignments received for service by the school as compared to the total lesson assignments in the course.

EMERGENCY RULES
DEPARTMENT OF
LABOR AND INDUSTRIES
[Order 81-26—Filed October 13, 1981]

I, Sam Kinville, director of the state of Washington Department of Labor and Industries, do promulgate and adopt at Room 334, General Administration Building, Olympia, Washington, the annexed rules relating to WAC 296-48-800 fees, amending the fees set for approval of mobile homes, commercial coaches, and recreational vehicles; and WAC 296-150A-700 fees schedule, amending the fees set for approval of factory-built structures.

I, Sam Kinville, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is the legislature passed a budget requiring several sections of the department to charge fees that will cover their costs. These rules amend the fees charged for approving mobile homes, commercial coaches, recreational vehicles, and factory-built structures so that the fees will cover the costs of operating that section. The department's current fees are so low that the department will have difficulty in raising the necessary revenue if it changes the fees through the procedures for permanent rules.

The department will hold a public hearing on these rules on December 22, 1981. These rules will remain in effect only until the department adopts permanent rules pursuant to the comment it receives at that hearing.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 43.22.350 and 43.22.480 and is intended to administratively implement that statute.

NEW SECTION

WAC 390-37-063 ENFORCEMENT PROCEDURES—DEMAND FOR INFORMATION; SUBPOENAS. (1) During the course of an audit or an investigation, the administrator may issue a "demand for information" directed to any person who probably possesses information which is relevant and material to the audit or the investigation. The "demand for information" shall

(a) specifically describe the information which is sought, and

(b) set forth a reasonable time and place for the production of the information, and

(c) notify the person that if the information is not produced, the administrator will present a request to the commission, at its next regular or special meeting, to issue a subpoena for the information pursuant to RCW 42.17.370(5).

The "demand for information" may be personally delivered or sent by certified mail, return receipt requested.

(2) The commission may issue a subpoena under RCW 42.17.370(5) to compel persons to appear and give testimony and may require the production of any books, papers, correspondence, memorandums or other documents which the commission deems relevant and material.

(3) Whenever the commission will consider the issuance of a subpoena, the administrator will place the matter on the published agenda for that meeting and, in addition, give the respondent, if any, and the person to whom the subpoena would be directed, at least five days written notice of the time and place where the meeting will be held.

NEW SECTION

WAC 390-37-312 LATE FILINGS—CRITERIA FOR WAIVER; PROCEDURES FOR DISPOSITION. Under RCW 42.17.392(2), the commission is authorized to waive the \$10 late filing civil penalty if it finds the failure to file in a timely manner was unavoidable.

(1) Any person seeking a waiver of this late filing penalty shall file with the commission a written request setting forth the specific circumstances which caused the late filing to be unavoidable.

(2) The request shall be submitted with the late statement or report and shall operate to defer payment of the late filing penalty pending commission action on the request.

(3) The commission finds that where a person is prevented by circumstances beyond that person's control from filing in a timely manner, the late filing is unavoidable. This would include, without being limited to,

- (a) natural catastrophe,
 - (b) personal or family illness,
 - (c) not reporting as to a particular item because necessary information is not available until after the reporting deadline,
 - (d) the appropriate form was not available or not received,
 - (e) reliance upon bad advice from a governmental officer who is apparently knowledgeable about the filing requirement,
 - (f) the report was mailed in a timely fashion, but never received.
- (4) The administrator is directed to inform any person who satisfies the criteria set out above (1) that the imposition of the penalty is waived. If the administrator is uncertain whether those criteria have been met, he is directed to bring the request before the commission for decision at its next meeting.

(5) If the administrator determines that the request for a waiver does not satisfy the criteria set out above (1), the person requesting the waiver shall be notified that the penalty is not waived. In addition, that person shall be notified that the denial can be appealed to the commission at its next meeting. The administrator shall present any such appeals to the commission at its next meeting.

(6) The administrator shall report to the commission periodically (at least every six months) on the actions that have been taken pursuant to this rule.

(2) A statement or report filed more than 60 days after the applicable due date shall be treated as a compliance matter pursuant to chapter 390-37 WAC;

(3) Any other late filed statement or report shall be reviewed by the commission administrator to determine if the amounts of money involved or other circumstances indicate an apparent attempt to (a) withhold or conceal information required to be disclosed under chapter 42.17 RCW, or (b) otherwise frustrate the purposes of that chapter. Upon an affirmative finding under the preceding sentence, the case shall be treated as a compliance matter pursuant to chapter 390-37 WAC. Upon a negative finding under the first sentence of this subsection, only the ten dollar late filing penalty specified in (~~section 11, chapter 112, Laws of 1975-76, 2nd ex. sess.~~) RCW 42.17.392, shall be assessed.

NEW SECTION

WAC 230-02-418 BINGO GAME MANAGER DEFINED. A "bingo game manager" is any person who is employed by a bingo game operator for compensation or otherwise, to work in, or in direct connection with, the operation of a bingo game and is the person with the highest level of authority on the premises where the bingo game is conducted, at any particular time, to supervise and direct other people working on the bingo game.

A bingo game operator may employ more than one person whose functions constitute a bingo game manager under this definition. However, one individual shall be designated by the organization as the principal manager of the bingo games with all other persons designated as "assistant bingo game managers." All bingo game managers, principal and assistants, shall be knowledgeable of

the rules and regulations for the conduct of bingo games. The bingo game manager or assistant manager on duty at the premise at any particular session or day shall be responsible for the accuracy of the daily record of activities and for the conduct of play pursuant to Title 230 WAC. The principal manager of the bingo games shall be held responsible for the performance of all assistant managers.

As used in these rules the term bingo game manager includes all persons designated as principal managers and assistant bingo game managers.

NEW SECTION

WAC 230-04-145 LICENSING OF MANAGERS OF BINGO GAMES. No person shall act as a bingo game manager on or after February 1, 1982, unless he or she has either received a license to do so from the commission or, if the commission has not previously denied an application by that person for a license, or the commission has not previously revoked a license issued to that person, he or she has properly applied for such license. If there has been such a previous denial of an application and/or revocation of a license, that person shall not act as a bingo game manager unless he or she has been issued a license to do so by the commission. See WAC 230-02-418 for the definition of a "bingo game manager."

On or before the first day he or she actually performs work as a bingo game manager, a person shall submit an application for a license to the commission. Such application shall not be deemed complete and properly submitted for the purposes of this rule unless and until all questions on the commission's application form and attachments are fully and truthfully answered and the form, with all attachments, together with the required fee, has been delivered to the commission office during regular business hours (or actually deposited in the United States mail properly addressed to the commission).

Except as provided in this section, an operator of a bingo game shall not allow any unlicensed person to perform duties for which a license is required in or in connection with a bingo game and shall take all measures necessary to prevent an unlicensed person from doing so.

The president of the bingo licensee (or equivalent officer) operating the bingo game in connection with which the applicant will work shall sign the original application for license of each bingo game manager acknowledging that the applicant will be working for that bingo licensee with the bingo licensee's knowledge and consent.

NEW SECTION

WAC 230-04-147 NOTIFICATION TO THE COMMISSION UPON BEGINNING, TERMINATING OR CHANGING RESPONSIBILITIES AS BINGO GAME MANAGERS. A licensed bingo game operator shall notify the commission in writing when a bingo game manager has begun work in the bingo game operation or has terminated employment and/or responsibilities for any reason.

The notification shall include the full name, sex, and birthdate of the bingo game manager, and among other things, the date the bingo game manager began to work for the bingo game operator, with an acknowledgment that he or she has done so with the operator's knowledge and consent, or the date employment and/or responsibilities terminated. The report shall be made immediately and must reach the commission's Olympia office not later than 5 p.m. on the tenth day following the person's first day of work or last day of work, as applicable. No punchboard which offers as a prize the opportunity to take another punch on that board shall be sold or placed out for play unless that particular style and type of step-up board has been approved in advance by the commission. Each such board must clearly indicate on its face the terms and conditions under which the opportunity to obtain the second, or step-up punch may be obtained and the prizes which may be won by the step-up punch.

(2) The licensee shall display all prizes in the immediate vicinity of the punchboard or pull tab device and such prizes shall be in full view of any person prior to that person purchasing the opportunity to play. (3) Upon a determination of a winner of a merchandise prize, the licensee shall immediately remove that prize from any display and present it to the winner.

Immediately upon determining the winner of any cash prize of five dollars or more, or of any merchandise prize with a retail value of five dollars or more, but prior to award of the prize, the licensee shall conspicuously delete all references to that prize being available to players from any flare, punchboard or pull tab dispensing device

upon which such reference may appear, and from any other list, sign, or notice which may be posted, in such a manner that all future customers will know the prize is no longer available. The prize shall then be paid or delivered to the winner forthwith. The licensee must pay or award to the customer or player playing the punchboard or pull tab series all such prizes that have not been deleted from the flare of the punchboard or pull tab series when the punchboard or pull tab series is completely played out.

(4) No licensee shall offer to pay cash in lieu of merchandise prizes which may be won.

(5) When any person shall win over ~~((five))~~ twenty dollars in cash or merchandise with a retail value of more than ~~((five))~~ twenty dollars from the operation of any punchboard or pull tab device, a record shall be made by the licensee of the win. The record shall contain:

It shall be the responsibility of the licensee to determine the identity of the winner and the licensee shall require such proof of identification as is necessary to properly establish the winner's identity. The licensee shall not pay out any prize unless and until the winner has fully and accurately furnished to the licensee all information required by this rule to be kept upon the records of the licensee.

Every licensee shall keep the record of all prizes awarded in excess of ~~((five))~~ twenty dollars, containing all of the information required in subsection (5) above, and all winning pull tabs or punchboard punches of five dollars or more for a period of ~~((one-year))~~ six months and shall display the same to any member of the public, representative of the commission or law enforcement officials upon demand.

(6) For the purposes of this rule, the retail value of a merchandise prize shall be the amount actually paid therefor by the licensed operator plus 50 percent of that actual cost.

(7) Spindle-type pull tab series which award only merchandise prizes valued at no more than five dollars, are hereby permitted to employ schemes whereby certain predesignated pull tabs are free or the player is otherwise reimbursed the actual cost of said pull tabs. Flares for spindle-type pull tabs operated in this manner shall designate the total number of pull tabs in the series and the total number of pull tabs designated as free or reimbursable. Free or reimbursable pull tabs in these types of pull tab series shall not constitute a prize or prizes nor shall monies collected and later reimbursed constitute revenue for the purposes of determining gross receipts.

[Order 219—Filed October 15, 1981]

Be it resolved by the Washington State Board of Health, acting at Seattle, Washington, that it does promulgate and adopt the annexed rules relating to required approval for occupancy after completion of new construction, repealing WAC 248-18-025.

We, the Washington State Board of Health, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is due to budget shortages and personnel reductions, inspections and written approvals of hospital construction are no longer available. In the absence of inspections and written approval, an emergency exists because hospital patients may not have available to them facilities and services essential to their health, safety, and well-being due to the hospitals' legal inability to occupy or utilize completed construction projects.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated under the general rule-making authority of the Washington State Board of Health as authorized in RCW 43.20.050.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure

AMENDATORY SECTION (Amending Order 1642, filed 4/27/81)

WAC 388-37-035 INCAPACITY. (1) The term "incapacity" refers to the existence of a physiological, emotional and/or mental impairment which renders the person incapable of gainful employment.

(a) Such incapacity must be verified by medical evidence.

(b) The person must be substantially prevented by reason of the impairment from engaging in a useful occupation. Reasons for unemployment other than incapacity, such as individual employer preferences, business and economic conditions, social handicaps, etc., are not

factors to be considered in determining his inability to obtain and continue in employment.

(2) The source of evidence for physiological incapacity will be a written report from a physician or chiropractor; for a mental incapacity, the source may be a report from a psychiatrist or clinical psychologist. Medical evidence may be obtained from other DSHS institutions and agencies from which the individual is receiving or has received services. Such reports must include a diagnosis and prognosis for the incapacitating condition and the effect of the condition on the individual's ability to function.

(3) The determination of incapacity will be made on the facts of each case. This requires evaluation of the severity of the impairment and its effect on the individual, and consideration of the individual's abilities so that it can be determined whether there remains a capacity to engage in a useful occupation.

(4) Incapacity due to mental disorders shall be determined on the basis of actual and specific impairment of faculties necessary for the person to be able to engage in gainful employment. The fact that an individual may be receiving treatment for a mental health problem is not in itself evidence that incapacity exists.

~~((a)) Such persons must be diagnosed as psychotic or psychotic in remission, or~~

~~(b) Mentally retarded as evidenced by a score of:~~

~~(i) Eighty-four or less on the Wechsler Adult Intelligence Scale or on the Vineland Social Maturity Scale, or~~

~~(ii) Eighty-three or less on the Stanford-Binet Intelligence Scale.~~

~~(c)) (5) Such incapacity will be determined on the basis of evidence that the individual:~~

~~((i)) (a) Is unable to exercise judgment and make decisions necessary to obtain and maintain employment.~~

~~((ii)) (b) Is unable to sustain an adequate attention span.~~

~~((iii)) (c) Manifests bizarre or inappropriate behavior patterns beyond his capability to control.~~

~~((iv)) (d) Does not have the degree of physical and motor control required to sustain employment.~~

~~((v)) (e) Does not have perception and memory to the degree necessary to obtain and sustain employment.~~

~~((vi)) (f) Is unable to follow directions or to learn to the degree necessary to obtain and sustain employment.~~

~~((vii)) (g) Is under medication which impairs functioning.~~

~~((viii)) (h) Any one or a combination of the conditions in ~~((items i)) subdivisions (a) through ((vii)) (h) may be sufficient to establish incapacity.~~~~

~~((5)) (6) Incapacity will be considered to be established for a period of sixty days without an incapacity review team decision ~~((for applicants for and recipients of services in a congregate care facility))~~ when the person:~~

~~(a) Deleted;~~

~~(b) Has been determined to be eligible for any benefits ~~((including FAMCO))~~ based on social security administration disability criteria ~~((except for persons with mental or emotional illness));~~~~

~~(c) Is eligible for services from the bureau of developmental disabilities;~~

(d) Is being released from inpatient psychiatric treatment.

~~((6))~~ (7) Incapacity due to alcoholism will be considered to be established when an individual is admitted as a resident into either intensive or long-term treatment at an alcoholism treatment center as defined in WAC 275-19-020.

~~((7))~~ (8) Incapacity due to abuse of drugs other than alcohol will be considered to be established for a designated period when an individual is admitted as a resident into a certified residential drug treatment program, or certified detoxification program or is accepted into a certified methadone (or approved substitute) maintenance program.

(a) In accordance with the above criteria, incapacity will be considered to be established for the following maximum periods of time:

- (i) Detoxification—thirty days.
- (ii) Maintenance—sixty days.
- (iii) Residential treatment—sixty days.

(b) Assistance shall not be continued beyond the initial period of time described in subdivision ~~((7)(a))~~ (8)(a) of this section without an incapacity review team decision.

~~((8))~~ (9) If the person claiming incapacity due to alcoholism or drug abuse does not meet the criteria in subsections ~~((6))~~ (7) or ~~((7))~~ (8) of this section, incapacity will be determined by evidence that:

(a) Pathological or demonstrable organic damage has resulted from chronic alcoholism or drug abuse, or

(b) The individual, as a result of the addiction, has his judgment so impaired that he is incapable of realizing and making a rational decision with respect to his need for treatment and constitutes a danger to himself, to any other person, or to property.

~~((9))~~ (10) Individuals who are found to be incapacitated due to alcoholism or drug abuse must be participating in an approved alcoholism or certified drug treatment program.

~~((10))~~ (11) An individual who refuses to accept and follow through on available treatment when such treatment is recommended shall not be eligible.

~~((11))~~ (12) The use of drugs or alcohol of itself is not evidence that an incapacitating condition exists.

I, Rolland A. Schmitten, director of the State Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to personal use angling rules.

I, Rolland A. Schmitten, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. facts constituting such emergency is this order is necessary to protect chinook salmon and allocate coho salmon.

EMERGENCY RULES
DEPARTMENT OF GAME
(Game Commission)
 [Order 139—Filed October 16, 1981]

Be it resolved by the Game Commission of the state of Washington, that we promulgate and adopt at Walla Walla, Washington, as emergency rule of this governing body, the annexed rule relating to Mt. St. Helens' area hunting, fishing, and trapping closure effective October 18, 1981, WAC 232-28-60314.

We, the Game Commission, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to the public interest. A statement of facts constituting such emergency is the area described in WAC 232-28-60314 is located in close proximity to Mt. St. Helens and in the past has received considerable damage from the volcanic eruptions of Mt. St. Helens. Rapid evacuation in the area in the event of additional major volcanic activities would be complicated by the presence of large numbers of people attracted to the area to take advantage of open hunting, fishing, and trapping seasons. Because of the above, it is necessary to close

this area to hunting, fishing, and trapping. Such a closure will not result in an overescapement or surplus of game animals, game fish, game birds, or furbearing animals. Such rule is therefore adopted as an emergency rule to take effect upon filing with the Code Reviser.

This rule is promulgated under the authority of the Game Commission as authorized in RCW 77.12.150.

The undersigned chairman hereby declares that the Game Commission has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), or the Administrative Procedure Act (chapter 34.04 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

This order, after being first recorded in the Order Register of this governing body, shall be forwarded to the Code Reviser for filing pursuant to chapter 34.04 RCW and chapter 1-12 WAC.

APPROVED AND ADOPTED October 5, 1981.

STATEMENT OF PURPOSE

This statement is filed pursuant to RCW 34.04.045.
 Amend chapter 275-19 WAC.

Purpose of the rule or rule change is to update and reorganize rules on alcoholism treatment facilities.

Statutory Authority: RCW 70.96A.090.

Summary of the Rule or Rule Change: WAC 275-19-030(2) and (36), the term "modified medical detoxification" and "social setting detoxification" have been changed to "acute detoxification" and "subacute detoxification" respectively. The definitions remain the same. The old wording did not denote a medical emphasis, thus causing some problems with gaining payment for these services from federal sources and third-party payors; WAC 275-19-030(22), notes a new term and definition for "intensive outpatient treatment"; WAC 275-19-030(30), deletes the specific definition for qualified alcoholism counselors and now requires that they meet the standards outlined in the document, "Alcoholism Counselor Qualification Standards" published by the Office on Alcoholism; WAC 275-19-040, shortens this section through combination and reorganization. Adds a requirement for agencies to notify the Office on Alcoholism and the county administrative boards in the event they open any new branch offices or move to a new location. In addition, changes the time limitations on provisional approval and full approval certificates; WAC 275-19-060, changes the inspection fee requirement; WAC 275-19-070, adds two requirements that were mandated by RCW 70.96A.100; WAC 275-19-080,

shortens this section by moving some subsections to other places in WAC; WAC 275-19-090, repeals entire section by combining this section with others throughout WAC; WAC 275-19-110, shortens this section by moving some of the governing body items to the administrator's section; WAC 275-19-120 and 275-19-130, these sections have been combined into one section, 275-19-130. This will simplify the administrator's requirements. In addition, requires that a "program manual" be developed and maintained that includes the various required administrative documents. Lists the required items to be included in the manual in this section; WAC 275-19-140, this section has been shortened and reorganized to a more manageable, sensible format. In addition, adds a requirement that counselor aides and trainees must be free from the abuse of alcohol and other drugs for a period of at least one year prior to being employed in any clinical positions; WAC 275-19-160 has been reorganized and cut in length; WAC 275-19-170, the subsections (3) and (4) have been combined thus shortening the section considerably. In addition, moves 275-19-180(4) "treatment plan" requirement into this section where it is more appropriately located; WAC 275-19-180, this section has been substantially reorganized and now includes several items from other sections in WAC. In addition, ups the requirements for case review in detoxification programs from one review per day to one review per shift; WAC 275-19-200, changes the terms modified medical detoxification and social setting detoxification to the new terms acute and subacute. Deletes many subsections in the subacute detoxification section that were found to be covered by cross referenced chapter 248-22 WAC; and WAC 275-19-610 adds the requirement that outpatient programs offering intensive outpatient services must meet the standards outlined in the document "Guidelines For Intensive Outpatient Programs," published by the Office on Alcoholism.

APPROPRIATIONS—LEGISLATURE—LANDS—RECREATION—USE OF LANDS ACQUIRED WITH CERTAIN APPROPRIATION

In view of the source of the appropriation involved it would be improper for the state to purchase the Milwaukee Railroad right-of-way and existing bridges from Easton in Kittitas County to Tekoa in Whitman County, in accordance with § 17, chapter 143, Laws of 1981, with the present intent or plan to use the subject property for a purpose other than recreation; however, based upon a material change of circumstances following its acquisition, justifying a corresponding change in use, it would be permissible for the legislature to authorize such an ensuing change in use of the land.

PROPOSED RULES
DEPARTMENT OF
LABOR AND INDUSTRIES
 [Filed October 21, 1981]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Department of Labor and Industries intends to adopt, amend, or repeal rules concerning new chapter 296-150 WAC, which includes rules for mobile homes, commercial coaches, recreational vehicles, factory-built housing, and commercial

structures. The rules combine the current chapter 296-48 WAC, which relates to mobile homes; chapter 296-48A WAC, which relates to recreational vehicles; and chapter 296-150A WAC, which relates to factory-built housing and commercial structures. The rules also include parts of current chapter 296-48B WAC, which covers commercial coaches, and several new sections that set the requirements for installation of mobile homes.

The four chapters that cover the various factory assembled structures each have rules governing applications for insignia, approval of design plans, alterations, quality control, and inspections. The rules in the four chapters often differ from each other in minor ways. The differences in these rules are costly for the department and the manufacturers because they must follow different procedures for each type of structure. These proposed rules eliminate the differences between the four chapters to the extent possible, and replace the current rules with one generally applicable group of rules.

The current chapters also include substantive construction standards for factory-built housing, commercial structures, mobile homes, recreational vehicles, and commercial coaches. The proposed rules update the construction standards for all structures, other than commercial coaches, to comply with the latest applicable national codes. The proposed rules do not change the construction standards for commercial coaches; these standards are currently being revised and will be proposed in a later Notice of Intention to Adopt Rules.

These proposed rules also include several new sections that set standards for installing mobile homes pursuant to RCW 43.22.440.

The proposed WAC 296-150-990 sets increased fees for inspections of structures, issuance of insignias, checking design plans, travel costs, and other services.

Written or oral submissions may also contain data, views, and arguments concerning the effect of the proposed rules or amendments of rules on economic values, pursuant to chapter 43.21H RCW.

The agency reserves the right to modify the text of these proposed rules before the public hearing or in response to written or oral comments received before or during the public hearing.

The agency may need to change the date for public hearing or adoption on short notice. To ascertain that the public hearing or adoption will take place as stated in this notice, an interested person may contact the person named below.

Correspondence relating to this notice and the proposed rules should be addressed to:

that such agency will at 9:30 a.m., Tuesday, December 22, 1981, in the Large Conference Room, First Floor, General Administration Building, Olympia, Washington 98504, conduct a hearing relative thereto.

The formal adoption, amendment, or repeal of such rules will take place at 9:30 a.m., Tuesday, January 5,

1982, in the Director's Office, Room, 334, General Administration Building, Olympia, Washington 98504.

The authority under which these rules are proposed is RCW 43.22.350, 43.22.480 and 43.22.440.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to December 22, 1981, and/or orally at 9:30 a.m., Tuesday, December 22, 1981, Large Conference Room, First Floor, General Administration Building, Olympia, Washington 98504.

STATEMENT OF PURPOSE

Title and Number of Chapter: New chapter 296-150 WAC, Standards for factory-assembled structures. This new chapter combines and clarifies the rules for mobile homes currently contained in chapter 296-48 WAC, the rules for recreational vehicles in current chapter 296-48A WAC, the current rules for factory-built housing and commercial structures in chapter 296-150A WAC. The new chapter also contains parts of current chapter 296-48B WAC, which covers commercial coaches, and several new sections that set installation standards for mobile homes pursuant to RCW 43.22.440.

Statutory Authority: RCW 43.22.350, 43.22.440 and 43.22.480.

Summary of the Rules: The four chapters that cover the various factory assembled structures each have rules governing applications for insignia, approval of design plans, alterations, quality control, and inspections. The rules in the four chapters often differ from each other in minor ways. The differences in these rules are costly for the department and the manufacturers because they must follow different procedures for each type of structure. These proposed rules eliminate the differences between the four chapters to the extent possible, and replace the current rules with one generally applicable group of rules. The current chapters also include substantive construction standards for factory-built housing, commercial structures, mobile homes, recreational vehicles, and commercial coaches. The proposed rules update the construction standards for all structures, other than commercial coaches, to comply with the latest applicable national codes. The proposed rules do not change the construction standards for commercial coaches; these standards are currently being revised and will be proposed in a later Notice of Intention to Adopt Rules. These proposed rules also include several new sections that set standards for installing mobile homes pursuant to RCW 43.22.440. The proposed WAC 296-150-990 sets increased fees for inspections of structures, issuance of insignias, checking design plans, travel costs, and other services.

Description of the Purpose of the Rules: The Department of Labor and Industries has proposed these rules to eliminate costly and inefficient differences in administering four different chapters; to amend the substantive construction requirements of mobile homes, recreational vehicles, factory-built housing, and commercial structures to comply with the most recent national codes; to

set new mobile home installation standards as required by RCW 43.22.440; and to raise its fees to enable the department to pay for the costs of its services.

Reasons Supporting the Proposed Rules: The current rules are inefficient because they are in four different chapters. Many rules have not been amended for several years, and the substantive construction requirements no longer keep pace with new technology and methods of construction. The department's current fees do not cover the cost of providing its services.

The Agency Personnel Responsible for the Drafting: Thornton Wilson, Assistant Attorney General, 300 West Harrison, Seattle, Washington 98119, (206) 464-6436; Implementation and Enforcement: James Louvier, Chief, Factory Assembled Structures Section, 300 West Harrison, Seattle, Washington 98119, (206) 464-6580.

Name of the Person or Organization Whether Private, Public, or Governmental, that is Proposing the Rule: Department of Labor and Industries.

Agency Comments or Recommendations, if any, Regarding Statutory Language, Implementation, Enforcement and Fiscal Matters Pertaining to the Rule: The fees will raise a manufacturer's costs for insignia, inspections, and plan checking. However, the raise in fees is necessary to enable the department to cover its costs, as it is required to do by law. The costs to manufacturers, dealers, owners, and others should be lessened by combining and clarifying the rules in the current four chapters.

The rule is not necessary to comply with a federal law or a federal or state court decision.

Any other information that may be of assistance in identifying the rule or its purpose: None.

Reviser's Note: The material contained in this filing will appear in a subsequent issue of the Register as it was received after the applicable closing date for this issue for agency typed material exceeding the volume limitations of WAC 1-12-035 or 1-13-035, as appropriate.

(b) If the home is used by a spouse or dependent relative during the individual's absence, it will continue to be considered the principal place of residence.

This property means items commonly referred to as tangible business assets such as land and buildings, equipment and supplies, inventory, cash on hand, accounts receivable, etc. The current market value shall not exceed limits which take into account the nature of the business and the gross and net income such business may be expected to produce in light of such property.

(8) Life insurance owned by an individual and spouse, if any, to the extent of its cash surrender value, provided that the total face value of policies held by each individual is \$1500 or less, in which case the cash surrender value is not evaluated. If the face value of policy(ies) is over \$1500, cash surrender value must be applied to resource limitations. Term or burial insurance with no cash surrender value is not considered in determining face value.

(10) Cash received from an insurance company for purposes of repairing or replacing an excluded resource that is lost, damaged, or stolen, etc., is excluded as a resource provided the total amount of the cash is used to repair or replace such excluded resource within nine months that period may be extended based on circumstances beyond the control of the applicant to a maximum of nine additional months. Any such cash not so used within such time periods is considered as an available resource.

(11) Other resources excluded by federal statute.

STATEMENT OF PURPOSE

Title: WAC 16-212-020 Grain and commodity inspection points; 16-212-030 General provisions for hourly charges; 16-212-050 Certificates; 16-212-060 Inspection and/or weighing fees; 16-212-065 Sampling, testing, and certification of wheat for sedimentation values; 16-212-070 Inspection of miscellaneous commodities; 16-212-080 Miscellaneous; and 16-212-120 Grades and standards.

Description of Purpose: The Federal Grain Inspection Service (FGIS), effective October 1, 1981, assessed delegated/designated agencies supervision and administration fees. The increases in the department's grain inspection fee schedule will allow the department to pass these user fees onto the grain industry served. Certain terminology has been clarified in the proposal to clearly reflect how fees are to be assessed, avoiding questions of interpretation raised in the past; certain fees and certain minimum charges have been adjusted to more closely reflect the costs of inspection to the department.

Statutory Authority: RCW 22.09.460.

Summary of Rule: To increase fees for weighing and inspection services provided to the grain industry.

Reasons Supporting Proposed Action: Without this increase, the fiscal impact on the grain inspection fund

would impair the department's ability to provide timely service to the grain industry.

Drafting, Implementation and Enforcement: J. Allen Stine, Chief Grain Branch, Washington State Department of Agriculture, 406 General Administration Building, AX-41, Olympia, WA 98504, (206) 753-5066.

Person or Organization Proposing Rule, and Whether Public, Private, or Governmental: Washington State Department of Agriculture.

Agency Comments: None.

Whether Rule is Result of Federal Law: Yes, 7 CFR Part 800.
