STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

Documents are arranged within each issue of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence within an issue's material.

2. PROPOSED, ADOPTED, AND EMERGENCY RULES OF STATE AGENCIES AND INSTITUTIONS OF HIGHER EDUCATION

The three types of rule-making actions taken under the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW) may be distinguished by the size and style of type in which they appear.

- (a) **Proposed rules** are those rules pending permanent adoption by an agency and set forth in eight point type.
- (b) **Adopted rules** have been permanently adopted and are set forth in ten point type.
- (c) **Emergency rules** *have been adopted on an emergency basis and are set forth in ten point oblique type.*

3. PRINTING STYLE—INDICATION OF NEW OR DELETED MATTER

RCW 34.04.058 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined matter is new matter;
 - (ii) deleted matter is (~~lined out and bracketed between double parentheses~~);
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

4. EXECUTIVE ORDERS, COURT RULES, NOTICES OF PUBLIC MEETINGS

Material contained in the Register other than rule-making actions taken under the APA or the HEAPA does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

5. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules take effect thirty days after the rules and the agency order adopting them are filed with the code reviser. This effective date may be delayed, but not advanced, and a delayed effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser and remain effective for a maximum of ninety days from that date.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

6. EDITORIAL CORRECTIONS

Material inserted by the code reviser for purposes of clarification or correction or to show the source or history of a document is enclosed in brackets [].

7. INDEX AND TABLES

A combined subject matter and agency index and a table of WAC sections affected may be found at the end of each issue.

STATEMENT OF PURPOSE

Title and Number of Chapter: New chapter 296-150 WAC, Standards for factory-assembled structures. This new chapter combines and clarifies the rules for mobile homes currently contained in chapter 296-48 WAC, the rules for recreational vehicles in current chapter 296-48A WAC, the current rules for factory-built housing and commercial structures in chapter 296-150A WAC. The new chapter also contains parts of current chapter 296-48B WAC, which covers commercial coaches, and several new sections that set installation standards for mobile homes pursuant to RCW 43.22.440.

Statutory Authority: RCW 43.22.350, 43.22.440 and 43.22.480.

Summary of the Rules: The four chapters that cover the various factory assembled structures each have rules governing applications for insignia, approval of design plans, alterations, quality control, and inspections. The rules in the four chapters often differ from each other in minor ways. The differences in these rules are costly for the department and the manufacturers because they must follow difference procedures for each type of structure. These proposed rules eliminate the differences between the four chapters to the extent possible, and replace the current rules with one generally applicable group of rules. The current chapters also include substantive construction standards for factory-built housing, commercial structures, mobile homes, recreational vehicles, and commercial coaches. The proposed rules update the construction standards for all structures, other than commercial coaches, to comply with the latest applicable national codes. The proposed rules do not change the construction standards for commercial coaches; these standards are currently being revised and will be proposed in a later Notice of Intention to Adopt Rules. These proposed rules also include several new sections that set standards for installing mobile homes pursuant to RCW 43.22.440. The proposed WAC 296-150-990

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Department of Labor and Industries intends to adopt, amend, or repeal rules concerning new chapter 296-150 WAC, which includes rules for mobile homes, commercial coaches, recreational vehicles, factory-build housing, and commercial structures. The rules combine the current chapter 296-48 WAC, which relates to mobile homes; chapter 296-48A WAC, which relates to recreational vehicles; and chapter 296-150A WAC, which relates to factory-built housing and commercial structures. The rules also include parts of current chapter 296-48B WAC, which covers commercial coaches, and several new sections that set the requirements for installation of mobile homes.

The four chapters that cover the various factory assembled structures each have rules governing applications for insignia, approval of design plans, alterations, quality control, and inspections. The rules in the four chapters often differ from each other in minor ways. The differences in these rules are costly for the department and the manufacturers because they must follow different procedures for each type of structure. These proposed rules eliminate the differences between the four chapters to the extent possible, and replace the current rules with one generally applicable group of rules.

The current chapters also include substantive construction standards for factory-built housing, commercial structures, mobile homes, recreational vehicles, and commercial coaches. The proposed rules update the construction standards for all structures, other than commercial coaches, to comply with the latest applicable national codes. The proposed rules do not change the construction standards for commercial coaches; these standards are currently being revised and will be proposed in a later Notice of Intention to Adopt Rules.

These proposed rules also include several new sections that set standards for installing mobile homes pursuant to RCW 43.22.440.

The proposed WAC 296-150-990 sets increased fees for inspections of structures, issuance of insignias, checking design plans, travel costs, and other services.

Written or oral submissions may also contain data, views, and arguments concerning the effect of the proposed rules or amendments of rules on economic values, pursuant to chapter 43.21H RCW.

The agency reserves the right to modify the text of these proposed rules before the public hearing or in response to written or oral comments received before or during the public hearing.

The agency may need to change the date for public hearing or adoption on short notice. To ascertain that the public hearing or adoption will take place as stated in this notice, an interested person may contact the person named below.

Correspondence relating to this notice and the proposed rules should be addressed to:

sets increased fees for inspections of structures, issuance of insignias, checking design plans, travel costs, and other services.

Description of the Purpose of the Rules: The Department of Labor and Industries has proposed these rules to eliminate costly and inefficient differences in administering four different chapters; to amend the substantive construction requirements of mobile homes, recreational vehicles, factory-built housing, and commercial structures to comply with the most recent national codes; to set new mobile home installation standards as required by RCW 43.22.440; and to raise its fees to enable the department to pay for the costs of its services.

Reasons Supporting the Proposed Rules: The current rules are inefficient because they are in four different chapters. Many rules have not been amended for several years, and the substantive construction requirements no longer keep pace with new technology and methods of construction. The department's current fees do not cover the cost of providing its services.

The Agency Personnel Responsible for the Drafting: Thornton Wilson, Assistant Attorney General, 300 West Harrison, Seattle, Washington 98119, (206) 464-6436; **Implementation and Enforcement:** James Louvier, Chief, Factory Assembled Structures Section, 300 West Harrison, Seattle, Washington 98119, (206) 464-6580.

Name of the Person or Organization Whether Private, Public, or Governmental, that is Proposing the Rule: Department of Labor and Industries.

Agency Comments or Recommendations, if any, Regarding Statutory Language, Implementation, Enforcement and Fiscal Matters Pertaining to the Rule: The fees will raise a manufacturer's costs for insignia, inspections, and plan checking. However, the raise in fees is necessary to enable the department to cover its costs, as it is required to do by law. The costs to manufacturers, dealers, owners, and others should be lessened by combining and clarifying the rules in the current four chapters.

The rule is not necessary to comply with a federal law or a federal or state court decision.

Any other information that may be of assistance in identifying the rule or its purpose: None.

NEW SECTION

WAC 296-150-005 APPLICATION AND SCOPE. (1) This chapter implements the provisions of RCW 43.22.340 through RCW 43.22.490, which cover the construction and approval of mobile homes, commercial coaches, recreational vehicles and factory-built structures. The purpose of this chapter is to combine under one heading all applications, procedures, requirements, and codes relating to mobile homes, commercial coaches, recreational vehicles, and factory-built structures. Many of the applications and procedures are the same for each kind of structure; occasionally, they will differ. These rules specify when a person must follow a procedure other than the general procedure.

(2) This chapter applies to:

(a) mobile homes, commercial coaches, and recreational vehicles manufactured after 1 January 1968, other than mobile homes labeled by the Department of Housing and Urban Development (HUD) after 15 June 1976. HUD-labeled mobile homes are governed by the federal mobile home standards in 24 CFR Part 280 and 24 CFR Part 3282 until they are sold or leased to a dealer, distributor, or consumer;

(b) alterations to the plumbing, heating, or electrical systems, or to the body or frame of a mobile home not labeled by HUD, commercial coach, or recreational vehicle, regardless of the date of manufacture;

(c) alterations to the plumbing, heating, or electrical systems, or to the body or frame, of a HUD-labeled mobile home after the manufacturer has sold the mobile home to a dealer, distributor, or consumer;

(d) components;

(e) factory-built structures until the first installation of the structure at a building site is completed; and

(f) equipment and installations intended to be used in mobile homes, commercial coaches, recreational vehicles, factory-built structures, and components.

NEW SECTION

WAC 296-150-010 ENFORCEMENT. The department administers and enforces the provisions of this chapter. Pursuant to approval by HUD, it also administers and enforces the federal mobile home law by acting as a production inspection primary inspection agency (IPIA) and as the state administrative agency (SAA).

An officer, agent, or employee of the department may enter any premises, during working hours or at other reasonable times, where structures or components are manufactured, sold, leased, or offered for sale or lease. He or she may examine a manufacturer's quality control and production records, and may inspect any construction, equipment, or installations to ensure that the manufacturer is complying with this chapter. If necessary to make a proper inspection, he or she may require a manufacturer, dealer, distributor, or consumer to remove part of the structure or component.

(3) A manufacturer of mobile homes, pursuant to HUD's rules, must have a Design Approval Primary Inspection Agency (DAPIA) check its design plan instead of applying for approval with the department.

Reviser's Note: The typographical errors in the above section occurred in the copy filed by the agency and appear herein pursuant to the requirements of RCW 34.08.040.

NEW SECTION

WAC 296-150-030 REQUIREMENTS FOR DESIGN PLANS. (1) **General requirements.** A design plan must include plan and elevation views of the structure or component, and the specifications, engineering data, and test results necessary for a complete evaluation of the design. A manufacturer may submit the specifications, engineering data, and test results separately from the drawings.

If the specifications, engineering data, and test reports are not included on the plan drawings, they must be fastened together. The cover sheet of the plan must note that the documents are part of the plan.

The plan and elevation views for the design plan must be drawn to scale on uniformly sized standard drawing sheets. The applicant must submit prints of the drawings; the department will not accept originals.

The applicant must provide, on the cover or face sheet of the design plan, information that describes the plan, including the plan designation, description of design options, sheet numbers, and titles. The cover sheet should also have space for the department to insert the plan number and the approval date.

The plan must indicate where the manufacturer will affix the insignia to the structure, service core, or component. A plan that covers three or more modules must have a "key" drawing to show the arrangement of the modules.

(2) An application for approval of a design plan for factory-built structures, other than one- and two-family dwellings, must be accompanied by a plot plan or side measurements that show the location of the building on the property, the dimensions of the property lines, the dimensions to other buildings on the property, and the fire zone classification.

If a manufacturer is applying for approval of a design plan for a commercial coach, the manufacturer must designate the occupancy class of the commercial coach pursuant to the occupancy classifications given in the uniform building code.

(3) **Specific requirements.** The department has numerous specific requirements for design plans. When an applicant asks for an application form for approval of its design plan, it should specify the kind of structure or component it intends to manufacture, and the kind of design plan it intends to submit. The department will send the applicant a copy of the specific requirements.

NEW SECTION

WAC 296-150-035 ENGINEERING ANALYSIS AND TEST PROCEDURES. (1) When a manufacturer must show that a structural design, method of construction, installation, or piece of equipment is adequate to fulfill its intended function, the manufacturer must submit to the department information on and the results of an engineering analysis or a physical test.

(2) If the manufacturer does an engineering analysis of the design, method, installation, or equipment, the analysis must be made in accordance with generally established principles of engineering and must be signed by an architect or professional engineer licensed in Washington.

(3) If the manufacturer tests the design, method, installation, or equipment, the tests must be performed by a testing agency. The tests must be directed, witnessed, and evaluated by an architect or professional engineer licensed in Washington.

Test reports must contain the following items:

(a) a description of the method or standards that applied to the test;

(b) a description and drawings of the item tested;

(c) a description of the test set-up;

(d) a description of the procedure used to load the item for, and to measure, each condition;

(e) test data (and graphs, where applicable), including pertinent observations of the characteristics and behavior of the item tested;

(f) engineering data; and

(g) analysis, comments, and conclusion.

(4) The results of the tests or analyses must be in writing and must identify the design plan to which the results relate.

NEW SECTION

WAC 296-150-040 DEPARTMENT APPROVAL OF THE DESIGN PLAN. (1) The department shall approve a design plan if it complies with this chapter. If the department approves a design plan, it will return an approved copy of the plan to the applicant. The applicant must keep a copy of the approved plan at each location at which it is building the structure or component described by the design plan.

(2) If the design plan does not comply with this chapter, the department shall notify the applicant in writing of the deficiencies in the plan. The applicant may resubmit a corrected design plan pursuant to WAC 296-150-090.

NEW SECTION

WAC 296-150-045 RESUBMITTAL OF CORRECTED DESIGN PLAN. An applicant who has been notified of deficiencies in its design plan may correct the plan and resubmit it within 90 days after it receives the notice. If the applicant does not meet this deadline, the department may treat the resubmittal as a new application for approval of the design plan.

Each resubmittal must include the minimum resubmittal fee set out in WAC 296-150-990.

NEW SECTION

WAC 296-150-050 APPLICATION FOR APPROVAL OF A QUALITY CONTROL MANUAL. (1) A manufacturer of a mobile

(b) One copy of the quality control manual plus one additional copy for each location at which the manufacturer will build the structure or component. The copies must be printed on substantial 8 1/2 by 11 inch paper and must be fastened together.

(c) An outline of the quality control procedure.

(d) The name of the corporate officer, partner, or manager who is responsible for the quality control program and for maintaining the inspection records for each unit.

(e) An application fee.

(2) If the department has previously approved a quality control manual for the manufacturer, the manufacturer need not submit copies of the manual with the application.

(3) When the manufacturer asks the department for an application form, it should inform the department of what kind of product it intends to manufacture. The department will send the manufacturer the specific requirements for the quality control manual.

NEW SECTION

WAC 296-150-055 CHANGES TO AN APPROVED DESIGN PLAN OR QUALITY CONTROL MANUAL. If a manufacturer wants to change its design plan or quality control manual, or a change is required because the department has amended the rules in this chapter, the manufacturer must apply for approval of the new design plan pursuant to WAC 296-150-025, or the new quality control manual pursuant to WAC 296-150-050.

If the manufacturer must change the design plan or quality control manual to comply with changes in this chapter, the manufacturer may continue to manufacture its product under the old design plan or quality control manual for 90 days after the changes in this chapter become effective. The manufacturer should submit its new design plan or quality control manual within 30 days after the change takes effect to ensure that the department will have time to examine and approve the plan or manual.

NEW SECTION

WAC 296-150-060 EXPIRATION OF DESIGN PLAN APPROVAL. (1) Approval of a design plan expires 12 months after the date the department approves the plan.

(2) A manufacturer must apply to the department for renewal of the design plan approval at least two months before the approval expires to ensure that the department will have time to examine and approve the application. The manufacturer may obtain an application for renewal of plan approval from the department. The manufacturer must submit:

(a) a completed application form; and

(b) the renewal fee required by WAC 296-150-990. The renewed plan must be identical to the original design plan, except that the manufacturer may change the model name or designation.

NEW SECTION

WAC 296-150-075 APPLICATIONS FOR INSPECTION AND INSIGNIA FOR FACTORY-BUILT STRUCTURES, COMMERCIAL COACHES, RECREATIONAL VEHICLES, AND COMPONENTS. (1) Inspections in general. A manufacturer of factory-built structures, commercial coaches, recreational vehicles, or components must apply to the department for inspections of its products. The department will not issue an insignia for a unit until it has completed inspecting the unit.

The manufacturer may obtain an inspection application form from the department. It must submit the form and an application fee. The department must receive the application at least five days before the proposed date of the inspection.

A manufacturer need not apply to the department for inspection if the department has approved an independent inspection agency, a local enforcement agency, or the manufacturer itself to inspect its products. See WAC 296-150-085.

Each unit of the manufacturer's product must have a specific serial number to ensure that the department has inspected each unit. The manufacturer must have the approved design plan and, if applicable, the approved quality control manual at the location at which it is manufacturing the product. A manufacturer with a quality control manual must provide a control card or other quality control document for each unit.

(2) The department shall generally inspect each factory-built structure, commercial coach, and component twice. The department shall make an "ok to cover" inspection of a unit before the electrical, plumbing, mechanical, heating, and structural systems are covered or sealed during the construction. After the unit is completed, the department shall make a "final" inspection.

If a commercial coach is built to a simple design, the department may choose to make only a final inspection of the commercial coach.

(3) The department may inspect a recreational vehicle either before or after it has been completed.

NEW SECTION

(2) A manufacturer who wants to be inspected by a local enforcement agency or an independent inspection agency may ask the agency to inspect it. The local enforcement agency or independent inspection agency may do so if it obtains approval from the department.

If the department approves of the agency, it shall by contract allow the agency to perform the inspections. The contract shall require the agency to comply with and enforce the requirements of this chapter, and shall list all manufacturers that the agency may inspect. The parties may amend the contract at any time to add or delete a manufacturer. The manufacturer may obtain the departmental insignia from the agency instead of the department.

(3) A manufacturer may contract with the department to inspect its own products. The contract shall require the manufacturer to comply with and enforce the requirements of this chapter and the manufacturer's quality control manuals. The contract shall specify the management procedures by which the manufacturer will assure that the inspections are carried out, and shall designate the officer, partner, or owner who is responsible for the inspections.

(4) The department shall audit the agency's or manufacturer's inspections to ensure they are complying with the contract and this

chapter. If the agency or manufacturer is not complying with the contract or this chapter, the department may require the agency or manufacturer to allow the department to perform the inspections.

NEW SECTION

WAC 296-150-090 OTHER INSPECTIONS BY THE DEPARTMENT. (1) A person must ask the department to inspect a structure or component if:

(a) the person is selling, leasing, or offering for sale or lease a structure or component that does not bear an insignia and is required to bear an insignia;

(b) the person is altering or has altered the structure or component; and

(c) the department has issued a correction notice and a reinspection is necessary.

(2) An applicant for an inspection must submit an application on forms supplied by the department at least five working days before the desired date of inspection. The applicant must submit with the application an application fee pursuant to WAC 296-150-990.

(3) For any inspection, the applicant must provide to the department the design plans, specifications, engineering data, and test results on request.

NEW SECTION

NEW SECTION

WAC 296-150-100 INSPECTION OF FACTORY-BUILT STRUCTURES AND COMMERCIAL COACHES AFTER INSTALLATION AT THE BUILDING SITE. (1) A manufacturer, dealer, or owner must obtain the approval of the local enforcement agency for each installation of a factory-built structure or commercial coach at a building site. After the department performs a final inspection of a unit, it may send a notice to the local enforcement agency that specifies what connections, standards, and items the agency should check when the unit is installed.

(2) The local enforcement agency may require the manufacturer to provide a set of design plans and specifications for the unit, and to obtain all necessary permits, before it allows the manufacturer to transport the unit to the building site.

(3) The local enforcement agency may not open for inspection any factory-built structure, commercial coach, or component that bears the department's insignia.

(4) The local enforcement agency shall notify the department if a unit has been damaged en route to the building site, or during installation, so that the department can inspect the damage to the unit.

NEW SECTION

WAC 296-150-105 COMPLAINT INVESTIGATIONS. A person may complain in writing to the department about a structure or component. The complaint should describe the items that the person feels do not comply with this chapter. The department will send a copy of the complaint to the manufacturer and the dealer. The manufacturer and dealer have 30 days to respond. The department shall base its actions on the response.

If the department decides an investigation is necessary and discovers that the unit inspected violates this chapter, the manufacturer or dealer shall pay the cost of the inspection. If the department does not discover any violations, the complainant must pay the fees.

NEW SECTION

WAC 296-150-110 FEE REQUIRED IF A STRUCTURE OR COMPONENT IS NOT READY FOR INSPECTION. If a manufacturer or person applies to the department for an inspection of a structure or component, and the structure or component is not ready to be inspected at the time or place specified in the application, the manufacturer or person must pay the department the application fee and any travel and per diem expenses.

NEW SECTION

(1) If a person proposes to alter a mobile home, commercial coach, or recreational vehicle, or a factory-built structure before or during the installation of the factory-built structure, the person must file an application for an alteration insignia and an alteration fee with the department. The person may obtain an application form from the department.

(2) As a condition to approval of an alteration, the department may require inspections of the structure during the alteration to ensure that the alteration complies with this chapter. If the department indicates that inspections are required, the person altering the structure must apply for inspections pursuant to WAC 296-150-090.

After the final inspection of the alteration, if the alteration complies with this chapter and the applicant has paid the inspection and insignia fees, the department shall issue an insignia for the altered structure.

If an insignia is lost or damaged after it is affixed to a structure or component, the manufacturer, owner, or user must notify the department in writing immediately. The manufacturer or owner must specify the manufacturer, the vehicle identification number or serial number of the structure, and the insignia number if possible. The manufacturer, owner, or user must also return a damaged insignia if possible.

The department shall replace a damaged or lost insignia on payment of the insignia replacement fee pursuant to WAC 296-150-990.

NEW SECTION

WAC 296-150-135 NOTICE OF VIOLATIONS. If an inspection or investigation reveals that a structure or component violates this chapter, the department shall give or mail a notice of violations to the owner, dealer, manufacturer, or other person responsible for the violation. The notice of violation shall describe how the structure or component violates this chapter.

A person who receives a notice of violations must, within ten days after receipt, notify the department in writing of the action he or she has taken or will take to correct the violation. If the person has not corrected the violation within ten days after receipt of the notice, or within any other period of time allowed by the department, the department may confiscate the insignia assigned to the structure or component.

No person who has received a notice of violations may move, cause to be moved, or allow another person to move the structure or component to which the notice refers until the violations have been corrected,

A mobile home may not be installed at a building site unless the ground at the site has adequate compaction and load-bearing ability to meet the support requirements of WAC 296-150-230. The installer shall improve the ground on which a mobile home is to be installed as necessary to provide a proper base for the mobile home. The installer must ensure that the area beneath the mobile home has adequate drainage. To provide adequate drainage, the installer may need to slope the finish grade or install drain tile.

NEW SECTION

WAC 296-150-230 FOUNDATION SYSTEM FOOTINGS. (1) Footings shall be constructed of:

(a) solid concrete or an approved alternate that is at least 3 1/2 inches thick by 16 inches square; or

(b) two 8-inch by 16-inch by 4-inch solid concrete blocks that are laid with their joint parallel to the main frame longitudinal member.

(2) Footings shall be:

(a) evenly bedded and leveled;

(b) placed on firm, undisturbed, or compacted soil that is free of organic material;

(c) centered in a line directly under the main frame longitudinal members on both sides of a mobile home; and

(d) spaced not more than 8 feet apart, and not more than 2 feet from the ends of the main frame. A closer spacing may be required, depending on the load-bearing capacity of the soil.

(3) A mobile home with more than one section must have center line blocking at end walls and at any other point of connection of the sections of the mobile home that are a ridgebeam bearing support. Blocking is also required at both ends of a door opening in an exterior wall that is 6 feet or more wide.

(4) The load-bearing capacity of a load-bearing support or footing may be not less than the actual live and dead loads combined or 80 psf, whichever is greater, unless a soil analysis justifies a lesser load-bearing capacity. Fill shall be compacted to a minimum 1500 psf.

(5) If a mobile home requires footings on its exterior perimeter, the footings shall be installed below the frost line. Footings for the main frame longitudinal members must be recessed only if frost heave is likely to occur.

NEW SECTION

WAC 296-150-235 FOUNDATION SYSTEM PIERS. An installer must build and position piers and load-bearing supports or devices to distribute the required loads evenly. An installer may use manufactured piers or load-bearing supports or devices that are listed or approved for the intended use, or may build piers that comply with the following requirements.

(1) A pier may be made of a single stack of 8-inch by 8-inch by 16-inch blocks if the blocks are not stacked more than three blocks high. A pier made of a single stack of blocks shall be installed at a right angle to the main frame longitudinal member and shall be capped with a 2-inch by 8-inch by 16-inch wood or concrete block.

(2) A pier may be made of a double stack of 8-inch by 8-inch by 16-inch blocks if the blocks are not stacked more than 5 blocks high. Each row of blocks in such a pier shall be stacked at right angles to

the abutting rows of blocks. The pier shall be capped with two 2-inch by 8-inch by 16-inch wood or concrete blocks. The pier shall be installed so that the joint between the cap blocks is at right angles to the main frame longitudinal member.

(3) A pier may be made with more than five rows of interlocking blocks if the stacked blocks are filled with 2000 psi concrete or mortar. A licensed architect or professional engineer must approve a foundation system that includes a pier that is higher than 72 inches (9 blocks) high, or in which more than 20 percent of the piers exceed 40 inches (blocks) high.

(4) All blocks shall be set with the cores placed vertically.

NEW SECTION

WAC 296-150-240 FOUNDATION SYSTEM PLATES AND SHIMS. An installer may fill a gap between the top of a pier and the main frame with a wood plate that is not more than 2 inches thick and two opposing wedge-shaped shims that are not more than 2 inches thick. A shim shall be at least 4 inches wide and 6 inches long. The installer shall fit the shim properly and drive it tight between the wood plate or pier and the main frame to ensure that the mobile home is level and properly supported at all load-bearing points. A block that abuts a wedge-shaped shim shall be solid.

NEW SECTION

WAC 296-150-245 FOUNDATION FACIA. A mobile home shall have an approved foundation facia around its entire perimeter. The wood of the facia shall be at least 3 inches from the ground unless it is pressure-treated wood. Metal fasteners shall be galvanized, stainless steel, or other corrosion-resistant material. Ferrous metal members in contact with the earth, other than those that are galvanized or stainless steel, shall be coated with an asphaltic emulsion.

The foundation facia shall have ventilation openings with a net area of at least 36 square inches for each 25 linear feet of facia. The openings shall be designed to provide cross ventilation on at least two approximately opposite sides of the mobile home. The installer shall locate the openings as close to the corners of the mobile home as practical, and shall cover the openings with wire mesh or louvers.

Dryer vents shall exhaust on the exterior of the foundation facia. The facia shall have an opening of at least 18 inches by 24 inches, with a cover of metal or pressure treated wood, to allow access to the crawl space.

NEW SECTION

WAC 296-150-250 ANCHORING SYSTEMS. An anchoring system for a single-section mobile home, where required by local building codes or where winds can exceed 70 miles per hour at ground level, shall meet the following requirements.

(1) Components of the anchoring system shall have a resistance to weather deterioration that is at least equivalent to that of a zinc coating that is not less than 0.3 ounces per square foot of coated surface. Cut edges of zinc-coated strapping do not need to be coated.

(2) An installer shall install, preload, and adjust a ground anchor in accordance with the anchor manufacturer's instructions. The installer must supply a copy of the instructions to the department or the local enforcement agency, as appropriate. A ground anchor, when installed, must be able to resist a working load of 3,150 pounds in the direction of the tie plus a 50 percent overload (4,725 pounds total) without failure. Failure occurs if the point of connection of a vertical tie to an anchor is withdrawn more than 2 inches at 3,150 pounds, or when the point of connection of a diagonal tie is moved more than 4 inches horizontally when a load of 3,150 pounds is applied at 45 degrees from the horizontal. Ground anchors shall be marked with the manufacturer's identification and model number in a location that is visible after the anchor is installed. The manufacturer of a ground anchor must provide instructions with each anchor that specify the kinds of soil for which the anchor is suitable.

(3) If concrete slabs or continuous footings are used to transfer the anchoring loads to the ground, the following requirements apply:

(a) Steel rods cast in concrete shall be able to resist the loads and corrosion as specified for ground anchors.

(b) A deadman anchor may be used in place of a listed anchor. It shall be constructed of solid concrete at least 6 inches in diameter and 2 feet long; reinforced with two #4 steel rods; and installed at least 5 feet below the surface of the ground.

(c) A concrete slab may be used in place of a ground anchor if it provides holding strength equal to that required for ground anchors.

(4) Ties shall be of cable, strapping, or other approved materials. Ties shall be fastened to ground anchors and drawn tight with turn-buckles, yoke fasteners, or other approved tensioning devices.

Tension devices shall end in clevis, forged, or welded eyes. Hook ends are not permitted. Tension devices shall be designed to prevent self-disconnection if the tie becomes slack. Cable tie eyes shall be secured with two U-Bolt cable clamps or an approved equivalent.

Tie materials must resist a working load of 3,150 pounds with no more than 2 percent elongation, and must withstand a 50 percent overload (4,725 pounds total).

Ties shall connect the ground anchor to the main frame longitudinal member. Ties may not connect to steel outrigger beams that fasten to the main frame, unless the manufacturer's installation instructions specifically approve the connection.

Diagonal ties must lie at least 40 degrees from the vertical. Vertical ties must be substantially vertical. If a vertical tie is not substantially vertical, the anchor must be placed outboard of the tie's connection to the main frame.

A cable frame tie shall be connected to the main frame by a 5/8 inch drop forged closed eye bolt through a hole drilled in the center of the I-beam web, or by an approved alternative. The installer shall reinforce the web if necessary to maintain the strength of the I-beam.

The installer shall space the ties as evenly as practical, and shall locate a tie within 8 feet of each end of the mobile home. The installer may attach two or more ties to a single ground anchor if the anchor can carry the total required load. The installer shall install vertical ties at each detached corner of a clerestory roof and of add-on sections of expandable mobile homes.

As a minimum, the installer shall install the following number of ties for each main frame longitudinal member:

Length of Home (feet) (excluding hitch)	Number of Vertical Ties	Number of Diagonal Ties
32-54	2	3
55-73	2	4

Multiple section mobile homes require only diagonal ties. Vertical ties are not required.

NEW SECTION

WAC 296-150-255 ASSEMBLY. (1) Sections of a multiple section mobile home shall be aligned, closed, and securely fastened at the required points along the ridge beam, endwalls, and floor line. Heat ducts, electrical connections, and other fixtures and connections required between sections of a mobile home shall be properly installed. The floor of the mobile home shall be level within the tolerances given in the following table.

Tolerances may not exceed the amounts in the table (L equals the clear span between supports, twice the length of a cantilever):

Floor:	L/240
Roof and Ceiling:	L/180
Headers, Beams, Girders (Vertical Load):	L/180
Walls and Partitions:	L/180

(2) The installer shall provide adequate clearance to ensure that the cross-over heat duct does not touch the ground and is not compressed. The installer shall insulate the cross-over duct at the intersection. The installer shall insulate and seal areas of potential air leaks to ensure that the mobile home is airtight, and shall seal areas of potential water leaks with metal flashing or trim, if required, and with putty tape or other approved caulking to ensure the mobile home is watertight.

(3) Utility connections to the mobile home, including water, sewer, electricity, and gas, shall comply with local codes. Accessory structures attached to or located next to a home, such as awnings, carports, garages, porches, or steps, shall be constructed in conformance with local codes.

Reviser's Note: Errors of punctuation or spelling in the above section occurred in the copy filed by the agency and appear herein pursuant to the requirements of RCW 34.08.040.

Chairman

STATEMENT OF PURPOSE

The following is submitted in compliance with RCW 34.04.025 as amended by section 3, chapter 324, Laws of 1981, and RCW 34.04.045 as amended by section 10, chapter 186, Laws of 1980.

Accompanying this statement is a "Notice of Intention to Adopt, Amend or Repeal Rules" relating to the Rules of Practice and Procedure before the Board of Industrial Insurance Appeals now contained in chapter 263-12 WAC. Also enclosed in bill form are the substantive changes of the various sections of that chapter which are to be amended following public hearing. The statutory authority for the rules is founded in Title 51 RCW, and particularly the board's general procedural rule-making authority contained in RCW 51.52.020.

Although the amendments proposed are comprehensive, they deal primarily with six major areas which will be discussed in further detail *infra* with references to each affected section. The six major areas for which amendment of the rules is being proposed include: A name change for the professional staff of the agency from "hearing examiner" to "industrial appeals judge"; The elimination of male only references in existing rules in favor of a neutral or dual gender terminology; The enlargement of the presiding hearing officers authority to grant discovery beyond that which is currently specifically authorized in superior court rules, but in conformity with the purpose of liberalized discovery in civil litigation and specifically within the spirit of Civil Rule 35; Revisions of the board's rules concerning the setting of attorney's fees as authorized by RCW 51.52.120 et. seq.; and Numerous amendments to existing rules to better acquaint the users of the agency with existing board policies concerning the application of requirements contained in chapter 51.52 RCW and the clarification of existing board policies in matters which may differ from the practice and procedure in superior court.

Although the board members are solely responsible for the proposing and drafting of the proposed rule amendments, the following agency personnel are also charged with the implementation and enforcement of the Rules of Practice and Procedure: The confidential secretary to the board members, the statutory executive secretary of the board, and the industrial appeals judges responsible for conducting hearings. These persons are officed at the board's headquarters in Olympia, Capital Center Building, phone 753-6823, and in Seattle at the board's branch office, Genetics Systems Building, 304 3005 1st Avenue, phone 464-6550.

Other than as noted in the individual section by section summary which follows containing a statement of the reasons supporting the proposed action, the agency does not have additional comments or recommendations regarding statutory language, implementation, enforcement, or fiscal matters pertaining to the rules. Neither

are there suggested changes required by the result of federal statute or federal or state court action.

The ensuing text of this statement lists by section number those portions of the board's existing rules which are proposed for amendment. Each section will contain a brief discussion of the purpose of the proposed amendment and should be used in conjunction with the accompanying text of the proposed rule.

Board of Industrial Insurance Appeals
Michael L. Hall
Chairman

WAC 263-12-015 ADMINISTRATION AND ORGANIZATION.

(1) Composition of the Board.

The term active member of the state bar is being added to the rules to match the statutory language contained in RCW 51.52.104.

(3) Formal Board Meetings.

This subsection is being amended to permit formal board meetings to be held on a biweekly rather than weekly basis. Since the board is comprised of full time members the routine work of case adjudication is performed daily. There is a decreasing need for formal meetings as the agency is not one generally involved in policies affecting the public generally. It is felt that bi-weekly meetings during the middle of the week will be sufficient to conduct agency business for which an open and public meeting is required.

(4) Staff Organization.

Subdivision (b) of this subsection is being amended to incorporate a name change for the board's professional staff of attorneys. Rather than the title "hearing examiner" about which confusion exists among the lay public, a working title of "industrial appeals judge" reflecting the name and quasijudicial capacity of the agency is felt to be a more descriptive and desirable term. The following sections, subsections, subdivisions, and items of existing board rules are proposed for amendment to incorporate this working title change: WAC 263-12-015(4)(b), 263-12-015(5), 263-12-015(4), 263-12-020(2)(a)(ii), 263-12-020(4), 263-12-020(5)(a), 263-12-020(5)(b), 263-12-045(1), 263-12-045(2), 263-12-045(3)(a), 263-12-080, 263-12-090, 263-12-093(1), 263-12-093(2), 263-12-095(1), 263-12-095(2), 263-12-115(1), 263-12-115(2), 263-12-115(4), 263-12-115(5), 263-12-115(6), 263-12-115(7), 263-12-120, 263-12-140, 263-12-145(3) and 263-12-150. Some of the above listed sections also have other substantive changes. Discussion of those changes will be included infra but no further reference to the professional staff name change will be made.

The other change to subdivision (b) of subsection (4) is included to recognize that professional staff also are currently officed in Seattle. The existing rules technically only permit officing in Olympia. The board's headquarters is still in Olympia as required by statute.

(5) Communications with the Board.

In addition to the professional staff name change as recited immediately above, this subsection contains language which attempts to eliminate male only references

which are found sprinkled throughout the board's existing rules. The board is intending to amend this subsection and the sections, subsections and subdivisions listed below to eliminate male only references in the rules as the legislature has attempted to do with the Industrial Insurance Act, Title 51 RCW. The elimination of these references is made in favor of a neutral terminology or "dual gender" terminology which requires numerous minor amendments throughout existing rules. The sections, subsections or subdivisions of the board's existing rules affected by this proposed change are: WAC 263-12-015(5), 263-12-020(1)(c), 263-12-020(1)(d), 263-12-020(1)(e), 263-12-020(5)(a), 263-12-020(5)(b), 263-12-050(1), 263-12-050(11), 263-12-050(12), 263-12-053(1), 263-12-053(3), 263-12-053(9), 263-12-056(1), 263-12-056(4), 263-12-060, 263-12-093(1), 263-12-093(2), 263-12-095(1), 263-12-115(1), 263-12-115(2), 263-12-115(4), 263-12-115(5), 263-12-115(6) and 263-12-115(7). Some of these sections above listed contain other substantive changes which will be discussed by individual section infra.

WAC 263-12-016 PUBLIC RECORDS.

Subsection (6) is proposed for amendment to provide the agency authority to charge the cost necessary to cover actual agency costs for copying documents in the event that 10¢ per page is insufficient to recover actual costs to the agency. It is felt that the more general terminology of the proposed change will permit more flexibility in recoupment of these actual costs.

WAC 263-12-020 APPEARANCES OF PARTIES BEFORE THE BOARD.

(1) Who may appear.

Subdivision (b) of this subsection contains a reference to correct a typographical or printing error which was made when this rule was last amended and later published.

Subdivision (c) is proposed for amendment and existing subdivision (d) for elimination to streamline language which is felt to be redundant, repetitive, or covered by other rules of civil procedure or formal rules of evidence as adopted by the Supreme Court of this state and which are unnecessary as rules of procedure for the agency since the board incorporates by reference the rules of civil procedure for superior court in WAC 263-12-125.

Subdivision (e) is renumbered as subdivision (d) with the elimination of existing subdivision (d).

(2) Manner of appearance.

Subdivision (b) of this subsection is proposed for amendment to clarify the board's existing policy that a party appearing in an appeal before the board is expected to notify other parties of their appearance. This amendment will lessen the duties of clerical staff and the costs to the agency to notify parties of the appearance.

(5) Conduct.

Subdivisions (a) and (b) contain the addition of the phrase "for contempt proceedings" to clarify compliance with authority granted to the board by statute under RCW 51.52.100.

WAC 263-12-045 HEARING EXAMINERS.

(1) Definition.

Subsection (1) is being amended to incorporate as previously described the use of the term "industrial appeals judge" in lieu of the term "hearing examiner". Since the enabling statute in Title 51 RCW and especially in chapter 51.52 RCW uses the term "hearing examiner" this rule amendment is required to clarify that wherever the term "hearing examiner" is used in the statute, it shall be understood to mean "industrial appeals judge" as referred to throughout the board's rules.

(2) Duties and Powers.

Subdivisions (c) and (f) of this subsection are amended to grant additional authority not present under existing rules of civil procedure to permit the practice envisioned in the spirit of legal discovery rules to permit the granting of examinations for vocational evaluations since such is a common request and use by litigating parties before the board.

(3) Substitution and Industrial Appeals Judge.

Subdivision (b) of this subsection is being added to clarify the existing board policy regarding a litigant's ability to "forum shop". Since industrial appeals judges are not final decision makers in this agency, affidavits of prejudice as a matter of right which are permitted by statute for superior court are not necessary. In recent years there has been an increasing tendency to forum shop by litigants. If affidavits of prejudice are allowed as a matter of right, this would create a great hardship on the administration of the agency with limited professional staff assigned to specific geographical areas of the state. Staffing and budget limitations absolutely demand that the board retain complete authority to assign presiding hearings officers, i.e., industrial appeals judges. Substitution of an industrial appeals judge during the course of proceedings in the event of legal or actual bias as well as required by necessity has been and remains available to all parties under existing and proposed rules.

WAC 263-12-065 DISPOSITION ON DEPARTMENT RECORD.

This section is proposed for amendment to clarify the existing board practice to deny appeals over which jurisdiction properly still lies with the Department of Labor and Industries. This situation arises when a party has requested reconsideration of department action but sends such reconsideration to the board rather than to the department. Usually there has been no intention to file an appeal and the matter can be handled much more expeditiously by forwarding the request for reconsideration to the Department of Labor and Industries and denying the appeal without prejudice. The addition of the underlined phrase in the amendatory section will make clear the board's authority to forward such premature appeals.

WAC 263-12-070 GRANTING THE APPEAL.

The proposed change here is simply preferred language by the board members to that contained in the existing rule. There is no substantive change in implementation or enforcement envisioned by this change and there is no intent to change the meaning of the existing rule.

WAC 263-12-090 CONFERENCES—NOTICES OF CONFERENCES.

The board still sets completion dates in cases assigned to its professional staff. However, such is done as an internal management tool to assure the complete timely adjudication of cases. It was found that the disclosure of the date certain to litigating parties tended to prolong the appeal process by the litigants rather than shorten the time necessary to hear evidence. Consequently, it is felt that eliminating the language relative to completing cases by a date certain in our rules will not permit the parties the excuse to drag out the proceedings for that reason alone.

WAC 263-12-093 CONFERENCES—DISPOSITION OF APPEALS BY AGREEMENT.

A paragraph is added to subsection (1) of this section to reinforce the existing statutory requirement contained in RCW 51.52.095. That statute requires the board to find in cases of agreement concerning final disposition of the appeal that such be "in conformity with the law and the facts". Civil cases in superior court need not be concerned with whether the law and the facts support a settlement by litigating parties. Attorneys practicing before the board who have an active trial practice are used to the greater flexibility provided for settlement in superior court. The proposed rule backs up the statute and provides a weightier weapon for appeals judges to use in screening proposed settlements.

Subdivision (3) of this section enlarges the authority of the appeals judges concerning legal rules of discovery not categorically permitted under existing civil rules of procedure. This topic was discussed in relation to amendments to prior subsections in WAC 263-12-045 supra, and also in 263-12-095, 263-12-120 and 263-12-145 infra.

WAC 263-12-095 CONFERENCE PROCEDURE WHERE AGREEMENT CONCERNING FINAL DISPOSITION OF APPEAL IS NOT REACHED BY THE PARTIES.

(1) Scheduling information.

Changes in sentence structure are proposed in this subsection to make the paragraph more readable. In addition, there is a clause added to enlarge the authority of appeals judges regarding rules of discovery with respect to vocational evaluations not categorically permitted under existing civil rules of procedure for superior court.

(2) Statement on the Record of Results of Conferences.

Language is proposed in this subsection to make specific the current practice concerning the use of depositions in appeal proceedings before the board. Depositions are often used in lieu of live testimony. This speeds the hearing process toward final decision-making. Existing court rules governing civil procedure have more restrictive use of depositions. This rule would permit the use of depositions before the board in instances where the taking of depositions may not be permitted in superior court to perpetuate testimony.

WAC 263-12-100 HEARINGS—NOTICE OF HEARING.

(1) Time.

This subsection is proposed for amendment to clarify the existing practice consistent with statutory language

contained in RCW 51.52.050. It also places a burden on the appealing party to notify the board of any address change if the Department of Labor and Industries records are outdated.

WAC 263-12-115 PROCEDURES AT HEARINGS.

(7) Failure to Present Evidence When Due.

The amendment proposed for this subsection clarifies the existing board practice that each party should bear its own costs when depositions are taken during the appeal process period.

Subsection (8) is to be added to clarify the existing practice before the board regarding the use of depositions for perpetuation of testimony.

WAC 263-12-120 ADDITIONAL EVIDENCE BY INDUSTRIAL APPEALS JUDGE.

This section is proposed for amendment to enlarge the authority of appeals judges to permit discovery and to gather evidence to help fairly and equitably decide the appeal under RCW 51.52.102.

WAC 263-12-125 APPLICABILITY OF COURT RULES.

This section is amended to permit the broader use of depositions than technically permitted under existing court rules which would hereby speed the entire hearing process. In addition, the last proviso is added to clarify the board's existing policy to not recognize affidavits of prejudice as a matter of right filed against appeals judges in the absence of a showing of legal or actual bias or prejudice. See the comment to WAC 263-12-045(3)(b).

WAC 263-12-145 PETITION FOR REVIEW.

(1) Time for Filing.

There are two amendments suggested for this subsection. First, the term "representatives" in lieu of "attorneys" merely recognizes and acknowledges that parties may seek assistance and be represented by other than active members of the bar. The second amendment clarifies the existing board policy which was fully intended by the existing rule that a petition for review is not perfected in its filing by merely placing it in a mailbox. Since RCW 51.52.104 does not indicate that filing may be made by mail or otherwise as is the case for filing notices of appeal from department orders in RCW 51.52.060, it is necessary to make clear in our rules that filing is only perfected when the petition for review is received in the board's headquarters in Olympia.

(3) Action by Board on Petition for Review.

Subsection (3) of this rule contains amendatory language to enlarge the authority of the board and of appeals judges to order a vocational evaluation not currently permitted by the existing superior court rules of civil procedure but which is a common request and practice of litigants and their attorneys appearing before the board.

WAC 263-12-155 FINAL DECISIONS AND ORDERS AFTER REVIEW.

This section is proposed for amendment to conform the board's rule to statutory language contained in RCW 51.52.106.

WAC 263-12-165 ATTORNEY'S FEES.

(1) Application for attorney's fees.

There is proposed in an amendment to this subsection a "rule of limitations" requiring applicants to request board action in setting attorney's fees within a determinable time period. Currently, no statutory limit is set within which a person can request the setting of an attorney fee. It is conceivable for a request to set a fee may be made of the board ten to fifteen years following the completion of an appeal. Nearly all requests currently received by the board would be timely under the proposed amendments to the rule. The one year period limiting the time within which to request the board to act in setting a fee would only prohibit those requests which logic and reason would dictate as being untimely in any case. Also, record storage for the agency is aided by the knowledge that current files need only be kept "in-house" for one year following completion of the board's, superior court, or appellate court action.

(2) Fee Fixing Criteria.

Subdivision (a) of this subsection is proposed for amendment to permit the board to fix more than one attorney's fee where more than one attorney is representing a "plaintiff's" interest, especially in the case of multiple beneficiaries of a deceased worker. Authority to set more than one fee in the event that multiple attorneys are appearing is not presently envisioned by the existing rule and needs correction.

(3) Amount of Fees.

Subdivision (d) of this subsection is proposed for amendment to raise the maximum attorney's fee which can be set in cases involving permanent total disability (pension) to reflect more realistically the value of the appeal and the effort expended by attorneys in securing a pension for their clients. Inflation has acted in the last decade to completely outdate the lower \$4,000.00 figure which has been regularly reversed in superior courts throughout the state whenever the board has set such a maximum fee.

Subdivision (e) of this subsection is added to cover a special circumstance not envisioned by the existing rules, equity and fairness clearly should permit the board to exercise its fee-setting authority upon request involving the circumstances described.

WAC 263-12-175 COMPUTATION OF TIME.

The addition of the words "legal state" are suggested to clarify that for purposes of computing time in which to perform a required act, that only weekends and legal state holidays will be recognized. Holidays which are claimed as personal holidays or religious holidays which currently are not legal state holidays will not be included for purposes of computation of time.

AMENDATORY SECTION (Amending Order 7, filed 4/4/75)

WAC 263-12-050 APPEALS ARISING UNDER THE INDUSTRIAL INSURANCE ACT - CONTENTS OF NOTICE OF APPEAL. In cases arising under the Industrial Insurance Act (Title 51 RCW) the jurisdiction of the Board shall be invoked by filing a written notice of appeal, which shall contain where applicable:

- (1) The name and address of the appealing party and his or her representative, if any;

(2) If the Department's record sustains the contention of the appealing party, the Board may allow the relief asked in such appeal.

AMENDATORY SECTION (Amending Order 7, filed 4/4/75)

If the Board takes no action upon the appeal within the ~~((statutory))~~ time period~~((;))~~ allowed by law, it shall be deemed to have been granted.

AMENDATORY SECTION (Amending Order 4, filed 6/9/72)

WAC 263-12-080 CORRECTION AND AMENDMENT OF NOTICE. The Board may refuse to schedule any conference or hearing thereon until compliance with

such requirement, or may issue an order providing for dismissal of such appeal upon failure to comply within a specified time.

Any party may amend his Notice of Appeal on such terms as the ~~((hearing examiner))~~ industrial appeals judge may prescribe, and the ~~((hearing examiner))~~ industrial appeals judge may, when deemed necessary, in justice to all parties, require correction, clarification or amendment of a Notice of Appeal before allowing any hearing thereon to proceed, or may issue an order requiring such correction, clarification or amendment to be made within a specified time, and if such requirement is not complied with, the Board may dismiss the appeal.

If an objection is interposed by the Department on the ground that said agreement is not in accordance with the law or the facts, a hearing shall be scheduled.

Where all parties concur in the disposition of an appeal but the industrial appeals judge is not satisfied that the agreement is in conformity with the facts and the law or that the Board has jurisdiction or authority to order the relief sought, the industrial appeals judge may require such evidence or documentation as is deemed necessary to adequately support the agreement in fact and/or in law.

All agreements reached at a conference concerning final disposition of the appeal shall be stated on the record by the ~~((hearing examiner))~~ industrial appeals judge and the parties shall indicate their concurrence on the record.

(2) Ordinarily an agreement concerning final disposition of an appeal will be accepted only at a conference attended by all agreeing parties. The ~~((hearing examiner))~~ industrial appeals judge may, however, in his or her discretion accept the agreement for submission to the Board in the absence of one or more of the parties from the conference, or without holding a conference. In such cases the agreement shall be confirmed in writing by the parties to the agreement not in attendance at a conference, except that the written confirmation of a party to the agreement not in attendance at a conference will not be required where the ~~((hearing examiner satisfies himself))~~ industrial appeals judge is satisfied of the concurrence of the party.

(3) The parties present at a conference may agree to a vocational evaluation or a further medical examination of a worker or crime victim, including further evaluation or diagnostic tests, except such as require hospitalization, by ~~((a physician or physicians))~~ medical or vocational experts acceptable to them, or to be selected by the ~~((hearing examiner))~~ industrial appeals judge, in which event the ~~((hearing examiner))~~ industrial appeals judge may arrange for evaluation or examination and the Board will pay ~~((the))~~ reasonable and necessary ~~((medical and travel))~~ expenses involved. Upon receipt by the Board, copies of the report of such examination or evaluation will be distributed to all parties represented at the conference and further appropriate proceedings will be scheduled.

Reviser's Note: RCW 34.04.058 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

If no agreement is reached by the parties as to the final disposition of an appeal, the ~~((hearing examiner))~~ industrial appeals judge may thereupon proceed to elicit from the parties such information as ~~((he believes))~~ is necessary and helpful to the orderly scheduling of hearing proceedings and as may aid in expediting the final disposition of the appeal. ~~((He may))~~ For this purpose, where indicated, ~~((obtain))~~ a stipulation of facts may be obtained to show the Board's jurisdiction in the matter ~~((; obtain))~~. (2) Statement on the Record of Results of Conferences. The results of such conference proceedings shall be stated on the record by the ~~((hearing examiner))~~ industrial appeals judge and the statement shall include, where applicable, agreements concerning issues, admissions, stipulations, witnesses, time and location of hearings, the issues remaining to be determined, and other matters that may expedite the hearing proceedings. The statement of agreement and issues, and rulings of the ~~((hearing examiner))~~ industrial appeals judge, shall control the subsequent course of the proceedings, subject to modification to prevent manifest injustice.

(3) Failure to Supply Information. If any party fails to supply the ~~((hearing examiner))~~ industrial appeals judge the information reasonably necessary to schedule the hearing in a case, the Board or the ~~((hearing examiner))~~ industrial appeals judge may suspend setting a hearing pending receipt of the required information, or may impose such conditions upon the presentation of evidence by the defaulting party as may be deemed appropriate ~~((;))~~, including but not limited to the requirement that all or any part of the defaulting party's evidence be presented by deposition.

(8) Evidence by Deposition. At the discretion of the industrial appeals judge, any party may be permitted to present their evidence in whole or in part by deposition.

Reviser's Note: The typographical errors in the above section occurred in the copy filed by the agency and appear herein pursuant to the requirements of RCW 34.08.040.

AMENDATORY SECTION (Amending Order 4, filed 6/9/72)

WAC 263-12-125 APPLICABILITY OF COURT RULES. Insofar as applicable, and not in conflict with these rules, the statutes and rules regarding procedures in civil cases in the superior courts of this state shall be followed~~(-)~~, **PROVIDED**, that use of depositions need not be limited to the conditions set forth in CR 32 (a)(3), PROVIDED FURTHER, that statutes governing the filing of affidavits of prejudice against a judge shall not be available as a matter of right to any party to require the change of an industrial appeals judge assigned to a case. Requests for a change of an industrial appeals judge shall be governed by WAC 263-12-045(3)(b).

AMENDATORY SECTION (Amending Order 4, filed 6/9/72)

Upon completion of the record and submission of the issues for decision and order, the ~~((hearing examiner))~~ an industrial appeals judge shall enter a proposed decision and order which shall be in writing and contain findings and conclusions as to each contested issue of fact and law, as well as the order based thereon, and copies thereof shall be mailed by the Board to each party to the appeal and to his attorney or representative of record.

AMENDATORY SECTION (Amending Order 9, filed 8/8/75)

WAC 263-12-145 PETITION FOR REVIEW. (1) Time for Filing. Within twenty days, or such further period as the Board may allow on written application of a party, filed within twenty days from the date of communication of the proposed decision and order to the parties or their ~~((attorneys))~~ representatives of record, any party aggrieved thereby may file with the Secretary of the Board at Olympia, Washington, a written petition for review with copies thereof served on all other parties. The date such petition for review is received at the Board's offices in Olympia shall be the date upon which filing is perfected. In the event such petition for review is filed, the failure of any party not aggrieved by the proposed decision and order to file a petition for review shall not be deemed a waiver by such party of any objections or irregularities disclosed by the record.

(2) Contents. Such petition for review shall set forth in detail the grounds therefor and the party or parties filing the same shall be deemed to have waived all objections or irregularities not specifically set forth therein. A general objection to findings of fact on the ground that the weight of evidence is to the contrary shall not be considered sufficient compliance, unless the objection shall refer to the evidence relied upon in support thereof. If legal issues are involved, the petition for review shall set forth the legal theory relied upon and citation of authority and/or argument in support thereof. In order to facilitate preparation of such petition for review in sufficient detail, the Board shall, on request of any party, serve upon said party a copy of the transcript of testimony and other proceedings at the hearing, provided that such party sign an acknowledgement that receipt thereof shall constitute compliance by the Board, in the event of an appeal to superior court, with that portion of RCW 51.52.110 requiring service on said party of a certified copy of the testimony in industrial insurance cases.

With respect to rulings concerning admission or exclusion of evidence, a general objection to all such rulings adverse to the party shall be considered adequate compliance with this rule.

(3) Action by Board on Petition for Review. Within twenty days after receipt of a petition for review, the Board shall enter an order either denying the petition for review, in which case the proposed decision and order shall become the final order of the Board, or granting the petition for review, in which case the Board shall within one hundred and eighty days from the date a petition for review is filed issue a final decision and order based upon its review of the record or any part thereof deemed necessary: **PROVIDED**, that if a petition for review is not acted upon by the Board within twenty days from the date it is filed, it shall be deemed to have been granted.

Any party may, within ten days of receipt of the Board's order granting review, submit a reply to the petition for review, a written brief, or a statement of position regarding the matters to which objections were made, or the Board may, on its own motion, require the parties to submit written briefs or statements of position or to appear

and present oral argument regarding the matters to which objections were made, within such time and on such terms as may be prescribed. In such instances, copies of the transcript of testimony and other proceedings at the hearing shall be furnished to any party requesting same, and this shall be deemed compliance with RCW 51.52.110 industrial insurance cases.

After review of the record, the Board may set aside the proposed decision and order and remand the appeal to the hearing process, with instructions to the ~~((hearing examiner))~~ industrial appeals judge to whom the appeal is assigned on remand, to schedule a further hearing for the purpose of presenting such evidence in addition to that contained in the record as the Board deems necessary to decide the appeal fairly and equitably. In the exercise of this power, a physical or mental examination of a worker or victim of crime by medical experts or evaluation by an expert vocational consultant may be ordered to be conducted at the Board's expense. Any evidence presented by the ~~((hearing examiner))~~ industrial appeals judge shall be presented in an impartial manner, and shall be received subject to full opportunity for cross-examination by all parties. If a party desires to present rebuttal evidence to any evidence so presented, he must make application therefor immediately following the conclusion of such evidence. Such application will be granted by recessing the hearing to a time and place for taking such rebuttal evidence. Following the completion of the further hearing ordered by the Board, the ~~((hearing examiner))~~ industrial appeals judge shall enter a proposed decision and order based upon the entire record.

If an objection is made to a ruling or rulings of ~~((a hearing examiner))~~ industrial appeals judge sustaining an objection to admissibility of evidence, or denying a recess for the presentation of further evidence, or denying a motion for a physical or mental examination of a worker or victim of crime, and the Board determines that said ruling or rulings were erroneous, the Board may return the case to the ~~((hearing examiner))~~ industrial appeals judge with appropriate instructions, and a further proposed decision and order shall be issued by the ~~((hearing examiner))~~ industrial appeals judge after the additional evidence shall have been received.

AMENDATORY SECTION (Amending Order 4, filed 6/9/72)

WAC 263-12-150 FINALITY OF PROPOSED DECISIONS AND ORDERS. In the event no petition for review is filed as provided herein by any party, the proposed decision and order of the ~~((hearing examiner))~~ industrial appeals judge shall be adopted by the Board and become the decision and order of the Board, and no appeal may be taken therefrom to the courts.

AMENDATORY SECTION (Amending Order 9, filed 2/8/75)

WAC 263-12-155 FINAL DECISIONS AND ORDERS AFTER REVIEW. In those cases where a petition for review is granted, the appeal record ~~((before the Board))~~ or any portion thereof shall be considered by a panel of at least two of the members of the Board, on which not more than one industry and one labor member serve. The chairman may be a member of any panel. The decision and order of any such panel shall be the decision and order of the Board. Every final decision and order rendered by the Board shall be in writing and shall contain findings and conclusions as to each contested issue of fact and law, as well as the Board's order based thereon. The Board shall in all cases render a final decision and order within one hundred and eighty days from the date a petition for review is filed. A copy of the decision and order, including the findings and conclusions, shall be mailed to each party to the appeal and to his attorney or representative of record.

AMENDATORY SECTION (Amending Order 7, filed 4/4/75)

WAC 263-12-165 ATTORNEY'S FEES. (1) Applications for Attorney's Fees. The Board shall fix a reasonable attorney fee to be paid by the worker, crime victim or beneficiary for services rendered before the Board if written application therefor is made by the attorney, worker, crime victim or beneficiary, as provided in RCW 51.52-.120, within one year after the Board's final decision and order or in the event of a superior court appeal within one year from the date judgment becomes final.

If such application for fixing of a fee is made by the attorney, it shall set forth therein the monetary amount which the attorney considers reasonable for all service rendered before the Board in an appeal. In all instances, the Board shall afford to all parties affected a

minimum of ten days in which to submit comment and material information which may be helpful to the Board in setting a fair and reasonable fee.

(2) Fee Fixing Criteria. All attorney fees fixed by the Board, where application therefor has been made, shall be established in accordance with the following general principles:

(a) Only one fee shall be fixed for legal services in any one appeal regardless of the number of attorneys representing the worker, crime victim or beneficiary, except that in cases of multiple beneficiaries represented by one or multiple attorneys the Board has the discretion to set more than one attorney fee if so requested.

(b) The Board shall defer fixing a fee until such time as information which it deems sufficient upon which to base a fee, is available.

(c) A fee shall be fixed only in those cases where the attorney's services are instrumental in securing additional benefits to the worker, crime victim or beneficiary or in sustaining the worker's or beneficiary's right to benefits upon an appeal by another party.

(d) Where increased compensation is obtained, the fee may be fixed without regard to any medical benefits secured.

(e) In setting all fees, the following factors shall be carefully considered and weighed:

(i) Nature of the appeal.
 (ii) Novelty and complexity of the issues presented or other unusual circumstances.

(iii) Time and labor expended.
 (iv) Skill and diligence in conducting the case.

(v) Extent and nature of the relief. In computing the extent of additional benefits, or the retention of benefits awarded by the Department, the cost to the worker, crime victim or beneficiary of the litigation, i.e., medical examination and witness fees, shall be first deducted and the net benefits considered.

(vi) The amount of accrued time-loss payments as a result of proceedings before the Board.

~~((vii))~~ (vii) The prevalent practice of charging contingency fees in cases before the Board.

~~((viii))~~ (viii) The worker's or crime victim's circumstance and the remedial social purposes of the Industrial Insurance Act and of the Crime Victims Compensation Act, which are intended to provide sure and adequate relief to injured workers and crime victims and their families.

(f) In those cases where the payment of accumulated benefits is insufficient to allow payment of the fee set and allow the worker, crime victim or beneficiary to retain a reasonable monetary amount, the Board may also set the schedule and manner in which such fee shall be payable.

(3) Amount of Fees. (a) Where additional compensation for permanent partial disability, loss of earning power, or total temporary disability is obtained as a result of settlement of the appeal on agreement of the parties prior to presentation of testimony, a fee of from 10 to 25 per cent of the increased compensation due the worker, crime victim or beneficiary on the date of the Board's order on agreement of the parties and by reason thereof shall be fixed after considering all factors.

(b) Where additional compensation for permanent partial disability, loss of earning power or total temporary disability is obtained after the presentation of testimony, a fee of from 10 to 30 per cent of the increased compensation shall be fixed after considering all factors.

(c) Where no additional compensation is obtained, but the worker or crime victim is relieved of the payment for medical benefits, a fee of from 10 to 25 ~~((per cent))~~ percent of the amount the worker or crime victim is so relieved of paying shall be fixed after considering all factors.

(d) Where permanent total disability (pension) benefits are obtained for the worker or crime victim, or death benefits are obtained for survivors of a deceased worker or crime victim, 10 ~~((per cent))~~ percent of the first ~~(((\$20,000.00))~~ \$40,000.00 of the pension reserve shall constitute the usual fee, which may be decreased or increased after weighing all factors: PROVIDED, That in no case shall a fee in excess of ~~(((\$4,000.00))~~ \$8,000.00 be fixed.

(e) Where indeterminate additional compensation is obtained because the claimant is successful in establishing a proper claim for benefits which was previously rejected or for which responsibility was denied, a fee in accordance with the preceding principles and factors shall be fixed.

~~((f))~~ (f) Where, upon an appeal by a party other than the worker or his beneficiary, the right to receive the benefits awarded by the Department is affirmed, a fee in accordance with the preceding principles and factors shall be fixed.

(4) Excess Fee Unlawful. Where the Board, pursuant to written application by an attorney, worker, crime victim or beneficiary, fixes a reasonable fee for the services of the attorney in proceedings before this Board, it is unlawful for the attorney to charge or receive any fee for such services in excess of that fee so fixed, per RCW 51.52.132.

NEW SECTION

WAC 132M-112-010 AFFIRMATIVE ACTION PROGRAM. The policy of Lower Columbia College is to provide equal opportunity to all facets of hiring and continued employment regardless of sex, race, marital status, creed, color, age, national origin, handicapped status, Viet Nam era or disabled veteran status, or religious preference.

NEW SECTION

WAC 132M-112-011 AFFIRMATIVE ACTION PROGRAM - GRIEVANCE PROCEDURE. A grievance procedure has been formulated to give any person or persons who have reason to believe they have been discriminated against on the basis of race, sex, age, religion, national origin, marital status, physical disability, mental, sensory or physical handicap, or veteran status a right to obtain an impartial, objective review of the complaint by persons detached from the events or circumstances which resulted in the alleged discrimination, but who are knowledgeable about equal opportunity principles.

Any person, persons, or organizations in the college community acting in their own behalf or on behalf of any aggrieved individual, with the consent of that individual, may bring a complaint.

No person shall be subjected to discharge, suspension, discipline, harassment, or any form of discrimination for having utilized, or having assisted others in the utilization of, the grievance process.

This grievance procedure expects to resolve differences at the local level; however, nothing in the procedure should be interpreted to prevent appeal to compliance agencies.

The following procedures shall be employed for filing and handling discrimination complaints:

(1) The person or persons alleging that discrimination has occurred may file a written charge with the Affirmative Action Officer within ten working days from the date of the event giving rise to the grievance or within ten working days from the date the grievant should reasonably become aware of such event. For the event to be pursued it must meet the following criteria:

(a) The complaint arguably involves discrimination on the basis of race, sex, national origin, marital status, religion, veteran status, age, mental, sensory or physical handicap, or physical disability.

(b) An act of discrimination has already occurred and is not simply anticipated.

(c) A written statement describing the discriminating act must be prepared with the Assistance of the Affirmative Action Officer, if needed.

(2) Within five working days the person or persons against whom the charge was filed shall be notified. An informal investigation should be conducted by the Affirmative Action Officer to determine if there is a basis for the claim of discrimination. If there is a basis for complaint, an informal meeting with the individuals will be requested. Within ten working days after notification to the person or persons against whom the charge was filed, the Affirmative Action Officer shall attempt to informally resolve the complaint. Should either party fail to agree with the resolution, then either may proceed with step 3 herein or seek any other remedy.

Appeal may be made by a written petition by either party to the College President. Further appeal may be made, in writing, by either party to the Board of Trustees. The Board of Trustees may also on its own motion review any decision of the Affirmative Action Hearing Panel and affirm, modify, or reverse that decision. The written findings of this appeal shall be considered final. No further intra-institutional appeal exists.

Inquiries or appeals beyond the institutional level may be directed to:

((The department may also have the fair market value established by the department of general administration, through an appraisal proceeding.)) When ((these)) the appraisals are conducted, the depreciation base of the asset will not exceed ((its)) the fair market value of the asset. Estimated salvage value shall be deducted from historical cost where the straight-line or sum-of-the-years digits method of depreciation is used.

PROCLAMATION
OFFICE OF THE GOVERNOR**

PROCLAMATION BY THE GOVERNOR

The state of Washington faces a financial crisis unprecedented in scope and depth. The short-term and long-term financial health of the state government, as well as those essential services that depend on a fiscally sound government, have been jeopardized by a national recession that acutely affects the state of Washington, by high inflation, by reductions in federal monies going to the states, and by a dramatic reduction in state revenues, which will not now meet even the severely reduced biennial budget enacted by the 1981 Regular Session. This financial crisis must be met by positive and timely action by the Washington State Legislature.

NOW, THEREFORE, I, John Spellman, Governor of the state of Washington, by virtue of the authority vested in me by Article II, Section 12 (Amendment 68), and Article III, Section 7, of the State Constitution, do hereby convene the Washington State Legislature in special (extraordinary) session for a period not exceeding 30 days in the capitol at Olympia, at 9:00 a.m., November 9, 1981. The session is convened for the purpose of enacting measures necessary to effect feasible

state expenditure reductions, to provide additional state and local revenues, and to preserve public safety.

IN WITNESS WHERE-OF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 6th day of November, A.D., nineteen hundred and eighty-one.

John Spellman

Governor of Washington

I, Rolland A. Schmitt, director of the State Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing rules.

I, Rolland A. Schmitt, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is Areas 6, 6A, 6C, 7 and 7A are restricted to protect Canadian-origin chum salmon. Areas 7B and 7C and the Nooksack River are closed for protection of local chum salmon. Areas 10C and the Cedar River are closed to protect Lake Washington sockeye. STATEMENT OF PURPOSE

This statement is filed pursuant to RCW 34.04.045. Amend WAC 388-15-360.

Purpose of the rule change is to allow the department to prioritize client eligibility for the Refugee English Language Training Program.

The reason these rules are necessary is adequate funding is not available to continue to provide these services to all refugees.

Statutory Authority: RCW 43.20A.550.

Summary of the Rule or Rule Change: Effective November 1, 1981 the department will establish new

time limitations and establish priorities for the Refugee English Training Program.

Person or Persons Responsible for the Drafting, Implementation and Enforcement of the Rule: W. Darby Brown, Acting Director, Bureau of Refugee Assistance, Mailstop: OB-41G, Phone: 753-7153.

These rules are not necessary as a result of federal laws, federal court decisions or state court decisions.

Agency Comments or Recommendations, if any, Regarding Statutory Language, Implementation, Enforcement, and Fiscal Matters Pertaining to the Rule: Currently, the Washington Administrative Code lists the services available to refugees, but does not provide language to support a reduction in the level of service this state will provide if adequate funding is not made available by the Federal Government. This is a federal program and in FFY 81 the federal government established a ceiling on the amount of funds available to states to provide these services. This rule change is needed to ensure those most in need are able to receive service.

STATEMENT OF PURPOSE

This statement is filed pursuant to RCW 34.04.045.

Amending WAC 388-70-510, 388-70-530, 388-70-550 and 388-70-570, Adoption Support.

Purpose of the rule or rule change is to comply with the new federal legislation, Title IV-E of P.L. 96-272, the Adoption Assistance and Child Welfare Act of 1980.

The reason these rules are necessary is to modify our current program to meet the law and allow DSHS to claim additional federal financial participation.

Statutory Authority: RCW 43.20A.550.

Summary of the Rule or Rule Change is as Follows:

P.L. 96-272 provides for an Adoption Assistance program, with federal reimbursement, which is similar to, but not identical to our state funded Adoption Support program. The rule changes bring the program into compliance with federal requirements as follows: eligibility is modified so that "close emotional ties to foster parents" by itself is not sufficient to establish eligibility; termination age is lowered from age 21 to age 18, except for disabled persons; and the Adoption Support Agreement is modified to assure continuation of the agreement regardless of the family's state of residence.

Person or Persons Responsible for the Drafting, Implementing and Enforcement of the Rule: Leila K. Todorovich, Director, Bureau of Children's Services, Phone: 3-7002, Mailstop: OB-41.

These rules are necessary as a result of federal law, Title IV-E of P.L. 96-272.

AMENDATORY SECTION (Amending Order 1037, filed 7/29/75)

WAC 388-70-510 ADOPTION SUPPORT FOR CHILDREN—LEGAL BASIS—PURPOSE. (1) The legal basis for the adoption support program is RCW 74.13.100 through 74.13.145 and P.L. 96-272.

(2) The purpose of the program is to encourage the adoption of hard-to-place children, that is, the child who would have to live out his or her childhood without the security and stability of a permanent adoptive home if support payments were not made. The program includes children cared for by both public and voluntary child care agencies. Interpretation of the statute and the philosophy of the adoption support program shall emphasize a flexible approach to subsidized adoption, focusing on the welfare of the child; rules shall not be adversely applied to the child's welfare.

AMENDATORY SECTION (Amending Order 1037, filed 7/29/75)

WAC 388-70-530 ADOPTION SUPPORT FOR CHILDREN—ELIGIBLE CHILD. (1) A child to be considered for adoption support must be registered with the office given administrative authority for the program:

(2) A child meeting the eligibility criteria for registration is one who:

(a) Was or is residing in a foster home or a child caring institution or a child who in the judgment of the secretary, is both eligible for, and likely to be placed in, either a foster home or a child caring institution.

(b) Is legally free for adoption, and

(c) Is under ((+8)) eighteen years of age at the time the contract is signed, and

(d) Adoption is the most appropriate plan, and

(e) Is hard-to-place for adoption.

(3) The child must have been registered for three months with the DSHS adoption exchange or the Washington adoption resource exchange (WARE) ~~((and the adoption resource exchange of North America (ARENA)))~~ in addition to the northwest adoption exchange NWAE in order to demonstrate that a ((non-subsidized)) nonsubsidized registration is not available if the plan is regular agency adoption.

~~(4) ((Registration with the exchanges shall not be necessary when foster parents desire to adopt a child who has been in their foster home for at least six months prior to application to the department.~~

~~(5))~~ The child must be found to be difficult to place in adoption because of, but not limited to, one or more of the following:

(a) Physical or mental handicap,

(b) Emotional disturbance,

(c) Ethnic background, including race, color or language,

(d) Age,

(e) Sibling grouping((;

~~(f) Close ties to the current foster family which if severed could cause emotional damage to the child)).~~

(5) Registration with the exchanges shall not be necessary when foster parents desire to adopt a child who has been in the foster parent's home for at least six months prior to application to the department. In cases of adoption by foster parents, the following criteria must be met:

(a) The child must be hard-to-place by virtue of eligibility as defined in subsection (4)(a) through (e) of this section; and

(b) The child must have close emotional ties to the current foster family which, if severed, could cause emotional damage to the child; and

(c) The foster family must have been identified as the adoptive family of choice by the agency staff having responsibility for the child.

AMENDATORY SECTION (Amending Order 1037, filed 7/29/75)

WAC 388-70-550 ADOPTION SUPPORT FOR CHILDREN—TYPES AND AMOUNTS OF PAYMENTS. (1) The three types of support payments are monthly maintenance, attorney fees and/or court costs, medical (corrective-rehabilitative) service, or any combination of these. ~~((Support payments may continue until a child is 21 years of age. The secretary may approve and continue payment, if warranted, after a child is 21 years of age.))~~

(2) The payment for monthly maintenance shall not exceed the monthly cost standards for foster care established by the department for ~~((its))~~ the department's foster homes. ~~((This))~~ The payment includes regular foster care or specialized foster care, where indicated, and clothing and personal incidentals. (See WAC 388-70-042 and WAC 388-70-048.)

(3) If the department determines that the prospective adoptive parent(s) cannot, because of limited financial means, pay the cost or the full cost of legal proceedings for the adoption of a hard-to-place child eligible for support under the act and these regulations, the secretary may authorize departmental participation in adoption legal fees as determined by the superior court at the adoption hearing up to two hundred dollars plus court costs for each child or family unit, unless a different arrangement has been made by the department with the family and ~~((their))~~ the family's attorney.

((Each community service office will maintain a list of attorneys who express an interest in providing legal services for such a figure; and upon request, will provide such a list to prospective parents. In such instance)) In cases in which the attorney indicates that the fee shall be in excess of two hundred dollars plus costs, a request for departmental participation in that fee must be made to the adoption

support program at least three weeks prior to the finalization of the adoption. In any case, the attorney for the adoptive parent(s) shall furnish the department with a certified copy of the decree of adoption containing the finding as to ((his)) the attorney's fee and an itemized statement of all other costs of the adoption proceedings.

(4) The medical needs of a child in the adoption support program shall be met from the department's medical services program.

(a) Payment of the costs of medical services shall be made directly to the physician or provider of the services according to the department's established procedures.

(b) Prior to entering an agreement for medical services, the medical needs of a particular child must be reviewed and approved by the department's office of personal health services. Following review and approval, all medical services requested by the adopting parents shall be coordinated through the adoption support program and furnished according to the department's medical programs when there is no other resource available during the effective period of the family's agreement with the department.

(c) Requests for orthodontics, psychiatric care, physical therapy, and appliances require special procedures; these requests shall be submitted to the department and ((its)) the department's approval obtained before the service is rendered.

(5) Adoption support payments shall continue pursuant to the following conditions:

(a) The child has not yet reached the age of eighteen, or the age of twenty-one if the following apply:

(i) The child has not yet completed high school or high school equivalent and is a full-time student; and/or

(ii) The child is physically or mentally handicapped such that continued assistance is warranted and no other assistance is available;

(b) The child continues to be the legal responsibility of the adoptive family;

(c) The child continues to receive support from the adoptive family.

AMENDATORY SECTION (Amending Order 1037, filed 7/29/75)

WAC 388-70-570 ADOPTION SUPPORT FOR CHILDREN—AGREEMENT FOR ADOPTION SUPPORT. An agreement shall constitute a binding contract between the department and the prospective adoptive family to provide adoption support for a child after adoption. ((This)) The agreement shall be completed in accordance with RCW 74.13.124, and P.L. 96-272 Sec. 475(2), and shall, at minimum, include the following:

(1) The amount of adoption support payments and any additional assistance which is to be provided as a part of the agreement including, where appropriate, indication of eligibility for Title XIX and Title XX services.

(a) In case of a move outside of the state of Washington, for eligible children, Title XIX services shall remain the responsibility of the state of Washington.

(b) In case of a move outside of the state of Washington, for eligible children, Title XX services shall become the responsibility of the new state of residence.

(3) A stipulation that the agreement must be renewed each year, with termination from the program resulting from the adoptive parents' failure to renew.

Be it resolved by the Personnel Appeals Board, acting at Olympia, that it does promulgate and adopt the annexed rules relating to chapters 358-20 and 358-30 WAC.

We, the Personnel Appeals Board, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is the emergency rules adopted by the Personnel Appeals Board to establish procedures for conducting hearings of employee appeals expire November 13, 1981. Notice of intent to adopt permanent rules has been filed, but the permanent rules cannot become effective by the time the earlier emergency rules expire.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to chapter 311, Laws of 1981 and is intended to administratively implement that statute.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to December 29, 1981, and/or orally at 10 a.m., Tuesday, December 29, 1981, Insurance Commissioner's Office, State Modular Building, Airdustrial Park, 7510 Armstrong Street S.W., Olympia, WA.

(Mailing Address: Insurance Building, AQ-21, Olympia, Washington 98504)

Dated: November 16, 1981
By: Robert E. Johnson
Deputy Commissioner

STATEMENT OF PURPOSE

Creating a new rule WAC 284-20-006 relating to the mandatory and voluntary submission of documents to the Washington Insurance Examining Bureau, Inc., by insurers, for examination to test insurance companies' adherence to rate filings and repealing the existing rule WAC 284-20-005.

Statutory Authority: RCW 48.02.060 to effectuate the provisions of RCW 48.19.410.

Summary of Proposed Action: The existing rule requires that all property insurance policies, daily reports, binders, renewal certificates, endorsements and other evidence of insurance or the cancellation thereof, with the exception of personal lines property insurance policies and certain commercial lines policies in which the rate is a composite of property and casualty insurance rates, be submitted to the Washington Insurance Examining Bureau, Inc., for examination. The commissioner has found that to be an excessive burden upon the insurance companies and not sufficiently beneficial to be continued. In lieu of the existing requirement, the new rule would permit an insurer to submit voluntarily any property insurance policy and related documents to the bureau for examination; would require the submission of a specifically identified policy and related documents upon the direction of the commissioner; and would require the submission of random policies and related documents as required by the commissioner to randomly test companies' adherence to rate filings.

The proposed changes will decrease the number of submissions of documents for most companies, thereby saving money, and will better serve the insurance consumers of the state by permitting rate compliance examinations for types of policies that are not now performed by the examining bureau.

David Rodgers, Chief Deputy Insurance Commissioner, (206) 753-7302, is responsible for the drafting of the rule. He will be assisted in the implementation and enforcement of the rule by Vincent Bammert, Rate Supervisor, (206) 753-7306. The address of each of them is Insurance Building, Olympia, Washington 98504.

The action is proposed by the insurance commissioner.

The rules are not required as the result of any federal law or any federal or state court action.

NEW SECTION

WAC 284-20-006 WASHINGTON INSURANCE EXAMINING BUREAU, INC.—AUDITS TO TEST ADHERENCE TO RATE FILINGS. (1) In performing the duty of ascertaining that lawful premiums are being charged, the Commissioner finds that it is not reasonable or necessary, with regard to any kind of insurance, to mandate that data relating to all policies issued be submitted for examination. He does find, however, that as to all kinds of insurance falling within the scope of chapter 48.19 RCW occasions may arise where, in order to ascertain that lawful rates are being charged, documents with respect to certain policies should be submitted for examination, and that such required submission should, in some instances, be

on a random audit basis, and in some instances, by designation of certain specific policies.

(2) Based on the foregoing and pursuant to RCW 48.19.410, with respect to policies having an effective date on and after February 1, 1982, every insurer authorized to write property or casualty insurance in the state of Washington:

(a) May submit to the Washington Insurance Examining Bureau, Inc., for examination, any policies and the related daily reports, binders, renewal certificates, endorsements, and other evidences of insurance or the cancellation thereof, which relate to property insurance as defined in RCW 48.11.040;

(b) Shall submit to the Washington Insurance Examining Bureau, Inc. a specifically identified policy and the related daily reports, binders, renewal certificates, endorsements, and other evidences of insurance or the cancellation thereof, when directed to do so by the Commissioner; and

(c) Shall submit to the Washington Insurance Examining Bureau, Inc. such policies and the related daily reports, binders, renewal certificates, endorsements, and other evidences of insurance or the cancellation thereof, as may be required by the Commissioner for purposes of random audits designed to test the companies' adherence to rate filings.

Chapter 154-12 WAC
PARTICIPATION IN THE PLAN

NEW SECTION

WAC 154-12-010 ENROLLMENT. Enrollment in the plan.

(1) An employee may become a participant by executing a participation agreement. Compensation will be deferred for any calendar month only if a participation agreement providing for such deferral is executed by the participant and approved by the committee or its designee before the beginning of such month.

(2) In signing the participation agreement, the participant elects to participate in this plan and consents to the employer deferring the amount specified in the participation agreement from the participant's gross compensation for each pay period. The dollar amount deferred ("deferred amount") must equal at least thirty dollars per month. Once a participant has specified an amount of deferral, such specification shall continue unless changed or revoked pursuant to WAC 154-12-050 or 154-12-060 of this plan. Participants must have at least one monthly deferral.

NEW SECTION

WAC 154-12-020 DEFERRAL LIMITATIONS. Except as provided in WAC 154-12-030, the maximum that may be deferred under the plan for any taxable year of a participant shall not exceed the lesser of (1) \$7,500 or (2) 33 1/3% of the participant's includible compensation; or as may be otherwise provided in Section 457 of the Internal Revenue Code or any successor statute of similar import.

NEW SECTION

WAC 154-12-030 CATCH-UP PROVISION. For one or more of the participant's last three taxable years ending before attaining normal retirement age under the plan, the maximum deferral shall be the lesser of (1) \$15,000 or (2) the sum of (a) the limitations established for purposes of WAC 154-12-020 of the plan for the taxable year (determined without regard to this section), plus (b) so much of the limitation established under WAC 154-12-020 for taxable years before the taxable year as has not theretofore been used under WAC 154-12-020 or 154-12-030; or as may be otherwise provided in Section 457 of the Internal Revenue Code or any successor statute of similar import.

NEW SECTION

WAC 154-12-040 COMMITTEE MAY DISALLOW DEFERRAL. The participant acknowledges the right of the committee or the administrator to disallow deferral of compensation under the plan in excess of the limitations stated above. However, neither the committee nor the administrator shall have any duty to assure that amounts deferred are in compliance with such limitations and neither shall have any liability to a participant if the committee fails to disallow a deferral in excess of such limitations, if the participant's participation agreement directed such deferral. In the case of a person who participates in more than one deferred compensation plan governed by Section 457 of the Internal Revenue Code, the limitations set forth in WAC 154-12-020 and 154-12-030 shall apply to all such plans considered together.

NEW SECTION

WAC 154-12-050 MODIFICATION OF DEFERRAL. A participant may change the amount of deferral specified pursuant to WAC 154-12-010(2) of this plan at any time, but no more frequently than twice in any calendar year, unless the committee by specific action authorizes a special additional open change period. Such change shall be effective as to any calendar month only if a new participation agreement is executed by the participant and approved by the committee or its designee before the beginning of such calendar month.

NEW SECTION

WAC 154-12-060 REVOCATION OF DEFERRAL. A participant may at any time direct that deferrals under the participant's participation agreement shall cease by completing the proper form and filing it with the committee prior to the first day of the calendar month for which the deferrals shall cease; however, accrued benefits shall only be paid as provided in chapters 154-16 and 154-20 WAC.

NEW SECTION

WAC 154-12-070 REINSTATEMENT OF DEFERRAL. A participant who has directed the cessation of deferrals under the participant's participation agreement as set forth in WAC 154-12-060, may resume deferrals for any calendar month commencing no sooner than six months after such deferrals ceased by executing a new participation agreement to defer compensation.

NEW SECTION

WAC 154-12-080 DESIGNATION OF BENEFICIARIES. Each participant shall have the right to designate a beneficiary or beneficiaries to receive any benefit to which said participant may be entitled in the event of death prior to the complete distribution of benefits. If no such designation is in effect on a participant's death, the beneficiary shall be the surviving spouse. If there be no such surviving spouse, then the beneficiary shall be the participant's estate. A participant may change beneficiary designation at any time by filing a change of beneficiary form with the committee.

NEW SECTION

WAC 154-12-090 ELECTION. Each participant may elect the payout options and the payout period for each event stated in chapters 154-16 and 154-20 WAC. Such payment, method of payment and settlement options must be selected prior to the earliest distribution date provided in the plan from among options provided by rule by the committee. In the absence of such election a payout option of one hundred twenty monthly installments, or such lesser number of monthly installments as is required by treasury regulations promulgated from time to time under Section 457 of the Internal Revenue Code or any successor statute of similar import so that the payout option does not exceed the life expectancy of the participant or the joint and last survivor expectancy of the participant and the participant's spouse, shall be automatically invoked by the committee: PROVIDED, That the mode of payment of a deceased participant's benefit shall be determined by the committee within the limitations of WAC 154-16-020 and 154-20-020.

NEW SECTION

WAC 154-12-100 INCOME METHOD ELECTION. Each participant shall designate on his participation agreement the method for

calculating investment income to be accrued on amounts deferred. Such designation shall continue unless changed pursuant to this section. The method for calculating investment income shall be selected from those methods made available for this purpose from time to time by the committee, in its sole discretion.

The committee may make available as methods for such calculation and accrual of investment income (1) a fixed rate of interest or (2) the earnings that the deferred amount would have earned if invested in specified mutual fund shares, deposits with a credit union, savings and loan association, bank, or mutual savings bank, life insurance, shares of an investment company, or fixed and/or variable annuities or other methods permitted by law and selected by the committee. The committee may from time to time change the available methods for the calculation of investment income, and a participant may, no more frequently than twice each calendar year unless the committee by specific action authorizes a special additional open change period, change the election of the method, provided that any change may affect only income to be accrued after such change. In the event that the investment constituting the standard of measurement of investment income experiences a loss, the participant's benefits payable hereunder shall likewise reflect loss, rather than income, for the period. Nothing in this section shall require the employer to invest any amount in the investments constituting the basis for measuring investment income on deferred amounts; and if the employer should so invest, no participant shall have any right, title, or interest in the assets so invested.

For purposes of determining the amount of benefits payable to a participant or the participant's beneficiary or beneficiaries under the plan, the amount payable shall be reduced by costs of the plan paid from the deferred compensation revolving fund pursuant to WAC 154-08-050, and any investment income which would otherwise have been earned thereon.

NEW SECTION

WAC 154-12-110 DISTRIBUTION OF DEFERRALS. Distribution of deferrals:

(1) Notwithstanding anything in this plan to the contrary, payment of amounts deferred shall commence not later than the latest of (a) sixty days after the close of the participant's taxable year in which the participant attains normal retirement age, or, if earlier, age sixty-five; (b) the close of the participant's taxable year in which the participant separates from service with the employer; or (c) the close of the participant's taxable year in which the participant attains age seventy and one-half.

(2) Amounts deferred under this plan shall be paid according to options provided by rule by the committee pursuant to WAC 154-12-090, but such options shall provide for payment over a period not longer than (a) the life of the participant; (b) the lives of the participant and the participant's spouse; (c) a period certain not extending beyond the life expectancy of the participant; or (d) a period certain not extending beyond the joint life and last survivor expectancy of the participant and the participant's spouse.

(3) Notwithstanding anything in this plan to the contrary, beginning with the participant's taxable year in which the participant attains age seventy and one-half (or, if later, the participant's taxable year in which payments commence), the amount to be paid to the participant each year under the plan shall be not less than the least of (a) the balance of the amounts deferred; (b) an amount equal to the quotient obtained by dividing the balance of the amounts deferred at the beginning of the year by the life expectancy of the participant (or the joint life and last survivor expectancy of the participant and the participant's spouse, as applicable), determined as of the date the participant attains age seventy and reduced by one for each taxable year commencing after the participant attains age seventy and one-half; or (c) the minimum amount permitted by Treasury Regulations promulgated under Section 457 of the Internal Revenue Code.

Chapter 154-16 WAC BENEFITS ON RETIREMENT

NEW SECTION

WAC 154-16-010 NORMAL RETIREMENT. If the participant continues in the service of the employer until or beyond normal retirement age, the employer shall pay to such participant a retirement benefit equal to the sum of all compensation theretofore deferred under the plan, together with investment income or loss thereon to the date of payment, calculated in accordance with WAC 154-12-100 by the

method set forth in the participant's participation agreement(s) under which such compensation was deferred. The participant's retirement benefit may be paid in one or more installments as elected by the participant pursuant to WAC 154-12-090. Payment of a participant's retirement benefit shall commence on or before the earlier of:

(1) The first day of any month commencing after the date of the participant's retirement as designated by the participant by written notice to the committee; provided, the committee must receive said written notice no fewer than sixty days prior to the date on which payments are to commence; or

(2) The latest date on which payments are required to commence pursuant to WAC 154-12-110(1).

NEW SECTION

WAC 154-16-020 UPON DEATH OF PARTICIPANT. Should the participant die at any time after retirement, whether prior to or after the participant has begun to receive the retirement payment(s) provided by WAC 154-16-010, or if payment has commenced to the participant's surviving spouse and such surviving spouse dies before the entire amount is paid, the participant's designated beneficiary or beneficiaries shall be entitled to receive the balance remaining of such payment(s). If no beneficiary is designated as provided in the participation agreement, or if the designated beneficiary does not survive by a period of thirty days, then there shall be paid, in accordance with WAC 154-12-080, to the surviving spouse or to the estate of the participant, a lump sum amount, or such other mode of payment as is determined by the committee if the beneficiary or beneficiaries request it, equal to the current value of such payment(s). The entire amount payable under this section shall be paid within five years after the participant's death (or the death of the surviving spouse).

Chapter 154-20 WAC BENEFITS ON TERMINATION OF SERVICES OR DEATH PRIOR TO RETIREMENT

NEW SECTION

WAC 154-20-010 TERMINATION OF SERVICES. In the event of the participant's termination of services as defined in WAC 154-04-060, an amount equal to the sum of all compensation theretofore deferred under the plan, together with investment income or loss thereon to the date of payment, calculated in accordance with WAC 154-12-100 by the method set forth in the participant's participation agreement(s), shall be paid to the participant in such a manner as the participant may elect pursuant to WAC 154-12-090. In no event shall the committee be required to cause payments to commence until it has been given at least sixty days written notice by the participant of the participant's termination of services.

NEW SECTION

WAC 154-20-020 DEATH OF PARTICIPANT. In the event the participant dies before retirement or prior to receiving all the benefits provided for in WAC 154-20-010, or if payment has commenced to the participant's surviving spouse and such surviving spouse dies before the entire amount is paid, the participant's designated beneficiary or beneficiaries shall be entitled to receive the balance remaining of such payment(s). If no beneficiary is designated as provided in the participation agreement or if the designated beneficiary does not survive the participant for a period of thirty days, then there shall be paid, in accordance with WAC 154-12-080, to the surviving spouse or to the estate of the participant, a lump sum amount, or such other mode of payment as is determined by the committee if the beneficiary or beneficiaries request it, equal to the current value of such payment(s). The entire amount payable under this section shall be paid within five years after the participant's death (or the death of the surviving spouse).

Chapter 154-24 WAC UNFORESEEABLE EMERGENCY

NEW SECTION

WAC 154-24-010 UNFORESEEABLE EMERGENCY. Notwithstanding any other provisions herein, in the event of an unforeseeable emergency, a participant may request the committee to pay benefits. If the application for payment is approved by the committee,

payment will be made as soon as possible following such an approval. Benefits to be paid shall be limited strictly to that amount reasonably necessary to satisfy emergency need. Any remaining benefits shall be paid in accordance with chapters 154-16 and 154-20 WAC of the plan.

For purposes of this plan, an unforeseeable emergency shall be severe financial hardship to the participant resulting from a sudden and unexpected illness or accident of the participant or of a dependent (as defined in Section 152(a) of the Internal Revenue Code) of the participant, loss of the participant's property due to casualty, or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the participant. The circumstances that will constitute an unforeseeable emergency will depend upon the facts of each case, but, in any case, payment shall not be made to the extent that such hardship is or may be relieved (1) through reimbursement or compensation by insurance or otherwise; (2) by liquidation of the participant's assets, to the extent liquidation of such assets would not itself cause severe financial hardship; or (3) by cessation of deferrals under the plan. Examples of what shall not be considered to be unforeseeable emergencies include the need to send a participant's child to college or the desire to purchase a home.

Chapter 154-28 WAC
LEAVE OF ABSENCE

NEW SECTION

WAC 154-28-010 LEAVE OF ABSENCE. If a participant is on an approved leave of absence from the employer, participation in this plan shall continue.

Chapter 154-32 WAC
AMENDMENT OR TERMINATION OF PLAN

NEW SECTION

WAC 154-32-010 TERMINATION OF PLAN. The employer or the committee may at any time terminate this plan. Upon such termination, benefits will be paid to each participant pursuant to chapter 154-20 WAC of the plan. Each participant's full compensation on a nondeferred basis will thereupon be restored.

NEW SECTION

WAC 154-32-020 AMENDMENT OF PLAN. The committee may also amend the provisions of this plan at any time: PROVIDED, HOWEVER, That no amendment shall affect the rights of participants or their beneficiaries to the receipt of payment of benefits, to the extent of any compensation deferred before the time of the amendment and investment income or loss thereon accrued to the date of the amendment, calculated in accordance with WAC 154-12-010.

Chapter 154-36 WAC

NEW SECTION

WAC 154-36-010 RETIREMENT AND SOCIAL SECURITY NOT REDUCED. It is intended that, pursuant to Section 457 of the Internal Revenue Code, the amount of deferred compensation will not be considered as current compensation for purposes of federal income taxation. Such amounts will, however, be included as compensation in determining benefits or rights under the employer's group insurance, other retirement plans and FICA. Payments under this plan will supplement retirement and death benefits payable under the employer's group insurance and other retirement plans.

AMENDATORY SECTION (Amending Order 98, filed 1/13/77)

WAC 356-14-010 COMPENSATION PLAN—PREPARATION—BASIS AND PROVISIONS. The Director of Personnel shall prepare a compensation plan for all classifications. The plan shall provide for:

(1) Full compensation to each employee for all work assigned and performed and consideration of all compensation to the employee in fixing the employee's salary.

(3) Assignment of each classification to a salary range of not less than the prevailing rate in Washington State private industries, and other governmental units, for positions of a similar nature to provide like pay for like work.

(4) Work period designation of each classification, or individual positions within a classification.

(5) Rates of premium pay and shift differential and standby pay schedules determined by the Personnel Board in the same manner as are basic salaries.

~~((6) Classifications in which positions have been designated by the Board as being in the noncompetitive service will be identified in the Compensation Plan.))~~

NEW SECTION

WAC 356-14-065 SALARY—TEACHERS OF THE DEAF OR BLIND. In accordance with RCW 72.05.140(2), Teachers of the Deaf or Blind will be paid, beginning with their 1981-82 school year, the same salaries paid to certified employees of similar background and experience in School District #37, Vancouver, Washington.

New yearly schedules will be published when received from that school district.

NEW SECTION

WAC 356-15-125 ASSIGNMENT PAY PROVISIONS. The Personnel Board may grant additional pay to recognize assigned duties that exceed ordinary conditions. Hazards, equipment operations and other specialized skills are examples of areas for Personnel Board consideration. Approved classes will have the letters "AP" appearing after their class title in the Compensation Plan.

Details of the affected classes or positions within a class, with the additional amount granted, will appear in the salary schedule section of the Compensation Plan.

AMENDATORY SECTION (Amending Order 137, filed 11/13/79)

WAC 356-15-130 SPECIAL PAY RANGES. ~~((Classes to which a special range applies are marked with the applicable letter designation after their range number in the Compensation Plan.~~

~~Special pay ranges are used to more nearly parallel unusual prevailing pay ranges in other governmental jurisdictions and in private industry.))~~ These ranges are used to equal or approximate prevailing rate practices found in private industry or other governmental units. An affected class is identified either by a letter designation following the basic salary range number or by a letter designation preceding a number. In the latter case, a special salary schedule will be used for such classes.

(1) "E" Range: This range is used for classes having a prevailing pay range which is shorter than Washington's

standard ranges. An "E" range is a standard range with the first four steps removed. Thus, the ~~((minimum))~~ first step of such a range is the same as step E of the standard range having the same range number. Periodic increases through the steps of this range are made at the same time intervals as through standard ranges, i.e., a two-step increase after ~~((6))~~ six months at step E and two annually thereafter up to the maximum step of the range.

(2) "L" Range: This special range is used only for the class of Liquor Store Clerk (0628). The "L" range was designed to more closely parallel the prevailing pay structure for retail clerks in private industry. Periodic increases through the steps of the "L" range are made at the same time intervals as through a standard range. Normal progression is steps A, D, G and K, which represents ten percent per periodic increase.

~~((EXAMPLE))~~

~~((Steps))~~

(A)	B	C	D	E	F	G	H	I	J	K
(Range 22L5868	890	912	959	983						
1007	1058	1085	1112	1140	1168					

~~((NOTE: This atypical range will not be found in the Washington state salary schedule.))~~

(3) ~~((M" Range: This special range is used only for the class of Job Service Center Interviewer Assistant (3006). It is comprised of steps A, B and C only.))~~ "T" Range: Used only for the classes of Institution Teachers. These ranges are constructed by identifying Step K of the correspondingly numbered regular State ranges as "Step 10" of the T-range; the lower nine steps of the T-range are each two regular-range steps (approximately 5%) apart. Advancement through these ranges is at the rate of one step per year.

(4) "V" Range: Use only for the classes of Teachers of the Deaf or Blind and Principals, School for the Deaf or Blind. A special salary schedule will be published when received from School District #37, Vancouver, Washington. Advancement through the range is at the rate of one step per year.

GENERAL PROVISIONS

NEW SECTION

WAC 415-105-010 PREAMBLE. In adopting the rules contained herein, it is not the intention of the Director of Department of Retirement Systems to in any way weaken the existing powers and practices of any local disability board. Further, it is not the intent of these rules to preclude adoption or continuation of any procedures in addition to those set forth herein by any local disability board.

NEW SECTION

WAC 415-105-020 PURPOSE. These rules are adopted pursuant to Section 1, Chapter 294, Laws of 1981 to implement Chapter 41.26 RCW and to provide a basis for uniform administration of disability retirement matters. They shall be followed by each disability board.

NEW SECTION

WAC 415-105-030 BOARD DOCTOR. (1) A duly licensed and practicing physician or physicians shall be appointed by the board. No disability retirement shall be approved by the board without prior examination of the claimant by the board doctor or a specialist of his selection, on or near the expiration of the disability leave period. The board doctor shall render such other medical service as may be requested by the board.

(2) In order to carry out the duties of this position, each physician appointed or approved by the board is required to be knowledgeable concerning the duties, functions and general demands required of the employee being examined. The disability board shall furnish to the examining physician the job and/or position description of the applicant.

(3) Reexamination of any member on disability retirement shall be conducted by a board appointed or approved physician.

Reviser's Note: Errors of punctuation or spelling in the above section occurred in the copy filed by the agency and appear herein pursuant to the requirements of RCW 34.08.040.

NEW SECTION

WAC 415-105-040 DISABILITY LEAVE. (1) Following receipt of an application for disability benefits, the board shall review all relevant information pertaining to the question of the applicant's fitness for duty, and if, in the opinion of the majority of the board, the evidence supports the proposition that the member is unfit for duty, such member shall be granted disability leave, unless such leave is waived pursuant to RCW 41.26.120(4). In considering such application, the board shall consider the duties of the position, and any other evidence that is relevant.

(2) The burden of proving the existence of a disabling condition, and whether or not the condition was incurred in line of duty, shall be upon the applicant.

(3) The minimum medical and health standards previously promulgated by the state retirement board for entry or reentry into LEOFF System membership were

provided only to safeguard the fiscal integrity of the pension system and are not the applicable standards for any other purpose.

(4) Each application shall be accompanied by a list identifying by name any physician who had been contacted within the last six months for the illness or injury for which disability is claimed.

(5) In the event the board finds that insufficient information is available to make a determination, the matter may be continued to the next regular board meeting or be set for consideration at a special meeting. The board shall also advise the member of the additional information needed, and of the member's obligation to provide additional information and the deadline date by which such information must be provided.

(6) The board shall be authorized to demand the appearance of the member and to request the appearance of such other persons as it deems appropriate. It shall be incumbent upon each member obtaining medical evaluations to be used in connection with such disability leave and subsequent evaluations, to advise each and every examining physician: that such evaluation is being conducted at the direction of the board; that any reports relating thereto are for the benefit of the board; that the doctor-patient privilege may not be invoked with respect thereto; and that the physician may be called upon by the board to testify as to his findings.

NEW SECTION

WAC 415-105-050 EXAMINATION FOR DISABILITY RETIREMENT. (1) Applicants for disability retirement shall be reexamined during the fifth or sixth month of disability leave in order to determine their eligibility for disability retirement, with the following exceptions: (a) if the board doctor assures the board that the applicant's condition has not and will not be corrected before the end of the sixth month; or (b) if the applicant establishes that the disabling condition will be in existence for a period of at least six months and he/she voluntarily waives disability leave. No applicant will be granted a disability retirement allowance unless the conditions imposed by this subsection are met.

(2) In the event the medical and other relevant evidence is inconclusive, the board may specify in written order a reasonable trial service period to determine the member's fitness for active duty. The reasonable length of such conditional return to service shall be supported by medical evidence. Such a conditional return to service does not entitle the member to a second six-month period of disability leave for the same disability if, based upon this trial period of service, the member is found to be disabled.

NEW SECTION

WAC 415-105-060 GRANTING DISABILITY RETIREMENT. (1) If the evidence shows to the satisfaction of the board that the member is physically or mentally disabled from further performance of duty and that the disability has been continuous from the date of commencement of disability leave for a period of six months, the board shall enter its written decision and

order, accompanied by appropriate findings of fact and conclusions of law in compliance with RCW 41.26.120. Such written decision and order with supporting documentation shall thereafter be forwarded to the Director, Department of Retirement Systems, for review. In the event a regular meeting of the board precedes by no more than 40 days the date at which the full six months will conclude and the evidence is clear that the disability can be expected to continue through the full six-month period, the board may make a finding of six months continuous disability prior to the actual conclusion of the six-month period, so as to eliminate unnecessary delay of receipt of retirement benefits.

(2) In order to qualify to receive a disability retirement allowance, the applicant will be required to prove that he or she is physically or mentally disabled to such extent that he or she is unable to discharge with average efficiency the duty of the position held at time of discontinuance of service: Provided that, no member shall be entitled to a disability retirement allowance if the appropriate authority advises that there is an available position for which the member is qualified and to which one of such grade or rank is normally assigned and the board determines that the member is capable of discharging, with average efficiency, the duties of the position.

NEW SECTION

WAC 415-105-070 EXECUTION. Every order of the disability board granting or denying a disability retirement allowance shall contain the following presented in clear and concise terms:

(1) Findings of fact supported by evidence in the record supporting the granting or denying of the disability retirement allowance. When a disability retirement is granted, findings of fact shall include:

(a) Whether or not the disability was incurred in the line of duty.

(b) Whether or not the disability was incurred in other employment.

(c) Dates encompassing disability leave and/or dates relating to authorized trial basis return to duty; and, in the case of return to duty on a trial basis, the factual basis for such decision.

(d) Dates encompassing waiver of disability leave, if applicable; and that applicant established that such disability will be in existence for a period of six months.

(2) Conclusions of law in accordance with law on the basis of the facts in the case.

(3) Decision and order.

NEW SECTION

WAC 415-105-080 APPEAL. If the board denies disability leave or disability retirement or cancels a previously granted disability leave or retirement, the applicant shall be immediately notified and advised of the right to appeal such decision or order to the Director of the Department of Retirement Systems, pursuant to RCW 41.26.200. Such notification shall be in writing and served by personal service or mail. Provided, that written notice need not be given if applicant or his or her

duly authorized representative is in attendance at the meeting or hearing and is advised of decision and of the right of appeal.

NEW SECTION

WAC 415-105-090 REEXAMINATION AND RETURN TO DUTY. (1) In the event a member is placed on disability retirement, the board shall determine whether or not the member is so disabled that no possibility exists for return to duty or that there is no possibility that rehabilitation could restore the member to fitness for duty. Further, the board may at any point subsequent to retirement make such a determination. A copy of all such determinations shall be sent to the Department of Retirement Systems. Unless the board has made such a finding, the board's representative shall order a reexamination at six-month intervals and advise the board of the results thereof with a copy to the Department of Retirement Systems: Provided that such reexamination need not be conducted on a member over 49.5 years of age. In the event the retired member is residing at a location more than 100 miles from his former place of employment, the member may be authorized to be examined by a physician in his immediate area, provided, however, such physician shall be first approved by the board and prior to such evaluation the examining physician shall be apprised of the basis upon which the examination is to be conducted and the issues to be addressed in the physician's evaluative report.

(2) In the event such evaluation discloses fitness to perform duties of the rank or position held by the member at the time of disability retirement, the member shall be entitled to a hearing before the board, and further consideration of the matter. Such notice and hearing shall comply with the Administrative Procedure Act, chapter 34.04 RCW.

(3) The hearing provided by RCW 41.26.140(2) is to be held, unless the retiree waives such hearing, prior to actual cancellation of a disability retirement allowance.

(4) The retirement allowance of any member who fails to submit to medical examination as provided herein shall be discontinued and in the event such refusal continues for one (1) year, his retirement allowance shall be cancelled. Failure of the member to affirmatively respond to the request for reexamination shall be deemed a continuing refusal.

EMERGENCY RULES

DEPARTMENT OF FISHERIES

[Order 81-212—Filed November 16, 1981]

I, Rolland A. Schmitt, director of the State Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing rules.

I, Rolland A. Schmitt, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice

and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is Areas 6, 6A, 6C, 7 and 7A are restricted to protect Canadian-origin chum salmon. Areas 6, 6A and 6C are also closed to protect Nooksack-Samish and Stillaguamish-Snohomish chum salmon. Area 7B and 7C and the Nooksack and Samish Rivers are closed for protection of local chum salmon. Areas 10C and the Cedar River are closed to protect Lake Washington sockeye. A portion of Area 12C is closed to protect chum salmon. Areas 12A and 12D are closed for secondary protection of local chum stocks. Test fishing results indicate chum management needs prevail in the Skagit River below Hamilton. Coho management needs prevail in Area 10D. The closure of Areas 4B and 5 is repealed pursuant to the recommendation of the Fisheries Advisory Board. Areas 6B, 8A and 9 north of the Lip-lip line, and the Stillaguamish and Snohomish Rivers are closed because the harvestable allocation of Stillaguamish-Snohomish chum salmon has been taken. Areas 10, 11, 11A, 13A, portions of Area 13 and the Puyallup River are closed because the harvestable surplus of Puyallup River and Carr Inlet chum salmon has been taken. Protection of Puyallup River and Carr Inlet chum salmon is additional justification for the closure of Areas 6B, 8A and the full closure of Area 9.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

Dated: November 17, 1981

By: Robert E. Johnson
Deputy Commissioner

STATEMENT OF PURPOSE

Adding a new section to chapter 284-44 WAC specifying a contract provision required to be contained in health care service contractor agreements pertaining to benefits to be provided for services performed by registered nurses.

The statutory authority for the rule is RCW 48.44.050 to effectuate the provisions of chapter 175, Laws of 1981.

The rule sets forth standard language which shall be contained in health care service contractor agreements, substantially to provide that benefits will not be denied for services performed by a registered nurse, acting within the scope of such nurse's license, if the contract would have provided benefits for such service if provided by a doctor of medicine. The rule further sets forth a guideline pertaining to the level of indemnification benefit, and a guideline pertaining to restrictions or limitations on benefits for nurse-provided services.

The basic purpose of the rule is to implement the provisions of chapter 175, Laws of 1981, by providing for a standard provision informing persons covered by health care service contracts of their rights under such law, and giving the commissioner's interpretation of that law, as that interpretation will be applied by the commissioner.

A. G. Vande Wiele, Deputy Insurance Commissioner, 754-7381, Insurance Building, AQ-21, Olympia, Washington 98504 and Edward H. Southon, Assistant Attorney General, 753-2682, Temple of Justice, AQ-04, Olympia, Washington 98504, are responsible for the drafting of this rule. Responsibility for implementation and enforcement will be the primary responsibility of A. G. Vande Wiele.

The action is proposed by the insurance commissioner.

The rule is not required as the result of any federal law or any federal or state court action.

NEW SECTION

WAC 284-44-045 BENEFITS FOR REGISTERED NURSES' SERVICES. (1) Every health care service contractor agreement which is entered into initially or renewed after the effective date of this rule, and which provides benefits for any health care service to be performed by doctors of medicine, and every certificate issued thereunder, shall contain the following provision, or a provision which is the substantial equivalent of it:

"Benefits under this contract will not be denied for any health care service performed by a registered nurse licensed to practice under Chapter 18.88 RCW, if first, the service performed was within the lawful scope of such nurse's license, and second, this contract would

have provided benefits if such service had been performed by a doctor of medicine licensed to practice under Chapter 18.71 RCW."

(2) The provisions of subsection (1) shall apply to all health care service agreements, whether they expressly provide for indemnification benefits for services rendered by health care providers who are not "participants" as defined in RCW 48.44.010(4), or whether they provide only for benefits in the form of services rendered by health care providers who are "participants" for the purpose of such contracts.

(3) To comply with Chapter 175, Laws of 1981, benefits must not be denied to a person covered by a health care service agreement by reason of his choice to obtain health care services from a registered nurse. A contract provision which requires or permits an artificial reduction in the level of an indemnification benefit based on such a choice to obtain health care services from a registered nurse will be held to violate Chapter 175, Laws of 1981, and will be the basis for disapproval of such agreement pursuant to RCW 48.44.020(2)(f). An example of such an impermissible provision would be one which set the level of reimbursement for nurse-provided service at a fixed, less-than-100% percentage of the benefit which would be paid for participant-doctor-provided services, if any, or other doctor-provided services, if the contractor has no participant doctors. An example of a permissible provision would be one which was based on some percentage of the usual, customary, and reasonable (UCR) fee charged by the particular provider of health care service, and which applied the same percentage to the UCR fees of medical doctors and registered nurses alike. The latter provision would be permissible even if it resulted in lower actual dollar amounts for benefits for nurse-provided services than for doctor-provided services, since the difference would result from the disparity of fees actually charged by medical doctors and registered nurses rather than from an arbitrary formula based on assumptions concerning the relative worth of doctor-provided services versus nurse-provided services.

(4) To comply with Chapter 175, Laws of 1981, no health care service contractor agreement may contain a provision which places restrictions or limitations on benefits for nurse-provided health care services which are not also placed on benefits for doctor-provided health care services. An example of an impermissible provision would be one which limited the number of office calls made to a registered nurse to a number less than the limit for office calls made to a medical doctor. A contract provision which places such a limitation or restriction on benefits for nurse-provided health care services will be held to violate Chapter 175, Laws of 1981, and will be the basis for disapproval of such agreement pursuant to RCW 48.44.020(2)(f).

~~((3))~~ (4) Households that are found to be ineligible shall be sent a notice of denial as soon as possible but not later than ~~((30))~~ thirty days following the date the application was filed.

~~((4))~~ (5) If the department does not determine a household's eligibility and provide an opportunity to participate within ~~((30))~~ thirty days of the application, the department shall take the following action:

(a) Determine whether the delay was the fault of the household. A delay shall be considered the fault of the household if:

(i) The household has failed to complete the application form even though the department offered, or attempted to offer assistance in its completion and this assistance is documented;

(ii) One or more members of the household has failed to register for work and the department informed the household of the need to register and gave the household at least ~~((10))~~ ten days from the date of notification to register these members, and the notice was documented;

(iii) In cases where verification is incomplete, the department provided assistance when required and allowed the household sufficient time to provide the missing verification which is at least ~~((10))~~ ten days from the date of the department's initial request for the particular verification that was missing, and this ~~((10))~~ ten-day period was documented;

(iv) For households that failed to appear for an interview, the department attempted to reschedule the initial interview within ~~((30))~~ thirty days of the date the application was filed.

(A) If a household failed to appear for the first interview and a subsequent interview is postponed at the household's request or cannot otherwise be rescheduled until after the ~~((20th))~~ twentieth day but before the ~~((30th))~~ thirtieth day following the date the application was filed, the household must appear for the interview, bring verification, and register members for work by the ~~((30th))~~ thirtieth day.

(B) If the household failed to appear for the first interview and a subsequent interview is postponed at the household's request until after the ~~((30th))~~ thirtieth day following the date the application was filed, the delay shall be the fault of the household.

(C) If the household has missed both scheduled interviews and requests another interview, any delay shall be the fault of the household.

(b) If the delay is the fault of the household, the household shall lose its entitlement to benefits for the month of application and a denial notice shall be sent. However, the household shall be given an additional ~~((30))~~ thirty days to take the required action.

(i) After a notice of denial is sent and the household takes the required action within ~~((60))~~ sixty days of the date the application was filed, the department shall reopen the case without requiring a new application.

(c) Determine if the delay is the fault of the department.

(i) Delays that are the fault of the department include, but are not limited to, those cases where the department failed to take the action described in subsection ~~((4))~~ (5) (a) of this section.

(d) If the delay is the fault of the department, the department shall take immediate corrective action. The department shall not deny the application but send a notice of pending action, complete with an explanation to the household of any action it must take to complete the application process.

If the household is given an additional ~~((30))~~ thirty days period to provide verifications that were missing and the household is determined eligible in this second ~~((30))~~ thirty-day period, the household shall be entitled to benefits retroactive to the month of application.

~~((57))~~ (6) In cases of delays beyond ~~((60))~~ sixty days.

(a) If the department is at fault for not completing the application process by the end of the second ~~((30))~~ thirty-day period and the case file is otherwise complete, the original application will be processed until completed.

(i) If the department was at fault in the first ~~((30))~~ thirty-day(s) period, the household shall receive benefits retroactive to the month of application.

(ii) If the household was at fault in the first ~~((30))~~ thirty days, the household shall receive benefits retroactive only to the month following the month of application.

(b) If the department is at fault for not completing the application process by the end of the second ~~((30))~~ thirty-day period, but information is not complete enough to reach an eligibility determination, the case shall be denied and a notice sent.

(i) If the department was also at fault for the delay in the initial ~~((30))~~ thirty days, the amount of benefits lost would be calculated from the month of application.

(ii) If the household was at fault for the initial delay, the amount of benefits lost would be calculated from the month following the month of application.

(c) If the household is at fault for not completing the application process by the end of the second ~~((30))~~ thirty-day period, the department shall deny the application and require the household to file a new application.

(6) An individual who is sixty years of age or older, or receives supplemental security income (SSI), or receives social security disability, or has received emergency SSI from the social security administration shall be authorized effective January 1, 1980, a deduction for unreimbursable monthly medical expenses over (~~(\$35)~~) thirty-five dollars.

(a) Allowable medical expenses are:

income is from self-employment, including self-employed farmers, shall be certified according to this section.

Self-employment income which is received on a monthly basis but which represents a household's annual support shall normally be averaged over a (~~(+2)~~) twelve-month period. If, however, the averaged amount does not accurately reflect the household's actual monthly circumstances because the household has experienced a substantial increase or decrease in business, the department shall calculate the self-employment income based on anticipated earnings.

(2) Income which represents annual income and costs of producing that income are to be computed on a yearly basis and averaged evenly over twelve months to determine eligibility even if it is received in only a short period of time.

(a) Self-employment income which represents only a part of a household's annual support shall be averaged over the period of time the income is intended to cover.

(b) If a household's self-employment enterprise has been in existence for less than a year, this income shall be averaged over the period of time the business has been in operation and the monthly amount projected for the coming year.

(3) In determining monthly income from self-employment:

(a) The household may choose to determine the benefit level by using either the same net income which was used to determine eligibility, or by unevenly prorating the household's total net income over the period for which the household's self-employment income was averaged. If income is prorated, the net income assigned in any month cannot exceed the maximum monthly income eligibility standards for the household's size.

(b) For the period of time over which self-employment income is determined the department shall add all gross self-employment income (including capital gains), exclude the cost of producing the self-employment income and divide this income by the number of months over which the income will be averaged.

(c) For those households whose self-employment income is not averaged but is instead calculated on an anticipated basis, the department shall add any capital gains the household anticipates receiving in the next (~~(+2)~~) twelve months, starting with the date the application is filed and divide this amount by (~~(+2)~~) twelve. This amount shall be used in successive certification periods during the next (~~(+2)~~) twelve months, but recalculated should anticipated capital gains amounts change. The anticipated monthly amount of capital gains shall be added to the anticipated monthly self-employment income, and subtract the cost of producing the income. Except for depreciation, the cost of producing the income shall be calculated by anticipating the monthly allowable costs of producing the income.

(d) The monthly net self-employment income shall be added to any other earned income received by the household. The total monthly earned income less the (~~(20)~~) eighteen percent earned income deduction shall then be added to all other monthly income received by the household. The standard deduction, dependent care,

WAC 388-54-750 INCOME—SELF-EMPLOYMENT. (1) A household whose primary source of

and shelter costs shall be computed as for any other household and subtracted to determine the adjusted monthly net income of the household.

(4) In calculating capital gains, the proceeds from the sale of capital goods or equipment shall be calculated in the same manner as a capital gain for federal income tax purposes. The department shall count the full amount of the capital gain as income for food stamp purposes even if only ~~((50))~~ fifty percent of the proceeds from the sale of capital goods or equipment is taxed for federal income tax purposes.

(5) Allowable costs of producing self-employment income include, but are not limited to:

(a) The identifiable costs of labor, stock, raw material, seed and fertilizer, interest paid to purchase income-producing property, insurance premiums, and taxes paid on income-producing property;

(b) Depreciation, which shall be allowed as a cost of producing self-employment income for equipment, machinery or other capital investments necessary to the self-employment enterprise, as documented by a tax return.

(6) The following items shall not be allowed as a cost of producing self-employment income:

(a) Payments on the principal of the purchase price of income producing real estate and capital assets, equipment, machinery and other durable goods;

(b) Net losses from previous periods; and

(c) Federal, state and local income taxes, money set aside for retirement purposes, and other work-related personal expenses, such as transportation to and from work, as these expenses are accounted for by the ~~((20))~~ eighteen percent earned income deduction specified.

(7) In assigning certification periods:

(a) Households that receive their annual support from self-employment and have no other source of income may be certified for up to 12 months;

(b) For those households that receive other sources of income or whose self-employment income is intended to cover a period of time that is less than a year, the department shall assign a certification period appropriate for the household's circumstances;

(c) For businesses which have been in operation for such a short time that there is insufficient data to make a reasonable projection, the household may be certified for less than a year until the business has been in operation long enough to base a longer projection.

(d) For those self-employed households that receive their annual income in a short period of time, the initial certification period shall be assigned to bring the household into the annual cycle.

(2) An assistance household shall be assigned a certification period which coincides with the scheduled assistance reviews so that the review of the grant and food

~~((2))~~ (3) Other households shall be certified for at least three months or assigned the longest certification period possible based on the predictability of the household's circumstances, except as follows:

(a) Certification may be for less than three months when there is a possibility of frequent changes in income or household status.

(i) A household eligible for a certification period of ~~((3))~~ three months or less shall, at the time of certification, have this certification period increased by ~~((1))~~ one month, if the certification process is completed after the ~~((15th))~~ fifteenth day of month of application and the household's circumstances warrant the longer certification period.

(ii) A household with one or more members ~~((subject to lockout or))~~ on strike shall be assigned a certification period of no more than one month if the household is certified before the ~~((15th))~~ fifteenth day of the month; otherwise, the maximum certification period shall be for two months unless the department wishes to assign a longer certification period and the household signs a waiver of notice of adverse action.

(b) In situations in which there is little likelihood of changes in financial situation and household size, the household may be recertified for up to six months.

(c) A household consisting solely of unemployable persons with very stable income from retirement, disability payments, or similar sources may be certified up to twelve months, provided that other household circumstances are expected to remain stable.

(d) A household whose primary source of income is from self-employment, farm operations or farm employment may be certified up to twelve months, provided income can be readily predicted and household circumstances are not likely to change. A household with additional income from other sources shall be assigned a certification period in accordance with subsection ~~((2))~~ (3) (a), (b) and (c).

(c) A notice of adverse action will be required because of mass changes resulting from the implementation of the Food Stamp Act of 1977. The notice of adverse action shall explain to the household:

(i) That the change is the result of changes in federal law;

AMENDATORY SECTION (Amending Order 1492, filed 3/7/80)

WAC 388-54-805 ISSUANCE—RESTORATION OF LOST BENEFITS. (1) Whenever a household receives fewer benefits than it is entitled to receive as a result of error by the department, the department shall restore those benefits which were lost within ~~((12))~~ twelve months of:

(a) The month the department was notified by the household or by another person or agency in writing or orally of the possible loss;

(b) The month the department discovers that a loss to a specific household has occurred;

(c) The date the household requested a fair hearing to contest the adverse action which resulted in the loss.

(2) Benefits shall be restored even if the household is currently ineligible.

(3) The ~~((12))~~ twelve-month limitation does not apply to benefits which are to be restored when:

(a) A fraud disqualification penalty is reversed;

(b) Amounts deducted from SSI benefits to repay SSI overpayments, since January 1976, were counted as food stamp income (households may apply for this benefit until 5-1-80);

(c) The household, previously determined by the department to be entitled to benefits as a result of the household winning a fair hearing or an error being made in determining the household's eligibility, was denied restoration of benefits because the household was not currently participating.

(4) The department shall notify the household of its entitlement, the amount of benefits to be restored, the method of restoration and the right to appeal, and any offsetting that was done.

(5) If the department determines that a household is entitled to restoration of lost benefits, but the household does not agree with the amount to be restored or with

any other action taken by the department, the household may request a fair hearing within ~~((90))~~ ninety days of the date the household is notified of its entitlement to restoration of lost benefits, as specified in WAC 388-54-805(3)(c). Households previously notified they were due benefits but who could not receive them because they were not currently participating may request a fair hearing ninety days from the date the CSO makes a decision on the request to restore benefits.

(a) If a fair hearing is requested prior to or during the time lost benefits are being restored, the household shall continue to receive the lost benefits, as determined by the department, pending the result of the fair hearing.

(b) If the fair hearing decision is favorable to the household, the department shall restore the lost benefits in accordance with that decision.

(c) If a household and the department disagree about the household's entitlement to restoration of lost benefits, the household has ~~((90))~~ ninety days from the date of the department determination to request a fair hearing. The department shall restore lost benefits to the household only if the fair hearing decision is favorable to the household. Benefits lost more than ~~((12))~~ twelve months prior to the date the department was initially informed of the household's possible entitlement shall not be restored unless the household was previously notified they were due benefits but could not receive them because they were not currently participating. In these cases, the twelve-month limitation does not apply.

(6) Individuals disqualified for fraud are entitled to restoration of benefits lost during the months they were disqualified only if the decision which resulted in disqualification is subsequently reversed. Benefits shall be restored regardless of the length of time that has elapsed since the household member was disqualified.

(7) The department shall restore lost benefits to a household whether or not it is currently eligible or ineligible, by issuing an allotment equal to the amount of benefits that were lost.

(8) The department shall restore lost benefits that occurred prior to elimination of the purchase requirement. Households assigned a purchase requirement that was too high or assigned an incorrect household size shall be entitled to restoration of their lost benefits. The amount shall be equal to the difference between the ~~((bonus stamps))~~ allotment the household received and the correct amount the household should have received.

(9) Whenever lost benefits are due a household and the household's membership has changed, the department shall restore the lost benefits to the household containing a majority of the individuals who were household members at the time the loss occurred. If the department cannot locate or determine the household which contains this majority, it shall restore the lost benefits to the household containing the head of the household at the time the loss occurred.

(10) The department shall honor reasonable requests by households to restore lost benefits in monthly installments if, for example, the household fears the excess coupons may be stolen, or that the amount to be restored is more than it can use in a reasonable period of time.

(11) Households described in WAC 388-54-805(3)(c) shall provide the CSO with a copy of the notice they received if it was within the past three years. If it has been more than three years, the household may complete an affidavit stating they received notice that they were due an amount of stamps or were overcharged for the stamps they received. The affidavit shall also include an explanation by the household of their entitlement. The affidavit is not necessary if the amount due can be verified through case records or accounts payable ledgers.

AMENDATORY SECTION (Amending Order 1529, filed 8/6/80)

WAC 388-54-826 FRAUD DISQUALIFICATION—ADMINISTRATIVE FRAUD HEARING DETERMINED. (1) Fraud disqualification penalties. These rules are effective July 1, 1979. Individuals found to have committed fraud through an administrative fraud hearing shall be ineligible to participate in the program for three months. Individuals found guilty of criminal or civil fraud by a court of appropriate jurisdiction shall be ineligible for not less than six months and not more than twenty-four months as determined by the court. The department shall disqualify only the individual and not the entire household. If the court fails to address or specify a disqualification period for the fraudulent act, the department shall impose a six month disqualification period unless it is contrary to the court order.

(2) Definition of fraud. For purpose of determining at an administrative fraud hearing whether or not fraud was committed, fraud shall consist of any action by an individual to knowingly, willfully, and with deceitful intent:

- (a) Make a false statement to the state agency, either orally or in writing, to obtain benefits to which the household is not entitled;
- (b) Conceal information to obtain benefits to which the household is not entitled;
- (c) Alter authorization cards or coupons to obtain benefits to which the household is not entitled;
- (d) Use coupons to buy expensive or conspicuous non-food items;
- (e) Use or possess improperly obtained coupons or authorization cards;
- (f) Trade or sell coupons or authorization cards.

(3) Administrative disqualification. The department's procedures for conducting fraud hearings are outlined in this section. An administrative fraud hearing shall be initiated by the department whenever the department has documented evidence to substantiate that a (~~currently certified~~) household member has committed one or more acts of fraud as defined in subsection (2) of this section. Fraud hearings shall not be conducted if the amount the department suspects has been fraudulently obtained is less than (~~(\$35)~~) thirty-five dollars or if the value of the ineligible items that have been purchased with food stamps is under (~~(\$35)~~) thirty-five dollars. The burden of proving fraud is on the department. The department may initiate an administrative fraud hearing regardless of the current eligibility of the individual. It

may still be conducted regardless of whether other legal action is planned against the household member.

(a) Consolidation of administrative fraud hearing with fair hearing. The office of hearings may combine a fair hearing and an administrative fraud hearing into a single hearing if the factual issues arise out of the same, or related, circumstances and the household receives prior notice that the hearings will be combined. If the fraud hearing and fair hearing are combined, the department shall follow the timeliness standards for conducting fraud hearings.

(b) Fraud hearing procedures.

(i) The department provides state level administrative fraud hearings. The procedure for decision rendering is described in WAC 388-54-827.

(ii) The following provisions apply to administrative fraud hearings:

(A) Hearing official. Hearings shall be conducted and decisions rendered by impartial examiners who: Do not have any personal stake or involvement in the case; were not directly involved in the initial determination of the action which is being contested; and were not the immediate supervisor of the eligibility worker who took the action. The hearing official shall:

(I) Administer oaths or affirmations if required by the state;

(II) Ensure that all relevant issues are considered;

(III) Request, receive and make part of the record all evidence determined necessary to decide the issues being raised;

(IV) Regulate the conduct and course of the hearing consistent with due process to ensure an orderly hearing;

(V) Order, where relevant and useful, an independent medical assessment or professional evaluation from a source mutually satisfactory to the household and the department;

(B) Attendance at hearing. The hearing shall be attended by a representative of the department and by the household and/or its representative. The hearing may also be attended by friends or relatives of the household if the household so chooses. The hearing examiner shall have the authority to limit the number of persons in attendance at the hearing if space limitations exist.

(C) Household rights during hearing. The household may not be familiar with the rules of order and it may be necessary to make particular efforts to arrive at the facts of the case in a way that makes the household feel most at ease. The household or its representative must be given adequate opportunity to:

(I) Examine all documents and records to be used at the hearing at a reasonable time before the date of the hearing as well as during the hearing. The contents of the case file including the application form and documents of verification used by the department to establish the household's ineligibility or eligibility, and allotment shall be made available, provided that confidential information, such as the names of individuals who have disclosed information about the household without its knowledge or the nature or status of pending criminal prosecutions, is protected from release. If requested by the household or its representative, the department shall provide a free copy of the portions of the case file that

are relevant to the hearing. Confidential information that is protected from release and other documents or records which the household will not otherwise have an opportunity to contest or challenge shall not be introduced at the hearing or affect the hearing official's decision.

(II) Present the case or have it presented by a legal counsel or other person.

(III) Bring witnesses.

(IV) Advance arguments without undue interference.

(V) Question or refute any testimony or evidence, including an opportunity to confront and cross-examine adverse witnesses.

(VI) Submit evidence to establish all pertinent facts and circumstances in the case.

(D) Hearing decisions.

(I) Decisions of the hearing authority shall comply with department regulations and shall be based on the hearing record. This record shall be available to the household or its representative at any reasonable time for copying and inspection.

(II) At the fraud hearing the hearing examiner shall advise the household member or representative that the household member may refuse to answer questions during the hearing.

(III) Within ninety days of the date the household member is notified in writing that a hearing initiated by the department has been scheduled the department shall conduct the hearing, arrive at a decision, and initiate administrative action which will make the decision effective. The household member or representative is entitled to a postponement of up to thirty days. If the hearing is postponed, the above time limits shall be extended for as many days as the hearing is postponed.

(c) Advance notice of hearing.

(i) The department shall provide written notice to the household member suspected of fraud at least thirty days in advance of the date a fraud hearing initiated by the department has been scheduled. The notice shall be mailed certified mail return receipt requested, and shall contain, at a minimum:

(A) The date, time, and place of the hearing;

(B) The charge(s) against the household member;

(C) A summary of the evidence, and how and where the evidence can be examined;

(D) A warning that the decision will be based solely on information provided by the food stamp office if the household member fails to appear at the hearing;

(E) A warning that a determination of fraud will result in a three-month disqualification;

(F) A listing of the household member's rights as contained in WAC 388-54-826(3)(b)(ii)(C).

(G) A statement that the hearing does not preclude the state or federal government from prosecuting the household member for fraud in a civil or criminal court action, or from collecting the overissuance;

(H) A statement that the individual can call the food stamp office to get the name and phone number of someone who can give free legal advice. If free legal advice is not available, the food stamp office shall provide, when called, the phone number of a lawyer referral service of the local bar association.

(ii) A copy of the department's published hearing procedures shall be attached to the thirty-day advance notice;

(d) Scheduling of hearing. The time and place of the hearing shall be arranged so that the hearing is accessible to the household member suspected of fraud.

If the household member or its representative cannot be located or fails to appear at a hearing initiated by the department without good cause, the hearing shall be conducted without the household member represented. Even though the household member is not represented, the hearing official is required to carefully consider the evidence and determine if fraud was committed based on clear and convincing evidence. If the household member is found to have committed fraud but a hearing official later determines that the household member or representative had good cause for not appearing, the previous decision shall no longer remain valid and the office of hearings shall conduct a new hearing. The household member has ten days from receipt of the notice of the fraud decision to present reasons indicating a good cause for failure to appear. A hearing official must enter the good cause decision into the record.

(e) Participation while awaiting a hearing. A pending fraud hearing shall not affect the individual's or the household's right to be certified and participate in the program. Since the department cannot disqualify a household member for fraud until the hearing authority finds that the individual has committed fraud, the department shall determine the eligibility and benefit level of the household in the same manner it would be determined for any other household. The department shall also reduce or terminate the household's benefits if the department has documentation which substantiates that the household is ineligible or eligible for fewer benefits (even if these facts led to the suspicion of fraud and the resulting fraud hearing) and the household fails to request a fair hearing and continuation of benefits pending the hearing.

(f) Criteria for determining fraud. The hearing authority shall base the determination of fraud on clear and convincing evidence which demonstrates that the household member knowingly, willfully, and with deceitful intent committed fraud, as defined in subsection (2) of this section.

(g) Decision format. The hearing authority's decision shall specify the reasons for the decision, identify the supporting evidence, identify the pertinent regulation, and respond to reasoned arguments made by the household member or representative.

(h) Appeal rights of the household member. If the hearing authority rules that the household member has committed fraud, the household member may appeal the decision to court. After a household member has been found to have committed fraud by the hearing authority, the household member shall be disqualified for three months beginning with the first month which follows the date the household member has received the hearing decision. The disqualification period shall be three months, without regard to the amount of food stamps fraudulently obtained or the number of fraudulent acts the hearing finds the individual has committed. No further

administrative appeal procedure exists after an adverse department hearing. The determination of fraud made by a fraud hearing official cannot be reversed by a subsequent fair hearing decision. The household member, however, is entitled to seek relief in a court having appropriate jurisdiction. The period of disqualification may be subject to stay or other injunctive remedy.

(i) Notification of hearing decision.

(ii) If the hearing authority finds that the household member did not commit fraud, the hearing authority shall provide a written notice which informs the household member of the decision.

(iii) If the administrative fraud hearing authority finds that the household member committed fraud, the department shall mail a written notice to the household member prior to disqualification. The notice shall inform the household member of the decision and the reason for the decision. The notice shall also advise the remaining household members, if any, of either the allotment they will receive during the period of disqualification or that they must reapply because the certification period has expired. The decision shall inform the household member of the date disqualification will take effect.

AMENDATORY SECTION (Amending Order 1374, filed 3/1/79)

WAC 388-54-830 TREATMENT OF INCOME AND RESOURCES OF DISQUALIFIED MEMBERS. During the period of time a household member is disqualified:

(1) The resources of the disqualified member shall continue to count in their entirety to the remaining eligible household members.

(2) A pro rata share of the income of the disqualified member less allowable exclusions shall be counted as income to the remaining members. The ((20%)) eighteen percent earned income deduction shall apply.

(3) That portion of the household's allowable shelter and dependent care expenses which are either paid by or billed to the disqualified member shall be divided evenly among the household members including the disqualified member. All but the disqualified member's share is counted as a deductible shelter expense for the remaining household members.

(4) The disqualified member shall not be included when determining the household size for purposes of assigning a benefit level, or for purposes of comparing the household's net monthly income with the income eligibility standards.

(5) Whenever an individual is disqualified within the household's certification period, the department shall determine the eligibility or ineligibility of the remaining household members based on information in the case file and shall take the following action:

((a)) Fraud disqualification. If the household's benefits are reduced or terminated because one of its members has been disqualified for fraud, no notice of adverse action is required. However, a written notice shall be sent at the same time the notice of disqualification is sent, informing the household of its revised eligibility and benefits levels.

STATEMENT OF PURPOSE

Title and Numbers of Rules: WAC 296-150B-400 through 296-150B-820, Standards for Commercial Coaches. These new sections transfer the current commercial coach rules in chapter 296-48B WAC to a new chapter 296-150B WAC, in which the Department of Labor and Industries will put all rules regarding factory-assembled structures. Chapter 296-48A WAC is repealed.

Statutory Authority: RCW 43.22.350.

Summary of the Rules: The four current chapters that cover the various factory assembled structures each have rules governing applications for insignia, approval of design plans, alterations, quality control, and inspections.

In WSR 81-21-063, the department proposed to combine the four chapters into a new chapter. These new rules transfer the current construction standards for commercial coaches from chapter 296-48B WAC to the new chapter 296-150B WAC. The current chapters also include substantive construction standards for commercial coaches. The proposed rules update the construction standards to comply with the latest applicable national codes.

Description of the Purpose of the Rules: The department has proposed these rules to eliminate costly and inefficient differences in administering four different chapters and to amend the substantive construction requirements of commercial coaches to comply with the most recent national codes.

Reasons Supporting the Proposed Rules: The current rules are inefficient because they are in four different chapters. Many rules have not been amended for several years, and the substantive construction requirements no longer keep pace with new technology and methods of construction.

The Agency Personnel Responsible for the Drafting: Thornton Wilson, Assistant Attorney General, 300 West Harrison Street, Seattle, Washington 98119, (206) 464-6436; **Implementation and Enforcement:** James Louvier, Chief Factory Assembled Structures Section, 300 West Harrison Street, Seattle, Washington 98119, (206) 464-6580.

Name of the Person or Organization Whether Private, Public, or Governmental, that is Proposing the Rule: Department of Labor and Industries.

Agency Comments or Recommendations, if any, Regarding Statutory Language, Implementation, Enforcement and Fiscal Matters Pertaining to the Rule: The changes in the national codes may increase some costs for manufacturers of mobile homes. The department believes that the benefits to consumers that arise from the construction requirements of the latest codes outweigh any cost increase for the manufacturers.

The rule is not necessary to comply with a federal law or a federal or state court decision.

Any other information that may be of assistance in identifying the rule or its purpose: None.

WAC 296-150B-660 DESCRIPTION OF TABLES. (1) The quantity of gas to be provided at each outlet shall be determined directly from the manufacturer's Btu input rating of the appliance that will be installed.

(2) Capacities for combustion of LPG and natural gas at low pressures (0.5 psig or less) in thousands of Btu per hour for different sizes and lengths are shown in the table in WAC 296-150B-667 for iron pipe or equivalent rigid pipe and for semi-rigid tubing. WAC 296-150B-667 is based upon a pressure drop of 0.5 inch water column. In using the table, no additional allowance is necessary for an ordinary number of fittings.

(3) Capacities in thousands of Btu per hour of undiluted liquefied petroleum gases based on a pressure drop of 0.5 inch water column for different sizes and lengths are shown in the table in WAC 296-150B-667 for iron pipe or equivalent rigid pipe and for semi-rigid tubing. In using this table, no additional allowance is necessary for an ordinary number of fittings.

(4) For any gas piping system, for special gas appliances or for conditions other than those covered by WAC 296-150B-667, such as longer runs, greater gas demands or greater pressure drops, the size of each gas piping system shall be determined by standard engineering methods acceptable to the department.

NEW SECTION

WAC 296-150B-663 USE OF CAPACITY TABLES. To determine the size of each section of gas piping in a system within the range of the capacity tables, proceed as follows:

(1) Determine the gas demand of each appliance to be attached to the piping system. When the table in WAC 296-150B-667 is to be used to select the piping size, calculate the gas demand in terms of thousands of Btuh for each piping system outlet.

(2) Measure the length of piping from the gas supply connection to the most remote outlet in the commercial coach.

(3) In the appropriate capacity table, select the column showing the measured length or the next longer length if the table does not give the exact length. This is the only length used in determining the size of any section of gas piping.

(4) Use this same vertical column to locate ALL gas demand figures for this particular system of piping.

(5) Starting at the most remote outlet, find in the vertical column just selected the gas demand for that outlet. If the exact figure or demand is not shown, choose the next larger figure below in the column.

(6) Opposite this demand figure, in the first column at the left, will be found the correct size of gas piping.

(7) Proceed in a similar manner for each outlet and each section of gas piping. For each section of piping, determine the total gas demand supplied by that section.

- Example of Piping System Design:

Determine the required pipe size of each section and outlet of the piping system, with a designated pressure drop of 0.5 inch water column.
