STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

Documents are arranged within each issue of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence within an issue's material.

2. PROPOSED, ADOPTED, AND EMERGENCY RULES OF STATE AGENCIES AND INSTITUTIONS OF HIGHER EDUCATION

The three types of rule-making actions taken under the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW) may be distinguished by the size and style of type in which they appear.

- (a) **Proposed rules** are those rules pending permanent adoption by an agency and set forth in eight point type.
- (b) **Adopted rules** have been permanently adopted and are set forth in ten point type.
- (c) **Emergency rules** *have been adopted on an emergency basis and are set forth in ten point oblique type.*

3. PRINTING STYLE—INDICATION OF NEW OR DELETED MATTER

RCW 34.04.058 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections —
 - (i) underlined matter is new matter;
 - (ii) deleted matter is (~~lined out and bracketed between double parentheses~~);
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

4. EXECUTIVE ORDERS, COURT RULES, NOTICES OF PUBLIC MEETINGS

Material contained in the Register other than rule-making actions taken under the APA or the HEAPA does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

5. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules take effect thirty days after the rules and the agency order adopting them are filed with the code reviser. This effective date may be delayed, but not advanced, and a delayed effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser and remain effective for a maximum of ninety days from that date.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

6. EDITORIAL CORRECTIONS

Material inserted by the code reviser for purposes of clarification or correction or to show the source or history of a document is enclosed in brackets [].

7. INDEX AND TABLES

A combined subject matter and agency index and a table of WAC sections affected may be found at the end of each issue.

(10) The director may, at any time, delay any payment in order to review a change of circumstances relative to the prize awarded, the payee, the claim or any other matter that may have come to his or her attention. All delayed payments shall be brought up to date immediately upon the director's confirmation and continue to be paid on each original anniversary date thereafter.

(1) One-third in the ratio which the land area of the rural areas of each region bears to the total land area of all rural areas of the state;

(2) Two-thirds in the ratio which the mileage of county major and minor collectors in rural areas of each region bears to the total mileage of county major and minor collectors in all rural areas of the state.

This WAC chapter describes how this statutory language will be implemented by the CRABoard for the period beginning July 1, 1983 and ending June 30, 1985.

NEW SECTION

WAC 136-110-020 COMPUTATION OF LAND AREA RATIO. The rural land areas of each region, and the ratio which they bear to the total rural land area of the state are shown as follows:

We, the County Road Administration Board, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. *EMERGENCY RULE REGARDING REGIONAL
PRIORITIZATION OF RAP PROJECTS TO BE
APPROVED IN 1984*

NEW SECTION

WAC 136-130-010 *PURPOSE.* Chapter 49, Laws of 1983, Extraordinary Session, Section 16 provides that

NEW SECTION

WAC 136-130-030 *INITIAL PROJECT PRIORITIZATION IN PUGET SOUND REGION (PSR).* Each county in the PSR region may submit up to three projects requesting RATA funds. Each project shall be rated by the county engineer in accordance with the procedure detailed in the NER RAP rating worksheets identified as Exhibit -050. PSR RAP rating points shall be assigned on the basis of 100 points for a condition rating and 50 points for a service rating. The priority rating equals two and one half times the product of the service rating to the 1.25 power and the common logarithm of the number obtained by dividing 100 by the condition rating. Initial prioritization of PSR projects shall be on the basis of total PSR RAP rating points shown on the project worksheet and prospectus.

the CRABoard shall determine the priority of specific improvement projects based upon the rating of each proposed improvement in relation to all other proposed improvements within each region, taking into account, but not limited to, the following five factors:

- (1) Its structural ability to carry loads upon it;
- (2) Its capacity to move traffic at reasonable speeds;
- (3) Its adequacy of alignment and related geometrics;
- (4) Its accident experience; and
- (5) Its fatal accident experience.

This WAC Chapter describes how this statutory language will be implemented by the CRABoard.

NEW SECTION

WAC 136-130-020 *PRIORITIES BY REGION.* The CRABoard has determined that the interests of the counties in the several regions will be best served by encouraging development of a distinct project priority rating system for each region. These rating systems, described in Section 030, 040, 050, and 070, shall be used in the initial prioritization of proposed projects requesting RATA funds submitted by counties in the respective regions.

INDIVIDUAL PROJECT PRIORITY RATINGS WILL BE

WAC 136-130-070 INITIAL PROJECT PRIORITIZATION IN SOUTHWEST REGION (SWR). Each county in the SWR may submit projects requesting RATA funds not to exceed \$200,000 per county and three projects per county. No bridge replacement projects will be funded. Each project shall be rated by the county engineer in accordance with the procedure detailed in the SWR RAP rating worksheets identified as Exhibit -070. SWR RAP rating points shall be assigned on the basis of 40 points for structural condition, 40 points for geometrics, 10 points for traffic volume and 10 points for traffic accidents. Points for structural condition will be assigned by one independent consultant retained by mutual consent of all counties in the region. Initial prioritization of SWR projects shall be on the basis of total SWR RAP rating points shown on the project worksheet and prospectus.

ADMINISTRATION BOARD
 [Order 51—Filed December 9, 1983]

Be it resolved by the County Road Administration Board, acting at the Red Lion Inn, Pasco, Washington, that it does adopt the annexed rules relating to eligibility for rural arterial trust account funds.

We, the County Road Administration Board, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is counties are now in the process of adopting projects to be funded by the rural arterial trust account and those counties who

have diverted money for the road fund will not be eligible for rural account funds.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated under the general rule-making authority of the County Road Administration Board as authorized in chapter 36.78 RCW.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW), and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

**EMERGENCY RULES
DEPARTMENT OF FISHERIES**

[Order 83-206—Filed December 9, 1983]

I, William R. Wilkerson, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, William R. Wilkerson, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is restrictions in Areas 4B, 5, 6, 6A, 6C, 7 and 7A provide protection for weak Canadian and Puget Sound origin coho and chum stocks. The openings in Areas 7B and outer 7C were extended as there are still chum available for harvest with no anticipated incidental steelhead harvest problems. All other areas are closed to prevent overharvest.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

NEW SECTION

WAC 230-04-061 REQUIRED INFORMATION, BONA FIDE CHARITABLE AND NONPROFIT ORGANIZATIONS. (1) In addition to all other information required, each bona fide charitable or nonprofit organization shall demonstrate on initial application and annually thereafter the progress they have made toward meeting their stated purpose pursuant to RCW 9.46.020(3). Any licensee demonstrating an excessive accumulation of cash or other assets not primarily related to the purpose of the organization, may be deemed as organized primarily for purposes of gambling and therefore ineligible for licensing pursuant to WAC 230-04-050. For purposes of this subsection, the following definitions apply:

(a) Stated purpose – all rules and guidelines set out in the organization's constitution and/or by laws which have been approved and are on file with the commission;

(b) Excessive accumulation – amounts over and above the licensee's liabilities due within one year plus all expenses of the organization for a six month period. This computation shall be based on the most current financial data on file;

(c) Cash – actual cash, demand deposits, certificates of deposit, money market funds, securities, or other liquid assets;

(d) Other assets not primarily related to the purpose of the organization – any assets which would not be normally associated with current income production or services to be provided by the organization.

(2) An organization requesting to be licensed to receive less than \$500,000 in gross receipts annually shall meet this requirement by completing a standard form provided by the Commission. This form shall be submitted with the original or renewal application each year unless exempted from this requirement by the Commission.

(3) Any organization requesting to be licensed to receive more than \$500,000 gross bingo receipts annually shall meet this requirement by submitting complete financial documents, covering the most recently completed fiscal year of the licensee, and prepared in accordance with generally accepted accounting principles. These documents shall be submitted with the initial application and annually thereafter no later than 120 days following

the end of the licensee's fiscal year. If any licensee benefits from bingo receipts earned by a related organization, such as an auxiliary or parent of an auxiliary, the commission will combine gross receipts from both licensees to determine if \$500,000 gross bingo receipts has been exceeded. If the combined receipts exceed this limit, all related licensees will be required to comply with this rule. The following financial documents must be submitted:

(a) Balance sheet;

(b) Profit and loss statement presenting income and expenses separately for each function or activity of the organization. The minimum separation shall be:

(i) Exempt purpose activities;

(ii) Bingo;

(iii) Punchboard and pull tab; and

(iv) Food and beverage items sold during gambling activities.

(c) Footnotes to (a) and (b) disclosing material or significant items not clearly shown by these documents. The minimum disclosures shall be:

(i) Brief history of the organization including its purpose;

(ii) Summary of significant accounting policies, such as: method of accounting; inventory valuation method; income tax exempt status and tax credit policy; fiscal year end selected; policies for recording assets and depreciation; and any other significant accounting policies made by the organization.

(iii) Federal income tax liability for unrelated business income;

(iv) Terms of long term debt, including the lender's name, term, monthly payments, interest rate, and any collateral;

(v) Receivables should be presented at the expected realizable value and any allowance for uncollectable accounts disclosed. Include any terms, including interest rates and deferred payment plans. Receivables from officers, employees, and members must be presented separately;

(vi) Details of any adjustments made to prior period capital accounts or fund balances;

(vii) Terms of significant lease and rental agreements;

(viii) Pension plans, including a description of employee groups covered, funding policy, and cost for the period;

(ix) Transactions with related parties. Related parties are defined as officers, board members, managers, employees, and immediate family members of the above. Immediate family members are defined as spouses, parents, children, and brothers and sisters. Related party transactions which, accumulatively, exceed \$1,000 in a fiscal year will be considered material;

(x) Marketable securities, including, at a minimum, type, name, cost, and market value;

(xi) Contingent liabilities;

(xii) Subsequent events; and

(xiii) Any other disclosures material to the review of the data must be disclosed.

(d) A separate narrative telling how the organization made progress toward accomplishing its stated purpose during the year. Include the number of active voting

members, and the number of membership meetings held during the fiscal year. This summary shall include a listing of contributions made to charitable or non-profit organizations, and any payments made directly to individuals for charitable purposes. Any licensee who demonstrates excessive accumulations, as defined in subsection (1)(b) above, must submit planning documents setting out details of projected uses of these assets. These documents should include annual budgets and other long range plans which have been approved by the licensee's board of directors or membership.

(4) The commission may require additional information to ensure completeness of (3) above.

(5) The commission may also require the information in (3) and (4) above be provided for the period between the most recent fiscal year ended and the license renewal date.

(6) The commission may grant additional time to comply with this subsection upon submission of a written request which includes:

REPEALER

The following sections of the Washington Administrative Code are each repealed:

WAC 230-04-200 LICENSE FEES.

WAC 230-04-305 CHANGE OF CLASS.

NEW SECTION

WAC 230-20-063 LIMITS ON BINGO GROSS RECEIPTS AND PRIZE PAYOUTS AND REQUIREMENTS FOR NET INCOME. (1) Bona fide charitable or nonprofit organizations licensed to operate bingo must comply with the following limitations:

(a) Bingo is conducted as a social pastime and/or for the raising of funds to support the purpose(s) of the organization only;

(b) Gross receipts from the sale of bingo cards shall not exceed the below listed limits by class of license for the license year: PROVIDED, That no licensee shall be authorized an upgrade in license class during a license year unless prize payout limits for the requested class have been met for the calendar quarter immediately preceding such a request.

K 3,000,001-3,500,000 70% 15%

(c) To prevent the payment of prizes in such amounts that would significantly reduce net income, prize payouts as percentages of gross receipts shall not exceed the above listed limits by class of license by more than two percentage points for any calendar quarter: PROVIDED, That prize payouts as percentages of gross receipts do not exceed the above listed limits by class of license for any calendar year: PROVIDED FURTHER, That a licensee who exceeds the prize payout limits by more than two percentage points in any month of a quarter may notify the Commission of any problems or circumstances related to prize payouts and of any corrective action planned; and

(d) Adjusted net income as a percentage of gross receipts is not less than the percentage listed above by class of license for the calendar year: PROVIDED, That in the first license year, adjusted net income minimum requirements shall be 50% of the percentages listed above. For the purposes of this rule, adjusted net income is defined as gross receipts from the sale of bingo cards less prizes paid and less all bingo expenses except local gambling taxes. Bingo expenses must include all expenses directly related to the operation of bingo pursuant to WAC 230-08-120 and the Instructions for Quarterly Activity Report forms provided by the Commission. All expenses shall be allocated to reflect an equitable assignment of operating costs between the bingo operation and other organizational activities. Methods of allocation must be disclosed to the Commission.

(2) Failure to meet prize payout limits or adjusted net income minimum requirements may result in a reduction in authorized license class for a period not to exceed one year or other appropriate action at the discretion of the Commission. No licensee shall be authorized to exceed the annual gross receipts of a license class to which reduced as a result of any action taken pursuant to this section.

(3) Prize payout limits and adjusted net income minimum requirements shall be prorated upon a change in license class or upon completion of the first license year. The proration shall be a weighted average which will allow for the number of full months with different prize limits or net income requirements.

(4) Proposed initial assignments of current licensees to license classes will be made by the Commission within 30 days of the effective date of this section based primarily on gross receipts from the past four calendar quarters. Organizations will have 30 days after notification to request initial assignment to a different class.

(5) To upgrade to a higher license class after initial assignment, a licensee shall apply for the license class which is proper, submitting the license fee and change of class fee as set forth in WAC 230-04-201, less the amount submitted for the original license class. Any such license change shall be valid only for the period of time remaining in the original license.

(6) Prize payout limits and net income minimum requirements will be reviewed annually to measure the effect of this section on the licensed organizations. The annual review shall be held at the December meeting

I, William R. Wilkerson, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, William R. Wilkerson, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is restrictions in Areas 6, 6A, 7 and 7A provide protection for Fraser River chum. Restrictions in Areas 10C, 10D and the Cedar River protect spawning Lake Washington sockeye. Restrictions in the Skagit River protect local spawning salmon. Restrictions in Area 13B and the Puyallup River prevent further overharvest of normal timed South Sound origin chum stocks. Chum have cleared Area 11A and the lower Puyallup River.

NEW SECTION

WAC 67-25-505 PURCHASE OF SERVICES—SELECTION CRITERIA—SCHOOLS. (1) In determining whether a particular school is appropriate and acceptable as a training facility, the vocational rehabilitation counselor shall evaluate the curriculum, quality of training, and adequacy of total resources in relation to the client's needs. The vocational rehabilitation counselor may also consider such factors as the placement services, if any, offered by the facility, the convenience of

the physical arrangements of the plant and their adaptability to the needs of the client, and the willingness of school authorities to adopt and make available such equipment as is necessary to aid the client in the most efficient pursuit of his training.

(2) The use of schools for training purposes shall generally be limited to those which are accredited, licensed, or approved either by a legal authority, or are recognized as adequate by the professional or trade group with which they are associated. The department shall attempt to utilize for training purposes those schools and other training facilities which provide the client with the credits, credentials, diplomas, or other certifications required by the profession or trade which is the goal of the client's rehabilitation program.

(3) Tax supported schools shall be used in preference to nontax supported schools whenever possible and appropriate in light of the vocational objective of the client in question.

(4) Prior to the use of a school as a training facility the vocational rehabilitation counselor shall advise the client involved about the status of the school in which the training program will be carried out. The client shall be made particularly aware of any limitation of job opportunities which might result from the use of a school or facility of limited or no accreditation.

NEW SECTION

WAC 67-25-525 TERMINATION OF SERVICES FOR REASON OF INELIGIBILITY. (1) Services under a written program are to be terminated on the basis that a vocational goal cannot be achieved and the client is then no longer eligible.

(2) Whenever it has been determined based on clear evidence that an individual is ineligible for vocational rehabilitation services there shall be a certification, dated and signed by an appropriate staff member and placed in the individual's file.

NEW SECTION

 - (d) Completion of alternative skills training.
 - (3) The client must have been, as a minimum, determined to have achieved a suitable employment objective which has been maintained for a period of time not less than sixty days. An occupation shall be considered suitable when, after a reasonable period of time has passed since placement, it has been confirmed that the following conditions have, insofar as possible, been met:

 - (b) The client is maintaining adequate interpersonal relationships and acceptable behavior in the employment environment;
 - (c) The occupation is consistent with the client's capacities, skills, and abilities;

WAC 67-35-045 LICENSEE AN INDIVIDUAL PERSON—NOT A CORPORATE ENTITY. The status of a licensee is a relationship between the department and an individual who is blind. A corporation cannot receive a license nor otherwise receive services and considerations under this chapter or other department programs. This rule will not affect the individual's right to establish a corporation for purposes other than services and considerations under this chapter or other department programs.

NEW SECTION

WAC 67-35-050 LICENSEE TRAINING. The department operates a training course for those who have met the requirements in WAC 67-35-040. In accepting persons into the training course, preference is given to those who are in need of work, otherwise persons are entered into the course according to the earliest application. The department maintains a course which

includes training and experience with written criteria which the trainee must achieve. The training course is of undetermined length, and the time of completion depends upon the trainee's ability to meet the criteria set forth in the course. Upon successful completion of the course, the trainee receives a license and is eligible for benefits granted a licensee in this chapter.

NEW SECTION

WAC 67-35-055 LICENSEE—FORMER OR CURRENT OUT-OF-STATE. Any individual currently licensed in another state or who formerly held a license which was terminated in this program in the state of Washington may attempt, for a minimum two-week period, to demonstrate at a department operated training facility their knowledge and ability to manage a vending facility. If he/she is successful in this attempt, this trainee will be granted a license, will receive the minimum basic evaluation score of thirty-five points, and will be eligible for benefits granted a licensee in this chapter.

NEW SECTION

WAC 67-35-060 SELECTING A LICENSEE OR VENDOR TO OPERATE VENDING FACILITY—NOTICE. When a vending facility becomes available a "notice of available facility" is prepared by the vending facility program staff and sent to all licensees and vendors. The "notice of available facility" will contain sufficient information to enable licensees and vendors to determine if they are interested in applying to become the vendor in the available facility. A closing time and date for accepting applications is specified in the "notice", but in no event shall the closing time be less than ten business days from the date of mailing, unless the department declares an emergency requiring less than ten business days notice. Applications may be accepted in writing or by telephone. Lack of response from a licensee or vendor within the allotted time period will be considered to be a negative response. Applications are time and date stamped when they are received.

NEW SECTION

WAC 67-35-070 SELECTING A LICENSEE OR VENDOR TO OPERATE VENDING FACILITY—PROCEDURE. (1) To select a licensee or vendor to operate an available vending facility, a basic evaluation score is computed for each licensee or vendor. The basic evaluation score will reflect an operator's level of competency as measured by the financial activities of the vending facility and compared to vending facilities which operations are more similar than dissimilar. To achieve relative ranking of vendor and licensee effectiveness, vending facilities have been grouped into ten classifications: Dry stands; snack bars under \$100,000 annual gross sales; snack bars over \$100,000 annual gross sales; lunch counters under \$100,000 annual gross sales; lunch counters over \$100,000 annual gross sales; cafeterias under \$100,000 annual gross sales; cafeterias from \$100,000 to \$200,000 annual gross sales; cafeterias over \$200,000 annual gross sales and/or those with limited

income percentage; vending machines grouped to form a facility; and department training cafeteria. For each group of vending facilities, an average percent is calculated for each item used in the evaluation. Points are assigned to percentages which deviate from the average to reward superior management and to discourage overpricing and excess profiteering. One point for each year of experience in the vending facility program up to five years and .2 point for each year of experience in the vending facility program beyond five years is added to the basic evaluation score to obtain the final evaluation score. Each federal fiscal year the average percentage for the three items of evaluation will be calculated for each of the ten groups of vending facilities, and vendors shall be informed in writing of the average percentages and to which classification their vending location is assigned. Any vending facility which, as a result of modification, belongs in a different facility classification will be assigned to that classification and will use the average percentages applicable to that classification.

(2) The basic evaluation score for a vendor is determined by using three items reported on the vendor's quarterly report: Cost of merchandise sold; all other operating costs; and net profit. The vendor will separately report the value of any volunteer labor received which is essential to the operation of the facility; the cost of purchasing; leasing or renting equipment; and income received from any personnel training programs for the purpose of adjusting the category of "all other operating expenses." Income received from vending machines not managed or operated by the vendor shall not be considered in the evaluation process. Cost of merchandise sold, adjusted all other operating expenses, and adjusted net profit is determined and converted into a percentage of gross sales. The percentages in each category are converted to points, as shown in WAC 67-35-080, and the sum of the three separate scores becomes the basic evaluation score. The basic evaluation score for each of the most current two quarters will be averaged, and this average plus points earned by seniority becomes the evaluation score except that the quarter in which a licensee or operator assumes responsibility for a new or different location shall not be included in the two most current quarters used in determining an evaluation score.

(3) A trainee shall receive a basic evaluation score by the same method as set forth in subsection (2) of this section except that the period of basic evaluation shall include those months when a trainee is in certification training and is managing a vending facility under the training program of the department of services for the blind. The basic evaluation score shall be computed monthly, and adjustment factors are not used.

(4) The licensee or vendor applying for an available facility and having the highest evaluation score shall be designated the vendor of the available facility except as provided for in subsections (5) and (6) of this section.

(5) No vendor or licensee who has been designated to operate an available vending facility will within the next six months thereafter be designated to operate a subsequently available vending facility, unless such vendor(s) or licensee(s) is (are) the only applicant.

(6) The loss of any vending facility to the vending facility program for reasons beyond the control of the vendor assigned that facility, as determined by the staff of the vending facility program, shall permit assignment of the next available vending facility to that vendor without respect to other provisions of this section. Any vendor so assigned may make application for a subsequently available facility without respect to subsection (5) of this section.

(7) A licensee or vendor who has applied for a vending facility under WAC 67-35-060 may upon request receive a review of the correctness of the selection process from the director of the department or his/her designee. The review must be requested within ten calendar days of the completion of the selection process for which the licensee or vendor has applied. The director or his/her designee will inform the licensee or vendor of the review findings within ten days of the request.

NEW SECTION

WAC 67-35-075 SELECTION OF A LICENSEE OR VENDOR TO OPERATE A VENDING FACILITY DURING A LEAVE OF ABSENCE OF A VENDOR. When a vendor is granted a leave of absence in accordance with WAC 67-35-415, all licensees and vendors will be informed of the available location. The terms and conditions of the leave of absence and selection of the licensee or vendor will be in accordance with the selection processes utilized for the selection for any available location. A licensee or vendor assuming the responsibility for a location and entering into an agreement in accordance with WAC 67-35-090 of this chapter will, during a leave of absence of the assigned vendor, be entitled to the profits, or salary or profits, generated by the location in accordance with all contracts and agreements, and will be given thirty days notice prior to the termination of the leave of absence.

A licensee assuming responsibility for a location, who wishes to be considered for selection into an available location as a vendor, will retain his/her certification score until a score can be given based upon his/her performance in the location in the same way that all vendors achieve scores.

NEW SECTION

WAC 67-35-380 **VENDOR RESPONSIBILITY—REPORTS.** It is the vendor's responsibility to submit such reports of the operation of the vending facility at such times, and in such formats, as the department may from time to time require. The reports may include, but not necessarily be limited to, the following items for the reporting period: Gross sales, beginning inventory, purchases, ending inventory, gross profit, personnel costs, other expenses, total expenses, net profit, percentage of profit, other income and total profit.

NEW SECTION

WAC 67-35-390 **VENDOR RESPONSIBILITY—ACCOUNTS PAYABLE.** The vendor will be responsible for the payment of all goods and services, materials and merchandise, received from suppliers subsequent to the initial stock and supplies provided by the department. The vendor must assure each supplier that accounts are based on the vendor's credit record or reference.

NEW SECTION

WAC 67-35-400 **VENDOR RESPONSIBILITY—EMPLOYMENT OF STAFF.** The vendor is responsible for sufficient staff to assure the efficient operation of the facility and to provide adequate service to the customers. The vendor's relationship to his/her employed staff shall be the normal employer-employee relationship existing in private business enterprises.

(1) In the employment of a temporary relief vendor the vendor shall give preference to a licensee of the vending facility program.

(2) The vendor will maintain all records, make all payments, and make all reports required of an employer by federal, state and local statutes.

(3) The vendor will pay employees an agreed upon wage in accordance with applicable state and federal laws and/or contract provisions.

NEW SECTION

WAC 67-35-410 **VENDOR RESPONSIBILITY—REBATES.** Rebates, commissions or bonuses received by the vendor from suppliers must be accounted for as income of the vending facility. Under no circumstances can such funds be treated as separate personal funds of the vendor.

NEW SECTION

WAC 67-35-415 LEAVE OF ABSENCE FOR PROLONGED ILLNESS OR PHYSICAL INCAPACITY. A vendor in the business enterprises program may request and may be granted a leave of absence for a period of up to twelve months.

A vendor may request a leave of absence when the vendor is unable to maintain his/her responsibilities in a location by reason of a physical or mental condition. A leave of absence will be granted to a vendor:

- (1) Only when such request is initiated by that vendor; and
- (2) When the mental or physical condition is verified by a medical doctor licensed to practice in the state of Washington; and
- (3) Such condition is so prolonged and/or so serious as to cause strong doubt on the part of the vendor and the agency as to the vendor's capacity to maintain full management of his/her location; and
- (4) For a total maximum period not to exceed twelve months.

The vendor who has been granted a leave of absence will retain his/her license. His/Her agreement to manage a location will be held in abeyance during the leave of absence.

A leave of absence will be terminated by the department at the end of twelve months or sooner, and the vendor will resume the responsibility for his/her location and the agreement reinstated when the mental or physical condition no longer prohibits the vendor from maintaining responsibilities for his/her location.

- (5) When verified by a medical doctor licensed to practice in the state of Washington; and/or
- (6) When verified by a statement of completion of a program of training or retraining designed to overcome the effects of the mental or physical condition necessitating a leave of absence.

A leave of absence will be terminated by the department at the end of twelve months or sooner, and the vendor's license and/or agreement will be terminated:

- (a) When the mental or physical condition is of such duration or severity, as verified by a medical doctor licensed to practice in the state of Washington, that it renders the vendor unable to resume responsibility for the management of that location; and/or
- (b) When the vendor fails to complete a program of training or retraining designed to overcome the effects of the mental or physical condition and is unable to resume responsibility for the management of that location.

Upon granting a vendor a leave of absence, the department will assume responsibility for that vendor's location. The department will select a licensee or vendor to manage the location. In the event a licensee or vendor is not available to assume the responsibility of a location while the vendor is on a leave of absence, the department may make such arrangements as necessary to assure the ongoing management of such location. Any profits available in excess to those necessary to secure the management of the location shall accrue to the business enterprises revolving fund.

NEW SECTION

WAC 67-35-420 TERMINATION OF LICENSE—TERMINATION OF AGREEMENT FOR CAUSE ONLY. The license to participate in the program is issued for an indefinite period of time. However, the vendor's license and vendor's agreement with the department may be terminated after a thirty-day notice and/or after affording the vendor or licensee an opportunity for a full evidentiary hearing if the department finds that the vending facility is not being operated in accordance with its rules, the terms and conditions of the permit or contract, or the terms and conditions of the agreement between the vendor and the department. Following the completion of the thirty-day notice the vendor's license will be terminated and the vendor's agreement shall be terminated pending completion of the full evidentiary hearing process, the convening of any ad hoc arbitration panel and court review. Following termination of the vendor's agreement the department will operate the vending facility until any grievance procedure is completed. The net profit from the operation of the vending facility during this time will be placed in trust in the business enterprises revolving fund for disbursement in accordance with any final decision of the grievance process.

NEW SECTION

WAC 67-35-425 TERMINATION OF VENDOR'S AGREEMENT—NOT AFFECTING LICENSE. A vendor's agreement will be terminated without affecting licensure under any of the following three conditions:

- (1) When a vendor ceases to be a vendor of an existing vending facility by voluntary withdrawal in writing;
- (2) When the vending facility ceases to be a vending facility by revocation of the permit or contract by either the department or by building management;
- (3) When the vendor signs a new vendor agreement.

NEW SECTION

WAC 67-35-430 LICENSE SUSPENSION PRIOR TO EVIDENTIARY HEARING. If the department determines that its right, title to and interest in a vending facility is in eminent jeopardy due to the action, or lack of action of the vendor or licensee, the department may suspend or terminate the license of the vendor or licensee and remove the vendor or licensee from the vending facility, pending an informal resolution of the problem, a full evidentiary hearing, or the decision of an ad hoc arbitration panel. For purposes of this section, the department's interest in a vending facility includes the safety and well-being of the patrons of such facility.

NEW SECTION

WAC 67-35-440 SUSPENSION OR TERMINATION OF LICENSE—OTHER REASONS. The license of a licensee or vendor may be suspended or terminated automatically for any of the following reasons:

(1) Improvement of vision so that the licensee or vendor no longer meets the definition of blindness in WAC 67-35-030(2);

(2) Withdrawal of the licensee or vendor from the program upon written notification to the department.

NEW SECTION

WAC 67-35-450 TERMINATION OF LICENSE—DISUSE. If after two years the licensee has not participated in any of the vending facility programs as identified in this chapter, the department will terminate the license after a thirty-day notice and/or after affording the licensee an opportunity for a full evidentiary hearing.

When a licensee's or vendor's license has been suspended by the department, he/she must meet the requirements in WAC 67-35-040, and must demonstrate competency in meeting the criteria of the training course through a period of evaluation or retraining at the department of services for the blind in order to become relicensed. The administrative review will be conducted by the supervisor of the vending facility program unless the supervisor is a party to the decision, action or inaction being reviewed, in which case the supervisor's supervisor shall conduct the administrative review. The administrative review will be held and a decision rendered within fifteen days of receipt of a request for administrative review. The review

will be held at a department office or in a location selected by the department in the county in which the licensee or vendor resides. Upon request of the vendor or licensee, the department may arrange and pay for transportation from the vendor's or licensee's home to the place of the hearing and return. The rate of payment will be at the current state allowance for state employees. Upon request of the vendor or licensee, the department may arrange for and pay a reader or other communication service to be available to the vendor or licensee for the purpose of reviewing materials directly pertinent to the administrative review. The reader or other communication service will be paid the current federal minimum wage. Upon request of the vendor, the department may arrange for and pay a relief operator during the vendor's absence from the vending facility for the purpose of administrative review. Within funds available the costs (1) for transportation, (2) for a reader or other communication service, and (3) for a relief operator shall be paid as management services as set forth in WAC 67-35-150. After the conclusion of the administrative review the person conducting the administrative review will certify his/her findings to the licensee or vendor in writing, specifying in detail the findings and decision of the administrative review, and informing the licensee or vendor of his/her right to request a full evidentiary hearing if dissatisfied with the decision.

NEW SECTION

A licensee or vendor who desires a full evidentiary hearing will request such hearing within thirty days after receiving notice from the department of the findings and decision of the administrative review, or within thirty days of the department's failure to hold a fair hearing, or to render a decision in a fair hearing. The request for a full evidentiary hearing may be made verbally or in writing, and may be filed in any office of the department. If made verbally such request will promptly be reduced to writing as specified in WAC 67-35-470. EMERGENCY RULES
DEPARTMENT OF FISHERIES
 [Order 83-210—Filed December 16, 1983]

I, William R. Wilkerson, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, William R. Wilkerson, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is restrictions in Areas 10C, 10D and the Cedar River protect spawning Lake Washington sockeye. Restrictions in Area 12C provide protection for chum stocks returning to Hoodspout Hatchery. Restrictions in Areas 12A and 12D provide secondary protection for natural chum stocks. Restrictions in Areas 13B and the Puyallup River prevent further overharvest of normal timed South Sound origin chum stocks. Salmon protection no longer required in Areas 6, 6A, 7, 7A and the Skagit River.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

NEW SECTION

WAC 308-117-020 FUNCTIONS OF A LICENSED PRACTICAL NURSE. A licensed practical nurse is one who has met the requirements of the Washington LPN Act, chapter 18.78 RCW. The licensed practical nurse recognizes and is able to meet the basic needs of the client, and gives nursing care under the direction and supervision of the registered nurse or licensed physician to clients in routine nursing situations. In more complex situations the licensed practical nurse functions as an assistant to the registered nurse and carries out selected aspects of the designated nursing regimen.

A routine nursing situation is one that is relatively free of scientific complexity. The clinical and behavioral state of the client is relatively stable and requires abilities based upon a comparatively fixed and limited body of knowledge.

In complex situations, the licensed practical nurse facilitates client care by meeting specific nursing requirements to assist the registered nurse in the performance of nursing care.

The functions of the licensed practical nurse makes practical nursing a distinct occupation within the profession of nursing. The licensed practical nurse has specific roles in nursing in direct relation to the length, scope and depth of his or her formal education and experience. In the basic program of practical nursing education, the emphasis is on direct client care.

With additional preparation, through continuing education and practice, the licensed practical nurse prepares to assume progressively more complex nursing responsibilities.

EXECUTIVE ORDER

OFFICE OF THE GOVERNOR

[EO 83-18]

ESTABLISHING A COUNCIL ON VETERANS' BUSINESS AND EMPLOYMENT

With 625,000 veterans, Washington has the third largest per capita population of veterans in the nation. Far too many of our veterans are unemployed, and their special needs require special action. Creating employment and business opportunities for veterans is a top priority of the state.

There are currently a number of Federal and state programs for veteran training and employment and for the development of small businesses owned by veterans. Significant opportunities can be found for veterans through the Emergency Veterans Job Training Act of 1983, the Small Business Administration, other Federal and state government programs, and the private sector. A coordinating council should be established to maximize these opportunities for our veterans and to provide them with the information and assistance they need. We owe our veterans this special effort.

NOW, THEREFORE, I, John Spellman, Governor of the state of Washington, do hereby establish the Governor's Advisory Council on Veterans Business and Employment as follows:

- A. The membership of the Council shall be appointed by the Governor and shall be composed of representatives of:
 1. Department of Veterans Affairs
 2. Department of Employment Security
 3. U.S. Veterans Administration
 4. U.S. Department of Labor
 5. U.S. Small Business Administration
 6. Vietnam Veterans Leadership Project
 7. The Association of Washington Business
 8. Industry, retail and wholesale executives
 9. Other private sector representatives
- B. The Director of the Department of Veterans Affairs will chair The Council.
- C. The Council shall publicize information on the value of hiring veterans. This information should include a review of existing programs and recently enacted legislation which assist both employers and veterans.
- D. The Council shall gather information on programs available to assist veterans and disabled veteran-owned businesses.
- E. The Council shall develop recommendations on the best way to publicize the employment and business information.
- F. The Council shall review existing training and job referral systems and make recommendations regarding new Federal programs.

- G. The Department of Veterans Affairs will provide administrative support to the Council and will coordinate staff support for the Council with other relevant state agencies.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 16th day of December, A.D., nineteen hundred and eighty-three.

EMERGENCY RULES

DEPARTMENT OF FISHERIES

[Order 83-211—Filed December 19, 1983]

I, William R. Wilkerson, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, William R. Wilkerson, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is restrictions in Areas 10C, 10D and the Cedar River protect spawning Lake Washington sockeye. Restrictions in Area 12C provide protection for chum stocks returning to Hoodspout Hatchery. Restrictions in Areas 12A and 12D provide secondary protection for natural chum stocks. Restrictions in Areas 13B and the Puyallup River prevent further overharvest of normal timed South Sound origin chum stocks. Chum salmon have cleared the Puyallup River below Clear Creek.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED December 19, 1983.

EMERGENCY RULES

DEPARTMENT OF GAME

(Game Commission)

[Order 216—Filed December 20, 1983]

Be it resolved by the Washington State Game Commission, acting at Olympia, by conference call, that it does adopt the annexed rules relating to regulation change for sport fishing on the Snohomish River system, WAC 232-28-60511, and regulation change for sport fishing on the Green River, WAC 232-28-60512.

We, the Game Commission, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is recreational fisheries have taken their 5% incidental catch allowance of wild fish from runs returning at levels less than established

spawning escapement objectives. All further catches must be limited to hatchery-origin steelhead.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 77.12.150 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW), and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED December 19, 1983.

Vice Chairman, Game Commission

WAC 232-28-60511 REGULATION CHANGE FOR SPORT FISHING ON THE SNOHOMISH RIVER SYSTEM. Notwithstanding the provisions of WAC 232-28-605 and WAC 232-28-611, on the Snohomish River system, only steelhead with dorsal fins measuring 2 1/4" or less in height or with missing adipose or ventral fins may be reduced to possession. It is unlawful to possess a steelhead with a dorsal fin measuring greater than 2 1/4" in height or to possess a steelhead with a freshly cut or mutilated fin. Effective December 27, 1983.

NEW SECTION

WAC 232-28-60512 REGULATION CHANGE FOR SPORT FISHING ON THE GREEN RIVER (KING COUNTY). EMERGENCY RULES
DEPARTMENT OF GAME
(Game Commission)

[Order 218—Filed December 20, 1983]

Be it resolved by the Washington State Game Commission, acting at Olympia, by conference call, that it does adopt the annexed rules relating to closure of marine areas 8A and 9 and the Snohomish River system to gill nets, WAC 232-32-156.

We, the Game Commission, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts

constituting the emergency is based on analysis of historical catch and effort data from Marine Area 8, and the treaty Indian fishing pattern this year, it is estimated that treaty Indians will have taken their allowed 5% of the run of wild Snohomish River steelhead trout on or before 10:30 a.m., December 21, 1983. The 1983-84 wild run of steelhead trout is estimated to be less than the number needed for spawning escapement in the Snohomish River system. Therefore the maximum allowable catch of wild fish incidental to fisheries for hatchery-reared steelhead is 5% of the wild run to treaty Indians and 5% to treaty non-Indians (sport fishery). Nonselective gear (such as gillnets) and fishing methods that prevent the unharmed release of wild steelhead trout must be prohibited so that further harvest of wild fish by treaty Indians does not occur this season.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 77.12.150 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW), and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

It is unlawful for any treaty Indian to possess or retain any wild steelhead trout caught in Marine Areas 8A and 9 or in the Snohomish River. Wild steelhead trout are defined as steelhead trout with no clipped fins and a dorsal fin greater than 2 1/4" in height (measured when fully extended). It is unlawful to possess a steelhead with a dorsal fin measuring greater than 2 1/4" in height or to possess a steelhead with a freshly cut or mutilated fin.

STATEMENT OF PURPOSE

Title and Number of Rule Section(s) or Chapter(s): Amending WAC 315-04-180 Obligations of licensed agents; 315-06-130 Prizes payable after death or disability of owner; 315-10-020 Definitions; 315-10-030 Instant games criteria; 315-10-060 Official end of game; 315-11-081 Criteria for Instant Game Number 6; 315-12-030 Description of central and field organization of the commission and the director; adding new sections WAC 315-30-080 On-line agent selection criteria; and 315-30-090 On-line agent credit criteria.

Statutory Authority: RCW 67.70.040 and 42.17.250.

Specific Statutes that the Rule(s) are Intended to Implement: RCW 67.70.040, 67.70.050 and 42.17.250.

Summary of the Rule(s): WAC 315-04-180 is designed to clarify that the licensed agent will receive a

"discount" from the retail price of lottery tickets not a "commission"; WAC 315-06-130 is designed to allow the estate of a deceased annuity prize winner to elect to receive the present cash value of the annuity in lieu of continued payments; WAC 315-10-020 is designed to allow the lottery to use exposed validation numbers; WAC 315-10-030 is designed to make editorial corrections to criteria for instant games; WAC 315-10-060 is designed to inform licensed agents of the time period during which the licensed agent may sell instant game tickets following the official end of the game; WAC 315-11-081 is designed to give players more flexibility in the method for submitting entries into the elimination drawing process for the grand prize drawing for Instant Game Number 8; WAC 315-30-080 is designed to establish the criteria used by the lottery to select on-line agents; and WAC 315-30-090 is designed to establish credit criteria to determine whether to issue an on-line license endorsement and on-line contract addendum to an applicant and to determine whether the lottery may revoke or suspend the on-line endorsement and/or terminate the on-line contract addendum.

Reasons Supporting the Proposed Rule(s): WAC 315-04-180, 315-06-130, 315-10-020 and 315-10-030 are necessary to provide, maintain Title 315 WAC's internal consistency; WAC 315-10-060 is necessary so that licensed agents will not sell tickets after the deadline for submitting entries to the grand prize drawings; WAC 315-11-081 is necessary to maintain consistency with other instant games which have a similar entry method; WAC 315-12-030 is necessary to comply with RCW 42.17.250; and WAC 315-30-080 and 315-30-090 are necessary because licensed agents need to know the criteria the lottery will use to select on-line agents and the conditions under which a ticket distribution machine (TDM) may be removed.

(1) Persons who, in August 1972, received OAA, AB, AFDC, or APTD, and also received RSDI benefits, and who became ineligible for OAA, AB, AFDC or APTD solely because of the twenty percent increase in Social Security benefits under Public Law 92-336, shall be eligible for medicaid as categorically needy.
