## STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

### 1. ARRANGEMENT OF THE REGISTER

Documents are arranged within each issue of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence within an issue's material.

### 2. PROPOSED, ADOPTED, AND EMERGENCY RULES OF STATE AGENCIES AND INSTITUTIONS OF HIGHER EDUCATION

The three types of rule-making actions taken under the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW) may be distinguished by the size and style of type in which they appear.

- (a) **Proposed rules** are those rules pending permanent adoption by an agency and set forth in eight point type.
- (b) **Adopted rules** have been permanently adopted and are set forth in ten point type.
- (c) **Emergency rules** *have been adopted on an emergency basis and are set forth in ten point oblique type.*

### 3. PRINTING STYLE—INDICATION OF NEW OR DELETED MATTER

RCW 34.04.058 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
  - (i) underlined matter is new matter;
  - (ii) ~~deleted matter is ((lined out and bracketed between double parentheses))~~;
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

### 4. EXECUTIVE ORDERS, COURT RULES, NOTICES OF PUBLIC MEETINGS

Material contained in the Register other than rule-making actions taken under the APA or the HEAPA does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

### 5. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules take effect thirty days after the rules and the agency order adopting them are filed with the code reviser. This effective date may be delayed, but not advanced, and a delayed effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser and remain effective for a maximum of ninety days from that date.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

### 6. EDITORIAL CORRECTIONS

Material inserted by the code reviser for purposes of clarification or correction or to show the source or history of a document is enclosed in brackets [ ].

### 7. INDEX AND TABLES

A combined subject matter and agency index and a table of WAC sections affected may be found at the end of each issue.

(4) The grievant shall present his or her grievance in writing and shall include a statement specifying the nature of the grievance, a summary of actions taken by the student to resolve the grievance up to that point, and any proposed solution to the problem the grievant may wish to offer.

(6) If the operational dean conducting such a hearing believes it to be in the best interests of the parties to the grievance, the initial hearing may be recessed and reconvened at a time convenient to all parties for the purpose of presenting witnesses, depositions, affidavits or other evidentiary materials which the dean deems vital to a prompt and fair resolution of the grievance. If such a hearing is conducted, the dean shall be assisted by two impartial college representatives. One representative shall be a student appointed by the president of the student body association. One representative shall be a faculty member appointed by the Chief Academic Affairs Officer. The length of such a continuance shall be at the discretion of the operational dean.

(7) Within seventy-two hours after concluding this hearing process, the operational dean shall render a decision and so inform all parties to the grievance of that decision by certified mail.

[Order ET 84-6—Filed December 21, 1984]

I, Donald R. Burrows, director of the Department of Revenue, do promulgate and adopt at Olympia, Washington, the annexed rules relating to trade-ins, selling price, sellers' tax measures, new section WAC 458-20-247.

This action is taken pursuant to Notice Nos. WSR 84-22-051 and 85-01-023 filed with the code reviser on November 7, 1984, and December 11, 1984. These rules shall take effect thirty days after they are filed with the code reviser pursuant to RCW 34.04.040(2).

This rule is promulgated under the general rule-making authority of the Department of Revenue as authorized in RCW 82.32.300.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED December 21, 1984.

Acting Assistant Director

**NEW SECTION**

WAC 458-20-247 TRADE-INS, SELLING PRICE, SELLERS' TAX MEASURES. Initiative Measure No. 464, approved November 6, 1984 amended RCW 82.08.010(1), the statutory definition of "selling price," by excluding from that term the value of "trade-in property of like kind." The effective date of this exclusion is December 6, 1984. As a result, the retail sales tax measure on trade-in sales is reduced by the value of the property traded in. Thus, on and after the effective date, the value of "trade-in property" may be excluded from the measure of retail sales tax to be collected and reported by the seller who accepts the trade-in property as payment for new or used property sold. Actual delivery of the property to the buyer determines when the sale is made (see WAC 458-20-103). The Initiative applies only to sales where the property is delivered to the purchaser on or after December 6, 1984.

Under RCW 82.08.010, as amended by the Initiative, "the term 'selling price' means the consideration, whether money, credits, rights, or other property except trade-in property of like kind, expressed in terms of money, paid or delivered by a buyer to a seller, all without any deduction, on account of the cost of tangible property

sold, the cost of materials used, labor costs, interest, discounts, delivery costs, taxes or any other expense whatsoever paid or accrued and without any deduction on account of losses." (Amendatory language underscored.)

**Definitions**

Unless otherwise stated, the terms "tax," "taxable," and "nontaxable," as used in this rule, refer to retail sales tax only.

The terms, "trade-in," "traded-in," and "property traded-in" have their ordinary and common meaning. They mean property of like kind to that acquired in a retail sale which is applied, in whole or in part, toward the selling price.

The term "property of like kind" means articles of tangible property of the same generic classification. It refers to the class and kind of property, not to its grade or quality. The term includes all property within a general classification rather than within a specific category in the classification. Thus, as examples, it means furniture for furniture, motor vehicles for motor vehicles, licensed recreational land vehicles for licensed recreational land vehicles, appliances for appliances, auto parts for auto parts, audio/video equipment for audio/video equipment, and the like. These general classifications are determined by the nature of the property and its function or use. It may be that some kinds of property fit within more than one general classification. For example, a motor home is both a motor vehicle and a licensed recreational land vehicle. Thus, for purposes of this rule, a motor home may be taken as a trade-in on a travel trailer, truck, camper, or a truck with camper attached, and vice versa. Similarly, a travel trailer may be taken as trade-in on a motor home even though a travel trailer is not a motor vehicle; both are licensed recreational land vehicles. Conversely, a utility trailer may not be taken as trade-in on a travel trailer, for purposes of this rule, because a utility trailer is neither a motor vehicle nor a licensed recreational land vehicle. Similarly, a car may not be taken as trade-in on a camper and vice versa.

Under these definitions it is not required that a car be traded-in exclusively on another car in order to get the trade-in reduction of the tax measure. It could, as well, be traded-in as part payment for a truck, motorcycle, motor home, or any other qualifying motor vehicle. Similarly, a sofa for a recliner chair, a pistol for a rifle, a sailboat for a motorboat, or a gold chain for a wrist watch are the kinds of generic trade-in transfers which would qualify. However, the exclusion of the value of property traded-in does not include such things as a motorcycle for a boat, a diamond ring for a television set, a battery for lumber, or farm machinery (including tractors and self propelled combines) for a car.

Value of Property Traded-In — The seller and buyer establish the value of property traded-in. However, the parties may not overstate the value of the property traded-in in order to artificially lower the amount of sales of use tax due. Absent proof of a higher value, the property traded-in must be determined by the fair market value of similar property of like quality, quantity, and age, sold or traded under comparable conditions. It

is the substance of the actual sale and trade-in transaction which will control the retail sales tax measure, regardless of any subsequent accounting adjustments to the seller's inventory records or books of account.

**Record Keeping** — RCW 82.32.070 requires every person liable for any tax to keep and preserve records from which true tax liability can be determined. Before any exclusion from the selling price for the value of property traded-in will be allowed, the property traded-in must be specifically identified and clearly indicated as "trade-in," by model, serial number and year of manufacture where applicable, and the full trade-in value must be shown on the sales agreement or invoice given to the purchaser, with a copy retained in the seller's permanent sales records.

For example:

Less "trade-in" — 1983 G.E. Refrigerator/  
Freezer  
Model No. GE-RF0001, Serial No. 0001,  
\$300.

**Encumbered Property Traded-In** — Sellers are allowed to consider as nontaxable the value of property traded-in even though ownership of the property may be encumbered by a conditional sale, retail installment contract, or security interest; provided that, the property traded-in must be actually transferred to the seller of the new or used property for which it is traded-in.

**Casual or Isolated Sales** — The retail sales tax applies to all casual or isolated retail sales made by any person who is engaged in business activity, that is, a person required to be registered and reporting tax to the state. Persons who are not engaged in business activity, i.e., private persons, are not required to be registered and are not required to collect sales tax on their casual or isolated sales (see WAC 458-20-106). Registered persons who make casual or isolated sales (e.g., a law firm which sells its law books) may reduce the taxable selling price by the value of the property traded-in. The same record keeping requirements apply as explained earlier in this rule.

**Retail Services** — The exclusion of the value of property traded-in from the selling price tax measure applies only to sales involving tangible property traded-in for tangible property sold. It does not apply to any transactions involving services which have been statutorily included as "sales at retail" (see RCW 82.04.050). Thus, for example, a construction contractor may not accept part payment in tangible property to thereby reduce the sales tax measure of the construction contract selling price. Similarly, a seller of tangible personal property may not accept retail services as part payment to thereby reduce the selling price tax measure. Such transfers neither qualify as trade-in transfers of tangible property nor "in-kind" transfers.

**Trade-In for Rental Property** — Under RCW 82.04-.050, rentals or leases of tangible personal property are "retail sales." The term "selling price" as amended by Initiative 464 is also the tax measure for such rentals and leases. Thus, where tangible property is traded-in as part payment for the rental or lease of property of like kind (e.g., a used computer against the rental of a new

one) the sales tax will apply to all payments after the value of the property traded-in has been depleted or consumed and the lessor of the property actually begins making charges for the lease or rental of tangible property.

When tangible personal property is rented or leased, the "selling price" includes all charges to the renter or lessee for the use of the property rented or leased, including charges designated as insurance, interest and other costs recovered stated separately from the regular rental fee. When tangible personal property is rented or leased under circumstances that the consideration paid does not represent a reasonable rental for the use of the articles so rented or leased, the "selling price" must be determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character. In cases of doubt, all of the pertinent facts should be submitted to the department of revenue for an advisory determination.

**Real Property Transfers** — The trade-in exclusion does not apply to sales of real property. It also does not apply where real property is traded-in for tangible personal property.

#### Business and Occupation Tax

The trade-in exclusion affects only the measure of retail sales tax to be collected and paid. There is no trade-in exclusion for business and occupation tax. Thus, the gross receipts to be reported under the Retailing classification of business and occupation tax continues to be the total value proceeding or accruing from the sale, including the value of property traded-in.

RCW 82.04.070 provides, "The term 'gross proceeds of sales' means the value proceeding or accruing from the sale of tangible personal property . . . without any deduction on account of the cost of property sold, the cost of materials used, labor costs, interest, discount paid, delivery costs, taxes or any other expense whatsoever paid or accrued and without any deduction on account of losses."

Also, the terms "selling price" and "gross proceeds of sales" include items of cost which are the direct obligation of the seller but which the seller may invoice separately to the purchaser. Examples of such costs are the cost of the contractor's performance bond, the cost of city or state business and occupation taxes of public utility taxes, the cost of insurance protecting the seller and the cost of freight in. The selling price can be payable in money or otherwise. If it is payable in whole or in part in property, each party is a seller of the property being transferred.

#### Use Tax

RCW 82.12.010 defines the measure of the use tax as the "value of the article used." Under certain circumstances that value is determined by the "selling price" of the article or property used. Also, this use tax statute provides that the meaning of words in chapter 82.08 RCW (Retail Sales Tax) shall have full force as well with respect to the use tax chapter. Thus, the Initiative 464 amendment of the definition of "selling price" will

apply equally for use tax purposes. Therefore, the measure of the use tax for tangible property upon which no retail sales tax has been paid (e.g., if it were purchased in another state with no sales tax) is the same "selling price" as defined for retail sales tax purposes. In such cases the value of the property traded-in will be excluded from the use tax measure.

The consumer-user, or any out-of-state seller who is registered in this state and collects this state's use tax, must retain the sales records reflecting property "traded-in," as explained earlier in this rule.

**Preparing Tax Returns**

The gross amounts reported under Column 2 on the Combined Excise Tax Return should be the same amounts under the retailing business and occupation tax (Line 18) and the retail sales tax (Line 19). The reduction of the "selling price" tax measure for property traded-in should be reflected as a deduction only under the retail sales tax (Column 3, Line 19). Until return forms are amended, this sales tax deduction should be shown on the back side of the form (Line 19) under "Other Deductions" and explained as "traded-in sales."

EMERGENCY RULES  
DEPARTMENT OF GAME  
(Game Commission)  
[Order 255—Filed December 21, 1984]**

Be it resolved by the Washington State Game Commission, acting at Olympia (conference call), that it does adopt the annexed rules relating to regulation change for sport fishing on Tokul Creek and a portion of the Snoqualmie River, WAC 232-28-61407.

We, the Washington State Game Commission, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is selective fishing regulations are not required in this area because very few wild steelhead are present. By rescinding the selective regulations, the sport fishery can substantially increase its catch of hatchery fish.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 77.12.040 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW), and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

**WSR 85-02-014****EMERGENCY RULES****DEPARTMENT OF FISHERIES**

[Order 84-222—Filed December 26, 1984]

I, William R. Wilkerson, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing rules.

I, William R. Wilkerson, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is restrictions in Areas 10C, 10D, and the Cedar River provide protection for local sockeye stocks. Restrictions in the Skagit River provide protection for Skagit River origin chum. Restrictions in Areas 13E, 13I, 13J, and 13K are required to protect south sound origin chum. Restrictions in the Snohomish River and the Skagit River between Hamilton boat launch and the Baker River are no longer required.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED December 26, 1984.

**NEW SECTION**

WAC 284-30-600 UNFAIR PRACTICES WITH RESPECT TO OUT OF STATE GROUP LIFE AND DISABILITY INSURANCE. (1) Beginning April 1, 1985, pursuant to RCW 48.30.010, it shall be an unfair practice for any insurer to effect life or disability insurance coverage on persons in this state under a group policy which is delivered to a policyholder outside this state when:

(a) With respect to disability insurance, the out of state group policy does not:

(i) Provide that claims will be processed in compliance with RCW 48.21.130 through 48.21.146,

(ii) meet the requirements as to benefits and coverage mandated by chapter 48.21 RCW, and specifically those imposed by RCW 48.21.150 through 48.21.270, and

(iii) meet the loss ratio standards applicable to group insurance pursuant to RCW 48.66.100 and 48.70.030 and WAC 284-60-060; and

(b) With respect to life insurance, the out of state group policy fails to comply with the provisions of RCW 48.24.100 through 48.24.260.

(2) This rule is applicable to insurance coverage provided by such group policies including those issued for trustee groups which would be eligible for group insurance pursuant to RCW 48.24.070, except it is not applicable to insurance coverage provided by group policies:

(a) Issued for a group which would be eligible for group insurance pursuant to RCW 48.24.020, 48.24.030, 48.24.035, 48.24.040, 48.24.050, and 48.24.095, unless the person insured pays all or substantially all of the cost of his or her coverage;

(b) Issued for an association group which would be eligible for group insurance pursuant to the requirements of RCW 48.24.045, if such association clearly has a genuine purpose and existence of significant value to its members independent of its status as the group policyholder and independent of its involvement in insurance on behalf of its members, and if, further, there is a realistic and demonstrable basis related to the situs of the association or the residencies of a substantial portion of its members justifying the issuance of the group policy in the other state; or

(c) Issued for a group which would be eligible for group insurance pursuant to RCW 48.24.060, 48.24.080, and 48.24.090.

(3) This rule is applicable whether the insurance coverage is offered by means of a solicitation through a sponsoring organization, through the mail or other mass communication media, or through licensed agents or brokers.

(4) It is further defined to be an unfair practice for any insurer effecting group insurance coverage in this state through policies issued out of state to fail with respect to such insurance:

(a) To comply with the requirements of this state relating to advertising and claims settlement practices; and

(b) To make available copies of any policy and certificates issued thereunder, and advertising materials used within this state, upon request of the commissioner.

This action is taken pursuant to Notice No. WSR 84-22-054 filed with the code reviser on November 7, 1984. These rules shall take effect thirty days after they are filed with the code reviser pursuant to RCW 34.04.040(2).

AMENDATORY SECTION (Amending Order R 78-3, filed 7/27/78, effective 9/1/78)

WAC 284-30-390 STANDARDS FOR PROMPT, FAIR AND EQUITABLE SETTLEMENTS APPLICABLE TO AUTOMOBILE INSURANCE. The following standards apply to insurance claims relating to motorcycles and private passenger automobiles as defined in RCW 48.18.297: (1) When the insurance policy provides for the adjustment and settlement of first party automobile total losses on the basis of actual cash value or replacement with another of like kind and quality, one of the following methods must apply:

(a) The insurer may elect to offer a replacement automobile which is a specific comparable automobile available to the insured, with all applicable taxes, license fees and other fees incident to transfer of evidence of ownership of the automobile paid, at no cost other than any deductible provided in the policy. The offer and any rejection thereof must be documented in the claim file.

(b) The insurer may elect a cash settlement based upon the actual cost, less any deductible provided in the

policy, to purchase a comparable automobile including all applicable taxes, license fees and other fee incident to transfer of evidence of ownership of a comparable automobile. Such cost may be determined by

(i) The cost of a comparable automobile in the local market area when a comparable automobile is available in the local market area.

(ii) One of two or more quotations obtained by the insurer from two or more qualified dealers located within the local market area when a comparable automobile is not available in the local market area.

(c) When a first party automobile total loss is settled on a basis which deviates from the methods described in subsections (1)(a) and (1)(b) of this section, the deviation must be supported by documentation giving particulars of the automobile condition. Any deductions from such cost, including deduction for salvage, must be measurable, discernible, itemized and specified as to dollar amount and shall be appropriate in amount. The basis for such settlement shall be fully explained to the first party claimant.

(2) Where liability and damages are reasonably clear, insurers shall not recommend that third party claimants make claim under their own policies solely to avoid paying claims under such insurer's insurance policy or insurance contract.

(3) Insurers shall not require a claimant to travel unreasonably either to inspect a replacement automobile, to obtain a repair estimate or to have the automobile repaired at a specific repair shop, or to obtain a temporary rental or loaner automobile.

(4) Insurers shall, upon the claimant's request, include the first party claimant's deductible, if any, in subrogation demands. Subrogation recoveries shall be shared on a proportionate basis with the first party claimant, unless the deductible amount has been otherwise recovered. No deduction for expenses can be made from the deductible recovery unless an outside attorney is retained to collect such recovery. The deduction may then be for only a pro rata share of the allocated loss adjustment expense.

(5) If an insurer prepares an estimate of the cost of automobile repairs, such estimate shall be itemized and shall be in an amount for which it may be reasonably expected the damage can be satisfactorily repaired. The insurer shall give a copy of the estimate to the claimant and shall, upon request, furnish to the claimant the names of repair shops convenient to the claimant that will satisfactorily complete the repairs for the estimated cost, having in mind, particularly, the problems associated with the repair of unibody vehicles.

(6) In first party claim situations, if an insurer elects to exercise a contract right to repair and designates a specific repair shop for automobile repairs, the insurer shall cause the damaged automobile to be restored to its condition prior to the loss at no additional cost to the claimant other than as stated in the policy and within a reasonable period of time.

(7) In any claim situation, an insurer shall make a good faith effort to honor a claimant's request for repairs to be made in a specific repair shop of the claimant's choice, and shall not arbitrarily deny such request. A denial of such a request solely because of the repair

shop's hourly rate is arbitrary if such rate does not result in a higher overall cost of repairs. The insurer shall make an appropriate notation in its claim file setting forth the reason it has rejected a claimant's request.

(8) Deductions for betterment and depreciation are permitted only for parts normally subject to repair and replacement during the useful life of the insured motor vehicle. Deductions for betterment and depreciation shall be limited to the lesser of an amount equal to the proportion that the expired life of the part to be repaired or replaced bears to the normal useful life of that part, or the amount which the resale value of the vehicle is increased by the repair or replacement. Calculations for betterment, depreciation, and normal useful life must be included in the insurer's claim file.

#### NEW SECTION

**WAC 284-30-500 UNFAIR PRACTICES WITH RESPECT TO VEHICLE INSURANCE.** (1) Beginning July 1, 1985, the following practices by any insurer with respect to every vehicle liability insurance policy applicable to private passenger automobiles registered or principally garaged in this state are unfair and prohibited:

(a) Failing to provide, to any insured under such policy, liability limits at least as great as those required by RCW 46.29.090, as measured at the effective date of the pertinent policy or its renewal;

(b) Denying or limiting liability coverage in such policy to less than the limits required by RCW 46.29.090, solely because the injured person is related to the insured by blood or marriage, as, for example, through use of so-called "family" or "household" exclusions;

(c) Denying or limiting liability coverage in such policy, with respect to injuries sustained by motorcycle passengers, to an amount below the bodily injury liability limits required by RCW 46.29.090.

(2) Beginning July 1, 1985, the following practices by any insurer, with respect to vehicle insurance policies applicable to private passenger vehicles registered or principally garaged in this state, are unfair and prohibited:

(a) Failing to provide a named insured under such policy an itemization of the premium costs for the coverages under the policy as to which there are identifiable separate premium charges. Such itemization shall be given no later than the time of delivery of a policy and with each offer to renew thereafter;

(b) Failing, except with respect to a motorcycle policy, to provide, to any named insured who so requests and pays the premium therefor, first party automobile benefits such as those in medical payments coverage or personal injury protection, on approved forms commonly used by the insurer in the state of Washington, with maximum benefit limits, as appropriate to the particular form, of at least:

(i) \$35,000 for medical and hospital benefits incurred within three years of the accident;

(ii) \$35,000 for one year's income continuation benefits, subject to a limit of the lesser of \$700 per week or eighty-five percent of the weekly income; and

(iii) \$40 per day for loss of services benefits, for at least a year.

(3) For purposes of this section, the definition of a "private passenger automobile" is that set forth in RCW 48.18.297, and includes a motorcycle except as otherwise specifically provided in this section.

#### NEW SECTION

**WAC 284-30-550 RECEIPTS TO BE GIVEN.**

(1) Beginning June 1, 1985, to effectuate RCW 48.17.470 and 48.17.480 and to eliminate unfair practices in accord with RCW 48.30.010, any agent, solicitor or other representative of an insurer who receives a contract payment or premium from or on behalf of an insured or applicant for homeowners', dwelling fire, private passenger automobile, motorcycle, individual life, or individual disability insurance shall deliver or mail a signed receipt therefor as promptly as possible, which should generally be no later than the next business day. Such receipt must be dated, identify the agent and the agent's address, identify the person by or for whom payment is made, state the amount received, identify the applicable insurer by its full legal name (or the premium finance company or Washington Automobile Insurance Plan if payment is intended therefor), and identify the contract or policy including a brief description of the coverage for which payment is received.

(2) The receipt need not be an independent document but may be incorporated in an application or binder, if appropriate.

(3) For purposes of this section "life insurance" includes annuities.

(4) For purposes of this section "insurer" includes a health care service contractor and a health maintenance organization, and "disability insurance" includes their contracts and agreements.

(5) This section shall not apply to the receipt of checks or other instruments payable on their face to the insurer, premium finance company or the Washington Automobile Insurance Plan. It also shall not apply to payments (other than by cash) received by an agent after delivery of the policy for which payment is made, when the payment is pursuant to a premium financing arrangement with the agent or in response to a billing by the agent.

(6) A failure to comply with this section shall be an unfair practice pursuant to RCW 48.30.010, and a violation of a regulation pursuant to RCW 48.17.530.

(7) Each insurer shall inform its agents and appropriate representatives of the requirements of this section.

#### NEW SECTION

**WAC 284-30-560 APPLICATIONS AND BINDERS.**

(1) Beginning June 1, 1985, every application form used in connection with homeowners', dwelling fire and vehicle insurance, shall contain a clear and conspicuous statement setting forth whether or not coverage has commenced.

(a) If coverage has commenced, the effective date shall be stated.

(b) If coverage has not commenced, there shall be an explanation as to the circumstances which will cause coverage to commence and the time when coverage will become effective.

(c) The statement concerning commencement of coverage shall not be minimized, rendered obscure, or presented in an ambiguous fashion or intermingled with the other contents of the application so as to be confusing, misleading or not readily evident.

(d) A copy of such application shall be delivered or mailed to the applicant promptly following its execution.

(2) Beginning June 1, 1985, every binder used pending the issuance of a policy of property, marine and transportation, vehicle and general casualty insurance, as those kinds of insurance are defined in chapter 48.11 RCW, shall be reduced to writing or printed form and delivered or mailed to the insured as promptly as possible, which should generally be no later than the next business day.

(a) Such binder must be dated, identify the insurer in which coverage is bound, briefly describe the coverage bound, state the date and time coverage is effective, and acknowledge receipt of the amount of any premium money received.

(b) Such binder may be incorporated in or be attached to the application for the insurance but must be clear and conspicuous.

(3) Binders should be replaced promptly with insurance policies. With few exceptions and then only in compliance with RCW 48.18.230(2), insurers must replace binders within ninety days of their effective date.

(4) It shall be an unfair practice and unfair competition for an insurer or agent to engage in acts or practices which are contrary to or not in conformity with the requirements of this section, and a violation of this section is prohibited and shall subject an insurer and agent to the penalties or procedures set forth in RCW 48.05.140, 48.17.530, or 48.30.010.

(5) Each insurer shall inform its agents and appropriate representatives of the requirements of this section.

**NEW SECTION**

**WAC 284-30-570 ACTUAL REASON FOR CANCELING, DENYING OR REFUSING TO RENEW INSURANCE TO BE DISCLOSED.** Whenever an insurer is required by law to give the reason for its canceling, denying, or refusing to renew insurance, as, for example, pursuant to RCW 48.18.291, 48.18.292, or 48.30.320, it shall give the true and actual reason for its action in clear and simple language, so that the insured or applicant will not need to resort to additional research to understand the real reason for the action. It is not sufficient, for example, to state that an insured "does not meet the company's underwriting standards." The reason why the individual does not meet such underwriting standards is what must be given. If the actual reason relates to medical information, the insurer may make a broad reference thereto and limit specific disclosure of details to the applicant's or insured's physician.

**NEW SECTION**

**WAC 284-30-580 POLICIES TO BE DELIVERED, NOT HELD BY AGENTS.** (1) RCW 48.18-.260 requires that policies be delivered within a reasonable period of time after issuance. If an insurer relies upon its agents to make deliveries of its policies, the insurer, as well as the agent, is responsible for any delay resulting from the failure of the agent to act diligently.

(2) Insurance agents delivering insurance policies to insureds must make an actual physical delivery. It is not acceptable for an agent to merely obtain a receipt indicating a delivery and then to retain the policy, for safekeeping or otherwise, in the agent's possession.

(3) Agents may obtain policies from owners or insureds and hold such policies briefly for analysis or servicing, giving a receipt therefor in every instance, but shall promptly return any such policies to their owners or insureds. Agents shall not otherwise take custody of, or hold, insurance policies, whether for fee or at no charge, unless a family or legal relationship clearly justifies such conduct, as, for example, where a policy belonging to a minor child of the agent is held, or where the agent is acting as a legal guardian or a court appointed representative and holds a policy of a ward or of an estate.

(4) It shall be an unfair practice and unfair competition for an insurer or agent to engage in acts or practices which are contrary to or not in conformity with the requirements of this section, and a violation of this section is prohibited and shall subject an insurer and agent to the penalties or procedures set forth in RCW 48.05.140, 48.17.530, or 48.30.010.

(5) Each insurer shall inform its agents and appropriate representatives of the requirements of this section.

- Amd WAC 315-02-020 Time and place of meetings.

We, the Washington State Lottery Commission, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is WAC 315-11-140, 315-11-141 and 315-11-142, Game Number 14 will have started before permanent rules could be adopted. WAC 315-02-020, a meeting schedule must be published before a permanent rule could be adopted.

Delay in implementation would be contrary to the public interest.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 67.70.040 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW), and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED December 4, 1984.

**STATEMENT OF PURPOSE**

Title and Number of Rule(s) or Chapter: The proposals for rule changes which follow amend chapter 296-17 WAC which is the administrative code comprising the "Manual of Rules, Classifications, Rates, and Rating System for Washington State Workers' Compensation Insurance." The proposed rules govern the retrospective rating plans and group insurance plans underwritten by the department, offered to Washington employers on an optional basis.

Statutory Authority: RCW 51.04.020(1) and 51.16.035.

Implementation of Specific Statute: RCW 51.16.035.

Description of the Proposed Rule(s): Revise the basic premium ratios, loss conversion factors and size group tables for the 1986 coverage period to reflect the most current insurance charges, administrative expense and investment earnings to be used in adjusting premium payments for possible refunds or penalties; revise language concerning the evaluation date for claims arising from incidents occurring during the coverage period; and clarify and refine language governing the optional rating plans. The retrospective rating plan parameters must be updated in line with the industrial insurance premium rates in effect in 1985. Otherwise, the retrospective rating plan becomes inequitable by virtue of being either unduly favorable or unfavorable to retrospectively rated employers compared with other employers not retrospectively rated.

The Agency Personnel Responsible for Drafting, Implementation and Enforcement: Richard Slunaker, Assistant Director of Industrial Insurance, 753-6308; Bill White, Actuary, 753-0779; Marjorie Shavlik, Employer Services Chief, 753-7016; and Sandra Lindberg, Acting Group Insurance Manager, 753-0766, General Administration Building, Olympia, Washington 98504, AX-31.

Name of Person or Organization Whether Private, Public or Governmental, that is Proposing the Rule(s): These rules are proposed by the Department of Labor and Industries.

Agency Comments or Recommendations, if any, Regarding Statutory Language, Implementation, Enforcement and Fiscal Matters Pertaining to the Rule(s): The proposed rules represent an adjustment to the retrospective rating plans commensurate with the most current expected loss ratios, administrative expenses and investment earnings for the July 1, 1985, through June 30, 1986, fiscal year.

These rules are not proposed to comply with a federal law or a federal or state court decision.

Any Other Information that may be of Assistance in Identifying the Rule or its Purpose: None.

**Small Business Economic Impact Statement:** This statement pertains to revisions in chapter 296-17 WAC, proposed by the Department of Labor and Industries, to become effective July 1, 1985, and is prepared to conform with section 3(2) of [or] section 4 of the Regulatory Fairness Act (chapter 6, Laws of 1982).

**Existing Rules:** Chapter 296-17 WAC presently defines dividend declaration, qualifications for employer groups and employer's participating in retrospective rating plans, retrospective rating formula, evaluation of incurred losses, retrospective premium adjustments, basic premium ratios, loss conversion factors and premium size group tables. The retrospective rating plans provide an adjustment of employer premium payments based on the premium due and incurred losses that were reported during the enrolled coverage period.

**Treatment of Small Business Under Existing Rules:** The department's retrospective rating plans are offered to Washington employers on an optional basis. These plans do not provide special allowances for any particular industry. Treatment of all employers under these plans is consistent with the process of initially collecting premiums: Risk classifications are keyed to the nature of an employer's business, industrial insurance rates are established by class, class rates multiplied by worker hours determine premium due. Although these plans are not generally as desirable when enrolled on an individual basis, we offer a group plan wherein many employers whose business is substantially similar can participate together. The group plan enables small employers to take advantage of lower insurance charges by producing a large aggregate premium base.

**Effect of Proposed Revisions:** The structure of these plans remains unchanged. Revisions to the parameters of the program conform to the industrial insurance rates in effect for 1985 and are commensurate with current administrative expenses, investment income and benefit levels. Adjustment to the employer's premium uses the same process by which it was collected. Small employers are not excluded from these plans by virtue of grouping.

**Analysis of Cost of Proposed Revisions:** There is no fiscal impact by making these changes nor can any cost be attached to implementing the rules. Employers voluntarily elect to participate in a retrospective rating plan.

#### AMENDATORY SECTION (Amending Order 81-02, filed 1/30/81)

WAC 296-17-904 DEFINITIONS. The definitions in this section shall apply throughout WAC 296-17-905 through 296-17-91902.

(1) "Coverage period" means the period beginning July 1 and ending June 30.

(2) "Group" means those members of an association who have elected to have a group dividend and/or retrospective premium calculated based on the combined premium and incurred loss data of the participants, and have satisfactorily complied with eligibility requirements for doing so.

(3) "Premium" means only that portion of the money collected from an employer for worker's compensation (not to include any money paid in penalties or security deposits), which is deposited in the accident fund.

(4) "Standard premium" for a particular coverage period means premium collected or due for insurance coverage provided during the

period, prior to any adjustments under a dividend or retrospective rating plan.

(5) "Incurred losses" for a coverage period means the estimated ultimate cost to the accident fund of claims arising from incidents occurring during the coverage period, subject to the special evaluation methods prescribed in WAC 296-17-915.

(6) "Loss development factor" means an actuarially determined factor which is multiplied times individual case basis estimates of claim costs to produce incurred losses for a firm or group of firms during a coverage period. Loss development factors allow for reopenings, aggravations, and any other individually unpredictable contingencies which may affect claim costs based on past experience of the accident fund as a whole.

(7) "Loss ratio" means incurred losses divided by standard premium.

(8) "Dividend" is a partial refund of standard premium based on a firm's standard premium and loss ratio for the coverage period.

(9) "Retrospective premium" is a premium determined after a coverage period has ended, based on a firm's standard premium, incurred losses, and other preselected parameters for the coverage period.

(10) "Retrospective premium adjustment" is an additional assessment or refund of premium owing to an employer's retrospective premium as of a given evaluation date being more or less than the premium previously paid for the coverage period.

(11) "Performance adjustment factor" means an actuarially determined factor which is multiplied times incurred losses prior to application of the retrospective rating formula, to produce "adjusted incurred losses." This adjustment will produce net retrospective premium credits for participating risks in the aggregate when they have combined experience which is more favorable than total state fund experience for the same coverage period. Conversely, this adjustment will produce net retrospective premium penalties for participating risks when their combined experience is more adverse than total state fund experience for the same coverage period. The purpose of the performance adjustment factor is to retain a consistent economic incentive for those employers to improve their accident cost experience while participating in these plans.

#### AMENDATORY SECTION (Amending Order 84-2, filed 2/29/84, effective 7/1/84)

WAC 296-17-910 QUALIFICATIONS FOR EMPLOYER GROUPS FOR WORKERS' COMPENSATION INSURANCE. The department may insure the workers' compensation obligations of employers as a group, provided the following conditions are met:

(1) All the employers in the group are members of an organization that has been in existence for at least two years.

(2) The organization was formed for a purpose other than that of obtaining workers' compensation coverage.

(3) The business of the employers in the organization is substantially similar, taking into consideration the nature of the work being performed by workers of such employers such that the group comprises substantially homogeneous risks.

(4) The employers in the group constitute at least fifty percent of the total eligible employers in such organization. No groups with less than one hundred participating members will be formed unless the aggregate premium of those members is expected to exceed \$150,000 during the coverage period.

(5) The formation and operation of the group program in the organization will substantially improve accident prevention and claims handling for the employers in the group.

Each employer seeking to enroll in a group for workers' compensation insurance must (~~maintain~~) have an industrial insurance account in good standing with the department such that at the time the agreement is processed no outstanding premiums, penalties or assessments are due and (~~payments for~~) quarterly reporting (~~periods have~~) of payroll has been made in accordance with WAC 296-17-310.

The above conditions do not pertain to groupings or combination of persons or risks by way of common ownership or common use and control for experience rating purposes. Combinations for experience rating are governed by WAC 296-17-873.

Final determination of group eligibility under this section rests with the department subject to review under chapter 51.52 RCW.

In providing employer group plans under this rule, the department may consider an employer group as a single employing entity for purposes of dividends or retrospective rating. No employer will be a member of more than one group for the purposes of insuring their workers' compensation obligations.

AMENDATORY SECTION (Amending Order 84-2, filed 2/29/84, effective 7/1/84)

WAC 296-17-911 GROUP DIVIDENDS. Group dividends will be calculated provided:

- (1) Employers qualify as a group as defined by WAC 296-17-910.
- (2) Group submits a satisfactorily completed:

Employers associated with the group at any time during the term of the group dividend agreement will remain parties to the group dividend agreement for the balance of its term.

Members of the organization or association which do not elect to participate in the group dividend at the inception of the agreement shall not become participating members in the group during the term of the agreement.

Each employer included as a group member in the group dividend agreement will maintain an individual account with the department and will continue to pay quarterly premiums based on assigned risk classification(s) and individual experience rating.

~~((Any premiums, penalties or assessments owing the department by any member of the group will be withheld from the group's dividend. Any premium, penalties or assessments to be withheld by the department from the group's dividend will be done so according to a pro rata schedule unless the employer group has agreed to use the individual merit allocation system as defined by the department for the distribution of the dividend))~~ The department will withhold any member's pro rata share from the group's dividend and credit the employer's industrial insurance account when premiums, penalties, or assessments are owing the department.

Dividends will be calculated in accordance with WAC 296-17-905 and are subject to WAC 296-17-907 and 296-17-915.

The payment of the group dividend will be made by the department to the association and shall be distributed to the individual group members by the association.

AMENDATORY SECTION (Amending Order 84-2, filed 2/29/84, effective 7/1/84)

WAC 296-17-913 QUALIFICATIONS FOR EMPLOYER PARTICIPATION IN A RETROSPECTIVE RATING PLAN. The department may enroll interested employers in a retrospective rating plan as a means of insuring their workers' compensation obligations provided the following conditions are met:

- (1) The employer submits a satisfactorily completed retrospective rating plan agreement for each employer account to be enrolled.
- (2) The employer ~~((maintains))~~ has an industrial insurance account in good standing with the department such that at the time the agreement is processed no outstanding premium, penalties or assessments are due and ~~((payments for))~~ quarterly reporting ~~((periods have))~~ of payroll has been made in accordance with WAC 296-17-310.
- (3) The employer may be required to post a surety bond or other security deposit separate from the cash deposit required for establishing an industrial insurance account with the department:
  - (a) The employer's surety bond must be on the prescribed forms authorized by the department;
  - (b) The employer's surety bond shall be secured in one thousand dollar increments provided further that if the estimated maximum premium falls within two increment ranges, a surety bond at the higher level increment shall be obtained;
  - (c) The employer's surety bond shall remain in full force and effect for the period required retrospective premium calculations are made.

Such surety bond or security deposit would be sufficient to cover the difference between the employer's estimated standard premium and the maximum premium due under the retrospective rating plan. Past reporting data and current rate levels will be used to determine the estimated standard premium and maximum percentage retrospective premium due under the plan.

Final determination as to the employer's eligibility under this section and financial ability to assume the responsibilities under the retrospective rating plan rests with the department subject to review under chapter 51.52 RCW.

AMENDATORY SECTION (Amending Order 84-2, filed 2/29/84, effective 7/1/84)

WAC 296-17-914 RETROSPECTIVE RATING FORMULA. Employers who elect to have their premium adjusted under a retrospective rating plan must submit an application on a form provided by the department no later than ~~((April 30))~~ June 15 for the coverage period beginning the following July 1. The employer must preselect a "maximum premium ratio" from Plan A or Plan B.

The employer's retrospective premium shall be calculated from the formula:

$$\begin{aligned} \text{Retrospective Premium} = & \\ & (\text{Basic Premium Ratio} \times \text{Standard Premium}) \\ & + \\ & (\text{Loss Conversion Factor} \times \text{Adjusted Incurred Losses}) \end{aligned}$$

In the above formula, the basic premium ratio and loss conversion factor are taken from PLAN A (WAC 296-17-91901) or PLAN B (WAC 296-17-91902) based on the employer's standard premium and preselected maximum premium ratio. Adjusted incurred losses equal incurred losses times the performance adjustment factor applicable to the coverage period. Evaluation of incurred losses will be done according to the methods prescribed in WAC 296-17-915. The maximum retrospective premium is the product of the maximum premium ratio times the employer's standard premium. In the event that the retrospective premium formula produces a value greater than the maximum premium, the retrospective premium shall be reduced to the maximum premium.

Under Plan A, a firm may elect to forego the protection of a maximum premium ratio if its financial condition is sufficiently strong and stable so that it could qualify as a self-insurer under the department's guidelines for certification of self-insurers. The basic premium ratio effective for the coverage period beginning July 1, ~~((1984))~~ 1985, and ending June 30, ~~((1985))~~ 1986, will be ~~((.043))~~ .051 if the firm selects and qualifies for an unlimited maximum premium.

AMENDATORY SECTION (Amending Order 83-4, filed 2/9/83, effective 7/1/83)

WAC 296-17-915 EVALUATION OF INCURRED LOSSES DIVIDEND AND RETROSPECTIVE RATING PLANS. The initial evaluation date for each claim arising from incidents occurring during the coverage period shall be ~~((on and include December 31, six months immediately))~~ approximately twelve months following the end of the coverage period. Each subsequent annual incurred loss evaluation under the retrospective rating plan shall ~~((have a valuation date of December 31,))~~ be approximately twelve months following the preceding evaluation date.

The estimated cost of each claim shall include all payments made as of the valuation date and may also include a reserve for future payments consistent with the following evaluation methods applicable to experience rating ~~((as set forth in WAC 296-17-870 (1) through (6) for the period retrospective premium adjustments are calculated.))~~:

(1) Retrospective adjustments - revision of losses between valuation dates

No claim value shall be revised between valuation dates and no retroactive adjustment of a retrospective premium adjustment shall be made because of disputation concerning the judgment of the claims examiner or because of subsequent developments except as specifically provided in the following cases:

- (a) In cases where loss values are included or excluded through mistake other than error of judgment;
- (b) In cases where a third party recovery is made;
- (c) In cases where the claim qualifies as a second injury claim under the provisions of RCW 51.16.120;
- (d) In cases where a claim is officially closed and is determined to be noncompensable.

(2) Third party recovery

In the event of a third party recovery on a claim, the employer shall be charged for a portion of the actual loss amount, gross of such recovery, established on the claim. This portion shall be calculated at the time the recovery is made, and shall be determined by taking the ratio of the total cost of the claim, including attorneys' fees, after recovery, to the total cost of the claim before recovery. If the claim is open at the time the recovery is made, then costs before and after recovery may include an allowance for future claim payments.

**(3) Second injury claims**

The value of any claim which becomes eligible for second injury relief under the provisions of RCW 51.16.120, as now or hereafter amended, shall be reduced by the percentage of relief granted.

The incurred losses for each employer shall be determined by multiplying the individual claim cost estimates by loss development factors, and adding the resulting developed losses for all the employer's claims. The following special procedures will be used for making individual claim cost estimates:

**Fatal claims - retrospective rating plan**

Each fatal claim shall include all payments made as of the valuation date and a pension reserve, if any, based on the annuity value at the time the pension is awarded. Pension costs will not be reevaluated based on events after the pension has been awarded.

**Fatal claims - dividend plan**

Each fatal claim shall be assigned the "average death value," said value to be the average incurred cost for all fatal claims occurring during the coverage period.

**Permanent total claims**

Pension costs for permanent total injuries will be based on the annuity value at the time that the pension is awarded. Pension costs will not be reevaluated based on events after the pension has been awarded.

**Occupational disease claims**

The cost of any occupational disease claim paid from the accident fund and arising from exposure to the disease hazard under two or more employers, shall be prorated to each period of employment. Each employer's share of the claim cost shall be assigned to the coverage period during which the employer last employed the claimant under conditions of injurious exposure, provided the employer's share is at least ten percent of the total claim cost.

**AMENDATORY SECTION** (Amending Order 84-2, filed 2/29/84, effective 7/1/84)

**WAC 296-17-916 RETROSPECTIVE PREMIUM ADJUSTMENTS—DUE AND PAYABLE.** The initial retrospective premium adjustment will be calculated approximately twelve months from the close of the coverage period and annually thereafter for a period of four years. Provided a request is made within ninety days following promulgation of the fifth and final required retrospective premium adjustment by either the employer or department up to two subsequent annual retrospective premium adjustments on the coverage period will be made. The additional adjustments will be identified as the sixth and seventh adjustments and must be requested and made in succession.

Retrospective premium adjustments become due or payable within sixty days of notification of amount. Reevaluation of incurred losses or premium audits will not delay retrospective premium adjustment payments. For employers participating on an individual retrospective rating plan, no retrospective premium adjustment refund check will be written for less than ten dollars. In lieu of refund checks, retrospective premium adjustments of less than ten dollars will be credited to the employer's industrial insurance account.

The department will withhold any member's pro rata share from the group's retrospective premium adjustment refund and credit the employer's industrial insurance account when premiums, penalties, or assessments are owing the department. For employers participating in an individual retrospective rating plan, retrospective premium adjustment refunds will be credited to the employer's industrial insurance account when premiums, penalties, or assessments are owing the department.

**AMENDATORY SECTION** (Amending Order 84-2, filed 2/29/84, effective 7/1/84)

**WAC 296-17-917 QUALIFICATIONS FOR EMPLOYER GROUP PARTICIPATION IN RETROSPECTIVE RATING PLAN.** The department may enroll interested groups in the retrospective rating plan provided:

- (1) Employers qualify as a group as defined by WAC 296-17-910.
- (2) Employers (~~maintain~~) have industrial insurance accounts in good standing with the department such that (~~the conditions described in WAC 296-17-913(2) are met~~) at the time the agreement is processed no outstanding premium, penalties, or assessments are due and quarterly reporting of payroll has been made in accordance with WAC 296-17-310.
- (3) Group submits a satisfactorily completed:
  - (a) Application for group retrospective rating plan no later than April 30 for the coverage period beginning the following July 1;

(b) Employer's authorization for release of insurance data and group membership enrollment application for each employer account to be enrolled by June 15;

(c) Group retrospective rating plan agreement by June 15.

(4) The group may be required to post a surety bond or other security deposit separate from the individual employer's cash deposits required for establishing industrial insurance accounts with the department:

(a) The group's surety bond must be on the prescribed forms authorized by the department;

(b) The group's surety bond shall be secured in one thousand dollar increments provided further that if the group's estimated maximum premium due falls within two increment ranges, a surety bond at the higher level increment shall be obtained;

(c) The group's surety bond shall remain in force and effect for the period required retrospective premium calculations are made.

The amount of such surety bond or other security deposit, if required, may be fixed by the department in any amount equal to or less than the difference between the group's estimated standard premium and the maximum premium due under the retrospective rating plan. Past reporting data and current rate levels will be used to determine the estimated standard premium and maximum percentage retrospective premium due under the plan.

Each employer included as a group member in the group retrospective rating plan agreement will maintain an individual account with the department and will continue to pay quarterly premiums based on assigned risk classification(s) and individual experience rating.

Employers associated with the group at any time during the term of the group retrospective rating plan agreement will remain parties to the agreement for the balance of its term.

Members of the organization or association which do not elect to participate in the group retrospective rating plan at the inception of the agreement shall not become participating members in the group during the term of the agreement.

Final determination of an employer's eligibility to participate in a group plan under this section rests with the department subject to review under chapter 51.52 RCW.

The payment of the group retrospective premium adjustment will be made to or collected from the association. The distribution to the individual group members or collection from the individual group members will be done by the association.

~~((Any premium, penalties or assessments owing the department by any employer in the group will be included in the group's retrospective premium adjustment. Any premium, penalties or assessments to be withheld by the department from the group's retrospective premium adjustment will be done so according to a pro rata schedule unless the employer group has agreed to use the individual merit allocation system as defined by the department for the distribution or collection of retrospective premium.))~~

Group retrospective premium adjustment will be calculated according to WAC 296-17-914 and is subject to WAC 296-17-915 and 296-17-916.

#### AMENDATORY SECTION (Amending Order FT-84-4, filed 6/29/84)

WAC 458-40-18600 GENERAL. Pursuant to the duty imposed by chapter ((204, Laws of 1984)) 84.33 RCW, to prepare tables of stumpage values for each species of timber and consistent with the duty to make allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions, and all other relevant factors, the department has promulgated rules and prepared tables which prescribe stumpage values and make allowances for the relevant factors.

Pursuant to the duty imposed by RCW 84.33.073 and 84.33.074 to establish an elective manner for the small harvester to report his forest excise tax, the department has promulgated rules providing for filing an optional short form forest excise tax return.

These rules shall not be construed to affect any public timber contracts in effect prior to August 1, 1982.

#### AMENDATORY SECTION (Amending Order FT-84-4, filed 6/29/84)

WAC 458-40-18700 DEFINITIONS. (1) Acceptable log scaling rule. The acceptable log scaling rule shall be the Scribner Decimal C Log Scale Rule or other prevalent measuring practice, provided that such other prevalent measuring practice shall be submitted to the department for approval prior to the time of harvest.

(2) Applicable rate of tax. The applicable rate of tax shall be that excise tax rate in effect at the time the timber is harvested.

(3) Approved log scaling and grading rules.

(a) West of the Cascade summit—Approved scaling and grading rule. With respect to the reporting of timber harvested from private or public lands in areas west of the Cascade summit, which areas are designated as stumpage value areas 1, 2, 3, 4, and 5 in the stumpage value area map of WAC 458-40-18704, the methods and procedures published by the Columbia River Log Scaling and Grading Bureau, Grays Harbor Log Scaling and Grading Bureau, and the Puget Sound Log Scaling and Grading Bureau and published as the "Official Log Scaling and Grading Rules" are approved by the department for use in those areas.

(b) East of the Cascade summit—Approved scaling rule. With respect to the reporting of timber harvested from private or public lands in areas east of the Cascade

summit, which areas are designated as stumpage value areas 6, 7, 8, 9, and 10 in the stumpage value area map of WAC 458-40-18704, the methods and procedures published by the United States Forest Service under the title "National Forest Log Scaling Handbook" procedures are approved by the department for use in those areas. This log scaling handbook is published under the title FSH 2409-11 National Forest Log Scaling Handbook, Forest Service, United States Department of Agriculture.

(c) East of the Cascade summit—Established grading rule. Because the National Forest Log Scaling Handbook does not contain grading rules, a separate computation shall be made to arrive at the proper grade for purposes of determining the timber quality code number for timber harvested east of the Cascade summit. The grade for quality classification purposes of the timber harvested from private or public land east of the Cascade summit shall be determined by the number of sawable sixteen foot logs per thousand feet net Scribner Decimal C Log Scale. The computation shall be made under the following three-step procedure:

(i) Step 1. The highest possible total number of sawable sixteen foot logs which could be recovered shall be determined by dividing the sum total of length of all sawable logs harvested by the number sixteen.

(ii) Step 2. The average net volume per sixteen foot recoverable log shall be determined by dividing the total volume harvested (net log scale) by the total number of sixteen foot logs as determined in Step 1.

(iii) Step 3. The total number of logs per thousand board feet (MBF) shall be determined by dividing one thousand by the average net volume as determined in step 2.

(4) Codominant trees. Trees whose crowns form the general level of the crown cover and receive full light from above, but comparatively little light from the sides.

(5) Competitive bidding process. The competitive bidding process means the offering of timber which is advertised to the general public for sale at a public auction under terms wherein all qualified potential buyers have an equal opportunity to bid on the sale, and the sale is awarded to the highest qualified bidder. For purposes of this chapter the competitive bidding process includes making available to the general public permits for the removal of forest products.

(6) Department. Department, for the purposes of this chapter, shall mean the department of revenue of the state of Washington.

(7) Dominant trees. Trees whose crowns are higher than the general level of the canopy and who receive full light from the sides as well as from above.

(8) Forest excise tax payment. Every person who is engaged in business as a harvester of timber from privately or publicly owned land shall pay a forest excise tax which shall be equal to the taxable stumpage value of timber harvested for sale or for commercial or industrial use and multiplied by the applicable rate of tax as provided in chapter ((204, Laws of 1984)) 84.33 RCW.

(9) Harvester. Harvester shall mean every person who from his own land or from land of another under a right or license granted by lease or contract, either directly or

by contracting with others, fells, cuts, or takes timber for sale or for commercial or industrial use. It does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(10) Harvested timber—When determined. Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined.

(11) Harvesting and marketing costs. Harvesting and marketing costs means only those costs directly associated with harvesting the timber from the land and delivering it to the buyer and may include the costs of disposing of logging residues but does not include any other costs which are not directly and exclusively related to harvesting and marketing of the timber such as costs of permanent roads or costs of reforesting the land following harvest.

(12) Harvest type. Harvest type shall be a term referring to the grouping of harvested timber by age and type of harvest and shall include and is limited to the following harvest types:

(a) Merchantable sawtimber, all ages—The removal of timber east of the Cascade summit shall be reported as merchantable sawtimber, all ages, unless the harvest type comes within the definition in this chapter of special forest products.

(b) Old growth. The removal of any timber from a harvest unit that is 100 years of age or older and west of the Cascade summit shall be reported as old growth unless the harvest type comes within the definition in this chapter of special forest products.

(c) Special forest products. The removal of Christmas trees (except as provided in RCW 84.33.170), shake blocks and boards, and posts and other western redcedar products shall be reported as special forest products.

(d) Thinning. The removal of timber from a harvest unit meeting all the following conditions:

(i) Harvest unit located west of the Cascade summit;

(ii) Timber that is less than 100 years of age;

(iii) The total merchantable volume which is removed is less than forty percent of the total merchantable volume of the harvest unit prior to harvest;

(iv) Not more than forty percent of the total volume removed is from the dominant and codominant trees;

(v) The trees removed in the harvest operation shall be distributed over the entire harvest unit.

(e) Young growth. The removal of any timber from a harvest unit that is less than 100 years of age and does not meet the definition of thinning in (d) of this subsection and west of the Cascade summit shall be reported as young growth unless the harvest type comes within the definition in this chapter of special forest products or within the definition of thinning.

(13) Harvest unit. A harvest unit is a harvest area having the same forest excise tax permit number, stumpage value area, hauling distance zone, harvest type, harvest adjustments and harvester. A harvest unit may include more than one section.

(14) Lump sum sale. A lump sum sale, also known as a cash sale or an installment sale, is a sale of timber wherein the total sale price as determined at the time of

sale is final and not dependent upon the volume of timber actually harvested.

(15) MBF. As used herein MBF shall mean one thousand board feet measured in Scribner Decimal C Log Scale Rule.

(16) Other consideration. As used herein other consideration shall mean improvements to the land that are required by contract by the seller and are of a permanent nature. For instance, other consideration may include, but is not limited to the construction of permanent roads, and the installation of permanent bridges.

(17) Permanent road. A road built as part of the harvesting operation which is intended to have a useful life subsequent to the completion of the harvest is a permanent road.

(18) Private timber. Private timber is all timber harvested from privately owned lands. Private timber includes timber on reclassified reforestation land under chapter 84.28 and 84.33 RCW ((as amended by chapter 204, Laws of 1984)).

(19) Pro rata unit price. The pro rata unit price shall be the result of dividing the total sale price of a lump sum sale by the sale volume.

(20) Public timber. Public timber is timber harvested from state, federal, municipal, county, and other government owned lands.

(21) Remote island. A remote island is an area of land which is totally surrounded by water at normal high tide and which has no bridge or causeway connecting it to the mainland.

(22) Sale price. The sale price shall mean the amount paid for standing timber in cash or other consideration.

(23) Sawlog. Sawlog shall mean any log large enough to produce one-third of its gross volume in sound lumber or other products that can be sawed.

(24) Scale sale. A scale sale means a sale in which the sale price is the product of the actual volume harvested and the unit price at the time of harvest.

(25) Small harvester. Small harvester means every person who from his own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use in an amount not exceeding 500 MBF in a calendar quarter and not exceeding 1000 MBF in a calendar year of combined public and private harvest (excluding conifer and hardwood utility). It does not include persons performing under contract the necessary labor or mechanical services for a harvester, and it does not include harvests of forest products classified by the department as special forest products including Christmas trees, posts, shake boards, bolts, flatsawn, and shingle blocks.

(26) Small harvester option. Harvesters of no more than 500 MBF per calendar quarter or a total of 1000 MBF in a calendar year of combined public and private harvest (excluding conifer and hardwood utility) may elect to calculate the timber tax in the manner provided by RCW 84.33.073 and 84.33.074. A harvester who elects to use this option shall use the quarterly reporting forms provided for this option by the department.

(27) Species. Species designation is a biologically-based grouping of harvested timber and shall include but is not limited to the following designations of species and subclassifications thereof (as defined in Agriculture Handbook No. 541 Checklist of United States Trees (Native and Naturalized)):

(a) Douglas-fir, western hemlock, true fir, noble fir, western redcedar, Alaska-cedar, western larch, ponderosa pine, lodgepole pine, western white pine, Sitka spruce, Engelmann spruce, red alder, and cottonwood shall be reported as separate species where designated as such in the stumpage value tables.

(b) Species designations for the harvest type special forest products shall be western redcedar shake blocks and boards, western redcedar flatsawn and shingle blocks, western redcedar and other posts, lodgepole pine and other posts, pine Christmas trees, Douglas-fir Christmas trees, Douglas-fir and other Christmas trees, true fir and other Christmas trees.

(c) Other conifer, as used in the stumpage value tables, shall be all other conifers not separately designated in the applicable stumpage value tables.

(d) Hardwood, and other hardwood, as used in the stumpage value tables, shall be all hardwoods not separately designated in the applicable stumpage value tables.

(e) Utility, conifer utility, and hardwood utility are separate species as defined by the "Official Log Scaling and Grading Rules" published by the Puget Sound Log Scaling and Grading Bureau and shall be reported as separate species where designated as such in the stumpage value tables.

(28) Stumpage value area. A stumpage value area is an area with specified boundaries which contains timber having similar growing, harvesting, and marketing conditions. Presently, there are ten such stumpage value areas designated in the state of Washington as shown under WAC 458-40-18704. Stumpage value areas 1, 2, 3, 4, and 5 are located west of the Cascade summit and stumpage value areas 6, 7, 8, 9, and 10 are located east of the Cascade summit.

(29) Taxable stumpage value of timber. The taxable stumpage value of timber shall be the value determined by one of the following methods as appropriate:

(a) Private timber. The taxable stumpage value of private timber shall be the appropriate value for each species of timber harvested, or for each species of special forest product harvested, as set forth in the stumpage value tables adopted under this chapter.

(b) Private timber — small harvester option. The taxable stumpage value for the small harvester option shall be determined by one of the following methods, whichever is most appropriate to the circumstances of the harvest.

(i) Sale of logs — Timber which has been severed from the stump and cut into various lengths for further processing. The taxable stumpage value is the actual gross receipts from the harvested timber less the costs of harvesting and marketing. Actual harvesting and marketing costs must be used in all instances where documented records are available. When the taxpayer is unable to provide documented proof of harvesting and marketing

costs, the deduction shall be a percentage of the gross receipts from the sale of the harvested timber as determined by the department. The deduction shall be fifty percent of the gross receipts. A landowner who has sold logs for a percentage share of gross receipts should report the value received under WAC 458-40-18700(29)(b)(ii).

(ii) Sale of stumpage – Standing or fallen trees which have not been severed from the stump, providing the harvest occurs within twelve months of the date of sale. The taxable stumpage value is the actual gross receipts received for the timber for the most recent sale prior to harvest. No harvesting and marketing cost deduction is allowable. If harvest occurs more than twelve months after the date of sale, report under WAC 458-40-18700(29)(b)(i).

(c) Public timber. The taxable stumpage value for public timber sales shall be determined as follows:

(i) Noncompetitive sales: Timber not sold by a competitive bidding process shall be valued in the same manner as private timber.

(ii) Scale sales: The taxable stumpage value shall be the sum of the products of each species volume multiplied by the unit price for each species.

(iii) Lump sum sales: For sales in which the harvest is completed within a single quarterly reporting period, the taxable value shall be the actual sale price for the timber in cash or other consideration. For sales in which the harvest extends over more than one quarterly reporting period, the taxable value for each period shall be based on the actual quantity harvested and the estimated pro rata unit price. In no event shall the taxable value of the sale differ from the original sale price in cash or other consideration.

(iv) Sale of logs: When public timber is sold in the form of logs, the taxable value shall be the actual purchase price for the logs less deductions as appropriate for the costs of felling, bucking, and yarding the logs to the point of sale. Cost deductions shall be the actual costs when documented proof of such costs are available. In the absence of verifiable actual cost data, cost deductions shall be based on the appraised costs as appraised by the seller, if available; or an estimate of such costs

based on the best available information from the sale of similar timber under similar harvesting conditions.

(30) Timber. Timber shall include forest trees, standing or down, on privately or publicly owned land, and except as provided in RCW 84.33.170 includes Christmas trees, shake blocks and boards, posts and other western redcedar products.

(31) Timber quality code number. The timber quality code number is a number assigned to the harvest of a particular species within a harvest type under WAC 458-40-18706, and is based upon the constituent percentage of log grade specifications within the total volume of timber harvested for that particular species.

(32) Unit price. The unit price shall mean the sale price (including cash or other consideration) for each unit of volume. The unit price will most often be expressed as dollars per MBF.

(33) This rule shall not be construed to affect any public timber contracts in effect prior to August 1, 1982.

AMENDATORY SECTION (Amending Order FT-84-4, filed 6/29/84)

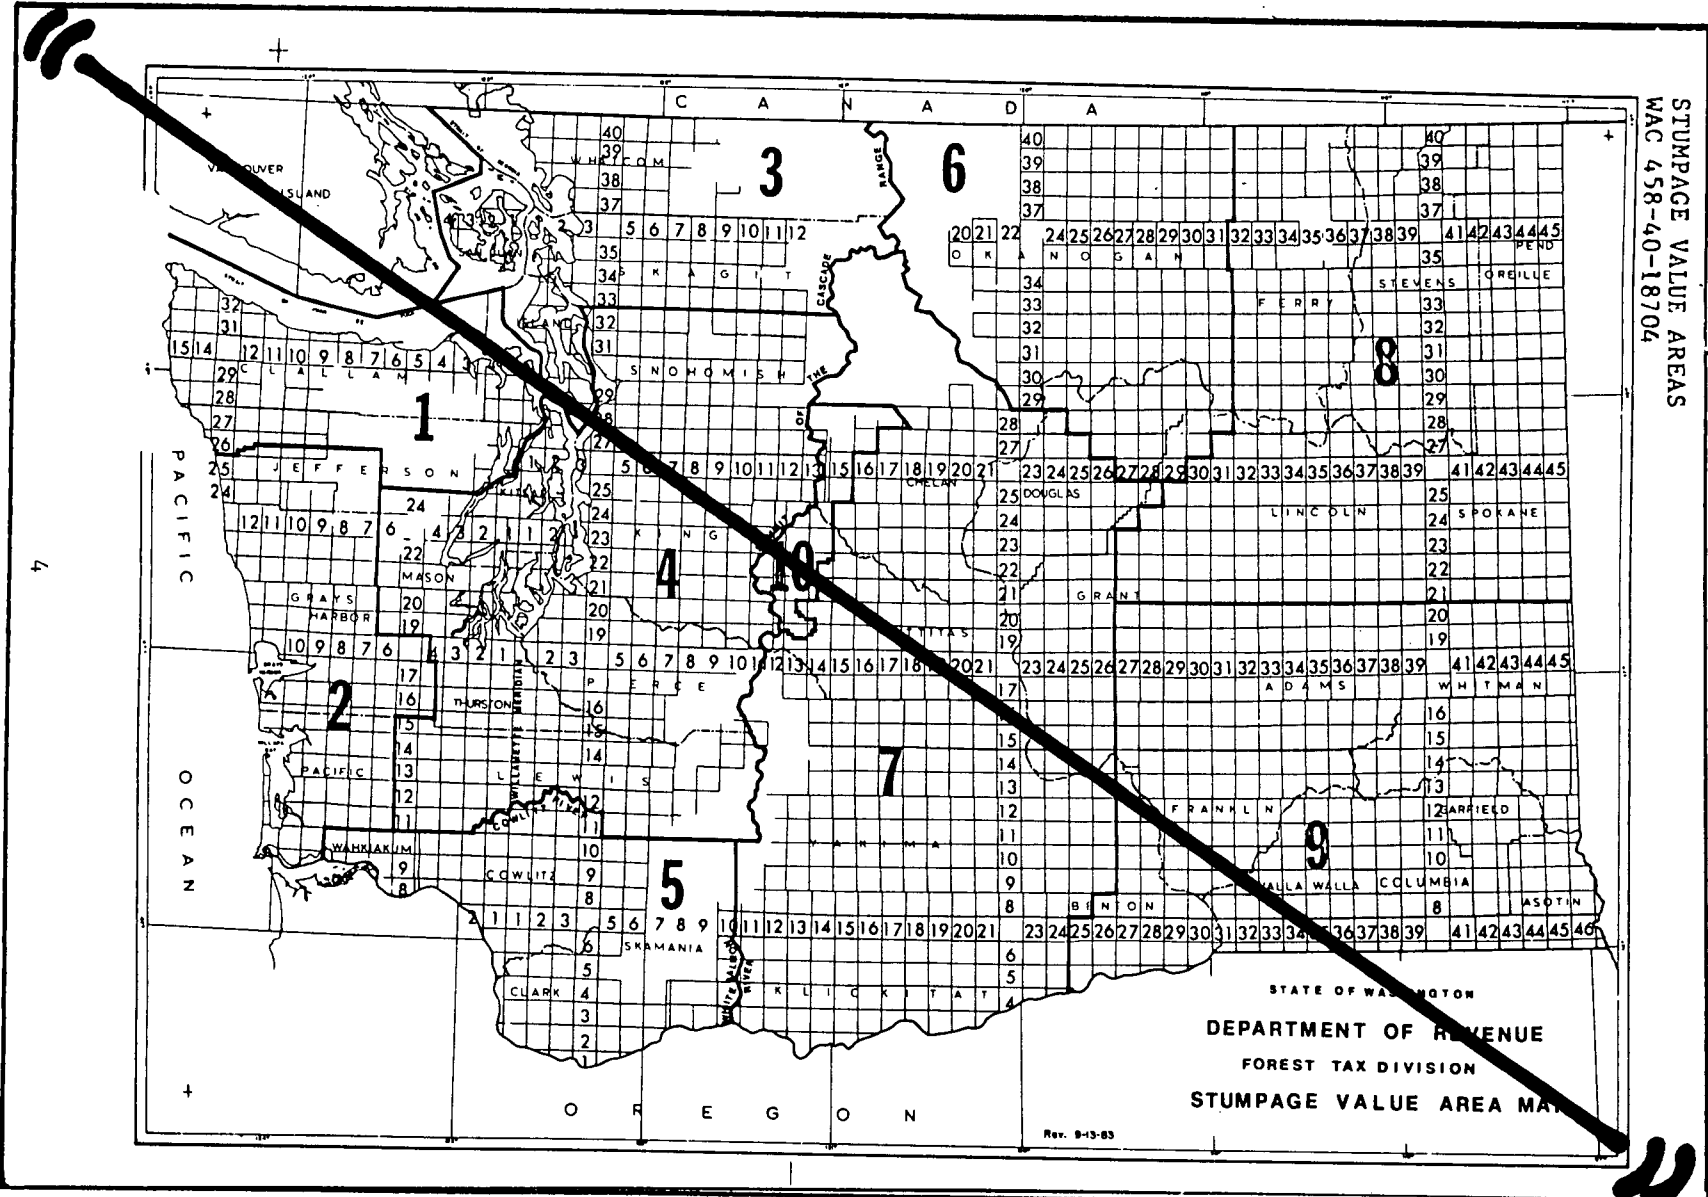

WAC 458-40-18704 STUMPAGE VALUE AREAS AND HAULING DISTANCE ZONE—MAP. In order to allow for differences in market conditions and other relevant factors throughout the state as required by chapter ~~((204, Laws of 1984))~~ 84.33 RCW, the department has created a map designating areas containing timber having similar growing, harvesting, and marketing conditions ~~(. The stumpage value area map shall be used for the determination of stumpage values);~~ the department has designated zones within each area which have similar accessibility to conversion points and other similar hauling cost factors.

The stumpage value area and hauling distance zone map ((shown herein)) shall be used to determine the proper stumpage value table and haul zone to be used in calculating the taxable stumpage value.

The following stumpage value area and hauling distance zone map is hereby adopted:

Scaling and grading information derived from an acceptable log scaling and grading rule for the particular harvest type and species shall be used to determine the proper quality code number.

For each timber quality code number in the following tables, there is a corresponding timber quality code number for that particular harvest type and species in the stumpage value tables which is to be used in computing timber harvest value.

**NEW SECTION**

WAC 458-40-18715 STUMPAGE VALUES—TABLES FOR JANUARY 1 THROUGH JUNE 30, 1985. As required by chapter 84.33 RCW the department has prepared tables which assign stumpage value rates for the various harvest types, which rates vary depending upon the stumpage value area, species, timber quality code number and hauling distance zone involved. Where the timber harvested is used to produce harvest type special forest products the value tables of this section shall establish the values for such special forest products.

WAC 458-40-18716 HARVESTER ADJUSTMENTS—TABLES FOR JANUARY 1 THROUGH JUNE 30, 1985. In order to make reasonable and adequate allowances for costs of removal and size of logging operation in computation of stumpage value rates as required by chapter 84.33 RCW, the department has prepared tables which allow for adjustments to the stumpage value rates derived from the stumpage value tables of WAC 458-40-18715.

Harvest adjustments relating to harvest volume per acre, logging conditions and average volume per log shall be allowed against the stumpage value rates for the designated harvest types and in the designated stumpage value areas as set forth in the following tables with the following limitations:

- (1) No harvest adjustment shall be allowed against special forest products.
- (2) No harvest adjustment shall be allowed against utility, conifer utility, and hardwood utility.
- (3) Stumpage value rates for conifers and hardwoods shall be adjusted to a value no lower than \$1 per thousand board feet.

Timber harvesters planning to remove timber from areas having damaged timber may apply to the department for adjustment in stumpage value rates. Such applications should contain a map with the legal description of the area from which the timber will be removed, a description of the damage sustained by the timber, and a listing of additional costs incurred. Such applications should be sent to the Department of Revenue AX-02, Forest Tax Division, General Administration Building, Olympia, Washington 98504, before the harvest commences.

In the event the extent of such timber damage or additional costs are not known at the time the application is filed, the harvester may supplement the application when the necessary information is obtained, but in no event later than 90 days following completion of the harvest unit.

Upon application from any person who plans to harvest damaged timber the department will make a determination as to the amount of adjustment to be allowed. The harvester will be notified by the department of the amount of the adjustment. This amount can then be taken as a credit against tax liabilities or if the harvester is no longer harvesting, a refund will be authorized.

The following harvest adjustment tables are hereby adopted for use during the period of January 1 through June 30, 1985:

I, R. H. "Bob" Lewis, Supervisor, Division of Savings and Loan, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. I, M. Keith Ellis, director of the Department of Agriculture, do promulgate and adopt at Olympia, Washington, the annexed rules relating to horticulture inspection fees, chapter 16-400 WAC.

I, M. Keith Ellis, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is horticultural inspection fees are based on a fee for service. A public hearing has been held and a permanent order establishing fees dealing with those specific services will become effective February 1, 1985. This emergency order will provide for fees for these services in that interim period.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to chapter 15.17 RCW and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED December 31, 1984.

 Director

**STATEMENT OF PURPOSE**

Amend WAC 356-05-050.

Title: Basic salary range.

Purpose: Defines the dollar amount of the step of the salary range to which employees are entitled.

Statutory Authority: RCW 41.06.150.

Summary and Reasons: Proposed change is of a housekeeping nature and would change the title to reflect the content of the definition.

Responsibility for Drafting: Gail Salisbury, Personnel Analyst, Department of Personnel, MS FE-11, 600 South Franklin, Olympia, WA 98504, Phone 753-5383; Implementation and Enforcement: All state agencies.

Proposed by: Department of Personnel, governmental agency.

Amend WAC 356-15-070.

Title: Split shift—Provisions and compensation.

Purpose: The purpose of the present rule is to allow shift differential for employees who work split shifts.

Statutory Authority: RCW 41.06.150.

Summary: The proposed change has two elements: (1) Limit split shift premium rate to scheduled and non-scheduled employees. Exception work period employees may receive it when appointing authority approves. (2) Define split shift as a minimum of four intervening hours not worked.

Reasons: The rule as currently written does not define how many hours break determine a split shift. The example in the rule indicates a six hour break. We feel that this is too much. On the other hand two hours is too limiting. We feel that a minimum of four is a reasonable number to use is defining split shift.

Responsibility for Drafting: Jan Miller, Chief, Personnel and Training, Washington State Parks and Recreation Commission, MS KY-11, 7150 Cleanwater Lane, Olympia, WA 98504, Phone 753-5760; Implementation and Enforcement: Department of Personnel/individual agencies.

Proposed by: Washington State Parks and Recreation Commission, governmental agency.

Amend WAC 356-26-030.

Title: Register designation.

Purpose: Identifies the employment registers under the WACs and the composition, method of ranking, life of the register and special provisions for each register.

Statutory Authority: RCW 41.06.150.

Summary: At the November 8, 1984, State Personnel Board meeting, the board approved revisions to WAC 356-35-010 Disability—Separation—Appeals—Procedures. The revisions (November 1984) will allow disability separations for mental disabilities based upon a written statement from a licensed mental health professional. Previously, the rule identified physical disability separation only.

Reasons: The proposed revisions will incorporate the same wording revisions to WAC 356-26-030 (1) agency reduction-in-force, (4) agency promotional, and (8) service-wide promotional. WACs for these employment registers provides for employees who we previously separated due to disability to be placed on the register(s) based upon a written statement from a physician or licensed mental health professional (proposed) that they are physically and/or mentally (proposed) able to perform the duties of the class for which the register is established.

Responsibility for Drafting: Doug Tanabe, Personnel Officer, Department of Corrections, Capital Center Building, MS FN-61, Olympia, WA 98504, Phone 753-0326; Implementation and Enforcement: Department of Personnel.

Proposed by: Department of Corrections, governmental agency.

AMENDATORY SECTION (Amending Order 2133, filed 8/3/84)

WAC 388-99-020 ELIGIBILITY DETERMINATION—MEDICALLY NEEDY IN OWN HOME. (1) The medically needy income level (MNIL) shall be:

(a) One person	\$ ((353))364
(b) Two persons	\$ ((509))526
(c) Three persons	\$ ((535))544
(d) Four persons	\$ 561

(h) Eight persons	\$ 936
(i) Nine persons	\$ 1,028
(j) Ten persons and above	\$ 1,117

(3) For aged, blind, and disabled individuals countable income is determined by deducting, from gross income, amounts that would be deducted in determining eligibility for the state supplementary payment.

(4) If countable income is equal to or less than the appropriate MNIL, the family or individual is certified eligible.

(5) If countable income is greater than the appropriate MNIL, the applicant is required to spenddown the excess countable income for the base period. The base period shall be the three-month or six-month period which corresponds to the certification period, see WAC 388-99-055.

(6) Financial responsibility of relatives.

(a) For families and children,

(d) Only medical services provided by practitioners recognized under state law will be considered.

(2) If the incurred medical bills equal or exceed the excess countable income at the time of application, the applicant is certified eligible.

(3) If the incurred medical bills are less than the excess countable income, the application is not approved and the individual is required to spenddown the remaining excess countable income. (a) Medicare and other health insurance premiums, deductibles, co-insurance charges, enrollment fees, or copayments.

**AMENDATORY SECTION** (Amending Order 2074, filed 2/1/84)

WAC 388-82-115 SPECIAL CATEGORIES ELIGIBLE FOR MEDICAL ASSISTANCE. (1) Persons who, in August 1972, received OAA, AB, AFDC, or APTD, and also received RSDI benefits, and who became ineligible for OAA, AB, AFDC or APTD solely because of the twenty percent increase in Social Security benefits under Public Law 92-336, shall be eligible for Medicaid as categorically needy. The provision applies to both current cash applicants and recipients.

(2) Applicants for SSI or AFDC who were entitled to RSDI benefits in August 1972, and would have been ineligible solely because of the Social Security benefits under Public Law 92-336 shall have the twenty percent increase disregarded in determining financial eligibility.

(3) An AFDC family unit which becomes ineligible solely because of increased hours or increased income from employment shall remain categorically eligible for medical assistance (MA) for four calendar months beginning with the month of ineligibility provided that:

(a) The family received AFDC in at least three of the six months immediately preceding the month of ineligibility.

(b) A member of such family continues to be employed, and

(b) Persons who were not actually receiving SSI/SSP payments for some other reason.

(c) Persons who would have received SSI/SSP if they had applied.

(6) Pregnant women, with no other eligible children, ineligible for AFDC cash assistance solely because they have not reached the sixth month of pregnancy shall be eligible for Medicaid as categorically needy.

(7) Individuals who are denied AFDC cash payments solely by reason of recovery of overpayment shall be eligible for Medicaid as categorically needy.

(8) A child under five years of age, born after September 30, 1983, and who meets the income and resource requirements of AFDC financial assistance shall be eligible for Medicaid as categorically needy.

(9) Family units which are terminated from AFDC financial assistance solely because of the loss of the thirty dollars plus one-third or the thirty-dollar income exemptions shall remain categorically eligible for medical assistance for nine calendar months beginning with the month of ineligibility for AFDC provided that:

(a) The family unit was terminated on or after October 1, 1984.

(b) Family units terminated prior to October 1, 1984, may be eligible for nine months of Medicaid beginning with the month of application if they meet the following conditions:

(i) The family unit must apply for medical assistance.

(ii) The family unit must demonstrate that, if the income exemptions had been applied, the family unit would have been eligible for each month for AFDC from the time of termination of AFDC to the time of application for medical assistance.

(10) A child born to a woman eligible for and receiving medical assistance on the date of the child's birth, shall be eligible for medical assistance on the date of birth and shall remain eligible for a period of one year if:

(b) The mother remains eligible for medical assistance; and

(c) The child was born on or after October 1, 1984.

(11) Family units which become ineligible for AFDC financial assistance as a result (wholly or partly) of the collection or increased collection of child or spousal support shall be eligible for medical assistance for four months beginning with the month of such ineligibility; provided that the family unit:

(a) Received AFDC financial assistance in at least three of the six months immediately preceding the month of such ineligibility; and

Summary of the Rule Change: Retroactive SSI or OASDI payments are excluded from resources for six months following the month of receipt.

### AMENDATORY SECTION (Amending Order 2139, filed 8/15/84)

WAC 388-92-045 EXCLUDED RESOURCES. Applicants or recipients may transfer or exchange an exempt resource. Cash received from the sale of an exempt resource is excluded provided the total amount of cash is used to replace or reinvest in another exempt resource within three months. Any remaining portion in excess of allowed resources shall be considered a nonexempt resource if the individual's eligibility continues without a break in certification. In determining the resources of an individual and spouse, if any, the following items shall be excluded up to the dollar limit, if any, as indicated:

(1) The home or the proceeds from the sale of a home, which is an excluded resource, will also be excluded to the extent that they are reinvested in the purchase of another home which is similarly excluded within three months of the date of receipt of proceeds.

(a) The home of the individual must be the individual's principal place of residence in order to be an excluded resource.

(i) Temporary absences from home including absences from home for trips, visits, and hospitalizations do not offset the home exclusion as long as the individual intends to return home.

(ii) An absence of more than six months may indicate that the home no longer serves as the principal place of residence. See WAC 388-83-140 (4)(d).

(iii) The home continues to be excluded if the individual intends to return and there is a likelihood that he/she will return.

(iv) When an institutionalized individual intends to return home, a physician's evaluation of his/her ability to return at some future time to a home setting may be used as the basis of a temporary absence determination. The evidence must be conclusive before a determination can be made that the individual is unable to return home.

(v) Transfer of a home during a temporary absence may constitute evidence that the individual no longer intends to return. Adequate consideration must be received and allocated to the individual's resources. See WAC 388-92-043, transfer of property at less than fair market value.

(b) If the home is used by a spouse or dependent relative during the individual's absence, it will continue to be considered the principal place of residence.

(2) Household goods and personal effects.

(3) An automobile:

(a) Is totally excluded regardless of its value if it is:

(i) Necessary for employment; or

(ii) Necessary for the individual's medical treatment; or

(iii) Modified for operation by, or transportation of, a handicapped person; or

(b) Is excluded to the extent its current market value does not exceed \$4,500, any excess to be counted against the resource limit. An automobile may be excluded under this subsection only if no automobile is excluded under subsection (3)(a) of this section.

(4) Property of a trade or business which is essential to the means of self-support; however, it shall not include liquid resources as defined in

WAC 388-92-005 even though such liquid resource may be producing income. This property means items commonly referred to as tangible business assets such as land and buildings, equipment and supplies, inventory, cash on hand, accounts receivable, etc. The current market value shall not exceed six thousand dollars with a minimum annual rate of return of six percent.

(5) Nonbusiness property which is essential to the means of self-support. This shall include:

(a) Nonliquid (see WAC 388-92-005), nonbusiness property if it is relied upon by the individual as a significant factor in producing income on which he can live, or is used to produce goods, or provide services essential to the individual's support. The current market value shall not exceed six thousand dollars with a minimum annual rate of return of six percent.

(b) Property used exclusively to produce items for home consumption provided the items are significant factors for support and maintenance of the individual.

(c) Tools, equipment, uniforms and similar items required by the individual's employer.

(d) A motor vehicle (in addition to that already excluded) which is essential because of climate, terrain, or similar factors, or special modification, and required to provide necessary transportation. The limitation on value of such vehicle is the same as (3) above.

(6) Resources of a blind or disabled individual which are necessary to fulfill an approved plan for achieving self-support for so long as such plan remains in effect.

(7) Shares of stock held in a regional or village corporation during the period of twenty years ending January 1, 1992, in which such stock is inalienable pursuant to the Alaska Native Claims Settlement Act.

(8) Life insurance owned by an individual and spouse, if any, to the extent of its cash surrender value, provided that the total face value of policies held by each individual is \$1,500 or less, in which case the cash surrender value is not evaluated. If the face value of policy(ies) is over \$1,500, cash surrender value must be applied to resource limitations. Term or burial insurance with no cash surrender value is not considered in determining face value.

(9) Restricted allotted land owned by an enrolled member and spouse, if any, of an Indian tribe, if such land cannot be sold, transferred or otherwise disposed of without permission of other individuals, his tribe or an agency of the federal government.

(10) Cash received from an insurance company for purposes of repairing or replacing an excluded resource that is lost, damaged, or stolen, etc., is excluded as a resource provided the total amount of the cash is used to repair or replace such excluded resource within nine months that period may be extended based on circumstances beyond the control of the applicant to a maximum of nine additional months. Any such cash not so used within such time periods is considered as an available resource.

(11) Burial spaces.

(a) The value of burial spaces for the individual, the individual's spouse or any member of the individual's immediate family.

(b) Burial spaces shall include conventional gravesites, crypts, mausoleums, urns, and other repositories which are customarily and traditionally used for the remains of deceased persons.

(c) For purposes of this subsection immediate family means an individual's minor and adult children, including adopted children and step-children; an individual's brothers, sisters, parents, adoptive parents, and the spouses of those individuals. Neither dependency nor living-in-the-same-household will be a factor in determining whether a person is an immediate family member.

(12) Funds set aside for burial expenses.

(a) Funds specifically set aside for the burial arrangements of an individual or the individual's spouse not to exceed \$1,500 each.

(b) This exclusion applies if the inclusion of any portion of such amount would cause the resources of the individual (or spouse, if any) to exceed the limits specified in WAC 388-92-050.

(c) Funds set aside for burial expenses must be kept separate from other resources not set aside for burial. If such funds are mixed with other resources not intended for burial, the exclusion will not apply to any portion of the funds and will be treated as nonexcluded resources.

(d) Funds set aside for burial includes revocable burial contract, burial trust, or other burial arrangement or any other separately identifiable fund which is clearly designated as set aside for the individual's (or spouse's, if any) burial expenses.

(e) The \$1,500 exclusion must be reduced by the face value of insurance policies on the life of an individual owned by the individual or spouse if the cash surrender value of those policies has been excluded

as provided in subsection (8) of this section and amounts in an irrevocable trust.

(f) Interest earned on excluded burial funds and appreciation on the value of excluded burial arrangements are excluded from resources if left to accumulate and become a part of the separately identifiable burial fund.

(g) Burial funds used for other purposes. Funds or interest earned on funds and appreciation in the value of burial arrangements which have been excluded from resources because they are burial funds must be used solely for that purpose. If any excluded funds, interest or appreciated values set aside for burial expenses are used for a purpose other than the burial arrangements of the individual or the individual's spouse for whom the funds were set aside, future medical assistance benefits of the individual (or the individual and individual's spouse) will be reduced by an amount equal to the amount of burial funds, interest or appreciated value used for other purpose.

(13) Other resources excluded by federal statute.

(14) Retroactive SSI or OASDI payments are excluded from resources for six months following the month of receipt. This exclusion applies to:

(a) Payments received on or after October 1, 1984.

(b) Payments received by the individual, spouse, and/or any other person whose income is considered available to meet the applicant's or recipient's needs.

(c) SSI payments made for benefits due for a month prior to the month of payment.

(d) OASDI payments made for benefits due for a month that is two or more months prior to the month of payment.

(e) Payments that remain in the form of cash, checking or saving accounts; this exclusion does not apply once the retroactive payment has been converted to any other form.

#### AMENDATORY SECTION (Amending Order 2139, filed 8/15/84)

WAC 388-95-380 EXCLUDED RESOURCES. Applicants or recipients may transfer or exchange an exempt resource. Cash received from the sale of an exempt resource is excluded provided the total amount of cash is used to replace or reinvest in another exempt resource within three months. Any remaining portion in excess of allowed resources shall be considered a nonexempt resource if the individual's eligibility continues without a break in certification. In determining the resources of an individual and spouse, if any, the following items shall be excluded up to the dollar limit, if any, as indicated:

(1) The home or the proceeds from the sale of a home, which is an excluded resource, will also be excluded to the extent that they are reinvested in the purchase of another home which is similarly excluded within three months of the date of receipt of proceeds.

(a) The home of the individual must be the individual's principal place of residence in order to be an excluded resource.

(i) Temporary absences from home including absences from home for trips, visits, and hospitalizations do not offset the home exclusion as long as the individual intends to return home.

(ii) An absence of more than six months may indicate that the home no longer serves as the principal place of residence. See WAC 388-95-360 (4)(d).

(iii) The home continues to be excluded if the individual intends to return and there is a likelihood that he/she will return.

(iv) When an institutionalized individual intends to return home, a physician's evaluation of his/her ability to return at some future time to a home setting may be used as the basis of a temporary absence determination. The evidence must be conclusive before a determination can be made that the individual is unable to return home.

(v) Transfer of a home during a temporary absence may constitute evidence that the individual no longer intends to return. Adequate consideration must be received and allocated to the individual's resources. See WAC 388-92-043, transfer of property at less than fair market value.

(b) If the home is used by a spouse or dependent relative during the individual's absence, it will continue to be considered the principal place of residence.

(2) Household goods and personal effects.

(a) Is totally excluded regardless of its value if it is:

(i) Necessary for employment; or

(ii) Necessary for the individual's medical treatment; or

(iii) Modified for operation by, or transportation of, a handicapped person; or

(b) Is excluded to the extent its current market value does not exceed \$4,500, any excess to be counted against the resource limit. An automobile may be excluded under this subsection only if no automobile is excluded under subsection (3)(a) of this section.

(4) Property of a trade or business which is essential to the means of self-support; however, it shall not include liquid resources as defined in WAC 388-92-005 even though such liquid resource may be producing income. This property means items commonly referred to as tangible business assets such as land and buildings, equipment and supplies, inventory, cash on hand, accounts receivable, etc. The current market value shall not exceed six thousand dollars with a minimum annual rate of return of six percent.

(5) Nonbusiness property which is essential to the means of self-support. This shall include:

(a) Nonliquid (see WAC 388-92-005), nonbusiness property if it is relied upon by the individual as a significant factor in producing income on which he can live, or is used to produce goods, or provide services essential to the individual's support. The current market value shall not exceed six thousand dollars with a minimum annual rate of return of six percent.

(b) Property used exclusively to produce items for home consumption provided the items are significant factors for support and maintenance of the individual.

(c) Tools, equipment, uniforms and similar items required by the individual's employer.

(d) A motor vehicle (in addition to that already excluded) which is essential because of climate, terrain, or similar factors, or special modification, and required to provide necessary transportation. The limitation on value of such vehicle is the same as in subsection (3) of this section.

(6) Resources of a blind or disabled individual which are necessary to fulfill an approved plan for achieving self-support for so long as such plan remains in effect.

(7) Shares of stock held in a regional or village corporation during the period of twenty years ending January 1, 1992, in which such stock is inalienable pursuant to the Alaska Native Claims Settlement Act.

(8) Life insurance owned by an individual and spouse, if any, to the extent of its cash surrender value, provided that the total face value of policies held by each individual is \$1500 or less, in which case the cash surrender value is not evaluated. If the face value of policy(ies) is over \$1500, cash surrender value must be applied to resource limitations. Term or burial insurance with no cash surrender value is not considered in determining face value.

(9) Restricted allotted land owned by an enrolled member and spouse, if any, of an Indian tribe, if such land cannot be sold, transferred or otherwise disposed of without permission of other individuals, his tribe or an agency of the federal government.

(10) Cash received from an insurance company for purposes of repairing or replacing an excluded resource that is lost, damaged, or stolen, etc., is included as a resource provided the total amount of the cash is used to repair or replace such excluded resource within nine months that period may be extended based on circumstances beyond the control of the applicant to a maximum of nine additional months. Any such cash not so used within such time periods is considered as an available resource.

(11) Burial spaces.

(a) The value of burial spaces for the individual, the individual's spouse or any member of the individual's immediate family.

(b) Burial spaces shall include conventional gravesites, crypts, mausoleums, urns, and other repositories which are customarily and traditionally used for the remains of deceased persons.

(12) Funds set aside for burial expenses.

(a) Funds specifically set aside for the burial arrangements of an individual or the individual's spouse not to exceed \$1,500 each.

(b) This exclusion applies if the inclusion of any portion of such amount would cause the resources of the individual (or spouse, if any) to exceed the limits specified in WAC 388-95-390.

(c) Funds set aside for burial expenses must be kept separate from other resources not set aside for burial. If such funds are mixed with other resources not intended for burial, the exclusion will not apply to any portion of the funds and will be treated as nonexcluded resources.

(d) Funds set aside for burial includes revocable burial contract, burial trust, or other burial arrangement or any other separately identifiable fund which is clearly designated as set aside for the individual's (or spouse's, if any) burial expenses.

(e) The \$1,500 exclusion must be reduced by the face value of insurance policies on the life of an individual owned by the individual or spouse if the cash surrender value of those policies has been excluded as provided in subsection (8) of this section and amounts in an irrevocable trust.

(f) Interest earned on excluded burial funds and appreciation on the value of excluded burial arrangements are excluded from resources if left to accumulate and become a part of the separately identifiable burial fund.

(1) A standard deduction of (~~eighty-nine~~) ninety-five dollars per household per month.

(3) Payments for the care of a child or other dependent when necessary for a household member to accept or continue employment, seek employment, or attend training or education preparatory to employment.

The amount to be deducted for child care shall be the amount actually paid not to exceed one hundred (~~(twenty-five)~~) thirty-four dollars. The dependent care deduction in combination with the shelter deduction shall not exceed one hundred (~~(twenty-five)~~) thirty-four dollars.

(4) Shelter costs in excess of fifty percent of the household's income after deducting standard, earned income, and dependent care deductions. The shelter deductions alone or in combination with the dependent care deduction shall not exceed one hundred (~~(twenty-five)~~) thirty-four dollars.

(a) "Shelter costs" mean rent or mortgage payment plus taxes on a dwelling and property, insurance on the structure only, unless the costs for insuring the structure and its contents cannot be separated, assessments, and utility costs such as heat and cooking fuel, electricity, water, garbage, sewage disposal, and basic service fee for one telephone (plus tax), and initial installation fees for utility services. One-time deposits shall not be included as shelter costs.

Shelter costs shall also include continuing charges leading to the ownership of the shelter such as loan repayments for the purchase of a mobile home, including interest on such payments.

AMENDATORY SECTION (Amending Order 2139, filed 8/15/84)

WAC 388-92-045 **EXCLUDED RESOURCES.** *Applicants or recipients may transfer or exchange an exempt resource. Cash received from the sale of an exempt resource is excluded provided the total amount of cash is used to replace or reinvest in another exempt resource within three months. Any remaining portion in excess of allowed resources shall be considered a nonexempt resource if the individual's eligibility continues without a break in certification. In determining the resources of an individual and spouse, if any, the following items shall be excluded up to the dollar limit, if any, as indicated:*

*(1) The home or the proceeds from the sale of a home, which is an excluded resource, will also be excluded to the extent that they are reinvested in the purchase of another home which is similarly excluded within three months of the date of receipt of proceeds.*

*(a) The home of the individual must be the individual's principal place of residence in order to be an excluded resource.*

*(i) Temporary absences from home including absences from home for trips, visits, and hospitalizations do not offset the home exclusion as long as the individual intends to return home.*

(ii) An absence of more than six months may indicate that the home no longer serves as the principal place of residence. See WAC 388-83-140 (4)(d).

(iii) The home continues to be excluded if the individual intends to return and there is a likelihood that he/she will return.

(iv) When an institutionalized individual intends to return home, a physician's evaluation of his/her ability to return at some future time to a home setting may be used as the basis of a temporary absence determination. The evidence must be conclusive before a determination can be made that the individual is unable to return home.

(v) Transfer of a home during a temporary absence may constitute evidence that the individual no longer intends to return. Adequate consideration must be received and allocated to the individual's resources. See WAC 388-92-043, transfer of property at less than fair market value.

(b) If the home is used by a spouse or dependent relative during the individual's absence, it will continue to be considered the principal place of residence.

(2) Household goods and personal effects.

(3) An automobile:

(a) Is totally excluded regardless of its value if it is:

(i) Necessary for employment; or

(ii) Necessary for the individual's medical treatment;

or

(iii) Modified for operation by, or transportation of, a handicapped person; or

(b) Is excluded to the extent its current market value does not exceed \$4,500, any excess to be counted against the resource limit. An automobile may be excluded under this subsection only if no automobile is excluded under subsection (3)(a) of this section.

(4) Property of a trade or business which is essential to the means of self-support; however, it shall not include liquid resources as defined in WAC 388-92-005 even though such liquid resource may be producing income. This property means items commonly referred to as tangible business assets such as land and buildings, equipment and supplies, inventory, cash on hand, accounts receivable, etc. The current market value shall not exceed six thousand dollars with a minimum annual rate of return of six percent.

(5) Nonbusiness property which is essential to the means of self-support. This shall include:

(a) Nonliquid (see WAC 388-92-005), nonbusiness property if it is relied upon by the individual as a significant factor in producing income on which he can live, or is used to produce goods, or provide services essential to the individual's support. The current market value shall not exceed six thousand dollars with a minimum annual rate of return of six percent.

(b) Property used exclusively to produce items for home consumption provided the items are significant factors for support and maintenance of the individual.

(c) Tools, equipment, uniforms and similar items required by the individual's employer.

(d) A motor vehicle (in addition to that already excluded) which is essential because of climate, terrain, or similar factors, or special modification, and required to

provide necessary transportation. The limitation on value of such vehicle is the same as (3) above.

(6) Resources of a blind or disabled individual which are necessary to fulfill an approved plan for achieving self-support for so long as such plan remains in effect.

(7) Shares of stock held in a regional or village corporation during the period of twenty years ending January 1, 1992, in which such stock is inalienable pursuant to the Alaska Native Claims Settlement Act.

(8) Life insurance owned by an individual and spouse, if any, to the extent of its cash surrender value, provided that the total face value of policies held by each individual is \$1,500 or less, in which case the cash surrender value is not evaluated. If the face value of policy(ies) is over \$1,500, cash surrender value must be applied to resource limitations. Term or burial insurance with no cash surrender value is not considered in determining face value.

(9) Restricted allotted land owned by an enrolled member and spouse, if any, of an Indian tribe, if such land cannot be sold, transferred or otherwise disposed of without permission of other individuals, his tribe or an agency of the federal government.

(10) Cash received from an insurance company for purposes of repairing or replacing an excluded resource that is lost, damaged, or stolen, etc., is excluded as a resource provided the total amount of the cash is used to repair or replace such excluded resource within nine months that period may be extended based on circumstances beyond the control of the applicant to a maximum of nine additional months. Any such cash not so used within such time periods is considered as an available resource.

(11) Burial spaces.

(a) The value of burial spaces for the individual, the individual's spouse or any member of the individual's immediate family.

(b) Burial spaces shall include conventional gravesites, crypts, mausoleums, urns, and other repositories which are customarily and traditionally used for the remains of deceased persons.

(c) For purposes of this subsection immediate family means an individual's minor and adult children, including adopted children and step-children; an individual's brothers, sisters, parents, adoptive parents, and the spouses of those individuals. Neither dependency nor living-in-the-same-household will be a factor in determining whether a person is an immediate family member.

(12) Funds set aside for burial expenses.

(a) Funds specifically set aside for the burial arrangements of an individual or the individual's spouse not to exceed \$1,500 each.

(b) This exclusion applies if the inclusion of any portion of such amount would cause the resources of the individual (or spouse, if any) to exceed the limits specified in WAC 388-92-050.

(c) Funds set aside for burial expenses must be kept separate from other resources not set aside for burial. If such funds are mixed with other resources not intended for burial, the exclusion will not apply to any portion of the funds and will be treated as nonexcluded resources.

(d) Funds set aside for burial includes revocable burial contract, burial trust, or other burial arrangement or any other separately identifiable fund which is clearly designated as set aside for the individual's (or spouse's, if any) burial expenses.

(e) The \$1,500 exclusion must be reduced by the face value of insurance policies on the life of an individual owned by the individual or spouse if the cash surrender value of those policies has been excluded as provided in subsection (8) of this section and amounts in an irrevocable trust.

(f) Interest earned on excluded burial funds and appreciation on the value of excluded burial arrangements are excluded from resources if left to accumulate and become a part of the separately identifiable burial fund.

(g) Burial funds used for other purposes. Funds or interest earned on funds and appreciation in the value of burial arrangements which have been excluded from resources because they are burial funds must be used solely for that purpose. If any excluded funds, interest or appreciated values set aside for burial expenses are used for a purpose other than the burial arrangements of the individual or the individual's spouse for whom the funds were set aside, future medical assistance benefits of the individual (or the individual and individual's spouse) will be reduced by an amount equal to the amount of burial funds, interest or appreciated value used for other purpose.

(13) Other resources excluded by federal statute.

(14) Retroactive SSI or OASDI payments are excluded from resources for six months following the month of receipt. This exclusion applies to:

(a) Payments received on or after October 1, 1984.

(b) Payments received by the individual, spouse, and/or any other person whose income is considered available to meet the applicant's or recipient's needs.

(c) SSI payments made for benefits due for a month prior to the month of payment.

(d) OASDI payments made for benefits due for a month that is two or more months prior to the month of payment.

(e) Payments that remain in the form of cash, checking or saving accounts; this exclusion does not apply once the retroactive payment has been converted to any other form.

**AMENDATORY SECTION** (Amending Order 2139, filed 8/15/84)

**WAC 388-95-380 EXCLUDED RESOURCES.** Applicants or recipients may transfer or exchange an exempt resource. Cash received from the sale of an exempt resource is excluded provided the total amount of cash is used to replace or reinvest in another exempt resource within three months. Any remaining portion in excess of allowed resources shall be considered a nonexempt resource if the individual's eligibility continues without a break in certification. In determining the resources of an individual and spouse, if any, the following items shall be excluded up to the dollar limit, if any, as indicated:

(1) The home or the proceeds from the sale of a home, which is an excluded resource, will also be excluded to the extent that they are reinvested in the purchase of another home which is similarly excluded within three months of the date of receipt of proceeds.

(a) The home of the individual must be the individual's principal place of residence in order to be an excluded resource.

(i) Temporary absences from home including absences from home for trips, visits, and hospitalizations do not offset the home exclusion as long as the individual intends to return home.

(ii) An absence of more than six months may indicate that the home no longer serves as the principal place of residence. See WAC 388-95-360 (4)(d).

(iii) The home continues to be excluded if the individual intends to return and there is a likelihood that he/she will return.

(iv) When an institutionalized individual intends to return home, a physician's evaluation of his/her ability to return at some future time to a home setting may be used as the basis of a temporary absence determination. The evidence must be conclusive before a determination can be made that the individual is unable to return home.

(v) Transfer of a home during a temporary absence may constitute evidence that the individual no longer intends to return. Adequate consideration must be received and allocated to the individual's resources. See WAC 388-92-043, transfer of property at less than fair market value.

(b) If the home is used by a spouse or dependent relative during the individual's absence, it will continue to be considered the principal place of residence.

(2) Household goods and personal effects.

(3) An automobile:

(a) Is totally excluded regardless of its value if it is:

(i) Necessary for employment; or

(ii) Necessary for the individual's medical treatment;

or

(iii) Modified for operation by, or transportation of, a handicapped person; or

(b) Is excluded to the extent its current market value does not exceed \$4,500, any excess to be counted against the resource limit. An automobile may be excluded under this subsection only if no automobile is excluded under subsection (3)(a) of this section.

(4) Property of a trade or business which is essential to the means of self-support; however, it shall not include liquid resources as defined in WAC 388-92-005 even though such liquid resource may be producing income. This property means items commonly referred to as tangible business assets such as land and buildings, equipment and supplies, inventory, cash on hand, accounts receivable, etc. The current market value shall not exceed six thousand dollars with a minimum annual rate of return of six percent.

(5) Nonbusiness property which is essential to the means of self-support. This shall include:

(a) Nonliquid (see WAC 388-92-005), nonbusiness property if it is relied upon by the individual as a significant factor in producing income on which he can live, or

is used to produce goods, or provide services essential to the individual's support. The current market value shall not exceed six thousand dollars with a minimum annual rate of return of six percent.

(b) Property used exclusively to produce items for home consumption provided the items are significant factors for support and maintenance of the individual.

(c) Tools, equipment, uniforms and similar items required by the individual's employer.

(d) A motor vehicle (in addition to that already excluded) which is essential because of climate, terrain, or similar factors, or special modification, and required to provide necessary transportation. The limitation on value of such vehicle is the same as in subsection (3) of this section.

(6) Resources of a blind or disabled individual which are necessary to fulfill an approved plan for achieving self-support for so long as such plan remains in effect.

(7) Shares of stock held in a regional or village corporation during the period of twenty years ending January 1, 1992, in which such stock is inalienable pursuant to the Alaska Native Claims Settlement Act.

(8) Life insurance owned by an individual and spouse, if any, to the extent of its cash surrender value, provided that the total face value of policies held by each individual is \$1500 or less, in which case the cash surrender value is not evaluated. If the face value of policy(ies) is over \$1500, cash surrender value must be applied to resource limitations. Term or burial insurance with no cash surrender value is not considered in determining face value.

(9) Restricted allotted land owned by an enrolled member and spouse, if any, of an Indian tribe, if such land cannot be sold, transferred or otherwise disposed of without permission of other individuals, his tribe or an agency of the federal government.

(10) Cash received from an insurance company for purposes of repairing or replacing an excluded resource that is lost, damaged, or stolen, etc., is excluded as a resource provided the total amount of the cash is used to repair or replace such excluded resource within nine months that period may be extended based on circumstances beyond the control of the applicant to a maximum of nine additional months. Any such cash not so used within such time periods is considered as an available resource.

(11) Burial spaces.

(a) The value of burial spaces for the individual, the individual's spouse or any member of the individual's immediate family.

(b) Burial spaces shall include conventional gravesites, crypts, mausoleums, urns, and other repositories which are customarily and traditionally used for the remains of deceased persons.

(c) For purposes of this subsection immediate family means an individual's minor and adult children, including adopted children and step-children; an individual's brothers, sisters, parents, adoptive parents, and the spouses of those individuals. Neither dependency nor living-in-the-same-household will be a factor in determining whether a person is an immediate family member.

(12) Funds set aside for burial expenses.

(a) Funds specifically set aside for the burial arrangements of an individual or the individual's spouse not to exceed \$1,500 each.

(b) This exclusion applies if the inclusion of any portion of such amount would cause the resources of the individual (or spouse, if any) to exceed the limits specified in WAC 388-95-390.

(c) Funds set aside for burial expenses must be kept separate from other resources not set aside for burial. If such funds are mixed with other resources not intended for burial, the exclusion will not apply to any portion of the funds and will be treated as nonexcluded resources.

(d) Funds set aside for burial includes revocable burial contract, burial trust, or other burial arrangement or any other separately identifiable fund which is clearly designated as set aside for the individual's (or spouse's, if any) burial expenses.

(e) The \$1,500 exclusion must be reduced by the face value of insurance policies on the life of an individual owned by the individual or spouse if the cash surrender value of those policies has been excluded as provided in subsection (8) of this section and amounts in an irrevocable trust.

(f) Interest earned on excluded burial funds and appreciation on the value of excluded burial arrangements are excluded from resources if left to accumulate and become a part of the separately identifiable burial fund.

(g) Burial funds used for other purposes. Funds or interest earned on funds and appreciation in the value of burial arrangements which have been excluded from resources because they are burial funds must be used solely for that purpose. If any excluded funds, interest or appreciated values set aside for burial expenses are used for a purpose other than the burial arrangements of the individual or the individual's spouse for whom the funds were set aside, future medical assistance benefits of the individual (or the individual and individual's spouse) will be reduced by an amount equal to the amount of burial funds, interest or appreciated value used for other purposes.

(13) Other resources excluded by federal statute.

(14) Retroactive SSI or OASDI payments are excluded from resources for six months following the month of receipt. This exclusion applies to:

(a) Payments received on or after October 1, 1984.

(b) Payments received by the individual, spouse, and/or any other person whose income is considered available to meet the applicant's or recipient's needs.

(c) SSI payments made for benefits due for a month prior to the month of payment.

(d) OASDI payments made for benefits due for a month that is two or more months prior to the month of payment.

(e) Payments that remain in the form of cash, checking or saving accounts; this exclusion does not apply once the retroactive payment has been converted to any other form.

#### NEW SECTION

WAC 16-494-062 IDENTIFICATION AND DISPOSITION OF DISEASED BEAN SEED AND INFECTED BEAN FIELDS. (1) Any bean seed found or known to be contaminated with disease shall not be planted in Washington state.

Persons granted entry into the quarantined area will be required to take all necessary sanitary precautions as prescribed by the director to safeguard against the possible spread of the suspected regulated disease.

(6) The true identity of the regulated disease when found in or on seed will be based on testing methods approved by the Washington State University, college of agriculture and home economics, results of which, when positive will be evidence to identify the disease as being subject to the department's requirements unless the owner of the seed, at owner's expense, request verification of pathogenicity.

(7) Exemptions and special situations:

**DEPARTMENT OF GAME**  
**(Game Commission)**

[Order 256—Filed December 31, 1984]

Be it resolved by the Washington State Game Commission, acting at Olympia, (conference call), that it does adopt the annexed rules relating to emergency opening of the Quinault River to the taking of steelhead, WAC 232-28-61404.

We, the Washington State Game Commission, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is it is projected that harvestable wild fish will reach the Quinault River above Lake Quinault. Opening the river to recreational angling will allow sport fishermen opportunity to take their rightful share.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 77.12.040 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW), and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED December 20, 1984.

### STATEMENT OF PURPOSE

Title and Number of Rule Section(s) or Chapter(s): The proposals for rule changes which follow amend portions of chapter 296-17 WAC. This title pertains to the calculation reporting and collection of premiums for workers' compensation insurance coverage provided by the Department of Labor and Industries.

Statutory Authority: RCW 51.04.020 and 51.16.035.

Specific Statute that Rule is Intended to Implement: RCW 51.16.035.

Summary of the Rule(s): The purpose of these proposed rules is to make the following substantive changes in Title 296 WAC as previously enacted: Amendment to WAC 296-17-310(2), a formalization of a department procedure requiring the submission of payroll reports during periods when an employer has no reportable employment and addition of two new subsections (6) and (7) to the same section dealing with the classification of businesses or industries and formalization of a departmental procedure regarding the operations contained within all basic classifications respectively; added WAC 296-17-350(9) dealing with the reporting of worker hours of pilots and flight crew members; added new section WAC 296-17-44001 providing for the assignment of risk classifications to businesses described by a standard exception classification; added new section WAC 296-17-455 providing for an interpretation of temporary help classifications; amendments to WAC 296-17-501 through 296-17-778 clarifying rules and adding listings of new business operations within the state; added new section WAC 296-17-52701 providing for a separate risk classification for low voltage electrical contractors; and repealing WAC 296-17-601 and 296-17-648, business operations contained in other risk classifications.

Reasons Supporting Changes: Revisions and/or amendments to existing WAC rules and proposed new WAC rules are primarily housekeeping in nature, intended to clarify the rules being revised or represent formalization of departmental procedures. They also reflect the department's endeavor to adopt rules which are consistent with nationally-recognized workers' compensation insurance practices and are understandable to the department's lay nonlegal constituents. Rules as they are currently written are sometimes difficult to understand. With these changes, they are more clearly defined, and it is expected that confusion generated by the rules used to administer this complex insurance program will be minimized and the number of unnecessary protests which increase the program's costs can be greatly reduced. Also included in these proposed changes are revisions to risk

classifications solicited and endorsed by the affected industries and listings of business operations new within the state.

The Agency Personnel Responsible for the Drafting, Implementation and Enforcement of the Rules: Richard A. Slunaker, Assistant Director for Industrial Insurance, 753-6308; Marjorie Shavlik, Employer Services Chief, 753-7016; and Gary Brown, Rating and Data Analysis Supervisor, 753-6463, General Administration Building, Olympia, Washington 98504, AX-31.

Name of Person or Organization, Whether Private, Public, or Governmental, that is Proposing the Rule(s): [No information supplied by agency.]

Agency Comments or Recommendations, if any, Regarding Statutory Language, Implementation, Enforcement, and Fiscal Matters Pertaining to the Rule(s): None.

These rules are not proposed to comply with a federal law or a federal or state court decision.

Any Other Information that may be of Assistance in Identifying the Rule or its Purpose: None.

Small Business Economic Impact Statement: This statement pertains to revisions to chapter 296-17 WAC, proposed by the Department of Labor and Industries to become effective April 1, 1985, and is prepared to conform with section 3(2) and section 4 of the Regulatory Fairness Act (chapter 6, Laws of 1982).

Existing Rules: Chapter 296-17 WAC presently defines 261 risk classifications for purposes of reporting exposures and computing premiums for worker's compensation insurance as well as rules governing the application of these risk classifications to businesses or occupations and provisions for an experience rating plan and insurance base rates applicable to each risk classification.

Treatment of Small Business Under Existing Rules: Risk classification definitions are keyed to the nature of an employer's business operations within this state and in certain cases individual employments, and are independent of business size. Once the number of risk classifications statistically supportable has been determined and the risks defined, base rates are developed for each risk classification. All new employers conducting like businesses are assigned into a common classification pool representative of their business undertaking and are assigned the same base rate. As experience is developed by each employer a modified rate as provided for in the experience rating plan is calculated. Those employers with favorable past experience receive rate reductions while those employers with unfavorable past experience receive rate increases. Within the experience rating plan, small employers with loss-free record during the experience rating period are allowed rate credits in excess of those initially computed by the rating plan based on risk size, by imposing a maximum modification for loss-free firms of various sizes in WAC 296-17-890.

Effect of Proposed Revisions: A number of risk classification definitions have been modified to clarify existing policies with respect to the application of these risk classifications to the various types of businesses. The following substantive changes which will alter classification assignments are: Low voltage electrical contractors are

removed from 6-1 and assigned to 6-8; meat slicer or grinder installation service or repair is removed from 6-1 and assigned to 6-7; route food services is removed from 39-5 and assigned to 11-1; stained art glass stores are removed from 11-8 and assigned to 63-9; custom picture framing or U-frame picture shops are removed from 29-3 and assigned to 63-9; retail candy stores with on-premise manufacturing are removed from 39-6 and assigned to 39-5; donut shops and cookie stores are removed from 39-5 and assigned to 39-1; slaughter houses are removed from 43-2 and assigned to 43-1; wood stove and accessory stores are removed from 64-6 and assigned to 63-9, and wholesale florists are removed from 48-9 and assigned to 64-4. The revised definitions remain independent of employer size.

**Analysis of Cost of Proposed Revisions:** The economic impact of proposed changes will vary for each employer according to the nature of their business (risk classification(s)) and individual loss experience in past years (for experience-rating adjustments). For employers in the same risk classification with experience records producing equal experience rating adjustments, the premium cost of the proposed revisions per hour of labor will be independent of the employer's size. Administrative costs of recordkeeping and reporting will not generally be directly affected by the proposed revisions, as the required records and forms are unchanged.

Insurance rates adopted effective January 1, 1984, will continue in effect as previously adopted. The proposed erection of risk classification 6-8 for low voltage electrical contractors will be assigned the same manual rates as risk classification 6-1 as this new risk classification was developed from the former risk's experience.

WAC 296-17-310 GENERAL RULES AND INSTRUCTIONS. This section constitutes general rules and instructions for chapter 296-17 WAC.

(1) Purposes. This chapter of the Washington Administrative Code, including classifications of risk, premium rates, the experience rating plan, and all other rules contained herein governing the use thereof, is herein referred to as the manual. This manual is promulgated by the department of labor and industries pursuant to RCW 51.16.035. This manual contains a formulation of the rules and regulations providing for ((occupational)) basic classifications, rates of premium, method of premium calculation and collection, and a rating system, consistent with recognized principles of workers' compensation insurance. This manual governs the department's underwriting of workers' compensation insurance and assessment of other monetary obligations, under the industrial insurance law of the state of Washington, Title 51 RCW.

(2) Premium payments - quarterly reports. Each employer shall, upon such forms as prescribed by the department, prior to the last day of January, April, July and October of each year, pay to the department for the preceding calendar quarter, for the accident fund, and for the medical aid fund, a certain number of cents for each worker hour or fraction thereof worked by the worker in their employ except when the rules of this manual provide for a different method of premium computation. Provided, that in the event an employer has no employment subject to coverage under Title 51 RCW during a calendar quarter the employer shall submit to the department, according to the schedule described above, a quarterly report indicating "no payroll" or be subject to the penalties provided for in WAC 296-17-480. The director may promulgate, change and revise such rates at such times as necessary, according to the condition of the accident and medical aid funds, and assign rates as appropriate to employers who voluntarily seek coverage under the elective adoption provisions of the law.

(3) Determining accident fund premium. The amounts to be paid into the accident fund shall be determined as follows: The department shall determine a manual premium rate for each classification which shall not be inadequate, excessive or unfairly discriminatory, taking into consideration past and prospective costs in each classification and the financial condition of the accident fund as a whole.

Every employer shall pay into the accident fund at the manual premium rate unless such employer meets the requirements for the experience rating plan provided elsewhere in this manual, in which event such employer's premium rate for the accident fund shall be paid according to their experience modification as determined under the experience rating plan.

(4) Basis for determining medical aid premium. The amounts to be paid into the medical aid fund shall be determined as follows: The department shall determine a basic medical aid rate for each classification which shall not be inadequate, excessive or unfairly discriminatory, taking into consideration past and prospective costs in each classification and the financial condition of the medical aid fund as a whole.

Every employer shall pay into the medical aid fund at the basic premium rate only, and the experience rating plan shall not apply to medical aid rates.

(5) All section captions or titles or catch lines used in this manual, chapter 296-17 WAC, do not constitute any part of these rules.

(6) Assignment of classifications. The classifications in this manual are all basic classifications other than the standard exception classifications which are defined in WAC 296-17-440. Basic classifications are used to implement the object of the classification system, which is to assign the one basic classification which best describes the business of the employer within this state. Each basic classification includes all the various types of labor found in a business unless it is specifically excluded by language contained within the classification or covered by a separate rule found elsewhere in this chapter, such as "standard exceptions" or "general exclusions." The classification procedure used within this state is intended to classify the business undertaking of the employer and not the separate employments, occupations, or operations of individuals within a business.

(7) All operations. Each basic classification in this manual, other than classifications 48-6, 49-4, 52-6, 63-1, 63-2, 63-3, 71-1, or the temporary help classifications 71-4 through 71-9, include all the operations normally associated with the business undertaking without regard to the location(s) of such operation(s) unless an operation is specifically excluded from the manual language of the basic classification.

Except as otherwise provided in this rule any audit time period may be less than, but will not exceed, three years of the due dates of any payments from any employer where the department has requested submission of the employer's books, or three years of the due dates of any payments where the employer makes claim for adjustment, recomputation or alteration of any such payment: PROVIDED, That an employer certified to self-insure pursuant to the authority contained in chapter 51.14 RCW, shall be subject to such audit as deemed necessary to guarantee its compliance with the industrial insurance laws and rules and regulations for self-insurers: PROVIDED FURTHER, That an employer who fails to make any books and records, or certified copies thereof, available for audit in the state of Washington, will be charged for all costs incurred by the department in auditing any books and records maintained at other places: PROVIDED FURTHER, That in any instance where fraud may be indicated with respect to underpayment or nonpayment of premiums the audit time period may be extended beyond that previously set forth.

#### EMERGENCY RULES DEPARTMENT OF GAME (Game Commission)

[Order 259—Filed January 2, 1985]

Be it resolved by the State Game Commission, acting at Olympia, Washington, (conference call), that it does adopt the annexed rules relating to emergency declaration, dogs may be taken into custody or destroyed, WAC 232-12-04503. Dogs pursuing, harassing, attacking or killing deer or elk in certain counties may be taken into custody or destroyed.

We, the State Game Commission, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is deep and crusted snow has moved deer and elk into lowland areas and made them vulnerable to pursuit, harassment, attack or being killed by dogs running loose. Instances of deer being killed by dogs have been documented.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 77.12.315 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW), and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED January 2, 1985.

By Vern E. Ziegler  
Chairman, Game Commission

#### STATEMENT OF PURPOSE

This statement is filed pursuant to RCW 34.04.045. Amending WAC 440-44-057.

**The Purpose of the Rule Change:** To add another radioactive material fee category.

**This Amendment is Necessary:** To recover the department's cost of licensing and regulating mineral processors for naturally occurring radioactive material in excess of exempt concentrations.

**Statutory Authority:** Chapter 70.98 RCW and ESSB 4418.

**Summary of the Rule Change:** The department's intent to recover the cost of licensing and regulating mineral processors for naturally occurring radioactive material in excess of exempt concentrations.

The Person Responsible for Drafting, Implementation and Enforcement of These Rules: T. R. Strong, Head, Radiation Control Section, mailstop LF-13, phone 753-3468.

This rule change is proposed by John A. Beare, M.D., M.P.H., Director, Division of Health, and recommended by staff of the Division of Health, Department of Social and Health Services.

The rule change is not necessary as a result of a federal law, a federal court decision, or a state court decision.

This proposed amendment is the department's intent to recover the cost of licensing and regulating mineral processors for naturally occurring radioactive material in excess of exempt concentrations. There is a wide variation in the per unit income of both large and small licensees and there is no inherent correlation between the size of business and the income per unit. Both large and small businesses operate at the lower end and upper end of the per unit income range. Therefore, there is little difference between the effect on large and small businesses due to this proposed revision.

**EMERGENCY RULES**  
**DEPARTMENT OF**  
**SOCIAL AND HEALTH SERVICES**  
**(General Provisions)**

[Order 2185—Filed January 2, 1985]

I, David A. Hogan, director of the Division of Administration and Personnel, do promulgate and adopt at Olympia, Washington, the annexed rules relating to license fees for radioactive materials, amending WAC 440-44-057.

I, David A. Hogan, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is because we are not empowered by state dollars to regulate this potential hazard to public health. Nonsupport from fees we are unable to license and regulate mineral processors which as a by-product accumulate low level radioactive waste material in excess of exempt amounts.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 43.20A-.055 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED January 2, 1985.

AMENDATORY SECTION (Amending Order PT 81-7, filed 2/11/81)

WAC 458-16-110 APPLICATIONS—WHO MUST FILE, FILING REQUIREMENT, APPLICATION FORMS, WHAT COVERED, FILING FEE, FINANCIAL STATEMENT, EVIDENCE OF TIMELY FILING. All foreign national governments, cemeteries, nongovernmental nonprofit corporations, organizations, and associations, and soil and water conservation districts seeking exemption from ad valorem property taxation under the provisions of chapter 84.36 RCW shall make application for exemption with the State of Washington Department of Revenue General Administration Building, Olympia, WA 98504.

(1) Initial applications (~~(renewal applications and annual recertification)~~) for exemption shall be filed on or before March 31 (~~(in the assessment year for which exemption is sought with the department of revenue. Applications received after March 31, but prior to December 31)~~) or within sixty days of the date of acquisition or conversion to an exempt use. Renewal applications and annual recertifications shall be filed on or before March 31.

Initial and renewal applications and recertifications received after the due date are subject to late filing penalties. The department of revenue shall allow a reasonable extension of time for filing upon written request filed on or before the required filing date and for good cause shown.

(a) Initial applications: ~~((An))~~ The original ~~((claim for property tax exemption by an organization))~~ application ~~(an organization files or an application by such organization for additional property not currently claimed for exemption.—Fee due.~~

(b) Renewal application: ~~((Additional property claims by an organization currently exempt and the fourth year renewal))~~ The claim for continued exemption filed every fourth year after the latest initial application.—Fee due.

(c) Recertifications: A certification on department of revenue forms, that the use and exempt status of the real and personal property ~~((owned))~~ claimed by the exempt organization has not changed.—No fee due.

All initial and renewal applications and recertifications for exemption shall be filed on forms prescribed by the department of revenue and shall be signed by an authorized agent. On or before January 1 of each ~~((assessment))~~ year the department shall mail the ~~((approved))~~ forms to each legal owner that was granted an exemption for the previous ~~((assessment))~~ year. Applications shall be available from ~~((any))~~ the department of revenue ~~((office))~~ or from ~~((any))~~ the county assessor's office. No property shall be granted an exempt status without the owner first filing for exemption, for the specific property for which exemption is sought ~~((and))~~. The filing shall be due regardless of whether ~~((or not))~~ the legal owner has received forms for exemption from the department.

To retain exempt status, applicants except nonprofit cemeteries must file a renewal application on or before March 31 of ~~((the))~~ every fourth year following the date of the initial application ~~(and on or before March 31 of every fourth year thereafter)~~. When an applicant previously granted exemption acquires or otherwise converts real property to exempt status, such applicant shall file ~~((a renewal))~~ an initial application within sixty days following the conversion of such real property to exempt status without penalty. Failure to file ~~((a renewal))~~ an initial application within sixty days of conversion of such real property to exempt status shall result in a late filing penalty. See WAC 458-16-111 for computation of penalty.

In the years renewal applications are not due, an applicant previously granted exemption shall annually file a recertification: PROVIDED, That when the annual filing has not been made by March 31, the ten dollars per month filing penalty will apply to the date the application is completed. ~~((When the))~~ Failure to file an annual claim ~~((has not been filed by December 31 the exemption will lapse))~~ will result in a taxable determination for current year taxes.

(2) The property covered by each application for property tax exemption ~~((or renewal thereof))~~ shall include all the real and personal property which is contiguous, and which is used as a homogeneous unit.

(a) The term "homogeneous unit" means property under the control of a single applicant, the operation and use of which is integrated with and directly related to the activity of the entity seeking exemption.

(b) The term "contiguous" means all property which is geographically one unit without separation except for separations caused by public streets and roads.

Examples:

A church owns a single piece of property upon which is constructed a church, parsonage, and elementary school. All three buildings are owned by the church and constitute a homogeneous unit in that they are integrated with and directly related to the activities of the church. This requires only one application because the property is geographically contiguous and is a homogeneous unit.

O corporation, the supervising entity of a nonprofit recognized religious denomination, holds title to five separate units in a county. The operation of each church unit is integrated with the activity of and supervised by O. To properly apply for an exemption for these five church units O would be required to file a separate application for each church unit as they are geographically separate.

No application shall be acted upon until complete. To be complete ~~((all filing fees and penalties for late filing must be paid, the legal description must be provided, and the use of the property must be identified))~~ an applicant must have on file with the department of revenue copies of their articles of incorporation and all amendments and a copy of their current bylaws. All initial applications must be accompanied by an accurate map identifying by dimension the use or proposed use of all areas including building sites, parking, landscaping, and vacant areas from which an accurate determination for exemption or a segregation for partial exemption can be made. Legal descriptions and county parcel numbers must also be provided. The department of revenue will not act on any application until all fees and penalties have been submitted.

Organizations claiming exemption under RCW 84.36.030 through ~~((84.36.060))~~ 84.36.480 are required to provide financial information to the department of revenue upon request.

Property leased may be claimed by the lessor or lessee, provided the lessee has permission of the lessor to claim exemption. Property claimed by the lessee must be specifically identified by owner and location of the property. Claims for leased property must be accompanied by a complete copy of the lease agreement.

The department of revenue shall have access to all books and records necessary to determine if the requirements for exemption have been complied with. The department of revenue shall have the authority to request additional information relevant to the claim for exemption as the department deems necessary.

AMENDATORY SECTION (Amending Order PT 81-7, filed 2/11/81)

WAC 458-16-111 FILING FEES, PENALTIES AND REFUNDS. Filing fee:

The filing fee of \$35.00 shall be collected before the department of revenue considers either an initial or renewal application (as defined in WAC 458-16-110) for property tax exemption.

Late penalties:

A late filing penalty of \$10.00 per month or portion of a month shall be collected before the department of revenue will consider any claim for property tax exemption when the completed claim is not filed by the due date. ~~((A claim will not be considered complete until an application identifying all of the property is filed with all fees and penalties that may be due. The due date is March 31 of the assessment year unless the property is purchased or converted to an exempt use in which case the due date shall be sixty days after the conversion/acquisition date:))~~ Late filing penalties are computed from the date the filing should have been made to the date the claim was received. The department will allow a two-week period in writing when notifying applicants of late filing penalties needed. Applicants not completing the application in the period allowed, must be assessed late filing penalties to the date all fees are received. Applications for current and previous years' taxes may be accepted if the applicant provides proof the property was used for exempt purposes and the initial filing fees and late filing penalties are submitted for the period the application for exemption should have been filed to the date the application is completed.

Refunds:

Fees and penalties will be refunded if:

(1) A duplicate claim for the same property is filed by the same legal owner for the same ~~((assessment))~~ year.

(2) A claim is improperly received by the department of revenue and it has no authority to consider it. (Example: Claim filed by government entity.)

(3) A request for withdrawal of the application for exemption is received in writing prior to the department issuing a determination. The request shall include a signed statement clearly withdrawing the claim for exemption. The person requesting the withdrawal must be the same person who signed the application or another person authorized by the legal owner.

The department of revenue has no authority to refund fees or penalties after a determination is issued.

As required by RCW 84.36.855, real property which is transferred or converted by an exempt body to taxable ownership or use or which is no longer exempt for any reason shall be subject to a prorata portion of taxes allocable to that property for the remaining portion of that year, after the date of the execution of the instrument of sale, contract or exchange, or the conversion to a taxable use or the date the property is no longer exempt as provided in RCW 84.40.350 through 84.40.390. Real property exempted pursuant to RCW 84.36.030, 84.36.037, 84.36.040, 84.36.050 and 84.36.060 is also subject to the provisions of RCW 84.36.810.

When any property owner determined to be, or could be, exempt under chapter 84.36 RCW acquires ownership of real property which was in other ownership as of January 1 or converts real property from a taxable to an exempt use must apply for and provide proof that under the specific RCW section and appropriate WAC, the property is entitled to exemption or continued exemption from time of transfer or conversion. ~~((Organizations seeking exemption under the provisions of this rule shall, within 60 days of conversion to an exempt use, make application to the department of revenue, or shall make a request for an extension of time, in writing, prior to the expiration of the 60 day period. If the extension is requested for good cause, therein the department may grant an extension.~~

~~If filed after the expiration of the 60 day period a late filing penalty shall be imposed pursuant to WAC 458-16-111 and RCW 84.36.825.))~~

When organizations acquire or convert real property to an exempt use, the property will upon approval of the application for exemption, be entitled to a cancellation or refund of the taxes or the prorata portion of taxes payable for the remaining portion of the year from the date of acquisition or conversion plus exemption for the following year. If the taxes have been paid or if the timing of granting the exemption requires it, the department of revenue will reconvene the June session of the county board of equalization, under the provisions of RCW 84.56.400, in order to cancel the taxes and/or to institute a refund as provided in chapter 84.69 RCW.

**AMENDATORY SECTION** (Amending Order PT 83-5, filed 9/14/83)

WAC 458-16-150 CESSATION OF USE—TAXES COLLECTIBLE. Upon cessation of any use exempted under RCW 84.36.030, 84.36.037, 84.36.040, 84.36.050 and 84.36.060, the taxes that would have been paid had the property not been exempt during the three years preceding, or for the life of the exemption, if such be less than three years, shall be collectible.

If the property has been exempt for more than ten years the rollback will not be implemented.

The property owner, county assessor, or any other public official having information or knowledge of any change in use, including lease or rental of all or a part of such properties, which may constitute cessation of use, shall notify the department of any such changes in use which may be brought to their attention. The department shall notify the current property owner, and the legal owner previously granted exemption, of the reported change in use and shall examine the property to determine if the reported change has taken place. The property owner shall have 30 days from the time of notification by the department to submit any information which may be relevant to the question of changing use.

The department shall determine, upon the information supplied by the assessor or the public official, the property owner, or from the inspection of the property, whether such a cessation of use as warrants the rollback has occurred.

The county treasurer, upon notification from the department of revenue, shall compute the taxes payable, together with interest, at the same rate and computed in the same manner as that upon delinquent property taxes. The tax shall be distributed by the county treasurer in the same manner as ~~((the current years))~~ taxes ~~((are))~~ were distributed for those years that taxes would have been paid if the property had not been exempt. The interest shall be placed in the county current expense fund. If such a cessation of use involves a portion of the total property, the taxes collectible shall attach to only that portion affected. The rollback will be implemented only upon transfer of the property or when 51% or more of the property has ceased to qualify for exemption. The percentage of nonqualifying use will be determined separately for the land and improvements.

If the cessation of use resulted solely from one of the six conditions identified as (3)(a) through (f) in RCW 84.36.810, the provisions of this section shall not apply.

Lease or rental of all or part of such properties may constitute a cessation of use and knowledgeable authorities should report same to the department of revenue.

"Relocation of the activity" means the use of another location or site for the same activity that was carried on at the original site to the extent that it is a new location or site, or it is an existing site whose facilities have expanded to accommodate the relocated activity.

Property exempted for an intended use, but never put to such use will be subject to a rollback for the life of the exemption when sold or put to a disqualifying use, or when it is determined the intended use will not be achieved.

**AMENDATORY SECTION** (Amending Order PT 83-5, filed 9/14/83)

WAC 458-16-210 NONPROFIT, NONSECTARIAN ORGANIZATIONS. (1) The real and personal property owned by nonsectarian organizations is exempt from taxation, provided that: ~~((+))~~ (a) The organization is nonprofit and is organized and conducted primarily for nonsectarian purposes, ~~((+))~~ (b) the property is ~~((society))~~ used ~~((, or to the extent used,))~~ for character-building, benevolent, protective or rehabilitative social services directed at persons of all ages, and ~~((+))~~ (c) if these organizations were not conducting these activities the government would provide this service.

These are the primary uses and the word "fraternal" is not among them, therefore, organizations whose main function is fraternal would not qualify under this section.

This exemption extends to property of nonprofit, nonsectarian organizations which are used for benevolent, protective or rehabilitative social services and those which are actually related to those purposes. If any portion of the property of the organization is used for commercial rather than nonsectarian purposes, that portion must be segregated and taxed. Thrift store operations, restricted to the sale of "donated merchandise" will not jeopardize the exemption if the claimant can verify the proceeds are directed to an exempt purpose.

Organizations claiming exemption on property used to provide short-term emergency shelter to homeless persons will upon request provide complete financial information regarding the claimed property, and will also provide the policy used in screening clients, the maximum term of stay, the fee schedule and the number of persons housed.

(2) The loan or rental of the property does not subject the property to tax if (a) the rents and donations received for the use of the portion of the property are reasonable and do not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented, and (b) the property would be exempt from tax if owned by the organization to which it is loaned or rented. (RCW 84.36.805) Maintenance and operating expenses means those items of rental expense as allowed and defined in the federal Internal Revenue Code as amended prior to January 1, 1983.

(3) Programs provided under a personal service contract will not jeopardize the exemption if the following conditions are met:

(a) The contract is written to clearly reflect all receipts and expenses are to be administered by the exempt organization.

(b) The financial records of the exempt organization will identify all receipts and expenses of the programs.

(c) The program is compatible and consistent with the purposes of the exempt organization.

(d) A summary of all receipts and expenses of the program will be provided to the department upon request.

Programs provided under a personal service contract, whereby the contractor will reimburse the organization for expenses pertaining to the program will be viewed as a rental agreement between the exempt organization and an individual or for profit user and will subject that portion of property to tax.

(4) The use of the property for fund-raising activities does not subject the property to tax if the fund-raising activities are consistent with the purposes for which exemption is granted.

AMENDATORY SECTION (Amending Order PT 77-2, filed 5/23/77)

((The rental or lease of such property shall not nullify this exemption, provided:

(1) The rental is to another nonprofit church or a nonsectarian organization or association, nonprofit school or college exempt under chapter 84.36 RCW for use by the lessee for organized and supervised recreational activities and church purposes as related to such camp facilities;

(2) And the rental income is devoted solely to the operation and maintenance of the property:)) (1) The loan or rental of the property does not subject the property to tax if (a) the rents and donations received for the use of the portion of the property are reasonable and do not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented; and (b) the property would be exempt from tax if owned by the organization to which it is loaned or rented. (RCW 84.36.805) Maintenance and operating expenses means those items of rental expense as allowed and defined in the federal Internal Revenue Code as amended prior to January 1, 1983.

(2) Programs provided under a personal service contract will not jeopardize the exemption if the following conditions are met:

(a) The contract is written to clearly reflect all receipts and expenses are to be administered by the exempt organization.

(b) The financial records of the exempt organization will identify all receipts and expenses of the programs.

(c) The program is compatible and consistent with the purposes of the exempt organization.

(d) A summary of all receipts and expenses of the program will be provided to the department upon request.

Programs provided under a personal service contract, whereby the contractor will reimburse the organization for expenses pertaining to the program will be viewed as a rental agreement between the exempt organization and an individual or for profit user and will subject that portion of property to tax.

(3) The use of the property for fund-raising activities does not subject the property to tax if the fund-raising activities are consistent with the purposes for which exemption is granted.

It shall be the burden of the organization owning the property to insure that the lessee abides by the terms of the statute under which the exemption is obtained and provide evidence of compliance upon request.

AMENDATORY SECTION (Amending Order 154, filed 4/28/80)

WAC 360-36-010 UNIFORM CONTROLLED SUBSTANCES ACT. (1) Consistent with the concept of uniformity where possible with the federal regulations for controlled substances (21 CFR), the federal regulations are specifically made applicable to registrants in this state by virtue of RCW 69.50.306. Although those regulations are automatically applicable to registrants in this state, the board is nevertheless adopting as its own regulations the existing regulations of the federal government published in the code of federal regulations revised as of April 1, 1979, and all references made therein to the director or the secretary shall have reference to the board of pharmacy, and the following sections are not applicable: Section 1301.11-13, section 1301.31, section 1301.43-57, section 1303, section 1308.41-48, and section 1316.31-67. The following specific rules shall take precedence over the federal rules adopted herein by reference, and therefore any inconsistencies shall be resolved in favor of the following specific rules.

(2) Registrations under chapter 69.50 RCW shall be for an annual period with the registration period ending on a date to coincide with those license renewal dates as found in rules promulgated under chapter 18.64 RCW. ~~((The registration fee shall be as follows:~~

- ~~(a) \$30.00 for a dispensing registration (i.e., pharmacies);~~
- ~~(b) \$25.00 for the annual renewal for dispensing (i.e., pharmacies);~~
- ~~(c) \$50.00 for registration for distributors (i.e., wholesalers);~~
- ~~(d) \$50.00 for the annual renewal for distributors (i.e., wholesalers);~~
- ~~(e) \$50.00 for a registration for manufacturers;~~
- ~~(f) \$50.00 for the annual renewal for manufacturers;~~
- ~~(g) \$15.00 for application for physician's assistant;~~
- ~~(h) \$10.00 for the annual renewal for physician's assistant;~~
- ~~(i) \$15.00 for application for limited registration to obtain sodium pentobarbital for animal euthanasia;~~
- ~~(j) \$10.00 for annual renewal of limited sodium pentobarbital registration.))~~

(3) A separate registration is required for each ~~((principle))~~ principal place of business (as defined in section 1301.23) where controlled substances are manufactured, distributed or dispensed. Application for registration must be made on forms supplied by the pharmacy board, and all information called for thereon must be supplied unless the information is not applicable, in which case it must be indicated. An applicant for registration must hold the appropriate wholesaler, manufacturer or pharmacy license provided for in chapter 18.64 RCW.

(4) Every registrant shall be required to keep inventory records required by section 1304.04 (of the federal rules which have been adopted by reference by Rule 1) and must maintain said inventory records for a period of five years from the date of inventory. Such registrants are further required to keep a record of receipt and distribution of controlled substances. Such record shall include:

- (a) Invoices, orders, receipts, etc. showing the date, supplier and quantity of drug received, and the name of the drug;
- (b) Distribution records; i.e., invoices, etc. from wholesalers and manufacturers and prescriptions records for dispensers;
- (c) In the event of a loss by theft or destruction, two copies of DEA 106 (report of theft or loss of controlled substances) must be transmitted to the federal authorities and a copy must be sent to the board;
- (d) For transfers of controlled substances from one dispenser to another, a record of the transfer must be made at the time of transfer indicating the drug, quantity, date of transfer, who it was transferred to and from whom. Said record must be retained by both the transferee and the transferor. These transfers can only be made in emergencies pursuant to section 1307.11 (federal rules).

(5) The records must be maintained separately for Schedule II drugs. The records for Schedule III, IV and V drugs may be maintained either separately or in a form that is readily retrievable from the business records of the registrant. Prescription records will be deemed readily retrievable if the prescription has been stamped in red ink in the lower right hand corner with the letter "C" no less than one inch high, and said prescriptions are filed in a consecutively numbered prescription file which includes prescription and noncontrolled substances.

(6) A federal order form is required for each distribution of a Schedule I or II controlled substance, and said forms along with other records required to be kept must be made readily available to authorized employees of the board.

(7) Schedule II drugs require that a dispenser have a signed prescription in his possession prior to dispensing said drugs. An exception is permitted in an "emergency." An emergency exists when the immediate administration of the drug is necessary for proper treatment and no alternative treatment is available, and further, it is not possible for

the physician to provide a written prescription for the drug at that time. If a Schedule II drug is dispensed in an emergency, the practitioner must deliver a signed prescription to the dispenser within 72 hours, and further he must note on the prescription that it was filed on an emergency basis.

Small Business Economic Impact Statement: The department has reviewed the impact that the adoption of these rules would have on occupational therapists and occupational therapy assistants. The department finds that a small business economic impact statement is not required. Occupational therapists and occupational therapy assistants are classed in SIC Code 804, Offices of Other Health Care Practitioners. As such, they account for less than ten percent of the health practitioners in this area. Also, they are less than twenty percent of all industries. Finally, any impact that these proposed rules may have is intended to fall equally on all occupational therapists and occupational therapy assistants.

If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(6) The possession, use, addiction to, prescription for use, diversion, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, or violation of any drug law;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers or documents;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority; or

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding;

(9) Failure to comply with an order issued by the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Willful or repeated violations of rules established by any health agency or authority of the state or a political subdivision thereof;

(12) Practice beyond the scope of practice as defined by law;
