STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

Documents are arranged within each issue of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence within an issue's material.

2. PROPOSED, ADOPTED, AND EMERGENCY RULES OF STATE AGENCIES AND INSTITUTIONS OF HIGHER EDUCATION

The three types of rule-making actions taken under the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW) may be distinguished by the size and style of type in which they appear.

- (a) **Proposed rules** are those rules pending permanent adoption by an agency and are set forth in eight point type.
- (b) **Adopted rules** have been permanently adopted and are set forth in ten point type.
- (c) **Emergency rules** have been adopted on an emergency basis and are set forth in ten point oblique type.

3. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.04.058 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) ~~deleted material is ((lined out and bracketed between double parentheses))~~;
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

4. EXECUTIVE ORDERS, COURT RULES, NOTICES OF PUBLIC MEETINGS

Material contained in the Register other than rule-making actions taken under the APA or the HEAPA does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

5. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules take effect thirty days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed, but not advanced, and a delayed effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office and remain effective for a maximum of ninety days from that date.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

6. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in brackets [].

7. INDEX AND TABLES

A combined subject matter and agency index and a table of WAC sections affected may be found at the end of each issue.

WAC 132D-120-120 HEARING PROCEDURES BEFORE THE COLLEGE DISCIPLINARY COURT. (1) The college disciplinary court shall conduct a hearing within fourteen working days after disciplinary action has been referred to the court.

(2) Where a person is charged with an offense punishable by suspension, limited dismissal, or termination of his or her relationship with the institution, and where the person (a) waives the opportunity for an informal hearing, or (b) by his conduct (in the judgment of the hearing officer) makes it impossible to conduct an informal hearing, or (c) is dissatisfied with the results of the informal hearing; that person is entitled to a formal hearing conducted according to the provisions of RCW 28B.19.110 and the guidelines of this chapter. Where a formal hearing is neither required by law nor requested by the student or the

college, the matter may be resolved informally. Informal hearings before the college disciplinary court shall be conducted in any manner which will bring about a prompt, fair resolution of the issue.

(3) The college disciplinary court will hear and decide cases referred to it by the dean of administrative and student services or by appeal as specified in WAC 132D-120-090. The court shall prepare a written opinion which shall include findings of fact, conclusions, and recommendations.

(4) The student has a right to a fair and impartial hearing before the college disciplinary court on any charge of violating the rules of conduct. The student's failure to cooperate with the court's hearing procedures, however, shall not preclude the college disciplinary court from making its findings of fact, conclusions and recommendations.

(5) Written notice of the time and place of the hearing before the college disciplinary court shall be given to the student by personal service or certified mail. Such notice shall be afforded not less than ten (10) calendar days in advance of the hearing and shall be issued by the office of the dean of administrative and student services. The notice shall include:

(a) A statement of time, place and nature of the disciplinary proceedings; and

(b) A statement of the specific charges against him or her including reference to the particular sections of the rules of conduct involved; and

(c) To the extent known, a list of witnesses who will appear and a summary description of any documentary or other physical evidence that will be presented by the college at the hearing.

(6) The student shall be entitled to:

(a) hear and examine the evidence against him or her and be informed of the identity of its source; and

(b) present evidence in his or her own behalf and to cross-examine witnesses testifying on behalf of the college as to factual matters; and

(c) take depositions upon oral examination or written interrogatories. Discovery shall be done according to the rules of civil procedure or by a less formal method where all parties agree.

(7) The student may be represented by counsel of his or her choice at the disciplinary hearing. If the student elects to choose a duly licensed attorney admitted to practice in the state of Washington as counsel, notice thereof must be tendered by the student to the dean of administrative and student services at least five working days prior to the hearing.

(8) In all disciplinary proceedings, the college may be represented by a designee appointed by the dean of administrative and student services; that designee may then present the college's case against the student accused of violating the rules of conduct; provided, that in those cases in which the student elects to be represented by a licensed attorney, the dean of administrative and student services may elect to have the college represented by an assistant attorney general.

(9) The dean of administrative and student services shall designate a recorder to take notes during the hearing and to prepare a written summary of all evidence, facts, and testimony presented to the college disciplinary court during the course of the hearing. The proceedings of the hearing shall also be tape-recorded.

(10) The record in a formal hearing shall contain: (a) all documents, motions and intermediate rulings; and (b) evidence received and considered; and (c) a statement of matters officially noticed; and (d) questions and offers of proof, objections and rulings thereon.

(11) All records of disciplinary proceedings shall be maintained in the office of the dean of administrative and student services and shall be available only during the course of the disciplinary proceedings to the college disciplinary court, the student and his/her attorney, and any other college official designated by the president.

(12) Following the conclusion of the disciplinary proceeding, access to records of the case and hearing files will be limited to those designated by the college president.

(13) Proceedings of the college disciplinary court shall be presided over by a presiding officer as provided in WAC 132D-120-110 and -120.

(14) Following final disposition of the case and any appeals therefrom, the president may direct the destruction of any records of any disciplinary proceedings, provided that such destruction is in conformance with the requirements of Chapter 40.14 RCW.

(15) The time of the hearing may be advanced by the college disciplinary court at the request of the student or continued for good cause.

(16) Hearings conducted by the college disciplinary court generally will be held in closed session; provided, the accused student may request the hearing to be held in open session.

(17) If at any time during the conduct of a hearing visitors disrupt the proceedings, the presiding officer of the college disciplinary court may exclude such persons from the hearing room.

(18) Any student of the college attending the disciplinary court hearing who continues to disrupt the proceedings after the presiding officer has asked him/her to cease or to leave the hearing room, shall be subject to disciplinary action.

NEW SECTION

WAC 132D-120-130 EVIDENCE ADMISSIBLE IN HEARINGS. (1) Only those matters presented at the hearing, in the presence of the accused student, except where the student fails to attend after receipt of proper notice, will be considered in determining whether the college disciplinary court has sufficient cause to believe that the accused student is guilty of violating the rules he or she is charged with having violated. Hearsay evidence is admissible.

(2) The presiding officer of the college disciplinary court shall, in the course of presiding at the disciplinary hearing, give effect to the rules of privilege recognized by law and exclude incompetent, irrelevant, immaterial and unduly repetitious evidence.

(3) Evidence or testimony to be offered by or on behalf of the student in extenuation or mitigation shall not be presented or considered until all substantive evidence or testimony has been presented.

(a) That the college terminate the proceedings and exonerate the student; or

(b) That the college impose any of the disciplinary actions as provided in this chapter.

(2) Within seven working days of the conclusion of the hearing, the student will be provided with a copy of the court's findings of fact and conclusions regarding what occurred and whether the student did violate any rule or rules of the code of conduct. The court shall also advise the student of his or her right to present, within ten (10) calendar days, a written statement to the president of the college appealing the recommendation of the college disciplinary court.

NEW SECTION

WAC 132D-120-150 FINAL APPEAL. (1) Any student feeling aggrieved by the findings or conclusions of an appeal pursuant to WAC 132D-120-140 may appeal the same in writing by directing an appeal to the president within ten (10) calendar days following notification of the student of the action taken by the college disciplinary court. The president may, at his discretion, suspend any disciplinary action pending determination of the merits of the findings, conclusions and disciplinary actions imposed. In the consideration of such an appeal, the president shall base his findings and decision only on the official written record of the case and on any reports or recommendations of the college disciplinary court and the dean of administrative and student services.

NEW SECTION

WAC 132D-120-160 SUMMARY SUSPENSION PROCEEDINGS. (1) Ordinarily, disciplinary sanctions will be imposed only after the appropriate informal or formal hearing has taken place and after the student has, if he or she so chooses, exercised his or her right to appeal. However, if the dean of administrative and student services or his or her designee(s) has cause to believe that any student (a) has committed a felony; or (b) has violated any provision of this chapter; and (c) presents an imminent danger either to himself or herself, other persons on the college campus or to the educational process; that student shall be summarily suspended and shall be notified by certified and regular mail at the student's last known address, or shall be personally served. Summary suspension is appropriate only where (c) can be shown, either alone or in conjunction with (a) or (b).

(2) The notice shall be entitled "Notice of Summary Suspension Proceedings" and shall state: (a) the charges against the student including reference to the provisions of WAC 132D-120-050 or statutory law involved; and (b) that the student charged must appear before the dean of administrative and student services or his or her designee(s) at a time specified in the notice for a hearing. (2) The dean shall decide whether there is probable cause to believe that continued suspension is necessary and/or whether some other disciplinary action is appropriate.

NEW SECTION

WAC 132D-120-180 DECISION BY THE DEAN OF ADMINISTRATIVE AND STUDENT SERVICES. If the dean, following the summary suspension hearing, finds that there is probable cause to believe that: (1) the student against whom specific violations are alleged has committed one or more such violations and (2) summary suspension of that student is necessary for the safety of the student, other students or persons on college facilities, the educational process of the institution, or to restore order to the campus; and (3) such violation or violations constitute grounds for disciplinary action as provided for in WAC 132D-120-050; then the dean of administrative and student services may continue to enforce the suspension of the student from college and may impose any other disciplinary action appropriate.

(2) The student suspended pursuant to the authority of this rule shall be served a copy of the notice of suspension by personal service or by certified and regular mail at the student's last known address within three working days following the conclusion or the hearing with the dean of administrative and student services.

NEW SECTION

WAC 132D-120-210 APPEALS FROM SUMMARY SUSPENSION HEARING. (1) Any student aggrieved by an order issued at the summary suspension proceeding may appeal to the college disciplinary court. NEW SECTION

WAC 132D-120-230 STUDENT GRIEVANCES. The purpose of this section is to protect each student's freedom of expression in the classroom; to protect each student against improper disclosure of the students' views, beliefs and political associations; to protect each student from improper, arbitrary or capricious academic evaluation as evidenced by the student's final course grade; and to afford each student reasonable protection against arbitrary or capricious actions taken outside the classroom by other members of the college community.

Skagit Valley College is committed to protecting the rights and dignity of each individual in the campus community. Therefore, the college will not tolerate discrimination of any kind, at any level.

Further, it is the policy of Skagit Valley College to provide an environment in which students can work and study free from sexual harassment or sexual intimidation. Sexual harassment occurs in a context of unequal power and is a form of sexual discrimination. As such, it is a violation of Title VII of the 1964 Civil Rights Act and Title IX of the 1972 Education Amendments.

Sexual harassment of a student is defined as unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct when: (a) submission to the conduct is either explicitly or implicitly a term or condition of an individual's academic standing; and/or (b) submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or (c) such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive environment.

Reviser's note: The spelling error in the above section occurred in the copy filed by the agency and appears herein pursuant to the requirements of RCW 34.08.040.

NEW SECTION

WAC 132D-120-240 GRIEVANCES EXCLUDED FROM THIS SECTION. (1) A student may not use the provisions of this section as the basis for filing a grievance based on the outcome of summary or other disciplinary proceedings described in earlier sections of the student rights and responsibilities code.

(2) Federal and state laws, rules and regulations, in addition to policies, regulations and procedures adopted by the State Board for Community College Education or the board of trustees of Community College District No. 4 shall not be grievable matters.

NEW SECTION

WAC 132D-120-250 GRIEVANCE PROCEDURES—GENERALLY. If a student believes he or she has been unfairly treated by an officer of the college, faculty member or a member of the college staff, the student may pursue the matter on two levels. First, the student may follow an informal procedure. Second, if the informal procedure fails to satisfy the grievant, he or she may file an official grievance and request a hearing before the grievance review committee. The student may waive his or her right to have the matter resolved informally. In either case, the student must initiate proceedings with the college within twenty (20) days of the occurrence which gave rise to the grievance.

NEW SECTION

WAC 132D-120-260 INFORMAL GRIEVANCE PROCEDURE. (1) A student wishing to pursue an informal resolution to his or her grievance may first contact the Student Activities Office. That office will serve as a source of information and direction for grievants and shall advise students as to the most effective means of resolving their grievance. This service is optional.

(2) A student may instead, as a first step in the informal grievance procedure, contact the faculty or staff member with whom he or she has a grievance and attempt to resolve the matter through direct discussion.

(3) If direct discussion does not resolve the grievance to the student's satisfaction, the student shall take the matter to the faculty/staff member's immediate supervisor. The supervisor shall serve as a mediator and will attempt to resolve the matter promptly and fairly.

(4) If the efforts of the supervisor also fail to satisfy the grievant, the supervisor shall forward the complaint to the appropriate associate dean who shall, within three (3) working days, decide how best to resolve the grievance. The associate dean shall issue a written opinion.

(5) The student shall be notified of this decision and shall also be informed of his or her right to file a petition to have the grievance heard before the grievance review committee.

(6) The informal grievance procedure shall be completed in fifteen (15) working days unless all parties agree to more time.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears herein pursuant to the requirements of RCW 34.08.040.

NEW SECTION

WAC 132D-120-270 INFORMAL GRIEVANCE PROCEDURE—SEXUAL HARASSMENT AND SEX AND HANDICAPPED DISCRIMINATION. (1) Any student alleging a violation of Title IX of the Education Amendments of 1972 (Sex discrimination) or Section 504 of the Rehabilitation Act of 1973 (Handicapped Discrimination) shall, as a first step in the informal grievance procedure, contact the Title IX/Sec. 504 ombudsman. The student may contact the Student Activities Office for the name and location of the ombudsman.

(2) The ombudsman shall:

(a) provide information about informal and formal options within and outside the college.

(b) intervene, if requested by either party, in order to resolve the problem to the satisfaction of all.

(3) If the ombudsman is unable to resolve the grievance, the student may file an official grievance requesting a hearing before the grievance review committee and is entitled to all appeals beyond that committee.

(4) Consultations with the ombudsman shall be strictly confidential until the ombudsman begins to act as mediator.

NEW SECTION

WAC 132D-120-280 GRIEVANCE REVIEW COMMITTEE PROCEDURES. (1) Any grievance not resolved informally may be appealed to the Grievance Review Committee for a hearing. The grievant shall petition the committee by obtaining an official grievance form from the Student Activities Office. That petition shall be made within five (5) working days of the notice of decision in the informal proceedings.

(2) When a petition for review is filed, the student shall either (a) be assigned an advocate, or (b) waive his or her right to an advocate, or (c) notify the college of his or her retention of an attorney. Where the student is represented by an attorney, the college may be represented by an assistant attorney general.

(3) The student's completed official grievance form shall be distributed to all members of the grievance review committee.

(4) The registrar shall chair the grievance review committee and its members shall be chosen as follows:

(a) Two faculty members appointed by the executive dean of educational services; and

(b) Two students appointed by the president of the associated students of Skagit Valley College; and

(c) Two classified staff members appointed by the classified staff training committee.

(5) The grievance review committee may call any witnesses and hear any testimony needed to reach a prompt, fair resolution of the grievance. The proceedings before the committee shall not be considered a formal, trial-type hearing. However, where requested by the student and approved by the president, or where required by RCW 28B.19-110, a formal hearing (to be conducted in accordance with WAC 132D-120-120) may be granted.

(6) Within three (3) working days of the conclusion of the hearing, the committee shall issue a written recommendation. All parties shall receive a copy of this recommendation.

(7) In the case of instructional grievances, the committee's recommendations shall be sent to the executive dean of educational services. In all other cases, the committee's recommendations shall be forwarded to the dean of administrative and student services. The appropriate dean shall, within three (3) working days, accept, modify, or reject the recommendations of the grievance review committee.

(8) All parties shall be notified of the dean's decision within five (5) working days.

(1) Where the student is not satisfied by the dean's decision, he or she may appeal that decision to the president of the college provided that such appeal is made within five (5) working days of the student's receipt of notice of the decision. (2) The president will review the record of the case prepared by the committee together with any appeal statement and will deliver a written acceptance of the registrar's decision or directions as to what other course of action shall be taken, within ten (10) instructional days after receiving the appeal.

(2) This decision shall constitute final agency action by the college.

(3) A student who was granted a formal hearing by the president of the college and who feels aggrieved by the institution's final decision, may petition for judicial review of that decision according to the provisions of RCW 28B.19.150.

(4) For further review in sexual or handicapped discrimination cases, the grievant may send appeals or inquiries to:

(a) Regional Director, Office of Civil Rights, HEW; 29011-3rd Avenue, M.S. 510, Seattle, WA 98121;

(b) The Equal Opportunity Commission; 1321-2nd Avenue, Seattle, WA 98101;

(2) In the event the grievant or appellant fails to appear for any scheduled hearing without prior notification or evidence of extenuating circumstances, this shall be considered to constitute withdrawal of the grievance or appeal.

NEW SECTION

WAC 132D-140-010 USE OF COLLEGE FACILITIES. Community College District No. 4 serves Skagit, Island and San Juan Counties by providing continued educational opportunity for its citizens. In keeping with this general purpose, the college believes that facilities should be available for a variety of uses which are of benefit to the general public; provided, that such general uses do not interfere with the educational mission of the college. However, a state agency is under no obligation to make its public facilities available to the community for private purposes.

NEW SECTION

WAC 132D-140-020 LIMITATION OF USE TO SCHOOL ACTIVITIES. When allocating use of college facilities, top priority shall always be given to activities specifically related to the college's mission. No arrangements shall be made that may interfere with or operate to the detriment of, the college's own teaching, research, or public service programs. In particular, the college buildings, properties, and facilities—including those assigned to student programs—shall be used primarily for:

(1) The regularly established teaching, research, or public service activities of the college and its departments or related agencies.

(2) Cultural, educational, or recreational activities of the students, faculty or staff.

(3) Short courses, conferences, seminars, or similar events, conducted either in the public service or for the advancement of specific departmental professional interests, when arranged under the sponsorship of the college or its departments.

(4) Public events of a cultural or professional nature brought to the campus at the request of college departments or committees and presented with their active sponsorship and active participation.

(5) Activities or programs sponsored by educational institutions, by state or federal agencies, by charitable agencies or civic or community organizations whose activities are of widespread public service and of a character appropriate to the college.

(6) College facilities shall be assigned to student organizations for regular business meetings, social functions and for programs open to the public. Any recognized campus student organization may invite speakers from outside the college community. In conformance with state guidelines, the appearance of an invited speaker on campus does not represent an endorsement by the college, its students, faculty, administration, or the board of trustees, whether implicit or explicit, of the speaker's views.

(7) Reasonable conditions may be imposed to regulate the timeliness of requests, to determine the appropriateness of space assigned, time of use, and to insure the proper maintenance of the facilities. Subject to the same limitations, college facilities shall be made available for assignment to individuals or groups within the college community. Arrangements by both organizations and individuals must be made through the designated administrative officer. Allocation of space shall be made in accordance with college regulations and on the basis of time, space, priority of request and the demonstrated needs of the applicant.

(8) The college may restrict an individual's or a group's use of college facilities if that person or group has, in the past, physically abused college facilities. Charges may be imposed for damage or for any unusual costs for the use of facilities. The individual, group or organization requesting space will be required to state in advance the general purpose of any meeting. If any charge or collection of funds is contemplated, advance permission from the party giving authority for space allocations will be required.

NEW SECTION

WAC 132D-140-030 STATEMENT OF INTENTIONS. The college neither intends nor desires to compete with any local agency or private enterprise in making its facilities available to the community. Privately operated facilities exist which are well qualified to best meet many community needs. The college encourages the community to patronize local businesses or agencies. With this approach, the college hopes to work cooperatively with local private enterprise to the mutual benefit of all concerned.

NEW SECTION

WAC 132-140-040 GENERAL POLICIES LIMITING USE. (1) College facilities may not be used for purposes of political campaigning by or for candidates who have filed for public office except for student-sponsored activities or forums.

(2) Religious groups shall not, under any circumstances, use the college facilities as a permanent meeting place. Use shall be intermittent only.

(3) The college reserves the right to prohibit the use of college facilities by groups which restrict membership or participation in a manner inconsistent with the college's commitment to non-discrimination as set forth in its written policies and commitments.

(4) Activities of a political or commercial nature will not be approved if they involve the use of promotional signs or posters on buildings, trees, walls, or bulletin boards, or the distribution of samples outside the rooms or facilities to which access has been granted.

(5) These general policies shall apply to recognized student groups using college facilities.

(6) Handbills, leaflets, and similar materials except those which are commercial, obscene, or unlawful may be distributed only in designated areas on the campus where, and at times when, such distribution shall not interfere with the orderly administration of the college affairs or the free flow of traffic. Any distribution of materials as authorized by the designated administrative officer and regulated by established guidelines shall not be construed as support or approval of the content by the college community or the board of trustees.

(7) Use of audio amplifying equipment is permitted only in locations and at times that will not interfere with the normal conduct of college affairs as determined by the appropriate administrative officer.

(8) No person or group may use or enter onto college facilities having in their possession firearms, even if licensed to do so, except commissioned police officers as prescribed by law.

(9) The right of peaceful dissent within the college community shall be preserved. The college retains the right to insure the safety of individuals, the continuity of the educational process, and the protection of property. While peaceful dissent is acceptable, violence or disruptive behavior is an illegitimate means of dissent. Should any person, group or organization attempt to resolve differences by means of violence, the college and its officials need not negotiate while such methods are employed.

(10) Orderly picketing and other forms of peaceful dissent are protected activities on and about the college premises. However, interference with free passage through areas where members of the college community have a right to be, interference with ingress and egress to college facilities, interruption of classes, injury to persons, or damage to property exceeds permissible limits.

(11) Where college space is used for an authorized function (such as a class or a public or private meeting under approved sponsorship, administrative functions or service related activities), groups must obey or comply with directions of the designated administrative officer or individual in charge of the meeting.

(12) If a college facility abuts a public area or street, and if student activity, although on public property, unreasonably interferes with ingress and egress to college buildings, the college may choose to impose its own sanctions although remedies might be available through local law enforcement agencies.

WAC 132D-140-060 TRESPASS. (1) Individuals who are not students or members of the faculty or staff and who violate these regulations will be advised of the specific nature of the violation, and if they persist in the violation, they will be requested by the president, or his or her designee, to leave the college property. Such a request prohibits the entry of and withdraws the license or privilege to enter onto or remain upon any portion of the college facilities by the person or group of persons requested to leave. Such persons shall be subject to arrest under the provisions of Chapter 9A.52 RCW.

(2) Members of the college community (students, faculty, and staff) who do not comply with these regulations will be reported to the appropriate college office or agency for action in accord with established college policies.

(3) Persons who violate a district policy may have their license or privilege to be on district property revoked and be ordered to withdraw from and refrain from entering upon any district property. Remaining on or reentering district property after one's license or privilege to be on that property has been revoked shall constitute trespass and such individual shall be subject to arrest for criminal trespass.

Reviser's note: The spelling error in the above section occurred in the copy filed by the agency and appears herein pursuant to the requirements of RCW 34.08.040.

NEW SECTION

OFFICE OF THE GOVERNOR
[EO 88-07]

**OUTLINING THE GUIDELINES FOR THE
STATE BOARD FOR VOCATIONAL EDUCATION
SUPERSEDING EXECUTIVE ORDERS 87-05 and
87-06**

WHEREAS, there is a need to update Executive Orders 87-05 and 87-06 and incorporate the new changes as well as parts of the prior Orders into one new Executive Order for ease of usage,

NOW, THEREFORE, I, Booth Gardner, Governor of the State of Washington, by virtue of the power vested in me, do hereby order the following:

1. Establishment of the State Board for Vocational Education as the successor to the Commission for Vocational Education.

2. Board Membership:

The Board shall be composed of five members consisting of the Governor, the Superintendent of Public Instruction, the Director of the State Board for Community College Education, a representative of organized labor, and a representative of business. It is further provided that each Board member shall be able to appoint a designee to attend meetings and vote in his/her absence.

3. Board Terms:

The representatives from organized labor and business presently appointed shall serve until March 31, 1989. Thereafter, those positions shall be for three-year terms.

Other members shall be incumbents of the respective offices.

4. Administration:

The Board shall:

- a) serve as the sole state agency for receipt and allocation of the Federal Vocational Education Act funds in accordance with the federal section of an integrated state plan for vocational education and perform any other non-delegatable functions of the Federal Vocational Education Act. The State Board shall coordinate with the Superintendent of Public Instruction (SPI) and the State Board for Community College Education (SBCCE) on development of an integrated state plan for vocational education, with special emphasis on the federal section of such state plan. This responsibility should be delineated in a formal Memorandum of Understanding among the State Board for Vocational Education (SBVE), SPI and SBCCE. The Board shall exercise the specific responsibility of adopting the federal section of the State Plan for Vocational Education.
- b) serve as the administrator for the job skills program.
- c) serve as the administrator for the Private Vocational Schools Act.
- d) serve as the administrator for the Job Training Partnership Act 8% Education Coordination and Grants Program. This administration should include the active participation of the Board itself in setting priorities and determining grant awards to successful competing applicants, and be accomplished in a coordinated fashion with the Employment Security Department, Washington State Job Training Coordinating Council, Washington State Council on Vocational Education, Superintendent of Public Instruction, and the State Board for Community College Education.
- e) serve as the administrator for the veterans' program approval process for postsecondary vocational programs.
- f) continue and act upon all rules and pending business before the Commission for Vocational Education. Existing contracts and obligations shall remain in full force and shall be performed by this Board.

5. Staffing:

Two staff from the State Board shall be reassigned to SPI, to include a program specialist for sex equity, and one clerical position.

A vacant program specialist position and one clerical position shall be assigned to the SBCCE for the purpose of providing additional expertise in the areas of adult training and retraining, building industry-education partnerships and expanding programs to train workers in occupations needed to revitalize existing businesses or promote the establishment of new businesses.

The Executive Director of the agency shall proceed with the reorganization proposal reducing the number of division heads from five to three.

The Board shall continue to review the appropriate staffing as decisions are made with regard to Board responsibilities in the areas of marketing, data collection, and any other identified responsibilities established through Memoranda of Understanding with the intent to evaluate the staffing level against responsibilities and determine if further efficiencies can be accomplished or if responsibilities exceed the staffing level.

6. Union Representation:

The Washington Federation of State Employees will continue to represent employees of the State Board for Vocational Education in matters relating to their current union contract pursuant to the procedures of the Department of Personnel for conducting labor relations.

7. The Board shall establish an agenda and work plan to address on a case-by-case basis the following concerns:

- a) program duplication
- b) administrative duplication
- c) reduction of paperwork requirements and any requests for proposals by the State Board
- d) response to any audit criticism of program monitoring by the agency; and
- e) other specific examples of duplication, overlap or lack of coordination.

8. The Board will direct the development by staff in consultation with other interested parties of a marketing plan for vocational education services in Washington State. The Board will set, as its own agenda, how it can enhance its role as a leader and advocate for vocational education in Washington State within state government, general education, business and labor communities.

9. The Board will establish by Memorandum of Understanding among itself, SPI and the SBCCE the expectation and roles of all parties with regard to evaluation of vocational education programs. It is the intent of this recommendation that the Memorandum of Understanding will establish the role of the Board as reviewer for the evaluation process and methods and outcomes of the programs, and the delivery systems as the evaluators of individual programs.

10. The Board will establish by Memorandum of Understanding the appropriate role of the State Board in the development and use of the data collection that is occurring within the delivery systems. The Memorandum should specify that such information be made available to the State Board.

11. The Board will address, on a case-by-case basis for all programs where it receives funds and has the capability of exercising discretion, how the exercise of that discretion matches with the priorities established by the Board and by the Governor. This must be done in a public policy context that recognizes and respects the impact that the exercised discretion could have on existing resources. This discretion, as it relates to any Perkins

funds, would impact the state plan that would be recommended in June 1989. It would not impact any present formula or usage in the current plan.

12. This Order is effective immediately and shall supersede Executive Orders 87-05, and 87-06 which are repealed.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 20th day of September, A.D., nineteen hundred and eighty-eight.

NEW

WAC 132H-148-110 EQUAL EMPLOYMENT OPPORTUNITY/AFFIRMATIVE ACTION POLICY. Bellevue Community College is an equal opportunity employer committed to providing equal opportunity and nondiscrimination to applicants and employees without regard to race or ethnicity, creed, color, national origin, sex, marital status, sexual orientation, age, religion, the presence of any sensory, mental or physical disability or whether a disabled or Vietnam era veteran. The College is equally committed to take affirmative action to increase the numbers of Asians, Blacks, Hispanics, Native Americans, women, and persons between the ages of 40 and 70, persons of disability and disabled and Vietnam era veterans in positions where it is determined they are underutilized. The College will make every effort to eliminate barriers to equal employment opportunity encountered by these protected group members and improve employment opportunities available to underutilized groups. The following are specific goals within the policy: (1) The College will recruit, hire, train and promote individuals in all job classifications solely upon their qualifications and ability or potential ability to do the job, and shall consider race, religion, color, national origin, sex, age, physical, mental or sensory disability or whether a disabled veteran or a veteran of the Vietnam era only when such is a bona fide occupational qualification.

(2) All other personnel actions such as compensation, benefits, layoffs, return from layoffs, terminations, college-sponsored training, education, tuition assistance, social and recreational programs will be administered without regard to race, religion, color, national origin, sex, age, physical or sensory disability, sexual preference or whether a disabled veteran or a veteran of the Vietnam era.

(3) Numerical goals will be set in areas where protected classes are determined to be underutilized. The College will make every good faith effort to meet these goals within the timetables set for them.

EMERGENCY RULES
DEPARTMENT OF FISHERIES
[Order 88-120—Filed September 22, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to personal use rules.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is coho salmon are now available to be harvested in the Westport Boat Basin. It is in the public interest to harvest these fish as they are not needed for either natural or hatchery reproduction. There is insufficient time to follow permanent rule adoption procedures.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules:

DEPARTMENT OF FISHERIES
[Order 88-121—Filed September 22, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to personal use rules.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is large numbers of harvestable fall chinook are present in the Columbia River between McNary and Rocky Reach dams. It is in the public interest to harvest these fish. An increase in the bag limit will increase angler participation and catch per angler. There is insufficient time to follow the permanent rule adoption procedures.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

EMERGENCY RULES
DEPARTMENT OF FISHERIES
[Order 88-122—Filed September 22, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is openings in Areas 7 and 7A provide opportunity for reef net gear to harvest the non-Indian coho allocation by pre-season agreement. Restrictions in Area 7A provide protection for Puget Sound and Canadian chinook stocks. Openings in Area 7B provide opportunity to harvest non-Indian allocation of coho destined for the Nooksack-Samish region of origin. The in-season area restriction provides protection for Nooksack and Samish origin chinook. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks. There is inadequate time to follow the permanent rule adoption process.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

STATEMENT OF PURPOSE

Title: WAC 314-20-020 Beer labels—Certificate of label approval required—Labels and product samples to be submitted—Analysis fee.

Description of Purpose: The price of the chemical analysis is being lowered to conform with the cost adopted by the board on August 23, 1988, and effective September 23, 1988, for the similar wine analysis program.

Statutory Authority: RCW 66.08.030 and 66.28.110.

Statutes Implemented by the Rule: RCW 66.28.110 and 66.28.120.

Summary of Rules and Reasons Supporting Proposed Action: In a public hearing on July 6, 1988, the board approved a rule change which, along with other amendments, raised the analysis fee to \$32.00. The effective date of this rule was August 6, 1988. Since the rule went into effect, the board, based on public testimony, changed the analysis fee for wine from \$5.00 to \$15.00. In order to have the analysis fees of both beer and wine consistent and equal, the board is reducing the fee for beer analysis to \$15.00 effective September 23, 1988, the date the \$15.00 fee becomes effective for wine.

Agency Personnel Involved: In addition to the board, the following agency personnel have responsibility for drafting, implementing and enforcing these rules: Janice Lee Britt, Supervisor, Manufacturers, Importers and Wholesalers Division, Capital Plaza Building, Olympia, WA 98504-2531, phone (206) 753-6273.

Person or Organization Proposing Rule: The Washington State Liquor Control Board.

Agency Comments: None.

Necessity of Rule: Not made necessary as a result of federal law or federal or state court action.

Small Business Economic Impact Statement: There will be a positive cost impact for this rule to the liquor industry. Since August 6, 1988, the fee required has been \$32.00. By lowering the fee to \$15.00, the beer industry will save \$17.00 on each product submitted for analysis.

LIQUOR CONTROL BOARD

[Order 267, Resolution No. 276—Filed September 23, 1988]

Be it resolved by the Washington State Liquor Control Board, acting at the Offices of the Liquor Control Board, Capital Plaza Building, 1025 East Union Avenue, Olympia, WA 98504-2531, that it does adopt the annexed rules relating to Beer labels—Certificate of label approval required—Labels and product samples to be submitted—Analysis fee, WAC 314-20-020.

We, the Washington State Liquor Control Board, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is in order to keep the public adequately informed, and to remain consistent in the administration of this title, and because there is not time to complete the permanent rule-making process so as to have an effective date of September 23, 1988, an emergency is declared. The effective date of this emergency rule shall be September 23, 1988, in order to make beer sample analysis fees consistent with the wine sample analysis fees.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated under the general rule-making authority of the Washington State Liquor Control Board as authorized in RCW 66.08.030.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW), and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

DEPARTMENT OF FISHERIES
[Order 88-123—Filed September 23, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is openings in Area 6D provide opportunity to harvest non-Indian allocation of Strait of Juan de Fuca origin coho and to prevent wastage; net length restriction in Area 6D is necessary to maintain an orderly fishery. Opening in Areas 7 and 7A provide opportunity for reef net gear to harvest the non-Indian coho allocation by preseason agreement. Restrictions in Area 7A provide protection for Puget Sound and Canadian chinook stocks. Openings in Area 7B provide opportunity to harvest non-Indian allocation of coho destined for the Nooksack-Samish region of origin and to prevent wastage. The in-season area restriction provides protection for Nooksack-Samish origin chinook. Openings in

Area 8D provide opportunity to harvest non-Indian allocation of Stillaguamish-Snohomish origin coho. Openings in Areas 10 and 11 provide opportunity to harvest non-Indian allocation of south sound coho; the area restriction has been agreed by the state and Puget Sound tribes to reduce harvest impacts on local coho stocks and to facilitate south sound coho harvest adjustment agreements. Openings in Area 12A provide opportunity to harvest non-Indian allocation of coho stocks destined for the Quilcene National Fish Hatchery. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks. There is inadequate time to follow the permanent rule adoption.

AMENDATORY SECTION (Amending Order 74-2, filed 6/24/74)

WAC 458-20-115 SALES OF PACKING MATERIALS AND CONTAINERS. (1) Definitions. The term "packing materials" means and includes all boxes, crates, bottles, cans, bags, drums, cartons, wrapping papers, cellophane, twines, gummed tapes, wire, bands, excelsior, waste paper, and all other materials in which tangible personal property may be contained or protected within a container, for transportation or delivery to a purchaser.

~~((Sales of packing materials to persons who sell tangible personal property contained therein or protected thereby are sales for resale and are not subject to the retail sales tax if title thereto passes with the goods contained therein:~~

~~Sales of containers to persons who sell tangible personal property therein, but who retain title to such containers which are to be returned, are sales for consumption. The retail sales tax or the use tax must be paid upon the sale or use thereof.))~~ (2) Business and occupation tax.

(a) Sales of packing materials to persons who sell tangible personal property contained therein or protected thereby are sales for resale and subject to tax under the wholesaling classification.

(b) Sales of containers to persons who sell tangible personal property therein, but who retain title to such containers which are to be returned, are sales for consumption and subject to tax under the retailing classification. This class includes wooden or metal bottle cases, barrels, gas tanks, carboys, drums, bags and other items, when title thereto remains in the seller of the tangible personal property contained therein, and even though a deposit is not made for the containers, and when such articles are customarily returned to ((him)) the seller. If a charge is made against a customer for the container, with the understanding that such charge will be cancelled or rebated when the container is returned, the amount charged is deemed to be made as security for the return of the container and is not part of the selling price for tax purposes.

(c) Title to containers for beverages and food sold at retail, including beer, milk, soft drinks, mixers and the like, will be deemed to pass to the customer along with the contents. In such cases, amounts charged for the containers are part of the selling price and subject to retailing ((business)) tax. ((However, the retail sales tax does not apply to sales of returnable food and beverage containers and vendors may take a deduction from gross retail sales for the amount of such sales in reporting sales tax due, providing (1) the seller separately states the charge for the container and (2) the separately stated charge is the amount the vendor will pay for a repurchase of the container. Return of the containers is a repurchase by the vendor and sales tax is not due on amounts paid to the customer on such repurchases, since the vendor will resell the containers in the regular course of his business.))

(d) Sales of packing materials to persons engaged in the business of custom or commercial packing are sales for consumption and are subject to the retail sales tax.

~~((No deduction is allowed in computing tax under the retail sales tax classification where the retail sales tax is collected from the customer upon the charge for the container:~~

~~Revised June 24, 1974.))~~

(3) Retail sales tax.

(a) All sales taxable under the retailing classification of the business and occupation tax as indicated in subsection (2) of this section are also subject to retail sales tax except those specifically distinguished hereafter in this subsection.

(b) Retail sales tax does not apply to sales of returnable food and beverage containers, and vendors may take a deduction from gross retail sales for the amount of such sales in reporting sales tax due, providing (i) the seller separately states the charge for the container and (ii) the separately stated charge is the amount the vendor will pay for a repurchase of the container. Return of the containers is a repurchase by the vendor, and sales tax is not due on amounts paid to the customer on such repurchases, since the vendor will resell the containers in the regular course of his business. (RCW 82.08.0282.)

(c) No deduction is allowed in computing tax under the retail sales tax classification where the retail sales tax is collected from the customer upon the charge for the container.

(d) Sales of packing materials to cooperative marketing associations, agents, or independent contractors for the purpose of packing fresh perishable horticultural products for the growers thereof, are not subject to retail sales tax. See also WAC 458-20-214 (3) and (4).

(4) Use tax. The use tax applies to uses of packing materials and containers to which retail sales tax would apply as indicated in subsection (3) of this section but, for some reason, was not paid at the time such materials and containers were acquired.

Effective July 1, 1974.

AMENDATORY SECTION (Amending Order ET 83-16, filed 3/15/83)

WAC 458-20-166 HOTELS, MOTELS, BOARDING HOUSES, ROOMING HOUSES, RESORTS, SUMMER CAMPS, TRAILER CAMPS, ETC. (1) DEFINITIONS.

(a) A hotel, motel, boarding house, rooming house, apartment hotel, resort lodge, auto or tourist camp, and bunkhouse, as used in this ruling, includes all establishments which are held out to the public as an inn, hotel, public lodging house, or place where sleeping accommodations may be obtained, whether with or without meals or facilities for preparing ((the same)) meals.

(i) The foregoing ((does)) terms do not include establishments in the business of renting real estate, such as apartments, nor ((does it)) do these terms include hospitals, sanitariums, nursing homes, rest homes, and similar institutions. Further, the ((foregoing does)) terms do not include private lodging houses, dormitories, bunkhouses, etc., operated by or on behalf of business and industrial firms solely for the accommodation of employees of such

firms, and which are not held out to the public as a place where sleeping accommodations may be obtained.

(ii) The terms do not include guest ranches or summer camps which, in addition to supplying meals and lodging, offer special recreation facilities and instruction in sports, boating, riding, outdoor living, etc.

(b) A "boarding house", as used in this ((~~rule~~)) section, is an establishment selling meals on the average to five or more persons, exclusive of members of the immediate family. Where meals are furnished to less than five persons, exclusive of members of the immediate family, the establishment will not be considered as engaging in the business of operating a boarding house.

(c) A "trailer camp" as used in this ((~~rule~~)) section is an establishment making a charge for the rental of space to transients for locating or parking house trailers, campers, mobile homes, tents and the like which provide sleeping or living accommodations for the occupants. Additional charges for utility services will be deemed part of the charge made for the rental.

(d) The term "transient" as used in this section means: Any guest, resident, or other occupant to whom lodging and other services are furnished under a license to use real property and who does not continuously occupy the premises for a period of one month. Any such occupant who remains in continuous occupancy for more than one month, shall be deemed a transient as to the first month of occupancy, unless such occupant has contracted in advance to remain one month. A person who has contracted in advance and does remain in continuous occupancy for one month, will be deemed a nontransient from the start of the occupancy.

(2) It will be presumed that the ((~~above~~)) establishments first defined above are conferring a license to use real estate, as distinguished from a rental of real estate, where the occupant is a transient. Conversely, where the occupant who receives lodging is or has become a nontransient, it will be conclusively presumed that the occupancy is under a rental or lease of real property.

~~((Where lodging is furnished a transient, as that term is hereinafter defined, the charge therefor is subject to the retail sales tax and to the business and occupation tax under the retailing classification. Where the lodging is furnished a nontransient, the transaction is deemed a rental of real estate and is exempt from tax.~~

~~The term "transient" as used in this rule means: Any guest, resident, or other occupant to whom lodging and other services are furnished under a license to use real property and who does not continuously occupy the premises for a period of one month. Where such occupant remains in continuous occupancy for more than one month, he shall be deemed a transient as to his first month of occupancy, unless he has contracted in advance to remain one month. In cases where such person has so contracted in advance and does so remain in continuous occupancy for one month, he will be deemed a nontransient from the start of his occupancy.~~

~~An occupant does not become entitled to a refund of retail sales tax paid for lodging as a transient by reason of having remained one month and having thereby qualified as a nontransient.~~

~~The tax liability of hotels, motels, boarding houses, rooming houses, resorts, summer camps, trailer camps, etc., is as follows:))~~

(3) BUSINESS AND OCCUPATION TAX. The tax liability of hotels, motels, boarding houses, rooming houses, resorts, summer camps, trailer camps, etc., is as follows:

(a) RETAILING. Amounts derived from the charge made to transients for the furnishing of lodging; charges for such services as the rental of radio and television sets and the rental of rooms, space and facilities not for lodging, such as ballrooms, display rooms, meeting rooms, etc., and including automobile parking or storage; also amounts derived from the sale of tangible personal property at retail are taxable under this classification. See "retail sales tax" below for a more detailed explanation of the charges included herein as retailing.

(b) SERVICE AND OTHER BUSINESS ACTIVITIES. Taxable under this classification are amounts derived from the rental of sleeping accommodations by private lodging houses, and by dormitories, bunkhouses, etc., operated by or on behalf of business and industrial firms and which are not held out to the public as a place where sleeping accommodations may be obtained; commissions received from acting as a laundry agent for guests (see WAC 458-20-165) and commissions received for the use of telephone facilities. Summer camps, guest ranches and similar establishments making an unsegregated charge for meals, lodging, instruction and the use of recreational facilities must report the gross income from such charges under this classification. This classification is also applicable to gross income from charges for the use of coin operated laundry facilities when such facilities are situated in an apartment house, hotel, motel, rooming house or trailer camp for the exclusive use of the tenants. (See WAC 458-20-165 for information regarding the tax liability of laundry services generally.)

(c) Charges for lodging and related services described above are subject to tax even though they may be denominated or characterized as membership fees or dues.

(d) Where lodging is furnished to a nontransient, the transaction is deemed a rental of real estate which is exempt of B&O tax (RCW 82.04.390).

(4) RETAIL SALES TAX. All sales and rentals of tangible personal property by ((~~such~~)) the persons defined in this section are subject to the retail sales tax.

(a) The charge made for the furnishing of lodging and other services to transients is subject to the retail sales tax. Included is the charge made by a trailer camp for the furnishing of space and other facilities. Charges for automobile parking and storage are also subject to the retail sales tax.

(b) An occupant does not become entitled to a refund of retail sales tax paid for lodging as a transient by reason of having remained one month and having thereby qualified as a nontransient.

(c) Effective July 1, 1988, there is an exemption from the retail sales tax, convention and trade center tax, and the special hotel/motel tax on the charge made for the furnishing of emergency lodging to homeless persons purchased via a shelter voucher program administered by cities, towns, and counties or private organizations that provide emergency food and shelter services.

(d) Except as to guest ranches and summer camps as described herein, when a lump sum is charged for lodging to nontransients and for meals furnished, the retail sales tax must nevertheless be paid upon the fair selling price of such meals, and unless accounts are kept showing such fair selling price, the tax will be computed upon double the cost of the meals served; and the cost shall include the price paid for food and drinks served, the cost of preparing and serving meals, and all other costs incidental thereto, including an appropriate portion of overhead expenses. The retail sales tax is not applicable to charges for the use of coin operated laundry facilities when such facilities are situated in an apartment house, hotel, motel, rooming house or trailer camp for the exclusive use of the tenants.

(e) All sales of tangible personal property to such persons, except such property as is to be resold as tangible personal property are subject to the retail sales tax. EMERGENCY RULES

DEPARTMENT OF FISHERIES

[Order 88-125—Filed September 27, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is openings in Area 6D provide opportunity to harvest non-Indian allocation of Strait of Juan de Fuca origin coho and to prevent wastage; net length restriction in Area 6D is necessary to maintain an orderly fishery. Openings in Area 7B provide opportunity to harvest non-Indian allocation of coho destined for the Nooksack-Samish region of origin and to prevent wastage. The in-season area restriction provide protection for Nooksack-Samish origin chinook. Openings in Area 8D provide opportunity to harvest non-Indian allocation of Stillaguamish-Snohomish origin coho. Openings in Areas 10 and 11 provide opportunity to harvest non-Indian allocation of south sound coho; the area restriction has been agreed by the state and Puget Sound tribes to reduce harvest impacts on local coho stocks and facilitate south sound coho harvest adjustment agreements. Openings in Area 12A provide opportunity to harvest non-Indian allocation of coho stocks destined for the Quilcene National Fish Hatchery. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks. There is inadequate time to follow the permanent rule adoption process.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

DEPARTMENT OF FISHERIES

[Order 88-126—Filed September 27, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to personal use rules.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is tribal test fisheries show that chinook have sufficiently cleared this portion of the Duwamish River such that an early opportunity for personal harvest of coho salmon is available. DEPARTMENT OF FISHERIES

[Order 88-127—Filed September 27, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is these regulations are adopted pursuant to the decision of the September 27, 1988, Columbia River Compact. Run size estimates for Columbia River salmon stocks indicate that harvestable numbers of chinook are available in the area between John Day Dam and McNary Dam. Action to open a treaty test fishery has to be taken immediately in order to evaluate the ability of the tribal fishery to catch these fish while protecting steelhead, and there is not adequate time to follow the permanent rule adoption procedures.

Johnson, Deputy Commissioner, (206) 753-2406, both of whom have their offices in the Insurance Building, AQ-21, Olympia, Washington 98504.

The rules are proposed by Dick Marquardt, the insurance commissioner, a state public official.

The rules are not necessary as the result of federal law or federal or state court action.

AMENDATORY SECTION (Amending Order R-68-6, filed 8/23/68, effective 9/23/68)

WAC 284-02-010 AUTHORITY OF INSURANCE COMMISSIONER. (1) The office generally. The position of insurance commissioner was established by the legislature as an independent, elective office in 1907. The insurance commissioner's powers are set forth in chapter 48.02 RCW. To carry out the task of enforcing the insurance code the commissioner may make rules and regulations governing activities under the insurance code consistent therewith; ~~((he))~~ may conduct investigations to determine whether any person has violated any provision of the code, including formal hearings; ~~((he))~~ may take action against an insurance company, fraternal benefit society, health maintenance organization, and a health care service contractor by revocation or suspension of its certificate of authority or certificate of registration; ~~((he))~~ may fine insurance companies, fraternal benefit societies, health care service contractors, and health maintenance organizations; and ~~((he))~~ may revoke or suspend the licenses of insurance agents, brokers, solicitors or adjusters or fine them. In ~~((the))~~ ~~(of any disciplinary action he))~~ addition, the commissioner may issue a cease and desist order pursuant to the general enforcement powers granted ((to him)) by RCW ((48.04.080)) 48.02.080, or pursuant to that section, ((he)) the commissioner may bring an action in court to enjoin ((some act conducted by an individual licensed by his office)) violations of the insurance code.

(2) Duties and responsibilities imposed by Title 48 RCW.

(a) ~~((Title 48 RCW embraces the insurance code proper, which is defined by RCW 48.01.010 to include chapters 48.01 to 48.36 and 48.48 RCW. Chapters 48.01 to 48.36 RCW))~~ The insurance code is found at Title 48 of the Revised Code of Washington. It deals largely with the commissioner's regulation of insurance companies, insurance agents, brokers, solicitors, and adjusters ~~((although he also licenses and examines insurance rating organizations and examining bureaus)).~~

~~((b))~~ Chapter ~~((48.36 RCW, relating to))~~ 48.36A RCW regulates fraternal societies ~~((while contained in the insurance code proper, establishes separate licensing examination and regulatory provisions for such societies. The offering of burial insurance by fraternal, benevolent associations and labor unions is, however, exempt from the operation of the insurance code by virtue of RCW 48.40.090 and 24.16.120)).~~ Agents of fraternal benefit societies are subject to the licensing requirements of chapter 48.17 RCW. Fraternal benefit societies are subject to the provisions of chapter 48.30 RCW relating to unfair trade practices, and RCW 48.36A.360 sets forth the penalties for violation of the fraternal benefit society chapter.

~~((c))~~ Chapter 48.48 RCW is the chapter governing the state fire marshal's office. The insurance commissioner is, by virtue of RCW 48.48.010, made ex officio state fire marshal. The description of that office's organization and operations is contained in WAC 212-02-010.

(d) The two remaining chapters presently in Title 48 RCW which are not part of the insurance code are chapter 48.44 RCW, which regulates health care service contractors as defined therein, and chapter 48.52 RCW, which regulates employee welfare trust funds as defined therein; Chapter 48.41, entitled "Health Insurance Coverage Access Act," provides a mechanism to assure the availability of comprehensive health insurance coverage to residents of Washington who are denied adequate health insurance coverage.

Chapter 48.44 RCW regulates health care service contractors and chapter 48.46 RCW regulates health maintenance organizations, as defined therein. The regulatory powers of the insurance commissioner over health care service contractors and ((employee welfare trusts are not as extensive as his powers with organizations and individuals subject to the insurance code proper)) health maintenance organizations are similar to those over commercial insurers.

((fe)) (b) The insurance code contains a number of substantive provisions which relate to the rights of policyholders in general and which are enforced for their benefit by the insurance commissioner. Those, for the most part, are contained in chapter 48.18 RCW, which is entitled "The ((a)) insurance contract," and chapter 48.30 RCW, entitled "Unfair practices and frauds." Additional substantive provisions ((-however;)) are contained in chapters of the insurance code dealing with specific lines of insurance. For example, certain standard provisions are required to be placed in a disability insurance contract ((-See)) (chapter 48.20 RCW). Similarly, substantive provisions appear in chapter 48.21 RCW, entitled "Group and blanket disability insurance," chapter 48.23 RCW, entitled "Life insurance and annuities," chapter 48.24 RCW, entitled "Group life and annuities," chapter 48.22 RCW, entitled "Casualty insurance," ((and)) chapter 48.34 RCW, entitled "Credit life insurance and credit accident and health insurance," chapter 48.56 RCW, entitled "Insurance Premium Finance Company Act," chapter 48.66, entitled "Medicare Supplemental Health Insurance Act," and chapter 48.84, entitled "Long-term Care Insurance Act."

(3) Additional duties of the insurance commissioner. The state insurance commissioner ((is, by statute, made a member of a number of boards and commissions in addition to his regular duties. See RCW 41.40.030, 43.43.140, 43.35.010 and 41.32.040. In addition to these responsibilities he)) has been assigned the special duty of preparing annuity tables for calculation of the reserve fund in cases of death or permanent disability under the Workmen's Compensation Act ((-See)) (RCW 51.44.070). ((He)) The commissioner must also publish for use of the state courts and appraisers, tables showing the average expectancy of life, and values of annuities and life and term estates ((-)) (RCW 48.02.160((-))).

AMENDATORY SECTION (Amending Order R-68-6, filed 8/23/68, effective 9/23/68)

WAC 284-02-020 ORGANIZATION AND OPERATIONS.

((1) Administrative. The insurance commissioner is the head of an agency generally referred to as the insurance commissioner's office, and as such is the chief administrative officer. He has a chief deputy who is given the same powers as are granted to the insurance commissioner himself.

(2) Examination division:

(a) The examination division is headed by a chief examiner and is divided into two sections, insurance and employee welfare trusts.

(b) The insurance section conducts examinations of each domestic company licensed in the state of Washington at least once every three years. It examines each rating organization and examining bureau licensed in this state not less than once every five years. It may examine each advisory organization and each joint underwriting or joint reinsurance group association organization as often as the commissioner deems advisable. In the case of nondomestic insurance companies the commissioner may accept a full report of the latest examination, certified by the insurance supervisory official of the state of domicile or of entry. Frequently examiners from the Washington insurance commissioner's office participate in examination of nondomestic insurance companies under a participating arrangement of the National Association of Insurance Commissioners.

(c) The employee welfare trust fund section conducts examination of employee health and welfare funds and trusts and profit-sharing and pension trusts at least once every five years. An employee welfare trust fund is defined by RCW 48.52.010 to mean "any fund established for employees of one or more employers for providing employees, their families or dependents medical or hospital care, disability benefits, death benefits, retirement benefits, annuity benefits, health care services, or any insurance benefits, whether such benefits or services are to be paid directly from such fund or interest therefrom, or paid under contracts entered into by the trustees of the fund with an insurer or health care service contractor."

(d) Examinations by the insurance commissioner's office include analyses of the various operating accounts, physical inspection of assets, examination of records and files relating to assets and liabilities,

policies and practices, surveys of the systems of internal control, accounting procedures, and determination of the financial condition as of the close of the period under examination. Close attention is paid to ascertain whether the business is conducted in conformity with the laws and regulations relating to insurance and employee welfare trusts, and with the charters and bylaws adopted by the governing board of the organization. Insurance examiners work from a manual guide prepared, and continually updated, by a committee of the National Association of Insurance Commissioners. Detailed auditing of vouchers and other records is performed only to the extent necessary for verification of assets and liabilities.

(e) Reports of examination are furnished to the organization, which then has no less than 10 days to request a hearing for the purpose of considering objections to that report. A report may not be made public until after such hearing and until such modifications deemed necessary by the commissioner have been made. Assuming no further action is to be taken, the commissioner may then make the examination report a public document, though he may withhold the report from public inspection if it is in the public interest to do so, pursuant to RCW 48.03.050.

(3) Policyholder complaints. Claims deputies located in offices of the insurance commissioner in Olympia, Seattle, Spokane and Yakima handle written and oral complaints by policyholders against their insurers. Additionally, once a month commissioner's deputies are available in Wenatchee, Kennewick and Vancouver to hear policyholder complaints. These sessions are announced in advance by the press in those areas. Assistance in connection with complaints against insurers is rendered by the insurance commissioner pursuant to his authority to enforce the various provisions of the insurance code and to take disciplinary action against an insurance company, pursuant to RCW 48-05.140. One of the grounds for the insurance commissioner to take disciplinary action against an insurer pursuant to that statute is if the insurer "usually compels claimants under policies either to accept less than the amount due them or to bring suit against it to secure full payment of the amount due." (RCW 48.05.140(4)). The policyholder complaint section maintains a file on complaints against individual insurers and health care service contractors. The policyholder complaint section deals with contractual relations between an insurer and its insureds. It does not, except in connection with specific statutory violations or unusual situations, have jurisdiction in disputes between a third party and the insurer of another party. These latter disputes are considered matters for the courts to resolve.

(4) Licensing division. The licensing division issues the licenses to individuals, partnerships and corporate firms acting as insurance agents, brokers, solicitors and adjusters.

(5) Company division:

(a) Oversees admission of insurance companies, health care service contractors.

(b) Approves proxy statements of domestic stock companies pursuant to RCW 48.08.090 and commissioner's Regulation 246 (chapter 284-28 WAC).

(c) Supervises insider trading law (RCW 48.08.100 - 48.08.170).

(d) Handles certification of official documents; approval of company names.

(6) Actuarial, rates and forms divisions. These divisions of the insurance commissioner's office approve policy forms, other than surety bond forms and wet marine forms, as well as application forms, policy riders and endorsements, etc., pursuant to RCW 48.18.100, and may disapprove such forms pursuant to grounds set forth in RCW 48.18.110. They also approve rates for property, surety and casualty insurance (chapter 48.19 RCW), and title insurers (RCW 48.29.140). The standard for qualifying rates of property, surety, casualty and title insurers is that the rates shall not be excessive, inadequate, or unfairly discriminatory. See RCW 48.19.020. In addition, these divisions of the insurance commissioner's office may disapprove rates for disability insurance pursuant to RCW 48.18.110, and for credit life and disability insurance pursuant to RCW 48.34.100, where the rates charged are not reasonable in relation to the benefits conferred. Prima facie acceptable rates have been established for credit life and credit disability insurance in a regulation promulgated by the insurance commissioner's office.

(7) Legal and investigative division. A full-time assistant attorney general is assigned to the insurance commissioner's office to render legal advice, to represent the commissioner in disciplinary hearings and court cases, and to draft legislation and regulations. A full-time investigator is employed to investigate complaints against insurance agents

and insurance companies for possible disciplinary action against them. For procedures, see Hearings, WAC 284-02-070, infra.

(8) Tax and accounting division. The taxation of both domestic and foreign insurance companies is a function imposed on the insurance commissioner's office. Insurance companies are taxed on their gross premiums in this state, pursuant to RCW 48.14.020. This premium tax for all insurers, except title insurers, is in lieu of all other taxes except taxes on real and tangible personal property and excise taxes on the sale, purchase or use of such property. Title insurers are not taxed, pursuant to chapter 48.14 RCW, and fraternal societies are exempt from all taxation, pursuant to RCW 48.36.320. Surplus line insurers are taxed, pursuant to the provisions of RCW 48.15.120. Health care service contractors are not currently subject to taxation by the insurance commissioner. At the present time the premiums of domestic insurers are taxed at 1 percent. Premiums of foreign and alien insurers are taxed at 2 percent, except that, under the retaliatory provisions of RCW 48.14.040 the premium tax applicable to a foreign or alien insurer is the rate charged a Washington incorporated insurer by its state of incorporation, if this rate exceeds 2 percent. The taxation and accounting division also collects and accounts for fees paid by insurance companies, health care service contractors, insurance agents, brokers, etc. Fees charged by the insurance commissioner's office are listed in a fee schedule contained in RCW 48.14.010. The retaliatory provision, RCW 48.14.040, also operates with respect to fees charged by the insurance commissioner.

(9) Insurance advisory examining board. An insurance advisory examining board was created pursuant to chapter 150, Laws of 1967, § 14. The board has power to recommend general policy concerning the scope, content, procedure and conduct of examinations to be given for licenses as insurance agents, brokers or solicitors. The board is composed of seven members, including the commissioner who acts as ex officio chairman. Three of these members must be engaged in the life or disability fields, and the remaining three in other insurance fields.) The insurance commissioner is the head of an agency generally referred to as the insurance commissioner's office, and as such is its chief administrative officer. The commissioner's office consists of three major divisions: Administrative, company supervision, and consumer protection. The commissioner may appoint a chief deputy commissioner who has the same powers as are granted to the commissioner. The commissioner may appoint additional deputy commissioners for such purposes as he may designate (RCW 48.02.090).

(1) Administrative division.

(a) Licensing and continuing education. Licenses are issued to individuals, partnerships, and corporations to act as insurance agents, brokers, solicitors, and adjusters. Continuing education and licensing renewal requirements are the responsibility of this division and the content of continuing education programs is supervised by it.

(b) Taxes, fees, and accounting responsibilities. Taxes and fees imposed by the insurance code are collected and processed by the commissioner.

(i) Both domestic and foreign insurers are taxed on gross premium, pursuant to RCW 48.14.020. Fraternal benefit societies and title insurers are not taxed, as provided in chapters 48.36A and 48.14 RCW, respectively. Surplus line insurance is taxed pursuant to the provisions of RCW 48.15.120. Health care service contractors and health maintenance organizations are not taxed. The current rate of taxation is stated at RCW 48.14.020. Under the retaliatory provisions of RCW 48.14.040, if the laws of another state or country impose any taxes, fees, or other obligations in excess of the rate charged a Washington domestic insurer, a like rate or obligation may be imposed by the commissioner.

(ii) Fees paid by insurers (RCW 48.14.010), health care service contractors (RCW 48.44.040), health maintenance organizations (RCW 48.46.140), and agents, brokers, solicitors, and adjusters (chapter 48.17 RCW) are also collected by the accounting division.

(2) Company supervision division. The deputy commissioner for company supervision supervises admission of all insurers and examines their financial condition and adequacy of their forms and rates.

(a) Admissions of companies. Admission of insurance companies, fraternal benefit societies, health care service contractors, and health maintenance organizations is administered by the company supervision division. Additionally the commissioner, through this division, approves proxy statements of domestic stock companies (RCW 48.08.090), supervises the insider trading law (RCW 48.08.100 through 48.08.170), handles certification of official documents, and approves company names.

(b) Examinations (financial and market conduct). Examination of authorized insurers is regulated by chapter 48.03 RCW. Each domestic insurer and each rating organization and examining bureau licensed in this state is examined as often as the commissioner deems advisable but at least once in every five years. Examinations of advisory organizations and underwriting or reinsurance groups are performed as often as the commissioner deems appropriate. The commissioner may accept the last recent examination of nondomestic insurers. Examiners analyze the insurers' various accounts, records, and files to determine the financial condition of the company and to ascertain whether business is being conducted in conformity with the insurance code and its regulations. Reports of examinations are furnished to the organization, which then has ten days to request a hearing to consider objections to the report. Once the hearing has been held and modifications deemed necessary have been made, the report may then be made public; although the commissioner may withhold the report if it is in the public interest to do so (RCW 48.03.050).

(c) Rates and forms review. The company supervision division approves forms for policies, applications, policy riders, and endorsements (RCW 48.18.110), and may disapprove such forms pursuant to grounds set forth in RCW 48.18.110. Rates for property, surety, and casualty insurance (chapter 48.19 RCW), and title insurance (RCW 48.29.140) are also approved by this division. Rates may not be excessive, inadequate, or unfairly discriminatory (RCW 28.19.020). Additionally, the insurance commissioner may disapprove rates for disability insurance (RCW 48.18.110), for credit insurance (RCW 48.34.100), and long-term care insurance (RCW 48.84.030), when the rates charged are not reasonable in relation to the benefits conferred. Prima facie acceptable rates have been established for credit insurance (WAC 284-34-010).

(3) Consumer protection division. The deputies in the consumer protection division act as consumer advocates by rendering assistance to consumers who make complaints against insurers. In addition, this division drafts changes to, and interprets issues relative to, the insurance code and its regulations, performs special consumer advocacy functions relating to education of senior citizens, and investigates licensees to insure compliance with the insurance laws and rules of this state. This division has primary responsibility for the conduct of hearings, the procedural matters preliminary thereto, and the preservation of hearing records.

(a) Consumer assistance. Claim deputies, currently located in offices of the insurance commissioner in Olympia, Seattle, Spokane, Tacoma and Yakima, handle written and oral inquiries and complaints from policyholders and claimants. Assistance is rendered by the commissioner pursuant to authority to enforce the various provisions of the insurance code, including RCW 48.02.060, 48.02.080, and 48.02.160, and based on authority to take disciplinary action against an insurance company and other licensees. While the consumer protection division provides assistance to members of the public and tries to resolve complaints concerning insurers and licensees, some matters will involve disputed facts or laws and will have to be resolved in court or arbitration proceedings. The commissioner is not a substitute for the courts.

(b) Regulations and statutes. The consumer protection division evaluates existing statutes and rules, proposes additional legislation, drafts new insurance regulations, and assists in the enforcement of laws and regulations.

(c) Special programs. To help senior consumers find their way through the sometimes confusing maze of state, federal, and private insurance options available to citizens over age sixty, the insurance commissioner sponsors the senior health insurance benefit advisors (SHIBA) program. SHIBA volunteers throughout the state act as unpaid advisors to other seniors in the community, answer basic health insurance questions, and refer people to the proper governmental agency to find solutions to their insurance problems.

(d) Investigation and enforcement. Members of the consumer protection division investigate activities of licensees and companies to determine whether corrective action or disciplinary proceedings are needed, and institute proceedings leading to fines, license revocations or suspensions, as appropriate.

(4) Legal assistance from the attorney general. Assistant attorneys general are assigned as needed to the insurance commissioner's office to render legal advice, to represent the commissioner in disciplinary hearings and court cases, and to assist in the drafting of legislation and regulations.

(5) Insurance advisory examining board. An insurance advisory examining board, made up of seven Washington insurance agents or brokers who have been licensed in this state for at least five years, has the

power to recommend general policy concerning the scope, content, procedure, and conduct of examinations to be given for licenses as insurance agents, brokers, or solicitors (RCW 48.17.135).

AMENDATORY SECTION (Amending Order R-68-6, filed 8/23/68, effective 9/23/68)

WAC 284-02-030 OBTAINING SERVICE OF PROCESS OVER FOREIGN AND ALIEN INSURERS. Although domestic insurers are served with legal process personally, the insurance commissioner is the party on whom service of process should be made on all foreign and alien insurers, whether authorized to transact business in this state or not. The exact procedures are set forth in the applicable statutes. Service of process against authorized foreign and alien insurers, other than surplus line insurers, must be made pursuant to RCW 48.05.200 and 48.05.210. RCW 48.05.220 specifies ~~((where))~~ the proper venue ~~((is))~~ for such actions. Service of process against surplus line insurers can be made on the commissioner, pursuant to the procedures set forth in RCW 48.05.215 and 48.15.150. (A surplus lines insurer markets coverage which cannot be procured in the ordinary market from authorized insurers.) Service of process against other unauthorized insurers may be made on the commissioner, pursuant to the procedures set forth in RCW 48.05.215.

AMENDATORY SECTION (Amending Order R-68-6, filed 8/23/68, effective 9/23/68)

WAC 284-02-070 HEARINGS OF THE INSURANCE COMMISSIONER. (1) Hearings of the insurance commissioner's office are conducted according to ~~((the Administrative Procedure Act (chapter 34.04 RCW), and))~~ chapter 48.04 RCW and the Administrative Procedure Act. Under RCW 48.04.010 the commissioner is required to hold a hearing upon demand by any person aggrieved by any act, threatened act, or failure of the commissioner to act, if such failure is deemed an act under the code, or by any report, promulgation, or order of the commissioner other than an order on a hearing of which such person was given actual notice or at which such person appeared as a party, or order pursuant to the order on such hearing. Requests for hearings must be made in writing, must specify how the person making the demand has been aggrieved by the ~~((office of insurance))~~ commissioner, and the demand must specify the grounds to be relied upon as the basis for the relief sought.

(2) ~~((Contested cases-))~~ Adjudicative proceedings.

(a) Provisions specifically relating to disciplinary action taken against insurance agents, brokers, solicitors, or adjusters are contained in RCW 48.17.530, 48.17.540, 48.17.550, and 48.17.560. The hearing will be recorded by any method chosen by the presiding officer. Except as required by law, the commissioner's office is not required, at its expense, to prepare a transcript. Any party, at the party's expense, may cause a reporter approved by the commissioner to prepare a transcript from the agency's record, or cause additional recordings to be made during the hearing if, in the opinion of the presiding officer, the making of the additional recording does not cause distraction or disruption. If appeal from the commissioner's order is made to the superior court, the recording of the hearing will be transcribed, and certified to the court. The commissioner allows any person affected by the hearing to be present during the giving of all testimony and will allow ~~((him))~~ the aggrieved person a reasonable opportunity to inspect all documentary evidence, to examine witnesses and to present evidence in support of

~~((his))~~ that person's interest. Any person heard must make full disclosure of the facts pertinent to the inquiry. ~~((The foregoing is provided by chapter 34.04 RCW.))~~

(c) Unless a person aggrieved by an order of the commissioner demands a hearing thereon within ~~((90))~~ ninety days after receiving notice of such order, or in the case of licensees, within ninety days after the commissioner has mailed the order to the licensee at the most recent address shown in the commissioner's licensing records, the right to such a hearing shall conclusively be deemed to have been waived ~~((:))~~ (RCW 48.04.010(3)).

(d) The commissioner must hold any hearing demanded within ~~((30))~~ thirty days after receipt of the demand, unless postponed by mutual consent.

(3) Rule-making hearings. I, Mary Faulk, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public

interest. A statement of the facts constituting the emergency is emergency UCC standardized filing forms and procedures must reflect the federal liens provisions effective July 1, 1988, while the Department of Licensing refines what it proposes to adopt as permanent UCC standardized filing forms and procedures.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 62A.9-409, 60.11.040, 60.13.040 and chapter 60.68 RCW as amended by chapter 73, Laws of 1988, and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED September 28, 1988.

I, Brian J. Boyle, Commissioner of Public Lands, do promulgate and adopt at Olympia, Washington, the annexed rules relating to the emergency closure of forest lands protected by the Department of Natural Resources in Eastern Washington.

I, Brian J. Boyle, find that an emergency exists and that this order is necessary for the preservation of the

STATEMENT OF PURPOSE

Title: WAC 314-12-090 Managers required—Exceptions.

Description of Purpose: To clarify requirements for managers of nonretail licensees and to require, upon board request, definite hours during which a nonretail licensee's manager will be available for contact and the licensed premises open for inspection.

Statutory Authority: RCW 66.08.030, 66.08.130 and 66.08.140.

Statutes Implemented by the Rule: RCW 66.08.030.

Summary of Rules and Reasons Supporting Proposed Action: At the present time many nonretail licensees have no set office hours and are continuously unavailable for contact at their licensed premises. This keeps board officers from being able to contact the licensee or their employee to provide education, serve papers, inspect the premises, etc. The amendment, as proposed, would allow the board to require that managers of nonretail licensees be available at the licensed premises during hours registered with and approved by the board.

Agency Personnel Involved: In addition to the board, the following agency personnel have responsibility for drafting, implementing and enforcing these rules: Janice

Lee Britt, Supervisor, Manufacturers, Importers and Wholesalers Division, Capital Plaza Building, Olympia, Washington 98504-2531, phone (206) 753-6273.

Person or Organization Proposing Rule: The Washington State Liquor Control Board.

Agency Comments: None.

Necessity of Rule: Not made necessary as a result of federal law or federal or state court action.

Small Business Economic Impact Statement: The cost impact for this rule should be minimal. The licensee would need to send a letter to the board informing them of the office hours of their manager when requested to do so by the board.

AMENDATORY SECTION (Amending Order 186, Resolution No. 195, filed 5/28/86)

WAC 314-12-090 MANAGERS REQUIRED—EXCEPTIONS.
(1) All businesses licensed under chapter 66.24 RCW shall appoint a manager, such manager to be approved in writing by the board. Provided, however, that this requirement does not apply to those businesses in which the licensee is a sole proprietor or partnership and the sole proprietor, partner or partners are regularly available on the premises engaged in the management of the licensed business.

(2) No change shall be made in the management of any licensed business until written consent of the board has been obtained.

(3) The board may require that managers of nonretail premises be available at the licensed premises at hours registered with and approved by the board.

This rule is promulgated pursuant to RCW 42.17.370(1) and is intended to administratively implement that statute.

EMERGENCY RULES

DEPARTMENT OF FISHERIES

[Order 88-128—Filed September 29, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is this change in the regulation is necessary to reduce the anticipated overharvest of yellowtail rockfish. The best available information presented at the September 21-22, 1988, meeting of the Pacific Fisheries Management Council indicates that landings, if not further curtailed, will exceed the harvest guideline for the *Sebastes* Complex by 1,100 MT and the ABC for yellowtail rockfish by almost 2,300 MT by the end of the year. Elimination of the once per week frequency limit

was deemed necessary to reduce wastage of sablefish caused by excessive discard at sea, and to assure complete harvest of the 6,000 MT coast-wide quota for trawl caught sablefish. There is insufficient time to follow the permanent rule adoption process.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED September 29, 1988.

NEW SECTION

WAC 220-44-05000S **COASTAL BOTTOMFISH CATCH LIMITS.** Notwithstanding the provisions of WAC 220-44-050, effective 12:01 A.M. October 5, 1988, until further notice it is unlawful to possess, transport through the waters of the state, or land in any Washington State port bottomfish taken for commercial purposes from Coastal Marine Fish-Shellfish Management and Catch Reporting Areas 58B, 59A, 59B,, 60A, 61, 62, or 63 in excess of the amounts or less than the minimum sizes shown below for the species indicated:

(1) *Widow Rockfish (Sebastes entomelas)* – 30,000 pounds per vessel trip per calendar week, defined as Wednesday through the following Tuesday. It is unlawful for any vessel to make more than one landing in excess of 3,000 pounds per calendar week.

(2) *Shortbelly rockfish (Sebastes jordani)* and *Idiot Rockfish (Sebastes spp.)* – no maximum poundage per vessel trip; no minimum size.

(3) *Pacific ocean perch (Sebastes alutus)* – No restrictions on landing up to 1,000 pounds per vessel trip. Landings above 1,000 pounds allowed only if Pacific Ocean perch represent 20 per cent or less of total weight of fish on board. Under no circumstances may a vessel land more than 5,000 pounds of Pacific Ocean perch in any one vessel trip.

(4) All other species of rockfish (*Sebastes spp.*) – 25,000 pounds of all other species combined per vessel trip per calendar week, defined as Wednesday through the following Tuesday, of which no more than 7,500 pounds may be yellowtail rockfish (*Sebastes flavidus*) except that a fisherman having made a 1988 declaration of intent, may make either one landing of no more than 50,000 pounds of all other species combined per vessel trip biweekly, defined as Wednesday through the second Tuesday following of which no more than 15,000 pounds may be yellowtail rockfish or two landings of not more than 12,500 pounds of all other species in any one calendar week of which no more than 3,750 pounds in any one landing may be yellowtail rockfish. All previous declaration forms have expired and it is unlawful for any

vessel to make other than one vessel trip per week unless a new declaration form has been completed as provided for in this subsection. The 1988 declaration of intent to make other than one vessel trip per week must be mailed or delivered to the Department of Fisheries, 115 General Administration Building Olympia, Wa., 98504, and must be received prior to the beginning of such fishing. The declaration of intent must contain the name and address of the fishermen, the name and registration number of the vessel, the date on which such fishing for other species of rockfish will commence and must be signed and dated by the fisherman. The fisherman may return to the one vessel trip per calendar week fishing by filing a declaration of intent to stop fishing other than once weekly on other species of rockfish with the department in the above manner. The declaration to stop such fishing for other species of land other species of rockfish twice weekly has been made. The date of first landing will determine the beginning of biweekly periodicity. Biweekly periodicity will restart after any landing that occurs more than four calendar weeks after the immediate prior landing. A calendar week is defined as Wednesday through the following Tuesday.

(b) Sablefish -

(a) Trawl Vessels - Effective 12:01 a.m. October 5, 1988, no more than 2,000 pounds (round weight) of sablefish caught with trawl gear may be taken and retained, or landed per vessel per fishing trip. No restriction on the number of trips during a calendar week. (To convert to round weight from dressed weight, multiply dressed weight by 1.75). A calendar week is defined as Wednesday through the following Tuesday.

(b) Non-trawl vessels - unlawful to land sablefish after August 25, 1988.

(6) It is unlawful during unloading of the catch and prior to its being weighed or leaving the unloading facility to intermix with any other species a species or category of bottomfish having a vessel trip limit.

(7) For purposes of this section, a vessel trip is defined as having occurred upon the initiation of transfer of catch from the fishing vessel, and all fish aboard the vessel are considered part of the vessel trip limit at the initiation of transfer of catch.

Reviser's note: The typographical errors in the above section occurred in the copy filed by the agency and appear herein pursuant to the requirements of RCW 34.08.040.

EMERGENCY RULES

DEPARTMENT OF FISHERIES

[Order 88-129—Filed September 29, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to personal use rules.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is stream flows are relatively good and chinook returns to Willapa Bay are very good. Escapement goals are expected to be met. Coho are already returning in good numbers to several stations, particularly Willapa Hatchery. In order to maximize recreational opportunity and harvest in several Willapa Bay tributaries retention and area restrictions should be relaxed. There is insufficient time to follow the permanent rule adoption process.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

EMERGENCY RULES
DEPARTMENT OF FISHERIES
[Order 88-132—Filed September 30, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting

the emergency is opening in Area 6D provides opportunity to harvest non-Indian allocation of Strait of Juan de Fuca origin coho and to prevent wastage; net length restriction in Area 6D is necessary to maintain orderly fishery. Opening in Areas 7 and 7A provide opportunity for reef net gear to harvest the non-Indian coho allocation by preseason agreement. Openings in Area 7B provide opportunity to harvest non-Indian allocation of coho destined for the Nooksack-Samish region of origin and to prevent wastage. Openings in Areas 8A and 8D provide opportunity to harvest non-Indian allocation of Stillaguamish-Snomish origin coho. Openings in Areas 10 and 11 provide opportunity to harvest non-Indian allocation of south sound coho and to attempt to balance shares prior to 1989; the area restriction has been agreed by the state and Puget Sound tribes to reduce harvest impacts on local coho stocks and to facilitate south sound coho harvest adjustment agreements. Openings in Area 9A provide opportunity to harvest non-Indian allocation of Hood Canal hatchery origin coho stocks. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks. There is inadequate time to follow the permanent rule adoption process.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

AMENDATORY SECTION (Amending Order 85-18, filed 10/28/85)

WAC 173-304-430 SURFACE IMPOUNDMENT STANDARDS. (1) Applicability.

(a) These standards are applicable to solid wastes that are liquids or sludges containing free liquids as defined in WAC 173-304-100 and applicable under WAC 173-304-015(2) and are stored or treated in surface impoundments;

(b) These standards are also applicable to sludges and septage stored or treated in surface impoundments; and

(c) These standards are not applicable to:

(i) Surface impoundments whose facilities and discharges are otherwise regulated under federal, state, or local water pollution permits; and

(ii) Retention or detention basins used to collect and store stormwater runoff.

(2) Requirements. All surface impoundments must be designed, constructed, and operated so as to:

(a) Meet the performance standards of WAC 173-304-460(2);

(b) Have an in-place or imported soil liner of at least two feet of 1×10^{-7} cm/sec permeability or an equivalent combination of any thickness greater than two feet and a greater permeability to protect the underlying aquifers or a thirty mil reinforced artificial liner placed on top of a structurally stable foundation to support the liners and solid waste and to prevent settlement that would destroy the liner; natural soils shall be recompacted to achieve an equivalent permeability. Owners or operators shall be allowed to use alternative designs, operating practices and locational characteristics which prevent migration of solid waste constituents or leachate into the ground or surface waters at least as effectively as the liners described in this subsection;

(c) Avoid washout including the use of an extended liner or dikes or restriction of flow in the one hundred year floodplain and to comply with local floodplain management ordinances and chapter 508-60 WAC, Administration of flood control zones;

(d) Have dikes designed with slopes so as to maintain the structural integrity under conditions of a leaking liner and capable of withstanding erosion from wave action;

(e) Have the freeboard equal to or greater than eighteen inches to avoid overtopping from wave action, overfilling, or precipitation;

(f) Have either a ground water monitoring system, or a leachate detection, collection and treatment system, for surface impoundments having a capacity of more than two million gallons unless the jurisdictional health

department and the department require either for smaller surface impoundments. For purposes of this subsection, capacity refers to the total capacity of all surface impoundments on-site (i.e., two, one million gallon surface impoundments on one site will trigger these monitoring requirements);

(g) Be closed in a manner which removes all solid wastes including liners, etc. to another permitted facility and the site returned to its original or acceptable topography except that surface impoundments closed with the waste remaining in place shall meet the requirements of WAC ((173-304-460(5))) 173-304-407 and 173-304-130;

(h) A jurisdictional health department may require that the liner be inspected for wear and integrity and repaired or replaced by removing stored solid wastes or otherwise inspecting the liner or base at any time. The request shall be in writing and cite the reasons including valid ground water monitoring or leachate detection data leading to such an inspection and repair;

(i) Surface impoundments containing septage will also be subject to the department's "criteria for sewage works design" used to review plans for septage surface impoundments; and

(j) Surface impoundments that have the potential to impound more than ten acre-feet of waste measured from the top of the dike and which would be released by a failure of the containment dike shall be reviewed and approved by the dam safety section of the department.

NEW SECTION

WAC 173-304-467 FINANCIAL ASSURANCE FOR PUBLIC FACILITIES. (1) Applicability.

(a) These standards apply to all new and expanded landfill disposal facilities, and to existing landfill disposal facilities that have not been closed on or before November 27, 1989. Landfill disposal facilities include:

(ii) Facilities operated as surface impoundments under WAC 173-304-430 that are closed with the waste remaining in place and therefore required to meet the requirements of WAC 173-304-407; and

(iii) Woodwaste landfills operated under WAC 173-304-462;

(b) For the purposes of this section, landfill disposal facilities are divided into the following ownership/use categories:

(i) A privately-owned facility that accepts waste from the general public;

(ii) A publicly-owned facility that accepts waste from the general public.

(c) For the purposes of this section, publicly-owned or operated facilities may set up one account for both closure and post-closure care of each facility.

(a) Each owner or operator shall prepare a written closure cost estimate as part of the facility closure plan. The closure cost estimate shall be in current dollars and represent the cost of closing the facility in accordance with the closure requirements in WAC 173-304-407.

(i) The cost estimate shall be based on a reasonable cost estimate for completing design, purchase, construction, and other activities as identified in the facility closure plan as required under WAC 173-304-407;

(ii) The closure plan shall project intervals for withdrawal of closure funds from the closure financial assurance instrument to complete the activities identified in the approved closure plan;

(iii) The closure cost estimate shall not be reduced by allowance for salvage value of equipment, waste, or the resale value of property or land;

(b) Each owner or operator shall prepare a new closure cost estimate in accordance with (a) and (c) of this subsection whenever:

(i) Changes in operating plans or facility design affect the closure plan;

(ii) There is a change in the expected year of closure that affects the closure plan; or

(iii) The jurisdictional health department directs the owner or operator to revise the closure plan or closure cost estimate.

(c) Each owner or operator shall review the closure cost estimate annually thirty days prior to the anniversary date of the first closure cost estimate. The review will examine all factors, including inflation, involved in estimating the closure cost. Any cost changes must be factored into a revised closure cost estimate and submit the revised cost estimate to the jurisdictional health department for review and approval.

(d) During the operating life of the facility, the owner or operator shall make the latest closure cost estimate prepared in accordance with (a) and (b) of this subsection, and when this estimate has been adjusted in accordance with (c) of this subsection, made available for review.

(3) Financial assurance account for closure. Each owner or operator of an applicable landfill disposal facility shall establish a financial assurance account in an amount that, over the life of the facility, will accumulate funds to be equal to the closure cost estimate prepared in accordance with subsection (2) of this section unless otherwise specified.

(a) Landfill disposal facilities that accept waste from the general public shall choose from the following options or combination of options for accounting for the financial assurance account:

(B) The cash and investments held in a nonexpendable trust fund.

(C) Other approved method.

(ii) Closure trust fund established with an entity which has the authority to act as a trustee and whose trust operations are regulated and examined by a federal or state agency. The wording of the trust agreement must be acceptable to the local health department. The purpose of the closure trust fund is to receive and manage any funds paid by the owner or operator and to disburse those funds only for closure activities as identified in the approved closure plan.

(b) For private disposal facilities that accept public waste, established closure financial assurance accounts shall not constitute an asset of the facility owner or operator.

(c) During the operating life of the facility, the owner or operator must review the closure cost estimate thirty days before each anniversary of the date on which the first closure cost estimate was prepared. The review shall examine all factors, including inflation, involved in estimating the closure cost estimate. Any changes in costs

shall be factored into a revised closure cost estimate. The new estimate shall be submitted to the jurisdictional health department for review and approval.

(d) For disposal facilities of this section, any income in excess of the closure cost estimate accruing to the established closure financial assurance account will be at the owner's discretion as to the use of said funds.

(e) Excess moneys remaining in the closure financial assurance account after the completion of all identified closure activities will be released to the facility owner or operator.

(4) Cost estimate for post-closure.

(a) Each owner or operator shall prepare a written post-closure cost estimate as part of the facility post-closure plan. The post-closure cost estimate shall be in current dollars and represent the total cost of completing post-closure activities for the facility for at least a twenty-year post-closure period in accordance with the post-closure requirements in WAC 173-304-407.

(i) The post-closure cost estimate shall be based on a reasonable cost estimate for completing post-closure monitoring, maintenance, and other activities identified in the approved facility post-closure plan as required under WAC 173-304-407;

(ii) The post-closure plan shall project annual or other intervals for withdrawal of post-closure funds from the post-closure financial assurance instrument to complete the activities identified in the approved post-closure plan;

(iii) The post-closure cost estimate shall not be reduced by allowance for salvage, value of equipment, waste, or resale value of property or land.

(b) Each owner or operator shall prepare a new post-closure cost estimate for the remainder of the post-closure care twenty-year period in accordance with (a) and (c) of this subsection, whenever:

(i) Change in the post-closure plan increases or decreases the cost of post-closure care; or

(ii) The jurisdictional health department directs the owner or operator to revise the post-closure plan or post-closure cost estimate.

(c) During the operating life of the facility, the owner or operator shall review the post-closure cost estimate thirty days prior to each anniversary of the date on which the first post-closure cost estimate was prepared. The review shall examine all factors, including inflation, involved in estimating the post-closure cost estimate. Any changes in costs must be factored into a revised post-closure cost estimate. The new estimate must be submitted to the jurisdictional health department for approval.

(d) During the operating life of the facility, the owner or operator shall keep the latest post-closure cost estimate prepared in accordance with (a) and (b) of this subsection, available for review.

(5) Financial assurance account for post-closure. Each owner or operator of a landfill disposal facility shall establish a financial assurance account in an amount equal to the post-closure cost estimate prepared in accordance with subsection (4) of this section.

(a) Applicable landfill disposal facilities that accept waste from the general public shall choose from the following options or combinations of options for accounting for the financial assurance account:

(b) For disposal facilities as categorized in subsection (1)(b) of this section, established post-closure financial assurance accounts shall not constitute an asset of the facility owner or operator.

(c) For applicable disposal facilities of this section any income accruing to the established post-closure financial assurance account will be at the owner's discretion as to the use of said excess funds.

(d) Excess moneys remaining in the post-closure financial assurance account after the completion of all identified post-closure activities shall be released to the facility owner or operator.

(6) Closure/post-closure financial assurance account establishment and reporting.

(a) Closure and post-closure financial assurance funds shall be generated at each facility by transferring a percentage of the facility user fees to the selected financial assurance instrument at the schedule specified in the closure and post-closure plans, such that adequate closure and post-closure funds will be generated to ensure full implementation of the approved closure and post-closure plans.

(b) Each facility owner or operator must establish a procedure with the financial assurance instruments trustee for notification of nonpayment of funds to be sent to the jurisdictional health department and the department of ecology.

(c) Each owner or operator shall file with the department of ecology an annual audit of the financial assurance accounts established for closure and post-closure activities, and a statement of the percentage of user fees, as applicable, diverted to the financial assurance instruments.

(i) The waiver request should provide documentation to demonstrate the facility user fees are prohibitively high, and include alternate method(s) for funding the facility's closure and/or post-closure financial assurance account;

(ii) The waiver request review procedure will be according to WAC 173-304-700.

(7) Authorization for financial assurance account fund withdrawal for closure and post-closure activities.

(a) For the purposes of this regulation private landfill disposal facilities are privately-owned facilities that do not accept waste from the general public and dispose of only their own generated waste.

(b) These standards apply to all new and expanded landfill disposal facilities, and to existing landfill disposal facilities that have not been closed on or before November 27, 1989. Landfill disposal facilities include:

(i) Facilities operated as surface impoundments under WAC 173-304-430 that are closed with waste remaining in place and therefore required to meet the requirements of WAC 173-304-407; and

The cost estimates shall be in current dollars and represent the cost of closing or post-closure care of the facility for a period of twenty years in accordance with the closure requirements in WAC 173-304-407.

(i) The cost estimate shall be based on a reasonable cost estimate for completing design, purchase, construction, and other activities as identified in the facility closure or post-closure plan as required under WAC 173-304-407;

(ii) The closure and post-closure plans shall project intervals for withdrawal of funds from the closure or post-closure financial assurance instrument to complete the activities identified in the approved closure or post-closure plan;

(iii) The closure and post-closure cost estimate shall not be reduced by allowance for salvage value of equipment, waste, or the resale value of property or land.

(b) Each owner or operator shall prepare a new closure or post-closure cost estimate in accordance with (a) and (c) of this subsection whenever:

(i) Changes in operating plans or facility design affect the closure or post-closure plans;

(ii) There is a change in the expected year of closure that affects the closure plan; or

(iii) The jurisdictional health department directs the owner or operator to revise the closure or post-closure plan or closure or post-closure cost estimate.

(c) Each owner or operator shall review the closure and post-closure cost estimate thirty days prior to the anniversary date of the date on which the first closure and post-closure cost estimate was prepared. The review shall examine all factors, including inflation, involved in estimating the closure and post-closure cost. Any cost changes shall be factored into a revised closure or post-closure cost estimate and submit the revised cost estimate to the jurisdictional health department and the department of ecology.

(d) During the operating life of the facility, the owner or operator must keep the latest closure and post-closure cost estimate prepared in accordance with (a) and (b) of this subsection, and when this estimate has been adjusted in accordance with (c) of this subsection, available for review.

(e) The department of ecology will evaluate each cost estimate for completeness, and may accept, or require a revision of the cost estimate in accordance with its evaluation.

(3) Financial assurance mechanism for closure and post-closure. Each owner or operator of an applicable landfill disposal facility shall establish financial assurance mechanisms in an amount equal to the closure cost estimate and post-closure cost estimate prepared in accordance with subsection (2) of this section.

(a) Applicable landfill disposal facilities shall provide one or more of the following financial assurance instruments:

(i) Closure and post-closure trust funds established with an entity which has authority to act as a trustee and whose trust operations are regulated and examined by a federal or state agency. The wording of the trust agreement must be acceptable to the department of ecology. The purpose of the closure and post-closure trust funds is to receive and manage any funds paid by the owner or operator and to disburse those funds only for closure or post-closure activities as identified in the approved closure and post-closure plan;

(ii) Surety bond guaranteeing payment into a closure and post-closure trust fund issued by a surety company listed as acceptable in Circular 570 of the United States Treasury Department or as hereafter amended. The wording of the surety bond(s) must be acceptable to the department. A standby closure and post-closure trust fund must also be established by the permittee. The purpose of the standby closure or post-closure trust fund is to receive any funds that may be paid by the operator or surety company. The bond must guarantee that the permittee will either fund the standby closure or post-closure trust in an amount equal to the penal sum of the bond before the site stops receiving waste. The surety shall become liable on the bond obligation if the permittee fails to perform as guaranteed by the bond. The surety may not cancel the bond until at least one hundred twenty days after the notice of cancellation has been received by both the permittee and the local health department. If the permittee has not provided alternate financial assurance acceptable under this section within ninety days of the cancellation notice, the surety must pay the amount of the bond into the standby closure or post-closure trust account;

(iii) Surety bond guaranteeing performance of closure or post-closure issued by a surety company listed as acceptable in Circular 570 of the United States Treasury Department or as hereafter amended. The wording of the surety bond must be acceptable to the department of ecology. A standby closure and post-closure trust fund must also be established by the permittee. The purpose of the standby closure or post-closure trust fund is to receive any funds that may be paid by the surety company. The bond must guarantee that the permittee will perform final closure or post-closure activities. The surety shall become liable on the bond obligation if the permittee fails to perform as guaranteed by the bond. The surety may not cancel the bond until at least one hundred twenty days after the notice of cancellation has been received by the permittee and the local health department. The purpose of the standby trust funds is to receive any funds deposited by the issuing institution resulting from a draw on the letter of credit. The letter of credit must be irrevocable and issued for a period of at least one year unless the issuing institution notifies both the permittee and the local health department at least one hundred twenty days before the current expiration date. If the permittee fails to perform closure and post-closure activities according to the closure or post-closure plan and permit requirements, or if the permittee fails to provide alternate financial assurance acceptable to the

department within ninety days after notification that the letter of credit will not be extended, the local health department may draw from the letter of credit;

The policy must also guarantee that the insurer will be responsible for paying out funds for activities identified in either the closure or post-closure plan. The policy must provide that the insurance is automatically renewable and that the insurer may not cancel, terminate, or fail to renew the policy except for failure to pay the premium. If there is a failure to pay the premium, the insurer may not terminate the policy until at least one hundred twenty days after the notice of cancellation has been received by both the permittee and the local health department. Termination of the policy may not occur and the policy must remain in full force and effect if: The local health department determines the facility has been abandoned; or closure has been ordered by the local health department or a court of competent jurisdiction, or the permittee has been named as debtor in a voluntary or involuntary proceeding under Title 11 U.S.C. A private corporation meeting the financial test may provide a corporate guarantee that closure and post-closure activities will be completed according to the approved closure and post-closure plans and permit requirements. To qualify, a private corporation must meet the criteria of either (a)(vi)(A) or (B) of this subsection:

(A) Financial test. To pass the financial test the permit must have:

(I) Two of the following three ratios: A ratio of total liabilities to net worth less than 2.0; a ratio of the sum of net income plus depreciation, depletion, and amortization to total liabilities greater than 0.1; or a ratio of current assets to current liabilities greater than 1.5;

(IV) The jurisdictional health department may, based on a reasonable belief that the permittee no longer meets the criteria of the financial test, require reports of the financial condition at any time from the permittee in addition to the annual report. If the jurisdictional health department finds, on the basis of such reports or other information that the permittee no longer meets the criteria of the financial test, the permittee shall provide an alternative form of financial assurance consistent with the requirements of this section, within thirty days after notification by the jurisdictional health department.

(b) For applicable disposal facilities of this section, any income in excess of the cost estimate(s) accruing to

the established closure or post-closure financial assurance account will be at the owner's discretion as to the use of said surplus funds.

(c) A permittee may meet the requirements of this section by obtaining a written guarantee from the parent corporation of the permittee. The guarantor must meet one of the financial tests described in (a)(vi)(A) or (B) of this subsection, and must provide the documentation required by (a)(vi)(C) of this subsection. The terms of the guarantee must provide that:

(i) If the permittee fails to perform final closure and, where required, provide post-closure care of a facility covered by the guarantee in accordance with the approved closure and post-closure plans, the guarantor will do so or establish a trust fund as specified in (a)(i) of this subsection in the name of the permittee.

(ii) The guarantee will remain in force unless the guarantor sends notice of cancellation by certified mail to the permittee, to the jurisdictional health department and to the department of ecology. Cancellation may not occur, however, during the one hundred twenty days beginning on the date of receipt of the notice of cancellation by both the permittee and the department of ecology, as evidenced by the return receipts.

(iii) If the permittee fails to provide alternate financial assurance as specified in this section and obtain the written approval of such alternate assurance from the jurisdictional health department or the department of ecology within ninety days after receipt by both the permittee, the jurisdictional health department, and the department of ecology of a notice of cancellation of the guarantee from the guarantor, the guarantor will provide such alternative financial assurance in the name of the permittee.

(4) Closure/post-closure trust fund account establishment and reporting.

(a) Each owner or operator shall file with the local health department an annual audit of the financial assurance accounts established for closure and post-closure activities.

(b) Annual audits shall be conducted by a certified public accountant licensed in the state of Washington, and shall be filed with the department of ecology no later than March 31 of each year for the previous calendar year, including each of the post-closure care years.

(c) The audit shall also include calculations demonstrating the proportion of closure completed during the preceding year as specified in the closure and post-closure plans.

(5) Authorization for financial assurance account fund withdrawal for closure and post-closure activities.

(a) Each owner or operator shall withdraw funds from the closure and/or post-closure financial assurance instrument as specified in the approved closure/post-closure plans;

(b) If the withdrawal of funds from the financial assurance instrument exceeds by more than five percent the withdrawal schedule stated in the approved closure and/or post-closure plan the closure and/or post-closure plan shall be amended.

(b) Permits are not required for corrective actions at solid waste handling facilities performed by the state and/or in conjunction with the United States Environmental Protection Agency to implement the Comprehensive Environmental Response Compensation and Liability Act of 1980 (CERCLA), or corrective actions taken by others to comply with a state and/or federal cleanup order provided that:

(i) The action results in an overall improvement of the environmental impact of the site;

(ii) The action does not require or result in additional waste being delivered to the site or increase the amount of waste or contamination present at the site;

(iii) The facility standards of WAC 173-304-400 are met; and

(iv) The jurisdictional health department is informed of the actions to be taken and is given the opportunity to review and comment upon the proposed corrective action plans.

(c) Effective dates. The effective dates are as follows:

(i) The permit requirements of this section apply to all existing waste handling facilities eighteen months after the effective date of this regulation.

(ii) Between the effective date of this regulation and eighteen months thereafter, existing facilities will operate under the terms and conditions of existing permits valid on the effective date of this regulation. Jurisdictional health departments shall incorporate compliance schedules into valid existing permits; such compliance schedules shall insure that existing facilities meet the effective dates of WAC 173-304-400(3).

(iii) New and expanded waste handling facilities shall meet the requirements of this section on the effective date of this regulation.

EMERGENCY RULES
DEPARTMENT OF FISHERIES
[Order 88-136—Filed October 4, 1988]

I, Joseph R. Blum, director of the Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I, Joseph R. Blum, find that an emergency exists and that this order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting the emergency is openings in Area 6D provide opportunity to harvest non-Indian allocation of Strait of Juan de Fuca origin coho and to prevent wastage; net length

restriction in Area 6D is necessary to maintain an orderly fishery. Openings in Areas 7 and 7A provide opportunity for reef net gear to harvest the non-Indian coho allocation by preseason agreement. Openings in Area 7B provide opportunity to harvest non-Indian allocation of coho destined for the Nooksack-Samish region of origin and to prevent wastage. Openings in Areas 8A and 8D provide opportunity to harvest non-Indian allocation of Stillaguamish-Snohomish origin coho. Openings in Areas 10 and 11 provide opportunity to harvest non-Indian allocation of south sound coho and to attempt to balance shares prior to 1989; the area restriction has been agreed by the state and Puget Sound tribes to reduce harvest impacts on local coho stocks and to facilitate south sound coho harvest adjustment agreements. Openings in Area 9A provide opportunity to harvest non-Indian allocation of Hood Canal Hatchery origin coho stocks. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks. There is inadequate time to follow the permanent rule adoption process.

These rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that the agency has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW) in the adoption of these rules.

APPROVED AND ADOPTED October 4, 1988.

STATEMENT OF PURPOSE

Title: Chapter 51-16 WAC, State Building Code update and amendment. Adoption of the 1988 editions of the Uniform Building Code and Uniform Building Code standards.

Statutory Authority and the Specific Statute the Rule is Intended to Implement: Chapter 19.27 RCW.

Summary of the Rule and Statement of the Reasons Supporting the Proposed Action: The proposed rules update the State Building Code by adopting the current (1988) editions of the following codes by reference: Uniform Building Code and Uniform Building Code standards.

After extensive review by the council and its technical committees, the council is proposing to make certain amendments to the codes which it deems appropriate.

The update of the codes and the amendments proposed are in accordance with the requirements of RCW 19.27.074 and do not conflict with other provisions of the State Building Code Act.

The codes proposed for update are national codes which are reviewed at regular intervals by the associations publishing them. The codes are updated on the basis of the latest information and experience available, and to permit the use of the new or improved methods, materials, and technology. Prior to the enactment of chapter 19.27 RCW, cities and counties had authority to adopt the new editions of the code prior to their adoption by the legislature as the state code. Chapter 19.27 RCW prohibits local governments from adopting codes for single- and multi-family residential buildings which vary from the state code without approval from the State Building Code Council. The adoption of these rules will provide for timely update of the codes to the most recent editions and will provide uniformity in building standards throughout the state.

Agency Personnel Responsible for Drafting, Implementation and Enforcement of the Rule: Lynn Carmichael, Chair, State Building Code Council, Ninth and Columbia Building, Mailstop GH-51, Olympia, Washington 98504-4151, phone (206) 586-3423.

Name of the Organization Proposing the Rule: State Building Code Council.

Agency Comments or Recommendations, if any, Regarding Statutory Language, Implementation, Enforcement, and Fiscal Matters Pertaining to the Rule: The rules are necessary to carry out the intent of chapter 19.27 RCW which charges the council with the responsibility to maintain the codes of the State Building Code in a status which is consistent with the state interest as enumerated in RCW 19.27.020.

Whether the Rule is Necessary as the Result of Federal Law or Federal or State Court Action: None.

Small Business Economic Impact Statement: The proposed rules will update the State Building Code by adopting the 1988 edition of the Uniform Building Code. The Uniform Building Code was established by RCW 19.17.031 [19.27.031] as one of the codes of the State Building Code. RCW 19.27.074 directs the council to review and adopt updated versions of the code. The Uniform Building Code is an evolving code which is under continuous review and change to recognize new materials, new construction methods, and research and technology. The Uniform Building Code is a nationwide code which is published by the International Conference of Building Officials, an organization that evaluates all

code changes through an extensive process that involves the public and private sectors including code enforcement agencies, the building industry, and manufacturers and suppliers of building materials and components.

The Uniform Building Code is republished every three years. The council has reviewed the 1988 edition of the code for any problems unique to Washington state, including conflict with state statutes and state agency regulations.

Section 3802(h) is a code section which has been added in the 1988 edition of the code. Section 3802(h) requires the installation of automatic fire sprinklers in apartment buildings with 15 or more units or three or more stories in height and in every hotel 3 or more stories in height or containing 20 or more guest rooms. The Uniform Building Code standards are applicable to new construction or remodeling. The cost of installing the sprinkler system would be assumed by the building developer or owner.

The International Conference of Building Officials has published a table of building valuation data in its January-February "Building Standards" magazine. The average cost of automatic sprinkler systems nationally is estimated by the International Conference of Building Officials to be \$1.30 per square foot. The cost for Washington state adjusted by a regional modifier is listed at 0.88 or \$1.14 per square foot.

There are many other factors which can affect the cost of automatic sprinkler protection. These include building location, height, type of construction, occupancy size, and policies and requirements of the water purveyor.

Offsetting savings for the building developer or owner include the savings which can be realized from the possibility of reducing water system costs through reduced fire flow requirements. A reduction in fire insurance premiums for sprinklered buildings is also a potential benefit.

Adoption of the sprinkler requirements of the State Building Code will provide a uniform state-wide standard consistent with national standards and can forestall piecemeal adoption of separate sprinkler requirements by local agencies.

Local Government Impact: Local government costs of administering and enforcing the Uniform Building Code are provided for by building permit fees collected at the time a building permit is issued. RCW 19.29.100 [19.27.100] authorizes cities and counties to adjust these fees as necessary. The code requirements for automatic sprinklers in apartment buildings and hotels and motels can have long-term benefits to municipal government and property owners of the municipality by reducing the rate of growth of costs for municipal fire protection services.

AMENDATORY SECTION (Amending Order 85-13, filed 11/26/85, effective 6/11/86)

WAC 51-16-030 UNIFORM BUILDING CODE AND UNIFORM BUILDING CODE STANDARDS. ~~((3) The following paragraph shall be added to section 1202(b) of the Uniform Building Code:~~

(3) Section 5103 of the Uniform Building Code is hereby not adopted in order to eliminate conflict with chapter 296-81 WAC as adopted by the Washington state department of labor and industries pursuant to chapter 70.87 RCW.

EXCEPTION: In the case of conflict between the ventilation requirements of sections 605, section 705, section 905 and section 1205 of this code and the ventilation requirements of chapter 51-12 WAC, the Washington State Energy Code, or where applicable, a local jurisdiction's energy code, the provisions of such energy codes shall govern.

STATEMENT OF PURPOSE

Title and Number of Rule Section(s) or Chapter(s):
 WAC 296-17-895 Industrial insurance accident fund base rates and medical aid rates by class of industry; and
 WAC 296-17-855, 296-17-86501, 296-17-870 and
 296-17-875 through 296-17-890 Experience rating tables.

Statutory Authority: RCW 51.04.020(1).

Specific Statute that Rule is Intended to Implement:
 RCW 51.16.035.

Summary of the Rule(s): Risk classification base rates are being changed. Accident fund base rates are being increased an average of 8.7%. Medical aid fund base rates are being decreased an average of 0.4%. Results for individual risk classifications vary from the averages, based on the most recent available experience.

Employer and employee rates in the medical aid fund will be experience-rated for the first time in 1989. This will result in an average medical aid fund rate reduction of 9.2%, owing to favorable experience ratings being more numerous than unfavorable ratings. The total medical aid fund average rate reduction is 9.6%, composed of a 0.4% reduction in base rates and an average 9.2% reduction under the experience rating.

Overall accident and medical aid funds combined, there is no change in the average premium rate being charged by the department for industrial insurance coverage.

The experience rating revisions allow for expansion of the experience rating system to include the medical aid fund, and updating of the experience period, so that employers' experience ratings are based on the most recent available information.

Reasons Supporting the Rule(s): The changes in rates are based on the existence of a deficit in the accident fund, a surplus in the medical aid fund. The combined funds are in satisfactory financial condition. The changes in the experience rating system are necessary to accommodate inclusion of the medical aid fund. Additionally, changes reflect the updating of the experience period to include more recent information.

Agency Personnel Responsible for Drafting, Implementation and Enforcement of the Rule(s): Joseph A. Dear, Director, 753-6307; R. L. McCallister, Deputy Director for Industrial Insurance, 753-5173; Doug Connell, Assistant Director for Employer Services, 586-8041; located at the General Administration Building, HC-281, Olympia, Washington 98504.

Name of Person or Organization, Whether Private, Public, or Governmental, that is Proposing the Rule(s):

State of Washington, Department of Labor and Industries.

Agency Comments or Recommendations, if any, Regarding Statutory Language, Implementation, Enforcement, and Fiscal Matters Pertaining to the Rule(s): None.

These rules are not proposed to comply with a federal law or a federal or state court decision.

Any Other Information that may be of Assistance in Identifying the Rule or its Purpose: None.

Small Business Economic Impact Statement: This statement pertains to revisions in chapter 296-17 WAC, proposed by the Department of Labor and Industries to become effective January 1, 1989, and is prepared to conform with sections 3(2) and 4 of the Regulatory Fairness Act (chapter 6, Laws of 1982).

Existing Rules: Chapter 296-17 WAC presently defines 290 risk classifications for purposes of reporting exposures and computing premiums for workers' compensation insurance. Base rates are established separately for industrial insurance and medical aid coverage in each risk classification within these rules, and an assessment rate for all risk classes is prescribed for the supplemental pension. An "experience rating plan" is also established, which provides adjustment of the base industrial insurance rate by class up or down to a "merit rate" based upon past reporting experience of each individual employer.

Treatment of Small Business Under Existing Rules: Class definitions are keyed to the nature of an employer's business and/or employment, and are independent of business size. Once applicable classes are determined, base rates are identical for all employers within each class. Experience-rating increases or decreases individual employer's accident fund rates, providing rate reductions for favorable past experience and rate increases for unfavorable past experience. Within the experience-rating plan, small employers with loss-fee records in the rating experience period are allowed rate credits in excess of those initially computed by the rating plan based on risk size, by a maximum modification for loss-free firms of various sizes in WAC 296-17-890.

Effect of Proposed Revisions: Although premium levels, overall, will not change. There is an average increase in the accident fund, which is supported entirely by employer contributions, and an average decrease in the medical aid fund, which is supported equally by employers and employees. The supplemental pension fund premium, supported equally by employers and employees will stay the same. Overall, this results in 2.8% average increase in employer premiums, balanced by a 7.7% average decrease in employee premiums. This effect will be the same for small and large employers, and their employees. Some risk classification's base rates for the accident fund and medical aid fund will increase while other classifications will experience a decrease. Likewise, data in the experience rating plan will adjust individual employer's experience factors. Expansion of experience rating to include the medical aid fund will give all employers, large and small, greater opportunity to control their premium costs through effective safety practices. The effect of these proposals will be dependent upon the

claims experience of the individual employer for the experience rating adjustment and upon the experience of the risk classifications assigned to the employer for the base rate realignment. For employers in the same risk classification having experience records producing the same experience factor, the premium cost per hour of labor will be independent of the size of the employer. Administrative costs of recordkeeping and reporting should not be affected as the required records and forms are unchanged.

AMENDATORY SECTION (Amending Order 87-26, filed 12/1/87, effective 1/1/88)

WAC 296-17-855 EXPERIENCE MODIFICATION. The basis of the experience modification shall be a comparison of the actual losses charged to an employer during the experience period with the losses which would be expected for an average employer reporting the same exposures in each classification. The comparison shall contain actuarial refinements designed to mitigate the effects of losses which may be considered catastrophic or of doubtful statistical significance, due consideration being given to the volume of the employer's experience. Except for those employers who qualify for an adjusted experience modification as specified in WAC 296-17-860 or 296-17-865, the experience modification shall be calculated from the formula:

$$\text{MODIFICATION} = \frac{Ap + WAe + (1-W) Ee + B}{E + B}$$

The components Ap, WAe, and (1-W) Ee are values which shall be charged against an employer's experience record. The component, E, shall be the expected value of these charges for an average employer reporting the same exposures in each classification. The meaning and function of each symbol in the formula is specified below.

"Ap" signifies "primary actual losses." For each claim the primary actual loss is defined as that portion of the claim which is considered completely rateable for all employers and which is to enter the experience modification calculation at its full value. For each claim in excess of (~~(\$4,416)~~) \$8,360 the primary actual loss shall be determined from the formula:

$$\text{Primary loss} = \frac{((+1,040)) \frac{20,900}{12,540} \times \text{total loss}}{\text{Total loss} + ((6,624)) \frac{12,540}{12,540}}$$

Primary actual losses for selected claim values are shown in Table I. For each claim less than (~~(\$4,416)~~) \$8,360 the full value of the claim shall be considered a primary loss.

"Ae" signifies "excess actual losses." For each claim the excess actual loss is defined as that portion of the claim which is not considered completely rateable for all employers. The excess actual loss for each claim shall be determined by subtracting the primary loss from the total loss.

"W" signifies "W value." For each employer, the W value determines the portion of the actual excess losses which shall be included in the calculation of his experience modification, due consideration being given to the volume of his experience. This amount is represented by the symbol "WAe" in the experience modification formula. W values are set forth in Table II.

"E" signifies "expected losses." An employer's expected losses shall be determined by multiplying his reported exposure in each classification during the experience period by the classification expected loss rate. Expected loss rates are set forth in Table III.

"Ee" signifies "expected excess losses." Expected losses in each classification shall be multiplied by the classification "D-Ratio" to obtain "expected primary losses." Expected excess losses shall then be calculated by subtracting expected primary losses from expected total losses. Each employer shall have a statistical charge included in the calculation of his experience modification, said charge to be actuarially equivalent to the amount forgiven an average employer because of the exclusion of a portion of his excess actual losses. This charge is represented by "(1-W) Ee" in the experience modification formula. D-Ratios are set forth in Table III.

"B" signifies "B value" or "ballast." In order to limit the effect of a single severe accident on the modification of a small employer, a stabilizing element (B value) shall be added to both actual and expected losses. B values are set forth in Table II.

AMENDATORY SECTION (Amending Order 87-27, filed 11/30/87, effective 1/1/88)

WAC 296-17-86501 BUILDING INDUSTRY EXPERIENCE MODIFICATION LIMITATIONS. The premiums of building construction employers subject to the risk classifications 0505, 0506, 0507, 0510, 0511, 0512, ((and)) 0513, 0514, 0515, and 0516 shall be experience rated beginning January 1, 1988, using the reported past experience of such employers as provided for in the department's experience rating plan. However, the initial experience rating adjustment of these classifications for each such employer shall be made from a base modification of 1.0000, with adjustments limited to twenty-five percent annually until the actual experience rating developed by the department for each such employer has been reached or four years from the effective date of this section whichever comes first. Thereafter, adjustments will be made in accordance with the parameters established by the department's experience rating plan. Premiums of building construction employers reported in all other risk classifications not specifically listed above which are currently experience rated are not subject to the limitations imposed by this section and shall be computed utilizing the actual earned experience rating of each building construction employer, in accordance with the department's experience rating plan.

AMENDATORY SECTION (Amending Order 88-12, filed 7/22/88, effective 1/1/89)

WAC 296-17-870 EVALUATION OF ACTUAL LOSSES. Except as provided in the following subsections of this paragraph, actual losses shall include all payments as of the "valuation date" for each claim arising from an accident occurring during the experience period. Losses for claims open as of the valuation date may also include a reserve for future payments. Actual losses on claims for accidents occurring outside of the experience period shall not be included.

(1) Valuation date. The valuation date shall be on and include December 31, one year and one day immediately preceding the effective date of premium rates as set forth in WAC 296-17-895. For experience modifications effective January 1, 1990, the valuation date shall be June 1, seven months immediately preceding the effective date of premium rates.

(2) Retroactive adjustments - revision of losses between valuation dates. No claim value shall be revised between valuation dates and no retroactive adjustment of an experience modification shall be made because of dispute concerning the judgment of the claims examiner or because of subsequent developments except as specifically provided in the following cases:

- (a) In cases where loss values are included or excluded through mistake other than error of judgment.
- (b) In cases where a third party recovery is made.
- (c) In cases where the claim qualifies as a second injury claim under the provisions of RCW 51.16.120.
- (d) In cases where a claim is officially closed and is determined to be noncompensable.

In the above specified cases retroactive adjustment of the experience modification shall be made for each rating in which the claim was included.

(3) Average death value. Each fatality occurring to a worker included within the mandatory or elective coverage of Title 51 RCW shall be assigned the "average death value," said value to be the average incurred cost for all such fatalities occurring during the experience period. The average death value is set forth in Table II.

(4) Third party recovery. In the event of a third party recovery on a claim, the employer shall be charged for a portion of the actual loss amount, gross of such recovery, established on the claim for each year in which the claim's injury date falls within the experience period (see WAC 296-17-850). This portion shall be calculated at the time the recovery is made, and shall be determined by taking the ratio of the total cost of the claim, including attorneys' fees, after recovery, to the total cost of the claim before recovery. If the claim is open at the time the recovery is made, then costs before and after recovery may include an allowance for future claim payments. Both the primary and excess components of the actual loss amount shall be reduced in the same proportion.

(5) Second injury claims. The primary and excess values of any claim which becomes eligible for second injury relief under the provisions of RCW 51.16.120, as now or hereafter amended, shall be reduced by the percentage of relief granted.

(6) Occupational disease claims. When a claim results from an employee's exposure to an occupational disease hazard, the "date of

injury," for the purposes of experience rating, shall be the date on which the disability was diagnosed, giving rise to the filing of a claim for benefits. The cost of any occupational disease claim, paid from the accident fund and medical aid fund and arising from exposure to the disease hazard under two or more employers, shall be prorated to each period of employment involving exposure to the hazard. Each insured employer who had employed the claimant during the experience period, and for at least ten percent of the claimant's exposure to the hazard, shall be charged for his share of the claim based upon the prorated costs.

(7) Maximum claim value. No claim shall enter an employer's experience record at a value greater than the "maximum claim value." The maximum claim value is set forth in Table II.

to the juvenile and the juvenile refuses to sign, and the juvenile's parole officer. A copy shall be provided to the juvenile.

(3) An order of parole conditions may be modified by the parole officer so long as the juvenile is given an opportunity to comment on the proposed modification prior to its taking effect.

NEW SECTION

WAC 275-30-030 PAROLE SUSPENSION, ARREST, AND DETENTION. (1) When a juvenile parole officer believes a juvenile parolee has violated a condition of parole, the officer may issue an order of parole suspension, arrest, and detention if:

(a) The juvenile parolee poses an imminent danger to himself or herself or other persons; or

(b) The juvenile parolee is unlikely to voluntarily appear at a parole revocation hearing, considering such factors as whether the juvenile parolee has failed to appear at other judicial or administrative hearings.

(2) The order of parole suspension, arrest, and detention, on department forms, shall include a complete statement of the nature of violation and the date thereof, and shall inform the juvenile parolee of his or her right to be represented by an attorney. Copies of the order of parole suspension, arrest, and detention shall be sent to the appropriate local law enforcement agencies, to the detention facility, and to the secretary.

(3) A juvenile parolee held in detention for an alleged violation of parole conditions is entitled, within twenty-four hours (excluding Saturdays, Sundays, and holidays) of being placed in detention, to an informal hearing to determine whether there is probable cause to believe a parole violation occurred and whether continued detention pending a parole revocation hearing is necessary. The hearing shall be conducted by a parole supervisor or designee not directly involved in the case. The parole supervisor or designee shall interview both the juvenile parolee and the juvenile parole officer suspending the parole. Immediately following the hearing, the parole supervisor or designee shall issue a decision, with reasons, on department forms, either releasing the juvenile parolee or authorizing continued detention. (d) Notice of the juvenile parolee's right to be represented by an attorney, either one of his or her own choosing or one appointed at public expense.

(2) The parole revocation petition shall be filed with the local office of the state office of administrative hearings. A copy of the petition shall be served either personally or by certified mail, return receipt requested, on the juvenile parolee or the juvenile parolee's attorney, and on the juvenile parolee's parents or guardian. Another copy shall be filed with the secretary.

NEW SECTION

WAC 275-30-050 WAIVER OF HEARING. A juvenile parolee, only through his or her attorney, on department forms, may waive the right to a parole revocation hearing and agree to the parole revocation and confinement proposed by the juvenile parole officer.

NEW SECTION

WAC 275-30-060 PAROLE REVOCATION HEARING. (1) Unless waived by the juvenile parolee, a parole revocation hearing shall be held on every parole revocation petition for the purpose of determining whether the alleged parole violation occurred. If the juvenile parolee is held in detention pursuant to WAC 275-30-030, the hearing shall be held within seventy-two hours (excluding Saturdays, Sundays, and holidays) of service of the petition. Otherwise the hearing shall be held no sooner than fourteen days after service of the petition.

(2) At the parole revocation hearing, the juvenile may waive his or her right to be represented by an attorney. A juvenile waiving the right to an attorney may either contest or agree to the parole revocation.

(3) Parole revocation hearings shall be conducted by an administrative law judge in accordance with chapter 10-08 WAC. The parole revocation petition shall be granted if the administrative law judge finds by a preponderance of the evidence the violation occurred and the violation warrants revocation. If the parole revocation petition is granted, the administrative law judge shall order the period of confinement requested in the petition.

(4) The administrative law judge shall issue an oral decision immediately following the parole revocation hearing. Within forty-eight hours of the hearing, the administrative law judge shall issue a written decision. The decision shall constitute a final administrative decision. Credit against any period of confinement shall be given for days served

in detention pending a parole revocation hearing. Confinement shall be served in a county detention facility unless otherwise ordered by the secretary.

Dated: October 4, 1988

 Assistant Attorney General

STATEMENT OF PURPOSE

Title and Numbers of Rule Section(s) or Chapters: Amending WAC 308-31-010 Examinations; and new WAC 308-31-057 AIDS prevention and information education requirements.

Statutory Authority and Specific Statute(s) that the Rule(s) are Intended to Implement: WAC 308-31-010 is RCW 18.22.015; and WAC 308-31-057 is section 206 [604], chapter 206, Laws of 1988.

Summary and Reasons Supporting the Proposed Rules: WAC 308-31-010 establishes and clarifies the

issue of licensure by endorsement if the applicant is licensed in another state and requires an applicant who has failed the state examination three times to appear before the board to obtain permission to retake the examination; and WAC 308-31-057 requires all licensees and applicants to have AIDS education.

Agency Personnel Responsible for Drafting, Implementation and Enforcement of the Rules: Linda Crerar, Acting Executive Secretary, 1300 Quince Street, P.O. Box 9012, Olympia, WA 98504, (206) 753-2287 comm, 234-2287 scan.

Name of Person or Organization that is Proposing this Rule: Washington State Podiatry Board.

Agency Comments or Recommendations, if any, Regarding Statutory Language, Implementation, Enforcement and Fiscal Matters Pertaining to These Rules: None.

These rules are not necessary to comply with a federal law or state court decision.

Any Other Information that may be of Assistance in Identifying the Rule or its Purpose: None.

Small Business Economic Impact Statement: Not required for these rules. The board has reviewed the impact that the adoption of the amendments to WAC 308-31-025 and 308-31-500 would have on podiatrists. The board finds that a small business impact statement is not required. Podiatrists are classed in SIC Code 804, Offices of Other Health Care Practitioners. As such, they account for less than 10 percent of the health practitioners in this area. Also, they are less than 20 percent of all industries. Finally, any impact that these proposed rules may have is intended to fall equally on all podiatrists.

Reviser's note: WAC 308-31-025 and 308-31-500 is referred to in the agency's small business economic impact statement, however the proposed text of the sections were not included with the filing by the agency. cf. RCW 34.08.020 (1)(a).

AMENDATORY SECTION (Amending Order 733, filed 5/13/88)

WAC 308-31-010 EXAMINATIONS. (1) In order to be licensed to practice podiatry in the state of Washington, all applicants except those who are seeking licensure by endorsement from another state under section (6) of this rule, must pass Part I and Part II of the national examination prepared by the National Board of Podiatry Examiners in addition to an examination approved by the Washington State Podiatry Board as the state examination.

(2) Every applicant for a podiatry license shall be required to pass the state examination with a grade of at least 75.

(3) The board shall approve the method of grading each examination, and shall apply such method uniformly to all applicants taking the examination.

(4) The board and the department shall not disclose any applicant's examination score to anyone other than the applicant, unless requested to do so in writing by the applicant.

(5) The applicant will be notified, in writing, of his or her examination scores.

(6) ((After July 6, 1976, all applicants)) Applicants for licensure who have been licensed by examination in another state or who have ((satisfactorily)) successfully passed the examinations given by the National Board of Podiatry Examiners will be required to pass the state approved examination. If the examination taken in another state is the Virginia examination and the applicant passed the Virginia examination on or after June, 1988, the applicant shall be deemed to have passed the approved examination in this state.

(7) Applicants failing the state approved examination whether taken in this or another state in which the Virginia examination was taken after June, 1988 may be reexamined no more than three times. Applicants who have failed the state approved examination three times may

petition the board to be permitted to retake the examination on additional occasions and the applicant must provide satisfactory evidence to the board that he or she has taken remedial measures to increase his or her likelihood of passing the examination. If the applicant does not provide satisfactory evidence to the board, the board shall deny the request to retake the examination until such time that the applicant can provide satisfactory evidence of remedial measures undertaken to increase his or her likelihood of passing the examination.

NEW SECTION

(4) AIDS education and training.

(a) Acceptable education and training. The board will accept education and training that is consistent with the model curriculum available from the Office on AIDS. Such education and training shall be a minimum of seven clock hours and shall include, but is not limited to, the following: etiology and epidemiology; testing and counseling; infection control guidelines; clinical manifestations and treatment; legal and ethical issues to include confidentiality; and psychosocial issues to include special population considerations.

(b) Implementation. Effective January 1, 1989, the requirement for licensure, renewal, or reinstatement of any license on lapsed, inactive, suspended, or revoked status shall include completion of AIDS education and training. All persons affected by this section shall show evidence of completion of an education and training program, which meets the requirements of subsection (a).

(c) Documentation. The licensee shall:

(i) Certify, on forms provided, that the minimum education and training has been completed after January 1, 1987;

THE WASHINGTON STATE REGISTER, published pursuant to RCW 34.08.020, is distributed on the first and third Wednesdays of each month. The Register contains the full text of proposed, emergency, and permanently adopted rules of state agencies, executive orders of the governor, notices of public meetings of state agencies, rules of the state supreme court, summaries of attorney general opinions, and juvenile disposition standards which have been filed in the code reviser's office prior to the pertinent closing date for that issue of the Register. A cumulative table of existing sections of the Washington Administrative Code (WAC) affected by a particular agency action guides the user to the proper volume of the Register.

The code reviser's office has established an annual subscription price of \$150 for the Register, and single copies will cost \$7. Sales tax of 7.8% now applies to all sales other than to state agencies. State law requires payment in advance. To subscribe to the Register, please complete the order form above and forward it to the address indicated, accompanied by your check or money order in the amount of \$161.70 (\$150 for state agencies) payable to the code reviser's office.
