STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following six sections:

- (a) **PROPOSED**-includes the full text of preproposal comments, original proposals, continuances, supplemental notices, and withdrawals.
- (b) **PERMANENT**-includes the full text of permanently adopted rules.
- (c) **EMERGENCY**-includes the full text of emergency rules and rescissions.
- (d) **MISCELLANEOUS**-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (e) **TABLE**-includes a cumulative table of the WAC sections that are affected in the current year.
- (f) **INDEX**-includes a combined subject matter and agency index.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) deleted material is (~~lined out between double parentheses~~);
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

4. EFFECTIVE DATE IF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

5. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

Regulatory Fairness Act

The Regulatory Fairness Act, chapter 19.85 RCW, was adopted in 1982 to minimize the impacts of state regulations on small business. RCW 43.31.025 defines small business as “any business entity (including a sole proprietorship, corporation, partnership, or other legal entity) which is owned and operated independently from all other businesses, which has the purpose of making a profit, and which has fifty or fewer employees.” The act requires review and mitigation of proposed rules that have an economic impact on more than 20 percent of the businesses of all industries or more than 10 percent of the businesses in any one industry (as defined by any three-digit SIC code).

When the above criteria is met, agencies must prepare a small business economic impact statement (SBEIS) that identifies and analyzes compliance costs and determines whether proposed rules impact small businesses disproportionately when compared to large businesses. When a proportionately higher burden is imposed on small businesses, agencies must mitigate those impacts. All permanent rules adopted under the Administrative Procedure Act, chapter 34.05 RCW, are subject to review to determine if the requirements of the Regulatory Fairness Act apply. Impact statements are filed with the Office of the Code Reviser as part of the required notice of hearing.

AN SBEIS IS REQUIRED

When:

The proposed rule has any economic impact on more than 20 percent of all industries or more than 10 percent of any one industry; or

The proposed rule **IMPOSES** costs to business that are not minor and negligible.

AN SBEIS IS NOT REQUIRED

When:

The rule is proposed only to comply or conform with a Federal law or regulation;

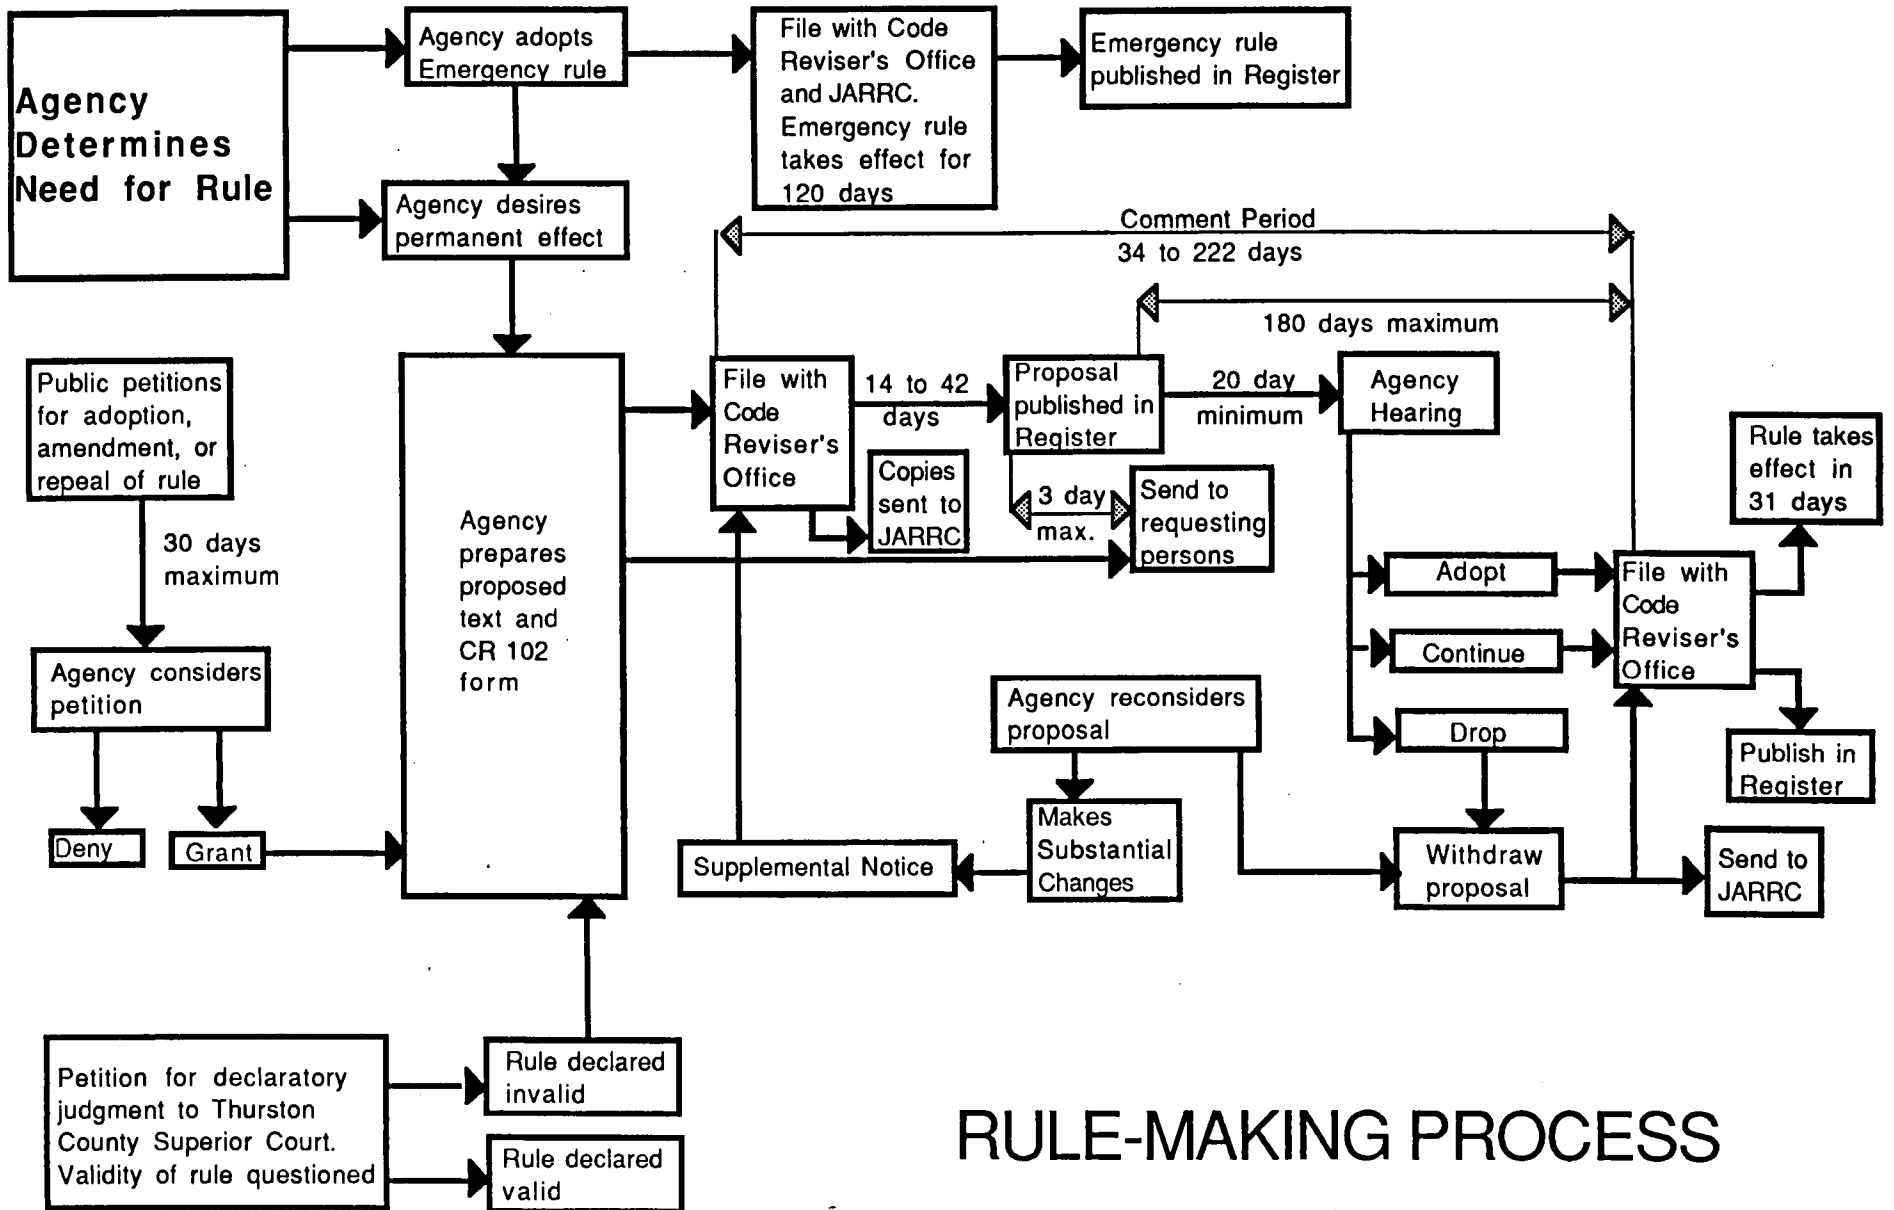

There is no economic impact on business;

The rule **REDUCES** costs to business;

There is only minor or negligible economic impact;

The rule is proposed as an emergency rule, although an SBEIS may be required when an emergency rule is proposed as a permanent rule; or

The rule is pure restatement of statute.

Purpose: To define the conditions that exist when a professional engineer or professional land surveyor shall affix their signature and seal to a document.

Statutory Authority for Adoption: RCW 18.43.035.

Statute Being Implemented: Chapter 18.43 RCW.

Name of Proponent: Board of Registration for Professional Engineers and Land Surveyors, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: While current language exists pertaining to proper use of the seal and signature of a licensee in chapter 18.43 RCW, the scope of this information is subjected to different interpretations depending on the general areas of practice that a licensee has had experience in (i.e. government, industry, academia, private practice). Statutory Authority for Adoption: RCW 18.43.035.

Statute Being Implemented: Chapter 18.43 RCW.

Summary: Establishes definitions and conditions that clarify the responsibilities of engineers and land surveyors who perform professional services as employees of corporations, organizations and/or government agencies.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Currently under existing provisions of chapter 18.43 RCW and chapters 196-24 and 196-27 WAC it is generally understood on what the respective responsibilities are of individuals registered as professional engineers whether they are employed or self-employed. Since preliminary comments received on this proposal indicate overall support for the adoption, no adverse effects are anticipated against licensees, general public or this agency.

 PROPOSED RULES
 DEPARTMENT OF
 GENERAL ADMINISTRATION
 [Filed April 16, 1993, 11:18 a.m.]**

Original Notice.
 Title of Rule: Chapter 236-22 WAC, Self-insurance requirements as to local governments.

Purpose: To regulate local government self-insurance transactions and to provide managerial and operational requirements for individual and joint health and welfare and property and liability risk programs.

Other Identifying Information: ESHB 1907, enacted by the legislature in the summer of 1991, amended chapter 48.62 RCW. This legislation significantly changed the responsibilities of administrators and members of joint self-insurance programs. Prior to the enactment of ESHB 1907, chapter 48.62 RCW provided only skeletal directives on joint programs, while denying authority to self-insure certain types of coverage to all but a few entities. These proposed rules establish the operational and managerial standards to which all local government self-insurance programs must adhere. The anticipated effects are to establish and maintain financially secure self-insurance programs which will protect the finances and interests of local government employees and taxpayers.

Statutory Authority for Adoption: Chapter 48.62 RCW.
Statute Being Implemented: RCW 48.62.061.

Summary: These rules will govern the operations and management of local government self-insurance transactions, as directed by chapter 48.62 RCW. The preamble section is being revised to more appropriately introduce to the subsequent sections being proposed for adoption here. The assessment, or money paid by members to a joint self-insurance program, is being revised to reflect the full implementation of the regulatory program. The fees will continue to be fixed by the state risk manager with concurrence from the health and welfare advisory board and the property and liability advisory board. The fees will also cover the ongoing expenses and operating costs of the advisory boards and the state risk manager's office. The new sections relate to managerial, operational and solvency guidelines for local government self-insurance programs.

Reasons Supporting Proposal: These rules implement the directives of chapter 48.62 RCW and establish the managerial, operational and solvency guidelines for local government self-insurance programs.

Name of Proponent: Department of General Administration, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: See Summary above.

Proposal does not change existing rules.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

The president may act through the vice-president for student services or any other designee.

NEW SECTION

For the purpose of determining whether probable cause exists for the application of any section of this code to any behavior by any person on a college facility, any college personnel may demand that any person on college facilities produce evidence of student enrollment at the college.

NEW SECTION

WAC 495E-120-080 Academic dishonesty/classroom conduct/attendance. (1) Academic dishonesty: Honest assessment of student performance is of crucial importance to all members of the academic community. Acts of dishonesty are serious breaches of honor and shall be subject to discipline as follows:

(a) Any student who, for the purpose of fulfilling any assignment or task required by a faculty member as part of the student's program of instruction, shall knowingly tender any work product that the student falsely represents to the faculty member as the student's work product, shall be deemed to have committed an act of academic dishonesty. Acts of academic dishonesty shall be cause for disciplinary action under this chapter.

(b) Any student who aids or abets the accomplishment of an act of academic dishonesty, as described in (a) of this subsection, shall be subject to disciplinary action under this chapter.

(2) Classroom conduct: Any student who substantially disrupts any college class by engaging in misconduct that renders it difficult or impossible to maintain the decorum of the class shall be subject to disciplinary action.

(3) Attendance: Consistent attendance is essential to the educational process and the instructor is authorized to

establish reasonable standards to encourage attendance enforceable by disciplinary action.

(4) For disciplinary action under this section, an instructor may take action authorized under WAC 495E-120-110 (1), (2), and (3), except suspension, expulsion, or monetary fine or the instructor may refer the matter to the designee of the vice-president for student services. In addition, an instructor may take immediate or summary action as he/she deems appropriate in order to preserve order or prevent disruption in the classroom. For academic dishonesty, an instructor also may adjust any grade of the student.

NEW SECTION

Handbills, leaflets, newspapers, and similar materials may be sold or distributed free of charge by any student or college employee on or in college facilities at locations specifically designated by the vice-president for student services, provided that such distribution or sale does not interfere with the ingress or egress of persons or interfere with the free flow of vehicular or pedestrian traffic and further provided that a copy of the material has been made available to the vice-president for student services prior to distribution.

(2) Such handbills, leaflets, newspapers, and related matter must identify the publishing agency and distributing organization or individual.

(3) Nonstudents making such sales or distributions shall register beforehand with the vice-president for student services and shall meet the same requirements.

(4) Any student who violates subsection (1) or (2) of this section will be subject to disciplinary action.

NEW SECTION

WAC 495E-120-100 Commercial activities. (1)

College facilities will not be used for commercial solicitation, advertising or promotional activities except when such activities:

(a) Clearly serve educational objectives, including but not limited to display of books of interest to the academic community or the display or demonstration of technical or research equipment; and

(b) Are conducted under the sponsorship or at the request of the college.

(2) For the purpose of this section, the term "commercial activities" does not include handbills, leaflets, newspapers, and similar materials as regulated in WAC 495E-120-090.

NEW SECTION

WAC 495E-120-110 Disciplinary terms. The following disciplinary actions against a student are authorized, and the definitions set forth in this section apply throughout this chapter:

(1) Verbal warning means oral notice of violation of college rules.

(2) Reprimand means formal action censuring a student for violation of college rules for failure to satisfy the college's expectations regarding conduct. Reprimands are made in writing to the student. A reprimand indicates to the

student that continuation or repetition of the specific conduct involved or other misconduct will result in one or more serious disciplinary actions described below.

(3) Disciplinary probation means formal action placing conditions upon the student's continued attendance because of violation of college rules or failure to satisfy the college's expectations regarding conduct. The disciplinary official placing the student on probation will specify, in writing, the period of probation and its conditions. Disciplinary probation warns the student that any further misconduct will automatically raise the question of expulsion from the college. Disciplinary probation may be for a specified term or for an indefinite period which may extend to graduation or other termination of the student's enrollment in the college.

(4) Summary suspension means temporary dismissal from the college and temporary termination of a student's status for a period of time not to exceed ten days due to a necessity to take immediate disciplinary action where a student presents an imminent danger to college property, or to himself or herself or other students or persons in college facilities or off campus, or to the educational process of the college.

(5) Suspension means temporary dismissal from the college and temporary termination of student status, other than summary suspension, for a specified period of time.

(6) Expulsion means dismissal from the college and termination of student status for an indefinite period of time or permanently.

(7) Monetary fine or restitution means a written order, alone or combined with another disciplinary action, requiring the student to pay, within a stated time limit, appropriate restitution for a financial loss caused by the student's misconduct and/or monetary fine not exceeding one quarter's tuition. Failure to pay shall be cause for further disciplinary action and/or cancelling and barring the student's registration.

NEW SECTION

WAC 495E-120-120 Initiation of discipline. (1) The vice-president for student services shall designate the person(s), in addition to instructors under WAC 495E-120-080, who may take any disciplinary action under this chapter. Such disciplining official ordinarily should meet or attempt to meet with the student to explain the seriousness of the matter and hear any explanation by the student before taking a disciplinary action.

(2) The student shall be given written notice of any disciplinary action except a verbal warning. Such written notice shall be delivered personally or mailed by first-class mail to the student's last known address. The notice shall state the factual basis for the action and shall advise the student of his/her right to appeal under these rules. The notice may be amended by notice reasonably in advance of a hearing.

NEW SECTION

WAC 495E-120-130 Appeal of disciplinary action. (1) A student may appeal a disciplinary action, other than a verbal warning, of an instructor or disciplining official by filing, within twenty days after the earlier of personal

delivery or mailing of notice of the disciplinary action, a written application for a brief or formal adjudicative proceeding. This application may, but need not, explain the student's position and/or be on a form provided under WAC 495E-108-040. The application shall be filed with the vice-president for student services or the person (other than the disciplining official) designated by that vice-president to receive such an appeal.

(2) The vice-president or designee receiving the appeal may, in his/her discretion, stay the effect of the discipline pending the appeal.

(3) The vice-president or designee receiving the appeal may meet or attempt to meet with the student, the disciplining official, and anyone else deemed to have information, for the purpose of attempting to resolve the matter by agreement.

(4) Unless the discipline is rescinded, the student confirms in writing his/her withdrawal of the application for an adjudication, or the matter is otherwise resolved by agreement, the vice-president shall conduct an adjudicative proceeding. This shall be a brief adjudicative proceeding unless:

(a) The vice-president decides to convert the case to a formal adjudicative hearing; or

(b) The discipline includes some form of dismissal from the college and the student in his/her request for an adjudication specified a formal adjudicative hearing.

(5) Disqualification of a presiding officer shall be as provided in RCW 34.05.425.

(6) The matter shall be heard by the presiding officer de novo.

(7) Failure to participate or cooperate in the proceeding may be taken into consideration by the presiding officer and shall not preclude the presiding officer from making a decision. This shall not limit the possibility of a default under RCW 34.05.440.

(8) The student may be accompanied by an advisor. However, no attorney representative of any party may participate in a meeting or hearing unless he/she has filed with the presiding officer and served on all other parties, at least five days previously, a notice of appearance. In the event of such notice, any other party may also have counsel.

(9) The presiding officer may exclude from a meeting or hearing any person whose conduct is disruptive.

(10) The presiding officer may consider evidence of any previous disciplinary action taken against the student.

(11) The presiding officer and, subsequently, a reviewing officer, may affirm, modify, or reverse the disciplinary action.

NEW SECTION

WAC 495E-120-140 Discipline review—Brief adjudicative proceedings. In a brief adjudicative proceeding: (1) RCW 34.05.485 through 34.05.494 and WAC 10-08-080 shall govern, unless otherwise provided in these rules.

(2) The presiding officer shall be the vice-president for student services or, if he/she cannot so serve for any reason, another person designated by the president.

(3) The presiding officer shall serve on the parties and provide to the president an initial order, a brief written

statement of the reasons for the decision, within ten days in accordance with RCW 34.05.485. That statement shall describe the available administrative review procedures specified in subsection (4) of this section.

(4) The initial order shall become the final order, without further action, unless within twenty-one days of service of the initial order:

(a) The president or president's designee, upon his/her own motion, determines that the initial order should be reviewed; or

(b) A party to the proceedings files with the president a written petition for administrative review of the initial order. The president or president's designee shall be the reviewing officer and RCW 34.05.491 shall apply to any such determination or petition.

NEW SECTION

WAC 495E-120-150 Discipline review—Formal adjudicative proceedings. In a formal adjudicative proceeding: (1) RCW 34.05.413 through 34.05.479 and chapters 10.08 and 495E-108 WAC shall govern, unless otherwise provided in these rules.

(2) The presiding officer shall be a discipline appeals committee consisting of three individuals: The vice-president for student services (who shall serve as chair and make procedural rulings on such issues as discovery, closure, and means of recording), an associate or assistant dean designated by the president, and a third individual designated by the president.

(3) The presiding officer may designate a recordkeeping clerk and/or other staff as appropriate. Hearings shall be recorded, in accordance with WAC 10-08-170. If any part of a hearing is closed in accordance with WAC 495E-108-070, the recording of that closed part shall be kept separate and confidential.

(4) The presiding officer may conduct prehearing conference(s) in accordance with RCW 34.05.431 and WAC 10-08-130.

(5) The presiding officer may permit or conduct discovery as provided in RCW 34.05.446, WAC 10-08-120, and 495E-108-060.

(6) The presiding officer shall give not less than seven days advance written notice of a hearing to all parties and all intervenors, except where such notice is waived, in accordance with RCW 34.05.434, WAC 10-08-040, or other applicable law.

(7) The burden of proof shall be on the party seeking to uphold the discipline to establish good cause by a preponderance of the evidence.

(8) Within the ninety days specified in RCW 34.05.461, and preferably within twenty days, the presiding officer shall serve on the parties and provide to the president an initial order, together with any relevant comments on the demeanor of witnesses. At the same time, a full and complete record of the proceedings shall also be transmitted to the president. The initial order shall include a statement of findings and conclusions and otherwise comply with RCW 34.05.461 and WAC 10-08-210. The initial order also shall describe the available administrative review procedures specified in subsection (9) of this section.

(9) The initial order shall become the final order, without further action, unless within twenty-one days of service of the initial order:

(a) The president or president's designee upon his/her own motion, determines that the initial order should be reviewed; or

(b) A party to the proceedings files with the president a written petition for administrative review of the initial order. The president or president's designee shall be the reviewing officer and RCW 34.05.464 and WAC 10-08-211 shall apply to any such determination or petition.

NEW SECTION

WAC 495E-120-160 Refunds and access. (1) Refund of fees for the term in which disciplinary action is taken shall be in accordance with the college's refund policy.

(2) A student suspended or expelled on the basis of conduct which disrupted the orderly operation of the campus or any college facility may be denied access to all or any part of the campus or other facility.

NEW SECTION

WAC 495E-120-170 Readmission after suspension or expulsion. Any student suspended from the college for disciplinary reasons will normally be readmitted upon expiration of the time period for which the suspension was issued. If the student has been expelled or feels that circumstances warrant reconsideration of a suspension prior to its expiration, or if the student was suspended with conditions imposed for readmission, the student may be readmitted following approval of a written petition submitted to the vice-president for student services. Such petition must state reasons which support a reconsideration of the matter. The vice-president for student services or his/her designee shall decide the petition through a brief adjudicative proceeding. The president or designee shall be the reviewing officer.

NEW SECTION

WAC 495E-120-180 Reestablishment of academic standing. Students who have been suspended or expelled pursuant to this chapter and whose suspension or expulsion upon appeal is found to have been unwarranted shall be provided the opportunity to reestablish their academic and student standing to the extent possible within the abilities of the college, including an opportunity to retake examinations or otherwise complete course offerings missed by reason of such action.

NEW SECTION

WAC 495E-120-190 Reporting, recording, and maintaining records. Records of all disciplinary cases shall be kept by the vice-president for student services. Except in proceedings where the student is exonerated, all documentary or other physical evidence considered in disciplinary proceedings and all recorded testimony shall be preserved, insofar as possible, for not less than six years. No records of proceedings wherein the student is exonerated, other than the fact of exoneration, shall be maintained in the student's file or other college repository.

Chapter 495E-140 WAC
USE OF COLLEGE FACILITIES

NEW SECTION

WAC 495E-140-010 Use of college facilities. Renton Technical College provides continued educational opportunity for its citizens. In keeping with this general purpose, the college believes that facilities should be available for a variety of uses which are of benefit to the general public if such general uses do not interfere with the educational mission of the college. However, a state agency is under no obligation to make its public facilities available to the community for private purposes.

NEW SECTION

WAC 495E-140-020 Limitation of use to school activities. (1) When allocating use of college facilities, the highest priority is always given to activities specifically related to the college's mission. No arrangements will be made that may interfere with or operate to the detriment of the college's own teaching, research, or public service programs. In particular, college buildings, properties, and facilities, including those assigned to student programs, are used primarily for:

(a) The regularly established teaching, research, or public service activities of the college and its departments;

(b) Training, cultural, educational, or recreational activities of the students, faculty, or staff;

(c) Short courses, conferences, seminars, or similar events, conducted either in the public service or for the advancement of specific departmental professional interests, when arranged under the sponsorship of the college or its departments;

(d) Public events of a cultural or professional nature brought to the campus at the request of college departments or committees and presented with their active sponsorship and active participation;

(e) Activities or programs sponsored by educational institutions, by state or federal agencies, by charitable agencies or civic or community organizations whose activities are of widespread public service and of a character appropriate to the college.

(2) College facilities may be used by student organizations for regular business meetings, social functions, and programs open to the public. Any recognized campus student organization may invite speakers from outside the college community. The appearance of an invited speaker on campus does not represent an endorsement by the college, its students, faculty, administration, or the board of trustees, implicitly or explicitly, of the speaker's views.

(3) Reasonable conditions may be imposed to regulate the timeliness of requests, to determine the appropriateness of space assigned and time of use, and to insure the proper maintenance of the facilities. Subject to the same limitations, college facilities shall be made available for use by individuals or groups within the college community. Arrangements by both organizations and individuals must be made through the vice-president for plant operations. Allocation of space shall be made in accordance with college rules and policy and on the basis of time, space, priority of request, and the demonstrated needs of the applicant.

(4) The college may restrict an individual's or a group's use of college facilities if that person or group has, in the past, physically abused college facilities. Charges may be imposed for damage or for any costs associated with the use of facilities. The individual, group, or organization requesting space will be required to state in advance the general purpose of any meeting.

NEW SECTION

WAC 495E-140-030 Statement of intentions. The college neither intends nor desires to compete unfairly with any local agency or private enterprise in making its facilities available to the community. Privately operated facilities exist which are well qualified to best meet many community needs. The college encourages the community to patronize local businesses or agencies. With this approach, the college will work cooperatively with local private enterprise to the mutual benefit of all concerned.

NEW SECTION

WAC 495E-140-040 General policies limiting use.
(1) College facilities may not be used for purposes of political campaigning by or for candidates who have filed for public office except for student-sponsored activities, forums, or formal political caucuses.

(2) Religious groups shall not use the college facilities as a permanent meeting place. Use may be intermittent only.

(3) The college reserves the right to prohibit the use of college facilities by groups which restrict membership or participation in a manner inconsistent with the college's commitment to nondiscrimination.

(4) No one using college facilities may post promotional signs or posters on buildings, trees, walls, or bulletin boards, or distribute samples outside the rooms or facilities to which access has been granted, except with written permission of the vice-president for plant operations.

(5) These rules shall apply to recognized student groups using college facilities.

(6) Handbills, leaflets, and similar materials except those which are commercial, obscene, or unlawful may be distributed in designated areas on the campus where, and at times when, such distribution will not interfere with the orderly administration of the college affairs or the free flow of traffic. Any distribution of materials must be authorized in advance by the vice-president for plant operations and shall not be construed as support or approval of the content by the college community or the board of trustees.

(7) Use of audio amplifying equipment is permitted only in locations and at times which will not interfere with the normal conduct of college affairs as determined by the vice-president for plant operations.

(8) No person or group may use or enter onto college facilities having in their possession firearms or weapons, even if licensed to do so, except college personnel authorized by the president and commissioned police officers as prescribed by law.

(9) The right of peaceful dissent within the college community will be preserved. The college retains the right to take steps to insure the safety of individuals, the continuity of the educational process, and the protection of property. While peaceful dissent is acceptable, violence or disruptive behavior is not a legitimate means of dissent. Should any person, group, or organization attempt to resolve differences by means of violence, the college and its officials need not negotiate while such methods are employed.

(10) Orderly picketing and other forms of peaceful dissent are protected activities on and about the college premises. However, interference with free passage through areas where members of the college community have a right to be, interference with ingress and egress to college facilities, interruption of classes, injury to persons, or damage to property exceeds permissible limits.

(11) Where college space is used for an authorized function (such as a class or a public or private meeting under approved sponsorship, administrative functions, or service related activities), groups must obey or comply with directions of the designated administrative officer or individual in charge of the meeting.

(12) If a college facility abuts a public area or street, and if student activity, although on such public property, unreasonably interferes with ingress and egress to college buildings, the college may choose to impose its own sanctions although remedies might also be available through local law enforcement agencies.

(13) All activities and uses of college facilities shall comply with applicable laws and rules and college policies.

NEW SECTION

WAC 495E-140-050 Administrative control. The board hereby delegates to the president authority to set up administrative procedures for the use of college facilities; and to establish rental schedules where appropriate.

NEW SECTION

WAC 495E-140-060 Trespass. (1) Individuals who are not students or members of the faculty or staff and who violate these rules will be advised of the specific nature of the violation, and if they persist in the violation, they will be requested by the president, or designee, to leave the college property. Such a request prohibits the entry of, and withdraws the license or privilege to enter onto or remain upon any portion of the college facilities by the person or group of persons requested to leave. Such persons shall be subject to arrest under the provisions of chapter 9A.52 RCW.

(2) Members of the college community (students, faculty, and staff) who do not comply with these regulations will be reported to the appropriate college office or agency for action in accordance with these rules.

NEW SECTION

WAC 495E-140-070 Prohibited conduct at college facilities. (1) The unlawful use or possession of drugs, narcotics, or intoxicants on college property or at college functions is prohibited. Students obviously under the influence of intoxicants, unlawful drugs, or narcotics while in college facilities are subject to disciplinary action.

(2) The use of tobacco is prohibited in or on any college facility.

(3) Destruction of college or other public property is also prohibited.

NEW SECTION

WAC 495E-140-080 Control of pets in college facilities. Pets are not permitted in campus buildings or on the grounds except guide or service dogs for the visually or hearing impaired, or persons with specific handicapping conditions or as specifically permitted by the vice-president for plant operations.

NEW SECTION

WAC 495E-140-090 Basis of fee assessment. (1) Use fees reflect the college's assessment of the present market, the cost of operations, and an evaluation of the intended purpose and its relationship to the purposes of this college. The board of trustees has determined that groups or organizations affiliated with the college should be permitted access to facilities at the lowest charge on the fee schedule, which may include complimentary use. A current fee schedule is available to interested persons from the office of vice-president for plant operations.

(2) The college does not wish to compete with private enterprise. Facility use for noncollege activities will not be granted at rates or upon terms less than fair rental value.

NEW SECTION

WAC 495E-140-100 Application procedures. (1) At least seven working days prior to date of intended use of any college facility, or such lesser period as is approved by the vice-president for plant operations, an authorized representative of the requesting organization must submit a proper and complete written application for use of college facilities, which may be obtained through the college's office of vice-president for plant operations. A single application may be sufficient for a series of meetings by an organization unless those meetings vary significantly in some substantive way; if so, separate applications will be required.

(2) An authorized representative of the using organization shall sign the application, which upon approval by the vice-president for plant operations shall serve as the rental agreement. By affixing a signature as representing the using organization, the signatory specifies that he or she has authority to enter into the agreement on behalf of the organization and if the organization fails to pay the amount due, the signatory becomes responsible for all charges. These charges may include interest on overdue accounts as specified on the rental form but not less than one percent per month.

(3) Large events, events requiring expenditures on the part of the college, or where significant areas are blocked out for the renter, up to fifty percent nonrefundable advance deposit may be required at the time of application.

(4) The college reserves the right to make pricing changes without prior written notice.

(5) Use of a facility is limited to the facility specified on the agreement.

(6) The priorities for facility use place primary emphasis on regular college events and activities. The president and the vice-president for plant operations each reserve the right to cancel any permit and refund any payments for use of college facilities and equipment when they deem such action advisable and in the college's best interests.

(7) In the event of a cancellation by the applicant, that organization is liable for all college costs and expenses in preparing the facility for its use.

(8) Any admission charge is to be specified by the applicant and approved by the college in advance.

NEW SECTION

WAC 495E-140-110 Supervision during activity. (1) Signatories to the rental agreement as well as adult organization leaders are responsible for group conduct and are expected to remain with their group during activities. When the use of particular facilities makes it advisable that supervision be provided, the college reserves the right to require that a staff member monitor the activity. Such service shall be paid at the current rate, by the organization requesting use of the facility, and does not relieve the organization from safeguarding the college's property.

(2) The security staff or some other authority of the college will open and lock all rented facilities. Keys to buildings or facilities will not be issued or loaned to any using organization with the exception of keys to designated off-campus locations or by approval of the vice-president for plant operations.

(2) Within two business days after receiving the written request for review, the president of the district, or his or her designee, shall complete such review and issue a final written decision.

(3) During the course of the review the president or his or her designee shall consider the obligations of the district to comply with the intent of chapter 42.17 RCW insofar as it requires providing full public access to official records, but shall also consider the exemptions provided in RCW 42.17.310 and other pertinent statutes and rules, and the provisions of the statute which require the district to protect public records from damage or disorganization, prevent excessive interference with essential functions of the agency, and prevent any unreasonable invasion of personal privacy by deleting identifying details.

NEW SECTION

WAC 495E-280-080 Requests for corrections, hearings, adding statements to education records.

Students have the right to request to have records corrected that they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

(1) A student must submit a written request to amend his or her education record to the appropriate college official responsible for the custody of the record as designated in WAC 495E-280-110. The request must identify the part of the record he/she wants changed and specify why the record is believed to be inaccurate, misleading, or in violation of his or her privacy or other rights.

(2) A student whose request for amendment of his or her education record has been denied may request a hearing by submitting a written request to the vice-president for student services or designee within ten days following the denial. The written request must be signed by the student and shall indicate the reasons why the records should be amended. The vice-president for student services or designee shall notify the student of the hearing within thirty days after receipt of a properly filed request. In no case will the notification be less than ten days in advance of the date, time, and place of the hearing.

(3) The hearing shall be a brief adjudicative proceeding as provided in RCW 34.05.482 through 34.05.494 and shall be conducted by the vice-president for student services or his/her designee. At the hearing, the student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the request to amend the student's education records. The student may be assisted by one or more individuals, including an attorney.

(4) The vice-president for student services or designee will prepare a written decision, within ten days after the conclusion of the hearing, based on the evidence presented at the hearing. The decision will include the reasons for the decision and will advise the parties that it is subject to administrative review by the college president under RCW 34.05.488 through 34.05.491 if a written or oral request for such review is received by the president within twenty-one days. A copy of the decision shall be served on the student.

(5) If the final decision is that the information is inaccurate, misleading, or in violation of the student's right of privacy, the custodian of the record will amend the record accordingly and notify the student, in writing, that the record has been amended.

(6) If the final decision is that the challenged information is not inaccurate, misleading, or in violation of the student's right of privacy, the custodian of the record will notify the student in writing that the student has a right to place in the record a rebuttal statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.

(7) The student's rebuttal statement will be maintained as part of the student's education records as long as the contested portion is maintained. If the contested portion of

the education record is disclosed, the statement will also be disclosed.

Chapter 495E-300 WAC
DISCRIMINATION POLICIES AND PROCEDURES

NEW SECTION

WAC 495E-300-010 General policy. Any applicant for admission, enrolled student, applicant for employment or employee of Renton Technical College who believes she/he has been discriminated against on any unlawful basis, including sex, marital status, race, color, national origin, handicap/disability, age, or religion, may lodge an institutional grievance by following the procedures below.

NEW SECTION

WAC 495E-300-020 Informal procedure. (1) All applicants, employees, and students should feel free to discuss perceived discrimination with the individual responsible and with the person immediately in charge, such as the first-line supervisor or instructor, to see if the situation can be resolved informally. Applicants, employees, and students may also consult directly and confidentially with the college affirmative action officer without making a formal written complaint. However, they are not required to use the informal process and may go directly to the formal procedure.

(2) Any college official receiving any discrimination complaint shall contact the affirmative action officer or designee as soon as practicable. The college official shall

arrange for the complainant to receive a copy of the complaint procedure.

NEW SECTION

WAC 495E-300-030 Formal procedure. Employees and students may make a written complaint concerning discriminatory behavior to the affirmative action officer or his/her designee.

(1) Complaints will be held in confidence to the extent this is reasonably possible. No action against the person accused will ordinarily be taken on behalf of the complainant unless the complainant consents to be identified to the accused, although the college reserves all rights to take appropriate corrective measures regardless of the actions of the complainant.

(2) The complainant or accused may bring a person of his or her choice to any meetings about the complaint.

(3) The affirmative action officer or designee shall give a copy of these regulations and any applicable board policy to the person making the written complaint and to the accused.

(4) The affirmative action officer will meet, consult, and investigate as he/she deems appropriate. An informal hearing may be substituted for or added to an investigation if the complainant and the accused agree. The affirmative action officer or designee will be responsible for conducting any such hearing.

(5) The affirmative action officer or designee shall promptly communicate his/her findings to both the complainant and the accused, and then shall make a written report of those findings and a recommendation to the appropriate disciplinary authority or other college official (but not one who would hear any appeal).

(6) Appropriate corrective measures, if any, will be decided by the appropriate disciplinary authority or official. If an accused employee or student disagrees with the determination or appropriateness of the corrective measures, that individual may contest those measures through any available faculty or classified grievance procedures, if they are covered by a bargained agreement, or the student code appeal procedure.

(7) Information will be entered in a personnel or student file only to the extent that a formal reprimand or other disciplinary action has been taken. If no disciplinary action is taken, the affirmative action officer will keep a record of the investigation for a period of three years and then that record will be destroyed. If a complaint is filed with an outside state or federal agency, files will be maintained until that complaint is resolved. When such files are used, written notice will be placed in the file indicating the person using the file and the date used.

NEW SECTION

WAC 495E-300-040 Other remedies. These procedures outlined in WAC 495E-300-010 through 495E-300-030, are internal college procedures and, as such, serve to resolve complaints within the college's administrative framework. These procedures do not restrict or replace an individual's right to file a timely complaint with an external agency such as the Office of Civil Rights, Equal Employ-

ment Opportunity Commission, or the Washington state human rights commission.

NEW SECTION

WAC 495E-300-050 Policy statement on disabilities. Students with documented disabilities who meet admission qualifications will be provided reasonable accommodation. Accommodations may be made in the style of instructional delivery, method of evaluation, or curricular aides. The college will not lower the standard measurement of competency for the certificate of merit or the standards of a degree.

Specific support services and auxiliary aide should be determined prior to registration. State vocational rehabilitation agencies or common school districts charged with providing support to handicapped students will retain primacy of responsibility for necessary auxiliary aids.

Renton Technical College encourages all students to achieve the highest level of skill development possible, as well as to achieve the ability to function independently in the workplace. Therefore, accommodations will be provided on a decreasing basis to the extent that the student's reasonable requirements diminish as the student becomes increasingly successful in training and nears job placement.

PROPOSED RULES
DEPARTMENT OF
COMMUNITY DEVELOPMENT**

[Filed April 20, 1993, 2:03 p.m.]

Original Notice.

Title of Rule: Chapter 365-135 WAC, Bond cap allocation, WAC 365-135-020, 365-135-040, 365-135-050, and 365-135-070.

Purpose: Clarify refund procedures; establish criteria for exempt facility bonds; modify and add to definitions used in the chapter.

Statutory Authority for Adoption: RCW 39.86.170.

Statute Being Implemented: Chapter 39.86 RCW.

Summary: This rule adds and modifies definitions, clarifies refund procedures, and adds a new section to establish criteria for allocating the exempt facility portion of bond cap allocation.

Reasons Supporting Proposal: The proposed rule spreads the exempt facility allocation over three or more projects, encourages complete applications, establishes

criteria for evaluating projects, and reduces staff time spent collecting unpaid fees.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Bill Cole, 906 Columbia Street S.W., Olympia, WA, (206) 753-0307.

Name of Proponent: Department of Community Development, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed rule modifies and adds definitions to the bond cap allocation WACs. These will help clarify procedures. Rule modifications also improve and clarify refunding procedures. The new section adds criteria to be used in evaluating exempt facility applications, which will prevent one or two applications from depleting the available allocation for the category early in the year. The proposed rule also requires applicants to pay allocation fees when the initial application is submitted. This should reduce marginal applications and program staff time spent on collecting unpaid fees.

Proposal Changes the Following Existing Rules: It modifies definitions, raises the nonrefundable fee from \$300 to \$500, changes when fees are paid, simplifies language and clarifies refunding procedures.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Department of Community Development, 906 Columbia Street S.W., Room 5A, Olympia, WA, on May 25, 1993, at 1 p.m.

Submit Written Comments to: Bill Cole, Department of Community Development, P.O. Box 48300, Olympia, WA 98504-8300, by May 25, 1993.

Statute: Chapter ~~((297, Laws of 1987))~~ 39.86 RCW.

AMENDATORY SECTION (Amending Order 87-18, filed 9/16/87)

WAC 365-135-040 Procedure for obtaining an allocation, extension, or carryforward. No issuer may receive an allocation of the state ceiling without a certificate of approval from the department.

Issuers may apply for a certificate of approval by submitting a completed allocation request form to the department and paying ~~((a three hundred dollar filing))~~ an allocation fee. An allocation request form will be available from the department.

The department will respond to any such completed request in accordance with the statute. ~~((Each issuer that receives a certificate of approval for allocation will be concurrently notified of an approval fee due. An issuer may apply for an extension or carryforward of its allocation by submitting its request to the department and supplying any additional information required by the department. The department will promptly notify the issuer if any fees are due and respond to the request for extension or ~~((allocation))~~ carryforward in a timely manner.

AMENDATORY SECTION (Amending Order 87-18, filed 9/16/87)

WAC 365-135-050 Fees. (1) A fee schedule is hereby established, which will consist of:

~~((1) A filing))~~ (a) An allocation fee, due at the time a request is filed with the department of community development; and

~~(3))~~ (b) In certain cases, an extension or carryforward fee.

If an issuer's allocation request is denied, ~~((only the filing fee is due. The filing fee and the approval fee~~

~~1/40 of one percent (.00025) of the approved allocation amount or five hundred dollars, whichever is greater)) the allocation fee, less the five hundred dollar filing fee, will be refunded.~~

Annually, the department will determine if an adjustment of the fees is warranted by reviewing the account of BCAP revenues and expenses for the preceding fiscal year and by considering BCAP budget projections for the following fiscal year.

(2) Payment of the fees will occur as indicated by the schedule below.

(a) Filing. Upon filing an allocation request, the issuer must submit ~~((a nonrefundable filing fee of three hundred dollars, which will count as part of the total allocation assessment if an allocation of the state ceiling is granted. The issuer may also elect to pay in advance any additional amount toward the balance of its anticipated allocation assessment))~~ the total allocation fee, of which the five hundred dollar filing fee is nonrefundable.

~~(b) ((Approval. Any request that receives allocation approval will be concurrently notified of the approval fee amount due. The approval fee represents the unpaid balance of the allocation assessment. Within fifteen business days from the date the department of community development grants an allocation approval, the issuer must submit the approval fee or lose the allocation approval, except that any amount of the approval fee greater than one thousand dollars may be payable within ten business days from the date the bond sale is closed or at such date as agreed upon by both the department and the issuer.~~

~~(e))~~ Extensions and carryforwards. The department may assess an ~~((additional filing))~~ extension fee, not to exceed two hundred fifty dollars, upon any request for extension or carryforward. The extension fee must be paid prior to the extension being granted. However, if the BCAP administrator determines that an issuer's allocation ~~((assessment includes))~~ fee included a sufficient amount to pay for the additional administrative expenses associated with granting or denying such a request, the additional fee shall be waived.

~~((d))~~ (c) Refunds. If a requesting issuer pays any fee greater than the amount assessed by the department, that amount shall be refunded by the department.

If the allocation request is denied or a partial allocation is approved, the issuer will receive either a full or partial refund of the allocation fee, less the five hundred dollar filing fee. Once the allocation amount is approved, the allocation fee is not refundable, even if the issuer does not issue all or any of the approved allocation.

PROPOSED RULES
DEPARTMENT OF
GENERAL ADMINISTRATION
 [Filed April 21, 1993, 10:13 a.m.]

Original Notice.

Title of Rule: Chapter 236-14 WAC, Parking program for state facilities off the state capitol grounds in Thurston County.

Purpose: The purpose of these rules is to implement the legislative mandate in RCW 46.08.172 to establish equitable and consistent parking rental fees for state-owned and leased properties. It is the department's intent to implement parking fees throughout the state on a graduated basis, beginning with Thurston County outside the capitol grounds.

Statutory Authority for Adoption: RCW 46.08.172.
 Statute Being Implemented: RCW 46.08.172.

April 19, 1993
 Alan Kurimura
 Assistant Director

Summary: The proposed rules establish parking rental fees for state facilities off the state capitol grounds in Thurston County. The rules also define categories of users and vehicles. In addition, the Department of General Administration is authorized to establish other permits and issue a fee schedule for each. Except for the capitol campus, the director delegates the responsibility for the collection of parking fees to other agencies of state government. Criteria for exempting or adjusting individual state facilities from parking rental fees is also established. The Department of General Administration will promulgate parking rental fees throughout the state on a graduated basis after considering comparable market rates in individual geographic area(s), beginning with Thurston County. There are new sections on severability, delegation of authority, and provisions relating to lease renewal.

Reasons Supporting Proposal: The intent is to reduce state subsidization of parking under the mandate of RCW 46.08.172 for the director of the Department of General Administration to establish equitable and consistent parking rental fees for state-owned and state-leased properties, considering comparable market rates.

Name of Agency Personnel Responsible for Drafting: Steve Borchardt, P.O. Box 41018, General Administration Building, Olympia, WA 98504, 753-4243; **Implementation and Enforcement:** J. Duncan Crump, P.O. Box 4125, Plaza Garage, Olympia, WA 98504, 753-3269.

Name of Proponent: [Department of General Administration], governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The purpose of the proposed rules is to implement the general legislative mandate of RCW 46.08.172 to ensure the establishment of equitable, and consistent parking rental fees for state-owned and state-leased properties. The focus of these rules are on state facilities located in Thurston County, except for the capitol grounds. The rules explain that the director of general administration has delegated the authority for the collection of parking fees to other agencies of state government. These rules outline the authority of the director of general administration to create parking permits, establish fee schedules for various situations and establish the factors and criteria to be used by the director when making exemptions or adjustments to fee requirements. The anticipated effects are a fair and equitable parking rental fee structure throughout Thurston County for state facilities, a reduction in state subsidization of parking, and an increased use of high occupancy vehicles.

Proposal does not change existing rules.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Hearing Room "A", John L. O'Brien Building, Capitol Campus, Olympia, Washington 98504, on May 25, 1993, at 10:00 a.m. to 1:00 p.m. and 3:45 p.m. to 5:45 p.m.

Submit Written Comments to: APA Coordinator, Steve Borchardt, P.O. Box 41018, Olympia, WA 41018-1018, by May 25, 1993.

Date of Intended Adoption: May 26, 1993.

PERMANENT RULES
UTILITIES AND TRANSPORTATION
COMMISSION

[Order R-385, Docket No. UT-920960—Filed April 19, 1993, 2:04 p.m.]

In the matter of amending WAC 480-80-390 relating to mandatory cost change (MCC) for telecommunications companies.

The Washington Utilities and Transportation Commission takes this action under Notice No. WSR 92-24-001, filed with the code reviser on November 18, 1992. The commission brings this proceeding pursuant to RCW 80.01.040.

This proceeding complies with the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.05 RCW), the State Register Act (chapter 34.08 RCW), the State Environmental Policy Act of 1971 (chapter 43.21C RCW), and the Regulatory Fairness Act (chapter 19.85 RCW).

At that time and place, the time for oral comment and adoption was continued on the record until January 27, 1993, at the same time and place; at the time and place thus established, the matter was further continued for comment and adoption until February 3 at the same place and time of day.

Notice No. WSR 92-24-001 provided interested persons the opportunity to submit written comments to the commission until December 23, 1992. Written comments were filed by Fred Logan, for GTE, and by Terry Vann, on behalf of the Washington Independent Telephone Association (WITA).

The commission, pursuant to the notice and continuations on the record, considered the rule change proposal for adoption at its regularly scheduled open public meeting on February 3, 1993, before Chairman Sharon L. Nelson, Commissioner Richard D. Casad and Commissioner A. J. Pardini. Oral comments were received from Kathy Folsom, on behalf of commission staff, and from Terry Vann, on behalf of WITA.

After considering the proposal and the oral and written comments, the commission adopted the proposal as noticed. The rule change affects no economic values.

In reviewing the entire record, the commission determines that WAC 480-80-390 should be amended to read as set forth in Appendix A, shown below and included in it by this reference.

ORDER

APPENDIX "A"

AMENDATORY SECTION (Amending Order R-307, Docket No. U-89-2876-R, filed 9/15/89, effective 10/16/89)

WAC 480-80-390 Mandatory cost changes for telecommunications companies. (1) This section establishes streamlined procedures to be applied to rate filings by local exchange telecommunication companies which seek to reflect in rate increases jurisdictional separations changes and mandatory accounting and tax changes imposed by a governmental authority which are accepted for intrastate ratemaking purposes by the commission.

(2) In order to qualify for jurisdictional separations or mandatory accounting and tax change treatment, a filing seeking to increase rates shall meet the following requirements at a minimum:

(a) It shall be accompanied by a recital that the company has or will within forty-five days of the filing complete distribution in the manner specified in WAC 480-80-125 of a notice to customers containing information as to the rate increase consistent with that required in that portion of the rule denominated "summary of requested rate increases," and further containing the name and mailing address of the commission and public counsel, and advising the customers that they may contact the same with respect to the proposed rate change. Proof of compliance with the foregoing shall be on file with the commission at least thirty days before any rates sought under this procedure shall be made effective.

(b) The filing shall be accompanied by supporting documentation demonstrating the calculation of the proposed increase and the authority for the change.

(c)(i) A company seeking this treatment for a proposed increase shall submit a rate of return statement, on a commission basis, which demonstrates that the company is not presently exceeding a reasonable level of earnings. If the

company is exceeding a reasonable level of earnings, the proposed increase shall be reduced accordingly. All supporting documentation used to develop the rate of return statement shall be provided with the filing. For the purposes of this rule, "reasonable level of earnings" is the company's authorized overall rate of return or the rate of return developed pursuant to (e) of this subsection, whichever is more current. Companies with revenues exceeding five hundred million dollars annually may use their authorized rate of return if established within the prior two years. If no return has been established within two years, such companies may not be accorded the procedures designated by this rule, unless in the judgment of the commission, such authorized return is not unreasonable for purposes of a filing under this rule. If a company cannot depict Washington intrastate results of operations with reasonable accuracy, the total Washington realized return may be used for this test.

(ii) The rate of return statement shall not be a fully pro formed results of operations statement, but must depict the results of operations on a commission basis. For purposes of this rule, "commission basis" means that the rate base includes those standard rate base components that have been historically accepted by the commission for ratemaking, and further includes restating actual adjustments which restate a company's booked results of operations to a ratemaking basis and also includes an appropriate pro forma debt adjustment. These restating adjustments should be made to account for jurisdictional differences where they depart from FCC Part 32. Accounting rules set forth in WAC 480-120-031 may be used as a guide to satisfy most adjustments required to restate per books results of operations. Nonoperating, nonrecurring, or extraordinary items, and unregulated operating items, or any other item that materially distorts test period earnings or expenses shall be removed from booked results of operations before the achieved return is calculated. For purposes of this rule, "commission basis" does not include new theories or approaches which have not been previously addressed to and resolved by the commission.

(d) The supporting documentation specified in (b) and (c) of this subsection shall be submitted at the time of the tariff filing or the first notice to customers, whichever occurs first.

(e) The qualifying overall rate of return will be either not greater than ~~((10.5))~~ 10.25 percent or based upon a ~~((12.25))~~ 11.50 percent return on equity. The ~~((10.5))~~ 10.25 percent overall rate of return will be adjusted according to the following table:

90% DEBT COMPANIES USE 40.00% OF TARGET RATE OF RETURN
80% DEBT COMPANIES USE 48.00% OF TARGET RATE OF RETURN
70% DEBT COMPANIES USE 57.60% OF TARGET RATE OF RETURN
60% DEBT COMPANIES USE 69.12% OF TARGET RATE OF RETURN

Using the ~~((12.25))~~ 11.50 percent return on equity, the overall fair rate of return will be determined on an individual company basis giving consideration to the company's cost of debt and preferred equity, each adjusted for any known and measurable effects, and utilizing an appropriate capital structure.

For the purposes of this rule only, "appropriate capital structure" shall be defined as a minimum of forty percent equity and a maximum of sixty percent equity. Capital

April 8, 1993

Chair

structures outside these parameters will be adjusted to the minimum or maximum, whichever is closer.

The rates shall be reviewed during the third quarter of each calendar year, and such action taken as may be necessary and appropriate to reflect the current capital market conditions: *Provided*, That nothing herein shall foreclose more frequent review and adjustment of the overall rate of return or return on equity as circumstances may indicate. Nothing in this rule shall foreclose a utility from seeking a different return on equity, nor shall the returns or the methodologies stated in this section be considered as precedent for any other commission proceedings.

(3) Except for costs identified with a particular customer class, any revenue requirement change sought to be reflected by this treatment shall be spread on a uniform revenue percentage basis by customer class, defined as residential, business, and interexchange, whether or not classified as competitive.

Costs identified with interexchange services shall be spread to access charges using approved commission methodology. Costs identified with any other specific class or service shall be spread to that class or service on a uniform percentage basis. In exceptional circumstances, a company may propose an alternative rate design or rate spread.

(4) If the commission has reason to believe that the quality of the company's service is not consistent with its public service obligations, or if the commission has reason to believe that the company's results of operations, proposed rate design or proposed rate spread, or proposed alternative rate design or rate spread require a more extensive review, the commission may decline to apply the procedures contemplated by this rule.

(5) If jurisdictional separations or mandatory accounting and tax change treatment is found to be appropriate, the commission will ordinarily take final action within ninety days of the date of filing.

(6) Nothing in this section shall be construed to prevent any company, the commission, or any customer from utilizing any other procedures which are otherwise permitted by law.

PERMANENT RULES

DEPARTMENT OF ECOLOGY

[Order 91-24—Filed April 20, 1993, 3:44 p.m.]

Date of Adoption: April 20, 1993.

Purpose: The purpose of the rule is to provide a mechanism to fund ecology's activities for the regulation of facilities that treat, store, or dispose of mixed waste, including those facilities undergoing closure.

Statutory Authority for Adoption: RCW 70.105.280, Hazardous Waste Management Act.

Pursuant to notice filed as WSR 92-24-103 on December 2, 1992.

Changes Other than Editing from Proposed to Adopted Version: Remove the words "incinerate" "incinerates" and "incineration" from WAC 173-328-010(1), 173-328-020, 173-328-030 (2)(a), 173-328-030 (2)(c), and 173-328-030 (1)(f). Incineration is a form of treatment and thus having it explicitly stating serves no real purpose than to highlight one specific form of treatment that exists. The regulation will still be applicable to facilities that incinerate mixed waste.

Remove the words "dangerous waste" from WAC 173-328-020. The action clarifies the regulation. The words only confuse the reader since a dangerous waste facility which engages in treating, storing, and disposing of only nonradioactive dangerous waste will not be assessed a fee under this regulation.

Create WAC 173-328-030 (2)(d) and add the following sentence, "For facilities cited by the Energy Facility Site Evaluation Council under chapter 80.50 RCW, the terms "owner" and "operator" in WAC 173-328-060 and 173-328-070, mean the Energy Facility Site Evaluation Council." This sentence was added to the regulation since ecology is required to, under the Hazardous Waste Management Act, RCW 70.105.110 "consult and cooperate with the Energy Site Evaluation Council and, in order to avoid duplication of effort . . ." This sentence allows the use of the existing system with EFSEC to the extent that the rule remains equitable to all mixed waste facilities.

Replace WAC 173-328-040 "The department shall, on a biennial basis, determine all reasonable program costs necessary to carry out the department's duties under chapter 173-303 WAC, for each mixed waste facility. The department shall include, but not limited to, the following items to determine fee amounts," with "The department shall, on a biennial basis, determine all reasonable costs necessary to carry out the department's duties under chapter 173-303 WAC, for each mixed waste facility. The fee may be assessed at a mixed waste facility for the department's regulation of both mixed waste and nonradioactive dangerous waste. The department shall include, but not be limited to, the following items to determine fee amounts." This change

clarifies that the Hazardous Waste Management Act allows ecology to assess fees for both mixed waste and nonradioactive dangerous waste management activities at mixed waste facilities.

Delete WAC 173-328-040 (1)(g) "Legal services." Anticipated legal services are collected through the agency indirect.

Delete WAC 173-328-040 (2)(c) "Determination of compliance with other state and federal regulations;" from WAC 173-328-040. This line is unnecessary since a more narrow version of this requirement exists in the dangerous waste regulations and will be enforced.

Delete WAC 173-328-040 (3)(f) "Enforcement actions." Enforcement actions are the result of a facility not complying with the Hazardous Waste Management Act and the dangerous waste regulations. Such actions are typically unanticipated.

Replace "On or before of July 1st of even-numbered calendar years, the department shall notify, by registered mail each facility owner/operator of its biennial estimated fee assessment and provide the opportunity to review and comment prior to submittal of the mixed waste management fee budget to the legislature" from WAC 173-328-050(1) with "On or before July 1st of even-numbered calendar years, the department shall notify, by registered mail, each facility owner/operator of its biennial estimated fee assessment and provide the opportunity to review and comment prior to submittal of the department's budget to the legislature." This action corrects grammar and clarifies that the mixed waste management fee is submitted as part of ecology's operating budget to the legislature.

Replace "30 days" from WAC 173-328-050(2) with "45 days." Facilities expressed a concern that 30 days is not an adequate amount of time for a facility to review estimated fee amounts. Ecology agrees that 45 days provides a better amount of time for review of estimated fee amounts.

Replace WAC-173-328-050(3) "Prior to submittal of the department's budget to the legislature, the department shall notify the facility owner/operator of any changes to fee assessment," with "Prior to submittal of the department's budget to the legislature, the department shall notify the facility owner/operator of any changes to their estimated fee assessment." This clarifies the regulation that a facility will be notified by ecology of any changes to their bill estimate.

Add the words "owner/operator" after the word "facility" in WAC 173-328-060(1). This clarifies who will be billed and provides consistency with the rest of the regulation.

Create a new WAC 173-328-060 (2)(b) which will state, "The department shall notify a facility owner/operator of any changes to the biennial estimate prior to sending each annual bill." This will allow a facility to see changes to their fee estimate before annual fees are billed.

Replace the new WAC 173-328-060 (2)(c) "The fee shall be submitted by the owner and or operator to the department within 30 days after receipt of the bill," to "The fee shall be submitted by the facility owner/operator to the department within 30 days after receipt of the bill." This change provides consistency in the regulation.

Replace WAC 173-328-060(3) "Unanticipated fees. Unanticipated fees include, but are not limited to, the costs for unplanned enforcement activities, legal services, compliance activities, and facility modifications," with "Unanticipated

fees. Unanticipated fees include, but are not limited to, the direct and indirect costs as outlined in WAC 173-328-040 for unplanned enforcement activities, legal services, compliance inspections, and facility modifications." This change reinforces the fact that both direct and indirect charges may be assessed.

Replace the work "shall" in WAC 173-328-060 (3)(a) with "may." The word change allows ecology to shift fees from anticipated fee collections to pay for an unanticipated event if the collected anticipated fees will not otherwise be spent.

Add the word "facility" in front of "owner/operator" in WAC 173-328-060 (3)(b), 173-328-060 (3)(c), 173-328-070(1) (second sentence) and 173-328-070(4). This change provides consistency in the regulation.

Create WAC 173-328-060(6) which will state, "The department shall maintain a system of accountability to track annual costs incurred by the department." This will require ecology to track and document actual incurred costs.

Effective Date of Rule: Thirty-one days after filing.

Statutory Authority for Adoption: RCW 41.06.040 and 41.06.150.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

[Order 93-24—Filed April 15, 1993, 4:33 p.m., effective April 16, 1993, 12:01 a.m.]

Date of Adoption: April 15, 1993.

Citation of Existing Rules Affected by this Order:
Amending WAC 220-56-380.

Statutory Authority for Adoption: RCW 75.08.080.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

EMERGENCY RULES
DEPARTMENT OF FISHERIES

[Order 93-25—Filed April 15, 1993, 4:34 p.m.]

Date of Adoption: April 15, 1993.

Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order:
Amending WAC 220-52-051 and 220-52-071.

Statutory Authority for Adoption: RCW 75.08.080.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The shrimp fishery has grown to the level that catch effort has severely reduced recreational opportunity in Shrimp District 1. Overall commercial effort is being reduced in this district, and a portion is being set aside for exclusive recreational use. It is unclear to what

degree commercial fishers are using the commercial license to exceed personal use limits. To provide for better management of the recreational shrimp fishery, fish tickets recording will be required for amounts taken y [by] commercial fishers in excess of the recreational limit. The harvest of male spot shrimp will be reduced by imposing a maximum number of spot shrimp per pound, thus allowing escapement for broodstock. Eagle Harbor and Sinclair Inlet are being closed to the harvest of sea cucumbers for the economic well-being of the industry, as hazardous levels of heavy metal contamination have been discovered in the harbor. These emergency rules are currently being promulgated for permanent adoption, and implementation is needed on an interim basis.

Effective Date of Rule: Immediately.

- (3) It is unlawful for any shrimp fisher to use more than 25 pots in Shrimp District 1.
- (4) It is unlawful for any shrimp fisher to commercially fish for shrimp in that portion of Shrimp District 1 inside a line beginning at the entrance of the Cape George Marina and projected southwesterly to the easternmost point of Diamond Point, thence southeasterly to the westernmost tip of Beckett Point and thence north following the shore to the point of origin.

EMERGENCY RULES
STATE BOARD FOR COMMUNITY
AND TECHNICAL COLLEGES

[Filed April 19, 1993, 9:51 a.m.]

Date of Adoption: April 15, 1993.

Purpose: Adoption of emergency rules for project even start (formerly administered by the Superintendent of Public Instruction's Office).

Citation of Existing Rules Affected by this Order: Superintendent of Public Instruction will repeal chapter 392-315 WAC after we adopt emergency rules.

Statutory Authority for Adoption: Chapters 28A.610 and 28B.50 RCW.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The state's five vocational technical institutes merged with our system in 1991. At that same time, project even start administration transferred from Superintendent of Public Instruction to our agency. The emergency rule adoption will formalize that transfer and allow for any final language to be considered.

(3) Shortbelly rockfish - No maximum poundage per two-week or four-week fishing period. No minimum size.

(4) Pacific ocean perch - No limit on the number of vessel trips landings less than 1,000 pounds per vessel trip. No landings of more than 3,000 pounds per vessel trip. No minimum size.

(5) Sebastes complex - All other species of rockfish except widow, shortbelly, Pacific ocean perch and thornyhead or idiot rockfish (*Sebastolobus* spp.) - Cumulative trip limit of 50,000 pounds per fixed two-week period. No more than 6,000 pounds of this amount may be yellowtail rockfish. No minimum size. (6) Black rockfish - The trip limit for black rockfish for commercial fishing vessels using hook-and-line gear between the U.S. Canada border and Cape Alava (48°09'30" N. latitude) and between Destruction Island (47°40'00" N.

The following limits apply to sablefish taken under this subsection:

(a) Trawl vessels - landings above 1,000 pounds of sablefish are allowed only if sablefish represent 25 percent or less of the total combined weight of the legal deepwater complex onboard. To determine the amount of sablefish allowed, multiply Dover sole and thornyhead by .33. No more than 5,000 pounds of sablefish may be smaller than 22 inches in length in any landing. Minimum size for dressed sablefish is 15.5 inches from the anterior insertion of the first dorsal fin to the tip of the tail. To convert from dressed weight to round weight, multiply the dressed weight by 1.6.

(b) Non-trawl vessels - Immediately until further notice; 250 pounds (round weight) daily trip limit. To convert round weight from dressed weight, multiply the dressed weight by 1.6.

THE WASHINGTON STATE REGISTER, published pursuant to RCW 34.08.020, is distributed on the first and third Wednesdays of each month. The Register contains the full text of proposed, emergency, and permanently adopted rules of state agencies, executive orders of the governor, notices of public meetings of state agencies, rules of the state supreme court, summaries of attorney general opinions, and juvenile disposition standards that have been filed in the code reviser's office before the pertinent closing date for that issue of the Register. A cumulative table of existing sections of the Washington Administrative Code (WAC) affected by a particular agency action guides the user to the proper volume of the Register.

The code reviser's office has established an annual subscription price of \$160 for a Register subscription, and single copies will cost \$7. Sales tax of 7.9% now applies to all sales other than to state agencies. State law requires payment in advance. To subscribe to the Register, please complete the order form above and forward it to the address indicated, accompanied by your check or money order in the amount of \$172.64 (\$160 for state agencies) payable to the code reviser's office.
