## STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

### 1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following six sections:

- (a) **PREPROPOSAL**-includes the Preproposal Statement of Intent that will be used to solicit public comments on a general area of proposed rule making before the agency files a formal notice.
- (b) **PROPOSED**-includes the full text of formal proposals, continuances, supplemental notices, and withdrawals.
- (c) **PERMANENT**-includes the full text of permanently adopted rules.
- (d) **EMERGENCY**-includes the full text of emergency rules and rescissions.
- (e) **MISCELLANEOUS**-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (f) **TABLE**-includes a cumulative table of the WAC sections that are affected in the current year.
- (g) **INDEX**-includes a combined subject matter and agency index.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

### 2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
  - (i) underlined material is new material;
  - (ii) deleted material is (~~lined out between double parentheses~~);
- (b) Complete new sections are prefaced by the heading **NEW SECTION**;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading **REPEALER**.

### 3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

### 4. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

### 5. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

Process for Developing New Rule: Proposed rule distributed to all interested parties for review. All comments are considered before final rule is adopted.

How Interested Parties can Participate in Formulation of the New Rule: Bobbe J. Andersen, Program Manager, Medical Assistance Administration, Mailstop 45530, Olympia, WA 98504-5530, phone (206) 753-7462, FAX (206) 753-7315, TDD 1-800-848-5429.

DEPARTMENT OF

[Filed October 6, 1994, 11:27 a.m.]**

Specific Statutory Authority for New Rule: RCW 74.08.090. Amending WAC 388-527-2710.

Reasons Why the New Rule is Needed: To correct inconsistencies with OBRA '93 about when the state agency may recover costs of institutional medical care and related care from a medical assistance client's estate.

Goals of New Rule: To redefine "estate" to include nonprobate assets.

Process for Developing New Rule: Proposed rule distributed to interested parties internally (management and field staff) to review and comment. All comments are taken into consideration before final rule is issued.

How Interested Parties can Participate in Formulation of the New Rule: Bobbe J. Andersen, Program Manager, Medical Assistance Administration, Mailstop 45530, Olympia, WA 98504-5530, phone (206) 753-7462, FAX (206) 753-7315, TDD 1-800-848-5429.

**PREPROPOSAL STATEMENT OF INTENT  
DEPARTMENT OF HEALTH  
(Board of Pharmacy)  
[Filed October 6, 1994, 2:26 p.m.]**

Specific Statutory Authority for New Rule: RCW 18.64.005.

Reasons Why the New Rule is Needed: This rule change would clarify that no pharmacy shall refuse to disclose retail price of a prescription drug upon request of a consumer. Other pharmacies have called pharmacies and asked retail prices for the purpose of undercutting prices. This was not the intent of the rule.

Goals of New Rule: The goals are to clarify the intent of this rule, which is to allow consumers to shop by price comparison, not to allow other pharmacies to get information on pricing.

Process for Developing New Rule: Agency study; and this rule was proposed based on verbal input from pharmacies about other pharmacies requesting this information and citing this portion of the WAC.

How Interested Parties can Participate in Formulation of the New Rule: By FAX (206) 586-4359 or by mail to Department of Health, Board of Pharmacy, 1300 Quince S.E., P.O. Box 47863, Olympia, WA 98504-7863.

(Board of Pharmacy)  
[Filed October 6, 1994, 2:29 p.m.]**

Specific Statutory Authority for New Rule: RCW 18.64.005.

Reasons Why the New Rule is Needed: This rule change would repeal WAC 246-869-240 out of the pharmacy licensing rule, as is, and place it in chapter 246-863 WAC, the pharmacist licensing rule. This is a housekeeping change. It is felt it more properly belongs in that section. There will be no revisions to this rule, only to its location.

Goals of New Rule: This would make this rule easier to find.

Process for Developing New Rule: Agency study.

How Interested Parties can Participate in Formulation of the New Rule: By FAX (206) 586-4359 or by mail to Department of Health, Board of Pharmacy, 1300 Quince S.E., P.O. Box 47863, Olympia, WA 98504-7863.

The continuation of this process will help the department implement a reimbursement methodology that is consistent with other state agencies. The rules being considered for amendment include WAC 296-20-132, 296-20-135, 296-23-220, 296-23-230, and 296-23A-400.

Goals of New Rule: The proposed rules will increase the conversion factor used to calculate the reimbursement levels for medical services rendered to covered workers.

Overall, the new conversion factor will increase the reimbursement rates for most medical services. This change only affects those services that are based on the Washington resource based relative value scale methodology. The exact rate of increase has not yet been determined.

Process for Developing New Rule: The department is working with external stakeholders and interested persons in the development of the proposed conversion factor. Anyone who wishes to provide input is encouraged to contact the department through the CR-101 process.

How Interested Parties can Participate in Formulation of the New Rule: Bill Stoner, Health Services Analysis, P.O. Box 44322, Olympia, WA 98504-4322, (206) 956-6807, FAX (206) 956-4249.

**INSURANCE COMMISSIONER'S OFFICE**

[Order R 94-30—Filed October 12, 1994, 1:20 p.m.]

Subject of Possible Rule Making: Unfair claims settlement practices in environmental damage and hazardous material claims.

Specific Statutory Authority for New Rule: RCW 48.01.030, 48.02.060, 48.15.060, 48.30.010.

Reasons Why the New Rule is Needed: Insureds have been engaged in time-consuming and expensive litigation to obtain the benefits of insurance policies, fact issues concern events in the distant past, evidence and witnesses may be lost or unavailable, and the elimination of prolonged coverage disputes would ensure that more resources are devoted to remediating environmental and hazardous material damage than to litigation.

Goals of New Rule: The state has a substantial public interest in timely and efficient settlement of these claims. The regulation would provide uniform standards for claims settlement practices concerning environmental damage and hazardous material claims and facilitate the efficient resolution of these claims.

Process for Developing New Rule: Agency study; and written comments from interested parties on an outline of a proposed regulation are solicited. The Insurance Commissioner is also interested in the economic impact on insurance companies of such a regulation with special attention to the costs of compliance based on any increased cost per employee, cost per hour of labor, or cost per \$100 of sales. The Insurance Commissioner is also interested in any suggestions for the mitigation of any increased costs on small insurers. Several public meetings where interested persons can present their views will be held. Written comments should be received in the Insurance Commissioner's Olympia office no later than 5:00 p.m. on Wednesday, November 16, 1994, and earlier if possible.

How Interested Parties can Participate in Formulation of the New Rule: To get a list of public meetings, to offer comments on economic impacts, or to receive a copy of the outline of a proposed regulation on environmental damage and hazardous materials claims settlement practices, call or

**SWAPCA 492-050 Registration Requirements.**

(a) Each blender who offers for sale, sells, or dispenses gasoline in the Authority's control area shall register with the Authority each year. Each request for registration shall be on forms supplied by the Authority and shall be accompanied by a fee to compensate for the cost of administering the registration program, including on-site inspections necessary to verify compliance with these requirements. The location of each blender facility shall be included in the information provided by the blender at registration. The fee for a control area shall be based on the volume of oxygenated gasoline sold or offered for sale by the blender in that control area to comply with the provisions of SWAPCA 492-040. Applicable fees are required to be paid in full by October 1 of each year or within 30 days after becoming a blender, whichever occurs later. The following fee table shall apply to blenders:

Small Volume Blender	\$ 500
Medium Volume Blender	\$ 1,000
Large Volume Blender	\$ 10,000

**Purpose:** It is the commission's intent for these rules to become effective at the same time SB 6284 takes effect, July 1, 1995.

**Statutory Authority for Adoption:** RCW 18.85.040 and SB 6284.

**Statute Being Implemented:** Chapter 18.85 RCW.

**Summary:** These rules are necessary to implement the new real estate education legislation increasing licensing

**Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement:** Robert Mitchell, Real Estate Division, P.O. Box 9021, Olympia, WA 98507-9021, 586-6102.

**Name of Proponent:** Department of Licensing, Real Estate Commission, governmental.

**Agency Comments or Recommendations, if any, as to Statutory Language, Implementation, Enforcement, and Fiscal Matters:** Department of Licensing surveyed industry affected and reviewed economic impact information and determined no small business economic impact statement was necessary.

**Rule is not necessitated by federal law, federal or state court decision.**

**Explanation of Rule, its Purpose, and Anticipated Effects:** See Title of Rule above.

**Proposal Changes the Following Existing Rules:** See Title of Rule above.

**Has a Small Business Economic Impact Statement Been Prepared Under Chapter 19.85 RCW? No.** Because SB 6284 mandates that real estate salespersons and real estate brokers must comply with a 30 clock hour increase for examinations, and a 30 clock hour post licensing course for salespersons, the statute is very straightforward and the department does not have rule making authority to override the legislation. We felt the only area the department would have some discretion would be when implementing proposed rules which would affect the real estate education providers in Washington to determine what impact the new legislation and rules would have on their business. Requested the standard industrial classification (SIC) data from Department of Revenue (DOR), Industry #8249-Vocational Schools, not elsewhere classified, (the classification "real estate schools" was listed under this SIC code) and also requested data from SIC #8299-Schools and Educational Services, not elsewhere classified. In addition to the information received from Department of Revenue, we also mailed a questionnaire to all education providers in Washington to obtain further data. Reports generated from Department of Revenue including the stratification information received from Department of Revenue, and exam and licensing information from Department of Licensing (DOL) from 1989 through 1993 of the number of exam candidates and first licenses issued was forwarded to our budget analyst. Spreadsheet of education cost calculations was done and showed a \$2.20 per student increase.

**Economic Compliance Document Summary  
 To Implement SB 6284**

**Economic Compliance and Impact**

In accordance with the Economic Policy Act, chapter 43.21H RCW, the Department of Licensing must give appropriate consideration to economic values associated [associated] with compliance with a proposed rule during the rule-making process. Additionally, the Regulatory Fairness Act (RFA), chapter 19.85 RCW, was adopted in 1982 to minimize proportionately higher economic impact of state regulations on small businesses. (A small business is defined in RCW 43.31.025 as "any business entity (including

a sole proprietorship, corporation, partnership, or other legal entity) which is owned and operated independently from all other businesses, which has the purpose of making a profit, and which has fifty or fewer employees.") The RFA stipulates that all state agencies proposing regulations which have an economic impact on more than 10% of the businesses in any one industry (as identified by a three-digit SIC code) or on more than 20% of all industries in the state prepare a small business economic impact statement (SBEIS).

The SBEIS must include a brief description of compliance requirements of the proposed rule, a description of the professional services needed by businesses to comply with the rule, an analysis of the compliance cost (including administrative costs), and a comparison of the compliance cost for small firms relative to large ones. The comparison of compliance costs must be based on the cost per employee, the cost per [per] hour of labor required for compliance, the cost per \$100 of sales revenue, or any combination of these three. It is found that a rule places a proportionately high economic burden [on] small firms then the SBEIS must include suggestions for modifying the proposed rule so as to mitigate its effect on small businesses. Mitigation may be accomplished in a variety of ways including establishing different compliance or reporting requirements for small businesses, clarifying or simplifying the compliance requirements, establishing performance rather than design standards, and exempting small business from any or all the requirements of the rule. This rule has been reviewed and constitutes mitigation of compliance costs associated with an [a] three credit increase for real estate sales and broker exam candidates and three credit increase for a salesperson first renewal.

This document fulfills the requisites of the Economic Policy Act and the Regulatory Fairness Act by analyzing the economic impact of the attached listed WACs on businesses in the state of Washington. Because SB 6284 mandates that real estate salespersons and real estate brokers must comply with a 30 clock hour increase for examinations, and a 30 clock hour post licensing course for salesperson, the statute is very straightforward and the department does not have rule-making authority to override the legislation. The area the department would have discretion would be when implementing proposed rules which would affect the real estate education providers in Washington to determine what impact the new legislation and rules would have on their business. To analyze the impact on businesses, the standard industrial classification (SIC) data was requested from the Department of Revenue (DOR), Industry #8249-Vocational Schools, Not Elsewhere Classified, (the classification "real estate schools" was listed under this SIC code) and also requested data from SIC #8299-Schools and Educational Services, Not Elsewhere Classified. In addition to the information received from Department of Revenue, we also mailed a questionnaire to all real estate education providers in Washington to obtain further impact data. Reports generated from Department of Revenue, including the stratification information received from Department of Revenue, and exam and licensing information from Department of Licensing (DOL) from 1989 through 1993 for the number of exam candidates and first licenses issued were analyzed for cost impact. To develop the forecast data for

FY 94, the data was averaged for 1992 and 1993, then the Office of Financial Management population growth was used in the budget to obtain the other years of the forecast horizon (see attachment). It was determined that the costs would amount to about \$2.20 per student.

It was determined that the information received from the real estate education providers did not provide statistically valid samples. Of the 178 questionnaires mailed to the education providers in Washington, only 16 responded. The following information was summarized from our budget analyst: (a) In all of the response areas, the standard deviation is much greater (more than 150%) than the average, (b) nine of the 16 responses (more than 50%) reported no anticipated cost increases, (c) the company reporting the largest cost (\$31,800) had six employees while the company with the most employees (425) had zero costs.

It is still valid to say that the licensing fee will cost approximately \$2.20 per student which is a minor or negligible cost, thus no small business economic impact statement would be warranted.

PROPOSED RULES

OFFICE OF MINORITY AND  
WOMEN'S BUSINESS ENTERPRISES

[Filed October 19, 1994, 9:34 a.m.]

Original Notice.

Title of Rule: WAC 326-02-030 Definitions.

Purpose: To define certain terms and phrases used throughout Title 326 WAC.

Statutory Authority for Adoption: RCW 39.19.030(7).

Statute Being Implemented: Chapter 39.19 RCW.

Summary: It is proposed that the definition of a combination business enterprise be expanded.

Reasons Supporting Proposal: To encourage investment in minority and women-owned businesses, to be consistent with federal policy; to give equal treatment to firms owned by minorities and women whether individually or collectively.

Name of Agency Personnel Responsible for Drafting: Juan Huey-Ray, 406 South Water, Olympia, 98504, 586-1228; Implementation and Enforcement: James A. Medina, 406 South Water, Olympia, 98504, 753-9679.

Name of Proponent: Office of Minority and Women's Business Enterprises, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule provides definitions of the various categories in which a firm may be certified. The purpose of the rule is to ensure that only businesses which were intended by the legislature to benefit from programs designed to implement chapter 39.19 RCW participate in such programs. It is anticipated that these firms will be afforded opportunities previously unavailable to them in the public and private sectors. Note: To be eligible for certification a firm is still required to satisfy the control and other requirements of existing rules.

Proposal Changes the Following Existing Rules: Presently, a combination business enterprise must be wholly owned in equal parts by a minority male and a nonminority woman. This proposal reduces the ownership requirement from 100 percent to 51 percent.

Has a Small Business Economic Impact Statement Been Prepared Under Chapter 19.85 RCW? No. This rule does not affect either 20 percent of all businesses in the state or 10 percent of businesses in any one industry.

Hearing Location: Office of Minority and Women's Business Enterprises, 406 South Water, Olympia, 98504, on November 22, 1994, at 1:30 p.m.

Assistance for Persons with Disabilities: Contact Tammi Hazlitt/Jean Wheat by November 15, 1994, (206) 753-9691.

Submit Written Comments to: Juan Huey-Ray, Rules Coordinator, 406 South Water, Olympia, WA 98504, FAX (206) 586-7079, by November 21, 1994.

**WSR 94-21-087  
PROPOSED RULES**

**DEPARTMENT OF AGRICULTURE**

[Filed October 19, 1994, 9:44 a.m.]

**Original Notice.**

Title of Rule: Chapter 16-228 WAC, addition of definitions for an agricultural emergency and substantial economic loss and requirements for declaration of an agricultural emergency.

Purpose: The proposed additions adopt the federal definition of an "agricultural emergency" and "substantial loss" which will allow the director to declare conditions that may lead to an agricultural emergency and place geographic boundaries to the emergency area prior to the actual emergency.

Statutory Authority for Adoption: Chapters 15.58 and 17.21 RCW.

Statute Being Implemented: RCW 15.58.040 and 17.21.030.

Summary: The department is proposing additions to chapter 16-228 WAC to comply with the requirements of 40 CFR Part 170. These additions reflect the impending enforcement of the complete federal worker protection standards which become fully effective in 1995.

Reasons Supporting Proposal: The regulations would allow farmers the option of entering treated areas during a restricted entry interval under certain conditions.

Name of Agency Personnel Responsible for Drafting: Ann Wick, Program Manager, P.O. Box 42589, Olympia, WA, (206) 902-2050; Implementation: Bill Brookreson, Assistant Director, P.O. Box 42589, Olympia, WA, (206)

902-2011; and Enforcement: Cliff Weed, Program Manager, P.O. Box 42589, Olympia, WA, (206) 902-2040.

Name of Proponent: Washington State Department of Agriculture, governmental.

Rule is necessary because of federal law, 40 CFR Part 170 Section (9)(d) and (e).

Explanation of Rule, its Purpose, and Anticipated Effects: Federal law requires that all pesticide applications be made in compliance with label directions. A restricted entry interval (the period of time in which no one may enter a treated area) is specified on the label for each type of application. The new worker protection standards have expanded the REI greatly from previous requirements and have further stipulated that no one may enter treated areas regardless of the use of personal protective equipment for the first four hours after application unless there is no contact with treated material, however, EPA recognizes that circumstances may occur where workers may need to enter treated areas before the REI has elapsed in order to prevent substantial economic loss. The proposed additions adopt the federal definition of an agricultural emergency and substantial economic loss. The rules also require recordkeeping of the circumstances surrounding the agricultural emergency.

Proposal Changes the Following Existing Rules: Proposed additions which adopt the federal definition of an agricultural emergency and a substantial economic loss to WAC 16-228-010.

Has a Small Business Economic Impact Statement Been Prepared Under Chapter 19.85 RCW? Yes. A copy of the statement may be obtained by writing to: Ann Wick, Program Manager, Washington State Department of Agriculture, Pesticide Management Division, P.O. Box 42589, Olympia, WA 98504-2589, phone (206) 902-2050, or FAX (206) 902-2093.

Hearing Location: On November 29, 1994, at 1:30 p.m., at the Wenatchee Library, 310 Douglas Street, Wenatchee, WA 98801; on November 30, 1994, at 1:30 p.m., at the Ag Service Center, 2015 South 1st Street, Yakima, WA 98903; and on December 1, 1994, at 1:30 p.m., Natural Resources Building, 1111 Washington Street, Room 259, Olympia, WA 98504.

Assistance for Persons with Disabilities: Contact Washington State Department of Agriculture Information Office, (206) 902-1813, TDD (206) 902-1996.

**WSR 94-21-088****PROPOSED RULES****DEPARTMENT OF AGRICULTURE**

[Filed October 19, 1994, 9:45 a.m.]

Original Notice.

Title of Rule: WAC 16-228-600 Use of pesticides on small seeded vegetable seed crops and seed alfalfa.

Purpose: To declare certain small seeded vegetable seed crops as nonfood sites of pesticide application.

Statutory Authority for Adoption: Chapters 15.58 and 17.21 RCW.

Statute Being Implemented: RCW 15.58.040 and 17.21.030.

Summary: The classification of the seed crops as nonfood/nonfeed sites of pesticide application will enable growers to pursue registration of alternative pesticide products. The proposal is the culmination of a number of years work with WSU, the vegetable seed industry and EPA. This approach has been very successful for the alfalfa seed industry and the department hopes it will allow growers to use less toxic, more IPM compatible materials.

Name of Agency Personnel Responsible for Drafting and Implementation: Ted Maxwell, Program Manager, P.O. Box 42589, Olympia, 98501, (206) 902-2030; and Enforcement: Cliff Weed, Program Manager, P.O. Box 42589, Olympia, 98501, (206) 902-2040.

Name of Proponent: Columbia Basin Vegetable Seed Association and Puget Sound Seed Growers Association, private.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This is a revision to WAC 16-228-600 which adds thirty-three small seeded vegetable seed crops to those crops considered as nonfood, nonfeed sites of pesticide application. The rule also sets forth conditions that prohibit the diversion of the seed crops to food or feed use. The purpose of the rule is to allow growers to pursue registration of alternative pest control products through the special local needs process under section (24)(c) of FIFRA. This will not only be of economic benefit to growers, it should also allow growers to use less toxic, IPM-compatible products that are currently available.

Proposal Changes the Following Existing Rules: Revises WAC 16-228-600 to include thirty-four small seeded vegetable seed crops as nonfood, nonfeed sites of pesticide application.

Has a Small Business Economic Impact Statement Been Prepared Under Chapter 19.85 RCW? No. The practices required under WAC 16-228-600 are already in place in the small seeded vegetable seed industry. Any economic impact from this rule should be a positive one.

[Filed October 19, 1994, 10:13 a.m.]

Original Notice.

Title of Rule: Fire protection sprinkler system contractors.

Purpose: To clarify and amend rules for subcontracting; to clarify and amend rules for the issuance and use of certificate of competency stamps; and to amend rules for suspension and revocation of licenses and certificates of competency.

Statutory Authority for Adoption: Chapters 43.63A, 18.160 RCW.

Statute Being Implemented: Chapter 212-80 WAC.

Summary: Will ensure that all parts of fire protection sprinkler systems are installed by competent persons and companies by limiting subcontracting to other licensed companies.

Reasons Supporting Proposal: Currently, licensed contractors are being coerced into certifying the work of nonlicensed companies.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Lyall H. Smith, Olympia, (206) 493-2651.

Name of Proponent: Fire Protection Policy Board, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule limits subcontracting by fire sprinkler system contractors, requiring that they subcontract only to other licensed sprinkler contractors. The rule also clarifies the issuance and use of certificate of competency seals,

provides additional grounds for suspension and/or revocation of licenses and certificates, and clarifies requirements for a licensee losing the certificate of competency holder. The proposed changes are intended to ensure that all parts of fire protection sprinkler systems are installed by licensed and certified competent persons and firms, all certificate of competency stamps are current, and that licensed firms cannot be coerced to certify the work of nonlicensed firms.

Proposal Changes the Following Existing Rules: Limits ability to subcontract; prescribes issuance and use of certificate of competency stamps; adds infractions for which licenses and certificates may be suspended or revoked; and clarifies procedures for licensee losing certificate of competency holder.

Has a Small Business Economic Impact Statement Been Prepared Under Chapter 19.85 RCW? No. No small business economic impact statement was prepared because the proposed changes should create no fiscal impact on the businesses regulated by this rule.

Hearing Location: 26512 Military Road, Kent, WA, on November 28, 1994, at 10:00 a.m.

PROPOSED RULES  
DEPARTMENT OF  
LABOR AND INDUSTRIES**

[Filed October 19, 1994, 11:35 a.m.]

Original Notice.

Title of Rule: See Purpose below.

Purpose: Chapter 296-306 WAC, Safety standards for agriculture, state-initiated proposed amendments to chapter 296-306 WAC are made to correct a reference necessitated by the federal-initiated change to chapter 296-62 WAC, Part C, Hazard Communication, published in Federal Register Volume 59, Number 27, dated February 9, 1994. (The federal-initiated proposed amendments to chapter 296-62 WAC were made for clarification and were adopted August 3, 1994. The federal-initiated changes to chapter 296-62 WAC, Part C, Hazard Communication, were minor changes and technical amendments to further clarify labeling require-

ments; duties of distributors, manufacturers, and importers to provide material safety data sheets to employees; clarified MSDS provisions; and removed DOT reference.) Other state-initiated proposed amendments and new sections to the agriculture safety standards are made to cover specific hazardous conditions under the vertical industry standard. These proposals specifically relate to requirements which exist under chapter 296-24 WAC, General safety and health standards, and address walking working surfaces; ladder use and training requirements; machine controls; guarding for steam pipes, augers, stairs, and guard rails; decontamination requirements; flammables and combustibles; hydraulic and pneumatic ANSI requirements, employee emergency and fire prevention plans, fire extinguishers, and applicable definitions under the general industry standard. Additional state-initiated proposed amendments are made to reference applicable information from chapter 296-24 WAC in chapter 296-306 WAC. These amendments relate to requirements for welding and cutting; servicing of multi-piece and single-piece rim wheel; spray finishing and dip tank; and lockout tagout. Other state-initiated amendments are made to amend 90 volts to 50 volts in WAC 296-306-080 (2)(a); add a reference to WAC 296-306-14511 Proximity to overhead lines, in WAC 296-306-120 (11)(b); add a reference to WAC 296-306-060 Personal protective equipment, in WAC 296-306-140; relocate lockout tagout requirements currently in WAC 296-306-165(6) in WAC 296-306-035; amend titles of chapter 296-306 WAC, Parts B, G, and H to more accurately reflect the contents of the part, correct inaccurate references, addresses and division names. At the request of many industry representatives to make better use of the industry vertical standard, this proposal seeks to place the most common substantive protections to the above referenced safety hazards applicable to agriculture in the agriculture industry standard. The proposal is not intended to change substantially or increase the regulatory burden on the industry; it is intended to make it easier for employers and workers to identify those requirements and obligations applicable to agriculture in the least burdensome manner. This proposal does not purport to move all applicable chapter 296-24 WAC requirements into the agriculture vertical standard. Where hazards are not addressed in the agriculture standard, but are addressed by the general standard, the general standard shall be applied. A majority of the proposed amendments will not establish any new compliance requirements. However, application of requirements related to availability of showers for employees handling pesticides will augment existing compliance requirements when applicable.

##### **NEW SECTION**

**WAC 296-306-092 Definitions.** The following terms shall have the meaning ascribed in this part unless the context requires otherwise.

(1) Nose, nosing. That portion of a tread projecting beyond the face of the riser immediately below.

(2) Open riser. The air space between the treads of stairways without upright members (risers).

(3) Platform. An extended step or landing breaking a continuous run of stairs.

(4) Railing. A vertical barrier erected along exposed sides of stairways and platforms to prevent falls of persons. The top member of railing usually serves as a handrail.

(5) Rise. The vertical distance from the top of a tread to the top of the next higher tread.

(6) Riser. The upright member of a step situated at the back of a lower tread and near the leading edge of the next higher tread.

(7) Stairs, stairway. A series of steps leading from one level or floor to another, or leading to platforms, pits, boiler rooms, crossovers, or around machinery, tanks, and other equipment that are used more or less continuously or routinely by employees, or only occasionally by specific individuals. A series of steps and landings having three or more risers constitutes stairs or stairway.

(8) Tread. The horizontal member of a step.

(9) Tread run. The horizontal distance from the leading edge of a tread to the leading edge of an adjacent tread.

(10) Tread width. The horizontal distance from front to back of tread including nosing when used.

##### **NEW SECTION**

**WAC 296-306-09201 General requirements.** (1) This section contains specifications for the safe design and construction of fixed general industrial stairs. This classification includes interior and exterior stairs around machinery, tanks, and other equipment, and stairs leading to or from floors, platforms, or pits. This section does not apply to stairs used for fire exit purposes, to construction operations, to private buildings or residences, or to articulated stairs, such as may be installed on floating roof tanks or on dock facilities, the angle of which changes with the rise and fall of the base support.

(2) When stairs of public and private buildings are located at loading or receiving docks, in maintenance areas, etc., or are used exclusively by employees, the term "fixed industrial steps" will apply and be evaluated accordingly.

(3) Fixed stairs shall be provided for access from one structure level to another where operations necessitate regular travel between levels, and for access to operating platforms at any equipment which requires attention routinely during operations. Fixed stairs shall also be provided where access to elevations is daily or at each shift for such purposes as gauging, inspection, regular maintenance, etc., where such work may expose employees to acids, caustics, gases, or other harmful substances, or for which purposes the carrying of tools or equipment by hand is normally required. (It is not the intent of this section to preclude the use of fixed ladders for access to elevated tanks, towers, and similar structures, overhead traveling cranes, etc., where the use of fixed ladders is common practice.) Spiral stairways shall not be permitted except for special limited usage and secondary access situations where it is not practical to provide a conventional stairway. Winding stairways may be installed on tanks and similar round structures where the diameter of the structure is not less than five feet.

(4) Fixed stairways shall be designed and constructed to carry a load of five times the normal live load anticipated but never of less strength than to carry safely a moving concentrated load of 1,000 pounds.

(5) Fixed stairways shall have a minimum width of 22 inches.

(6) Fixed stairs shall be installed at angles to the horizontal of between thirty degrees and fifty degrees. Any uniform combination of rise/tread dimensions may be used that will result in a stairway at any angle to the horizontal within the permissible range. Table H-1 gives rise/tread dimensions which will produce a stairway within the permissible range, stating the angle to the horizontal produced by each combination. However, the rise/tread combinations are not limited to those given in Table H-1.

(7) Because of space limitations a permanent stairway sometimes has to be installed at an angle above the fifty degree critical angle. Such installations are commonly called inclined ladders or ship's ladders, which shall have handrails on both sides and open risers. They shall be capable of sustaining a live load of one hundred pounds per square foot with a safety factor of four. The following preferred and critical angles from the horizontal shall be considered for inclined ladders and ship's ladders:

PROPOSED

- (a) Thirty-five to sixty degrees - Preferred angle from horizontal.
- (b) Sixty to seventy degrees - Critical angle from horizontal.
- (8) Each tread and the top landing of a stairway, where risers are used, should have a nose which extends one-half inch to 1 inch beyond the face of the lower riser. Noses should have an even leading edge. All treads shall be reasonably slip-resistant and the nosings shall be of nonslip finish. Welded bar grating treads without nosings are acceptable providing the leading edge can be readily identified by personnel descending the stairway and provided the tread is serrated or is of definite nonslip design. Rise height and tread width shall be uniform throughout any flight of stairs including any foundation structure used as one or more treads of the stairs.

- (9) Length of stairways.
  - (a) Long flights of stairs, unbroken by landings or intermediate platforms, should be avoided. Consideration should be given to providing intermediate platforms where practical and where such stairways are in frequent use. Stairway platforms shall be no less than the width of a stairway and a minimum of 30 inches in length measured in the direction of travel.
  - (b) Standard railings shall be provided on the open sides of all exposed stairways and stair platforms. Handrails shall be provided on at least one side of closed stairways, preferably on the right side descending. Stair railings and handrails shall be installed in accordance with the provisions of WAC 296-24-75001 through 296-24-75011.
  - (10) Vertical clearance above any stair tread to an overhead obstruction shall be at least 7 feet measured from the leading edge of the tread.
  - (11) Stairs having treads of less than 9-inch width should have open risers.
  - (12) Open grating type treads are desirable for outside stairs.
  - (13) Skylight screens shall be of such construction and mounting that they are capable of withstanding a load of at least two hundred pounds applied perpendicularly at any one area on the screen. They shall also be of such construction and mounting that under ordinary loads or impacts, they will not deflect downward sufficiently to break the glass below them. The construction shall be of grillwork with openings

- not more than four inches long or of slatwork with openings not more than two inches wide with length unrestricted.
- (14) Wall opening barriers (rails, rollers, picket fences, and half doors) shall be of such construction and mounting that, when in place at the opening, the barrier is capable of withstanding a load of at least two hundred pounds applied in any direction (except upward) at any point on the top rail or corresponding member.
- (15) Wall opening grab handles shall be not less than twelve inches in length and shall be so mounted as to give one and one-half inches clearance from the side framing of the wall opening. The size, material, and anchoring of the grab handle shall be such that the completed structure is capable of withstanding a load of at least two hundred pounds applied in any direction at any point of the handle.
- (16) Wall opening screens shall be of such construction and mounting that they are capable of withstanding a load of at least two hundred pounds applied horizontally at any point on the near side of the screen. They may be of solid construction, of grillwork with openings not more than eight inches long, or of slatwork with openings not more than four inches wide with length unrestricted.

**NEW SECTION**

**WAC 296-306-09203 Alternating tread-type stairs.**

- (1) Alternating tread-type stairs have a series of steps between 50 and 70 degrees from horizontal, attached to a center support rail in an alternating manner so that a user of the stairs never has both feet at the same level at the same time. (See Figure H-2.)
- (2) Alternating tread-type stairs shall be designed, installed, used, and maintained in accordance with approved manufacturer's specifications, and shall have the following:
  - (a) Stair rails on all open sides;
  - (b) Handrails on both sides of enclosed stairs;
  - (c) Stair rails and handrails of such configuration as to provide an adequate handhold for a user grasping it to avoid a fall;
  - (d) A minimum of 17 inches between handrails;
  - (e) A minimum width of 22 inches overall;
  - (f) A minimum tread depth of 8 inches;
  - (g) A minimum tread width of 7 inches; and
  - (h) A maximum rise of 9 1/2 inches to the tread surface of the next alternating tread.
- (3) Alternating tread-type stairs shall not have more than a 20-foot continuous rise. Where more than a 20-foot rise is necessary to reach the top of a required stair, one or more intermediate platforms shall be provided in accordance with WAC 296-306-09201 (9)(a).
- (4) Stairs and platforms shall be installed so the top landing of the alternating tread stair is flush with the top of the landing platform.
- (5) Stair design and construction shall sustain a load of not less than five times the normal live load, but never less strength than to carry safely a moving concentrated load of 1,000 pounds.
- (6) Treads shall be equipped with slip-resistant surfaces.

(7) Where a platform or landing is used, the width shall not be less than the width of the stair nor less than 30-inch depth in the direction of travel. Stairs shall be flush with the top of the landing platform.

AMENDATORY SECTION (Amending Order 75-2, filed 1/24/75)

**WAC 296-306-095 Elevated walkways and platforms.** (1) Elevated walkways, platforms and open-sided floors over 48 inches in height shall be guarded by safety railings. ((Such railings shall have a top rail approximately 42 inches from the floor and a midrail between the top rail and the working surface. Guard rails shall be strong enough to withstand at least 200 pounds side thrust against the top rail.))

(2) A standard railing shall consist of top rail, intermediate rail, and posts, and shall have a vertical height of from thirty-six to forty-two inches nominal from upper surface of top rail to floor, platform, runway, or ramp level and:

(a) The top rail shall be smooth-surfaced throughout the length of the railing.

(b) The intermediate rail shall be approximately halfway between the top rail and the floor, platform, runway, or ramp.

(c) The ends of the rails shall not overhang the terminal posts except where such overhang does not constitute a projection hazard.

(d) Guardrails with heights greater than 42 inches are permissible provided the extra height does not create a dangerous situation for employees and that additional midrails were installed so that openings beneath the top rail would not permit the passage of a 19-inch or larger spherical object.

from service for repair or destruction and tagged or marked as "dangerous, do not use."

(c) Complete ladder inspection shall be periodical. If a ladder is involved in any of the following, immediate inspection is necessary:

(i) If ladders tip over, inspect ladder for side rails dents or bends, or excessively dented rungs; check all rung-to-side-rail connections; check hardware connections; check rivets for shear.

(ii) If ladders are exposed to excessive heat as in the case of fire, the ladder should be inspected visually for damage and tested for deflection and strength characteristics. In doubtful cases, refer to manufacturer.

(d) Ladders shall be stored on racks designed to protect the ladder when not in use. The racks shall have sufficient supporting points to prevent any possibility of excessive sagging. Ladders should be stored in such a manner as to provide ease of access or inspection, and to prevent danger of accident when withdrawing a ladder for use.

(e) Wood ladders, when not in use, should be stored at a location where they will not be exposed to the elements, but where there is good ventilation. They shall not be stored near radiators, stoves, steam pipes, or other places subjected to excessive heat or dampness.

**AMENDATORY SECTION** (Amending Order 92-24, filed 3/5/93, effective 6/1/93)

**WAC 296-306-26001 Minimum performance criteria for rollover protective structures for designated scrapers, loaders, dozers, graders, and crawler tractors.** (1) Definitions. For purposes of this section, "vehicle weight" means the manufacturer's maximum weight of the prime mover for rubber-tired self-propelled scrapers. For other types of equipment to which this section applies, "vehicle weight" means the manufacturer's maximum recommended weight of the vehicle plus the heaviest attachment.

(2) General.

(a) This section prescribes minimum performance criteria for rollover protective structures (ROPS) for rubber-tired self-propelled scrapers; rubber-tired front-end loaders and rubber-tired dozers; crawler tractors, and crawler-type loaders, and motor graders. The vehicle and ROPS as a system shall have the structural characteristics prescribed in subsection (7) of this section for each type of machine described in this subsection.

(3) The static laboratory test prescribed herein will determine the adequacy of the structures used to protect the operator under the following conditions:

(a) For rubber-tired self-propelled scrapers, rubber-tired front-end loaders, and rubber-tired dozers: Operating between 0 and 10 miles per hour over hard clay where rollover would be limited to a maximum roll angle of 360° down a slope of 30° maximum.

(b) For motor graders: Operating between 0 and 10 miles per hour over hard clay where rollover would be limited to 360° down a slope of 30° maximum.

(c) For crawler tractors and crawler-type loaders: Operating between 0 and 10 miles per hour over hard clay where rollover would be limited to a maximum roll angle of 360° down a slope of 45°.

(4) Facilities and apparatus.

(a) The following material is necessary:

(i) Material, equipment, and tiedown means adequate to ensure that the ROPS and its vehicle frame absorb the applied energy.

(ii) Equipment necessary to measure and apply loads to the ROPS. Adequate means to measure deflection and lengths should also be provided.

(iii) Recommended, but not mandatory, types of test setups are illustrated in Figure C-17 for all types of equipment to which this section applies; and in Figure C-18 for rubber-tired self-propelled scrapers; Figure C-19 for rubber-tired front-end loaders, rubber-tired dozers, and motor graders; and Figure C-20 for crawler tractors and crawler-type loaders.

(b) Table V-1 contains a listing of the required apparatus for all types of equipment described in subsection (2)(a) of this section.

TABLE V-1

Means to measure	Accuracy
Deflection of ROPS, inches . . . . .	± 5% of deflection measured.
Vehicle weight, pounds . . . . .	± 5% of the weight measured.
Force applied to frame, pounds . . . . .	± 5% of force measured.
Dimensions of critical zone, . . . . . inches.	± 0.5 in.

(5) Vehicle condition. The ROPS to be tested must be attached to the vehicle structure in the same manner as it will be attached during vehicle use. A totally assembled vehicle is not required. However, the vehicle structure and frame which support the ROPS must represent the actual vehicle installation. All normally detachable windows, panels, or nonstructural fittings shall be removed so that they do not contribute to the strength of the ROPS.

(6) Test procedure. The test procedure shall include the following, in the sequence indicated:

(a) Energy absorbing capabilities of ROPS shall be verified when loaded laterally by incrementally applying a distributed load to the longitudinal outside top member of the ROPS, as shown in Figure C-17, C-18 or C-19 as applicable. The distributed load must be applied so as to result in approximately uniform deflection of the ROPS. The load increments should correspond with approximately 0.5 in. ROPS deflection increment in the direction of the load application, measured at the ROPS top edge. Should

the operator's seat be offcenter, the load shall be applied on the offcenter side. For each applied load increment, the total load (lb.) versus corresponding deflection (in.) shall be plotted, and the area under the load-deflection curve shall be calculated. This area is equal to the energy (in.-lb.) absorbed by the ROPS. For a typical load-deflection curve and calculation method, see Figure C-21.

Incremental loading shall be continued until the ROPS has absorbed the amount of energy and the minimum applied load specified under subsection (7) of this section has been reached or surpassed.

(b) To cover the possibility of the vehicle coming to rest on its top, the support capability shall be verified by applying a distributed vertical load to the top of the ROPS so as to result in approximately uniform deflection (see Figure C-17). The load magnitude is specified in subsection (6)(b)(iii) of this section.

(c) The low temperature impact strength of the material used in the ROPS shall be verified by suitable material tests or material certification (see subsection (7)(b)(iv) of this section).

(7) Performance requirements.

(a) General performance requirements.

(i) No repairs or straightening of any member shall be carried out between each prescribed test.

(ii) During each test, no part of the ROPS shall enter the critical zone as detailed in SAE J397 (1969). Deformation of the ROPS shall not allow the plane of the ground to enter this zone.

(b) Specific performance requirements.

(i) The energy requirement for purposes of meeting the requirements of subsection (6)(a) of this section is to be determined by referring to the plot of the energy versus weight of vehicle (see Figure C-22 for rubber-tired self-propelled scrapers; Figure C-23 for rubber-tired front-end loaders and rubber-tired dozers; Figure C-24 for crawler tractors and crawler-type loaders; and Figure C-25 for motor graders. For purposes of this section force and weight are measured as pounds (lb.); energy (U) is measured as inch-pounds).

(ii) The applied load must attain at least a value which is determined by multiplying the vehicle weight by the corresponding factor shown in Figure C-26 for rubber-tired self-propelled scrapers; in Figure C-27 for rubber-tired front-end loaders and rubber-tired dozers; in Figure C-28 for crawler tractors and crawler-type loaders; and in Figure C-29 for motor graders.

(iii) The load magnitude for purposes of compliance with subsection (6)(b) of this section is equal to the vehicle weight. The test of load magnitude shall only be made after the requirements of subdivision (b)(i) of this subsection are met.

(iv) Material used in the ROPS must have the capability of performing at zero degrees Fahrenheit, or exhibit Charpy V notch impact strength of 8 foot-pounds at minus 20° Fahrenheit. This is a standard Charpy specimen as described in American Society of Testing and Materials A 370, Methods and Definitions for Mechanical Testing of Steel Products. The purpose of this requirement is to reduce the tendency of brittle fracture associated with dynamic loading, low temperature operation, and stress raisers which cannot be entirely avoided on welded structures.

(8) Source of standard. This standard is derived from, and restates, the following Society of Automotive Engineers Recommended Practices: SAE J320a, Minimum Performance Criteria for Roll-Over Protective Structure for Rubber-Tired, Self-Propelled Scrapers; SAE J394, Minimum Performance Criteria for Roll-Over Protective Structure for Rubber-Tired Front-End Loaders and Rubber-Tired Dozers; SAE J395, Minimum Performance Criteria for Roll-Over Protective Structure for Crawler Tractors and Crawler-Type Loaders; and SAE J396, Minimum Performance Criteria for Roll-Over Protective Structure for Motor Graders. These recommended practices shall be resorted to in the event that questions of interpretation arise. The recommended practices appear in the 1971 SAE Handbook, which may be examined in each of the ~~((district))~~ department of labor and industries regional offices ~~((of the division of industrial safety and health of the department of labor and industries))~~.

No application shall be accepted after the designated dates. However, the president or his designee may waive this requirement.

Students who leave the university and do not withdraw shall receive failing grades for work not completed.

NEW SECTION

**WAC 106-160-120 Admission requirements—To freshman standing.** Central Washington University will admit qualified students who meet the published admissions criteria for any quarter. Admission to the university is based on the student's ability to successfully complete programs offered by the university. Eligibility for admission as a first-time freshman is based on evidence of potential success in university study. Eligibility for regular admission as a freshman will be guided by the following situations:

Situation 1: Regular admission of freshman under twenty-one years of age. Eligibility for regular admission as a freshman for those twenty-one years of age or younger will be determined using both the student's high school grade point average and a nationally normed standardized test, either the American College Test (ACT), or the Scholastic Aptitude Test (SAT). The high school grade point average and test score will be combined to produce, for each freshman applicant, an admission index number. An offer of acceptance to the university as a freshman will be based on

the resulting index number. The minimum index number established by the higher education coordinating board for the three regional universities and The Evergreen State College for regular admission is 13. A 13 index indicates that applicants have at least a sixty-five percent probability of achieving a "C" or better grade point average at the completion of their freshman year at Central Washington University. Freshman applicants must have prescribed set of high school courses totaling fifteen units. The required high school courses include: Four years of English, three years of math, two years of science, three years of social studies, two years of single foreign language, and one year of fine, visual or performing arts, or any of the above college-prep courses.

Situation 2: Regular admission of freshmen twenty-one years of age or older. A student twenty-one years of age or older who is seeking initial entry at the freshman level may be offered regular admission if the student obtained a score of at least eighteen on the Enhanced ACT Exam or seven hundred minimum on the SAT Exam, or he or she has scored at least an eighty-three or higher on WPCT if they took that exam prior to June 1, 1989.

Situation 3: Alternate standards for freshman admissions. Students seeking freshman admission may be admitted through the use of alternative criteria. Students applying under the alternative standard must satisfy each of the following requirements:

- (1) Submit a score on the ACT or SAT;
- (2) Submit a transcript showing achievement of a 2.0 or higher high school grade point average and/or a passing score on the General Education Development Test;
- (3) Complete high school course pattern requirements as prescribed with no more than three subject year deficiencies waived; and
- (4) Present evidence of success outside the classroom and strong motivation to succeed in college.

NEW SECTION

**WAC 106-160-130 Admission requirements for transfer applicants.** Eligibility for admission of transfer applicants with fewer than forty transferable quarter credits is the same as first-time freshmen as they must meet freshman requirements in addition to an assessment of the quality of previous college work.

Applicants who have earned more than forty transferable quarter credits will be admitted based on the quality of college work only. If transcripts do not provide evidence of academic ability, regardless of the grade point average, additional information may be required.

Central Washington University accepts academic credits earned at other accredited collegiate institutions which are essentially equivalent in academic level and nature of work offered at CWU. The university endorses the policy in the Intercollegiate Transfer and Articulation Agreement among Washington public colleges and universities.

Transfer students who have not earned a Washington community college academic associate of arts degree will be admitted on sliding scale. Priority will be given to students with the highest grade point average (gpa) computed from previous transferable college-level work and with the greatest number of hours completed in transfer.

NEW SECTION**WAC 106-160-140 Readmission of former students.**

Former CWU students who have interrupted their studies for one year, or who have attended another college or university, except for summer school, must file a returning CWU student application. Transcripts of any college work completed since last enrolled at Central Washington University must be submitted. Students will be admitted on a priority basis, based on the additional academic credits taken and the academic standing they had when they left CWU.

NEW SECTION**WAC 106-160-150 Provisional enrollment.**

Students who are applying for admission but who have been unable to submit all necessary materials before a registration period may be allowed to enroll as provisional students if space permits. This status will be available for one quarter during which time the student must complete the admission process and receive a favorable admission decision to register for the next term.

NEW SECTION**WAC 106-160-160 Nonmatriculating students.**

Students who are not seeking a degree or certificate may request enrollment as a nonmatriculant. Upon approval by the office of admissions, they may enroll if space is available, for a maximum of nine credits so long as they meet academic standards. Credits earned in this status may not be applied to any degree or certificate unless the student is formally admitted to the university, in which case a maximum of forty-five credits may be applied. Nonmatriculant students are not eligible for most financial aid, veterans' benefits, credit evaluations, or other university services.

NEW SECTION**WAC 106-160-170 High school enrichment.**

High school students who wish to enter Central Washington University before graduating from high school may apply for admission under one of the following situations:

Situation 1: Students who wish to enroll as full-time students at the completion of their junior year must have a cumulative gpa of 3.2 or higher and score at least a twenty-seven composite score on the American College Test, or a combined score of one thousand one hundred, including at least six hundred verbal, on the Scholastic Aptitude Test. They must be recommended by their high school principal, have parent or guardian approval if under eighteen years of age, and meet with the director of admissions prior to acceptance.

Situation 2: Students who wish to enrich their high school program may take one or more college level courses while still enrolled in high school. The opportunity is available to students who have completed their junior year and have at least a 3.0 cumulative grade point average. Prior to enrollment, courses must be approved by the high school principal or counselor and the director of admissions.

NEW SECTION

**WAC 106-160-180 Admission requirements—International students.** Central Washington University welcomes qualified students from other countries. Students demonstrating the greatest potential for success may be admitted after a thorough review and evaluation of their entire academic background.

Because educational systems vary widely around the world, there is no single uniform admission requirement for international students. However, they must meet the following basic minimum requirements:

(1) Completion of academic coursework and national examinations necessary to satisfy admission requirements to colleges and universities in their native country.

(2) Adequate financial support verified by a Confidential Financial Statement Form and a current bank letter or scholarship award from a United States bank or agency.

(3) Competency in English demonstrated by a score of at least five hundred twenty-five on the Test of English As A Foreign Language (TOEFL) or, in some cases, transferable English composition courses which would meet the general education writing requirement at Central Washington University.

(4) International students transferring from United States institutions must have a minimum grade point average of 2.75 in transferable courses, and must also meet the academic requirements for college entrance in their native country.

(5) International students must have two letters of recommendation from a professor or counselor with whom they are currently working.

NEW SECTION

**WAC 106-160-190 Application procedures.** New and former students must submit an application for admission. All forms are available in the office of admissions, which is located on the first floor of Mitchell Hall.

There is a thirty-five dollar, nonrefundable application processing fee for new or former students.

\*Application deadline dates: Fall-June 1; winter-November 1; spring-February 1; summer-June 1.

\*Dates are subject to change.

NEW SECTION

**WAC 106-160-200 Required transcripts.** Freshman applicants must have official transcripts sent directly to the office of admissions from their high school and/or transfer applicants must have necessary transcripts mailed from each institution previously attended. NEW SECTION

**WAC 106-160-210 Required tests.** Undergraduate students applying to the university must submit scores from the American College Test (ACT) or Scholastic Achievement Test (SAT).

NEW SECTION

**WAC 106-160-220 Admission decision.** Completed application files are reviewed by the office of admissions and decisions are mailed to students in writing. Students may be admitted under the following situations:

Situation 1: Admitted, dean's distinction - indicating that academic requirements have been met with an outstanding high school or community college record. Students receiving this acceptance are recommended to the Douglas Honors College.

Situation 2: Admitted - indicating that all academic requirements have been satisfied.

Situation 3: Admitted, admissions deficiency - indicating that the student has a high school subject deficiency that needs to be completed prior to graduation from Central Washington University.

Situation 4: Admitted, probation - indicating that while admission requirements have been marginally met, the student enters on academic probation.

Situation 5: Denied - indicating that the admission requirements have not been met and the student is not being offered admission. Students denied admission may request a review of the decision by writing a letter of appeal. A letter should be submitted only to present new factual information which will overcome, not simply explain, the academic record. Letters of petition for the denial should be directed to the admission committee for final determination.

NEW SECTION

**WAC 106-160-230 Accepting the offer of admission.** Students must confirm their intention to enroll to Central Washington University by submitting a fifty-five dollar confirmation of admission payment that will be applied to their first quarter's tuition. This payment should not be made until requested by the university, which occurs when students are notified officially of their admission. This payment is due by May 1 for fall quarter, October 1 for winter quarter, and February 1 for spring quarter. Special attention must be observed for these dates are subject to change. Priority consideration for registration, as well as completion of financial aid packaging and assignments of advisors, are designated when this payment is received. Students are encouraged to submit the fifty-five dollar confirmation of admission payment as early as possible after receiving the offer of admission. Central Washington University will guarantee a registration position to any student who submits the confirmation of admission payment prior to the announced deadline dates listed below for each quarter: Fall-May 1; winter-September 1; spring-January 1.

NEW SECTION

**WAC 106-160-240 Admission requirements—Application and admission to graduate study.** (1) Each prospective graduate student must submit a formal application and receive a formal letter of admission before registering for courses. A graduate student is expected to have a bachelor's degree from a college or university of recognized standing. (3) All prospective graduate students must apply for admission either in a degree program, fifth year or other certificate program, or nondegree study (professional improvement, scholarly development), or other study.

NEW SECTION

**WAC 106-160-250 Admission requirements—Application for study leading to a master's degree.** Applicants for admission to graduate study must make application on the "application for admission to graduate study" provided by Central Washington University. The form must be returned to the office of admissions prior to the dates established by the board of trustees or president for such application. Each applicant for graduate study is required to have official transcripts of all undergraduate and graduate study sent directly to the office of graduate admissions and records. Three letters of recommendation should be sent to graduate admissions and records directly from the persons making the recommendations. NEW SECTION

**WAC 106-160-260 Admission requirements—Application for fifth year or nondegree study.** The "university admission form" supplied by the university must be filed with the office of admissions prior to the deadlines as established by the board of trustees or the president for the submission of such applications for admission to the university. In addition to the filing of the application, two official transcripts of all undergraduate and graduate study must be sent directly to the office of admissions.

AMENDATORY SECTION (Amending WSR 91-09-035, filed 4/12/91, effective 5/13/91)

**WAC 236-48-096 Bid award preference.** In conducting purchases of goods and/or services, preference shall be given to the extent allowed by statute:

~~(1) ((To those goods and services provided by industries authorized and approved by the department of corrections in~~

~~accordance with RCW 43.19.534 and 43.19.535.)) Under RCW 43.19.536, to those goods and services produced in whole or in part by Class II inmate programs operated by the department of corrections. These goods and services shall be purchased from correctional industries through state contracts administered by the department of general administration, unless upon application by a state agency, the legislature or departments, the director of the department of general administration, or his or her representative, finds that:~~

~~(a) The correctional industries products or services do not meet the reasonable requirements of the applicant/agency, legislature or department;~~

~~(b) The correctional industries products or services are not of equal or better quality; or~~

~~(c) The correctional industries price for the product or service is higher than that available in the private sector.~~

~~However, goods or services produced by Class II correctional industries programs which primarily replace goods manufactured or services obtained from outside the state of Washington are not subject to the criteria contained in subsection (1) of this section, and shall be purchased solely from correctional industries.~~

~~(2) To bids responsive to invitations for bid with minority and women's business enterprises (MWBE) goals pursuant to chapter 39.19 RCW and chapter 236-40 WAC.~~

~~(3) To goods containing recovered material provided that the buyer sets forth in the invitation for bid a minimum percent content of recovered material that must be certified by the bidder and the producer of the goods to qualify for the preference. Bids for goods so certified shall be given a preference of ten percent of the amount of the bid in determining the lowest responsive bid for any item or grouping of items to be awarded to a single bidder. This preference shall be separate from and applied after any other preferences allowed by statute. The minimum content of recovered material shall be not less than fifteen percent provided that for those goods for which the Environmental Protection Agency has adopted procurement guidelines under the Resource Conservation and Recovery Act of 1976 (Public Law 94-580, 42 U.S.C. § 6901 et seq.), as amended, the minimum content of recovered material shall not be less than specified in the most current adopted issue of those guidelines. Bidders shall certify the post consumer and recovered or waste material content at the time of submitting bid. To qualify for the preference, the goods shall otherwise be at least functionally equal to all other invitation for bid specifications and use requirements. The preference shall be used for bid evaluation purposes only and the actual dollars bid shall be the contracted amount. In the event of a tie for lowest responsive bid between products otherwise meeting all bid specifications, the buyer shall consider the larger post consumer material content as a factor in determining the award. Should the buyer determine that the use of this preference does not encourage the use of more recovered material for reasons including inadequate competition, economics, environmental constraints, quality or availability, the buyer shall issue, consider and award bids without the preference. For the purpose of meeting Resource Conservation and Recovery Act requirements for state agency purchase of goods complying with Environmental Protection Agency recovered or waste guidelines, the office of state~~

PERMANENT

procurement may adopt specifications requiring that only goods meeting these guidelines are responsive and may consider bids for such goods though the cost exceeds ten percent of goods not meeting such guidelines.

#### NEW SECTION

**WAC 236-49-055 Preference for correctional industries Class II products.** The following provisions indicate how the department of corrections and the department of general administration will implement a purchasing program for correctional industries, Class II goods and services:

(1) Correctional industries will identify the goods and services available for purchase through the office of state procurement and confirm the same in writing to the director of the department of general administration at least one hundred twenty days before the expiration of any existing contract(s). The writing from correctional industries will include a request that the office of state procurement tender to correctional industries a mandatory use contract to sell these goods and services to state agencies, the legislature and departments in accordance with RCW 43.19.534. A mandatory use contract will be executed between the office of state procurement and correctional industries that complies with state law and covers all specified Class II goods and services that are produced in whole, or in part, by correctional industries.

(2) All goods and services covered by the general administration mandatory use contract are to be purchased from correctional industries. General administration will administer these contracts.

(3) Any state agency, branch of the legislature or department may apply for an exemption from the correctional industries purchase preference. The exemption request shall be in the form of a written application presented to the director of general administration. For an exemption to issue, there shall first be a contract executed between correctional industries and the department of general administration, and the following elements must be proven to the satisfaction of the director of general administration:

(a) The goods or services provided by correctional industries do not meet the reasonable requirements of the applicant/agency, legislature or department;

(b) The goods or services provided by correctional industries are not of equal or better quality than comparable goods or services available from the private marketplace; or

(c) The correctional industries price for the goods or services is higher than that produced by the private sector.

(4) However, goods or services produced by Class II correctional industries programs which primarily replace goods manufactured or services obtained from outside the state of Washington are not subject to the criteria contained in subsection (3) of this section, and shall be purchased solely from correctional industries.

(5) Correctional industries, Class II purchasing requirements supersede the second proviso of RCW 43.19.190(2), where correctional industries offers the goods or services through state contract and the goods are manufactured and/or services are obtained from outside the state of Washington.

[Order 3796—Filed October 12, 1994, 11:18 a.m.]

Date of Adoption: October 12, 1994.

Purpose: WAC 388-15-820 (5) and (11) expand MPC services to mental health clients who require ongoing

prompting to accomplish personal care tasks. This meets the superior court requirements. Repeal of WAC 388-15-820 (8)(b) and (13)(c) and 388-15-830 (1)(d) eliminates the physician's statement as a requirement for MPC per HB 2492 and OBRA 1993. Amending WAC 388-15-820 (8)(c) and 388-15-850(1) changes the requirement for nurse oversight reviews of MPC clients from three-month intervals to one per year. This allows flexibility so that nurse oversight visits may be more or less frequent as needed with the new minimum being once per year.

Citation of Existing Rules Affected by this Order: Amending WAC 388-15-820 Medicaid personal care services—Definitions, 388-15-830 Medicaid personal care services—Eligibility, 388-15-840 Medicaid personal care services—Assessment—Authorization, and 388-15-850 Medicaid personal care services—Nurse oversight.

AMENDATORY SECTION (Amending Order 58, filed 3/15/85)

**WAC 106-120-003 Purpose.** The students of Central Washington University are responsible for complying with policies, standards, rules, and requirements for academic and social behavior formulated by the university for the maintenance of and orderly and responsible functioning of the university community. At the same time, students have protection through orderly procedures against arbitrary or capricious actions or decisions by university authorities. Due process is recognized as essential to the proper enforcement of university rules. The purpose of this chapter is to provide a procedure and rules by which a student will be afforded due process in the matter of alleged violations of university standards, rules and requirements governing academic and social conduct of students.

The university recognizes a responsibility to resolve behavior problems before they escalate into serious problems requiring the application of these rules. Therefore, the ~~((dean))~~ vice-president for student affairs shall generally review and/or investigate student behavioral problems which are referred by university community members or any subsidiary judicial agencies to the campus judicial council, or which otherwise come to the attention of the ~~((dean))~~ vice-president through campus safety reports or other official university reports. The ~~((dean))~~ vice-president shall be as proactive as is possible concerning the resolution of student behavioral problems and use reasonable arbitration and conflict resolution methods in order to prevent such problems from further interfering with the university community or the student's own educational progress.

**AMENDATORY SECTION** (Amending WSR 91-04-054, filed 2/4/91, effective 3/7/91)

**WAC 106-120-131 Initiation, investigation, and disposition of complaints.** (1) Philosophy.

When student behavioral problems occur, the university employs a team problem-solving approach. The director of housing, director of residence living, and the chief of ~~((campus police))~~ public safety and police services join the assistant and associate vice-president weekly to review residence living incident reports filed by living group advisors and hall managers, as well as campus police reports which cover both on-campus and off-campus students. This problem-solving team then deals with student behavioral problems which constitute violations of this code.

The problem-solving team works together to suggest intervention strategies which are considered to be most appropriate and effective for eliminating specific negative student behaviors.

(2) Process.

Incidents which come to the attention of the problem-solving team may be addressed in one of the following ways:

(a) No action;

(b) Informal meetings with relevant university officials;

(c) Referral to the residence hall arbitration council, for resolving certain disputes within the residence halls;

(d) Proceedings in the office of the vice-president.

Official proceedings in the vice-president's office are conducted when it becomes apparent to the problem-solving team that the initial and more informal forms of intervention with a student have been unsuccessful in positively modifying a student's behavior. The following rules will govern the processing of alleged violations of the proscribed conduct listed in the student judicial code.

(3) A complaint alleging misconduct against any student at the university may be filed by anyone at the office of the vice-president. Students, faculty members, administrators, and other employees of the university shall have concurrent authority to request the commencement of the disciplinary proceedings provided for in this chapter. A person filing a complaint shall be complainant of record.

(4) Any student charged in a complaint shall receive oral or written notification from the vice-president. Such notice shall:

(a) Inform the student that a complaint has been filed alleging that the student violated specific provisions of the student's judicial code and the date of the violation(s);

(b) Set forth those provisions allegedly violated;

(c) Specify a time and date the student is required to meet with the vice-president or designee; and

(d) Inform the student that failure to appear at the appointed time at the vice-president's office may subject the student to suspension from the university.

(5) When the vice-president meets with the student, the vice-president shall:

(a) Provide for the student a copy of the student judicial code;

(b) Review the facts of the alleged violation with the student; and

(c) Conduct an investigation into the alleged violation.

(6) Upon completion of the review with the student and/or the investigation, the vice-president may:

(a) Drop the charges, when they appear to be invalid or without substance or capricious;

(b) Issue a verbal warning;

(c) Apply any of the sanctions as outlined in WAC 106-120-028 if such sanction is warranted by the evidence;

(d) Refer the case to the campus judicial council; or

(e) Invoke the summary suspension procedure as outlined in WAC 106-120-143 when deemed appropriate.

The vice-president shall inform the student that the vice-president's sanction may be appealed to the campus judicial council, and that if an appeal is made, the vice-president shall take no action or make any determination, except for summary suspension, in the matter other than to inform the student of the time, date, and location of the proceeding by the campus judicial council.

**AMENDATORY SECTION** (Amending WSR 91-04-054, filed 2/4/91, effective 3/7/91)

**WAC 106-120-132 Procedures for proceeding before the campus judicial council.** (1) When a case is referred to the campus judicial council the vice-president shall forward to the council:

- (a) A statement describing the alleged misconduct;
- (b) The name and address of the complainant;
- (c) The name and address of the student charged; and
- (d) All relevant facts and statements.

(2) The council chair shall call a special meeting of the council and arrange for a proceeding in the following manner:

(a) The council shall determine the time and place of the proceeding, which shall be at least ten days after delivery of written notice to the student. In the interest of timeliness and efficiency, upon the request of either the student or the vice-president, this ten-day interval may be waived by the vice-president, with the student's permission. Time and place shall be set to make the least inconvenience for all interested parties. The chair may change the time and place of the proceeding for sufficient cause.

(b) The council shall draw lots for five student names, one of whom will serve as an alternate to be available until the proceeding board has been constituted.

(c) No case shall be heard unless the full membership of the proceeding board is present.

(d) All cases will be heard de novo, whether the case be an appeal from a subsidiary judicial body or is heard as an original complaint.

(3) The council chair shall send written notice by certified mail of the proceeding to the student to the student's last known address. The notice shall contain:

(a) A statement of the date, time, place and nature of the proceeding;

(b) To the extent known, a list of witnesses who will appear; and

(c) A summary description of any documentary or other physical evidence that would be presented by the university.

(4) The student shall have all authority possessed by the university to obtain information he/she specifically describes in writing and tenders to the council chair no later than two days prior to the proceeding or to request the presence of witnesses, or the production of other evidence relevant to the proceeding. However, the university shall not be liable for information requested by the student or the presence of any witnesses when circumstances beyond the control of the university prevent the obtaining of such information or the attendance of such witnesses at the proceeding.

(5) Proceedings will ordinarily be held in closed session unless the proceeding board determines there is a compelling reason for the proceeding to be open, or the student requests an open proceeding. A closed proceeding shall include only members of the proceeding board, persons directly involved in the proceeding as parties and persons called as witnesses.

(6) The proceeding shall be audio tape recorded, and the tape shall be on file at the office of the vice-president for a period of three years.

(7) The university shall be represented by the vice-president who shall present the university's case against the student.

(8) The student may be accompanied by counsel, or another third party, who may offer advice. If the student utilizes an attorney as advisor, the student must give to the vice-president two days notice of intent to do so. If the student elects to be advised by an attorney, the vice-president may elect to have the university advised by an assistant attorney general.

(9) The council chair shall insure that:

(a) The proceeding is held in an orderly manner giving full care that the rights of all parties to a full, fair and impartial proceeding are maintained.

(b) The charges and supporting evidence or testimony shall be presented first, and that there is full opportunity for the accused student to challenge the testimony and/or evidence, and to cross examine appropriately.

(c) The student charged shall next present evidence or testimony to refute the charge, and that there is full opportunity for the accuser to challenge testimony and/or evidence, and to cross examine appropriately.

(d) Only those materials and matters presented at the proceeding will be considered as evidence. The presiding officer shall exclude incompetent, irrelevant, immaterial, and unduly repetitious evidence.

(10) Any person disruptive of the proceeding or any other procedure described in this document may be excluded from the process by the chair of the campus judicial council or by the vice-president, using such means as are necessary to ~~((insure))~~ ensure an orderly process. Any student engaging in such interference shall be in contempt and may be summarily suspended from the university by the campus judicial council or the vice-president immediately. The student shall be subject to a suspension or any lesser sanction as may be determined by the campus judicial council or the vice-president at the time the interference takes place or within fifteen working days thereafter.

(11) The student has a right to a fair and impartial proceeding, but the student's failure to cooperate with or attend a proceeding procedure shall not preclude the committee from making its finding of facts, conclusions, and recommendations. Failure by the student to cooperate may be taken into consideration by the campus judicial council and the vice-president in deciding the appropriate disciplinary action.

(12) Upon conclusion of the proceeding, the proceeding board in closed session shall consider all the evidence presented and decide by majority vote to exonerate the student or to impose one of the sanctions authorized by this document.

(13) The student shall be provided with a copy of the board's findings of fact and conclusions regarding whether the student did violate any rule or rules of the student judicial code and the board's decision as to the appropriate sanction to be imposed.

(14) If a student charged with misconduct under this code has been charged with a crime for the same act or closely related acts by federal, state, or local authorities, or if it appears that such criminal charge is under consideration, the campus judicial council may postpone action on the complaint until there has been a disposition of the criminal charge or of the consideration of filing such charge. However, prior to action by other agencies, the council may proceed to hear and decide the case if in the judgment of the council, the nature of the alleged misconduct and the circumstances surrounding it pose a serious risk to the health or well being of the student or other members of the university. If there is a determination of guilt by the council and if the subsequent criminal proceedings result in a judgment of acquittal, the student may petition the campus judicial council for a rehearing.

AMENDATORY SECTION (Amending WSR 91-04-054, filed 2/4/91, effective 3/7/91)

**WAC 106-120-143 Summary suspension proceedings.** The vice-president may summarily suspend any student from the university pending investigation, action of prosecution of charges of an alleged proscribed conduct violation or violations, if the vice-president has reason to believe that the student's physical or emotional safety and well-being, or the safety and well-being of other university community members, or the protection of property requires such suspension.

(b) Provide the student with an opportunity to show why continued presence on campus does not constitute a danger to the physical and emotional well being of self or others, or a danger to property;

(c) Give immediate oral notice of his or her decision to the student to be followed by written notice; and

(d) If summary suspension is warranted, summarily suspend the student for no more than fifteen working days with a judicial council proceeding of the allegations to have commenced by the end of the suspension period.

(3) If a student has been instructed by the vice-president to appear for summary suspension proceedings and then fails to appear at the time designated, the vice-president may suspend the student from the university, and shall ~~((given))~~ give written notice of suspension to the student at ~~((his))~~ the last address of record on file with the university.

(4) During the period of summary suspension, the suspended student shall not enter the campus of the university other than to meet with the vice-president. ## WASHINGTON HEALTH SERVICES COMMISSION

Chapter 245-04 WAC  
CERTIFIED HEALTH PLANSPROVIDER SELECTION, TERMINATION, AND  
DISPUTE RESOLUTIONNEW SECTION

**WAC 245-04-090 Policy statement.** (1) RCW 48.43.170 directs the Commission to adopt rules requiring certified health plans to publish general criteria for the selection and termination of providers. These rules set forth a process for the fair consideration of the inclusion of providers in the managed care systems of certified health plans.

(2) These rules are intended to ensure that the criteria used by certified health plans for the selection and termination of providers do not have the effect of improperly excluding particular providers based on the category of provider or the population served by the provider. These rules are also intended to provide a process for including providers in plan networks by requiring plans to inform providers of general selection criteria and by requiring plans to have a process for resolving disputes regarding selection and termination of providers.

(3) Certified health plans shall select providers in a manner allowing consumers access to a full range of providers, promoting the delivery of cost-effective and high quality services, and recognizing that preferences and health care needs of enrollees can be affected by sex, ethnicity, and religion, as well as other factors.

NEW SECTION

**WAC 245-04-100 Selection and termination of health care providers.** (1) Each certified health plan shall develop and use criteria to select and terminate health care providers. Criteria for the selection and termination of providers must consider the cultural and economic diversity of the plan's service area. A plan shall not discriminate, as further defined in Chapter 49 RCW, against providers based on certain factors, including but not limited to, race, religion, ethnicity, and language.

(2) Each certified health plan may designate those parts of its provider selection and termination criteria it deems to be proprietary or competitive in nature. The plan must describe the basis for its designation. Disclosure of criteria is proprietary or anticompetitive if revealing them would have the tendency to cause providers to alter their practice patterns in a manner that would harm efforts to contain health care costs. Disclosure of criteria is proprietary if revealing them would cause the plan's competitors to obtain valuable business information.

(3) Upon request, each certified health plan shall make available to anyone its general criteria for the selection and termination of providers.

(4) If a certified health plan uses unpublished criteria to judge the quality and cost-effectiveness of a provider's practice under any specific program within the plan, the plan may not reject or terminate the provider participating in that program, until the provider has been informed of the criteria that his or her practice fails to meet and is given a reason-

able opportunity to conform to the criteria. An opportunity is reasonable if the plan gives the provider participating in that program written information regarding unmet criteria, including the items examined by the plan in determining the provider had failed to meet the criteria. Once the provider has been given this information, the provider must be allowed a minimum of 120 days to meet the criteria. If the provider fails to meet the criteria after 120 days, the provider may be terminated with 60 days notice.

NEW SECTION

**WAC 245-04-110 Standards for health care provider selection criteria.** (1) Whenever a certified health plan uses cost criteria that rely on a profile of a provider's practice patterns in its health care provider selection process, the plan shall:

(a) Also use other criteria, as appropriate, including, but not limited to, location, patient satisfaction, peer evaluation, and quality of care; and

(b) Include adjustments for case mix and severity in a manner that allows consideration of cost criteria in the context of a provider's overall practice. For example, if cost criteria were the only criteria used by a plan in isolation from other factors, a particular provider's practice pattern might appear inefficient and costly. Further review of other factors could reveal that the cost patterns are the result of treating patients with above average health care needs.

(2) The inability of a plan to establish a profile on a provider due to the absence of sufficient claims data or medical encounter information shall not be the sole grounds for a plan to exclude a provider from joining its network.

(3) To meet statutory requirements that plans permit every category of provider to deliver health services included in the uniform benefits package, every plan must include in its selection criteria specific procedures for consideration of all categories of health care providers as defined in RCW 43.72.010(12), in accordance with the following standards:

(a) The provisions of health services is within the provider's permitted scope of practice; and

(b) The provider agrees to abide by certified health plan standards related to:

(i) Provision, utilization review, quality improvement, and cost containment of health services;

(ii) Management and administrative procedures; and

(iii) Provision of cost-effective and clinically efficacious health services.

(3) Except where the Attorney General makes a determination in accord with RCW 48.43.170 (3)(a) and (b) that a certified health plan's exclusion of providers would result in substantial inability of providers to continue their practice, or where required by any other provision of law, including requirements for service in rural areas, a plan is not required to include in its network all providers who meet the plan's selection criteria.

(4) This chapter shall not be construed to require a federally qualified health maintenance organization to contract with or employ the services of providers or to follow procedures contained herein to the extent that 43 U.S.C. § 300e preempts with this chapter.

**NEW SECTION**

**WAC 245-04-115 Resolution of provider disputes.**

(1) All participating provider contracts issued by certified health plans must contain specific provisions for the resolution of disputes arising out of the contract, including but not limited to termination of the contract.

(2) The dispute resolution process must provide a range of mechanisms, beginning with a reasonable, timely and effective means of appealing decisions within the plan. If the dispute cannot be resolved within the plan, the option of using mediation or arbitration, at the request of either party, must be available to resolve a dispute. If the dispute between the provider and the plan relates to enrollee care or treatment, the plan shall provide timely, written notice of the dispute to the enrollee.

(3) A certified health plan must also have a process for the resolution of disputes regarding the plan's decision not to include a provider and shall notify the provider of this process.

(4) The commission will not act to arbitrate or mediate disputes between a provider and a certified health plan regarding the plan's decision not to include a provider or regarding any other dispute between a provider and plan arising under, or by reason of, a provider contract or its termination.

BLACK BEAR

Bag Limit: Fall General - One (1) black bear.

Tag Sale Deadline: Bear tags must be purchased by midnight of the day preceding modern firearm deer season opener. Actual dates are: Oct. 14, 1994; Oct. 13, 1995; Oct. 11, 1996.

PURSUIT ONLY SEASON

It is lawful to pursue or tree black bears during established pursuit-only seasons, provided any bear pursued or treed is NOT killed or injured. Hunters participating in a pursuit only season for black bear must have a valid hound stamp, and hunting license. A bear tag is not required to pursue black bear during the pursuit only season.

Aug. 1-31, 1994, 1995, and 1996, in GMUs 100-111, GMU 113 outside of Selkirk Grizzly Bear Recovery Zone\*, GMUs 118-124 and GMUs 200 and 206.

The following regulations apply to the practice of HUNTING BLACK BEAR WITH BAIT.

Definition of Bait: A bait shall be defined as any substance placed with the intent of attracting bear.

Bait Types: The following materials are legal baits for hunting and pursuing black bear: Unprocessed plant and plant parts including fruit, inedible parts of legally obtained game fish, and game animals, carcasses of legally trapped furbearing animals (hide removed), carcasses of food fish, unclassified fish and unclassified wildlife, and parts of domestic livestock carcasses.

Baits may not contain paper, cardboard, plastic, glass, aluminum, tin, steel, or styrofoam, or other packaging materials.

All other baits are illegal.

Placement of Bait: Baits for black bear may not be placed in an area until five days prior to the start of that area's established bear harvest season.

A bait may not be placed within fifty yards of any body of water (lake, pond, reservoir, stream, river, and spring), and

not within two hundred yards of any publicly maintained trail and/or open road.

A bait may not be placed within one-half mile of any publicly designated administrative site, campground, picnic area, landfill or dump site, and not within one-quarter mile of any permanent residence or seasonal dwelling (except that private landowners may bait on their property within one-quarter mile of their own residence or seasonal dwelling when such baiting does not violate any of the aforementioned distance requirements with adjacent landholders).

Bait Containers: Bait must be contained within an excavated pit, or within a confine constructed of materials located at the site. Such containment structures might include, but not be restricted to, log cubbies, rock piles and stumps. Containers may also be used to hold bait, but if used, must be securely fastened (to tree, ground, post, etc.).

Any items used to fasten bait containment materials such as nails, screws, bolts, rope, reinforcing rod, and spikes shall be removed from the area within 48 hours of the close of the bear harvest season. Excavated pits shall be filled, the area shall be returned to pre-baiting condition. Materials used to construct and erect tree stands overlooking the bait shall be removed within the same 48-hour period (except that tree stands may be left on private property with landowner's permission).

All hunters who hunt bear with bait shall affix their bear tag number at their bear baiting sites.

AMENDATORY SECTION (Amending Order 93-20, filed 10/20/93, effective 11/20/93)

**WAC 392-139-685 Determination of safety net allocations.** Each school district's safety net allocation for 1994 and 1995 shall be calculated as follows:

(1) Determine the actual 1991-93 state biennium local effort allocations by adding:

- 45% of the actual 1991 allocation,
- 100% of the actual 1992 allocation, and
- 55% of the actual 1993 allocation.

(2) Determine 96.5% of the 1991-93 allocations by multiplying the result of subsection (1) of this section by 0.965.

(3) Calculate the local effort assistance allocations that would have been made during the 1993-95 biennium under the law in effect January 1, 1993, (i.e., using the formula for 1993 local effort assistance provided in this chapter). When performing calculations for 1994, assume that local effort assistance will be equal in calendar years 1994 and 1995 unless it is known to be otherwise.

(4) Determine the 1993-95 biennium local effort assistance allocation by adding:

- 45% of the actual 1993 allocation,
- 100% of the 1994 allocation, and
- 55% of the 1995 allocation.

(a) For 1994, the 1994 allocation excludes safety net moneys and the 1995 allocation is assumed to equal the 1994 allocation unless it is known to be otherwise.

(b) For 1995, the 1994 allocation includes safety net moneys and the 1995 allocation excludes 1995 safety net moneys.

(5) If the result of subsection (3) of this section exceeds the result of subsection (1) of this section and the result of subsection (4) of this section is less than the result of subsection (2) of this section then the district is eligible for safety net moneys.

(a) For 1994 and eligible district's safety net allocation equals 64.5% (100/155) of the difference between the result of subsections (2) and (4) of this section.

(b) For 1995 an eligible district's safety net allocation equals 100% of the difference between the results of

PERMANENT

subsections (2) and (4) of this section. A school district must have a certified excess levy for 1995 collection to receive a safety net allocation for 1995.

AMENDATORY SECTION (Amending WSR 93-04-001, filed 1/21/93, effective 2/21/93)

**WAC 434-615-030 Authority to transfer records.** ~~((In lieu of office retention,))~~ All state agency records not required in the current operation of the office where they are made or kept, and all records of every state agency, commission, committee, or any other activity of state or local government which may be abolished or discontinued, shall be transferred to the state archives ~~((and records center until eligible for disposition))~~ in accord with approved records retention schedules.

State records designated by the state archivist as being archival or potentially archival shall be transferred to the legal and physical custody of the state archives ~~((or to a repository designated by the state archivist))~~ so that the valuable historical records of the state may be centralized, made more widely available for research, and insured permanent preservation.

Transfer of archival records to the state archives must take place within fifty years of the creation of the records so that they may be preserved for posterity in archival-quality conditions. Records which the state is required to keep permanently will be maintained intact by the state archivist, who will assume all responsibility for the access, care and preservation of such records.

Local government agency records designated by the state archivist as of primarily historical interest may be transferred to the state archives, or one of its designated regional depositories, in order to relieve local offices of the

burden of housing them, to insure their preservation, and to make them available for reference or study. Officials of local agencies are authorized to transfer records in their custody which are no longer in current use to the Washington state archives. The state archives is not under obligation to acquire such records and will accept only records deemed valuable as a historical source. Any transfer must be by concurrent agreement, excepting wherein records are selected for preservation as historical sources from records retention schedules submitted to the local records committee for disposition authorization.

Records designated as archival on records retention schedules must be either transferred to the state archives system or retained by the originating agency in accord with standards for the maintenance of and access to archival records issued by the state archivist.

Date of Adoption: October 7, 1994.

Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order:  
Repealing WAC 220-47-518.

Statutory Authority for Adoption: RCW 75.08.080.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Opening in Areas 7 and 7A provides opportunity to harvest the nontreaty share of Canadian-origin chum salmon according to preseason Pacific Fishery Management Council North of Falcon agreements. Coho and chinook release requirements necessary to reduce nontreaty impact on stocks of concern. Federal regulations prohibit fishing for, taking and retaining, or possessing sockeye salmon taken in the course of commercial fishing with net gear in Areas 7 and 7A. Opening in Area 7B provides opportunity to harvest the non-Indian allocation of coho salmon destined for the Nooksack-Samish region of origin per preseason schedule. The gillnet mesh size restriction and purse seine chinook release requirement are no longer necessary to reduce nontreaty chinook impacts as chinook appear to have cleared the marine area. Opening in Area 9A provides opportunity to harvest the non-Indian share of Hood Canal hatchery-origin coho according to the preseason schedule. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks.

**PROPOSED RULES**  
**COLUMBIA RIVER**  
**GORGE COMMISSION**  
 [Filed October 5, 1994, 11:35 a.m.]

**Reviser's note:** The following material has not been adopted under the Administrative Procedure Act, chapter 34.05 RCW, but has been filed in the office of the code reviser and is published in the Register exactly as filed.

In the matter of adopting administrative rules relating to appeals from decisions under gorge commission ordinances.

**HEARING AND ADOPTION OF RULES:** The Columbia River Gorge Commission proposes to amend rules relating to appeals from decisions under gorge commission ordinances, 350-70, at its regularly scheduled meeting on December 13, 1993 [1994], at 1:30 p.m., Rock Creek Center, Rock Creek Drive, Stevenson, Washington.

The chair of the commission will preside over and conduct the hearing.

Amend: Rule 350-70-060. The commission is the proponent of this proposed amendment.

No prior notice given.

**SUMMARY OF RULES:** The proposed language amends the rule which provides for a special review process in the commission's appeal rule for decisions under commission land use ordinances. The amendment clarifies the process and makes a change whereby the final decision no longer rests with the director but with the commission. The amendment provides for a contested case hearing for the commission to rule on the recommendations made by the director.

**STATEMENT OF NEED:** 1. The National Scenic Area Act contemplates the gorge commission shall act in an appellate role once land use ordinances have been adopted by counties in the gorge or, when the gorge commission has adopted such ordinances to implement the act. 2. The special review process ensures a remedy is available in case the impact of a regulation is so strict that, but for the regulation, all reasonable use is extinguished. The review process allows the commission the opportunity to consider if such a case exists and to provide relief where appropriate.

**STATUTORY AUTHORITY:** Authority to adopt the rules as proposed derives from the Scenic Area Act (16 U.S.C. § 544 et. seq.[]) and the Columbia River Compact, Article I, Section a(4)(g), at ORS 196.150 and RCW 43.97.015. The proposed rule is necessary as a result of federal law, 16 U.S.C. § 544 et. seq. as well as state law, to ensure a remedy exists if the application of a regulation will otherwise extinguish all reasonable use of the property in question.

**DOCUMENTS RELIED UPON:** The proposed rule is based on the Columbia River Gorge National Scenic Area Management Plan and the National Scenic Area Act (16 U.S.C. § et. seq.), as well as the state and federal constitution. Copies of these documents are available at the Columbia River Gorge Commission office.

**STATEMENT OF ANTICIPATED EFFECTS:** The proposed amendment clarifies the special review process and provides a consistent process throughout the appellate process as a similar special review process is used in the rule governing

appeals from decisions under county land use ordinances. The proposed rule will ensure the commission has the opportunity to review and consider the impact of its regulations and ensure a property owner has a remedy if it appears a regulation extinguishes all reasonable use.

**FISCAL IMPACT STATEMENT:** The proposed rule will not have an adverse fiscal impact on the public or local government. The rule clarifies and makes more consistent a process for special review process in the commission's rule governing appeals from decisions under commission land use ordinances.

**ADVISORY COMMITTEE - PUBLIC INVOLVEMENT:** A specific advisory committee was not used to review the proposed amendment. However, the commission has met with several affected parties regarding this specific rule. The commission held a public workshop and allowed public and written comment on the issue. The proposed language is the product of discussions with interested parties.

**AVAILABILITY OF RULE:** The proposed rule is available on request from: Jan Brending, Rules Coordinator, Columbia River Gorge Commission, 288 East Jewett Boulevard, P.O. Box 730, White Salmon, WA 98672, (509) 493-3323.

**PUBLIC COMMENT:** Interested persons may comment orally or in writing at the hearing. Written comment received at the commission's office by December 2, 1994, will also be considered. Comment may be made to: Jan Brending, Rules Coordinator, Columbia River Gorge Commission, 288 East Jewett Boulevard, P.O. Box 730, White Salmon, WA 98672, (509) 493-3323.

DEPARTMENT OF RETIREMENT SYSTEMS  
1994-95 FISCAL YEAR AGENDA OF SIGNIFICANT WAC RULES  
UNDER DEVELOPMENT

This document serves as the Department of Retirement Systems' annual agenda for significant WAC rule projects under development. This document is prepared pursuant to requirements of the Governor's Executive Order 94-07, relating to regulatory reform.

WAC Rules in Progress

The department is currently working on drafts of the following WAC projects:

MISCELLANEOUS

1. Portability of Public Retirement Benefits - Implement chapter 41.54 RCW pertaining to portability of benefits. Clarify standards relating to the eligibility of persons to receive a retirement allowance from two or more retirement systems under chapter 41.54 RCW.

2. LEOFF Basic Salary - Codify standards for determining whether payments qualify as basic salary under LEOFF Plan I and/or LEOFF Plan II. Clarify the difference between pay which is included in basic salary - basic monthly rate of salary or wages, including longevity pay - and other kinds of pay such as overtime earnings and "special" salary or wages which do not constitute basic salary.

3. Eligibility - Codify standards relating to the eligibility of persons to become members in PERS, TRS and LEOFF. Clarify standards for establishing and terminating membership, and participation in a system after separation from service and reemployment. Also implement ESHB 1758 regarding LEOFF membership for municipal public safety officers.

4. Amendments to Survivor Options - Amend survivor benefit option provisions to provide: A joint and two-thirds option and an increase in a retiree's benefit to the standard retirement allowance level should a beneficiary predecease a retiree.

5. PERS Military Service Credit - Codify standards regarding the eligibility of PERS members to receive military service credit in PERS Plan I.

**Upcoming WAC Projects**

The following WAC projects are planned for development later in the year:

1. Rules Engendered by New Legislation - The department will adopt WACs to implement the following bills passed during the 1993-1994 legislative sessions:

a. ESHB 1294 - LEOFF Plan II Benefit Enhancements - Codify standards regarding: (i) Eligibility of members who have accrued ten or more years of service to withdraw 150 percent of accumulated contributions if they separate prior to retirement; and (ii) eligibility of members to receive an indexed vested benefit if they separate from service with twenty or more years of service.

b. ESHB 1744 - Codify standards pertaining to eligibility of University of Washington and port authority police officers for membership in LEOFF Plan II.

c. ESHB 1670 - Service Credit for Union Service - Codify standards pertaining to eligibility for service credit under PERS, TRS and LEOFF for persons serving as elected officials of a labor organization while on a paid leave of absence.

d. ESHB 1182 - Ninety Days Additional Service for TRS Plan I Retired Substitute Teachers - Codify standards for retired teachers to work as substitute teachers for school districts up to 90 days of service without a reduction in pension. Clarify responsibilities of school district employers and multi-district substitute cooperatives to report hours worked by retirees as substitutes to the department, and the reduction of pension benefits for retirees who work in excess of the 90-day limit.

e. SB 6143 - Withdrawn Service Credit Purchase - Codify standards relating to: (i) The application and calculation of the actuarial value of the restored service

credit; and (ii) the establishment of the minimum partial payment or minimum units of restored service required.

f. EHB 2643 - Membership Exclusion for Persons Employed by Local Governments in a State-approved Apprenticeship Program - Define "local government," as used in EHB 2643, and the meaning of "political subdivision" to include local governments.

2. Withdrawal Process - Codify department policy regarding withdrawn contributions and the processing of withdrawal payments upon the department's receipt of a separation notice from the employer.

3. Definition of "Earnable Compensation" - Amend current agency rules to clarify definition of "earnable compensation." Amendments will include revisions made in the current Department Employer Handbooks.

**COURTS—FILING FEES—DISSOLUTION AND DIVORCE—**  
 Filing fee applicable on the filing of a petition for modification of a dissolution decree or petitions for extension of judgment

1. RCW 36.18.020(5) sets the fee for filing a petition for modification of a dissolution decree at \$20; this fee applies whether the petition is filed in the county where the original decree was entered or in another county.
2. RCW 36.18.025 requires that the county and state treasuries split fees filed for modification of a dissolution decree, the county to receive 54 percent and the state to receive 46 percent.
3. A fee collected by a superior court pursuant to section 1, chapter 189, Laws of 1994, for the filing of a petition for extension of judgment, is not a fee set in RCW 36.18.020 and therefore is not subject to the split between the county and the state.

THE WASHINGTON STATE REGISTER, published under RCW 34.08.020, is distributed on the first and third Wednesdays of each month. The Register contains the full text of proposed, emergency, and permanently adopted rules of state agencies, executive orders of the governor, notices of public meetings of state agencies, rules of the state supreme court, summaries of attorney general opinions, and juvenile disposition standards that have been filed in the code reviser's office before the closing date for that issue of the Register. A cumulative table of existing sections of the Washington Administrative Code (WAC) affected by a particular agency action guides the user to the proper issue of the Register.

The code reviser's office has established an annual subscription price of \$175 for a Register subscription, and single copies cost \$7.50. Sales tax of 7.9% applies to all sales other than to state agencies. State law requires payment in advance. To subscribe to the Register, please complete the order form above and forward it to the address indicated, accompanied by your check or money order in the amount of \$188.83 (\$175 for state agencies) payable to the code reviser's office.
