STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following six sections:

- (a) **PREPROPOSAL**-includes the Preproposal Statement of Inquiry that will be used to solicit public comments on a general area of proposed rule making before the agency files a formal notice.
- (b) **PROPOSED**-includes the full text of formal proposals, continuances, supplemental notices, and withdrawals.
- (c) **PERMANENT**-includes the full text of permanently adopted rules.
- (d) **EMERGENCY**-includes the full text of emergency rules and rescissions.
- (e) **MISCELLANEOUS**-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (f) **TABLE**-includes a cumulative table of the WAC sections that are affected in the current year.
- (g) **INDEX**-includes a combined subject matter and agency index.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) deleted material is (~~lined out between double parentheses~~);
- (b) Complete new sections are prefaced by the heading **NEW SECTION**;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading **REPEALER**.

3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

4. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

5. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

REGULATORY FAIRNESS ACT

The Regulatory Fairness Act, chapter 19.85 RCW, was enacted in 1982 to minimize the impact of state regulations on small business. Amended in 1994, the act requires a small business economic impact analysis of proposed rules that impose more than a minor cost on twenty percent of the businesses in all industries, or ten percent of the businesses in any one industry. The Regulatory Fairness Act defines industry as businesses within a four digit SIC classification, and for the purpose of this act, small business is defined by RCW 19.85.020 as "any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees."

Small Business Economic Impact Statements (SBEIS)

A small business economic impact statement (SBEIS) must be prepared by state agencies when a proposed rule meets the above criteria. Chapter 19.85 RCW requires the Washington State Business Assistance Center (BAC) to develop guidelines for agencies to use in determining whether the impact of a rule is more than minor and to provide technical assistance to agencies in developing a SBEIS. All permanent rules adopted under the Administrative Procedure Act, chapter 34.05 RCW, must be reviewed to determine if the requirements of the Regulatory Fairness Act apply; if an SBEIS is required it must be completed before permanent rules are filed with the Office of the Code Reviser.

Mitigation

In addition to completing the economic impact analysis for proposed rules, state agencies must take reasonable, legal, and feasible steps to reduce or mitigate the impact of rules on small businesses when there is a disproportionate impact on small versus large business. State agencies are encouraged to reduce the economic impact of rules on small businesses when possible and when such steps are in keeping with the stated intent of the statute(s) being implemented by proposed rules. Since 1994, small business economic impact statements must contain a list of the mitigation steps taken, or reasonable justification for not taking steps to reduce the impact of rules on small businesses.

When is an SBEIS Required?

When:

The proposed rule has more than a minor (as defined by the BAC) economic impact on businesses in more than twenty percent of all industries or more than ten percent of any one industry.

When is an SBEIS Not Required?

When:

The rule is proposed only to comply or conform with a federal law or regulation, and the state has no discretion in how the rule is implemented;

There is less than minor economic impact on business;

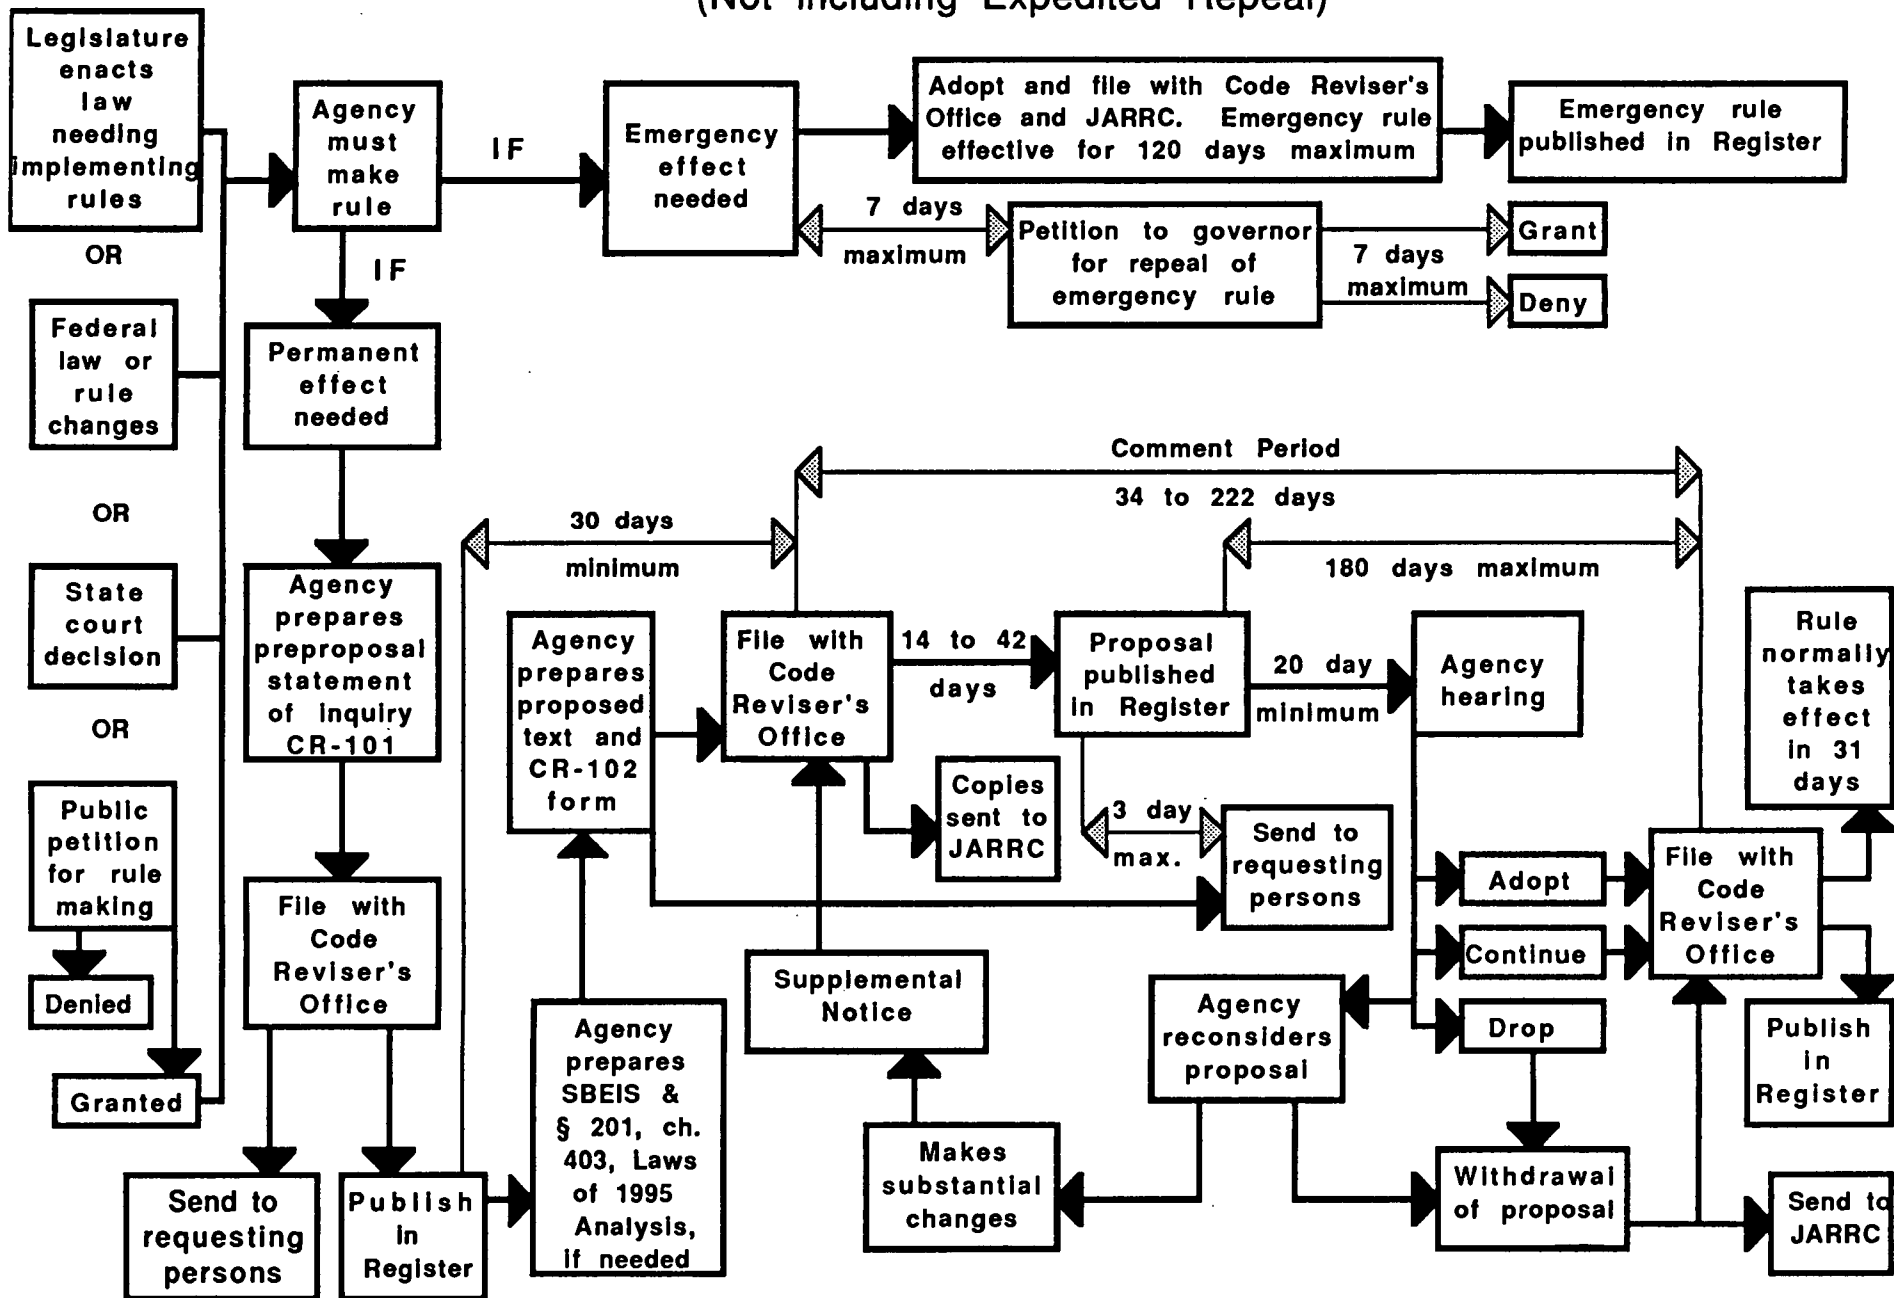

The rule **REDUCES** costs to business (although an SBEIS may be a useful tool for demonstrating this reduced impact);

The rule is adopted as an emergency rule, although an SBEIS may be required when an emergency rule is proposed for adoption as a permanent rule; or

The rule is pure restatement of state statute.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.96.060, 18.96.080, 18.96.100.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: WAC 308-13-005, to update the definitions and delete plant identification examination, WAC 308-13-015, to clarify and add responsibilities of the board, WAC 308-13-024, to update application requirements, WAC 308-13-050, to expand eligibility for registration and update application requirements, and WAC 308-13-110, repeal.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

INSURANCE COMMISSIONER'S OFFICE**

[Order R 95-15—Filed November 8, 1995, 11:58 a.m.]

Subject of Possible Rule Making: Adoption of minimum policy provisions or standards concerning denials of benefits or refusals to preauthorize health care services for conditions that carriers may classify as experimental, clinical investigative, or educational. Those minimum standards address standards of coverage, form of denial, expedited review, appeals process, and policyholder's right to know.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 48.02.060, 48.18.120, 48.44.050, 48.44.070, 48.46.060(2), 48.46.200.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Persons entitled to benefits for health care services have been denied these benefits and denied preauthorization of services on the basis that the services are experimental, clinical investigative or educational. There are currently no standards for defining or administering benefits for services that are so classified. There are currently no standards providing insureds an opportunity to appeal to denial of services by a carrier. Insureds have no standards by which to measure benefits received or denied, and no standards by which to compare the offerings of

various carriers. Persons who have been denied benefits or preauthorization on the basis that a health care service is experimental, clinical investigative or educational are generally neither physically nor emotionally able to contest denials by carriers. The possible rule being considered will adopt minimum standards for all health carriers that deny benefits or preauthorization on the basis that a health care service is experimental, clinical investigative or educational. These minimum standards will provide uniformity between carriers that will allow insureds to proactively seek out the best coverage for them. Minimum standards will allow insureds, their representatives and health care providers to monitor the level of benefits provided or denied and also allow them to provide the documentation necessary for carrier consideration on either initial submission or appeal.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: No federal or state agency has been identified that specifically and directly regulates the subject of this rule. Other state agencies rely on the regulation of the insurance commissioner on these issues affected by this possible rule.

Process for Developing New Rule: Agency study; a major effort has been made to review the issues involved and various ways of addressing those issues through participation on a task force of the National Association of Insurance Commissioners. Input from carriers operating in Washington and the public is solicited. Submit comments in writing to: Kacy Brandeberry by December 15, 1995. For questions concerning the content of the possible rule(s), call Kathleen Connor at (360) 407-0541.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Kacy Brandeberry, Office of Insurance Commissioner, P.O. Box 40255, Olympia, WA 98504-0255, phone (360) 664-3790, FAX (360) 586-3535, electronic submissions 73303.700@compuserve.com, TDD (360) 491-8503 or (800) 883-6384. Subject of Possible Rule Making: WAC 388-15-120 Adult protective services.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 74.34 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Chapter 74.34 RCW was changed through ESHB 1908 and this made changes to the definitions of abandonment, abuse, exploitation and neglect. This legislation also expanded the definition of a frail elder and vulnerable adult. Amendments to the present WAC will enable Adult Protective Services' workers to use the appropriate criteria in determining if abuse, abandonment, exploitation and neglect occurred and that they are protecting the frail elder and vulnerable adult as defined in this RCW.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: No other agency regulates this subject.

Process for Developing New Rule: Agency study, internal (management) and external (field staff) review process whereby draft material is distributed for review and comment. All comments are taken into consideration before rule is issued.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Lorrie Mahar, Program Manager, Adult Protective Services, Aging and Adult Services Administration, P.O. Subject of Possible Rule Making: WAC 240-15-020 Agency requirements.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Forest Resources Conservation and Shortage Relief Amendments Act of 1993, Public Law 103-45, July 1, 1993.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Effective January 1, 1996, the law allows the exporting of unprocessed timber originating from public lands of this state to the extent the sales volume exceeds 400,000,000 board feet or exceeds the annual sales volume in this state, whichever is less. Until January 1, 1996, all public timber is restricted from being exported. The proposed amendment to this rule would provide a process for determining which public timber sales would allow the timber to be exported and which sales would be restricted.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The United States Department of Commerce and the United States Forest Service also regulate this subject. The federal agencies' policies and rules will be reviewed to ensure that there will be no conflict with the proposed amendments to this rule.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 48.022.060 [48.02.060], 48.30.010, 48.85-030, and 48.85.040.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: These rules effectuate chapter 48.85 RCW, as amended by the 1995 legislature, which established the long-term care partnership to provide asset protection for purchasers of certain long-term care insurance policies. RCW 48.85.030 and 48.85.040 require the Insurance Commissioner to adopt certain rules; additional rules may be needed to clarify some sections of the statutes. The rules will assure that all licensees have a reasonable understanding of how the long-term care partnership works, the special record keeping which will be necessary, and the required public education measures.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The state Department of Social and Health Services will adopt rules regarding asset transfer "disregard" exemptions. The federal secretary of Health and Human Services must approve an amendment to this state's Medicaid plan. The Insurance Commissioner is working with Department of Social and Health Services staff to assure coordination of the rule-making process.

WSR 95-23-041**PROPOSED RULES****DEPARTMENT OF TRANSPORTATION**

[Filed November 13, 1995, 9:31 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 95-15-005.

Title of Rule: Chapter 468-200 WAC, Conduct and management of emergency air operations air search and rescue/disaster relief.

Purpose: To insure the proper training, registration, conduct and management of aerial search and rescue.

Statutory Authority for Adoption: Chapter 47.68 RCW.

Statute Being Implemented: Chapter 47.68 RCW.

Summary: Implements the mandate of chapter 47.68 RCW, allows the Aviation Division to insure registration, accountability, contactability, and training of search and rescue volunteers.

Reasons Supporting Proposal: The adoption of this WAC will insure that each and every volunteer meets minimum training, registration, utilization during times of search or other disasters.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Brian A. Holmes, Washington State Department of Transportation, Aviation (TB-25), (206) 764-4131.

Name of Proponent: Bill Brubaker, Director of Aviation, Washington State Department of Transportation, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule explains the authority of the Department of Transportation to conduct emergency air operations (air search and rescue/disaster relief). It establishes a mechanism to register volunteers seeking to serve, insure proper training, qualifications, and contact mechanism. Besides insuring a cadre of trained volunteers it insures that all volunteers are treated equitably.

Proposal Changes the Following Existing Rules: Only a portion of previously used volunteers were registered with the Aviation Division. This will now insure that all volunteers are properly registered. Training standards and requirements have not been previously documented. This WAC now documents those standards.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This new WAC establishes a formalized foundation for a program that is already underway and funded. Although it will increase the number of volunteers trained and registered, it will not necessarily increase the departmental expenditures to accomplish the WAC implementation.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption.

Hearing Location: Department of Transportation, Transportation Building, Room 1D2, Olympia, WA 98504, on January 2, 1996, at 2:00 p.m.

Assistance for Persons with Disabilities: Contact TDD (360) 705-6980, by December 27, 1995.

Submit Written Comments to: Brian Holmes, FAX (206) 764-4001, by December 27, 1995.

Date of Intended Adoption: January 2, 1996.

**Chapter 468-200 WAC
CONDUCT AND MANAGEMENT OF EMERGENCY
AIR OPERATIONS AIR SEARCH & RESCUE/
DISASTER RELIEF**

NEW SECTION

WAC 468-200-020 Purpose and intent. The purpose of this chapter is to adopt rules pertaining to the use, classes, scope, conditions of duty and training of emergency workers involved in air search and rescue or air disaster relief missions.

Any emergency situation most likely requires multiagency contact and coordination. To insure a timely and effective response nothing in this chapter is intended to preclude local law enforcement from taking immediate and constructive action. The aviation division will insure that each county sheriff's department is briefed on potential emergencies underway in their jurisdiction.

The intent of these rules is to clearly delineate the responsibilities of authorized officials and emergency workers before, during, and after emergencies, disasters, and other specific missions conducted under the authority of the Washington state department of transportation, aviation division.

NEW SECTION

WAC 468-200-040 Scope. This chapter is applicable for emergency activities as outlined in chapter 47.68 RCW, Washington state emergency management comprehensive plan, state and regional disaster airlift plan, or other official state of Washington or political subdivision emergency plans for:

(1) Multijurisdictional or major emergencies, disasters, and related incidents that are determined by appropriate state or local authorities to require the use of aircraft, airships, and crews at the disposal of and trained by the aviation division or its designees and the emergency workers required to crew and support such air operations. Nothing shall preclude local authorities from utilizing local resources to meet local emergencies. NEW SECTION

WAC 468-200-180 Responsibilities of authorized officials using emergency workers.

(1) Authorized officials using emergency workers have the responsibility to ensure those emergency workers meet basic qualifications as stated in these rules. Authorized officials organizing and using emergency workers are responsible for assembling the proper combination of emergency workers with the skills and abilities to accomplish the mission being undertaken. It is acknowledged that authorized officials must use judgment and experience in assessing the scene and the requirements for the missions.

(2) Authorized officials may also require emergency workers to demonstrate proficiency in the skills required to carry out their assignments.

(3) Authorized officials shall ensure that all emergency workers are aware of their duty to comply with the personal responsibilities contained in WAC 468-200-200. This shall be accomplished at the time of registration with the aviation division and should be reemphasized to the worker at periodic intervals.

(4) The state recognizes that many situations to which emergency workers are asked to respond are inherently hazardous. It is incumbent upon authorized officials utilizing emergency workers to ensure that workers are not needlessly endangered in mission activities or training events. The emergency worker must also recognize potentially hazardous operations and not accept the assignment unless the worker is confident that their training and skill level will allow the task to be accomplished safely.

(5) All prudent and reasonable safety procedures, techniques, equipment, and expertise shall be used to ensure the safety of emergency workers at all times while going to, preparing for, performing, recovering from, and returning from, missions or training events.

All emergency workers driving vehicles to or from a mission must possess a valid driver's license and required insurance.

(e) Use of private vehicles by emergency workers in any mission, training event, or other authorized activity without liability insurance required by chapter 46.29 RCW is prohibited unless specifically directed otherwise by an authorized official in accordance with RCW 38.52.180.

(2) Emergency workers have the responsibility to comply with all other requirements as determined by the authorized official using their services.

NEW SECTION

WAC 468-200-220 Conduct of training. All training will be conducted by the aviation division utilizing employees of the aviation division or volunteer instructors approved by the aviation division. Courses taught for qualification under this chapter will be those courses prepared or approved by the aviation division. Personnel seeking qualification under chapter 118-04 WAC will comply with the requirements established by chapter 118-04 WAC and imposed by the county of registration if registered in accordance with chapter 38.52 RCW. Organizations which desire to establish separate training programs for training that exceeds the requirements of this regulation are free to do so. Only the training required by this regulation shall be under the control of the aviation division. Course material, curriculum, and instructors will be those approved by the aviation division. The aviation division will prepare, and supply on request, information and guidelines for the

selection of instructors, preparation of courses and conduct of training.

NEW SECTION

WAC 468-200-230 Selection of resources—Mission.

The selection of resources for a mission shall reside solely with the appointed incident commander. The aviation division receives information about a potential mission or airborne disaster relief response from a variety of sources. The incident commander will review the known information and assess the type of response which is appropriate for the mission. The incident commander will, after reviewing the information at hand decide whether the mission calls for a limited or full response. Limited response type missions include, but are not limited to:

- (1) Electronic beacons (EPIRBS, ELTS, etc.).
- (2) Reported sightings of a possible downed aircraft or aircraft in distress.
- (3) Searches where evidence indicates the missing aircraft is confined to a limited search area.
- (4) A multistate search where the search area under the responsibility of the state of Washington is a limited geographical area.
- (5) The mission is one of transporting limited personnel or supplies.
- (6) The flight is a damage assessment flight of a limited area. This does not preclude the local authorities from using local resources to conduct damage assessment.
- (7) Weather or flight conditions make it unsafe or unwise to place more than a limited number of aircraft in the search area.
- (8) Any condition where in the opinion of the incident commander it would be unwise to commit additional aircraft.

In the case of limited response missions the incident commander shall select those individuals or organizations needed to support the mission. With the large number of qualified search and rescue volunteers and organizations in the state, not everyone will get called to support a limited specific mission.

After review of the information or at anytime during the execution of a mission, the incident commander may deem it necessary to go beyond a limited mission and in fact make it a major mission. At that time the incident commander, utilizing the call out and alert system established by the aviation division, will request the support and participation of additional registered volunteers and organizations.

NEW SECTION

WAC 468-200-240 Staffing and conduct of the mission. The state of Washington, and the department of transportation have adopted the incident command system (ICS) of emergency response missions. All training and actual missions operated under the authority of chapter 47.68 RCW and this chapter shall be conducted using the incident command system (ICS) of mission management. The incident commander for any mission will be appointed by the director of the aviation division or his/her designee. The incident commander will appoint mission staff from the ranks of individuals who are qualified to staff those positions. The assignment of incident command system posi-

tions will be done without regard to membership in any organization.

NEW SECTION

WAC 468-200-250 Mission number requests. The incident commander, after making a decision on what resources are required, will seek an appropriate mission number assignment required by the responding organization. For the support of those emergency workers covered under chapter 38.52 RCW or chapter 118-04 WAC the incident commander will contact the Washington state military department, emergency management division, to obtain a state of Washington mission number. For missions where a Federal Mission Number is required, DOD (active duty, reserve, & Guard components) Federal non-DOD (FCC, Customs, etc.) and Civil Air Patrol, the incident commander will contact the United States Air Force Rescue Coordination Center for issuance of a mission number.

NEW SECTION

WAC 468-200-260 Participation in training and operational missions. The conduct of aerial search and rescue and airborne disaster relief operations is a difficult and demanding task. In order to facilitate effective and efficient operations it is necessary that the incident commander has the full support and cooperation of all individuals participating. To that end the incident commander shall have the sole authority to determine whether or not an individual may participate in a mission. The incident commander may remove an individual or otherwise exclude an individual for any of the following reasons:

- (1) Individual does not meet the established criteria, training, or knowledge requirements of this regulation.

- (3) Individual refuses to comply with instructions from appointed ICS authorities.
- (4) Individual is disruptive to the order of the mission.
- (5) Individual is not checked in on the mission and is a nonparticipant.

NEW SECTION

The time shall be determined by the director of aviation.

NEW SECTION

The director will review the complaint and respond within thirty days. Appeals generally will be limited to training, certification, and registration

matters. Due to the nature of emergency response the decision of the appointed incident commander on any emergency response mission shall be final. Organizations and individuals may seek a meeting with the director of aviation after the incident for future review and clarification.

PROPOSED RULES
LIQUOR CONTROL BOARD**
[Filed November 17, 1995, 1:47 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 95-16-108.

Title of Rule: WAC 314-16-196 Class H restaurant—Floor space requirements—Conditions for service bar only premises.

Purpose: The rule sets forth specifications for Class H licensed premises including the way floor space may be utilized and the amount of floor space required for dining.

Statutory Authority for Adoption: RCW 66.08.030.

Summary: Major revision was made to the language in this rule following notification as provided in WSR 95-16-108. The rule was adopted as WSR 95-20-005. The word "dining" was inadvertently deleted in subsection (4) and needs to be reinserted in order to make the sentence read properly:

Reasons Supporting Proposal: Inserts word accidentally deleted during several drafting activities. Without the word in the sentence, it leaves the reader in doubt as to what area is being addressed.

Name of Agency Personnel Responsible for Drafting: Carter Mitchell, Washington State Liquor Control Board,

PROPOSED

P.O. Box 43080, Olympia, WA, (360) 753-6276; Implementation: David Goyette, Washington State Liquor Control Board, P.O. Box 43098, Olympia, WA, (360) 753-2724; and Enforcement: Gary Gilbert, Washington State Liquor Board, P.O. Box 43094, Olympia, WA, (360) 586-3052.

Name of Proponent: Liquor Control Board, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule specifically details the floor space requirements for Class H licensed premises. The reinsertion of the word "dining" makes the sentence read smoothly and removes any doubt as to what the designated purpose is for the specific space discussed.

Proposal Changes the Following Existing Rules: During revision and adoption activities, the word "dining" was accidentally dropped from the original language leaving the sentence somewhat confusing. The sole purpose of the change is to restore the word dining to the language to make it read smoothly and be easier to understand.

No small business economic impact statement has been prepared under chapter 19.85 RCW. No impact to business, activity being proposed merely reinstates a word accidentally deleted when revisions were made to the remainder of the section.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Liquor Control Board is not one of the agencies designated by the language of section 201, chapter 403, Laws of 1995.

(b) Customers may not be seated or allowed to consume food or liquor at the service bar(s).

(5) Class H licensees/applicants may have a service bar(s) without regard to the floor space requirements of subsection (2) of this section, in lieu of a cocktail lounge on the following conditions:

(6) If the board issues a Class H license to a bona fide restaurant which has a service bar in lieu of an approved cocktail lounge and the licensee subsequently applies for approval to install a cocktail lounge, the board will process such a change in the same manner as an application for a new Class H license (i.e. notice will be posted at the premises, notice will be given to local officials, and nearby churches and schools will be notified).

(7) The board may approve variations to the floor space requirement of this subsection where the applicant/licensee can demonstrate to the satisfaction of the board that the proposed layout would best suit the available floor space.

Any licensee seeking relief from these requirements must petition the commission staff in writing. This petition must set forth the specific circumstances for which such relief is sought and include objective evidence regarding the scope of the impact on the bingo operation. The director may authorize exceptions under the following conditions:

(a) When a new class D or above bingo licensee or any game not under the jurisdiction of the commission and which operates two or more days per week begins bingo activities within the market area of an operating game. For purposes of this section, "market area" is defined as:

PROPOSED

(i) Primary market area - within the area encompassed by a measurement that starts at the premises of an operating class D or above bingo game and extends to a radius that is located five miles from such premises;

(i) Premises destroyed or condemned;

(ii) Lease expiration without an option to renew;

(iii) Increases to rent that would put the licensee in jeopardy of being in violation of net income requirements;

(iv) Permanent interruption of customer flow, such as: Closure of arterial exit ramps; loss of customer parking; cancellation of public transportation; etc.; or

(v) Other circumstances as approved by the director.

(c) When an organization not previously licensed to conduct bingo at any class begins operations at the class D or above level;

(d) When a licensee is required to upgrade their license class in the last quarter of their annual license period; or

(e) When an organization incurs a temporary interruption of customer flow. A "temporary interruption of customer flow" is defined as an interruption that the licensee can not prevent but which will be corrected within a reasonable time period, such as street repairs, damage to premises, inclement weather, etc.

(5) Relief granted under subsection (4) of this section shall be limited to adjustment of the requirements in Table 1. as follows:

(a) Relief for subsection (4)(a) of this section - new game operating within the primary market area. (i) The new game operates two or more occasions per week that are common to the currently operating game, the annual and calendar quarter prize payout limits shall be increased by two percentage points for the first twelve months of operation, and the annual minimum net income requirements shall be decreased by two percentage points for the first twelve months of operation of the new game; or

(ii) The new game operates one occasion or less per week that is common to the currently operating game, the annual and calendar quarter prize payouts limits shall be increased by one percentage point for the first twelve months of operation, and the annual minimum net income requirements shall be decreased by one percentage point for the first twelve months of operation of the new game.

(b) Relief for subsection (4)(a) of this section - new game operating within the secondary or rural market area.

When a new class D or above or any game not under the jurisdiction of the commission and which operates two or more days per week begins operations within the secondary or rural market area of an operating class D or above bingo game and:

(i) The new game operates on two or more occasions common to the current game, then the annual and calendar quarter prize payout limits shall be increased by one percentage point for the first twelve months of operation, and the annual minimum net income requirements shall be decreased by one percentage point for the first twelve months of operation of the new game; or

(ii) The new game operates on one or less occasion common to the current game, then the annual and calendar quarter prize payout limits shall be increased by one-half percentage point for the first twelve months of operation, and the annual minimum net income requirements shall be decreased by one-half percentage point for the first twelve months of operation of the new game.

(c) Relief for subsection (4)(b) of this section - organizations forced to move their game outside their primary market area shall be authorized an increase in the quarterly prize payout limit of one percentage point, and a decrease in the annual net income limit by one percentage point for the first twelve months of operation in the new location;

(d) Relief for subsection (4)(c) of this section - organizations not previously licensed to conduct bingo at any level shall be authorized a two percentage point reduction in the net income requirement and a two percentage point increase in the maximum prize payout requirement of Table 1. for the first annual license period;

(f) Relief for subsection (4)(e) of this section - organizations that have temporary interruption of customer flow shall be measured for the affected period, plus one month, based on performance with the interruption period factored out.

(6) Enforcement actions. The commission may impose the following corrective requirements and/or penalties on any licensee who fails to meet requirements of this section:

(a) Any licensee that exceeds the maximum calendar quarter prize payout limit or reports net income that is more than two percentage points lower than the annual minimum net income requirements during any quarter and whose net income falls below the annual minimum requirements when measured license year-to-date shall:

(i) Take immediate steps to decrease prizes and/or expenses;

(ii) Report the violation to commission staff as soon as discovered, but in no case later than thirty days following the end of the quarter. This notification shall be separate and additional to the quarterly activity report;

(iii) Provide a written plan of actions to gain compliance to the commission no later than forty-five days following the end of the quarter. This plan shall be evaluated by commission staff and input provided to the licensee no later than thirty days after receipt;

(iv) Provide the commission additional reports determined by the staff as necessary to monitor progress toward compliance; and

(v) Upon request, a committee of the licensee's management, including the chief executive officer, executive director, or equivalent manager responsible for supervising the primary bingo manager, and the primary bingo manager shall meet with commission staff to discuss the action plan.

(b) Any licensee who fails to achieve the minimum net income requirement for their annual measurement period shall be limited in license class for the next annual license period to the license class equal to the level of net income actually achieved, not to exceed a license class that authorizes at least one-half of the maximum gross gambling receipts of the current license class. The annual measurement period used shall be the licensee's annual fiscal accounting year: *Provided*, That the reduction for the first violation shall be a maximum of two license classes. A licensee limited under this section will not be granted an increase in their authorized license class until it has demonstrated the ability to maintain net income requirements at or above the minimum level for the class of license sought. Achieving net income requirements at or above the minimum level for at least two quarters, one of which may be the last quarter in the previous license year, shall be prima facie evidence of such ability: *Provided Further*, That a licensee may petition the commissioners for a license to operate at a higher level. Any such petition would be heard at a regular public meeting of the commission under the requirements of WAC 230-50-850. Petitions for relief under this section must include: The impact the reduction would have on their programs; what portion of their programs are charitable as compared to nonprofit; and income available from other sources to fund programs. The commission may take testimony from other parties that may be affected by approval of the petition. Any approval granted under this section may be made contingent upon future compliance or other issues as determined by the commission.

(c) The commission deems the responsibility for maintaining prize payouts at or below the maximum annual limit to be that of the primary bingo manager. The organization's board of directors may relieve the primary bingo manager of this responsibility by informing the commission in writing. Unless relieved by the board of directors, the primary manager shall be responsible for all penalties imposed under this section. If the board relieves the manager of responsibility for prizes, the commission shall consider the organization fully responsible for compliance with this section. In this case, prize payouts will be considered when reviewing violations of this section. The primary manager shall not be compensated in any manner during periods of license suspension imposed under this section. Any primary bingo manager who fails to achieve the annual limit for the class of license issued to the organization, as set out in Table 1. below, shall:

(i) First violation - receive a written warning and be required to demonstrate in-depth knowledge of factors affecting prize payouts including, but not limited to, bingo game prize probabilities, expected payouts for each type of game, factors included in the computation, and methods for analysis of games. The scope and depth of their bingo management knowledge shall be demonstrated by requiring

the manager to prepare and submit their current game schedules, records used to analyze games, and the expected payout for each game. The manager will be required to meet with commission staff to discuss the evaluation and other aspects of their game;

(ii) Second violation - three day suspension that includes at least one operating day;

(iii) Third violation - ten day suspension that includes at least four operating days;

(iv) Fourth violation - thirty-day suspension;

(v) Fifth violation - revocation of manager's license for at least one year.

(7) In order to study the possible impacts of factors beyond bingo licensees' control which may affect bingo licensees' ability to meet license class requirements and requirements of this section, the commission imposes an immediate moratorium on the mandatory downgrade requirement of subsection (6) of this section. Any bingo licensee who fulfills the following requirements shall be allowed to operate at its current license class:

(a) The licensee informs the commission in writing that it wishes to participate in the study, the steps the licensee is taking to meet its license class requirements, and that it meets the requirements of this subsection;

(b) The bingo licensee is within 2.5% of the net income requirements for the licensee's license class; and

(c) The licensee freezes controllable expenses for the duration of the study.

(8) The moratorium upon issuing mandatory downgrades as set forth in subsection (7) of this section ends when the commission completes the study or on January 1, 1997, whichever occurs first. The moratorium extends only to the issuing of downgrades while the moratorium is in effect; it does not affect any other licensee requirements.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed rule identifies the department's implementation of the legislative requirements to conduct advisory elections on selected projects under the public private initiatives in transportation program. The purpose of the rule is to establish an agency procedure to identify a geographic area that may be impacted by the imposition of tolls to pay for a specific proposed project. Once the affected project area is determined, a local involvement committee of city and county elected officials, supporters and opposers of the project and public members from state-wide organizations will be established to recommend the final boundaries of the voting area. The committee will also be involved in advising the department on other aspects of the advisory election. The election will be conducted by the county auditors within an affected project area and will be coordinated by the Secretary of State's office. The local involvement committee will advise the department following the election on whether to proceed with the proposed project. The effect of this administrative rule will be to clarify the roles and responsibilities of the city, county and state jurisdictions involved, as well as the public involvement process that will be implemented in relationship to the advisory elections.

Proposal does not change existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The proposed rules do not apply to any regulatory matters affecting private businesses.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Prenotice requirements do not apply

PROPOSED RULES

HIGHER EDUCATION

COORDINATING BOARD

[Filed November 22, 1995, 9:40 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 95-19-047.

Title of Rule: State need grant.

Purpose: Provide an exception to the rule governing the eligible student definition for the 1995-1996 academic year.

Statutory Authority for Adoption: Chapter 28B.80 RCW.

Statute Being Implemented: RCW 28B.10.800 - [28B.10.]822.

Summary: Exempts for the 1995-96 academic year the requirement that the first priority for state need grant awards

be the entire body of students whose family incomes are less than 65% of the state's median.

Reasons Supporting Proposal: This makes permanent an action which previously was adopted as an emergency rule.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: John Klacik, 917 Lakeridge Way, Olympia, (360) 753-7851.

Name of Proponent: Higher Education Coordinating Board, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This proposed rule allows the board to distribute "supplemental" 1995-1996 state need grant funding on the basis of the relative eligibility of the population of students whose family incomes are below 40% of the state's median rather than on the basis of the relative needs of those students whose incomes are below 65%.

Proposal Changes the Following Existing Rules: This proposed rule allows for a one-year exception to the manner in which state need grant funds would otherwise be distributed.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The rule affects aid to students not assistance to businesses.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Does not meet the criteria set forth in subsection (5)(a) of section 201. Also qualified for exception set forth in subsection (5)(b)(ii).

Hearing Location: Conference Room, Third Floor, Higher Education Coordinating Board, 917 Lakeridge Way, Olympia, WA, on December 28, 1995, at 10:00 a.m.

AMENDATORY SECTION (Amending WSR 93-08-010 [95-17-045], filed 3/25/93 [8/11/95])

WAC 250-20-021 Program definitions. (1) The term "needy student" shall mean a post-high school student of an institution of postsecondary education who demonstrates to the higher education coordinating board the financial inability, either parental, familial, or personal, to bear the total cost of education for any semester or quarter. The determination of need shall be made in accordance with federal needs analysis formulas and provisions as recognized and modified by the board.

(2) The term "disadvantaged student" shall mean a student who by reasons of adverse cultural, educational, environmental, experiential, or familial circumstance is unlikely to aspire to, or enroll in, higher education. Generally, this shall mean a dependent student whose parents have not attained a college education and/or whose family income is substantially below the state's median.

(3) The term "postsecondary institution" shall mean any public university, college, community college, or vocational-technical institute operated by the state of Washington political subdivision thereof, or any other university, college, school or institute in the state of Washington offering instruction beyond the high school level which is a member institution of one of the following accrediting associations: The Northwest Association of Schools and Colleges, the Accrediting Bureau of Health Education Schools, the Accrediting Council for Continuing Education and Training, the Accrediting Commission of Career Schools and Colleges of Technology, the Accrediting Council for Independent Colleges and Schools, or the National Accrediting Commission of Cosmetology Arts and Sciences and if such institution agrees to participate in the program in accordance with all applicable rules and regulations. Any institution, branch, extension or facility operating within the state of Washington which is affiliated with an institution operating in another state must be a separately accredited member institution of one of the above named accrediting associations.

(4) "Washington resident" shall be defined as an individual who satisfies the requirements of RCW 28B.15.-011 through 28B.15.013 and board-adopted rules and regulations pertaining to the determination of residency.

(5) "Dependent student" shall mean any post-high school student who does not qualify as an independent student in accordance with WAC 250-20-021(6).

(6) "Independent student" shall mean any student who qualifies as an independent student for the receipt of federal aid. These qualifications include a student who has either:

(a) Reached his or her twenty-fourth birthday before January 1st of the aid year; or,

(b) Is a veteran of the U.S. Armed Forces; or,

(c) Is an orphan or ward of the court; or,

(d) Has legal dependents other than a spouse; or,

(e) Is a married student or a graduate/professional student; or,

(f) Is determined to be independent for the receipt of federal aid on the basis of the professional judgment of the aid administrator.

(7) Definitions of "undergraduate students" will be in accord with definitions adopted for institutional use by the board.

(8) "Student budgets" shall consist of that amount required to support an individual as a student for nine months and may take into consideration cost factors for maintaining the student's dependents. This should be the amount used to calculate the student's total need for all state and federal funds.

(9) "State need grant cost-of-attendance" is the standard student cost per sector, as developed by the board.

(a) The costs-of-attendance for each sector are calculated by adding together a standard maintenance allowance for books, room, board, transportation and personal items, for all undergraduate students statewide as developed by the Washington Financial Aid Association, and the sector's regular tuition and fees for full-time, resident, undergraduate students.

(b) In no case may the costs-of-attendance exceed the statutory ceiling established by RCW 28B.10.808(4). The ceiling is calculated by adding together the same standard maintenance allowance used in determining the state need

grant cost-of-attendance, plus the regular tuition and fees charged for a full-time resident undergraduate student at a research university, plus the current average state appropriation per student for operating expenses in all public institutions.

(c) For example, in the 1992-93 academic year, the value of the statutory ceiling is \$13,783. This value is composed of the Washington Financial Aid Association's maintenance budget of \$6,964, plus the regular tuition and fees charged for a resident undergraduate student at a research university of \$2,274, plus the current average state appropriation per student for operating expenses in all public institutions of \$4,545.

(d) The value of each element used in the construction of the statutory ceiling will be updated annually.

The higher education coordinating board will consult with appropriate advisory committees and the representative association of student financial aid administrators, to annually review and adjust the costs-of-attendance. The costs-of-attendance for each sector will be published concurrent with annual guidelines for program administration.

(10) "Family income" is the student's family income for the calendar year prior to the academic year for which aid is being requested.

(a) Income means adjusted gross income and nontaxable income as reported on the federally prescribed application for federal student aid.

(b) For the dependent student family income means parental income.

(c) For the independent student family income means the income of the student and any other adult, if any, reported as part of the student's family.

(d) The institutional aid administrator may adjust the family's income up or down to more accurately reflect the family's financial situation during the academic year. When such adjustments are made they shall be consistent with guidelines for making changes to determine federal student aid eligibility.

(11) "Income cutoff" means the amount of family income below which a student is determined to be eligible for the state need grant. The cutoff shall be expressed as a percent of the state's median family income. The exact point of cutoff shall be determined each year by the board based on available funding. With the exception of the 1995-1996 academic year, ((F)) in no case will the minimum income cutoff be less than sixty-five percent of the state's median family income, regardless of program funding.

(12) "Median family income" is the median income for Washington state, adjusted by family size and reported annually in the federal register.

(13) "Maximum base grant" is a percentage of the state need grant costs-of-attendance for each sector. The percentage will be no less than fifteen percent and no more than twenty percent, dependent each year upon available funding. The maximum base grant may be further adjusted according to the student's family income level and rate of enrollment as described in WAC 250-20-041.

For certain students who have completed board approved early awareness and preparation programs such as the Washington National Early Intervention Scholarship Program or a Trio program, the base grant will be an amount fixed annually by the board. Generally the base grant, in these

cases, will be no less than the current value of the federal PELL grant program.

(14) "Dependent care allowance" is a flat grant amount, to be determined by the board, which is in addition to the student's eligibility for the base grant. The allowance is awarded to those students who have dependents in need of care. The dependent must be someone (other than a spouse) living with the student. Care must be that assistance provided to the dependent which is paid to and provided by someone outside of the student's household.

(15) "State need grant award" is the maximum base grant adjusted according to level of family income, plus a dependent care allowance, if applicable.

(16) "Academic year" is that period of time between July 1 and the following June 30 during which a full-time student would normally be expected to complete the equivalent of two semesters or three quarters of instruction.

(17) "Clock hours" means a period of time which is the equivalent of either:

(a) A 50 to 60 minute class, lecture, or recitation, or

(b) A 50 to 60 minute period of faculty-supervised laboratory shop training or internship.

(18) "Gift equity packaging policy" is the institution's policy for assigning gift aid to all needy, eligible students.

(19) "Satisfactory progress" is the student's successful completion of a minimum number of creditor clock hours for each term in which the grant was received. Each school's policy for measuring progress of state need grant recipients must define satisfactory as the student's completion of the minimum number of creditor clock hours for which the aid was disbursed.

(a) The minimum satisfactory progress standard for full-time students is twelve credits per term or 300 clock hours per term. Satisfactory progress for three-quarter time students is nine credits per term or 225 clock hours per term. Satisfactory progress for half-time students is six credits per term or 150 clock hours per term.

(b) Each school's policy must deny further disbursements of the need grant at the conclusion of any term in which he or she fails to complete at least one-half (50%) of the minimum number of credits for which the aid was disbursed or otherwise fails to fulfill the conditions of the institution's satisfactory progress policy.

(c) The school may make disbursements to a student who is in a probationary status. "Probation" is defined as completion of at least one-half (50%), but less than all (100%) of the minimum number of credits for which the aid was calculated and disbursed. The school must have a probation policy, approved by the board, which limits the number of terms in which a student may receive the need grant while in a probationary status.

(d) The school's aid administrator may at any time, using professional judgment exercised on a case-by-case basis, reinstate a student back into a satisfactory progress status, in response to an individual student's extenuating circumstances.

(20) The term "full institutional accreditation" shall mean the status of public recognition that an accrediting agency recognized by the U.S. Department of Education grants to an educational institution that meets the agency's established standards and requirements. Institutional accreditation applies to the entire institution, indicating that each of

an institution's parts is contributing to the achievement of the institution's objectives.

(21) The term "eligible program" for a public or private nonprofit educational institution, shall mean an associate or baccalaureate degree program; at least a two-year program that is acceptable for full credit toward a bachelor's degree, or at least a one-year educational program that leads to a degree or certificate and prepares the student for gainful employment in a recognized occupation. The term "eligible program" for a for-profit or a postsecondary vocational institution shall mean a program which provides at least a 15-week undergraduate program of 600 clock hours, 16 semester hours, or 24 quarter hours. The program may admit students without an associate degree or equivalent. The term "eligible program" for a for-profit or a postsecondary vocational institution may also be a program that provides at least a 10-week program of 300 clock hours, 8 semester hours, or 12 quarter hours. A program in this category must be an undergraduate program that admits only students with an associate degree or equivalent. To be an "eligible program," a program must be encompassed within the institution's accreditation and be an eligible program for purposes of the federal Title IV student financial aid programs.

(22) A "for-profit institution" is a postsecondary educational institution other than a public or private nonprofit institution which provides training for gainful employment in a recognized profession.

(23) A "postsecondary vocational institution" is a public or private nonprofit institution which provides training for gainful employment in a recognized profession.

WSR 95-23-110
PROPOSED RULES
LIQUOR CONTROL BOARD
 [Filed November 22, 1995, 11:17 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 95-16-104.

Title of Rule: WAC 314-12-020, 314-12-025, 314-12-035, 314-12-070, 314-12-080, 314-70-010 and 314-70-030, all pertain to licenses for premises where liquor is sold, served and/or consumed.

Purpose: All set forth requirements or conditions for licensees to follow in order to qualify for liquor licenses. The changes being proposed relate to removal of the word "transfer" in order to comply with chapter 232, Laws of 1995.

Statutory Authority for Adoption: RCW 66.08.030.

Statute Being Implemented: RCW 66.24.010 and 66.24.025.

Summary: Chapter 232, Laws of 1995, eliminated the transfer of licenses. The changes being proposed, if adopted, will bring the WACs into compliance with the statutory changes. Wherever the word "transfer" appears in liquor license statutes, it has been removed.

Reasons Supporting Proposal: Achieve compliance with statutory changes made during the 1995 session.

Name of Agency Personnel Responsible for Drafting: Chuck Dalrymple, Washington State Liquor Control Board, P.O. Box 43098, Olympia, WA 98504, (360) 753-6259; Implementation and Enforcement: David Goyette, Washington State Liquor Control Board, P.O. Box 43098, Olympia, WA 98504, (360) 753-2724.

Name of Proponent: Washington State Liquor Control Board, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rules to be amended deal with the transfer of liquor licenses, the qualifications for applicants, etc. The proposed amendatory language brings the rules into synch with the statutes amended last session.

Proposal Changes the Following Existing Rules: The word "transfer" would be deleted in the rules listed. Modifications would be made as to how the application process will be improved to the benefit of the applicant by bringing liquor licenses into a parallel relationship with other licenses normally held by licensees, including the master license. All licenses would expire at the same time thereby eliminating the confusion as to when liquor licenses expire in relationship [to] the businesses' other licenses.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The modifications are mandated by statute and will be long-term beneficial to businesses holding such licenses since the changes eliminate confusion and make all licenses equal in terms of duration.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Washington State Liquor Control Board is not one of those agencies enumerated or identified in the designated chapter.

Hearing Location: Washington State Liquor Control Board, Fifth Floor Conference Room, 1025 East Union, Olympia, WA 98504, on December 27, 1995, at 9:30 a.m.

Assistance for Persons with Disabilities: Contact ATT TTY/TDD Relay by December 26, 1995, TDD (800) 833-6388.

Submit Written Comments to: Carter Mitchell, Washington State Liquor Control Board, P.O. Box 43080, Olympia, WA 98504, FAX (360) 664-9689.

AMENDATORY SECTION (Amending WSR 93-15-024, filed 7/12/93, effective 8/12/93)

WAC 314-12-020 Applicants—Qualifications—Fingerprinting—Criminal history record information checks—Continuing conditions—Agreements—Reconsideration of denied applications. (1) Where a married person is an applicant for, or holder of a license, the spouse of such applicant, if the parties are maintaining a marital community, shall be required to have the same qualifications as the applicant.

(2) The board may require, as a condition precedent to the original issuance (~~or transfer~~) of any annual license,

fingerprinting and criminal history record information checks on any person not previously licensed by the board. In addition to the applicant, fingerprinting and criminal history record information checks may be required of the applicant's spouse. In the case of a corporation, fingerprinting and criminal history record information checks may be required of its present and any subsequent officers, manager, and stockholders who hold more than ten percent of the total issued and outstanding stock of the applicant corporation if such persons have not previously had their fingerprints recorded with the board. In the case of a partnership, fingerprinting and criminal history record information checks may be required of all general partners and their spouses. Such fingerprints as are required by the board shall be submitted on forms provided by the board to the Washington state identification section of the Washington state patrol and to the identification division of the Federal Bureau of Investigation in order that these agencies may search their records for prior arrests and convictions of the individuals fingerprinted. The applicant shall give full cooperation to the board and shall assist the board in all aspects of the fingerprinting and criminal history record information check. The applicant may be required to pay a minimal fee to the agency which performs the fingerprinting and criminal history process.

(3) The restrictions on license issuance specified in RCW 66.24.010(2) shall be construed to be continuing conditions for retaining an existing license and any licensed person who ceases to be eligible for issuance of a license under RCW 66.44.010(2) shall also cease to be eligible to hold any license already issued.

(4) An applicant for any license or permit issued by the liquor control board, who employs an attorney or agent in connection with an application for such license or permit, shall, upon request, submit in writing the entire agreement between such applicant for license or permit, and the attorney or agent. No part of any compensation agreed upon, paid or received shall in any manner be contingent upon the outcome of the matter before said board. In the event the compensation agreed upon, paid or received, is determined to be excessive, the board reserves the right to refuse to consider the application for such license or permit.

(5) The board, in considering an application for a license, may require, in addition to all other information requested concerning the proposed licensed premises (see WAC 314-12-035), that the applicant justify the issuance of the license sought based on an analysis of population trends compared to licenses in the area, any uniqueness of the proposed operation, any unusual circumstances present, plus any other information the applicant(s) may feel will justify the issuance of the license sought.

(6) The board may, at its discretion and for good cause shown, reconsider a denied application upon receipt of new information within sixty days of the original denial date. Such reconsiderations are not considered part of the normal license application procedure and must be justified on an individual basis. PROPOSED RULES
LOTTERY COMMISSION
[Filed November 22, 1995, 11:29 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 95-19-104 and 95-20-063.

Title of Rule: New sections WAC 315-11A-157 Instant Game Number 157 ("Summer Gold"), 315-11A-158 Instant Game Number 158 ("Five Card Stud"), 315-11A-159 Instant Game Number 159 ("Fat Cat"), 315-11A-160 Instant Game Number 160 ("My! Oh! My!") and 315-11A-161 Instant Game Number 161 ("\$2 Baseball Scoreboard"); and amending WAC 315-04-220 Limited off premises sales permit.

Purpose: To establish the game play rules and criteria for determining winners of Instant Game Nos. 157, ("Summer Gold"), 158 ("Five Card Stud"), 159 ("Fat Cat"), 160 ("My! Oh! My!") and 161 ("\$2 Baseball Scoreboard"); and to amend WAC 315-04-220.

Statutory Authority for Adoption: RCW 67.70.040.

Statute Being Implemented: RCW 67.70.040.

Summary: See Purpose above.

Reasons Supporting Proposal: See Explanation of Rule below.

Name of Agency Personnel Responsible for Drafting: Jeff Burkhardt, Rules Coordinator, Olympia, 586-6583; Implementation and Enforcement: Evelyn P. Yenson, Director, Olympia, 753-3330.

Name of Proponent: Washington State Lottery Commission, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: WAC 315-11A-157, 315-11A-158, 315-11A-159, 315-11A-160, and 315-11A-161, for each game, certain terms must be defined in order to provide consistency in the game play rules. The play criteria will explain how the game functions to licensed retailers and players. Rigid validation requirements are set forth which will prevent the lottery or its retailers from paying out prize money on invalid tickets.

Proposal Changes the Following Existing Rules: The proposal amends WAC 315-04-220 to clarify which party has responsibility for the costs associated with limited off-premise sales permits.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The lottery has considered whether these rules are subject to the Regulatory Fairness Act, chapter 19.85 RCW, and has determined that they are not for the following reasons: (1) The rules have no economic impact on business' cost of equipment, supplies, labor or administrative costs. The rules are designed to establish rules and procedures for the playing of instant lottery games; and (2) the rules will have a negligible impact, if any, on business because they are interpretive. They have been promulgated for the purpose of stating policy, procedure and practice and do not include require-

ments for forms, fees, appearances or other actions by business.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Said section does not apply to these proposed rule because they are not proposed by one of the listed agencies. As the rules are merely interpretive, the lottery does not voluntarily apply this section.

Hearing Location: Washington State Lottery, Suite 106, 5963 Corson Avenue South, Seattle, WA 98108, on January 5, 1996, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Jeff Burkhardt by December 29, 1995, (360) 586-6583.

Submit Written Comments to: Jeff Burkhardt, Lottery, FAX (360) 586-6586, by September [January] 4, 1996.

Date of Intended Adoption: January 5, 1996.

Chapter 246-840 WAC PROTOCOL FOR DELEGATING NURSING CARE TASKS TO UNLICENSED PERSONNEL IN COMMUNITY RESIDENTIAL PROGRAMS

NEW SECTION

WAC 246-840-910 Purpose. The purpose of this delegation protocol is to ensure that nursing care services have a consistent standard of practice upon which the public and profession may rely and to safeguard the authority of the nurse to make independent professional decisions regarding the delegation of a nursing task. According to Public Law 1908, a licensed registered nurse may delegate specific nursing care tasks to nursing assistants who meet certain requirements and provide care to individuals in certified community residential programs for the developmentally disabled, to residents in licensed adult family homes, and to residents of licensed boarding homes contracting to provide assisted living services. Before delegating a task, the registered nurse must determine that specific criteria described in the protocol are met and ensure that the patient is in a stable and predictable condition. Nurses delegating tasks are accountable to the Washington state nursing care quality assurance commission. No person may coerce a nurse into compromising patient safety by requiring the nurse to delegate if the nurse determines it is inappropriate to do so. These specific care tasks as defined by the nursing commission include:

(1) Oral and topical medications and ointments;

(2) Nose, ear, eye drops, and ointments;

(3) Dressing changes and urinary catheterization using clean techniques;

(4) Suppositories, enemas, and ostomy care in established and healed condition;

(5) Blood glucose monitoring; and

(6) Gastrostomy feedings in established and healed condition.

(2) "Nursing assistant" means a nursing assistant-registered under chapter 18.88A RCW or a nursing assistant-certified under chapter 18.88A RCW, who provides care to individuals in certified community residential programs for the developmentally disabled, to individuals residing in licensed adult family homes, and to individuals residing in licensed boarding homes contracted to provide assisted living services.

(3) "Patient" means the individual recipient of nursing actions. In the community residential settings, the patient may also be referred to as client or consumer.

(4) "Protocol" means an explicit, detailed written plan specifying the procedures to be followed in providing care for a particular condition.

(8) "Immediate supervision" means the licensed registered nurse is on the premises and is within audible and visual range of the patient and the patient has been assessed by the licensed registered nurse prior to the delegation of duties to any care giver.

(9) "Direct supervision" means the licensed registered nurse is on the premises, is quickly and easily available and the patient has been assessed by the licensed registered nurse prior to the delegation of the duties to any care giver.

(10) "Indirect supervision" means the licensed registered nurse is not on the premises but has previously given written instructions for the care and treatment of the patient and the patient has been assessed by the licensed registered nurse prior to the delegation of duties to any care giver. If oral clarification of the written instructions is required, it must be documented.

(11) "Coercion" means to force or compel another, by authority, to do something that he/she would not otherwise choose to do.

- (a) The patient's condition;
- (b) The setting;
- (c) The nursing care task(s) and involved risks; and
- (d) The skill level required to perform the task.

The delegating nurse must identify and facilitate additional training of the nursing assistant prior to delegation in these situations. The delegating nurse may decide the task is not delegatable. In no case, may delegation go beyond the list of specific care tasks authorized by this chapter.

(26) "Authorized representative" means a person authorized to provide informed consent for health care on behalf of a patient who is not competent to consent. Such

person shall be a member of one of the classes of persons as directed in RCW 7.70.065.

NEW SECTION

WAC 246-840-930 Criteria for delegation. Before delegating a nursing task, the licensed registered nurse must determine that it is appropriate to delegate based on the following criteria:

(1) Determine that the setting allows delegation because it is a certified community residential program for the developmentally disabled, a licensed adult family home, or a licensed boarding home contracted to provide assisted living services.

(2) Determine that the task to be delegated is within the nurse's area of responsibility and that it is a specific care task that has been approved for delegation.

(3) Determine that the task to be delegated can be properly and safely performed by the nursing assistant-certified or nursing assistant-registered. The registered nurse shall assess the potential risk of harm for the individual patient. Potential harm may include, but is not limited to, infection, hemorrhage, hypoxemia, nerve damage, physical injury, or psychological distress.

(4) Assess the patient's nursing care needs and determine that the patient is in a stable and predictable condition.

(5) Analyze the complexity of the nursing task and determine the required training or additional training needed by the nursing assistant to competently accomplish the task. The registered nurse shall consider the psychomotor and cognitive skills required to perform the nursing task. More complex tasks may require additional training and supervision for the nursing assistant. The nurse must identify and facilitate any additional training of the nursing assistant that is needed prior to delegation. The nurse must ensure that the task to be delegated can be properly and safely performed by the nursing assistant.

(6) Assess the level of interaction required, considering language or cultural diversity that may affect communication or the ability to accomplish the task to be delegated, as well as methods to facilitate the interaction.

(7) Verify that the nursing assistant:

(a) Is currently registered or certified as a nursing assistant in Washington state and is in good standing without restriction;

(b) Has a certificate of completion issued by the department of social and health services indicating completion of core delegation training for nursing assistants; and

(c) Is willing to perform the task in the absence of direct or immediate nurse supervision and accept responsibility for their actions.

(8) Assess the ability of the nursing assistant to competently perform the delegated nursing task in the absence of direct or immediate nurse supervision to ensure that the nursing task can be properly and safely performed by the nursing assistant.

(9) Discuss the delegation with the patient or authorized representative, including the level of training of the nursing assistant delivering care. The patient, or authorized representative, must give written, informed consent to the delegation under chapter 7.70 RCW.

(10) Document in the patient's record the rationale for delegating or not delegating nursing tasks.

(11) Discuss the process for continuing, rescinding, or adding medications to the delegation list when the physician changes medication orders:

(a) The registered nurse must verify the change in medication or a new medication order with the physician;

(b) If a change is made in the medication dosage or if a change is made in the type of medication for the same problem (i.e., one medication is deleted by the physician and another is substituted) and the patient remains in a stable and predictable condition, delegation can continue at the registered nurse's discretion; and

(c) If a new medication is added, the registered nurse must review the criteria and process for delegation prior to delegating the administration of the new medication to the nursing assistant. The registered nurse maintains the authority to decide if the new medication can be added to the delegated task list immediately, if a site visit is warranted prior to delegation, or if delegation is no longer appropriate. If delegation is to be rescinded, the nurse must initiate and participate in developing an alternative plan to assure the needs of the patient are met.

NEW SECTION

WAC 246-840-940 Process for delegation. If the registered nurse determines delegation is appropriate, the nurse must:

(1) Obtain the written informed consent of the patient or authorized representative under chapter 7.70 RCW, the delegating nurse, and the nursing assistant.

(2) Delegation requires the nurse teach the nursing assistant how to perform the task, including return demonstration under observation. The nurse shall observe the nursing assistant performing the delegated task to verify their competency to properly perform the task safely and accurately.

(3) Provide specific, written delegation instructions to the nursing assistant with a copy maintained in the patient's record that include:

(a) The rationale for delegating the nursing task;

(b) That the delegated nursing task is specific to one patient and is not transferable to another patient;

(c) That the delegated nursing task is specific to one nursing assistant and is not transferable to another nursing assistant;

(d) The nature of the condition requiring treatment and purpose of the delegated nursing task;

(e) A clear description of the procedure or steps to follow to perform the task;

(f) The predictable outcomes of the nursing task and how to effectively deal with them;

(g) The risks of the treatment;

(h) The interactions of prescribed medications;

(i) How to observe and report side effects, complications, or unexpected outcomes and appropriate actions to deal with them, including specific parameters for notifying the registered nurse, physician, or emergency services;

(j) The action to take in situations where medications are altered by physician orders, including:

(i) How to notify the registered nurse of the change;

(ii) The process the registered nurse will use to obtain verification from the physician of the medication change; and

(iii) The process to notify the nursing assistant of whether administration of the medication is delegated or not;

(k) How to document the task in the patient's record;

(l) Document what teaching was done and that a return demonstration was correctly done; and

(m) A plan of nursing supervision describing how frequently the registered nurse will supervise the performance of the delegated task by the nursing assistant and reevaluate the delegated nursing task, which shall occur at least every sixty days.

(4) The administration of PRN medications may be delegated at the discretion of the registered nurse. The nurse must first assess the patient to determine that on-site patient assessment will not be required prior to the ongoing administration of each PRN medication dose. The registered nurse must provide written parameters specific to an individual patient which includes guidelines for the nursing assistant to follow in the decision-making process to administer the PRN medication and the procedure to follow for such administration.

NEW SECTION

WAC 246-840-950 Nursing supervision. (1) The registered nurse is accountable and responsible for the delegated nursing task. The nurse must supervise and evaluate the performance of the nursing assistant, including direct observation of the skill and ability of the nursing assistant to perform the delegated nursing task. The nurse must also reevaluate the patient's condition, the care provided to the patient, the capability of the nursing assistant, the outcome of the task, and any problems. Frequency of supervision is at the discretion of the registered nurse to ensure safe and effective services are provided. Reevaluation and documentation must occur at least every sixty days.

(2) A registered nurse may assume delegating responsibilities from the delegating registered nurse for the delegation process, provided the registered nurse assuming responsibility knows the patient through their assessment, the skills of the nursing assistant, and the plan of care. This may include a reevaluation of the patient by the nurse assuming responsibility for delegation. The nurse assuming the responsibility for delegation from another nurse is accountable and responsible for the delegated task. The nurse must document the following in the patient's record:

(a) The reason and justification for another nurse assuming responsibility for the delegation;

(b) The nurse assuming responsibility must agree, in writing, to perform the supervision; and

(c) That the nursing assistant and patient have been informed of this change.

NEW SECTION

WAC 246-840-960 Accountability, liability, and coercion. (1) The registered nurse and nursing assistant are accountable for their own individual actions in the delegation process. The delegated task becomes the responsibility of the person to whom it is delegated but the registered nurse retains overall accountability for the nursing care of the

patient, including nursing assessment, evaluation, and assuring documentation is completed.

(2) Nurses acting within the protocols of their delegation authority shall be immune from liability for any action performed in the course of their delegation duties.

(3) Nursing assistants following written delegation instructions from registered nurses for delegated tasks shall be immune from liability.

(4) The nursing care quality assurance commission shall take no disciplinary action against nurses following delegation protocols appropriately.

(5) Complaints regarding delegation of specific nursing tasks may be reported to the aging and adult services administration of the department of social and health services or via a toll-free telephone number.

(6) All complaints specifically related to nurse-delegation shall be referred to the nursing care quality assurance commission.

(7) No certified community residential program for the developmentally disabled, licensed adult family home, or licensed boarding home contracting to provide assisted living services may discriminate or retaliate in any manner against a person because the person made a complaint or cooperated in the investigation of a complaint.

(8) No person may coerce a nurse into compromising patient safety by requiring the nurse to delegate if the nurse determines it is inappropriate to do so. Nurses shall not be subject to any employer reprisal or disciplinary action by the Washington nursing care quality assurance commission for refusing to delegate tasks or refusing to provide the required training for delegation if the nurse determines delegation may compromise patient safety.

(9) Nursing assistants shall not be subject to any employer reprisal or disciplinary action for refusing to accept delegation of a nursing task.

NEW SECTION

WAC 246-840-970 Rescinding delegation. (1) The registered nurse may rescind delegation of the nursing task based on the following circumstances which may include, but are not limited to:

(a) When the nurse believes patient safety is being compromised;

(b) When the patient's condition is no longer stable and predictable;

(c) When the frequency of staff turnover makes delegation impractical to continue in the setting;

(d) When there is a change in the nursing assistant's willingness or competency to do the task;

(e) When the task is not being performed correctly; or

(f) When the patient or authorized representative requests that the delegation be rescinded.

(2) In the event delegation is rescinded, the delegating registered nurse assumes responsibility for performing the task or initiating and participating in developing an alternative plan to ensure the continuity for the provision of the task.

(3) The delegating registered nurse must document the reason for rescinding delegation of the task and the plan for ensuring continuity of the task.

NEW SECTION

WAC 246-840-980 Evaluation of nurse delegation. The nurse must participate in recordkeeping as required by the secretary of health to facilitate evaluation.

Purpose: New sections WAC 388-73-351, 388-73-353, 388-73-355, 388-73-357, 388-73-361, 388-73-363, 388-73-365, 388-73-367, 388-73-369, 388-73-371, 388-73-373, 388-73-375, 388-73-377, 388-73-379, 388-73-381, 388-73-383, 388-73-385, 388-73-387, 388-73-389, 388-73-391, 388-73-393, and 388-73-395. Provide licensing standards for a new type of program which has emerged caring for a small number of children on a residential basis. These do not meet the definition of a foster home, but group home standards are excessive.

This is an analysis of the proposed revisions to chapter 388-73 WAC to create licensing standards for staffed residential homes for children and expectant mothers.

ENVIRONMENTAL AND FISCAL CONSEQUENCES:

There are no environmental consequences associated with the adoption of these rules.

The rules will facilitate the care of special needs children in small residential facilities rather than institutes. The care of children in small residential facilities is less costly than care in institutions. The rules do not impact a whole industry, but a handful of programs in Industrial Group 8361 Residential Care.

Under current rules these facilities would have to be licensed as group homes. Group home licensing would require degreed staff, water tempering devices, an inspection by the State Fire Marshal's Office, and inspection by the state Department of Health, additional space requirements (staff quarters, office space, visiting area, etc.) and more, even though these facilities care for only a small number of children at any time.

Adopting rules which are more closely tailored to the parameters of these programs will represent a saving to the operators and to the state.

GOALS AND OBJECTIVES:

The goal is to enable small providers to care for this population of special needs children without having to meet the requirements of the larger group homes. This is accomplished by having different specific requirements for staff qualifications, fire safety, staff-child ratio, etc.

ALTERNATE FORMS OF REGULATION:

A change of statute is not necessary here. RCW specifically gives the department the authority to adopt licensing standards for the different types of care which may be necessary. It is most appropriate to create new rules here where necessary. Trying to shoehorn these programs into existing rules and program types has been confusing and inconsistent. Adding this designation to a bunch of existing rules would add further confusion.

IMPACT ON OTHER AGENCIES:

The proposed rules will impact facilities that largely care for DCFS clients. However, JRA and DDD have been afforded an opportunity to review the proposed rules.

COST BENEFITS:

DCFS will pay \$3,188 per month for the care of a child in a staffed residential home as compared to the \$6,300 per month that it would pay to a group home were these facilities not available.

FEDERAL LAW:

These rules are not proposed to comply with federal law.

WHAT IS THE BASIS FOR THE RULE CHANGE?:

The change is necessary to meet the needs of increasing numbers of children who would otherwise be placed in institutional settings. It is precipitated largely by the request of child care providers who want relief from having to meet the additional requirements for group care programs.

DISCRIMINATION:

These rules do not discriminate in any way specified in 28 CFR Section 35.130.

Citation of Existing Rules Affected by this Order: Amending WAC 388-73-014, 388-73-058, 388-73-074, 388-73-076, and 388-73-146. (See Purpose above for listing of new sections.)

(7) Cribs.

(a)(i) Providers shall furnish single level infant cribs made of wood, metal, or approved plastic with secure latching devices. Such infant cribs shall also have no more than two and three-eighths inches space between vertical slats when used for infants under six months of age.

(ii) For infants, providers may use cribs not meeting the spacing requirement provided crib bumpers or other effective methods are used to prevent the infant's body from slipping between the slats.

AMENDATORY SECTION

REGULATION III SECTION 3.03 PERCHLOROETHYLENE DRY CLEANERS

~~((a) This section applies to all dry cleaning systems using perchloroethylene, except systems with annual uncontrolled emissions of 300 kilograms or less.~~

~~(b) It shall be unlawful for any person to operate a perchloroethylene dry cleaning system unless the entire dryer exhaust is vented through a control device which will reduce VOC emissions to 5 kg or less per 100 kg dry weight of cleaned articles.~~

~~(c) It shall be unlawful for any person to cause or allow the operation of a perchloroethylene dry cleaner unless the control device meets one of the following conditions:~~

~~(1) The exhaust from a carbon adsorber shall contain less than 100 ppm perchloroethylene as measured over a period of one minute before dilution; or~~

~~(2) The air temperature at the outlet of a refrigerated condenser must reach 7°C or less during the cool-down period. A temperature gauge shall be installed on the condenser outlet duct; or~~

~~(3) The demonstrated control efficiency for any other control device must be 90% or greater by weight, prior to the discharge to the atmosphere measured over a complete control cycle.~~

~~(d) It shall be unlawful for any person to cause or allow the operation of any perchloroethylene dry cleaner unless all of the following conditions are met:~~

~~(1) All leaking components shall be repaired immediately.~~

~~(2) If filtration cartridges are drained, they shall be drained in an enclosed container for at least twenty-four (24) hours before discarding the cartridges.)~~

(a) Applicability. This section applies to all dry cleaning systems using perchloroethylene.

(b) General Requirements. It shall be unlawful for any person to cause or allow the operation of a perchloro-

ethylene dry cleaning system unless all the air-perchloroethylene gas-vapor stream is vented through a carbon adsorber or refrigerated condenser. Dry cleaning machines installed after September 21, 1993 shall use a refrigerated condenser.

(c) General Operation and Maintenance Requirements. It shall be unlawful for any person to cause or allow the operation of any perchloroethylene dry cleaning system unless all of the following conditions are met:

(1) Conduct a visual inspection of the dry cleaning system at least once a week for perceptible leaks. All perceptible leaks shall be repaired within 24 hours of detection. If repair parts must be ordered to repair a leak, the parts shall be ordered within 2 working days of detecting the leak, and the repair parts shall be installed within 5 working days after receipt;

(2) Drain cartridge filters in their housing or other sealed container for at least 24 hours before discarding the cartridges;

(3) Close the door of each dry cleaning machine except when transferring articles to or from the machine;

(4) Store all perchloroethylene, and wastes containing perchloro-ethylene, in a closed container; and

(5) Operate and maintain the dry cleaning system according to the manufacturer's specifications and recommendations.

(d) Requirements for Refrigerated Condensers. It shall be unlawful for any person to cause or allow the operation of any perchloroethylene dry cleaning system using a refrigerated condenser unless all of the following conditions are met:

(1) The air temperature at the outlet of the refrigerated condenser installed on a dry-to-dry machine, dryer, or reclaimer must reach 45°F (7°C) or less during the cool-down period. Compliance shall be determined by continuously monitoring the outlet temperature during the cool-down period using a permanently installed temperature sensor that is accurate to within 2°F (1°C);

(2) The difference between the air temperature at the inlet and outlet of a refrigerated condenser installed on a washer must be greater than or equal to 20°F (11°C). Compliance shall be determined by continuously monitoring the inlet and outlet temperatures during the cool-down period using permanently installed temperature sensors that are accurate to within 2°F (1°C);

(3) The refrigerated condenser shall be operated with a diverter valve that prevents air drawn into the dry cleaning machine from passing through the refrigerated condenser when the door of the machine is open; and

(4) The refrigerated condenser shall not vent the air-perchloroethylene gas-vapor stream while the dry cleaning machine drum is rotating or, if installed on a washer, until the washer door is opened.

(e) Requirements for Carbon Adsorbers. It shall be unlawful for any person to cause or allow the operation of any perchloroethylene dry cleaning system using a carbon adsorber unless all of the following conditions are met:

(1) The concentration of perchloroethylene at the exhaust of the carbon adsorber shall not exceed 100 ppm while the dry cleaning machine is venting to the carbon adsorber at the end of the last dry cleaning cycle prior to desorption of the carbon adsorber; and

(2) Compliance shall be determined by weekly measurements of the concentration of perchloroethylene at the outlet of the carbon adsorber using a colorimetric detector tube that is accurate to within 25 ppm. If the dry cleaning system was constructed on or before December 8, 1991, monitoring shall commence by September 23, 1996. If the dry cleaning system was constructed after December 8, 1991, monitoring shall commence immediately.

(f) Recordkeeping. Each dry cleaning facility shall have an Operation and Maintenance Plan as described in Section 5.05(e) of Regulation I that includes the following records:

(1) A record of dates and results of all monitoring, inspections, and repair of the dry cleaning system.

(2) If a refrigerated condenser is used on a dry-to-dry machine, dryer, or reclaimer, a weekly record of the air temperature measured at the outlet of the refrigerated condenser during the cool-down period to verify compliance with Section 3.03 (d)(1).

(3) If a refrigerated condenser is used on a washer, a weekly record of the difference between the air temperatures measured at the inlet and outlet of the refrigerated condenser to verify compliance with Section 3.03 (d)(2).

(4) A record of the volume of perchloroethylene purchased each month including receipts of perchloroethylene purchases and a calculation of the amount of perchloroethylene purchased over the previous 12 months.

(g) Prohibitions. It shall be unlawful to operate a multi-machine dry cleaning operation in which washing and drying are performed in different machines (transfer system) after December 31, 1999.

(h) Major Source Requirements. If the dry cleaning system is located at a facility that emits 10 tons or more of perchloroethylene annually, the facility must meet the additional requirements set forth in 40 CFR Part 63, Subpart M.

The Board will fully justify such deletion in writing.

(3) All public records otherwise exempt by law shall be considered exempt under these rules.

NEW SECTION

WAC 243-01-130 Review or denial of public records requests. Purpose: To establish 1996 rates for each industrial insurance risk classification and related tables and values.

Citation of Existing Rules Affected by this Order: Amending WAC 296-17-855 Experience modification, 296-17-875 Table I Primary losses for selected claim values, 296-17-880 Table II "B" and "W" values, 296-17-885 Table III Expected loss rates and D-ratios, 296-17-890 Table IV Maximum experience modifications for firms with no compensable accidents, 296-17-895 Industrial insurance accident fund base rates and medical aid base rates by class of industry, 296-17-919 Table I Retrospective Rating Plans A, A1, A2, A3, and B, and 296-17-920 Assessment for supplemental pension fund.

Statutory Authority for Adoption: RCW 51.04.020.

Adopted under notice filed as WSR 95-17-100 on August 23, 1995.

Changes Other than Editing from Proposed to Adopted Version: There are no changes from the proposed to the adopted version of this rule.

Reasons for Adopting Rule Change: The proposed rule changes are being made in order to establish 1996 experience rates for the 300 industry risk classifications in order to ensure the actuarial solvency of the state fund and appropriate distribution of premiums

Summary of Hearing Testimony: Testimony was received by four individuals in response to these hearings. All respondents expressed support for this rule change. Testimony was heard expressing concern regarding state fund investment strategies and application of rating to individual employers. These issues have been responded to separately as they do not specifically apply to the intent of this rule change.

AMENDATORY SECTION (Amending WSR 94-24-007, filed 11/28/94, effective 1/1/95)

WAC 296-17-855 Experience modification. The basis of the experience modification shall be a comparison of the actual losses charged to an employer during the experience period with the losses which would be expected for an average employer reporting the same exposures in each classification. The comparison shall contain actuarial refinements designed to mitigate the effects of losses which may be considered catastrophic or of doubtful statistical significance, due consideration being given to the volume of the employer's experience. Except for those employers who qualify for an adjusted experience modification as specified in WAC 296-17-860 or 296-17-865, the experience modification shall be calculated from the formula:

$$\text{MODIFICATION} = \frac{A_p + W A_e + (1-W) E_e + B}{E + B}$$

The components A_p , $W A_e$, and $(1-W) E_e$ are values which shall be charged against an employer's experience record. The component, E , shall be the expected value of these charges for an average employer reporting the same exposures in each classification. The meaning and function of each symbol in the formula is specified below.

" A_p " signifies "primary actual losses." For each claim the primary actual loss is defined as that portion of the claim which is considered completely rateable for all employers and which is to enter the experience modification calculation at its full value. For each claim in excess of (~~(\$9,271)~~) \$9,517 the primary actual loss shall be determined from the formula:

$$\text{PRIMARY LOSS} = \frac{((\del{23,177}) \ 23,793)}{\text{Total loss} + ((\del{13,906}) \ 14,276)} \times \text{total loss}$$

Primary actual losses for selected claim values are shown in Table I. For each claim less than (~~(\$9,271)~~) \$9,517 the full value of the claim shall be considered a primary loss.

" A_e " signifies "excess actual losses." For each claim the excess actual loss is defined as that portion of the claim which is not considered completely rateable for all employers. The excess actual loss for each claim shall be determined by subtracting the primary loss from the total loss.

" W " signifies "W value." For each employer, the W value determines the portion of the actual excess losses which shall be included in the calculation of his experience modification, due consideration being given to the volume of his experience. This amount is represented by the symbol " $W A_e$ " in the experience modification formula. W values are set forth in Table II.

" E " signifies "expected losses." An employer's expected losses shall be determined by multiplying his reported exposure in each classification during the experience period

by the classification expected loss rate. Expected loss rates are set forth in Table III.

" E_e " signifies "expected excess losses." Expected losses in each classification shall be multiplied by the classification "D-Ratio" to obtain "expected primary losses." Expected excess losses shall then be calculated by subtracting expected primary losses from expected total losses. Each employer shall have a statistical charge included in the calculation of his experience modification, said charge to be actuarially equivalent to the amount forgiven an average employer because of the exclusion of a portion of his excess actual losses. This charge is represented by " $(1-W) E_e$ " in the experience modification formula. D-Ratios are set forth in Table III.

" B " signifies "B value" or "ballast." In order to limit the effect of a single severe accident on the modification of a small employer, a stabilizing element (B value) shall be added to both actual and expected losses. B values are set forth in Table II.

NEW SECTION

WAC 468-95-055 "MUTCD Part VI." Certain portions of the 1988 Edition of the *MUTCD, Revision 3, Part VI, Standards and Guides for Traffic Controls for Street and Highway Construction, Maintenance, Utility, and Incident Management Operations*, published September 3, 1993, by the Federal Highway Administration, are amended herein.

(1) In Section 6F-1, Signs, the seventh paragraph from the section's beginning is revised to read as follows:

Guidelines for height and lateral clearance of temporary post-mounted roadside signs are shown in figure VI-5. Signs erected at the side of the road should be mounted at a height of at least 7 feet in urban areas and 5 feet in rural areas, measured from the bottom of the sign to the near edge of the pavement. The height to the bottom of a secondary sign mounted below another sign may be 1 foot less than the appropriate height specified above.

(2) Figure VI-5, Height and Lateral Location of Signs - Typical Installation.

The seven foot minimum mounting height in the illustration for a rural district is revised to a five foot minimum; and, the six foot minimum mounting height in the illustration for a rural district with advisory speed plate is revised to a four foot minimum.

(3) Table VI-3, Suggested Advance Warning Sign Spacing, in Subsections 6F-1 and 6H-3 is replaced by the following:

	SIGN SPACING (1)	
Freeways & Expressways	55/65 MPH	1500' ± Or as per MUTCD
Rural Roads	45/55 MPH	500' ±
Rural Roads & Urban Arterials	35/40 MPH	350' ±
Rural Roads, Urban Streets, Residential & Business Districts	25/30 MPH	200' ± (2)

(1) All spacings may be adjusted to accommodate interchange ramps, at-grade intersections, and driveways.

(2) This spacing may be reduced in urban areas to fit roadway conditions.

(4) Subsection 6F-1 (b)(6), ROAD (STREET) WORK Sign (W20-1), is revised to read as follows:

The ROAD (STREET) WORK sign should be located ahead of the work space or detour, to serve as a general warning of obstructions or restrictions. It carries the legend ROAD (STREET) WORK (1,500) FT or ROAD (STREET) WORK (1/2) MILE. It may be used in conjunction with appropriate distance legends, or with other warning signs. The word CONSTRUCTION may be used in lieu of the word WORK in the sign message, prior to July 1, 1996 for construction projects or prior to July 1, 1998 for maintenance activities.

(5) Subsection 6F-6(b), Interim Markings, is revised to read as follows:

PERMANENT

Interim pavement markings are those that may be used until it is practical and possible to install pavement markings that meet the full MUTCD standards for pavement markings. Normally, it should not be necessary to leave interim pavement markings in place for more than 2 weeks, except on roadways being paved with bituminous surface treatment (BST) and having traffic volumes under 2,000 ADT. All interim pavement markings, including pavement markings for no-passing zones, shall conform to the requirements of sections 3A and 3B with the following exceptions:

(1) All interim broken-line pavement markings shall use the same cycle length as permanent markings and be at least 4 feet long, except that half-cycle lengths with a minimum of 2 foot stripes may be used for roadways with severe curvature (See Section 3A-6). This applies to white lane lines for traffic moving in the same direction and yellow center lines for two-lane roadways when it is safe to pass.

(2) For those interim situations of 14 calendar days or less for a two- or three-lane road, no-passing zones may be identified by using signs rather than pavement markings (See sections 3B-4, 3B-5, and 3B-6). Also, signs may be used in lieu of pavement markings on low-volume roads for longer periods, when this practice is in keeping with the state's or highway agency's policy. These signs should be placed in accordance with sections 2B-21, 2B-22, and 2C-38.

(3) The interim use of edgelines, channelizing lines, lane reduction transitions, gore markings and other longitudinal markings, and the various non-longitudinal markings (stop line, railroad crossings, crosswalks, words, symbols, etc.) should be in keeping with the state's or highway agency's policy.

AMENDATORY SECTION (Amending Order 129, filed 8/13/91, effective 9/13/91)

WAC 468-70-070 Permits and procedure. (1) No business signs will be installed on information panels prior to issuance of a permit by the department. Permits will be issued by the department in accordance with this chapter.

(2) Permit applications will be accepted at the appropriate department of transportation district office in care of the district administrator. Applications transmitted by mail shall be effective from date of receipt rather than of mailing.

(3) One permit application will be for all the signing that the applicant will qualify for at a single interchange or intersection.

(4) Application, forms for which may be obtained from the department, shall contain the following information:

(a) Name and address of the owner of the business to be advertised.

(b) The highway for which the applicant seeks signing.

PERMANENT

(c) A description of the interchange or intersection for which the business sign is to be installed.

(d) A statement of location including exact travel distance from the interchange or intersection and precise roads used for access.

(e) An agreement to limit the height of any on-premise sign to no greater than fifteen feet higher than the roof of the main building, for businesses located within one mile of an interchange or intersection. (Not applicable along interstate highways if the sign is not visible to the highway.)

Pursuant to RCW 47.42.046, for on-premise signs visible along rural interstate highways the department may waive the fifteen-foot height requirement, on a case-by-case basis, where granting the waiver will not preclude another business having an on-premise sign which complies with the fifteen-foot height requirement from receiving business signs.

(f) Such other information as may be required by the department.

(5) Each permit application will include a sketch, drawing or picture of the message to be placed on the business signs. The department shall have final approval of the design of the business sign and may modify such submissions to achieve uniformity.

(6) A standard application processing fee of (~~seventy-five~~) one hundred dollars will accompany each application. Such fee will be returned if an application is denied or if after approval the activity is not signed for reasons caused by the department.

(7) Any party aggrieved by an application determination of the department shall be accorded hearing rights before the secretary of transportation or his designee pursuant to chapter 34.05 RCW.

(8) Fabrication and installation of business signs:

(a) Once an application is approved, the department will request the business to provide the signs for installation. Such signs shall be built to the department's specifications prescribed by WAC 468-70-060. Prior to installation the business shall be billed and pay for the installation cost prescribed in WAC 468-70-080.

(b) When requested by a business, the department will manufacture business signs composed of standard solid color background with standard die cut or silk screened highway sign letters used for messages. The department does not manufacture business signs having nonstandard colors, nonstandard letters, or pictorial business symbols or trademarks. The manufacturing and installation fees for signs manufactured by the department are prescribed in WAC 468-70-080.

(9) Business sign annual permit, maintenance, and replacement:

(a) For a business which provides its own signs to the department, an annual permit fee of (~~ten~~) fifty dollars shall be charged.

Maintenance replacement signs shall be provided by the business, when requested by the department to replace weather worn signs. After installation the business will be billed for the installation cost as prescribed in WAC 468-70-080.

(b) For signs manufactured and maintained by the department, an annual maintenance fee shall be paid, as prescribed in WAC 468-70-080, for each business sign.

(c) Annual permit renewal and maintenance fees shall be paid within thirty calendar days after the anniversary of the permit issue. These fees will not be prorated for fractions of the year in the event of business sign removal or coverage. Failure to pay the annual fee within thirty calendar days after the anniversary of the permit issue will cause the permit to expire and the business signs to be removed from the specific information panels.

(10) In the event of change of ownership or operation, assignment of permits in good standing shall be effective only upon receipt of assignment by the department.

(11) Revocation and expiration:

(a) After hearing before the secretary of transportation or his designee, as required by chapter 34.05 RCW (Administrative Procedure Act) and the rules and regulations of the department adopted pursuant thereto, any permit may be revoked by the secretary or the secretary's designee who has conducted the hearing for any of the following reasons:

(i) For the making of any false or misleading statements in the application for any permit, whether or not the same is material to or relied upon by the department in the issuance of such permit when such false or misleading statement or information shall remain uncorrected after the expiration of thirty days following written notification thereof.

(ii) For allowing or suffering any on-premise sign to remain that does exceed the height requirements set forth in the act or this chapter.

(iii) For failure to provide the services and/or facilities required by WAC 468-70-050 and this section.

(b) If a permit is revoked or is allowed to expire, a new application may be accepted by the department and the application must meet the requirements of any other new application.

AMENDATORY SECTION (Amending Order 251, filed 5/17/94, effective 7/1/94)

WAC 230-30-050 Punchboard and pull tab operation. (1) No person under the age of eighteen years and no person visibly intoxicated or visibly under the influence of any narcotic, shall be allowed to play or sell any punchboard or pull tab device. It shall be the responsibility of the licensee and the responsibility of the person physically operating the punchboard or pull tab device to determine that no unauthorized person is allowed to play or sell.

(2) No operator shall permit the display or operation of any punchboard or pull tab which may have in any manner been marked, defaced, tampered with or otherwise placed in a condition, or operated in a manner, which may deceive the public or which affects the chances of winning or losing upon the taking of any chance thereon.

(3) All pull tabs must be ~~((dispensed))~~ sold from a ~~((coin-operated vending machine))~~ commission approved dispensing device or a clear container ~~((which affords the player an opportunity to observe the complete series))~~. If pull tabs are ~~((not))~~ sold out of a ~~((coin-operated vending machine, the complete series must be placed in a))~~ clear container, the complete series must be placed in a container and mixed prior to being offered for sale. Failure to mix may result in a minimum five day suspension of license for each series not mixed. AMENDATORY SECTION (Amending Order 121, filed 6/14/82)

WAC 230-30-065 Punchboard/pull tab price per play to be posted. (1) No punchboard or pull tab series shall be placed out for public play unless the cost to the player for each punch or pull tab is clearly posted on the flare.

(2) Once placed out for public play, a punchboard or pull tab series flare may not be modified or otherwise changed, except for the deletion of ~~((those))~~ prizes ~~((valued at five dollars or more))~~ as required by WAC 230-30-070.

AMENDATORY SECTION (Amending WSR 94-23-094, filed 11/17/94, effective 1/1/95)

WAC 230-30-070 Control of prizes. All prizes from the operation of punchboards and pull tabs shall be awarded in cash or in merchandise.

(1) Prizes may not involve the opportunity of taking an additional chance or chances on another punchboard or of obtaining another pull tab or pull tabs. Where the prize involves the opportunity to punch again on the same punchboard, a prize must be awarded for each such punch which is not less than the highest amount of money, or worth not less than the most valuable merchandise prize, which might otherwise have been won by the punch for which the opportunity to take the second punch was awarded. Each such board must clearly indicate on its face the terms and conditions under which the opportunity to obtain the second, or step-up punch, may be obtained and the prizes which may be won by the step-up punch.

(2) Display of prizes:

(a) ~~((All prizes shall be displayed))~~ Merchandise prizes shall be displayed as follows:

(i) In the immediate vicinity of the punchboard or pull tab ~~((device))~~ series and ~~((such prizes shall be))~~ in ~~((full))~~ plain view ~~((of any person prior to that person purchasing the opportunity to play));~~

(ii) If size or space constraints do not allow the prize to be displayed as provided in (a)(i) of this subsection, the merchandise prize may be displayed elsewhere on the premises provided that a specific reference to that actual prize is noted on the flare; or

(iii) If the merchandise prize cannot be displayed on the premises, an accurate description and/or photograph of the prize must be displayed in plain view on or immediately adjacent to the flare.

(b) ~~((When the prize is cash, it))~~ Cash prizes shall be ~~((displayed as follows:~~

~~((i) If the punchboard or pull tab series contains the opportunity to win both cash and merchandise prizes, the money itself shall not be displayed, but a coupon designating the cash available to be won shall be substituted; and~~

~~((ii) If the only prizes which may be won are cash prizes, they shall be))~~ clearly ~~((and fully described or))~~ represented ~~((by a coupon displayed upon))~~ on the prize flare ~~((attached to the face or displayed in the immediate vicinity of the pull tab dispensing device));~~

(c) Combination cash and merchandise prizes must meet the requirements of both subsections (a) and (b) of this subsection;

(d) The licensee shall display prizes so arranged that a customer can easily determine which prizes are available from any particular punchboard or pull tab series or device operated or located upon the premises;

~~((d))~~ (e) Upon determination of a winner of a merchandise prize, the licensee shall immediately remove that prize from ~~((any display))~~ the flare and present ~~((it))~~ the prize to the winner upon demand;

~~((e))~~ (f) Upon determination of a winner of any cash prize of ~~((five))~~ twenty dollars or more, or of any merchandise prize with a retail value of five dollars or more, the licensee shall permanently and conspicuously delete all references to that prize from any flare, punchboard, or pull

tab dispensing device upon which such reference may appear, and from any other list, sign, or notice which may be posted, in such a manner that all future customers will know the prize is no longer available. Operators may correct an inadvertently deleted prize by noting on the flare that such prize is still available. Such reference shall be permanently and conspicuously deleted when the prize is actually awarded. Failure to permanently and conspicuously delete a prize from the flare may result in the director initiating actions to revoke a license for violation of RCW 9.46.190 (defrauding a participant). The prize shall be paid or delivered to the winner only after all reference to such prize has been deleted from the flare;

(g) Effective January 1, 1996, through December 31, 1996, all punchboard and pull tab licensees must display a commission supplied sign notifying players of the change in flare prize deletion from five dollars to twenty dollars. This notice must be displayed in plain view in the area where punchboards and pull tabs are played.

(3) Payment of prizes. The licensee must pay or award to the customer or player playing the punchboard or pull tab series all such prizes that have not been deleted from the flare of the punchboard or pull tab series when the punchboard or pull tab series is completely played out.

(4) Cash in lieu of merchandise prizes. No licensee shall offer to pay cash in lieu of merchandise prizes which may be won.

(5) Record of winners. When any person wins a cash prize of over twenty dollars or wins a merchandise prize with a retail value of more than twenty dollars from the play of any punchboard or pull tab series, the licensee or licensee's representative shall make a record of the win. The record of the win shall be made in the following manner:

(a) The winners shall be required to print their name and date of birth, in ink, upon the side of the winning punch or tab opposite the winning symbol(s);

(b) The licensee or their representative shall then verify the winner's identity and record the date and initial the winning punch or tab; and

(c) If the pull tab or punch is constructed or printed in such a manner as to preclude recording the information required in (a) and (b) of this subsection in a legible manner, the licensee may record the required information on a sheet of paper not less than three inches by five inches and staple the winning tab or punch thereto.

(6) Defacing winning punches or tabs. The licensee shall, within twenty-four hours after a winning pull tab or punch of ~~((five))~~ twenty dollars or more has been presented for payment, mark or perforate the winning symbols in such a manner that the pull tab or punch cannot be presented again for payment.

(7) Value of merchandise prizes. For purposes of this rule, the retail value of a merchandise prize shall be the amount actually paid therefor by the licensed operator plus 50 percent of that actual cost.

(8) Spindle, banded, or "jar" type pull tabs played in a manner which awards merchandise prizes only. Pull tab series which award only merchandise prizes valued at no more than ~~((five))~~ twenty dollars, are hereby permitted to employ schemes whereby certain predesignated pull tabs are free or the player is otherwise reimbursed the actual cost of

said pull tabs. Flares for spindle-type pull tabs operated in this manner shall designate the total number of pull tabs in the series and the total number of pull tabs designated as free or reimbursable. Free or reimbursable pull tabs in these types of pull tab series shall not constitute a prize or prizes nor shall moneys collected and later reimbursed constitute revenue for the purposes of determining gross receipts.

(6) All records required by this rule shall be maintained for a period of three years from the end of the licensee's fiscal year for which the record is kept.

(7) This rule shall not prevent a licensee from collecting an admission fee for entry into that portion of the licensed premises conducting entertainment, provided that the same fee is charged to all patrons.

AMENDATORY SECTION (Amending Order 240, filed 6/17/93, effective 7/18/93)

WAC 230-40-125 Washington blackjack—Rules of play—Wagering limits. Washington blackjack is a nonhouse banking(;) card game (~~(and shall be)~~) permitted in Class A and E card rooms (~~(only and)~~). Washington blackjack shall be played (only) in the following manner:

(1) (~~(One or two)~~) Up to six standard fifty-two-card decks shall be used with suits disregarded and each card valued numerically only as follows: Ace(;) equal 1 or 11; face cards (~~((K, Q, J,))~~) (King, Queen, Jack) equal 10 each; others according to their spots, 10 to 2. (~~(One or two decks may be used when there are six or less players. Two decks shall be used when there are seven or more players.)~~) The number of decks used shall be established by house rule. The cards shall be dealt from a shoe at all times. The game is played with either a house dealer and a player/banker or a player who is a dealer/banker (~~(and only a player may be a dealer/banker)~~).

(2) When starting a new table the cards are cut to determine who the first (~~(dealer)~~) banker will be. The (~~(dealer)~~) banker shall announce the amount of money that he or she will put into the bank. A minimum bank may be established as per individual house rule. If a house dealer is used, the banker delivers the bank to the dealer and the dealer shall place a marker reading "banker" on the bet line in front of the banker.

(3) Once the bank has been established, the player to the immediate left of the (~~(dealer)~~) banker places his/her wager on the bet line and the dealer covers that wager by matching it with a like amount of chips. Each player makes their wager in turn and each wager is immediately matched by the dealer. The maximum and minimum wager (~~(shall not be more than ten dollars and the minimum wager may be set by house rule)~~) may be set by house rule but in no event shall the maximum wager exceed twenty-five dollars. If the bank runs out of money (tapped out) prior to the commencement of the deal, then only those players with a wager covered will be dealt a hand. (~~(No player may be dealt more than one hand.)~~)

(4) The play begins with the dealer dealing one card face up to each covered player including himself/herself, one more card face up to each covered player, and then one down card to himself/herself. A player may be dealt more than one hand by house rule. When a house dealer is used, no cards are dealt to the banker. If a player holds an ace and a face card or a ten, it is a "natural" 21 and the player collects 1.5 times the amount of their bet from the dealer, unless the dealer also has a natural which results in a tie (push). All ties result in the players and the dealer recovering their wagers.

(5) If the dealer has a "natural," he/she collects the wagers from players who do not have a "natural." If the dealer does not have a "natural," he/she pays off any player with a "natural" starting with the first one ((closest)) to ((their)) the left of the banker. Should the dealer not have enough money in the bank to make up the 1.5 for one payoff due on a "natural," then those hands and wagers will be frozen in place until the additional wagers are made up or the hand is over. If after the hand is over, a dealer cannot cover the 1.5 for one, the player shall get the amount of wager that was covered by the dealer.

(6) If the dealer does not have a "natural," play continues with the player on the ((dealer's)) banker's immediate left. The dealer deals cards face up, one by one, as that player calls for them. The player's aim is to total 21 or as close to 21 without going over. When a player is satisfied with their total, they shall declare "stand." If the player wants more cards ((are wanted)), the player declares "hit." If a player goes over a 21 point count, the hand is a "bust" and they must turn the hand down, while the dealer collects the bet. ((7)) The dealer does the same with each remaining player. Any player who stands must wait while the dealer draws his or her cards. If the dealer goes bust, each standing player is paid the amount of their wager. If the dealer "stands," the down card is turned up and players whose totals are higher than the dealer's are paid. The dealer collects from any player whose total is less. Action is always to the left of the ((dealer)) banker. Any frozen wagers needing to be "made up" will be done in order, to the left of the ((dealer)) banker from losing wagers the dealer collects.

(7) Should the dealer not be able to cover all frozen wagers then those frozen wagers are released to the winning players and the deal passes immediately to the left at which time the new ((dealer)) banker shall announce ((their)) the amount of the bank and shuffle the cards. The same shall apply if the ((dealer)) banker has no money in the bank. The ((dealer)) banker may, if allowed by house rule, add to their bank in between hands.

(8) Upon completion of the shuffle, the player to the right of the ((dealer)) banker shall cut the cards. After the cards have been placed into the shoe the dealer shall insert a blank card approximately three quarters of the way through the deck(s). A dealer may deal from the shoe until he/she reaches the blank card. After the blank card appears, the dealer may continue dealing that hand, but will not start a new hand. If a house dealer is used, he/she returns the remaining chips in the bank to the banker. The ((deal must then pass to the)) player on the ((dealer's)) banker's immediate left shall be offered the opportunity to be the next dealer/

banker or banker. The discards may only be reshuffled to complete the last hand.

(9) Once wagers are placed and covered on the bet line, no player, including the ((dealer)) banker, may touch those wagers until the winner has been determined. Any player touching the wagers may be ruled to have fouled and their wager forfeited.

(10) Any player who lifts their cards up from the table or slides their cards out of their own playing area shall be ruled to have fouled and their wager may be forfeited.

(11) No player may "buy" the bank. The ((deal)) bank must pass around the table to the left and no player can authorize ((another player)) anyone other than a house dealer to deal for him or her. ((A new player entering the game may not participate as the dealer/banker until at least two other players have dealt.)) No player may ((deal)) be the banker for more than one consecutive shoe before passing the ((deal)) bank. Provided, That when there are less than five players at a table a player may deal more than one consecutive shoe only when the remaining players have passed the deal.

(12) The dealer must stand on ((17)) seventeen or above and must take hits on ((16)) sixteen or below. If a dealer has an ace, it shall be counted as ((11-))eleven((3)) if it brings his or her total to ((17)) seventeen or more (but not over ((21)) twenty-one). Provided, the house may elect to play a "soft seventeen," which occurs when the dealer's first two cards are an ace valued at eleven and a six. If the house elects to play a soft seventeen, house rules must specify that the dealer must hit a soft seventeen, and must stand on a hard seventeen and any eighteen or above. House blackjack rules must be posted in plain view to the players and the house must ensure they are consistently followed.

(13) The conditions for doubling down shall be set by house rule, provided that the wager may be doubled and the player received only one more card. The player must then stand on those three cards. If the dealer's bank is insufficient to cover a double down wager, the player may wager an amount equal to the dealer's remaining bank. The dealer must then cover that wager. If the dealer has no bank then a player may not double down.

(14) If the dealer's face-up card is a ten, face card or ace, he/she may look at their face-down card to see if they have a natural; if his/her face-up card is anything else, they may not look at their face-down card until their turn comes to draw. ((Should the dealer violate this rule their hand may be ruled to have been fouled, which shall result in forfeiture of all remaining dealer wagers.))

(15) If a player's first two cards are a pair, then that player may split the pair into two separate hands. The amount of the player's original bet then goes on one of the cards, and they must place an equal amount as a bet on the other card. ((When this player's turn to draw comes, they receive an up card for each hand and then play each hand in order.)) If the dealer does not have enough in their bank to cover the doubled bet, the dealer must cover an amount equal to the value of their remaining bank. The player then has the option to divide the wagers in any manner between the two hands, not to exceed the allowable limit per hand. If the dealer has no bank then the player may divide their wager in any manner between the two hands ((If a)), unless the player's original bet was a minimum allowed in that

game then they may not split their pair. (~~(A player may only split a pair once.)~~) Additional splits shall be determined by house rule.

(16) The dealer will pay only on the value of the cards held by the player and shall not pay on the number of cards received or the card sequence.

~~((17) There shall be no credit or I.O.U. issued by any player or management.))~~

AMENDATORY SECTION (Amending Order 40, filed 6/26/75)

WAC 230-40-200 Participants to compete on equal terms—Deal to rotate among players. Participants in card games shall compete on equal terms with all other participants in the game, and solely as a participant therein.

The deal in any series of card games shall be passed from player to player, unless the table incorporates a house dealer as per house rule. No player who deals a game shall deal another game until each other player at the table has dealt a game in his turn: *Provided*, That any player may voluntarily waive his right to deal any particular game.

Licenseses shall take all necessary measures to insure that card games played upon their premises are played in this manner.

AMENDATORY SECTION (Amending Order 252, filed 6/15/94, effective 7/16/94)

WAC 230-40-225 House dealer allowed in (~~"pan" or poker~~) certain games. Notwithstanding the provisions of WAC 230-40-200, any licensee may furnish a dealer or "mucker" in any Washington blackjack, pan or poker game played on the licensed premises. Dealers shall have no financial interest, directly or indirectly, in the outcome of such game and shall not otherwise participate or play in the game.

AMENDATORY SECTION (Amending WSR 95-13-024, filed 6/13/95, effective 7/14/95)

WAC 230-40-400 Hours limited for card games. The hours during which card games may be played in licensed public card rooms shall be limited as follows:

(1) Licensees shall not allow the use of their premises for card playing between the hours of 2:00 a.m. and 6:00 a.m.: *Provided*, That the director may allow closing hours to be adjusted (~~(up to 4:00 a.m. so)~~) beyond 2:00 a.m. as long as the following conditions remain in effect:

(a) The local law enforcement agency with jurisdiction concurs;

(b) Other state agencies involved in regulation of the business do not object; and

(c) A licensee must observe a four-hour period of closure at the end of each business day before beginning the next period of operation.

(2) The food and/or drink business being stimulated shall be open to the public for business any time card games are conducted: *Provided*, That entry to the business by new customers may be limited if access to the premises is open to the commission, law enforcement, or other state or local regulatory agencies, and service of food and nonalcoholic

beverages is available for customers remaining on the premises after 2:00 a.m.

(3) At all times during the hours of operation of a Class E card room, the operator or a licensed card room employee must be on duty and in the licensed card room area.

Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order:

Repealing WAC 220-47-608.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Openings in Areas 7 and 7A provide opportunity to harvest the nontreaty share of Fraser-origin chum salmon relative to in-season run size updates of 3.0 million chum, according to the Chum Annex of the Pacific Salmon Treaty. Change from scheduled hours designed to allow fishers to better avoid sea bird impacts. Openings in Area 7B provide opportunity to harvest the nontreaty allocation of coho salmon destined for the Nooksack-Samish region of origin per preseason schedule. Openings in Area 8A provide opportunity to harvest the nontreaty allocation of chum salmon destined for the Stillaguamish-Snohomish region of origin per preseason schedule. (2) The Tokeland Boat Basin is closed to commercial fishing during the openings in SMCRA 2G described in this section. The Tokeland Boat Basin means that portion of SMCRA 2G bounded on the south by the shoreline of the boat basin, on the west by the seawall and on the north and east by a line from the Tokeland Channel Marker "3"

(flashing green, 4-second) to Tokeland Channel Marker "4" to the tip of the seawall.

Date of Adoption: November 9, 1995.

Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order:
Repealing WAC 220-47-610.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Openings in Areas 7 and 7A provide opportunity to harvest the nontreaty share of Fraser-origin chum salmon relative to in-season run size updates of 3.0 million chum, according to the Chum Annex of the Pacific Salmon Treaty. Change from scheduled hours designed to allow fishers to better avoid sea bird impacts. Openings in Areas 7B and 8 provide opportunity to harvest the nontreaty allocation of chum salmon destined for the Nooksack-Samish and Skagit regions of origin per preseason schedule. Openings in Areas 8A and 8D provide opportunity to harvest the nontreaty allocation of chum salmon destined for the Stillaguamish-Snohomish region of origin per preseason plan. Change from scheduled hours allow gillnet fishers to better avoid crab gear and sea bird impacts. The scheduled opening in Areas 10 and 11 is cancelled, based on nontreaty catch and allocation assessment relative to agreed in-season update of 252,983, which is 15% below the preseason forecast. Continued fishing will exceed the nontreaty chum allocation in this region. Openings in Areas 12 and 12B provide opportunity to harvest the nontreaty allocation of chum salmon destined for the Hood Canal region of origin per preseason regulation, relative to in-season update of 834,467, which is 18% above preseason forecasts. The opening of southern Area 12B provides opportunity to target hatchery surplus chum salmon. [AMENDATORY SECTION (Amending WSR 92-08-003, filed 3/18/92)]

WAC 182-12-115 Eligible employees, retirees, and dependents. The following definitions of eligible employees, retirees, and dependents of an eligible entity, as defined in WAC 182-12-111 shall apply for all ~~((SEBB))~~ **PEBB** approved plans except as otherwise stated in this chapter~~((s))~~. For purposes of defining eligible employees of school districts and educational service districts, the collective bargaining agreement will supersede all definitions provided under this rule if approved by the PEBB and the authority in accordance with WAC 182-12-111 (3)(a)(iv).

(1) "Permanent employees." Those who are scheduled to work at least half-time per month and are expected to be employed for more than six months. Such employees shall be eligible effective with their first day of employment.

(2) "Nonpermanent employees." Those who are scheduled to work at least half-time and are expected to be employed for no more than six months. Such employees shall be eligible effective the first day of the seventh calendar month of employment.

(3) "Seasonal employees." Those who work at least half-time per month during a designated season for a minimum of three months but less than nine months per year and who have an understanding of continued employment with their agency season after season. These employees become eligible on the first day of such employment, however, they are not eligible for the employer contribution during the break between seasons of employment.

(4) "Career Seasonal/Instructional Employees." Employees who work half-time or more on an instructional year (school year) or equivalent nine-month seasonal basis are eligible on their first day of employment and are eligible to receive the employer contribution for insurance during the off-season following each period of seasonal employment.

~~((4))~~ (5) "Part-time faculty." Faculty who are employed on a quarter/semester to quarter/semester basis become eligible beginning with the second consecutive quarter/semester of half-time or more employment at one or more state institutions of higher education, provided that:

(a) For determining eligibility, spring and fall may be considered consecutive quarters/semesters; and

(b) "Half-time or more employment" will be determined based on each institution's definition of "full-time"; and

(c) At the beginning of each quarter/semester, the employers of part-time faculty shall notify, in writing, all

current and newly hired part-time faculty of their potential right to benefits under this section. The employee shall have the responsibility, each quarter, to notify the employers, in writing, of the employee's multiple employment. In no case will there be a requirement for retroactive coverage or employer contribution if a part-time faculty member fails to inform all of his/her employing institutions about employment at all institutions within the current quarter; and

(d) Where concurrent employment at more than one state higher education institution is used to determine total part-time faculty employment of half-time or more, the employing institutions will arrange to prorate the cost of the employer insurance contribution based on the employment at each institution. However, if the part-time faculty member would be eligible by virtue of employment at one institution, that institution will pay the entire cost of the employer contribution regardless of other higher education employment. In cases where the cost of the contribution is prorated between institutions, one institution will forward the entire contribution monthly to ~~((SEBB))~~ **HCA**; and

(e) Once enrolled, if a part-time faculty member does not work at least a total of half-time in one or more state institutions of higher education, eligibility for the employer contribution ceases.

~~((5))~~ (6) "Appointed and elected officials." Legislators are eligible on the date their term begins. All other elected and full-time appointed officials of the legislative and executive branches of state government are eligible on the date their term begins or they take the oath of office, whichever occurs first.

~~((6))~~ (7) "Judges." Justices of the supreme court and judges of the court of appeals and the superior courts become eligible on the date they take the oath of office.

~~((7))~~ (8) "Retirees and disabled employees." Eligible employees who terminate state service after becoming vested in a Washington state sponsored retirement system are eligible for retiree medical, dental and life coverages provided the person:

(a) Immediately begins receiving a monthly retirement income benefit from such retirement system; or

(b) If not retiring under the public employees retirement system (PERS), would have been eligible for a monthly retirement income benefit because of age and years of service had the person been employed under the provisions of PERS I or PERS II for the same period of employment; or

(c) Must take a lump sum benefit because their monthly benefit would have been under fifty dollars.

Employees who are permanently and totally disabled and eligible for a deferred monthly retirement income benefit are likewise eligible, provided they apply for retiree coverage before their ~~((SEBB))~~ **PEBB** active employee coverage ends. Persons retiring who do not have waiver of premium coverage from any ~~((SEBB))~~ **PEBB** life insurance plan are eligible for retiree life insurance, subject to the same qualifications as for retiree medical coverage. Retirees and disabled employees are not eligible for an employer premium contribution. The Federal Civil Service Retirement System shall be considered a Washington state sponsored retirement system for Washington State University cooperative extension service employees who hold a federal civil service

appointment and who are covered under the ~~((SEBB))~~ PEBB program at the time of retirement or disability.

(9) "Retired and disabled school district and educational service district employees." The following persons are eligible to participate in PEBB medical and dental plans only, provided they meet the enrollment criteria stated below and if eligible for Medicare, be enrolled in Medicare Parts A and B or enroll in the next Medicare open enrollment period:

(a) Persons receiving a retirement allowance under chapter 41.32 or 41.40 RCW as of September 30, 1993, and who enroll in PEBB plans not later than the end of the open enrollment period established by the authority for the plan year beginning January 1, 1995;

(b) Persons who separate from employment with a school district or educational service district on or after October 1, 1993, and immediately upon separation begin to receive a retirement allowance under chapter 41.32 or 41.40 RCW. Such persons who retire on or after October 1, 1993, must elect PEBB coverage not later than the end of the open enrollment period established by the authority for the plan year beginning January 1, 1995, or sixty days following retirement whichever is later;

(c) Persons who separate from employment with a school district or educational service district due to a total and permanent disability, and are eligible to receive a deferred retirement allowance under chapter 41.32 or 41.40 RCW. Such persons must enroll in PEBB plans not later than the end of the open enrollment period established by the authority for the plan year beginning January 1, 1995, or sixty days following retirement, whichever is later.

~~((8))~~ (10) "Eligible dependents." The following are eligible as dependents under the medical and dental plans:

(a) Lawful spouse except that as of November 1, 1991, a lawful spouse who works full time and who is eligible for coverage as a subscriber on a plan or plans offered by a K-12 school district and who has waived that coverage is not eligible for employer-paid coverage as a dependent on a ~~((SEBB))~~ PEBB plan.

(b) Dependent children through age nineteen. As used in this section, "children" includes natural children, stepchildren, legally adopted children, and married children who qualify as dependents of the employee/retiree under the Internal Revenue Code or as specified in a court order or divorce decree, and foster children approved by the health care authority. To qualify for HCA approval, a foster child must:

(i) Be living with the subscriber in a parent-child relationship;

(ii) Be dependent upon the subscriber for financial support;

(iii) Not be eligible for coverage under Medicare, Medicaid, or similar government entitlement programs; and

(iv) Not be a foster child for whom support payments are made to the subscriber through the state department of social and health services (DSHS) foster care program.

(c) Dependent children age twenty through age twenty-three who are dependent upon the employee/retiree for maintenance and support, and who are registered students in full-time attendance at an accredited secondary school, college, university, vocational school, or school of nursing. Dependent student eligibility continues year-round for those

who attend three of the four school quarters and for the quarter following graduation provided the employee/retiree is covered at the same time; the dependent limiting age has not been exceeded; and the dependent meets all other eligibility requirements.

(d) Dependent children of any age who are incapable of self-support due to developmental disability or physical handicap, provided such condition occurs prior to age twenty or during the time the dependent was covered under a ~~((#))~~ ~~((SEBB))~~ PEBB plan as a full-time student. Proof of such disability and dependence must be furnished prior to the dependent's attainment of age twenty or loss of eligibility for student coverage, and as periodically requested thereafter.

(e) "Dependent parents." Parents of the employee/retiree or their spouse who qualify as dependents under the Internal Revenue Code and who were covered as dependents under ~~((SEBB))~~ PEBB medical/dental plans prior to July 1, 1990, may continue ~~((SEBB))~~ PEBB coverage on a self-pay basis.

~~((9))~~ (11) Notwithstanding any of the foregoing, employees who are not mandatorily, by election, or otherwise covered by industrial insurance under Title 51 RCW shall not be considered "eligible employees" within the meaning of this section.

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE
(Fisheries)**

[Order 95-170—Filed November 17, 1995, 2:37 p.m., effective November 19, 1995, 12:01 a.m.]

Date of Adoption: November 17, 1995.

Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order:
Repealing WAC 220-47-611.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Openings in Areas 7B and 8 provide opportunity to harvest the nontreaty allocation of chum salmon destined for the Nooksack-Samish and Skagit regions of origin per preseason schedule. The Area 8 purse seine release requirement necessary to reduce impacts to those species according to preseason agreements. Opening in Areas 8A and 8D provides opportunity to harvest the

nontreaty allocation of chum salmon destined for the Stillaguamish-Snohomish region of origin per preseason plan. Change from scheduled hours allow gillnet fishers to better avoid crab gear and sea bird impacts. Openings in Area 12C provide opportunity to harvest the nontreaty allocation of chum salmon destined for the Hood Canal region of origin and to target hatchery surplus chum salmon. The extension of the closure area between Glen Ayr dock and the Hoodsport Marina dock is to provide protection for milling chum salmon near the Hoodsport Hatchery and to maintain recreational harvest opportunity. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks.

GR 9 COVER SHEET
Proposed Amendments

IRLJ 2.4

- (1) **Background:** Presently IRLJ 2.4 conflicts with RCW 46.63.070(1) in that the rule grants a person 14 days to respond to an infraction notice, but the statute grants 15 days.

- (3) **Washington State Bar Association Action:** No information available.
- (4) **Supporting Material:** Attached is a copy of the proposed rule amendment.
- (5) **Spokesperson:** Judge Salvatore F. Cozza, Chair, Court Rules Committee, District and Municipal Court Judges Association.

**NOTICE OF WATER QUALITY WORK PLAN AND AGREEMENT
 BETWEEN WASHINGTON STATE DEPARTMENT OF ECOLOGY
 AND U.S. ENVIRONMENTAL PROTECTION AGENCY (EPA)**

The Washington State Department of Ecology and the United States Environmental Protection Agency (EPA) are requesting public review and comment on a proposed environmental work plan related to the submittal of an annual state grant application to the EPA for state fiscal year 1996 (July 1, 1995, through June 30, 1996).

This annual work plan addresses environmental problems that have been identified as priorities by both the state and federal government. It identifies planned state water quality activities that are proposed to be funded by federal grants, including a 1.5 million dollar "basic 106 grant." The grants require state matching funds. The activities will be carried out by state employees with federal technical assistance.

For a copy of the work plan, visit, call or write Ecology Headquarters in Lacey (see address below) or the water quality regional supervisor at ecology regional offices in Lacey, Bellevue, Yakima or Spokane. Comments are due within thirty days of this publication.

Requests for the draft "Clean Water Act Section 106 Water Quality Program Work Plan" and written comments should be addressed to William Obert, Water Quality Program, Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, or in person at 300 Desmond Drive, Lacey, WA 98503, phone (360) 407-6499.
