CITATION

Cite all material in the Washington State Register by its issue number and sequence within that issue, preceded by the acronym WSR. Example: the 37th item in the August 5, 1981, Register would be cited as WSR 81-15-037.

PUBLIC INSPECTION OF DOCUMENTS

A copy of each document filed with the code reviser's office, pursuant to chapter 34.05 RCW, is available for public inspection during normal office hours. The code reviser's office is located on the ground floor of the Legislative Building in Olympia. Office hours are from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. Telephone inquiries concerning material in the Register or the Washington Administrative Code (WAC) may be made by calling (360) 753-7470.

REPUBLICATION OF OFFICIAL DOCUMENTS

All documents appearing in the Washington State Register are prepared and printed at public expense. There are no restrictions on the republication of official documents appearing in the Washington State Register. All news services are especially encouraged to give wide publicity to all documents printed in the Washington State Register.

CERTIFICATE

Pursuant to RCW 34.08.040, the publication of rules or other information in this issue of the Washington State Register is hereby certified to be a true and correct copy of such rules or other information, except that headings of public meeting notices have been edited for uniformity of style.

STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following six sections:

- (a) **PREPROPOSAL**-includes the Preproposal Statement of Inquiry that will be used to solicit public comments on a general area of proposed rule making before the agency files a formal notice.
- (b) **PROPOSED**-includes the full text of formal proposals, continuances, supplemental notices, and withdrawals.
- (c) **PERMANENT**-includes the full text of permanently adopted rules.
- (d) **EMERGENCY**-includes the full text of emergency rules and rescissions.
- (e) **MISCELLANEOUS**-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (f) **TABLE**-includes a cumulative table of the WAC sections that are affected in the current year.
- (g) **INDEX**-includes a combined subject matter and agency index.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) deleted material is (~~lined out between double parentheses~~);
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

4. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

5. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

¹All documents are due at the code reviser's office by 12:00 noon on or before the applicable closing date for inclusion in a particular issue of the Register; see WAC 1-21-040.

²A filing of any length will be accepted on the closing dates of this column if it has been prepared and completed by the order typing service (OTS) of the code reviser's office; see WAC 1-21-040. Agency-typed material is subject to a ten page limit for these dates; longer agency-typed material is subject to the earlier non-OTS dates.

³At least twenty days before the rule-making hearing, the agency shall cause notice of the hearing to be published in the Register; see RCW 34.05.320(1). These dates represent the twentieth day after the distribution date of the applicable Register.

REGULATORY FAIRNESS ACT

The Regulatory Fairness Act, chapter 19.85 RCW, was enacted in 1982 to minimize the impact of state regulations on small business. Amended in 1994, the act requires a small business economic impact analysis of proposed rules that impose more than a minor cost on twenty percent of the businesses in all industries, or ten percent of the businesses in any one industry. The Regulatory Fairness Act defines industry as businesses within a four digit SIC classification, and for the purpose of this act, small business is defined by RCW 19.85.020 as "any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees."

Small Business Economic Impact Statements (SBEIS)

A small business economic impact statement (SBEIS) must be prepared by state agencies when a proposed rule meets the above criteria. Chapter 19.85 RCW requires the Washington State Business Assistance Center (BAC) to develop guidelines for agencies to use in determining whether the impact of a rule is more than minor and to provide technical assistance to agencies in developing a SBEIS. All permanent rules adopted under the Administrative Procedure Act, chapter 34.05 RCW, must be reviewed to determine if the requirements of the Regulatory Fairness Act apply; if an SBEIS is required it must be completed before permanent rules are filed with the Office of the Code Reviser.

Mitigation

In addition to completing the economic impact analysis for proposed rules, state agencies must take reasonable, legal, and feasible steps to reduce or mitigate the impact of rules on small businesses when there is a disproportionate impact on small versus large business. State agencies are encouraged to reduce the economic impact of rules on small businesses when possible and when such steps are in keeping with the stated intent of the statute(s) being implemented by proposed rules. Since 1994, small business economic impact statements must contain a list of the mitigation steps taken, or reasonable justification for not taking steps to reduce the impact of rules on small businesses.

When is an SBEIS Required?

When:

The proposed rule has more than a minor (as defined by the BAC) economic impact on businesses in more than twenty percent of all industries or more than ten percent of any one industry.

When is an SBEIS Not Required?

When:

The rule is proposed only to comply or conform with a federal law or regulation, and the state has no discretion in how the rule is implemented;

There is less than minor economic impact on business;

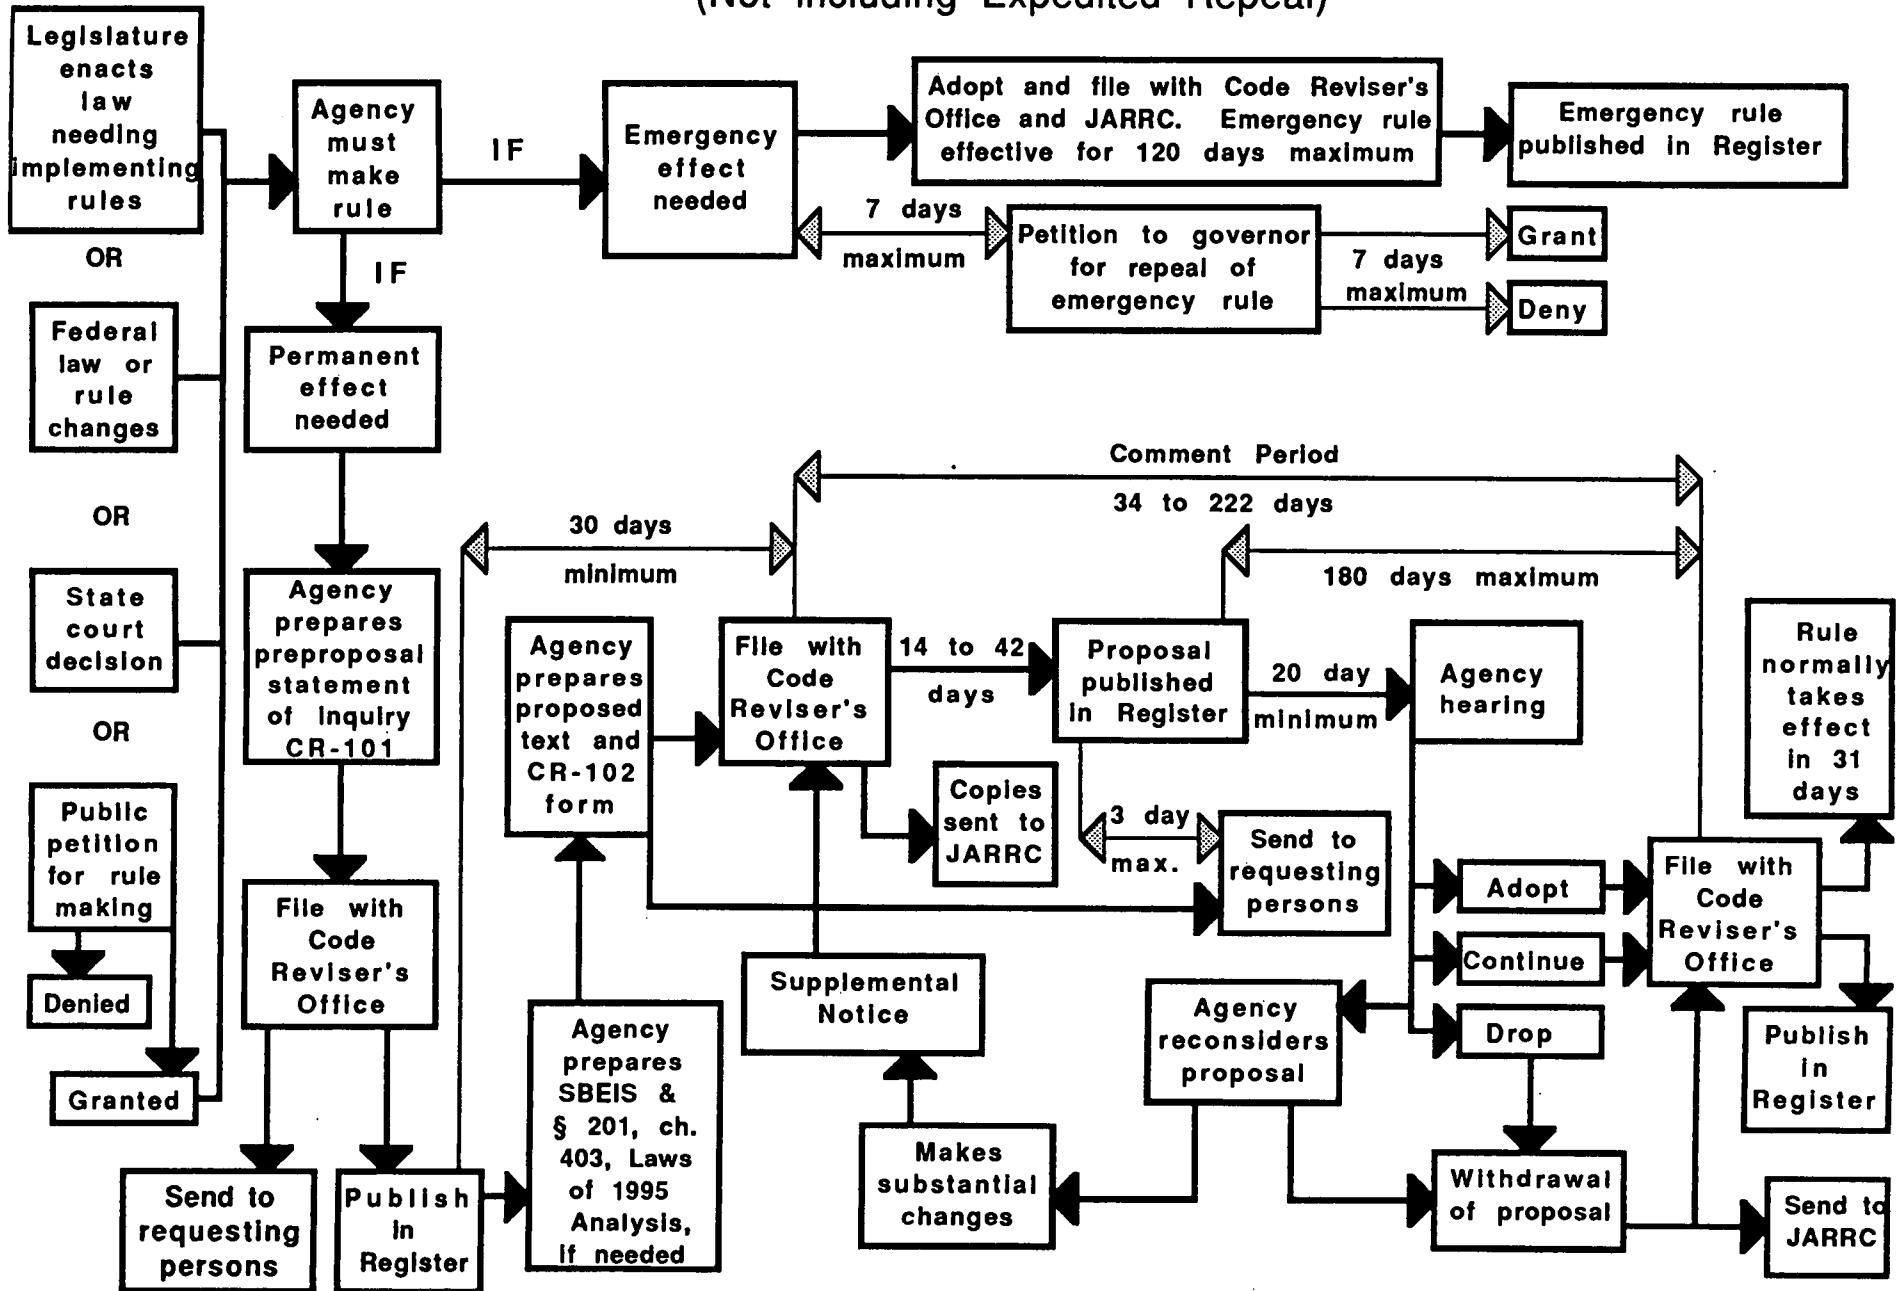

The rule REDUCES costs to business (although an SBEIS may be a useful tool for demonstrating this reduced impact);

The rule is adopted as an emergency rule, although an SBEIS may be required when an emergency rule is proposed for adoption as a permanent rule; or

The rule is pure restatement of state statute.

RULE-MAKING PROCESS

(Not including Expedited Repeal)

WSR 96-19-001
PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF LICENSING

[Filed September 4, 1996, 2:15 p.m.]

Subject of Possible Rule Making: Changes in experience, education, and continuing education requirements for real estate appraiser licensing and certification.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.140.030(1).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The Appraisal Qualification Board, under the auspice of Title 11; 12 U.S.C. Sec. 3301 et seq., has recommended minimum levels of experience and education for licensed and certified real estate appraisers, effective January 1, 1998. Rule changes will reflect those recommendations and allow continued certification of this state's real estate appraisers.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The appraisal subcommittee of FFIEC (Title 11; 12 U.S.C. Sec. 3301 et seq.) has oversight authority over the Appraisal Qualification Board, which makes qualification recommendations. The individual states, then, promulgate their own rules to comply with the recommendations.

Process for Developing New Rule: Agency study.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Cleotis Borner, Jr., Real Estate Appraiser Program, Department of Licensing, P.O. Box 9015, Olympia, WA 98507-9015, (360) 753-1062, FAX (360) 586-0998.

Subject of Possible Rule Making: Amend and/or add rules to reflect the July 1, 1996, changes to chapter 18.140 RCW. Amend rules to reflect current usage of terms, the business and professional division name changes and minor procedural changes.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.140.030(1).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Provide consistency between chapters 18.140 RCW and 308-125 WAC. Provide clarification as to the current usage of terms. Provide changes in division names where needed. Provide opportunity to make minor procedural changes where appropriate.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Agency study.

[Filed September 5, 1996, 11:10 a.m.]

Subject of Possible Rule Making: By December 31, 1996, adopt standard disclosure language for buyer's agents, as mandated by the 1996 amendment to RCW 46.70.180(13) in SHB 2179.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 46.70.180(13) as amended by SHB 2179.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: These rules are mandated by statute.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: No other state and federal agencies involved to our knowledge.

Process for Developing New Rule: The department drafts the rules with solicited input from stakeholders.

[Filed September 5, 1996, 11:11 a.m.]

Subject of Possible Rule Making: Need to amend WAC 308-90-070(1) to comply with a United States Coast Guard mandate that no two vessels have the same identical registration number, (2) to refer to a dealer registration card, and (3) to eliminate the permanent affixing language.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 88.02.100.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: To comply with a United States Coast Guard mandate; to provide for a dealer registration card (also mandated by the United States Coast Guard); and to delete language that would possibly cause a dealer to misuse the display decal.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: United States Coast Guard. Any law enforcement agency for navigable waters. We will inform and solicit comments from the United States Coast Guard and law enforcement through the association of chiefs and sheriffs.

Process for Developing New Rule: We will draft the rules considering input from stakeholders.

Subject of Possible Rule Making: Bond cap allocation program, chapter 365-135 WAC.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 39.86 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Amends existing rules to further clarify program criteria and process for businesses and local governments.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: No other agencies regulate this subject.

Process for Developing New Rule: Negotiated rule making. Program has an advisory group consisting of program users and other state programs. The group met twice since January of 1996 to discuss and approve proposed changes.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by calling or writing Bill Cole, Program Manager, Department of Community, Trade and Economic Development, P.O. Subject of Possible Rule Making: WAC 388-215-1385 Deprivation—Unemployment—Work quarters.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 74.04.050 and 74.04.055.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: This change brings the state of Washington into compliance with federal AFDC rules pertaining to the definition of "quarter of work" for AFDC-E qualifying parents. Title IV-A of the Social Security Act and 45 CFR 233.100 (a)(3)(iv) include "quarter of coverage" as part of the work quarters definition for AFDC-E qualifying parents.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Agency study, internal (management) and external (field staff) review process whereby draft material is distributed for review and comment. All comments are taken into consideration before the final rule is issued.

Subject of Possible Rule Making: The proposed rules provide for administrative procedures for trust fund accountability assessments for motor fuel, special fuel and aircraft fuel taxes and clarifies assessment appeal process for additional taxes, delinquent taxes and penalty and interest assessments for motor fuel.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 82.36.435, 82.38.260, 82.42.100.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: These rules are required to administer the provisions regarding fuel tax trust funds which were contained in SSB 6673, an act relating to fuel tax evasion. This act establishes individual liability of corporate officers for unpaid fuel taxes collected in trust for the state of Washington. Individual liability assessments require the department to establish a procedure wherein the department establishes that the debtor corporate entity cannot or is unwilling to pay collected fuel tax, thus allowing the department to proceed with establishing individual corporate officer liability and proceeding with assessment.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Will coordinate with impacted stakeholders for comment and review prior to development of final draft and filing of proposed rule.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Art Farley, Licensing Services Manager, Prorate and Fuel Tax Services, 2424 Bristol Court, Olympia, WA 98504, phone (360) 753-6993, FAX (360) 664-8468.

AMENDATORY SECTION (Amending WSR 94-18-083, filed 9/2/94, effective 10/3/94)

WAC 204-91A-060 Application for letter of appointment. (1) An application for a letter of appointment will not be considered or approved until the applicant is qualified as a licensed and registered tow truck operator with at least one approved "A" or "B" class tow truck. Additional trucks are optional.

Note: An exception may be made if an operator desires a letter of appointment for class "C" tows only. In such situations, only a class "C" truck is required.

Upon request, the section shall advise the applicant of the contents of the department's regulations and of the standards established for the issuance of a letter of appointment.

(2) An application for a letter of appointment to provide towing service for the patrol shall be filed by the applicant with the local state patrol district office on a form prescribed by the patrol. The state patrol may refuse to approve an application if the applicant, partner, or employee has been convicted of a felony during the ten years preceding the date of application or if convicted of a felony while operating the tow business. Each applicant, partner, or employee shall be of good moral character prior to approval being granted for the tow business to be appointed to the Washington state patrol rotational tow list. In the case of a partnership, each partner shall apply on the form prescribed. In the case of a corporation, the patrol may require that each of the present and any subsequent officers, managers, and stockholders holding ten percent or more of the total issued and outstanding stock of the applicant corporation complete an application form. A signed "letter of contractual agreement" listing the maximum tow rates to be charged for services resulting from state patrol originated calls will be attached to the application.

(3) The district commander or designee shall complete tow zone portion of the form. He/she will enter "approved" or "disapproved" and will sign the form next to the zone designation. The application and "letter of contractual agreement" will be forwarded to the section.

(4) The application form will be assigned a docket number, by the section, which shall be its permanent identification number for all matters relating to appointments, granted or denied, and any other correspondence with the section thereafter.

(5) The filing of an application for a letter of appointment does not in itself authorize the operator to provide towing services pursuant to this chapter until a letter of appointment has been issued by the section. However, nothing herein shall prohibit the patrol from calling the towing business upon the specific request of a person responsible for a vehicle or his agent.

AMENDATORY SECTION (Amending WSR 89-21-044, filed 10/13/89, effective 11/13/89)

WAC 204-91A-140 Fees. (1) All towing fees shall be based on a flat, hourly rate only and shall apply without regard for the hour of day, day of the week or whether the service was performed on a Saturday, Sunday, or holiday. The hourly rate for each class of truck shall be the only charge for services performed for initial tows and secondary

tows performed during business hours. Charges for secondary tows performed during nonbusiness hours, on weekends or holidays, if different from the hourly rate, shall be negotiated and agreed upon with the vehicle owner/agent before the tow is made.

(2) The chief of the state patrol shall, prior to October 15 of each year, establish maximum hourly towing rates for each class of tow truck and maximum daily storage rates that tow operators may charge for services performed as a result of state patrol calls. The maximum rates shall be determined after consulting with members of the towing industry, review of current private towing rates, and such other economic factors as the chief may deem appropriate.

When signed by the chief (or his/her designee) and the tow operator, a contractual agreement to charge no more than the maximum rates shall become part of the operator's letter of appointment. The tow operator may, however, adopt a rate schedule charging less than the maximum rates established by the chief.

The hourly rate shall:

(a) Be the only basis used to compute total charges for towing services.

(b) Apply when the call is made by the state patrol, for whatever reason, including but not limited to accidents, incidents, disableds, and impound requests.

(c) Include all ancillary activities such as, but not limited to, removal of glass and debris from the roadway and any other area referred to as the "scene or incident," necessary winching, dolly service, drive line removal, installing chains on the tow truck, installation of portable lights, vehicle hookup for towing or transporting, tire replacement (on vehicle to be towed) and standby time.

(d) Be considered to include one person (the driver) per truck. Any charges for additional labor and/or ancillary vehicles (trailers, pickups, etc.), for removing debris, cargo, etc., must have prior authorization from the legal or registered owner/agent, or a member of the patrol at the scene.

(e) Be computed from the actual time the truck departs in response to a call until it returns to the starting location or it begins responding to another call minus any down time.* The hourly rate shall be applied to the resulting net time and, after the first hour, shall be rounded to the nearest fifteen minutes. The operator may charge the hourly rate for the first hour or any portion thereof. After the first hour, no more than one-quarter of the hourly rate may be charged for each fifteen minutes of tow or service work performed.

*Down time includes coffee or meal breaks, personal errands by the operator, and/or any mechanical failure on the truck or equipment.

(3) The basic storage fee:

(a) Shall be calculated on a twenty-four-hour basis and shall be charged to the nearest half day from the time the vehicle arrived at the secure storage area; and

(b) Shall be the same for all three and four-wheel vehicles less than ~~((twenty-five))~~ twenty feet in length; and

(c) For vehicles or combinations exceeding ~~((twenty-five))~~ twenty feet shall be computed by multiplying each ~~((twenty-five))~~ twenty feet of vehicle length, or any portion thereof, by the basic storage fee;

(d) For two-wheel motorcycles shall be one-half the basic storage fee for three and four-wheel vehicles.

(4) After hours release fee. If an operator or employee is already present, for other reasons, at the storage facility after business hours when a customer arrives, the vehicle and/or property shall be released as if it were during business hours. No "after hours fee" may be assessed. If the operator or employee is called to the place of business specifically for the purpose of releasing the vehicle and/or property, an "after hours fee," equivalent to one-half of the maximum Class "A" hourly rate, may be assessed.

(5) Any tow operator who charges the general public (i.e., private citizens) rates lower than those identified in the contractual agreement for services listed below shall charge the same lower rate for similar services performed as a result of state patrol originated calls.

(a) Roadside mechanical service, including fuel transfer, tire and belt changes, etc.;

(b) Disabled vehicle tow/transportation;

(c) Storage;

(d) After hours release fees.

Any such price requirement shall not be imposed for unoccupied vehicle situations in which the owner/operator has had no prior contact with either the state patrol or the tow operator.

**PREPROPOSAL STATEMENT OF INQUIRY
INSURANCE COMMISSIONER'S OFFICE**

[Insurance Commissioner Matter No. R 96-10—Filed September 17, 1996, 8:41 a.m.]

Subject of Possible Rule Making: Credit for reinsurance from alien insurance companies.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 48.12.160 (chapter 297, Laws of 1996).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: In 1996 the legislature amended RCW 48.12.160 regarding when a domestic insurance company may take credit on ceded risks reinsured by an insurer not authorized in this state. The rules will establish criteria and procedures under which the commissioner determines that such a credit for reinsurance from alien insurance companies is permitted.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Agency study; and solicitation of written comments. Contact Jim Tompkins, (360) 407-0537 for information about the content of the rules or to contribute to the agency study. For questions regarding the rule-making process, please call Kacy Brandeberry, (360) 664-3790.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Kacy Brandeberry, P.O. Box 40255, Olympia, WA 98504-0255, phone (360) 664-3790, FAX (360) 586-3535, Internet inscomr@aol. Written comments are solicited. Deadline for comments: October 30, 1996.

PREPROPOSAL STATEMENT OF INQUIRY
HEALTH CARE AUTHORITY
 (Basic Health Plan)

[Filed September 17, 1996, 1:04 p.m.]

Subject of Possible Rule Making: Revision of current basic health plan rules for limited enrollment due to budget constraints and modifying rules for disenrollment for good cause. Revises WAC 182-25-010, 182-25-020, 182-25-030, 182-25-040, and 182-25-090.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 70.47.050.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Basic health plan is reaching enrollment goals, resulting in reaching funding limits. Rules need to be revised to clarify policies regarding enrollment limits.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: No other federal or state agencies regulate the basic health plan.

Process for Developing New Rule: Public hearing and stakeholder meetings.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Rosanne Reynolds, Basic Health Plan, P.O. Box 42683, Olympia, WA 98504-2683, phone (360) 923-2948, FAX (360) 923-2660. Note: Draft rules will be mailed to interested parties on or about November 7, 1996, and will be published in the Washington State Register on November 20, 1996.

PREPROPOSAL STATEMENT OF INQUIRY
PERSONNEL RESOURCES BOARD

[Filed September 17, 1996, 2:14 p.m.]

Subject of Possible Rule Making: Possible rule-making topics of labor relations, collective bargaining and appeals of Title 251 WAC.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 41.06.150.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The revisions regarding appeals are necessary to bring Title 251 WAC into compliance with 1993 legislative action and to remove existing language that is confusing. The revisions regarding labor relations and collective bargaining are to reinstate language that was inadvertently removed. It is necessary to reinstate this language in order to resolve disputes.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: National Labor Relations Board regulates many labor relations activities. As their regulations do not apply to Washington state employees, we will not be coordinating our rule-making activities with them.

Process for Developing New Rule: Department of Personnel rule development process: In the development and

revision of rules, the Department of Personnel encourages participation of affected agencies, institutions of higher education, employee organizations, and other interested parties. Rule proposals are discussed at monthly joint rule meetings and possibly in task forces established for a specific topic. Rule proposals from these groups are submitted to the Washington Personnel Resources Board for adoption. Agendas and meeting notices, including the WPRB meeting agenda, are distributed to all identified interested parties.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication. Persons interested in rules being considered or developed by the Department of Personnel for presentation to the board should contact the Department of Personnel, Office of Client Relations, 521 Capitol Way South, P.O. Box 47500, Olympia, WA 98504-7500, or telephone the Office of Client Relations at (206) [(360)] 586-1770, (206) [(360)] 664-3255, or FAX (206) [(360)] 586-4694 for information about the joint rule and/or WPRB meetings.

PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF REVENUE

[Filed September 18, 1996, 9:10 a.m.]

Subject of Possible Rule Making: WAC 458-40-660 Timber excise tax—Stumpage value tables and 458-40-690 Timber excise tax—Credit for property tax.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 82.32.330 and 84.33.096.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: RCW 84.33.091 requires that the stumpage value tables be revised twice annually. The stumpage values are established by the department so that timber harvesters are apprised of the timber values on which the timber excise tax is calculated. The amendment of WAC 458-40-690 is proposed to conform with the statute and rule that allow refunds of excise tax overpaid by the taxpayer (RCW 82.32.060 and WAC 458-20-229). The current language of WAC 458-40-690 that prohibits a refund and requires a "credit" to the taxpayer is not in accord with the law.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The United States Forest Service, Washington State Department of Natural Resources, and the Washington State Forest Practices Board. The nontax processes and definitions will be coordinated with these other agencies to avoid conflict in the areas of process and definition.

Process for Developing New Rule: Modified negotiated rule making.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication. Written comments should be submitted by the public meeting date to ensure full consideration, but will be accepted if they are received two weeks before the date of adoption. Written comments may be submitted by mail,

FAX, or at the public meeting. Oral comments will be accepted at the public meeting or later public hearing. A preliminary draft of the proposed changes is available upon request. Written comments on and/or requests for copies of the rule may be directed to James A. Winterstein, Legislation and Policy, P.O. Box 47467, Olympia, WA 98504-7467, phone (360) 586-4283, FAX (360) 664-0693.

EASTERN WASHINGTON UNIVERSITY**

[Filed September 18, 1996, 10:29 a.m.]

Subject of Possible Rule Making: Chapter 172-120 WAC, Student conduct.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 28B.35.120.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: To clarify and/or describe new expectations and processes regarding the relationship between civil and criminal laws and university disciplinary proceedings, activities which violate the university's expectation of conduct, including new sections on sexual misconduct and harassment, hazing, and abuse of computing facilities. Also to amend potential sanctions and the disciplinary proceedings used in enforcing appropriate student conduct. Student rights under the code are amended and the section on academic misconduct proposed for repeal.

PROPOSED RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES
(Institutions)
[Filed September 6, 1996, 3:05 p.m.]

Original Notice.
Preproposal statement of inquiry was filed as WSR 96-15-081 on July 18, 1996.
Title of Rule: WAC 275-47-020 and 275-47-050.

Purpose: The purpose of the rule is to make changes to chapter 275-47 WAC to be in compliance with RCW 13.40.220 as well as to make other technical changes to improve the overall operation of chapter 275-47 WAC.

Statutory Authority for Adoption: RCW 13.40.220.
Statute Being Implemented: RCW 13.40.220.

Summary: Raises the reimbursement obligation to \$2300 from \$400 if a parent fails to provide a financial statement as stipulated by the department; exempts parents from payment if the parent receives adoption support, or if the parent, spouse or child was the victim of the crime for which the juvenile was committed pursuant to RCW 13.40.220(7); and clarifies the powers of an administrative law judge for hearings conducted under WAC 275-47-030.

Reasons Supporting Proposal: Changes are necessary to carry out requirements of RCW 13.40.220.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Marty Butkovich, Olympia, (360) 902-8081.

Name of Proponent: Department of Social and Health Services, governmental.

Comments or Recommendations, if any, as to Statutory Language, Implementation, Enforcement, and Fiscal Matters: Supportive.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: See Summary and Reasons Supporting Proposal above.

Proposal Changes the Following Existing Rules: See Summary and Reasons Supporting Proposal above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The JRA is adopting the rule to be in compliance with statute and to make other technical changes. The rule will not impose any cost on business.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The Department of Social and Health Services is not a named agency within RCW 34.05.328.

Hearing Location: OB-2 Auditorium, 1115 Washington Street S.E, Olympia, WA 98504, on October 22, 1996, at 10:00 a.m.

AMENDATORY SECTION (Amending Order 3752, filed 7/8/94, effective 8/8/94)

WAC 275-47-020 Cost reimbursement schedule. A parent shall pay a percentage of gross income to the department for the cost of support, treatment, and confinement of the juvenile in accordance with the reimbursement schedule below:

PROPOSED

Monthly Gross Income	Percentage of Gross Income Ordered for Reimbursement of Costs							
	Number of Parents and Dependents Remaining in Household							
	1	2	3	4	5	6	7	8+
AFDC or \$0 - 600	0	0	0	0	0	0	0	0
\$601 - 1000	8%	6%	4%	2%	0	0	0	0
\$1001 - 2000	12%	10%	8%	6%	4%	2%	0	0
\$2001 - 3000	16%	14%	12%	10%	8%	6%	4%	2%
\$3001 - 4000+	18%	16%	14%	12%	10%	8%	6%	4%

PROPOSED

(1) Within fifteen days of receipt, a parent shall mail to the department a certified financial statement on forms provided by the department. Based on the statement and on other information available to it, the department shall determine the parent's gross income, the number of parents and dependents, and the reimbursement obligation, and shall serve on the parent a notice and finding of financial responsibility.

(2) If a parent fails to timely provide a financial statement, the reimbursement obligation shall be ~~((four))~~ twenty-three hundred dollars per month ~~(, and retroactively may be raised if the department determines later that the parent was liable for more than that amount under the reimbursement schedule).~~

(3) If the juvenile's parents reside in separate households, each parent shall be liable for reimbursement.

(4) The gross income of a parent shall be reduced by the amount the parent pays in spousal maintenance to the juvenile's parent, which is gross income to the receiving parent. The gross income of a parent shall be reduced by the amount of current child support paid for any child, including the juvenile offender. This credit shall be available when the support is paid to any section of the department or to any other person legally entitled to receive those support payments, pursuant to court order(, on whom) or administrative order for a child the parent did not claim as a dependent under the reimbursement schedule.

(5) Reimbursement may not exceed the cost of care as determined by the department.

(6) The reimbursement obligation commences the day the juvenile enters the custody of the department, regardless of when the notice and finding of financial responsibility is received by the parent. A monthly reimbursement obligation shall be reduced on a pro-rata basis for any days in which the juvenile was not in the custody of the department.

(7) The parent of the juvenile shall be exempt from the payment of the cost of the juvenile's care in the state facility if the parent receives adoption support or is eligible to receive adoption support for the juvenile offender; or if the parent, or other legally obligated person, or such person's child, spouse, or spouse's child, was the victim of the offense for which the juvenile was committed to the department.

NEW SECTION

WAC 275-47-050 Powers of the administrative law judge. The administrative law judge in the initial decision rendered after the hearing conducted in accordance with WAC 275-47-030 shall include the name and age of the juvenile in that decision. The administrative law judge shall

also indicate the parent's or other legally obligated person's monthly liability amount for the period of the juvenile's confinement beginning with the date the child enters the custody of the department. The administrative law judge shall not establish in the decision any amount constituting a repayment figure of any accrued obligation of the parent but shall indicate in the decision that any accrued obligation shall be paid by the parent to the department's office of financial recovery (OFR) and that OFR will be responsible for determining the method of repayment of the parent's accrued obligation.

The administrative law judge shall also include a statement in the decision that the parent's financial obligation is collectible by OFR and that should the parent fail to comply with any payment plan entered into by OFR and the parent, or the parent fails to pay the amount set out in the decision, OFR shall be authorized to take legal collection action to recover the amounts due from the parent. Legal collection action can include, but is not limited to:

- (1) The filing of liens against the real and personal property of the parent; or
- (2) The issuance of a garnishment order against the wages, bank accounts, or other property of the responsible persons.

PROPOSED RULES

DEPARTMENT OF ECOLOGY

[Order 96-12—Filed September 11, 1996, 9:21 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 95-22-068.

Title of Rule: Chapter 173-22 WAC, Adoption of designations of shorelands and wetlands associated with shorelines of the state.

Purpose: To revise the existing WAC to include changes mandated by the 1994 [1995] legislature in ESB 5776. This includes changes to the definitions of shorelands and wetlands and adoption of a state wetland delineation manual.

Statutory Authority for Adoption: RCW 90.58.030, [90.58.]380.

Statute Being Implemented: Chapters 90.58, 36.70A RCW.

Summary: These revisions will change the WAC definitions of shorelands and wetlands to be consistent with the statute and will add a new section adopting the wetland

delineation manual mandated by ESB 5776, passed by the 1994 [1995] legislature.

Reasons Supporting Proposal: Implements changes required by the legislature.

Name of Agency Personnel Responsible for Drafting: Andy McMillan, Washington State Department of Ecology, 300 Desmond Drive, (360) 407-7272; Implementation and Enforcement: Ecology/local government, regional offices/local governments.

Name of Proponent: Department of Ecology, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: To revise existing definitions of shorelands and wetlands in chapter 173-22 WAC to be consistent with RCW 90.58.030 and to adopt a wetland delineation manual that is consistent with the 1987 Corps of Engineers delineation manual as required by RCW 90.58.380.

Proposal Changes the Following Existing Rules: The proposal revises existing chapter 173-22 WAC.

No small business economic impact statement has been prepared under chapter 19.85 RCW. No small business economic impact statement is required per RCW 19.85.-025(2).

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption.

Hearing Location: On October 23, 1996, at 7:00 p.m., at the Port of Tacoma, Meeting Room 104, 3600 Port of Tacoma Road, Tacoma, WA; and on October 28, 1996, at 7:00 p.m., at the Public Health Building, Room 140, 1101 West College, Spokane, WA.

Assistance for Persons with Disabilities: Contact Sandra Ives by October 16, 1996, TDD (360) 407-6006.

Submit Written Comments to: Andy McMillan, Shorelands and Water Resources, Washington Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, FAX (360) 407-7272, by November 7, 1996.

Date of Intended Adoption: December 15, 1996.

Chapter 173-22 WAC ADOPTION OF DESIGNATIONS OF SHORELANDS AND WETLANDS ASSOCIATED WITH SHORE- LINES OF THE STATE

AMENDATORY SECTION (Amending Order 86-06, filed 5/23/86)

WAC 173-22-030 Definitions. As used herein, the following words have the following meanings:

(1) "Associated wetlands" (~~is synonymous with "wetlands" or "wetland areas"~~) means those wetlands which are in proximity to and either influence or are influenced by tidal waters or a lake or stream subject to the Shoreline Management Act;

(2) "Atypical situation" as used herein, this term refers to areas in which one or more parameters (vegetation, soil, and/or hydrology) have been sufficiently altered by recent

human activities or natural events to preclude the presence of wetland indicators of the parameter;

(3) "Duration (inundation/soil saturation)" the length of time during which water stands at or above the soil surface (inundation), or during which the soil is saturated. As used herein, duration refers to a period during the growing season;

(4) "Flood plain" is synonymous with one hundred-year floodplain and means that land area susceptible to being inundated by stream derived waters with a one percent chance of being equaled or exceeded in any given year. The limit of this area shall be based upon flood ordinance regulation maps or a reasonable method which meets the objectives of the act;

~~((3))~~ (5) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state. The limit of the floodway is that which has been established in flood regulation ordinance maps or by a reasonable method which meets the objectives of the act;

~~((4))~~ (6) "Growing season" the portion of the year when soil temperatures at 19.7 inches below the soil surface are higher than biologic zero (5°C);

(7) "Hydrophytic vegetation" the sum total of macrophytic plant life growing in water or on a substrate that is at least periodically deficient in oxygen as a result of excessive water content. When hydrophytic vegetation comprises a community where indicators of hydric soils and wetland hydrology also occur, the area has wetland vegetation;

(8) "Hydric soil" soil that formed under conditions of saturation, flooding, or ponding long enough during the growing season to develop anaerobic conditions in the upper part;

(9) "Lake" means a body of standing water in a depression of land or expanded part of a river, including reservoirs, of twenty acres or greater in total area. A lake is bounded by the ordinary high water mark or, where a stream enters a lake, the extension of the elevation of the lake's ordinary high water mark within the stream;

~~((5)) "Marshes, bogs, and swamps" are lands transitional between terrestrial and aquatic systems where saturation with water is the dominant factor determining plant and animal communities and soil development. For the purposes of this definition, these areas must have one or more of the following attributes:~~

~~(a) At least periodically, the land supports predominantly hydrophytes; and/or~~

~~(b) The substrate is predominantly undrained hydric soil. Hydrophytes include those plants capable of growing in water or on a substrate that is at least periodically deficient in oxygen as a result of excessive water content. Hydric soils include those soils which are wet long enough to~~

PROPOSED

~~periodically produce anaerobic conditions, thereby influencing the growth of plants;~~

~~(6))~~ (10) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1, 1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by a local government or the department. The following criteria clarify this mark on tidal waters, lakes, and streams:

(a) Tidal waters.

(i) In high energy environments where the action of waves or currents is sufficient to prevent vegetation establishment below mean higher high tide, the ordinary high water mark is coincident with the line of vegetation. Where there is no vegetative cover for less than one hundred feet parallel to the shoreline, the ordinary high water mark is the average tidal elevation of the adjacent lines of vegetation. Where the ordinary high water mark cannot be found, it is the elevation of mean higher high tide;

(ii) In low energy environments where the action of waves and currents is not sufficient to prevent vegetation establishment below mean higher high tide, the ordinary high water mark is coincident with the landward limit of salt tolerant vegetation. "Salt tolerant vegetation" means vegetation which is tolerant of interstitial soil salinities greater than or equal to 0.5 parts per thousand;

(b) Lakes. Where the ordinary high water mark cannot be found, it shall be the line of mean high water;

(c) Streams. Where the ordinary high water mark cannot be found, it shall be the line of mean high water. For braided streams, the ordinary high water mark is found on the banks forming the outer limits of the depression within which the braiding occurs;

~~((7))~~ (11) "Prevalent vegetation" the plant community or communities that occur in an area during a given period. The prevalent vegetation is characterized by the dominant macrophytic species that comprise the plant community;

(12) "River delta" means those lands formed as an aggradational feature by stratified clay, silt, sand and gravel deposited at the mouths of streams where they enter a quieter body of water. The upstream extent of a river delta is that limit where it no longer forms distributary channels;

~~((8))~~ (13) "Shorelands" or "shoreland areas" means those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; floodways and contiguous floodplain areas landward two hundred feet from such floodways; and all wetlands and river deltas associated with the streams, lakes, and tidal waters which are subject to the provisions of this chapter; the same to be designated as to location by the department of ecology. Any county or city may determine that portion of a one-hundred-year-flood plain to be included in its master program as long as such portion includes, as a minimum, the floodway and the adjacent land extending landward two hundred feet therefrom;

(14) A "stream" is a naturally occurring body of periodic or continuously flowing water where:

(a) The mean annual flow is greater than twenty cubic feet per second; and

(b) The water is contained within a channel. A channel is an open conduit either naturally or artificially created. This definition does not include artificially created irrigation, return flow, or stockwatering channels;

~~((9))~~ (15) "Tidal water" includes marine and estuarine waters bounded by the ordinary high water mark. Where a stream enters the tidal water, the tidal water is bounded by the extension of the elevation of the marine ordinary high water mark within the stream;

~~((10))~~ (16) "Typically adapted" a term that refers to a species being normally or commonly suited to a given set of environmental conditions, due to some feature of its morphology, physiology, or reproduction;

(17) "Wetlands" or "wetland areas" means ~~((those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; floodways and contiguous flood plain areas landward two hundred feet from such floodways; and all marshes, bogs, swamps, and river deltas associated with the streams, lakes and tidal waters which are subject to the provisions of chapter 90.58 RCW. Provided, That any county or city may determine that portion of a one hundred year flood plain to be included in its master program as long as such portion includes, as a minimum, the floodway and the adjacent land extending landward two hundred feet therefrom))~~ areas that are inundated or saturated by surface or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas to mitigate the conversion of wetlands; and

~~((11))~~ (18) The definitions set forth in chapter 90.58 RCW shall also apply as used herein.

NEW SECTION

WAC 173-22-035 Wetland identification and delineation. Identification of wetlands and delineation of their boundaries pursuant to this chapter shall be done in accordance with the criteria and indicators listed in WAC 173-22-080. These criteria and indicators along with recommended methods and additional background information can be found in the Washington State Wetland Identification and Delineation Manual, Ecology Publication #96-94.

AMENDATORY SECTION (Amending Order 86-06, filed 5/23/86)

WAC 173-22-040 ((Wetland)) Shoreland area designation criteria. The following criteria contain the standards for the department's designation of ((wetland))

PROPOSED

shoreland areas associated with shorelines of the state which are subject to the jurisdiction of chapter 90.58 RCW:

(1) Tidal waters. The ((wetland)) shoreland area shall include:

(a) Those lands which extend landward two hundred feet as measured on a horizontal plane from the ordinary high water mark; and

(b) Those ((~~marshes, bogs, and swamps~~)) wetlands which are in proximity to and either influence or are influenced by the tidal water. This influence includes but is not limited to one or more of the following: Periodic tidal inundation; hydraulic continuity; formation by tidally influenced geohydraulic processes; or a surface connection through a culvert or tide gate;

(2) Lakes. The ((wetland)) shoreland area shall include:

(a) Those lands which extend landward two hundred feet as measured on a horizontal plane from the ordinary high water mark; and

(b) Those ((~~marshes, bogs, and swamps~~)) wetlands which are in proximity to and either influence or are influenced by the lake. This influence includes but is not limited to one or more of the following: Periodic inundation or hydraulic continuity;

(3) Streams. The ((wetland)) shoreland area shall include the greater of:

(a) Those lands which extend landward two hundred feet as measured on a horizontal plane from the ordinary high water mark;

(b) Those floodplains which extend landward two hundred feet as measured on a horizontal plane from the floodway: *Provided*, That local government may, at its discretion, include all or a larger portion of the one hundred-year floodplain within the associated ((wetlands)) shorelands. Designation of this ((wetland)) shoreland area shall be in accordance with chapter 173-19 WAC, the state master program. If the applicable master program does not designate the ((wetland)) shoreland area for a stream, it shall be designated under the rules which applied at the time of adoption by the department;

(c) Those ((~~marshes, bogs, and swamps~~)) wetlands which are in proximity to and either influence or are influenced by the stream. This influence includes but is not limited to one or more of the following: Periodic inundation; location within a floodplain; or hydraulic continuity; and

(d) Those lands within a river delta floodplain except for those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state.

AMENDATORY SECTION (Amending Order DE 73-11, filed 7/20/73)

WAC 173-22-070 Lands within federal boundaries.

In addition to those designations contained in the appendix, those nonfederal lands lying within the exterior boundaries of federal lands and those federal lands leased by the federal government to other persons, which lands fall within the definition of ((wetlands)) shorelands contained herein, shall also be subject to the jurisdiction of chapter 90.58 RCW.

NEW SECTION

WAC 173-22-080 Wetland delineation manual. The department has prepared a Washington State Wetland Identification and Delineation Manual (Ecology publication #96-94) to be used in implementing these regulations. The mandatory portions of this manual are adopted into the following regulations. In addition, the manual contains background information, guidance, examples, and methods which may be useful in applying these regulations. The manual is intended to be used in implementing the Shoreline Management Act and other applicable state statutes. The manual is also to be used by local governments in implementing local regulations under the Growth Management Act (chapter 36.70A RCW).

The state manual takes the original 1987 Corps of Engineers manual and incorporates the changes made by the federal government to the 1987 manual since that time. This includes the national guidance issued by the Corps in 1991 and 1992, and the regional guidance issued by the Corps and EPA in 1994. All other changes are of two types:

Additional language added to assist the user in applying the manual to the variety of situations found in the state of Washington; or

Cosmetic changes of material irrelevant to Washington.

Since the original 1987 manual was developed for use throughout the United States, it contains many references that do not apply to our state. Where appropriate, references to species or situations found in Washington have been added.

(1) Wetland delineation. Purpose and introduction.

It is the purpose of a delineation manual to provide information and methods that will allow a delineator to make an accurate wetland delineation at any time of the year. However, it must be recognized that some wetlands will be more difficult to delineate than others and that all information collected must be used in conjunction with the knowledge and experience of the delineator. The proper collection and recording of field and other supporting data is the most critical aspect of any wetland delineation. The wetland delineation regulations are intended to identify areas that meet the definition of wetlands found in state law. They are also intended to identify the same areas identified in the Corps of Engineers 1987 Wetlands Delineation Manual.

The technical approach for identifying and delineating wetlands does not constitute a classification system. It provides a basis for determining whether a given area is a wetland for purposes of federal, state and local regulations without attempting to classify it by wetland type.

Certain wetland types, under the extremes of normal seasonal or annual variability, may not always meet all the wetland criteria defined in the manual. Examples include vernal wetlands during drought years and seasonal wetlands that may lack hydrophytic vegetation and/or wetland hydrology during the dry season. Such areas are discussed in subsection (12) of this section (**Problem Areas**), and guidance is provided for making wetland determinations in these areas.

Three key provisions of the definition of wetlands include:

(a) Inundated or saturated soil conditions resulting from permanent or periodic inundation or saturation by ground water or surface water.

(b) A prevalence of vegetation typically adapted for life in saturated soil conditions (hydrophytic vegetation).

(c) The presence of "normal circumstances."

Explicit in the definition is the consideration of three environmental parameters: Hydrology, soil, and vegetation. Positive wetland indicators of all three parameters are normally present in wetlands. Although vegetation is often the most readily observed parameter, sole reliance on vegetation or either of the other parameters as the determinant of wetlands can sometimes be misleading. Many plant species can grow successfully in both wetlands and nonwetlands, and hydrophytic vegetation and hydric soils may persist for decades following alteration of hydrology that will render an area a nonwetland. The presence of hydric soils and wetland hydrology indicators in addition to vegetation indicators will provide a logical, easily defensible, and technical basis for the presence of wetlands. The combined use of indicators for all three parameters will enhance the technical accuracy, consistency, and credibility of wetland determinations. Therefore, all three parameters were used in developing the criteria for wetlands and all approaches for applying the criteria embody the multiparameter concept.

The procedures described in the methods section of the state delineation manual have been tested and found to be reliable. However, these methods are recommendations and are not mandatory. Site-specific conditions may require modification of field procedures. The user has the flexibility to employ sampling procedures other than those described. However, the basic approach for making wetland determinations should not be altered (i.e., the determination should be based on the dominant plant species, soil characteristics, and hydrologic characteristics of the area in question). The user should document reasons for using a different characterization procedure than described in the state manual. *CAUTION: Application of methods described in the manual or the modified sampling procedures requires that the user be familiar with wetlands of the area and use his/her training, experience, and good judgment in making wetland determinations.*

(2) Wetland identification and delineation. Technical criteria. The interaction of hydrology, vegetation, and soil results in the development of characteristics unique to wetlands. Therefore, the following criteria for wetlands are based on these three parameters.

The definition of wetlands (WAC 173-22-030) includes the language found in the federal Clean Water Act regulations. It also includes additional language found in the Shoreline Management Act and Growth Management Act which specifically excludes several types of "artificial" wetlands. Many of these areas specifically excluded in the definition will meet the technical requirements for being a wetland (i.e., will meet all three criteria). The delineation manual identifies all areas that meet the necessary wetland criteria and does not attempt to distinguish these "artificial" wetlands. If necessary, the user will need to independently determine if a wetland as identified by this manual fits in any of the categories of "artificial" wetlands specifically excluded in the definition.

(3) The following criteria, and technical approach comprise the basis for the identification and delineation of wetlands:

Wetlands meet the following criteria:

(a) Vegetation. The prevalent vegetation consists of macrophytes that are typically adapted to areas having hydrologic and soil conditions described in subsection (1)(a) of this section. Hydrophytic species, due to morphological, physiological, and/or reproductive adaptation(s), have the ability to grow, effectively compete, reproduce, and/or persist in anaerobic soil conditions. Indicators of vegetation associated with wetlands are listed in this section.

(b) Soil. A hydric soil is a soil that formed under conditions of saturation, flooding, or ponding long enough during the growing season to develop anaerobic conditions in the upper part. (USDA-NRCS 1995, Federal Register, 7/13/94, Vol. 59, No. 133, pp 35680-83.) The following criteria reflect those soils that meet this definition:

(i) All Histosols except Folists; or

(ii) Soils in Aquic suborders, great groups, or subgroups, Albolls suborder, Aquisalsids, Pachic subgroups, or Cumulic subgroups that are:

(A) Somewhat poorly drained with a water table equal to 0.0 foot (ft.) from the surface during the growing season; or

(B) Poorly drained or very poorly drained and have either:

(I) A water table equal to 0.0 ft. during the growing season if textures are coarse sand, sand, or fine sand in all layers within 20 inches(in.), or for other soils;

(II) A water table at less than or equal to 0.5 ft. from the surface during the growing season if permeability is equal to or greater than 6.0 in./hour in all layers within 20 in.; or

(III) The water table is at less than or equal to 1.0 ft. from the surface during the growing season if permeability is less than 6.0 in./hour in any layer within 20 in.; or

(iii) Soils that are frequently ponded for long or very long duration during the growing season; or

(iv) Soils that are frequently flooded for long duration or very long duration during the growing season.

Soil criteria indicators are listed in subsections (6), (7) and (8) of this section.

The definition and criteria for hydric soils may change periodically as a result of revisions by the National Technical Committee for Hydric Soils (NTCHS). The most recent NTCHS version should be used.

(c) Hydrology. Areas which are inundated and/or saturated to the surface for a consecutive number of days for more than 12.5 percent of the growing season are wetlands, provided the soil and vegetation parameters are met. Areas inundated or saturated to the surface for a consecutive number of days between 5 percent and 12.5 percent of the growing season in most years may or may not be wetlands. Areas inundated or saturated to the surface for less than 5 percent of the growing season are nonwetlands. Wetland hydrology exists if field indicators are present as described in subsection (10) of this section.

(d) Technical approach for the identification and delineation of wetlands. Except in certain situations defined in this manual, evidence of at least one positive wetland indicator from each parameter (hydrology, soil, and vegeta-

tion) must be found in order to make a positive wetland determination.

Characteristics and Indicators of Hydrophytic Vegetation, Hydric Soils, and Wetland Hydrology

(4) **Hydrophytic Vegetation.** The plant community concept is followed throughout the manual. Emphasis is placed on the assemblage of plant species that exert a controlling influence on the character of the plant community, rather than on indicator species. Thus, the presence of scattered individuals of an upland plant species in a community dominated by hydrophytic species is not a sufficient basis for concluding that the area is an upland community. Likewise, the presence of a few individuals of a hydrophytic species in a community dominated by upland species is not a sufficient basis for concluding that the area has hydrophytic vegetation.

(5) **Indicators of hydrophytic vegetation.** Several indicators may be used to determine whether hydrophytic vegetation is present on a site. However, the presence of a single individual of a hydrophytic species does not mean that hydrophytic vegetation is present. The strongest case for the presence of hydrophytic vegetation can be made when several indicators, such as those in the following list, are present. One of the most common errors made in delineating wetlands has been to assume that the first indicator (a) must be met in every case. This has led to some wetland

areas being called nonwetland. Keep in mind that any of the following indicators may be used to meet the vegetation criteria. However, when using any indicator other than a. it is important to have solid documentation of wetland hydrology and hydric soils. Indicators are listed in order of decreasing reliability. Although all are valid indicators, some are stronger than others. When a decision is based on an indicator appearing in the lower portion of the list, re-evaluate the parameter to ensure that the proper decision was reached.

(a) More than 50 percent of the dominant species are OBL, FACW+, FACW, FACW-, FAC+ or FAC (Table 1) on lists of plant species that occur in wetlands. A national interagency panel has prepared a National List of Plant Species that Occur in Wetlands (Reed 1988a). This list categorizes species according to their affinity for occurrence in wetlands. In addition, a 1993 supplement to the plants species list for Region 9 (Northwest) has been prepared (Reed 1993). Be sure to consult this supplement or any more recent supplements to confirm that a species has the proper indicator status. (The Seattle District of the Corps does not use the FAC neutral option as an indicator of hydrophytic vegetation but does allow the use of the FAC neutral option as an indicator of hydrology. See Hydrology indicator # 10 for definition.) FAC- species do not count as FAC species for the purposes of meeting indicator a. Only FAC, FAC+, FACW (+, -) and OBL species count.

Table 1
Plant Indicator Status Categories

<u>Indicator Category</u>	<u>Indicator Symbol</u>	<u>Definition</u>
OBLIGATE WETLAND PLANTS	OBL	Plants that almost always occur (estimated probability >99%) in wetlands under natural conditions, but which may also occur rarely (estimated probability <1%) in nonwetlands. Examples: <i>Typha latifolia</i> , <i>Lysichitum americanum</i>
FACULTATIVE WETLAND PLANTS	FACW	Plants that usually occur (estimated probability 67% to 99%) in wetlands, but also occur (estimated probability 1% to 33% in nonwetlands). Examples: <i>Fraxinus latifolia</i> <i>Cornus stolonifera</i> .
FACULTATIVE PLANTS	FAC	Plants with a similar likelihood (estimated probability 34% to 66%) of occurring in both wetlands and nonwetlands. Examples: <i>Alnus rubra</i> , <i>Rubus spectabilis</i>
FACULTATIVE UPLAND PLANTS	FACU	Plants that sometimes occur (estimated probability 1% to 33%) in wetlands, but occur more often (estimated probability 67% to 99%) in nonwetlands. Examples: <i>Acer macrophyllum</i> , <i>Rubus discolor</i>
OBLIGATE UPLAND PLANTS	UPL	Plants that rarely occur (estimated probability <1%) in wetlands, but occur almost always (estimated probability >99%) in nonwetlands under natural conditions.

Categories were originally developed and defined by the USFWS National Wetlands Inventory and subsequently modified by the National Plant List Panel. The three facultative categories are subdivided by (+) and (-) modifiers. FAC+ species are considered to have a greater estimated probability of occurring in wetlands than FAC species, while FAC- species are considered to have a lesser estimated probability of occurring in wetlands than FAC species.

(b) Other indicators. Although there are several other indicators of hydrophytic vegetation, it will seldom be necessary to use them. However, they may provide additional useful information to strengthen a case for the presence of hydrophytic vegetation. Additional training and/or experience may be required to employ these indicators.

(i) Visual observation of plant species growing in areas of prolonged inundation and/or soil saturation. This indicator can only be applied by experienced personnel who have accumulated information through several years of field experience and written documentation (field notes) that certain species commonly occur in areas of prolonged (>12.5 percent) inundation and/or soil saturation during the growing season. In certain situations, areas with wetland hydrology and hydric soils may be dominated by plant species classified as facultative upland. The most common examples in Washington are Western Hemlock forested wetlands and wet meadows planted with pasture grasses. It is important to keep in mind that facultative upland species are found in wetlands up to 33% of the time and, under certain circumstances, can be the dominant species in a wetland plant community. Usually, however, FACU species are found in uplands. Thus, if you encounter a situation where the hydrology and soil parameters are clearly met, do not eliminate the area from consideration as a wetland based on a lack of prevalence of facultative or wetter vegetation. Species such as *Gaultheria shallon*, *Acer circinatum*, and *Pteridium aquilinum* may be found in these areas, often on hummocks or downed logs or stumps. More typical wetland species may occur in such areas, though often as nondominants. Thus, occurrence of species commonly observed in other wetland areas provides a strong indication that hydrophytic vegetation is present. If you have strong evidence that the hydrology and soil parameters are met then the vegetation is acting as a hydrophyte and the area is probably a wetland. *CAUTION: It is necessary to have good documentation that the area experiences prolonged inundation and/or saturation in order to call it a wetland. The presence of standing water or saturated soil on a site at a single point in time or for short periods is insufficient evidence that the species present are able to tolerate long periods of inundation. The user must relate the observed species to other similar situations and determine whether they are normally found in wet areas, taking into consideration the season and immediately preceding weather conditions. If you encounter this situation, you may be dealing with an atypical situation or a problem area.*

(ii) Morphological adaptations. Some hydrophytic species have easily recognized physical characteristics that indicate their ability to occur in wetlands. A given species may exhibit several of these characteristics, but not all hydrophytic species have evident morphological adaptations.

(iii) Technical literature. The technical literature may provide a strong indication that plant species comprising the prevalent vegetation are commonly found in areas where soils are periodically saturated for long periods. Sources of available literature include:

(A) Taxonomic references. Such references usually contain at least a general description of the habitat in which a species occurs. A habitat description such as, "Occurs in water of streams and lakes and in alluvial floodplains subject to periodic flooding," supports a conclusion that the species typically occurs in wetlands.

(B) Botanical journals. Some botanical journals contain studies that define species occurrence in various hydrologic regimes.

(C) Technical reports. Governmental agencies periodically publish reports (e.g., literature reviews) that contain information on plant species occurrence in relation to hydrologic regimes.

(D) Technical workshops, conferences, and symposia. Publications resulting from periodic scientific meetings contain valuable information that can be used to support a decision regarding the presence of hydrophytic vegetation. These usually address specific regions or wetland types.

(E) Wetland plant data base. The National Wetland Inventory has produced a Plant Data Base that contains habitat information on over 6,700 plant species that occur at some estimated probability in wetlands, as compiled from the technical literature.

(iv) Physiological adaptations. Physiological adaptations include any features of the metabolic processes of plants that make them particularly fitted for life in saturated soil conditions. *NOTE: It is impossible to detect the presence of physiological adaptations in plant species during on-site visits.*

(v) Reproductive adaptations. Some plant species have reproductive features that enable them to become established and grow in saturated soil conditions.

(6) Hydric soils. Indicators. Indicators are listed in descending order of reliability. Although all are valid indicators, some are stronger indicators than others. When a decision is based on an indicator appearing in the lower portion of the list, re-evaluate the parameter to ensure that the proper decision was reached.

A hydric soil may be either drained or undrained, and a drained hydric soil may not continue to support hydrophytic vegetation. Therefore, not all areas having hydric soils will qualify as wetlands. Only when a hydric soil supports hydrophytic vegetation and the area has indicators of wetland hydrology may the area be referred to as a wetland.

A drained hydric soil is one in which sufficient ground or surface water has been removed by artificial means such that the area will no longer support hydrophytic vegetation or wetland hydrology. On-site evidence of drained soils includes:

(a) Presence of ditches or canals of sufficient depth to lower the water table below the major portion of the root zone of the prevalent vegetation.

(b) Presence of dikes, levees, or similar structures that obstruct normal inundation of an area.

(c) Presence of a tile system to promote subsurface drainage.

(d) Diversion of upland surface run-off from an area.

Although it is important to record such evidence of drainage of an area, a hydric soil that has been drained or partially drained still allows the soil parameter to be met. However, the area will not qualify as a wetland if the degree of drainage has been sufficient to preclude the presence of either hydrophytic vegetation or a hydrologic regime that occurs in wetlands. *NOTE: The mere presence of drainage structures in an area is not sufficient basis for concluding that a hydric soil has been drained; such areas may continue to have wetland hydrology.*

(7) Indicators of hydric soils (nonsandy soils). Several indicators are available for determining whether a given soil meets the definition and criteria for hydric soils. Any one of the following indicates that hydric soils are present.

(a) Organic soils (Histosols). As a general rule, a soil is an organic soil when:

(i) More than 50 percent (by volume) of the upper 32 inches of soil is composed of organic soil material; or

(ii) Organic soil material of any thickness rests on bedrock. Organic soils are saturated for long periods and are commonly called peats or mucks.

(b) Histic epipedons. A histic epipedon is an 8-inch to 16-inch layer at or near the surface of a mineral hydric soil that is saturated with water for 30 consecutive days or more in most years and contains a minimum of 20 percent organic matter when no clay is present or a minimum of 30 percent organic matter when clay content is 60 percent or greater. Soils with histic epipedons are inundated or saturated for sufficient periods to greatly retard aerobic decomposition of the organic surface, and are considered to be hydric soils.

(c) Sulfidic material. When mineral soils emit an odor of rotten eggs, hydrogen sulfide is present. Such odors are only detected in soils that are permanently saturated and have sulfidic material within a few centimeters of the soil surface. Sulfides are produced only in a reducing environment.

(d) Aquic or peraquic moisture regime. An aquic moisture regime is a reducing one; i.e., it is virtually free of dissolved oxygen because the soil is saturated by ground water or by water of the capillary fringe. Because dissolved oxygen is removed from ground water by respiration of microorganisms, roots, and soil fauna, it is also implicit that the soil temperature is above biologic zero (41°F at 20 inches) at the same time while the soil is saturated. Soils with peraquic moisture regimes are characterized by the presence of ground water which is always at or near the soil surface and exhibits reducing conditions. Examples include soils of tidal marshes and soils of closed, landlocked depressions that are fed by permanent streams.

(e) Reducing soil conditions. Soils saturated for long or very long duration will usually exhibit reducing conditions. Under such conditions, ions of iron are transformed (reduced) from a ferric valence state (Fe^{3+}) to a ferrous valence state (Fe^{2+}). This condition can often be detected in the field by a ferrous iron test. A simple colorimetric field test kit has been developed for this purpose. When a soil extract changes to a pink color upon addition of alpha-alpha-dipyridil, ferrous iron is present, which indicates a reducing soil environment. *NOTE: This test cannot*

be used in mineral hydric soils having low iron content, organic soils, and soils that have been desaturated for significant periods of the growing season. Caution: This test can only be used as a positive indicator of reducing conditions and it is only effective if it is done at the time that a mineral soil is actively reducing. While the presence of a reaction indicates anaerobic conditions, the lack of a reaction does not indicate a lack of anaerobic conditions.

(f) Soil colors. The colors of various soil components are often the most diagnostic indicator of hydric soils. Colors of these components are strongly influenced by the frequency and duration of soil saturation, which leads to reducing soil conditions. Mineral hydric soils will be either gleyed or will have contrasting mottles and/or low chroma matrix. These are discussed below:

(i) Gleyed soils (gray colors). Gleyed soils develop when anaerobic soil conditions result in pronounced chemical reduction of iron, manganese, and other elements, thereby producing gray soil colors. Anaerobic conditions that occur in waterlogged soils result in the predominance of reduction processes, and such soils are greatly reduced. Iron is one of the most abundant elements in soils. Under anaerobic conditions, iron is converted from the oxidized (ferric) state to the reduced (ferrous) state, which results in the bluish, greenish, or grayish colors associated with the gleying effect. Gleying immediately below the A-horizon or 10 inches (whichever is shallower) is an indication of a markedly reduced soil, and gleyed soils are hydric soils. Gleyed soil conditions can be determined by using the gley page of the Munsell Color Charts (Munsell Color 1990).

(ii) Soils with contrasting mottles and/or low chroma matrix. Mineral hydric soils that are saturated for substantial periods of the growing season (but not long enough to produce gleyed soils) will either have high chroma mottles and a low chroma matrix or will lack mottles but have a low matrix chroma. Mottled means "marked with spots of contrasting color." Soils that have high chroma mottles and a low chroma matrix are indicative of a fluctuating water table.

NOTE: Hydric soils can also have low chroma mottles that contrast with the matrix color.

The soil matrix is the portion (usually more than 50 percent) of a given soil layer that has the predominant color. Colors should be determined in soils that have been moistened; otherwise, state that colors are for dry soils. Mineral hydric soils usually have one of the following color features in the horizon immediately below the A-horizon or 10 inches (whichever is shallower):

(A) Matrix chroma of 2 or less in mottled soils.

(B) Matrix chroma of 1 or less in unmottled soils.

NOTE: The matrix chroma of some dark (black) mineral hydric soils (e.g., Aquolls) will not conform to the criteria described in (f)(ii)(A) and (B) of this subsection; in such soils, gray mottles occurring at 10 inches or less are indicative of hydric conditions. Mollisols that are not hydric will often still have dark colored surface soils.

CAUTION: Soils with significant coloration due to the nature of the parent material may not exhibit the above characteristics. In such cases, this indicator cannot be used.

(g) Soil appearing on hydric soils list. Using the criteria for hydric soils, the NTCHS has developed a list of hydric soils. Listed soils have reducing conditions for a significant

portion of the growing season in a major portion of the root zone and are frequently saturated within 12 inches of the soil surface if they have not been effectively drained. *CAUTION: Do not use this indicator unless you have field verified that the profile description of the mapping unit conforms to that of the sampled soil.*

(h) Iron and manganese concretions. During the oxidation-reduction process, iron and manganese in suspension are sometimes segregated as oxides into concretions or soft masses. These accumulations are usually black or dark brown. Concretions >2 mm. in diameter occurring within 7.5 cm. of the surface are evidence that the soil is saturated for long periods near the surface.

(8) Additional indicators of hydric soils (for sandy soils). Not all indicators listed above can be applied to sandy soils. In particular, soil color may not be a reliable indicator in most sandy soils. However, three additional soil features may be used as indicators of sandy hydric soils, including:

(a) High organic matter content in the surface horizon. Organic matter tends to accumulate above or in the surface horizon of sandy soils that are inundated or saturated to the surface for a significant portion of the growing season. Prolonged inundation or saturation creates anaerobic conditions that greatly inhibit decomposition (oxidation) of organic matter.

(b) Streaking of subsurface horizons by organic matter. Organic matter is moved downward through sand as the water table fluctuates. This often occurs more rapidly and to a greater degree in some vertical sections of a sandy soil containing a higher content of organic matter than in others. Thus, the sandy soil appears streaked with darker areas. When soil from a darker area is rubbed between the fingers, the organic matter stains the fingers.

(c) Organic pans. As organic matter is moved downward through sandy soils, it tends to accumulate at the point representing the most commonly occurring depth to the water table. This organic matter tends to become slightly cemented with iron and aluminum, forming a thin layer of hardened soil (spodic horizon). These horizons often occur at depths of 12 to 30 inches below the mineral surface. Wet spodic soils usually have thick dark surface horizons that are high in organic matter with dull, gray horizons above the spodic horizon. Generally, the nearer to the surface the spodic horizon, the more likely the soil is hydric.

CAUTION: In recently deposited sandy material (e.g., accreting sandbars), it may be impossible to find any of these indicators. In such cases, consider this a problem area (Entisols).

(9) Wetland Hydrology. The term "wetland hydrology" encompasses all hydrologic characteristics of areas that are periodically inundated or have soils saturated to the surface at some time during the growing season. Areas with evident characteristics of wetland hydrology are those where the presence of water has an overriding influence on characteristics of vegetation and soils due to anaerobic and chemically reducing conditions, respectively. Such characteristics are usually present in areas that are inundated or have soils that are saturated to the surface for sufficient duration to develop hydric soils and support vegetation typically adapted for life in periodically anaerobic soil conditions. Hydrology is often the least exact of the parameters, and indicators of wetland

hydrology are sometimes difficult to find in the field. However, it is essential to establish that a wetland area is periodically inundated or has saturated soils during the growing season.

The hydrology criteria, which originates from a Corps memorandum issued in 1992 when the Corps returned to using the 1987 manual refers to "saturation to the surface for a consecutive number of days." This term appears to conflict with other statements about saturation in the 1987 manual such as in field indicator b(2) below where it refers to saturation within a major portion of the root zone, or in the preceding paragraph above where it refers to saturation to the surface at some point in the growing season. In addition, the Food Security Act Manual used by the NRCS to delineate wetlands on agricultural lands refers to saturation "at or near the surface."

It is important to go back to the wetland definition which refers to saturation at a frequency and duration sufficient to support hydrophytic vegetation - plants that are adapted to frequent or extended periods of saturation within their rooting zones. It is usually impractical to accurately measure the duration of soil saturation in the field because it takes repeated visits over a lengthy (several years) period of time. However, there has been a sufficient amount of research to support that the field indicators provided in the manual and supplementary guidance can be good measures of both the frequency and duration of soil saturation.

Given the requirement that inundation/saturation must be present for a certain portion of the growing season it is important to understand how the concept of growing season should be applied. The definition of growing season is: "The portion of the year when soil temperatures at 19.7 inches below the soil surface are higher than biological zero (41 degrees F). For ease of determination this period can be approximated by the number of frost-free days."

Using climatic data provided in most modern soil surveys, growing season can be approximated as (in 5 out of 10 years) being from the last date in spring that the air temperature drops to 28 degrees F to the first date in the fall that it drops to 28 degrees F.

Several issues arise in determining the growing season:

- In portions of Washington some plant species are growing during every month of the year;
- Each county soil survey has several locations for which air temperature data is tabulated. This can result in numerous "growing seasons" for each county;
- The data location nearest to a wetland delineation site may not be representative of the growing season for the site being investigated. For example, NRCS data may be from a site at sea level but the delineation site may be at a higher elevation with an annual temperature regime much different from the NRCS data site.

Thus, it is important to use sound professional judgment based on careful observation to determine if the growing season is in progress. For example, evidence of new or recent growth such as flowers, new shoots, new leaves, or swollen buds on plants suggests that active growth is occurring. Basically, if the predominant plants of the area in question are growing, it is the growing season. Another method is to take soil temperature readings at 19.7 inches to determine if the formal definition is met. Soil thermometers are available at most forestry supply stores. Use sound

professional judgment in interpreting the data tables in the soil surveys. Use the data set which makes the most sense for the site being investigated. Be particularly cautious when the site being investigated is located far from or in a different physiographic setting than the nearest data station.

For much of Western Washington at low elevations, the mesic growing season (March 1 to October 31), has been considered a good rule of thumb - except for some coastal areas which may have a year-round growing season. However, this rule should not be used if it conflicts with field data and observations.

(10) Indicators of wetland hydrology. Indicators of wetland hydrology may include, but are not necessarily limited to: Drainage patterns, drift lines, sediment deposition, watermarks, stream gage data and flood predictions, historic records, visual observation of saturated soils, and visual observation of inundation. Any of these indicators may be evidence of wetland hydrologic characteristics.

Methods for determining hydrologic indicators can be categorized according to the type of indicator. Recorded data include stream gage data, lake gage data, tidal gage data, flood predictions, and historical records. Use of these data is commonly limited to areas adjacent to streams or other similar areas. Recorded data usually provide both short-term and long-term information about frequency and duration of inundation, but contain little or no information about soil saturation, which must be gained from soil surveys or other similar sources. The remaining indicators require field observations. Field indicators are evidence of present or past hydrologic events (e.g., location and height of flooding). Indicators are listed in order of decreasing reliability. Although all are valid indicators, some are stronger indicators than others. When a decision is based on an indicator appearing in the lower portion of the list, re-evaluate the parameter to ensure that the proper decision was reached. Indicators for recorded data and field observations include:

(a) Recorded data. Stream gage data, lake gage data, tidal gage data, flood predictions, and historical data may be available from the following sources:

(i) CE district offices. Most CE Districts maintain stream, lake, and tidal gage records for major water bodies in their area. In addition, CE planning and design documents often contain valuable hydrologic information. For example, a General Design Memorandum (GDM) usually describes flooding frequencies and durations for a project area. Furthermore, the extent of flooding within a project area is sometimes indicated in the GDM according to elevation (height) of certain flood frequencies (1-, 2-, 5-, 10-year, etc.).

(ii) U.S. Geological Survey (USGS). Stream and tidal gage data are available from the USGS offices throughout the Nation, and the latter are also available from the National Oceanic and Atmospheric Administration. CE Districts often have such records.

(iii) State, county, and local agencies. These agencies often have responsibility for flood control/relief and flood insurance.

(iv) Natural Resource Conservation Service Small Watershed Projects. Planning documents from this agency are often helpful, and can be obtained from the NRCS district office in the county.

(v) Planning documents of developers.

(b) Field data. The following field hydrologic indicators can be assessed quickly, and although some of them are not necessarily indicative of hydrologic events that occur only during the growing season, they do provide evidence that inundation and/or soil saturation has occurred:

CAUTION: Many delineators have made the mistake of assuming that the wettest conditions occur in the earliest part of the growing season - usually March and April. However, in some situations, the wettest time of the growing season may be later. This is especially true in areas that receive snowmelt run-off or irrigation water or are subject to tidal influence.

(i) Visual observation of inundation. The most obvious and revealing hydrologic indicator may be simply observing the areal extent of inundation. However, because seasonal conditions and recent weather conditions can contribute to surface water being present on a nonwetland site, both should be considered when applying this indicator.

(ii) Visual observation of soil saturation. Examination of this indicator requires digging a soil pit to a depth of 16 inches and observing the level at which water stands in the hole after sufficient time has been allowed for water to drain into the hole. The required time will vary depending on soil texture. In some cases, the upper level at which water is flowing into the pit can be observed by examining the wall of the hole. This level usually represents the depth to the water table. The depth to saturated soils will always be nearer the surface due to the capillary fringe. For soil saturation to impact vegetation, it must occur within a major portion of the root zone (usually within 12 inches of the surface) of the prevalent vegetation. The major portion of the root zone is that portion of the soil profile in which more than one half of the plant roots occur. *CAUTION: In some heavy clay soils, water may not rapidly accumulate in the hole even when the soil is saturated. If water is observed at the bottom of the hole but has not filled to the 12-inch depth, examine the sides of the hole and determine the shallowest depth at which water is entering the hole. When applying this indicator, the season of the year and preceding weather conditions as well the duration of saturation must be considered.*

(iii) Watermarks. Watermarks are most common on woody vegetation. They occur as stains on bark or other fixed objects (e.g., bridge pillars, buildings, tree trunks, fences, etc.). When several watermarks are present, the highest reflects the maximum extent of recent inundation.

(iv) Drift lines. This indicator is most likely to be found adjacent to streams or other sources of water flow in wetlands, but also often occurs in tidal marshes. Evidence consists of deposition of debris in a line on the surface or debris entangled in above ground vegetation or other fixed objects. Debris usually consists of remnants of vegetation (branches, stems, and leaves), sediment, litter, and other waterborne materials deposited parallel to the direction of water flow. Drift lines provide an indication of the minimum portion of the area inundated during a flooding event; the maximum level of inundation is generally at a higher elevation than that indicated by a drift line.

(v) Sediment deposits. Plants and other vertical objects often have thin layers, coatings, or depositions of mineral or organic matter on them after inundation. This evidence may

remain for a considerable period before it is removed by precipitation or subsequent inundation. Sediment deposition on vegetation and other objects provides an indication of the minimum inundation level. When sediments are primarily organic (e.g., fine organic material, algae), the detritus may become encrusted on or slightly above the soil surface after dewatering occurs.

(vi) Drainage patterns within wetlands. This indicator, which occurs primarily in wetlands adjacent to streams or in depressions with closed or restricted outlets and impervious subsoils, consists of surface evidence of drainage flow into or through an area that is restricted for a substantial duration. In some wetlands, this evidence may exist as a drainage pattern eroded into the soil, vegetative matter (debris) piled against thick vegetation or woody stems oriented perpendicular to the direction of water flow, or the absence of expected leaf litter. Scouring is often evident around roots of persistent vegetation. Debris may be deposited in or along the drainage pattern. *CAUTION: Drainage patterns also occur in upland areas after periods of considerable precipitation; therefore, topographic position must also be considered when applying this indicator.*

(vii) Oxidized rhizospheres surrounding living roots are acceptable hydrology indicators on a case-by-case basis and may be useful in ground water driven systems. Rhizospheres should also be reasonably abundant and within the upper 12 inches of the soil profile. Oxidized rhizospheres should be supported by other indicators of hydrology if hydrology evidence is weak. *Caution: Make sure that the oxidation is occurring along live roots/rhizomes and thus, that they are not relict.*

(viii) Local soil survey data - If you can field verify that the soil at your sampling site is a soil listed in the county soil survey or on the Washington State List of Hydric Soils, then the data in the soil survey referring to the flooding and/or high water table conditions for that soil can be accepted as valid for your site (assuming the site has not been effectively drained since the time it was mapped by the NRCS).

(ix) Water-stained leaves - Forested wetlands that are inundated at some time of the year will frequently have water stained leaves on the forest floor. These leaves are generally grayish or blackish in appearance, as a result of being underwater for significant periods. This indicator should be used with caution as water-stained leaves don't always indicate long-term inundation/saturation. It is important to compare the color of the leaves in the area presumed to be wetland with leaves of the same species in an adjacent area that is clearly upland. There should be a distinct difference in the color and texture of the leaves.

(x) FAC neutral test - In areas where hydrology evidence is weak or lacking, the FAC neutral test may be employed to corroborate the presence of sufficient hydrology. Apply as follows: Compare the number of dominants that are FACW and OBL with the number of dominants that are FACU and UPL (ignore the "neutral" FAC dominants). If there are more dominants that are FACW or wetter than there are dominants that are FACU or drier, then one can infer that the plant community is reflecting the presence of wetland hydrology. If there is a tie, compare the number of FAC+ and FAC- to see if there is a difference. If there is still a tie between the numbers of dominants, examine the

nondominant species to determine if they provide an indication of how strongly hydrophytic the vegetation is. Any use of nondominants should be clearly documented and explained.

(xi) Other - Explain and provide rationale for use.

(11) Atypical situations. When a determination is made that positive indicators of hydrophytic vegetation, hydric soils, and/or wetland hydrology could not be found due to effects of recent human activities or natural events, it is necessary to employ different methods of determining the presence of indicators for hydrology, soils or vegetation.

When any of the three types of situations described below occurs, application of normal methods will lead to the conclusion that the area is not a wetland because positive wetland indicators for at least one of the three parameters will be absent. Therefore, apply procedures described in Part IV, Section F of the 1987 Corps of Engineers Wetland Delineation Manual or the Washington State Wetland Identification and Delineation Manual (as appropriate) to determine whether positive indicators of hydrophytic vegetation, hydric soils, and/or wetland hydrology existed prior to alteration of the area.

This section is applicable to delineations made in the following types of situations:

(a) Unauthorized activities. Unauthorized discharges requiring enforcement actions may result in removal or covering of indicators of one or more wetland parameters. Examples include, but are not limited to:

(i) Alteration or removal of vegetation;

(ii) Placement of dredged or fill material over hydric soils; and/or

(iii) Construction of levees, drainage systems, or dams that significantly alter the area hydrology. *NOTE: This section should not be used for activities that have been previously authorized or those that are exempted from regulation.*

(b) Natural events. Naturally occurring events may result in either creation or alteration of wetlands. For example, recent beaver dams may impound water, thereby resulting in a shift of hydrology and vegetation to wetlands. However, hydric soil indicators may not have developed due to insufficient time having passed to allow their development. Fire, avalanches, volcanic activity, and changing river courses are other examples. *NOTE: It is necessary to determine whether alterations to an area have resulted in changes that are now the "normal circumstances."* The relative permanence of the change and whether the area is now functioning as a wetland must be considered.

(c) Man-induced wetlands. These are wetlands that have been purposely or incidentally created by human activities, but in which wetland indicators of one or more parameters are absent. For example, road construction may have resulted in impoundment of water in an area that previously was nonwetland, thereby effecting hydrophytic vegetation and wetland hydrology in the area. However, the area may lack hydric soil indicators. *NOTE: This is not intended to bring into jurisdiction those manmade wetlands that are exempted under agency regulations or policy.* It is also important to consider whether the man-induced changes are now the "normal circumstances" for the area. Both the relative permanence of the change and the functioning of the area as a wetland are implied.

(12) Problem Areas. There are certain wetland types and/or conditions that may make application of indicators of one or more parameters difficult, at least at certain times of the year. These are not considered to be atypical situations. Instead, they are wetland types in which wetland indicators of one or more parameters may be periodically lacking due to normal environmental conditions or seasonal or annual variations in environmental conditions that result from causes other than human activities or catastrophic natural events. When one of these wetland types is encountered, the methods described in Part IV, Section G of the 1987 Manual or the state manual should be used.

(13) Types of problem areas. Representative examples of potential problem areas, types of variations that occur, and their effects on wetland indicators are presented in the following subparagraphs. Similar situations may sometimes occur in other wetland types. *Note: This section is not intended to bring nonwetland areas having wetland indicators of two, but not all three, parameters into jurisdiction. This list is not intended to be limiting.*

(a) Wetlands on slopes (seeps) and other glacial features. Slope wetlands can occur in certain glaciated areas in which thin soils cover relatively impermeable unsorted glacial material or till or in which layers of sorted glacial material have different hydraulic conditions that produce a broad zone of ground water seepage. Such areas are seldom, if ever, flooded, but downslope ground water movement keeps the soils saturated for a sufficient portion of the growing season to produce anaerobic and reducing soil conditions. This fosters development of hydric soil characteristics and selects for hydrophytic vegetation. Indicators of wetland hydrology may be lacking during the drier portion of the growing season.

(b) Seasonal wetlands. In Washington, some depression areas have wetland indicators of all three parameters during the wetter portion of the growing season, but normally lack wetland indicators of hydrology and/or vegetation during the drier portion of the growing season. For example, obligate and facultative wetland plant species normally are dominant during the wetter portion of the growing season, while upland species (annuals) may be dominant during the drier portion of the growing season. Also, these areas may be inundated during the wetter portion of the growing season, but wetland hydrology indicators may be totally lacking during the drier portion of the growing season. It is important to establish that an area truly is a water body. Water in a depression normally must be sufficiently persistent to exhibit an ordinary high-water mark or the presence of wetland characteristics before it can be considered as wetland potentially subject to jurisdiction. The determination that an area exhibits wetland characteristics for a sufficient portion of the growing season to qualify as a wetland must be made on a case-by-case basis. Such determinations should consider the respective length of time that the area exhibits upland and wetland characteristics, and the manner in which the area fits into the overall ecological system as a wetland. Evidence concerning the persistence of an area's wetness can be obtained from its history, vegetation, soil, drainage characteristics, uses to which it has been subjected, and weather or hydrologic records. This situation is common in eastern Washington and parts of western Washington, where precipitation is highly seasonal and/or prolonged

droughts occur frequently. It is important to become familiar with the types of wetlands found in these areas. In some cases, it may be necessary to withhold making a final wetland determination until a site is examined during the wettest part of the growing season. Consultation with other experienced delineators may be helpful as well.

(c) Vernal wetlands - Although these systems are usually associated with California, Washington does have vernal wetlands, particularly in the region around Spokane. These wetlands are a distinct type of seasonal wetland described above. The hydrology in these wetlands is driven by winter and early spring rain and snowmelt and may be totally lacking by early summer. A wetland plant community grows and reproduces in spring in response to the wet conditions and is replaced by an upland plant community by summer. Attempts to delineate these wetlands in summer or fall may result in a false negative conclusion. In addition, during periods of extended drought, these wetlands may remain dry for several years.

(d) Vegetated flats. In both coastal and interior areas of Washington, vegetated flats are often dominated by annual species that are categorized as OBL. Application of normal sampling procedures during the growing season will clearly result in a positive wetland determination. However, these areas will appear to be unvegetated mudflats when examined during the nongrowing season, and the area would not qualify at that time as a wetland due to an apparent lack of vegetation.

(e) Mollisols (prairie and steppe soils) - Mollisols are dark colored, base-rich soils. They are common in grassland areas of the state, especially in eastern Washington and the prairies of the south Puget Sound basin. These soils typically have deep, dark topsoil layers (mollic epipedons) and low chroma matrix colors to considerable depths. They are rich in organic matter due largely to the vegetation (deep roots) and reworking of the soil and organic matter by earthworms, ants, moles, and rodents. The low chroma colors of mollisols are not necessarily due to prolonged saturation, so be particularly careful in making wetland determinations in these soils. Become familiar with the characteristics of mollisols with aquic moisture regimes, and be able to recognize these from nonhydric mollisols.

(f) Entisols (floodplain and sandy soils) - Entisols are usually young or recently formed soils that have little or no evidence of pedogenically developed horizons. These soils are typical of floodplains throughout Washington, but are also found in glacial outwash plains, along tidal waters, and in other areas. They include sandy soils of riverine islands, bars, and banks and finer-textured soils of floodplain terraces. Wet entisols have an aquic or peraquic moisture regime and are considered wetland soils. Some entisols are easily recognized as hydric soils such as the sulfaquents of tidal salt marshes, whereas others pose problems because they do not possess typical hydric soil field indicators. Wet sandy entisols (with loamy fine sand and coarser textures in horizons within 20 inches of the surface) may lack sufficient organic matter and clay to develop hydric soil colors. When these soils have a hue between 10YR and 10Y and distinct or prominent mottles present, a chroma of 3 or less is permitted to identify the soil as hydric (i.e., an aquic moisture regime). Also, hydrologic data showing that

NTCHS criteria #3 or #4 are met are sufficient to verify these soils as hydric.

(g) Red parent material and volcanic ash soils - Hydric mineral soil derived from red parent materials (e.g., weathered clays, Triassic sandstones, and Triassic shales) may lack the low chroma colors characteristic of most hydric mineral soils. In these soils, the hue is redder than 10YR because of parent materials that remain red after citrate-dithionite extraction, so the low chroma requirement for hydric soil is waived. Additionally, some hydric soils in Washington that are influenced by volcanic ash or other volcanic material may not exhibit hydric soil indicators.

(h) Spodosols (evergreen forest soils) - These soils are usually associated with coniferous forests. Spodosols have a gray eluvial E-horizon overlying a diagnostic spodic horizon of accumulated (sometimes weakly cemented) organic matter and aluminum. A process called podzolization is responsible for creating these two soil layers. Organic acids from the leaf litter on the soil surface are moved downward through the soil with rainfall, cleaning the sand grains in the first horizon then coating the sand grains with organic matter and iron oxides in the second layer. Certain vegetation produces organic acids that speed podzolization including western hemlock (*Tsuga heterophylla*), spruces (*Picea* spp.), pine (*Pinus* spp.), larches (*Larix* spp.), and oaks (*Quercus* spp.) (Buol, *et al*, 1980). To the untrained observer, the gray leached layer may be mistaken as a field indicator of hydric soil, but if one looks below the spodic horizon the brighter matrix colors often distinguish nonhydric spodosols from hydric ones. The wet spodosols (formerly called "ground water podzolic soils") usually have thick dark surface horizons, dull gray E-horizons, and low chroma subsoils.

(i) Interdunal swale wetlands - Along the Washington coastline, seasonally wet swales supporting hydrophytic vegetation are located within sand dune complexes on barrier islands and beaches. Some of these swales are inundated or saturated to the surface for considerable periods during the growing season, while others are wet for only the early part of the season. In some cases, swales may be flooded irregularly by the tides. These wetlands have sandy soils that generally lack field indicators of hydric soil. In addition, indicators of wetland hydrology may be absent during the drier part of the growing season. Consequently, these wetlands may be difficult to identify.

(j) Vegetated river bars and adjacent flats - Along streams, particularly in arid and semiarid parts of the state, some river bars and flats may be vegetated by FACU species while others may be colonized by wetter species. If these areas are frequently inundated for $\geq 12.5\%$ of the growing season, they are wetlands. The soils often do not reflect the characteristic field indicators of hydric soils, however, and thereby pose delineation problems.

REPEALER

PROPOSED RULES

OFFICE OF FINANCIAL MANAGEMENT

[Filed September 16, 1996, 3:12 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-15-125.

Title of Rule: Transfer of shared leave.

Purpose: To allow employees to donate sick leave and personal holiday leave in addition to annual leave to other employees for sick leave purposes.

Statutory Authority for Adoption: RCW 41.04.650 through 41.04.670.

Statute Being Implemented: RCW 41.04.660 and 41.04.665.

Summary: The rule change updates WAC 82-54-010 by expanding the types of leave state employees can donate.

Reasons Supporting Proposal: Rule change required by 1996 legislation effective June 6, 1996, as 3SHB 1381.

Name of Agency Personnel Responsible for Drafting: Millie Lund, 406 Legion Way S.E., (360) 664-3419; Implementation: Sol Davis, 406 Legion Way S.E., (360) 664-3420; and Enforcement: Pete Anthony, 406 Legion Way S.E., (360) 664-3404.

Name of Proponent: Office of Financial Management, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule will allow employees to donate sick leave and personal holidays along with annual leave to other state employees.

Proposal Changes the Following Existing Rules: WAC 82-54-010 is changed to add sick leave and personal holiday to the rule.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This rule relates to internal governmental operations that are not subject to violation by a nongovernmental party.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. This rule is explicitly and specifically dictated by legislative intent.

Hearing Location: 1st Floor Conference Room, 406 Legion Way S.E., Olympia, WA 98504, on October 22, 1996, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Vickie Larkin by October 4, 1996, TDD (360) 664-3649, or (360) 664-3372.

Submit Written Comments to: Pete Anthony, P.O. Box 43123, Olympia, WA 98504-3123, FAX (360) 664-3423, by October 10, 1996.

Date of Intended Adoption: October 22, 1996.

AMENDATORY SECTION (Amending Order 89-69, filed 8/22/89, effective 9/22/89)

WAC 82-54-010 Transfer of shared leave. The Washington state leave sharing program as established in RCW 41.04.650 through 41.04.670 provides that employees

may donate annual, sick, and personal holiday leave to other employees for sick leave purposes (~~as established under chapter 93, Laws of 1989~~). The purpose of the shared leave program is to permit state employees to aid fellow state employees who are suffering from, or have a relative or household member suffering from, extraordinary or severe illness, injury, impairment, or physical or mental condition which have caused or are likely to cause the employees to take leave without pay or terminate their employment.

WSR 96-19-066**PROPOSED RULES****INSURANCE COMMISSIONER'S OFFICE**

[Filed September 17, 1996, 8:45 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-17-085.

Title of Rule: Rules of practice and procedure for contested matters heard before the commissioner.

Purpose: Simplify, standardize, and streamline presentation of contested matters to be heard before the commissioner.

Other Identifying Information: Insurance Commissioner Matter No. R 96-8.

Statutory Authority for Adoption: RCW 34.05.220.

Statute Being Implemented: Chapter 48.04 RCW.

Summary: These rules will govern major areas of practice in contested matter hearings. Some sections provide definitions of standard practices to govern all hearings. Other sections define practices applicable only to those very specialized hearings dealing with insurance rate and contract issues.

Reasons Supporting Proposal: The current lack of practice and procedure rules allows the hearing process to be adversely impacted by dilatory pleadings, practices, and unnecessary discovery. Current practice results in significant amounts of resources being wasted in unnecessary discovery and extended hearings.

Name of Agency Personnel Responsible for Drafting: James T. Odiorne, Insurance Building, Olympia, Washington, (360) 586-5590; Implementation and Enforcement: Greg Scully, Insurance Building, Olympia, Washington, (360) 664-3785.

Name of Proponent: Deborah Senn, Insurance Commissioner, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This rule establishes procedures for the conduct of hearings in contested matters before the commissioner. These rules, applicable to both the commissioner and the person entitled to a hearing, provide: (1) For all matters other than rate and form issues, (a) a definition of the burden of proof borne by the parties in a contested matter, (b) procedures for requesting an intervention in a contested matter, (c) procedures involving continuances and extensions of time, (d) prehearing conference definitions, documentation and mode, (e) how stipulations of fact will be accepted, (f) manner for issuance of subpoenas, (g) how matters with common issues may be consolidated, (h) the procedure for

offering and proving evidence, and (i) permissible action on requests to stay an action by the commissioner; and, (2) for contested matters on rates or forms, (a) a definition of the form and content of pleadings, (b) a definition of the form and content of responsive pleadings, (c) the limits of prehearing discovery, and (d) the form and order of presentation of direct testimony.

The purpose of these rules is to provide the parties to all hearings consistent procedures. Consistent procedures will allow an expedited hearing process that protects the rights of all parties.

The anticipated effects of these rules include a more expeditious proceeding that will either finally resolve the issues or pave the way for judicial review. Another anticipated effect is a significant reduction in resources devoted by both the party entitled to a hearing and the commissioner to contested matter hearings.

Proposal does not change existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This is a procedural rule not subject to section RCW 35.05.328 (5)(c)(i) [34.05.328 (5)(c)(i)].

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. This is a procedural rule as defined in RCW 35.05.328 (5)(c)(i) [34.05.328 (5)(c)(i)]. This rule adopts procedures, practices and requirements for agency hearings of contested matters. This rule is not a significant legislative rule subject to the application of RCW 35.05.328 (5)(c)(i) [34.05.328 (5)(c)(i)].

Hearing Location: Insurance Building, 2nd Floor Conference Room, 14th and Water, Olympia, Washington, on November 6, 1996, at 9:00 a.m.

Assistance for Persons with Disabilities: Contact Lori Villaflores by November 5, 1996, TDD (360) 586-0691.

Submit Written Comments to: Kacy Brandeberry, P.O. Box 40255, Olympia, WA 98504-0255, Internet inscomr@aol.com, FAX (360) 664-3790, by November 6, 1996.

Date of Intended Adoption: November 20, 1996.

**Chapter 284-04 WAC
HEARINGS AND APPEALS**

NEW SECTION

WAC 284-04-001 Definitions. Unless the context clearly indicates otherwise, the following definitions apply to this chapter.

(1) "Adjudication" or "hearing" means an "adjudicative proceeding" as defined at RCW 34.05.010(1).

(2) "Party" means any person that has complied with all of the requirements of Title 48 RCW or chapter 34.05 RCW for establishing and maintaining party status in any proceeding before the commissioner.

(3) "Person" is defined at RCW 48.01.070.

(4) "Pleadings" in hearings before the commissioner include formal complaints, petitions, answers, replies, and written motions.

(5) "Presiding officer" means the person who has the authority to hear and determine any matter and to enter the

final order. The presiding officer may be either the commissioner or his or her designee. Pursuant to RCW 48.02.100, the commissioner may delegate his or her authority to any employee, or the commissioner may utilize the services of an administrative law judge in accordance with chapter 34.12 RCW; provided however that: If the commissioner utilizes the services of an administrative law judge, the commissioner shall enter the final order.

NEW SECTION

WAC 284-04-005 Scope and purpose. (1) Unless specifically otherwise provided in this chapter, these rules apply to every adjudicative hearing demanded or required under authority of Title 48 RCW.

(2) The purpose of this chapter is to supplement the model rules of procedure (chapter 10-08 WAC) and to outline the specific practice and procedure rules of the commissioner as permitted by chapter 34.05 RCW. Many of the specific sections of this chapter apply only to hearings regarding disputed rate and contract disapproval matters. The model rules of procedure apply unless otherwise provided for in this chapter or unless specifically provided for by the presiding officer. Adjudicative hearings include appeals from disciplinary or other actions taken by the commissioner, all denials of license or registration applications; revocations, suspensions, or modifications of licenses or registration; rate or form disapprovals; and, those hearings defined in RCW 34.05.010(1).

(3) All persons appearing in proceedings before the commissioner in a representative capacity shall conform to the standards of ethical conduct required of attorneys before the courts of this state.

(4) The commissioner incorporates by reference WAC 10-08-150 of the office of administrative hearings model rules of procedure governing interpreters.

NEW SECTION

WAC 284-04-008 Adjudicative hearings—Teleconference hearings. The presiding officer may conduct all or part of a hearing or conference by telephone, television, or other electronic means, if each participant in the hearing or conference has an opportunity to participate in, to hear, and, if technically feasible, to see the entire proceeding while it is taking place. The presiding officer shall grant the motion of any party showing good cause for having the hearing conducted in person at a rescheduled time.

NEW SECTION

WAC 284-04-010 Burden of proof. In all matters brought before the commissioner the burden is on the licensee to prove that the commissioner's action is inappropriate or unlawful. In an adjudicative hearing concerning the commissioner's disapproval of a rate or contract form, the burden of proof is on the proponent of the filing to show that the filing should be approved by the commissioner. In a show cause hearing, the burden is on the entity opposing the commissioner to prove that the commissioner's proposed action should not be taken.

NEW SECTION

WAC 284-04-020 Pleadings in contested rate or contract form matters. (1) All pleadings shall be legible and, unless a different size is required by the nature of the pleading, submitted on 8-1/2 x 11 inch paper. Pleadings shall not exceed sixty pages without the permission of the presiding officer. Unless otherwise required for a specific pleading, a copy shall be served upon the presiding officer and each party to the proceeding.

(2) Service shall be effective when received by the presiding officer at the commissioner's office in Olympia, Washington.

(3) When the presiding officer finds a pleading to be defective or insufficient, the presiding officer may return the pleading to the party filing it for correction. Defective or insufficient pleadings will not be considered filed until the defect or insufficiency has been cured. Typographical errors or errors in captions or spelling of names of parties may be corrected by the presiding officer.

(4) Every pleading shall be set out in numbered paragraphs. The first paragraph shall state the name and address of the pleading party. The second paragraph shall state all rules or statutes that may be brought into issue by the pleading. Succeeding paragraphs shall set out the statement of facts relied upon in form similar to that applicable to complaints in civil actions before the superior courts of this state. The concluding paragraph shall contain the relief requested by the pleading party.

(5) Motions shall be filed separately from any other filing and will not be considered if merely stated within the text of correspondence or a different pleading. The presiding officer may refer to the rules in the superior court of Washington as guidelines for handling of motions.

(6) Any party who desires to respond to a complaint, motion, or petition shall file an answer with the presiding officer and serve it upon all other parties. If an answer is not filed, the complaint or petition shall be deemed to be denied by the opposing party. Answers shall fully and completely disclose the nature of the defense and shall admit or deny specifically and in detail all material allegations of the complaint or petition. Matters alleged by way of affirmative defense shall be separately stated and numbered.

NEW SECTION

WAC 284-04-025 Pleadings in contested rate or contract form matters—Verification, time for filing, responsive pleadings, liberal construction, amendments. In hearings regarding contested rate or contract form disapproval matters:

(1) All pleadings, except motions and complaints brought upon the commissioner's own motion, shall be dated and signed by at least one attorney or representative of record in his or her individual name, stating his or her address, or by the party if the party is not represented by an attorney. Pleadings of a party who is not represented by an attorney shall include a statement that the pleading is true and correct to the best of the signer's belief.

(2)(a) An answer shall be filed within twenty working days after the service of the pleading against which it is directed. The filing of an answer is not mandatory. The

presiding officer may alter the time allowed for any answer if, in his or her belief, the public interest so requires.

(b) A request to file a reply to an answer shall be filed within ten working days after service of the answer to which it is directed. A request to file a reply is deemed denied unless specifically granted by the presiding officer. If the presiding officer allows a reply, he or she will set the time for filing.

(3) All pleadings shall be liberally construed with a view to effect justice among the parties. At every stage of any proceeding, the presiding officer shall disregard errors or defects in the pleadings or proceeding which do not affect the substantial rights of the parties.

(4) The presiding officer may allow amendments to the pleadings or other relevant documents at any time upon such terms as may be lawful and just.

NEW SECTION

WAC 284-04-030 Intervention. Interventions in hearings regarding contested rate or contract form disapproval matters shall be governed by RCW 34.05.443.

NEW SECTION

WAC 284-04-035 Continuances—Extensions of time.

(1) Postponements, continuances and extensions of time, called "continuances" in this section, may be requested by any party, upon notice to all other parties, and may be granted by the presiding officer upon a showing of good cause. Continuances may be directed by the presiding officer without the request of any party when doing so is in the public interest or furthers administrative needs of the presiding officer.

(2) Requests for continuances may be made orally on the record during a hearing. Whenever possible, requests shall be made in writing. Requests may be decided orally in hearing, or in writing, by the presiding officer. Requests may be granted; granted with modification; or denied.

(3) A request for continuance shall contain the following information:

- (a) The name of the requesting party;
- (b) A statement that the requestor or any other party has or has not previously requested a continuance in the proceeding and a description of any action taken on the request;
- (c) A statement that the requestor has or has not discussed the request with other parties and a description of any agreements of the parties;
- (d) The proposed new deadline;
- (e) The reason for the request and the basis for requesting the proposed new deadline;
- (f) An outline of efforts made to avoid a continuance and to minimize the length of the delay sought; and
- (g) Any other information consistent with the public interest which may bear upon a decision to allow or deny the continuance.

(4) Whenever possible, continuances shall be granted to a date certain. A party seeking an indefinite continuance shall demonstrate to the satisfaction of the presiding officer that a date certain is not feasible. Each ninety days after the initial request is granted, the party making request for continuance shall either file a statement with the presiding officer describing the status of the proceeding and why it is

still not feasible to establish a date certain, or shall request a date certain. Failure to file the statement required in this subsection is grounds for dismissal without further notice. The presiding officer may at any time rescind the continuance and set the proceeding for hearing.

NEW SECTION

WAC 284-04-045 Prehearing conferences. (1) When a hearing is scheduled in any formal proceeding, the presiding officer, by written notice, may request all interested persons to participate in prehearing or other conferences for the purpose of determining the feasibility of settlement, or for the purpose of formulating the issues in the proceeding and determining other matters to aid in its disposition. The presiding officer shall preside at such conferences to consider:

- (a) Disposition of petitions for leave to intervene in the proceeding filed pursuant to RCW 34.05.443;
- (b) Simplification of the issues;
- (c) The necessity or desirability of amendments to the pleadings;
- (d) Except as limited at WAC 284-04-060(4), the possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof;
- (e) Limitations on the number, and consolidation of the examination, of witnesses;
- (f) The procedure at the hearing;
- (g) The need for and timing of distribution of written testimony and exhibits to the parties prior to the hearing; and
- (h) Such other matters as may aid in the disposition of the proceeding or settlement of the matter.

(2) A statement describing the action taken at the conferences and the agreements made by the parties concerning all of the matters considered shall be made orally on the record or in writing and shall be served upon the parties for approval. If no objection to the oral statement is made on the record, or no objection to the written statement is filed within ten working days after the date the statement is served, it shall be deemed to be approved, subject to review by the presiding officer.

(3) At any time after any proceeding has commenced, the presiding officer, in his or her discretion, may call the parties together for a conference prior to the taking of testimony, or may recess the hearing for such a conference, with a view to carrying out the purpose of this section. The presiding officer shall state on the record the results of such conference.

(4) This section does not restrict the presiding officer's discretion to enter *ex parte* orders concerning scheduling and procedure prior to a prehearing conference.

NEW SECTION

WAC 284-04-050 Stipulation as to facts. Stipulations of fact are encouraged. The parties to any proceeding before the commissioner, by stipulation in writing filed with the presiding officer or entered into the record, may agree upon the facts or any portion thereof involved in the matter or controversy. This stipulation, if accepted by the presiding officer, shall be binding upon the parties thereto and may be used by the presiding officer as evidence at the hearing. The

presiding officer may reject the stipulation or require proof of the stipulated facts, despite the stipulation.

NEW SECTION

WAC 284-04-055 Subpoenas. (1) Subpoenas shall be issued, enforced, and witness fees paid, as provided in RCW 34.05.446.

(2) Subpoenas shall be issued at least five working days prior to the scheduled time of hearing or deposition.

(3) The presiding officer, upon motion made promptly and in any event at or before the time specified in the subpoena for compliance therewith, may:

(a) Quash or modify the subpoena if it is unreasonable and oppressive; or

(b) Require the person issuing the subpoena to advance to the other party the reasonable cost of producing the requested books, papers, documents, or tangible things. If within the time set by the presiding officer, the person issuing the subpoena fails to advance the reasonable costs of producing the requested things, the presiding officer may quash the subpoena.

NEW SECTION

WAC 284-04-060 Discovery in adjudicative proceedings on rates and contracts. The following are the exclusive forms of discovery that may be granted in an adjudicative proceeding concerning an action by the commissioner on a rate or contract form filing.

(1) Any party may request of any other party the production of any document that exists or may exist at the time the responding party responds to the request. For purposes of this section, "document" means anything that constitutes a writing including electronic forms of writing.

(2) A "data request" is a request by a party for another party to produce evidence that may be derived by summary, analysis, or other manipulation, from information within the custody or control of the party to whom the request is made. The purposes of a data request are to give a party access to the other party's data in a manageable form, to simplify the management and compilation of the hearing record, and to obtain the responding party's position on that party's interpretation of its data. A data request may require a responding party to search, review, and analyze data within its custody and control. A data request may not require a responding party to obtain or analyze data to which the requesting party has equal or reasonable access. Data requests generally will concern the activities of a licensee. Data requests for summary, analysis, or other manipulation of data concerning other licensees' activities, or data filed in other proceedings are not appropriate.

(3) Because in rate or form hearings, the observations of percipient witnesses rarely provide additional, relevant facts, and depositions may substantially increase the cost and delay the proceeding, depositions shall not be taken except as provided in this subsection. A party may take depositions upon the agreement of the parties. A party may otherwise take depositions only upon an order of the presiding officer, finding the deposition necessary either to preserve the testimony of a witness or to avoid manifest injustice to a party.

(a) The deposition of the commissioner, chief deputy commissioner, or any deputy commissioner may be taken only when the commissioner has identified the commissioner, chief deputy, or a deputy commissioner as a potential witness in the matter; where production of documents, depositions of other staff members, or other methods of discovery are not likely to reveal the information, evidence, or details needed by the party for the case; or, if the presiding officer determines that other forms of discovery will not suffice.

(b) A party shall not question the commissioner, chief deputy commissioner, or a deputy commissioner regarding his or her mental processes in reaching a decision.

(c) Unless otherwise ordered by the presiding officer, a deposition, data request, or request for production of documents shall be limited to information relevant to the proceeding.

(d) A party wanting to take the deposition of any person upon oral examination shall give notice in writing of not fewer than five working days.

(4) The presiding officer shall not permit interrogatories or requests for admissions.

(5) At a prehearing conference, the presiding officer shall establish and set forth a discovery schedule in a prehearing order. The schedule shall provide for sufficient and timely opportunities to resolve disputes. The presiding officer will hear disputes arising from use of the procedures set forth in this section at the earliest reasonable time. The presiding officer may make discovery rulings on the record or by written order.

(6) Unless otherwise specified in the prehearing order, the following procedures shall apply to document production request, data requests, and bench requests:

(a) The requesting party shall send written document production requests and data requests to the responding party, with copies to all other parties and to the presiding officer. Each party shall number its document production requests and data requests sequentially as submitted. The presiding officer shall describe on the record and consecutively number bench requests.

(b) Within ten working days, the responding party shall serve on all parties and on the presiding officer a statement of its willingness to produce the requested documents, its objections to the request, or both. The statement shall indicate the time and place of production and shall make the documents available for copying.

(c) Responding parties shall send responses to data requests and bench requests to all parties and to the presiding officer, so long as responses are consistent with the terms of any protective order entered by the presiding officer. Responding parties shall serve written responses to bench requests and data requests to all parties in the same manner and quantity as pre-distributed exhibits.

(i) A party responding to a data request shall provide the response to the requesting party within ten working days of service of a request. If the responding party cannot supply the data within ten working days, within five working days of receipt of the request, the responding party shall notify the requesting party, in writing, of the reasons why the responding party cannot meet the ten-day limit. In this event, the responding party shall also provide a schedule for producing the requested data or shall explain why the

responding party will not supply portions of the data. To the extent necessary, the presiding officer may modify time limits to conform to the hearing schedule or in the interests of justice. The responding party shall submit responses to bench requests within ten working days after the request is made on the record or served on the party, unless the presiding officer specifies another schedule. Parties who anticipate problems in making a timely response shall notify other parties promptly of the expected difficulties.

(ii) No response to a document production request, data request, or bench request shall be considered or treated as evidence until it is entered into the record.

(d) The scope of any document production request or data request shall be limited to documents or data relevant to the issues identified in the notices of hearing or orders in the adjudicative proceeding. The fact that the information sought will be inadmissible at the hearing is not a basis for objection, if the information sought appears reasonably calculated to lead to discovery of admissible evidence. The presiding officer shall limit the frequency, extent, or scope of discovery upon a finding that the discovery sought is unreasonably cumulative or duplicative, or is obtainable from some other source that is more convenient, less burdensome, or less expensive; that the party seeking discovery has had a chance to obtain the information sought; or, that the discovery is unduly burdensome or expensive. Before limiting the frequency, extent, or scope of discovery, the presiding officer shall take into account the needs of the adjudicative proceeding, the limitations of the parties' resources, the scope of the responding party's interest in the proceeding, the public interest, and the importance of the issues at stake in the adjudicative proceeding.

(7) If a party seeks information that has proprietary value or is a "trade secret" the presiding officer will ordinarily order production whenever the party requesting the information has a genuine need for the information in the preparation of its case. The presiding officer shall enter a protective order to preserve the legitimate rights of the responding party.

NEW SECTION

WAC 284-04-063 Direct testimony. (1) Except as provided in this section, direct testimony in a hearing concerning the commissioner's action on a rate or contract form filing shall be in writing and served sufficiently before the hearing to permit study and preparation of cross-examination. At the hearing, oral direct examination shall be limited to the following:

(a) Witness identification and authentication of the witness' written testimony;

(b) Rebuttal of testimony received since the witness' last opportunity to serve written testimony; and

(c) Such additional direct examination as the presiding officer, on his or her own motion, may direct.

(2) Notwithstanding subsection (1) of this section, a party may present for oral direct testimony a hostile witness whose direct testimony could not practicably be filed in writing.

(3) The party sponsoring an expert witness' direct testimony shall serve a copy of both the expert witness' direct testimony and work papers generated in connection

with his or her direct testimony. If service of the work papers is impracticable, the sponsoring party shall serve a statement that the work papers are available for examination and copying at a time and place convenient to the other parties.

(4) All written testimony shall be filed prior to commencement of the evidentiary hearing. The order of the filing of written testimony shall be as follows:

(a) Direct testimony of the proponent of the filing; followed by

(b) Direct testimony of an intervenor, if any; followed by

(c) Direct testimony of the insurance commissioner or his or her staff; followed by

(d) Rebuttal testimony of the proponent.

(5) The presiding officer shall establish the schedule for the filing of written testimony, but simultaneous filing of documents or testimony shall be permitted only if agreed to in advance by all parties and the presiding officer.

(6) During any cross-examination of a witness at a hearing, a witness shall be required to answer questions relating to all of his or her written testimony.

NEW SECTION

WAC 284-04-065 Consolidation of proceedings.

Two or more proceedings in which the facts or principles of law are related may be consolidated for hearing or disposition in the discretion of the presiding officer.

(1) A motion for consolidation or for the severance of consolidated matters shall be addressed to the presiding officer.

(2) The presiding officer may on his or her own motion consolidate matters for hearing, or sever consolidated matters, when he or she believes that the action is appropriate.

NEW SECTION

WAC 284-04-080 Adjudicative proceedings—Evidence.

(1) All rulings upon objections to the admissibility of evidence shall be made in accordance with the provisions of RCW 34.05.452.

(2) Where practicable, the presiding officer may order:

(a) That all documentary evidence, which is to be offered during the hearing or portions of the hearing, shall be submitted to the presiding officer and to the other parties sufficiently in advance to permit study and preparation of cross-examination and rebuttal evidence;

(b) That documentary evidence, not submitted in advance as required in (a) of this subsection, will be excluded from evidence in the absence of a clear showing that the offering party had good cause for failure to produce the evidence sooner, unless it is submitted for impeachment purposes;

(c) That the authenticity of all documents, submitted in advance in a proceeding in which such submission is required, shall be deemed admitted unless written objection thereto is filed prior to the hearing, except that a party will be permitted to challenge such authenticity at a later time upon a clear showing of good cause for failure to have filed such written objection.

(3) When only portions of a document are to be relied upon, the offering party shall identify the pertinent excerpts and state the purpose for which such materials will be offered. Only the excerpts, in the form of copies, shall be received in the record; however, the whole of the original documents, except any portions containing confidential material protected by law, shall be made available for examination and for use by all parties.

(4) The refusal of a witness to answer any question which has been ruled to be proper, in the discretion of the presiding officer, shall be grounds for striking all testimony previously given by such witness on related matters.

(5) Except as limited at WAC 284-04-060(4), any party bound by a stipulation or admission of record, at any time prior to closure of the hearing, may be permitted to withdraw the same in whole or in part by showing to the satisfaction of the presiding officer that such stipulation or admission was made inadvertently or under a bona fide mistake of fact contrary to the true fact and that its withdrawal at the time proposed will not unjustly prejudice the rights of other parties to the proceeding.

NEW SECTION

WAC 284-04-090 Action on request for stay. (1) If any party requests a stay of the commissioner's action, within five working days of the receipt of request for the stay, the presiding officer shall mail to all parties notice of the time and place for the hearing on the stay. Hearing on the stay shall be held within ten working days of receipt of the request for the stay. The hearing shall consider only issues directly related to whether staying the commissioner's action is just and equitable to all parties to the proceeding and to the public.

(2) Automatic stays pursuant to RCW 48.04.020 are effective only if a demand for hearing is received prior to the action of the commissioner that is requested to be stayed. The effective date of the commissioner's action, not the effective date of a contract form or rate filing, will determine whether a request for a stay is received timely.

WSR 96-19-067

PROPOSED RULES

INSURANCE COMMISSIONER'S OFFICE

[Filed September 17, 1996, 8:47 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-13-097.

Title of Rule: Risk-based surplus requirements for fraternal benefit societies.

Purpose: In 1996, the legislature substantially amended chapter 48.36A RCW, regarding fraternal benefit societies. These rules establish the minimum standards for surplus for fraternal benefit societies that effectuate the 1996 amendments. (See chapter 236, Laws of 1996.)

Other Identifying Information: Insurance Commissioner Matter No. R 96-5.

Statutory Authority for Adoption: RCW 48.02.060, 48.36A.100(7), 48.36A.290(4).

Statute Being Implemented: RCW 48.36A.100 (amended), 48.36A.282 (new), 48.36A.284 (new), 48.36A.286 (new), 48.36A.290 (amended), and 48.36A.310 (amended) — see generally chapter 236, Laws of 1996.

Summary: These rules establish minimum standards for risk-based surplus for fraternal benefit societies. The rules generally follow the model standards of the National Fraternal Congress (NFCA) and are based on the risk-based capital standards developed by the National Association of Insurance Commissioners (NAIC), as modified for use in the regulation of financial standards of fraternal benefit societies.

Reasons Supporting Proposal: Rules are necessary and desirable to effectuate chapter 236, Laws of 1996. That legislation was enacted to enhance the commissioner's regulation of the financial status of fraternal benefit societies.

Name of Agency Personnel Responsible for Drafting: Melodie Bankers and Jim Tompkins, Olympia and Lacey, Washington, (360) 586-3574, (360) 407-0537; Implementation and Enforcement: John Woodall, Lacey, Washington, (360) 407-0535.

Name of Proponent: Insurance Commissioner Deborah Senn, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The 1996 legislature substantially amended chapter 48.36A RCW, regarding fraternal benefit societies. These rules establish the minimum standards for risk-based surplus for fraternal benefit societies needed to effectuate those 1996 amendments (see chapter 236, Laws of 1996). The rules generally follow the model standards of the National Fraternal Congress (NFCA), which are based on the risk-based capital standards developed by the National Association of Insurance Commissioners (NAIC), as modified for use in the regulation of fraternal benefit societies.

Rules are necessary and desirable to effectuate chapter 236, Laws of 1996. That legislation was enacted to set a framework for the commissioner's financial regulation of the risk-based surplus of fraternal benefit societies.

Proposal does not change existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Any economic impact on a fraternal benefit society or its agents results from the law, not these rules.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. These rules were specifically dictated by statute (see chapter 236, Laws of 1996), therefore, these rules are exempt from the requirements of RCW 34.05.328.

Hearing Location: Insurance Building, Conference Room, 14th and Water, Olympia, Washington 98504-0255, on October 23, 1996, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Lori Villaflores by October 8, 1996, TDD (360) 586-0691.

Submit Written Comments to: Kacy Brandeberry, P.O. Box 40255, Olympia, WA 98504-0255, Internet inscomr@aol.com, FAX (360) 586-3535, by October 22, 1996.

Date of Intended Adoption: November 2, 1996.

PROPOSED

**Chapter 284-36A WAC
FRATERNAL BENEFIT SOCIETIES**

NEW SECTION

WAC 284-36A-005 Purpose and scope. This chapter applies to all fraternal benefit societies transacting the business of life and disability insurance in this state. The risk-based surplus standard in this chapter provide a mechanism for the commissioner to evaluate the ability of a fraternal benefit society to manage its insurance operations and to fulfill its responsibilities as tax-exempt benevolent and charitable organization for the benefit of members and others. The risk-based surplus standard of this chapter is a minimum standard. It is an estimate of the surplus level required of a fraternal benefit society that is necessary so that the entity may survive a series of catastrophic financial events. The risk-based surplus formula is the ratio of the fraternal benefit society's total adjusted surplus to its risk-based surplus.

NEW SECTION

WAC 284-36A-010 Definitions. (1) "AVR" means asset valuation reserve.

(2) "Fraternal benefit society" is defined at RCW 48.36A.010.

(3) "NAIC" means the National Association of Insurance Commissioners.

(4) "RBC" means risk-based capital.

(5) "RBS" means risk-based surplus.

(6) "RBS instructions" means the RBS report including risk-based capital instructions adopted by the NAIC, except where specifically amended in WAC 284-36A-055.

(7) "RBS level" means a fraternal benefit society's ratio of total adjusted surplus to risk-based surplus.

(8) "RBS report" means the report required in WAC 284-36A-050 and 284-36A-055.

(9) "Total adjusted surplus" means the sum of:

(a) A fraternal benefit society's statutory surplus as determined in accordance with statutory accounting applicable to the annual financial statement required to be filed under RCW 48.36A.260; and

(b) Other items, if any, as the RBS instructions may provide.

NEW SECTION

WAC 284-36A-020 Report of RBS level—Formula for determining level—Inaccurate reports adjusted by commissioner. (1) On or prior to the annual filing date, which is hereby established as March 1, every fraternal benefit society authorized to transact insurance business in this state, shall prepare and submit to the commissioner a report of its RBS level as of the end of the calendar year just ended, in a form and containing all information required by the RBS instructions.

(2) The RBS of a fraternal benefit society shall be determined in accordance with the formula set forth in the RBS instructions. The formula shall take into account and may adjust for the covariance between:

(a) The risk with respect to the assets of the fraternal benefit society;

(b) The risk of adverse insurance experience with respect to the liabilities and obligations of the fraternal benefit society;

(c) The interest rate risk with respect to the business of the fraternal benefit society; and

(d) All other business risks and other relevant risks as are set forth in the RBS instructions, determined in each case by applying the factors in the manner set forth in the RBS instructions.

(3) An excess of surplus over the amount produced by the RBS requirements and the formulas, schedules, and instructions under this chapter is desirable in the insurance business of fraternal benefit societies. Accordingly, fraternal benefit societies should seek to maintain unimpaired surplus above the RBS level required. Additional unimpaired surplus is used and useful in the insurance business of fraternal benefit societies and helps to secure a fraternal benefit society against various risks inherent in, or affecting, the insurance business of fraternal benefit societies and not accounted for or only partially measured by the RBS requirements.

(4) If a fraternal benefit society files an RBS report that in the judgment of the commissioner is inaccurate, then the commissioner shall adjust the RBS report to correct the inaccuracy and shall notify the fraternal benefit society of the adjustment. The notice shall contain a statement of the reason for the adjustment.

NEW SECTION

WAC 284-36A-025 Risk-based surplus (RBS) financial standard formula. (1) The risk-based surplus financial standard is set forth at subsection (2) of this section. This standard is based on the NAIC Risk-Based Capital formula. This formula is calculated for three major categories of risk, referred to as the C-1, C-2, and C-3 risks. For each category, the RBS is equal to factors multiplied by the amount at risk. RBS is compared to total adjusted surplus. Total adjusted surplus is equal to society surplus plus the AVR plus one-half of the dividend liability plus voluntary investment reserves. The RBS ratio is equal to the total adjusted surplus divided by total RBS.

(a) Asset Default Risk (C-1). The first category of risk is asset default (C-1). An RBS is calculated for most invested assets. For each asset type, the RBS is equal to a factor multiplied by the annual statement value of the asset. Lower asset quality and higher asset price volatility both indicate higher risk and therefore higher RBS. A size factor is used to increase the bond RBS. This size factor is based on the number of bond issuers. The idea is that risk is greater when there are fewer bond issuers. In addition, a concentration factor increases the RBS for bond and mortgage assets. Basically, the concentration factor doubles the RBS for the ten largest assets.

(b) Insurance Risk (C-2). The second category of risk is the insurance risk (C-2). RBS is required for potential fluctuation in mortality and morbidity. RBS for health insurance is equal to factors multiplied by health premium and claim reserves. RBS for life insurance is equal to factors multiplied by net amounts at risk.

(c) Interest Rate Risk (C-3). The third category is the interest rate risk (C-3). This is the risk of losses due to

changes in the interest rate levels. The impact of interest rate changes will be greatest on those products where guarantees are most in favor of the contract holder and where the contract holder is most likely to be responsive to changes in interest rates. Therefore, risk categories vary by withdrawal provision. The amount at risk is represented by reserves for annuities, life insurance, dividend accumulations, and other fund deposits. The RBS is equal to those reserves multiplied by factors.

(d) Total Risk Based Surplus. The total RBS is not the simple sum of the three pieces. The combined risk is less than the sum to recognize that not all losses occur at the same time. The assumption is that the default (C-1) and interest rate (C-3) risks are correlated. The total RBS is equal to the square root of the following: The sum of the asset default RBS (C-1), plus interest rate RBS (C-3) squared, plus the insurance RBS (C-2) squared:

- (i) C-1 plus C-3
- (ii) (i) squared

Size Factor

TOTAL NUMBER OF BOND ISSUERS:

The size factor was developed as a step factor (as in a tax table) so the overall factor decreases as the portfolio size increases. Bonds should be aggregated by issuer using the first six digits of the CUSIP number. U.S. Government bonds which receive a zero AVR factor and bonds reported on Line (9) are not counted in determining the size factor. The RBS for these bonds will not be included in the base to which the size factor is applied. If this field is left blank, it will be assumed that there are less than 50 issuers and will default to the maximum bond size factor adjustment (2.5).

Purpose

The purpose of the Concentration Factor is to reflect the additional risk of high concentration in single exposures (represented by an issuer of a security or a holder of a mortgage, etc.). The Concentration Factor basically doubles the risk-based surplus factor (with a maximum of 30%) of the ten largest asset exposures excluding various low risk categories or categories which already have a 30% factor. Since the risk-based surplus of these assets has already been counted once in the basic formula, this factor itself only serves to add in the additional risk-based surplus that is required on these assets. The calculation is done on a consolidated basis to keep societies from dividing up assets between parent and subsidiaries to minimize the concentration factor. The Concentration Factor is reduced by amounts already included in the concentration factors of subsidiaries to avoid double counting.

Specifics

The ten largest assets should be developed by consolidating the assets of the parent with the assets of the company's insurance and investment subsidiaries, then deducting the concentration factor component on any assets already reflected in the subsidiary's RBS for the concentration factor. The ten largest assets should exclude affiliated and non-affiliated common stock, affiliated preferred stock, Home Office properties, policy loans, bonds for which AVR and RBS are zero, class 1 and class 6 bonds, and any other asset categories with RBS factors less than 1% (residential mortgages in good standing, insured or guaranteed mortgages, and cash and short term investments). Aggregations should be done separately for bonds and preferred stock by the first six digits of the CUSIP number, and for mortgages and real estate. Real Estate and mortgages which are part of the same deal should be aggregated. Tenant exposure is not included.

Assets should be aggregated by "issuer name" before determining the ten largest exposures, since there might be more than one asset in the same category. For example, there may be more than one class 2 bond for a particular issuer. The factor in column 4 should correspond to the factor used on previous pages in this report. The additional RBS in column 5 represents the consolidated effect of the concentration factor.

Instructions

1. Aggregate assets by issuer. (See worksheet on following page.)
2. Select the ten largest asset exposures.
3. Transfer the worksheet data for the selected ten assets to page 6 of the workbook.

Noncontrolled assets are the amount of all assets not exclusively under the control of the society, or assets that have been sold or transferred subject to a put option contract currently in force.

Guarantees for affiliates include guarantees for the benefit of an affiliate which result in a material** contingent exposure of the society's assets to liability.

** The definition of "material" exposure or financial effect is the same as annual statement disclosure requirements.

1992 RBS Calculation Form

The following formula was developed to calculate the 1992 Risk Based Surplus needed to complete the 1995 Fraternal Standard calculation: 1992 total adjusted surplus divided by the 1995 total adjusted surplus, multiplied by the 1995 risk based surplus. (Total adjusted surplus equals statutory surplus plus asset valuation reserve plus voluntary investment reserves plus 1/2 dividend liability.)

NEW SECTION

WAC 284-36A-030 RBS level—Commissioner's action. If the RBS level of the fraternal benefit society is less than one hundred twenty-five percent, the commissioner shall, consistent with chapters 34.05 and 48.04 RCW, suspend or revoke the certificate of authority of the fraternal benefit society as being hazardous to its policyholders, members, or the people of this state.

NEW SECTION

WAC 284-36A-035 Confidentiality of RBS reports—Use of information for comparative purposes—Use of information to monitor solvency. (1) All RBS reports, to the extent the information is not required to be set forth in a publicly available annual statement schedule, including the results or report of any examination or analysis of a fraternal benefit society that are filed with the commissioner constitute information that might be damaging to the fraternal benefit society if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information shall not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner.

(2) The comparison of a fraternal benefit society's total adjusted surplus to its RBS level is a regulatory tool that may indicate the need for possible corrective action with respect to the fraternal benefit society, and is not a means to rank fraternal benefit societies generally. Therefore, except as otherwise required under the provisions of this chapter, the making, publishing, disseminating, circulating, or placing before the public, or causing, directly or indirectly to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station, or in any other way, an advertisement, announcement, or statement containing an assertion, representation, or statement with regard to the RBS level of any fraternal benefit society, or of any component derived in the calculation, by any fraternal benefit society, agent, broker, or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited. However, if any materially false statement with respect to the comparison regarding a fraternal benefit society's total adjusted surplus to its RBS level or an inappropriate comparison of any other amount to the fraternal benefit society's RBS level is published in any written publication and the fraternal benefit society is able to demonstrate to the commissioner with substantial proof the falsity of such statement, or the inappropriateness, as the case may be, then the fraternal benefit society may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false statement.

(3) The RBS instructions and RBS reports are solely for use by the commissioner in monitoring the solvency of fraternal benefit societies and the need for possible corrective action with respect to fraternal benefit societies and shall not be used by the commissioner for ratemaking nor considered or introduced as evidence in any rate proceeding nor used by the commissioner to calculate or derive any elements of an

appropriate premium level or rate of return for any line of insurance that a fraternal benefit society or any affiliate is authorized to write.

WSR 96-19-070
PROPOSED RULES
BOARD OF
PILOTAGE COMMISSIONERS

[Filed September 17, 1996, 10:40 a.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: Pilotage rates for the Puget Sound pilotage district.

Purpose: To correct a tariff anomaly so that vessel tonnage charges will not apply to any LOA Zone I (harbor shift) movements.

Other Identifying Information: WAC 296-116-300.

Statutory Authority for Adoption: RCW 88.16.035.

Statute Being Implemented: RCW 88.16.035.

Summary: The proposed rule reflects an increase in the vessel tonnage charge for movements outside of LOA Zone I while removing the like charges for vessel movements within LOA Zone I under the 0 - 20,000 gross ton category.

Reasons Supporting Proposal: No additional revenue is produced, but rather, it is redistributed.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Pilotage Commission, 1008 Western Avenue, Seattle, WA, (206) 515-3904.

Name of Proponent: Puget Sound Pilots, ARCO Marine, Inc. and Puget Sound Steamship Operators Association, Inc, private.

Agency Comments or Recommendations, if any, as to Statutory Language, Implementation, Enforcement, and Fiscal Matters: This change is not intended to produce additional revenue to pilots and it appears to be supported by all interested parties.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule as proposed by Puget Sound Pilots, ARCO Marine, Inc. and Puget Sound Steamship Operators Association, Inc. is intended to correct a tariff anomaly which developed since the adoption of a new vessel tonnage category on July 1, 1996. The tonnage charge of \$0.0060 was computed in a manner necessary to generate certain pilotage revenue. The computation included assessment of the charge on all vessel movements when it should have only applied to vessel movements outside of LOA Zone I. The proposed rate adjustment and exclusion of LOA Zone I movements will generate gross pilotage revenue nearly equal to that which would have been derived from the current rate as applied to all vessels.

Proposal Changes the Following Existing Rules: The proposed rule would increase the vessel tonnage charge in the 0 - 20,000 gross tons category from \$0.0060 to \$0.0072 per gross ton. Also, it will delete the current tonnage charge for vessel movements in LOA Zone I.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The deletion of the

PROPOSED

LOA Zone I vessel tonnage charge in the 0 - 20,000 gross tons category and the application of the \$0.0012 increase in the same category represent a very minor economic impact on shipping costs.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption.

Hearing Location: Marine Exchange Conference Center, 2701 1st Avenue, Suite 110, Seattle, WA 98121, on November 14, 1996, at 9:00 a.m.

Assistance for Persons with Disabilities: Contact Peggy Larson by November 12, 1996, (206) 515-3904.

Submit Written Comments to: Mr. Larry Vognild, Chairman, FAX (206) 515-3969, by November 7, 1996.

Date of Intended Adoption: November 14, 1996.

September 12, 1996

Larry L. Vognild
Chairman

AMENDATORY SECTION (Amending WSR 96-12-017, filed 5/29/96, effective 7/1/96)

WAC 296-116-300 Pilotage rates for the Puget Sound pilotage district. Effective 0001 hours July 1, 1996, through 2400 hours June 30, 1997.

CLASSIFICATION	RATE
Ship length overall (LOA) Charges:	per LOA rate schedule in this section
Boarding fee: Per each boarding/deboarding at the Port Angeles pilot station.	\$ 35.00
Harbor shift - Live ship (Seattle Port)	LOA Zone I
Harbor shift - Live ship (other than Seattle Port)	LOA Zone I
Harbor shift - Dead ship	Double LOA Zone I
Dead ship towing charge: LOA of tug + LOA of tow + beam of tow	Double LOA Zone I
Any tow exceeding seven hours, two pilots are mandatory. Harbor shifts shall constitute and be limited to those services in moving vessels from dock to dock, from anchorage to dock, from dock to anchorage, or from anchorage to anchorage in the same port after all other applicable tariff charges for pilotage services have been recognized as payable.	
Waterway and bridge charges: Ships up to 90' beam: A charge of \$187.00 shall be in addition to bridge fees for any vessel movements both inbound and outbound required to transit south of Spokane Street Bridge in Seattle, south of Eleventh Street Bridge in any of the Tacoma waterways, in Port Gamble, or in the Snohomish River. Any vessel movements required to transit through bridges shall have an additional charge of \$89.00 per bridge.	
Ships 90' beam and/or over: A charge of \$251.00 shall be in addition to bridge fees for any vessel movements both inbound and outbound required to transit south of Spokane Street Bridge in Seattle and south of Eleventh Street Bridge in any of the Tacoma waterways. Any vessel movements required to transit through bridges shall have an additional charge of \$176.00 per bridge. (The above charges shall not apply to transit of vessels from Shilshole Bay to the limits of Lake Washington.)	
Two or three pilots required: In a case where two or three pilots are employed for a single vessel waterway or bridge transit, the second and/or third pilot	

charge shall include the bridge and waterway charge in addition to the harbor shift rate.

Compass adjustment	\$250.00
Radio direction finder calibration	\$250.00
Launching vessels	377.00
Trial trips, 6 hours or less (Minimum \$708.00)	\$118.00 per hr.
Trial trips, over 6 hours (two pilots)	\$236.00 per hr.
Shilshole Bay — Salmon Bay	\$147.00
Salmon Bay — Lake Union	\$115.00
Lake Union — Lake Washington (plus LOA zone from Webster Point)	\$147.00
Cancellation charge	LOA Zone I
Cancellation charge — Port Angeles (when a pilot is ordered and vessel proceeds to a port outside the Puget Sound pilotage district without stopping for pilot or when a pilot order is cancelled less than twelve hours prior to the original ETA.)	LOA Zone II
Docking delay after anchoring:	\$118.00 per hr.
Applicable harbor shift rate to apply, plus \$118.00 per hour standby. No charge if delay is 60 minutes or less. If the delay is more than 60 minutes, charge is \$118.00 for every hour or fraction thereof.	
Sailing delay:	\$118.00 per hour
No charge if delay is 60 minutes or less. If the delay is more than 60 minutes, charge is \$118.00 for every hour or fraction thereof.	
Slowdown:	\$118.00 per hour
When a vessel chooses not to maintain its normal speed capabilities for reasons determined by the vessel and not the pilot, and when the difference in arrival time is one hour, or greater, from the predicted arrival time had the vessel maintained its normal speed capabilities, a charge of \$118.00 per hour, and each fraction thereof, will be assessed for the resultant difference in arrival time.	
Tonnage charges (excluding LOA Zone I movements):	
0 to 20,000 gross tons: Additional charge to LOA zone mileage of ((\$0.0060)) <u>\$0.0072</u> a gross ton for all gross tonnage up to 20,000 gross tons.	
20,000 to 50,000 gross tons: Additional charge to LOA zone mileage of \$0.0608 a gross ton for all gross tonnage in excess of 20,000 gross tons up to 50,000 gross tons.	
50,000 gross tons and up: In excess of 50,000 gross tons, the charge shall be \$0.0727 per gross ton.	
For vessels where a certificate of international gross tonnage is required, the appropriate international gross tonnage shall apply.	
Delayed arrival-Port Angeles:	\$118.00 per hour
When a pilot is ordered for an arriving inbound vessel at Port Angeles and the vessel does not arrive within two hours of its ETA, or its ETA is amended less than six hours prior to the original ETA, a charge of \$118.00 for each hour delay, or fraction thereof, shall be assessed in addition to all other appropriate charges.	
When a pilot is ordered for an arriving inbound vessel at Port Angeles and the ETA is delayed to six hours or more beyond the original ETA, a cancellation charge shall be assessed, in addition to all other appropriate charges, if the ETA was not amended at least twelve hours prior to the original ETA.

WSR 96-19-072
PROPOSED RULES
LOTTERY COMMISSION
[Filed September 17, 1996, 11:04 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-12-095 and 96-15-123.

Title of Rule: New sections WAC 315-11A-184 Instant Game Number 184 (\$2 Instant Monopoly®), 315-11A-185 Instant Game Number 185 (Double Blackjack), and 315-11A-186 Instant Game Number 186 (Lucky Bug).

Purpose: To establish the game play rules and criteria for determining winners of Instant Game Nos. 184 ("\$2 Instant Monopoly®"), 185 ("Double Blackjack"), and 186 ("Lucky Bug").

Statutory Authority for Adoption: RCW 67.70.040.

Statute Being Implemented: RCW 67.70.040.

Summary: See Purpose above.

Reasons Supporting Proposal: See Explanation of Rule below.

Name of Agency Personnel Responsible for Drafting: Michael Aoki-Kramer, Rules Coordinator, Olympia, (360) 586-6583; Implementation and Enforcement: Evelyn P. Yenson, Director, Olympia, (360) 753-3330.

Name of Proponent: Washington State Lottery Commission, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: WAC 315-11A-184, 315-11A-185 and 315-11A-186, for each game, certain terms must be defined in order to provide consistency in the game play rules. The play criteria will explain how the game functions to licensed retailers and players. Rigid validation requirements are set forth which will prevent the lottery or its retailers from paying out prize money on invalid tickets.

Proposal does not change existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The lottery has

considered whether these rules are subject to the Regulatory Fairness Act, chapter 19.85 RCW, and has determined that they are not for the following reasons: (1) The rules have no economic impact on business' cost of equipment, supplies, labor or administrative costs. The rules are designed to establish rules and procedures for the playing of instant lottery games; and (2) the rules will have a negligible impact, if any, on business because they are interpretive. They have been promulgated for the purpose of stating policy, procedure and practice and do not include requirements for forms, fees, appearances or other actions by business.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Said section does not apply to these proposed rules because they are not proposed by one of the listed agencies. As the rules are merely interpretive, the lottery does not voluntarily apply this section.

Hearing Location: Washington State Lottery, 5936 Corson Avenue South, Suite 106, Seattle, WA 98108, on November 1, 1996, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Michael Aoki-Kramer by October 25, 1996, (360) 586-6583.

Submit Written Comments to: Michael Aoki-Kramer, Lottery, FAX (360) 586-6586, by October 31, 1996.

Date of Intended Adoption: November 1, 1996.

NEW SECTION

WAC 315-11A-184 Instant Game Number 184 ("\$2 Instant Monopoly®"). (1) Definitions for Instant Game Number 184.

(a) Ticket and playfield: The perimeter of the ticket shall be printed to look like the perimeter of a "Monopoly®" game board. This area shall be covered with latex and shall be the playfield.

(b) Play symbols: The "play symbols" are listed below in (c) of this subsection. Eight of these play symbols shall appear under the latex covering on the front of the ticket; one of these play symbols shall also appear under the latex covered area labeled "Go."

(c) Play symbol captions: The small printed characters appearing below each play symbol which correspond with and verify that play symbol. The caption is a spelling out, in full or abbreviated form, of the play symbol. One and only one of these captions appears under each play symbol. The three-digit ticket number shall appear before each play symbol caption. For Instant Game Number 184, the captions which correspond with and verify the play symbols are:

<u>PLAY SYMBOL</u>	<u>CAPTION</u>
2	TWO
3	THR
4	FOR
5	FIV
6	SIX
7	SVN
8	EGT
9	NIN
10	TEN

13	THN
14	FRN
15	FTN
16	SXT
17	SVT
18	EGT
19	NIT
	HTL

(d) Prize symbols: The prize symbols are listed below in (e) of this subsection. One of these prize symbols appears adjacent to each of the play symbols, except that no prize symbol appears adjacent to the play symbol under the latex covered area labeled "Go."

(e) Prize symbol captions: The small printed characters which appear below the prize symbol and verify and correspond with that prize symbol. The prize symbol caption is a spelling out, in full or abbreviated form, of the prize symbol. For Instant Game Number 184, the prize symbol captions which correspond with and verify the prize symbols are:

<u>PRIZE SYMBOL</u>	<u>CAPTION</u>
\$ 1.00	ONE DOL
\$ 2.00	TWO DOL
\$ 3.00	THR DOL

(i) Pack: A set of two hundred fanfolded instant game tickets separated by perforations and packaged in plastic shrinkwrapping.

(2) Criteria for Instant Game Number 184.

(a) The price of each instant game ticket shall be \$2.00.

(b) Determination of prize winning tickets: An instant prize winner is determined in the following manner:

(i) When any of the eight play symbols matches exactly the play symbol labeled "Go," the matching play symbol shall be a winning play symbol, and the bearer of the ticket shall win the prize adjacent to the winning play symbol.

(ii) In Instant Game Number 184, the "HTL" play symbol with the caption "HTL" shall always be a winning play symbol, and the bearer of a ticket which has a "HTL" play symbol with the caption "HTL" shall be entitled to the prize shown adjacent to the "HTL" play symbol.

(iii) The bearer of a ticket which has more than one winning play symbol shall win the total of the prizes adjacent to each winning play symbol.

(c) No portion of the display printing nor any extraneous matter whatever shall be usable or playable as a part of the instant game.

(d) The determination of prize winners shall be subject to the general ticket validation requirements of the lottery as set forth in WAC 315-10-070, to the particular ticket validation requirements for Instant Game Number 184 set forth in subsection (3) of this section, to the confidential validation requirements established by the director, and to the requirements stated on the back of each ticket.

(e) Notwithstanding any other provisions of these rules, the director may:

(i) Vary the length of Instant Game Number 184; and/or

(ii) Vary the number of tickets sold in Instant Game Number 184 in a manner that will maintain the estimated average odds of purchasing a winning ticket.

(3) Ticket validation requirements for Instant Game Number 184.

(a) In addition to meeting all other requirements in these rules, to be a valid instant game ticket for Instant Game Number 184 all of the following validation requirements apply:

(i) Exactly one play symbol must appear below each of the eight properties and under the latex area labeled "Go" in the playfield on the front of the ticket.

(ii) Each play symbol must have a play symbol caption below it and each must agree with its caption.

(iii) Each of the play symbol captions, except for the play symbol caption under the area labeled "Go," shall have a prize symbol adjacent to it. Each of the prize symbols shall also have a prize symbol caption below it.

(iv) The display printing and the printed numbers, letters, and symbols on the ticket must be regular in every respect and correspond precisely with the artwork on file with the director. The numbers, letters, and symbols shall be printed as follows:

Play Symbols	Play Symbol Font
Prize Symbols	Prize Symbol Font
Captions	Caption Font
Pack-Ticket Number	Validation Font
Validation Number	Validation Font
Retailer Verification Code	Validation Font

(v) Each of the play symbols and its caption, the validation number, pack-ticket number, and retailer verification code must be printed in black ink.

(vi) Each of the play symbols and each of the play symbol captions must be exactly one of those described in subsection (1)(c) of this section.

(vii) Each of the prize symbols must be exactly one of those described in subsection (1)(d) of this section and each of the prize symbol captions must be exactly one of those described in subsection (1)(e) of this section.

(b) Any ticket not passing all the validation requirements in WAC 315-10-070 and in (a) of this subsection is invalid and ineligible for any prize.

PROPOSED RULES

WASHINGTON STATE PATROL

[Filed September 17, 1996, 2:11 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-14-113.

Title of Rule: Commercial motor vehicle regulations. This rule will set the harvest dates for the exemption of agricultural transporters.

Purpose: Washington State Patrol has already adopted federal safety regulations for commercial motor vehicles. The federal government recently transferred authority regarding those regulations to the state level.

Statutory Authority for Adoption: RCW 46.32.020.

Summary: Under the National Highway System Designation Act of 1995, states may set harvest dates for agricultural operations, exempting agricultural transporters from certain federal regulations.

Reasons Supporting Proposal: This rule sets harvest dates for Washington state, allowing employers expanded use of agricultural transporters.

Name of Agency Personnel Responsible for Drafting: Craig Powell, State Patrol Commercial Vehicle Division, Olympia, (360) 753-0282; **Implementation and Enforcement:** Captain Tim Erickson, Washington State Patrol, Commercial Vehicle Division, Olympia, (360) 753-0302.

Name of Proponent: Washington State Patrol, governmental.

Rule is necessary because of federal law, 49 CFR Parts 383 and 395.

Explanation of Rule, its Purpose, and Anticipated Effects: The National Highway System Designation Act of 1995 created exemptions from certain requirements of the federal motor carriers safety regulations. Employers engaged in the transportation of agricultural commodities and farm supplies were included in the exemptions. The exemption allows individual states to set the planting and harvesting seasons. While the state patrol already adopted federal safety regulations regarding commercial vehicles, this rule will allow Washington farmers more flexibility in the use of agricultural transporters by setting harvest dates specific to Washington state.

Proposal Changes the Following Existing Rules: Sets harvest dates for agricultural transporters.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This rule will benefit employers by allowing more flexibility for the use of agricultural transporters.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption.

Hearing Location: Washington State Patrol, Commercial Vehicle Division Conference Room, General Administration Building, Room G 21, Olympia, Washington 98504, on October 23, 1996, at 9 a.m.-11 a.m.

Assistance for Persons with Disabilities: Contact Craig Powell by October 18, 1996, (360) 753-0282.

Submit Written Comments to: Craig Powell, Commercial Vehicle Division, P.O. Box 42614, Olympia, WA 98504-2614, FAX (360) 438-5850, by October 18, 1996.

Date of Intended Adoption: October 31, 1996.

AMENDATORY SECTION (Amending WSR 95-13-080, filed 6/20/95, effective 7/21/95)

WAC 446-65-010 Transportation requirements. (1) The Washington state patrol hereby adopts the following parts of Title 49 Code of Federal Regulations, for motor carriers used in intrastate or interstate commerce, in their entirety: Parts 390 General, 391 Qualification of drivers, 392 Driving of motor vehicles, 393 Parts and accessories necessary for safe operation, 395 Hours of service of drivers, 396 Inspection, repair, and maintenance, 397 Transportation of hazardous materials; driving and parking rules, provided, however, motor carriers operating vehicles with a gross vehicle weight rating between 10,001 lbs. and 26,000 lbs. operating solely intrastate, and not used to transport hazardous materials in a quantity requiring placarding, are exempt from Parts 390 General, 391 Qualifications of drivers, 392 Driving of motor vehicles, 395 Hours of service, and 396 Inspection, repair, and maintenance.

(2) As provided in Part 395, exemption for agricultural transporters, the harvest dates are defined as starting February 1 and ending November 30 of each year.

(3) Copies of Title 49 CFR, parts 390 through 397, now in force are on file at the code reviser's office, Olympia and at the Washington state patrol headquarters, commercial vehicle enforcement section, Olympia. Additional copies

may be available for review at Washington state patrol district headquarters offices, public libraries, Washington utilities and transportation commission offices, and at the United States Department of Transportation, Bureau of Motor Carrier Safety Office, Olympia. Copies of the CFR may be purchased through the Superintendent of Documents, United States Government Printing Office, Washington, D.C. 20402.

WSR 96-19-080
PROPOSED RULES
PARKS AND RECREATION
COMMISSION

[Filed September 17, 1996, 4:06 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-16-075.

Title of Rule: WAC 352-32-010 Definitions, 352-32-250 Standard fees charged, 352-32-251 Limited income senior citizen, disability, and veteran disability passes, 352-32-130 Aircraft, 352-20-010 Parking and 352-32-330 Commercial recreation providers—Permits.

Purpose: To establish a definition for the proposed commercial recreation use and commercial recreation use provider. This will also clarify existing WACs.

Statutory Authority for Adoption: RCW 43.51.055, 43.51.060, 43.51.050, 43.51.040.

Statute Being Implemented: RCW 43-51-055 [43.51.055], 43.51.060, 43.51.050, 43-51-040 [43.51.040].

Summary: Since 1924 a fee program has evolved within Washington State Parks and Recreation Commission under authority granted in RCW and subsequent WAC and policy actions by the commission.

Reasons Supporting Proposal: To ensure clear and concise language within the WAC and to clearly define new programs as they are proposed and adopted.

Name of Agency Personnel Responsible for Drafting: Pamela McConkey, 7150 Cleanwater Lane, Olympia, WA 98504, (360) 902-8595; Implementation: Washington State Parks and Recreation Commission, Olympia, 902-8505; and Enforcement: Washington State Park Rangers, statewide.

Name of Proponent: Washington State Parks and Recreation Commission, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Development of a commercial recreation use permit and a commercial recreation provider permit. This will enable Washington State Parks and Recreation Commission to monitor and manage the number of commercial recreation activities and the impact on state parks land. Clarifications and minor corrections to WAC 352-32-010, 352-32-130, 352-32-250, and 352-32-251. WAC 352-32-250 and 352-32-251 enable limited income senior citizens, disabled, and disabled veterans the use of state park trailer dump stations and watercraft launch sites for free. WAC 352-32-130 allows the director to appoint a designee the authority to approve aircraft landings in state parks for emergencies or search and rescue. WAC 352-32-010 clarifies definitions and changes "boat launch" to "watercraft launch sites."

Proposal Changes the Following Existing Rules: The changes to the existing rules are minor with changes and clarifications in the definitions regarding watercraft launch sites, free use of trailer dump stations and watercraft launch sites for limited income senior citizens, disabled, and disabled veteran pass holders. The change to WAC 352-32-130 enables the director to appoint a designee the authority to approve aircraft landings in state parks for emergencies, search and rescue.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Exempt under chapter 19.85 RCW.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. This is not a significant legislative rule.

Hearing Location: Red Lion Bay Shore Inn, 221 North Lincoln, Port Angeles, WA, on October 25, 1996, at 9:00.

Assistance for Persons with Disabilities: Contact Allison Alderman, by October 15, 1996, TDD (360) 428-1028, or (360) 755-9231.

Submit Written Comments to: Pamela McConkey, P.O. Box 42650, Olympia, WA 98504, FAX (360) 586-5875, by October 14, 1996.

Date of Intended Adoption: October 25, 1996.

AMENDATORY SECTION (Amending WSR 92-19-098, filed 9/17/92, effective 10/18/92)

WAC 352-20-010 Parking. (1) No operator of any automobile, trailer, camper, boat trailer, or other vehicle, shall park such vehicle in any state park area, except where the operator is using the area for a designated recreational purpose or possesses a state park nonrecreation permit and the vehicle is parked either in a designated parking area, or in another area with the permission of a ranger.

(2) No person shall park, leave standing, or abandon a vehicle in any state park area after closing time, except when camping in a designated area, or with permission from the ranger.

(3) No person shall park, leave standing, or abandon a vehicle being used for commercial purposes in any state park area without written permission from the ranger.

(4) Any vehicle found parked in violation of subsection (1), (2), or (3) of this section may be towed away at the owner's or operator's expense.

(5) Except as provided in WAC 352-20-070, any violation of this section is an infraction under chapter 7.84 RCW.

AMENDATORY SECTION (Amending WSR 96-02-015, filed 12/21/95, effective 1/21/96)

WAC 352-32-010 Definitions. Whenever used in this chapter the following terms shall be defined as herein indicated:

"Bivouac" shall mean to camp overnight on a vertical rock climbing route on a ledge or in a hammock sling.

~~("Boat launch" shall mean any facility located in a state park area designated for the purpose of placing or retrieving any vehicle, boat, or trailer, or watercraft into or out of the water.)~~

"Camping" shall mean erecting a tent or shelter or arranging bedding, or both, or parking a recreation vehicle or other vehicle for the purpose of remaining overnight.

"Camping unit" shall mean a group of people (one or more persons) that is organized, equipped and capable of sustaining its own camping activity.

"Commercial recreation use" is a recreational activity in a state park that is packaged and sold as a service by an organization or individual, other than state parks or a state park concessionaire.

"Commercial recreation provider" is any individual or organization that packages and sells a service that meets the definition of a commercial recreation use.

"Commission" shall mean the Washington state parks and recreation commission.

"Day area parking space" shall mean any designated parking space within any state park area designated for daytime vehicle parking.

"Director" shall mean the director of the Washington state parks and recreation commission.

"Emergency area" is an area in the park separate from the designated overnight camping area, which the park manager decides may be used for camping when no alternative camping facilities are available within reasonable driving distances.

"Environmental interpretation" shall mean the provision of services, materials, publications and/or facilities, including environmental learning centers (ELC), for other than basic access to parks and individual camping, picnicking, and boating in parks, that enhance public understanding, appreciation and enjoyment of the state's natural and cultural heritage through agency directed or self-learning activities.

"Environmental learning centers (ELC)" shall mean those specialized facilities, designated by the director, designed to promote outdoor recreation experiences and environmental education in a range of state park settings.

"Group camping areas" are designated areas usually primitive with minimal utilities and site amenities and are for the use of organized groups. Facilities and extent of development vary from park to park.

"Motorcycle" means every motor vehicle having a saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground, but excluding a farm tractor and a moped.

"Multiple campsite" shall mean a designated and posted camping facility encompassing two or more individual standard, utility or primitive campsites.

"Overflow area" shall mean an area in a park separate from designated overnight and emergency camping areas, designated by the park manager, for primitive camping to accommodate peak camping demands in the geographic region.

"Paraglider" shall mean an unpowered ultralight vehicle capable of flight, consisting of a fabric, rectangular or elliptical canopy or wing connected to the pilot by suspension lines and straps, made entirely of nonrigid materials except for the pilot's harness and fasteners. The term "paraglider" shall not include hang gliders or parachutes.

"Person" shall mean all natural persons, firms, partnerships, corporations, clubs, and all associations or combinations of persons whenever acting for themselves or by an agent, servant, or employee.

"Popular destination park" shall mean any state park designated by the director as a popular destination park because, it is typically occupied to capacity by Thursday or Friday night during the high use season and the typical park user plans to stay more than one night.

"Primitive campsite" shall mean a campsite not provided with flush comfort station nearby and which may not have any of the amenities of a standard campsite.

"Public assembly" shall mean a meeting, rally, gathering, demonstration, vigil, picketing, speechmaking, march, parade, religious service, or other congregation of persons for the purpose of public expression of views of a political or religious nature for which there is a reasonable expectation that more than one hundred persons will attend based on information provided by the applicant. Public assemblies must be open to all members of the public, and are generally the subject of attendance solicitations circulated prior to the event, such as media advertising, flyers, brochures, word-of-mouth notification, or other form of prior encouragement to attend.

Alternatively, the agency director may declare an event to be a public assembly in the following cases: Where evidentiary circumstances and supporting material suggest that more than one hundred persons will attend, even where the applicant does not indicate such an expectation; or where there is reason to expect a need for special preparations by the agency or the applicant, due to the nature or location of the event.

"Ranger" shall mean a duly appointed Washington state parks ranger who is vested with police powers under RCW 43.51.170, and shall include the park manager in charge of any state park area.

"Recreation vehicle" shall mean a vehicle/trailer unit, van, pickup truck with camper, motor home, converted bus, or any similar type vehicle which contains sleeping and/or housekeeping accommodations.

"Residence" shall mean the long-term habitation of facilities at a given state park for purposes whose primary character is not recreational. "Residence" is characterized by one or both of the following patterns:

Camping at a given park for more than twenty days within a thirty-day time period May 1 through September 30; or thirty days within a sixty-day time period October 1 through April 30. As provided in WAC 352-32-030(7), continuous occupancy of facilities by the same camping unit shall be limited to ten consecutive nights May 1 through September 30 and fifteen consecutive nights October 1 through April 30 in one park, after which the camping unit must vacate the overnight park facilities for three consecutive nights. The time period shall begin on the date for which the first night's fee is paid.

The designation of the park facility as a permanent or temporary address on official documents or applications submitted to public or private agencies or institutions.

"Special recreation event" shall mean a group recreation activity in a state park sponsored or organized by an individual or organization that requires reserving park areas, planning, facilities, staffing, or other services beyond the level normally provided at the state park to ensure public welfare and safety and facility and/or environmental protection.

"Standard campsite" shall mean a designated camping site which is served by nearby domestic water, sink waste, garbage disposal, flush comfort station and picnic table.

"State park area" shall mean any area under the ownership, management, or control of the commission, including trust lands which have been withdrawn from sale or lease by order of the commissioner of public lands and the management of which has been transferred to the commission, and specifically including all those areas defined in WAC 352-16-020. State park areas do not include the seashore conservation area as defined in RCW 43.51.655 and as regulated under chapter 352-36 WAC.

"Trailer dump station" shall mean any state park sewage disposal facility designated for the disposal of sewage waste from any recreation vehicle, other than as may be provided in a utility campsite.

"Upland" shall mean all lands lying above mean high water.

"Utility campsite" shall mean a standard campsite with the addition of electricity and which may have domestic water and/or sewer.

"Watercraft launch site" shall mean any facility located in a state park area designated for the purpose of placing or retrieving any vehicle-born or trailer-born watercraft into or out of the water.

"Water trail advisory committee" shall mean the twelve-member committee constituted by RCW 43.51.456.

"Water trail camping sites" shall mean those specially designated group camp areas identified with signs, that are near water ways, and that have varying facilities and extent of development.

AMENDATORY SECTION (Amending WSR 94-01-087, filed 12/13/93, effective 1/13/94)

WAC 352-32-130 Aircraft. (1) No aircraft shall land on or take off from any body of water or land area in a state park area not specifically designated for landing aircraft. This provision does not apply to official aircraft used in the performance of search and rescue missions, medical emergencies, law enforcement activities, or firefighting activities. It also does not apply in cases where the director or designee specifically authorizes such landings or take offs, in writing, associated with the operational, or administrative needs of the agency or state.

(2) Individuals who have complied with the registration process provided or who have obtained a special recreation event permit pursuant to WAC 352-32-047 may launch and land paragliders in state park areas specifically designated by the director as available for paragliding. Prior to any such designation, the director or designee shall advertise and conduct a public meeting in the region where the park is located. The director shall consider the potential impacts of paragliding in the proposed area, including but not limited to the following factors: The degree of conflict paragliding may have with other park uses, public safety issues, and any potential damage to park resources/facilities. Any park designated for paragliding shall be conspicuously posted as such by the director.

(3) Individuals paragliding in state parks must:

(a) Comply with the registration process provided for such purposes;

(b) Observe all applicable laws and regulations;

(c) Never destroy or disturb park facilities, natural features, or historical or archeological resources;

(d) Conduct themselves with thoughtfulness, courtesy and consideration for others, and not interfere with other recreational activities;

(e) Conduct themselves in compliance with the following basic safety regulations:

(i) Comply with specific site operational rules that are posted;

(ii) Fly in a manner consistent with the pilot rating held;

(iii) Preplanned landings should be made in areas no smaller than forty feet wide by one hundred feet long;

(iv) Make preflight checks of weather, equipment and site conditions;

(v) Observe all published traffic and right of way flight guidelines, including yielding right of way to all aircraft;

(vi) Wear protective clothing, headgear, Coast Guard approved flotation gear, reserve parachute, supplemental oxygen and communication equipment as appropriate for conditions;

(vii) Fly in a manner that does not create a hazard for other persons or property;

(viii) Fly only during daylight hours, or hours otherwise specified by posting at the site;

(ix) Do not fly over congested areas of parks or open air assembly of persons;

(x) Fly only in designated areas of parks;

(xi) Fly with visual reference to the ground surface at all times.

(xii) Do not tether paraglider to the ground or other stable nonmovable object.

(f) Not fly while under the influence of alcohol or drugs.

AMENDATORY SECTION (Amending WSR 95-22-067, filed 10/30/95, effective 1/1/96)

WAC 352-32-250 Standard fees charged. Fees shall be charged in parks operated by the Washington state parks and recreation commission for use of lands, facilities, programs, services, and materials as published by state parks: *Provided, however,* That the director has the authority to discount fees to a maximum of 50% below the published fee amounts in order to take advantage of marketing opportunities to encourage use and increase revenues. Any such discounts shall be effective for a limited period of time less than one year in duration. The director may consider the following factors in discounting fees:

Prevailing rates for comparable facilities;

Day of the week;

Season of the year;

Amenities of the park area and site;

Demand for facilities; and

Such other considerations as the director deems appropriate. The director may also waive fees for marketing or promotional purposes or to redress visitor complaints, provided, however, that annual fees may not be waived.

(1) The director may authorize reciprocity with other state or federal agencies for the use of annual permits of like services, provided, that Washington licensed vehicles and/or

residents shall be required to have and/or display the appropriate Washington permit;

(2) Overnight camping - standard campsite; utility campsite; emergency campsite; overflow campsite; primitive campsite for nonmotorized vehicle; primitive campsite for motorized vehicle - fees will be charged as published by state parks. Payment for utility campsite will be collected whether utility hookups are actually used or not, except when otherwise specified by a ranger;

(3) Overnight camping - multiple campsites: Where campsites are designated and posted as a "multiple campsite," an individual may rent the multiple campsite by paying the multiple campsite fee. The multiple campsite fee will be calculated by multiplying the standard utility or primitive campsite fee, as applicable, by the number of individual campsites to be used in the designated multiple campsite;

(4) Group camping area - certain parks: Individual camping units using these facilities must pay the primitive campsite fee or other appropriate fee based on facilities available;

(5) Environmental interpretation:

(a) Service fees will be established by the director in order to recover, to the maximum extent practicable, all direct and indirect costs of environmental interpretation services on a program-wide basis based on anticipated attendance.

(b) Material and publication fees will be established by the director. All material and publication fees will be deposited in the parks improvement account to be used for purposes specified in RCW 43.51.052.

(c) Facility use, including environmental learning center fees, will be established by the commission. A facility use fee schedule is available by contacting Washington State Parks and Recreation Commission, 7150 Cleanwater Lane, P.O. Box 42650, Olympia, WA 98504-2650;

(6) Adirondacks - not to include those located in ELC areas: Occupancy shall be limited to the number of built-in bunks provided;

(7) Extra vehicle overnight parking fee will be charged for each additional unhitched vehicle in excess of the one recreational vehicle allowed at each campsite: *Provided*, An extra vehicle overnight parking fee shall not be imposed when the recreational vehicle and the towed vehicle arrive at the park hitched together, and after the camper has registered for and occupied the assigned campsite either the recreational vehicle or the towed vehicle remain parked at the campsite for the duration of the camper's stay;

(8) Unattended vehicle overnight parking permit: Unoccupied vehicles parked overnight in designated areas must register and pay the nightly permit fee. The permit must be prominently displayed in the vehicle;

(9) ~~(Boat)~~ Watercraft launch site permit fee - charged according to facilities provided. Boat launch permit shall not be required for:

(a) Vehicles registered for camping or overnight mooring in the park containing the ~~((boat))~~ watercraft launch ~~((area))~~ site;

(b) Vehicles of persons using any recreational housing or conference facilities at Fort Worden State Park;

(c) Vehicles of persons holding limited-income senior citizen, disability or disabled veteran passes;

(d) Vehicles displaying a valid annual ~~((boat))~~ watercraft launch site permit;

(10) Annual ~~((boat))~~ watercraft launch site permit valid January 1 - December 31 at any launch site designated by the commission. Permit must be displayed as instructed on permit backing;

(11) Trailer dump station fee - Fee shall not be required for:

(a) Registered camping vehicles in the park containing the dump station;

(b) Vehicles of persons holding limited-income senior citizen, disability or disabled veterans passes;

(12) Popular destination park - a surcharge will apply for use of standard or utility campsite located in a popular destination park during such periods as the director may specify;

(13) Water trail site permits -

(a) Unlimited use within the calendar year, annual fee to be set by the director after consultation with the water trail advisory committee, based on a cumulative charge of \$1.00 per site available for public use at the start of the calendar year;

(b) One day/night use within the calendar year, annual fee to be set by the director after consultation with the water trail advisory committee, based on a cumulative charge of \$.35 per site available for public use at the start of the calendar year;

(c) For children under 13 years of age the permits shall be issued at no cost;

(d) Water trail permits issued to persons by another state or Canadian province will be honored provided that a similar reciprocal provision for Washington water trail permit holders is issued by that state or province;

(e) Water trail permits will be issued to holders of Washington state parks passes (WAC 352-32-251) for the applicable discounts;

(14) A surcharge per collection shall be assessed for any staff collected fee at a self-registration overnight facility;

(15) Group day use facilities - a minimum daily permit fee will be charged for groups of 20 or more;

(16) Reservation transaction - fee will be charged as published by state parks;

(17) Moorage facilities - fee will be charged as published by state parks;

(18) Hot showers, electric stoves - fees will be charged as published by state parks. Fees published by state parks do not apply in those circumstances set forth in WAC 352-32-280 and 352-32-285 as now or hereafter amended;

(19) Commercial recreation provider permit registration - a fee shall be charged, as published by state parks for registration as a commercial recreation provider;

(20) Commercial recreation provider permit - effective January 1, 1998, a fee shall be charged, as published by state parks for obtaining a permit to engage in commercial recreational use of state parks, as defined in WAC 352-32-010.

AMENDATORY SECTION (Amending WSR 90-04-024, filed 1/29/90, effective 3/1/90)

WAC 352-32-251 Limited income senior citizen, disability, and veteran disability passes. (1)(a) Persons who are senior citizens, meet the eligibility requirements of RCW 43.51.055, and have been residents of Washington state for at least one year shall, upon application to the commission accompanied by either a copy of a federal income tax return filed for the previous calendar year, or a senior citizen property tax exemption pursuant to RCW 84.36.381, or a notarized affidavit of income on a form provided by the commission, receive a limited income senior citizen pass at no charge, which entitles the holder and the holder's camping unit to free admission to any state park administered facility, free use of trailer dump stations, watercraft launch sites, and to a fifty percent reduction in any campsite fees or moorage fees levied by the commission. Limited income senior citizen passes shall remain valid so long as the pass holder meets eligibility requirements.

(b) Proof submitted to the commission for the return of a senior citizen pass surrendered upon request to a commission employee who has reason to believe the user does not meet the eligibility criteria shall be the same as listed in subsections (1) and (5) of this section for original pass issuance.

(2) Persons who are permanently disabled, legally blind, or profoundly deaf, meet the eligibility requirements of RCW 43.51.055, and have been residents of Washington state for at least one year shall, upon application to the commission, receive a five year disability pass at no charge and other disabled persons who meet the eligibility requirements of RCW 43.51.055 and have been residents of Washington state for at least one year shall, upon application to the commission, receive a one year disability pass which entitles the holder and the holder's camping unit to free admission to any state park administered facility, free use of trailer dump stations, watercraft launch sites, and to a fifty percent reduction in any campsite fees or moorage fees levied by the commission.

(3) Persons who are veterans, meet the eligibility requirements of RCW 43.51.055, and have been residents of Washington state for at least one year shall, upon application to the commission, receive a lifetime veteran disability pass at no charge which entitles the holder and the holder's camping unit to free admission to any state park administered facility and to free use of any state park campsite, trailer dump station, watercraft launch site, or moorage facility.

(4) Applications for limited income senior citizen, disability, and veteran disability passes shall be made on forms prescribed by the commission.

(5) Verification of age shall be by original or copy of a birth certificate, notarized affidavit of age, witnessed statement of age, baptismal certificate, or driver's license. Verification of residency shall be by original or copy of a Washington state driver's license, voter's registration card, or senior citizen property tax exemption.

(6) For pass holders who travel by car or recreational vehicle a camping unit shall include the pass holder and up to seven guests of the holder who travel with the holder and

use one campsite or portion of a designated group camping or emergency area. One additional vehicle without built-in sleeping accommodations may be part of the camping unit of a holder at one campsite or portion of a designated group camping or emergency area when in the judgment of a ranger the constructed facilities so warrant and the total number of guests of the holder do not exceed seven.

(7) For pass holders who travel by a mode of transportation other than car or recreational vehicle a camping unit shall include the pass holder and up to five guests who travel with the holder and use one campsite or portion of a designated group camping or emergency area.

(8) If the conditions of a pass holder change during the time period when a pass is valid such that a pass holder no longer meets the eligibility requirements of RCW 43.51.055 and WAC 352-32-251, then a pass holder shall return a pass to the commission.

NEW SECTION

WAC 352-32-330 Commercial recreation providers—Permits. (1) Effective January 1, 1997, commercial recreation providers are required to register in order to engage in commercial recreational use of state parks. Effective January 1, 1998, commercial recreation providers are required to register and possess a commercial recreation provider permit in order to engage in commercial recreational use of state parks. Registration for commercial recreation provider permits requires completion of application forms, providing proof of insurance and paying the appropriate fees. The commission shall establish the permit and registration fees and the director shall set the amount of the fees.

(2) Except as provided in WAC 352-32-310, any violation of this section is an infraction under chapter 7.84 RCW.

WSR 96-19-083
PROPOSED RULES
GAMBLING COMMISSION
[Filed September 18, 1996, 8:28 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-15-020.

Title of Rule: WAC 230-02-240 Commercial gambling manager defined, 230-04-143 Licensing of commercial gambling managers, 230-04-145 Licensing of charitable or nonprofit gambling managers—Application procedures, 230-08-025 Accounting records to be maintained by distributors and manufacturers, 230-12-215 Prohibited practices—Leases and compensation, 230-30-025 Progressive pull tab games—Definitions—Restrictions—Manner of conducting—Record keeping—Approval, 230-30-040 Step-up pull tab games and carry-over jackpots—Definitions—Restrictions, 230-30-070 Control of prizes, 230-30-075 Punchboard and pull tab prize restrictions—Minimum percentage of prizes available, 230-30-080 Pull tab dispensing limitations, 230-30-102 Pull tab series assembly and packaging, and 230-30-103 Standards for construction of pull tabs.

Purpose: WAC 230-02-240, this rule defines the term "commercial gambling manager" and requires the licensure

of a commercial gambling manager if such person is responsible for supervising the operation of progressive jackpot pull tab games; WAC 230-04-143, this rule requires the licensure of a commercial gambling manager, with limited exceptions, for the operation of progressive jackpot pull tab games; WAC 230-04-145, this amendment requires persons responsible for supervision of a progressive jackpot pull tab game for a charitable or nonprofit organization, to be licensed as a charitable or nonprofit gambling manager. In addition, this authorizes the agency to retain the entire license application fee once a charitable or nonprofit gambling manager begins working under a temporary license; WAC 230-08-025, this rule requires the manufacturers and distributors of progressive jackpot pull tab games to separately track the sale of such games; WAC 230-12-215, this rule prohibits the entry into an agreement regarding the purchase or lease of pull tab dispensing devices when such agreement is based in any part on a percentage of receipts or net profits derived from the operation of the devices. Also includes housekeeping changes to previous prohibited practices; WAC 230-30-025, this rule authorizes progressive jackpot prizes on pull tab games and sets forth restrictions under which such games shall be conducted. A progressive jackpot pull tab allows a pull tab player the chance to win an additional prize if they pick the winning jackpot pull tab; WAC 230-30-040, this rule authorizes step-up pull tabs, which involve a predetermined number of pull tabs within a series that allow the player the opportunity to immediately open a second pull tab on a game board. Upon opening this secondary pull tab, these players receive a prize. These prizes include a limited number of jackpot prizes. If no pull tab player wins the jackpot prize before the game is removed, such prize will be carried over to another step-up pull tab game; WAC 230-30-070, "step-up" prizes have historically been authorized for punchboards. This amendment authorizes step-up prizes for pull tab games as well; WAC 230-30-075, this amendment authorizes progressive jackpots to exceed the \$500 prize restriction on standard punchboard and pull tab games, with a maximum limit of \$5,000. It also authorizes carry-over jackpot prizes on step-up punchboards and pull tabs to exceed the \$500 restriction on standard punchboard and pull tab games, with a maximum limit of \$2,500; WAC 230-30-080, for the limited application to a progressive pull tab series, this amendment allows the use of more than one pull tab machine and expands the cap on total number of pull tabs in a series from 10,000 to 50,000; WAC 230-30-102, this amendment allows progressive jackpot pull tab series to be packaged in more than one container, provided certain guidelines are followed. It also includes additional housekeeping changes; and WAC 230-30-103, this rule requires the winning and losing sheets for progressive pull tab games to be manufactured at the same time and on the same paper stock.

PROPOSED RULES

GAMBLING COMMISSION

[Filed September 18, 1996, 8:31 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-11-125.

Title of Rule: WAC 230-02-105 Annual measurement period—Defined, 230-02-123 Charitable or nonprofit organizations—Net return defined, 230-02-126 Charitable or nonprofit organizations—Minimum net return defined, 230-02-138 Positive cash flow from the bingo operation—Defined, 230-02-362 Primary market area defined, 230-02-364 Secondary market area defined, 230-02-366 Impact market area defined, 230-02-455 Social pastime defined, 230-02-503 Fund raising defined, 230-02-530 Circumstances outside the control of the licensee—Defined, 230-02-535 Permanent interruption of customer flow—Defined, 230-02-540 Temporary interruption of customer flow—Defined, 230-12-050 Extension of credit, loans, or gifts prohibited—Limited exception, 230-20-059 Maximum gross gambling receipts for bingo games—Prize and expense limitations—Minimum net return required, 230-20-060 Petitioning the director for a variance from net return requirements, 230-20-062 Minimum net return from bingo games—Sanctions, 230-20-064 Maximum receipts, prizes, and expenses for bingo games—Net income required, 230-20-102 Bingo prizes—Record of winners, 230-20-120 No free food or beverages to be provided at bingo games—Exceptions, 230-20-125 Discounts and promotional gifts—Authorized—Limits, 230-20-190 Bingo card prices, 230-20-242 Activities conducted as a part of bingo games—Authorization—Restrictions, 230-20-249 Speed bingo—Operating procedures—Restrictions, and 230-20-325 Manner of conducting a raffle.

Purpose: WAC 230-02-105, this defines the term "annual measurement period" as the licensee's fiscal year; WAC 230-02-123, this defines the term "net return" as the total amount of return from the operation of bingo games after payment of reasonable prizes and necessary expenses. This rule further outlines the specific accounting which must take place to compute net return, including the handling of any local gambling taxes; WAC 230-02-126, this rule defines the term "minimum net return" as the minimum amount of funds generated from an organization's bingo operation that must be used to provide program services before any adjustments. Designation of minimum net return is based on the class of bingo license issued by the commission; WAC 230-02-138, this rule defines the term "positive cash flow from the bingo operation" as the operation of bingo games and associated activities at an income and expense level that does not require the use of cash or investment resources to sustain; WAC 230-02-362, this rule defines the term "primary market area" as the area within ten miles of the premises of a Class E or above bingo game; WAC 230-02-364, this defines the term "secondary market area" as the area within a ten to twenty-five mile radius from the premises of a Class E or above bingo game; WAC 230-02-366, this rule defines the term "impact market area" as the area that starts at the premises of an operating Class E or above bingo game and extends to a radius located fifty miles from such premises; WAC 230-02-455, this defines the term "social pastime" as a gambling activity conducted primarily for entertainment.

This definition applies to charitable or nonprofit organizations that are either licensed to receive \$250,000 or less in annual gross gambling receipts, or are operating under the limited nonlicensure qualifications of RCW 9.46.0321. Further, any licensee that pays wages or rent to conduct bingo is deemed to be operating bingo for purposes of fund raising, (as opposed to operating under the term "social pastime") and is subject to net return requirements; WAC 230-02-503, this defines the term "fund raising" as a gambling activity which is operated with a profit motive and which is conducted for purposes of obtaining funds for a charitable or nonprofit organization's programs. Organizations conducting bingo are deemed to be "fund raising" when licensed to receive more than \$250,000 in gross gambling receipts; WAC 230-02-530, this defines the term "circumstances outside the control of the licensee" as any factors that impact an organization's ability to operate bingo games that is not within the control of the board of directors; WAC 230-02-535, this defines the term "permanent interruption of customer flow" as a decrease in a bingo operator's customer base that lasts more than six months, and is caused by circumstances outside the control of the licensee; WAC 230-02-540, this defines the term "temporary interruption of customer flow" as a decrease in a bingo operator's customer base for less than six months, when the circumstances that caused the decrease are outside the control of the licensee; WAC 230-12-050, this rule clarifies that use of electronic point-of-sale bank cards is not the use of credit. In addition, charitable and nonprofit organizations may accept credit cards for participation in raffles. Further, promotional gifts authorized by WAC 230-20-125 are exempted from the credit, loan, and gift prohibition; WAC 230-20-059, this rule establishes the minimum net income requirements that bingo operators must meet to ensure they are raising enough funds for their charitable or nonprofit programs; WAC 230-20-060, this rule sets forth the criteria for petitioning the director for a variance from net income requirements; WAC 230-20-062, this rule outlines the restrictions and procedures applicable to a bingo licensee that is out of compliance with the minimum net return provisions of WAC 230-20-059 and 230-20-060; WAC 230-20-064, this rule has been replaced by new rules WAC 230-02-105, 230-02-123, 230-02-126, 230-02-138, 230-02-362, 230-02-364, 230-02-366, 230-02-455, 230-02-503, 230-02-530, 230-02-535, 230-02-540, 230-20-059, 230-20-060, and 230-20-062. These new rules organize the definitions, duties, and procedures applicable to bingo operators into a more defined structure; WAC 230-20-102, this rule makes housekeeping changes; WAC 230-20-120, this rule clarifies that Class D and above bingo licensees are prohibited from providing food and beverages to players at a rate less than the usual and custom price. In addition, licensees who both fail to meet the minimum net return requirements of WAC 230-20-059 and operate a snack bar at a net loss will be in violation of this section; WAC 230-20-125, this rule authorizes the enhancement of bingo games through the use of both promotional discounts and gifts and "frequent player" incentives. In addition, procedural, monetary, and frequency of use restrictions for such promotions and incentives are further detailed; WAC 230-20-190, this rule allows participation without payment of the usual and customary charge in bingo games conducted by Class D or higher licensees, under promotions authorized by

WAC 230-20-125. In addition, Class A, B, and C bingo licensees are prohibited from allowing free play before applicable house rules are produced in writing; WAC 230-20-242, this rule authorizes and establishes the procedures for offering bonus prizes based on a winning player's birth date; WAC 230-20-249, this rule authorizes and establishes the rules for conducting speed bingo; and WAC 230-20-325, this rule authorizes and establishes the procedure for offering discounted and bundled raffle tickets.

Statutory Authority for Adoption: RCW 9.46.070, 9.46.0205, 9.46.0209, 9.46.075, 9.46.0237.

PROPOSED RULES
DEPARTMENT OF HEALTH
[Filed September 18, 1996, 8:49 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-05-058.

Title of Rule: Whistleblower complaints in health care settings.

Purpose: This rule is intended to put in place procedures to protect the identity of whistleblowers who in good

faith submit complaints against health care facilities or health care providers licensed by the Department of Health.

Statutory Authority for Adoption: RCW 43.70.075 and 43.70.040.

Statute Being Implemented: RCW 43.70.075.

Summary: This rule will put in place protections for the identity of "whistleblowers," employees or consumers, who submit complaints in good faith against a health care facility or provider; and establish procedures the department will follow processing the complaints.

Reasons Supporting Proposal: HB 1046 amended chapter 43.70 RCW in 1995, requiring the department to develop rules.

Name of Agency Personnel Responsible for Drafting: Kathy Stout and Pat Brown, Olympia, Washington, (360) 705-6652 and (360) 664-4265; Implementation and Enforcement: Kathy Stout, Pat Brown and Jack Cvitanovic, Olympia, Washington, (360) 705-6661.

Name of Proponent: [Department of Health], governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This rule will put in place identity protections for employees or consumers of health care providers or facilities who file complaints in good faith regarding improper quality of care witnessed or received. This rule is intended to encourage complaints of improper quality of care that may not have been reported in the past by having identity protections in place.

Proposal does not change existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This rule does not subject any licensed health care professionals or facilities to additional fees, educational or equipment requirements, or additional licensing requirements. This rule establishes procedures the department will follow to preserve the identity of a whistleblower who submits a complaint in good faith to the department.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. This rule does not subject a person to a penalty or sanction; does not establish, alter or revoke a qualification or standard for facility or professional licensure; and does not make a significant amendment to a policy or regulatory program.

Hearing Location: WestCoast SeaTac, Tacoma Room, 18220 Pacific Highway South, Seattle, WA 98188, (206) 246-5535, on October 23, 1996, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Jennell Prentice by October 14, 1996, TDD (360) 664-0064, or (360) 705-6654.

Chapter 246-15 WAC WHISTLEBLOWER COMPLAINTS IN HEALTH CARE SETTINGS

NEW SECTION

WAC 246-15-001 Purpose and scope. Regulations for whistleblower protection are hereby adopted pursuant to RCW 43.70.075. The purpose of these regulations is to protect the identity of persons who communicate in good faith to the department alleging the improper quality of care by a health care facility or provider as defined in this chapter, and set forth the process the department will use in receiving, investigating and resolving complaints.

NEW SECTION

WAC 246-15-010 Definitions. The words and phrases in this chapter have the following meanings unless the context clearly indicates otherwise.

(1) "Consumer" means:

- (a) An individual receiving health care or services from a health care facility or health care professional;
 - (b) Legal guardian or representative of (a) of this subsection; or
 - (c) Custodial parent of a minor of (a) of this subsection.
- (2) "Department" means the Washington state department of health.

(3) "Employee" means an individual employed by a health care facility or health care professional at the time the complaint is filed.

(4) "Good faith" means an honest and reasonable belief in the truth of the allegation.

(5) "Health care" means any care, service, or procedure provided by a health care facility or a health care provider:

- (a) To diagnose, treat, or maintain a patient's physical or mental condition; or
- (b) That affects the structure or function of the human body.

(6) "Health care facility" includes the following:

- (a) Adult residential rehabilitation centers regulated pursuant to chapter 71.12 RCW;
- (b) Alcoholism treatment facilities regulated pursuant to chapter 71.12 RCW;
- (c) Alcoholism hospitals regulated pursuant to chapter 71.12 RCW;
- (d) Ambulance and aid services regulated pursuant to chapter 18.73 RCW;
- (e) Boarding homes regulated pursuant to chapter 18.20 RCW;
- (f) Childbirth centers regulated pursuant to chapter 18.46 RCW;
- (g) Home care agencies regulated pursuant to chapter 70.127 RCW;
- (h) Home health agencies regulated pursuant to chapter 70.127 RCW;
- (i) Hospice agencies regulated pursuant to chapter 70.127 RCW;
- (j) Hospitals regulated pursuant to chapter 70.41 RCW;
- (k) Pharmacies regulated pursuant to chapter 18.64 RCW;
- (l) Private psychiatric hospitals regulated pursuant to chapter 71.12 RCW;

(m) Residential treatment facilities for psychiatrically impaired children and youth regulated pursuant to chapter 71.12 RCW.

(7) "Health care provider," "health care professional," "professional" or "provider" mean a person who is licensed, certified, registered or otherwise authorized by the law of this state to provide health care in the ordinary course of business or practice of a profession.

(8) "Improper quality of care," as defined in RCW 43.70.075, means any practice, procedure, action, or failure to act that violates any state law or rule of the applicable state health licensing authority under Title 18 RCW or chapters 70.41, 70.96A, 70.127, 70.175, 71.05, 71.12, and 71.24 RCW, and enforced by the department of health. Improper quality of care shall not include good faith personnel actions related to employee performance or actions taken according to established terms and conditions of employment.

(9) "Whistleblower" means a consumer, employee, or health care professional who in good faith reports alleged quality of care concerns to the department of health.

NEW SECTION

WAC 246-15-020 Rights and responsibilities—Whistleblower and department. (1) A person who in good faith communicates a complaint or information as defined in this chapter as provided in RCW 43.70.075:

(a) Shall be immune from civil liability on claims based upon that communication to the department under RCW 4.24.510;

(b) Shall be entitled to recover costs and reasonable attorneys' fees incurred in establishing a defense under RCW 4.24.510; and

(c) Shall be afforded the protections and remedies of the human rights commission pursuant to chapter 49.60 RCW.

(2) The department shall protect the identity of the whistleblower by revealing it only:

(a) To appropriate department staff or disciplining authority member;

(b) By court order; or

(c) If the complaint is not in good faith.

NEW SECTION

WAC 246-15-030 Procedures for filing, investigation, and resolution of whistleblower complaints. In filing, investigating and resolving a whistleblower complaint, the department will protect a whistleblower's identity consistent with WAC 246-15-020.

(1) Filing.

(a) Upon receipt of a complaint from a whistleblower alleging improper quality of care, department staff will enter the complaint into the tracking system for complaints against health care providers or facilities and create a file on that complaint.

(b) The tracking system will not note the identity of the complainant.

(c) Staff will affix a permanent cover to the letter of complaint, or other form of notice, in the complaint file, noting the statutory citation for protection of identity of the complainant.

(d) Staff will assess priority of the case and conduct the initial case planning based on the complainant information.

(2) Investigation.

(a) For cases assigned to an investigation, staff will develop an investigative plan. The investigator will gather pertinent information and perform other functions as appropriate to the allegation. The investigator may interview witnesses or others with information relevant to the investigation, review records and consult with staff of other agencies. At the conclusion of the investigation, the investigator will prepare the necessary documents, such as an investigative report summarizing the findings, and other documents necessary for the department to take further action.

(b) Staff will code or obliterate references to the whistleblower complainant in investigative materials or in the investigative report as necessary to protect the whistleblower's identity.

(3) Resolution. The regulatory authority for the health facility or provider will:

(a) Review investigative findings to determine violation of any statutes or rules;

(b) Take appropriate disciplinary action as necessary; and

(c) Ensure upon case closure, that the permanent cover affixed in subsection (1)(c) of this section will remain.

PROPOSED RULES DEPARTMENT OF ECOLOGY

[Order 96-11—Filed September 18, 1996, 10:45 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-15-134.

Title of Rule: Chapter 173-422 WAC, Motor vehicle emission inspection.

Purpose: Exempts from emission testing three-year old and newer vehicles registered in areas of Clark County that are being added to the emission test area.

Statutory Authority for Adoption: Chapter 70.120 RCW.

Statute Being Implemented: Chapter 70.120 RCW.

Summary: Exempts from emission testing three-year old and newer vehicles registered in these Clark County ZIP Codes: 98604, 98606, 98629, and 98642. This exemption is being established pending an evaluation by January 31, 1998, whether this exemption and other possible program revisions should be continued.

Reasons Supporting Proposal: Emission inspection is planned to expand to these zip codes. Sufficient air quality improvement is achieved without testing the newer vehicles which usually pass.

Name of Agency Personnel Responsible for Drafting: John Raymond, P.O. Box 47600, Olympia, WA 98504-7600, (360) 407-6856; Implementation and Enforcement: Joe Williams, P.O. Box 47600, Olympia, WA 98504-7600, (360) 407-6880.

Name of Proponent: Department of Ecology, Air Quality Program, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rule exempts from emission testing three-year old and newer vehicles registered in the following Clark County ZIP Codes: 98604, 98606, 98629, and 98642. This exemption is being established as a pilot program pending an evaluation by January 31, 1998, whether this exemption and other possible program revisions should be made through Clark County or other test areas in the state. The exemption partially mitigates the effect of a previous rule change that expanded the testing program into these zip codes. Air quality goals will still be achieved.

Proposal Changes the Following Existing Rules: This change increases the period of exemption from emission testing from one year to three years in the following Clark County ZIP Codes: 98604, 98606, 98629, and 98642. Currently only one-year old and newer vehicles are exempted.

No small business economic impact statement has been prepared under chapter 19.85 RCW. No statement was prepared because the entire effect of this proposed rule change will be to relieve certain vehicle owners, both private individuals and businesses, of regulatory compliance costs they would otherwise incur.

Section 201, chapter 403, Laws of 1995, applies to this rule adoption. Removes conditions for relicensing three-year and newer vehicles.

Hearing Location: Southwest Air Pollution Control Authority, 1308 N.E. 134th Street, Vancouver, on October 22, 1996, at 6:00 p.m.

AMENDATORY SECTION (Amending Order 93-35, filed 2/28/95, effective 3/31/95)

WAC 173-422-170 Exemptions. The following motor vehicles are exempt from the inspection requirement:

(1) Vehicles proportionally registered pursuant to chapter 46.85 RCW.

(2) Vehicles whose model year is 1967 or earlier.

(3) New motor vehicles whose equitable or legal title has never been transferred to a person who in good faith purchases the vehicle for purposes other than resale; this does not exempt motor vehicles that are or have been leased.

(4) Motor vehicles that use propulsion units powered exclusively by electricity.

(5) Motor-driven cycles as defined in chapter 46.04 RCW as amended.

(6) Farm vehicles as defined in chapter 46.04 RCW as amended.

(7) Vehicles not required to be licensed.

(8) Mopeds as defined in chapter 46.04 RCW as amended.

(9) Vehicles garaged and operated out of the emission contributing area.

(10) Vehicles registered with the state but not for highway use.

(11) Used vehicles at the time of sale by a Washington licensed motor vehicle dealer.

(12) Motor vehicles fueled by propane, compressed natural gas, or liquid petroleum gas and so registered by the department of licensing.

(13) Motor vehicles whose manufacturer or engine manufacturer provides information that the vehicle cannot meet emission standards because of its design. In lieu of exempting these vehicles, alternative standards and or inspection procedures may be established.

(14) Motor vehicles whose registered ownership is being transferred between parents, siblings, grandparents, grandchildren, spouse or present co-owners and all transfers to the legal owner or a public agency.

(15) To ensure a biennial inspection of vehicles registered in the emission contributing areas, motor vehicles with model year matching (even to even, odd to odd) the expiration year of the license being purchased. This does not apply to vehicles being inspected because the registered owner is being changed.

(16) When the model year of the vehicle is the same as the year in which the vehicle's license expires.

(17) When the difference between the model year of the vehicle and the expiration year of the license being purchased is four or less. This exemption applies only to vehicles registered in the Clark County United States Postal Service Zip Codes 98604, 98606, 98629, and 98642.

AMENDATORY SECTION (Amending Order 7-75, filed 12/22/75)

WAC 392-151-025 Route plans. Suggested route plans shall be developed for each elementary school that has students who walk to and from school. It shall recommend school routes based on considerations of traffic patterns, existing traffic controls, and other crossing protection aids such as school patrols. These route plans shall limit the number of school crossings so that students move through the crossings in groups, allowing only one entrance-exit from each block to and from school. The ~~((safe))~~ route to school ~~((map))~~ plan shall be distributed to all students with instructions that it be taken home and discussed with the parents.

AMENDATORY SECTION (Amending Order 7-75, filed 12/22/75)

WAC 392-151-030 Controlled crossings. "School patrol controlled" crosswalks are defined as any crosswalk which is attended by a student or adult guard, and which is not controlled by a traffic signal or stop sign. School patrol controlled crossings shall not be operated unless proper traffic control devices are in place as depicted in Washington state department of ~~((highways))~~ transportation, *Sign Fabrication Manual* and *Manual on Uniform Traffic Control*

Devices, as now or hereafter amended. As a minimum, these shall consist of:

- (1) School crossing warning signs S1-1 and S2-1
- (2) Marked crosswalks
- (3) School speed limit sign

"School patrol assisted" crosswalks are defined as any crosswalk which is attended by a student or adult crossing guard and controlled by a stop sign, traffic signal or law enforcement officer. When crossings are controlled by stop signs, the S2-1 may be omitted. When crossings are controlled by a traffic signal or by a stop sign, the use of the school speed limit sign may be necessary following an engineering study.

Contact shall be made by school authorities with the governmental agency having jurisdiction over the street or highway in question in order to secure the necessary signs. The state department of ~~((highways))~~ transportation shall be contacted concerning all state highways outside of incorporated towns and cities and on those state highways within the incorporated limits of towns and cities with a population of ~~((15,000))~~ 22,500 or less. On state highways within the incorporated limits of cities with a population of 22,500 or more, the city public works department shall be contacted.

The county highway department shall be contacted regarding all county roads ~~((and for towns or cities under 15,000 population. The local highway department shall be contacted on streets other than state highways. In towns and cities over 15,000 population, the local highway department shall be contacted for assistance whether or not a state highway is involved)).~~ On city and town streets, which are not state highways, within the incorporated limits of cities and towns, the city or town street or public works department shall be contacted.

When school officials and/or the safety advisory committee determines that vehicular traffic volumes are such that adequate safe gaps in the traffic flow do not occur in reasonable frequent intervals to allow safe crossings by students, this condition, as well as any other related traffic ~~((problems))~~ issues, shall be ~~((reported to the traffic engineering))~~ evaluated cooperatively with the traffic engineering authorities having jurisdiction in order that necessary studies can be conducted for the purpose of ((determining corrective)) developing possible alternative measures.

Where conditions are such that a patrol member cannot be seen at least as far away as the safe stopping distance for the legal speed at the location, one of the following procedures shall be carried out:

- (1) Select a safer location for the crossing at which the patrol is to serve.
- (2) ~~((The condition shall be taken up with the traffic authorities having jurisdiction for the purpose of devising a solution.))~~ Cooperatively evaluate the condition with traffic authorities having jurisdiction for the purpose of developing possible alternative measures.

PROPOSED RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES
(Public Assistance)

[Filed September 18, 1996, 11:16 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-15-086.

Title of Rule: WAC 388-250-1250 Standards of assistance—Need standards and 388-250-1300 Standards of assistance—One hundred eighty-five percent of need standards.

Purpose: The department is required to update the need standard for recipients of public assistance once each year. These standards are used to determine eligibility for various public assistance programs.

Statutory Authority for Adoption: 45 CFR 233.20, RCW 74.04.050.

Summary: The need standard is used to determine eligibility for various public assistance programs. The department is required to update the standard once each year.

Reasons Supporting Proposal: The cost-of-living increases each year and the standard of need must be updated to reflect this change.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Division of Income Assistance, Lacey Governmental Center, (360) 413-3091.

Name of Proponent: Department of Social and Health Services, Division of Income Assistance, governmental.

Rule is necessary because of federal law, 45 CFR, chapter 11.

Explanation of Rule, its Purpose, and Anticipated Effects: The department is required to update the standard of need each year to reflect the change in the cost-of-living index. These standards are used to determine eligibility for various public assistance programs.

Proposal does not change existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The need standard only affects applicants and recipients of public assistance benefits. It does not have a direct impact on small business.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The change will cause no financial costs to small businesses.

Hearing Location: OB-2 Auditorium, 1115 Washington Street South, Olympia, WA 98504, on October 22, 1996, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Merry Kogut, Supervisor, by October 8, 1996, TDD (360) 902-8324, or (360) 902-8317.

PROPOSED RULES
DEPARTMENT OF
LABOR AND INDUSTRIES
 [Filed September 18, 1996, 11:52 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-15-088 on July 19, 1996.

Title of Rule: Chapter 296-17 WAC, Manual of rules, classifications, rates, and rating system for workers' compensation insurance.

Purpose: Amend risk classification premium base rates, and experience rating and retrospective rating tables to reflect updated loss experience and elimination of the April 1, 1996, temporary dividend. This proposal specifically amends WAC 296-17-855, 296-17-875, 296-17-880, 296-17-885, 296-17-890, 296-17-895, 296-17-919, 296-17-91901, 296-17-91902, 296-17-91903, 296-17-91904, 296-17-91905, and 296-17-920. In addition WAC 296-17-89501 is being repealed.

Statutory Authority for Adoption: RCW 51.04.020 and 51.16.035.

Statute Being Implemented: RCW 51.16.035 and 51.32.073.

Summary: Proposal establishes premium rates for workers' compensation insurance classifications for calendar year 1997 and modifications to the related experience rating and retrospective rating plans. WAC 296-17-855 Experience modification; WAC 296-17-875 Table I, primary losses for selected claim values; WAC 296-17-880 Table II, "B" and "W" values; WAC 296-17-885 Table III, expected loss rates and D ratios; WAC 296-17-890 Table IV, maximum experience modifications; WAC 296-17-895 base rate table by class of industry; WAC 296-17-919, retrospective rating plans A, A1, A2, A3, and B; and WAC 296-17-920 Assessment for supplemental pension fund.

Reasons Supporting Proposal: Insurance base rates and experience rating tables are being modified to reflect changes in loss data associated with the classification and rating plan from the previous 1996 rating period. Washington law provides that rates should be adjusted annually to be reflective of the hazard of each industry and in accordance with the rating plan. Similarly the rating plan is revised to recognize changes within industry groups.

Name of Agency Personnel Responsible for Drafting: Bill White, Bill Vasek, and Frank Romero, Tumwater, 902-5014/902-5015; Implementation: Theresa Whitmarsh, Kathy Kimbel, Tumwater, 902-4209/902-4739; and Enforcement: Kathy Kimbel/Doug Mathers, Tumwater, 902-4209/902-4750.

Name of Proponent: Department of Labor and Industries, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The purpose of this proposal is to establish 1997 premium rates and experience rating parameters for calendar year 1997. Washington law (RCW 51.16.035) requires the department to adjust rates to ensure actuarial solvency of the state fund. This law also provides that premium rates charged to industry vary by degree of hazard. The department is proposing to maintain workers' compensation premium rates at the same overall level as those in effect as of January 1, 1996. Premium rates for each industry is, however, being adjusted to reflect more current loss experience. Industries whose loss experience improved from the 1996 rating period will experience a reduction in premium rates while those industries with worsening experience will experience a rate increase.

Proposal Changes the Following Existing Rules: Overall premium levels will remain the same but premium rates for each industry classification are being revised.

No small business economic impact statement has been prepared under chapter 19.85 RCW. RCW 19.85.025(2) exempts rules covered by RCW 34.05.310 (4)(f) rules which set rates pursuant to legislative standards.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. RCW 34.05.328 (5)(b)(vi) provides an exemption for rules that set rates or fees pursuant to legislative standards. RCW 51.16.035 requires the Department of Labor and Industries to establish rates for all workers' compensation insurance classifications pursuant to legislative standards.

Hearing Location: Labor and Industries Building Auditorium, 7273 Linderson Way S.W., Tumwater, WA, on October 22, 1996, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Kathy Kimbel, (360) 902-4739, by October 1, 1996.

Submit Written Comments to: Kathy Kimbel, Labor and Industries, P.O. Box 44140, Olympia, WA 98504-4140, FAX (360) 902-4729, by October 21, 1996.

Date of Intended Adoption: November 29, 1996.

AMENDATORY SECTION (Amending WSR 95-23-080, filed 11/20/95, effective 1/1/96)

WAC 296-17-855 Experience modification. The basis of the experience modification shall be a comparison of the actual losses charged to an employer during the experience period with the losses which would be expected for an average employer reporting the same exposures in each classification. The comparison shall contain actuarial refinements designed to mitigate the effects of losses which

PROPOSED

may be considered catastrophic or of doubtful statistical significance, due consideration being given to the volume of the employer's experience. Except for those employers who qualify for an adjusted experience modification as specified in WAC 296-17-860 or 296-17-865, the experience modification shall be calculated from the formula:

$$Ap + WAe + (1-W) Ee + B$$

$$\text{MODIFICATION} = \frac{\text{Ap} + \text{WAe} + (1-W) \text{Ee} + B}{E + B}$$

The components Ap, WAe, and (1-W) Ee are values which shall be charged against an employer's experience record. The component, E, shall be the expected value of these charges for an average employer reporting the same exposures in each classification. The meaning and function of each symbol in the formula is specified below.

"Ap" signifies "primary actual losses." For each claim the primary actual loss is defined as that portion of the claim which is considered completely rateable for all employers and which is to enter the experience modification calculation at its full value. For each claim in excess of \$9,517 the primary actual loss shall be determined from the formula:

$$\frac{((23,793)) \ 25,256}{\text{Total loss} + ((14,276)) \ 15,154} \times \text{total loss}$$

$$\text{PRIMARY LOSS} = \frac{((23,793)) \ 25,256}{\text{Total loss} + ((14,276)) \ 15,154} \times \text{total loss}$$

Primary actual losses for selected claim values are shown in Table I. For each claim less than \$9,517 the full value of the claim shall be considered a primary loss.

"Ae" signifies "excess actual losses." For each claim the excess actual loss is defined as that portion of the claim which is not considered completely rateable for all employers. The excess actual loss for each claim shall be determined by subtracting the primary loss from the total loss.

"W" signifies "W value." For each employer, the W value determines the portion of the actual excess losses which shall be included in the calculation of his experience modification, due consideration being given to the volume of his experience. This amount is represented by the symbol "WAe" in the experience modification formula. W values are set forth in Table II.

"E" signifies "expected losses." An employer's expected losses shall be determined by multiplying his reported exposure in each classification during the experience period by the classification expected loss rate. Expected loss rates are set forth in Table III.

"Ee" signifies "expected excess losses." Expected losses in each classification shall be multiplied by the classification "D-Ratio" to obtain "expected primary losses." Expected excess losses shall then be calculated by subtracting expected primary losses from expected total losses. Each employer shall have a statistical charge included in the calculation of his experience modification, said charge to be actuarially equivalent to the amount forgiven an average employer because of the exclusion of a portion of his excess actual losses. This charge is represented by "(1-W) Ee" in the experience modification formula. D-Ratios are set forth in Table III.

"B" signifies "B value" or "ballast." In order to limit the effect of a single severe accident on the modification of a small employer, a stabilizing element (B value) shall be

added to both actual and expected losses. B values are set forth in Table II.

PERMANENT RULES
LIQUOR CONTROL BOARD
 [Filed September 6, 1996, 8:31 a.m.]

Date of Adoption: September 4, 1996.

Purpose: Sets forth criteria for sampling tobacco products within the state and clearly defines what is a tobacco sample.

Citation of Existing Rules Affected by this Order: Amending WAC 314-10-090.

Statutory Authority for Adoption: RCW 70.155.110.

Adopted under notice filed as WSR 96-13-043 on June 13, 1996.

Changes Other than Editing from Proposed to Adopted Version: The board included an intent statement as to why it adopted WAC 314-10-090(3). The statement does not have any impact upon the actual language, simply explains why the board acted the way it did in adoption. The reference to "sample" in subsection (3) was further explained in response to comments made during the hearings as to the smallest portion available for retail sales and distribution.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, amended 0, repealed 0; Federal Rules or Standards: New 0, amended 0, repealed 0; or Recently Enacted State Statutes: New 0, amended 0, repealed 0.

AMENDATORY SECTION [(Amending WSR 93-23-016, filed 11/5/93)]

WAC 314-10-090 Tobacco sampling—Licenses. (1) No person may engage in providing tobacco samples within Washington state without a valid sampler's license. A firm contracting with a tobacco manufacturer to distribute samples of a manufacturer's product is deemed to be the person engaged in the business of sampling. The liquor control board will issue any sampler's licenses.

(2) The annual fee for a manufacturer's samplers license within the state is \$500 and is designated a Class T1 license. The fee for independent businesses that provide samples of tobacco products is \$50 and is designated a Class T2 license. All sampler's licenses expire on the 30th day of June each year and must be renewed annually.

In adopting the language of WAC 314-10-090(3), the board affirms that sampling does have a direct impact upon the availability of product to minors. Many sampling activities, because of the large volume of product offered,

promote secondary distribution to bystanders, especially minors. Addiction to nicotine can occur quickly after the use of a relatively small amount of product. It is the board's intention to limit this amount thereby reducing the opportunity and potential for product to be re-distributed to minors.

(3) A sample is the smallest portion representative of the product that is available for retail sales and distribution. T1 and T2 license holders may distribute samples of tobacco products pursuant to Chapter 70.155 RCW and Chapter 314-10 WAC as follows:

(a) Cigarettes: No more than one sample package may be furnished per eligible customer per day. Such sample shall not contain more than twenty cigarettes per sample package.

(b) Cigars: No more than one sample of any single brand and type and no more than two samples may be furnished per eligible customer per day. Such sample shall not contain more than one cigar per sample package.

(c) Smokeless Tobacco Products: No more than one sample can, package or pouch may be furnished per eligible customer per day. Such sample can, package or pouch shall not exceed the size of the smallest unit available for sale at retail.

(d) All Other Tobacco Products: No more than one sample unit may be furnished per eligible customer per day. Such sample unit shall not exceed the size of the smallest unit available for sale at retail.

(e) T1 and T2 licensees than have sample packages available that contain less tobacco product than allowed by this section are encouraged to provide such alternative sizes.

Reviser's note: The bracketed material preceding the section above was supplied by the code reviser's office.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

AMENDATORY SECTION (Amending Order DLR 115, filed 12/9/86)

WAC 308-66-110 Definitions. For the purpose of administering chapter 46.70 RCW, the following terms shall be construed in the following manner:

(1) "Offering" the sale of a vehicle shall include the distribution by any means of a list, with or without prices, of vehicles for sale.

(2) "Soliciting" the sale of a vehicle shall include an offer to effect the purchase or sale of a vehicle on behalf of another person.

(3) "Normal business hours" or "reasonable times" shall include, but not be limited to, the hours from 10:00 a.m. through 4:00 p.m. for five days each week. All hours during which the place of business is open for the purpose of bartering, trading or selling vehicles are normal business hours or reasonable times as long as the dealer is open for business at regular intervals. Whenever a dealer closes his place of business during normal business hours, a sign must be posted on the main door of the business stating the time that he will next be open for business or where he may be contacted.

(4) An "employee" of a dealer is ~~((one))~~ a person who ~~((is paid compensation for a minimum of sixteen hours each week and/or))~~ appears on the record of ~~((an employer))~~ the dealer as an employee for whom social security, withholding tax, and all deductions required by law have been made.

(5) ~~((A "bona fide full-time employee" is one that is employed by the dealer for a minimum of thirty-five hours a week and appears on the records of an employer as an employee for whom social security, withholding tax, and all deductions required by law have been made.~~

~~((6))~~ A "broker" shall mean any person, partnership, corporation, or association acting independently, who for a commission, fee or any other form of compensation arranges or engages in the wholesale or retail purchase, sale or lease with option to purchase, of a vehicle.

~~((7))~~ (6) An "employee identification card" is a card that may be issued by a licensed dealer to an employee, identifying such employee as being in the employ of such dealer. The department will issue blank identification cards to licensed dealers on request.

~~((8))~~ (7) A "demonstration permit" is a permit issued by a dealer to a prospective customer entitling the prospective customer to operate a particular vehicle for demonstration purposes.

~~((9))~~ (8) Current service agreement - The agreement between a vehicle manufacturer or vehicle distributor and a seller, stipulating that the seller will provide warranty adjustments for the owners of said manufacturer's or distributor's new vehicles which qualify for adjustments under the said manufacturer's or distributor's warranty.

~~((10))~~ (9) New vehicle warranty - The warranty extended by a manufacturer or distributor to the first retail purchaser.

~~((11))~~ (10) "Closing" shall mean the process of completion of sale transaction.

~~((12))~~ (11) "Completion of sale" shall mean purchaser has possession of vehicle, all liens against vehicle are paid, seller has sale proceeds, and warranty of title to vehicle has been accomplished.

~~((13))~~ (12) "Listing" shall mean a contract between a seller of a used mobile home and a listing dealer for the dealer to locate a willing purchaser of that listed used mobile home.

~~((14))~~ (13) "Seller," as it relates to listing dealers, shall mean a person who lists a used mobile home with a listing dealer.

~~((15))~~ (14) "Purchaser," as it relates to listing dealers, shall mean a person who agrees to buy a used mobile home listed through a listing dealer.

~~((16))~~ (15) "Consignment" shall mean an arrangement whereby a motor vehicle dealer accepts delivery or entrustment of a vehicle and agrees to sell the vehicle on behalf of another.

~~((17))~~ (16) "Consignee" shall mean a vehicle dealer who accepts delivery or to whom a motor vehicle is entrusted for the purpose of sale on behalf of another.

~~((18))~~ (17) "Consignor" shall mean a person who delivers or entrusts a vehicle to a dealer for the purpose of sale.

~~((19))~~ (18) "Remanufactured" shall mean to remake or reprocess into a finished product by a large scale industrial process.

AMENDATORY SECTION (Amending WSR 91-20-057, filed 9/24/91, effective 10/25/91)

WAC 308-66-120 Dealer's license application. (1) Each application shall contain in addition to the information required by RCW 46.70.041:

(a) The names and residential addresses of all owners of ten percent or more of the assets of the firm and the names and addresses of managing employees;

(b) The name and address of the principal place of business of the firm;

(c) The names and addresses of each and every sub-agency of the firm, if any;

(d) A current balance sheet of assets and liabilities which shall have been prepared within ninety days of its submission;

(e) A statement of whether or not the applicant or any partner, officer, director, owner of ten percent or more of the assets of the firm, or managing employee, was the holder of a license issued pursuant to chapter 46.70 RCW which was revoked for cause and never reissued by the department, or which license was suspended for cause and the terms of the suspension have not been fulfilled;

(f) A detailed list of all dealerships previously operated by each person named on the application and with which each person presently or was formerly connected or employed.

(2) An applicant shall appear for a personal interview if requested by the department.

(3) The department may require a credit report for each party named on each application for a dealer's license.

(4) An applicant shall provide as evidence of leasehold or ownership interest of business location either:

(a) A copy of the rental or lease agreement between the applicant and landowner showing the business location by commonly known address, or

(b) A copy of the county assessor's record showing ownership of the business location, the applicant's name and the commonly known address.

(5) The bank reference for verifying financial condition consisting of:

(a) The name of applicant's bank, a person to contact at that bank concerning applicant's financial condition, or

(b) A letter of credit current within last 90 days, or

(c) A flooring agreement, if with a financial institution,

or

(d) A line of credit with a financial institution.

(6) The department may require an applicant for a vehicle dealer license to provide evidence that the business location conforms to all zoning and land use ordinances.

(7) A corporation applicant shall provide the corporation number and corporation name issued by the secretary of state's office authorizing the company to do business within this state.

(8) The name and address on the license application and all required supporting documents must be the same. The sign at the certified location must identify the doing business as name (dba), if any, and that name shall appear on all documents as the applicant's name. The business telephone listing must also reflect the business name or the doing business as name.

AMENDATORY SECTION (Amending WSR 90-20-086, filed 9/28/90, effective 10/29/90)

WAC 308-66-150 Warranty practices. (1) It shall not be considered unlawful under the provisions of RCW 46.70.180 (~~((H))~~) (14)(f) for a vehicle manufacturer to provide under the terms of any warranty that a purchaser of a vehicle must make warranty claims against only the manufacturer of an integral part of a vehicle if the manufac-

turer of that integral part has assumed a direct warranty obligation thereon to the purchaser and does, in fact, provide facilities or agencies within the states of Washington, Oregon or Idaho to discharge such warranty obligation.

(2) No manufacturer need make reimbursement under RCW 46.70.101 (2)(j) except to dealers selling its product at retail or to the dealers holding units purchased from the manufacturer for resale at retail: *Provided, however,* That if the warranty agreement between the dealer and the manufacturer requires prior approval by the manufacturer, such approval must be given within a reasonable time and in no event later than ten days, except in emergency situations where the life, health, or safety of the occupant or owner requires immediate action.

AMENDATORY SECTION (Amending WSR 91-20-057, filed 9/24/91, effective 10/25/91)

WAC 308-66-155 Consignment. (1) **Contract.**

(a) It shall be considered an unlawful practice within the meaning of RCW 46.70.180 for a vehicle dealer to accept any vehicle on consignment without first reducing the consignment to writing.

(b) *Minimum information required for consignment contracts.*

(i) The names of the parties to the contract including the identity of the legal owner.

(ii) A statement by the consignor that the consignor guarantees to deliver the title to the consignee upon sale of the vehicle, as well as a statement by the consignor indicating the location of the title and the unpaid balance of the vehicle, if any.

(iii) The date of the consignment agreement.

(iv) The specific effective duration of the contract.

(v) The agreed upon price which the consignor will receive for his vehicle.

(vi) The description of the consigned vehicle, by make, model, vehicle identification number, and license number.

(vii) The signatures of the parties to the contract.

(viii) If no price has been specified in (v) above, then the minimum retail price and the commission, fee, or compensation to which the vehicle dealer will be entitled upon the sale of the consigned vehicle.

(2) In the event the dealer-consignee and the consignor shall deem it appropriate to vary the terms of the written contract, the dealer-consignee shall obtain written authorization from the consignor prior to the sale of the subject vehicle.

(3) **Requirements for selling consigned vehicles.**

(a) All funds received, including deposits or payments in full or proceeds from the sale of trade-ins, shall be placed in a trust account as required under RCW 46.70.180(9), and said funds shall remain in such trust account until the consignor's and the legal owner's interest, if any, have been fully satisfied as provided in the consignment agreement. It shall be considered an unlawful practice for a vehicle dealer or salesperson to commingle funds received on a consigned vehicle with the assets of the dealer and the salesperson until all terms of the agreement have been completed.

(b) The amount due a consignor after the sale of the consigned vehicle shall be paid by the consignee immediate-

ly where title has been delivered to the purchaser, and in all cases shall be paid within ten days.

(c) ~~((The consignor shall receive a copy of the purchase order used to complete the sale at the time the funds are remitted where the sale has been on a fee or commission basis.))~~ Immediately following the sale of a consigned vehicle the dealer shall give to the consignor a copy of the purchase order used to complete the sale.

(4) Consignee's duty to transfer title.

(a) The sale of consigned vehicles imposes the same duty under RCW ~~((46.12.120))~~ 46.70.122 to the consignee ~~((as))~~ to promptly execute the assignment and warranty of title as in any other sale.

(b) Prior to accepting a vehicle for consignment and offering it for sale, it shall be the duty of the consignee to verify or confirm the title location. Failure to do so shall be considered an unlawful and deceptive practice under RCW 46.70.180(1).

AMENDATORY SECTION (Amending WSR 91-20-057, filed 9/24/91, effective 10/25/91)

WAC 308-66-160 Dealer's and manufacturer's license plates. (1) When dealer's plates are used on any vehicle being demonstrated to a prospective customer, it is not necessary that the dealer or a member of his firm accompany the prospective customer except as provided in RCW 46.70.090. Prospective customers, when not accompanied by a dealer or member of his firm, shall be issued a demonstration permit by the dealer authorizing them to operate the vehicle for a period not to exceed seventy-two hours for the purpose of demonstration and possible purchase.

(2) When a dealer receives a vehicle bearing foreign license plates, such plates shall be covered by the dealer's plates while that vehicle is being demonstrated. Upon the sale of the vehicle, the foreign plates shall be removed and destroyed by the dealer prior to the delivery of the vehicle. When a foreign-plated vehicle is sold to a resident of the state whose plate is so displayed on the vehicle and the purchaser returns the vehicle immediately to his home state for use there and not in Washington, the dealer may deliver the vehicle with foreign plates attached if either one of two conditions is also met. The conditions are:

(a) The purchaser must have applied to his home state's vehicle licensing authority to register the vehicle in his own name, or

(b) The purchaser must have obtained a ~~((one-transit))~~ trip permit to move the vehicle from the dealer's place of business to his own state.

(3) An employee of a dealer shall carry an employee identification card when operating any vehicle bearing dealer's plates.

(4) Dealer's plates may not be used on any vehicle belonging to a member of the dealer's family.

(5) Dealer's plates may not be used on any vehicle owned by the dealer if such vehicle is used exclusively by members of the dealer's family.

(6) Vehicles bearing dealer's plates may not be loaned to the dealer's service customers.

(7) Dealers are required to provide reasonably accurate records reflecting the use of dealer plates.

(8) Pursuant to RCW 46.70.090 ~~((5)(b))~~, testing vehicles for repair is limited to testing for a preexisting, identifiable problem known to the vehicle dealer or manufacturer before the testing is to begin.

AMENDATORY SECTION (Amending WSR 91-20-057, filed 9/24/91, effective 10/25/91)

WAC 308-66-170 Denial, suspension or revocation of license. (1) When the license of a vehicle dealer has been suspended or revoked or an application has been denied, the department shall post a closure notice at or near the principal entry to the place of business. Such notice shall include a statement that the dealership is closed as to the sale of vehicles because of the denial, suspension or revocation of a license. In case of a suspension, the duration of the suspension shall be stated on the notice. A dealer shall not remove any closure notice without written permission from an authorized representative of the director.

(2) Practices inimical to the health and safety of the citizens of the state of Washington pursuant to RCW 46.70.101 ~~((3))~~ (1)(b)(viii) and (2)(k) shall include, but not be limited to, failure to comply with the following federal and state standards, as presently constituted and as hereafter amended, amplified or revised, pertaining to the construction and safety of vehicles:

(a) "Federal motor vehicle safety standards," 49 Code of Federal Regulations, part 571;

(b) "Control of air pollution from new motor vehicles and new motor vehicle engines," 40 Code of Federal Regulations, part 85;

(c) "Vehicle lighting and other equipment," chapter 46.37 RCW;

(d) Rules and regulations adopted by the Washington state patrol pursuant to RCW 46.37.005, Title 204 WAC;

(e) "Mobile homes, commercial coaches, park trailers, and recreational vehicles," chapter 296-150B WAC;

(f) Housing and Community Development Act of 1974, Public Law 93-383, Title VI Mobile home construction and safety standards, §§ 603, 604, 610, 615, 616, 617.

AMENDATORY SECTION (Amending WSR 90-24-054, filed 12/3/90, effective 1/3/91)

WAC 308-66-180 Record of transactions. (1) The record of purchase and sale of vehicles maintained by a dealer shall, where applicable, include, but not be limited to:

(a) A description of the vehicle, which shall include those items of description required on the Washington application for title, and in the case of a retail sale requiring a title transfer, a copy of the computer-generated title application processed by a license agent showing fees paid to the state;

(b) The Washington license plate number assigned to the vehicle upon transfer;

(c) The required odometer statement disclosure form which shall conform to 49 Code of Federal Regulations, part 580, or if a licensed vehicle dealer auction company conducting wholesale consignment sales, the odometer disclosure record for such sales as required in 49 Code of Federal Regulations, part 580.9;

(d) ~~((The hardback copy of the temporary license permit after the permanent license plates have been provided to the~~

~~purchaser, if the vehicle is delivered on such permit issued by the dealer.))~~ The purchase order shall be dated and include the business name of the dealer and a description of any trade-in vehicle by year, make and vehicle identification number.

(2) The record of purchase and sale of the vehicle shall be maintained on all transactions whether at retail or wholesale.

AMENDATORY SECTION (Amending WSR 94-21-055, filed 10/13/94, effective 11/13/94)

WAC 308-66-190 Transfer of certificate of title by dealer. (1) When a vehicle displaying current Washington plates is sold by a dealer, the dealer shall make an application for a certificate of title in the purchaser's name within forty-five calendar days following the sale of the vehicle.

(2) The dealer shall in every case sign or type his/her name on the ~~((certificate of title))~~ dealer's report of sale on the title application accompanying the transfer. If an authorized agent signs for the dealer, he/she shall give his/her title.

(3) The name and address of the previous registered owner shall be shown on the application for transfer of title.

(4) The dealer shall provide a vehicle odometer disclosure statement with the title application as required by RCW 46.12.124.

AMENDATORY SECTION (Amending Order MV 170, filed 7/16/73)

WAC 308-66-200 Transfer of vehicle to another dealer. When a dealer sells a vehicle to a second dealer, the first dealer shall fill out ~~((a dealer to dealer report of sale or a release of interest, attach to the certificate of title and deliver to the second dealer. The second dealer shall complete the dealer's report of sale on the application for transfer to the subsequent owner. When more than two dealers are involved, each dealer shall complete a dealer to dealer form or a release of interest except the final dealer who sells to a retail purchaser))~~ an assignment either on the secure title, on an odometer extension form or on an equivalent document if the vehicle is exempt from requiring an odometer disclosure. The ~~((final))~~ retailing dealer shall complete the dealer's report of sale on the application ~~((for transfer))~~ accompanying the transfer of title into the name of the purchaser.

AMENDATORY SECTION (Amending WSR 90-24-054, filed 12/3/90, effective 1/3/91)

WAC 308-66-205 Vehicle odometer disclosure. (1) A vehicle dealer shall obtain a vehicle odometer disclosure statement, on a form approved by the department, for all vehicles purchased and sold by the dealer unless otherwise exempted by ~~((section 6, chapter 238, Laws of 1990))~~ RCW 46.12.124.

(2) When a vehicle is sold by a licensed vehicle dealer auction company to a nondealer, the dealer auction company must complete the odometer disclosure statement as the transferor, and the dealer auction company shall comply with all odometer disclosure requirements set forth in ~~((chapter 238, Laws of 1990))~~ RCW 46.12.124.

(3) Licensed vehicle dealer auction companies must retain the following odometer records for each vehicle sold at wholesale:

(a) Name of the most recent owner, other than the auction company;

(b) Name of the buyer;

(c) Vehicle identification number; and

(d) Odometer reading of the vehicle for the date on which the auction company took possession of the vehicle.

AMENDATORY SECTION (Amending Order DLR 115, filed 12/9/86)

WAC 308-66-210 Statement of change in business structure, ownership interest or control. (1) Any person, firm, association, corporation, entity or trust licensed as a dealer under RCW 46.70.021 must, within ten days following any change in its business structure or a ten percent change in its ownership structure, file a statement describing with particularity the change effected in its business structure or the change in ownership interest. In addition, persons newly assuming executive or control functions, including but not limited to new corporate officers, directors, ~~((majority))~~ ten percent stockholders, managing partners, members or trustees, must file within ten days of assuming such function an application and a legal and financial history, including corporation number if a corporation.

(2) Any person, firm, association, corporation, entity or trust licensed as a vehicle manufacturer pursuant to chapter 46.70 RCW shall advise the department within ten days of the change and/or addition to:

(a) The business structure of the licensee;

(b) The mailing address of a licensee;

(c) The name and address of employees or agents designated pursuant to RCW 46.70.041 and 46.70.101 to provide service or repairs to vehicles located within the state of Washington. If the licensee requires warranty service to be performed by all of its dealers pursuant to current service agreements on file with the department, it need not advise the department of changes in its lists of dealers.

(3) Any and all changes affecting the applicability of a bond, if posted, shall be reflected by appropriate endorsement to such bond.

AMENDATORY SECTION (Amending Order MV 170, filed 7/16/73)

AMENDATORY SECTION (Amending WSR 90-23-093, filed 11/21/90, effective 12/22/90)

WAC 223-08-085 Commencing an appeal—Types and time limits. Every proceeding before the appeals board or its chairman shall be commenced by filing with the appeals board a notice substantially in compliance with one of the forms numbered one through eleven in WAC 223-08-080. Each such original notice shall be accompanied by four copies except that failure to file said copies shall not alone impair commencement of the proceeding.

There shall be the following types of proceedings before the appeals board or its chairman, and they shall be commenced within the following periods of time:

(1) The department of ecology may petition the chairman of the appeals board for an order directing the department to immediately issue a stop-work order or notice to comply or to impose a penalty. This petition shall be filed at the principal office of the appeals board and the appeals board shall notify both departments of the time and place of a hearing upon the petition.

After opportunity for hearing, the chairman shall grant or deny the petition within forty-eight hours from the time of filing with the appeals board or the service of a copy of the petition upon the department, whichever is later. Such action by the chairman shall be based solely on the hearing record and argument and shall be embodied in a written order setting out the conclusions upon which it is based. The order shall be filed at the principal office of the appeals board and copies shall be served upon the parties. (See RCW 76.09.100)

(2) The county may appeal within thirty days any department approval of an application with respect to any lands within its jurisdiction. The applicant shall be a party to all county appeals of department approvals. (See RCW 76.09.050(8))

(3) An operator, timber owner or forest land owner subject to a stop work order (RCW 76.09.080) may commence an appeal to the appeals board within fifteen days after service upon the operator. (See RCW 76.09.080 (2)(d))

(4) An operator, timber owner or forest landowner subject to a notice to comply (RCW 76.09.090) shall first request, within fifteen days after the date of service of such notice, a hearing thereon before the department. The final order of the department issued after such hearing may then be appealed to the appeals board within thirty days after such final order takes effect. (See RCW 76.09.090)

(5) All persons subject to a penalty under RCW 76.09.170 may appeal such penalty to the appeals board within thirty days of receipt of notice imposing any penalty, unless an application for remission or mitigation is made to the department. When such an application is made, such appeals shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application. (See RCW 76.09.170)

PERMANENT

(6) The department may appeal county objections to the appeals board within thirty days of notice to the department of such objections. The applicant shall be a party to all department appeals of county objections. (See RCW 76.09.050(7))

(7) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice may seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. The applicant shall be a party to this proceeding. (See RCW 76.09.220(8))

(8) See WAC 223-08-270.

(9) See WAC 223-08-275.

(10) Any aggrieved landowners, agencies, tribes, and other persons are entitled to appeal a final hazard reduction plan to the appeals board if, within thirty days of the issuance of the final plan, the party transmits a notice of appeal to the appeals board and to the department.

(11) Any person provided with notice of intent to disapprove may seek review from the appeals board by filing a request for review within thirty days of the date of the notice of intent.

REPEALER

The following section of the Washington Administrative Code is repealed:

AMENDATORY SECTION (Amending Order 81, filed 10/2/84)

WAC 352-32-300 Easement, franchise, license, and special use permit applications and fees. (1) A party that desires to have a request for an easement, franchise, license, or special use permit considered by the commission shall submit an application on a form provided by the director to the:

Washington State Parks and
Recreation Commission
7150 Cleanwater Lane ((KY-11))
P.O. Box 42650
Olympia, WA 98504-2650

Each application from a party other than a government agency shall be accompanied by a nonrefundable application fee ~~((of one hundred dollars))~~ according to a schedule adopted by the commission.

A party shall pay the commission processing and use fees as apply according to a schedule adopted by the commission.

A party shall pay the commission for any appraisal, appraisal review, and survey costs incurred by the commission during the consideration of an application for an easement, franchise, license, or special use permit. The amount of any appraisal, appraisal review, and survey costs shall be determined by the director or the designee of the director.

An application fee and any processing fees, use fees, and appraisal, appraisal review, and survey payments shall be submitted to the commission at the address listed above and shall be in the form of a check or money order payable to the Washington state parks and recreation commission.

(2) The application fee, processing fee, use fee, and the appraisal, appraisal review, and survey payments established by subsection (1) of this section may be waived by the director or the designee of the director when the director or the designee determines that the action authorized by an easement, franchise, license, or special use permit will be of benefit to the general public, if approved by the commission.

AMENDATORY SECTION (Amending Order 93-20, filed 10/20/93, effective 11/20/93)

WAC 392-139-320 Determination of maximum excess levy percentage. (1) For 1994, 1995, 1996 and (~~(1995)~~) 1997, each school district's maximum excess levy

percentage equals the district's 1993 excess levy percentage plus four percent (e.g., 21.5% plus 4% equals 25.5%).

(2) For 1993, (~~(1996)~~) 1998 and thereafter, the superintendent of public instruction shall calculate each school district's maximum excess levy percentage as the greater of twenty percent or the percentage calculated as follows:

(a) Multiply the district's excess levy base determined pursuant to WAC 392-139-310 by:

(i) For 1993, (~~(1997)~~) 1999 and thereafter, the school district's maximum excess levy percentage for the prior calendar year;

(ii) For (~~(1996)~~) 1998, the school district's maximum levy percentage for 1993;

(b) Subtract from the result obtained in (a) of this subsection the school district's levy reduction funds for the year of the levy; and

(c) Divide the result obtained in (b) of this subsection by the school district's excess levy base.

AMENDATORY SECTION (Amending Order 18, filed 7/19/90, effective 8/19/90)

WAC 392-139-330 Determination of excess levy authority transfers for interdistrict cooperation programs. The superintendent of public instruction shall calculate the amount of levy authority transfers for the next calendar year for interdistrict cooperation programs as provided in this section. For students who during the prior school year resided in one school district (the sending district) but attended school in another school district (the serving district) pursuant to an interdistrict cooperation agreement authorized pursuant to RCW 28A.335.160 or 28A.225.250 and chapter 392-135 WAC, the serving district's excess levy authority for the next calendar year shall be reduced and the sending district's excess levy authority for the next calendar year shall be increased by the same amount which shall be determined as follows:

(1) Determine the serving district's (~~(excess levy authority for the next calendar year after adjustment for levy reduction funding but prior to adjustment for transfers of excess levy authority pursuant to this section and WAC 392-139-340)~~) basic education allocation that is included in the excess levy base pursuant to WAC 392-139-310;

(2) Divide the result in subsection (1) of this section by the total AAFTE students enrolled in the serving district in the prior school year as reported on the district's August Report 1191; (~~(and)~~)

(3) Multiply the result in subsection (2) of this section by the AAFTE students residing in the sending district and enrolled in the serving district in the prior school year pursuant to an interdistrict cooperation agreement as reported on form(~~(s P-223NR, and P-223H or 1067)~~) P-223;

(4) Determine the percentage increase per full-time equivalent student between the prior school year and the current school year as stated in the state basic education appropriation in the state Operating Appropriations Act;

(5) Increase the percentage in subsection (4) of this section by dividing the percentage in subsection (4) of this section by 0.55;

(6) Increase the result in subsection (3) of this section by the percentage increase calculated in subsection (5) of this section; and

(7) Multiply the result in subsection (6) of this section by the maximum excess levy percentage for the serving district pursuant to WAC 392-139-320.

AMENDATORY SECTION (Amending Order 18, filed 7/19/90, effective 8/19/90)

WAC 392-139-340 Determination of excess levy authority transfers from high school districts to nonhigh school districts. The superintendent of public instruction shall determine the amount of excess levy authority transfers for the next calendar year from high school districts to nonhigh school districts as provided in this section. For students residing in a nonhigh school district but enrolled in a high school district pursuant to chapter 28A.545 RCW and chapter 392-132 WAC, the high school district's excess levy authority shall be reduced and the nonhigh school district's excess levy authority shall be increased by the same amount. The amount of the excess levy authority transfer shall equal the estimated excess levy authority transfer for the current school year calculated pursuant to subsection (1) of this section adjusted by the amount of the nonhigh billing adjustment for the prior school year calculated pursuant to subsection (2) of this section.

(1) The estimated excess levy authority transfer for the current school year is determined as follows:

(a) Calculate the high school district's excess levy authority for the next calendar year after adjustment for levy reduction funding but prior to adjustments for transfers of excess levy authority pursuant to this section and WAC 392-139-330;

(b) Divide the result by the estimated total AAFTE students enrolled in the high school district in the current school year as reported to the superintendent of public instruction on form P-213; and

(c) Multiply the result by the estimated AAFTE students residing in the nonhigh school district and enrolled in the high school district for the current school year pursuant to chapter 28A.545 RCW as reported on form P-213.

(2) The amount of the nonhigh billing adjustment for the prior school year is determined as follows:

(a) Determine the high school district's certified excess levy for the current calendar year;

(b) Divide the result by the high school district's AAFTE resident enrollment for the prior school year determined pursuant to WAC 392-139-235 using AAFTE student enrollments reported on the August Report 1191 and forms P-213(~~(P-223NR,))~~ and (~~(P-223H or 1067))~~ P-223; and

(c) Multiply the result by the number of AAFTE students determined as follows:

(i) Determine the actual AAFTE students residing in the nonhigh school district and enrolled in the high school district in the prior school year pursuant to chapter 28A.545 RCW as reported in the current calendar year on form P-213; and

(ii) Subtract the estimated AAFTE students from the nonhigh school district enrolled in the high school district in the prior school year pursuant to chapter 28A.545 RCW as reported on form P-213 for the prior calendar year.

AMENDATORY SECTION (Amending Order 93-20, filed 10/20/93, effective 11/20/93)

WAC 392-139-901 Petitions for levy base adjustments. School districts may request levy base adjustments as follows:

~~((1))~~ At any time prior to September 15 of the prior calendar year, two or more school districts may petition the superintendent of public instruction to transfer levy base revenues between school districts for revenues generated by nonresident students served in an interdistrict cooperative for which no transfer is made pursuant to WAC 392-139-330 or 392-139-340. The petition shall state the revenue account(s) and dollar amounts to be transferred to and from each district. Net transfers for all districts shall equal zero. The petition shall be signed by the superintendent or authorized official of each participating school district. If the superintendent of public instruction finds that revenues were generated by services to nonresident students each district's levy base shall be adjusted accordingly.

~~((2) At any time prior to September 15 of the prior calendar year, a school district may petition the superintendent of public instruction to credit school district revenues which have been redirected to an educational service district to the school district levy base. The petition shall be signed by the superintendent or authorized official of the school district and the educational service district. If the superintendent of public instruction finds that revenues were generated by resident students of the school district, revenues shall be credited to the school district levy base accordingly.)~~

WSR 96-19-045**PERMANENT RULES****DEPARTMENT OF TRANSPORTATION**

[Order 82—Filed September 12, 1996, 2:56 p.m.]

Date of Adoption: September 11, 1996.

Purpose: The adoption of a revised fare schedule for the Washington state ferries, amending WAC 486-300-020 and 468-300-040. The tariff change represents the final phase in the over-size vehicle fare structuring begun in 1992.

Statutory Authority for Adoption: RCW 47.56.030 and 47.60.326.

Adopted under notice filed as WSR 96-15-010 on July 8, 1996.

Changes Other than Editing from Proposed to Adopted Version: Rationale For Rule Change #1: A new tariff category for vehicles over 20' and under 30' in length less than 7'6" in height has been created to reflect their unique use of ferry deck space. This is a charge of one and one times the base auto/driver fare reflecting those under 7'6" height characteristics.

Rationale For Rule Change #2: The oversize vehicle fare increase for the San Juan Interisland routes proposed in the original rule have been replaced by the four-staged rate increases to reduce the percent increase originally proposed. The final phase will result in a rate structure as originally proposed.

* These routes operate as a one-point toll collection system.

¹SIZE - All vehicles up to 20' in length and under 7'6" shall pay the vehicle under 20' toll. Vehicles up to 20' but over 7'6" in height shall pay a height surcharge of ~~((60%))~~ 100% of the vehicle full fare. Upon presentation by either the driver or passenger of a WSF Disability Travel Permit, Regional Reduced Fare Permit, or other identification which establishes disability, the height surcharge will be waived for vehicles equipped with wheel chair lift or other mechanism designed to accommodate the person with disability.

²FREQUENT USER TICKETS - Shall be valid only for 90 days from date of purchase after which time the ticket shall not be accepted for passage.

³INTER-ISLAND FARES - Tolls collected westbound only. Vehicles traveling between islands may request a single transfer ticket good for one transfer at an intermediate island. The transfer may only be obtained when purchasing the appropriate vehicle fare for inter-island travel (westbound at Lopez, Shaw, or Orcas) and is free of charge. Transfers shall be valid for 24 hours from time of purchase.

⁴SENIOR CITIZEN, DISABLED DRIVER OR DISABLED ATTENDANT DRIVER - Half fare discount applies to driver portion of the vehicle-driver fare and only when the driver is eligible. Those persons with disabilities who require attendant care while traveling on the ferries, and are so certified by their physician, may obtain an endorsement on their WSR Disability Travel Permit and such endorsement shall allow the attendant, when driving, to have the driver portion of the vehicle fare waived.

⁵MOTORCYCLES - The motorcycle including driver fare includes motorcycles pulling trailers and motorcycles with side cars.

⁶ROUND TRIP - Round trip tickets for international travel available for trips beginning or ending on one of the islands served.

VANPOOLS - A commuter vanpool which carries five or more persons on a regular and expense-sharing basis for the purpose of travel to and from work or school and which is certified as such by a local organization approved by the Washington state ferry system, may purchase for a \$10 fee, a permit valid for one year valid only during the hours shown on the permit. These hours are selectable by the purchaser but shall designate two periods of use each day not to exceed two hours per period. The \$10.00 fee shall include the driver. Remaining passengers shall pay the applicable passenger fare. Except that the minimum total paid for all passengers in the van shall not be less than four times the applicable passenger fare.

PERMANENT

STOWAGE - Stowage carry-on items including kayaks, canoes and other items of comparable size which are typically stowed on the vehicle deck of the vessel shall be charged at the motorcycle rate. This rate includes the walk-on passenger carrying on the item to be stowed.

PEAK SEASON SURCHARGE - A 20% surcharge shall be applied effective the second Sunday in May through the second Sunday in October to all vehicles except those using frequent user tickets.

PENALTY CHARGES - Owner of vehicle without driver will be assessed a \$100.00 penalty charge.

PROMOTIONAL TOLLS - A promotional rate may be established at the discretion of the secretary of transportation for a specified discount (not to exceed 50 percent of full fare) and effective only at designated times on designated routes (not to exceed 100 days per year on any one route).

@ These fares rounded to the nearest multiple of \$.25.

* These routes operate as a one-point toll collection system.

1 OVERSIZE VEHICLES - Includes all vehicles 20 feet in length and longer regardless of type: Commercial trucks, recreational vehicles, vehicles under 20' pulling trailers, etc. Length shall include vehicle and load to its furthest extension. Overheight charge is included in oversize vehicle toll, except for 20 to 30 foot category under 7'6" in height. Vehicles which are 11 feet in width or wider pay double the fare applicable to their length. Private and commercial passenger buses or other passenger vehicles pay the applicable oversize vehicle tolls. Public transit buses shall travel free upon display of an annual permit which may be purchased for \$10.

2 STOPOVERS - Tolls collected westbound only. Oversize vehicles traveling westbound from Anacortes may purchase a single intermediate stopover ticket for \$2.50 when first purchasing the appropriate vehicle fare. The stopover is valid for a 24-hour period.

3 INTER-ISLAND - Tolls collected westbound only. Vehicles traveling between islands may request a single transfer ticket good for one transfer at an intermediate island. The transfer may only be obtained when purchasing the appropriate vehicle fare for interisland travel (westbound at Lopez, Shaw, or Orcas) and is free of charge. Transfers shall be valid for 24 hours from time of purchase.

4 ROUND TRIP - Round trip tickets for international travel available for trips beginning or ending on one of the islands served.

PEAK SEASON SURCHARGE - A 20% surcharge shall be applied effective the second Sunday in May through the second Sunday in October to all vehicles except those using frequent user tickets.

SENIOR CITIZEN DISCOUNTS - Discounts of 50% for the driver of the above vehicles shall apply. Senior citizen discount is determined by subtracting full-fare passenger rate and adding half-fare passenger rate.

PENALTY CHARGES - Owner of vehicle without driver will be assessed a \$100.00 penalty charge.

DISCOUNT FROM REGULAR TOLL

Oversize vehicles making 12 or more, one-way crossings per week (Sunday thru Saturday) will qualify for a 20% discount from the regular ferry tolls.

EMERGENCY TRIPS DURING NONSERVICE HOURS - While at locations where crew is on duty charge shall be equal to the cost of fuel consumed to make emergency trip. Such trips shall only be offered as a result of official requests from an emergency services agency and only in the case of no reasonable alternative.

BULK NEWSPAPERS - Per 100 lbs. \$2.20

(Shipments exceeding 60,000 lbs. in any month shall be assessed \$1.10 per 100 lbs.)

Daily Newspapers, in bundles, and medical supplies, to be received and delivered without receipt and subject to owner's risk, will be transported between ferry terminals on regular scheduled sailings.

EXPRESS SHIPMENTS - A flat handling charge of \$25.00 per parcel is charged.

(Shipments exceeding 100 lbs. assessed \$8.30 for each 25 lbs. or fraction thereof.)

Express shipments will be handled on scheduled sailings when no other means of shipment is available to shipper. Shipments must be of a size and weight that can easily be handled by carrier's employees. Carrier reserves the right to refuse shipment of any item. Carrier assumes no liability for loss or damage to any shipment. Minimum rate for any shipment shall be the rate for 100 pounds.

San Juan inter-island express shipments will be handled at \$5.00 per parcel.

MEDICAL SUPPLIES - A flat handling charge of \$5.00 per shipment is charged.

DISCLAIMER - Under no circumstances does Washington state ferries warrant the availability of ferry service at a given date or time; nor does it warrant the availability of space on board a vessel on a given sailing.

NEW SECTION

WAC 220-47-427 Puget Sound—Beach seine—Emerging commercial fishery—Eligibility—Lawful gear.

(1) The Puget Sound beach seine salmon fishery is designated as an emerging commercial fishery for which a vessel is required. An emerging commercial fishery license and an experimental fishery permit are required to participate in this fishery.

(2) The department will issue five Quilcene Bay salmon beach seine experimental fishery permits (Quilcene permits). In order to be eligible to apply for a Quilcene permit, a person must be a current holder of a salmon gill net—Puget Sound fishery license or a salmon purse seine fishery license. Only the owner of the license is eligible to apply.

(3) The following is the selection process the department will use to offer a Quilcene permit.

(a) The department will accept applications for a Quilcene permit until 5:00 p.m. on the fourteenth day prior to the opening of the fishery provided for in WAC 220-47-428.

(b) The department will pool the applications received from gill net fishers and from purse seine fishers separately.

The names of two gill net fishers and two purse seine fishers will be drawn randomly. The two pools will be combined and a fifth name will be drawn at random. If there are insufficient names in either pool, the selection will default to the other gear group.

(c) Successful applicants will be notified immediately, and will have seven working days from the date of selection to purchase the license. If the license has not been purchased by the close of business on the seventh working day or the applicant wishes not to be a participant, another name will be drawn from the respective pool or combined pool.

(4) Successful applicants are required to participate in the Quilcene Bay salmon beach seine experimental fishery.

(a) For purposes of this section, "participation" means the holder of the Quilcene permit being aboard the designated vessel in the open fishery area four days each week during the open fishing period.

(b) If the Quilcene permit holder fails to participate, the Quilcene permit issued to that fisher will be void and a new Quilcene permit will be reissued through a random drawing from the pool of the voided permit holder.

(c) The department may require proof of participation by registering with state, federal or tribal officials each day the Quilcene permit holder participates.

(d) Persons who participate, but violate conditions of a Quilcene permit, will have the permit voided and a new Quilcene permit will be reissued through a random drawing from the pool of the voided permit holder. Chum salmon may not be retained by a Quilcene permit holder. Chum salmon must be released alive, or, at the direction of federal or state officials, submitted for broodstock purposes.

(5) Any person who fails to purchase the license, fails to participate, or violates the conditions of a Quilcene permit will have his or her name permanently withdrawn from the pools.

(6) It is unlawful to take salmon with beach seine gear that does not meet the requirements of this subsection.

(a) Beach seine salmon nets in Puget Sound shall not exceed 600 feet in length or 100 meshes in depth, or contain meshes of a size less than 3 inches or greater than 4 inches.

(b) Mesh webbing must be constructed with a twine size no smaller than 210/30d nylon, 12 thread cotton, or the equivalent diameter in any other material.

DEPARTMENT OF ECOLOGY

[Order 94-35—Filed September 13, 1996, 4:15 p.m.]

Date of Adoption: September 13, 1996.

Purpose: Incorporate federally mandated requirements necessary to retain Title V program.

Citation of Existing Rules Affected by this Order: Amending chapter 173-400 WAC.

Statutory Authority for Adoption: Chapter 70.94 RCW.

Adopted under notice filed as WSR 96-06-036 on March 1, 1996.

Changes Other than Editing from Proposed to Adopted Version: Deleted the proposed change in effective dates of the standard industrial classification manual and Washington state source test manual to the effective date of the rule.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, amended 8, repealed 0; Federal Rules or Standards: New 0, amended 0, repealed 0; or Recently Enacted State Statutes: New 0, amended 0, repealed 0.

AMENDATORY SECTION (Amending Order 93-40, filed 3/22/95, effective 4/22/95)

WAC 173-400-030 Definitions. Except as provided elsewhere in this chapter, the following definitions apply throughout the chapter:

(1) "Actual emissions" means the actual rate of emissions of a pollutant from an emission unit, as determined in accordance with (a) through (c) of this subsection.

(a) In general, actual emissions as of a particular date shall equal the average rate, in tons per year, at which the emissions unit actually emitted the pollutant during a two-year period which precedes the particular date and which is representative of normal source operation. Ecology or an authority shall allow the use of a different time period upon a determination that it is more representative of normal source operation. Actual emissions shall be calculated using the emissions unit's actual operating hours, production rates, and types of materials processed, stored, or combusted during the selected time period.

(b) Ecology or an authority may presume that source-specific allowable emissions for the unit are equivalent to the actual emissions of the emissions unit.

(c) For any emissions unit which has not begun normal operations on the particular date, actual emissions shall equal the potential to emit of the emissions unit on that date.

(2) "Adverse impact on visibility" means visibility impairment which interferes with the management, protection, preservation, or enjoyment of the visitor's visual experience of the Federal Class I area. This determination must be made on a case-by-case basis taking into account the geographic extent, intensity, duration, frequency, and time of visibility impairment, and how these factors correlate with (a) times of visitor use of the Federal Class I area, and (b) the frequency and timing of natural conditions that reduce visibility. This term does not include effects on integral vistas.

(3) "Air contaminant" means dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substance, or any combination thereof. "Air pollutant" means the same as "air contaminant."

PERMANENT

(4) "Air pollution" means the presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities, and of such characteristics and duration as is, or is likely to be, injurious to human health, plant or animal life, or property, or which unreasonably interferes with enjoyment of life and property. For the purposes of this chapter, air pollution shall not include air contaminants emitted in compliance with chapter 17.21 RCW, the Washington Pesticide Application Act, which regulates the application and control of the use of various pesticides.

(5) "Allowable emissions" means the emission rate of a stationary source calculated using the maximum rated capacity of the stationary source (unless the stationary source is subject to federally enforceable limits which restrict the operating rate, or hours of operation, or both) and the most stringent of the following:

(a) The applicable standards as set forth in 40 CFR Part 60 or 61;

(b) Any applicable state implementation plan emissions limitation including those with a future compliance date; or

(c) The emissions rate specified as a federally enforceable permit condition, including those with a future compliance date.

(6) "Ambient air" means the surrounding outside air.

(7) "Ambient air quality standard" means an established concentration, exposure time, and frequency of occurrence of air contaminant(s) in the ambient air which shall not be exceeded.

(8) "Authority" means any air pollution control agency whose jurisdictional boundaries are coextensive with the boundaries of one or more counties.

(9) "Best available control technology (BACT)" means an emission limitation based on the maximum degree of reduction for each air pollutant subject to regulation under chapter 70.94 RCW emitted from or which results from any new or modified stationary source, which the permitting authority, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such source or modification through application of production processes and available methods, systems, and techniques, including fuel cleaning, clean fuels, or treatment or innovative fuel combustion techniques for control of each such pollutant. In no event shall application of the "best available control technology" result in emissions of any pollutants which will exceed the emissions allowed by any applicable standard under 40 CFR Part 60 and Part 61, as they exist on (~~May 7, 1993~~) March 1, 1996, or their later enactments as adopted by reference by the director by rule. Emissions from any source utilizing clean fuels, or any other means, to comply with this paragraph shall not be allowed to increase above levels that would have been required under the definition of BACT in the Federal Clean Air Act as it existed prior to enactment of the Clean Air Act Amendments of 1990.

(10) "Best available retrofit technology (BART)" means an emission limitation based on the degree of reduction achievable through the application of the best system of continuous emission reduction for each pollutant which is emitted by an existing stationary facility. The emission limitation must be established, on a case-by-case basis, taking into consideration the technology available, the costs of compliance, the energy and nonair quality environmental

impacts of compliance, any pollution control equipment in use or in existence at the source, the remaining useful life of the source, and the degree of improvement in visibility which may reasonably be anticipated to result from the use of such technology.

(11) "Bubble" means a set of emission limits which allows an increase in emissions from a given emissions unit(s) in exchange for a decrease in emissions from another emissions unit(s), pursuant to RCW 70.94.155 and WAC 173-400-120.

(12) "Capacity factor" means the ratio of the average load on equipment or a machine for the period of time considered, to the manufacturer's capacity rating of the machine or equipment.

(13) "Class I area" means any area designated pursuant to §§ 162 or 164 of the Federal Clean Air Act as a Class I area. The following areas are the Class I areas in Washington state:

Alpine Lakes Wilderness;
Glacier Peak Wilderness;
Goat Rocks Wilderness;
Mount Adams Wilderness;
Mount Rainier National Park;
North Cascades National Park;
Olympic National Park;
Pasayten Wilderness;
Spokane Indian Reservation.

(14) "Combustion and incineration sources" means units using combustion for waste disposal, steam production, chemical recovery or other process requirements; but excludes open burning.

(15) "Commenced construction" means that the owner or operator has all the necessary preconstruction approvals or permits and either has:

(a) Begun, or caused to begin, a continuous program of actual on-site construction of the source, to be completed within a reasonable time; or

(b) Entered into binding agreements or contractual obligations, which cannot be cancelled or modified without substantial loss to the owner or operator, to undertake a program of actual construction of the source to be completed within a reasonable time.

(16) "Concealment" means any action taken to reduce the observed or measured concentrations of a pollutant in a gaseous effluent while, in fact, not reducing the total amount of pollutant discharged.

(17) "Director" means director of the Washington state department of ecology or duly authorized representative.

(18) "Dispersion technique" means a method which attempts to affect the concentration of a pollutant in the ambient air other than by the use of pollution abatement equipment or integral process pollution controls.

(19) "Ecology" means the Washington state department of ecology.

(20) "Emission" means a release of air contaminants into the ambient air.

(21) "Emission reduction credit (ERC)" means a credit granted pursuant to WAC 173-400-131. This is a voluntary reduction in emissions.

(22) "Emission standard" and "emission limitation" means a requirement established under the FCAA or chapter 70.94 RCW which limits the quantity, rate, or concentration

of emissions of air contaminants on a continuous basis, including any requirement relating to the operation or maintenance of a source to assure continuous emission reduction and any design, equipment work practice, or operational standard promulgated under the FCAA or chapter 70.94 RCW.

(23) "Emissions unit" means any part of a stationary source or source which emits or would have the potential to emit any pollutant subject to regulation under the FCAA, chapter 70.94 or 70.98 RCW.

(24) "Excess emissions" means emissions of an air pollutant in excess of any applicable emission standard.

(25) "Excess stack height" means that portion of a stack which exceeds the greater of sixty-five meters or the calculated stack height described in WAC 173-400-200(2).

(26) "Existing stationary facility" means a stationary source of air pollutants which has the potential to emit two hundred fifty tons per year or more of any air pollutant. In determining potential to emit, fugitive emissions, to the extent quantifiable, must be counted. For purposes of determining whether a stationary source is an existing stationary facility the term "building, structure, facility, or installation" means all of the pollutant-emitting activities which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control). Pollutant-emitting activities shall be considered as part of the same major group (i.e., which have the same two digit code) as described in the *Standard Industrial Classification Manual, 1972*, as amended by the 1977 Supplement.

(27) "Federal Clean Air Act (FCAA)" means the Federal Clean Air Act, also known as Public Law 88-206, 77 Stat. 392, December 17, 1963, 42 U.S.C. 7401 et seq., as last amended by the Clean Air Act Amendments of 1990, P.L. 101-549, November 15, 1990.

(28) "Federal land manager" means, with respect to any lands in the United States, the Secretary of the department with authority over such lands.

(29) "Fossil fuel-fired steam generator" means a device, furnace, or boiler used in the process of burning fossil fuel for the primary purpose of producing steam by heat transfer.

(30) "Fugitive dust" means a particulate emission made airborne by forces of wind, man's activity, or both. Unpaved roads, construction sites, and tilled land are examples of areas that originate fugitive dust. Fugitive dust is a type of fugitive emission.

(31) "Fugitive emissions" means emissions which do not pass and which could not reasonably pass through a stack, chimney, vent, or other functionally equivalent opening.

(32) "General process unit" means an emissions unit using a procedure or a combination of procedures for the purpose of causing a change in material by either chemical or physical means, excluding combustion.

(33) "Good engineering practice (GEP)" refers to a calculated stack height based on the equation specified in WAC 173-400-200 (2)(a)(ii).

(34) "Incinerator" means a furnace used primarily for the thermal destruction of waste.

(35) "In operation" means engaged in activity related to the primary design function of the source.

(36) "Integral vista" means a view perceived from within a mandatory Class I federal area of a specific land-

mark or panorama located outside the boundary of the mandatory Class I federal area.

(37) "Lowest achievable emission rate (LAER)" means for any source that rate of emissions which reflects the more stringent of:

(a) The most stringent emission limitation which is contained in the implementation plan of any state for such class or category of source, unless the owner or operator of the proposed new or modified source demonstrates that such limitations are not achievable; or

(b) The most stringent emission limitation which is achieved in practice by such class or category of source.

In no event shall the application of this term permit a proposed new or modified source to emit any pollutant in excess of the amount allowable under applicable new source performance standards.

(38) "Mandatory Class I federal area" means any area defined in Section 162(a) of the FCAA. The mandatory Class I federal areas in Washington state are as follows:

Alpine Lakes Wilderness;
Glacier Peak Wilderness;
Goat Rocks Wilderness;
Mount Adams Wilderness;
Mount Rainier National Park;
North Cascades National Park;
Olympic National Park;
Pasayten Wilderness.

(39) "Major modification" means any physical change in or change in the method of operation of a major stationary source that would result in a significant net emissions increase of any pollutant subject to regulation under the FCAA. Any net emissions increase that is considered significant for volatile organic compounds or nitrogen oxides shall be considered significant for ozone. A physical change or change in the method of operation shall not include:

(a) Routine maintenance, repair, and replacement;

(b) Use of an alternative fuel or raw material by reason of an order under Sections 2(a) and (b) of the Energy Supply and Environmental Supply Coordination Act of 1974 (or any superseding legislation) or by reason of a natural gas curtailment plan pursuant to the Federal Power Act;

(c) Use of an alternative fuel by reason of an order or rule under section 125 of the FCAA, 42 U.S.C. 7425;

(d) Use of an alternative fuel at a steam generating unit to the extent that the fuel is generated from municipal solid waste;

(e) Use of an alternative fuel or raw material by a stationary source which:

(i) The stationary source was capable of accommodating before December 21, 1976, unless such change would be prohibited under any federally enforceable permit condition which was established after December 12, 1976, in a prevention of significant deterioration permit or notice of construction approval; or

(ii) The stationary source is approved to use under any federally-enforceable notice of construction approval or a PSD permit issued by the environmental protection agency;

(f) An increase in the hours of operation or in the production rate, unless such change is prohibited under any federally enforceable permit condition which was established after December 21, 1976, in a prevention of significant deterioration permit or a notice of construction approval;

(g) Any change in ownership at a stationary source.

(40) "Major stationary source" means:

(a) Any stationary source which:

(i) Emits or has the potential to emit one hundred tons per year or more of any air contaminant regulated by the state or Federal Clean Air Acts; or

(ii) Is located in a "marginal" or "moderate" ozone nonattainment area and which emits or has the potential to emit one hundred tons per year or more of volatile organic compounds or oxides of nitrogen.

(b) Any stationary source (or group of stationary sources) which:

(i) Is located in a "serious" carbon monoxide nonattainment area where stationary sources contribute significantly to carbon monoxide levels and which emits or has the potential to emit fifty tons per year or more of carbon monoxide; or

(ii) Is located in a "serious" particulate matter (PM₁₀) nonattainment area and which emits or has the potential to emit seventy tons per year or more of PM₁₀ emissions.

(c) Any physical change that would occur at a stationary source not qualifying under (a) or (b) of this subsection as a major stationary source, if the change would constitute a major stationary source by itself;

(d) A major stationary source that is major for VOCs or NOx shall be considered major for ozone;

(e) The fugitive emissions of a stationary source shall not be included in determining whether it is a major stationary source, unless the stationary source belongs to one of the following categories of stationary sources or the source is a major stationary source due to (b) of this subsection:

(i) Coal cleaning plants (with thermal dryers);

(ii) Kraft pulp mills;

(iii) Portland cements plants;

(iv) Primary zinc smelters;

(v) Iron and steel mills;

(vi) Primary aluminum ore reduction plants;

(vii) Primary copper smelters;

(viii) Municipal incinerators capable of charging more than two hundred fifty tons of refuse per day;

(ix) Hydrofluoric, sulfuric, or nitric acid plants;

(x) Petroleum refineries;

(xi) Lime plants;

(xii) Phosphate rock processing plants;

(xiii) Coke oven batteries;

(xiv) Sulfur recovery plants;

(xv) Carbon black plants (furnace process);

(xvi) Primary lead smelters;

(xvii) Fuel conversion plants;

(xviii) Sintering plants;

(xix) Secondary metal production plants;

(xx) Chemical process plants;

(xxi) Fossil-fuel boilers (or combination thereof) totaling more than two hundred fifty million British thermal units per hour heat input;

(xxii) Petroleum storage and transfer units with a total storage capacity exceeding three hundred thousand barrels;

(xxiii) Taconite ore processing plants;

(xxiv) Glass fiber processing plants;

(xxv) Charcoal production plants;

(xxvi) Fossil fuel-fired steam electric plants of more than two hundred fifty million British thermal units per hour heat input; and

(xxvii) Any other stationary source category which, as of August 7, 1980, was being regulated under sections 111 or 112 of the Federal Clean Air Act.

(f) For purposes of determining whether a stationary source is a major stationary source, the term "building, structure, facility, or installation" means all the pollutant-emitting activities which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control). Pollutant-emitting activities shall be considered as part of the same industrial grouping if they belong to the same major group (i.e., which have the same two digit code) as described in the *Standard Industrial Classification Manual, 1972*, as amended by the 1977 Supplement.

(41) "Masking" means the mixing of a chemically nonreactive control agent with a malodorous gaseous effluent to change the perceived odor.

(42) "Materials handling" means the handling, transporting, loading, unloading, storage, and transfer of materials with no significant chemical or physical alteration.

(43) "Modification" means any physical change in, or change in the method of operation of, a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emissions of any air contaminant not previously emitted. The term modification shall be construed consistent with the definitions of modification in Section 7411, Title 42, United States Code, and with rules implementing that section.

(44) "National Emission Standards for Hazardous Air Pollutants (NESHAPS)" means the federal regulations set forth in 40 CFR Parts 61 and 63.

(45) "Natural conditions" means naturally occurring phenomena that reduce visibility as measured in terms of visual range, contrast, or coloration.

(46) "Net emissions increase" means:

(a) The amount by which the sum of the following exceeds zero:

(i) Any increase in actual emissions from a particular change or change in method of operation at a source; and

(ii) Any other increases and decreases in actual emissions at the source that are contemporaneous with the particular change and are otherwise creditable.

(b) An increase or decrease in actual emissions is contemporaneous with the increase from the particular change only if it occurs between the date ten years before construction on the particular change commences and the date that the increase from the particular change occurs.

(c) An increase or decrease in actual emissions is creditable only if:

(i) It occurred no more than one year prior to the date of submittal of a complete notice of construction application for the particular change, or it has been documented by an emission reduction credit, in which case the credit shall expire ten years after the date of original issue of the ERC. Any emissions increases occurring between the date of issuance of the ERC and the date when a particular change becomes operational shall be counted against the ERC.

(ii) Ecology or the authority has not relied on it in issuing any permit or order of approval for the source under regulations approved pursuant to 40 CFR 51 Subpart I or the EPA has not relied on it in issuing a PSD permit pursuant to 40 CFR 52.21, which order or permit is in effect when the increase in actual emissions from the particular change occurs.

(d) An increase in actual emissions is creditable only to the extent that the new level of actual emissions exceeds the old level.

(e) A decrease in actual emissions is creditable only to the extent that:

(i) The old level of actual emissions or the old level of allowable emissions, whichever is lower, exceeds the new level of actual emissions;

(ii) It is federally enforceable at and after the time that actual construction on the particular change begins;

(iii) It has approximately the same qualitative significance for public health and welfare as that attributed to the increase from the particular change; and

(iv) Ecology or the authority has not relied on it in issuing any permit or order of approval under regulations approved pursuant to 40 CFR 51 Subpart I, the EPA has not relied on it in issuing a PSD permit pursuant to 40 CFR 52.21, or ecology or the authority has not relied on it in demonstrating attainment or reasonable further progress.

(f) An increase that results from a physical change at a source occurs when the emission unit on which construction occurred becomes operational and begins to emit a particular pollutant. Any replacement unit that requires shakedown becomes operational only after a reasonable shakedown period, not to exceed one hundred eighty days.

(47) "New source" means:

(a) The construction or modification of a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted; and

(b) Any other project that constitutes a new source under the Federal Clean Air Act.

(48) "New source performance standards (NSPS)" means the federal regulations set forth in 40 CFR Part 60.

(49) "Nonattainment area" means a clearly delineated geographic area which has been designated by EPA promulgation as exceeding a national ambient air quality standard or standards for one or more of the criteria pollutants.

(50) "Notice of construction application" means a written application to permit construction of a new source, modification of an existing stationary source or replacement or substantial alteration of control technology at an existing stationary source.

(51) "Opacity" means the degree to which an object seen through a plume is obscured, stated as a percentage.

(52) "Open burning" means the combustion of material in an open fire or in an outdoor container, without providing for the control of combustion or the control of the emissions from the combustion. Wood waste disposal in wigwam burners is not considered open burning.

(53) "Order" means any order issued by ecology or a local air authority pursuant to chapter 70.94 RCW, including, but not limited to RCW 70.94.332, 70.94.152, 70.94.153, and 70.94.141(3), and includes, where used in the generic sense,

the terms order, corrective action order, order of approval, and regulatory order.

(54) "Order of approval" or "approval order" means a regulatory order issued by ecology or the authority to approve the notice of construction application for a proposed new source or modification, or the replacement or substantial alteration of control technology at an existing stationary source.

(55) "Particulate matter" or "particulates" means any airborne finely divided solid or liquid material with an aerodynamic diameter smaller than 100 micrometers.

(56) "Particulate matter emissions" means all finely divided solid or liquid material, other than uncombined water, emitted to the ambient air as measured by applicable reference methods, or an equivalent or alternative method specified in 40 CFR Part 60 or by a test method specified in the Washington state implementation plan.

(57) "Parts per million (ppm)" means parts of a contaminant per million parts of gas, by volume, exclusive of water or particulates.

(58) "Person" means an individual, firm, public or private corporation, association, partnership, political subdivision, municipality, or government agency.

(59) "PM-10" means particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers as measured by a reference method based on 40 CFR Part 50 Appendix J and designated in accordance with 40 CFR Part 53 or by an equivalent method designated in accordance with 40 CFR Part 53.

(60) "PM-10 emissions" means finely divided solid or liquid material, including condensable particulate matter, with an aerodynamic diameter less than or equal to a nominal 10 micrometers emitted to the ambient air as measured by an applicable reference method, or an equivalent or alternate method, specified in Appendix M of 40 CFR Part 51 or by a test method specified in the Washington state implementation plan.

(61) "Potential to emit" means the maximum capacity of a stationary source to emit a pollutant under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, shall be treated as part of its design only if the limitation or the effect it would have on emissions is federally enforceable. Secondary emissions do not count in determining the potential to emit of a stationary source.

(62) "Prevention of significant deterioration (PSD)" means the program set forth in WAC 173-400-141.

(63) "Projected width" means that dimension of a structure determined from the frontal area of the structure, projected onto a plane perpendicular to a line between the center of the stack and the center of the building.

(64) "Reasonably attributable" means attributable by visual observation or any other technique the state deems appropriate.

(65) "Reasonably available control technology (RACT)" means the lowest emission limit that a particular source or source category is capable of meeting by the application of control technology that is reasonably available considering technological and economic feasibility. RACT is determined

on a case-by-case basis for an individual source or source category taking into account the impact of the source upon air quality, the availability of additional controls, the emission reduction to be achieved by additional controls, the impact of additional controls on air quality, and the capital and operating costs of the additional controls. RACT requirements for any source or source category shall be adopted only after notice and opportunity for comment are afforded.

(66) "Regulatory order" means an order issued by ecology or an authority to an air contaminant source which applies to that source, any applicable provision of chapter 70.94 RCW, or the rules adopted thereunder, or, for sources regulated by a local air authority, the regulations of that authority.

(67) "Significant" means, in reference to a net emissions increase or the potential of a source to emit any of the following pollutants, a rate of emission equal to or greater than any one of the following rates:

Pollutant	Tons/Year
Carbon monoxide	100
Nitrogen oxides	40
Sulfur dioxide	40
Particulate matter (PM)	25
Fine particulate matter (PM ₁₀)	15
Volatile organic compounds (VOC)	40
Lead	0.6
Fluorides	3
Sulfuric acid mist	7
Hydrogen sulfide (H ₂ S)	10
Total reduced sulfur (including H ₂ S)	10
Municipal waste combustor organics (measured as total tetra-through octa-chlorinated dibenzo-p-dioxins and dibenzofurans)	0.0000035
Municipal waste combustor metals (measured as PM)	15
Municipal waste combustor acid gases (measured as SO ₂ and hydrogen chloride)	40

(68) "Significant visibility impairment" means visibility impairment which interferes with the management, protection, preservation, or enjoyment of visitor visual experience of the Class I area. The determination must be made on a case-by-case basis, taking into account the geographic extent, intensity, duration, frequency, and time of the visibility impairment, and how these factors correlate with the time of visitor use of the Class I area and frequency and timing of natural conditions that reduce visibility.

(69) "Source" means all of the emissions unit(s) including quantifiable fugitive emissions, that are located on one or more contiguous or adjacent properties, and are under the control of the same person or persons under common control, whose activities are ancillary to the production of a single product or functionally related groups of products. Activities shall be considered ancillary to the production of a single product or functionally related group of products if they belong to the same major group (i.e., which have the same two digit code) as described in the *Standard Industrial Classification Manual, 1972*, as amended by the 1977 Supplement.

(70) "Source category" means all sources of the same type or classification.

(71) "Stack" means any point in a source designed to emit solids, liquids, or gases into the air, including a pipe or duct.

(72) "Stack height" means the height of an emission point measured from the ground-level elevation at the base of the stack.

(73) "Standard conditions" means a temperature of 20°C (68°F) and a pressure of 760 mm (29.92 inches) of mercury.

(74) "Stationary source" means any building, structure, facility, or installation which emits or may emit any contaminant. This term does not include emissions resulting directly from an internal combustion engine for transportation purposes or from a nonroad engine or nonroad vehicle as defined in Section 216 of the FCAA.

(75) "Sulfuric acid plant" means any facility producing sulfuric acid by the contact process by burning elemental sulfur, alkylation acid, hydrogen sulfide, or acid sludge.

(76) "Synthetic minor" means any source whose ~~((emissions have been limited below the source's))~~ potential to emit has been limited below applicable thresholds by means of a federally enforceable order, rule, or permit condition.

(77) "Total reduced sulfur (TRS)" means the sum of the sulfur compounds hydrogen sulfide, mercaptans, dimethyl sulfide, dimethyl disulfide, and any other organic sulfides emitted and measured by EPA method 16 or an approved equivalent method and expressed as hydrogen sulfide.

(78) "Total suspended particulate" means particulate matter as measured by the method described in 40 CFR Part 50 Appendix B as in effect on ~~((July 1, 1988))~~ October 17, 1996.

(79) "Toxic air pollutant (TAP)" or "toxic air contaminant" means any Class A or B toxic air pollutant listed in WAC 173-460-150 and 173-460-160. The term toxic air pollutant may include particulate matter and volatile organic compounds if an individual substance or a group of substances within either of these classes is listed in WAC 173-460-150 and/or WAC 173-460-160. The term toxic air pollutant does not include particulate matter and volatile organic compounds as generic classes of compounds.

(80) "United States Environmental Protection Agency (USEPA)" shall be referred to as EPA.

~~((80))~~ (81) "Visibility impairment" means any perceptible degradation in visibility (visual range, contrast, coloration) not caused by natural conditions.

~~((81))~~ (82) "Visibility impairment of Class I areas" means visibility impairment within the area and visibility impairment of any formally designated integral vista associated with the area.

~~((82))~~ (83) "Volatile organic compound (VOC)" means(=)

~~(=)~~ any compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, which participates in atmospheric photochemical reactions. This includes ~~((any organic compound other than the following, which have negligible photochemical activity: Methane; ethane; methylene chloride (dichloromethane); 1,1,1 trichloroethane (methyl chloroform); 1,1,1 trichloro-2,2,2 trifluoroethane (CFC-113); trichlorofluoromethane (CFC-11); dichlorodifluoromethane (CFC-12); chlorodifluoromethane (CFC-22); trifluoromethane (FC-23); 1,1,2,2-tetrafluoroethane (CFC-~~

PERMANENT

114); chloropentafluoroethane (CFC-115); 1,1,1-trifluoro-2,2-dichloroethane (HCFC-123); 1,1,1,2-tetrafluoroethane (HFC-134a); 1,1-dichloro-1-fluoroethane (HCFC-141b); 1-chloro-1,1-difluoroethane (HCFC-142b); 2-chloro-1,1,1,2-tetrafluoroethane (HCFC-124); pentafluoroethane (HFC-125); 1,1,2,2-tetrafluoroethane (HFC-134); 1,1,1-trifluoroethane (HFC-143a); 1,1-difluoroethane (HFC-152a));

(a) Any such organic compound other than the following, which has been determined to have negligible photochemical reactivity: Methane; ethane; methylene chloride (dichloromethane); 1,1,1-trichloroethane (methyl chloroform); 1,1,2-trichloro-1,2,2-trifluoroethane (CFC-113); trichlorofluoromethane (CFC-11); dichlorodifluoromethane (CFC-12); chlorodifluoromethane (HCFC-22); trifluoromethane (HFC-23); 1,2-dichloro-1,1,2,2-tetrafluoroethane (CFC-114); chloropentafluoroethane (CFC-115); 1,1,1-trifluoro-2,2-dichloroethane (HCFC-123); 1,1,1,2-tetrafluoroethane (HFC-134a); 1,1-dichloro-1-fluoroethane (HCFC-141b); 1-chloro-1,1-difluoroethane (HCFC-142b); 2-chloro-1,1,1,2-tetrafluoroethane (HCFC-124); pentafluoroethane (HFC-125); 1,1,2,2-tetrafluoroethane (HFC-134); 1,1,1-trifluoroethane (HFC-143a); 1,1-difluoroethane (HFC-152a); parachlorobenzotrifluoride (PCBTF); cyclic, branched, or linear completely methylated siloxanes; acetones perchloroethylene (tetrachloroethylene); and perfluorocarbon compounds which fall into these classes:

(i) Cyclic, branched, or linear completely fluorinated alkanes;

(ii) Cyclic, branched, or linear completely fluorinated ethers with no unsaturations; and

(iii) Sulfur containing perfluorocarbons with no unsaturations and with sulfur bonds only to carbon and fluorine.

(b) For the purpose of determining compliance with emission limits, VOC will be measured by the appropriate methods in 40 CFR Part 60 Appendix A. Where such a method also measures compounds with negligible photochemical reactivity, these negligibly-reactive compounds may be excluded as VOC if the amount of such compounds is accurately quantified, and such exclusion is approved by ecology or the authority.

(c) As a precondition to excluding these negligibly-reactive compounds as VOC or at any time thereafter, ecology or the authority may require an owner or operator to provide monitoring or testing methods and results demonstrating, to the satisfaction of ecology or the authority, the amount of negligibly-reactive compounds in the source's emissions.

AMENDATORY SECTION (Amending WSR 94-17-070, filed 8/15/94, effective 9/15/94)

WAC 173-400-045 Control technology fees. (1) General. Ecology may assess and collect a fee as authorized in RCW 70.94.154 and described in subsections (2) through (5) of this section.

(2) Fee schedule for source-specific determinations where RACT analysis and determination are performed by ecology.

(a) Basic RACT analysis and determination fee:

(i) Low complexity (the analysis addresses one type of emission unit) - one thousand five hundred dollars;

(ii) Moderate complexity (the analysis addresses two to five types of emissions units) - seven thousand five hundred dollars;

(iii) High complexity (the analysis addresses more than five types of emission units) - fifteen thousand dollars.

(b) Additional charges based on criteria pollutant emissions: In addition to those fees required under (a) of this subsection, a fee will be required for a RACT analysis and determination for an emission unit or multiple emission units of uniform design that, individually or in the aggregate, emit one hundred tons per year or more of any criteria pollutant - two thousand dollars.

(c) Additional charges based on toxic air pollutant emissions: In addition to those fees required under (a) and (b) of this subsection, the following fees will be required as applicable:

(i) RACT analysis and determination for an emissions unit or multiple emissions units of uniform design that, individually or in the aggregate, emit more than two tons per year but ~~((less))~~ not more than ten tons per year of any toxic air pollutant - one thousand dollars; or

(ii) RACT analysis and determination for an emissions unit or multiple emissions units of uniform design that, individually or in the aggregate, emit more than ten tons per year of any toxic air pollutant - two thousand dollars.

(3) Fee schedule for source-specific determinations where RACT analysis is performed by the source and review and determination conducted by ecology.

(a) Basic RACT review and determination fees:

(i) Low complexity (the analysis addresses one type of emission unit) - one thousand dollars;

(ii) Moderate complexity (the analysis addresses two to five types of emissions units) - five thousand dollars;

(iii) High complexity (the analysis addresses more than five types of emission units) - ten thousand dollars.

(b) Additional charges based on criteria pollutant emissions: In addition to those fees required under (a) of this subsection, a fee will be required for a RACT analysis and determination for an emission unit or multiple emissions units of uniform design that, individually or in the aggregate, emit one hundred tons per year or more of any criteria pollutant - one thousand dollars.

(c) Additional charges based on toxic air pollutant emissions: In addition to those fees required under (a) and (b) of this subsection, the following fees will be required as applicable:

(i) RACT analysis and determination for an emissions unit or multiple emissions units of uniform design that, individually or in the aggregate, emit more than two tons per year but ~~((less))~~ not more than ten tons per year of any toxic air pollutant - five hundred dollars; or

(ii) RACT analysis and determination for an emissions unit or multiple emissions units of uniform design that, individually or in the aggregate, emit more than ten tons per year of any toxic air pollutant - one thousand dollars.

(4) Fee schedule for reviews authorized under RCW 70.94.153 for the replacement or substantial alteration of control technology.

(a) Notice of construction application. Review and approval of notice of construction application (NOCA) for replacement or substantial alteration of control technology - three hundred fifty dollars.

(b) RACT analysis and determination. Review and approval of a RACT analysis and determination for affected emission unit - five hundred dollars.

(5) Fee schedule for categorical RACT determinations. Fees for categorical RACT determinations (for categories with more than three sources) shall be assessed as shown below. The fees described in (a) of this subsection shall be based on the most complex source within a category. Except as provided in (b) and (d) of this subsection, fees for individual sources in the category will be determined by dividing the total source category fee by the number of sources within the category.

(a) RACT analysis and determination (RACT analysis performed by ecology with assistance from sources):

(i) Low complexity source category (average source emissions of individual criteria pollutants are all less than twenty tons per year, average source emissions of individual toxic air pollutants are all less than two tons per year, or the analysis addresses one type of emission unit) - twenty-five thousand dollars;

(ii) Moderate complexity source category (average source emissions of one or more individual criteria pollutants are greater than twenty tons/year and less than one hundred tons per year, average source emissions of one or more individual toxic air pollutants are greater than two tons per year and less than ten tons per year, or the analysis addresses two to five types of emissions units) - fifty thousand dollars; or

(iii) High complexity source category (average source emissions of one or more individual criteria pollutants exceed one hundred tons per year, average source emissions of one or more individual toxic air pollutants exceed ten tons per year, or the analysis addresses more than five types of emission units) - one hundred thousand dollars.

(b) If an emission unit is being evaluated for more than one categorical RACT determination within a five-year period, ecology will charge the owner or operator of that emission unit one fee and the fee will reflect the higher complexity categorical RACT determination.

(c) Ecology may adjust the fee to reflect workload savings from source involvement in source category RACT determination.

(d) Ecology may approve alternate methods for allocating the fee among sources within the source category.

(6) Small business fee reduction. The RACT analysis and determination fee identified in subsections (2) through (5) of this section may be reduced for a small business.

(a) To qualify for the small business RACT fee reduction, a business must meet the requirements of "small business" as defined in RCW 43.31.025.

(b) To receive a fee reduction, the owner or operator of a small business must include information in an application demonstrating that the conditions of (a) of this subsection have been met. The application must be signed:

(i) By an authorized corporate officer in the case of a corporation;

(ii) By an authorized partner in the case of a limited or general partnership; or

(iii) By the proprietor in the case of a sole proprietorship.

(c) Ecology may verify the application information and if the owner or operator has made false statements, deny the

fee reduction request and revoke previously granted fee reductions.

(d) For small businesses determined to be eligible under (a) of this subsection, the RACT analysis and determination fee shall be reduced to the greater of:

(i) Fifty percent of the RACT analysis and determination fee; or

(ii) Two hundred fifty dollars.

(e) If due to special economic circumstances, the fee reduction determined under (d) of this subsection imposes an extreme hardship on a small business, the small business may request an extreme hardship fee reduction. The owner or operator must provide sufficient evidence to support a claim of an extreme hardship. The factors which ecology may consider in determining whether an owner or operator has special economic circumstances and in setting the extreme hardship fee include: Annual sales; labor force size; market conditions which affect the owner's or operator's ability to pass the cost of the RACT analysis and determination fees through to customers; and average annual profits. In no case will a RACT analysis and determination fee be reduced below one hundred dollars.

(7) Fee reductions for pollution prevention initiatives. Ecology may reduce RACT analysis and determination fees for an individual source if that source is using approved pollution prevention measures.

(8) Fee payments. Fees specified in subsection (4)(a) of this section shall be paid at the time a notice of construction applications is submitted to the department. Other fees specified in subsections (2) through (7) of this section shall be paid no later than thirty days after receipt of an ecology billing statement. For fees specified in subsection (5) of this section, a billing for one-half of the payment from each source will be mailed when the source category rule-making effort is commenced as noted by publication of the CR101 form in the *Washington State Register*. A billing for the second half of the payment will be mailed when the proposed rule is published in the *Washington State Register*. No order of approval or other action approving or identifying a source to be at RACT will be issued by the department until all fees have been paid by the source. All fees collected under this regulation shall be made payable to the Washington department of ecology.

(9) Dedicated account. All control technology fees collected by the department from permit program sources shall be deposited in the air operating permit account created under RCW 70.94.015. All control technology fees collected by the department from nonpermit program sources shall be deposited in the air pollution control account.

(10) Tracking revenues, time, and expenditures. Ecology shall track revenues on a source-specific basis. For purposes of source-specific determinations under subsections (2) through (4) of this section, Ecology shall track time and expenditures on the basis of source complexity categories. For purposes of categorical determinations under subsection (5) of this section, ecology shall track time and expenditures on a source-category basis.

(11) Periodic review. Ecology shall review and, as appropriate, update this section at least once every two years.

AMENDATORY SECTION (Amending Order 90-06, filed 2/19/91, effective 3/22/91)

WAC 173-400-070 Emission standards for certain source categories. Ecology finds that the reasonable regulation of sources within certain categories requires separate standards applicable to such categories. The standards set forth in this section shall be the maximum allowable standards for emissions units within the categories listed. Except as specifically provided in this section, such emissions units shall not be required to meet the provisions of WAC 173-400-040, 173-400-050 and 173-400-060.

(1) Wigwam burners.

(a) All wigwam burners shall meet all provisions of WAC 173-400-040 (2), (3), (4), (5), (6), and (7).

(b) All wigwam burners shall use RACT. All emissions units shall be operated and maintained to minimize emissions. These requirements may include a controlled tangential vent overfire air system, an adequate underfire system, elimination of all unnecessary openings, a controlled feed and other modifications determined necessary by ecology or the authority.

(c) It shall be unlawful to install or increase the existing use of any burner that does not meet all requirements for new sources including those requirements specified in WAC 173-400-040 and 173-400-050, except operating hours.

(d) Ecology may establish additional requirements for wigwam burners located in sensitive areas as defined by chapter 173-440 WAC. These requirements may include but shall not be limited to:

(i) A requirement to meet all provisions of WAC 173-400-040 and 173-400-050. Wigwam burners will be considered to be in compliance if they meet the requirements contained in WAC 173-400-040(1). An exception is made for a startup period not to exceed thirty minutes in any eight consecutive hours.

(ii) A requirement to apply BACT.

(iii) A requirement to reduce or eliminate emissions if ecology establishes that such emissions unreasonably interfere with the use and enjoyment of the property of others or are a cause of violation of ambient air standards.

(2) Hog fuel boilers.

(a) Hog fuel boilers shall meet all provisions of WAC 173-400-040 and 173-400-050(1), except that emissions may exceed twenty percent opacity for up to fifteen consecutive minutes once in any eight hours. The intent of this provision is to permit the soot blowing and grate cleaning necessary to the operation of these units. This practice is to be scheduled for the same specific times each day and ecology or the authority shall be notified of the schedule or any changes.

(b) All hog fuel boilers shall utilize RACT and shall be operated and maintained to minimize emissions.

(3) Orchard heating.

(a) Burning of rubber materials, asphaltic products, crankcase oil or petroleum wastes, plastic, or garbage is prohibited.

(b) It is unlawful to burn any material or operate any orchard-heating device that causes a visible emission exceeding twenty percent opacity, except during the first thirty minutes after such device or material is ignited.

(4) Grain elevators.

Any grain elevator which is primarily classified as a materials handling operation shall meet all the provisions of WAC 173-400-040 (2), (3), (4), and (5).

(5) Catalytic cracking units.

(a) All existing catalytic cracking units shall meet all provisions of WAC 173-400-040 (2), (3), (4), (5), (6), and (7) and:

(i) No person shall cause or permit the emission for more than three minutes, in any one hour, of an air contaminant from any catalytic cracking unit which at the emission point, or within a reasonable distance of the emission point, exceeds forty percent opacity.

(ii) No person shall cause or permit the emission of particulate material in excess of 0.46 grams per dry cubic meter at standard conditions (0.20 grains/dscf) of exhaust gas.

(b) All new catalytic cracking units shall meet all provisions of WAC 173-400-115.

(6) Other wood waste burners.

(a) Wood waste burners not specifically provided for in this section shall meet all provisions of WAC 173-400-040.

(b) Such wood waste burners shall utilize RACT and shall be operated and maintained to minimize emissions.

(7) Sulfuric acid plants.

No person shall cause to be discharged into the atmosphere from a sulfuric acid plant, any gases which contain acid mist, expressed as H₂SO₄, in excess of 0.15 pounds per ton of acid produced. Sulfuric acid production shall be expressed as one hundred percent H₂SO₄.

(8) Sewage sludge incinerators. The standards for the incineration of sewage sludge, as listed in 40 CFR 503 subpart A - General Provisions and subpart E - Incineration, are hereby adopted by reference as proposed on (add proposal date).

AMENDATORY SECTION (Amending Order 92-34, filed 2/17/93, effective 3/20/93)

WAC 173-400-075 Emission standards for sources emitting hazardous air pollutants. (1) The emission standards for hazardous air pollutants promulgated by the United States Environmental Protection Agency (EPA) as in effect on date of adoption, as contained in Title 40, Code of Federal Regulations, Part 61, are adopted by reference. The term "administrator" in 40 CFR Part 61 shall mean both the administrator of EPA and the director of ecology.

(2) Ecology or the authority may conduct source tests and require access to records, books, files, and other information specific to the control, recovery, or release of those pollutants regulated under 40 CFR Part 61 in order to determine the status of compliance of sources of these contaminants and to carry out its enforcement responsibilities.

(3) Source testing, monitoring, and analytical methods for sources of hazardous air pollutants such as: Asbestos, benzene from fugitive emission sources, beryllium, mercury, or vinyl chloride shall conform with the requirements of Title 40, Code of Federal Regulations, Part 61, as promulgated prior to January 1, 1993.

(4) This section shall not apply to any source operating pursuant to a waiver granted by EPA or an exemption

granted by the president of the United States during the effective life of such waiver or exemption.

(5) National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories, as proposed on March 1, 1996, hereby set standards of the maximum achievable control technology (MACT) standards affecting facilities for the following described subparts of Title 40 CFR, Part 63.

- Subpart A NESHAPs for Source Categories: General Provisions
- Subpart D Regulations Governing Compliance Extensions for Early Reductions of Hazardous Air Pollutants
- Subpart F NESHAPs for the Synthetic Organic Chemical Manufacturing Industry (a/k/a HON)
- Subpart G NESHAPs for the Synthetic Organic Chemical Manufacturing Industry: Process Vents, Storage Vessels, Transfer Operations, and Wastewater
- Subpart H NESHAPs for the Synthetic Organic Chemical Manufacturing Industry: Equipment Leaks
- Subpart L NESHAPs for Source Categories and Coke Oven Batteries: Charging, topside and door leaks
- Subpart N NESHAPs for Chromium Electroplating and Anodizing
- Subpart O NESHAPs for Commercial (Ethylene Oxide) Sterilizers
- Subpart Q NESHAPs for Industrial Process Cooling Towers
- Subpart R NESHAPs Source Categories: Gasoline Distribution/Marketing (stage 1)
- Subpart T NESHAPs for Halogenated Solvent Cleaning Machines

(6) Emission Standards for Perchloroethylene Dry Cleaners.

(a) Policy and purpose. It is not the intent of this section to place any additional burden on the generator beyond the federal MACT. Instead, the purpose of this section is to provide the reader with a clearer and more concise regulation.

(b) Applicability. This section applies to all dry cleaning systems using perchloroethylene (PCE). The standards that apply to this section fall into the following source categories as presented in Table 1.

TABLE 1. Perchloroethylene Dry Cleaner NESHAP Source Categories

<u>Applicability</u>	<u>Small Area Sources</u>	<u>Large Area Sources</u>	<u>Major Sources</u>
<u>Dry cleaning Facilities with</u>	<u>Consuming less than:</u>	<u>Consuming between:</u>	<u>Consuming more than:</u>
<u>(1) Only Dry-to-Dry Machines</u>	<u>140 gallons PCE/yr</u>	<u>140-2,100 gallons PCE/yr</u>	<u>2,100 gallons PCE/yr</u>
<u>(2) Only Transfer Machines</u>	<u>200 gallons PCE/yr</u>	<u>200-1,800 gallons PCE/yr</u>	<u>1,800 gallons PCE/yr</u>
<u>(3) Both Dry-to-Dry and Transfer Machines</u>	<u>140 gallons PCE/yr</u>	<u>140-1,800 gallons PCE/yr</u>	<u>1,800 gallons PCE/yr</u>

(c) General requirements. It shall be unlawful for any person to cause or allow the operation of a large area or major source perchloroethylene dry cleaning system unless all the air-perchloroethylene gas-vapor stream is vented through a refrigerated condenser. A major source dry cleaning system installed after September 21, 1993, must utilize a refrigerated condenser followed by a small carbon adsorber. It shall be unlawful for any person to cause or allow the operation of a small area source dry cleaning system installed after September 21, 1993, unless all the air-perchloroethylene dry cleaning system is vented through a refrigerated condenser.

(d) General operation and maintenance requirements. It shall be unlawful for any person to cause or allow the operation of any perchloroethylene dry cleaning system unless all of the following conditions are met:

(i) All perchloroethylene dry cleaners who generate seventy-five thousand dollars per year in revenue must conduct a visual inspection of the dry cleaning system at least once a week for perceptible leaks. Perceptible leaks shall be repaired within twenty-four hours of detection unless repair parts cannot be ordered within that period of time. If parts must be ordered to repair a leak, the parts shall be ordered within two working days of detecting the leak and repair parts shall be installed within five working days after receipt;

(ii) Drain cartridge filters in their housing or other sealed container for at least twenty-four hours before discarding the cartridges;

(iii) Close the door of each dry cleaning machine except when transferring articles to or from the machine;

(iv) Store all perchloroethylene, and wastes containing perchloroethylene, in a closed container; and

(v) Operate and maintain the dry cleaning system according to the manufacturer's specification and recommendations.

(e) Requirements for refrigerated condensers. It shall be unlawful for any person to cause or allow the operation of any perchloroethylene dry cleaning system using a refrigerated condenser unless all of the following conditions are met:

(i) The air temperature at the outlet of the refrigerated condenser installed on a dry-to-dry machine, dryer or reclaimer must be less than or equal to 45°F (7°C) during the cool-down period. Compliance shall be determined by monitoring the temperature on a continuous basis using a permanently installed temperature sensor that is accurate to within 2°F (1°C). The temperature shall be logged weekly;

(ii) The difference between the air temperature at the inlet and outlet of a refrigerated condenser installed on a

PERMANENT

washer must be greater than or equal to 20°F (11°C). Compliance shall be determined by monitoring the temperature on a continuous basis using a permanently installed temperature sensor that is accurate to within 2°F (1°C). The temperature shall be logged weekly. If the dry cleaning system was constructed before December 9, 1991, temperature sensors shall be installed by September 23, 1996;

(iii) The refrigerated condenser shall be operated with a diverter valve that prevents air drawn into the dry cleaning machine from passing through the refrigerated condenser when the door of the machines is open; and

(iv) The refrigerated condenser shall not vent the air-perchloroethylene gas-vapor stream while the dry cleaning machine drum is rotating or, if installed on a washer, until the washer door is opened.

(f) Requirements for carbon adsorbers. It shall be unlawful for any person to cause or allow the operation of any perchloroethylene dry cleaning system using a carbon adsorber unless all of the following conditions have been met:

(i) The concentration of perchloroethylene at the exhaust of the carbon adsorber shall not exceed 100 ppm while the dry cleaning machine is venting to the carbon adsorber at the end of the last dry cleaning cycle prior to desorption of the carbon adsorber; and

(ii) Compliance shall be determined by weekly measurements of the concentration of perchloroethylene at the outlet of the carbon adsorber using a colorimetric detector tube that is accurate to within 25 ppm. If the dry cleaning system was constructed before December 9, 1991, monitoring shall commence by September 23, 1996.

(g) Recordkeeping. Each dry cleaning facility shall have on-site the design specifications and operating manuals for all perchloroethylene dry cleaning equipment and process vent control devices, as well as an operations and maintenance plan that includes the following:

(i) A record of dates and results of all monitoring, inspections, and repair of the dry cleaning system; and

(ii) A record of the volume of perchloroethylene purchased each month including receipts of perchloroethylene purchases and a calculation of the amount of perchloroethylene purchased over the previous twelve months.

(h) A record shall be kept of any pollution prevention activities that have been accomplished.

(i) Major source requirements. If the dry cleaning system is located at a facility that emits 10 tons or more of perchloroethylene annually, the facility must meet the additional requirements set forth in 40 CFR Part 63, Subpart M.

AMENDATORY SECTION (Amending Order 93-03, filed 8/20/93, effective 9/20/93)

WAC 173-400-105 Records, monitoring, and reporting. The owner or operator of a source shall upon notification by the director of ecology, maintain records on the type and quantity of emissions from the source and other information deemed necessary to determine whether the source is in compliance with applicable emission limitations and control measures.

(1) Emission inventory. The owner(s) or operator(s) of any air contaminant source shall submit an inventory of emissions from the source each year. The inventory may include stack and fugitive emissions of particulate matter, PM₁₀, sulfur dioxide, carbon monoxide, total reduced sulfur compounds (TRS), fluorides, lead, VOCs, and other contaminants, and shall be submitted (when required) no later than one hundred five days after the end of the calendar year. The owner(s) or operator(s) shall maintain records of information necessary to substantiate any reported emissions, consistent with the averaging times for the applicable standards.

(2) Monitoring. Ecology shall conduct a continuous surveillance program to monitor the quality of the ambient atmosphere as to concentrations and movements of air contaminants.

As a part of this program, the director of ecology or an authorized representative may require any source under the jurisdiction of ecology to conduct stack and/or ambient air monitoring and to report the results to ecology.

(3) Investigation of conditions. Upon presentation of appropriate credentials, for the purpose of investigating conditions specific to the control, recovery, or release of air contaminants into the atmosphere, personnel from ecology or an authority shall have the power to enter at reasonable times upon any private or public property, excepting nonmultiple unit private dwellings housing one or two families.

(4) Source testing. To demonstrate compliance, ecology or the authority may conduct or require that a test be conducted of the source using approved EPA methods from 40 CFR 60 Appendix A which are adopted by reference, or approved procedures contained in "Source Test Manual - Procedures for Compliance Testing," state of Washington, department of ecology, as of July 12, 1990, on file at ecology. The operator of a source may be required to provide the necessary platform and sampling ports for ecology personnel or others to perform a test of an emissions unit. Ecology shall be allowed to obtain a sample from any emissions unit. The operator of the source shall be given an opportunity to observe the sampling and to obtain a sample at the same time.

(5) Continuous monitoring and recording. Owners and operators of the following categories of sources shall install, calibrate, maintain and operate equipment for continuously monitoring and recording those emissions specified.

(a) Fossil fuel-fired steam generators.

(i) Opacity, except where:

(A) Steam generator capacity is less than two hundred fifty million BTU per hour heat input; or

(B) Only gaseous fuel is burned.

(ii) Sulfur dioxide, except where steam generator capacity is less than two hundred fifty million BTU per hour heat input or if sulfur dioxide control equipment is not required.

(iii) Percent oxygen or carbon dioxide where such measurements are necessary for the conversion of sulfur dioxide continuous emission monitoring data.

(iv) General exception. These requirements do not apply to a fossil fuel-fired steam generator with an annual average capacity factor of less than thirty percent, as reported to the Federal Power Commission for calendar year

1974, or as otherwise demonstrated to ecology or the authority by the owner(s) or operator(s).

(b) Sulfuric acid plants.

Sulfur dioxide where production capacity is more than three hundred tons per day, expressed as one hundred percent acid, except for those facilities where conversion to sulfuric acid is utilized primarily as a means of preventing emissions to the atmosphere of sulfur dioxide or other sulfur compounds.

(c) Fluid bed catalytic cracking units catalyst regenerators at petroleum refineries.

Opacity where fresh feed capacity is more than twenty thousand barrels per day.

(d) Wood residue fuel-fired steam generators.

(i) Opacity, except where steam generator capacity is less than one hundred million BTU per hour heat input.

(ii) Continuous monitoring equipment. The requirements of (e) of this subsection do not apply to wood residue fuel-fired steam generators, but continuous monitoring equipment required by (d) of this subsection shall be subject to approval by ecology.

(e) Owners and operators of those sources required to install continuous monitoring equipment under this chapter shall demonstrate to ecology or the authority, compliance with the equipment and performance specifications and observe the reporting requirements contained in 40 CFR Part 51, Appendix P, Sections 3, 4 and 5, promulgated October 6, 1975, and amended November 7, 1986, which is adopted by reference.

(f) Special considerations. If for reason of physical plant limitations or extreme economic situations, ecology determines that continuous monitoring is not a reasonable requirement, alternative monitoring and reporting procedures will be established on an individual basis. These will generally take the form of stack tests conducted at a frequency sufficient to establish the emission levels over time and to monitor deviations in these levels.

(g) Exemptions. This subsection (5) does not apply to any source which is:

(i) Subject to a new source performance standard.

These sources will be governed by WAC 173-400-115.

(ii) Not subject to an applicable emission standard.

(h) Monitoring system malfunctions. A source may be temporarily exempted from the monitoring and reporting requirements of this chapter during periods of monitoring system malfunctions provided that the source owner(s) or operator(s) shows to the satisfaction of ecology or the authority that the malfunction was unavoidable and is being repaired as expeditiously as practicable.

(6) Change in raw materials or fuels for sources not subject to requirements of the operating permit program. Any change or series of changes in raw material or fuel which will result in a cumulative increase in emissions of sulfur dioxide of forty tons per year or more over that stated in the initial inventory required by subsection (1) of this section shall require the submittal of sufficient information to ecology or the authority to determine the effect of the increase upon ambient concentrations of sulfur dioxide. Ecology or the authority may issue regulatory orders requiring controls to reduce the effect of such increases. Cumulative changes in raw material or fuel of less than 0.5

percent increase in average annual sulfur content over the initial inventory shall not require such notice.

(7) No person shall make any false materials statement, representation or certification in any form, notice or report required under chapter 70.94 or 70.120 RCW, or any ordinance, resolution, regulation, permit or order in force pursuant thereto.

(8) No person shall render inaccurate any monitoring device or method required under chapter 70.94 or 70.120 RCW, or any ordinance, resolution, regulation, permit, or order in force pursuant thereto.

AMENDATORY SECTION (Amending Order 92-34, filed 2/17/93, effective 3/20/93)

WAC 173-400-115 Standards of performance for new sources. Title 40, Code of Federal Regulations, Part 60 (standards of performance for new sources), as in effect on January 1, 1993, is adopted by reference except for sections 60.5 (determination of construction or modification) and 60.6 (review of plans). The term "administrator" in 40 CFR Part 60 shall mean both the administrator of EPA and the director of ecology.

As of January 1, 1993, the federal regulations adopted by reference hereby set standards of performance affecting facilities for the following described subparts of 40 CFR Part 60:

- Subpart D Fossil fuel fired steam generators for which construction commenced after August 17, 1971, and prior to September 19, 1978, which have a heat input greater than 73 megawatts but not greater than 250 megawatts
- Subpart Da Electric utility steam generating units for which construction commenced after September 18, 1978, which have a heat input greater than 73 megawatts but not greater than 250 megawatts
- Subpart Db Industrial-commercial-institutional steam generating units for which construction commenced after June 19, 1984, and prior to June 19, 1986, which have a heat input greater than 29 megawatts but less than 73 megawatts
- Subpart Dc Small industrial-commercial-institutional steam generating units
- Subpart E Incinerators
- Subpart Ea Municipal waste combustors
- Subpart F Portland cement plants
- Subpart G Nitric acid plants
- Subpart H Sulfuric acid plants
- Subpart I Asphalt concrete plants
- Subpart J Petroleum refineries which produce less than 25,000 barrels per day of refined products
- Subpart K Storage vessels for petroleum liquid constructed after June 11, 1973, and prior to May 19, 1978, which have a capacity greater than 40,000 gallons

PERMANENT

Subpart Ka	Storage vessels for petroleum liquids constructed after May 18, 1978, which have a capacity greater than 40,000 gallons	Subpart GGG	Petroleum refineries - compressors and fugitive emission sources
Subpart Kb	Volatile organic liquid storage vessels (including petroleum liquid storage vessels) constructed, reconstructed, or modified after July 23, 1984	Subpart HHH	Synthetic fiber production facilities
Subpart L	Secondary lead smelters	Subpart III	VOC emissions from SOCOMI air oxidation unit processes
Subpart M	Brass and bronze ingot production plants	Subpart JJJ	Petroleum dry cleaners
Subpart N	Iron and steel plants	Subpart KKK	Equipment leaks of VOC from onshore natural gas processing plants
Subpart Na	<u>Secondary emissions from basic oxygen process steel making facilities</u>	Subpart LLL	Onshore natural gas processing; SO ₂ emissions
Subpart O	Sewage treatment plants	Subpart NNN	VOC emissions from SOCOMI distillation operations
Subpart P	Primary copper smelters	Subpart PPP	Wool fiberglass insulation manufacturing plants
Subpart Q	Primary zinc smelters	Subpart QQQ	VOC emissions from petroleum refinery wastewater emissions
Subpart R	Primary lead smelters	<u>Subpart RRR</u>	<u>VOC emissions from synthetic organic chemical manufacturing industry</u>
Subpart S	Primary aluminum reduction plants	Subpart SSS	Magnetic tape coating facilities
Subpart T	Phosphate fertilizer industry: Wet process phosphoric acid plants	Subpart TTT	Industrial surface coating: Surface coating of plastic parts for business machines
Subpart U	Phosphate fertilizer industry: Superphosphoric acid plants	<u>Subpart UUU</u>	<u>Calciners and dryers in mineral industries</u>
Subpart V	Phosphate fertilizer industry: Diammonium phosphate plants	Subpart VVV	Polymeric coating of supporting substrates facilities
Subpart W	Phosphate fertilizer industry: Triple superphosphate plants		
Subpart X	Phosphate fertilizer industry: Granular triple superphosphate storage facilities	Note:	For fossil fuel fired steam generators referenced by Subpart D and Da above, units greater than 250 megawatts are governed by the energy facility site evaluation council (EFSEC) in Title 463 WAC.
Subpart Y	Coal preparation plants		
Subpart Z	Ferroalloy production facilities	<u>AMENDATORY SECTION</u>	(Amending WSR 94-17-070, filed 8/15/94, effective 9/15/94)
Subpart AA	Steel plants: Electric arc furnaces	WAC 173-400-116	New source review fees. (1) Applicability. Every person required to submit a notice of construction application to the department of ecology as authorized in RCW 70.94.152 for establishment of any proposed new source or emissions unit(s) shall pay fees as set forth in subsections (2) and (3) of this section. Persons required to submit a notice of construction application to a local air authority may be required to pay a fee to ecology to cover the costs of Prevention of significant deterioration (PSD) permits issued pursuant to WAC 173-400-141, Second tier analysis pursuant to WAC 173-460-090, and risk management decisions pursuant to WAC 173-460-100 as set forth in subsection (3) of this section. Fees assessed under this section shall apply without regard to whether an order of approval is issued or denied.
Subpart AAa	Steel plants: Electric arc furnaces and argon-oxygen decarburization vessels	(2) Basic review fees.	All owners or operators of proposed new sources are required to pay a basic review fee. The basic review fee covers the costs associated with preapplication assistance, completeness determination, BACT determination, technical review, public involvement and approval/denial orders. Complexity determination shall be based on the project described in the notice of construction application. Basic review fees are shown below:
Subpart BB	Kraft pulp mills	(a) Low complexity new source or emission unit	(emissions of individual criteria pollutants are all less than one-half of the significance levels established in WAC 173-400-030(67) or emissions of individual toxic air pollutants are all less than 2.0 tons/year) - one thousand dollars;
Subpart CC	Glass manufacturing plants	(b) Moderate complexity new source or emission unit	(emissions of one or more individual criteria pollutants are
Subpart DD	Grain elevators		
Subpart EE	Industrial surface coating: Metal furniture		
Subpart GG	Stationary gas turbines		
Subpart HH	Lime manufacturing plants		
Subpart KK	Lead-acid battery plants		
Subpart LL	Metallic mineral processing plants		
Subpart MM	Automobile and light duty truck surface coating operations		
Subpart NN	Phosphate rock plants		
Subpart PP	Ammonium sulfate manufacture		
Subpart QQ	Publication rotogravure printing		
Subpart RR	Pressure sensitive tape and label surface coating operations		
Subpart SS	Industrial surface coating: Large appliances		
Subpart TT	Industrial surface coating: Metal coils		
Subpart UU	Asphalt processing and asphalt roofing manufacture		
Subpart VV	SOCMI equipment leaks (VOC)		
Subpart WW	Beverage can surface coating operations		
Subpart XX	Bulk gasoline terminals		
Subpart AAA	New residential wood heaters		
Subpart BBB	Rubber tire manufacturing industry		
Subpart DDD	VOC emissions from the polymer manufacturing industry		
Subpart FFF	Flexible vinyl and urethane coating and printing		

greater than one-half of the significance levels established in WAC 173-400-030(67) or emissions of one or more toxic air pollutants are greater than 2.0 tons/year and less than ten tons/year) - five thousand dollars; or

(c) High complexity new source or emissions unit (emissions of one or more criteria pollutants are greater than the significance levels established in WAC 173-400-030(67) or emissions of one or more toxic air pollutants are greater than ten tons/year) - fifteen thousand dollars.

(d) Exceptions. The following fees for new source review shall be charged instead of the applicable fees listed in (a) through (c) of this subsection and in subsection (3) of this section:

(i)	Dry cleaners	\$200
(ii)	Gasoline stations	\$200
(iii)	Storage tanks	
(A)	< 20,000 gallons	\$200
(B)	20,000 - 100,000 gallons	\$500
(C)	> 100,000	\$700
(iv)	Chromic acid plating and anodizing identified in WAC 173-460-060	\$200
(v)	Solvent metal cleaners identified in WAC 173-460-060	\$200
(vi)	Abrasive blasting identified in WAC 173-460-060	\$200
(vii)	New emission units or activities that qualify as insignificant emission units under WAC 173-401-530 whether located at a chapter 401 source or nonchapter 401 source	\$200

(e) Additional units. An owner or operator proposing to build more than one identical emission unit shall be charged a fee for the additional units equal to one-third the basic review fee of the first unit.

(3) Additional charges. In addition to those fees required under subsection (2)(a) through (c) of this section, the following fees will be required as applicable:

(a) Prevention of significant deterioration review (includes ecology review of local air authority sources) - ten thousand dollars;

(b) Establishing LAER and offset requirements for a major stationary source or major modification proposing to locate in a nonattainment area - ten thousand dollars;

(c) Tier II toxics review as required under WAC 173-460-090 - seven thousand five hundred dollars;

(d) Tier III review as required under WAC 173-460-100 - five thousand dollars;

(e) State Environmental Policy Act review (where ecology is the lead agency):

(i) Determination of nonsignificance (DNS) and environmental checklist review - two hundred dollars; or

(ii) Environmental impact statement (EIS) review ((or preparation)) - two thousand dollars;

(iii) Where more than one ecology program is charging a fee for reviewing or preparing SEPA documents, ecology will not charge a SEPA review fee as part of the new source review fees;

(f) Case-by-case MACT determinations required for a new source or modification under Section 112(g) or Section 112(j) of the FCAA - five thousand dollars.

(4) Small business fee reduction. The new source review fee identified in subsections (2) and (3) of this section may be reduced for a small business.

(a) To qualify for the small business new source review fee reduction, a business must meet the requirements of "small business" as defined in RCW 43.31.025.

(b) To receive a fee reduction, the owner or operator of a small business must include information in the application demonstrating that the conditions of (a) of this subsection have been met. The application must be signed:

(i) By an authorized corporate officer in the case of a corporation;

(ii) By an authorized partner in the case of a limited or general partnership; or

(iii) By the proprietor in the case of a sole proprietorship.

(c) Ecology may verify the application information and if the owner or operator has made false statements, deny the fee reduction request and revoke previously granted fee reductions.

(d) For small businesses determined to be eligible under (a) of this subsection, the new source review fee shall be reduced to the greater of:

(i) Fifty percent of the new source review fee; or

(ii) Two hundred fifty dollars.

(e) If due to special economic circumstances, the fee reduction determined under (d) of this subsection imposes an extreme hardship on a small business, the small business may request an extreme hardship fee reduction. The owner or operator must provide sufficient evidence to support a claim of an extreme hardship. The factors which ecology may consider in determining whether an owner or operator has special economic circumstances and in setting the extreme hardship fee include: Annual sales; labor force size; market conditions which affect the owner's or operator's ability to pass the cost of the new source review fees through to customers; and average annual profits. In no case will a new source review fee be reduced below one hundred dollars.

(5) Fee reductions for pollution prevention initiatives. Ecology may reduce the fees defined in subsections (2) and (3) of this section where the owner or operator of the proposed source demonstrates that approved pollution prevention measures will be used.

(6) Fee payments. Fees specified in subsections (2) through (5) of this section shall be paid at the time a notice of construction application is submitted to the department. A notice of construction application is considered incomplete until ecology has received the appropriate new source review payment. Additional charges assessed pursuant to subsection (3) of this section shall be due thirty days after receipt of an ecology billing statement. All fees collected under this regulation shall be made payable to the Washington department of ecology.

(7) Dedicated account. All new source review fees collected by the department from permit program sources shall be deposited in the air operating permit account created under RCW 70.94.015. All new source review fees collect-

PERMANENT

ed by the department from nonpermit program sources shall be deposited in the air pollution control account.

(8) Tracking revenues, time, and expenditures. Ecology shall track revenues collected under this subsection on a source-specific basis. Ecology shall track time and expenditures on the basis of complexity categories.

(9) Periodic review. Ecology shall review and, as appropriate, update this section at least once every two years.

AMENDATORY SECTION (Amending Order 93-03, filed 8/20/93, effective 9/20/93)

WAC 173-400-141 Prevention of significant deterioration (PSD). Section 40 CFR 52.21, Subparts (b), (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), (m), (n), (o), (p), (r), (t), (v), and (w), Prevention of Significant Deterioration of Air Quality, as in effect on March ((3, 1993)) 1, 1996, are incorporated by reference with the following additions and modifications:

(1) Construction of "administrator." In 40 CFR 52.21 (b)(17), federally enforceable, (f)(1)(v), (f)(3), and (f)(4)(i), exclusions from increment consumption, (g), redesignation, (l) and (2), air quality models, (p)(2), federal land manager, and (t), disputed permits or redesignations, the word "administrator" shall be construed in its original meaning. In 40 CFR 52.21 (b)(3)(iii) administrator shall mean both the administrator of EPA and the director of ecology.

(2) Contemporaneous. Subpart 40 CFR 52.21 (b)(3)(ii) is changed to read: "An increase or decrease in actual emissions is contemporaneous with the increase from the particular change only if it occurs between the date ten years before construction on the particular change commences and the date that the increase from the particular change occurs. If a decrease occurred more than one year prior to the date of submittal of the notice of construction application for the particular change it can only be credited if the decrease has been documented by an emission reduction credit."

(3) Public participation. Subpart 40 CFR 51.166(q) public participation, as in effect March ((3, 1993)) 1, 1996, is hereby incorporated by reference except that in 40 CFR 51.166 (q)(2)(iv), the phrase "specified time period" shall mean thirty days and the word "administrator" shall mean the EPA administrator.

(4) Section 40 CFR 51.166 Subpart (p)(1) Sources Impacting Federal Class I areas - additional requirements - Notice to EPA, as in effect on March ((3, 1993)) 1, 1996, is herein incorporated by reference.

(5) Secondary emissions. Subpart 40 CFR 52.21 (b)(18) is changed to read:

Emissions which would occur as a result of the construction or operation of a major stationary source or major modification, but do not come from the major stationary source or major modification itself. For the purpose of this section, secondary emissions must be specific, well defined, quantifiable, and impact the same general area as the stationary source or modification which causes the secondary emissions. Secondary emissions may include, but are not limited to:

(a) Emissions from ships or trains coming to or from the new or modified stationary source; and

(b) Emissions from any offsite support facility which would not otherwise be constructed or increase its emissions

as a result of the construction or operation of the major stationary source or major modification.

(6) Significant. The definition of "significant" in 40 CFR 52.21 (b)(23) is changed to exclude from the list of pollutants which may trigger PSD review any pollutant listed under FCAA § 112.

AMENDATORY SECTION (Amending WSR 96-10-086, filed 5/1/96, effective 7/1/96)

WAC 296-20-135 Conversion factors. (1) Conversion factors are used to calculate payment levels for services reimbursed under the Washington resource based relative value scale (RBRVS), and for anesthesia services payable with base and time units.

(2) **Washington RBRVS services** ((rendered on or after ~~May 1, 1995~~)) have a conversion factor of \$45.02. The fee schedules list the reimbursement levels for these services.

(3) **Anesthesia services** that are paid with base and time units have a conversion factor of \$1.87 per minute. The base units and payment policies can be found in the fee schedules.

(4) Services that do not use a conversion factor to establish reimbursement levels have dollar values, not relative values listed in the fee schedules.

NEW SECTION

WAC 315-11A-180 Instant Game Number 180 ("\$2 Stadium Fever"). (1) Definitions for Instant Game Number 180.

(a) Play symbols: The "play symbols" are listed below in (b) of this subsection. One of these play symbols appears in each of the nine play spots labeled "your runs" and in each of the nine play spots labeled "their runs" under the latex covering on the front of the ticket. The latex covered area shall be known as the playfield. The playfield shall be labeled "1st Inning," "2nd Inning," "3rd Inning," "4th Inning," "5th Inning," "6th Inning," "7th Inning," "8th Inning," "9th Inning," and "Extra Inning Bonus."

(b) Play symbol captions: The small printed characters appearing below each play symbol which correspond with and verify that play symbol. The caption is a spelling out, in full or abbreviated form, of the play symbol. One and only one of these captions appears below each play symbol. The three-digit ticket number shall appear before each play

symbol caption. For Instant Game Number 180, the captions which correspond with and verify the play symbols are:

<u>PLAY SYMBOL</u>	<u>CAPTION</u>
0	ZRO
1	ONE
2	TWO
3	THR
4	FOR
5	FIV
6	SIX
7	SVN

(2) Criteria for Instant Game Number 180.

(a) The price of each instant game ticket shall be \$2.00.

(b) Determination of prize winning tickets: An instant prize winner is determined in the following manner:

(i) For each of the innings (rows) labeled with a numbered inning designation, when the play symbol in the "your runs" column is a larger number than the play symbol in the "their runs" column in that same inning (row), the bearer of the ticket shall be entitled to the prize shown for that inning (row).

(ii) The bearer of a ticket having winning play symbols in more than one inning shall win the sum of the prizes in each winning inning. Play symbols in different innings may not be combined to win a prize.

(iii) In Instant Game Number 180, the bearer of a ticket which has a "Ⓢ" play symbol with the caption "BALLL" in the "Extra Inning Bonus" box shall be entitled to a prize of \$20.00.

(c) No portion of the display printing nor any extraneous matter whatever shall be usable or playable as a part of the instant game.

(d) The determination of prize winners shall be subject to the general ticket validation requirements of the lottery as set forth in WAC 315-10-070, to the particular ticket validation requirements for Instant Game Number 180 set forth in subsection (3) of this section, to the confidential validation requirements established by the director, and to the requirements stated on the back of each ticket.

(e) Notwithstanding any other provisions of these rules, the director may:

(i) Vary the length of Instant Game Number 180; and/or

(ii) Vary the number of tickets sold in Instant Game Number 180 in a manner that will maintain the estimated average odds of purchasing a winning ticket.

(3) Ticket validation requirements for Instant Game Number 180.

(a) In addition to meeting all other requirements in these rules and regulations, to be a valid instant game ticket for Instant Game Number 180 all of the following validation requirements apply:

(i) Exactly one play symbol must appear in each of the nine play spots in the "your runs" columns and in each of the nine play spots in the "their runs" columns in the playfield on the front of the ticket.

(ii) Each play symbol must have a play symbol caption below it and each must agree with its caption.

(iii) Each of the innings, except for the "Extra Inning Bonus," shall have a prize symbol within it. Each of the prize symbols shall also have a prize symbol caption below it.

(iv) The display printing and the printed numbers, letters, and symbols on the ticket must be regular in every respect and correspond precisely with the artwork on file with the director. The numbers, letters, and symbols shall be printed as follows:

Play Symbols	Play Symbol Font
Prize Symbols	Prize Symbol Font
Captions	Caption Font
Pack-Ticket Number	Validation Font
Validation Number	Validation Font
Retailer Verification Code	Validation Font

(v) Each of the play symbols and its caption, the validation number, pack-ticket number, and retailer verification code must be printed in black ink.

(vi) Each of the play symbols and each of the play symbol captions must be exactly one of those described in subsection (1)(b) of this section.

(vii) Each of the prize symbols must be exactly one of those described in subsection (1)(c) of this section and each of the prize symbol captions must be exactly one of those described in subsection (1)(d) of this section.

(b) Any ticket not passing all the validation requirements in WAC 315-10-070 and in (a) of this subsection is invalid and ineligible for any prize.

(h) Pack: A set of two hundred fanfolded instant game tickets separated by perforations and packaged in plastic shrinkwrapping.

(2) Criteria for Instant Game Number 183.

(a) The price of each instant game ticket shall be \$2.00.

(b) Determination of prize winning tickets: An instant prize winner is determined in the following manner:

(i) When any of the eight play symbols matches exactly the play symbol labeled "winning number," the matching play symbol shall be a winning play symbol, and the bearer of the ticket shall win the prize below the winning play symbol.

(ii) The bearer of a ticket which has more than one winning play symbol shall win the total of the prizes below each winning play symbol.

(c) When the "LIFE" prize symbol with the caption "\$1,000/MONTH" appears below a winning play symbol on an Instant Game Number 183 ticket, the prize for the claimant of said ticket shall be \$1,000 per month for the life of the claimant, subject hereto:

(i) A natural person, and a natural person only, may claim the prize of \$1,000 per month for life. The natural person must have a U.S. Social Security number in his or her name.

(ii) Prize payments shall be made semiannually in the amount of \$6,000 at the beginning of the six-month period for which the claimant is entitled. Claimant shall be entitled to said \$6,000 payment regardless of whether claimant lives to the end of said six-month period.

(iii) In the event that the prize claimant is under the age of eighteen at the time of claiming, the claimant shall not be entitled to the first payment of \$6,000 until the month that the claimant reaches the age of eighteen.

(iv) In the event that the claimant dies prior to payment of \$100,000 in prize money under this section, claimant's successor-in-interest shall be entitled to payment of that amount of money in a lump sum which would provide claimant and said successor together a total of \$100,000, upon presentation to the lottery of legal documents, including court order(s) if necessary, to demonstrate the successor's entitlement to said payment.

(v) The determination of the sufficiency of the documents necessary under this subsection shall lie within the sole discretion of the director or the lottery.

(vi) It shall be the obligation of claimant's successor-in-interest to notify the lottery of the death of the claimant. No person shall be entitled to receive any payment under this section after claimant's death until the lottery has been notified of said death. The lottery shall require the return of any moneys received after claimant's death and prior to notification of the lottery.

(vii) Payment to said successor shall be governed by all applicable law including WAC 315-06-120, 315-06-125, and 315-06-130.

(d) No portion of the display printing nor any extraneous matter whatever shall be usable or playable as a part of the instant game.

(e) The determination of prize winners shall be subject to the general ticket validation requirements of the lottery as set forth in WAC 315-10-070, to the particular ticket validation requirements for Instant Game Number 183 set forth in subsection (3) of this section, to the confidential validation requirements established by the director, and to the requirements stated on the back of each ticket.

(ii) Vary the number of tickets sold in Instant Game Number 183 in a manner that will maintain the estimated average odds of purchasing a winning ticket.

(3) Ticket validation requirements for Instant Game Number 183.

(a) In addition to meeting all other requirements in these rules and regulations, to be a valid instant game ticket for Instant Game Number 183 all of the following validation requirements apply:

(i) Exactly one play symbol must appear in each of the nine play spots in the playfield on the front of the ticket.

(ii) Each play symbol must have a play symbol caption below it and each must agree with its caption.

(iii) Each of the play symbol captions, except for the "winning number" play symbol caption, shall have a prize symbol below it. Each of the prize symbols shall also have a prize symbol caption below it.

(iv) The display printing and the printed numbers, letters, and symbols on the ticket must be regular in every respect and correspond precisely with the artwork on file with the director. The numbers, letters, and symbols shall be printed as follows:

Play Symbols	Play Symbol Font
Prize Symbols	Prize Symbol Font
Captions	Caption Font
Pack-Ticket Number	Validation Font
Validation Number	Validation Font
Retailer Verification Code	Validation Font

(v) Each of the play symbols and its caption, the validation number, pack-ticket number, and retailer verification code must be printed in black ink.

(vi) Each of the play symbols and each of the play symbol captions must be exactly one of those described in subsection (1)(b) of this section.

(vii) Each of the prize symbols must be exactly one of those described in subsection (1)(c) of this section and each of the prize symbol captions must be exactly one of those described in subsection (1)(d) of this section.

(b) Any ticket not passing all the validation requirements in WAC 315-10-070 and in (a) of this subsection is invalid and ineligible for any prize.

AMENDATORY SECTION (Amending WSR 96-15-124, filed 7/24/96, effective 8/24/96)

WAC 315-06-120 Payment of prizes—General provisions. (1) The director may designate claim centers for the filing of prize claims, and the location of such centers shall be publicized from time to time by the director.

(2) A claim shall be entered in the name of one claimant, which shall be either a natural person, association, corporation, general or limited partnership, club, trust, estate, society, company, joint stock company, receiver, trustee, or another acting in a fiduciary or representative capacity whether appointed by a court or otherwise. A claim which includes one or more tickets with an address label or stamp on the back of the ticket shall be deemed to have been entered in the name of one claimant: *Provided*, That if the address label or stamp contains the name of more than one claimant, the prize payment will be made to the one who has signed the ticket and/or claim form or, if there is no signa-

ture or two signatures, to the first claimant listed on the address label or stamp. The claimant must submit his or her Social Security number (SSN) or the federal employer's identification number (FEIN) when claiming any prize exceeding six hundred dollars.

(3) A claim may be entered in the name of a claimant other than a natural person only if the claimant is a legal entity and possesses a federal employer's identification number (FEIN) as issued by the Internal Revenue Service, such number is shown on the claim form and the entity's terms comply with subsection (4) of this section. Groups, family units, organizations, clubs, or other organizations which are not a legal entity, or do not possess a federal employer's identification number, shall designate one natural person or one legal entity in whose name the claim is to be entered.

(4) The terms governing a claimant other than a natural person, i.e., articles of incorporation, trust terms, etc., shall be submitted to the director for approval. Terms not in compliance with lottery statutes or rules shall not be approved. Payment shall not be made to a claimant other than a natural person until the director has approved the terms.

All claimants other than natural persons shall have governing terms which:

(a) Prohibit deletion, amendment, or addition of terms without the director's approval;

(b) State the names of all natural persons who have a direct or indirect right or interest in the claimant, each of their percentage interests and their Social Security numbers;

(c) Acknowledge that the debt collection process mandated by RCW 67.70.255 and WAC 315-06-125 shall be applied to the natural persons who hold interests in the claimant through their Social Security numbers; and

(d) Provide that in the event the claimant ceases to exist prior to the full payout of the prize, the lottery will not make further payment without court order.

(5) The lottery shall not make payment to a claimant other than a natural person unless the terms governing the claimant include those enumerated in subsection (4) of this section.

(6) Unless otherwise provided in the rules for a specific type of game, a claimant shall sign the back of the ticket and/or complete and sign a claim form approved by the director. The claimant shall submit the claim form and/or claimant's ticket to the lottery in accordance with the director's instructions as stated in the players' manual and/or on the back of the ticket or submit a request for reconstruction of an alleged winning ticket and sufficient evidence to enable reconstruction and that the claimant had submitted a claim for the prize, if any, for that ticket. The claimant, by submitting the claim or request for reconstruction, agrees to the following provisions:

(a) The discharge of the state, its officials, officers, and employees of all further liability upon payment of the prize; and

(b) The authorization to use the claimant's name and, upon written permission, photograph for publicity purposes by the lottery.

(7) A prize must be claimed within the time limits prescribed by the director in the instructions for the conduct of a specific game, but in no case shall a prize be claimed later than one hundred eighty days after the official end of

PERMANENT

that instant game or the on-line game drawing for which that on-line ticket was purchased.

(8) The director may deny awarding a prize to a claimant if:

(a) The ticket was not legally issued initially;

(b) The ticket was stolen from the commission, director, its employees or retailers, or from a lottery retailer; or

(c) The ticket has been altered or forged, or has otherwise been mutilated such that the authenticity of the ticket cannot be reasonably assured by the director.

(9) No natural person or legal entity entitled to a prize may assign the right to payment, except under the following limited circumstances:

(a) That payment of a prize may be made to any court appointed legal representative, including, but not limited to, guardians, executors, administrators, receivers, or other court appointed assignees; and

(b) When payment of the entire remainder of an annuity and the right to receive future annual prize payments has been voluntarily assigned to another person, pursuant to an appropriate judicial order that meets the requirements of RCW 67.70.100(2). No voluntary assignment is effective unless and until the national office of the Federal Internal Revenue Service provides a ruling that the voluntary assignment of prizes will not affect the federal income tax treatment of prize winners who do not assign their prizes.

(10) In the event that there is a dispute or it appears that a dispute may occur relative to any prize, the director may refrain from making payment of the prize pending a final determination by the director or by a court of competent jurisdiction relative to the same.

(11) A ticket that has been legally issued by a lottery retailer is a bearer instrument until signed. The person who signs the ticket or has possession of an unsigned ticket is considered the bearer of the ticket. Payment of any prize may be made to the bearer, and all liability of the state, its officials, officers, and employees and of the commission, director and employees of the commission terminates upon payment.

(12) All prizes shall be paid within a reasonable time after the claims are validated by the director and a winner is determined. Provided, prizes paid for claims validated pursuant to WAC 315-10-070(2) shall not be paid prior to one hundred eighty-one days after the official end of that instant game. The date of the first installment payment of each prize to be paid in installment payments shall be the date the claim is validated. Subsequent installment payments shall be made as follows:

(a) If the prize was awarded as the result of a drawing conducted by the lottery, installment payments shall be made weekly, monthly, or annually from the date of the drawing in accordance with the type of prize awarded, except that when a drawing occurs during the last week of the calendar year and it is impossible to claim the prize in the calendar year of the drawing solely due to weekend or extraordinary closure of the lottery's offices, installment payments shall be made weekly, monthly, or annually, in accordance with the type of prize awarded, from the date prize is claimed; or

(b) If the prize was awarded in a manner other than a drawing conducted by the lottery, installment payments shall be made weekly, monthly, or annually from the date the

claim is validated in accordance with the type of prize awarded.

(13) The director may, at any time, delay any payment in order to review a change of circumstances relative to the prize awarded, the payee, the claim or any other matter that may have come to his or her attention. All delayed payments shall be brought up to date immediately upon the director's confirmation and continue to be paid on each originally scheduled payment date thereafter.

(14) If any prize is payable for the life of the winner, only a natural person may claim such a prize.

(15) The director's decisions and judgments in respect to the determination of a winning ticket or of any other dispute arising from the payment or awarding of prizes shall be final and binding upon all participants in the lottery.

(16) Each lottery retailer shall pay all prizes authorized to be paid by the lottery retailer by these rules during its normal business hours at the location designated on its license.

(17) In the event a dispute between the director and the claimant occurs as to whether the ticket is a winning ticket, and if the ticket prize is not paid, the director may, solely at his or her option, replace the disputed ticket with an unplayed ticket (or tickets of equivalent sales price from any game). This shall be the sole and exclusive remedy of the claimant.

AMENDATORY SECTION (Amending WSR 96-07-015, filed 3/12/96, effective 4/12/96)

WAC 315-11A-163 Instant Game Number 163 ("Apple Bucks"). (1) Definitions for Instant Game Number 163.

(a) Play symbols: The "play symbols" are listed below in (b) of this subsection. One of these play symbols appears in each of the six play spots under the latex covering on the front of the ticket. The latex covered area shall be known as the playfield. One of the six play spots shall be labeled "winning number."

(b) Play symbol captions: The small printed characters appearing below each play symbol which correspond with and verify that play symbol. The caption is a spelling out, in full or abbreviated form, of the play symbol. One and only one of these captions appears under each play symbol. The three-digit ticket number shall appear before each play symbol caption. For Instant Game Number 163, the captions which correspond with and verify the play symbols are:

<u>PLAY SYMBOL</u>	<u>CAPTION</u>
2	TWO
3	THR
4	FOR
5	FIV
6	SIX
7	SVN
8	EGT
9	NIN
10	TEN

TRN	\$ 300.00	(\$60, \$60, \$60, \$60 AND \$60)

(c) Prize symbols: The following are the "prize symbols": "\$1.00," "\$2.00," "\$3.00," "\$4.00," "\$5.00," "\$6.00," "\$8.00," "\$9.00," "\$10.00," "\$12.00," "\$20.00," "\$60.00," "\$1,000," and "\$3,000." One of these prize symbols appears below each of the play symbol captions, except that no prize symbol appears below the caption of the play symbol labeled "winning number."

(d) Prize symbol captions: The small printed characters which appear below the prize symbol and verify and correspond with that prize symbol. The prize symbol caption is a spelling out, in full or abbreviated form, of the prize symbol. For Instant Game Number 163, the prize symbol captions which correspond with and verify the prize symbols are:

<u>PRIZE SYMBOL</u>	<u>CAPTION</u>
\$ 1.00	ONE DOL
\$ 2.00	TWO DOL
\$ 3.00	THR DOL

(e) Validation number: The unique twenty-digit number on the front of the ticket. The number is covered by latex.

(f) Pack-ticket number: The thirteen-digit number of the form 163000001-1-000 printed on the back of the ticket. The first three digits are the game identifier. The first nine digits of the pack-ticket number for Instant Game Number 163 constitute the "pack number" which starts at 163000001; the last three digits constitute the "ticket number" which starts at 000 and continues through 199 within each pack of tickets.

(g) Retailer verification codes: Codes consisting of small letters found under the removable covering on the front of the ticket which the lottery retailer uses to verify instant winners of \$600.00 or less. For Instant Game Number 163, the retailer verification code is a three-letter code, with each letter appearing in a varying three of six locations beneath the removable covering and among the play symbols on the front of the ticket. The retailer verification codes are:

<u>VERIFICATION CODE</u>	<u>PRIZE</u>
ONE	\$ 1.00
TWO	\$ 2.00 (\$1 AND \$1; \$2)
FIV	\$ 5.00 (\$1, \$1, \$1, \$1, AND \$1; \$2, \$2 AND \$1)

(h) Pack: A set of two hundred fanfolded instant game tickets separated by perforations and packaged in plastic shrinkwrapping.

(2) Criteria for Instant Game Number 163.

(a) The price of each instant game ticket shall be \$1.00.

(b) Determination of prize winning tickets: An instant prize winner is determined in the following manner:

(i) When any of the five play symbols matches exactly the play symbol labeled "winning number," the matching play symbol shall be a winning play symbol, and the bearer of the ticket shall win the prize below the winning play symbol.

(ii) In Instant Game Number 163, the " " play symbol with the caption "APL" shall always be a winning play symbol, and the bearer of a ticket which has a " " play symbol with the caption "APL" shall be entitled to the prize shown below the " " play symbol.

(iii) The bearer of a ticket which has more than one winning play symbol shall win the total of the prizes below each winning play symbol.

(c) No portion of the display printing nor any extraneous matter whatever shall be usable or playable as a part of the instant game.

(d) The determination of prize winners shall be subject to the general ticket validation requirements of the lottery as set forth in WAC 315-10-070, to the particular ticket validation requirements for Instant Game Number 163 set forth in subsection (3) of this section, to the confidential validation requirements established by the director, and to the requirements stated on the back of each ticket.

(e) Notwithstanding any other provisions of these rules, the director may:

(i) Vary the length of Instant Game Number 163; and/or

(ii) Vary the number of tickets sold in Instant Game Number 163 in a manner that will maintain the estimated average odds of purchasing a winning ticket.

(3) Ticket validation requirements for Instant Game Number 163.

(a) In addition to meeting all other requirements in these rules and regulations, to be a valid instant game ticket for Instant Game Number 163 all of the following validation requirements apply:

(i) Exactly one play symbol must appear in each of the six play spots in the playfield on the front of the ticket.

(ii) Each play symbol must have a play symbol caption below it and each must agree with its caption.

(iii) Each of the play symbol captions, except for the "winning number" play symbol caption, shall have a prize symbol below it. Each of the prize symbols shall also have a prize symbol caption below it.

AMENDATORY SECTION (Amending Order 244, filed 9/15/93, effective 10/16/93)

WAC 230-04-138 Commercial amusement games—Authorized locations. (1) Amusement games may only be conducted by commercial amusement game licensees when operated as a part of, and/or upon the site of:

(a) Any agricultural fair as authorized under chapter 15.76 or 36.37 RCW; or

(b) A civic center of a county, city or town; or

(c) A world's fair or similar exposition which is approved by the Bureau of International Expositions at Paris, France; or

(d) A community-wide civic festival held not more than once annually and sponsored or approved by the city, town, or county in which it is held; or

(e) A commercial exposition organized and sponsored by an organization or association representing the retail sales and service operators conducting business in a shopping center or other commercial area developed and operating for retail sales and service, but only upon a parking lot or similar area located in said shopping center or commercial area for a period of no more than seventeen consecutive days by any licensee during any calendar year; or

(f) An amusement park. An amusement park is a group of activities, at a permanent location, to which people go to be entertained through a combination of various mechanical or aquatic rides, theatrical productions, motion picture and/or slide show presentation with food and drink service. The amusement park must include at least five different mechanical or aquatic rides, three additional activities and the gross receipts must be primarily from these amusement activities; or

(g) Within a regional shopping center. A regional shopping center is a shopping center developed and operated for retail sales and service by retail sales and service operators and consisting of more than six hundred thousand gross square feet not including parking areas. Amusement games conducted as a part of, and upon the site of, a regional shopping center shall not be subject to the prohibition on leases of premises based on a percentage of gambling receipts set forth in RCW 9.46.120; or

(h) Any location that possesses a valid license from the Washington state liquor control board and prohibits minors on their premises; or

(i) Movie theaters, bowling alleys, miniature golf course facilities, skating facilities, and amusement centers. For the purposes of this section an amusement center shall be defined as a permanent location whose primary source of income is from the operation of ten or more amusement devices; or

(j) Any business whose primary activity is to provide food service for on premises consumption (~~and who offers family entertainment which includes at least three of the following activities: Amusement devices; theatrical productions; mechanical rides; motion pictures; and slide show presentations~~); or

AMENDATORY SECTION (Amending WSR 95-23-109, filed 11/22/95, effective 1/1/96)

WAC 230-40-050 Fees for card playing. Except as provided in WAC 230-40-055 for card tournaments, no time based or per hand fee shall be charged a person, directly or indirectly, to play in a card game ((in excess of those fees)) except as set forth ((below)) in this section. Each type of fee shall be maintained and recorded separately from all other fees as set forth in WAC 230-08-090, and be available for audit by the commission and local law enforcement and taxing authorities.

(1) For all card games, ~~((except as provided in subsections (2) and (7) of this section, the fee shall not exceed \$3.00 per half hour, or portion thereof, per player.))~~ the following procedures apply to collection of such fees:

(a) Fees shall be collected in advance by the licensee in cash, or in wagering chips, directly from the player((-));

(b) No player shall be required to pay for or purchase any other goods or services as a condition of playing cards ~~((beyond the \$3.00 per half hour per player, except under subsections (3) and (7) of))~~ except as authorized by this section((-));

(c) ~~((The fee))~~ A schedule ((applicable to the type of games and number of tables in the card room)) setting forth all fees to participate in card games shall be ((conspicuously)) posted ((on the premises)) in plain view where it can be ((clearly)) seen by the players in the card games.

(2) A person requesting a new deck of cards beyond those regularly furnished by the operator, as required by WAC 230-40-070(2), may be charged a fee not to exceed the actual cost to the licensee of the deck. Further, Class D licensees may charge a fee not to exceed actual cost to the licensee per deck for each deck of playing cards furnished to a table as required by these rules, or as requested by any player at the table. The fee shall be collected in cash directly from the players, or the player requesting the deck, at the time the deck is introduced into the game.

(3) This rule shall not prevent a bona fide nonprofit or charitable organization which has been established and operated for purposes other than card playing from charging its usual membership fee to belong to the organization.

(4) The licensee shall collect the same fee from all players at a table except licensed card room employees or the licensed owner. If the licensee elects to allow free play, then all players at a table must be allowed to play for free.

(5) The amount collected shall be recorded by the licensee each half hour on forms supplied by the commission.

(6) All records required by this rule shall be maintained for a period of three years from the end of the licensee's fiscal year for which the record is kept.

(7) This rule shall not prevent a licensee from collecting an admission fee for entry into that portion of the licensed premises conducting entertainment, provided that the same fee is charged to all patrons.

NEW SECTION

WAC 392-140-073 Prior school year. As used in this chapter, "prior school year" means the school year immediately preceding the school year for which calculations are being made pursuant to this chapter.

NEW SECTION

WAC 392-140-600 Special education safety net—Applicable provisions. The provisions of WAC 392-140-600 through 392-140-685 apply to the determination of safety net allocations of state special education moneys and Individuals with Disabilities Education Act (IDEA) federal discretionary moneys for the 1996-97 school year.

NEW SECTION

WAC 392-140-601 Special education safety net—Authority. The authority for WAC 392-140-600 through 392-140-685 is:

(1) Section 508 of the 1995-97 Biennial Operating Appropriations Act; and

(2) RCW 28A.150.290(1).

NEW SECTION

WAC 392-140-602 Special education safety net—Eligible applicants. An individual school district of the state of Washington is eligible to apply for special education safety net moneys on behalf of its resident students. Resident students include those defined as resident pursuant

to WAC 392-137-115, those enrolled through choice (RCW 28A.225.225) and those from nonhigh districts (RCW 28A.225.210). Resident students exclude those residing in another district and enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

NEW SECTION

WAC 392-140-605 Special education safety net—Safety net application—Basis, certification, worksheets. Application for safety net funding shall be made on Form SPI 1381 published by the superintendent of public instruction as follows:

(1) School districts may make application for safety net funding on the basis of one or more of the following:

(a) Maintenance of effort (state revenue only) hereafter referred to as MOESR. State safety net funding may be requested when a district shows a MOESR loss calculated by the superintendent of public instruction pursuant to WAC 392-140-620.

(b) Special characteristics and costs. State safety net funding may be requested by a school district with special education costs of providing services that are reasonable, but differ significantly from the assumptions contained in the state special education funding formula provided that the applicant school district meets the standards of WAC 392-140-613 and can demonstrate, pursuant to WAC 392-140-625 either of the following:

(i) The district's actual resident special education enrollment exceeds the district's funded resident special education enrollment, the district has adopted a plan of action to contain or eliminate any unnecessary, duplicative, or ineffective enrollment practices, and all available funding, including state, federal, and local if provided in the past, is insufficient to meet the expenditure level necessary for special education; or

(ii) The district's resident special education enrollment percentage is equal to the funded special education enrollment percentage and the district has incurred an adverse change in the demographics of its resident special education enrollment since the prior school year, and all available funding, including state, federal, and local if provided in the past, is insufficient to meet the expenditure level necessary for special education.

(c) High-cost individual student. A school district may submit not more than three applications in a school year for federal safety net funding for high-cost individual students meeting the standards in WAC 392-140-616.

(2) The school district making application for safety net funding shall certify that:

(a) The application complies with the respective safety net application standards of WAC 392-140-610, 392-140-613, or 392-140-616;

(b) The application provides true and complete information to the best of the school district's knowledge; and

(c) The district understands that safety net funding is not an entitlement, is subject to adjustment and recovery, may not be available in future years, state safety net funding may be expended in program 21 which impacts the amount that must be maintained for the federal maintenance of effort test, and federal safety net funding must be expended in program 24.

(3) Worksheets included with the application shall demonstrate the need for safety net funding. School districts are encouraged and may be required to submit additional information designed to assist the state oversight committee in analyzing the application.

(a) MOESR applications pursuant to subsection (1)(a) of this section do not require any worksheets.

(b) Special characteristics and costs applications pursuant to subsection (1)(b) of this section require completion of the narrative and worksheets described in WAC 392-140-625.

(c) High-cost individual student applications shall include completed budget forms SPI F-1000B and SPI E-795B, and worksheets "A," "B," and "C" published in the safety net application.

NEW SECTION

WAC 392-140-608 Special education safety net—Safety net application—Timing. Safety net applications shall be submitted and reviewed pursuant to the dates published by the superintendent of public instruction. No applications for the school year will be accepted after the final application due date.

NEW SECTION

WAC 392-140-609 Special education safety net—Standard—Appropriate and properly and efficiently prepared and formulated IEPs. Individualized education programs (IEPs) which are appropriate, properly and efficiently prepared and formulated are those IEPs that meet all of the following criteria:

(1) The IEPs comply with federal and state procedural requirements.

(2) The delivery of specially designed instruction complies with state standards (regularly scheduled teaching or training activities provided or designed by special education qualified staff).

(3) Areas for the provision of special education services conform with areas of need identified in the students evaluation made pursuant to WAC 392-172-152.

(4) The state oversight committee determines:

(a) There are no unresolved state audit examination findings related to special education which are material in nature;

(b) There are no unresolved state child count verification findings which are material in nature; and

(c) All corrections to state enrollment reporting, required for resolution of (a) and (b) of this subsection, are completed.

NEW SECTION

WAC 392-140-610 Special education safety net—Standards—MOESR applications. For districts requesting safety net funding due to MOESR, the district shall demonstrate at a minimum that:

(1) IEPs are appropriate and are properly and efficiently prepared and formulated.

(2) The district is making a reasonable effort to provide appropriate program services for students in need of special education utilizing state funding generated by the basic

education apportionment and special education funding formulas.

NEW SECTION

WAC 392-140-613 Special education safety net—Standards—Special characteristics and costs applications. For a school district requesting state safety net funding due to special enrollment characteristics of the district and costs of providing services which differ significantly from the assumptions contained in the state special education funding formula, the district shall demonstrate at a minimum that:

(1) IEPs are appropriate and are properly and efficiently prepared and formulated.

(2) The district is making reasonable effort to provide appropriate services for students in need of special education utilizing state funding generated by the basic education apportionment and special education funding formulas.

(3) The district's special education services are operated in a reasonably efficient manner and the district has adopted a plan of action to contain or eliminate any unnecessary, duplicative, or inefficient practices.

(4) Indirect costs included for purposes of determining safety net allocations do not exceed the allowable percent for the federal special education program.

(5) Any available federal funding is insufficient to address the additional needs.

(6) The costs of any supplemental contracts are not included for purposes of determining safety net allocations. Supplemental contracts are those contracts made pursuant to RCW 28A.400.200(4) excluding extended school year contracts (ESY) required by an IEP.

(7) The costs of any summer school instruction are not included for purposes of making safety net determinations excluding extended school year contracts (ESY) required by an IEP.

NEW SECTION

WAC 392-140-616 Special education safety net—Standards—High-cost individual student applications. For districts requesting safety net funding to meet the extraordinary needs of an eligible high-cost individual special education student, the district shall demonstrate at a minimum that:

(1) The IEP for the eligible special education student is appropriate, and properly and efficiently prepared and formulated.

(2) All of the following criteria apply to the high-cost individual student:

(a) Costs eligible for safety net consideration must be direct expenditures for services required in the IEP.

(b) In order to deliver appropriate special education to the student, the district must be providing services which incur additional costs which exceed available district annual average per-pupil revenues, including state, federal and local revenues, by seven thousand dollars. This threshold amount shall be adjusted downward by the portion of the year for which the individual student was actually enrolled. For example, for a student served and reported for only one-half the year, the threshold amount shall be reduced by one-half.

(c) The total cost of educational services must exceed the sum of any MOESR gain calculated pursuant to WAC

392-140-620 and any carryover of federal flow-through special education funding as of August 31 of the prior school year.

(d) The cost of providing special education services, as directed in the IEP, for this student would be detrimental to the school district's ability to provide necessary services to the other students being provided special education in the district.

NEW SECTION

WAC 392-140-620 Special education safety net—Calculation of MOESR. MOESR is calculated by the superintendent of public instruction using the process below. Results show either a loss, a gain, or zero (0).

(1) Determine the portion of state special education revenue provided in excess of basic education backout revenue for resident special education enrollment in 1994-95. Basic education backout is calculated pursuant to WAC 392-122-131 and was published by the superintendent of public instruction on June 30, 1995.

(2) Divide the result in subsection (1) of this section by the 1994-95 resident special education enrollment.

(3) Determine the state special education revenue provided for the resident special education enrollment in the current school year.

(4) Determine the funded resident special education enrollment pursuant to WAC 392-122-165 in the current school year.

(5) Divide the state revenue in subsection (3) of this section by the funded resident special education enrollment in subsection (4) of this section.

(6) Determine the aggregate basis difference in state special education revenue by subtracting the 1994-95 amount in subsection (1) of this section from the amount in subsection (3) of this section. If the absolute value of this amount is less than one thousand dollars, the aggregate basis difference shall be rounded to zero (0).

(7) Determine the per-pupil basis difference in state special education revenue by subtracting the 1994-95 result in subsection (2) of this section from the result in subsection (5) of this section and further multiplying this difference by the funded resident special education enrollment in subsection (4) of this section. If the absolute value of this amount is less than one thousand dollars, the per-pupil basis difference shall be rounded to zero (0).

(8) Determine the MOESR by comparing the aggregate basis difference from subsection (6) of this section and the per-pupil basis difference from subsection (7) of this section as follows:

(a) When the mathematical sign of both amounts is negative, the MOESR loss is determined as the amount nearer to zero (0).

(b) When the mathematical sign of both amounts is positive, the MOESR gain is determined as the amount nearer to zero (0).

(c) When the mathematical signs of the amounts are opposite, or either one of the amounts is zero (0), the MOESR gain and loss are zero (0).

NEW SECTION

WAC 392-140-625 Special education safety net—Demonstration of special characteristics and costs. Special characteristics and costs applications pursuant to WAC 392-140-605 (1)(b) must demonstrate adverse impacts. Instructions to the application narrative and worksheets shall be published by the superintendent of public instruction with the safety net application.

(1) Adverse enrollment impacts shall be demonstrated as follows:

(a) Applications from districts with actual enrollment greater than funded enrollment pursuant to WAC 392-140-605 (1)(b)(i) must demonstrate, through the application narrative, that the district has adopted a plan of action to contain or eliminate any unnecessary, duplicative, or ineffective enrollment practices.

(b) Applications from districts with actual enrollment equal to funded enrollment pursuant to WAC 392-140-605 (1)(b)(ii) must demonstrate, through the application narrative and on application worksheet "A," an adverse change in resident special education enrollment characteristics since the prior school year.

(i) The application narrative completed by the school district shall provide any information and explanations related to special enrollment characteristics as required in the published instructions.

(ii) Application worksheet "A" shall use enrollments reported by and/or for the district to the superintendent of public instruction and published by the superintendent of public instruction for this purpose and shall measure the resident special education enrollment difference by disability category. Differences shall be expressed as a headcount difference and as a percent of the district's current school year annual average full-time equivalent resident basic education enrollment calculated pursuant to WAC 392-121-133.

(2) Cost differences between the current and prior school years resulting from the adverse enrollment impacts demonstrated pursuant to subsection (1) of this section shall be demonstrated in the application narrative. The application narrative shall detail cost differences in services to students which occurred between the current school year and the prior school year. Such details shall include costs and savings associated with each change in services.

(3) A fiscal need shall be demonstrated through the application narrative, on application worksheet "B," and other information available to the state oversight committee. Fiscal need shall be demonstrated as follows:

(a) The application narrative shall be completed by the school district and provide information and explanations related to fiscal need pursuant to the published instructions.

(b) Application worksheet "B" shall be completed by the school district and shall demonstrate a fiscal need in excess of the sum of:

(i) All current school year safety net awards to the district for MOESR or special characteristics and costs;

(ii) Any MOESR gain as calculated pursuant to WAC 392-140-620;

(iii) Any previous high cost individual safety net awards for the current school year; and

(iv) All other available revenue for special education including all carryover of federal special education revenue.

(4) The school district shall provide additional information as requested by the state oversight committee.

NEW SECTION

WAC 392-140-640 Special education safety net—Definition—State oversight committee—Membership, structure. Membership of the state oversight committee shall consist of: Staff of the office of superintendent of public instruction, staff of the office of state auditor, staff of the office of financial management, one or more representatives from a school district(s) and one or more representatives from an educational service district.

(1) The state oversight committee members will be appointed by the office of superintendent of public instruction.

(2) The state director of special education shall serve as an ex officio, nonvoting committee member and act as the state oversight committee manager.

(3) Members of the state oversight committee from school districts and/or educational service districts will be appointed based on their knowledge of special education program service delivery and funding, geographical representation, size of district(s) served, and other demographic considerations which will guarantee a representative state committee.

(4) Alternate members shall be appointed. In the event a member is unable to attend a committee meeting, an alternate member shall attend.

(5) Membership appointments shall be made for a period of one year. The oversight committee manager may replace a portion of the committee each year in order to enhance representation.

NEW SECTION

WAC 392-140-643 Special education safety net—Definition—State oversight committee—Procedures. (1) The state oversight committee will review applications as deemed necessary by the superintendent of public instruction pursuant to WAC 392-140-608.

(2) All applications received by the state oversight committee will be reviewed for completeness by the state oversight committee manager or designee. If applications are not complete, they will be returned to the submitting school district.

(3) The state oversight committee manager will forward to the committee members copies of the applications in a timely manner.

(4) The state oversight committee manager will be responsible for presenting each application for consideration to the committee.

(5) Committee members shall question and discuss the application content for completeness, accuracy, and understanding of the reason(s) for the applicant's need for safety net funding.

(6) The committee may request that a submitting school district provide additional information.

(7) Committee members will individually indicate their agreement or disagreement with the action of the committee pursuant to WAC 392-140-646.

(8) A majority vote by the committee members will be sufficient to determine the committee action.

(9) The state oversight committee manager will ensure that notes are taken which summarize the questions and discussion related to each application. A decision summary for each application shall include the amount of the initial request, funding adjustments recommended by the committee, the amount of any award to be made, and the reasons for and against the action taken by the committee.

(10) Committee members shall each sign the decision summary.

(11) The state oversight committee manager, on behalf of the committee, will notify the applicant school district in writing of the determination of the committee. The school district will be provided a copy of the decision summary.

(12) All applications received by the state oversight committee will be retained by the superintendent of public instruction for use in the evaluation of the safety net funding process and to provide the superintendent of public instruction with information with which to make future decisions regarding the safety net process.

NEW SECTION

WAC 392-140-646 Special education safety net—State oversight committee actions. The state oversight committee shall take the following actions:

(1) An application reviewed during an application cycle may be:

(a) Approved;

(b) Disapproved; or

(c) Returned to the submitting school district, for possible resubmission at a later date during the school year, because information contained in the application is insufficient to establish a need for safety net funding.

(2) The amount approved shall be equal to or less than the amount for which application was made.

(3) The approval may be contingent on additional requirements imposed by the committee such as development of an action plan to resolve a specified problem prior to submission of any future safety net application to assure school district compliance with the criteria and standards set forth in these safety net regulations.

(4) The approvals are subject to adjustment and recovery pursuant to WAC 392-140-675 through 392-140-685.

NEW SECTION

WAC 392-140-650 Special education safety net—Withdrawal of application. If at any time a school district wishes to withdraw a submitted application, the school district superintendent should submit a letter requesting withdrawal to the state oversight committee.

NEW SECTION

WAC 392-140-653 Special education safety net—Reapplication. If the applicant school district withdrew an application, or had an incomplete application returned, or is dissatisfied with the results of the state oversight committee's decision with regard to its application, the applicant may reapply for safety net funding in a later

application cycle for the school year. All applications must meet the timing requirements of WAC 392-140-608.

NEW SECTION

WAC 392-140-656 Special education safety net—Safety net appeal—Procedures. While special education safety net funding is not an entitlement, an applicant district may appeal an action of the state oversight committee made pursuant to WAC 392-140-646. The district shall appeal in writing to the superintendent of public instruction within thirty days of the date that the state oversight committee's written determination notice is sent to the district pursuant to WAC 392-140-643(11).

NEW SECTION

WAC 392-140-660 Special education safety net—Approved application—Initial state special education safety net allocation. The total amount allocated to school districts may not exceed the authorized appropriation.

(1) The initial special education safety net allocation of state moneys for applicants shall be the smaller of:

- (a) The amount requested by the school district; or
- (b) The amount authorized by the state oversight committee.

(2) The state oversight committee shall determine what portion, if any, of a special characteristics and costs application amount is to be credited against a MOESR gain determined pursuant to WAC 392-140-620.

(3) The initial special education safety net allocation of state moneys for special characteristics applicants under WAC 392-140-605 (1)(b) shall be prorated if the state total year-to-date allocations for all safety net applications under WAC 392-140-605 (1)(a) and (b) exceed the authorized appropriation for that school year.

NEW SECTION

WAC 392-140-665 Special education safety net—Approved application—Initial federal special education safety net allocation. If documented needs for federal discretionary funds exceed the appropriation the superintendent of public instruction may access additional federal funds.

(1) The state oversight committee shall determine what portion, if any, of a high cost individual application amount is to be credited against the sum of any MOESR gain determined pursuant to WAC 392-140-620 and any carryover of federal flow-through special education funding from the prior school year.

(2) The initial allocation amount of federal special education safety net moneys for a school district is the amount authorized by the state oversight committee and may be prorated if the total year-to-date allocations for such applications exceeds the authorized appropriation.

NEW SECTION

WAC 392-140-670 Special education safety net—Distribution of state moneys. The superintendent of public instruction shall apportion state special education safety net moneys according to the apportionment schedule provided in RCW 28A.510.250.

NEW SECTION

WAC 392-140-675 Special education safety net—Adjusted special education safety net allocation. Safety net allocation amounts for a school district may be adjusted during the school year as follows:

(1) The initial state and federal special education safety net allocation amounts for a school district may be adjusted to reflect changes in factors for which additional or revised information becomes available after the awarding of the initial safety net allocation and such information results in the district being eligible for a lesser allocation. This means:

(a) MOESR awards shall be reduced or nullified when a recalculation pursuant to WAC 392-140-620 results in a loss smaller than any loss previously calculated pursuant to WAC 392-140-620.

(b) Special characteristics and costs awards shall be reduced or nullified when a recalculation pursuant to WAC 392-140-620 results in a gain which is larger than any previously calculated pursuant to WAC 392-140-620 and against which safety net applications are credited pursuant to WAC 392-140-660(2) and/or 392-140-665(1).

(2) The initial special education safety net allocation of state moneys for special characteristics applicants under WAC 392-140-605 (1)(b) shall be subject to additional proration if total state allocations for all safety net applications under WAC 392-140-605 (1)(a) and (b) exceed the authorized appropriation for that school year.

NEW SECTION

WAC 392-140-680 Special education safety net—Recovery of state allocations to school districts. State safety net funding is provided in revenue account 4121. Safety net funding:

(1) Shall be recovered or reduced for the following reasons:

(a) Unexpended account 4121 revenues are recovered in the subsequent school year pursuant to WAC 392-122-900.

(b) Any necessary adjustments pursuant to WAC 392-140-675 were not previously made.

(c) The periodic and/or final MOESR calculation performed by the superintendent of public instruction determines that a lesser amount is needed for maintenance of effort (state revenue only).

(d) The district did not use or failed to apply for available Medicaid or federal flow-through special education funding.

(e) The application contains a falsification or deliberate misrepresentation, including omission of a material fact.

(2) May be recovered or reduced for the following reasons:

(a) IEPs determined at a later date through state audit or child count verification to be inappropriate or improperly prepared, have impacts material in nature to the justification or amount of need for safety net funding.

(b) The school district has carryover of federal flow-through special education funding from the previous school year.

NEW SECTION

WAC 392-140-685 Special education safety net—Recovery of federal allocations to school districts. High cost individual student federal special education safety net allocations shall be recovered or awards reduced when:

(1) The application contains a falsification or deliberate misrepresentation, including omission of a material fact.

(2) The school district has carryover of federal flow-through special education funding from the prior school year.

(3) The allocation is unexpended for the purpose allocated including but not limited to situations where the student leaves the district or has a change in services. For students who transfer to another Washington public school district, expenditures for specialized equipment purchased with these funds shall not be recovered provided the district transfers the equipment to the other school district.

(4) The IEP is determined at a later date, through state audit or child count verification, to be inappropriate or improperly prepared and impacts the justification or amount of need for safety net funding.

(5) A recalculation pursuant to WAC 392-140-620 results in a gain larger than any previously calculated pursuant to WAC 392-140-620 and against which safety net applications are credited pursuant to WAC 392-140-665(1) and/or 392-140-675 (1)(b). This means MOESR adjustments are made first to state safety net awards and then to federal safety net awards.

Recovery adjustments not made in the current school year shall be added to the amount calculated pursuant to WAC 392-140-616 (2)(c) for the following school year. Such amounts reduce federal safety net awards in the following year.

 Amending WAC 220-56-240.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Permanent rules filed do not reflect management concerns for mid-Columbia and Snake rivers.

WAC 220-56-24000C Sturgeon—Seasons and areas.

Notwithstanding the provisions of WAC 220-56-240, effective immediately until further notice the following rules apply to sturgeon in the following listed areas of the Columbia River:

(1) Catch and release only in:

(a) Columbia River and tributary waters upstream from the upstream line at Bonneville Dam and a line 400 feet below McNary Dam;

(b) Columbia River and tributary waters upstream from Priest Rapids Dam; and

(c) Snake River and tributary waters upstream from Lower Granite Dam.

(2) Limit 1 fish not less than 48 inches in length and not more than 66 inches in length in the Columbia River and tributaries upstream from McNary Dam to Priest Rapids Dam, and in the Snake River and tributaries upstream from

the confluence of the Columbia and Snake Rivers to a point 400 feet below Lower Granite Dam.

(3) All other provisions of WAC 220-56-240, 220-56-290, and 220-56-295 remain in effect, as do closures below dams.

[Order 96-134—Filed September 4, 1996, 3:36 p.m., effective September 5, 1996, 12:01 a.m.]

Date of Adoption: September 3, 1996.

Purpose: Personal use rules.

Citation of Existing Rules Affected by this Order:
 Amending WAC 220-56-310, 220-56-355, and 220-56-375.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: These changes would meet the requirements of a negotiated agreement between Washington Department of Fish and Wildlife and Puget Sound treaty tribes concerning management of bivalves. The agreement is a result of the Rafeedie federal court implementation order.

Reasons for this Finding: Opening in Area 7B provides opportunity to harvest the non-Indian allocation of coho salmon destined for the Nooksack-Samish region of origin per preseason schedule. Gillnet mesh restriction and purse seine release requirement, and in-season area restriction are necessary to reduce chinook impacts relative to nontreaty allocation requirements at the preseason run size forecast. WAC 220-44-05000B Coastal bottomfish catch limits. Notwithstanding the provisions of WAC 220-44-050, effective 12:01 a.m. September 11, 1996 until further notice it is unlawful to possess, transport through the waters of the state or land in any Washington State port bottomfish taken from Marine Fish-Shellfish Management and Catch Reporting Areas 29, 58B, 59A, 59B, 60A, 61, 62, or 63 in excess

of the amounts or less than the minimum sizes shown below for the following species:

1. The following definitions apply to this section:

a. **Cumulative limit** - A cumulative limit is the maximum amount of fish that may be taken and retained, possessed or landed per vessel per calendar month, without a limit on the number of landings or trips. The cumulative limit includes all fish harvested by a vessel during the month, whether taken in limited entry or open access fisheries. Once a cumulative limit has been achieved, an operator may begin fishing on the next cumulative limit so long as the fish are not landed until after the beginning of the next cumulative limit.

b. **Two-month cumulative limit** is the maximum amount of fish that may be taken and retained, possessed or landed per vessel per two, fixed calendar months, without a limit on the number of landings or trips. The fixed two-month periods are January-February, March-April, May-June, July-August, September-October and November-December. No more than sixty percent of any two-month cumulative limit may be taken and retained, possessed or landed per vessel in either calendar month of the fixed, two-month period. The two-month cumulative limit includes all fish harvested by a vessel during the two-month period, whether taken in limited entry or open access fisheries. Once a two-month cumulative limit has been achieved, an operator may begin fishing on the next two-month cumulative limit so long as the fish are not landed until after the beginning of the next two-month cumulative period.

c. **Daily trip limit** - The maximum amount of fish that may be taken and retained, possessed or landed per vessel from a single fishing trip in 24 consecutive hours, starting at 0001 hours.

d. **Groundfish limited entry fishery** - Fishing activity by a trawl, setline or bottomfish pot equipped vessel that has received a federal limited entry permit issued by the National Marine Fisheries Service endorsed for the qualifying gear type.

e. **Groundfish open access fishery** - Fishing activity by a vessel equipped with setline or bottomfish pot gear that has not received a federal limited entry permit, or a vessel using gear other than trawl, setline or bottomfish pot gear.

f. **Vessel trip** - A vessel trip is defined as having occurred upon the initiation of transfer of catch from a fishing vessel.

g. **Vessel trip limit** - The amount of fish that may not be exceeded per vessel trip. All fish aboard a fishing vessel upon the initiation of transfer of catch are to be counted towards the vessel trip limit.

h. **Dressed length** - The dressed length of a fish is the distance from the anterior insertion of the first dorsal fin to the tip of the tail.

2. **Groundfish limited entry fishery limits.** The following limits apply to the groundfish limited entry fishery in Coastal Marine Fish-Shellfish Management and Catch Reporting Areas 58B, 59A, 59B, 60A, 61, 62, and 63, and apply to all listed bottomfish species and species complexes taken in Puget Sound Marine Fish-Shellfish Management and Catch Reporting Area 29:

a. **Pacific ocean perch** - Two-month cumulative limit of 10,000 pounds. No minimum size.

b. **Widow rockfish** - Two-month cumulative limit of 50,000 pounds. Effective 12:01 a.m. November 1, 1996, one-month cumulative limit of 25,000 pounds. No minimum size.

c. **Shortbelly rockfish** - No minimum size. No maximum poundage.

d. **Black rockfish** - The vessel trip limit for black rockfish for commercial fishing vessels using hook-and-line gear between the U.S. Canada border and Cape Alava (48°09'30" N. latitude) and between Destruction Island (47°40'00" N. latitude) and Leadbetter Point (46°38'10" N. latitude), is 100 pounds (round weight) or 30 percent by weight of all fish on board including salmon, whichever is greater, per vessel trip.

e. **Sebastes complex** - All species of rockfish except Pacific ocean perch, widow, shortbelly, and thornyhead (*Sebastes* spp.)

(1) North of Cape Lookout and south of Cape Lookout if no declaration has been made - Two-month cumulative limit of 70,000 pounds, of which no more than 20,000 pounds may be yellowtail rockfish and no more than 18,000 pounds may be canary rockfish. Effective 12:01 a.m. November 1, 1996, one-month cumulative limit of 35,000 pounds, of which no more than 10,000 pounds may be yellowtail rockfish and no more than 9,000 pounds may be canary rockfish. No minimum size on any species in this category.

(2) South of Cape Lookout - Two-month cumulative limit of 100,000 pounds of which no more than 70,000 pounds may be yellowtail rockfish and no more than 18,000 pounds may be canary rockfish. Effective 12:01 a.m. November 1, 1996, one-month cumulative limit of 50,000 pounds, of which no more than 35,000 pounds may be yellowtail rockfish and no more than 9,000 pounds may be canary rockfish. No minimum size on any species in this category. In order to deliver higher limits taken below Cape Lookout the licensee must make a declaration as follows:

(a) The declaration must be made at least 12 hours prior to departing from port by telephoning the Department Montesano Office at (360) 249-4628, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. The declarer will receive a declaration number from the department.

(b) The declaration must include: vessel name; federal limited entry permit number; operator's name, phone number and address; anticipated date and port of departure; anticipated date and port of return.

(c) Phone declarations must be followed by a written declaration, signed by the operator and mailed or delivered to the Montesano Office at 48 Devonshire Road, Montesano, WA 98563, prior to the day of departure. Forms are available at that office or from coastal processors.

(d) No fishing north of Cape Lookout is allowed after declaring for fishing south of Cape Lookout until the vessel has landed at a Washington or Oregon port and notified the Montesano Office during business hours.

1) There is a maximum two-month cumulative limit for landings from both north and south of Cape Lookout of 100,000 pounds of which no more than 70,000 pounds may be yellowtail rockfish and no more than 18,000 pounds may be canary rockfish. Effective 12:01 a.m. November 1, there is a maximum one-month limit for landings from both north

and south of Cape Lookout of 50,000 pounds of which no more than 35,000 pounds may be yellowtail rockfish and not more than 9,000 pounds may be canary rockfish.

2) Wholesale fish dealers purchasing more than 42,000 pounds of sebastes complex, 19,200 pounds of yellowtail rockfish or 10,800 pounds of canary rockfish (60% of two-month cumulative allowances) must enter the declaration number on the fish receiving ticket. Effective 12:01 a.m. November 1, 1996 wholesale dealers purchasing more than 35,000 pounds of *Sebastes* complex, 10,000 pounds of yellowtail rockfish or 9,000 pounds of canary rockfish (one-month cumulative allowances north of Cape Lookout) must enter the number on the fish receiving ticket.

f. **DTS Complex - (Sablefish, Dover sole and thornyhead rockfish)** - Two-month cumulative limit of 70,000 pounds, of which not more than 12,000 pounds may be sablefish and not more than 20,000 pounds may be thornyhead rockfish. Of the thornyhead rockfish, not more than 4,000 pounds may be shortspine thornyhead.

g. **Sablefish** -

(1) **Trawl vessels** - Not more than 500 pounds (round weight) of sablefish per trip may be smaller than 22 inches.

(2) **Non-trawl vessels** - Daily trip limit of 300 pounds (round weight). No minimum size.

h. **Pacific Whiting** - Vessel trip limit of 10,000 pounds, no minimum size.

i. **Lingcod** - Two-month cumulative limit of 40,000 pounds. Total length minimum size limit of 22 inches. Lingcod total length of 22 inches is equivalent to dressed length of 18 inches. To convert lingcod from dressed weight to round weight, multiply the dressed weight by 1.5. To convert lingcod from dressed, head on (gutted only), weight, multiply the dressed weight by 1.1.

(1) It shall be lawful to land up to 100 pounds of lingcod under 22 inches taken in the trawl fishery only.

3. **Groundfish open access fishery limits.** The following limits apply to the groundfish open access fishery in Coastal Marine Fish-Shellfish Management and Catch Reporting Areas 58B, 59A, 59B, 60A, 61, 62, and 63, and apply to all listed species and species complexes taken in Puget Sound Marine Fish-Shellfish Management and Catch Reporting Area 29. Notwithstanding the provisions of this subsection, no groundfish open access fishery limit may exceed a groundfish limited entry fishery daily, vessel or cumulative limit:

(1) **Sablefish** - Daily trip limit of 300 pounds (round weight) not to exceed 2100 pounds in any calendar month. No minimum size.

(2) **Rockfish** - Vessel trip limit of 10,000 pounds. Cumulative limit of 35,000 pounds.

(3) **Lingcod** - cumulative limit of 20,000 pounds. Total length minimum size limit of 22 inches. Lingcod total length of 22 inches is equivalent to dressed length of 18 inches. To convert lingcod from dressed weight to round weight, multiply the dressed weight by 1.5. To convert lingcod from dressed, head on (gutted only), weight, multiply the dressed weight by 1.1.

(4) **Thornyhead rockfish** - Illegal to take, possess, transport or land thornyhead rockfish.

(5) It is unlawful during the unloading of the catch and prior to its being weighed or leaving the unloading facility

to intermix with any other species or category of bottomfish having a cumulative limit, vessel trip limit or daily trip limit.

(6) The fisher's copy of all fish receiving tickets showing landings of species provided for in this section shall be retained aboard the landing vessel for 90 days after landing.

Reviser's note: The unnecessary underscoring in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

REPEALER

The following section of the Washington Administrative Code is repealed effective 12:01 a.m. September 11, 1996:

EMERGENCY RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES
(Public Assistance)**

[Filed September 12, 1996, 9:18 a.m.]

Date of Adoption: September 12, 1996.

Purpose: Implements an option in Washington state's AFDC state plan to continue AFDC-E benefits for up to an eighteen-month period when the qualifying parent works one hundred hours or more per month and the child remains otherwise eligible.

Citation of Existing Rules Affected by this Order: Amending WAC 388-215-1375 Deprivation—Unemployment—Defined and 388-215-1390 Deprivation—Redetermination of eligibility when deprivation ceases.

Statutory Authority for Adoption: RCW 74.08.090 and 74.12.036.

Under RCW 34.05.350 the agency for good cause finds that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: As required by RCW 74.12.036, the department must amend WAC 388-215-1375 and 388-215-1390 to select a new state option in Washington's AFDC state plan to eliminate the one hundred hour rule for AFDC-E clients for up to an eighteen-month period. This state option avoids the need and expense of administering the federal waiver demonstration project for the elimination of the one hundred hour rule for AFDC-E recipients. Implementing this state option will be beneficial to clients by improving their chances for long-term self-sufficiency. Adoption of this rule will also maximize available federal funding for the AFDC-E program.

AMENDATORY SECTION (Amending Order 3732, filed 5/3/94, effective 6/3/94)

WAC 388-215-1375 Deprivation—Unemployment—Defined. The department shall consider the qualifying parent to be unemployed when the qualifying parent:

(1) Is employed less than one hundred hours a month; or

(2) Is employed one hundred hours or more for a particular month if:

(a) The qualifying parent was employed less than one hundred hours for each of the two previous months; and

(b) Is expected to be employed less than one hundred hours during the next month; or

(3) Is a recipient who works one hundred hours or more a month for up to eighteen consecutive months; or

(4) Participates in institutional and work experience training under the JOBS program and is not otherwise employed over one hundred hours.

AMENDATORY SECTION (Amending Order 3971, filed 4/26/96, effective 5/27/96)

WAC 388-215-1390 Deprivation—Redetermination of eligibility when deprivation ceases. When deprivation due to death, absence, incapacity, or unemployment ceases and the child remains in need, the department shall determine if another basis for deprivation exists.

(1) If it appears that another basis for deprivation may exist, but additional information or verification is needed to establish eligibility, the department shall:

(a) Request the necessary information or verification from the client following rules in chapter 388-212 WAC; and

(b) Continue assistance during the eligibility redetermination process.

~~(2) ((If deprivation ceases solely due to the qualifying parent working one hundred hours or more a month, the department shall extend AFDC-E eligibility for up to an additional six month period, if the child remains otherwise eligible.~~

~~(3))~~ If no other basis for deprivation exists, the department shall:

(a) Determine the child ineligible for AFDC according to WAC 388-245-1510; and

(b) Terminate assistance following rules in chapter 388-245 WAC.

EMERGENCY RULES
WASHINGTON STATE PATROL

[Filed September 12, 1996, 3:05 p.m.]

Date of Adoption: September 6, 1996.

Purpose: Clarify who may apply for a letter of appointment to provide towing service for the state patrol, and allow tow businesses more room for vehicle storage.

Citation of Existing Rules Affected by this Order: Amending WAC 204-91A-060(2) and 204-91A-140 (3)(b).

Statutory Authority for Adoption: RCW 46.37.005, 46.55.050, and 46.61.567.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Changes will ensure that only persons of good moral character may apply to provide towing service for the state patrol, thereby safeguarding the general public. The amendments will allow the towing industry to store more vehicles in their present impound yards and bring the rule into line with standard vehicle lengths.

 Chief

AMENDATORY SECTION (Amending WSR 94-18-083, filed 9/2/94, effective 10/3/94)

WAC 204-91A-060 Application for letter of appointment. (1) An application for a letter of appointment will not be considered or approved until the applicant is qualified as a licensed and registered tow truck operator with at least one approved "A" or "B" class tow truck. Additional trucks are optional.

Note: An exception may be made if an operator desires a letter of appointment for class "C" tows only. In such situations, only a class "C" truck is required.

Upon request, the section shall advise the applicant of the contents of the department's regulations and of the standards established for the issuance of a letter of appointment.

(2) An application for a letter of appointment to provide towing service for the patrol shall be filed by the applicant with the local state patrol district office on a form prescribed by the patrol. The state patrol may refuse to approve an application if the applicant, partner, or employee has been convicted of a felony during the ten years preceding the date of application or if convicted of a felony while operating the tow business. Each applicant, partner, or employee shall be of good moral character prior to approval being granted for the tow business to be appointed to the Washington state patrol rotational tow list. In the case of a partnership, each partner shall apply on the form prescribed. In the case of a corporation, the patrol may require that each of the present and any subsequent officers, managers, and stockholders holding ten percent or more of the total issued and outstanding stock of the applicant corporation complete an application form. A signed "letter of contractual agreement" listing the maximum tow rates to be charged for services resulting from state patrol originated calls will be attached to the application.

(3) The district commander or designee shall complete tow zone portion of the form. He/she will enter "approved" or "disapproved" and will sign the form next to the zone designation. The application and "letter of contractual agreement" will be forwarded to the section.

(4) The application form will be assigned a docket number, by the section, which shall be its permanent identification number for all matters relating to appointments, granted or denied, and any other correspondence with the section thereafter.

(5) The filing of an application for a letter of appointment does not in itself authorize the operator to provide towing services pursuant to this chapter until a letter of appointment has been issued by the section. However, nothing herein shall prohibit the patrol from calling the towing business upon the specific request of a person responsible for a vehicle or his agent.

AMENDATORY SECTION (Amending WSR 89-21-044, filed 10/13/89, effective 11/13/89)

WAC 204-91A-140 Fees. (1) All towing fees shall be based on a flat, hourly rate only and shall apply without regard for the hour of day, day of the week or whether the service was performed on a Saturday, Sunday, or holiday. The hourly rate for each class of truck shall be the only charge for services performed for initial tows and secondary tows performed during business hours. Charges for secondary tows performed during nonbusiness hours, on weekends or holidays, if different from the hourly rate, shall be negotiated and agreed upon with the vehicle owner/agent before the tow is made.

(2) The chief of the state patrol shall, prior to October 15 of each year, establish maximum hourly towing rates for each class of tow truck and maximum daily storage rates that tow operators may charge for services performed as a result of state patrol calls. The maximum rates shall be determined after consulting with members of the towing industry, review of current private towing rates, and such other economic factors as the chief may deem appropriate.

When signed by the chief (or his/her designee) and the tow operator, a contractual agreement to charge no more

than the maximum rates shall become part of the operator's letter of appointment. The tow operator may, however, adopt a rate schedule charging less than the maximum rates established by the chief.

The hourly rate shall:

(a) Be the only basis used to compute total charges for towing services.

(b) Apply when the call is made by the state patrol, for whatever reason, including but not limited to accidents, incidents, disableds, and impound requests.

(c) Include all ancillary activities such as, but not limited to, removal of glass and debris from the roadway and any other area referred to as the "scene or incident," necessary winching, dolly service, drive line removal, installing chains on the tow truck, installation of portable lights, vehicle hookup for towing or transporting, tire replacement (on vehicle to be towed) and standby time.

(d) Be considered to include one person (the driver) per truck. Any charges for additional labor and/or ancillary vehicles (trailers, pickups, etc.), for removing debris, cargo, etc., must have prior authorization from the legal or registered owner/agent, or a member of the patrol at the scene.

(e) Be computed from the actual time the truck departs in response to a call until it returns to the starting location or it begins responding to another call minus any down time.* The hourly rate shall be applied to the resulting net time and, after the first hour, shall be rounded to the nearest fifteen minutes. The operator may charge the hourly rate for the first hour or any portion thereof. After the first hour, no more than one-quarter of the hourly rate may be charged for each fifteen minutes of tow or service work performed.

*Down time includes coffee or meal breaks, personal errands by the operator, and/or any mechanical failure on the truck or equipment.

(3) The basic storage fee:

(a) Shall be calculated on a twenty-four-hour basis and shall be charged to the nearest half day from the time the vehicle arrived at the secure storage area; and

(b) Shall be the same for all three and four-wheel vehicles less than ~~((twenty-five))~~ twenty feet in length; and

(c) For vehicles or combinations exceeding ~~((twenty-five))~~ twenty feet shall be computed by multiplying each ~~((twenty-five))~~ twenty feet of vehicle length, or any portion thereof, by the basic storage fee;

(d) For two-wheel motorcycles shall be one-half the basic storage fee for three and four-wheel vehicles.

(4) After hours release fee. If an operator or employee is already present, for other reasons, at the storage facility after business hours when a customer arrives, the vehicle and/or property shall be released as if it were during business hours. No "after hours fee" may be assessed. If the operator or employee is called to the place of business specifically for the purpose of releasing the vehicle and/or property, an "after hours fee," equivalent to one-half of the maximum Class "A" hourly rate, may be assessed.

(5) Any tow operator who charges the general public (i.e., private citizens) rates lower than those identified in the contractual agreement for services listed below shall charge the same lower rate for similar services performed as a result of state patrol originated calls.

(a) Roadside mechanical service, including fuel transfer, tire and belt changes, etc.;

(b) Disabled vehicle tow/transportation;

(c) Storage;

(d) After hours release fees.

Any such price requirement shall not be imposed for unoccupied vehicle situations in which the owner/operator has had no prior contact with either the state patrol or the tow operator.

WAC 220-56-24000D Sturgeon—Seasons and areas. Notwithstanding the provisions of WAC 220-56-240, effective immediately until further notice the following rules apply to sturgeon in the following listed areas of the Columbia River:

(1) Catch and release only in:

Evan Jacoby
for Bern Shanks
Director

(a) Columbia River and tributary waters upstream from the upstream line at Bonneville Dam to a line across the river from the red and white marker on the Oregon shore to the downstream end of the wingwall of the boat lock near the Washington shore.

(b) Columbia River and tributary waters upstream from Priest Rapids Dam; and

(c) Snake River and tributary waters upstream from Lower Granite Dam.

(2) Limit 1 fish not less than 48 inches in length and not more than 66 inches in length in the Columbia River and tributaries upstream from McNary Dam to Priest Rapids Dam, and in the Snake River and tributaries upstream from the confluence of the Columbia and Snake Rivers to a point 400 feet below Granite Dam.

(3) All other provisions of WAC 220-56-240, 220-56-290, and 220-56-295 remain in effect, as do closures below dams.

Area from town of Deep River downstream to Highway 4 Bridge open only to Washington license holders.

2B Season: 7:00 p.m. Mondays to 7:00 a.m. Tuesdays;
 7:00 p.m. Thursdays to 7:00 a.m. Fridays of each week beginning October 3 through October 29, 1996

For all areas and seasons of the Deep River Terminal Fishery:

Gear: Nets restricted to 50 fathoms in length.
 No weight restriction on lead line.
 No mesh restrictions.

Allowable Sale: Salmon

Additional Rule: For all areas listed above it is unlawful to transport fish outside of the fishing area when the adjacent mainstem Columbia River is closed unless by licensed buyer, or if the catch has been "sampled" by a representative of the Washington Department of Fish and Wildlife. "Sampled" means the catch was examined and a permit was issued.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

REPEALER

The following section of the Washington Administrative Code is repealed effective 7:01 a.m. October 31, 1996:

WAC 220-33-01000H Columbia River gillnet seasons below Bonneville.

Date of Adoption: September 13, 1996.
Purpose: Amend personal use rules.
Citation of Existing Rules Affected by this Order: Amending WAC 220-57-235, 220-57-250, 220-57-310, 220-57-495, and 232-28-619.

Statutory Authority for Adoption: RCW 75.08.080, 77.12.040.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Harvestable numbers of chinook salmon and steelhead will return to Columbia River tributaries, due to reduced Canadian fisheries impacts. There is insufficient time to promulgate permanent rules to provide recreational opportunity.

[Order 96-155—Filed September 13, 1996, 4:08 p.m., effective September 15, 1996, 12:01 a.m.]

Date of Adoption: September 13, 1996.

Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order:

Repealing WAC 220-47-701.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Opening in Area 7B provides opportunity to harvest the non-Indian allocation of coho salmon destined for the Nooksack-Samish region of origin per preseason schedule. Gillnet mesh restriction and purse seine release requirement, and in-season area restriction are necessary to reduce chinook impacts relative to nontreaty allocation requirements at the preseason run size forecast. Openings in Area 9A provides opportunity to harvest the nontreaty allocation of Hood Canal hatchery-origin coho salmon according to the preseason schedule. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks.

WAC 220-32-05100V Columbia River salmon seasons above Bonneville. (1) Notwithstanding the provisions of WAC 220-32-051, WAC 220-32-052, WAC 220-32-053, WAC 220-32-056, WAC 220-32-057, and WAC 220-32-058, effective immediately it is unlawful for a person to take or possess salmon, shad or sturgeon for commercial purposes from Columbia River Salmon Management and Catch Reporting Areas (SMCRA) 1F, 1G or 1H, except those individuals possessing treaty fishing rights under the Yakama, Warm springs, Umatilla or Nez Perce treaties may fish or possess salmon, sturgeon and shad under the following provisions:

(a) Open for salmon and shad: 6:00 a.m. Monday September 16 to 6:00 p.m. Saturday, September 21, 1996.

(b) Sturgeon - It shall be lawful to retain sturgeon for subsistence purposes only. It shall be unlawful to retain sturgeon less than 36" or greater than 72" in length. All sales of sturgeon are prohibited.

(c) Open Area: SMCRA 1F, 1G and 1H.

(d) Mesh: No mesh restriction

(2) Notwithstanding the provisions of WAC 220-32-058, closed areas at the mouth of:

(a) Hood River is those waters along the Oregon side of the Columbia River and extends to mid-stream at right angles to the thread of the Columbia River between markers located approximately 0.85 miles downriver from the west bank at the end of the breakwall at the west end of the port of Hood River and 1/2 mile upriver from the east bank.

(b) Herman Creek is those waters upstream from a line between deadline markers near the mouth. One marker is located on the east bank piling and the other is located on the west bank to the north of the boat ramp.

(c) Deschutes River is those waters of the Columbia River extending to midstream at right angles to the thread of the Columbia River between point one-half mile upstream from the eastern shoreline to one mile downstream from the western shoreline.

(d) Umatilla River is those waters of the Columbia River extending to midstream at right angles to the thread of the Columbia River between points one-half mile upstream from the eastern shoreline to one mile downstream from the western shoreline.

(e) Big White Salmon River is those waters of the Columbia River extending to midstream at right angles to the thread of the Columbia River between a marker located one-half mile downstream from the west bank upstream to light "35".

(f) Wind River is those waters of the Columbia River extending to midstream at right angles to the thread of the Columbia River between markers located 1 1/4 miles downstream from the west bank and 1/2 mile upstream from the east bank.

(g) Klickitat River is those waters of the Columbia River extending to midstream at right angles to the thread of the Columbia River between the downstream margin of Lyle Landing downstream to a marker located near the railroad tunnel approximately 1/8 miles downstream from the west bank.

(h) Little White Salmon River is those waters of the Columbia River extending to midstream at right angles to the

thread of the Columbia river between Light "27" upstream to a marker located approximately one-half mile upstream from the eastern shoreline.

(I) Spring Creek is those waters of the Columbia River extending to midstream at right angles to the thread of the Columbia River between points one-half mile upstream from the eastern shoreline to one and one-half miles downstream from the western shoreline of the mouth of Spring Creek.

(3) Notwithstanding the provisions of WAC 220-22-010, during the open periods in subsection (1):

(a) Area 1F (Bonneville Pool) includes those waters of the Columbia River upstream from the Bridge of Gods, and downstream from the west end of the 3 mile rapids located approximately 1.8 miles below the Dalles Dam.

(b) Area 1G includes those waters of the Columbia River upstream from a line drawn between deadline marker on the Oregon shore located approximately 3/4 mile above the Dalles Dam fishway exit, thence at a right angle to the thread of the river to a point in midriver, then downstream to Light "1" on the Washington shore, and downstream from Preacher's Eddy light below John Day Dam.

(c) Area 1H includes those waters of the Columbia River upstream from a fishing boundary marker approximately one-half mile above the John Day River, Oregon, extending at a right angle across the thread of the river to a point in midriver, then downstream to a fishing boundary marker on the Washington shore approximately opposite the mouth of the John Day River, and downstream from a line at a right angle across the thread of the river one mile downstream from McNary Dam.

EASTERN WASHINGTON UNIVERSITY

[Filed September 18, 1996, 10:37 a.m.]

Date of Adoption: July 26, 1996.

Purpose: To implement rule changes which amend the sections of the Student Conduct Code for the purpose of clarifying or describing new expectations and processes regarding the relationship between civil and criminal laws and university disciplinary proceedings; activities which violate the university's expectations of conduct, including new sections on sexual misconduct and harassment, hazing, and abuse of computing facilities. Also, to amend potential sanctions and the disciplinary proceedings used in enforcing appropriate student conduct. Student rights under the code are also amended and the section on academic misconduct repealed.

Citation of Existing Rules Affected by this Order: Repealing WAC 172-120-150; and amending WAC 172-120-020, 172-120-030, 172-120-040, 172-120-050, 172-120-060, 172-120-070, 172-120-080, 172-120-090, 172-120-100, 172-120-110, 172-120-120, 172-120-130, and 172-120-140.

Statutory Authority for Adoption: RCW 28B.35.120.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Amendments have been made to preserve the safety of students, and to permit appropriate

EMERGENCY

disciplinary action by the university when violations occur. Emergency adoption permits the changes to apply to incoming fall, 1996, students as amendments are prepared for public comment and permanent adoption.

NEW SECTION

WAC 172-120-015 Definitions. For purposes of the student conduct code, chapter 172-120 WAC, the definitions of this section apply throughout the chapter.

(1) "Student" includes all persons taking courses at the university, both full and part time. Nonmatriculated, international students attending language institutes or foreign study programs at the university are also considered students under the terms of this code.

(2) "University" refers to the facilities, property, programs, activities and members of the Eastern Washington University community.

AMENDATORY SECTION (Amending Order 1-22-81, filed 2/25/81)

WAC 172-120-020 Interest of the university relevant to a student code. The university is a special-purpose, as opposed to general-purpose community, and as such must devise procedures and regulations to control disruptive elements which would deter the university from furthering its mission—providing learning experiences for its students, transmitting and advancing knowledge and providing services to the greater community. Special university interests provide a foundation for building a code of conduct.

(1) The university has a primary concern with matters which impinge (~~upon~~) on academic achievement and integrity.

(2) The university has a concern with conduct which breaches the peace, causes disorder(~~ing~~) and substantially interferes with the rights of others.

(3) The university has an interest in behavior which threatens or actions which imperil the physical and mental health and safety of members of the university community.

(4) The university has an obligation to protect its property and the property of members of its community from theft, damage, destruction(~~ing~~) or misuse.

(5) The university has a commitment to meet its contractual agreements.

(6) The university has an obligation to support and be guided by laws of the land.

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-030 (~~(The problems of dual membership.)~~) **Relationship between civil and criminal laws and university disciplinary proceedings.** (~~(Activities of students may upon occasion result in violation of law. Students who violate the law may incur penalties prescribed by civil authorities, but institutional authority should never be used merely to duplicate the function of general laws. Only where the institution's interests as an academic community are distinct and clearly involved should the special authority of the institution be asserted. Students who incidentally violate institutional regulations in the course of their off-campus activity, such as those relating to class attendance, should be subject to no greater penalty than would normally be imposed. Institutional action should be independent of community pressure.)~~) **Many offenses actionable under this code are also violations of federal, state or local laws. A student may face criminal and civil prosecution as well as university disciplinary action for violation of these laws. The university reserves the right to initiate action for offenses that have an impact on the educational or administrative functions or the general well-being of the university. Proceedings under this code may be carried out prior to, simultaneously with, or following civil or criminal proceedings in the courts. University proceedings are not subject to challenge or dismissal referencing, as a basis, that criminal charges involving the same incident have been dismissed or reduced.**

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-040 Conduct code. The following are defined as offenses which are subject to disciplinary action by the university. The university has the authority to promulgate additional or more specific rules supplementary to the offenses listed in this section (~~(provided they are consistent with the student bill of rights in effect at the time and public notification has been given)~~).

(1) **Dishonesty and misrepresentation.** All forms of academic dishonesty (including but not limited to cheating(~~ing~~) and plagiarism), knowingly furnishing false information to the university, forgery, alteration or misuse of university documents, records or instruments of identification (~~(with intent to defraud)~~).

(2) **Disruptive conduct.** Conduct which intentionally disrupts or obstructs teaching, research, administration, disciplinary proceedings, freedom of movement or other lawful activities on the university campus.

(3) **Physical abuse and threat of physical abuse.** Detention (~~(or)~~), physical abuse, threats, intimidation or coercion of any person, or conduct which is intended to threaten imminent bodily harm or endanger the health or safety of any person on any property owned or controlled by the university, or at any university-sponsored or supervised functions.

(4) Sexual misconduct. Sexual misconduct includes, but is not limited to:

(a) Unwanted verbal (including telephone), written (including electronic media), pictorial or physical conduct of a sexual nature which a reasonable person would consider to be harassing, intimidating, hostile, offensive and/or which adversely affects the learning or living environment of the campus;

(b) Unwanted, forceful, sexual contact. The use of force may include, but is not limited to use of body weight, pushing or hitting, coercion or threats;

(c) The use of force (body weight, hitting or pushing, use of a weapon, threats to kidnap or kill, for example) to overcome earnest resistance to engaging in sexual intercourse. Earnest resistance may be verbal, physical or both;

(d) Sexual intercourse, when the victim is incapable of consent by reason of mental incapacity, drug/alcohol intoxication or physical helplessness, and force is not used.

(5) Harassment. Harassment of any sort is prohibited. Any malicious act which causes harm to any person's physical or mental well-being is prohibited. Harassment is defined as conduct which has the purpose or effect or unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile or offensive environment.

(6) Property violations. Theft from, or malicious damage to, or malicious misuse of university property or the property of any person, when such property is located on the university campus.

~~((5))~~ (7) Failure to comply with a proper order.

(a) Failure to comply with lawful and/or reasonable directions of university officials or law enforcement officers acting in performance of their duties on campus or affecting conduct on campus.

~~((6))~~ Being an accessory to any person on the university campus who is or who is not a member of the associated students of Eastern Washington University who violates this code.

~~(7))~~ (b) Failure to identify oneself to university officials in their course of duty, refusal or failure to appear before university officials or disciplinary bodies when directed to do so or the violation of sanctions imposed after such proceedings.

(8) Alcohol and substance violations.

(a) Use, possession, distribution, or sale of alcoholic beverages except as permitted by university policy and state law.

(b) Use, possession, distribution, or sale of any controlled substance or illegal drug on university premises or in university-controlled facilities.

~~((8))~~ (9) Possession of weapons. No individual shall have on his/her person, in his/her vehicle(~~(7))~~) or otherwise in his/her possession any gun, pistol, or firearm or explosives, dangerous chemicals or other dangerous weapons or instruments on the university campus or other university property except as follows:

(a) Authorized law enforcement officers (~~((shall be))~~) are permitted to carry arms while on duty and engaged in their regular duties.

(b) Activities requiring use of the prohibited items may be conducted (~~((upon))~~) on approval of the activity by the board of trustees.

(c) Persons (~~((shall be))~~) are permitted to have firearms in their possession directly (~~((enroute))~~) en route to or from campus firearm storage facilities where such possession is incidental to approved on or off campus possession or use of such firearms.

~~((9))~~ (10) Violation of local, county, state or federal law. Violation of a local, county, state, or federal law, whether it be on-campus or off-campus, only when a definite university interest is involved and where the student misconduct distinctly and adversely affects the university's pursuit of its educational mission.

~~((10))~~ (11) Incitement. Intentionally inciting others to engage in any of the conduct prohibited in this code, which incitement leads directly to such conduct.

~~((11))~~ (12) Assisting conduct violations. Being an accessory to any person on the university campus who is or who is not a member of the associated students of Eastern Washington University who violates this code. The unauthorized entry into or onto, or the unauthorized remaining in, or upon, any public or university facilities.

~~((12))~~ (13) Attempted violations. All attempts to perform acts of misconduct prohibited by this section (~~((shall))~~) are also (~~((be))~~) subject to disciplinary action.

(14) Trespass. The unauthorized entry into or onto, or the unauthorized remaining in or on any public or university facilities.

(15) Disorderly conduct. Disorderly or obscene conduct on university property or at university-sponsored events.

(16) Violation of university policies. Violation of the university general conduct code, chapter 172-122 WAC.

(17) Abuse of computing facilities. Theft or other abuse of computer facilities, access or time as defined in university computing guidelines and policies.

(18) Unauthorized representation. The unauthorized use of the name of the university or the names of members or organizations in the university community.

(19) Obstruction. Obstruction of the free flow of pedestrian or vehicular traffic on university premises or at university-sponsored or university-supervised events.

(20) Demonstration. Participation in a campus demonstration which violates the university regulations governing campus assembly and peaceful demonstration.

(21) Hazing. Any action required of or imposed on current or potential members of an organization or group which, regardless of location of the incident or consent of the participant(s):

(a) Produces or is reasonably likely to produce bodily harm or danger, mental or physical discomfort, embarrassment, harassment, fright, humiliation or ridicule; or

(b) Compels an individual to participate in any activity which is illegal, perverse or publicly indecent or contrary to university rules, regulations or policies, or which is known by the compelling person(s) to be contrary to the individual's moral or religious beliefs.

(22) Group offenses. Clubs, organizations, societies or similarly organized groups in or recognized by the university and/or ASEWU are subject to the same standards as are individuals in the university community. The commission of any of the offenses in subsections (1) through (22) of this section by such groups or the knowing failure of any organized group to exercise preventive measures relative to

violations of the code by their members shall constitute a group offense.

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-050 Sanctions. ((If any person is found guilty, one or more of the sanctions available shall be:)) If any student or student organization is found to have violated any of the offenses enumerated at WAC 172-120-040, one or more of the following sanctions may be imposed against the student or student organization.

(1) Minor disciplinary sanction:

(a) Admonition: An oral statement to a student that he/she is violating ~~((or has violated institution))~~ university rules and regulations.

(b) Warning: Notice, orally or in writing, that continuation or repetition of conduct found wrongful, within a specified period of time stated in the warning, may cause ~~((far))~~ more severe disciplinary action.

(c) Censure: A written reprimand for violation of specified regulations, including notice of the possibility of more severe disciplinary sanctions in the event of the finding of a violation of any regulation within a stated period of time.

(d) Disciplinary probation: Formal action placing condition ~~((upon))~~ on the student's continued attendance for violation of specified regulations. The disciplinary probation shall specify, in writing, the period of probation and the conditions~~((s))~~ which may include conditions such as limiting the student's participation in university-related ~~((privileged))~~ privileges or extra-curricular activities or enforcing a "no contact" order which would prohibit direct or indirect physical and/or verbal contact with specific individuals or groups. Disciplinary probation further shall give the student notice that any further misconduct will automatically raise the question of suspension from the university. Disciplinary probation shall be for a specified period of time.

(e) Restitution: Reimbursement for damage or destruction to the property of the university or others for loss of property as a result of theft or negligence, or for medical expenses from violations of this code. This may take the form of appropriate service or other compensation. Failure to make arrangements to pay will result in cancellation of the student's registration and will prevent the student from ~~((re-registration))~~ future registration until the conditions of sanction are satisfied.

(f) Fines: The disciplinary officer and the university disciplinary committee may assess monetary fines up to a maximum of two hundred dollars against individual students for violation of university rules or regulations or for failure to meet the university's standards of conduct. Failure to pay promptly such fines ~~((promptly))~~ will prevent the student from ~~((re-registration))~~ future registration. Failure to pay may result in additional sanctions. Appeal through chapter 172-124 WAC is solely to dispute the existence of the alleged debt and not to rehear the matter which resulted in the sanction of the fine itself.

(g) Loss of privileges: Denial of specified privileges for a designated period of time.

(h) Discretionary sanctions: Work assignments, service to the university community or other related discretionary

assignments for a specified period of time as directed to the disciplinary officer or judicial body.

(i) Loss of financial aid: In accordance with RCW 28B.30.125, a person who participates in the hazing of another forfeits entitlement to state-funded grants, scholarships or awards for a specified period of time.

(j) Assessment: Referral for drug/alcohol or psychological assessment may be required. Results of the assessment may lead to the determination that conditions of treatment and further assessment apply to either continued attendance or return after a period of suspension.

(2) Major disciplinary sanction:

(a) Suspension: Exclusion from classes and other privileges or activities as set forth in a written notice for a specified period of time. Conditions of readmission shall be stated in the order of suspension.

(b) Dismissal: Permanent separation of the student from the university with no promise (implied or otherwise) that the student may return at any future time. The student will also be barred from university premises.

(3) Loss of institutional, financial aid funds. Formal withholding of all or a part of institutional funds currently being received by the student or promised for future disbursement to the student for a specified period of time.

(4) Group sanctions:

(a) Probation: Formal action placing conditions on the group's continued recognition by or permission to function at the university. The probationary conditions will apply for a specified period of time. Violation of the conditions of probation or additional violations while under probation may result in more severe sanctions.

(b) Social probation: Prohibition of the group from sponsoring any organized social activity, party or function, or from obtaining a permission for the use of alcoholic beverages at social functions for a specified period of time.

(c) Charter restriction: The temporary withdrawal of university or ASEWU recognition for a group, club, society or other organization. It may be recommended by the appropriate judicial body, but may only be imposed by the president of the university or the president's designee.

(d) Charter revocation: The permanent withdrawal of university or ASEWU recognition for a group, club, society or other organization. It may be recommended by the appropriate judicial body, but can only be imposed by the president of the university or the president's designee.

(e) Additional sanctions: In addition to or separately from the above, any one or a combination of the following may be concurrently imposed on the group:

(i) Exclusion from intramural competition as a group;

(ii) Denial of use of university facilities for meetings, events, etc.;

(iii) Restitution; and/or

(iv) Fines.

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-060 Discipline functionaries. (1) University disciplinary officer:

The university president shall designate a person to be the university disciplinary officer who shall review and decide questions of university interest. The university

disciplinary officer may investigate and make decisions in some instances of code violation.

(2) University disciplinary committee:

A university disciplinary committee composed equally of student and faculty representatives will provide a hearing and will make decisions on all disciplinary cases referred or appealed to it. The members of the committee and their terms of office shall be:

(a) ~~((Five))~~ Six members of the faculty and/or administration appointed by the president of the university for three-year terms.

(b) ~~((Five))~~ Six students who shall be appointed by the president of the associated students of Eastern Washington University, with the advice and consent of the associated students legislature, as provided for in the constitution of the associated students of Eastern Washington University for one-year terms. No student shall be eligible for appointment who holds any position with any of the associated student courts, serves as an attorney general or assistant attorney general in any of the student courts, or is in any way affiliated with any judicial, quasi-judicial, or advocacy position with the courts of the associated students of Eastern Washington University.

(c) A nonvoting chair shall be elected for a one year term by the committee from outside the committee. Reelection of the chair is permissible.

(d) Six voting members constitute a quorum.

(e) In the event the chair is not in attendance, the quorum shall select a voting member to preside at the hearing.

(f) Members of the disciplinary committee shall not participate in any case in which they are a defendant, complainant(±) or witness, in which they have a direct or personal interest or bias, or in which they have acted previously in an advisory or adjudicatory capacity. A committee member's eligibility to participate in a case may be challenged by parties to the case or by other committee members, but decisions in this regard shall be made by the committee as a whole.

(g) In the event members of the disciplinary committee are disqualified or disqualify themselves from hearing a case, a temporary (for that case only) replacement shall be appointed. If the member is a student, the temporary appointment will be made by the associated students of Eastern Washington University president. If the member is a faculty member or administrator, the temporary appointment will be made by the university president.

(3) Student courts:

Student courts, the associated students superior court and those established by the associated students legislature as lesser courts to the associated students superior court, may act on such internal disciplinary problems as they feel competent to deal with effectively. If the student court is inoperative, or if it decides to do so, the student court may refer cases involving alleged violations of rules ~~((upon))~~ on which that court may extend jurisdiction to the university disciplinary officer or the university disciplinary committee.

AMENDATORY SECTION (Amending Order 1-22-81, filed 2/25/81)

WAC 172-120-070 Initiation of disciplinary procedures. The object of this code is to provide fair and reasonable procedures with which to deal with problems of student conduct. ~~((The student charged with misconduct shall be entitled to due process as defined in Article II, section 10, of the associated students of Eastern Washington University constitution and WAC 172-120-140.~~

~~A person wishing to charge a student with a violation of the conduct code may:~~

~~(a) Make the charge in a student court if that system has jurisdiction; or~~

~~(b) Prefer charges with the university disciplinary officer. Nothing in this code shall prohibit or limit the right of persons to go directly to the civil authorities and prefer charges in instances of alleged violations of local, county, state, or federal law.~~

~~The university disciplinary committee shall have appellate jurisdiction in those situations where the student has appealed from the imposition of a disciplinary action by the university disciplinary officer or by a student court.)~~

(1) Any student, faculty member, staff member or the university may file a complaint against a student or student organization for any violation of the student conduct code.

(2) A person wishing to charge a student with a violation of the conduct code may:

(a) File a written charge with a student court when that system has jurisdiction; or

(b) File a written charge with the office of the dean of students or other designated officer.

(3) In instances of alleged violations of local, county, state or federal law, nothing in this conduct code will prohibit or limit the right of persons to go directly to the civil and/or criminal authorities and file charges.

(4) University disciplinary proceedings may be instituted against a student charged with the violation of a local, county, state, or federal law which is also a violation of this conduct code; for example, if both violations result from the same, factual situation, without regard to the possibility of civil litigation or criminal prosecution. Proceedings under this conduct code may be carried out prior to, simultaneously with or following criminal proceedings off campus.

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-080 Authority of university disciplinary officer. When the university disciplinary officer receives a complaint against a student or student organization for a violation of the code, the disciplinary officer will review the complaint to determine if there is sufficient evidence to hear the matter and explain to the complainant his/her rights under the student conduct code and possible avenues of action which the complainant has against the student or student organization, including reference to remedies under civil law as well as possible remedies under the student code. If the university disciplinary officer decides to initiate a disciplinary proceeding against the accused student or student organization, the disciplinary officer will then ~~((call))~~ notify the accused student (charged) or student organization for an initial conference.

~~((At this time))~~ This notification includes a written list of charges. During the initial conference, the university disciplinary officer will ~~((provide the accused student with a))~~ review with the accused student the written list of ~~((the))~~ charges, provide the student with a copy of the student conduct code and any other relevant university policies and ~~((will))~~ explain the student's rights under the student code and what possible ramifications may occur under civil law, if any. The disciplinary officer will further explain the disciplinary procedures, the individual's or organization's rights and responsibilities in the disciplinary process, and possible penalties under the student code and advise that the student ~~((that he/she))~~ must, within twenty-four hours after receipt of this explanation, decide ~~((whether he/she wishes))~~ to have ~~((his/her))~~ the case heard by the university disciplinary officer, or by the university disciplinary committee, and sign a statement declaring the same. The committee must receive at least seventy-two hours notice as to the time and place of the hearing. The student may, at this time, waive his/her right to prior notice about a disciplinary hearing and request that the case be heard immediately following the initial conference.

(1) If the student accused of violating the student conduct code chooses a hearing before the university disciplinary officer, that officer, after considering the evidence against a student so charged, ~~((the university disciplinary officer))~~ may take any of the following actions:

~~((1))~~ (a) Terminate the complaint, exonerating the student.

~~((2))~~ (b) Dismiss the charge after whatever counseling and advice is deemed appropriate.

~~((3))~~ (c) Refer the student to the mental health review board when it is reasonably determined from the available evidence that such referral is appropriate.

~~((4))~~ (d) Impose any number of sanctions from WAC 172-120-050(1) (minor disciplinary sanction).

~~((5))~~ (e) Refer the case to the university disciplinary committee in the event the university disciplinary officer deems major disciplinary sanction may be warranted or if the student requests that his/her case be heard by the committee.

(2) If the student requests that the case be heard by the university disciplinary committee rather than the university disciplinary officer, the committee may take any of the sanctions listed in subsections (1), (2), (3) and (4) of this section, except that the committee may impose a major disciplinary sanction as defined in WAC 172-120-050(2).

(3) If a student accused of violating the conduct code has withdrawn or withdraws from the university after the filing of any charge against him/her, either:

(a) A registration hold will be placed on the student's academic record and the student will be notified that disciplinary action may be initiated on the student's reentry or application for readmission; or

(b) The university may proceed with the disciplinary action or disciplinary committee hearing.

(4) The disciplinary officer has the right to place a hold on a student's transcript or registration pending the student's satisfaction of a disciplinary sanction imposed for violation of this code.

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-090 Consolidation of cases permissible. In the event that one or more students are charged with the same misconduct arising from the same occurrence, the disciplinary committee or university disciplinary officer shall be authorized to consolidate the hearings as practical ~~((; however)),~~ as long as consolidation does not prejudice the rights of any students.

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-100 Hearings procedure. Hearings shall be conducted in a manner which is informal and, at the same time, assures fundamental fairness of procedure.

(1) Hearings before the university disciplinary officer or the university disciplinary committee ~~((will generally be open))~~ shall be closed hearings ~~((; but upon request by either the complaining witness or the student charged, the hearing shall be closed)).~~ Admission of any person to the hearing shall be at the discretion of the judicial body or officer. In hearings involving more than one accused student, the chairperson of the judicial body or the disciplinary officer, at his/her discretion may permit the hearings concerning each student to be conducted separately.

~~((a) In all cases in which an open hearing occurs, the chair of the committee shall have the discretion to reasonably limit the amount of attendees at such hearing. If at any time during the conduct of a hearing, invited guests or attendees are disruptive of the proceedings, the chair of the committee may exclude such persons from the hearing room. In those cases in which the chair decides that because of disruption the hearing cannot be conducted fairly in an open session, the chair may direct that the hearing be recessed and that the remainder be conducted in closed session.~~

~~((b) Any students attending a disciplinary committee hearing as an invited guest or as attendee who continues to disrupt the proceedings after the chair of the committee has asked them to cease and desist thereof, shall be subject to disciplinary action.))~~

(2) A written record or a tape recording of the testimony before the university disciplinary committee shall be kept. It may be reviewed by the student at any reasonable time prior to the final disposition of the case. ((A record of)) Records from all proceedings will be kept and filed with the university disciplinary officer for a period of seven years. These disciplinary proceedings and records shall be the property of the university and are confidential.

~~((3) Students may have an adviser of his/her choice to present or assist in the presentation of his/her case, subject to the limitations of (b) of this subsection. Students must render three days' notice prior to the hearing of the prospective representation if he/she intends to be represented by a duly licensed attorney. In the event the student chooses a duly licensed attorney to represent him/her in proceedings before the disciplinary committee, an assistant attorney general for the state of Washington shall represent the university therein.~~

~~((a) In those instances in which both sides are represented by a duly licensed attorney, the assistant attorney general of the state of Washington representing the university shall~~

~~present the case against the student to the disciplinary committee or the university disciplinary officer for appropriate findings and action.~~

~~(b) In the instance where duly licensed attorneys are not representing either the university or the accused student, the university shall be represented by the university disciplinary officer, or his/her designee; however, the representative of the university shall be acceptable to the complaining witness or witnesses; however, no one may represent the university or the student charged unless he/she is a member of the student body, faculty, classified staff, or administrative staff of Eastern Washington University.~~

~~(4)) (a) Disciplinary records will be made available to hearing boards and university personnel as needed for valid educational purposes.~~

~~(b) Any student may review his/her own disciplinary records by contacting the dean of students' office.~~

~~(c) Except as outlined in these procedures, the university will not communicate a student's disciplinary record to any person or agency outside the university without the prior, written consent of the student, except as required by law. If the student is a minor, the student's parents or legal guardians may review these records.~~

~~(3) The complainant and the accused have the right to be assisted by any (one) advisor they choose, at their own expense. The advisor may be an attorney. The complainant and/or the accused is responsible for presenting his or her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before the university disciplinary officer or the university disciplinary committee. If the student utilizes an attorney as an advisor, the student must give to the university disciplinary officer or committee two days' notice of intent to do so. If the student elects to be advised by an attorney, the university disciplinary officer or committee may elect to have the university advised by an assistant attorney general.~~

~~(4) The following guidelines apply only to hearings before the university disciplinary committee:~~

~~(a) The complainant, the accused and the disciplinary committee shall have the privilege of presenting witnesses, subject to the right of cross-examination by the disciplinary committee. The complainant and the accused may submit questions to be asked of all witnesses to the disciplinary committee;~~

~~(b) Any person, including the accused student or any member of the accused organization, who disrupts a hearing may be excluded from the proceedings;~~

~~(c) Pertinent records, exhibits and written statements may be accepted as evidence for consideration by the disciplinary committee at the discretion of the chairperson.~~

~~(5) The disciplinary officer or presiding chairperson of the disciplinary committee will exercise control over the hearing. All procedural questions are subject to the final decision of the disciplinary officer or the chairperson of the disciplinary committee.~~

~~(6) Only those matters presented at the hearing in the presence of the accused student, except where the student fails to attend after receipt of proper notice that a hearing regarding the university's allegation that he/she violated the student code is being held at a certain time and place, will be considered in determining whether the ((university disciplinary committee)) judicial body hearing the case has~~

sufficient cause to believe that the accused student is guilty of violating any of the written list of charges presented him/her pursuant to WAC 172-120-080. However, the complete record of the student's or student organization's prior conduct and academic performance may be taken into account by the disciplinary officer or disciplinary committee in imposing any sanction(s).

(a) In determining whether sufficient cause, as stated in the foregoing paragraph, ~~((does))~~ exists, the university disciplinary officer or in the instance of a hearing, the university disciplinary committee, shall decide whether a preponderance of the evidence indicates that the student charged ~~((did violate))~~ violated the student code by engaging in the conduct for which he/she was charged pursuant to WAC 172-120-080.

(b) For the purposes of this code, the phrase, "preponderance of the evidence," ~~((shall))~~ means that it is more likely that the student charged ~~((did violate))~~ violated the student code by engaging in the conduct for which he/she is charged than that he/she did not.

(c) The chair of the university disciplinary committee ~~((shall, in the course of presiding at the disciplinary hearing, give effect to the rules of privilege recognized by law))~~ is not bound by the rules of evidence observed by courts and may exclude incompetent, irrelevant, immaterial~~((;))~~ and unduly repetitious evidence.

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-110 ((Disciplinary committee—))
Deliberations and sanctions. (1) ~~((The university disciplinary committee))~~ After the hearing, the judicial body having heard the matter will meet in closed session and decide by majority vote whether the preponderance of the evidence indicates that the student ~~((has or has not))~~ violated the ~~((rules he/she is charged with having violated))~~ conduct code. If the decision is that the student ~~((did engage))~~ engaged in an act of misconduct in violation of the rules with which he/she is charged with having violated, the committee will by majority vote determine what sanction from WAC 172-120-050 shall be imposed. If the university disciplinary committee was the body which heard the matter, it will deliberate in the manner described above, but will determine what sanctions it will recommend that the president impose ~~((upon))~~ on the student. This recommendation to the president must be ~~((accomplished))~~ made within five working days of the time when the ~~((proceedings are))~~ hearing is terminated.

(2) In the course of ~~((the committee's decision as to))~~ determining what sanctions ~~((it))~~ shall ~~((recommend))~~ be imposed ~~((by the president, it))~~ or recommended, the judicial body hearing the matter may consider any evidence of past misconduct that the chair of the committee deems relevant; such evidence may be presented by the university disciplinary officer or his/her designee.

(3) No ~~((recommendation for the imposition of))~~ sanction(s) may be imposed based solely ~~((upon))~~ on the failure of the accused student to answer the charges or appear at the hearing~~((, but))~~. The decision must be based ~~((upon))~~ on the evidence ~~((considered prior to the committee's decision or on))~~ presented at the hearing to

include the evidence of past misconduct deemed relevant ((by the chair of the university disciplinary committee)).

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-120 Appeals. (1) ((Any student feeling aggrieved by the imposition of minor disciplinary sanctions by the university disciplinary officer or by a student court shall have a right of appeal to the disciplinary committee, provided a written notice of appeal is received by the committee within five days after notice of disciplinary action is given-)) If the accused student or student organization feels aggrieved by the imposition of disciplinary sanctions by the disciplinary officer or by a judicial body other than the university disciplinary committee, that student or student organization shall have a right to appeal the decision to the university disciplinary committee. The appeal must be in writing and received by the committee within five days after imposition of the sanction. Appeals to the university disciplinary committee shall be filed with the dean of students or other designated office. The written notice of appeal shall set forth:

- (a) The student's name;
- (b) The nature of the disciplinary action imposed; and
- (c) The reasons why the ((recommendation regarding disciplinary action should be reversed, set aside or modified. The)) student or student organization feels that the imposition of that sanction is unjust and what remedy the student or student organization is seeking. Before making a decision, the university disciplinary committee may request a written report of the case from the ((disciplinary officer or student court before making its decision)) judicial body which heard the case. The committee shall also have the right to request additional written information or explanation from any of the parties to the proceeding before rendering its decision. In making its decision, the committee shall only consider the written record before it, the student's notice of appeal((- the written report of the disciplinary officer or student court)) and such other information and explanation it has requested from the parties to the proceeding. ((There shall be no further appeal from any action of the disciplinary officer-)) The committee may consider the complete record of the student's or student organization's prior conduct and academic performance in imposing any sanctions. The committee is empowered to affirm, reverse, remand, or modify (only to a less severe sanction) ((the recommendation regarding disciplinary action of the university disciplinary officer or a student court)). The university disciplinary committee's hearing of a matter on appeal is the final level of appeal on the matter.

(2) Appeals to the president:
 (((a) Any student aggrieved by the disciplinary committee's recommendation as to what disciplinary action the president should take (as distinguished from appellate consideration by the committee), shall have)) When the university disciplinary committee is the judicial body to first hear a case, the aggrieved student or student organization has a right of appeal to the president, or the president's designee((- within five days after notice of the recommendation of disciplinary action is given)) by following the steps listed in subsection (1) of this section for filing an appeal.

The president or the president's designee may request a written report of the case from the university disciplinary committee before making a decision. The president or the president's designee may also request additional information from any of the parties to the proceedings before rendering a decision. In making a decision, the president of the university or the president's designee shall only consider the written record and such other information requested from the parties to the proceeding.

((b) If a complaining witness feels aggrieved by the decision of the university disciplinary officer or by the university disciplinary committee's recommendation to the president, he/she may petition the president to remand the charges back to the disciplinary officer or the university disciplinary committee for a rehearing of the matter as charged.

(3) The written notice of appeal by an aggrieved student or a petition by an aggrieved complaining witness shall set forth:

(a) The student's name or the complaining witness's name;

(b) The nature of the disciplinary action requested or imposed; and

(c) Reasons why the disciplinary sanction recommended should be reversed, set aside, or modified, or in the case of a petitioning complaining witness, the reasons why the disciplinary matter should be reheard by the university disciplinary officer or the university disciplinary committee.

(4) The president may request a written report of the case from the disciplinary committee before making a decision. The president shall also have the right to request additional information or explanation from any of the parties to the proceeding before rendering a decision. In making a decision, the president shall only consider the written record, the student's notice of appeal, the petition of a complaining witness if such is filed, the written record of the disciplinary committee, and such other information and an explanation requested from the parties to the proceeding-)) In the instance in which the president has received a finding that the university student code has been violated, the president may, in considering what disciplinary sanction should be imposed, affirm, reverse, remand((-)) or modify ((only to a less severe sanction)) the recommendation of the university disciplinary committee. In imposing any sanctions, the president may consider the complete record of the student's or student organization's prior conduct and academic performance.

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-130 Interim suspension permitted.

(1) Disciplinary actions of the university will be implemented by the president of the university, except as such implementation may be delegated by the president or the board of trustees. Ordinarily, the disciplinary authority of the university will be invoked only after completion of the procedures established for the review of disciplinary cases and after the ((employee or)) student, if he/she so wishes, has availed himself/herself of the appeal procedures. However, ((if the safety of one or more individuals is imperiled, property is endangered, or the university's ability

~~to function is in question, the president or an authorized representative may summarily suspend for stated cause an employee or the enrollment of any student. In all such cases, the individual is entitled to a hearing, upon written request, before the appropriate group or official as specified under discipline procedures as soon as such a hearing can be held, but not to exceed ten days after the date of summary suspension. During the period of interim suspension, the individual shall not enter or remain on the campus or other property owned or controlled by the university)) in situations where there is cause to believe that the student or the student organization poses an immediate threat to himself or herself, to others or to property, or is incapable of continuing as a student for medical or psychological reasons, or where it is believed that the student's continued attendance or presence may cause disorder or substantially interfere with or impede the lawful activities of others or imperil the physical or mental health and safety of members of the university community, interim actions may be taken immediately without prior notice or hearing. These actions, taken by the president or the president's designee, may include:~~

~~(a) Interim restrictions, including but not limited to assignment to alternate university housing or removal from university housing, limitation of access to university facilities, or restriction of communication with specific individuals or groups;~~

~~(b) Interim suspension, including temporary total removal from the university or restriction of access to campus;~~

~~(c) Mandatory medical/psychological assessment, including referral to outside, medical professionals and/or to the mental health advisory board for assessment of the student's capability to remain in the university.~~

~~(2) In all such cases, the student or student organization is entitled to personally appeal before the dean of students or designee as soon as is reasonably possible but not later than ten days after the action is taken, unless the student requests an extension in order to review the following issues only:~~

~~(a) The reliability of the information concerning the student's behavior;~~

~~(b) Whether or not the student's continued presence or prior or present behavior warrants interim suspension for the causes listed in subsection (1) of this section.~~

~~As a result of the meeting between the dean of students and the student, the dean may recommend to the president or the president's designee either continuation or termination of the interim suspension action and/or initiate disciplinary procedures in accordance with this conduct code.~~

AMENDATORY SECTION (Amending Order 87-01, filed 10/2/87)

WAC 172-120-140 (~~Judicial proceedings~~)
Procedural rights of students. (~~(1) Rights of the accused.~~

~~(a) An accused student has the right to a fair and impartial hearing before the appropriate committee composed of members of the campus community.~~

~~(b) No student may be asked by a university official or judiciary body to give information or to answer any question concerning the alleged violation of this chapter which he/she is suspected of having committed until he/she has been informed of:~~

~~(i) The fact that he/she is suspected of having violated this chapter and the section he/she is suspected of having violated;~~

~~(ii) The nature and approximate date of the activity in which he/she is suspected of having engaged;~~

~~(iii) The fact that he/she need not give any information regarding the alleged acts.~~

~~(e) In all judicial proceedings, the student shall enjoy the right to speak on his/her own behalf.~~

~~(d) Both the judiciary body and the student shall enjoy the right to call any persons whom he/she wishes to speak concerning the case, subject to the rules of privilege recognized by law and rules excluding evidence which is incompetent, irrelevant, immaterial or unduly repetitious.~~

~~(e) The accused student has the right to know his/her accusers and to cross-examine them and any others presenting evidence against the accused.~~

~~(f) A student shall not be subjected to university judicial action more than once for the same violation of a regulation.~~

~~(g) The burden of proof rests with the accuser. Said burden shall be carried if guilt is indicated by a fair preponderance of the evidence considered as a whole.)) (1) Any student or student organization charged with any violation(s) of the student conduct code has the following rights in disciplinary procedure:~~

~~(a) A fair and impartial hearing before the appropriate judicial body composed of members of the campus community;~~

~~(b) Notice of the charge(s) against them and the basis for the charge(s);~~

~~(c) To remain silent when charged with any act which may be a violation of criminal law, to avoid self incrimination;~~

~~(d) Seven calendar days' notice before a disciplinary hearing;~~

~~(e) To know who is bringing the accusation(s) against the accused;~~

~~(f) The right to speak on his/her own behalf in all judicial proceedings;~~

~~(g) To consult an advisor;~~

~~(h) One appeal; and~~

~~(i) To be subjected to university judicial action only one time for the same offense.~~

~~(2) Any student or student organization brought before the university disciplinary committee has these additional rights:~~

~~(a) To call any person(s) as a witness who may have information regarding the case;~~

~~(b) To view the material to be presented against them in advance of the hearing;~~

~~(c) To hear the testimony of all witnesses;~~

~~(d) To present questions to be asked of all witnesses;~~

~~and~~
~~(e) To have a record made of the hearing.~~

~~(3) The burden of proof rests with the accuser. This burden shall be carried if guilt is indicated by a fair preponderance of the evidence when considered as a whole.~~

EMERGENCY RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES**

(Public Assistance)

[Filed September 18, 1996, 11:15 a.m.]

Date of Adoption: September 18, 1996.

Purpose: The need standard is used to determine eligibility for various public assistance programs. The department is required to update the standard to reflect changes in the cost-of-living index.

Citation of Existing Rules Affected by this Order: Amending WAC 388-250-1250 and 388-250-1300.

Statutory Authority for Adoption: RCW 74.04.050.

Other Authority: 45 CFR 233.20.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The data necessary to determine to [the] new standard is not available in sufficient time to meet the filing time requirements to file only by regular adoption.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, amended 2, repealed 0; Federal Rules or Standards: New 0, amended 0, repealed 0; or Recently Enacted State Statutes: New 0, amended 0, repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, amended 0, repealed 0.

Number of Sections Adopted on the Agency's own Initiative: New 0, amended 2, repealed 0.

POLICY AND INTERPRETIVE STATEMENT

Consultation and Compliance

The Department of Labor and Industries has entered into a settlement agreement with Washington State Department of Transportation (DOT) concerning the setting of cones. The WISHA Regional Directive (WRD) outlines enforcement practices consistent with the settlement agreement and DOT's outlined procedures.

The department has adopted a revised Washington Administrative Code (WAC) governing firefighter safety. These changes take effect January 1, 1997. The WISHA Regional Directive (WRD) states that fire departments engaged in trench rescue activities in compliance with the requirements of WAC 296-305-05007 shall not be subject to citation related to such activities. The trenching requirements of chapter 296-155 WAC do not apply to fire departments engaged in trench activities.

The WISHA Regional Directive (WRD) states homeowners are subject to WISHA requirements to the extent that they are functioning as contractors with employees (as stated in RCW 49.17.060) with the following exceptions:

Homeowners shall not be considered subject to WISHA for remodeling and other activities not subject to workers' compensation requirements under the provisions of RCW 51.12.020(2);

Homeowners shall not be considered subject to WISHA simply because the contractor with whom they are doing business is unregistered.

Reasonably Available Control Technology
(RACT)

1996 Review of RACT List and Schedule

Background: All existing industrial sources in Washington are required to use reasonably available control technology, or RACT, to control air emissions. In 1993, the Washington state legislature required the Department of Ecology (ecology) to establish a framework for systematically performing RACT determinations. The legislation requires ecology to establish a list of sources and source categories to be subject to RACT reviews over the next five year period and a schedule by which ecology intends to perform those reviews. Ecology issued a draft list of RACT sources and a schedule for conducting RACT evaluations for them in June 1994. Ecology revised the list and schedule in late 1995 and early 1996 after consulting with local air pollution control authorities, the regulated community, environmental groups and other interested individuals and organizations.

Purpose: The purpose of the RACT list and schedule is to provide greater certainty to the regulated community and the public regarding regulations affecting an industry. The list will help agencies focus their resources on priority sources and source categories, help with interagency coordination and clarify which sources will be undergoing review.

The list and schedule is meant to be an informational document, and is not a limit to any regulatory authority. RACT is a regulatory tool that can be used at any time by ecology or local air pollution control authorities to address specific air quality problems. Ecology or local air pollution control authorities may need to perform RACT analyses on sources not on the list and schedule in order to address such problems.

POLICY STATEMENT
LOTTERY COMMISSION
 [Filed September 17, 1996, 11:08 a.m.]

The Washington State Lottery has recently adopted or revised the following policies:

POL 110.013 - Cellular Telephones (revision)

This revision allows the lottery to install a state line on an employee's personal cellular phone; and makes provisions for reimbursing employees for inadvertently making a business call on his/her personal line, and for reimbursing the lottery for personal calls inadvertently placed on the state line. Employees with a state phone or phone line must now sign a "usage agreement" stating they will abide by all conditions in this policy and that they will review the detailed billing report to certify the calls listed were made by them and were for official business. Habitual inadvertent misuse or intentional misuse may result in removal of the state phone or phone line.

Signed 7/1/96

POL 120.007 - Entrance Salary (revision)

This policy states that initial appointments to the state system are made at the first step of the salary range, unless the director approves an exception. The updated policy clarifies that the director must make this approval before the offer is made to the applicant.

Signed 7/29/96

POL 120.013 - Corrective Action (revision)

Added that Individual Development Plans and Corrective Memorandums can also be used as corrective action tools.

Signed 7/29/96

POL 120.019 - Performance Evaluations (revision)

Clarified that using an "Individual Development Plan" during performance evaluations is optional. The duties that were performed by the personnel manager are now performed by the training manager.

Signed 7/18/96

MISCELLANEOUS

POL 120.020 - Exit Interview (revision)

Exit interviews are scheduled "as close as possible" to the employee's last day (instead of "on the last day"), the personnel officer now performs some of the personnel manager's old duties, and the personnel manager will only discuss the information obtained in the interview with the supervisor and assistant director if he/she determines it is necessary; however, the completed exit interview form will always be routed to the supervisor, assistant director, deputy director and director.

POL 140.001 - Retailer Criminal History and Credit Criteria for Applicants and Licensees (revision)

The lottery no longer automatically denies, suspends or revokes a retailer's license for felony convictions within the past ten years; misdemeanor convictions involving gambling, fraud, or theft-related violations; any two or more misdemeanors within the past five years; or any misdemeanor within the past six months. The security chief, with approval of the security/legal director, will look at each incident on a case-by-case basis.

Signed 6/17/96

POL 230.003 - Terminating Retailers (revision)

Updated the policy to include language changes necessary due to the lottery's conversion to a new on-line vendor. For instance, "WinInstant" terminal was changed to "validations" terminal.

Signed 6/14/96

POL 230.006 - Receiving, Activating and Settling Instant Tickets (revision)

Regional designees will now call retailers who have had tickets in received status more than sixty days to encourage them to activate those packs. When the retailer has had packs in received status more than ninety days, the retailer's future ticket deliveries are placed on hold until those tickets are activated or returned to the lottery. However, the sales manager can determine that circumstances justify making an exception. A procedure was also added for tracking courier shipments of tickets to ensure they are placed in received status. (Previously, tickets were delivered by a district sales representative who ensured the tickets were placed in received status before leaving the store.)

Signed 7/2/96

POL 230.009 - Changing the Status of Instant Ticket Packs (revision)

Beginning with the conversion to a new on-line vendor (7/7/96), when a retailer validates a ticket sold by them without activating that pack, the computer automatically activates that pack. If the customer tries to cash the ticket at another retailer, the ticket still will not validate until the selling retailer, or Lottery Customer Service, activates the pack.

Signed 6/25/96

POL 310.009 - Processing Retailer Initiated Ticket Orders (RIOs) (revision)

Retailer initiated ticket orders (RIOs) must now be approved by a telemarketing representative (rather than lottery regional sales managers) and are now sent via courier (rather than being processed at a regional location).

Signed 6/10/96

POL 310.017 - Installing/Repairing Instant Ticket In-Counter or Front Window Dispensers (revision)

Included "front window" dispensers in the policy. Clarified that all reimbursements are made via electronic funds transfer (EFT). Front window installations are reimbursed for their actual cost of installation, up to \$150 (in-counter dispenser installations still receive \$100). Repairs/replacements are reimbursed the following amounts:

In-counter by retailer	\$25
In-counter by contractor	\$50
Front window by retailer	\$50
Front window by contractor	\$75

POL 320.026 - Retailer Playdays Promotion (new)

Established guidelines for conducting drawings and awarding prizes to on-line retailers who familiarized themselves with the new on-line terminal prior to conversion to a new on-line vendor. (Conversion occurred 7/7/96).

Signed 6/28/96

POL 440.001 - Purchasing Personal Computers (revision)

All new personal computers purchased by the lottery will now include a "pentium" processor.

Signed 7/16/96

POL 440.005 - Electronic Mail Use (revision)

This policy now states that the only time lottery employees should not use e-mail for interoffice communications is when it relates to a formal personnel action. However, it does allow for the director, deputy director, assistant director, or manager to determine a hard copy is preferable to sending e-mail.

Signed 7/16/96

POL 440.014 - Electronic Message Systems (revision)

Eliminated the sentence that stated "all electronic message systems are the property of the state of Washington."

Signed 7/16/96

To receive a copy of any of these policy statements, contact Becky Zopolis, Washington State Lottery, P.O. Box 43000, Olympia, WA 98504-3000, phone (360) 586-1051, FAX (360) 586-6586.

Table of WAC Sections Affected

KEY TO TABLE

This table covers the current calendar year through this issue of the Register and should be used to locate rules amended, adopted, or repealed subsequent to the publication date of the latest WAC or Supplement.

Symbols:

- AMD = Amendment of existing section
- A/R = Amending and recodifying a section
- DECOD = Decodification of an existing section
- NEW = New section not previously codified
- OBJEC = Notice of objection by Joint Administrative Rules Review Committee
- PREP = Preproposal comments
- RE-AD = Readoption of existing section
- RECOD = Recodification of previously codified section
- REP = Repeal of existing section
- RESCIND = Rescind previous emergency rule
- REVIEW = Review of previously adopted rule

Suffixes:

- C = Continuance of previous proposal
 - E = Emergency action
 - P = Proposed action
 - S = Supplemental notice
 - W = Withdrawal of proposed action
 - X = Expedited repeal
- Note: These filings will appear in a special section of Issue 96-14
No suffix means permanent action

WAC # shows the section number under which an agency rule is or will be codified in the Washington Administrative Code.

WSR # shows the issue of the Washington State Register where the document may be found; the last three digits identify the document within the issue.

I would like to order _____ subscription(s) to the WASHINGTON STATE REGISTER, at an annual rate of \$189.00, sales tax included (\$175 for state agencies). Enclosed is my check or money order for \$_____. All subscriptions run from January through December. Please start my subscription with the January issue of 1996.

NAME _____

ADDRESS _____

THE WASHINGTON STATE REGISTER, published under RCW 34.08.020, is distributed on the first and third Wednesdays of each month. The Register contains the full text of proposed, emergency, and permanently adopted rules of state agencies, executive orders of the governor, notices of public meetings of state agencies, rules of the state supreme court, summaries of attorney general opinions, and juvenile disposition standards that have been filed in the code reviser's office before the closing date for that issue of the Register. A cumulative table of existing sections of the Washington Administrative Code (WAC) affected by a particular agency action guides the user to the proper issue of the Register.

The code reviser's office has established an annual subscription price of \$175 for a Register subscription, and single copies cost \$7.50. Sales tax of 8.0% applies to all sales other than to state agencies. State law requires payment in advance. To subscribe to the Register, please complete the order form above and forward it to the address indicated, accompanied by your check or money order in the amount of \$189.00 (\$175 for state agencies) payable to the code reviser's office.
